AIR CONDITIONING AND REFRIGERATION EQUIPMENT

QUARTER ENDED SEPTEMBER 30, 1965

Beginning in 1965 this report was changed to a quarterly from a monthly status. Because of this fact, as well as the reclassification of products within the industry in 1965, previous published data will not be comparable to this new series.

It should be noted that whereas the previous monthly series included imported products as well as products of domestic manufacture this quarterly series includes products of domestic manufacture only.
