## APPENDIX A

## ORDERING PUBLICATIONS

## Types of Publications

## Subscribing to Periodicals

You can subscribe to any Statistics Canada publication that is issued regularly. Within this listing, such publications are identified as daily, weekly. monthly, quarterly, semi-annual or annual.

When completing the order form, remember to list the annual subscription price and write an "S" (subscription) in the issue column.

Your subscription will start with the next issue of the periodical. (Note: for example, there may be a waiting period of up to three months before the next issue of a quarterly publication is released, and the release of a new annual may take up to 12 months, depending on the release date.)

As a continuing service to our subscription clients. we issue renewal and reminder notices as your expiry date approaches to help ensure uninterrupted delivery of your publications. You will also be advised of related publications, to allow you to update your statistical library.

Multi-year subscriptions are available for up to three years on Statistics Canada's most popular titles. The following publications are eligible for multi-year subscriptions:

Canadian Economic Observer (10-230)
Canadian Social Trends (11-008)
Perspectives on Labour and Income (75-001)
Infornat (11-002)
Health Reports (82-003)
Multi-year subscriptions ensure that there will be no interruption in the issues sent to you, as well as reducing administrative costs. Subscription rates for the second and third year are the same as the currently listed price, so multi-year subscribers are also insulated against price increases.

When ordering, please indicate clearly the number of years for which you would like to subscribe.

## Purchasing Single Issues

You may wish to order a single copy of a publication before subscribing for an entire year. To order a single copy of any publication or series, remember to list the single issue price when ordering. You will receive a copy of the most recent issue.
