Note of Appreciation

Canada owes the success of its statistical system to a long-standing cooperation involving Statistics Canada, the citizens of Canada, its businesses and governments. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises et les administrations canadiennes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

Symbols

The following standard symbols are used in this document:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.

Statistics Canada
National Accounts and Environment Division

These tables are drawn from the *National Income and Expenditure Accounts* (catalogue no. 13-001). The tables are released quarterly by Statistics Canada. Users should refer to this publication for footnotes and other information concerning the estimates in the tables. Users can also consult the *Guide to the Income and Expenditure Accounts* (catalogue no. 13-603E) for a more in-depth explanation of concepts and methods. The statistics in these tables are also available on microcomputer diskettes for \$25 per quarter or \$100 for an annual subscription, or on CANSIM, Statistics Canada's on-line computer database.

To Order

To order, call 613-951-3640 and ask for the client services officer. For information on the content, call the same number and ask for the information officer.

Note

Most of the series shown in these tables have three lines. The first of these lines is the series itself, usually expressed in millions of dollars and sometimes expressed as an index with 1986=100. The second line, italicized and in smaller typeface, is the annual or year-over-year percentage change and the third line, also italicized and in smaller typeface, is the quarterly percentage change. The two percentage change lines are omitted for series which are either very volatile or quite small.

Signes conventionnels

Les signes conventionnels suivants sont employés uniformément dans ce document:

- .. nombres indisponibles.
- ... n'ayant lieu de figurer.
- néant ou zéro.

Statistique Canada
Division des comptes nationaux et de l'environnement

Ces tableaux sont tirés des *Comptes nationaux des revenus et dépenses* (no. 13-001 au catalogue), publiés trimestriellement par Statistique Canada. Les utilisateurs sont priés de se reporter à la publication pour des notes et d'autres renseignements au sujet des estimations contenues dans ces tableaux. Ils peuvent aussi consulter le *Guide des comptes des revenus et dépenses* (no. 13-603F au catalogue) pour une explication approfondie des concepts et méthodes. Les statistiques dans ces tableaux sont aussi disponibles sur disquette pour microordinateur au prix de 25\$ par trimestre ou 100\$ par an, ou dans la base de données CANSIM de Statistique Canada

Pour commander

Pour commander, appelez au 613-951-3640 et demandez la responsable des services aux clients. Pour de l'information sur le contenu,appelez le même numéro et demandez l'agent d'information.

Note

La plupart des séries figurent dans ces tableaux sous trois lignes. La première ligne représente la série elle-même, habituellement exprimée en millions de dollars, et parfois sous forme d'indice (1986=100). La deuxième ligne, en italique et en caractères plus petits, représente la variation annuelle ou année sur année en pourcentage, et la troisième, aussi en italique et en caractères plus petits, la variation trimestrielle en pourcentage. Dans le cas des séries très instables ou très faibles, les deux lignes de variation en pourcentage sont omises.
