

DIGITAL CITIZENSHIP

How to protect your child from cyberbullying

What's happening online?

Cyberbullying is **embarrassing**, **humiliating**, **tormenting**, or **harassing** a person online

42% of youth say they have been **cyberbullied**

71% who witnessed cyberbullying said they did something about it

What can parents do?

- 1. Ask** your child about the sites, games, and apps they use and how they chat with friends online
- 2. Talk** about their experiences, both good and bad
- 3. Encourage** them to come to you first with any problems
