MAP PRODUCTS

Geography Division offers the wide range of map products described below. Digital files and special services are described in the *Electronic Products and Services* section under Mapping Services. **For further information or to order any of these products, please contact your nearest Statistics Canada Regional Reference Centre** (listed inside the front cover).

Geography Division's maps can be divided into two categories: reference maps and custom statistical maps. The boundaries of census geographic areas are presented on reference maps found either in data publications, map bulletins or on individual map sheets. These maps enable users to locate and identify census geographic areas and to relate statistical data to the corresponding geographic areas. Custom statistical map services allow users to graphically represent statistical information. The following describes the reference maps. See the *Electronic Products and Services* section for further information on the custom statistical maps.

Reference Maps

Several map series have been produced to support 1991 Census publications and the delineation of geographical boundaries. Descriptions of the map series from previous censuses are described in the ***Statistics Canada Catalogue 1992***.

The price for a pre-printed colour map is $5. Enumeration Area Maps (produced on-demand) cost $10 each. Prices are subject to change without notice.

ORDERING

Ordering Publications

Types of Publications

Subscribing to Periodicals

You can subscribe to Statistics Canada publications that are issued regularly. These publications are identified as daily, weekly, monthly, quarterly or semi-annual. All subscribers are sent their publication on the day it is released.

When completing the order form, remember to list the subscription price and write an "S" (subscription) in the issue column.

When you order a subscription you will be sent the next issue released. The length of time it takes to receive your first issue depends on the frequency of the publication. There may be a period of up to three months before the next issue of a quarterly publication is released, and the release of a new annual publication may take up to 12 months, depending on the release date.

As a continuing service to our subscription clients, we issue renewal notices and reminder notices as your expiry date approaches to help ensure uninterrupted delivery of your publications. You will also be advised of related publications to allow you to update your statistical library.

Multi-year subscriptions, are available for up to three years on Statistics Canada's most popular titles. The following publications are eligible for multi-year subscriptions:

Canadian Economic Observer (10-230)
Canadian Social Trends (11-008)
Perspectives on Labour and Income (75-001)
Infomat (11-002)
Health Reports (82-003)
Report on the Demographic Situation in Canada (91-209E)

Multi-year subscriptions ensure that there will be no interruption in the issues sent to you, as well as reducing administrative costs. Subscription rates for the second and third year are the same as the currently listed price, so multiyear subscribers are also insulated against price increases.

When ordering, please indicate clearly the number of years for which you would like to subscribe.

Purchasing Single Issues

You may wish to order a single copy of a publication before subscribing for a full period. To order a single copy of any publication or series, remember to list the single issue price when ordering. You will receive a copy of the most recent issue. It takes up to four days to process your order for currently available issues of any publication. Orders for publications not yet released are placed on back order and will be shipped to you the day the publication is released.

Many publications listed in the ***Catalogue*** are issued only occasionally. When ordering these titles, you will receive a copy of the most recent issue. **Please note that pre-payment is required for the purchase of all casual/occasional publications.**

SERVICES INDICATORS

For and About Businesses Serving the Business of Canada...

At last, current data and expert analysis on this VITAL sector in one publication!

The services sector now dominates the industrial economies of the world. Telecommunications, banking, advertising, computers, real estate, engineering and insurance represent an eclectic range of services on which all other economic sectors rely.

Despite their critical economic role, however, it has been hard to find out what's happening in these industries. Extensive and time-consuming efforts have, at best, provided a collection of diverse bits and pieces of information ... an incomplete basis for informed understanding and effective action.

Now, instead of this fragmented picture, ***Services Indicators*** brings you a cohesive whole. An innovative quarterly from Statistics Canada, this publication **breaks new ground**, providing timely updates on performance and developments in:

- *Communications*
- *Finance, Insurance and Real Estate*
- *Business Services*

Services Indicators brings together analytical tables, charts, graphs and commentary in a stimulating and inviting format. From a wide range of key financial indicators including profits, equity, revenues, assets and liabilities, to trends and analysis of employment, salaries and output – PLUS a probing feature article in every issue, ***Services Indicators*** gives you the complete picture **for the first time**!

Finally, anyone with a vested interest in the services economy can go to ***Services Indicators*** for **current** information on these industries ... both at-a-glance and in more detail than has ever been available before – all in one unique publication.

If **your** business is serving business in Canada, or if you are involved in financing, supplying, assessing or actually using these services, ***Services Indicators*** is a turning point – an opportunity to forge into the future armed with the most current insights and knowledge.

Order YOUR subscription to ***Services Indicators*** today!

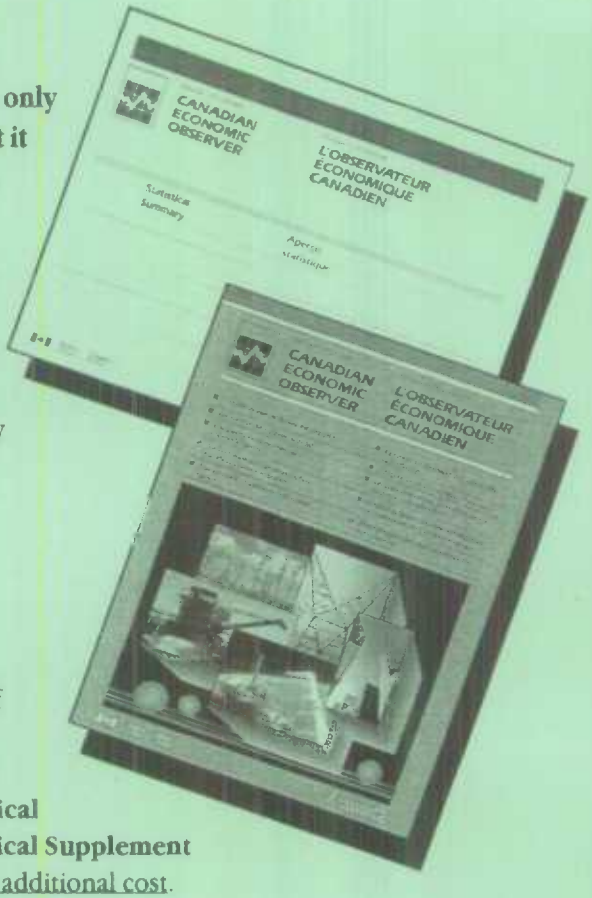
Loaded with first-hand information, collectively published nowhere else, CEO is a quick, concise and panoramic overview of the Canadian economy. Its reliability and completeness are without equal.



A single source

Consultations with our many readers – financial analysts, planners, economists and business leaders – have contributed to CEO's present, widely-acclaimed, two-part format. The **Analysis Section** includes thought-provoking commentary on current economic conditions, issues, trends and developments. The **Statistical Summary** contains the complete range of hard numbers on critical economic indicators: markets, prices, trade, demographics, unemployment and more.

More practical, straightforward and user-friendly than ever before, the ***Canadian Economic Observer*** gives you more than 150 pages of in-depth information in one indispensable source.

Why purchase CEO?

As a subscriber, you'll be directly connected to Statistics Canada's economic analysts – names and phone numbers are listed with articles and features. You'll also receive a copy of CEO's annual **Historical Statistical Supplement** – at no additional cost.

So why wait for others to publish Statistics Canada's data second-hand when you can have it straight from the source? Order your subscription to the ***Canadian Economic Observer*** today.

The ***Canadian Economic Observer*** (catalogue no. 10-2300XPB) is $220 annually in Canada, US$260 in the United States and US$310 in other countries.
