Note of Appreciation

*Canada owes the success of its statistical system to a
long-standing cooperation involving Statistics
Canada, the citizens of Canada, its businesses and
governments. Accurate and timely statistical
information could not be produced without their
continued cooperation and goodwill.*

Note de reconnaissance

*Le succès du système statistique du Canada repose sur
un partenariat bien établi entre Statistique Canada et la
population, les entreprises et les administrations
canadiennes. Sans cette collaboration et cette bonne
volonté, il serait impossible de produire des statistiques
précises et actuelles.*

Users can also consult the *Guide to the Income and Expenditure Accounts* (catalogue no. 13-603E) for a more in-depth explanation of concepts and methods. The statistics in these tables are also available on microcomputer diskettes for \$25 per quarter or \$100 for an annual subscription, or on CANSIM, Statistics Canada's on-line computer database.

To order, call 613-951-3640 and ask for the client services officer. For information on the content, call the same number and ask for the information officer.

Note

Most of the series shown in these tables have three lines. The first of these lines is the series itself, usually expressed in millions of dollars and sometimes expressed as an index with 1986=100. The second line, italicized and in smaller typeface, is the annual or year-over-year percentage change and the third line, also italicized and in smaller typeface, is the quarterly percentage change. The two percentage change lines are omitted for series which are either very volatile or quite small.

Pour commander

Pour commander,appelez au 613-951-3640 et demandez la responsable des services aux clients. Pour de l'information sur le contenu,appelez le même numéro et demandez l'agent d'information.

Note

La plupart des séries figurent dans ces tableaux sous trois lignes. La première ligne représente la série elle-même, habituellement exprimée en millions de dollars, et parfois sous forme d'indice (1986=100). La deuxième ligne, en italique et en caractères plus petits, représente la variation annuelle ou annuelle sur année en pourcentage, et la troisième, aussi en italique et en caractères plus petits, la variation trimestrielle en pourcentage. Dans le cas des séries très instables ou très faibles, les deux lignes de variation en pourcentage sont omises.
