## REVENUE CAR LOADINGS

FOR

## WEEK ENDED NOVEMBER 28TH, 1925

Car loadings during the week ended November 28 were only 2,172 cars under the previous week's. With fair weather in the western division, grain loading continued heavy; the higher price possibly was also a factor. Merchandise was down 974 cars in the eastern division and slightly in the western, and, with the exception of a drop of 257 cars in miscellaneous freight in the western division, other commodities showed only small changes.

Compared with the corresponding week in 1924 every commodity except lumber showed increases, grain leading with a gain of 6,820 cars and miscellaneous freight with a gain of 2,079 cars, the total increase being 12,604 cars.
