- Note: 1. These figures represent production by the principal manufacturers, which normally account for approximately 90 per cent of the total output of concrete products and have not been expanded.
2. Starting in January, 1960 concrete brick is being reported in terms of single brick equivalent and, therefore, data are not comparable with previous years which were expressed in terms of actual units. Similarly, concrete blocks are now being reported in terms of 8" block equivalent rather than actual units as in previous years.
