NOTE TO READERS:

As of this issue, the Summary of Imports will be produced by computer program out of the import statistics data files. This procedure has made it possible to enlarge the contents of the report as well as to include some analytic measures such as period-to-period rates of change. Eventually it should also improve the timeliness of the report.

To the extent that different rounding techniques were introduced, the data shown may differ in some respects from previously published figures. However, readers are advised to take the statistics currently published as superseding those in former issues of this report.

NOTE AUX LECTEURS:

A partir de ce numéro cette publication sera produite par ordinateur, d'après les dossiers de données statistiques sur les importations. Cette méthode nous a permis d'augmenter le bulletin et d'inclure quelques mesures analytiques, tels que les taux de variation d'une période à une autre; cette mesure devrait enfin nous permettre de réduire les délais de publication.

En raison de la mise en application de nouvelles techniques pour arrondir les chiffres, il se peut que ces données s'écartent quelque peu des chiffres publiés auparavant. Les lecteurs devraient donc considérer que les statistiques publiées ici remplacent celles qui ont paru dans les livraisons précédentes de ce bulletin.
