Farm business cash flows

2009

Data on farm business cash flows are now available for 2009.

Note: While similar to the Farm income data released on May 25, 2010, in *The Daily*, the cash flow account is a summary of cash flow in and out of farm businesses over the calendar year. The basic function of the account is to provide information on the financial position of farm establishments (that is, the amount of cash available to farm establishments to meet current obligations). Specifically, only cash flow pertaining to farm operators is included. Cash income and expenses of non-operator landlords and the personal portion of households are excluded.

This series does not include data on depreciation, which are available in the publication *Farm Operating Expenses and Depreciation Charges: Agriculture Economic Statistics* (21-012-X, free).

Available on CANSIM: table 002-0023.

Definitions, data sources and methods: survey number 5031.

The publication *Farm Business Cash Flows: Agriculture Economic Statistics*, July 2010, Vol. 9, no. 1 (21-018-X, free), is now available. From the *Key resource* module of our website, under *Publications* choose *All subjects*, then *Agriculture*.

Balance sheet of the agricultural sector

December 31, 2009

Data on the balance sheet of the agricultural sector, at December 31, are now available for 2009.

Note: Assets and liabilities in the agriculture sector's balance sheet include those of farm businesses and non-operator landlords (for farm real estate assets leased to farm operators and the corresponding liabilities) and exclude the personal portion of farm households. This most closely reflects the assets and liabilities used in the production of agricultural products.

Available on CANSIM: table 002-0020.

Definitions, data sources and methods: survey number 5029.

The publication *Balance Sheet of the Agricultural Sector: Agriculture Economic Statistics*, July 2010, Vol. 9, no. 1 (21-016-X, free) is now available. From the *Key resource* module of our website, under *Publications* choose *All subjects*, then *Agriculture*.
