

NACI: THE NATIONAL ADVISORY COMMITTEE ON IMMUNIZATION

For over 50 years, the experts on NACI have provided evidence-based advice on vaccines available for human use in Canada. Immunization guidance informed by NACI is published in statements, literature reviews, and in the Canadian Immunization Guide.

CANADA'S IMMUNIZATION SAFETY NET

PHAC's vaccine safety team receives reports of [Adverse Events Following Immunization \(AEFI\)](#) from across Canada and works with the Provinces and Territories to investigate any concerns that may arise and share our findings.

PHAC also manages the national AEFI reporting standards to ensure everyone reports the same way.

WE'RE LOOKING OUT FOR YOU!

Our national surveys help determine how many Canadians have received the recommended immunizations. These surveys also include questions on Canadians' confidence in the effectiveness and safety of vaccines.

PHAC also works with the provinces and territories to monitor vaccine-preventable disease rates in Canada.
