Note: STC is monitoring the impact of using more administrative data in SEPH. In the interim, users are reminded that employment data from SEPH are best used in the context of longer time periods and for the distribution of industrial employment. The same applies to Table 9.

CANSIM tables: 382-0006 and 281-0025

Note : Suite à l'augmentation des données administratives dans la composition des estimations, STC étudie l'impact sur l'EERH. Entre-temps, il est préférable d'utiliser les estimations de l'EERH sur une plus longue période de référence et pour la répartition de l'emploi industriel. La même note s'applique au tableau 9.
