Trade-marks Journal

Vol. 65 No. 3298

General Information

The *Trade-marks Journal* is published every week in compliance with [Rule 15 of the Trade-marks Regulations](#). The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (<http://cipo.gc.ca>). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see [section 38 of the *Trade-marks Act*](#) for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Equipment and installations for recycling and treatment of materials and of soils, namely waste disposals, waste recycling machine, garbage processing device, air, gas, water and mud sanitation equipment; cogeneration equipment and installations, namely cogenerational generators, Solar-powered electricity generators, electricity and steam cogenerating installation; motors other than for land vehicles, namely airplane motors, boat motors, motors for machines and toys; fuel injection devices for vehicle engines; air intake and cooling systems for vehicle engines being engine parts.

Class 09

(7) Scientific apparatus and instruments, optical, measuring, checking (supervision) apparatus and instruments, namely light emitting diode (LED) displays, light conducting filaments, light conductors in the nature of electric light conductors; electric light dimmers, electronic light switches, light modulators, lightning conductors, lightning rods, illumination regulators, electric light dimmers, switching apparatus for lights in the nature of light switches, light-emitting electronic pointers; apparatus and instruments for conducting, switching, transforming, accumulating regulating or controlling electricity, namely electric control panels, electric compressors, electric generators, electrical conductors for transformers, Electricity conduits, Electricity distribution consoles, Electricity limiters, Electricity router, Gate operators, winding wires and wire connectors; apparatus for recording, transmission or reproduction of sound or images, namely video screens, audio tape recorders, video tape recorders, CD players and recorders, DVD players and recorders, audio speakers, sound amplifiers, stereo amplifiers; magnetic data carriers, namely blank audio discs, blank laser discs, blank optical discs, blank floppy discs, plastic cards with a magnetic strip; calculating machines, data processing equipment, namely USB flash drives, computer printers, modems; computers; computer software for database management, for image processing; magnetic data carriers, sound recording discs, namely compact discs containing music, blank floppy discs, blank hard discs; apparatus and instruments for monitoring and automated regulation for tanks, namely tubing, valves, boxes, canisters, filters and pump modules as well as for filling, storage and supply of fuel, gas and other fluids calculating machines, namely calculators; data processing equipment, namely computer software for database management, card punching and sorting machines for data processing; software, namely computer software for industrial use for database management, for managing retail store customer accounts, for use in managing and controlling production schedules, shipping schedules, purchase of materials inventories and accounts, to automate data warehousing, factory automation software for integrating manufacturing machine operations, tracking problems and generating production reports, security software; fire extinguishers; clothing for protection against fire, heat, chemical reactions and radiation; protection devices for personal use against accidents, namely gloves, dust proof masks, gasmasks, welding masks; spectacles; eyewear, namely eyeglasses; computer memory cards and microprocessor.

Class 10

(8) Surgical, medical, dental and veterinary apparatus, equipment and instruments, namely sterilization cases and trays, surgical instrument cases and trays and other reusable medical devices, namely, sterilization tray lids; dental instruments, single-use instruments, namely suturing instruments, dental instruments, femoral trials; hemodialysis membranes, sprays, inhalers, auto-injectors, syringes; artificial surgical implants, namely artificial limbs, eyes and teeth; orthopedic articles, namely orthopedic bandages, orthopedic soles, corsetry, stockings and panty-hoses, suture materials, draw-sheets for sick beds.

Class 12

(9) Vehicles, namely automobiles, trucks, vans, pick-ups, planes, boats, and trains; motorcycles; cycles; apparatus for locomotion by land, air or water, namely motorcycles, cycles, vans, trucks, boats, airplanes and Aerospatiale vehicles; motors for land vehicles; structural components for vehicles, namely automobiles undry box; interior overhead, namely overhead sold as a component of motor vehicles; underside fender for motor vehicles; fender, automotive exterior and interior plastic extruded decorative and protective trim, spoilers, dashboards, vehicle roofs and interior side panels, door panels and handles, frames; plastic parts for vehicles, namely all technical parts, fuel, tanks and filing systems for vehicles, car bodies, bumpers, protective coatings, spoilers, dashboard, glove box, storage consoles, interior overhead systems and side panels and door handles, shock absorbers, chassis or bumpers, kickstands. Brakes for vehicles, handlebars, vehicle wheel rims, vehicle pedals, tires, wheels for motor vehicles.

Class 17

(10) Rubber, gum and goods made from these materials, namely xantham gum, unprocessed and partly processed gums, latex rubber, Reclaimed rubber; raw rubber; polysulfide rubber; nitrile rubber; natural rubber; liquid rubber; hydrochlorinated rubber; foam rubber; crude rubber; chlorinated rubber; acrylic rubber plastics in extruded form for use in manufacture, namely in the manufacture of finished products; plastic compounds and semi-finished plastics also in the form of fluids, foam, films, foils, membranes, panels and tubes; yarns, threads and fibers, not for textile use, for use in industry, agrochemical field, construction and medical field, namely rubber thread and covered rubber yarns and fibers, soldering yarns, threads and fibers; packing, stopping and insulating materials, namely insulating plaster, insulating oils, waterproofs packings for shipping, caulking compounds, insulating tape and band, Plastic film for packing, Film used as an industrial or commercial packing, Packing materials of rubber or plastics for shipping, packing foam, Packing padding, insulation materials, namely acoustical insulation, electrical insulation, fibreglass fabrics for insulation, thermal insulation, insulating sleeves, insulating paints, insulating glass, namely glass fiber insulation, insulating gloves, insulating varnish, insulators for cables; flexible pipes, not of metal, namely plastic pipes; insulating resins; insulating fluids for general industrial use; electrical insulating fluids, namely electrical insulation; semi-worked cellulose acetate, in particular for use in cigarette filters; Connecting hose for vehicle radiators; filtering materials, namely semi-processed plastics and foams for filtering gas and oil for motors and engines, for filtering air to remove dust, smoke and allergens

Class 19

(11) Non-metallic building materials, namely geomembranes, drainage installations, namely conduits for drainage and irrigation, drain pipes, drain boxes and rainwater collectors; rigid ceiling, door, fencing, floor, and roofing plastic panels and panel assemblies for construction; window frames and doors made of plastic; non-metallic rigid pipes for building namely pipes made of plastic

, epoxy resins, rubber, polyolefines, polyamides, and cross linked polyethylenes for heating, plumbing, radiator, fire sprinkler, fluid conveyance and pressurized air distribution; products for road construction, namely Asphalt, pitch and bitumen.

Class 22

(12) Ropes, namely ropes of natural and chemical fibres, mountains ropes and ropings, boat and ship ropes and ropings, and ropes for any apparatus for locomotion by water, not of rubber, namely anchoring ropes, for rackets or musical instruments, cordage, namely wire ropes, suspender ropes, string, namely strings of natural and chemical fibres, nets, namely fishing nets, commercial nets, camouflage nets for visual and radar uses, twine for nets, all-purpose straps, tents, awnings, tarpaulins, namely tarpaulins made from plastics coated materials, textiles sails, sacks and bags, namely pouches and bags, envelopes, pouches for packaging, sacks and bags for transport and storage of materials in bulk, bags mountaineering bags, camping, backpacks, handbags, bags traveling bags, travel garment bags, satchels and school bags, card holders, briefcases, purses, wallets, key cases, bags, envelopes, pouches for packaging, all the aforesaid goods of textile padding and stuffing materials (except of rubber or plastics), namely raw fibrous textile materials, except raw textile fibres, fibres made of plastic materials for textile use, plastic fibres for textile use, packaging material made of textile material, wadding for filtering, ropes and cords made of natural and chemical fibres, padding for beds, cushions, mattresses not of rubber or plastic, padding cotton ; raw fibrous textile materials; synthetic and artificial fibers for textile use, namely textiles fibers; cables, not of metal, namely fibre optic cables; packing, stuffing or cushioning materials, not of rubber or plastic, namely feather stuffing; textile fibers; bags or small bags, envelopes, pouches of textile, for packaging; glass fibers for textile use.

Class 23

(13) Yarns and threads, for textile use; elastic yarns and threads, for textile use; yarns and threads in glass fiber, for textile use; spun wool; spun silk.

Class 24

(14) Textiles and textile goods, namely textile place mats, textile napkins, printed textile labels, tapestries of textile, coverings for car interior, non-woven fabrics for quilting and padding, textile wall hangings, textiles fabrics for use in the manufacture of fabrics, curtains, furniture, bed spreads and table cloths not of paper; Bed linen; table linen, not of paper; household linen, namely bath linen, kitchen linen; net curtains, curtains and wall hangings of textile; upholstery fabrics; filtering materials of textile, namely filtering materials [textile cloths], namely fibres, yarns, monofilament yarns, non-woven materials, mats, cushions and bands for absorption or bond respectively of leaking or exhausting materials being aerosols and emulsions for the extraction of water from organic fluids and for the extraction of organic fluids from water and for filtering.

Class 25

(15) Flour, pastry and confectionery, namely confectionary chips for baking, confectionary pastry, artificial flavorings and aromas for confectionery products, pastries, chocolate confectionery, peanut confectionery, sugar confectionery; edible ices; yeast, baking powder; salt; condiments, namely food flavourings, vinegar, sauces, artificial flavorings and aromas for sauces and additives for sauces; spices; aromatic preparations for food, namely food flavourings; vanillin, namely vanilla flavoring, vanilla substitute, ethyl vanillin.

Class 31

(16) Animal foodstuffs, namely animal feed, animal feed supplements.

Class 34

(17) Filters for smoker's articles, namely filter tips for cigarettes, cigars and pipes, filters for tobacco fume, filters and filter heads for cigarettes, cigarette paper, tobacco substitutes not for medical use; cigarette filters

SERVICES

Class 35

(1) Business management and organization consultancy, including assistance for the exploitation and development of industrial and commercial companies; administrative audit of business organization; commercial business expertise, namely commercial expertise in certification, electronic reporting of business information, business analytics, namely, business investigations, evaluations, expert appraisals, information and research, trade spend business management for companies active in the domain of battery, glass, paper and cardboard, metal, plastic, chemical, textile, and water recycling, in the field of energy recycling services that capture and convert wasted energy into electricity and useful steam, and in the field of electricity, natural gas, and water distribution, greenhouse gas emission credits and energy savings; compilation of statistics in the field of battery, glass, paper and cardboard, metal, plastic, chemical, textile, and water recycling, in the field of energy recycling services that capture and convert wasted energy into electricity and useful steam, and in the field of public utility services in the form of electricity, natural gas, and water distribution; administrative services for the compilation, collection, analysis and documentation of statistics; reporting and compilation of business reports and business plans; analysis, research and market studies in order to assess the need for electricity and natural gas, as well as solar, wind and geothermal energy and greenhouse gas emission credits, as well as in energy saving; price analysis.

Class 36

(2) Financial and real estate management, financial services rendered in the field of greenhouse gas emission credits, namely financial analysis consultation services; investments management services and financial advisory services in the field of greenhouse gas emission credits; support and advisory services on capital investment; services of intermediaries in financial investments, especially capital investments; financing and insurances in relation to the field of greenhouse gas emission credits; financial analysis of markets and stock exchange quotations of values in the field of energy markets; financial transactions for stocks, bonds, securities, and equities in the field of greenhouse gas emission, and solar, wind, and geothermal energy and environmental commodities ; information on finances and capital investments in the field of solar, wind and geothermal energy and environmental commodities; business inquiries, namely credit inquiry and consultation services

Class 37

(3) Construction, installation and maintenance services of industrial equipment being factories, warehouses, pipelines, cutting and drilling machines for metalworking, extruding machines for metals, earth compacting and moving machines, injection molding machines, industrial laminating machines; maintenance and repair of motor vehicles, building construction contracting services; construction, installation, maintenance and repair services of installations for the recycling and treatment of materials; construction, installation, maintenance and repair services of installations for the treatment of water, soils, gas and air; construction, installation, maintenance and repair services of cogeneration installations; construction, installation, maintenance and repair services of installations for the production and distribution of electrical, thermal, heating and cooling energy; maintenance services of thermal equipment and installations; maintenance services of equipment and installations for heating, ventilation and air conditioning; maintenance services of thermal

equipment and installations; maintenance services of equipment and installations for heating, ventilation and air conditioning; maintenance services of equipment, namely technical surveys of facilities, namely maintenance services for electrical power, heating and cooling thermal energy equipment consisting of technical plant reports, measurements and status reports; diagnostics, visual and functional control of plants in the fields of electrical power, heating and cooling thermal energy, measurements and transcriptions, namely in the field of electrical power, heating and cooling thermal energy equipment consisting of technical plant reports, measurements and status reports; diagnostics, visual and functional control of plants in the fields of electrical power, heating and cooling thermal energy, all the aforementioned services rendered after the provision of a diagnostic, or within the framework of visual and functional taking over of manufacturing plants; installation, repair and maintenance services of technical equipment in the field of electrical, thermal, heating and cooling energy, including in the framework of management of these equipments.

Class 39

(4) Transport, namely air transportation of goods, freight transportation by air, boat, rail and truck; packaging and storage of goods, namely packaging of goods for transportation and storage of goods; storage of energy, namely solar thermal energy storage plants, large scale electrical power storage and management systems for use in harnessing and storing energy derived from renewable sources being solar and wind and fossil fuel sources, all for industrial and commercial use, as well as energy storage and supply systems for houses, buildings and factories, consisting of batteries and electrical supply regulators, and for use on motor vehicles and vessels; distribution of water, namely water well drilling, water recycling, distribution of energy, namely electricity, gas, oil, heat, cold, air, namely pipeline conveyance of electric power, pipeline conveyance of petroleum, pipeline conveyance of gas, installation of air conditioners, electrical repair and installation of heaters.

Class 40

(5) Recycling and processing of materials, namely battery, glass, paper and cardboard, metal, plastic, textile, and water recycling, recycling services that capture and convert wasted materials and energy, in the form of electricity, natural gas, and water; waste water treatment services; decontamination of soil; waste gas treatment services; air purification and air pollution control; surface treatment, namely heat treatment of metals, glass window surface colouring treatment and window tinting treatment being surface coating, surface grinding, plating and polishing treatment; treatment of waste, namely waste disposal services, waste incineration and waste destruction; energy processing, namely processing of fuels, and of natural gas; energy production, namely wind energy, solar energy, geothermal energy and electrical energy; consultancy related to the aforementioned services, namely Information, advisory, assistance and research services in the field of environmental protection and energy.

Class 42

(6) Scientific and technological services and research and design relating thereto, namely in the field of chemistry, solar, wind and geothermal energy, of chemical, mechanical, fuel, gas, and sanitation engineering, recycling in the field of gaseous waste, smoke, plastic and chemical based materials and environmental sciences; industrial analysis and research services, namely in the field of chemistry, energy, engineering, recycling and environmental sciences; technical project studies, namely conducting feasibility studies in the field of chemistry, solar, geothermal and wind energy, as well as fuel and gas energy, recycling and environmental systems; surveying being engineering, namely technical surveying, building surveying, pre-engineering design surveying, topographical surveying, surveying of extraction, refining and storage facilities for the oil and gas industry,

surveying of hydroelectric facilities; geological surveying; material testing, namely raw, semi-finished and finished material; design and development of computer hardware and software; surveying being engineering, namely supervision of building heating, ventilation and air conditioning; technical research and measurement services designed to establish technical surveys and transcriptions of industrial installations, namely geological research, hydrological research, biological research, mechanical research, engineering research, industrial process and machinery research, building process research, electrical safety research, ecological research and geological surveying

- (1) Gas and gas mixtures, in liquid or gas form for industry, research, environment and science, namely sulphurous acid gas, carbon dioxide, welding gases, tear gas, propellant gases for sprays, solidified gases for fuel, solidified gases for industrial use, air, nitrogen, carbon dioxide, oxygen, argon, helium, neon and hydrogen, acetylene, nitrogen oxide, xenon, krypton.
- (2) Gas and gas mixtures, in liquid or gas form for industry, research, environment and science, namely fuel gas, coal gas, liquefied petroleum gas.
- (4) Scientific, measurement and control apparatus and instruments for supplying and distributing gases in liquid or gas form, in the nature of industrial gas distribution stations, containers of metal for compressed gas, pressure reducers for gas storage tanks, gas generators, stations for filling gas bottles and refilling stations hydrogen vehicles, gas purifiers, gauges, rotometers, liquid and gas level sensors, regulators, flow meters, liquid and gas level controllers, gas distribution and control panels, mass flow meters for measuring, indicating, recording and controlling the flow and

pressure of gases, pipes for conveying gas, pressure sensors, as well as parts and pieces thereof; equipment for the control, maintenance and regulation of inert atmospheres, namely chemistry apparatus that use gas for inerting work, in the nature of gas distributors, gas diffusers, inerting tubes and gas purifiers, for the industries of food, aeronautics, automobiles, beverages, chemistry, electronic components, construction, manufacture of metallic objects, water and waste management, metals, petroleum and gas, pharmacy and biotechnology, space and glass for inerting purposes as well as parts and pieces thereof; devices for transferring gas, in liquid or gas form, namely equipment for injecting gas into fluids, in the nature of pipes and tubes of metal for transferring gas into fluids, metallic injection nozzles and gas injectors, regulator valves for tanks, regulator taps and caps, regulators for gas canisters.

(5) Installations for the production, injection, mixing, distribution, purification and recycling of industrial gas and gas mixtures in liquid or gas form, namely metal tanks for the storage of gas and gas mixtures, machines for gas purification, dividers for gas purification, fluid turbines, generators of gas and gas mixtures in liquid or gas form, air separators, liquefiers, regulator valves for tanks, regulator taps and caps for gas bottles; food freezing/quick-freezing apparatus using nitrogen and carbon dioxide in the liquid state, namely cryogenic tunnels for food products, cryogenic centrifugal pumps and cryogenic turbines for liquefaction and for breaking down air. Refrigeration installations that use liquefied gas or gas mixtures for cooling, namely cryogenic cooling units, air conditioners, freezers, fermentation cabinets for food products and refrigerators using gas or gas mixtures for cooling; combustion equipment for industry, namely gas burners, burners for industrial furnaces; heat exchangers for pre-heating fuel; cryogenic heat exchangers that use liquified gas or gas mixtures as a source of cold; injection apparatus for gas and gas mixtures in liquid or gas form, namely mixers, dosing devices and distributors of gas in liquid or gas form for making and packaging food, beverages and chemical products.

Class 05

(3) Gas and gas mixtures, in liquid or gas form for industry, research, environment and science, namely gas and various gas mixes, specific for medical imaging, medical gases.

SERVICES

(1) Procurement services (delivery) and distribution (delivery) of industrial gas and gas mixtures in liquid or gas form, namely sulphurous acid gas, carbon dioxide, welding gases, tear gas, propellant gases for sprays, solidified gases for fuel, solidified gases for industrial use, air, nitrogen, carbon dioxide, oxygen, argon, helium, neon and hydrogen, acetylene, nitrogen oxide, xenon, krypton, fuel gas, coal gas, liquefied petroleum gas, gas and various gas mixes, specific for medical imaging and medical gases; rental of scientific, measurement and control apparatus and instruments for the provision and distribution of gas and gas mixtures in liquid or gas form; rental of installations for the production, injection, mixing, distribution, purification and recycling of gas in liquid or gas form. .

(2) Consulting, evaluations and estimates performed by engineers for the use of industrial gas and gas mixtures in liquid or gas form; research, technical and specialized expertise, industrial process design (engineering work) and engineering work for the benefit of others, all such services related to gas and gas mixtures in liquid or gas form; chemical analyses related to gas and gas mixtures in liquid or gas form.

SERVICES

Class 35

(1) Business administration related to contractual agreements with technical installers, utility companies and operating and maintenance contractors; business administration of others to exploit energy generation assets; commercial-business management of enterprises engaged in the construction and operation of power plants and plants for the generation of electricity and the production of other forms of energy, including heat

(2) Providing business advice and information on efficient energy usage; providing business advice and information on reducing waste treatment expenses

Class 36

(3) Energy brokerage services, namely, buying, selling, and trading energy, renewable energy certificates, carbon offset credits, and emission credits

(4) Investment management services; financial investment brokerage services; venture capital advisory services and venture capital financing; financial advisory services; commodity exchange services, namely, buying, selling, and trading energy, renewable energy certificates, carbon offset credits, and emission credits; providing information in the field of investment management, financial

investment brokerage services, venture capital advisory services and venture capital financing, and financial advisory services; providing information in the field of energy brokerage services consisting of the purchase, sale, and trading of energy, renewable energy certificates, carbon offset credits, and emission credits; providing information in the field of commodity exchange services consisting of the purchase, sale and trading of energy and renewable energy certificates

Class 37

(5) Building construction; building, construction, maintenance and repair of power plants, power-generating installations and transmission lines; construction, maintenance, and repair of equipment and installations for the generation, production, storage and distribution of energy and heat namely, engines, turbines, switchgear, motor control centers, engine generator controls, gas conditioning, electric interconnection stations, heat exchangers, piping; construction and maintenance of pipelines for the transport and distribution of fuel, heat and water; expansion and modification services, namely, modification of components of pipelines for the transport and distribution of fuel, heat and water; building and maintaining landfill gas-to-energy facilities; installation and maintenance of landfill energy facilities for others

Class 39

(6) Supply, transportation and distribution of energy, namely, heating fuel, electricity, thermal energy and water through pipelines, by truck and rail; energy supply, namely, the transport of gases and liquids namely water and oil through pipelines

Class 40

(7) Natural gas-fired power generation; recovery of methane and other gases from landfills, namely, waste treatment services, and transformation of said gases into electricity; generation of electricity; rental of installations and plants for producing energy and heat namely, engines, turbines, switchgear, motor control centers, engine generator controls, gas conditioning, electric interconnection stations, heat exchangers, piping; rental of equipment for producing energy, namely, combined heat and power units; recycling and processing of landfill gas; production, treatment and refinement of fuel

(8) Operating landfill gas-to-energy facilities; commissioning and operation of landfill energy facilities for others; hydroelectric power generation, biomass power generation, bio-digester gas production; rental of equipment for producing energy and heat namely, engines, turbines, switchgear, motor control centers, engine generator controls, gas conditioning, electric interconnection stations, heat exchangers, piping; rental of equipment for producing energy, namely, solar panels, wind turbines, heat pumps; recycling and processing of waste; environmental remediation services, namely, treatment of waste; production, treatment and refinement of diesel fuel, biofuel and biodiesel fuel for others, advice in relation to aforementioned services

Class 42

(9) Engineering and designing landfill gas-to-energy facilities; engineering services, namely, process engineering in the field of power generation, gas and landfill gas to energy (LFG); development of environmentally-preferable energy sources, energy systems, and energy products namely electricity and natural gas

(10) Technology, scientific and research consultation services in the field of fuels and biofuels; providing information in the field of developing environmentally preferable energy sources, energy systems, and energy products namely electricity and natural gas

Photovoltaic cells; photovoltaic modules; solar batteries; hydrogen fuel cells; batteries, accumulators, chargers for automotive batteries running on solar energy; user interface software for measuring, managing, controlling and remotely regulating the charging of electric vehicle batteries; apparatus and instruments for conducting, distributing, processing, accumulating, balancing or controlling electric current, namely battery chargers for electric vehicles, charging stations for electric vehicles; circuit breakers; electrical control panels; circuit breakers; electrical distribution cabinets; electrical distribution consoles and boards; power supply panels; electrical junction, splicing and connection boxes; electrical converters; electricity conduits; electric inductors; electrical switches; wires and cables for transmitting electrical energy; electric transformers; electrical fuses; electricity conduits; electric vehicle battery chargers; electric vehicle charging stations; computer software for disseminating information during the operation and control of electricity generation facilities; energy auditing software providing analyses of power generation in relation to consumption, cost allocation and billing; computer software enabling electricity trading; computer software for performing hydrodynamic calculations of free surface flows in the field of energy, navigation, irrigation, hydro-meteorological forecasting, flood forecasting, in the field of hydroelectricity management; computer software for hydraulic modelling of flow and production in the field of, exclusively, renewable energy; computer software for determining the constraints affecting the operation and control of hydroelectric generating stations; computer software for optimizing power generation management in wind farms using calculations based on automatic and specialized wind weather forecasts; computer software for determining the constraints affecting the operation and control of electricity generating stations; computer software for calculating hydrological measurements; computer software for forecasting rain; weather forecasting software; computer software for acquiring and processing hydrometeorological data; hydrometeorological databases, namely electronic databases containing hydrometeorological information recorded on computer media; computers, namely computer servers, computer terminals, telematic and telephone terminals, namely intelligent terminals enabling access to computer networks.

SERVICES

(1) Business consulting and information related to production, supply, consumption of electricity or gas energy; commercial consulting and information for conducting rate simulations and power consumption forecasts; operation (commercial management) of electricity generating stations, gas

generating stations for supplying energy; management and supervision of wind turbines and installations for renewable energy production; sale of turnkey photovoltaic facilities; consulting related to acquiring businesses operating in the fields of electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric energy and renewable energy; commercial management; business administration; business management assistance and consulting in business management and organization in the fields of environmental protection, renewable energies and sustainable development; import-export agencies in the field of energy; economic forecasting in the fields of electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric energy and renewable energy; commercial consumption estimates for electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric energy and renewable energy; market studies; analysis of market research data and statistics; cost analysis; price comparison services; business research and evaluation; public relations; organization and holding of exhibitions in the fields of electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric energy and renewable energy; subscription services for others to all information media, namely newspapers, publications and journals, including in electronic or digital format; wholesale or retail of electricity, fuel gas, photovoltaic panels; purchase and sale, on wholesale markets, of gas and electricity; purchase of photovoltaic electricity; purchase of electricity originating from installations for renewable energy use; auctioneering of gas and electricity; procurement of gas and electricity for others. .

(2) Electricity brokerage services; consulting and evaluations related to construction project financing and in relation to tax matters; expert consulting in financial analysis; insurance; investment of funds; financial analysis and financial loans in the field of the development of the energy, sustainable development and land-use planning sectors; financial sponsorship; financial transactions, on wholesale markets, of energy, gas and electricity.

(3) Construction of electrical, gas power plants, for supplying energy, wind turbines and installations for renewable energy production; factory construction; project management in the field of construction; consulting services related to public works; direction and supervision services for installation and repair work on power generators, solar installations (photovoltaic), solar collectors, wind and hydrokinetic power, hydraulic installations, electric vehicle battery charging stations; installation and repair of electric lighting, heating, steam generating, cooking, refrigerating, ventilating, water distribution apparatus, electric air cooling apparatus, air conditioning apparatus; disinfestation of electric facilities; installation and repair of electrical systems; installation and repair related to water irrigation.

(4) Distribution of energy, namely distribution of renewable energy; distribution of electricity; information related to transmission, namely related to transmission of power, electricity, combustible fuels and gas; transmission services for electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric power, renewable energy; pipeline transport of combustible fuels, gas .

(5) Generation services for electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric power, renewable energy; air deodorization; air purification; air freshening; waste treatment; destruction of waste and trash; incineration of waste and trash; recycling of waste and trash; rental of electricity generators; rental of solar installations (photovoltaic) and solar collectors, installations for producing electrical energy, wind installations and hydrokinetic installations.

(6) Technical project studies and expertise in the fields of the production and distribution of electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric power and renewable energy; technical project studies and expertise in the fields of watercourse development and restoration, waterway development, environmental protection, natural resources, sustainable development, land-use planning and urban planning; contracting assistance for conducting

processes for integrating sustainable development and environmental quality matters; consulting related to energy savings; architectural services; industrial design; material testing; geological, hydrogeological, geotechnical, hydrobiological, biological, hydraulic, hydromorphological, hydrological, sedimentological, hydrometric studies and expertise; scientific and industrial research in the field of the production and distribution of electrical, thermal, kinetic, geothermal, solar, wind, hydraulic, hydroelectric power and renewable energy for waterway infrastructures, hydroelectric installations, watercourse development and restoration and hydraulic and hydrological management of fluvial systems; providing quality control for the electrical energy industry; scientific and industrial research, research and development in the field of energy for waterway infrastructures, hydroelectric installations, watercourse development and restoration and hydraulic and hydrological management of fluvial systems, watercourse development and restoration, waterway development, environmental protection, natural resources, sustainable development, land-use planning and urban planning; consulting rendered by engineers, in the nature of technical project studies and expertise related to environmental protection, quality control for the electrical energy industry; consulting (rendered by engineers) in the fields of electric, heating, air conditioning, ventilating, refrigerating and steam generating installations; computer programming; development (design) of computer software; installation, updating and maintenance of computer software; rental of computer software; creation of maps for establishing a cartographic description of the environmental, economic and social elements of a given territory.

(1) Irons and steels; Nonferrous metals and their alloys; Ores of metal; Metal materials for building and construction, namely, stair treads of metal, wall tiles of metal, gratings of metal, metal shutters, building boards of metal, handrails of metal, door panels of metal, window frames of metal; Prefabricated building assembly kits of metal; Loading and unloading pallets of metal; Turn-tables for load handling; Traversers for load handling; Artificial fish reefs of metal; Poultry cages of metal; Paint spraying booths of metal; Metal molds for forming cement products; Metal pulleys, springs and valves [not including machine elements, namely, window pulleys, hardware springs, valve springs, water-pipe valves of metal; Metal junctions for pipes; Metal flanges; Keys [mechanical element]; Cotter pins; Railway points; Road signs of metal [not luminous nor mechanical]; Beacons of metal [non-luminous]; Reservoirs of metal; Anchors; Containers of metal for transport; Anvils ; Swage blocks; Cut nails; Nails; Metal wedges and pegs; Metal washers; Metal nuts; Screws; Metal tacks; Electric plugs; Metal bolts; Rivets; Metal washers; Rings [metal fitting]; Metal chains; Metal casters; Metal fixtures for ropes for use with swimming pools; Security locks; Keys for locks; Rings of metal for keys; Padlocks; Wire ropes; Wire nets and gauzes; Industrial packaging containers of metal; Metal nameplates and door nameplates; Metal stepladders and ladders; Letter boxes of metal; Hat-hanging hooks of metal; Water tanks of metal for household purposes; Tool boxes of metal (empty); Towel dispensers of metal; Metal joinery fittings; Safes; Door mats of metal; Upright signboards of metal; Transportable greenhouses of metal for household use; Metal tombs and metal tomb plaques; Ferrules of metal for canes and walking-sticks; Spurs; Crampons [climbing irons]; Carabiners; Rock pitons; Sculptures of metal; Steel alloys; aluminum ingot; Poles of metal; Latches of metal; Cable joints of metal, non-electric; Hinges of metal; Silver solder; Handcuffs; Weather vanes of metal; Tree protectors of metal; Traps for wild animals.

(2) Metalworking machines and tools; Mining machines and apparatus; Construction machines and apparatus, namely, Excavating machines, Truck cranes, Power shovels, Earth augers, Pile-drivers, Pile-extractors, Graders, Earth scrapers, Bulldozers, Road rollers, Concrete placing machines, Concrete vibrators, Concrete paving machines, Concrete mixers, Asphalt distributors, Asphalt finishers, Asphalt mixers, Mud dredging machines; Loading-unloading machines and apparatus, namely, Cable cranes, Self-travelling cranes, Tower cranes, Gantry cranes, namely, bridge cranes, Unloaders, Pneumatic conveyors, Screw conveyors, Chain conveyors, Belt conveyors, Roller conveyors, Winches, Chain blocks, Escalators, Elevators lifts, Power jacks, Unloading hoppers; Fishing machines and instruments; Chemical processing machines and apparatus; Textile machines and apparatus, namely, Machine tools for the textile industry, automatic looms; Food and

beverage processing machines and apparatus, namely, Food mixers, cereal processing machines, tea processing machines, cheese making machines, electric meat grinders, fish paste making machines, canning machines; Lumbering, woodworking, veneer and plywood making machines and apparatus; Pulp making, papermaking and paper-working machines and apparatus; Printing and bookbinding machines and apparatus; Sewing machines; Agricultural machines, Agricultural implements other than hand-operated, namely, Agricultural aircraft spray nozzles, agricultural balers, agricultural cultivators, agricultural elevators, agricultural equipment for seeding, agricultural land fertilizing equipment, agricultural plows, agricultural reaper machines, agricultural seed planting machine, balers for agricultural use; Shoe making machines; Leather tanning machines; Tobacco processing machines; Glassware manufacturing machines and apparatus; Painting machines and apparatus, namely, spray guns for paint, paint mixing machines, paint guns; Packaging and wrapping machines and apparatus; Power-operated potters' wheels; Plastic processing machines and apparatus, namely, Plastics molding machines, injection plastic molding machines; Semiconductor manufacturing machines and systems; Machines and apparatus for manufacturing rubber goods; Stone working machines and apparatus; Non-electric prime movers [not for land vehicles] and parts thereof, namely, Steam engine boilers, internal combustion engines for boats, mufflers for engines, industrial steam engine boilers for power generation for machinery, turbine generators, hydraulic turbines; Water mills; Wind mills; Pneumatic and hydraulic machines and instruments, namely, Rotary pumps, vacuum pumps, rotary blowers, compressors for industrial machinery; Adhesive tape dispensing machines; Automatic stamping machines; Vending machines; Gasoline station equipment; Washing machines;; Mechanical parking systems; Vehicle washing installations; Food mixing machines for commercial use; Food peeling machines for commercial use; Food cutting, chopping and slicing machines for commercial use; Dishwashers; Electric wax-polishing machines, Vacuum cleaners; Power sprayers for disinfecting, insecticides and deodorants [not for agricultural purposes]; Shafts, axles or spindles [not for land vehicles], namely, Axles for machines, crank shafts, loom shafts; Bearings [machine elements not for land vehicles]; Shaft couplings and connectors [machine elements not for land vehicles]; Machine elements for industrial machinery, namely, Idling pulleys, Pulleys, Cams, Reversing gears, Reduction gears, Hydraulic accumulators, Hydraulic intensifiers, Belt pulleys, Power transmission belts, Toothed wheels and gears, Speed change gears, Fluid couplings, Hydraulic torque converters, Links, Roller chains, pins, sleeves, bolts, nuts, screws, bushings wedges, cams, rings, plungers, pipes, keys, rails, inserts, plates, blocks, rods, boards, washers, electrodes, magnets, spacers, retainers, hooks, dies, holders, shanks, pads, sheets, cups, covers, levers, clamps, dogs, jacks, collars, caps, spacers, joints, cutters, manifolds, chucks, bosses, stands, wrenches, punches, switches, housings, guides, locks, links, posts, solenoids, terminals, followers, receptacles, gauges, probes, jigs, sensors, drills, end mills, reamers, files, grind stones, dressers, taps, dies (for cutting), grinders, grinding wheels, burrs, hoses, pulleys, gears, heaters, lifters; Power transmissions and gearing for machines [not for land vehicles]; Shock absorbers [machine elements not for land vehicles]; Springs [machine elements not for land vehicles]; Brakes [machine elements not for land vehicles]; Valves [machine elements not for land vehicles]; Lawnmowers; Curtain drawing devices electrically operated; Electric door openers; Waste compacting machines and apparatus; Waste crushing machines; Starters for motors and engines; AC motors and DC motors [not including those for land vehicles but including 'parts' for any AC motors and DC motors]; AC generators [alternators]; DC generators; Electric food blenders [for household purposes]; Dynamo brushes; 3D printers; Fodder presses; Incubators for eggs; Hair clipping machines for animals; salt processing machines; dipter-producing equipment; Chemical fiber spinning machines; tea-pressing equipment; Cigarette machines for industrial purposes; Bicycle assembling machines; Engraving machines; wire-rolling machines; Cord making machines; dewater for silkworm eggs; straw hat making machine; enamel production machinery; bulb-manufacturing machine; aerated coal production machine; Flour mill

machines; Embossing machines; Converters for steelworks; Oil refining machines; Rail-laying machines; Automotive parking lifts; Fittings for engine boilers; Igniting devices for internal combustion engines; button-making machine; thread colling machine (wire and cable manufacturing machinery); Shears, electric; electrostatic eliminating machine; eyeglass slice machining equipment; gas separating equipment; Aeroplane engines; Centrifugal machines; blowing machines for the compression, sucking and carrying of grain; Self-oiling bearings; Belts for conveyors; Welding machines, electric; Waste disposers [machines]; Filter presses; Curtain drawing devices, electrically operated; Shoe polishers, electric; Electroplating machines.

(3) Ear plugs for swimming; Ear plugs for divers; Ozonisers [ozonators]; Electrolysers [electrolytic cells]; Egg-candlers; Blueprinting machines; Cash registers; Coin counting and sorting machines; Electric sign boards for displaying target figures, current outputs and the like; Photo-copying machines; Drawing and drafting instruments and apparatus; Time and date stamping machines; Time clocks [time recording devices]; Punched card office machines; Voting machines; Postage stamp checking apparatus; Coin-operated gates for car parking facilities; Life jackets; Fire extinguishers; Fire hydrants; Fire hoses; Fire hose nozzles; Sprinkler systems for fire protection; Fire alarms; Gas alarms; Anti-theft warning apparatus, namely, burglar alarms, personal security alarms; Welding helmets; Railway signal apparatus, luminous and mechanical; Vehicle breakdown warning triangles; Luminous and mechanical road signs; Game programs for arcade video game machines, namely, Computer software for creating video games; Simulators for the steering and control of vehicles; Laboratory apparatus and instruments, namely, Air-gas producers, Constant temperature incubators, Constant humidity incubators, Glassware for scientific experiments in laboratories, Porcelain ware for scientific experiments in laboratories, Furnaces for laboratory experiments, Scientific models and specimens; Photographic machines and apparatus, namely, Cameras, Range finders for cameras, Photo-developing, printing, enlarging and finishing machines, Tripods for cameras, Shutters for cameras, Self-timers for cameras, Photographic flash units for cameras, Flash lamps for cameras, Viewfinders for cameras, Lens filters for cameras, Lenses for photographic apparatus, Exposure meters; Cinematographic machines and apparatus, namely, Movie projectors, Transparencies for overhead projectors, Movie film developing and finishing machines, Cinematographic cameras, Projection screens for movie films, Editing machines for movie films; Optical apparatus and instruments, namely, Telescopes, Tripods for telescopes, Periscopes, Binoculars, Lenses for telescopes, Microscopes, Magnifying glasses, Metallurgical microscopes, Biological microscopes, Polarizing microscopes, Stereoscopes, Lenses for microscopes; Power distribution and control machines; Measuring and testing machines and instruments, namely, Temperature indicators, Gasometers, Water meters, Tape measures, Planimeters, Measuring rules, Pressure gauges, namely, manometers, Level indicators, namely, spirit levels, Tachometers, Accelerometers, Photometers, Hygrometers, Noisemeters, Logs, namely, measuring machines, Speed indicators, Calorimeters, Concentration meters, Dynamometers, Angle gauges, Spherometers, Interferometers, Straightness testing machines and instruments, Length measuring gauges, Screw-thread measuring machines and instruments, non-electronic comparators, Surface roughness testing machines and instruments, Flatness testing machines and instruments, Automatic adjusting/regulating machines and instruments, Material testing machines and instruments, Metal compression testing machines, Metal strength testing machines, Rubber testing machines, Plastic testing machines, Surveying machines, Meteorological machines, Distance measuring machines and apparatus, namely, range finders, Clinometers, Tripods for surveying machines, Magnetic compasses for surveying, Surveying compass needles, Gyrocompasses, Photogrammetric machines, Level measuring machines for surveying, Precision theodolites, Surveying chains, Levelling rods for surveying, Astronomic measuring machines and instruments, Thermosensitive temperature indicator strips, Test pieces for rust formation testing; Rotary converters; Phase modifiers; Solar batteries; General purpose batteries; Electric and

magnetic meters and testers; Electric wires and cables; Telecommunication machines and apparatus, namely, Portable telephones, switching hub, cut-out switches, ethernet switches, light switches, power switches and touch sensitive switches, Telephone sets, Teletypewriters, Repeating exchange machines, Facsimile machines, Audio frequency transmission machines, Power-line transmission machines, Broadcasting machines, Radio communication machines, Portable radio communication machines, Multichannel radio communication machines for fixed stations, Radio application machines, Navigation apparatus for vehicles, namely, on-board computers, Radio direction finders, Radar machines, Remote control telemetering machines and instruments, Audio frequency machines, IC recorders, Public-address systems and instruments, Portable digital music players, Compact disc players, Tape recorders, Record players, Sound recording machines, namely, audio-frequency machine, Video frequency machines and apparatus, namely, videodisc players and DVD players, DVD recorders, Digital cameras, Digital photo frames, Videocameras, namely, camcorders, Videotape recorders, aerials antennas, Coils for telecommunication apparatus, Magnetic tape cleaners, Loudspeakers, Connectors for telecommunication apparatus, Electric capacitors for telecommunication apparatus, Fuses for telecommunication apparatus, Electric resistors for telecommunication apparatus, Change-over switches for telecommunication apparatus, Plugboards, Blank video tapes, Indicator lights for telecommunication apparatus, Headphones, Electrical transformers for telecommunication apparatus, Protectors for telecommunication apparatus, Microphones for telecommunication apparatus, Blank record disks; Electron tubes; Structured semi-conductor wafers; Electronic circuits [not including those recorded with computer programs]; Computer programs used for designing, making, processing and ordering machine and moulding parts, and industrial products and their parts by using 3D-CAD data; Electronic machines, apparatus and their parts, namely, computer scanners, Computers, Display units for computers, Hard disk drives, Printers, Electrostatic copying machines, Electronic desk calculators, Electronic dictionaries, Word processors, Electron tubes, Photo-sensitive tubes, namely, phototubes, Vacuum tubes, Cathode ray tubes, Discharge tubes, Structured semi-conductor wafers, Diodes, Transistors, Light-emitting diodes [LED]; Magnetic cores; Resistance wires; Electrodes; Fire boats; Satellites for scientific purposes; Fire engines; Dust masks; Gas masks; Welding masks; Fireproof garments; Disaster prevention hoods; Gloves for protection against accidents; Spectacles [eyeglasses and goggles]; Computer games downloadable from a global computer network, electronic circuits; Electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; Protective helmets for sports; Weight belts [for scuba diving]; Air tanks [for scuba diving]; Voltage regulators for vehicles; Metronomes; Electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; Phonograph records; Downloadable music files; Downloadable image files; Recorded video discs and video tapes; Electronic publications, namely, downloadable electronic publications, namely, books, magazines, brochures, catalogs, manuals and leaflets in the field of metalworking, factory automation, die and mold components, plastic mold production, electronics components, MRO products, cutting instruments, catalog and e-catalog sales methods, inventory management, and integrated production methods; Exposed cinematographic films; Exposed slide films; Slide film mounts; Dictating machines; Truck scales; Micrometers; Transmitters of electronic signals, namely, Signal processors; Surveying instruments; Range finders; Speed checking apparatus for vehicles; Betatrons; semiconductor; Integrated circuits; fuses; Electrical plugs and sockets; Fluorescent screens; Remote control apparatus, namely, Radio transmitters for remote controls; Light conducting filaments [optical fibers [fibres]; Electric installations for the remote control of industrial operations; Lightning conductors [rods]; socks, electrically heated.

(4) Mica [raw and partly processed]; Valves of rubber and vulcanized fiber [not including machine elements], namely, rubber clack valves, graphite packing for pumps, gaskets and valves,

vulcanized fibre; Pipe gaskets; Junctions for pipes [not of metal]; Plastic packing for shipping containers; Rubber packing for shipping container; Waterproof packing for shipping container; Floating anti-pollution barriers; Electrical insulating materials, namely, electrical insulators of ceramic, resin and epoxy resin, electrical insulating tapes, electrical insulating paints, electrical insulating oils, insulating felt, insulating fabrics, insulating sleeves for power lines, insulating washers, insulating varnish; Washers of rubber and vulcanized fiber; Chemical fiber not for textile use, namely, synthetic fibers, regenerated fibers, semi-synthetic fiber; Rock wool; Slag wool; Rubber thread and covered rubber yarn [not for textile use]; Chemical fiber yarn and thread [not for textile use]; Insulating gloves; Rubber cords and laces; Industrial packaging containers of rubber; Rubber stoppers; Rubber lids and caps [for industrial packaging containers]; Plastic sheeting for agricultural purposes; Condenser paper; Vulcanized fiber; Plastic semi-worked products, namely, Extruded plastics for use in manufacturing, Plastic in bars, blocks, pellets, rods, sheets, tubes and extruded form for general industrial and manufacturing use, Plastic sheeting for general industrial and manufacturing use; Rubber [raw or semi-worked]; Soundproofing materials of rock wool [not for building purposes]; Shock-absorbing Buffers of rubber; Packing [cushioning, stuffing] materials of rubber and plastics; Insulators for cables; Rings of rubber; Plastic fibers, not for use in textiles; rubber hammer; Watering hose; Asbestos; Floating anti-pollution barriers.

SERVICES

(1) Advertising agency services, advertising the goods and services of others; Promoting the goods and services of others through the issuance of trading stamps; Business management analysis and business management consultancy; Marketing research and analysis; Providing information concerning commercial sales; Business management of hotels; Preparation, auditing and certification of financial statements; Employment agencies; Auctioneering; Import-export agencies; Arranging newspaper subscriptions; Shorthand services; Transcription; Document reproduction; Office functions, namely, filing documents and magnetic tape; Compilation of information into computer databases; Providing assistance to others in the operation of data processing apparatus, namely, computers, typewriters, telex machines and other similar office machines; Reception services for visitors in buildings; Publicity material rental; Rental of typewriters, copying machines and word processors; Providing employment information; Providing information on newspaper articles; Rental of vending machines; Retail and wholesale services for a variety of goods in each field of clothing, foods and beverages, and livingware, carrying all goods together; Retail and wholesale services for woven fabrics and beddings; Retail and wholesale services for clothing; Retail services and services for footwear [other than special footwear for sports]; Retail and wholesale services for bags and pouches; Retail and wholesale services for personal articles; Retail and wholesale services for foods and beverages; Retail and wholesale services for automobiles; Retail and wholesale services for two wheeled motor vehicles; Retail and wholesale services for bicycles; Retail and wholesale services for furniture; Retail and wholesale services for joinery fittings; Retail and wholesale services for tatami mats; Retail and wholesale services for ritual equipment; Retail and wholesale services for electrical machinery and apparatuses; Retail and wholesale services for bladed and pointed hand tools, Hand tools, hardware; Retail and wholesale services for kitchen equipment, cleaning tools and washing utensils; Retail and wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; Retail and wholesale services for cosmetics, toiletries, dentifrices, soaps and detergents; Retail and wholesale services for agricultural machines, implements and supplies; Retail and wholesale services for flowers [natural] and trees; Retail and wholesale services for fuel; Retail and wholesale services for printed matter; Retail and wholesale services for paper and stationery; Retail and wholesale services for sports goods; Retail and wholesale services for toys, dolls, game machines

and apparatus; Retail and wholesale services for musical instruments and records; Retail and wholesale services for photographic machines and apparatus and photographic supplies; Retail and wholesale services for clocks, watches and spectacles [eyeglasses and goggles]; Retail and wholesale services for tobaccos and smokers' articles; Retail and wholesale services for building materials; Retail and wholesale services for semi wrought precious stones and their imitations; Retail and wholesale services for metalworking machines and tools; Retail and wholesale services for laminators for offices and paper shredders (for office use); Retail and wholesale services for machine elements (not for land vehicles); Retail and wholesale services for machine elements for land vehicles; Retail and wholesale services for chemicals; Retail and wholesale services for laboratory apparatus and instruments; Retail and wholesale services for optical apparatus and instruments; Retail and wholesale services for cinematographic instruments and apparatus; Retail and wholesale services for measuring and testing machines and instruments; Retail and wholesale services for nameplates and door nameplates; Retail and wholesale services for 3D printers; Procurement services for others [purchasing goods and services for other businesses]; Relocation services for businesses; drawing up of statements of accounts.

(2) Removal of radiation rays; Treatment and processing of cloth, clothing and fur [including drying]; Tailoring or dressmaking; Embroidery [embroidering]; Metalwork; Processing of rubber; Processing of plastics and the other processing of resin; Ceramic processing; Wood-working; Paper treating and working; Stone-working and the other non-metallic mineral materials working; Taxidermy; Processing of bamboo, tree barks, rattan, vines and other mineral vegetable materials [other than processing of ingredients]; Food processing; Processing of artificial limbs and artificial teeth [including processing of medical materials]; Processing of cinematographic films; Photographic enlarging; Photographic printing; Photographic film development; Bookbinding; Water treating; Recycling of waste; Nuclear fuel reprocessing; Engraving of sealing stamps; Photogravure; Rental of textile machines and apparatus; Rental of machines and apparatus for film development, photograph printing, photograph enlargement and photograph finishing; Rental of metal treating machines and tools; Rental of bookbinding machines; Rental of machines and apparatus for processing foods and beverages; Rental of machines and apparatus for lumbering, woodworking, veneering and plywood making; Rental of machines and apparatus for pulp-making, papermaking and paper-working; Rental of water purifying apparatus; Rental of waste compacting machines and apparatus; Rental of waste crushing machines; Rental of chemical processing machines and apparatus; Rental of glassware manufacturing machines and apparatus; Rental of shoe making machines; Rental of tobacco processing machines; Providing material treatment information; Printing; Collection, sorting and disposal of waste and trash; Rental of knitting machines; Rental of sewing machines; Rental of humidifier [for household purposes]; Rental of air purifiers [for household purposes]; Rental of air-conditioning apparatus [for household purposes]; Rental of electricity generators; Rental of humidifier [for industrial purposes]; Rental of air purifiers [for industrial purposes]; Rental of air-conditioning apparatus; Rental of 3D printers; Metalwork with 3D printer; Processing of plastics with 3D printer; Processing of plaster with 3D printer; mill working; Soldering; fabric waterproofing; Glass-blowing; Pottery firing; Air purification; Framing of works of art; Engraving; Cryopreservation services.

(3) Providing meteorological information; Architectural design; Engineering surveying services; Geological surveys and research; Designing of factory automation machines, die and mold machines, and their parts; Product design consulting services; Computer software design, computer programming, and maintenance of computer software; Technical advice relating to performance, operation, of computers, automobiles and other machines that require high levels of personal knowledge, skill and experience of the operators to meet the required accuracy in operating them; Testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs;

Research on building construction and city planning; Testing and research on prevention of pollution; Testing and research on electricity; Testing and research on civil engineering; Testing, inspection and research on agriculture, livestock breeding and fisheries; Testing and research on machines, apparatus and instruments; Rental of measuring apparatus; Rental of computers; Computer programming and maintenance of computer programs; Rental of laboratory apparatus and instruments; Rental of drawing instruments; Research pertaining to mechanical engineering; Providing quality control of automobile parts; Chemical analysis; Biological research; Material testing; packaging design Authenticating works of art; Graphic arts designing; Cloud seeding; Handwriting analysis [graphology].

Trademark Description

The Stacked Pine Design represents a pine tree that consists of 4 sections. The bottom section contains a triangle shape with a vertical line touching apex of the triangle. The bottom portion represents the bottom branches and trunk of the pine tree. The upper 3 sections are identical to the bottom section but decrease in height and width from the bottom to top, and do not include a vertical line touching the apex of the triangle. These three upper sections represent the upper branches of the pine tree. The width of the 4 sections all remain consistent. Each section is separated by empty space. The bottom of the three upper sections will be the same height as the tip of the previous section.
