Tourism statistical digest 2001 edition

The 2001 edition of the *Tourism statistical digest* assembles under one cover all the survey results relevant to tourism and travel by Canadians and foreign visitors to Canada. Its many tables and charts illustrate world tourism trends, demand and supply of tourism services in Canada, and the impact of tourism in the Canadian economy in 1999. Each chapter is introduced by a lead article. Data from sources other than Statistics Canada, notably the World Tourism Organization, are also provided.

This publication is intended for all stakeholders in the tourism industry, and will be especially useful to analysts, researchers, managers, teachers and students. It is the result of the work of many authors—most of them from Statistics Canada, but some from the academic community, municipal tourism and convention bureaux and the Canadian Tourism Commission, which also provided half of the funding.

The 2001 edition of the *Tourism statistical digest* (87-403-XPE, \$45) is now available. See *How to order products*. For more information on this release, contact Danielle Shaienks (613-951-5095; fax: 613-951-2909; shaidan@statcan.ca, Culture, Tourism and the Centre for Education Statistics.
