2001 Census Handbook

The *2001 Census Handbook* is a reference document covering every aspect of the 2001 Census of Population and Census of Agriculture. It provides an overview of every phase of the census, from content determination to data dissemination. It traces the history of the census from the early days of New France to the present. It also contains information about the protection of confidential information in census questionnaires and statistical tables. It provides a detailed description of the census questions and variables, along with information about data quality and the possible uses of census data. Also covered are census geography and the range of products and services available from the 2001 Census database.

The *2001 Census Handbook* may be useful to new users who wish to familiarise themselves with the Canadian Census of Population. It will also be helpful to experienced users who want information about the specific content of the 2001 Census of Population and Census of Agriculture.

The *2001 Census Handbook*, 2001 (92-379-XPB, \$25) is now available in print format. See *How to order products*. For further information, contact the Statistics Canada Regional Reference Centre nearest you.

MAJOR RELEASES

- **Urban transit, 1995** 2
Despite the emphasis on taking urban transit, Canadians are using it less and less. In 1996, 65% of Canadian cities are average of about 10 trips on some form of urban transit, the lowest level in the past 25 years.
- **Productivity, hourly compensation and unit labour cost, 1996** 4
Growth in productivity among Canadian businesses was notably weak again in 1996, accompanied by sluggish gains in employment and slow economic growth during the year.

OTHER RELEASES

- **Manufactured Index, May 1997** 3
- **Short-term Expectations Survey** 3
- **Steel primary forms, steel ending May 31, 1997** 12
- **EQB production, April 1997** 12
