Farm and off-farm income statistics

2000

The publication *Farm and off-farm income statistics*, available today, provides detailed financial information on farm-level revenues, expenses and net operating income by province, type of farm (based on the North American Industry Classification System) and revenue class. Information on the degree of specialization for selected farm types and financial performance indicators of farms by province and by type of farm are also presented. Sources and levels of farm and off-farm income for operators and farm families are featured, as well as distributional tables on farm and off-farm income. This publication also includes data highlights and information on concepts, methods and data quality.

Data from Canada Customs and Revenue Agency's income tax returns of unincorporated and incorporated farms provide the statistical basis for this publication.

Farm and off-farm income statistics (21-019-XIE, free) is now available on Statistics Canada's website (www.statcan.ca). From the *Our products and services* page, under *Browse our Internet publications*, choose *Free*, then *Agriculture*.
