FOR
WEEK ENDED DECEMBER 18TH, 1925

The cold weather and the close of lake navigation affected the car loadings during the week ended December 18 in the western division where the decrease from the previous week amounted to 5,619 cars, grain dropping off 2,336 cars, merchandise 951 cars and miscellaneous freight 934 cars. In the eastern division grain showed a small decrease, coal a gain of 908 cars, pulpwood a gain of 576 cars and merchandise and miscellaneous freight gains of 529 cars and 706 cars respectively, so that instead of a seasonal decline as in the past three years, the total loadings showed an increase of 2,158 cars.

Compared with loadings for the week ended December 19, 1925, the total was 1,170 cars less, due almost entirely to the large loss in grain which was lighter by 5,564 cars and which more than offset gains of 3,112 cars in coal, 1,058 cars in merchandise and 553 cars in miscellaneous freight.
