IMDB 2008 Immigration Category Profiles

Government-Assisted Refugees

Appendix: Data Tables

Findings from the Longitudinal Immigration Database (IMDB)

March 2012

IMDB 2008 Research Series

IMDB Core Report

The *IMDB Core Report* is an annual update of previous research that focuses on incidence of employment earnings, average entry employment earnings, and growth in average employment earnings during immigrants' first five years in Canada. The *IMDB 2008 Core Report* provides outcomes for those landed in the period 2001 to 2008.

The *IMDB Core Report* consists of two volumes:

- 1) *National Portrait*, provides:
 - A detailed look at skilled worker principal applicant employment outcomes by age and gender; and
 - Immigration category highlights for provincial nominee principal applicants, family class immigrants, refugees, and economic spouses/dependants.
- 2) *Provincial Portrait*, provides:
 - Information about the mix of immigrant classes at landing by province and immigration category and highlights for skilled worker principal applicants and provincial nominee principal applicants by province.

Each volume is accompanied by an appendix containing a full set of supporting tables and the *IMDB Research Series – Technical Notes* providing information about data sources, a glossary of terms and concepts as well as additional notes.

The *IMDB 2009 Core Report* will be available in fall, 2012.

IMDB Immigration Category Profiles

The *IMDB 2008 Immigration Category Profiles* consist of the following twelve reports:

- Economic class: Skilled Workers (SW), Provincial Nominees (PN), Live-in Caregivers (LC), and Business immigrants – Entrepreneurs (ENT), Investors (INV) and Self-employed (SEI)
- Family class: Parents and Grandparents (P&G) and Spouses and Partners (S&P)
- Refugees: Government-assisted Refugees (GAR), Privately Sponsored Refugees (PSR) and Refugees Landed in Canada (RLC)
- Other immigrants: Humanitarian and Compassionate/Public Policy Considerations (HC)

Each *IMDB Immigration Category Profile* consists of two main sections:

- 1) Background characteristics: Provides demographic landings information for the target category by province, country of last permanent residence, family status, age, and gender; and
- 2) Economic outcomes: Provides information on the economic performance of the target category compared to other selected immigrant categories and all Canadians including, average employment earnings, income distributions as well as incidence of employment earnings, social assistance and employment insurance.

The profiles are graphical presentations of the demographic and economic trends observed over time with corresponding text focusing on category specific highlights. Each profile is accompanied by an appendix containing a full set of supporting tables and the *IMDB Research Series – Technical Notes* providing information about data sources, a glossary of terms and concepts as well as additional notes.

The *IMDB 2009 Immigration Category Profiles* will be available in fall, 2012.

IMDB Research Series - Technical Notes

The *IMDB 2008 Research Series – Technical Notes* provide information about data sources, a glossary of terms and concepts as well as additional notes. The notes will be updated as required with the release of the *IMDB 2009 Core Report* and the *IMDB 2009 Immigration Category Profiles*.

Background characteristics

Due to privacy considerations, some cells in the Data Tables have been suppressed and replaced with the notation "--". As a result, components may not sum to total indicated. In general, we have suppressed cells containing less than five cases except in circumstances where, in our judgement, we are not releasing personal information on an identifiable individual
