## REPORT ON THE PRODUCTION OF LEATHER FOOTWEAR

IN CANADA, JUNE, 1931.

Number of Factories .- Statistics of the production of leather footwear in Canada in June, 1931, are based on the returns of 163 factories out of a total of 167 factories in operation during the month. The distribution of the operating factories, by provinces, is as follows: Nova Scotia, 2: New Brunswick, 4: Quebec, 98; Ontario 57; Manitoba, 1; and British Columbia, 5. Three factories in Quebec and one factory in Ontario failed to make return.

Production .- The output for the month of June, 1931, amounted to 1,576,449 pairs, compared with 1,740,792 pairs in May and 1,398,444 pairs in June, 1930. Every month of 1931, so far, excepting January, has shown an increase in total production over the corresponding month of 1930. In June, 1931, production exceeded that of the preceding month for the following items, "shoepacks, larrigans and moccasins (oil tan)", "footwear of all kinds with felt uppers", and "cloth, carpet, boudoir and Indian slippers". Other items showed decreased production. In the classification of boots and shoes with leather or fabric uppers according to process, the only item showing an increase over the preceding month is that of "stitchdowns".

Cumulative Production .- The production of leather footwear during the first six months of 1931 amounted to 8,978,977 pairs, or an average per month of 1,496,496 pairs, compared with a total of 8,772,583 pairs and a monthly average of 1,462,097 pairs in 1930.

Imports and Exports .- The imports of leather footwear into Canada have dropped . considerably during the past year. In June, 1931, the total quantity imported amounted to 62,977 pairs, compared with 76,860 in May and 105,564 pairs in June, 1930. The values of the imports were \$148,964 in June, 1931; \$175,286 in May, 1931; and \$240,703 in June, 1930. The imports from the United States in June, 1931, represented 66 per cent of the total value of imports and those from the United Kingdom, 11 per cent. The exports of Canadian made leather footwear in June, 1931, amounted to 1,216 pairs, compared with 1,292 pairs in May and 5,303 pairs in June, 1930.
