REVENUE CAR LOADINGS
FOR
WEEK ENDED APRIL 10, 1926

Comparisons of car loadings during last week with those of the previous week and with the week ended April 11, 1925 are affected by both the latter weeks including a holiday (Good Friday). Grain loading showed little gain over the previous week but as soon as navigation opens and the congestion at the terminal elevators is relieved, it should show good increases in the western division. Coal loading showed an improvement but other commodities showed little change from the average of the past few weeks.
