## DOMINEGI DURPAU OF STATISTICS - CANADA

Domin:on Statisticien: R. H. Coats, B.A., F.S.S.(Hon.), F.R.S.C.
Fotalnurgical and Chemical Branch
Chiet: G Cook, B.A., A.I.C., F.C.I.C.

## THE MISCELLANEOUS NOIT-METALLIC PRODUCTS INDUSTRY, 1926.

According to a statement issued by the Dominion Bureau of Statistics at Ottawa, production from the 31 plants in Canada classified under the Miscellaneous Non-Metallic Mineral Products Industry amounted in value to $\$ 8,612,658$ as compared with an output value of $\$ 7,978,183$ in 1925 . This industry included 11 establishments manufacturing artificial abrasives or abrasive products, 2 plants making graphite electrodos, 7 concerns producing gypsum products, 9 mica-trimming shops, and 2 plants making foundry supplies.

Production of artificial abrasives such as crude carborundum, firesand and fused alumina and abrasive products such as abrasive wheels, cloth and paper and other commodities including ferrosilicon was velued at $\$ 6,081,822$ as compared with a corresponding figure of $\$ 5,909,318$ in 1925. Capital omployed in the industry amounted to $\$ 6,398,369$, cmployees mumbered 622 persons, payments in salaries and wages totalled $\$ 929,755$ and rim materials cost $\$ 2,093,434$. Four plants in Ontario and 1 in Quebec made artificiel abrasives while 6 establishments in Ontario manufactured grinding wheels, sand paper and similar protucts.

Gypsum products made in tinis industry amounted in value to $\$ 1,466,923$. Seven plants were in cperation, canital eaployed totalled $\$ 1,060,706$, employees mumbered 350, and materials cost $\$ 533,04 \%$, Wail coating, gypsum board and gypsum blocks were the main product of the group; in addition hardwall plaster and some vallboard mere made in plants which al so quarried the gypsum and were therefore included in the minoral production groun. Slaste: casings, church supplies, and ornament al plaster works were valued at $\$ 238,4^{\circ} 2$.

Nino mica-trimóne shops, of wich 8 were in Quebec and 1 in Ontario were in operation during le25. Sroduction was valued at $\$ 358,609$, employees rumbered 493 and ram materials cost $\$ 185,361$.

There were also 2 plants in Ontario making graphite electrodes and 2 in the same province manufactured f...viry facings and supplies.

SUMMARY STATISTICS OF THE MISCTTTAIFOUS NON-METALLIC MINERAL PRODUCTS INDUSTRIES IN GAIVADA, 29 2 C-1926.
