PREFACE

This catalogue provides a listing of the publications being issued by the Dominion Bureau of Statistics on the results of the 1966 Census of Canada, relating to the Census of Merchandising and Service Establishments.

A new feature of the 1966 Census was the inclusion for the first time on a five-year basis of a Census of Merchandising (retail, wholesale, and service establishments). The results of the Census of Merchandising which is based on a mailing survey in 1967 to cover the complete 1966 business year, will become available commencing in the last half of 1968.

WALTER E. DUFFETT,

Dominion Statistician.

*Ottawa, Canada
July 1968*

PUBLICATIONS OF THE 1966 CENSUS OF CANADA

Final results of the 1966 Census of Canada relating to Merchandising and Services are being issued in the form of individual reports as the information becomes available. The reports are in three series, as follows:

- (1) **Advance Series.** — These reports provide advance summary information on specified basic topics.
- (2) **Volume Series.** — Reports in this main series are so prepared that they can be combined to form the contents of each of three census volumes. A titled cover binder is supplied with orders for the complete set of reports for a given volume.
- (3) **Census Tract Series.** — Basic data are issued for each of the metropolitan areas according to these intracity statistical areas.

How to Order

Orders for copies of census publications described in the following pages may be sent either to *Publications Distribution, Dominion Bureau of Statistics*, or to *Superintendent of Publications, Department of Public Printing and Stationery, Ottawa*. The order form included in this brochure should be used for this purpose. Regulations require that remittance be made prior to the mailing of the reports required. Remittance should be in the form of a cheque or money order made payable to the *Receiver General of Canada*. For further information, address your inquiry to the *Information Division, Dominion Bureau of Statistics*. Orders for reports will be filled when they become available. A deposit account may be established with the Queen's Printer.

Publication Dates

The majority of the final reports of the 1966 Census of Merchandising and Services are expected to be issued at periodic intervals during the last quarter of 1968 and in 1969, starting with the Advance Series. Generally, retail bulletins will be available first, followed by service trade bulletins with wholesale trade bulletins the last to be released. Every effort will be made to produce the large volume of census results at the earliest dates possible, although problems arising from such factors as availability of tabulations, printing priorities, etc., could affect these target periods.
