POPULATION OF ELECTORAL DISTRICTS
(1952 RE-DISTRIBUTION)

This report, the first to be issued in an Advance Series giving final results of the 1966 Census of Canada, shows the population distributed according to federal electoral constituencies. The figures are based on the Representation Act of 1952 on which the present membership of the House of Commons is constituted. Comparative figures for these districts are provided from the previous 1961 Census.

Of necessity, the 1966 Census of Canada was planned and taken on the basis of the 1952 re-distribution. A special report (No. S-1, Catalogue No. 92-631) will be issued shortly in which the population totals of the 1966 Census will be distributed according to the new electoral districts established by the 1966 re-distribution of representation (according to the Representation Order proclaimed on June 16, 1966). The report will also show comparable figures of the 1961 Census on which this latest re-distribution was based.

Details of the 1966 population distribution within each new electoral district by counties, municipalities, cities, towns, villages, unorganized areas, etc., with comparative figures for 1961, will be issued at a later date as part of the regular volume series of final reports of the 1966 Census (Report No. 1-2, Catalogue No. 92-602).

POPULATION DES CIRCONSCRIPTIONS ÉLECTORALES
(REVISION DE 1952)

Le présent rapport est le premier de la série anticipée qui donne les résultats définitifs du recensement du Canada en 1966. La population y est répartie par circonscription électorale fédérale. Les chiffres se fondent sur la loi de 1952 sur la députation qui régit la composition actuelle de la Chambre des communes. Les chiffres comparatifs de ces circonscriptions sont tirés du recensement de 1961.

Le recensement du Canada de 1966 a nécessairement été organisé et effectué suivant la révision de la carte électorale de 1952. Un rapport spécial (n° S-1, n° 92-631 au catalogue) paraîtra prochainement qui donnera les chiffres de la population recensée en 1966 répartie suivant les nouvelles circonscriptions électorales établies à la suite du remaniement électoral de 1966 (d'après l'Ordonnance de Représentation proclamée le 16 juin 1966). Le rapport donnera également, pour les besoins de la comparaison, les chiffres du recensement de 1961 sur lesquels se fonde ce dernier remaniement.

Le détail relatif à la répartition de la population de 1966 de chaque nouvelle circonscription par comté, municipalité, cité, ville, village, région inorganisée, etc., ainsi que les chiffres comparatifs de 1961 seront publiés plus tard comme partie de la série régulière de volumes contenant les résultats définitifs du recensement de 1966 (Rapport n° 1-2, n° 92-602 au catalogue).
