**INVENTORY OF ORDERS IN COUNCIL
PERTAINING TO LAND ISSUES - ONTARIO REGION**

This inventory has been assembled in two categories:- the first being a chronological listing assembled as pre-Confederation and Federal and the second assembling the Orders in Council by reserve, band or other heading.

The Orders in Council pertaining to reserves and bands were firstly identified by reference to the department's Reserve General registers and Crown Land registers. The pre-Confederation Orders in Council have largely been identified by reference to the National Archives RG 10 records found in Volume 119, Reels C-11479 and C- 11480.

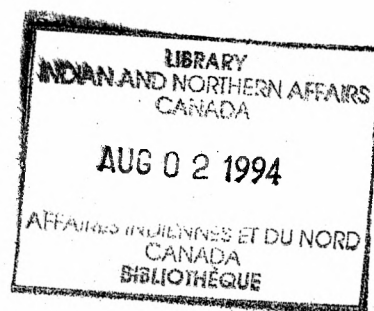

A thorough review has been made of National Archives's Orders in Council indexes for the years 1867 to 1985 which is the latest year available.

Where applicable, additional information has been included thus augmenting the information base.

A number of symbols have been used to assist in identification.

- * A hard copy of the Order in Council is available in Regional Office.
- S Surrender approved by Order in Council.
- SR Revocation of Surrender approved by Order in Council.
- R Reserve established by Order in Council.
- A Addition to reserve established by Order in Council.

James A. Wells

**INVENTORY OF ORDERS IN COUNCIL
PERTAINING TO LAND ISSUES - ONTARIO REGION**

This inventory has been assembled in two categories:- the first being a chronological listing assembled as pre-Confederation and Federal and the second assembling the Orders in Council by reserve, band or other heading.

The Orders in Council pertaining to reserves and bands were firstly identified by reference to the department's Reserve General registers and Crown Land registers. The pre-Confederation Orders in Council have largely been identified by reference to the National Archives RG 10 records found in Volume 119, Reels C-11479 and C- 11480.

A thorough review has been made of National Archives's Orders in Council indexes for the years 1867 to 1985 which is the latest year available.

Where applicable, additional information has been included thus augmenting the information base.

A number of symbols have been used to assist in identification:

- * A hard copy of the Order in Council is available in Regional Office.
- S Surrender approved by Order in Council.
- SR Revocation of Surrender approved by Order in Council.
- R Reserve established by Order in Council.
- A Addition to reserve established by Order in Council.

James A. Wells
November 11, 1993
