

# SENIORS' HOUSING REPORT

## Ontario

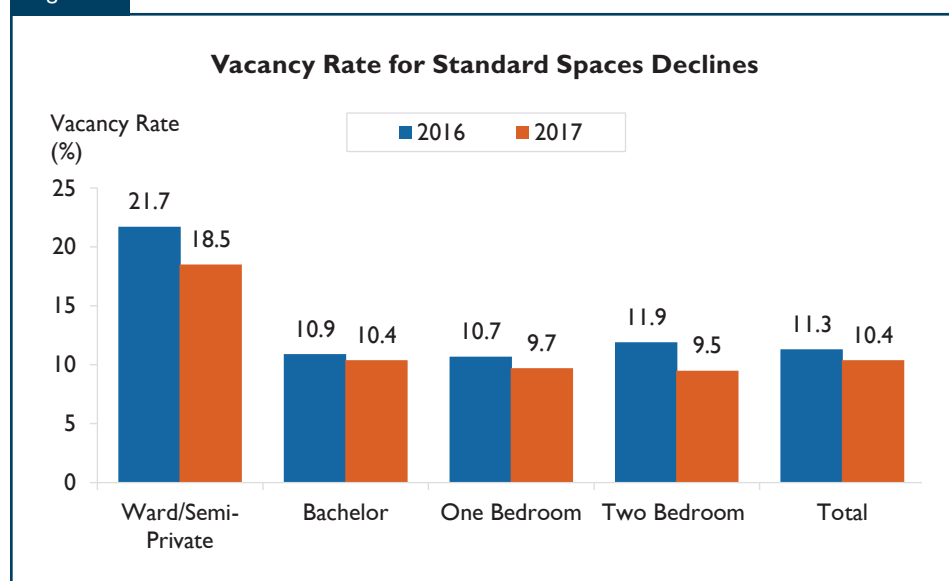

CANADA MORTGAGE AND HOUSING CORPORATION

Date Released: 2017

## Highlights

- The vacancy rate for standard spaces<sup>1</sup> dropped to 10.4% in 2017, its lowest level since 2009. The vacancy rate for all spaces declined to 10.3%, its lowest point since 2001.
- Total supply of seniors' housing grew by 2.4% to 57,663 spaces in 2017, slower than the 2.9% growth rate for the population aged 75 years and older.
- The average rent for a standard space increased by less than one per cent to \$3,526.

<sup>1</sup> Please refer to Definitions on page 27 for the definition for standard space.

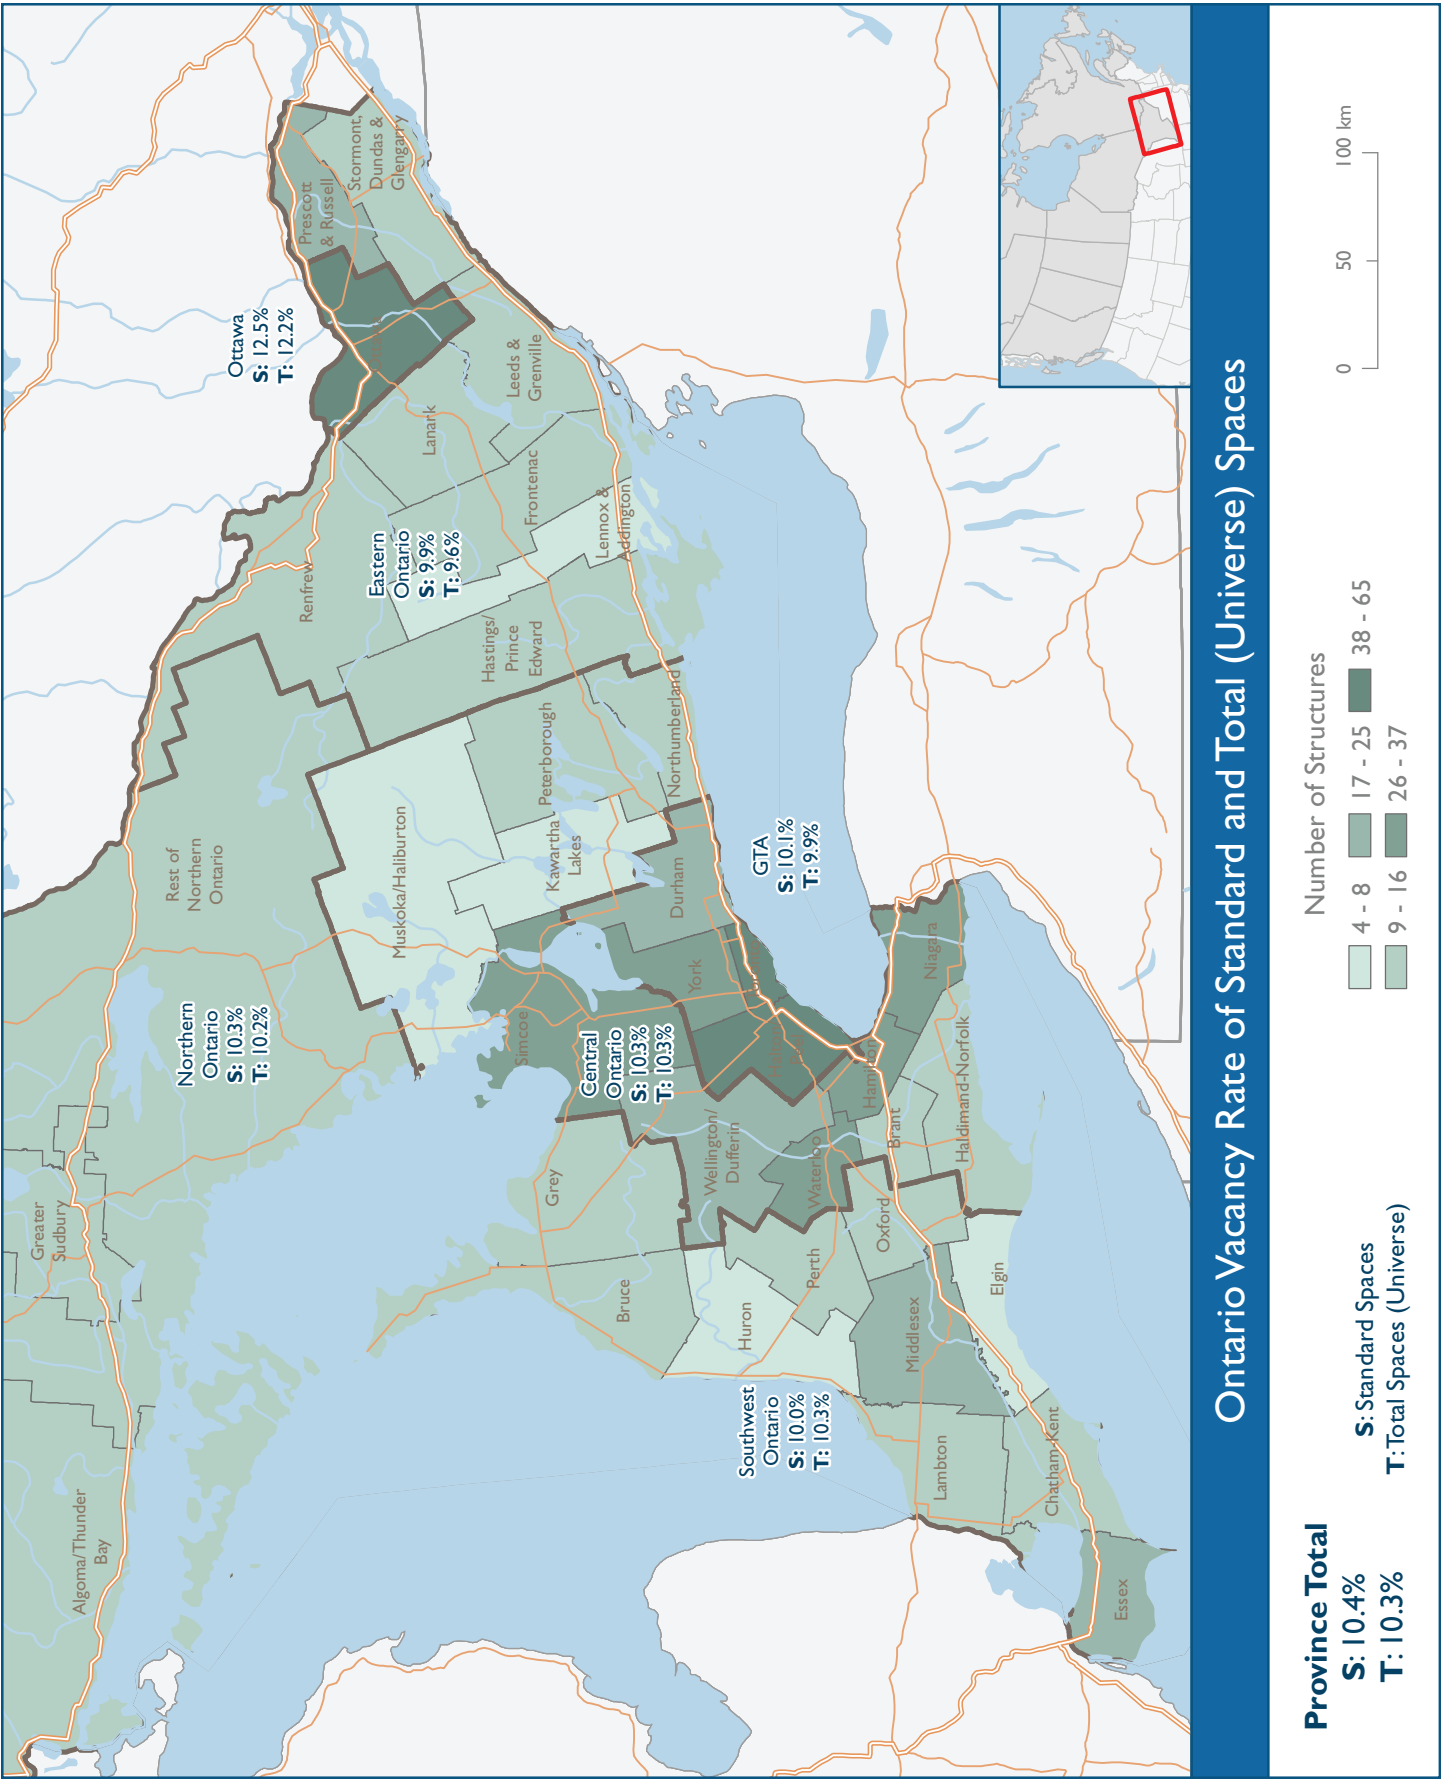

## Table of Contents

- I Highlights
- 4 Data Tables
- 26 Methodology
- 27 Definitions

*Previous Seniors' Housing Reports were mainly descriptive. In an effort to produce a more meaningful report, the text in the report has been shortened to focus only on key highlights while continuing to give you the data tables you have always received. An optional spotlight section focusing on topics related to the Seniors' Housing Market is included in some reports.*

## Spotlight on...

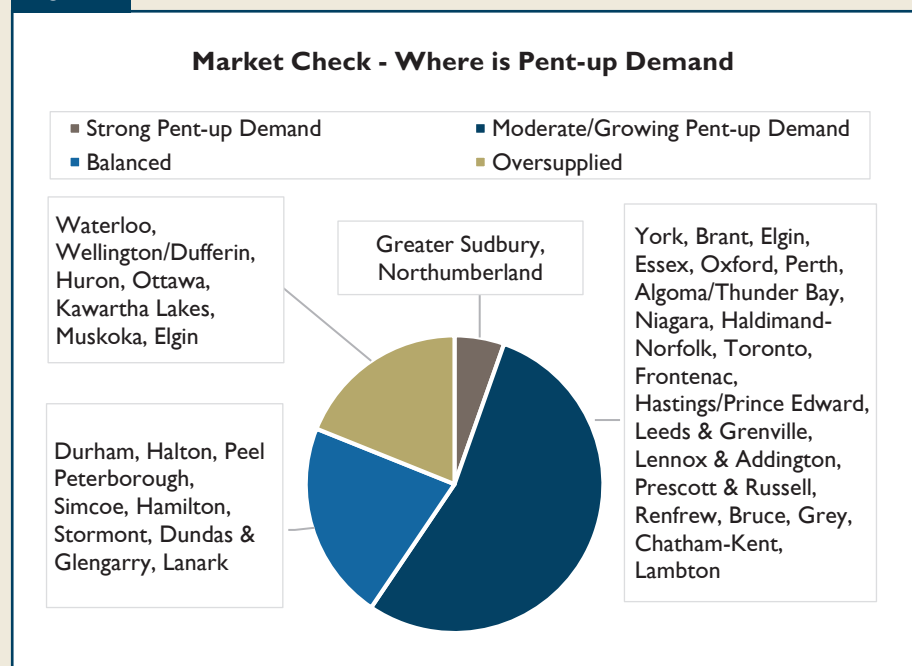

### Pent-up Demand in Ontario

The overall vacancy rate in Ontario reached the lowest level since 2001 as demand for seniors' housing has outpaced supply. Vacancy rates dropped in more than half of the major census divisions in Ontario in 2017. Many markets showed signs of pent-up demand due to greater demand growth than growth in supply in the recent past, as well as a lack of new supply in the pipeline (completed in 2016 or under construction).

Market activities varied even within the same group. In some markets where there is pent-up demand (Northumberland, Toronto, York, Brant, Frontenac, Leeds & Grenville, Lennox & Addington, Prescott & Russell, Renfrew, Bruce, Essex, Grey, Chatham-Kent, Lambton, Oxford, and Perth), there is very low or even no new supply in the pipeline. The rest of the markets with pent-up demand have a relatively large new supply in the pipeline, but this new supply is still well below the unmet and growing demand.

Meanwhile, in many balanced markets where supply has been meeting demand (Durham, Halton,

Figure 2

Source: CMHC Seniors' Housing Survey

Peel, Peterborough, Simcoe, and Stormont, Dundas & Glengarry), supply and demand have both been growing remarkably, while the growth in supply and demand have been relatively moderate or slow in Hamilton and Lanark.

Finally, in some oversupplied markets (Waterloo, Wellington/Dufferin, Huron, Muskoka and Kawartha Lakes), supply has

been growing more strongly than demand in recent years. While supply declined in Elgin, the vacancy rate has remained high, suggesting that demand in this market has been low. In Ottawa, where supply and demand have been growing slowly in the past several years, the market will need time to absorb the spike in new supply that came on line between 2016 and 2018.

## TABLES INCLUDED IN THE ONTARIO SENIORS' HOUSING REPORT

Standard Tables	Page
1.1 Vacancy Rate (%) of Standard Spaces by Unit Type	5
1.2 Vacancy Rate of Standard Spaces (%) by Rent Range (\$)	7
1.3 Vacancy Rates (%) and Average Rents (\$) of Heavy Care Spaces	9
1.4 Universe, Number of Residents Living in Universe and Capture Rate (%)	10
2.1 Universe of Total Spaces by Unit Type	12
2.2 Universe by Unit Type	13
2.3 Universe of Standard Spaces by Rent Range (\$)	14
2.4 Proportion (%) of Structures where Select Services are Available by Structure Size	16
2.5 Proportion (%) of Structures with Access to Selected Amenities by Structure Size	17
3.1 Average Rent (\$) of Standard Spaces by Unit Type	18
Optional Tables	
O1 Per Cent Vacant for Total Spaces by Unit Type	20
O2 Universe, Vacancy Rates (%) and Average Standard Space Rents (\$) for Centres with less than 50,000 population	22
O3 Universe and Per Cent Vacant for Total Spaces by Date Residence Opened	23
O4 Average Rent (\$) for Standard Spaces by Unit Type and Date Residence Opened	24
O5 Universe of Total Spaces by Size of Residence	25

ZONE DESCRIPTIONS - SENIORS' HOUSING SURVEY - OTTAWA CMA	
<b>Ottawa - West</b>	Former municipalities of West Carleton, Goulbourn, Rideau, Kanata, Nepean and western portion of former city of Ottawa bounded by Bronson and Rideau River (east).
<b>Ottawa - Central</b>	Central portion of former city of Ottawa, bounded by Ottawa River (north), Bronson (west), Rideau River (south and east).
<b>Ottawa - East</b>	Former municipalities of Gloucester, Cumberland, Osgoode, Rockcliffe Park, Vanier and eastern portion of the former city of Ottawa bounded by Rideau River (west).

## Methodology

Canada Mortgage and Housing Corporation conducts the Seniors' Housing Survey in February and March. This annual survey became national in scope in 2009, covering all centres in each of the ten provinces. Both private and non-profit residences are included in the survey universe.

To be eligible for inclusion in the survey results, a residence must:

- ✓ have at least one unit that is not subsidized (in the Atlantic provinces, Quebec and Ontario);
- ✓ have been in operation for at least one year (for example, it must have started operation before January 2015 to be included in the 2016 survey);
- ✓ have at least 10 rental units (in Quebec, Ontario and the Prairies) or 5 rental units (in the Atlantic provinces and B.C.);
- ✓ offer an on-site meal plan;
- ✓ not mandate high levels of health care (defined as 1.5 hours or more of care per day) to all of its residents; nursing homes and long-term care homes are examples of residences that were not included in the survey;
- ✓ offer rental units; life lease units and owner-occupied units are excluded from this survey; and
- ✓ have at least 50 per cent of its residents who are 65 years of age or older.

The Seniors' Housing Survey is a census and not a sample survey; therefore, all seniors' residences in Canada meeting these criteria are to be part of this survey. The survey universe in Quebec may include private residences that do not meet the conditions for obtaining a certificate of compliance.

Survey data were obtained through a combination of telephone interviews and fax and e-mail responses. Information was obtained from the residence owner, manager or administrator. Survey results reflect market conditions at the time of the survey. Survey results have been weighted to adjust for non-responses, in order to ensure that they are reflective of the universe. The level of statistical reliability is noted in the data tables. For more information on the reliability of the data, please click [here](#).

All statistics published, excluding information on new market supply, include only those residences that have been in operation for at least one year.

## Definitions

**Space:** A space is a residential area that is rented out. Examples of spaces include one half of a semi-private unit, a private or bachelor unit, a one-bedroom unit and a two-bedroom unit. In most cases, a space is the same as a unit. The exception is the case where a unit has been divided to rent to multiple residents. Semi-private and ward units are an example of this. Unless otherwise indicated, data for spaces are for all unit types.

**Standard space:** A space where the resident does not receive high-level care (that is, the resident receives less than 1.5 hours of care per day) or is not required to pay an extra amount to receive high-level care. Regional terms for this type of space may vary across the country.

**Heavy care space:** A space where the resident is paying an extra amount to receive high-level care (1.5 hours or more of care per day). Examples of conditions that could require high-level care include Alzheimer's, dementia and reduced mobility.

**Respite space:** A space used to provide temporary accommodation for a senior who normally lives in another place and not at the residence.

**Non-market or subsidy space:** A space where the rent received for the unit is less than market rent or where the resident occupying the unit is subsidized.

**Rent:** The actual amount a resident pays per month for his or her accommodation space and all mandatory services. For vacant spaces, the rent is the amount the owner is asking for the space.

**Vacancy:** A space is considered vacant if, at the time of the survey, it is physically unoccupied and available for immediate rental.

**Capture rate:** The main age group living in seniors' residences are persons aged 75 years and older. Capture rate in a centre is the ratio of the total number of residents living in the survey universe divided by its estimated 75+ population, expressed as a percentage.

### Acknowledgement

The Seniors' Housing Survey could not have been conducted without the co-operation of the residence owners and their staff. CMHC acknowledges their time and assistance in providing accurate information. As a result of their contribution, CMHC is able to provide data and analysis that benefits the entire industry.

### Confidentiality

All information provided through this survey is kept strictly confidential and only used by CMHC to generate statistics and data sets that do not allow for the identification of individuals, households, businesses or buildings.

## CMHC—HOME TO CANADIANS

Canada Mortgage and Housing Corporation (CMHC) has been Canada's national housing agency for almost 70 years.

CMHC helps Canadians meet their housing needs. As Canada's authority on housing, we contribute to the stability of the housing market and financial system, provide support for Canadians in housing need, and offer objective housing research and information to Canadian governments, consumers and the housing industry. Prudent risk management, strong corporate governance and transparency are cornerstones of our operations.

For more information, visit our website at [www.cmhc.ca](http://www.cmhc.ca) or follow us on [Twitter](#), [LinkedIn](#), [Facebook](#) and [YouTube](#).

You can also reach us by phone at 1-800-668-2642 or by fax at 1-800-245-9274.

Outside Canada call 613-748-2003 or fax to 613-748-2016.

Canada Mortgage and Housing Corporation supports the Government of Canada policy on access to information for people with disabilities. If you wish to obtain this publication in alternative formats, call 1-800-668-2642.

The Market Analysis Centre's (MAC) electronic suite of national standardized products is available for free on CMHC's website.
