

Faint header text at the top of the page, possibly including a date or page number.

First main paragraph of text, starting with a faint opening word or phrase.

Second main paragraph of text, continuing the narrative or discussion.

Third main paragraph of text, further developing the content.

Final paragraph of text at the bottom of the page, possibly concluding the document.

ZINC - Zinc output in Canada during November amounted to 13,305,200 pounds; in the preceding month 13,703,319 pounds were produced and in November, 1931, the production was 15,841,329 pounds.

Quotations for zinc on the St. Louis market averaged 3.094 cents per pound as against 3.027 cents per pound in October. The average price of zinc on the London market was 2.5619 cents per pound; valued at this price the Canadian output in November was worth \$340,866.

Zinc production of the world advanced to 70,285 tons in November as compared with the October total of 69,920 tons. The United States output increased 741 tons to 15,958 tons, on the other hand, shipments declined 15.0 per cent, with the result that stocks at the close of the month increased slightly. Germany's production rose 4.7 per cent to 4,149 tons in November; Italy produced 2,100 tons or 28.4 per cent above the October output.
