POPULATION OF THE 'GREATER' CITIES
BY SEX, AGE, RACIAL ORIGIN, RELIGION, ETC.

This bulletin presents final population figures of the 1941 Census for the 'greater' cities of Canada, classified according to each of the following subjects: sex, conjugal condition, age, racial origin, religion, birthplace, immigration and citizenship, school attendance, official language, and mother tongue.

For Census purposes, the 'greater' cities, (or metropolitan areas), indicate those cities having well-defined satellite communities which are outside the boundaries of the cities proper, but are in close economic or geographical relationship to them. Not all of the larger cities of Canada, (e.g., Calgary and Edmonton), are of this character. Those in the above category, however, include Halifax, Hamilton, London, Montreal, Ottawa, Quebec, Saint John, Toronto, Vancouver, Victoria, Windsor and Winnipeg.

Presentation of tables

The first table in this bulletin gives the final population by sex for the 'greater' cities of Canada and their dependent communities. The remaining tables present the various classifications by age, racial origin, religion, etc., for each of the 'greater' cities as a whole.

POPULATION DES 'GRANDES' CITES
PAR SEXE, AGE, ORIGINE RACIALE, RELIGION, ETC.

Ce bulletin présente les chiffres définitifs de la population au Recensement de 1941 des 'grandes' cités du Canada, d'après chacune des rubriques suivantes; sexe, état conjugal, âge, origine raciale, religion, lieu de naissance, immigration et citoyenneté, fréquentation scolaire, langue officielle et langue maternelle.

Pour fins de recensement, les 'grandes' cités (ou régions métropolitaines) sont celles qui ont des communautés satellites bien définies en dehors des limites des cités proprement dites, mais en étroite relation économique ou géographique avec elles. Il n'en est pas ainsi de toutes les grandes cités canadiennes (e.g., Calgary et Edmonton). Celles de la catégorie ci-dessus, cependant, comprennent Halifax, Hamilton, London, Montréal, Ottawa, Québec, Saint John, Toronto, Vancouver, Victoria, Windsor et Winnipeg.

Présentation des tableaux

Le premier tableau dans ce bulletin montre les chiffres définitifs de la population des 'grandes' cités du Canada et leurs communautés dépendantes d'après le sexe. Les autres tableaux présentent les classifications par âge, origine raciale, religion, etc., pour chacune des 'grandes' cités dans l'ensemble.

- (1) The number of children under 15 years is shown by five-year age groups. Since most children reporting school attendance are between 5 and 15 years of age, the number in this age group may be compared with the number reporting school attendance, and since most persons reporting less than 5 years of schooling are under 10 years, these may be subtracted from the 0-4 schooling group in order that the population 10 years and over with less than 5 years of schooling may be compared for the 'greater' cities.
- (2) Persons shown "At school" in this table are those who had attended school any time between September 1, 1940, and June 2, 1941.
- (3) The distribution for 1941 does not include persons of unspecified years of schooling.

- (1) Le nombre d'enfants de moins de 15 ans est indiqué par groupes quinquennaux d'âge. Comme la plupart des enfants qui déclarent leur fréquentation scolaire ont de 5 à 15 ans, le nombre de ce groupe d'âge peut être comparé à celui qui déclare sa fréquentation scolaire, et comme la plupart des personnes qui déclarent moins de 5 ans à l'école ont moins de 10 ans, ces dernières peuvent être soustraites du groupe de 0-4 ans à l'école afin que la population de 10 ans et plus avec moins de 5 ans à l'école puisse être comparée dans le cas des 'grandes' cités.
- (2) Les personnes données comme "à l'école" dans ce tableau sont celles qui ont été à l'école un temps quelconque du 1er septembre 1940 à la date du Recensement, le 2 juin 1941.
- (3) La distribution de 1941 ne comprend pas les personnes dont les années à l'école ne sont pas déclarées.

10 years - 489 added as 189
17 years - 66 was adjusted to 366
