

INDEX

	PAGE		PAGE
Acreage intentions, field crops and summer-fallow.....	89	Buckwheat, values of production, second estimate, 1944.....	15-26
Acreages, field crops, by provinces.....		— first estimate, 1945.....	173-4
— in the Prairie Provinces.....	34, 140, 172	Buildings, farm, values of—see "Lands and buildings"	
— on Indian Reserves.....	176	Butter, consumption per capita.....	6, 165
— hops.....	194	— disposition.....	167
— tobacco.....	64-5, 108-9, 192	— domestic disappearance.....	57, 98, 152, 167, 191
Agricultural conditions, quarterly review of.....	1-3, 85, 127, 163-4	— exports.....	3
Agricultural production, value of.....	8-9	— prices, average, at principal markets.....	83, 125, 161, 206
Alfalfa, acreages.....	16-33, 137-40, 170-2	— maximum.....	45
— production, third estimate, 1944.....	16-33	— production.....	2
— first estimate, 1945.....	137-40	— stocks in storage.....	71
— second estimate, 1945.....	170-2	— values, average, at factory or farm.....	52
— values of production, second estimate, 1944.....	16-33	Butterfat, subsidy on.....	43
— first estimate, 1945.....	173-5	— values, average farm.....	52
Alfalfa seed, production and values, 1929-44.....	115-9		
— preliminary estimate, 1945.....	195-6		
Animals—see "Live Stock"			
Apiculture.....	67-9, 110-3, 193	Calves, numbers on farms, at December 1.....	38
Apples, disposition and domestic disappearance.....	109	— at June 1.....	147, 181
— exports.....	3	— prices.....	80-2, 122-4, 158-60, 203-5
— production, 1926-44.....	100-4	— values.....	181, 184-5
— June estimate, 1945.....	99	Capital, farm, value of.....	86-7
— September estimate, 1945.....	153	Carryover stocks of grains.....	145-6
— stocks in storage.....	71	Cattle, numbers on farms, at December 1.....	38
— values of production.....	100-4	— at June 1.....	147, 181-2
Apricots, production, 1926-44.....	100-5	— prices.....	80-2, 122-4, 158-60, 203-5
— June estimate, 1945.....	99	— values.....	181-2, 184-5
— September estimate, 1945.....	153	Celery, stocks in storage.....	71
— values of production.....	100-5	Cheese, consumption per capita.....	6, 165
Area—see "Acreages"		— disposition.....	167
		— domestic disappearance.....	57, 98, 152, 167, 191
Bacon, prices.....	83, 125, 161, 206	— exports.....	3
Barley, acreages.....	14-34, 137-40, 170-2	— prices, average, at principal markets.....	83, 125, 161, 206
— disposition and domestic disappearance.....	168	— maximum.....	45
— prices.....	79, 121, 157, 202	— production.....	2
— production, third estimate, 1944.....	14-34	— stocks in storage.....	71
— first estimate, 1945.....	137-40	— values, average, at factory.....	52
— second estimate, 1945.....	170-2	Cherries, production, 1926-44.....	100-5
— stocks, at July 31.....	145-6	— June estimate, 1945.....	99
— at March 31.....	91-3	— September estimate, 1945.....	153
— in store and in transit.....	37, 93, 144, 180	— values of production.....	100-5
— values of production, second estimate, 1944.....	14-34	Clover—see "Hay and Clover"	
— first estimate, 1945.....	173-5	Clover seed, production and values, 1929-44.....	115-9
Beans, acreages.....	14-32, 137-40, 170-2	— preliminary estimate, 1945.....	195-6
— disposition and domestic disappearance.....	168	— and grass seed, values of production.....	8-9
— production, third estimate, 1944.....	14-32	Cold-storage holdings of food commodities.....	71
— first estimate, 1945.....	137-40	Concentrated milk products, prices, maximum.....	45
— second estimate, 1945.....	170-2	(See also "Milk condensed", "Milk evaporated", "Milk powder")	
— values of production, second estimate, 1944.....	14-32	Condition of crops—see "Crop reports"	
— first estimate, 1945.....	173-5	Consumption per capita, various food products.....	6-7, 165-6
Beef, consumption.....	6, 39, 165	— per capita and total, meats and lard.....	39-41
— disposition and domestic disappearance.....	167	— total, wool.....	63
— prices.....	83, 125, 161, 206	Conversion factors, processed fruits and vegetables.....	107
— production.....	2	Corn, fodder, acreages.....	16-33, 137-40, 170-2
— stocks in storage.....	71	— production, third estimate, 1944.....	16-33
Beekeepers, numbers of.....	68, 110-3, 193	— first estimate, 1945.....	137-40
Bees, imports (values).....	69	— second estimate, 1945.....	170-2
— numbers of colonies.....	68, 110-3, 193	— values of production, second estimate, 1944.....	16-33
Beeswax, production.....	67	— first estimate, 1945.....	173-5
— values of production—see "Honey and wax"		Corn, shelled, acreages.....	15-26, 137-9, 170-1
Bran, prices.....	80, 122, 158, 203	— disposition and domestic disappearance.....	168
— production.....	179	— prices at Chicago.....	79, 121, 157, 202
Buckwheat, acreages.....	15-26, 137-9, 170-1	— production, third estimate, 1944.....	15-26
— disposition and domestic disappearance.....	168	— first estimate, 1945.....	137-9
— production, third estimate, 1944.....	15-26	— second estimate, 1945.....	170-1
— first estimate, 1945.....	137-9	— stocks on farms at March 31.....	92-3
— second estimate, 1945.....	170-1	— values of production, second estimate, 1944.....	15-26
— stocks on farms.....	92-3	— first estimate, 1945.....	173-4

	PAGE		PAGE
Crop-reporting program.....	84	Flaxseed, prices.....	79, 121, 157, 202
Crop reports re seasonal conditions.....		— production, third estimate, 1944.....	15-34
— field crops.....	12-3, 88-9, 130-7	— first estimate, 1945.....	137-40
— fruits.....	99, 153	— second estimate, 1945.....	170-2
— honey.....	67, 193	— stocks at July 31.....	145-6
— maple products.....	154	— at March 31.....	91-3
— seed crops.....	194	— in store and in transit.....	37, 93, 144, 180
— tobacco.....	108, 192	— values of production, second estimate, 1944.....	15-34
Crops—see "Field crops"		— first estimate, 1945.....	173-5
Dairying, review of 42-9, 53-5, 94-6, 148-50, 187-9		Flour, consumption per capita.....	7, 166
— values of production.....	51	— prices.....	80, 122, 158, 203
Dairy products, consumption per capita.....	6, 165	Forest products on farms, cash income from.....	11
— prices and regulations re.....	44-6	Fruits, consumption per capita.....	7, 166
— subsidies and bonuses.....	43-4	— production, 1926-44.....	100-5
— values, average, at farm or factory.....	52	— June estimate, 1945.....	99
(See also "Butter", "Cheese", etc.)		— September estimate, 1945.....	153
Disposition, agricultural commodities, specified.....	167-9	— stocks in storage.....	71
— wheat crop, Prairie Provinces.....	35, 143	— values of production.....	100-5
Domestic disappearance, agricultural commodities, specified.....	167-9	— weights in standard containers and con- version factors.....	106-7
— as percentages of production.....	5	Fruits and vegetables, gross value of pro- duction.....	8-9
— dairy products.....	57, 98, 152, 191	Fur farming, numbers of farms.....	69
— eggs.....	62	— values of animals, lands and buildings..	69
— poultry meat.....	62	— values of animals and pelts sold.....	70
— tobacco.....	65		
— wool—see "Consumption"		Game and rabbits, consumption per capita	6, 165
Ducks, dressed, domestic disappearance.....	62	Geese, dressed, domestic disappearance.....	62
— live, numbers on farms, at December 1.....	38	— live, numbers on farms, at December 1.....	38
— at June 1.....	147, 183	— at June 1.....	147, 183
— values.....	183-5	— values.....	183-5
Eggs, consumption per capita.....	6, 165	Grain crops—see "Field crops"	
— disposition.....	167	Grain hay, acreages and production.....	16-33
— domestic disappearance.....	62, 167	— values, second estimate, 1944.....	16-33
— exports.....	3	— first estimate, 1945.....	173-5
— prices.....	83, 125, 161, 206	Grain products, consumption per capita	7, 166
— production.....	60	Grains, prices.....	79, 121, 157, 202
— income from.....	62	— stocks at July 31.....	145-6
— sales and farm-home consumption.....	60	— at March 31.....	91-3
— stocks in storage.....	71	— in store and in transit.....	37, 93, 144, 180
