GYPSUM PRODUCTS MANUFACTURERS

1966

For statistical purposes the industry titled Gypsum Products Manufacturers in the revised Standard Industrial Classification covers the operations of establishments primarily engaged in manufacturing plaster, plaster board and other products composed wholly or chiefly of gypsum.

Value of shipments and other revenue (manufacturing and non-manufacturing) of the Gypsum Products Manufacturers industry amounted to \$47.1 millions in 1966, compared with \$46.4 millions in 1965, an increase of \$.7 million or about 1.4 per cent. Included in this total were shipments of gypsum wallboard, gypsum lath and gypsum plasters valued at \$39.2 millions. Shipments of other manufactured products including secondary gypsum products amounted to \$2.9 millions, while other revenue (non-manufacturing) amounted to \$5.0 millions.

This industry's shipments of gypsum products, that is, gypsum wallboard, gypsum lath, gypsum plasters, etc. accounted for the bulk of its manufacturing revenue. Secondary products shipped by this industry in 1966 included mineral wool products, stucco, crude gypsum, etc.

The cost of materials and supplies, etc. used in the production of goods of own manufacture decreased by \$560,000. Cost of materials and supplies etc. (inputs) in 1966 represented 40.0 per cent of value of shipments of own manufacture (outputs), compared with 40.7 per cent in 1965.

It should be noted that Table 13 covers the shipments of the establishments classified to this industry whereas Table 14 presents the total value of shipments of specific commodities of Canadian manufacture and includes (if applicable) shipments of those commodities reported by establishments classified to other industries.

NOTE

The detailed "Concepts and Definitions" notes, usually carried each year, have been omitted from this 1966 report for reasons of economy. Reference to these notes may be had by consulting any 1965 report in this series. Failing this, a copy may be obtained free of charge upon application to the Manufacturing and Primary Industries Division of the Bureau.
