Note of Appreciation

Note de reconnaissance

Canada owes the success of its statistical system to a long-standing partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles.

Symbols

The following standard symbols are used in this document:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.

These tables together constitute the National Income and Expenditure Accounts. A subset of these tables is also published in *National Income and Expenditure Accounts, Quarterly Estimates* (Catalogue no. 13-001-XPB). Users should refer to this publication for footnotes and other information concerning the estimates in the tables. Users can also consult the *Guide to the Income and Expenditure Accounts* (Catalogue no. 13-603E, no. 1) for a more in-depth explanation of concepts and methods. The statistics in these tables are also available on microcomputer diskettes for \$25 per quarter or \$100 for an annual subscription, or on CANSIM, Statistics Canada's on-line computer database.

To Order

To order, call 613-951-3640 and ask for the client services officer. For information on the content, call the same number and ask for the information officer.

Note

Most of the series shown in these tables have three lines. The first of these lines is the series itself, usually expressed in millions of dollars and sometimes expressed as percentage points or an index with 1997=100. The second line, italicized and in smaller typeface, is the annual or year-over-year percentage change and the third line, also italicized and in smaller typeface, is the quarterly percentage change. The two percentage change lines are omitted for contribution to percentage change tables and for series which are either very volatile or quite small.

Signes conventionnels

Les signes conventionnels suivants sont employés uniformément dans ce document:

- .. nombres indisponibles.
- ... n'ayant lieu de figurer.
- néant ou zéro.

Ensemble, ces tableaux constituent les comptes nationaux des revenus et dépenses. Un sous-ensemble de ces tableaux est également publié dans *Comptes nationaux des revenus et dépenses, estimations trimestrielles* (n° 13-001-XPB au catalogue). Les utilisateurs sont priés de se reporter à la publication pour des notes et d'autres renseignements au sujet des estimations contenues dans ces tableaux. Ils peuvent aussi consulter le *Guide des comptes des revenus et dépenses* (n° 13-603F, n°1 au catalogue) pour une explication approfondie des concepts et méthodes. Les statistiques dans ces tableaux sont aussi disponibles sur disquette pour microordinateur au prix de 25\$ par trimestre ou 100\$ par an, ou dans la base de données CANSIM de Statistique Canada.

Pour commander

Pour commander, appelez au 613-951-3640 et demandez la responsable des services aux clients. Pour de l'information sur le contenu, appelez le même numéro et demandez l'agent d'information.

Note

La plupart des séries figurent dans ces tableaux sous trois lignes. La première ligne représente la série elle-même, habituellement exprimée en millions de dollars, et parfois sous forme de pourcentage ou d'indice (1997=100). La deuxième ligne, en italique et en caractères plus petits, représente la variation annuelle ou année sur année en pourcentage, et la troisième, aussi en italique et en caractères plus petits, la variation trimestrielle en pourcentage. Dans le cas des tableaux de contributions à la variation en pourcentage et les séries très instables ou très faibles, les deux lignes de variation en pourcentage sont omises.
