REVENUE CAR LOADINGS
FOR

WEEK ENDED OCTOBER 34TH, 1925

Car loadings during the week ended October 24 aggregated 76,597 cars, reaching a new high record and exceeding the record made during the week ended September 26 by 158 cars. Grain loading improved somewhat although still lighter than during the latter part of September due to unfavourable weather. Coal, lumber, other forest products, merchandise and miscellaneous freight all showed increases over the previous week and compared with the corresponding week in 1924 gains were recorded for all commodities except pulpwood.
