## Consumer Price Indexes for Regional Cities

Consumer price indexes rose in all regional cities and city combinations in June, increases ranging from 0.8% in Winnipeg to 1.5% in Vancouver.

Food indexes climbed in all cities, higher charges for a wide range of home-consumed items and for restaurant meals outweighing generally lower prices for meat, poultry and eggs. Indexes for housing, clothing, transportation and recreation, education and reading also advanced in every city. Some major contributors were higher costs for fuel oil, appliances, footwear, new cars, gasoline, sports and camping equipment and driving lessons.

In the 12 months from June 1973, consumer price index rose in every city, with increases as follows: St. John's 13.7%; Halifax 10.5%; Saint John 10.9%; Quebec City 12.1%; Montreal 11.9%; Ottawa 11.6%; Toronto 11.1%; Thunder Bay 11.4%; Winnipeg 11.5%; Saskatoon-Regina 9.4%; Edmonton-Calgary 10.3%; Vancouver 12.0%.

Retail	Trade

Retail sales in May rose to \$4.0 billion, an increase of 20.2% from May 1973.

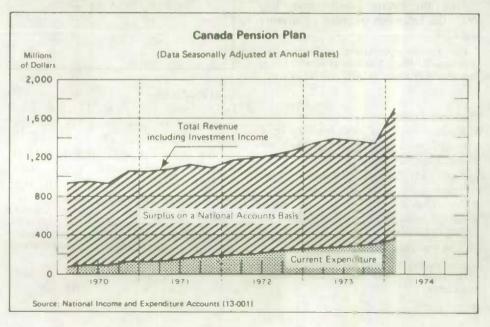

Year-to-year gains were registered in all trade groups, ranging from a high of 31.4% for fuel dealers to a low of 12.1% for variety stores.

All provinces recorded higher sales in the latest month with the largest increases in Alberta (24.0%) and New Brunswick (23.1%).

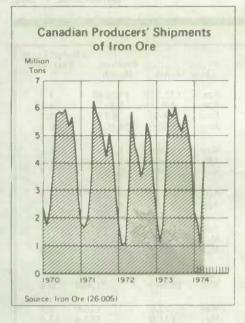

Seasonally adjusted, May retail sales showed an increase of 5.0% from the previous month to a level of \$3.68 billion with increases in fourteen of the eighteen trade groups.
