MANUFACTURES OF ONTARIO

1925

Ottawa, October 1st. 1927.- A report on the manufacturing industries of the Province of Ontario is herewith presented for the calendar year 1925. A comparison of the principal statistics of industry for 1924 and 1925 is given in the following summary table showing the increase or decrease of each principal statistical item. Other tables of the report dealing with various phases of industrial activity appear in the following order:-

- Table 1.- Forty leading industries of the Province of Ontario, 1925.
Table 2.- Principal statistics by groups of industries, 1924 and 1925.
Table 3.- Capital investment by groups of industries, 1925.
Table 4.- Fuel consumption by groups of industries, 1925.
Table 5.- Power installed by groups of industries, 1925.
Table 6.- Principal statistics of the cities, towns and villages of the province in order of value of production, 1925.

Principal Statistics, Province of Ontario compared, 1924 and 1925.

Principal Statistics		1924	1925 ¹	Increase or Decrease
Establishments reporting	No.	9,453	9,386	- 67
Capital invested	\$	1,836,269,551	1,925,593,482	+ 89,323,931
Employees on salaries -				
Male	No.	31,663	31,644	- 19
Female	No.	10,128	10,515	+ 387
Total salaries	\$	77,490,023	77,806,238	+ 316,215
Employees on wages -				
Male	No.	164,768	171,564	+ 6,796
Female	No.	46,037	48,760	+ 2,723
Total wages	\$	219,013,890	229,497,769	+ 10,478,879
Outside piece-workers -				
Male	No.	306	494	+ 188
Female	No.	1,956	1,707	- 249
Total amount paid	\$	341,538	316,557	- 25,031
Cost of fuel	\$	23,299,379	28,025,118	+ 274,261
Primary power equipment	H.P.	1,827,307	2,015,016	+ 187,709
Cost of materials	\$	755,469,838	828,939,668	+ 74,469,830
Gross value of products	\$	1,397,873,744	1,527,354,560	+ 129,280,916
Net value of products	\$	643,403,906	698,214,992	+ 54,811,086

¹ The statistics throughout the tables of the 1925 report include the smelting of non-ferrous metals which in previous years were included in the report on mineral production.

MANUFACTURES OF ONTARIO - Continued

Forty Leading Industries of Ontario.

The principal statistics of the forty leading industries of the province of Ontario are presented in table 1 for the calendar year 1925. The automobile industry which in 1924 had been exceeded by the flour milling industry again takes first position among the industries of the province with flour mills second, Slaughtering and Meat Packing third, Pulp and Paper fourth, Rubber goods including footwear, fifth, Butter and Cheese sixth and Electric Light and Power Plants in seventh place. Viewed from the point of capital investment the same industries continue to maintain their relative positions as in 1922, 1923 and 1924 as follows: (1) Electric Light and Power, (2) Pulp and Paper, (3) Agricultural Implements and (4) Automobiles. The total value of production in the forty leading industries represented 80.3 per cent of the total value of production in the province. The table also shows the relation that the forty leading industries bear to the total of all industries in the province by percentages and they are higher in every respect, but in the number of establishments and the amount of capital investment, than in 1924.

Table 1. - Forty Leading Industries in the Province of Ontario, 1925

Industries	Establishments No.	Capital \$	Employees No.	Salaries and Wages \$	Cost of Materials \$	Value of Products \$
Automobiles	11	74,678,451	10,301	17,249,270	74,166,378	110,835,380
Flour and gristmill products	664	29,012,816	3,154	3,483,077	90,811,425	104,522,309
Slaughtering and meatpacking	24	30,352,706	5,488	7,032,749	76,793,615	94,427,211
Pulp and paper	45	170,462,147	10,050	14,452,522	31,672,039	74,179,929
Rubber goods (including footwear)	28	54,353,969	8,990	10,796,430	32,597,694	62,360,401
Butter and cheese	1,009	16,853,677	5,369	5,258,514	48,791,824	61,678,608
Electric light and power	418	356,375,495	6,290	9,657,160	-	49,651,990
Electrical apparatus and supplies	91	53,563,573	8,868	9,862,246	17,126,501	40,952,860
Castings and forgings	188	55,475,604	11,450	14,250,584	15,357,728	40,613,286
Sawmills	710	52,755,427	8,361	8,490,771	22,073,392	36,141,672
Hosiery, knit goods and gloves	109	35,846,327	10,759	8,873,932	20,020,546	36,085,171
Bread and other bakery products	877	15,459,466	5,886	6,720,214	15,488,996	28,552,332
Clothing, women's factory	179	13,145,150	8,504	8,859,385	16,110,263	28,094,100
Non-ferrous metal smelting	4	30,694,160	2,431	3,455,754	5,822,350	27,040,892
Biscuits, confectionery and chewing gum	169	23,688,367	6,067	5,899,026	12,597,770	26,383,977
Printing and publishing	280	21,548,753	6,274	9,032,199	6,492,169	24,495,813
Agricultural implements	43	79,115,119	7,143	8,629,977	10,613,864	23,361,259
Planing mills, sash and door factories	328	27,431,873	5,213	5,931,848	13,165,619	22,624,982
Steel and rolled products, pig iron, etc.	14	51,392,949	2,457	4,321,064	11,057,354	22,348,471
Leather tanneries	36	25,110,814	3,046	3,377,099	15,381,967	22,309,980
Acids, alkalies, salts and compress gases	18	25,997,700	1,654	2,425,421	11,239,962	21,464,766
Furniture and upholstering	208	27,754,862	6,795	7,204,222	7,722,107	21,124,384
Sheet metal products	67	17,133,609	3,772	4,425,628	10,937,809	20,892,643
Petroleum products	7	16,969,751	1,824	2,797,730	15,808,948	20,425,854
Machinery	111	36,908,205	4,827	6,239,639	6,252,294	18,962,328
Printing and bookbinding	357	17,127,299	4,993	6,202,828	5,115,235	16,129,472
Fruit and vegetable canning, evaporating, etc.	164	19,662,959	4,761	1,984,046	9,056,761	15,711,169
Cotton, yarn and cloth	16	16,657,638	4,338	3,453,571	8,313,478	14,721,113
Clothing men's factory	54	7,707,767	3,560	4,528,708	6,695,462	14,037,515

MANUFACTURES OF ONTARIO - Continued

Ontario Manufactures by groups of Industries, 1924 and 1925

Table 2 gives the principal statistics of manufactures in the nine groups into which all industry has been divided. The Vegetable Products group again occupies first place in value of production in 1925 whilst the Iron and Steel group and the Wood and Paper group now occupy second and third places respectively. In employment the Iron and Steel group leads by 98 over the Wood and Paper group, with the Textile Group in third place. In capital investment the miscellaneous group, which includes the production of electric power, leads, with the Iron and Steel group in second place and the Wood and Paper group in third place.

Capital Investment

The statistics of capital investment in the manufacturing industries of the province of Ontario in 1925 are presented in table 3 by groups of industries. The statistics relating to capital are presented under two main heads: (1) Fixed capital which includes lands, buildings, machinery and tools, and (2) Working capital which includes (a) materials and stocks, fuel, miscellaneous supplies and finished products on hand, and (b) cash, trading and operating accounts and bills receivable. Fixed capital represented 62.7 per cent of the total investment in 1925 and working capital 37.3 per cent. Comparing capital investment since 1921 a steady increase will be noted; in 1921 the total investment amounted to \$1,613,486,222 in 1922 it had increased to \$1,696,738,996, in 1923 to \$1,775,493,340, in 1924 to \$1,836,269,551, and in 1925 to \$1,925,593,482, being an increase in the five year period of \$312,107,260 or an average annual increase of over \$62,420,000. Measured by average capital per establishment it advanced from \$172,942 in 1921 to \$180,735 in 1922, to \$185,935 in 1923, to \$194,242 in 1924, and to \$205,156 in 1925, an increase in the five year period of \$32,214 per establishment or over 18.6 per cent. The groups showing the highest capital investment were in order (1) the miscellaneous group which includes central electric stations (\$406,012,817); (2) the iron and steel group (\$394,850,993); (3) the wood and paper group (\$369,752,115); and (4) the vegetable products group (\$218,015,548). The province of Ontario supplied 50.6 per cent of the total capital invested in the industries of the Dominion in 1925.

Table 3.- Capital invested in Ontario by Groups of Industries, 1925.

Groups of Industries	Fixed Capital	Working Capital		Total Capital
	Land, buildings, machinery and tools	Materials & stocks on hand, fuel and miscellaneous supplies	Cash, trading and operating accounts & bills receivable	
	\$	\$	\$	\$
Vegetable products	122,160,669	57,006,851	38,848,028	218,015,548
Animal products	46,764,083	41,433,312	22,876,781	101,074,176
Textiles and textile products	71,614,879	42,999,120	32,517,716	147,131,715
Wood and paper products	225,505,022	80,739,770	63,507,323	369,752,115
Iron and its products	214,468,387	93,231,913	87,150,693	394,850,993
Non-ferrous metal products	58,297,870	26,137,348	28,567,692	113,002,910
Non-metallic mineral products	77,855,390	17,376,705	11,902,889	107,134,984
Chemicals and allied products	37,640,051	14,222,781	16,755,392	68,618,224
Miscellaneous industry products	352,791,863	18,120,393	35,100,561	406,012,817

MANUFACTURES OF ONTARIO - Continued

FUEL CONSUMPTION

Table 4 presents statistics of fuel consumption in the manufacturing industries of Ontario for the calendar year 1925, according to the nine groups into which all industry has been divided. Bituminous coal was the principal fuel, constituting 63.3 per cent of the total cost of all fuel used and is shown also by tonnage in column (1) of the table. Coke used as fuel occupied second place in cost value, Gas, artificial and natural was third followed in order by fuel oils and wood. The group showing the highest cost of fuel used was the wood and paper group with an outlay of \$6,020,013 and including such industries as the pulp and paper sawmills, planing mills, printing trades, furniture and other wood-working plants. The non-metallic mineral group was second with an expenditure of \$6,003,405, the iron and steel group third with \$5,086,426 and the vegetable products group fourth with \$3,130,709.

There was a decrease in the total cost of fuel consumption as compared with 1924 amounting to \$274,261, due to a fall in the price of coal. Bituminous coal of all grades which in 1924 averaged \$6.08 per ton fell to \$5.89 per ton in 1925 and anthracite coal of all grades from an average of \$8.30 per ton in 1924 to \$7.71 in 1925.

Table 4.- Value of fuel consumed by classes and by groups of industries, 1925.

Groups of Industries	Bituminous coal		Anthracite Coal	Lignite Coal	Coke	Gasoline	Oils (fuel)	Wood	Gas	All Other Fuel	Total Cost of all fuel

1879												

This is a record of the monthly sales of the
 business for the years 1875 to 1879.
 The columns represent the months of the year,
 and the rows represent the years.
 The numbers in the cells represent the sales
 for each month in each year.

The total sales for each year are as follows:
 1875: \$10,000
 1876: \$12,000
 1877: \$15,000
 1878: \$18,000
 1879: \$20,000

The average monthly sales for each year are as follows:
 1875: \$833.33
 1876: \$1,000.00
 1877: \$1,250.00
 1878: \$1,500.00
 1879: \$1,666.67

MANUFACTURES OF ONTARIO - Continued

Power Equipment in the Industries of Ontario

The power equipment installed in the industries of the Province of Ontario in 1925 is shown in table 5 by groups of industries and horse power capacity. Power developed by steam aggregated 322,954 h.p. or 3,654 h.p. more than in 1924. Power developed by water increased from 1,445,536 h.p. in 1924 to 1,659,092 h.p. in 1925. Installation of electric motors in this report is shown under two heads (a) those operated by purchased power and (b) those operated by power generated by establishments. In 1924 the total horse power of electric motors was 896,330 and in 1925 the horse power had grown to 1,009,957 an increase of 113,627 horse power or 11.2 per cent.

The miscellaneous group of industries which includes the central electric stations industry accounted for most of the primary power development in that group. Next in order are the wood and paper group, the iron and steel group, and the vegetable products group. The total cost of electricity purchased during the year by the manufacturing industries of Ontario totalled \$24,821,214. This includes power purchased by central electric stations for resale amounting to \$14,224,093.

Table 5. - Power Equipment in the Province of Ontario by groups of Industries, 1925.

Groups of Industries	Steam engines and turbines H.P.	Internal combustion engines H.P.	Hydraulic turbines or water-wheels H.P.	Total primary power H.P.	Electric Motors		Total H.P.	Total Power equipment for manufacturing purposes H.P.
					Operated by purchased power H.P.	Operated by power generated by establishment H.P.

¹ Exclusive of electric motors operated by purchased power, in the Miscellaneous Industry Group.

Principal Statistics of Cities, Towns and Villages of Ontario, 1925.

Table 6 shows the principal industrial statistics for all cities, towns and villages whose production totalled one million dollars or over during 1925. The total gross value of production in the 114 urban centres amounted to \$1,380,163,879 in a total for the entire province of \$1,527,154,660 representing approximately 90.3 per cent. The manufactured products of the City of Toronto were 29.3 per cent of the total for the province.
