Not printed.
58i. Return to an order of the House of Commons, dated the 21st February, 1901, for copies of all despatches, letters, telegrams, correspondence, reports respecting the subjects included in the following telegram of August 2nd, 1900: "Ottawa, Ont., Aug. 2, via Bennett, Aug. 7. F. C. Wade, Dawson,-Sir Wilfrid has handed me your message. Am endeavouring to remove difficulties caused by delays in answering communications addressed to other departments. Superintendent Taché, of the public works department, is now en route to Dawson, with orders for the construction of trails and public buildings. Government considering plan of readjustment of royalty which will lighten tax and, we think, prove generally satisfactory. Order granting representation in local council takes effect immediately. Ryley, of mining branch, en route to Dawson. Will report amendments to mining laws. Careful consideration, letters and petitions received here, convinces me every reasonable request regarding mining laws can be met in near future. Impossible for me to visit Yukon now. Hope to get there before many months. Clifford Sifton." Presented 25th March, 1901.-Sir Charles Hibbert Tupper ................................. Not printed.
58j. Return to an order of the House of Commons, dated 7th February, 1900, for copies of all applications, records, reports, letters and memoranda relating to claims No. 18 and 26 and 16B referred to on pp. 197, 204, including the letter from Alexander McDonald to Major Walsh, pp. 197, 198 (pages refer to Blue-book Yukon evidence presented to parliament during session of 1899). Also the records of papers showing the dates when royalties became due, and when royalties were collected in the Yukon district in 1897 and 1898, in the case of Alexander McDonald's claims and mining interests. (b) Alexander McDonald's letter of 20th July, referred to at p. 211 (Yukon Blue-book of evidence, 1899). (c) Return of Report of Major Walsh re royalties (referred to on page 211, Yukon Blue-book evidence, 1899). (d) Reports and papers relating to the case of Jenkin Lleweilyn, referred to on pp. 211, 212, 213 (Yukon Blue-book above). (e) Reports and papers relating to cases dealt with under Judge Maguire's ruling, referred to on p. 246 (Yukon Blue-book above). ( \(f\) ) Reports and papers relating to Phil. Miller's case, p. 247 (Blue-book above). (g) Reports and papers relating to Murphy's case, 247 (Blue-book above). Presented 22nd April, 1901.-Sir Charles Hiblert Tupper.

Not printed.

\section*{CONTENTS OF VOLUME 13-Continued.}
82. Return to an order of the House of Commons, dated 12th February, 1901, showing: 1. When J. R. Thompson was appointed an official of the department of interior, outside service. 2. His duties and his salary. 3. Whether he ever acted in any other capacity than a homestead inspector, and if so, in what capacity or capacities, and for what length of time. 4. When he was dismissed. Date of notice of dismissal. At what date he would, if on duty as homestead inspector, probably have received it. 5. The date to which he was paid. If engaged by month, whether he was entitled to his pay up to the end of January, 1901. And if not, why not. 6. Whether it is not customary, in dismissing officials of several years' standing, to pay them a gratuity in proportion to their length of service. Whether it has been done in similar cases. If so, why not in his. 7. The cause of his dismissal. 8. What charges were made against him, and whether he was given an opportunity to reply to them. 9. Copy of notices issued by Mr. Burley. 10. Copy of Mr. Burley's instructions. 11. The name of the person at whose instance Mr. Burley issued such notices, and if on his own responsibility, whether Mr. Burley's action was approved or censured. 12. Whether it is customary for the departinent of interior to advertise for parties to come forward and make complaints against the officials of that department. If not, why was that course followed in this case? 13. The result of said investigation. Whether the investigation was adjourned to enable the complainant to secure evidence, and how long the investigation lasted. .14. Whether Thompson was ever notified of the finding of the investigation. 15. A copy of this notification. 16. The date of Mr. Burley's investigation and the date of his report. 17. Whether the files of the department in the case under investigation furnished the complainants. 17a. Whether it is customary in such cases to hand over the files of the department to the complainants. 18. Whether Mr. Thompson requested the department to furnish him certain papers on the files furnished the complainants as having any bearing on the complaint. 19. Whether he made this request more than once ; if so, how many times did he do so? What reply was given him in each case? 20. The name of the party or parties appointed in his place. 21. The qualification of his successor or successors for the position. 22. His or their experience to qualify him or them for the said position, and of what has such experience consisted. At what date were such appointments made and on what recommendations. 23. At time of Thompson's dismissal the amount of work on hand requiring attention by him or some one acting in the same capacity. 24. A comparative statement of the last two years of the duties performed by him and all the other homestead inspectors and forest rangers where the duties of both offices are performed by the one official. 25. The number of inspections made during the twelve months ending 30th Nov. in years 1896-97-98-99 by all parties acting as homestead inspectors and the number of days in each year they were erployed making inspections. The number of daysin each year they receive pay, and during the time they were under pay, what other duties as homestead inspectors were they engaged at. Also the number of applications for patents received by each during the same period and the fees the department received for such applications. 26. The date when the charges were made against Thompson which were investigated by Mr. Burley. 27. The date of Mr. Burley's report. 28. Whether any further charges have been made. 29. If so, by whum and their nature. 30. When Thompson was apprised of them and asked to disprove or reply to them. 31. Whether it is not the custom of the department to give all officials an opportunity to reply to any charges or insinuations against their conduct. 32. The duties of Mr. Burley prior to the investigation of charges against Mr. Thompson. 33. How long Mr. Burley had been in the employment of the department of the interior ; his calling or business prior to appointment to investigate such charges, and what was his salary. 34. Whether, at the date of such investigation, Mr. Burley was considered Mr. Thompson's superior officer. 35. Who recommended Mr. Burley's appointment as investigator or commissioner into the charges against Mr. Thompson. 36. Was there any protest, verbal or written, against the appointment of Mr. Burley by any official of the department or any other person? 37. How long the investigation lasted. 38. What it cost the department. 39. What the department paid the witnesses brought by the complainant. 40. Did the department pay any of the legal expenses of the complainant? 41. Did the department pay the legal expenses of said Thompson in the case? 42. Was the department asked to do so, and to what amount? 43. If so, what reason was given for declining to or refusing such request? Presented 3rd April, 1901.-Sir Charles Hibbert Tupper.
. Not printed.

104. Extract from a report of the committee of the honourable the privy council with respect to a memorial of the government of Prince Edward Island ; praying for a certain payment to the island of a sum of money as compensation for an alleged non-fulfilment by the government of Canada of its obligations under the terms of union made in 1873, between the Dominion and the province, to provide and maintain efficient steam communication between the island and mainland both winter and summer, \&c. Presented 8th May, 1901, by Hon. W. S. Fielding

Not printed.
105. Return to an address of the Senate, dated 16 th A pril, 1901, giving the names and addresses of all fishermen in Queen's county, P.E.I., who claimed bounty and received the same, for season 1900, with the amount paid to each. Presented 2nd May, 1901.-Hon. Mr. Ferguson. .............. Not printed.
106. Return to an order of the House of Commons, dated 11th March, 1901, for copies of all correspondence, reports and certificates in regard to the application of Robert Gray, late lighthouse keeper at Entrance Island, British Columbia, for superannuation; also statement showing for how long and what amounts he had paid into the superannuation fund. Presented 9th May, 1901.-Mr. Prior.

Not printed.
107. Return to an address of the Senate, dated 2nd May, 1901, showing how many Doukhobors have made homestead entries of 160 acres of land each, and in what particular district of the North-west Territories they have made such entries, and who own or have entries for the land the villages are built on. Also how many permits have been granted to the Doukhobors, and the quantity permitted to each Doukhobor, and the particular section of the North-west Territories such permits have been granted. And further, how many wood permits have been granted to the Doukhobors and the number of cords or quantities given each person as may be designated. Presented 15th May, 1901. -Hon. Mr. Perley..

Not printed.

\section*{CONTENTS OF VOLUME 13-Concluded.}
108. Return to an address of the Senate, dated 15th April, 1901, showing the number of tenders received by the post office departinent for the carrying of the mail from Coe Hill Mines, in the north riding of the county of Hastings, to Apsley, in the east riding of the county of Peterboro'; the names of the persons who tendered, the sum asked for the conveyance of such mails, and the name of the person to whom the contract was awarded. Presented 13th May, 1901.-Hon. Sir Mackenzie Bowell . . Not printed.
109. Return to an address of the Senate, dated 18th April, 1901, for copies of all reports and maps made by engineers, or any other employee of the government, who have surveyed and examined that portion - of the province of Ontario lying between Rice Lake and Port Hope, or some points adjacent thereto, for the purpose of ascertaining whether a feasible route exists for the construction of and making the southern terminus of what is known as the Trent Valley canal, at or near Port Hope, on the north shore of Lake Ontario. Presented 20th May, 1901.-Hon. Sir. Mackenzie Bowell........ Not printed.
110. Return to an address of the House of Commons, dated 27 th February, 1901, for a copy of all correspondence between the Italian consul for Canada and the prime minister or the minister of trade and commerce, respecting proposed improvement of the trade relations between Canada and Italy, and of all correspondence leading up to the placing of Canadian goods by Italy upon its general tariff. Presented 23rd May, 1901.-Mr. Monk.

I have the honour to submit my report for the fiscal year 1899-1900 on expenditure (Appropriation and Statutory) and on Revenue Áccounts.

\section*{Subsidies based on cost of works}

In the preface of the last report which I had the honour of presenting to Parliament, reference was made to the difficulties and dangers connected with expenditure of this kind. Let me call attention under this head to the corresponderce on the Sorel Bridge Subsidy at A-65 of this report, and to the regulations given at part W., page \(2 \% 2\) which at the suggestion of this office, were adopted by the Railway Department.

I observe that at the end of last session some subsidies in round amounts on railway bridges, were adopted without reference to the cost of the structures. I would suggest that such round sum subsidy recommendations, when presented to the House, be always accompanied by an estimate made by a competent official of the Railway Department, of the whole cost of the work.

\section*{Investigation under oath of expenditure of previous years.}

At A-81 will be found the letters of lawyers and other correspondence, on my endeavour to examine, under the powers given to the Auditor General by sections 55 and 56 of the Consolidated Revenue and Audit Act, into expenditure that, according to information which reached me, was greater than it should have been. It will be noticed that in the opinion of the lawyers, that power is not conveyed to the Auditor General when the expenditure belongs to a previous year and has already been passed upon. The Act must be amended in this respect, if parliament should determine to have an examination made in such a case.

On June 23rd, 1900, I wrote to the Railway Department: "It seemed well to inform you in the meantime of the delay so that you may enter an action in the usual way against the Company if it should appear advisable to do so."

Using cheque after lapse of the appropriation against which it is drawn.
If the course described at A -97 followed by the Minister of Railways is justifiable, the statement that the supplies embodied in the appropriation Act are for a particular fiscal year is illusory. I should be glad if the matter were set at rest. The correspondence gives the points so far as I can see.

\section*{Credits and Audit before payment.}

Persons whose audit experience has been mainly in transactions of municipalities or of business firms, consider that the only audit work which is effectual, is that which is done before payment. Much of the business of the Dominion, however, being transacted at points far from Ottawa with communication still slow, although happily becoming almost every day more rapid, it is not possible in all cases or indeed in many . cases, to wait for specitic instructions from head quarters before spending money.

Therefore credits are necessarily utilized for much of the Dominion expenditure. On the other hand, it is most advisable that the credit system should not apply to the classes of expenditure in which irregularities are likely to occur. To carry out this object, an effort has been made to separate the kinds of expenditure which may be covered by credits, from those which require the care and attention which can be applied when dealing with Receiver General's cheques, applying in fact the system of audit before payment. The result of this effort is the circular which is given at page A-102.

\section*{Treasury Board.}

It will be remembered by those who have read former parliamentary reports from this office that I have not always agreed with the Treasury Board of the day. The following letter will assist in forming an opinion of the way in which in this respect matters now stand :

\section*{Auditor General's Office, Ottrawa, July 14, 1900.}

Dear Mr. Fielding,-I have your letter of yesterday about the appeals to the Treasury Board against my decisions. As you say, some of them have been before me for a considerable time. Let me give you the reasons. I have been endeavouring, in the short times, at long intervals, which I could snatch from the regular work of the office, to suggest a change in the Treasury Board's method of dealing with the Audit Office work.

You will recollect that Sir L. H. Davies, a member of the Treasury Board, said at a meeting of the Public Accounts Committee that I was overruled by the Minister of Justice. Now, if Sir Louis did not know that the Treasury Board had anything more to do with the financial affairs of the Dominion than to register the decrees of the Department of Justice, other members of the Board were likely in the same condition. The reports which I am required in all appeals to make to the Board were evidently never looked at. I need not go into an elaborate proof of the fact that when there is an appeal from my decision, the moment the Board learns from the Department of Justice that there is not, in its opinion, any legal objection to the payment which I have declined to sanction, no matter what I may urge in the public interest against making the payment, no attention is paid to my remarks. I am overruled without consideration. This is manifest from the letter of the Secretary of the Treasury Board to me: "June 18, 1900. I am endeavoring after 6 to get the Board to meet daily to "get rid of arrears and with some success." It is a sanguine man that looks for much careful consideration of opposing views on important subjects on the part of men who work all day, and nearly all night, especially when the consideration is to be given at the time borrowed from the short time set aside for a hasty dinner. Evidently if the Secretary agrees with the views of the Board in the course to which I am now objecting, notwithstanding the time which he has been in the position; and although he ought to appreciate its high functions, he has no adequate view of what the Board was expected to do in this respect.

Now, you will recollect that the opinion of the Department of Justice is, that the government may pay any price for services or materials whether provided under contract or not, the only restriction to the power of the government being that there is a parliamentary appropriation. If, therefore, the practice hitherto followed at the Board is persisted in, all that a claimant will require, to get what public money it may be convenient for him to have, will be to induce a member of the Board to take up his case. What a pleasant prospect to any one who is connected with the country's finances, while everything else about Canada and Canadians is glorious!

You may answer me as the Minister of Justice once did. He said, "I inform the "Board what I think it has the power to do, but there is no obligation on it to do what
"it has the power to do but which it would not be prudent to do." This it might have done, but, as I said above, it did not do.

Let us see what the Board has done. It has established the principle that an arrangement may be regularly entered into between the government and an employee, that he is to get a certain salary for a year. He is pleased to take the salary and occupation, gets his salary each month until the end of the year. He then makes a claim to be paid a higher salary for the period of his services, gets the additional claim and may come as often as he likes for more.

Mr. Courtney will remember informing me a short time ago that of three decisions then recently made, one was in my favour. By the way, the decision in that case has not yet reached me. The appeal which was refused was made by the Postmaster General on an arrangement made by that Minister and the Minister of Interior that postage on immigration literature sent through the department of the Interior should be remitted. The Treasury Board as usual decided on the opinion of the Department of Justice which was, as I supposed, that the Postmaster General had not the power to make the arrangement. The first opinion of the Department of Justice given to the Board was that the Postmaster General had the power to remit the postage, but subsequently the opinion was changed. One naturally asks, would the action of the Board have followed the opinion of the Department of Justice in the first case, notwithstanding the argument of this office which, I presume was the same as that which influenced the Department of Justice on looking at the question a second time. Please notice that I make no reflection on the Department of Justice for having changed its mind. Quite the contrary. My argument is that the reports which are under the Audit Act brought before you, should receive equally careful examination. While the technical knowledge of the lawyer is of great assistance, lengthened experience in any line of life cannot safely be despised when one of its branches is under consideration.

You reasonably ask me how are we to get rid of these difficulties and objections. Most simply; in a much more satisfactory way to the Board and to all those directly affected by the appeals. I need not go over the proof that a member of the Board, when he happens to be the applicant for an overruling of the Auditor's decision, is generally prejudiced in favour of overruling, and that he has an effect in the same direction on his colleagues at the Board, and that, therefore, the tribunal is not a good one. To such an extent is the member of the Board who brings the appeal affected by his desire to succeed, that when the Board is obliged, under the Audit Act, by the opinion of the Department of Justice, to refuse the appeal, the Board does not promulgate the result of the appeal, presumably because the appellant strongly objects.

I have not yet heard the result of these appeals :-
1. Marine-temporary clerks appointed without examination, contrary to statute.
2. Dominion steamers-Revenue used to meet expenditure.
3. Postage stamps furnished Immigration Branch of Interior Department.

What is wanted is to establish general rules, a rule with reference to each class of cases, when the special interest of no individual is present to the members of the Board to bias their views. After the making of such rules there would be one rule for all who are situated alike. You do not require to know the person who is to be affected by a decision before giving it, whether you are dealing with the case as a member of the government, or in any other capacity, provided you have all the facts.

I know how difficult it is for the members of the Board to give the appeals the care which they need, to carry out the spirit of the Audit Act. Every case has to be fully considered from the beginning, the facts to be mastered, the law to be cleared up, prejudice to be put aside. The members of the government are the busiest men about the Buildings and necessarily know the least about details. In many similar places the permanent official is the person on whom reliance is usually had. Not being familiar with the internal working of the Board, I do not know how far Mr. Courtney's tastes and information fit him for this work, but it is quite plain, when he is so much more engaged in other governmental work than this, it is his fitness for that which counts largely in his general usefulness. I am, therefore, unable to suggest that you, he and I might prepare
the draft of the general regulations for the Board, but I shall be glad to assist in that or any other way that may appear to the Board to be desirable. Let the Board now consider the general questions, and ask parliament to give its views the force of law as is done in the United States. There would be no room for further difference of opinion. If we make general rules without the sanction of parliament, we still get into difficuity. Whenever an Order in Council contravening such general Order in Council might happen to slip through Council without being noticed, we should be told by the Department of Justice, as at present constituted, that a general Order in Council may always be amended by a particular Order in Council without naming the general Order in Council, that is, virtually, that the Governor in Council cannot pass a general Order in Council of any more binding effect than any other Order in Council.

Sir John Thompson took a different view, but that does not help matters now.
An official calls to see me about the rule which should govern him in any particular claim. I ought to be able to give him a reliable answer. I have studied the statutes and precedents. All I can tell him, however, is that the practice hitherto followed is so and so, that there is perhaps a general Order to that effect, but that if the matter should come before the Treasury Board, it will give all that the law, as interpreted by the Department of Justice, will say is permissible, and the Deprrtment of Justice will say that anything may be done if there is any a vailable appropriation.

I find that at the moment, I have not time to classify the overrulings under the general principles to which they belong, as referred to on page 3, but I hope to be able to do so shortly and perhaps to deal with the whole question in some other respects.

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

Hon. W. S. Fielding,
Minister of Finance.

It is very manifest that, if busness methods are to be applied to the Treasury Board proceedings, the Minister of Finance will require to make up his mind that he is to be held responsible for the continuance of financial regulations which are still required by our condition, and for the establishment of others to suit the great progress which Canada is making.

Of the appeals to the Treasury Board which are described in this report, numbering 11, one was on travelling expenses, four on leave of absence to temporary employees and two on retroactive increases of salary.

To describe shortly the ground of difference on the latter seven cases :-
1. The Treasury Board insists upon its right to fix any per diem amount for living expenses of any one in the Service, without requiring evidence that the amount has been spent. I do not claim the right to interfere with the style of living, but contend that evidence-not necessarily details in full-should be given that the money claimed has been actually expended. Salary is all that the official should get, except reimbursement for what he has been really out of pocket on Government acsount.
2. With reference to leave of absence to temporary employees, whether for sickness or recreation, I maintain that section 33 of the Audit Act restrains the Government from allowing to any employees, pay for time for which service was not given, except to the Civil Service, to whom the privilege is specially secured.
3. The opinion of the Department of Justice is that pay may count back from any period not earlier than the beginning of the fiscal year, during which the increase is authorized by the Government. My objection to this view is that there is nothing in the fiscal year limitation. If the Government has the power to make the increase date back to the beginning of the financial year, the employee having performed during the period nothing but what was contemplated in the Order-in-Council which fixed the salary before the performance of the service, the same authority could have made the increase date from the beginning of the service and can go on increasing the pay as often as it wishes, over and over again.

I have plenty of other work to do and dislike having standing differences with the Government. It seems to me that the Government should have these matters put in way of settlement by introducing in Parliament appropriate amendments which would be easily understood and short.

The following letter extracted from the London 'Times' shows that difficulties similar to ours exist, even in England, sometimes, and that an independent audit is appreciated by the British Public:-

\section*{To the Editor of the Times.}

Sir,--The announcement made in your columns that the post of Controller and Auditor General had been vacated is the more interesting to the public at large as the nomination to the vacancy will show how far Lord Salisbury's impatience of Treasury control has been dissipated since the opening night of the Session. The probability is in favour of his placidly eating the leek which the Treasury will offer him, and the opportunity of re-establishing an independent audit of the national accounts will be again indefinitely postponed. Those, from Lord Welby downwards, who have known anything of the inner life of the Civil Service during the past thirty years will admit that there has been only one Controller and Auditor General who consistently carried out the intentions of the Act under which he was appointed. Coming direct from the House of Commons where he had been in close touch with the framers of the new system of public audit, he laid down the principles of absolute independence of official dictation, and of responsibility to the House of Commons alone. In the earlier years of his Controllership the Public Accounts Committee, to whom the Controller and Auditor General's reports were referred, was composed of men of financial reputation, distinguished by administrative knowledge, and it may be said that the method in which public departments expended the money voted for them was thoroughly threshed out. The right and duty of the Treasury to exercise absolute control over the preparation of the Estimates and the issue of money were fully recognized, but the claim of the Treasury to act as a dispensing power (and to authorize expenditure which had not, been contemplated when the House of Commons was invited to vote the money) was steadily resisted.

When after more than fifteen years' public service Sir William Dunbar retired, he was allowed to go without one of those honorific distinctions which are supposed to mark the recognition of duty well discharged. The reason for this omission must be left unexplained, but the Treasury, having learnt by experience the unpleasant side of an independent audit, took care that subsequent holders of the post of Auditor General should have been trained in its ways and dependent on its favours.

We have latterly had in the history of financial and industrial bodies, many object lessons in the results of an audit conducted by auditors appointed by the directors. These lessons are either lost upon our statesmen or are considered of small account where Treasury convenience is concerned.

I am, sir, your obedient servant,

It has been a great struggle with the generally increased expenditure, the work connected with the recent elections, and the small staff of this office, to get this report out in time for the meeting of parliament.

It will be noticed that the details of the Intercolonial Railway wages have been cut down in the Railway part of the report and that the statement of payments from more than one source has not been made. It was impossible to do differently in either case, on account of want of time.

The absence of promptitude in providing statements and vouchers in two or three cases, interfered to a considerable extent with the completion of the report. The prospect is that this class of difficulty will not exist to any great extent in connection with the next report, as steps are now being taken with the concurrence of all concerned, to prevent it.

TREASURY BOARD OVER-RULINGS OF THE AUDITOR GENERAL'S DECISIONS BETWEEN THE COMMENCEMENT OF THE SESSION OF 1900 AND THE SESSION OF 1901.
}

\section*{Travelling Allewance of \(\$ 6\) a day to Superior Court Judges, B.C., in addition to Expenses.}

Note.-For correspondence on this subject see Audit Report of 1898-99, pages \(a-72\) to \(a-81\).

Treasury Minute, January 25, 1900.-The Board had under consideration a joint report from the Auditor General and the Deputy of the Minister of Finance and Receiver General in reference to the payment of the circuit allowances of the Superior Court Judges of British Columbia, and also the correspondence in connection there-with-the Auditor General having objected to the payment of the said judges, for living expenses, of their actual living expenses, as stated in bulk by themselves, with six dollars a day besides.

The Board while they observe that there is a certain amount of inequality existing between the allowances to Superior Court Judges in British Columbia and judges in the other provinces, as well as County Court Judges in British Columbia, yet as the order in council under which the allowances are paid to the British Columbia Superior Court Judges has been in existence for over twenty years, and as the judges have been appointed, subject to its provisions, the Board cannot see their way to recommend a change in the existing practice, and they therefore overrule the objections of the Auditor General, and direct that the payment of the circuit allowances to the Superior Court Judges in British Columbia be made as heretofore as authorized by order in council of July 2, 1878.
J. M. COURTNEY, Secretary.

\section*{The Warden of Manitoba Penitentiary allowed for Medical Attendance at Ottawa.}

Note.-For correspondance on this subject, see Audit Report of 1898-99, pages \(a-70\) tn \(a-72\).

\section*{Department of Justice, Ottawa, December 20, 1899.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 18th instant, inclosing Treasury Board file No. 25443, being the papers upon the appeal to the Treasury Board from the Auditor General as to passing an account for \(\$ 16.40\), paid by the Warden of the Manitoba Penitentiary for medical services while in Ottawa on penitentiary business. The file of correspondence which you inclose sets forth the particulars and circumstances with reference to the payment, and I am to state that the Attorney General is of opinion that the expenditure was legally incurred, and that it was authorized by the Penitentiary Act and the Appropriation Act, which together constitute parliamentary authority therefor. Papers returned.

I am, sir, your obedient servant,
The Secretary \({ }_{\star}\) Treasury Board.

> E. L. NEWCOMBE, D.M.J.
\[
1-1 \frac{1}{2} \mathrm{~A}
\]

Treasury Minute, January 25, 1900.-The Board had under consideration an appeal by the Department of Justice against the objections of the Auditor General to the passing of an account for the sum of \(\$ 16.40\), paid by the warden of the Manitoba Penitentiary, to himself, from the contingent funds of that institution, for medical services while in Ottawa, on penitentiary business.

From the papers submitted to the Board, it appears that the Auditor General asked the Department of Justice for the authority under which the charge in question was allowed, and on May 23, 1899, the Deputy Minister of Justice, in reply, informed him that the warden of the penitentiary had been summoned to Ottawa by the Minister of Justice on matters relating to the institution, and that while in Ottawa he contracted a severe cold and was laid up at the Russell House for several days; that the warden is allowed free medical attendance while at the penitentiary, and in this case he contracted the illness while on the business of the penitentiary, and the Minister of Justice considered it fair that the charge should fall upon the appropriation for the penitentiary.

In reply to the Deputy Minister of Justice the Auditor General, on May 30, 1899, stated as follows :-
'With reference to your letter of the 23 rd instant, in which you state respecting the claim of the warden of Manitoba Penitentiary for a refund of \(\$ 16.40\), paid by him for medical attendance at Ottawa, that the warden is allowed free medical attendance while at the penitentiary, I beg to say that I cannot find either in the Penitentiary Act or the penitentiary regulations, the necessary authority for this privilege. I know that in the enumeration of the surgeon's duties in the penitentiary regulations, it is required of him to attend the officers and employees of the prison free of charge, but this direction to the prison surgeon is not, I take it, equivalent to free medical attendance in the sense conveyed in your letter. It seems to me that the privilege accorded penitertiary officers in regard to duty assigned by the governor in council to the prison surgeon, does not give them any more claim on the government for the payment of their doctors' bills than any other permanent employee in the public service.'

The Auditor General, who contends that the amount in question should be considered as cash in the warden's possession, takes his objection in the case under section 32, subsections (a) and (c) of the Audit Act, on the grounds that the payment is illegal, and the money is not justly due.

The Board had also under consideration in connection with the case a letter under date of December 20, 1899, from the Deputy Minister of Justice in which he states that the Attorney General is of opinion that the expenditure was legally incurred and that it was authorized by the Penitentiary Act, and the Appropriation Act, which together constitute parliamentary authority therefor.

The Board, in view of the opinion of the Attorney General, as above set forth, are of opinion that the objections of the Auditor General are not well founded, and should be over-ruled, and they accordingly direct the payment of the account in question.

> I am, sir, your obedient servant,
> J. M. COURTNEY, S., T.B.

\section*{Account for Legal Services, not certified by Justice Department.}

\section*{Audit Office, Ottawa, February 2, 1900.}

Sir,-I beg to acknowledge the receipt of your application of the 1st instant for a cheque of \(\$ 1,570\), in favour of H. C. St. Pierre, Q.C., in payment of his services in connection with the prosecution of certain sailors and stewards of the ss. Scotsman, the amount in question having been authorized by the Governor in Council.

I inclose herewith the copy of Mr. St. Pierre's account which was attached to the order in council sent me, that you may cause to be inserted thereon the usual and necessary certificate of taxation. This certificate is made a necessary preliminary of payment by section 33 of the Consolidated Revenue and Audit Act; and by an Order of the Governor in Council dated April 12, 1879, the Department of Justice is named as the proper department to give the certificate called for by Act of Parliament. The order in council of January 27 last, quoted in your letter of application does not, in my opinion, relieve the Department of Justice of the duty inferentially imposed on it by the general order of April, 1879, and certainly does not satisfy the requirements of sec. 33 of the Audit Act above quoted.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

Justice Dept., Ottawa, February 5, 1900.
Sir,-I have the honour to acknowledge your letter of 2 nd instant in reply to my application for a reheque for \(\$ 1,570\) to pay Mr. St. Pierre, Q.C., for his professional services, as directed by order in council of 27 th ultimo. You refer to the general order in council of April 12, 1879. That order in council directs 'that the accounts rendered by legal gentlemen employed professionally by any of the departments of the government be submitted to the Department of Justice for examination and approval before payment.' If the account in question is held to come within the operation of the general order in council, I would consider that the requirements of the general order have been complied with, because the order of 27 th ultimo is passed upon the recommendation of the Minister of Justice 'that Mr. St. Pierre be paid the sum of \(\$ 1,570\), according to his account rendered.' But it is clear that if there be any inconsistency between the general order and the special order of the 27 th ultimo, the latter must govern, because it is an order dealing with a particular case, and, therefore, as to that case, supersedes the general order.

Upon these two grounds, therefore, I am of opinion that the requirements of the Governor in Council have been complied with and that you ought to issue the cheque in accordance with the application.

> I am, sir, your obedient servant,
E. NEWCOMBE, D.M.J.

The Auditor General.

\section*{Audit Office, Ottawa, February 6, 1900.}

Sir,-I have the honour to acknowledge receipt of your letter of yesterday with reference to your application for a cheque for \(\$ 1,570\), to pay Mr. St. Pierre, Q.C.

On re-reading my letter to which yours was a reply, you will observe that I laid more stress on section 33 of the Consolidated Revenue and Audit Act than I did on the order in council. You made no reference to that part of my letter. I shall not deal further with the subject till I hear from you on that point.

> I am, sir, your obedient servant,

\author{
J. L. McDOUGALL, A.G.
}

The Deputy Minister of Justice.

\section*{Defartment of Justice, Ottawa, February 9, 1900.}

Sir,-Referring to your letter of the 6th instant and previous correspondence, you sent me a copy of Mr. St. Pierre's account, that I might 'cause to be inserted thereon the usual and necessary certificate of taxation,' and you stated that this certificate is made a necessary preliminary of payment by section 33 of the Consolidated Revenue and Audit Act, and that by order in council of April 12, 1879, the Department of Justice is named as the proper department to give the certificate called for by the Act.

In my letter to you of the 5th instant, I pointed out that the special order in council governing this case was passed upon the recommendation of the Minister of Justice, which recommendation seemed to me a sufficient compliance with the requirements of the general order if that order could be held applicable ; therefore, in so far as section 33 is to be interpreted having regard to the general order in council, my previous letter seems to have covered the point. If independently of these orders in council you contend that this account, authorized as it has been, requires my certificate under section 33 as a condition of payment, I do not agree with you, because I am riot and never have been charged with the service in question, either specially or otherwise.

I would suppose, however, that when the government directly authorized proceedings which have resulted in this account and have directed payment of the account, either the order in council directing the payment must take the place of the certificate of the officer for the purpose of section 33, or else it must be held that there is in such case no officer within the meaning of the section, which, therefore, does not apply. In either case it would, I should think, be your duty to issue the cheque.

I am, sir, your obedient servant,
The 'Auditor General.
E. L. NEWCOMBE, D.M.J.

Auditor General's Office, Ottawa, February 12, 1900.
Sir,-I have your letter of the 9th instant regarding Mr. St. Pierre's account. It will probably tend to bring this matter to a conclusion if you will be good enough to state what the reasons are which made necessary a departure from the usual course of procedure. So far as I yet know this is an account like any other account for legal services ; and if the facts as to the amount of work can be easily verified, there should ie no difficulty in telling whether the rates demanded are those that should be allowed. Then the Governor in Council ought to have had these facts to have found a proper result.

I object on general principles to the government's doing this work instead of you and those under you who have special knowledge of the subject. Instead of its being disrespectful to the members of the government to say that they are incapable taxing officers, it would show a want of appreciation of their special duties to suppose that they could withdraw sufficient time from those duties to acquire the mastery of an entirely unconnected branch of knowledge. As I read section 33 of the Audit Act already quoted in the correspondence, it is knowledge that is required and not authority. If the legislature had intended that the Minister should be able to provide all the certificate that can be required, it would have been so stated and the necessary words would have been introduced as an alternative expression, if not as the main one;

It seems to me that it can be fairly taken that the order in council bringing legal accounts under the Department of Justice for taxation was the carrying out of the principle laid down in section 33, in a case where an individual official cannot be found to do the work ; and therefore in no sense can the special order in council fixing the amount payable for the account be considered as properly taking the place of the other, the general order in council.

I am, sir, your obedient servant,
The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

Dept. of Justice, Ottawa, February 16, 1900.
Sir,-Referring to your letter of the 12 th instant with respect to Mr. St. Pierre's account, I have no further explanation to offer, nor in my view should I be asked for any. That Mr. St. Pierre performed the service at the request of the government there can, I think, be no doubt. That he has charged therefore a reasonable and satisfactory amount is evidenced by the order in council directing payment of his bill. I have not considered the propriety of his charges, nor do I hold an independent view of my own upon that subject. I presume, however, from what has taken place that the amount is right, and I am satisfied that Mr. St. Pierre is entitled to be paid. All these considerations are involved in my application for the cheque, and previous correspondence. In fact, I consider Mr. St. Pierre's account properly authorized and legally payable, and therefore I conceive it to be your duty to issue a cheque in payment.

The further questions which you now raise appear to me, with all due respect, somewhat immaterial, and I should expect that further correspondence upon these questions would be unfruitful.

I am, sir, your obedient servant,
The Auditor General.
E. L. NEWCOMBE, D.M.J.

\section*{Auditor General's Office, Ottawa, March 12, 1900.}

Sir,-Your letter of the 16 th ultimo was duly received. I have no doubt but that Mr. St. Pierre performed the service at the request of the Government.

The fact that there is an order in council for the payment does not seem to me to prove that he has charged a reasonable amount.

As you say, further correspondence would likely be unfruitful. As I still think that Mr. St. Pierre's account is not legally payable except for such amount as you can certify after taxation in the usual way, I decline to pass the account and return it herewith.

I began the correspondence because it appeared to me that you would see my position to be unanswerable and would advise the Minister to have the account taxed by the department.

> I am, sir, your obedient servant,

The Deputy Minister of Justice.

}

Treasury Board, Ottawa, March 23, 1900.
Sir,-I have the honour to inclose herewith T. B. file No. 25899, being an appeal by the Department of Justice from your decision in reference to the payment of an account rendered by Mr. H. C. St. Pierre, Q.C., of Montreal, for services in the prosecution of certain sailors and stewards of the ss. Scotsman, and I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature of and grounds for your objections to the passing of the account in question, and also as to the section and subsection of the Audit Act under which such objections are taken.

I shall also be glad to have any remarks in refernce to the matter which you may desire to make.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, S., T.B.

Audit Office, Ottawa, July 17, 1900.
Sir,-Your letter of March 23, with reference to the appeal to the Treasury Board on the account of H. C. St. Pierre, Q.C., of Montreal, is before me. I have no recollection of having ever been asked before by a department to pay an account that the applying department refused to certify in any particular that the work was ordered. that it was done, or that the prices are what they should have been if ordered or done.

It is most unreasonable for the department which acknowledges itself by appealing against my decision as the one directly concerned, to refuse to take the responsibility for having the work done, to decline to certify that the work was done, or to certify the value of the work, particularly when the work is of the kind to which the special duties of the Department of Justice belong.

Now, the 33rd section of the Audit Act, which applies directly to this case and prevents the appeal from being legally succcessful, is the foundation of the Audit Act, and was the great contribution of Alexander Mackenzie himself to that Act:
' No. payment shall be authorized by the Auditor General in respect of work performed or material supplied by any person, in connection with any part of the public service of Canada, unless in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.'

My objection is under section 32, subsection (a) of the Audit Act.
I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A. G.

Dept. of Justice, Ottawa, July 19, 1900.
Sir,-I have the honour to acknowledge receipt of your letter of the 17 th instant, inclosing Treasury Board File No. 25899, being the correspondence between this department and the Auditor General relative to the payment of an account for \(\$ 1,570\) rendered by Mr. H. C. St. Pierre, Q.C., of Montreal, for services in connection with the prosecution of sailors and stewards of the ss. Scotsman. You refer to the fact that the Auditor General has objected to issue a cheque in payment of this account in accordance with my application, under section 32 , subsection (a) of the Audit Act, upon the ground that there is no parliamentary authority for the payment, and you inquire whether, in the opinion of the Attorney General, there is such authority, and ask that the parliamentary authority be cited as required by the subsection.

I am directed by the Attorney General to state in reply that he agrees with the views expressed in my letters to the Auditor General, and that inasmuch as these charges were incurred under the authority of the government for the purposes of the due administration of criminal justice, payment having been authorized by order in council to be charged against the appropriation for miscellaneous justice, the item of the Appropriation Act, No. 1, 1899, 'Miscellaneous expenditure, including North-west Territories, \(\$ 37,000\),' furnishes parliamentary authority for the payment thereof.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
E. L. NEWCOMBE, D.M.J.

Treasury Minute, July 20, 1900.-The Board had under consideration an appeal by the Department of Justice from the decisiom of the Auditor General refusing to sanction the payment of an account for \(\$ 1,570\), rendered by Mr. H. C. St. Pierre,
Q.C., Montreal, for services in the prosecution of certain sailors and stewards of the ss. Scotsman, such payment having been authorized by order in council of January 27, 1900.

From the Auditor General's letter of July 17, 1900, it appears that his objection to the payment in question is under section 32, subsection (a) of the Audit Act, that is to say, that there is no parliamentary authority for the payment.

The Board had also under consideration a letter on the subject from the Deputy Minister of Justice, dated July 19, 1900, in which he states as follows :-
' I am directed by the Attorney General to state that inasmuch as these charges were incurred under the authority of the government for the purposes of the due administration of criminal justice, payment having been authorized by order in council, to be charged against the appropriation for miscellaneous justice, the item of the Appropriation Act, No. 1, 1899, " miscellaneous expenditure, including Northwest Territories, \(\$ 37,000\)," furnishes parliamentary authority for the payment thereof.' "

The Board, in view of the opinion of the Minister of Justice, as above set forth, are of opinion that the objection of the Auditor General is not well taken, and should be overruled, and they therefore direct that payment of the sum of \(\$ 1,570\) be made to Mr. H. C. St. Pierre, Q.C., as authorized by order in council of January 27, 1900. above referred to.

\section*{J. M. COURTNEY, S., T.B.}

\section*{Department of Finance, Ottawa, August 10, 1900.}

SIR,-I transferred an application from the Justice Department for the payment of \(\$ 1,570\) to H. C. St. Pierre, on the 3rd instant. Will you kindly deal with it. Mr. St. Pierre is, I understand, in town, and wants the cheque.

I am, sir, your obedient servant,
The Auditor General.
M. G. DICKIESON, Actg. D.M.F.

\section*{Audit Office, Ottawa, August 11, 1900.}

Sir,-I have your letter of yesterday with reference to an application to pay \(\$ 1,570\) to Mr. H. C. St. Pierre. I have seen Mr. St. Pierre, who is to get me some further information regarding the account. In the meantime I am holding the application.

I am, sir, your obedient servant,

The Acting Deputy Minister of Finance.
J. L. MoDOUGALL, A.G.

\section*{Montreal, August 11, 1900.}

Dear Sir,-Herein you will find the copy of the bill of costs which you were kind enough to hand over to me yesterday. I have caused to be annexed to it the certificate which you have requested of me. I hope that this will bring me to the end of my troubles at last, and that you will now sign me a cheque for \(\$ 1,570\), the amount of my claim, without any further delay.

> I am, sir, your obedient servant,

The Auditor General.
H. C. SAINT PIERRE.

Account certified by the presiding judge and the clerk of the court.
J. I. McD.

\section*{Extended Leave of Absence to Temporary Clerks.}

\section*{Audit Office, Ottawa, December 1, 1900.}

Sir,-Concerning a deduction made from Mr. H. C. Stevenson's salary, for absence in excess of three weeks, under order in council :

Mr. Stevenson claims that an offset should be made in his case of the holidays which he has not taken since 1892; the date of the general order in council.

While not admitting that such a claim is valid, I would prefer, before considering it, that it be made by a department instead of an individual.

If you see your way clear to advocating Mr. Stevenson's interpretation, please support it by a detailed statement of the facts.

I am, sir, your obedient servant, The Deputy Minister of Public Works.
J. L. MeDOUGALL, A.G.

Dept. of Justice, Ottawa, January 4, 1900.
Sir,-I have the honour to acknowledge receipt of your letter of the 29 th ultimo (117864), in which you ask for advice as to the validity of an objection made by the Auditor General to the payment of the salary of certain temporary clerks employed in your department for periods during which they were absent upon leave igranted by order in council, except for three weeks of such periods, i.e., for the regular leave for purposes of recreation.

The order in council to which you refer as attached to your letter was not with the letter as it reached me, but I can deal with the general question involved in its absence. This same question was raised by the Auditor General last year in the case of a temporary clerk in the Department of Agriculture, and the matter having been referred to the Treasury Board, the advice of the Lepartment of Justice was obtained for the guidance of the Board. I send you herewith a copy of the letter (June 24, 1898-D. of J. \(587-98\); T. 23613 B.) conveying to the secretary of the Board the opinion of this department, and I beg to state that I concur in the view therein expressed, that it is competent for the Governor in Council to grant leave of absence, with pay, to a temporary clerk for a longer period than three weeks.

I am, sir, your obedient servant,
The Secretary, Public Works Department.
E. L. NEWCOMBE, D.M.J.

Dept. of Justice, Ottawa, June 24, 1898.
Sir,-I have the honour to acknowledge the receipt of your letter of the 16th instant-T. 23613 B.-with reference to the objections of the Auditor Ceneral to the payment to Miss C. Ross, a temporary clerk in the Department of Agriculture, of her salary during her leave of absence.

In reply, I beg to state that I think it is clear that the Auditor General is right in his interpretation of section 49 of the Civil Service Act. That section, I think (subsection 2, as well as subsection 1 thereof), applies only to officers, chief clerks and employees who are members of the civil service as defined by section 3 of the Act.

That, however, does not, I think, dispose of the question involved in the present case. The statute does not empower the Governor in Council to give leave of absence to temporary clerks, but it does not, on the other hand, in my opinion, take away or restrict any power which the Crown may have aside from statute to grant such leave. I do not see any reason to doubt that such a power exists, or that in Canada it may be exercised by the Governor General on the advice of his responsible Ministers.

In this connection, I beg to refer to an order in council passed in 1892 and published in Executive Regulations at page XVIII. This order in council lays down
general rules for the granting of leave of absence to temporary employees, and if the view which the Auditor apparently holds be correct, it was ullra vires of the Governor in Council, but for the reasons above stated, I think, that it was not really so.

There being no statutory restrictions upon the power of the Governor in Council to grant leave of absence to temporary clerks, I think that as a matter of law he, on the advice of his Ministers, is the judge as to the extent of sick leave which may be granted in such cases.

I am, therefore, of opinion that if the requisite moneys are available under the Appropriation Act, that Act is parliamentary authority for the payment to Miss Ross of the amount of her salary during her absence upon leave, and I am to state that the Minister of Justice and Attorney General concurs in this view.

Papers returned herewith.
I am, sir, your obedient servant,
The Secretary, the Treasury Board.

> A. POWER, Acting D.M.G.

Dept. of Public Works, Ottawa, January 20, 1900.
Memo:
The undersigned has the honour to report :-
That under authority of an order in council dated July 10, 1899, leave of absence with pay was granted to Mr. H. C. Stevensons and Mr. C. C. Hampshire, temporary clerks in the Department of Public Works, for periods of two months and six weeks respectively :

That the Auditor General has objected to the payment of the salaries of these employees for more than three weeks of such periods, i.e. for the regular leave for the purposes of recreation ;

That the Department of Justice, to which the matter was referred, reports that it is competent for the Governor General in Council to grant leave of absence, with pay, to temporary clerks for a longer period than three weeks ;

In view of the above the undersigned has the honour to recommend that the Auditor General be directed to pay the salaries of the temporary clerks above mentioned during the whole periods of their leave, as authorized by order in council of July 10, 1899.

> Respectfully submitted,
> J. ISRAEL TARTE, Minister of Public Works.

\section*{Treasury Board, Ottawa, February 13, 1900.}

Sir,-I have the honour to inclose herewith Treasury Board Reference No. T. 25705 B, being a memorandum from the Minister of Public Works in regard to your objection to the payment of Messrs. H. C. Stevenson and C. C. Hampshire, temporary clerks in the Department of Public Works, for periods of two months and six weeks respectively, during which they were absent on leave under the authority of an order in council of July 10, 1899. I have to request that you will be good enough to advise me for the information of the Treasury Board, what your objections are to the payments in question, and also the grounds for such objections, as well as the section and clause of the Audit Act under which such objections are taken.

I shall also be glad to receive any remarks you may desire to make in connection with the subject.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, S., T.B.

Order in Council, March 20, 1900.-Public Works.-That leave of absence with pay, on account of contagious disease (scarlet fever) in his family, be granted Mr . M. Desjardins, extra clerk, from February 3, 1900, to such time as his physician certifies there is no longer danger of contagion.
(Sgd.) J. J. McGEE, C.P.C.

\section*{Audit Office, Ottawa, March 31, 1900.}

Sir,-I have made a deduction from the March pay-lists of temporary employees, of \(\$ 42.50\) from Michel Desjardins, being leave of absence under special order in councit, in excess of the customary five weeks.

My reasons for this action are similar to those set forth in a letter of October 26,1899 , shown at page Q-270 of my report for 1898-9.

I am, sir, your obedient servant,
The Deputy Minister, Public Works Department. J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, April 9, 1900.
Dear Sir,-Must I understand from your letter of March 31 that your contention in the case of Mr. Desjardins, of this department, is to the effect that the Privy Ccuncil was not competent to pass the order which it has passed, granting special leave to this employee, beyond the customary five weeks?

Outside of the authority which, under ordinary circumstances, would appear to be sufficient, we have to bear in mind the fact that the absence was not a voluntary one on the part of Mr. Desjardins, but compulsory, on the order of the department ecnsequent upon his unfortunately having contagious sickness in his family, and upon being ordered not to return to the department until the physician wouid declare that he could do so without danger to the other employees.

In this connection, might I also suggest that, whenever a deduction is made from the pay-sheets, the reasons for such deduction be sent to the department at the same time as the corrected pay-sheets ? This would enable the accountant to inform the officer interested of the reasons why a portion of his salary is withheld.

> I am, sir, your obedient servant,

The Auditor General.
A. GOBEIL, D.M.P.W.

Dept. of Public Works, Ottawa, May 12, 1900.
Memorandum:
The undersigned has the honour to report:
That in the month of February last scarlet fever broke out in the family of Mr. M. Desjardin, a supernumerary clerk in the Department of Public Works, and as a precautionary measure against contagion Mr. Desjardin was requested to remain away from the office until such time as his medical advisor did certify there was no longer danger;

That the approval of Council was obtained in the matter and authority given for the payment to Mr. Desjardin of his salary during the period of his absence (copy of order in council attached);

That the Auditor General has declined to pay Mr. Desjardin's salary for the time of such leave, viz., from February 3 to March 18.

The undersigned, in view of the special circumstances attending Mr. Desjardin's absence, and more particularly in view of the fact that the same was ordered by the department, has the honour to recommend that instructions be issued by the Treasury

Board to the Auditor General for the payment of Mr. Desjardin's salary during the period of his absence as authorized by order in council dated March 20 last.

Respectfully submitted,
WM. MULOCK, Acting M.P.W.

\section*{Treasury Board, Ottawa, May 14, 1900.}

Sir,-I have the honour to inolose herewith Treasury Board file No. 26093, being an appeal by the Department of Public Works in connection with your refusal to pay the salary of Mr. M. Desjardin, a supernumerary clerk in the said department, during the period of his absence as authorized by order in council of March 20, 1900.

\section*{I am, sir, your obedient servant,}

The Auditor General, Ottawa.
J. M. COURTNEY, S., T.B.

Audit Office, Ottana, March 8, 1900.
Sir,-Let me acknowledge receipt from your department of a pay-list for \(\$ 9.42\), in favour of J. R. Chamberlain, a temporary clerk, for five days' absence through illness, in excess of the usual two weeks. The authority quoted is a special order in council of February 2, 1900.

Objection has always been made to claims of this nature in this office.
You will find my reasons fully given in a letter to the Minister of Public Works, dated October 26, 1899, and shown on page Q-270 of my Report for 1898-99, a copy of which is forwarded herewith.

I am, sir, your obedient servant,
The Deputy Minister Railways and Canals.
J. L. McDOUGALL, A.G.

Sir,-Let me acknowledge receipt of a letter from your department, asking whether any progress has been made in discussing the cases of Albert Lane and other temporary employees, from whose salaries deductions have been made on account of protracted illness.

Since there is no legislation to sanction the payment of temporary employees during illness or vacation, they come under the general principle: 'that the executive can pay only for services rendered.'

As mentioned in my letter of August 1, 1899, concerning Dr. St. Jean, the allowances of two and three weeks for illness and vacation respectively (fixed by the order in council of October 20, 1892) were not objected to at that time, as it was thought they at least precluded the possibility of longer absences, such as had occurred previously.

If, however, these limits are not to be observed, I shall be obliged to recognizeactual service only, until parliament explicitly sanctions payment for non-service.

I am, sir, your obedient servant,
The Minister of Public Works.
J. L. McDOUGALL, A.G.

Dept. of Rallways and Canals, Ottawa, March 13, 1900.
Sir,-The department is in receipt of a communication, dated the 8 th instant, from the Auditor General, in which he raises an objection to the payment to Mr. J. R. Chamberlain, a temporary clerk in this department of the sum of \(\$ 9.42\), being an amount authorized to be paid him by an order in council of February 2, 1900, for five days' absence through illness, in excess of the usual two weeks' sick leave, during the month of December last.

I have the honour to inclose the file, and am, by direction, to request that a ruling of the honourable the Treasury Board be obtained on the said objection, in order that it may be either sustained or set aside.

I am, sir, your obedient servant,
The Secretary, the Treasury Board.
- L. K. JONES, Secy.

Treasury Board, March 23, 1900.
Sir,-I have the honour to inclose herewith T. B. file No. 25871, in reference to your objection to the payment to Mr. J. R. Chamberlain, a temporary clerk in the Department of Railways and Canals, of the sum of \(\$ 9.42\), being an amount authorized to be paid him by an order in council of February 2, 1900, for five days' while absent from the office in excess of the usual two weeks' sick leave, and I have to request that you will be good enough to let me know, for the information of the Treasury Board, the nature of your objection to the payment in question, and also the ground for such objection, as well as the section and subsection of the Audit Act under which your objection is taken. I shall be glad to receive any remarks in connection with the subject which you may desire to make. I shall be glad to have your reply as soon as possible. \({ }^{\prime}\)

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, S., T.B.

July 16, 1900.

Audit Office, Ottana, July 16, 1900.
Treasury Board Appeals.-Extra Clerks' Leave of Absence: Stevenson, Hampshire and Desjardins of Public Works Department, and Chamberlain, of Department of Railways.

Sir,-All are based on an opinion of Mr. Power, of the Department of Justice. He says that in his opinion I was right in my interpretation of section 49 of the Civil Service Act. He considers that the section named applied only to permanent clerks.

He , however, thinks that the question is not disposed of by that conclusion. He does not see any reason to doubt that the Governor General, on the advice of his responsible Ministers, may grant such leave. Then he says that if the requisite money is appropriated the payment may be made.

Now, section 49 was an enabling clause in the case of permanent clerks. Can it be supposed that the legislature defined the limit of the leave to be granted to permanent clerks and intended that the executive should retain uncontrolled power with reference to extra clerks? Section 49 would have been a restrictive instead of an enabling clause if the executive had otherwise the power to grant unlimited leave.

Then, with reference to appropriation. There is no appropriation from which pay can be made for days on which no work is performed. It will be admitted that

SESSIONAL PAPER No. 1
you cannot pay an extra clerk employed in the Interior Department from the vote for the Public Works Department, and yet it is contended that you can pay him fion the Public Works Department apropriation for extra clerks if he has worked nowhere. With as much reason you might claim that although a vote for the construction of the St. Lawrence Canals would not authorize the construction of the Georgian Bay Canal, it would authorize the payment of a claim when no work has been performed. I quite see that if the wording of the appropriation described leave of absence as payable out of an appropriation for extra clerks, parliamentary authority would be given.

I may be allowed to say that in my opinion the overcrowding of the Civil Service which has always been a ground of trouble, is to be increased by the practice of recognizing the claim of extra clerks to all their sick or recreation leave, no matter how lung or how short the service may have been. It will remove about the only safeguard against a temporary clerk, once he enters the service, becoming a permanent charge on Dominion funds. As it has been, a Deputy Minister, no matter how pressing the work was, feared the prospect of incurring a permanent charge if he employed an extra clerk to do it, but in the future if he is cautions he will stagger under the temporary pressure.

The service and the temporary clerks would both be benefited if the clerks were temporary in reality; but if it be so arranged that with any foothold they cannot be removed, what is the service to become?

You will notice that Mr. Stevenson has raised the point that he has not had a holiday for many years. There seems to me much in the argument that holidays should be cumulative, and therefore if the Treasury Board be convinced by my objections to the claim that the Government can legally grant unlimited leave, it might be decided to allow the leave applied for in Mr. Stevenson's case, on its being shown by the Public Works Department from the records, that there were unused holidays of previous years to cover the claim. As you will see, I asked the Public Works Department for the information, but it was not furnished me.

I am sorry that these cases before the Treasury Board have remained so long unanswered by me. Although I have sufficient occupation I cannot complain that I could not have found time to have dealt with the Treasury Board appeals. I really have been so disheartened with the results of recent appeals that I could not drag my mind to do my part in the cases pending. It is no doubt a weakness. I probably oright not to feel any responsibility or even interest in the general effect on the financial affairs of the Dominion of the conduct of any one but myself. Yet I have felt it and cannot help continuing to do so.

You will, I trust, understand that I do not imply that my views are necessarily correct, but they might be read.

I do not see any necessity, legal or other, in joining with the Deputy Minister of Finance in a separate report of the case under section 32 , subsection (c), and shall decline to do so. His report and my report are together a report by him and me. My objections are taken under (a) and (c), section 32 of the Audit Act.
I.am, sir, your obedient servant,
J. M. Courtney, Esq., Secretary, Treasury Board. J. L. McDOUGALL, A.G.

Dept. of Finance, Ottawa, July 16, 1900.
Re Treasury Board Appeals.-Leave of Absence to Extra Clerks.
Sir,-The undersigned, the Deputy Minister of Finance, has the honour to submit the following report under the provisions of subsection (c) of section 32, of the

Consolidated Revenue and Audit Act. The Auditor General, although his objections are taken under the above quoted subsection and the provisions of the law appear to be peremptory, having stated in his annexed letter of this date that he would decline to•join the undersigned therein.

The cases in question are four in number and affect four temporary employees (three in the Department of Public Works, and one in the Department of Railways and Canals) to whom leave of absence with pay has been given by orders in council duly passed. and to the granting of which leave of absence with pay the Auditor General has taken objection.

The employees in the Department of Public Works are :-
Mr. H. C. Stevenson and Mr. C. C. Hampshire, who by order in council of July 10, 1899, were granted leave of absence, with pay, for two months and six weeks respectively ; and Mr. M. Desjardin, who by order in council of March 20, 1900, was granted leave of absence with pay on account of contagious disease (scarlet fever) in his family, from February 3, 1900, to such time as his physician certified there was no longer danger of contagion.

The temporary employee in the Department of Railways and Canals was Mr. J. R. Chamberlain (since deceased), for the payment to whom of the sum of \(\$ 9.42\), authority was given by order in council of February 2nd, 1900, as being the amount of his salary for the five days from December 8 to 12, 1899, inclusive, during which time he was incapacitated by a prolonged attack of heart failure for the performance of his duties.

On June 24, 1898, a letter was written by Mr. Power, then Acting Deputy Minister of Justice, with reference to objections taken by the Auditor General to the payment to Miss C. Ross, a temporary clerk in the Department of Agriculture, of her salary during her absence. A copy of this letter is annexed, from which it will be seen that 'there being no statutory restrictions upon the power of the governor in council to grant leave of absence to temporary clerks,' Mr. Power thought that 'as a matter of law, he on the advice of his ministers, is the judge as to the extent of sick leave which may be granted in such cases,' and he was, therefore, of opinion that 'if the requisite moneys were available under the Appropriation Act, that Act was parliamentary authority for the payment to Miss Ross of the amount of her salary during her absence on leave,' and he stated that the Minister of Justice and Attorney General concurred in this view.

In the case of Messrs. Stevenson and Hampshire, the Deputy Minister of Justice Mr. E. L. Newcombe, in a letter to the secretary of the Public Works Department, under date of January 4, 1900, stated that he concurred in the view expressed in Mr. Power's letter above referred to, that it is competent for the governor in council to grant leave of absence, with pay, to a temporary clerk for a longer period than three weeks.

The undersigned desires to point out that the cases now before the Board are in every way analogous to the case of Miss Ross-the leave of absence in all cases being in consequence of illness, either of the clerk or in his family.

Mr . Stevenson claimed that an offset should be made in his case of the holidays which he has not taken since 1892, the date of the general order in council.

In reference to this the Auditor General seems to think there is much in the argument that holidays should be cumulative, and, therefore, if the Treasury Board is convinced by his objection.to the claim that the Government can legally grant unlimited leave, it might be decided in Mr. Stevenson's case, to allow the leave applied for on its being shown by the Public Works Department, from the records, that there were unused holidays of previous years to cover the claim.

\section*{I am, sir, your obedient servant,}

To the Hon. the Treasury Board.
J. M. COURTNEY, D.M.F.

Treasury Minute, July 16, 1900.-The Board had under consideration objections taken by the Auditor General to the payment of the salaries of Messrs. H. C. Stevenson, C. C. Hampshire and M. Desjardins, extra clerks in the Department of Public Works, and J. R. Chamberlain, an extra clerk in the Department of Railways and Canals, as authorized by orders in council of July 10, 1899, March 20, 1900, and February 2, 1900.

The objections of the Auditor General, as stated in his letter of July 16, 1900, were taken under section 32, subsections (a) and (c), of the Audit Act.

The Board had under consideration the correspondence between the Auditor General and the Departments of Public Works and Railways and Canals in regard to these cases, and' also the remarks of the Auditor General in reference thereto in his letter of July 16, 1900, to the Board, and the report of the Deputy Minister of Finance under section (c) of the Audit Act, of the same date-copies of which letter and report are hereto annexed.

The first objection of the Auditor General under subsection (a) of the Audit Act is that there is no parliamentary authority for the payments in question; but in view of the opinion of the Attorney General, as expressed in the letter of Mr. Power-then Acting Deputy Minister of Justice-dated June 24, 1898, a copy of which is hereto annexed and in which opinion it appears from a letter from the Deputy Minister of Justice to the Secretary of the Department of Public Works of January 4, 1900, (copy annexed), the Deputy Minister of Justice concurs, the Board are of opinion that the objections of the Auditor General that there is no parliamentary authority for the payments is not well taken. The Board are also of opinion that the objection of the Auditor General under subsection (c) of the Audit Act is not well taken and that the objections taken by the Auditor Greneral under both subsections ( \(a\) ) and (c) should be overruled, and they therefore direct that the payments in question be made to the above-named clerks as authorized by the orders in council above referred to.

> J. M. COURTNEY, Secretary.

\section*{Increases of Salary from an earlier date than that of the Order in Council authorizing them.}

Auditor General's Office, Ottawa, May 1, 1900.
Sir,-I return herewith the April pay-list of the Chief Analyst's Branch, which I have certified at \(\$ 705.65\). The deductions are \(\$ 38.91\) from the amount entered as due A. L. Turchot, and \(\$ 38.92\) from Miss M. Tyrell, being increases in their salaries from July 1, 1899, to April 10, 1900.

In connection with these deductions from the pay-list as sent here for certificate, I beg to say that an increase of salary can be paid only from the date of the instrument which makes it: in this case, April 10.

I am, sir, your obedient servant,
The Acting Commissioner, Inland Revenue Dept. J. L. MoDOUGALL, A.G.

Audit Office, Ottawa, May 14, 1900.
Sir,-By reference to your statements of expenditure on account of Adulteration of Food for April, I find that the cheques for the salaries of the Chief Analyst's Branch amount to \(\$ 783.48\) instead of \(\$ 705.65\), at which sum the pay-list was certified here. Please let me have your explanation.

I am, sir, your obedient servant,
The Acting Commissioner Inland Revenue Dept.
J. L. McDOUGALL, A.G.

Dept. of Inland Revenue, Ottawa, May 17, 1900.
Sir,-I beg to acknowledge the receipt of your communications of the 1st and 14th inst., relative to an increase to the salaries of Mr. A. L. Tourchot and Miss M. Tyrrell, as included in the pay-list of the Chief Analyst's Branch for the month of April.

The increase to the above-named officials was granted under the authority of an order in council dated April 10, 1900, which expressly states that it shall date from July 1, 1899,. Mr. Tourchot and Miss Tyrrell are paid from a special vote of \(\$ 25,000\) 'to meet expenditure under the Adulteration of Food Act,' and are granted such romuneration as is determined by the Governor in Council as provided by section 4 of 49 Vic., chap. 107. Neither are members of the civil service within the meaning of chspter 17 of the Revised Statutes.

I would be glad if you would inform me under what provisions of law the date of payment of increase, as fixed by order in council, is illegal.

I am, sir, your obedient servant,
The Auditor General.

> W. J. GERALD, A.C.

\section*{Audit Office, Ottawa, May 21, 1900.}

Sir,-I have your letter of the 17 th instant regarding increases of salary to Mr . A. L. Tourchot and Miss M. Tyrrell. You have not given the explanation, asked for in my letter of the 14th, of your action in issuing cheques for the full amount of these increases without the certificate required by the Treasury minute of November 29, 1895.

With regard to the last paragraph of your letter I inclose herewith a copy of a letter dated June 21, 1898, which I addressed to the Treasury Board in reference to a case similar to that now under consideration. This letter gives my view as to the power of the Governor in Council to authorize an increase of salary from a date prior to the date of the instrument granting the increase.

> I am, sir, your obedient servant,

Thr Acting Commissioner, Inland Revenue Dept.
J. L. McDOUGALL, A.G.

Depi. of Inland Revenuf, Ottaifa, May 25, 1900.
SIR,-I beg to acknowledge the receipt of your further communication of the 21st instant, relative to the increases granted by order in council of April 10, 1900, to Mr. A. L. Tourchot and Miss M. Tyrrell, of the Adulteration of Food branch of this department, and stating that I have not given the explanation asked for in your letter of the 14th instant, as to my action in issuing cheques for the full amount of these increases without the certificate required by the Treasury Board Minute of November 29, 1895.

In reply thereto, I beg to state that the analysts branch being a part of the outside service of this department, and the increases being granted under authority of an order in council and, as the outside service is paid on the 28th or 29 th day of each month, the cheques were issued as usual, and were cashed before the receipt of your communication of the 1st instant.

Notwithstanding the receipt of copy of your communication to the secretary of the Treasury Board, of June 21, 1898, giving your views on a case of a similar character, I have not been informed of the decision of the honourable the Treasury Board on the points therein raised by you.

In order that this matter may be definitely disposed of, I beg to advise you that I have submitted this case to that honourable Board for its ruling.

I am, sir, your obedient servant,

\section*{Audit Office, Ottawa, June 13, 1900.}

Sir,-I have your letter of the 25 th ultimo, regarding the increases of salary paid to Mr. L. A. Tourchot and Miss M. Tyrrell.

As you have appealed to the Treasury Board for a ruling on my decision regarding the date from which the increases may count, I need add nothing on that point.

Your second paragraph reads in part as follows :-
'The Analysts' branch being a part of the outside service of this department, and the increases being granted under authority of an order in council, and as the outside service is paid the 28th or 29th day of each month, the cheques were issued as usual, and were cashed before the receipt of your communication of the 1st instant.'

As the May pay-list of the Analyst's branch, duly certified, was returned with my letter of the 1st instant, referred to by you in the paragraph quoted, and as the certified pay-lists of 'departmental employees' are never returned by this office to the departments until the last working day of the month to which they relate, the paragraph quoted above amounts to a statement on your part that it is the usual custom of the Inland Revenue Department to pay these salaries without the certificate provided for by the Treasury Minute of November 29, 1895. I assume that it is not necessary to add anything by way of argument to show the necessity of complying with the regulations.

I beg to request that in future the pay-lists of 'departmental employees at Ottawa,' sent here for certificate, bear your signature instead of, or in addition to, that of the chief officer of the branch.

I am, sir, your obedient servant,

\author{
The Acting Comr. Inland Revenue Dept. \\ J. L. McDOUGALL, A.G.
}

Dept. of Inland Revenue, Ottawa, May 25, 1900.
Sir,-I beg to forward herewith for the consideration of the Honourable the Treasury Board a question that has arisen between the Auditor General and this department.

By an order in council of April 10, 1900, the salaries of Mr. A. L. Tourchot and Miss M. Tyrrell, of the Analyst's Branch, were increased \(\$ 50\) each per annum, such increase to date from July 1, 1899.

The Auditor General, in his communication of the 1st inst., takes the ground that such increases of salary can be paid only from the date of the instrument which makes them.

In my communication of the 17 th inst., I have pointed out to him that these two officials are paid from a special vote of \(\$ 25,000\), that the remuneration is determined by the Governor in Council, as provided by section 4 of 49 Vic., chap. 107, and that neither are members of the Civil Service within the meaning of chap. 17 of the Revised Statutes. He has also been requested to inform this department under what provision of law the date of payment of increase as fixed by order in council is illegal.

The Auditor General's reply, under date the 21st inst., contains a copy of his views as to the power of the Governor in Council to authorize an increase of salary from a date prior to the date of the instrument granting the increase, as communicated to you under date June 21, 1898.

I have not been informed of the decision of the honourable the Treasury Board in the cases to which he therein refers.

I forward herewith, for the information of the honourable the Treasury Board, a copy of the order in council of April 10, 1900, as well as the correspondence that has
taken place between the Auditor General and myself, and would respectfully ask for a ruling on the question at issue.

I am, sir, your obedient servant,
Secretary, Treasury Board.
W. J. GERALD, A.C.

Approved and referred to the honourable the Treasury Board.

> H. G. JOLY DE LOTBINIERE, M.I.R.

Treasury Board, Ottawa, May 29, 1900.
Sir,-I have the honour to inclose herewith Treasury Board file No. 26117, being correspondence between the Department of Inland Revenue and the Audit Office in connection with your objection to the payment of the salaries of Mr. A. L. Tourchot and Miss M. Tyrrell, of the Chief Analyst's Branch of that department, as authorized by order in council of April 10, 1900.

I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature of your objections to such payments and also the ground for such objections, as well as the section and subsection of the Consolidated Revenue and Audit Act under which your objections are taken.

I shall also be glad to receive any remarks you may wish to make regarding the matter.
I am, sir, your obedient servant,

The Auditor General.
J. M. COURTNEY, S., T.B.

\section*{Audit Office, Ottawa, September 18, 1900.}

Sir,-I beg to inform you that I have received an order in council of the 5th instant, authorizing increases in the salaries of several steamboat inspectors, to date from July 1, last; and to point out that, in my opinion, such increases cannot be legally paid for any period previous to the date of the order in council.

The increases should date from the 5th instant, and I write now so that you may make them from that date.

> I am, sir, your obedient servant, The Acting Deputy Minister Marine and Fisheries. J. L. McDOUGALL, A.G.

Dept. of Marine and Fisheries, Ottawa, October 23, 1900.
Sir,-Referring to your letter of the 18 th ult., stating that in your opinion the increases allowed for certain steamboat inspectors, by order in council of the 5th ult., could not be legally paid for any period previous to the date of the order in council, I have to request that you will be good enough to inform me as to your grounds for the opinion thus expressed that the increases cannot be legally paid.

I may observe that precedents exist in the department for such payments, and I beg to call your attention to the order in council of August 24, 1891, also authorizing increases to certain inspectors to be paid from January 1, and February 1, 1891.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, A.D.M., \(M \& F\).

Audit Office, Ottawa, October 26, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of the 23rd instant asking for the grounds for the opinion given in my letter of the 13 th ult.,
with reference to the antedating of increases of salary to certain steamboat inspectors under the authority of an order in council.

In my view of the matter the order in council which authorized the salaries at which the steamboat inspectors were paid previously to the date of the order in council, to which I called your attention by letter of 13th ult., was binding until repealed by a subsequent order in council, the repeal to have effect from the date of the instrument which authorized it. In other words, I am of opinion that the executive may not pay from a parliamentary appropriation provided for services to be rendered or material furnished, other than claims which are legally due.

A claim in the present instance for arrears of salary when the officers affected had been paid in full as authorized by the appointing power, would not be a legal claim and consequently is not a legitimate charge on the appropriation.

> I am, sir, your obedient servant,

The Acting Deputy Minister, M. and F.
J. L. McDOUGALL, A.G.

Dept. of Marine and Fisheries, Ottawa, November 6, 1900.
Sir,-I have the honour to acknowledge receipt of your letter of the 26 th ult. relstive to paying the chairman of the Board of Steamboat Inspectors increased salary frem July 1 last, the order in council directing that course being dated September 5 last, and stating that to pay the arrears of salary between the above-mentioned dates is not legal and is therefore not a legitimate charge upon the appropriation.

In reply I beg to inform you that I am unable to agree with the opinion expressed ia your letter. I may observe for your information that the department had under eclsideration for some time the propriety of increasing the salaries referred to, but, from a variety of causes, the matter was delayed until August 24, when a report was m \(\varepsilon\) de to council, recommending the increase to take effect on July 1. It appears to me that if the Governor in Council has a right to increase the chairman and inspectors' salaries, there being no statutory obstacle in the way, he has the same right to determine the date from which he considers such increases should take effect.

In the present case there is no statutory prohibition, and the necessary funds are \(t_{1}\) the credit of the steamboat inspection account, and I therefore think that the payment in this case is both legal and legitimate. I will be glad if you will inform me as to whether you have any further objections to the payment of the increased rate f:cm July 1, to the officers referred to, or whether you desire to have the matter sulmitted for the decision of the Treasury Board.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, A.D.M., M.\& F.

\section*{Dept. Marine and Fisheries, Ottawa, November 10, 1900.}

Sir,-I have the honour to inclose herewith copy of correspondence between the Auditor General and this department in regard to the matter of increases to the sularies of steamboat inspectors, authorized by order in council of September 5 last, cops inclosed, and I am to request that the matter may be submitted for the consideration of the Treasury Board, and that you will be good enough to inform me as to whether the increases in question can be paid.

> I am, sir, your obedient servant,

The Secretary, Treasury Board.
JOHN HARDIIE, A.D.M., M.\& F.

Treasury, Board, Ottawa, November 20, 1900.
Sir,-I have the honour to inclose herewith Treasury Board file No. 26878, being an appeal by the Department of Marine and Fisheries from your objections in connection with the payment of increases to the salaries of certain steamboat inspectors, as authorized by order in council of September 5, 1900.

I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to what your objections to the payments in question are, and the ground for such objections, and also the section and clause of the Audit Act under which such objections are taken.

Any remarks you may wish to make concerning the subject I shall also be glad to receive.

I am, sir, your obedient servant,
The Auditor General.

> J. M. COURTNEY, S.T.B.

Audit Office, Ottawa, January 17, 1901.
Sir, \(-R e\) appeals from my decisions :
Marine and Fisheries Department:
Increases of salary from July 1, 1900, under order in council of Sept. 5, 1900: Ed. Adams, Chairman, from \(\$ 1,700\) to \(\$ 1,800\). John Dodds, Inspector, Toronto, from \(\$ 1,050\) to \(\$ 1,150\).
T. P. Thompson, Inspector, Kingston, from \(\$ 1,000\) to \(\$ 1,100\).
W. L. Waring, Inspector, St. Johns, N.B., from \(\$ 1,050\) to \(\$ 1,150\).

Wm. Evans, Inspector, Toronto, from \(\$ 1,000\) to \(\$ 1,100\).
L. Arpin, Inspector, Montreal, from \(\$ 1,000\) to \(\$ 1,050\).

Inland Revenue Department:-Analyst's Branch, order in council, April 10, 1900 :
Mr. A. Tourchot and Miss M. Tyrrell, increase of \(\$ 50\) each from July 1, 1899.

All the eight cases are objected to by me for precisely the same reasons and for reasons which were fully urged in my correspondence on previous appeals in circumstances of a kind similar to those connected with these cases.

It is surely quite clear that under an order in council defining the time during which an employee of the government was to receive a certain fixed sum for fully and plainly defined services, the government would be breaking its contract if it refused to employ the person to the end of the time fixed in the order in council, or if it refused to pay him the rate stipulated. If this conclusion is correct, must it not be equally correct to say that the employee, having continued his services for the period named and of the kind contemplated by the order in council, has no ground for seeking from the government additional remuneration? If the time named has expired and' a new period of service has been entered upon, or if the nature of the service has been varied before the expiration of the time fixed, the case is no doubt changed.

Then, if the employees have no right to demand additional remuneration, it is manifest that the government, dealing as it does only with the money of others, cannot properly grant additional remuneration.

I have, in other claims similar to these, drawn attention to the fact that, when I have been overruled, no limitations have been acknowledged by the Board as to the character of the cases in which the Board might justifiably interfere, nor as to the length of time to which the interference might apply. Overrulings of the kind now sought having recently come fast, will they not serve as notices that it is worth while to revive claims years old? If so, every one connected with the management of the Dominion finances will have a right to feel that there is scarcely any limit to the
additional labour which may be put upon him. The country has manifestly the deepest interest in the matter, inasmuch as it has to provide for the direct added outlay as well as the cost of management.

There is no hardship to the employee to leave things as they are, because he was a consenting party to his rate of remuneration and would have chosen another employer if he could have found one who would have suited him better.

The late government was able to conduct its affairs without this class of cases, and there seems no change in business to necessitate the bringing of them into existence now.

Then, if there is such necessity, regulations governing the cases should be made when there is no special case before the Board.

The objection is taken under subsection (a) of section 32 of the Consolidated Revenue and Audit Act.

Papers returned herewith.
The Secretary, Treasury Board.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

Dept. of Justice, Ottawa, January 21, 1901.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18th instant ( 26117 and 26878 T. B.) with respect to appeals to the Treasury Board from decisions of the Auditor General (1) by the Department of Marine and Fisheries re increases of salary to certain steamboat inspectors, from July 1, 1900, under order in council of September 5, 1900, and (2) by the Department of Inland Revenue re increases of salary to Mr. Tourchot and Miss M. Tyrrell, of \(\$ 50\) each from July 1, 1899, under the order in council of April 10, 1900.

The question involved in these appeals is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

I am to state that the Minister' of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him, good and sufficient provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4, of chapter 107, of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst, and the analysts, appointed under that Act, as he deems proper.

The Minister wishes me to add that upon the question of the power to antedate increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
E. L. NEWCOMBE, D.M.J.

Treasury Minute, January 26, 1901-Inland Revenue:-The Board had under consideration an appeal by the Department of Inland Revenue from the decision of the Auditor General regarding increases of salary to Mr. A.i L. Tourchot and Miss
M. Tyrrell, of \(\$ 50\) each from July 1, 1899, under the order in council of April 10, 1900.

The Auditor General takes objection to the payment of the increases in question under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for the same.

The Board had also under consideration a letter from the Deputy Minister of Justice under date of January 21, 1901 (copy attached), in connection with the subject setting forth that the question involved in this appeal is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

The Deputy Minister of Justice in the letter above referred to further says :'I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister therefore thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4 of chapter 107 of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst, and the analysts, appointed under that Act, as he deems proper.
'The Minister wishes me to add, that upon the question of the power to antedate increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.'

The Board, in view of the opinion of the Minister of Justice and Attorney General, as above set forth, consider that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made to Mr. A. L. Tourchot and Miss M. Tyrrell, of their salaries at the increased rates of pay, as authorized by order in council of April 10, 1900.

B.) with respect to appeals to the Treasury Board from decisions of the Auditor General (1) by the Department of Marine and Fisheries re increases of salary to certain steamboat inspectors from 1st July, 1900, under order in council of September 5, 1900, and (2) by the Department of Inland Revenue re increases of salary to Mr. Tourchot and Miss M. Tyrrell, of \(\$ 50\) each, from July 1, 1899, under the order in council of April 10, 1900.

The question involved in these appeals is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at the increased rate.

I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law
the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases, there being also in the case of the Inland Revenue officials the further authority of section 4 of chapter 107 of the Revised Statutes, which provides that the Governor in Council may cause such remuneration to be paid to the chief analyst and the analysts, appointed under that Act, as he deems proper.

The Minister wishes me to add that upon the question of the power to antedate increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view.

> I am, sir, your obedient servant,

The Secretary, Treasury Board.
E. L. NEWCOMBE, D.M.J.

Treasury Minute, January 26, 1901-Marine and Fisheries :-The Board has under consideration an appeal by the Department of Marine and Fisheries from the objections of the Auditor General in connection with increases of salary to certain steamboat inspectors, from July 1, 1900, under order in council of September 5, 1900.

The Auditor General takes objection to the payment of the increases in question under subsection (a) of section 32, of the Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for the same.

The Board has also under consideration, in connection with the case of a letter (copy attached) under date of January 21, 1901, from the Deputy Minister of Justice, in which he states that the question involved in this appeal is whether the Governor in Council has power to grant an increase of salary from a past date within the fiscal year if there are moneys voted by Parliament applicable to the payment of the salary, and sufficient to pay it at the increased rate.

In the letter above referred to the Deputy Minister of Justice remarks as follows :-
"I am to state that the Minister of Justice and Attorney General adheres to the opinion expressed by him on several occasions in connection with appeals to the Board in which this question has heretofore been raised, and thinks that as a matter of law the Governor in Council has power to grant such an increase for any reason which seems to him good and sufficient, provided there is no statutory provision to the contrary. The Minister, therefore, thinks that there being no such statutory prohibition, and Parliament having provided moneys applicable to and sufficient for the purpose, the Appropriation Act is sufficient parliamentary authority for the payment of the proposed increases."

The Deputy Minister of Justice further states :-
"The Minister wishes me to add that upon the question of the power to ante-date increases of salary, his predecessor in office held and expressed the same view as he himself entertains, as did also, as he is informed, previous Ministers of Justice, and that the practice appears to have always been in accordance with that view."

The Board, in view of the opinion of the Minister of Justice and Attorney General, as above set forth, are of opinion that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made
to the undermentioned steambcat inspectors, at the increased rates of pay as authorized by the order in council of September 5, 1900, viz. :-

Ed. Adams, chairman, from \(\$ 1,700\) to \(\$ 1,800\).
John Dodds, inspector, Toronto, from \(\$ 1,050\) to \(\$ 1,150\).
T. P. Thompson, inspector, Kingston, from \(\$ 1,000\) to \(\$ 1,100\).
W. L. Waring, inspector, St. John, N.B., from \(\$ 1,050\) to \(\$ 1,150\).

Wm. Evans, inspector, Toronto, from \(\$ 1,000\) to \(\$ 1,100\).
L. Arpin, inspector, Montreal, from \(\$ 1,000\) to \(\$ 1,050\).
C. W. TREADWELL, For Secretary.

Note.-For correspondence on this subject see page S-81.

\section*{Leave of Absence to Employees not members of the Civil Service.}

Order in Council, July 20, 1900.-On a memo. dated June 21, 1900, from the Minister of Justice, stating that William John Hanna Ross and Albert John Cawdron, the former a constable of the Dominion Police force, and the latter a clerk in the office of the Commissioner of Dominion Police, were given leave of absence by the Minister of Justice for service with the first contingent of Canadian volunteers in South Africa, and they accompanied the regiment. Mr. Ross died in South Africa on or about March 6, 1900. An order in council was passed bearing date April 17, 1900, granting leave of absence to members of the Civil Service who are serving in connection; with the several military contingents in South Africa, such leave to be for a period not exceeding one year, during which they have been or in future may be absent on such service. The cases of Mr. Ross and Mr. Cawdron, who are not members of the Civil Service, are not within the letter of this order in council, although doubtless they are within the spirit and intention of it.

The Minister therefore recommends that the leave of absence granted by him to Mr. Ross and Mr. Cawdron be ratified and confirmed ; and that authority be granted for the payment to the legal representatives of Mr. Ross of his arrears of pay, down to the date of his death, amounting in all to \(\$ 226.80\), and that Mr . Cawdron's leave of absence be continued during the period, and for the purposes mentioned in the general order in council applicable to the Civil Service above referred to.

The committee submit the same for Your Excellency's approval.

> J. J. McGEE, C.P.C.

\section*{Dept. of Justice, Otiawa, August 8, 1900.}

Sir, -In conformity with the terms of an order in council of July 20 last, I have the honour to request that you will send me cheques for the amounts undermentioned in favour of the legal representatives of Messrs. William John Hanna Tioss, and in favour of Albert John Cawdron, the former a constable on the Dominion Police force, and the latter a clerk in the office of the Commissioner of Dominion Police, who were given leave of absence by the Minister of Justice for service with the first contingent of Canadian volunteers in South Africa. Mr. Ross died in South Africa on or about March, 1900. An order in council was passed bearing date \(\Lambda\) pril 17, granting leave of absence to members of the civil service who were serving in connection with the several military contingents in South Africa, such leave to be for a period not exceeding one year. The order in council states that the cases of Mr. Ross and Mr. Cawdron, who are not members of the civil service, are not within the letter of the order in council, though doubtless they are within the spirit and intention of it, and the order in council ratifies and confirms the leave granted to these officers.

I have, therefore, to request that you will be good enough to send me a cheque in favour of the legal representatives of Mr. Ross for the arrears of his pay to the date of his death, \(\$ 226.80\); and one in favour of Mr. Cawdron for the amount of his salary to July 1, \(1900, \$ 266.68\). I inclose vouchers certified by the Commissioner of Police.

I am, sir, your obedient servant,
The Auditor General.
A. POWER, Acting D.M.J.

Audit Office, Ottawa, August 11, 1900.
Sir,-With reference to the inclosed application from your department for two cheques of \(\$ 226.80\) and \(\$ 266.68\), in favour of the legal representatives of the late William John Hanna Ross and Albert John Cawdron respectively, being arrears of salary in each case for the period covered by leave of absence granted them by order in council of July 20, 1900, to enable them to proceed to South Africa as members of the first contingent of Canadian volunteers, I beg to say that, in my opinion, there is no statutory authority for granting prolonged leave of absence of this nature to the persons concerned, and that, therefore, I am not at liberty to pass the amounts asked for therein.

In the other cases of leave to which you refer, the statutory authority quoted is the Civil Service Act, which applies to civil servants employed under that Act, and to no other persons.

I am, sir, your obedient servant,
The Deputy Minister of Justice.

> J. L. McDOUGALL, A.G.

Dept. of Justice, Ottawa, August 18, 1900.
SIR,-Referring to your letter of 11th instant, returning my application for cheques in favour of the legal representatives of William John Hanna Ross and Albert John Cawdron, for arrears of salary accrued during their absence upon leave authorized by order in council of July 20 last, and stating, in your opinion, there is no statutory authority for granting such leave, and that you are, therefore, not at liberty to accede to the application, I have the honour to inform you that I have referred the correspondence to the Treasury Board for the exercise of their jurisdiction in the premises.

I am, sir, your obedient servant,
The Auditor General.
E. I. NEWCOMBE, D. M. J.

Dept. of Justice, Ottawa, August 18, 1900.
Sir,-I have the honour to inclose herewith copy of my application to the Auditor General for cheques in favour of the legal representatives of William John Hanna Ross, for the sum of \(\$ 226.80\), and in favour of Albert John Cawdron for the sum of \(\$ 266.68\), for pay accrued due to them during their absence upon leave, serving with the South African contingent, also copy of the order in council and subsequent correspondence. You will observe that the Auditor General declines to issue these cheques upon the ground that in his opinion there is no statutory authority for granting the leave of absence, and I therefore submit the matter for the exercise of the jurisdiction vested in the Treasury Board.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
E. L. NEWCOMBE, D.M.J.

Treasury Board, Ottawa, November 23, 1900.
Sir,-I have the honour to inclose herewith Treasury Board file No. 26905, being an appeal by the Department of Justice to the board from your objections to the issue of cheques in favour of the legal representatives of William John Hanna Ross for the sum of \(\$ 226.80\), and in favour of Albert John Cawdron for the sum of \(\$ 266.68\), for pay accrued due to them during their absence upon leave serving with the South African contingent, as authorized by order in council of July 20, 1900.

I have to request that you will be good enough to advise me, for the information of the board, as to what are your objections to the payments above referred to, also the ground for such objections, together with the section and clause of the Audit Act under which the objections are founded.

I shall also be glad to have any remarks you may wish to offer in reference to the subject.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, S., T.B.

\section*{Audit Office, Ottawa, January 16, 1901.}

\section*{Appeals to the Treasury Board from Department of Justice in cases of Ross and} Cawdron.
Sir,-The difference between these cases and those covered by the order in council of April 17 is very manifest. Section 49, subsection 2 of the Civil Service Act reads:
'In case of illness or for any other reason which to him seems sufficient, the Governor in Council may grant to any officer, chief clerk, clerk or other employee, leave of absence for a period not exceeding twelve months.'

Therefore with reference to the limited number who are technical civil servants, power is given to the Governor in Council to allow leave of absence, with pay, for not more than twelve months. Why was the power specially given with reference to this limited number of permanent officials doing generally the most important work of the country, if the power was already in the hands of the government to give, not limited leave, but unlimited, not merely to permanent and the most important officials, but to all officials, even if the service is of the most temporary character ? There can be no argument which justified this class of payments on the ground set forth. If the reasoning is good, the government may legally employ a temporary messenger for a day and give him leave of absence for 10 years.

No one need be told that the public expect every one intrusted with the duty of employing other public servants and controlling them, to see that the ground of remuneration is not a sheet of paper with a few characters on it, but earnest, faithful, continuous work.

Consider now section 33 of the Audit Act in this connection. It reads:
' No payment shall be authorized by the Auditor General in respect of work performed or material delivered by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is certifies that such work has been performed or such materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by a contract, is fair and just.'

I take it that the services of these men were called for under contract. If so, it is clear that I am instructed in the plainest manner not to make the payment because, on the face of the order in council now being considered', the work was not performed. If the work was not done under contract, it is equally clear that I am instructed by the section not to make the payment.

But you tell me that these are very special cases. These men went to South Africa in defence of the mother country. One poor fellow lost his life there.

Every one must approve of the desire to recognize the merits of the individuals, but not necessarily of its being done by a breach of the law, when it is quite practicable to afford merited reward without establishing a precedent which it is difficult to set aside, even when it is working great injury. There is nothing in the Civil Service Act which, if it renders it legitimate to grant leave of absence to a general public servant who is not a permanent civil servant, to go to defend Canada or the mother country without losing his time as a civil servant, makes it illegal to grant similar leave when a like employee leaves his recognized duties for any other purpose, and therefore if it should happen to be for his own interest alone.

I would suggest that parliament be asked to legalize the leave in these cases and save the country from the bad precedent now proposed.

My objection is taken under subsection (c) of section 32 of the Consolidated Revenue and Audit Act.

I return the papers.
I am, sir, your obedient servant,
\[

\]

\section*{Gilbert Blasting and Dredging Co. : Claim for damages, \&c., on Contract annulled.}

\author{
Audit Office, Ottawa, March 10, 1900.
}

Sir,-Let me acknowledge receipt of your application for \(\$ 48,146\) in favour of the Gilbert Dredging Company for further allowances on sections 5 to 8, of the Cornwall Canal.

The company's original claim was \(\$ 58,913.35\). This was reduced to \(\$ 40,586.68\) by Mr. Rubidge, under date of August 5, 1899, and further reduced to \(\$ 22,266\) by yourself on August 26, 1899-full reasons being given in the correspondence for each allowance. The \(\$ 10,500\) in the total of \(\$ 26,766\) is a clerical error for \(\$ 6,000\) (the amount allowed in the detailed examination by yourself).

The order in council of February 5, 1900, describes an appearance of the contractors before the Minister, yourself and Mr. Rubidge, at which the three latter 'were unanimously of the opinion' that \(\$ 48,146\) should be paid. There are no reasons given.in the correspondence for the reversal of the judgments previously rendered. Please supply this omission at an early date.

Until these explanations are received, my treatment of the different items would be necessarily incomplete.

> I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

\section*{Dept. of Railways and Canals, Ottawa, March 16, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 10th instant, relative to the application made by this department for \(\$ 48,146\) in favour of the Gilbert Dredging Company ; being in settlement of their claims for damages and extra work in connection with their contracts for sections \(5,6,7\) and 8 of the Cornwall Canal enlargement, as authorized by, the order in council of the 5th ult. You desire to be furnished with reasons for the changes in the allowances in this regard previously made by Mr. Rubidge and by myself.

In reply, I would say that if you have been furnished by the Clerk of the Privy Council with a complete copy of the said order, you will note that in the report on
these claims made by me to the department on January 26, last, a copy of which report formed part of the said order, I have endeavoured to explain distinctly that so far as my own previous estimate of these damages was concerned, I had failed to do justice to them, owing to my lack of full information, and of complete understanding of the release given by the contractors at the time of the payment made to them of 15 per cent of the estimated value of the portions of their contract work which the government had abandoned, this lack being due to the fact that I had only recently entered upon the duties of chief engineer of canals at the time these claims were preferred. My first estimate, therefore, need not, of course, now be discussed, and the increase of the estimate, \(\$ 40,585.68\), made by Mr. Rubidge, which increase resulted from the investigation into the matter, which took place in the presence of the Minister on December 14, last, (upon which the present order in council was based) is that with which, presumably, you now desire me to deal.

With a desire to afford you all possible information, and in the hope that it may prove satisfactory to you, I have prepared a short memorandum, showing the several items of the claim put forward, their treatment by Mr. Rubidge, and the conclusions arrived at at that investigation. You will, of course, understand that on that occasion, the contractors with their solicitor, Mr. Rubidge and myself being present, every opportunity was afforded, both for hearing and for refuting statements made ; it being desirable, in view of the peculiar circumstances of the case, and the length of time that has elapsed, that explanations should, on both sides, be as full as possible, in order to a fair decision. In this memorandum I have only dealt, by way of explanation, with those items where Mr. Rubidge's original estimate has been increased.

Memorandum re The Gilbert Blasting and Dredging Company's Claim—Sections 5, 6, 7 and 8-Cornwall Canal.

\hline
\end{tabular}

Note.-Item 1. This was a claim for loss entailed by plant, machinery, tools, \&c., lying idle, including 2 steam derricks, 13 derricks, 5 scows, 2 pontoon bridges, from May, 1891, when the work was first stopped, till the formal notification in February and March, 1893, that no further work would be required. The contractors contended that they had been compelled to hold this plant in readiness during that period, not having been 'allowed to believe that the work would be permanently abandoned.' This
is undoubtedly correct; the plant was so held. They also claimed that they had been compelled, in consequence of such retention of plant on this work, to purchase new plant for similar work elsewhere.

Mr. Rubidge, on this item, recommended payment of \(\$ 1,000\) ' to cover the cost of the removal of the plant.' At the investigation, it appeared evident that this would be, in no way, adequate compensation, hence the increase. The plant in question was valued at \(\$ 34,000\), and the amount, \(\$ 7,900\), that has been allowed for loss of its use and deterioration, during the period of twenty-one months which elapsed, represents increase at about 14 per cent per annum, which, in my opinion, would be a reasonable allowance.

Item 3. Under the terms of their contract, they are entitled to use the old stone in the culverts under the canal for the purposes of their new works, and had, naturally, based their tender on such use; owing to the change in the operations due to the nonunwatering of the canal, they lost the use and value of this old stone, and were compelled to provide other stone from elsewhere. The cost to them of the new stone was \(\$ 3.50\) per cubic yard, and 3,000 cubic yards of it were required. It appeared to be only fair and reasonable that this amount should be made good to them.

Item 10. During the period of suspended operation, prior to 1893 , the contractors were under the necessity of paying office and other rent, salary of superintendent, watchman, \&c., for which they claim \(\$ 3,000\), though they represent that this was considerably less than their expense in this connection. It was considered only fair that some portion, at any rate, of this item should be paid, and one-half, or \(\$ 1,500\), was allowed.

Item 11. With regard to the backing and dimension stone covered by this item, it is being employed in the several works of repair throughout the canal, and will be paid for as used from time to time. This claim, therefore, ceases to exist as such.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M., \(R \& C\).

\section*{Audit Office, Ottawa, March 29, 1900.}

Sir,-Let me acknowledge receipt of yours of March 16, concerning the Gilbert Company's claim.

When asking for your reasons for now making allowances on items which you had previously rejected for causes then given, I had in hand your recommendation to council of January 26, 1900, to which reference is made; but that recommendation merely states that you now make the allowances-without explaining (as is necessary) wherein your previous judgments were wrong.

A schedule is attached showing five items, amounting to \(\$ 16,430\), concerning which your last recorded remarks are disallowances. Your reasons for payment will be needed in each instance.

The different items of the Gilbert claim are discussed below, under their schedule numbers.
\[
\text { No. 1.-Plant Idle, } \$ 7,900 .
\]

The calculation given for this sum is: 2 steam derricks, 13 derricks, 5 scows, 2 pontoon bridges, \&c., worth in all \(\$ 34,000\); idle from May, 1891, to March, 1893, say 21 menths; rate of interest about 14 per cent.

The total of \(\$ 34,000\) should be supported by a detailed list of the plant, showing the approximate cost and age of each piece, and the value placed on it as of May, 1891 ; also there should be a certificate that all of the plant would have been necessary if the work had proceeded.

Item No. 2 (following) is an allowance of \(\$ 11,250\) for 58 per cent of the original cost of special plant procured for reinforcing banks, and is supposed to be the value of such special plant in May, 1891, when the work was stopped. Until \(\$ 34,000\) is explicitly stated to be only the cost of the other plant (after that for reinforcing benks has been excluded), I shall have to assume that it is a complete valuation of all the plant, and therefore includes the \(\$ 11,250\). But since \(\$ 11,250\) is complete payment for the special plant in May, 1891, no interest should accrue on it for lying idle. As \(\$ 11,250\) is three-eighths of \(\$ 34,000\), the \(\$ 7,900\) should be reduced by three-eighths, or \(\$ 2,962.50\), for this reason alone.

Hutchison \& Co. say that, from May, 1891 to the summer of 1893, they were at no time allowed to believe that the work would be permanently abandoned, and that they therefore had to buy new plant for similar work elsewhere ; and Mr. Robertson (April 18, 1896), says only that 'The order of May, 1891 did not state whether the stcppage of work on the two bridges was temporary or permanent.' But Mr. Rubidge (August 5, 1899), says: 'The contractors were repeatedly notified that no further work on the two bridges was contemplated ; the plant remained for several months, until wanted elsewhere, although its removal was insisted upon. \(\$ 1,000\) might be paid.' Mr . Rubidge's positive statement as to the facts will need to be explained away before this item can be recognized.

\section*{No. 2.-Reinforcing Banks, \(\$ 11,250\).}

This claim may be stated thus : To provide for depositing dredged material on outer slope of banks, special plant costing some \(\$ 22,000\) was bought; 42 per cent of the proposed work was done and 58 per cent was cancelled. The contractors, having remunerated themselves (out of schedule rates for work done) for 42 per cent of their outlay for special plant now want the balance, or 58 per cent of \(\$ 22,000\), making, say \(\$ 12,750\), less \(\$ 1,500\) for 'value of old plant' for other purposes, leaving \(\$ 11,250\) as their apparent loss.

Under date of April 18, 1899, Mr. Robertson describes five methods by which this work was attempted, of which only the last was successful,-each method requiring different plant. A detailed calculation of the \(\$ 22,412\) will be necessary to show that only the cost of the successful plant is includde, as all the others were at the contractors' risk. (See Mr. Schreiber's note of August 26, 1899, 'As to the best methods of doing the work, it appears to me that it was for the contractors' device.')

It seems improbable that plant, worth \(\$ 12,750\) for this special work would be only worth \(\$ 1,500\) for anything else.

I gather that the depositing of the dredged material on the outer slopes was an addition to the regular contract. If so, please let me have a copy of the document by which it was arranged, and of any information supplied to the contractors as to the quantity expected to be done. How does the procedure, as actually adopted, differ from that described in the specification, namely, 'The material dredged will have to be handled twice so that it can be deposited to the south of the south side of the towing-path, at such places as will be pointed out'?

The figures, 459,000 c.y., and 194,000 c.y., from which the percentage of 42 is struck, are given only in the contractors' claim ; they are not approved by Mr . Robertson or by Mr. Rubidge, as will be necessary. Please give the calculation of these amounts, by sections.
\[
\text { No. 3.-Old Stone in Culverts not Available, } \$ 10,500 .
\]

For greater clearness this item, to which there are many objections, is discussed in a separate letter.
\[
\text { No. 5.-Stone Talus, } 3,200 \text { c. y., at 55c.- } \$ 1,760 .
\]

This is an instance where a written order would have been useful as final evidence of liability. Had we the date of the 'order to stop further operations on the old bank,' to which Mr. Rubidge refers in his report of August 5, 1899, any claim for subsequent delivery of stone would certainly have been shut out.

At what date were the contractors relieved of the duty of guarding the materials which they had brought on to the ground? If the stone was in their charge when the farmers took it to sell to Wm. Davis \& Sons, the loss should not be ours.

Mr. Rubidge says (August 5, 1899) : 'No payment was made, as delivery was not accepted.' If the stone was not accepted, it was the contractor's property when stolen, and we have nothing to do with it. Please ask Mr. Rubidge whether he still adheres to his recollection of the fact.

No. 6.-Flooding Pits, \(\$ 250\).
This is shut out by the wording of item 26 , of the contract-schedule : ' unwatering pit, embracing pumping and baling, and every contingency connected with unwatering pit, \(\$ 1,500\).' This allows of no difference to be made on account of one cause or another ; the contractors took the risk of all causes.

\section*{No. 8.-Balance Due on Unwatering, \(\$ 1,000\).}

I have been unable to find how this \(\$ 1,000\) was calculated, and therefore cannot discuss it intelligently. Please let me have further information.

There are two contract items of \(\$ 1,500\) each, for unwatering, and \(\$ 500\) was paid on each in the progress estimates, leaving \(\$ 1,000\) on each, or \(\$ 2,000\). On this, 15 per cent, or \(\$ 300\), was included in the \(\$ 29,350\) already paid.
\[
\text { No. 9.-Filling Behind Retaining Walls, } \$ 420 .
\]

Mr. Schreiber says, under date of August 26, 1899 : 'The superintending engineer states that the work was condemned, and in his opinion should not be allowed.' If the work was condemned at the time it was done, there should be a full explanation of the reasons for now removing the condemnation.
No. 10.-Wages to Yearly Employees, \$1,500.

Mr. Rubidǵe says under date of August 5, 1899: 'The senior member of the Gilbert Company very properly repudiates this claim' (of the sub-contractors). How then can it be paid?

This claim should be supported by the names and salaries of the yearly employees, and by affidavits that they were not engaged at some other work.
\[
\text { No. 12.-Moving Dredges, } \$ 1,020 \text {. }
\]

This is for moving dredges six times, apparently at the rate of \(\$ 170\). No mention is made of this rate being fair and just. Are there extant any engineer's written orders for this service?

What was the reason for moving, in each case? This seems to affect the question of liability.

> No. 13.-Building Roadway at Mille Roches, \$588.

Please explain how this differs from the service of 'raising, forming and making banks where required ' with excavated material, as described at the middle of page 2 of the specification.

SESSIONAL PAPER No. 1

\section*{General.-15 per cent to be Deducted from Payment.}

At page Q-151 of my report for 1893-94 will be found the calculation of unfinished and abandoned work, amounting to \(\$ 195,663.62\), on which 15 per cent, os \(\$ 29,350\) was paid to the Gilbert Company, on account of loss of anticipated profits. The details of the \(\$ 195,663.62\) by quantities and rates, as supplied to me, do not give details of the totals of the original estimates for probable cost of sections 6 and 7, namely, \(\$ 87,535\) and \(\$ 141,280\). Please have this defect remedied.

As far as the quantities involved in the calculation of \(\$ 195,663.62\) are involved in the calculation of the \(\$ 48,146\) now asked for, the latter total will need to be reduced, for the following reason : The only claim the contractors had on the \(\$ 29,350\) was the fact that they had not received the \(\$ 195,663.62\). Had' the latter total been increased or decreased, the \(\$ 29,350\) would have varied in the same direction and proportion. If now it is proposed to allow \(\$ 48,146\) (or any part thereof) on account of the \(\$ 195,663.62\), it must be remembered that the contractors have already had 15 per cent of it. As an extreme case, if the whole \(\$ 48,146\) accrued on the items in \(\$ 195,663.62\), there would have to be a deduction of \(\$ 7,221.90\) from the application.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.
Gilbert Claim: Analysis of Mr. Schreiber's Explanations.
Allowed and explained Angust 26, 1899 :
3. Old stone in culvert. . . . . . . . . . . . . . . . . . . . . . . . . \(\$ 6,000\)
4. Unwatering not done. . . . . . . . . . . . . . . . . . . . . . . . . . 9,958
6. Flooding. . . ... . . . . ... . . . . . . . . ... .. . . ........... . . 250
13. Working on road. . . . . . . . . . . . . . . ... . . . . . . . . . . . 588

Allowed August 26, 1899, if not covered' by release:
12, Moving dredges............................................... 1,020
Allowed December 14, 1899. Explained March 16, 1900 :
1. Plant idle. .. ............... . . . . . ....... . ....... . . . \(\$ 7,900\)
3. Old stone in culvert, balance. ...................... 4,500
10. Wages of yearly employees. . . . . . . . . . . ........... . . . 1,500

13,900
Allowed December 14 (Reasons not yet given) :
2. Reinforcing banks. . . ...... . ......... . . . . . . . . . . . \(\$ 11,250\)
4. Unwatering not done (balance) . . . . . . ............. . . 2,000
5. Stone toe. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1,760
3. Balance on unwatering. . . . . . . . . . . . . . . . . . . . . . . 1,000
9. Filling behind walls. . . . . . . . . . . . . . . . . . . . . . . . . . 420

Total allowed by order in council
\(\$ 48,146\)

Dept. of Railways and Canals, Ottawa, April 6, 1900.
Sir,-I have the honour to acknowledge the receipt of your communication of the 29th ultimo, relative to certain further information and explanations desired by you in
\(1-3 \frac{1}{2} \mathrm{~A}\)
respect of the claims preferred by the Gilbert Blasting and Dredging Company in connection with the Cornwall Canal.

In reply, I inclose herewith a copy of a memorandum, dated the 5 th instant, prepared by the Superintending Engineer of the canal, in which, it is hoped, will be found the information desired.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M., \(R . \& C\).

Memo. for Mr. Schreiber, re the letter of the Auditor General on the claims of the Gilbert Blasting and Dredging Company, March 29, 1900.
\[
\text { No. 1.-Plant Idle, } \$ 7,900 \text {, }
\]

On which I reported \(\$ 1,000\) (August 5, 1899). I was furnished with evidence from book-keeper and auditor, placing valuation on this plant on May 1, 1891, at \(\$ 34,000\), which amount formed basis of award. The contractors also produced evidence establishing the yearly depreciation calculated by other contractors having similar plant, such as Larkin \& Sangster, Messrs. Wm. Davis \& Son, Canadian Construction Company, and others. These gave a larger percentage than claimed by Gilbert Blasting. and Dredging Company. The orders given, as referred to in my letter of August 5, 1899, were verbal orders of suspension, with the explanation that in all likelihood this work would be entirely abandoned, which in fact was done, though not officially until February and March, 1893. In the meantime, all plant on the works was, by terms of contract, the property of the government until completion, and contractors having no right to remove same, were deprived of the use of it during twenty-one months from date of suspension, spring of 1891, until abandonment in February and March of 1893. I had not taken these facts into consideration in my report of August 5, 1899. The award of \(\$ 1,000\) then made was, in my judgment, fair remuneration for cost of removal of plant from abandoned work.

\section*{No. 2.-Reinforcing Banks, \(\$ 11,250\).}

This claim originated' from a change in plan ordered by the late Chief Engineer, Mr. Page, and occasioned the providing of a special style of plant by the contractors to do this work. No doubt, had Mr. Page lived, he would have arranged the price per yard to cover this work sufficient to reimburse contractors, with perhaps a profit in doing the work. When called on to assess the value, I asked the contractors to furnish statement of cost of special plant, to assist me in arriving at fair allowance per yard, and as they handled 45,000 yards on that part of the work abandoned, allowed them 25 cents per yard. This price is much cheaper than we could otherwise have had this work done for. Apart from the 45,000 yards of reinforcing on abandoned work, I am not responsible for the quantities given by the contractors-perhaps estimated by themselves or their engineer. This item of plant is not included in the \(\$ 34,000\) of previous item, the latter being the value of sub-contractors' plant alone.

No. 3.-Old Stone in Culverts not available, \(\$ 10,500\). .
By the terms of the contract the stone in these culverts became the property of contractors, as clearly indicated by the special provision that they (the contractors) should provide at their own expense piling ground for the stone. If the stone was intended to remain the property of the gevernment, 'spoil ground' or 'piling ground' would have been provided at the government's expense. The provisions of the contract made all the stone in these culverts the property of the contractors. The approximate quantities furnished by
government placed the amount at 3,000 yards, and in consequence contractors' claim was limited to this amount. A condition in contract provided that the canal would be unwatered to allow the stone in culverts to be removed. The government's failure to conform to this provision deprived contractors of obtaining possession and use of the stone.

These facts were pointed out and urged by the contractors, and in view of the special provisions in contract governing this item, could not disallow their claim. With regard to price, it was urged by the contractors in disputing my recommendation, that 2,000 yards be paid for at \(\$ 2.50\) per yard and 1,000 yards at \(\$ 1\) per yard: (1st.) That 3,000 yards did not represent the actual quantity contained in the culverts, all of which was their property by terms of contract, and for all of which they could have found profitable use had they been allowed to remove the culverts as provided; (2nd.) That, as I had no means of ascertaining any more than they had of the actual proportionate value of the different classes of material contained in the culverts, I was bound by the approximate quantities furnished by government as they were; (3rd.) That I could not establish an arbitrary value at variance with allowance made in progress estimate for ordinary backing, viz., \(\$ 4\) per yard, except in so far as this was reduced by sub-contractors' figures or 50 cents per yard, making the amount claimed, viz., \(\$ 3.50\) per yard; (4th.) That I had not taken into consideration that a large proportion of the stone was suitable for use in face of retaining walls, as cut stone of a much greater value than ordinary 'backing.'

It was further urged by contractors that by terms of contract this stone was their property, whether they used it or not; further, that they had ample opportunity to do so if so disposed, when quantity of work done is taken into consideration.

I could not successfully combat these views.
\[
\text { No. 5.-Stone Talus, 8,200 cubic yards at } 55 \text { cents, } \$ 1,760 \text {. }
\]

This allowance is for stone purchased from farmers and selected from excavation by contractors-in reality field stone and small boulders delivered at convenient places to be loaded on scows and conveyed to place in stone talus. These deliveries were made previous to the suspension of the work in spring of 1891. The amount allowed represents price paid by contractors and does not allow any profit. This class of stone has no value in itself-merely the cost of gathering and delivering, so that while it is true that a large proportion of this stone, as well in fact as a quantity in place in talus, were taken by farmers and sold to the Messrs. Davis, they in paying for same gave full value and the government suffered no loss, except that occasioned by change in plan, rendering this, in common with all abandoned work, of no value.

> No. 6.-Flooding Pits, \$250.

This charge was occasioned by carelessness of lock tenders in not properly regulating height of water in canal, by which fact the contractors suffered, and is therefore in my judgment not a 'contingency connected with unwatering pit,' and is a fair allowance.

\section*{No. 8.-Balance due on unwatering, \(\$ 1,000\).}

The allowance made on this item is based on the following facts: The contract rrice for unwatering on sections 6 and 7 amounted to \(\$ 3,000\); two-thirds of the work was actually done and but one-third allowed in progress estimates, consequently contractors are clearly entitled to the award of \(\$ 1,000\). The fact that this \(\$ 1,000 \mathrm{had}\) been included in estimate covering abandoned work, on which 15 per cent had been paid as anticipated profits escaped my notice and the Auditor General is quite right in asking that this item be reduced by the amount of 15 per cent or \(\$ 150\).

\section*{No. 9.-Filling behind Retaining Walls, \(\$ 420\).}

This charge was for an omission of this amount in progress estimates and to which contractors were clearly entitled. The work referred to in your letter of August 26,1899 as having been condemned by me was a portion of the retaining wall itself and not the filling behind same.
\[
\text { No. 10.-Wages to Yearly Employees, } \$ 1,500 .
\]

The amount of this item was arrived at by compromise, based on the following facts : Contractors claimed \(\$ 3,000\) as a loss of wages paid employees, including wages. of watchman, office rent, rent of right of way from quarry, rent of piling ground and sundry other such charges which continued during the 21 months of suspension. This item of claim as originally rendered by sub-contractors to Gilbert Blasting and Dredging Company, was much higher than \(\$ 3,000\), and was objected to by the then senior member of the Gilbert Company, on the ground that notwithstanding that the amount then claimed may have been correct, the sub-contractors were not warranted in continuing the employment of some of their officials engaged by the month, even though their works were merely suspended, as their places could have been filled upon resuming operations without serious loss to sub-contractors though, perhaps, some inconvenience. Sub-contractors reduced claim as a result of Mr. Gilbert's opposition to \(\$ 3,000\), his remarks quoted in letter of August 5, 1899, referred to amount of original claim filed. I took stronger objections than did Mr. Gilbert, claiming that for same arguments advanced by him, even the reduced claim was extravagant. It was a difficult matter to determine to what extent sub-contractors were justified in claiming under this head, but it was clear that the government being responsible for the continued suspension, they were entitled to consideration, and I recommended that their claim be reduced by one-half, which they finally accepted. Evidence as to the employment, \&c., that went towards making up their claim was not required, as I had personal knowledge of the facts, as had also the members of my staff.
No. 12.-Moving Dredges, \$1,020.

This charge is occasioned by the fact that during the season of 1891, work was ordered to be resumed and suspended on the works totally abandoned in 1893. Contractors are clearly entitled to payment for this expense, and charges were checked by my assistants and confirmed to this extent.

\section*{No. 13.-Building Roadway at M. R., \$583.}

This differs from the service of 'raising, forming and making banks where required,' to the extent that it is entirely outside of bank formation, being roadway approaches to bridge made up of selected material suitable for that purpose. The portion of canal embankment forming part of this roadway was deducted from contractor's claim-the balance, \(\$ 588\), they are clearly entitled to. It was evidently an omission in 'form of tender' that this class of work was not covered by special item in schedule of prices; such is the case on other sections on this work.

\section*{General.}

The quantities referred to as forming a basis of payment of 15 per cent for anticipated profit on unfinished and abandoned work have no bearing on this claim, except in so far as they served to correct Item No. 8, 'balance due on unwatering,' by reducing the allowance \(\$ 150\). For information of Auditor General, may say that the quantities which formed basis of calculation determining the amount paid for anticipated profits were arrived at by taking the original approximate quantities

SESSIONAL PAPER No. 1
furnished to me by Mr. Killaly, upon which the awarding of contract was based, and deducting from same the actual quantity of work done up to date of abandonment. The difference monied out on each item at contract prices gave the sum named, viz. : \(\$ 195,663.62\), on which 15 per cent was paid.

It would be well, perhaps, to call the attention of the Auditor General to the fact that all work done on these sections, viz. : 5, 6, 7, 8, previous to the suspension of spring of 1891, was done under Messrs. Page and Trudeau, as chief engineers, and Mr. Killaly, as resident engineer, and that therefore, having succeeded these gentlemen, we had no personal knowledge of details previous to that date, and had to depend on information gleaned from their notes and merit of evidence submitted in support of claim, previous to that date. Further, that when expressing the opinion that only the item; of reinforcing seemed the only item of merit in claim, this was offered previous to investigation of the claim and based on my knowledge of the fact, extending on to my own section, that such work was not included in form of tender, and formed part of the plan adopted to counteract the weakening of banks under original plan of deepening and enlarging old canal. It seems to me that it should be further pointed out to the Auditor General that my instructions, in the first instance, were merely to report on claim with what informaion I had at hand and could gather from assistants, and thereby reduce the claim for discussion to such items or parts of items on which, from such information, I differed from contractors.

This knowledge will serve to explain what would otherwise appear as inconsistencies previous to, and leading up to report, forming-with your concurrencecertificate issued for \(\$ 48,146\), and upon which order in council is based.
-
TOM S. RUBIDGE, Suptg. Engr.
5th April, 1900.

Auditor General's Office, Ottawa, April 20, 1900.
Sir,-Let me offer the following remarks on Mr. Rubidge's report of April 5, 1900, concerning the Gilbert Company's claim for \$48,146:-

In view of information obtained by Mr. Hayter on his recent visit to Cornwall, I am now passing \(\$ 16,138\) on account.
\[
\text { No. 1.-Plant Idle, } \$ 7,900 \text {. }
\]

This is calculated as twenty-one months' interest at 14 per cent on \(\$ 34,000\), given as the lump-sum value of 2 steam-derricks', 13 derricks, 5 scows, 2 pontoon-bridges, \&c., belonging to Sub-contractor Hutchinson.

My letter of March 29 asked for a detailed list of the plant, showing the approximate cost and age of each piece and the value placed on it as of May, 1891; and for a certificate that all of the plant would have been necessary, if the work had proceeded.

Mr. Rubidge, in his report of April 5, stated that he was furnished by the contractors with evidence that the plant was worth \(\$ 34,000\); but he informed Mr. Hayter, that the list is not now with himself, but with the contractors. Please get it from them and append the certificate shown above.

\section*{No. 3.-Old Stone in Culverts not availible, \(\$ 10,500\).}

This is for \(\$ 3.50\) a yard on 3,000 yards of old stone claimed to be in the old culverts, which the contractors think they could have used in the extension walls of the bridges.

There are two lines of arguments against this claim, namely:-That the engineer certified only 2,000 yards, and at \(\$ 2.50\); and that, even were this difficulty removed, the
whole claim is shut out by the fact that the extension walls were stopped when more than 2,000 yards were yet to build, and the item is therefore covered by the company's release of anticipated profits. These arguments are developed at length as follows:-

\section*{No. 3.-Engineer certifies only 2,000 yards.}

The specification for the extension walls reads: 'The stories taken from the old culvert may be used for this part of the work, as far as they will answer the purpose.' Section 3 of the contract makes the engineer the sole judge of work and material in respect of both quality and quantity: so that, had the culverts been taken down, it would have been for Mr. Rubidge (and no one else) to say how far the stone would have answered for the extension walls.

The amount and value of old stone which could have been used is estimated thus by Mr. Rubidge, August 5, 1899: ' \(\$ 2.50\) a yard on 2,000 yards available for masonry in extension walls, and \(\$ 1\) a yard on 1,000 yards for stone for bank protection-a total of \(\$ 6,000\).' Mr. Schreiber's remark of August 26, 1899, is: 'If I may judge from what I have seen of old work torn down, which was built years ago, a very small percentage only would be suitable under the specification of to-day; however, the superintending engineer is in a better position to judge than I am.' We may, therefore, assume 2,000 at \(\$ 2.50\) as being the limit available for masonry, until Mr. Rubidge explicitly alters these figures.

Now, Mr. Hayter questioned Mr. Rubidge especially on these points, and elicited the information that Mr. Rubidge adheres without hesitation to his statements that he would not have allowed more than 2,000 yards of the stone to be used, and that it would not have been worth more than \(\$ 2.50\) a yard. He based these judgments on his experience in having taken down the old Cornwall culvert (a precisely similar structure) and on the fact that the stone would need much cleaning before use.

Mr. Schreiber, under date of March 16, 1900, says: 'The contractors were compelled to provide other stone from elsewhere. The cost to them of the new stone was \(\$ 3.50\) per yard, and 3,000 yards of it were required. It appeared to be only fair and reasonable that this amount should be made good to them.'

This argument has the following flaw:-Even if the contractors had to purchase 3,000 yards for masonry, they would only have got 2,000 yards out of the old culverts, and are, therefore, liable themselves for at least the other 1,000 yards.

\section*{No. 3.-When the work stopped, 2,320 yards was still to do.}

The preliminary detailed estimate of total work anticipated on sections 5 and 7 shows 3,699 yards of 'random-coursed masonry in extension walls' as required for the Milles Roches bridge, and 4,000 at Moulinette, making 7,699 yards in all. On these two walls, 2,507 and 2,862 yards were built respectively, or 5,369 yards in all: leaving 2,320 yards still to build when the work was stopped. And the specifications do not say that the culverts were to be torn down before the walls were begun. We were still, therefore, in a position to give them the 2,000 yards out of the culverts in time to be used in the walls, if the work had gone on.

Going back now to the wording of the company's release, dated March 12, 1894, we find that the 15 per cent for loss of anticipated profits was calculated on the 'value of the estimated works remaining to be done': with the proviso that 'claims in respect of or arising out of works actually done will of course remain to be dealt with apart from this settlement.'

Of the 7,699 yards to be built, 5,369 was built and 2,320 cancelled. The company's claim for pay for the old stone must be based on the reasoning that they could have sworked it into the beginning of the work, that is to say, the 5,369 yards actually builtsince they have signed off their claim on the 2,320 yards. But it is not for those in

\section*{SESSIONAL PAPER No. 1}
charge of the government's interests to allow this one-sided arrangement. I have shown above that we were still able to fulfil our contract obligations by giving them 2,000 yards of stone in time for use in the remaining 2,320 yards of the work, and therefore this 2,000 yards of stone was one of the sources of profit (cash being another) on the 'work remaining to be done' which were all commuted at an average of 15 per cent, regardless of whether any one kind of profit would have been greater or less than the average. And since the 15 per cent has been paid, this line of reasoning would leave the company with no further claim on the present item-whatever may be the ultimate juidgment on the previous argument. 'That Mr. Rubidge's allowance of \(\$ 6,000\) cannot be exceeded until he himself withdraws that limit specifically.'
\[
\text { No. 4.-Unwatering Extension Walls, \&c., } \$ 11,958 .
\]

In a statement obtained by Mr. Hayter from Mr. Bubidge, this item is calculated as follows by one of the sub-contractors : 'Memo. showing length of dams and cost of unwatering same in connection with building abutments and retaining walls at Mille Roches and Moulinette Bridges :-
\[
\begin{aligned}
& \text { Total length of dams at Mille Roches. . . . . . . . . . . . . . . . . . . } \quad{ }_{793} \\
& \text { " " Moulinette. } \\
& 793 \\
& \text { 1,586 } \\
& \text { Cost of building dams, } 1,586 \mathrm{ft} \text {. at } \$ 3 \\
& \text { \$ 4,758 } \\
& \text { Pumping Mille Roches work, } 150 \text { days at } \$ 24 . \text {. . . . . . . . . . } \quad 3,600 \\
& \text { Pumping Moulinette work, } 150 \text { days at } \$ 24 \text {. . . . . . . . . . . . 3,600 } \\
& \text { \$11,958 }
\end{aligned}
\]

This calculation does not seem to have been submitted to the chief engineer for his approval of the quantities and rates.

Mr. Ramsay, the overseer, measures the walls at 1,375 feet instead of 1,586 feetthis should be explained. Dates will be needed for the 150 days. Messers. Rubidge and Schreiber should approve explicitly each of the quantities and rates as far as their knowledge goes.

Moreover, since the length of the dams is said to include the abutments, it will be necessary to deduct the \(\$ 2,000\) already paid for unwatering bridge-pits.

\section*{Wages of Yearly Employees, \(\$ 1,500\).}

As remarked in my letter of March 29, this claim should be supported by the names and salaries of the yearly employees and by affidavits that they were not engaged at some other work.

Further, the statement should be explained away, that Mr. Frank Gilbert repudiates the claim.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

Dept. of Railways and Canals, Otrawa, May 12, 1900.
Sir,-In reply to your letter of the 20 th ult., by which you express a wish to be furnished with further information relative to the claim of Messrs. Gilbert-the Gilbert Blasting and Dredging Company-arising out of their contract for the Cornwall Canal enlargement, I would say that the department has made every effort to obtain such information for you, and I would now state as follows :-

\section*{Item No. 1.-Plant Idle, \$7,900.}

As to this you desire a detail list of the plant, showing the approximate cost and age of each piece, and the value placed on it as of May, 1891. You further desire a certificate that all the plant would be necessary if the work had proceeded.

The department has obtained from Messrs. Belcourt \& Ritchie, who represent the claimants, a detailed statement of the said plant, and of its value in May, 1891, and in May, 1893. I enclose a copy of their communication, dated the 30th ult., together with certain inclosures, being letters from the bookkeeper and the Auditor employed in connection with the works. From these documents it would appear that the original value of the plant provided, mainly in the season of 1890 , was \(\$ 43,430.20\), and in May, 1891, it was valued at \(\$ 34,000\), upon which sum 21 months' interest at 14 per cent has been calculated, making the amount above mentioned. Messrs. Belcourt \& Ritchie observe that it is impossible to state the age of this plant, a large proportion of which was made up by carpenters, blacksmiths, \&c., in the employ of their client.

I have no objection to giving a certificate that the plant would have been needed if the work had been continued, though it seems self-evident.

\section*{Item No. 8.-Old Stone in Culverts not Available, \(\$ 10,500\).}

As to this item, I would observe that in Mr. Rubidge's report dated the 5th ultimo, a copy of which was furnished to you with my letter of the 6 th of that month, he deals with this item clearly and intelligently, and it seems to me that his explanation may be accepted as a complete answer to your inquiry.

Item No. 4.-Unwatering Extension Walls, \&c., \$11,958.
The total length of the two dams built in this connection is set down by the engineer as 1,586 feet, whereas, you state, that the length of the walls built, as measured recently by Mr. Ramsey, the overseer, is 1,375 feet, and you ask for an explanation of the difference. The measurement made by Mr. Ramsey is, no doubt, correct, but of necessity, the length of the dams enclosing the area in which these walls were built was much greater. This you will no doubt readily concede. I may observe that part of these walls was removed previous to Mr. Ramsey's measurement, being dredged out to form a channel from the Sheik's Island channel into the old canal.

As to your suggestion that \(\$ 2,000\) should be deducted as having been already paid for unwatering bridge pits, I would say that this has no conncetion with the unwatering of the bridge pits. The retaining walls extended east and west of the abutments, and it was absolutely necessary to include in the dam the area covered by the abutments, as well as the area to the east and west of them.

As to your request for the dates of pumping work, I would say that these dates covered the period of the construction of the walls, and the pumping was continued night and day.

You ask for explicit approval of each of the quantities and rates of this work. I can only say that these dams were built and removed prior to my having any connection with the canals, and I am, therefore, unable to do as you desire.

\section*{Wages of Yearly Employees, \&c., \(\$ 1,500\).}

As to this, in a letter from Mr . McCaffrey, bookkeeper for sub-contractors, Hutchison \& Co., which accompanies Messrs. Belcourt \& Ritchie's communication, above referred to, you will observe that he states that he is personally aware that the superintendent and watchman, as well as himself, were duly paid their salaries in their respective occupations during the suspension of the works. I may add that Mr. Robertson, the assistant engineer, stated to me here that these employees had all been engaged and present on the works during the season of 1891. This fact alone

\section*{SESSIONAL PAPER No. 1}
would be sufficient to justify the charge for services as allowed at \(\$ 1,500\). I inclose a copy of a letter from Messrs. Belcourt \& Ritchie, dated the 1st instant, bearing on this point.

You refer to objections made by Mr. Frank Gilbert in this connection. Though it is true, as is fully explained by Mr. Rubidge in his report of the 5th ult., that Mr . Gilbert had objected to the original claim put forward by the sub-contractors, which was over \(\$ 3,000\), he concurred in the compromise of \(\$ 1,500\) arrived at.

I would desire to impress upon you again the fact that the adjustment of this whole question is, and must necessarily be, a matter of compromise, in the absence of definite personal knowledge of the circumstances of the case on my part, and on the part of the superintending engineer; neither having been connected with the canal at the time when causes leading to these claims arose.

I am, sir, your obedient servant,
The Auditor General.
C. SCHREIBER, D.M., R. \& C.

Ottawa, Canada, April 30, 1900.
Sir,-Re Gilbert Claims-I inclose herewith the fullest information covering item of idle plant which my clients can gather. The letters of auditor and bookkeeper were deemed sufficient on the reference to you and investigation. The details of plant herewith inclosed indicate original value of same as provided for different parts of works. It is impossible to furnish age, \&c. of plant, a large proportion of which was made up by carpenters, blacksmiths, \&c., in the employ of my clients. The larger part was furnished and prepared in season of 1890. I hope that this will prove sufficient for the Auditor General's information, especially as amount of award is \(\$ 4,000\) less than the amount we could claim under this item or 14 per cent per annum instead of 20 per cent, the usual standard of valuation of depreciation in plant.

We are, sir, your obedient servants,
The Chief Engineer, Rys. and Canals.
BELCOURT \& RITCHIE.

Sir,-Yours of the 24th instant, received and note that my former letter re this matter has been mislaid.

In the spring of 1881, I audited the books of Messrs. Hutchinson \& Co., contractors on Cornwall Canal ; value of plant at that date was \(\$ 34,000\). I again audited these books in the spring of 1893, when their business was turned over to the firm of Garson, Purcer \& Co., value of plant on this occasion \(\$ 19,996\), being the price paid for same by G. P. \& Co. The difference in value representing 'depreciation on a basis of 20 per cent per annum, further reduced by refusal of G. P. \& Co. to attach that value to some of the plant, and finally settled on a sum named, viz. : \(\$ 19,996\).

Mr. W. A. McCaffrey, who I believe is at present engaged in the sand business in your city, was at that time employed by Messrs. Hutchinson \& Co., as book-keeper.

> I am, sir, your obedient servant,
N. A. Belcourt, Esq., Q.C., M.P., Ottawa.

WM. G. MoNAMARA.

Ottawa, December 12, 1899.
Sir,-I acted in the capacity of bookkeeper for the firm of Hutchinson \& Co., on their works on Cornwall Canal, from the time they commenced operations until the suspension took place in the spring of 1891. During that time I had a general knowledge of the quantity and quality of plant used by the said contractors on the said works ; an inventory was made yearly amongst other things of the plant in use by the said firm on the said works, and a valuation placed upon the same after deducting for use of the same and depreciation in value in the inventory which was made in the spring of 1891 ; the depreciation in value of the plant was taken into account in the inventory which was then made, and the said plant valued at what I believe was then its value, visibly, \(\$ 34,488\). This valuation was subsequently reduced to \(\$ 34,000\) by/ Mr. W. S. McNamara. I am also personally aware that the superintendent and watchman, as well as myself as bookkeeper, were duly paid our salary
in our respective occupations during the suspension of the works in question. It is to my knowledge that in the year of 1893, Hutchinson \& Co. made over to Messrs. Garson, Purcer \& Co., the whole of the plant above referred to for the sum of \$19,996.

\section*{I am, sir, your obedient servant,}

Mr. Geo. A. Beggy, Iroquois, Ont.
W. A. McCAFFREY.

Ottawa, May 1, 1900.
Sir,-Re Gilbert vs. the Queen.-In my letter of yesterday I overlooked the request to furnish affidavits concerning the item of 'wages to yearly employees,' made by the Auditor General.

You will remember, no doubt, that your award on this item, viz. : \(\$ 1,500\), does not cover the season of 1891 alone, as to which there can be no serious contention, as both Mr. Rubidge and Mr. Robertson admitted that during that season work was. frequently ordered to be suspended and resumed, very little work being done during the year. It has been shown that the monthly expense was at least \(\$ 245\); the amount awarded, \(\$ 1,500\), would barely cover the loss in 1891, so that nothing has been allowed outside of that period of time when it is admitted by everybody that these employees were idle. For that reason it seems to me altogether unnecessary to implement with affidavits the information already given on this item ; however, if the Auditor General insists on affidavits relating to this item being furnished, I will endeavour to procure the same, though I expect to meet with considerable difficulty and delay in locating the employees in question.

I beg to again remind you that your award of \(\$ 1,500\) was the result of a distinct compromise, my clients agreeing to accept this amount as suggested by myself for the sake of closing the matter and securing prompt payment of your total award.

My clients are prepared to abide by your award on this item, but if they are compelled to procure affidavits of facts well known to the employees of your department, and as to which these employees have already certified, I shall expect, if it is shown, as I think it can be, that the amount of this item is altogether inadequate, it will be increased as may appear by these affidavits.

The procuring of these affidavits is going to involve considerable delay, and as this is the only item upon which further material is now required by the Auditor General, I now write to request that you will be good enough to forward to the Auditor General the additional information and statements furnished to you yesterday in order that the items so dealt with may be paid by the Auditor General as soon as possible, the understanding being that the item concerning the wages to yearly employees will be dealt with later on.

I would ask you to annex to your further report to the Auditor General a copy of this my letter to you.

> I am, sir, your obedient servant.

Dept. Railways and Canals, Ottawa.

\section*{BELCOURT \& RITCHIE.}

Auditor General's Office, Ottawa, June 8, 1900.
Sir,-Let me acknowledge receipt of your letter of May 12, 1900, concerning the claim of the Gilbert Dredging Company on sections 5 to 8 of the Cornwall Canal enlargement.

I do not at present see my way clear to maintaining objections against more than the following two items:-
3. Old stone in culvert, 3,000 cubic yards at \(\$ 3.50, \$ 10,500\).
8. Part of balance on unwatering, \(\$ 150\).

The item of \(\$ 150\) is now conceded by everybody to have been already paid in the 15 per cent settlement.

SESSIONAL PAPER No. 1

With regard to the old stone in culvert, I have two difficulties, as explained in the letter of April 20, namely: that Mr. Rubidge ('The superintending engineer is in a better position to judge than I am,' says Mr. Schreiber, August 26, 1899) fixed these values for the stone:

Stone available for masonry, 2,000 yards, worth only \(\$ 2.50\). . \(\$ 5,000\)
Stone for bank-protection, 1,000 yards at \(\$ 1, \ldots \ldots . . . . .\). . . . . 1,000
Now, the very rational statement, that the local superintending engineer was the best person to judge on local facts, has never been withdrawn, and I assume that it still holds good. And Mr. Rubidge still adheres explicitly, and with emphasis, to his statement that he would not have allowed more than 2,000 yards to go into the extension walls, and that it was not worth more than \(\$ 2.50\).

You say, under date of May 12, 1900, that Mr. Rubidge's report of April 5 'deals with this item clearly and intelligently, and his explanation may be accepted as a complete answer' to my inquiry. In that report Mr. Rubidge gives at full length the different arguments advanced by the contractors, and ends with: 'I could not successfully combat these views.' Now, he could have done so, both for the quantity and the price. For the quantity, he was the only judge; had the work gone on, and had he adhered to his figure of 2,000 yards, the contractors could not have overruled him: he could, therefore, have 'successfully combatted' their claim by merely reiterating has simple ipse dixi. As for the difference between the prices of \(\$ 2.50\) fixed by him, and \(\$ 3.50\) claimed by the contractors, Mr. Rubidge explains that the stone would have to be cleaned of the old cement before using, and that in its uncleaned state it was not worth more than \(\$ 2.50\).

For these reasons, if the claim were allowed at all, \(\$ 6,000\) would be the maximum figure. But, as explained in my letter of April 20, at the time the work stopped there was still more than 2,000 yards of extension walls yet to build, and we were still in a position to fulfil our contract by giving to the contractors (out of the culverts) the full quantity of stone which they had a right to expect, and in time for them to work it into the extension walls, if the work had gone on. By this argument, which you do not discuss in your letter of May 12, the contractors would have no claim for a further allowance.

It might be well for us to have a meeting when Mr. Rubidge comes to Ottawa, and question him again as to the 2,000 yards and the \(\$ 2.50\) a yard.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

Dept. of Railways and Canals, Ottawa, September 24, 1900.
Sir,-With reference to the matter of the application made to you for the issue in pursuance of the order in council of February 5 last, of a cheque, in favour of the Gilbert Blasting and Dredging Company, for the sum of \(\$ 48,146\) in settlement of their claim for extra work, damages, \&c., in connection with their contract for sections Nos. 5, 6, 7 and 8 of the Cornwall Canal enlargement, payment of which amount you have verbally declined to authorize. I have the honour to say that the Finance Department has requested to be furnished with your written objections to making payment.

I would accordingly ask you to be good enough, should you still find yourself unable to grant the necessary certificate for the issue of a cheque in this matter, to forward to this department a letter stating your refusal explicitly, and giving the specific ground of your objection, as required by the Audit Act, in order that the matter may be placed before the honourable the Treasury Board in proper form.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M., \(R . \& C\).

Auditor General's Office, Ottawa, September 25, 1900.
Sir,-I have your letter of the 24th instant asking for a statement of the ground of my objection to certifying payment of the amount of your application in favour of the Gilbert Blasting and Dredging Company for extra work on the Cornwall Canal enlargement.

Let me direct your attention to my letter of June 8 last which requested an answer. I should like to get the reply to that letter before deciding upon the course to take.

> I am, sir, your obedient servant, The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

Dept. of Railways and Canals, Ottawa, September 27, 1900.
Memo. for Mr. McDougall-Inclosed you will find a certified copy of Mr. Rubidge's letter of July 3, re Gilbert Claims. This is the one you saw last night in Mr. Schreiber's office.
L. K. JONES.

Cornwall, July 3, 1900.
Sir,-I return the papers re the Gilbert claims.
With reference to Claim No. 3, old stone in culvert, 3,000 c. yards, at \(\$ 3.50\).
My valuation of \(\$ 2.50\) and \(\$ 1\) per c. yard was based on the large proportion of arch stone in the structure which would require to be redressed before it could be used in the extension walls.

But for the reason that in discussing this claim before the Minister and Chief Engineer, the contractors proved satisfactorily that the quantity of 3,000 c. yards was specifically given by the engineer, Mr. Killaly, to the contractors as fit to be used in extension walls, and would, in fact, become their property to be so used.

The claim was in consequence considered legally just and was allowed to stand as presented.

I am, sir, your obedient servant,
The Deputy Minister of Railways and Canals.
TOM S. RUBIDGE, S.E.

\section*{Audit Office, Ottawa, October 23, 1900.}

Sir,-With reference to your application in favour of the Gilbert Blasting and Dredging Company, and to the amount not passed in this office at the moment, awaiting information from you and consideration on my part, I beg to say that I have definitely concluded not to pass the amount. It will, therefore, be in order for you now to make an appeal to the Treasury Board for an over-ruling of my decision if you are dissatisfied with it.

In connection with the matter I beg to inclose a copy of an opinion which I have just received from Z. A. Lash, Q.C., of Toronto, on the part of the claim which I am declining to pass.

> I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.
J. L. MoDOUGALL, A.G.

Toronto, October 20, 1900.
Sir,-Re Gilbert Dredging Company : It appears from your letter of June 8, 1900 , to the Deputy Minister of Railways and Canals, that the only item of the claims of the Gilbert Dredging Company for which payment was asked under the authority of the order in council of February 5, 1900, to which objection is made,

SESSIONAL PAPER No. 1
is item 3, being 'old stone in culvert, 3,000 c. y., at \(\$ 3.50, \$ 10,500\) '; and I am asked by you for an opinion as to whether, in view of the facts below mentioned, the contractors had any legal claim against the Government for this item.

The order in council refers to the fact that certain claims were preferred by the Gilbert, \&c., Company in connection with their contracts on the Cornwall Canal enlargement, and that the claims had been fully examined into with the result that out of a total of \(\$ 58,918.35\), the aggregate of thirteen items claimed, it was considered by the Chief Engineer of the Department of Railways and Canals, and the superintending engineers of the canal, fair and just that items to the aggregate of \(\$ 48,146\) should be allowed; and it gives authority 'for the inclusion of the said several allowed amounts aggregating \(\$ 48,146\) in the engineer's estimates for this work.'

Annexed to the order in council is a copy of the Chief Engineer's report, setting out in detail the claims made and the items allowed, item 3 above refered to being one of them. It appears from the engineer's report that, as a necessary result of the adoption of the Sheik's Island Dam scheme, which took the place of a large portion of the works comprised in the contract with the Gilbert, \&c., Company, the contract was cancelled with respect to such portion, and that the company made a claim for loss of anticipated profits, with the result that an allowance was made to the company of 15 per cent on the estimated value of the work remaining to be done; and on April 19, 1894, the company was paid this allowance, amounting to \(\$ 29,350\), and gave a receipt ' in full of all claims in respect of the abandonment of parts of sections 5 and 8 and the whole of sections 6 and 7 and of the abandonments of aforesaid sections on the Cornwall Canal, as per order in council of March 28, 1894.' This order in council authorized payment of the sum 'as a fair consideration in lieu of the profit that would have accrued to the contractors, had they been permitted to complete said work in accordance with the terms of their contract.'

Upon being asked for a cheque to pay the claim, you, as Auditor, asked for information, and in reply full details were given showing the items claimed and the allowances made in respect of them and the reasons for these allowances. As item 3 alone is now in question, I will deal with it only.

Two questions are involved with respect to this, one going to the root of the whole item, the other involving the quantity and the price only. If the first be sound, the second would of course be immaterial. The objection raised by you, which goes to the root of the whole claim, is to the effect that the claim was settled by the payment made in 1894. I will now deal with this.

The stone, the value of which is claimed by the contractors, was in a culvert under the canal, which under the terms of the contract was to have been removed. The removal of this culvert was part of the work not done. There is no mention in the contract itself of this culvert, but in the specifications the following mention is made : Page 5-'For the stone taken out of the walls of the culvert the contractor must find suitable piling ground. To give access to both ends of the work a low service bridge is to be built across the canal at the most convenient place for the public travel as well as for the contractor's use in taking such stone from or to the piling ground as cannot be used with advantage in the abutments or walls for the new bridge.' Page 7-'The stones taken from the old culvert may be used for this part of the work as far as they will answer the purpose.' The part of the work here referred to is bridge abutments and walls, \&c.

The contractors claim that the stone in the old culvert became their property, and not having been allowed to take it out, they must be paid for its value. This contention seems to have been acceded to by the Chief Engineer, who says: 'Under the terms of their contract they were entitled to use the old stone in the culverts under the canal for the purposes of their new works, and had naturally based their tender upon such use. Owing to the change in the operations, they lost the use and value of this old stone and were compelled to provide other stone from elsewhere.' The superintending
engineer says : 'By the terms of the contract the stone in these culverts became the property of the contractors, as clearly indicated by the special provision that they (the contractors) should provide at their own expense piling ground for the stone.

The provisions of the contract made all the stone in these culverts the property of the contractors.'

If I could agree with the contention that the stone in question became the property of the contractors in the manner mentioned, I would have no difficulty in concluding that the settlement of the claim for loss of anticipated profits did not deprive the contractors of their claim for the value of their property, viz., the stone, of which they had been deprived; but I am unable to agree that this stone became the property of the contractors. Certainly, the words of the specifications above quoted do not make it so, either expressly or by necessary implication. In my opinion, the most that can be fairly said is that had the work not been stopped, the contractors would have been entitled to use the stone taken out of the culverts in building the masonry for which under the terms of the specifications it might have been used. The stone would never have become the property of the contractors and could not have been lawfully used by them for any purpose other than in the works contracted for.

It appears from the papers that included in the works not proceeded with there was a quantity of masonry for which the stones in the culvert (had it been removed) might have been used. Assuming that this stone would have been so used had the works been proceeded with, it is clear that the use of this stone would have entered into the question of the amount of profits which the contractors would have made in the execution of this work. These profits by agreement of the parties were fixed at fifteen per cent of the estimated cost, and in this view it seems clear to me that the payment made in 1894 covered any claim of the contractors for not being allowed to use this stone.

I gather from the papers that the contractors contend that, instead of using the stone in the work not done, they would, had they been allowed to remove it from the culvert, have used it in other parts of the work which they did do, and that therefore they were in this way deprived of profits which they would have made on such other parts of the work. Assuming this to be so, it is clear that they would have had to provide other stone for the work not proceeded with had such work not been stopped, and they would have been no better off on the completion of the whole contract.

Which ever way the case is put it seems to me clear that in depriving the contractors of the use of the stone the government was not depriving them of any property belonging to them, but was depriving them of the chance of making profits under their contract; and, as the payment made in 1894 was made 'in lieu of the profit that would have accrued to the contractors had they been permitted to complete the said work in accordance with the terms of their contract,' it follows that that payment covered all claims which the contractors had for being deprived of the use of this stone in the works contracted for.

I do not understand that you desire any opinion as to whether the order in council of February 5, 1900, makes the government liable if it be not otherwise liable, and in the view I have taken it seems unnecessary to consider the objection to the claim with respect to the amount only. I return the papers.

And am, yours faithfully,
The Auditor General.

\author{
Z. A. LASH.
}

\section*{Dept. of Rallways and Canals, Ottawa, October 31, 1900.}

Sir,-The department is in receipt of a communication, dated the 23 rd instant, from the Auditor General, by which he states that he has decided not to pass a certain item, namely, in respect of 'old stone culvert, 3,000 cubic yards at \(\$ 3.50\) per yard,

SESSIONAL PAPER No. 1
\(\$ 10,500\),' included in an application made to him by this department for the issue of a cheque in favour of the Gilbert Blasting and Dredging Company, for the sum of \(\$ 48,146\), being in settlement of their claims for extra work, damages, \&c., in connection with their contract for sections Nos. 5, 6, 7 and 8 of the Cornwall Canal enlargement.

I have the honour to inclose this letter, together with all papers, including a memorandum, dated the 29th instant, from the Law Clerk of the department, which goes very fully into the item in question, and am, by direction, to request that a ruling of the honourable the Treasury Board be obtained as to whether or not the Auditor's objection is sustained or refused.

I am, sir, your obedient servant,
The Secretary, Treasury Board. L. K. JONES, Secretary.
Memo. re Gilbert Blasting and Dredging Company :
Claim for 'stone in culvert, 3,000 c. y., at \(\$ 3.50, \$ 10,500\).'
As a reason for not passing the above item (which is one of a number of items of the claim of the contractors for extra work, damages, \&c., re sections 5, 6, 7 and 8 , Cornwall Canal), the Auditor General submits an opinion of Mr. Z. A. Lash, who points out that this item of the claim is in the nature of anticipated profits, and is therefore covered and precluded by the compromise of claims for anticipated profits made in 1894.

I find it difficult to follow Mr. Lash's reasoning. It seems to me that dealing with the question reasonably and practically, without legal refinements, no such conclusion can be arrived at.

The case is simply, that the government in its specification for the work stated that the stone in an old culvert, which was to be taken down, could be used by the contractors in the new bridge abutments and walls, as far as they would answer the purpose. The contractors in tendering would naturally take this clause into consideration, and may be assumed to have figured more finely on the assumption that the stone practically belonged to them for the purposes of the work. The government, however, abandoned the portion of the work where the culvert was situated, and the contractors were deprived of the privilege of using the stone. They therefore were compelled to provide other stone for work actually performed by them, and now claim the value of the stone thus withheld.

Mr. Lash points out that there is nothing in the contract to 'pass the property' in the stone to the contractors, and that therefore the government 'in depriving the contractors of the use of the stone was not depriving them of any property belonging to them, but was depriving them of a chance of making profits under their contract.' It is true that, speaking with legal technicality, the actual property in, or ownership of the stone would not pass to the contractors, but the clear intention of the parties was that the contractors could use this stone in the work; in other words, that the government would provide a certain quantity of stone. Now, the government has not provided this quantity of stone, and in arder to proceed with the work the contractors provided other stone, the cost of which they defrayed themselves. They now ask to be reimbursed. If they are not reimbursed, of course it affects their profits in the whole contract, but it seems to me fallacious tol argue that because their profits are affected the claim necessarily becomes one for anticipated profits, and is therefore already compromised.

The true measure of the contractor's claim, in my view, is the cost of the stone which the contractors had to supply, ta replace the stone which the government failed, contrary to the provision in the specification, to allow them to use. In an action for damages at law for breach of a similar contract between two individuals, the test I have mentioned would be the measure of damages for the breach, and the burden of proof would be on the party making default.
\(1-4 \frac{3}{2} \mathrm{~A}\)

One point further. The Auditor General in his letter of April 20, 1900 (177703), urges that since 5,369 yards of abutments and wall had been built and 2,320 remained to be built when the work was stopped, the culvert stone (which was placed at 2,000 yards) could have been supplied by the government in satisfaction of its contract, and used entirely in the works remaining to be done, and that therefore 'this 2,000 yards was one of the sources of profit (cash being another) on the 'work remaining to be done,' which were all commuted on an average of 15 per cent, \&c. This does not seem to me to be correct. The 15 per cent compromise was on a gross estimate of the value of work remaining to be done, and with regard to the masonry, would be 15 per cent only on the value of the 2,320 yards of masonry. If 2,000 yards of this were culvert stone, the contractors would receive 15 per cent only of the value of that stone, whereas they were actually entitled under the contract, and under every engineering practice, not only to the full value of the stone, but to a reasonable profit thereon as well.

I think the item cannot in any way be considered as already settled, and should be allowed.
October 29, 1900.
(Scd.) R.
Treasury Board, Ottawa, November 3, 1900.
Sir,-I have the honour to send you herewith Treasury Board file No. 26612, being letter from the Secretary of Railways and Canals, dated 31st ultimo, with inclosures, relative to objection raised by you to payment of a certain item, namely, in respect of ' old stone in culvert, 3,000 cubic yards at \(\$ 3.50\) per yard, \(\$ 10,500\),' included in an application made to you by the Department of Railways and Canals for the issue of a cheque in favour of the Gilbert Blasting and Dredging Company for \(\$ 48,146\), in settlement of their claims for extra work, damages, \&c., in connection with their contract for sections Nos. 5, 6, 7 and 8 of the Cornwall Canal enlargement.

I shall be glad to be informed for the information of the Treasury Board, to whom the matter has been referred, if you have any objection to the payment of the item referred to, and, if so, the nature of such objection and under what section and clause of the Consolidated Revenue and Audit Act it is made, and I shall also be glad to have any remarks that you may deem proper to make in regard thereto.

> I am, sir, your obedient servant,
J. M. COURTNEY, S., T.B.

\section*{Auditor General's Office, Ottawa, January 14, 1901.}

Sir,-Re Appeal of the Gilbert Blasting and Dredging Company: It may be seen from the accompanying papers that the Governor in Council awarded to this Company: the following amounts:-

No. of Claim.

SESSIONAL PAPER No. 1
all of which, with the exception of \(\$ 10,500\) for stone in culverts were passed in this office.

A material circumstance in connection with this claim for the supposed value of this stone in culverts now under consideration came out in the investigations made in this office, viz., that there was enough of masonry of the kind for which this stone was suitable, left undone when the work was taken off the hands of the contractors, to have utilized all the stone in the culverts which was fit for the work.

The argument put forth by Mr. Belcourt in support of the claim was, that the company had to buy stone to do the masonry and they should be reimbursed for their outlay in this respect, as they took the contract on the well-grounded expectation that they would have the stone in the culverts, as far as it went, to use for the masonry in the work covered by their contract.

The argument is seen to be an entirely fallacious one when the point to which I have referred above, the effect of the masonry still to be done when the work was abandoned, is brought out.

The whole profit which the contractors could have made out of the stone in the culverts would have been the same whether the whole of the masonry called for by the contract was just what the stone in the culverts would have built or any larger quantity. Therefore, while there was masonry to the extent of 2,300 yards left undone the prospective profit so far as it depended upon the stone in the culverts was as great as it was at any earlier date in the progress of the work. This was the case when the work was stopped and when the contractors accepted in lieu of all their prospective profits, including that on the undone masonry, 15 per cent on the schedule value of the work to be done.

I need not deal at greater length with this question. It is quite manifest and is dealt with in an admirably clear manner by Mr. Lash, a copy of whose opinion on the matter is on the file.

Although a special provision is made by parliament for this claim, it must be remembered that the estimate was presented by the Minister of Railways under a misapprehension, as his explanation to the House shows. See Unrevised Hansard, page 9422 (1900): 'Under their contract they were to take out the old stone from the culverts, and they were to be allowed so much for taking out the stone, and they were to own the stone and were to be entitled to use it on other works after it was taken out. The canal was not unwatered, and therefore they did not get the stone out, and were not paid for taking it out ; but they had to get other stone, and they were allowed what would be a fair price for the new stone, \(\$ 3.50\) a yard.'

Mr. Blair manifestly thought that all the masonry had been built. Then, he was quite mistaken in supposing that the contractors had any ownership in the stone. (See the contract.) They were to have the right of using the stone in the government work only.

I notice in the correspondence a letter from Mr. Belcourt in which he speaks of my interminable objections. I wonder whether it is possible to find any person in my position with some conscience who is so amiable that he will throw away over \(\$ 10,000\) of the public money for fear of wounding the feelings of the claimants or their solicitors by raising an objection to such a proposal as Mr. Belcourt supported in the interests of the Gilbert Blasting Company.

I observe that Mr. Ruel, the Law Clerk of the Railway Department, in criticizing the opinion of Mr. Lash, says that 'they therefore were compelled to provide other stone for work actually performed by them and now clain the value of the stone withheld.' And further on : 'Now, the government has not provided this quantity of stone, and in onder to proceed with the work the contractors provided other stone, the cost of which they defrayed themselves. They now ask to be reimbursed.'

Then, in commenting upon my remarks Mr. Ruel says : 'If 2,000 yards of this were culvert stone the contractors would receive 15 per cent only of the value of that
stone, whereas they were actually entitled under the contract and under every engineering practice, not only to the full value of the stone but to a reasonable profit thereon as well.'

To test the soundness of Mr. Ruel's position when he says that the contractor is entitled to the full value of the stone outside of the reasonable profit, let us suppose that the contracting parties are a man who owns a house which he wishes to have replaced by another, and a man whose work on it is to be confined to the masonry, the stone of the old house to be used in the new.

1st. Assume that before any work has been done the owner decides not to build. He asks the contractor to abandon any claim he may have in consideration of receiving his expected profit. The agreement is reached as to the profit. Then the contractor says, 'Now let us proceed to determine the value of the stone in the old building so that I may be paid that.' Imagine the owner's surprise. He replies, 'you never did an hour's work on the stone nor paid another a dollar in connection with it and yet you want it to be treated as yours.'

This case is too manifest to make it worth while pursuing it further.
2 nd. Now let us suppose that under a similar agreement between the parties the new house was built without the owner furnishing the stone from the old house. The contractor says after receiving the amount set down in the original agreement, ' I now want to get the particular stone that you were to have furnished to me to put in the building.' It seems clear that, while the owner would have the right to refuse the supplying of the particular stone, he would be liable for the loss the contractor was. put to in providing the material to take its place.

3 rd . If, however, the material to be supplied directly by the owner was only part of what was required in the building, it would plainly make no difference to the contractor whether it was supplied by the owner at the beginning of the work or later, as long as there was still, when it was supplied, enough of work to be done to utilize the material to be so supplied by the owner.

4th. Then it would also plainly make no difference to the contractor if, when the first part of the work was done and when the material in the old house was necessary to keep the work going on, the owner desired to stop the work, providing the owner was willing to pay his prospective profit but not a dollar for the value of the stone. The centractor did not calculate on getting the value of the stone. He paid nothing for it, and as raw material it was clearly to be returned at the same price.

The objection is taken under subsection (c) of section 32 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A.G.

\section*{Geological Survey: Increases of Salary in Excess of Amount authorized by the Civil Service Act.}

\author{
Audit Office, Ottawa, August 15, 1900.
}

Sir,-I have not seen my way to pass the increases of more than fifty dollars each to four of your staff, as sanctioned by order in council. I still adhere so strongly to the view-that your department has no wider rights than the other departments with reference to statutory increases, that I feel I must be overruled in this case, as in previous ones, before I am justified in passing the higher increases.

The larger increase of course involves the smaller and I am passing in the meantime the fifty dollar increases instead of the \(\$ 100\) or \(\$ 150\) as the case may be.

I would have informed you earlier of my view, but my time has been so fully occupied since the close of the session in dealing with difficult questions that something had to remain unattended to until the last moment.

> I am, sir, your obedient servant,
\[
\text { J. L. McDOUGALL, } A . G .
\]

The Deputy Head and Director, Geological Survey.

\section*{Geological Survey of Canada, Ottawa, August 16, 1900.}
- Sir,-I am in receipt of your letter of the 15 th inst., covering pay-lists sent you on July 30 and August 10 from this department, in which you state your opinion that the Geological Survey Department has no wider rights than other departments with reference to statutory increases, and declining to pass higher increases than \(\$ 50\) to certain technical officers of this department. Permit me to point out that appointments to this class of officers are made under the provisions of the Geological Survey Act, the appointees being required to have certain special qualifications.

I would refer you to decisions of the Minister of Justice, dated June 5, 1893 ; November 12, 1894; February 21, 1895, and April 28, 1898, and Treasury Board rulings on same, from which you will see, that for several reasons the technical officers employed in this department differ widely from the general classes of clerks employed in the other departments of the service, and while they have no claim to 'statutory increases,' or in fact to any increase of salary, the Governor in Council may increase their salaries by the amounts authorized by Parliament ; that the Auditor General is not warranted by law in refusing to certify for their payment and is only called upon to assure himself that moneys voted by Parliament are sufficient to pay these salaries, and that the Governor in Council has authorized their payment.

As all the conditions required under the Justice and Treasury Board rulings, above referred to, have been complied with in the cases of the five officers from whom you withheld the July and August portions of increased pay, I fail to see on what grounds, nor does your letter of the 15th inform me, you decline passing the higher increases.

As the whole matter of increases to technical officers has already been the subject of considerable correspondence and definite decisions from the Treasury Board have been obtained upon it, I do not see that any useful purpose is to be served by entering into its discussion at length.

I am, sir, your obedient servant,
The Auditor General.
GEORGE M. DAWSON.

Audit Office, Ottawa, September 7, 1900.
Sir,-With reference to your letter of the 16 th ultimo, which I am sorry to have been obliged to leave so long unanswered, I would remind you that the Treasury Board's overruling of me in a particular case forms no precedent for what should be my future action in an apparently similar case. I am usually not furnished with the reasons which have caused the Board to overrule me, and I am therefore unable to form an opinion as to what might be the action of the Board in any other case, whether remotely or closely like one on which I have been overruled.

Then with unreasoned decisions it is quite impossible to say what might be the effect of the change of one individual in the personnel of the Board. Mr. Lash who was Deputy Minister of Justice, is, as you recollect, of my opinion on the question in difference between you and me.

You will probably wonder when in a matter of this kind a final course of action is to be found.

I trust to be able to secure next session from Parliament some direction to prevent the necessity of my declining to pass indefinitely, claims which, in my opinion, are illegal and which are similar to other claims on which I have been overruled by the Treasury Board.

I quite agree with you that in this case nothing is to be gained by you and me discussing the merits at this stage.

> I am, sir, your obedient servant,

The Deputy Head, \&c., Geological Survey.
J. I. MoDOUGALL, A.G.

Geological Survey, Ottawa, September 25, 1900.
Sir,-Absence from Ottawa on field duty has prevented an earlier reply to your letter of September 7, respecting increases of salary to certain permanent technical officers of this department.

The opinions already given by the law officers of the Justice Department, supported by the Treasury Board rulings (referred to in my letter of August 16), seem to me good precedents to follow and should govern in this matter.

The opinion from Mr. Lash to which you refer, was given years after his connection with the Justice Department and in response to your letter of August 29, 1894, and referred more particularly to appointments and promotions than increases of salary to technical officers.

Mr. Lash's opinion was cited by you in the Wait case (October, 1897), but was not concurred in by the law officers of the Crown (see letter, Department Justice, April 28, 1898), nor by the Treasury Board in their ruling of June 18, 1898 in the same case.

Under these circumstances it appears desirable that I should have this matter brought before the Treasury Board for decision.

I am, sir, your obedient servant,
The Auditor General.
GEORGE M. DAWSON.

\section*{Audit Office, Ottaiva, August 27, 1894.}

Sir,-I inclose herewith letters which have passed between the Geological Survey Department and this office regarding the appointment of Mr. White to that department, at a salary of \(\$ 1,400\), and with the rank of a first-class clerk. Please refer to tho Civil Service Act (49 Vic., cap. 17), and to 53 Vic., cap. 11. Under the former Act it is contemplated that civil servants are to begin their service after having passed a qualifying examination at the minimum of the third class ( \(\$ 400\) ), with \(\$ 50\) additional for each optional subject (not to exceed four). After serving as a third-class clerk for such period as will give him a knowledge of the duties of the department, each civil servant is permitted to go up to an examination to test his fitness for higher responsibilities. If he succeeds in this examination, but not otherwise, he may be promoted when a vacancy in the second class takes place. In a similar way promotion from the second to the first, and from the first to chief, takes place. (See sections 29, 39, 40, 42 and 43.)

The staff of the Geological Survey Department are under this Act, except so far as they are removed from the applications of its provisions by 53 Vic., cap. 11 above quoted. Now, it seems quite apparent that if two men enter the same department and show at entrance that they possess precisely the same legal requirements, it cannot be legal to appoint one on his entering the service to a position to which the other man can be promoted at a subsequent time only after examination. If it is :therwise, the
experience obtained in the service must be looked upon by Parliament as unfitting a man for the performance of the work on which he is engaged.

If, therefore, Mr. White may be appointed to a first-class clerkship on his entering the permanent service, all examinations as promotion requirements have been dispensed with so far as the Geological Department is concerned, by 53 Vic., cap. 11. Is this your view, i.e., have all examinations as promotion requirements in the Geological Survey Department been dispensed with ?

I am, sir, your obedient servant,

\section*{J. L. Medouttali, A.G.}
Z. A. Lash, Esq., Q.C., Toronto.

Toronto, August 28, 1894.
Dear \(\operatorname{Sir},-\mathrm{I}\) am in receipt of your letter of the 27 th inst. with inclosures, asking my opinion as to whether the Act 53 Victoria, Chap. 11, respecting the Department of Geological Survey, has the effect of dispensing with the provisions of the Civil Service Act as to examinations, \&c., with respect to the Geological Survey Department.

The Geological Survey was a branch of the Department of the Interior prior to the passing of the Act 53 Victoria, Chap. 11 (1890), and the statute relating to it was Chap. 23 of the Revised Statutes of Canada. It is quite clear that the provisions of the Civil Service Act, being Chap. 17 of the Revised Statutes of Canada, applied to this branch of the Department of the Interior and to the appointment and promotion of officers and clerks in it.

The 'question is: Whether, by the repeal of Chap. 23 of the Revised Statutes, and the substitution therefor of Chap. 11, 53 Victoria, the provisions of the Civil Service Act have been made inapplicable with respect to the appointment of persons having special professional or technical qualifications, and referred to as 'technical officers' by sub-section 2 of section 3 of the Act 53 Victoria, Chap. 11.

The Civil Service Act declares by section 3 that the civil service, for the purposes of the Act, includes and consists of all classes of employees, elsewhere than in the North-west Territories, in or under the several departments of the executive government of Canada, included in the schedules A and B to the Act, \&c.

The Act 53 Victoria, Chap. 11, creates a department of the civil service called the Geological Survey, and authorizes the Governor in Council to appoint a deputy head and such other officers, clerks and servants as are required for the proper conduct of the business of the department, all of whom shall hold office during pleasure 'and shall be appointed and classified under schedule A of the Civil Service Act, and in accordance with and under the terms of section 6 of the said Act.'

Sub-section 2 of section 3 provides that such officers of the department as are continuously engaged in the prosecution of original scientific work or investigation shall be classified as 'technical officers under class (b) of schedule A of the Civil Service Act.' Section 4 provides that no person shall be appointed to this department under class (b) of schedule A of the Civil Service Act unless he is a science graduate, \&c. (setting out certain qualifications required to be possessed by persons appointed as technical officers).

The Interpretation Act, by section 7, subsection 3, declares that the law shall be considered as always speaking, and whenever any matter or thing is expressed in the present tense the same shall be applied to the circumstances as they arise, so that effect may be given to each Act and every part thereof according to its spirit, true intent and meaning. It does not, however, require a reference to the Interpretation Act to warrant the conclusion that the Civil Service Act, although passed before the Department of the Geological Survey was created, applied to that department so soon as it was created, because there is sufficient direct reference in the Act creating it to the

Civil Service Act, to show that it was the intention of Parliament that it should so apply.

The only question is whether section 4 of the Act relating to the department is so in conflict with the provisions of the Civil Service Act relating to examinations, \&c., as to make those provisions inapplicable with reference to persons appointed to the department as 'technical officers.' In my opinion there is no such inconsistency, but the provisions of the Civil Service Act and of section 4 may be read side by side, section 4 being regarded as requiring some additional qualifications, in cases of technical officers, to the general qualifications called for by the Civil Service Act.

Section 10 of the Civil Service Act is clear in its language-' Except as herein otherwise provided no person shall be appointed or promoted to any place below that of a deputy head unless he has passed the requisite examination,' \&c. Section 29 is equally clear-' Except as herein otherwise provided no appointment shall be made to either division of the civil service unless the person appointed has passed an examination,' \&c. Section 39 is equally clear-' No promotion in either division of the civil service shall take place without special examination under regulations made by the Governor in Council,' \&c.

In my opinion the provisions of the Civil Service Act apply to the Geological Survey Department as well as to the other departments of the Government, and 'technical officers' are not exempt from its provisions. I return the papers inclosed.

I am, sir, your obedient servant,
Z. A. LASH.

The Auditor General.
Geological Survey Dept., Ottawa, September 28, 1900.
Sir,-I have the honour to report that at the last session of Parliament the sum of \(\$ 53,800\) was voted to meet the salaries of the permanent staff of this department for 1900-1901. \(\$ 41,900\) of this amount provides for the salaries of 24 technical officers, classed under section 4, Geological Survey Act, Schedule A, sec. b., Civil Service Act, and also covers increases of \(\$ 50\) to each of seven, \(\$ 100\) to each of two, and \(\$ 150\) to each of three of these officers for the reasons duly reported to you in each case.

That on July 25 last an order in council (No. 1827) was passed authorizing the payment of all the above named increases.

On July 30, a pay-list covering the proportionate amount for that month, due the officers named thereon, was sent to the Auditor General, and on August 15, was returned by him, accompanied by a letter in which he declined to authorize the paynemt of a greater increase than \(\$ 50\) to any of the officers for whom larger amounts had been voted.

In October, 1894, the Auditor General took objection to the payment of larger increases than \(\$ 50\) voted to technical officers of this department, and on his objection being referred to the Department of Justice in November, 1894, and again in February, 1895, it was not sustained, the law officers of the Crown reiterating an opinion given in June, 1893, on a somewhat similar objection from the Anditor.

In the present case, which affects Dr. Barlow, Messrs Dowling, Senecal, Johnston and Brock, all the conditions required by the above mentioned decisions of the law officers have been complied with, and the Auditor General still holding the same objection to payment, it appears to me desirable_and in the interests of this service that, with your approval, an appeal be made to the Hon. the Treasury Board against the decision of the Auditor General.

For your information I herewith inclose copies of all the correspondence bearing on this subject.

I am, sir, your obedient servant,
The Minister of the Interior.
GEO. M. DAWSON.

Dept. of Justice, Ottawa, June 5, 1893.
Dear Sir,-In conversation with me to-day you asked my opinion as to whether technical officers under class (b) of schedule A, of the Civil Service Act, employed in the Department of Geological Survey are entitled to be paid the annual increase of salary which has been voted for them in the Supply Act, in view of the fact that the Civil Service Act does not provide for any such increase.

It is my opinion that, inasmuch as the Civil Service Act does not establish the rate of salary to be paid to technical officers falling within the class mentioned, the Governor in Council may do so, and although such officers have no claim under the Civil Service Act to annual increase of salary, yet it is open for the Governor in Council to increase their salaries by the amount authorized by Parliament.

> Yours truly,

The Deputy Head, Geological Survey.

\author{
E. L. NEWCOMBE, D.M.J.
}

Dept. of Justice, Ottawa, November 12, 1894.
My dear Sir,-I return herewith Dr. Dawson's memorandum relating to the salaries of the technical officers of the Geological Survey Department and the withholding by the Auditor General of the intended increase of \(\$ 100\) for the present year.

The moneys necessary for the payment of the increased salaries having been voted by Parliament and the Governor in Council having authorized the payment of such salaries, I am of opinion that these officers are entitled to receive the same, and that the Auditor General is not warranted by the law in refusing to certify for their payment. The Auditor General, as appears from his letter to Dr. Dawson of the 13 th ultimo, treats these increases as statutory increases, and, if they were so, his view as expressed in the letter would no doubt be correct. But in my letter to Dr. Selwyn of June 5 last, a copy of which is annexted to Dr. Dawson's memorandum, I have stated my opinion to be that these technical officers have no claim to the ordinary statutory increase, and that the Governor in Council may increase their salaries by the amount voted by Parliament, and I see no reason to depart from or vary that opinion.

I think that the Auditor General is called upon only to assure himself that the moneys voted by Parliament are sufficient to pay these salaries and that the Governor in Council has authorized their payment, and if he is satisfied as to these two points, he should not, in my opinion, withhold his certificate for the full increases of one hundred dollars each.

I am, sir, your obedient servant,

\author{
E.! L. NEWCOMBE, D.M.J.
}

Dept. cf Justice, Ottawa, February 21, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 21st inst.-T 19108 B -and of the papers inclosed therewith, relating to the application of the Minister of the Interior to the Treasury Board against the ruling of the Auditor General in the matter of the payment of the increases of salary to the technical officers of the Geological Survey Department.

I have shown these papers to the Minister of Justice, and he directs me to state that he concurs in the opinion expressed in my letter to Mr. Daly of November 12 last.

With regard to the several positions taken by the Auditor General in his letter of othe 18th instant, the Minister bids me say that, in his opinion, there is nothing in schedule A to the Civil Service Act, or elsewhere in the Act which warrants the inter-
pretation placed by the Auditor upon paragraph (b) of schedule A. The Minister sees no reason why officers of the class indicated in that paragraph should necessarily be of a rank between that of a deputy head and a chief clerk.

I do not think, as the Auditor seems to suppose, nor does the Minister of Justice think, that all appointments under section 37 of the Civil Service Act are to be to this class. The section may be availed of to appoint to any office or employment in which a vacancy occurs under the rank of deputy head, and whether the office to be filled be one coming within paragraph (b) of schedule A, or a first, second or third class clerkship. Papers returned herewith.

I am, sir, your obedient servant,
The Deputy Minister of Finance.
E. L. NEWCOMBE, D.M.J.

Geological Survey Dept., Ottawa, October 10, 1900.
Sir,-I have the honour, by direction of the Acting Minister of the Interior, to transmit the accompanying file of papers in reference to the payment of increases of salary voted by Parliament last session for certain technical officers of this department, and to ask that this matter be brought before the Board at the earliest opportunity for their decision.

I am, sir, your obedient servant,
GEORGE M. DAWSON.
The Secretary, Treasury Board.

Treasury Board, Ottawa, October 11, 1900.
Srr, -I have the honour to inclose herewith Treasury Board file No. 26817, being letter dated the 10th instant from the Director of the Geological Survey, with inclosures, in reference to the payment of the increases of salary of certain technical officers of that department under order in council of July 25 last.

As the matter has been referred to the Treasury Board for decision, I shall be glad if you will kindly let me know, for the information of the Board, the objections you have made in regard to the authorization of these increases, and the grounds of such objections, and the section and clause of the Audit Act under which the objections are made.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, S.T.B.

\title{
SUNDRY TREASURY BOARD CORRESPONDENCE.
}

\section*{Treasury Board Procedure.}

Dept. of Finance, Ottawa, June 12, 1900.
Sir,-A meeting of the Treasury Board has been summoned for this evening at six o'clock, and it is probable that meetings will be held daily for the remainder of the week. I should be glad to receive answers to the references referred to in my letter to you of the 31st ult., in order that matters involved may be taken up and disposed of by the Board.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, D.M.F.

Audit Office, Ottawa, June 23, 1900.
Sir,-In connection with the Treasury Board business so far as reports from me are concerned, I now find, in considering replies to the various cases, that there appears to be some hope of placing before the Board in a general letter a manner of dealing with the questions which would be satisfactory to all. Such a result would be an agreeable change from the present method which, while most discouraging to me, must be considered imperfect by the members of the Board and yourself.

I am engaged in preparing the letter and shall send it to you as soon as the many matters required to be disposed of from day to day will permit.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A.G.

Aldit Office, Ottawa, July 14, 1900.
Dear Mr. Fielding,-I have your letter of yesterday about the appeals to the Treasury Board against my decisions. As you say, some of them have been before me for a considerable time. Let me give you the reasons. I have heen endeavouring in the shore times at long intervals, which I could snatch from the regular work of the office, to suggest a change in the Treasury Board's method of dealing with the Audit Office work.

You will recollect that Sir L. H. Davies, a member of the Treasury Board, said at a meeting of the Public Accounts Committee that I was overruled by the Minister of Justice. Now, if Sir Louis did not know that the Treasury Board had anything more to do with the financial affairs of the Dominion than to register the decrees of the Department of Justice, other members of the Board were likely in the same condition. The reports which I am required in all appeals to make to the Board were evidently never looked at. I need not go into an elaborate proof of the fact that when there is an appeal from my decision, the moment the Board learns from the Department of Justice that there is not, in its opinion, any legal objection to the payment which I have declined to sanction, no matter what I may urge in the public interest against making the payment, no attention is paid to my remarks. I am overruled without consideration. This is manifest from the letter of the secretary of the Treasury Board to me: 'June 18, 1900.-I am endeavouring, after six, to get the Board to meet daily
to get rid of arrears, and with'some success.' It is a sanguine man who looks for much careful consideration of opposing views on important subjects on the part of men who work all day, and nearly all night, especially when the consideration is to be given at the time borrowed from the short time set aside for a hasty dinner. Evidently if the secretary agrees with the views of the Board in the course to which I am objecting, notwithstanding the time which he has been in the position, and although he ought to appreciate its high functions, he has no adequate view of what the Board was expected to do in this respect.

Now, you will recollect that the opinion of the Nepartment of Justice is that the Government may pay any price for services or materials, whether provided under contract or not, the only restriction to the power of the Government being that there is a parliamentary appropriation. If, therefore, the practice hitherto followed at the Board is persisted in, all that a claimant will require to get what public money it may be convenient for him to have, will be to induce a member of the Board to take up his case. What a pleasant prospect to any one who is connected with the country's finances, while everything else about Canada and Canadians is glorious.

You may answer me as the Minister of Justice once did. He said : 'I inform the Board what I think it has the power to do, but there is no obligation on it to do what it has the power to do but which it would not be prudent to do.' This it might have cone, but as I said above, it did not do.

Let us see what the Board has done. It has established the principle that an arrangement may be regularly entered into between the Government and employee, that he is to get a certain salary for a year. He is pleased to take the salary and occupation, gets his salary each month until the end of the year. He then makes a claim to be paid a higher salary for the period of his service, gets the additional claim, and may come as often as he likes for more.

Mr. Courtney will remember informing me, a short time ago, that of three decisions then recently made, one was in my favour. By the way, the decision in that case has not yet reached me.

The appeal which was refused was made by the Postmaster General on an, arrangement made by that Minister and the Minister of the Interior, that postage on immigration literature sent through the Department of the Interior should be remitted.

The Treasury Board, as usual, decided on the opinion of the Department of Justice, which was, as I supposed, that the Postmaster General had not the power to make the arrangement.

The first opinion of the Department of Justice given to the Board was, that the Postmaster General had the power to remit the postage, but subsequently the opinion was changed. One naturally asks, would the action of the Board have followed the opinion of the Department of Justice in the first case, notwithstanding the argument of this office, which, I presume, was the same as that which influenced the Department of Justice on looking at the question a second time.

Please notice that I make no reflection on the Department of Justice for having changed its mind. Quite the contrary. My argument is that the reports which are under the Audit Act brought before you, should receive equally careful examination. While the technical knowledge of the lawyer is of great assistance, lengthened experience in any line of life cannot safely be despised when one of its branches is under consideration.

You reasonably ask me how are we to get rid of these difficulties and objections. Most simply. In a much more satisfactory way to the Board and to all those directly affected by the appeals. I need not go over the proof that a member of the Board, when he happens to be the applicant for an overruling of the Auditor's decision, is generally prejudiced in favour of overruling, and that he has an effect in the same direction on
his colleagues at the Board, and that therefore, the tribunal is not a good one. To such an extent is the member of the Board who brings the appeal affected by his desire to succeed that, when the Board is obliged under the Audit Act, by the opinion of the Department of Justice, to refuse the appeal, the Board does not promulgate the result of the appeal, presumably because the appellant strongly objects.

I have not yet heard the result of these appeals.
1. Marine: Temporary clerks appointed without examination, contrary to statute.
2. Dominion steamers: Revenue used to meet expenditure.
3. Postage stamps furnished Immigration Branch of Interior Department.

What is wanted is to establish general rules, a rule with reference to each class of cases, when the special interest of no individual is present to the members of the Board to bias their views. After the making of such rules there would be one rule for all who are situated alike. You do not require to know the person who is to be affected by a decision before giving it, whether you are dealing with the case as a member of the Government, or in any other capacity, providing you have all the facts.

I know how difficult it is for the members of the Board to give to the appeals the care which they need, to carry out the spirit of the Audit Act. Every case has to be fully considered from the beginning, the facts to be mastered, the law to be cleared up, prejudice to be put aside. The members of the Government are the busiest men about the buildings and necessarily know the least about details. In many similar places the permanent official is the person on whom reliance is usually had. Not being familiar with the internal working of the Board, I do not know how.far Mr. Courtney's tastes and information fit him for this work, but it is quite plain when he is so much more engaged in other governmental work than this, it is his fitness for that which counts largely in his general usefulness. I am, therefore, unable to suggest that you, he and I might prepare the draft of the general regulations for the Board, but I shall be glad to assist in that or any other way that may appear to the Board to be desirable. Let the Board now consider the general questions and ask Parliament to give its views the force of law, as is done in the United States. There would be no room for further difference of opinion. If we make general rules without the sanction by parliament, we still get into difficulty. Whenever an order in council contravening such general order in council might happen to slip through council without being noticed we should be told by the Department of Justice as at present constituted that a general order in council may always be amended by a particular order in council without naming the general order in council-that is, virtually that the Governor in Council cannot pass a general order in council of any more binding effect than any other order in council.

Sir John Thompson took a different view, but that does not help matters now.
An official calls to see me about the rule which should govern him in any particular claim. I ought to be able to give a reliable answer. I have studied the statutes and precedents. All I can tell him, however, is that the practice hitherto followed is so and so, that there is a general order perhaps to that effect, but that if the matter should come before the Treasury-Board it will give all that the law, as interpreted by the Department of Justice, will say is permissible, and the Department of Justice will say that anything may be done if there is an available appropriation.

I find that at the moment I have not time to classify the overrulings under the general principles to which they belong, as referred to on page 3, but I hope to be able to do so shortly and perhaps to deal with the whole question in some other respects.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

Hon. W: S. Fielding, Minister of Finance.

\section*{Ottawa Improvement Commission-Audit of Expenditure.}
- Note.-For other correspondence on this subject see pages G-33 to G-36.
J. L. McD.

Treasury Board, Ottawa, February 17, 1900.
Sir,-I have the honour to inclose herewith T. B. reference No. 25797 in regard to your objections to passing an application for the isue of a cheque of \(\$ 45,000\) in favour of the Ontario Bank for the credit of the Ottawa Improvement Commission, and I shall be glad to be advised for the information of the Treasury Board as to what your objections are to the issue of the cheque in question, and also the grounds for such objections, as well as the section and clause of the Audit Act upon which such objections are founded.

I shall also be glad to have any remarks you may wish to make regarding the matter. As the matter is pressing kindly let me hear from you at your earliest convenience.

I am, sir, your obedient servant,
J. M. COUR'TNEY, Secy. T. Bd.

\section*{Audit Office, Ottawa, February 26, 1900.}

SIR,-I return herewith the appeal to the Treasury Board to overrule my decision with reference to the application to pay the Ottawa Improvement Commission the sum of \(\$ 45,000\).

I have seen the chairman and secretary, and the commission has passed a minute adopting the suggestions which I made as to the keeping of its accounts and has also authorized the Ontario Bank to furnish a statement of cheques drawn, and to permit the Audit Office to inspect the bank account whenever it may be desired. I am passing the application.

> I am, sir, your obedient servant,

The Secretary, Treasury Board.
J. I. McDOUGALL, A.G.

\section*{South Shore Railway Bridge at Sorel : Evidence as to amount stated as Cost in application for Subsidy.}

I, the undersigned, Joseph Misael Fortier, tobacco manufacturer, of Montreal, one of the members of the Tourville Syndicate and one of the directors of the South Shore Railway Company do solemnly declare :

That to my personal knowledge the sum of five thousand dollars \((\$ 5,000)\) was paid out and expended of the funds of the South Shore Railway Company to Hyacinthe Beauchemin, of Sorel, according to an agreement with him to superintend the works of trestle, pile-driving, filling in rest piers, \&c., all works connected with the construction of the Richelieu River Bridge at Sorel, except the work of the bridge itself, which was given out by contract, and also for the purchase of timber, boulders, sand, dce., which were required to carry out these works to the satisfaction of the company, being item two hundred and sixty (260) of the detailed statement of the amount expended for the construction of said bridge, and I make this solemn declaration conscientiously believing the same to be true and knowing that it is of the same force and effect and as if made under oath and by virtue of the Canada Evidence Act, 1893.

Declared before me at Montreal, this ninth day of December, eighteen hundred and \(\}\)
J. M. FORTIER. ninety-nine.
C. Rattie, Esq., N.P.

Province of Quebec,
District of Richelieu.
I, Edouard C. Lalonde, secretary-treasurer and auditor of the South Shore Railway Company, of the town of Sorel, in the district of Richelieu, do solemnly declare :

That I know as secretary and auditor of the company aforesaid, that item seventy (70-) of the detailed statement of the amount expended for the construction of the bridge over the Richelieu River at Sorel, which reads as follows: 'To purchase of land and river ground belonging to the Richelieu and Ontario Navigation Company, and required for the construction of the bridge, it being cadastral number seventythree (No. 73) of the parish of St-Pierre de Sorel, of the approximate value of two thousand dollars \((2,000)\),' is correct, and that the transaction has not been completed owing to certain irregularities to be corrected in title deeds, so that the voucher cannot now be produced.

I know also that besides the question of details there is yet another question to be settled between the South Shore Railway Company and the aforesaid Richelieu and Ontario Navigation Company, about reserves which the said last company desires to have, but it is also to my knowledge that the said company is in possession of the said land, it being partly occupied for the purposes of the bridge above mentioned, and that it was necessary to secure this piece of property in order to construct the bridge.

I moreover solemnly declare that as secretary-treasurer and auditor of the said South Shore Railway Company, I was present at the examination of the books of the said company, by Joseph Perrault, architect, of the city of Montreal, and that said examination and report are true.
\[
1-5 \mathrm{~A}
\]

And I make this solemn declaration conscientiously believing same to be true and knowing that it is of the same force and effect as if made under oath by virtue of the Sonada Evidence Act, 1893.

Wm. F. Lighthall, J.P.,
District of Montreal.
Dept. Railways and Canals, Ottawa, January 5, 1900.
Sir,-I have the honour to report that, in accordance with your instructions, I have examined the books and vouchers of the South Shore Railway Company, in order to ascertain the cost of their bridge over the Richelieu River.

The detailed statement prepared by the company shows the cost to be \(\$ 243,148.52\), this sum including \(\$ 25,374.79\) as being the estimated cost of the works east and west of the bridge, and which constitute the approaches of the same, leaving a balance for construction alone of \(\$ 217,783.73\). This statement has been sworn to by Mr. E. C. Lalonde, secretary and auditor of the company.

I have examined and verified vouchers which are clearly for bridge construction, as follows:-

I have omitted from the above the following items, which do not appear to me to be clearly for bridge construction :-

The value of works represented by an amount of \(\$ 53,796.86\), as charged in their statement, for which no vouchers were produced, has been estimated by Mr. J. Perreault, who has made detailed statements of measurements and quantities of the materials and workmanship, with the current mercantile value of the same; and such statement being annexed to the statement of expenditure might be verified by an engineer of the department.

The total cost of the bridge, as per vouchers which appear to be properly chargeable to the construction, is, as hereinbefore stated, \(\$ 151,395.14\). If the estimated cost of the substructure, as furnished by the company, is approved of by the engineering officers of the department, viz., \(\$ 53,796.56\), then the cost of the bridge, \&c, would be \(\$ 205,192\).

I inclose a sworn declaration from Mr. Joseph Perreault, with further reference to the above calculations, and two declarations from Mr. E. C. Lalonde, with reference to the total expenditure, and to an item of \(\$ 500\) (No. 11) respectively.

I am, sir, your obedient servant,
The Chief Engineer, Dept. of Railways and Canals.

\author{
J. GLEASON.
}

Order in Council, January 16, 1900.-On a memo. dated January 6, 1900, from the Minister of Railways and Canals, representing that under date the 6th January, 1900, the Chief Engineer of the Department of Railways and Canals has furnished a report showing the completion of the bridge over the River Richelieu at Sorel on the line of the South Shore Railway, towards the construction of which a subsidy of 15 per cent 'upon the amount expended thereon,' not exceeding \(\$ 35,000\), was authorized by the Subsidy Act of 1899, Chap. 7, a contract having been duly entered into with the company for this work.

The Minister further represents that an examination has been made of the books and accounts of the company, with a view to ascertain the cost of the said bridge, claimed by the company to amount to \(\$ 243,148.52\). Of this amount, however, the sum of \(\$ 25,374.79\) applies to expenditure upon the approaches, and this has been admitted by the company, reducing the amount applicable to the bridge proper to \(\$ 217,773.73\). From this, however, should be deducted certain sums expended for the purchase of land, \&cc., and the cost of the bridge is set down by the officer of the Department of Railways and Canals who examined the vouchers, at \(\$ 205,192\), to this the Chief Engineer states that he considers it right to add a charge of \(\$ 5,000\) for superintendence which has been deducted by the said officer, thus making the total cost \(\$ 210,192\). Of this amount the subsidy of 15 per cent aggregates \(\$ 31,528.80\), which sum the Chief Engineer states appears to have been earned. He adds that the vouchers of expenditure produced and certificates of the company's engineer have been sworn to as correct by the persons giving them.

The Minister recommends that authority be given for payment to the company of the said sum of \(\$ 31,528.80\).

The Committee advise that the requisite authority be granted.
J. J. McGEE, C.P.C.

Audit Office, Ottawa, January 18, 1900.
Sir,-With reference to your application to pay the South Shore Railway Company \(\$ 31,528.80\) as subsidy for the bridge over the River Richelieu at Sorel, I beg to remark that the examination of Mr. Gleason, of your Accountant's Branch, does not indicate that he has satisfied himself that the sums which appear in the statement furnished to you by the company as the cost of the various parts of the bridge are either what were actually paid by the company or what were entered in their books
at the time the expenditure was going on. The absence of this information is a most serious defect and must be explained. If the defect is not fully supplied, whatever part of it can be supplied must be.

It does seem extraordinary that an expenditure of such magnitude and made by a railway company, would have been made without a bank account being kept and cheques issued for almost every separate payment. If cheques exist, there is nothing more satisfactory than the furnishing of them, because nothing can be more convincing than a cheque payable to the order of the creditor, since it shows by the endorsation that the money actually passed to him.

To show the advantage from the production of the cheques, I now observe that the superstructure is put down at \(\$ 149,750\), and was supplied by the Dominion Bridge Company. That company was no doubt paid in large sums by cheque or by some negotiable instrument, the existence of which would account for three-fourths of the amount said to have been expended on the bridge. This would probably be quite satisfactory so far as the cost of that part was concerned, and if so, would limit our investigations to the remaining fifty thousand odd, this balance being to a great extent composed of the cost of piles and square timber, the placing of them, the concrete and the masonry.

Mr. Beauchemin, if he were communicated with, on seeing what your department and this office require, might be able to supply the needed information at once.

I should be glad to see now a statement from your expert officer on this particular branch of work-probably Mr. Douglas-as to the value of the several parts of the bridge as it exists, basing the calculation on what those parts were worth at the time they were put in place.

> I am, sir, your obedient servant,
\[
\text { J. L. McDOUGALL, } A . G .
\]

The Deputy Minister of Railways and Canals.

\section*{Dept. of Railways and Canals, Ottawa, January 20, 1900.}

Sir,-I have the honour to acknowledge the receipt of your communication of the 18th instant, relative to the application made to you by this department for the issue of a cheque in favour of the South Shore Railway Company for the sum of \(\$ 31,528.80\), being the amount of subsidy in respect of the bridge erected by them over the River Richelieu at Sorel.

In my previous letter to you I think the case was fully stated. Mr. Gleason, of this department, examined the vouchers, amounting to \(\$ 151,395.14\), and, further, obtained an affidavit from the company's auditor, testifying to the correctness of that amount as having been expended on the bridge. This covers the greater portion of the amount of the said application ; and the balance is based on an estimate of cost made and sworn to by Mr. Joseph Perrault, C.E., and also sworn to by Mr. E. C. Lalonde. This is the best, and, indeed, only evidence I was able to procure.

Permit me to suggest that, as Auditor General, powers are vested in you for examination into matters of this nature greatly in excess of any possessed by the department, and that their exercise in the present instance might be means of enabling you to arrive at a proper solution of the difficulties you experience in dealing with the case.

> I am, sir, your obedient servant,

Montreal, January 27, 1900.-Mr. Beauchemin was asked by me 'How much did you pay the Dominion Bridge Company for iron of the superstructure?

Mr. Beauchemin answered, 'I refuse to say as it is my personal affair and it would be giving to the public information as to the profits I made out of the contract ; and as a contractor I refuse.'

\section*{F. Hayter.}

He adds : 'I have no objection to tell what the bridge has cost to the South Shore Railway Company.'-F.H.

Ottawa, February 14, 1900.
Sir,-In accordance with your instructions I have examined the bridge built by the South Shore Railway Company across the Richelieu River at Sorel, in order to make an estimate of its propable cost and beg to report as follows :-

The estimate which I inclose is based on the plans of the substructure made by Mr. J. M. McCarthy, C.E., and the plans of the superstructure made by the Dominion Bridge Company. These plans I have verified as far as possible by measurements of the structure. Mr. McCarthy's plans are, general plan, dated August, 1895 ; masonry plan, dated December 14, 1895, and foundations and rest piers plan, dated January 3, 1896.

In estimating the cost of foundations I have included the caissons with the concrete measurement at an average price which, in my opinion, is ample to cover both classes of work. I have also made a detailed estimate of the quantities of timber, iron and concrete in these caissons, to check this average price, and can furnish you with these details. In estimating the piling as shown on the plans, I have taken the number of piles shown on the plans, and adopted the lineal measurement claims by the company as there are no other means of obtaining definite information available.

The rest piers, I have estimated at a price per cubic yard for the total contents of the piers, sufficient to include the cost of the timber, stone filling and iron. I have also made detailed estimates of the quantities of timber, stone and iron in these piers, which I can furnish you with.

The riprap or stone filling around piers, is a quantity which would be very diffcult to arrive at, definitely now. I cannot, however, very well understand how there could be likely to be any greater quantity than I have estimated which is the quantity claimed by the company. The price given for riprap in my estimate, though larger than usual, I have adopted, as I understand from the inquiries I made, and the most reliable information that could be obtained at Sorel, that there is difticulty in obtaining suitable stone, and that under the circumstances it is fair price.

The prices for superstructure are ample to cover the cost of the material, and erection of the completed spans. I am of the opinion that all the prices I have adopted, are fair and liberal, and that a contractor with a knowledge of this class of work could at these prices make a good profit.

The local conditions are such, that all the material required could be obtained reasonably, and without difficulty.

I send with this two photographs of the bridge which may be useful to show its position and its class as a structure.

> I am, sir, your obedient servant,

CHARLES H. KEEFER , C.E.

\section*{Audit Office, Ottawa, February 14, 1900.}

Sir,-In further discussion of your application No. 327 for \(\$ 31,528.80\) in favour of the South Shore Railway Company, being a subsidy of 15 per cent on \(\$ 210,192\), the claimed cost of their bridge at Sorel:

The account for \(\$ 210,192\) is made up as follows:-
Work by company, in piling, rest piers and boulders. ... . \$ 53,796 86
Contract between company and its president, Mr. Beauchemin, for concrete, masonry, and iron-work. ..... 149,750 00
Sundry charges.......... . ........ . . ..................... . 6,64514
\$210,192 00
My attention was arrested by the peculiar facts, that the company had entered into a contract with its own president, and that no specification could be had. Further, since the contract was made without calling for tenders, there was absolutely no evidence that the price was connected in any way with the value of the work. Nor was there any indication that the \(\$ 53,796.86\) was based on the prices actually paid by the company.

As the Railway Department does not appear to have made a valuation of the bridge, I have had this done by Mr. Chas. H. Keefer, of Ottawa, a member of the Canadian Society of Civil Engineers, who was recommended to me as one of the most competent persons available. Mr. Keefer visited Sorel, January 25-26, accompanicd by Mr. Hayter, as a commissioner under sec. 57 of the Audit Act. After inspecting and
measuring the bridge, and interviewing the company's officials, Mr. Keefer now reports the whole work to be worth some \(\$ 112,472.50\), instead of \(\$ 210,192\).

My instructions were,-that good prices were to be allowed, and that all cases of doubt were to be decided in favour of the contractor. A copy of Mr. Keefer's report is inclosed, that you may see how far these instructions have been observed. It may be that some of the allowances arel higher than you care to pass.

The application for \(\$ 31,528.80\) is returned to you herewith. A new application for 15 per cent of \(\$ 112,472.50\), making \(\$ 16,870.87\) (or whatever less sum you may fix), will be recognized by this office, without prejudice to any subsequent readjustment. The company's agent is anxious for an early payment on account of as large an amount as possible.

Let me call your attention to the last section of my Report for 1898-99, where I state that our experience has been unfavourable to the method of basing subsidies on - the cost of the works.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Depy. Minister of Rys. and Canals.

\section*{Dept. Rallways and Canals, Ottawa, February 21, 1900.}

Sir,-I am in receipt of your communication of the 14 th instant, upon the subject of the subsidy granted, under the authority given by Parliament by the Act 62-63 Vic., chap. 7, towards the construction of a bridge over the River Richelieu at Sorel.

I note your statement that this department does not appear to have made a valuation of the bridge ; this is correct ; the reason being that the Subsidy Act authorizes payment for this work to the extent of ' 15 per cent upon the amount expended thereon, not exceeding \(\$ 35,000\),' and the law officer of the department advised me that under its terms an estimated valuation on my part was uncalled for, and useless for purposes of payment.

The department accordingly aimed at ascertaining what the expenditure upon the bridge had been, and, for this purpose, one of the officers of the Acountant's Branch was sent down to the office of the South Shore Railway Company, with whom the contract had been made for the construction of this bridge, to examine their books, accounts and vouchers. He made such examination, and reported. The correctness of the acounts, dcc., was sworn to as being the expenditure by their auditor, Mr. Edward C. Lalonde, and their engineer, Mr. J. Perreault. I informed the company that their statement was not satisfactory to me, and that the amount stated to have been expended appeared excessive. Mr. Beauchemin, their president, and Mr. Prefontaine, acting for them, stated to me that it represented all the information they had or could get, and that it was a correct statement of the cost of the structure; further, that, however large the amount migh appear to me to be, I could not, if it were the actual expenditure on the bridge, take exception to it.

Under these circumstances, I have sent in an application to you for the issue of a cheque in accordance with the said statement ; and in so doing, it appears to me, if the wording of the Subsidy Act is to govern, that I have done all that I can do in the matter.

> I am, sir, your obedient servant, COLLINGWOOD SCHREIBER, D.M.

The Auditor General.

\section*{Audit Office, Ottana, February 22, 1900.}

Sir,-In further discussion of the subsidy to the Sorel railway bridge, I would like to affix what you consider reasonable rates to the quantities given below, for work similar to this bridge :
1. First-class bridge masonry, 1,535 c. y.
2. Concrete in foundations, including timber and iron in caissons, 1,425 c. у.
3. Timber in foundations, \(75,000 \mathrm{ft}\). B.M.
4. Piling in foundations of piers and rest-piers, 21,600 l. ft.
5. Rest-piers, total quantity including timber, stone filling and iron, 1,800 c. y.
6. Riprap around river-piers, pivot-pier and rest-piers, 5,899 с. y.
7. Earth excavation in foundations, 500 c. y.

Please let me have these figures at your early convenience.
I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

Dept. of Railways and Canals, Ottawa, February 26, 1900.
Sir,-I have the honour to acknowledge the receipt of your communication of the 22nd instant, asking, in connection with the subsidy granted to the South Shore Railway Company in aid of the construction of the bridge erected by that company across the River Richelieu at Sorel, that the department affix what it considers reasonable rates to the quantities given in your letter.

In reply, I inclose herewith a copy of the said quantities, to which I have applied what I consider fair and liberal prices, as desired by you.

COLLINGWOOD SCHREIBER.
Ottawa, February 26, 1900.

Audit Office, Ottawa, March 12, 1900.
Sir,-Let me acknowledge receipt of your letter of the 20th ultimo in further discussion of the subsidy of the South Shore Railway bridge at Sorel.

Your second paragraph is:-
' I note your statement that this department does not appear to have made a valuation of the bridge. This is correct, the reason being that the Subsidy Act authorized payment for this work to the extent of " 15 per cent upon the amount expended thereon not exceeding \(\$ 35,000\)," and the law officer of the department advised me that under its terms an estimated valuation on my part was uncalled for, and useless for purposes of payment.'

Probably your law clerk supposed that you had only to deal with extravagance in the accounts of the cost of the Sorel bridge as furnished by the company, but you surely had a right to suspect fraud as I did. I was glad that in the discharge of my duty it was not necessary to fix the fraud on any particular person. If you ask me why I suspected fraud I tell you that it was mainly for three reasons :
1. The piles, which formed a considerable portion of the account, were charged at \(\$ 1\) a foot, a remarkably round figure.
2. The only voucher to substantiate three-fourths of the whole account was a simple receipt from the president of the company, who was also the contractor. No evidence was given that tenders had been called for or that even an estimate had been made by the company's engineer to guide the letting of the contract.
3. When actual cost of anything was requested by me, I was told that no regular accounts were kept and that there were no bank cheques even.

I cannot understand why you were not affected by these reasons, and why it did not occur to you to explain your suspicions to the Minister, who is a lawyer, as well as to the law clerk. Either of them could not have failed to tell you that if you suspected fraud you were not bound to be governed by the statement of account presented.

To meet such a case when it may arise in the future, as it is certain to do soon and often, I wish that you would put this part of your duty, as I view it, before the Minister and the law clerk without delay, and let me know the result.

In this matter I was able to prevent the success of an attempt to defraud the country, but in ordinary cases I have small means of doing so, compared with the power that is in your hands. You have the knowledge of the value of all parts of a bridge, and you can work out all the quantities from the plans. Then, you have a staff of assistants to do this work for you, if you have not the time to do it yourself. If your calculations produce a sum which differs to any considerable extent from the amount on which the claim of the company is based, you are almost as certain that the accounts are unreliable, as you would be if the material charged for were flour at a rate much beyond the market price. What was put down as having cost in this case \(\$ 149,750\) you found to be worth \(\$ 63,413\), or what was worth \(\$ 423\) was charged at \(\$ 1,000\). Would the manager of a private business feel that he could justify himself to his principal in paying \(\$ 1,000\) for 100 barrels of flour because the furnisher of the flour stated that \(\$ 1,000\) was the cost, when flour was selling at the time in the open market at \(\$ 4.23\) per barrel ? The charges of reputable contractors for like work under similar circumstances are the only standards to be used when those who are claiming a fulfilment of a government promise of subsidy have of their own accord deprived themselves of the means provided for determining the amount of the subsidy.

It is our duty to work out, with as little loss to the country as possible, this very unsatisfactory pårliamentary regulation for paying subsidies, and I trust that you will see your way to apply the test of value whenever you can do so at all expeditiously, and in every case where you have reason to believe that the claim is much beyond what it should be. I have stopped one particularly striking attempt to overreach the country, but there is so very little money for the purpose of examining accounts at the disposal
of this office that, faced again with a claim of like suspicious character, I would be obliged to refuse the application for payment unless you would cause the valuation to be made. I hope you will see that, while we are both bound to save to the country every dollar that we can without doing injustice to others, you have, in cases similar to this, so much more ability for good than any other person that you should apply every available test to accounts of this kind before passing them.

Have you been informed that this company has received \(\$ 50,000\) from the Quebec government and \(\$ 25,000\) from the city of Sorel ? If the information is correct, and if the application for \(\$ 35,000\) from the Dominion had passed, the subsidies would have amounted to \(\$ 110,000\), that is, \(\$ 12,000\) more than the cost of the bridge at your calculation.

I really do not know how to characterize your third paragraph :-
' The department accordingly aimed at ascertaining what the expenditure upon the bridge had been, and, for this purpose, one of the officers of the Accountant's Barnch was sent down to the office of the South Shore Railway Company, with whom the contract had been made for the construction of this bridge, to examine their books, accounts and vouchers. He made such examination and reported. The correctness of the accounts, \&c., was sworn to as being the expenditure, by their auditor, Mr. Edward C . Lalonde, and their engineer, Mr. J. Perrault. I informed the company that their statement was not satisfactory to me, and that the amount stated to have been expended appeared excessive. Mr. Beauchemin, their president, and Mr. Prefontaine, acting for them, stated to me that it represented all the information they had or could get, and that it was a correct statement of the cost of the structure; further, that however large the account might appear to me to be, I could not, if it were the actual expenditure on the bridge, take exception to it.'

I should tremble on account of my responsibility in passing your expenditure if much of your course of action were permeated by a similar complaisance. The views of an interested creditor are not the most reliable help in the interpretation of a statute under which he is to be paid. I was told by one of the gentlemen named, without my seeking his opinion, that in endeavouring to determine the value of the work, I was giving myself much mnecessary trouble. There is a name for this kind of advice, but I do not need to give it.

I append the costs as given by the company, Mr. Keefer and yourself ;
\begin{tabular}{|c|c|c|c|}
\hline & Chief Engineer. & \begin{tabular}{l}
Engineer \\
Mr. Keefer.
\end{tabular} & Company. \\
\hline Contract with President Beauchemin & \$ 63,41\% 75 & \$ 68,52.5 00 & \$ 149,750 00 \\
\hline Piles, floors, rest-piers, boulders. & 24,758 00 & 33,947 50. & 53,796 86 \\
\hline Superintendercc. & & & 5,000 00 \\
\hline Sundry expenses, as by vouchers. & & & 1,645 14 \\
\hline Contingencies and superintendence & 10,000 00 & 10,000 00 & . . . . . . \\
\hline & 98,171 75 & 112,472 50 & 210,192 00 \\
\hline
\end{tabular}

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.,

The Deputy Minister of Railways and Canals.

Dept. of Rallways and Canals, Ottawa, March 19, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of the 12th instant, relative to the subsidy to the South Shore Railway Bridge over the River Richelieu at Sorel.

In reply I can only say that I have nothing to add to the communications you have already received, in which I made a plain statement of the matter and suggested the exercise of the powers of investigation vested in you, but not in me.

> I am, sir, your obedient servant,

The Auditor General.
COLLINGWOOD SCHREIBER, D.M.

58 Vic., Cap. 2, Sec. 5 (Quebec), Extract.-'A sum of \(\$ 50,000\) may be granted by the Lt.-Governor in Council for the South Shore Railway Company or its representatives, to aid inf the construction of a bridge over the Richelieu River within the limits of the city of Sorel, and such sum shall be paid on the monthly estimates of the company's engineer, approved by the government engineer.'
'The work of constructing the said bridge shall be commenced within the six months following the close of the present session (1895), be carried on without interruption, and be completed on or before January 1, 1897.'

Paid, as by public accounts, Quebec, pages 308 and 34.

Audit Office, Otrawa, March 10, 1900.
Sir,-I should like to be favoured, if possible, with a perusal of the engineer's estimates for the South Shore Railway Bridge at Sorel.

The documents would be returned to you without delay.
Please let me know whether the \(\$ 50,000\) was paid when the estimates reached that amount,-or whether it was paid as a percentage of the estimates.

I am, sir, your obedient servant,

\author{
J. L. McDOUGALL, A.G.
}
H. T. Machin, Esq., Asst. Treasurer, Quebec.

Quebec, March 13, 1900.
Sir,-I beg to acknowledge receipt of your letter of the 10th instant.
I inclose herewith a copy of the railway company's estimate of the South Shore Railway Bridge at Sorel. It is not necessary that you should return this.

No estimates were made by the government engineer of the work done. After the completion of the bridge, on the report of the government engineer, there was paid to the company on August 10, 1896, the sum of \(\$ 49,000, \$ 1,000\) being retained until the finishing of semaphores. This \(\$ 1,000\) was subsequently paid to the company on August 27, 1896.

The grant was made by the Act 58 Vic., Cap. 3, section 5, 'to aid in the construction of the bridge over the Richelieu River within the limits of the city of Sorel.'

I am, sir, your obedient servant,
The Auditor General.

Sorel, January 7, 1896.
True copy of the original in the Department of Public Works, province of Quebec.

Louis A. Vallée, D.M.R.

\section*{Audit Office, Ottawa, March 15, 1900.}

Sir,-I received the estimate of cost of the South Shore Railway Bridge at Sorel, which you were good enough to send me. I find, however, on examination, that there is a slip either in the first item or in the addition of the whole. If \(\$ 41,000\) is correct, then the amount instead of being \(\$ 146,084\) should be \(\$ 156,084\). Will you be good enough to have the correction made. I send you a copy; of the statement as sent to me, as I require to retain your original. I wish you would kindly initial the new statement.

> I am, sir, your obedient servant,
H. T. Machin, Esq.. Asst. Treas., Quebec.
J. L. McDOUGALL, A.G.

Quebec, March 16, 1900.
Sir,-The copy of the estimate of cost of the South Shore Railway Richelieu River Bridge, Sorel, which I sent you, was furnished to me by the Department of Public Works. I have submitted your letter to the department, and am informed that it was a true copy of the estimate furnished to the department by the railway company and Mr. Vallée, the Government engineer and director of railways, has certified the copy received from you as being a true copy of the original in their office, and I return it herewith.

> I am, sir, your obedient servant,
> H. T. MACHIN,
> \(\quad\) Asst. Treas., P.Q.
P.S.-Evidently there is a mistake in the addition of the estimate, but I have no power to rectify it.
The Auditor General.
H. T. M.

\section*{Audit Office, Ottawa, March 19, 1900.}

Sir,-I have just received a letter from the Quebec Government inclosing the statement of Mr. J. M. McCarthy, the chief engineer of the South Shore Railway, giving the details of the cost of the bridge after its completion, amounting to \(\$ 120,050\), deducting items 10 to 14 inclusive and 16 , which do not belong to the bridge proper but to the approaches.

This is scarcely consistent with the statement of the company that the cost was \(\$ 210,192\) or with the allegation that for part only of the work Mr. Beauchemin, the president, has been paid \(\$ 149,750\). How could there have been a contract without the chief engineer having known or without his having made an estimate?

It is possible that where I mention \(\$ 120,050\) as the cost of the bridge proper, the correct amount is \(\$ 10,000\) more. There is a mistake of \(\$ 10,000\) either in the cost of the superstructure or in the addition. You and Mr. Keefer make the superstructure to be worth about \(\$ 31,000\). The conclusion which I draw will not, however, be changed, no matter where the mistake is.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals.

\section*{Dept. of Rafliways and Canals, Ottawa, July 4, 1900.}

Sir,-The Right Hon. the Premier has sent me a note adressed to him by you on the 4th instant, relative to the question of the payment of subsidy in aid of the construction of the Richelieu Bridge at Sorel, in which you state that you regard the correspondence between yourself and the department in the matter as closed. The Minister (Mr. Blair) had a conversation with you recently on the subject, and, as the result of statements read to him, he has instructed me to have a further examination made as to the work and materials in the structure by a general inspection of the same, with a view to determine whether, in the event of your deciding to adhere to your present attitude, after due consideration of any facts which may be brought out by such further inspection, the case appears to be one as to which an application should be made to Parliament for the vote of a specific sum in aid of this undertaking.

So soon, therefore, as I have received the report of the inspecting engineer, and am fully informed on the subject, I shall advise you further. I assume from the
opinions you have already expressed that in deciding as to the amount of subsidy which might properly be payable, you decline to take into account the cost of the bridge approaches.

The Auditor General.

> I am, sir, your obedient servant, COLLINGWOOD SCHREIBER, D.M.

\section*{Audit Office, Ottawa, July 5, 1900.}

Sir,-I have your letter of yesterday about the Sorel Bridge.
You are right in supposing that I agree with your own view that the cost of the approaches is not an element in determining the cost of the bridge for subsidy purposes.

At the moment the important part is whether the correspondence is closed on the claim for the subsidy at present available.

I take it that you are now convinced that the statement of cost sent in by the company is utterly unreliable and that you have no disposition to attempt to show that any part of their claim which has not been passed here should be allowed to them. Then, you know perfectly well that the company would long ago have presented its proofs that the cost of the bridge was greater than our estimate, if the cost was really greater.

I have had no communioation from you on the subject since March 19 last.
What answer can there be to the statement of cost given by the chief engineer of the company to the province of Quebec after the bridge was completed? If he did not claim that the cost, including the approaches, was more than \(\$ 120,000\), could it have been \(\$ 210,000\), as claimed by the company?

The correspondence, then, is closed under the subsidy as now available.
I am, sir, your obedient servant,

\author{
J. L. MoDOUGALL, A.G.
}

The Deputy Minister, Railways and Canals.
Dept. of Rallways and Canals, Ottawa, July 20, 1900.
Sir,-As intimated to you by my letter of the 4th instant, I have had a further examination made of the work and materials in the South Shore Railway Bridge over the River Richelieu at Sorel, and I now inclose, for your information, a copy of the estimate of the cost of this work, prepared by Mr. Thomas Ridout, Inspecting Engineer of the department, as the result of his remeasurements. This estimate does not include the cost of the bridge approaches.

> I am, sir, your obedient servant,
> COLLINGWOOD SCHREIBER, D.M.

The Auditor General.

\section*{Estimate of Cost.}

\section*{Investigation on Previous Year's Expenditure-Subsidy for C. A. Ry. Bridge at Coteau.}

The legality of my holding an investigation on expenditure of a previous year questioned.
January 22, 1901.

\author{
J. L. McDOUGALL, A.G.
}

Canadian Government Railways,
Office of Chief Enginẹer and General Manager, Ottawa, November 2, 1889.
Sir,-I have the honour to inform you that I yesterday made a personal inspection of the Canada Atlantic Railway Company's bridge over the St. Lawrence at Coteau, with regard to subsidy, and I am pleased to be able to state they are making good progress with the work, and I see no reason to doubt but that trains will be running over it by New Year's Day.

The substructure is of massive masonry, resting on a blanket of concrete, which, I am informed, is bedded on solid rock, excepting in one pier, which is resting on hardpan. The superstructure is a well-designed steel structure, substantially put together, and when the work is completed, I believe it will be a credit to the railway staff in charge, as well as to the contractors. There are three channels to be bridged. The south channel, four spans of 223 feet each; the centre or main channel, ten spans of 217 feet each, and the north or steamboat channel, two spans of 175 feet each; one swing span over all 355 feet, and one span of 139 feet-in all, 3,906 feet.

South Channel.-The substructure, composed of three piers and two abutments, is complete, all four of the steel spans are erected and in place, but the timber floor ties are not yet set in place; they are, however, delivered on Clark's Island.

The Centre or Main Channel.-The masonry substructure is completed, excepting about one-third of one pier and one-third of an abutment; these should be completed in a week, that is, there is one abutment completed and the other two-thirds done. There are eight piers completed, and about two-thirds of the ninth is done. Of the steel superstructure there are three spans erected and in place, and two more erected, but have yet to be floated in place; the material for the other five steel spans is manufactured and delivered on Clark's Island. and the timber floor ties are also delivered on the island

The North or Steamboat Channel.-The two abutments are completed, the pivot pier for the swing is completed, one pier is finished, about three-quarters of the con-
crete is in the second pier, and the dredging for the foundation of the third pier is about completed. Only a small portion of the steel superstructure for this channel is delivered at Clark's \({ }^{\circ}\) Island, but a barge load is said to be on the way up the river from Lachine, and when this is delivered there will remain only about two-thirds of the swing span to come forward. The timber rest crib is almost completed.

The estimated cost of this bridge is \(\$ 1,175,000\). I estimate that 85 per cent of the work is done. The subsidy applicable to this work is granted by \(50-51\) Vic., chap. 24. F'or a railway bridge over the St. Lawrence River at Coteau Landing, on the line of the Canada Atlantic Railway, a subsidy of 15 per cent on the value of the structure, not to exceed \(\$ 180,000\).

The estimated cost is, as before stated, \(\$ 1,175,000\), 15 per cent on which is \(\$ 176\),\(250 ; 85\) per cent of which is \(\$ 149,812\) earned by the company.

Attached hereto is a sketch of the bridge.
I am, sir, your obedient servant,

\section*{COLLINGWOOD SCHREIBER,}

Chief Engineer and General Manager.
The Secretary, Dept. Railways and Canals.

The Canara Atlantic Rarlway Company, General Ofeices, Ottawa, June 25, 1990.
Sir,-I beg to lay before you the following statement in connection with the construction of this company's bridge over the St. Lawrence River at Coteau, which is now completed, excepting the filling on Giroux and Round Islands.

We were unable to get the filling done on these islands last fall before the hard frost set in, and in order to get the use of the bridge during the winter, we were compelled to erect heavy trestle work, sufficiently strong to allow of the safe passage of heavy trains. This work was done at a great outlay, and of such a character that it will be quite safe for two years or more, and whereas we did not ask for any part of the subsidy until the whole of the substructure, and nearly all of the superstructure, was completed, although ire were entitled to payments as the work progressed, and whereas there has been already expended in connection therewith the sum of \(\$ 1,364\),824.78, we would respectfully ask that the balance of the \(\$ 180,00\) n subsidy, viz., \(\$ 30,187.50\), be now paid, and we hereby pledge ourselves to complete the filling over of the islands early next scasou.

As the outlay has been a very heavy drain upon the limited means of the company, and payments are pressing us hari, I would respectfully urge that you may be pleased to order the early payment of aforesaid balance of subsidy.

I am, sir, your obedient servant,
J. R. BOOTH.

The Right Honourable Sir John Macdonald, G.C.B., Minister of Railw?ys and Canals.

\section*{Dept. of Rallways and Canals, Ottawa, May 12, 1899.}

SIr,-I have the honour to acknowledge the receipt of your communication of the 25 th ultimo, advising that you have received a letter stating that some years ago you paid to the Canada Atlantic Railway Company the sum of \(\$ 180,000\), being a percentage on the alleged cost of constructing their bridge from the Coteau side of the River St. Lawrence to Clark's Island, and that this should have been about \(\$ 105,000\)
as the bridge did not stand to cost more than about \(\$ 700,000\) as shown by the books of the company.

In reply I have to say that the matter has been referred to the said company, who have replied, through their secretary, to the effect that the statements to which you call the attention of the department are wholly untrue.

I inclose a copy of the company's communication for your information.
I am, sir, your obedient servant,
The Auditor General.
L. K. JONES, Secy.

\section*{Canada Atlantic Rallway Company, Ottawa Ont., May 1, 1899.}

Sir,-I have the honour to acknowledge receipt of your letter of April 27 last, wherein you ask for an explanation respecting certain statements purporting to be set forth in a letter addressed to the Auditor General and communicated to your department.

Having submitted your letter to the proper officers of this company. I am instructed to say that the statements to which the Auditor General calls your attention are entirely untrue.

Such statements brought to your attention by an important officer of the Government, even after the lapse of so many years and without any indication of the source or motive, are alone sufficient inducement for making a careful examination as to how the work in question was carried on ; and I may state that three different parties had to do with the construction of the bridge in question, namely, the Canada Atlantic Railway Company, the syndicate owning the Canada Atlantic Railway and Mr. J. R. Booth individually, whose several charges and accounts are no where brought together, excepting in the records of your department, which will certainly disclose the statements and reports upon the approval of which, the money referred to was paid, and I am sure you will find, upon reference thereto, that I have properly characterized the statements made to the Auditor General.

I feel it hardly necessary to ask whether the department deems it possible such a bridge could have been constructed for the sum stated in the letter referred to by the Auditor General.

I am, sir, your obedient servant,
The Secretary, Dept. of Railways and Canals.

\section*{Audit Office, Ottawa, August 28, 1899.}

Sir,-Let me acknowledge receipt some time ago of a cony of a detailed estimate of the cost of the substructure of the Canada Atlantic Railway Bridge at Coteau.

Please send a similar statement showing the value of the superstructure. I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, November 20, 1899.}

Sir,-I should like to be supplied at as early a date as possible with the statement asked for some time ago showing the estimated value of the superstructure of the Canada Atlantic Railway Bridge at Coteau.

I propose to begin the investigation into this matter November 27 , a week from to-day.

> I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A. \(G\).

\section*{Dept. of Rallways and Canals, Ottawa, December 14, 1899.}

Sir,-I inclose herewith for your information, in accordance with your reminding mote of the 13th instant, a copy of the subsidy agreement entered into with the Canada Atlantic Railway Company for the construction of their bridge across the River St. Lawrence at Coteau.

The Auditor General.
I am, sir, your obedient servant,
COLLINGWOOD SCHREIBER, D.M.

Dept. of Railways and Canals, Ottawa, January 22, 1900.
Sir,-In compliance with your verbal request, I am, by direction, to inclose herewith the several files of this department relating to the subsidizing by the government of the bridge across the River St. Lawrence near Coteau Landing, constructed by the Canada Atlantic Railway Company, under agreements, dated December 5, 1888 and January 12, 1889.

I am, sir, your obedient servant,
The Auditor General.
-L. K. JONES, Secy.
Audit Office, Ottawa, January 31, 1900.
Dear Sir,-With reference to our interview I have not yet received the letter which you were to send me stating the precise time within which I would be furnished by the Canada Atlantic Railway Company with a detailed statement, supported by vouchers, showing the cost of the Coteau Bridge before June 27, 1890, for the purpose of determining the balance of the Dominion subsidy.

> I am, sir, your obedient servant,
J. Christie, Esq., 110 Wellington St.
J. L. McDOUGALL, A.G.

\author{
110 Wellington St., Ottawa, February 1, 1900.
}

Dear Sir,-I have just received your letter dated yesterday, and in reply I wish to say that during our interview on Saturday last I promised to ascertain from the officials of the Canada Atlantic Railway Company a date within which they believed they could send you a statement showing the whole cost to the company of their bridge structures across the River St. Lawrence at Coteau, and I personally undertook to write to you on the same afternoon or on the following Monday, giving such date.

Upon the latter day, instead of writing to you, I brought Mr. Mountain, chief engineer of the company, to your office, when he explained to you the difficulty in obtaining the full information, but stated he believed he would be able to supply you with a statement within a month, and in case the statement could be prepared within a shorter period, it would be forwarded to you. I assumed this was an entire compliance with my undertaking, but I am quite willing to put the same in writing and to assure you that I will do my utmost to have the statement prepared within the time limited.

I do not understand your reference to June 27, 1890. The information desired was, I assumed, the full cost of the Coteau Bridge to the company, which certainly was not finished' until subsequent to June 30, 1890, as appears as well in the papers relating thereto in the Department of Railways and Canals, as in the order in council directing the final payment.

I am, sir, your obedient servant,
The Auditor General.
JOHN CHRISTIE.

Audit Office, Ottawa, February 14, 1900.
Sir,-With reference to your letter of the 1st inst. regarding the cost of the Coteau Bridge, I beg to say that in my opinion the cost up to the date when the report, on which the subsidy was based, was made, should be that supplied. Please, under any circumstances, make a division in the statement, so as to indicate the expenditure up to the date mentioned, viz.: June 27, 1890.

I am, sir, your obedient servant,
J. Christie, Esq., 110 Wellington St., Ottawa. J. L. MoDOUGALL, A.G.

Audit Office, Ottawa, March 21, 1900.
Dear Mr. Christie,-I am rather surprised that I have not received any further information with regard to the completion of the accounts with reference to the cost of the Coteau Bridge. Will you be kind enough now to fix a time before which the accounts will be ready?

I am, sir, your obedient servant,
John Christie, Esq., Ottawa.
J. L. MoDOUGALL, A.G.

Ottawa, March 23, 1900.
Sir,-I find that Mr. Mountain, the Chief Engineer, is still absent from his office through illness, and upon referring to himself he told me that he thought he would be permitted to get back to his office during the next two or three weeks, but upon referring to his physician, Dr. Klock, from whom I sent you the former letter, I find that his expectation regarding the time when Mr. Mountain will be fit for work extends for a somewhat longer time. However, in these matters even physicians may be wrong, and I can only say that just so soon as Mr. Mountain's health will permit of his returning to his work I will have completed and sent you the statement which I promised. There is no other source from which I can obtain the information.

I am, sir, your obedient servant,
The Auditor General.
(Sgd.) JOHN CHRISTIE.

Audit Office, Ottawa. March 27, 1900.
Sir.-About April 9 next I shall hold an investigation of the character which I originally contemplated making regarding the cost of the Coteau Bridge. I shall be very glad if you have ready by that time the information which you consider it important to give. If not, after obtaining whatever information I may get, I shall determine whether to adjourn the investigation or not.

I am, sir, your obedient servant,
John Christie, Esq., Ottawa.

> J. L. McDOUGALL, A.G.

Audit Office, Ottawa, April 23, 1900.
Discussion as to Mr. Christie's objection to the jurisdiction of the Auditor General on the alleged overpayment of subsidy to the Canada Atlantic Railway on the Coteau Bridge.
Mr. Christie-I have prepared a statement of the ground taken by us in this matter, which I will read and leave with you. (The following statement was read) :

In the matter of 'The Consolidated Revenue and Audit Act,' being chapter 29, of the Revised Statutes of Canada, and of sections 55, 56 and 58 thereof.

And in the matter of a certain subpœena issued out of the Exchequer Court of Canada, bearing date the 27 th day of January, 1900, at the instance of the Auditor General of Canada, and directed to one E. J. Chamberlin and others, and served on the said E. J. Chamberlin the 20th day of April, 1900, respecting certain matters affecting the Canada Atlantic Railway Company.

Monday, April 23, 1900.-Counsel instructed by and on behalf of the said E. J. Chamberlin, and of the Canada Atlantic Railway Company, attends upon and respectfully states to the Auditor General of Canada, -
(a.) That the said E. J. Chamberlin, being the person named in the said subpœona is the General Manager of the Canada Atlantic Railway Company, but he has not in his possession or control, nor is he able to produce the ledger, contracts or any papers whatever relating to the Canada Atlantic Railway Company which show the expenditure of that company on the Coteau Bridge ; nor is the Canada Atlantic Railway Company in possession of any ledger, contracts or papers which show the total expenditure by and on behalf of the Canada Atlantic Railway Company on the Coteau Bridge.
(b.) That in regard to the legality of the issue of the said subpœena, he points out that there is not at present any account submitted to the Auditor General of Canada for audit with reference to which the evidence of the said E. J. Chamberlin under the said subpøena is required, and that all moneys payable by the government of Canada to the Canada Atlantic Railway Company respecting the Coteau Bridge have been audited by the Auditor General of Canada, and duly paid as appears by the Auditor General's certificate and report ; and therefore, submits that the application for the order that the said subpœna be issued has not been made under the requirements of the said statute, and also that the said subpœena has been issued improvidently and wholly without jurisdiction in that behalf.
(c.) That under the advice of counsel the said E. J. Chamberlin is not in attendance upon the Auditor General of Canada, as required by the said subpena; but this failure to attend before the Auditor General of Canada is not made in any spirit of contumacy or with a desire or intention to show any disrespect to the Auditor General of Canada, but is the course taken in this proceeding under the advice of counsel and with every intention of acting in a spirit of full respect and obedience to the honourable court from which the subpœna has been issued, but solely for the purpose of properly raising for the decision of the court, the question of the authority of the Auditor General of Canada in this matter to obtain the issue of the said subpœea and to hold the proposed inquiry, as a matter pertinent to any account submitted to him for audit.
(d.) Further, he undertakes that if the court decides that the said E. J. Chamberlin so subpœnaed as aforesaid, should attend and testify before the Auditor General of Canada, as directed by the said subpœna, he, the said E. J. Chamberlin will do so at his own expense at any time, on receiving reasonable notice of such decision and direction.

\section*{JOHN CHRISTIE.}

The Auditor General-When you say, 'If the court so directs,' what do you mean?

Mr. Christie-In regard to the issue of the subpœena. The only person who can decide whether a subpœena properly issues is the Court: that is the judge or the Court from which it issues. The statute refers to it.

The Auditor General-I know that our statute refers to it. You mean the Audit Act.

Mr. Christie-The Exchequer Court Act and your Audit Act. This is the answer of Mr. Chamberlain which I have read to you, and it is certainly made in no spirit of contumacy.

The Auditor General-So far as I am concerned it does not matter.
Mr. Christie-I will attend and he will attend at any time, if it is decided by the Court that the subpœna is properly issued requiring his attendance.

The Auditor General-In this statement you go on to say in some way that you are going to refer to the Exchequer Court.

Mr. Christie-No. I assume that if you desire to press this matter further, the only way to do is under the ordinary procedure of the Court respecting subpœenas; that is, that you would make a motion before a judge for contumacy or for attachment, and on notice which the Court would require the case would be argued. The Court will not issue a writ of atachment without notice and argument. Upon that the question of the jurisdiction of the Court would be argued.

The Auditor General-All your case is in these papers and it will be for me to decide what I will do.

Mr. Christie-Yes. Except in the variation of words to suit the different parties, the substance is identical.

The Auditor General-There is nothing fresh in the other cases.
Mr. Christie-No, the same answer on behalf of each one. I made this in case you desire to go further. This would be what would be said by counsel on their behalf. The only thing I would press is, that of course when a subpena is served, if a party wantonly disregarded it-

The Auditor General-It would be contempt of Court under ordinary circumstances.

Mr. Christie-Yes. I come here to show that we do not do that.
The Auditor General-Of course, you raise the question as to the meaning of the word 'submitted.'

Mr. Christie-Yes.
The Auditor General-Really, the whole thing depends upon that as far as you are concerned. If it is submitted to me for audit, then of course I have these other powers, the only powers that I could use at all under the circumstances, because my witnesses are of course employees of the other party.

Mr. Christie-For instance, we raise the question in this way: any account which is now submitted for audit and which requires your audit, then you can do it for the purpose of auditing, but in any matter which has been submitted and which has been audited and closed, it cannot be done, because it is contrary to law to issue any subprna for the examination of any person prior to the commencement of an action or where there is no action pending.
- The Auditor General-So far as I am concerned-

Mr. Christie-You are outside of the Court.
The Auditor General-Yes, and I have no authority at all to do what Courts do.
Mr. Christie-Except by the statute.
The Auditor General-And no authority to collect anything. This is really for the purpose of audit, to help me to form an opinion with reference to something. I am mentioning these things for the purpose of seeing what your view is, if you choose to give it, in case I think it advisable, as I no doubt will, to ask the advice of counsel as to what I should do. For instance, a short time ago an account came before me for payment and I did not pass it, but made an investigation of my own. It happened to be a bridge subsidy, 15 per cent, similar to this one, and it ended in my paying less than half-that is, reducing their account for the cost of the bridge less than one-half. Some time afterwards I thought of asking for the statement that was submitted to one of the provinces from which a subsidy was also granted, and it turned out that the engineer of the bridge put in a statement in detail of all the things, making the cost only about 60 per cent, after the bridge was all completed, of what was submitted to me as the cost. Supposing that I had really paid the amount in full instead of having
paid only a part, would it not appear reasonable now at any rate that I, for the sake of defending the people of Canada in any claims that might be made, that I should have examined that to determine how I might guard myself in the future against similar claims, unless one is shut out by the exact wording, unless this word 'submitted' has a special meaning, the meaning you assign to it? You assign to it, as I understand you, the meaning that unless it has been put before me for audit-

Mr. Christie-Yes, and is not yet audited.
The Auditor General-That is to say, that I cannot audit a second time.
Mr. Christie-Yes.
The Auditor General-Assume the case I mention; would it be in the public interest advisable that I should make an examination of such an account?

Mr. Cheistie-No, I think the law would preclude you, because both the Exchequer Court and the law of Ontario, and the English law are explicit in this, that they will not give a right to a roving examination before action brought, because it is contrary in the first place to law, and in the next place it is contrary to the principles upon which our law is based, that no man shall be compelled to give a statement of whatever case he might have against another party or another party against him by way of his defence until he is called on to do so in court.

The Auditor General-You are comparing me to a judge.
Mr. Christie-I think your position is a judicial one in that respect.
The Auditor General-I think that is widening my position and also narrowing it. If you read the Audit Act and consider what my duties are, really my duties, in my view of the case, are more like the manager of an ordinary concern.

Mr. Christie-Hardly that.
The Auditor General-A man comes to you with a claim, and you employ a person to look after such claim, and the examination that you make of the claim as presented to you does not concern in any way the man who presents this claim. You say: 'I will know my position through this man; he is an expert in this, or is employed in doing it, and gives his whole attention to it.' The man who presents the claim does not come into your establishment and say, 'Well, you are to examine this in a particular way.' He has no right to come in; and after it is over the other man says, 'That is entirely wrong.' Well, you answer, 'It may be wrong; you may think so, but you have your rights; you go into court all the same.' I am guided by what my agent, the man in whom I have confidence, tells me; I have engaged him and you have not, of course, anything to do with him. He is my agent and he tells me. Now, your redress is just as good as it was before; you go into court.

Mr. Christie-It is not the same; I will tell you where the difference is." If that power of examination by writ was not given to you in the Audit Act then you would be just in the position of a chief auditor, like any other chief auditor in a large institution, and it is your duty for the purpose of auditing accounts between the government and the party who is to receive the pay, or between the government and the party who is to pay the government, it is your duty to audit and adjust the accounts under the full definition of what audit means; but the extraordinary remedy, which is wider than that given to any other person holding a commission from Her Majesty, of allowing you to issue a writ of subpæna to compel an examination under oath of a person's whole claim, or a person's whole defence, it may be long after the matter is entirely closed between the two contracting parties, I say it would require words far broader and far more explicit than that which is given in the Audit Act to the Auditor General.

The Auditor General-What power have I under that? Really the power is only that I can compel the attendance of witnesses and I can compel an answer.

Mr. Christie-And they would be estopped for ever afterwards from contradicting that evidence. That evidence could be used against them.

The Auditor General-I do not think it. It would not appear to me that it could. It is no step in the matter.

Mr. Christie-It could not be used in any trial I admit, but it is used as information for the Government to build up any claim they may see fit to make.

The Auditor General-And what is the hardship?
Mr. Christie-Because no man is compelled by law to disclose his case, either claim or defence, to the opposite party, except when a writ has been issued and suit pending. Then they can do it after the other party's statement of defence is in. Both parties can be made do it then. It is not mutual in this case. The authority given to the Auditor General is this: the Act relates to revenue and to audit of that revenue, and it is solely for the purpose of ascertaining whether employees of the Government, officers of the Government, or people who present claims against the Government, or people who owe money to the Government, shall have their accounts examined before they are paid. In order that that should be done the Auditor General is given these extraordinary powers. After he has adjusted the account and it is paid, then with reference to these extraordinary powers, he is what they term in law functus officio.

The Auditor General-Supposing a private individual has paid too large a sum?
Mr. Christie-It can be recovered back, and if the Government has paid too large a sum it can be recovered back.
'The Auditor General-But you say 'pays too much,' or if he has reason to think he is paying too much, then he cannot have an examination to determine whether he is right. He must then go to Court, or at least that the Government must go to Court.

Mr. Christie-All he can do is, according to the very best of his judgment and skill, audit the account. If, notwithstanding his utmost skill, a thing passes through which should not be passed through, then the Government has in the Audit Act reserved to them a full remedy by action.

The Auditor General-Here is a case where the information I get comes from a person who has a means of knowing, or is supposed to know. He sends this statement to me in writing. I, for reasons of my own, think that at any rate in the amount he mentions that he is mistaken. I then say: 'Well, it appears to be my duty under the Act, being the only person who could make this investigation with these powers, to determine whether on the face of this thing-which is about all that I can dothere is a claim for recovery of over-payment.' That seems to me a very innocent kind of thing.

Mr. Christie-Supposing that you find that some money has been paid in excess of what should be done, there is no remedy given to you under the Act.

The Auditor General-I quite understand. I have no power. They would not give a layman the power of determining between the Government and the other party,

Mr. Curistie-Oh, yes; because it gives to you remedies, or to the Receiver General remedies for recovering from the officers of the Government moneys received from the Government which are not paid over.

The Auditor General-Yes, but I cannot enter an action. The Receiver General can enter an action.

Mr. Christie-On your report.
The Auditor General-Of course I would report what I would find.
Mr. Christie-That is perfectly proper ; that is a matter of trust ; but take it in a matter of contract : for instance, in a matter of contract between the Government and the party, and the Government says, 'I don't owe you so much as you claim ;' and the party says, 'Yes, under my contract with you, you owe me so much ;' and it passes to the Auditor General for examination and adjustment ; and the Auditor General passes it, and it turns out afterwards that with his utmost skill that he has made a mistake, and that that amount was not due, then I say that the Government has ai remedy, but that the Government cannot at the instance of one of its officers
ascertair whether their right is founded wisely or justly in law before they commence their action or not. They must commence their action and proceed in the ordinary way.

The Auditor General-That does not seem to me to be consistent with the Audit Act generally. Of course there is a great deal I am doing that I could not do without the Audit Act ; that is quite plain.

Mr. Christie-But even under the Audit Act I take it that is the meaning. For instance, the Audit Act is simply to assist in doing that for which the Auditor is appointed ; that is the adjustment of accounts. So soon as he adjusts any account, then the special powers given to him are dormant until he commences a new account. As he finishes each account the special powers given to him with reference to an inquiry end and are terminated as to that account, because he has completed that for which the special powers have been given to him.

The Auditor General-You argue that for part of my duties I could not make use properly of the power to summon witnesses and examine them under oath. You surely do not contend that for my duties generally I would not have the right to examine an account of the nature I told you of before, for the purpose of enabling me to perform my duties in a similar case better than I did before.

Mr. Christie-No, I do not think the Audit Act gives you the right to issue or call for a subpena in any case or for any purpose except for determining whether this account is an account that accords either with the contract or with the authority given for making the contract.

The Auditor General-Under the Aet the Minister of Finance can ask me to make an examination of any account, with special reference to some particular line of investigation, altogether independently of anything that I might myself want to do.

Mr. Christie-For instance, with regard to loans and debentures, and anything of that kind.

The Auditor Generad-But apart from debentures, he can ask me to do anything.

Mr. Christie-I think it is limited. I made a careful inquiry to ascertain if there had ever ben a case tested as to the issue of the subpœna after the completion of an audit and the payment by the Government after the matter is all closed, and I have never come across a case, either in England or Canada.

The Auditor General-I do not think the Auditor there has that particular power.

Mr. Christie-Yes, there are officers who have, and the trend of all the decisions is that a subpœena can only issue for obtaining that information which is by way of discovery after an action has been commenced, and the Court always maintained that a roving inquiry will never be given or is not given to any officer, even a judge of the Superior Court. A roving authority to inquire generally is not given to any man on earth.

The Auditor General-But, as I say, a judge is much wider than I am, but he is also much narrower, I think. For instance, the Act reads :
'Provided always, that whenever it appears to the Minister of Finance and Receiver General that the expenditure included or to be included in any appropriation, or any portion of such expenditure calls for further examination, he may instruct the Auditor General to examine such expenditure and to report to the Minister of Finance and Receiver General thereon, and if the Minister of Finance or Receiver General does not thereupon see fit to sanction such expenditure, it shall be regarded,' and so on. 'It shall be chargeable to parliamentary grant, and reported to the House of Commons as hereinafter provided.'

Mr. Christie-Under that you could not issuc a subpoena, I contiond.

The Auditor General-Would you not say that was submitted to me by the Minister of Finance?

Mr. Christie-Not under your powers as Auditor Cieneral. You co:ld not under that clause issue a subpnena, nor would the judge issue it.

The Auditor General-You read what it says there?
Mr. Christie-Oh, yes; I read it very carefully.
The Auditor General-' The Auditor General may examine any person on oail or affirmation or any matter pertinent to any account submitted to him for audit.'

Mr. Christie-That would be prios to audit.
The Auditor General-Is that submitted to him for audit when it is submitted by the Minister of Finance?

Mr. Christie-No, it is simply for inquiry, to inquire into reports submitted to you between departments.

The Auditer Gexpram-I do not agree with you in that, but I thonk it is well that we should express our different ideas to help in forming an opinion.

Mr. Christie-The powers to issue a subpeena are so extraordinary that there are very few instances in which it is given to a person at all.

The Auditor General-But they would not give me this power if I could touch the man's property or touch his liberty. I cannot do either.

Mr. Christie-It does touch directly his liberty.
The Auditor General-How? It brings him here.
Mr. Christie-Yes, and in default of coming here, you could issue an attachment.
The Auditor General-Rut supposing I find, what is palpable to you or to anybody else, is a criminal act, I might find it in connection with the subject I am examining, but it amounts to nothing.

Mr. Christie-Oh, yes.
The Auditor General-Why ?
Mr. Christie-Under no court in the land is a man compelled to answer anything that will tend to criminate himself. If he is here without support of counsel to point out what he might do, he might place himself in a position of disclosing a whole lot of matter and material that, by law, he is not compelled to give to any person.

The Auditor General-But what I mean to say is, that after giving evidence before me, if you were prosecuting him you might perhaps find it out, and you might say : 'Why did you say that to the Auditor General ?' I mean to zay that that in itself could not be used, and you could not put it in.

Mr. Christie-Yes, you can be called upon for the production of any material or matter that comes to your hand. There is nothing given to you confidentially that you can hold or refuse to produce. Parliament could call upon you for everything.

The Auditor General-I understand they can call upon me.
Mr. Christie-And the world has it.
The Auditor General-Yes, and they divulge it or do not divulge it, according to what they think of it, but I fancy they could treat it as confidential matter.

Mr. Christie-The government occupies a dual position, or many positions in one. The conflict between the government and an individual is merely a contest between party and party, and they have to submit to the same law and follow the same procedure, but otherwise they are to each other in relation to any claim simply as party and party. The law says that one party has no right by process of law to call on another party to give him information which the party calling for it may think, if he had it, he would have a right of action against the other side.

The Auditor General-You are speaking altogether about cases in court.
Mr . Christie-I will tell you why : It is only for this reason, that the very moment you invoke the aid of the court, then it becomes a question to be determined under the
ordinary rules and procedure of the Court, and the very moment Parliament permits you invoke the aid of the Court, which it does-

The Auditor General--Yes, to bring witnesses. I would have very little power in the examination of these accounts if I could not compel witnesses to appear and give evidence.

Mr. Christie-You authority in compelling the attendance of a person is very much wider than the authority of the judge of the Exchequer Court who gives you the subpœena.

The Auditor General-Why ?
Mr. Christie-Because the statute in giving that power enables you to do it in cases in which the Exchequer Court judge could not do it.

The Auditor Generac-I do not see why it is, but supposing it does, what then ?
Mr . Christie-And the reason is for the specific purpose of enabling you to carry out simply an examination for the information of the Government. That is all.

The Auditor General-Yes:
Mr. Christie-Not for the purpose of obtaining information to be used elsewhere by the Government as a party to a suit, which you would enable them to do if you had that authority after you had ceased to be in a position of a person auditing an account. After an account is audited and paid, then your relation to the account is closed. You could not send for it and have it brought back and re-examined, just in the same way as a judge when he hears the evidence on both sides and gives a judgment is functus officio.

The Auditor General-I understand he is there for no other purpose than to try the case. But I am not trying the case. I am determining for the people employing me what we should pay without a suit.

Mr. Christie-Then after it is paid it cannot be opened up. Supposing it is paid under a mistake of law, there is no remedy. If it is paid under a mistake of fact there is a remedy.

The Auditor General-I know, but supposing I said there was an over-payment, then you have all your rights as you had before? Supposing the Government of Canada on my report makes up its mind to enter a suit, they do not get their pay merely because they ask it. They have just the same treatment as a private individual has in the Exchequer Court. In what better position are they?
- Mr. Christie-You are put in this position : Supposing after the examination, you were to come to the conclusion that an over-payment was made ; that might depend altogether upon the construction of the documents in law on which the payment was made. If your construction of documents in law on which the money was paid or payable was wrong, then your conclusion that an over-payment was made, would also be wrong.

The Auditor General-My conclusion to them, but who is hurt? My people say 'We want to know how this thing appears to you, not how it actually is,' because I have not the knowledge to determine these legal points. But they then will say 'Well we will, go on on this, or we will consule a lawyer on this point, or our counsel who takes these cases for us, and we will see whether we will go on with it or not.' But you will not be deprived of any rights.

Mr. Christie-Yes, we would be in this unfortunate position, that unauthorized persons or incapable persons or persons without proper knowledge would simply state as facts which are not facts.

The Auditor General-Yes, to me.
Mr. Christie-Without any opportunity of counsel being present to guard them, or without any right to cross-examine them.

The Auditor General-It is not specially stated, but I take it for granted, supposing this investigation went on, that you would be present, as lawyers have been present in other investigations I have had.

Mr. Christie-There is no audience permitted by law.
The Auditor General-I do not see that they are refused. Of course this is not affecting this case at all. I fancied that you would have been here, and you might think it necessary to ask questions in addition to what I asked, and you would perhaps say 'Now I want other witnesses to explain this matter.' That is what I have always done in other cases.

Mr. Christie-But I should say in regard to that that it would be entirely widening the scope of the authority given by the Audit Act. For instance, I do not think that you could call on any person under the Audit Act, to produce anything but what is in their possession, say for instance, if a man has a paper in his possession or in his control, or anything of that kind, he can produce that one thing. The Audit Act is not as broad in its authority respecting production, as the rules of court are with reference to it. It is more limited and more restricted. There are certain things we could call on them to produce, but they are limited by the Act.

The Auditor General-'And if so required, to produce and bring with him any document or paper relative to such account as aforesaid.
\(\mathbf{M}\) r. Christie-That throws upon the witness the matter of determining whether it is relevant or not.

The Auditor General-What do you say in a subpøena from the court?
Mr. Christie-We specify the particular thing.
The Auditor General-You are complaining that this Act is so general-
Mr. Christie-Yes.
The Auditor General-And is not the assumption, whether the legislature was wise in doing it or not that they intended to give these powers to the Auditor General.

Mr. Christif-I do not know. Of course we have never had a judicial interpretation of these powers at all, but they are necessary. I would not express an opinion at all with reference to accounts under the process of auditing, but certainly after the accounts have been audited and passed, I have not the slightest doubt at all in my mind, that if he is not functus officio then he holds powers greater than any powers given to any other man who holds a commission from the Crown, because the judge of any superior court is limited in his authority both by the statute law and the rules of court, and the rules of court are just as stringent as to what they will not permit the court to do as they are in stating what they will permit the court to do.

The Auditor General-I am only repeating what I said before, but you are making a comparison where there is no ground of comparison at all. If they desired that the Auditor General should be governed by these rules, they would have insisted on the Auditor General being a lawyer.

Mr. Christie-I think that that is only a very small part of his duty, but it is one part of his duties, and in relation to that I think he holds a judicial position, and all his decisions must be the decisions that would be based on reasonable grounds consistent with law, and that if a decision were given other than that, that it could be set aside simply on motion to bring it up before any of the Courts in which the case at any time would afterwards come.

The Auditor General-At all events, your ground of objection is in these papers.
Mr. Christie-My ground of objection is, that there is no jurisdiction in the Court to issue the subpcena under the circumstances of this case, that is, that the account has been submitted, has been audited, has been paid, and that as to your duties respecting it, you are functus officio, consequently the extraordinary powers given to you are at an end with reference to this account.

The Auditor General-I am thinking about my position in regard to this matter. Of course I am not prepared now to decide upon it, but my present intention is to adjourn this sitting for the purpose of deciding what I am to do in the matter, you having raised this objection. But supposing I adjourn for a week, witnesses have had
no notice of the adjournment, but I do not consider that it ought to be necessary for me to serve fresh subpœenas.

Mr. Christie-No.
The Auditor General-Supposing I decide to go on with this investigation after I obtain advice?

Mr. Christie-They not being here, your subpœena either drops or you apply to the Court from which it issues, and call upon the Court to make these witnesses show cause why they should not be committed. In that oase a notice would be served either on the witnesses or on the counsel representing them. My statement would show that I am their counsel, in which case I would appear before the Court with my affidavits and would argue the question of law purely, and if the judge decided that the subpœna was improvidently issued-that is, issued without due authority-he would give that as his decision, and the whole matter would drop. Nothing more could be done under that subpøena. If the Government saw fit to commence an action at any time, they have a perfect right to do so, because, under the statute, they reserve all the rights. But that would be the method. You would simply go to the Court which issued the subpoena, and state the case, and the Court would, if deemed advisable, serve a notice on the parties.

The Auditor General-Supposing I adjourn this for a week and I decide to go on?
Mr. Christie-You would go to the Court then and not to the witnesses.
The Auditor General-I beg your pardon, I think not. You may go to the Court yourself.

Mr. Christie-No.
The Auditor General-These subpœnas on the face of it are correct.
Mr. Christie-We say not. We go back to your application. We say the application does not state the fact.

The Auditor General-When you get a subpœena from a Court of law-
Mr. Christie-You can raise the same question.
The Auditor General-And not appear?
Mr. Christie-Yes. Of course, if a man does it outrageously, and does not come at all, a bench warrant can issue; but if a counsel appears and gives reasons against the subpœena, there is nothing but to apply to the Court to argue the question on its merits. That is the only way. Any course that would be followed would end in that as a result. For instance, if you were to instruct one of the officers-which I do not think the statute enables you to do-but if you were to take the Attorney General or the Deputy Minister of Justice and say, 'We want you to sue for those penalties,' the witness would simply put in as a defence that which has occurred, and that we dispute the authority to issue the subperna, and then the Court would either listen to the argument, or would have a prohibition served on the party to enable the argument to be brought up in the Court in which the subpœena issued; but in any case, and in every case, the only remedy following this procedure now is to allow the Court to decide whether we are wrong or not. If we are wrong, and the judge so decides that we are wrong, we will come and be examined.

The Auditor General-I will adjourn this matter for one week, at the same hour.

\section*{Audit Office, Ottawa, June 7, 1900.}

Dear Mr. Blake,-With reference to the short conversation which I had with you some time ago in the Supreme Court, I beg to supply fuller details.

The Canada Atlantic Railway Company, under \(50-51\) Vic., Chap. 24, and the order in council of November 2, 1887, entered into an agreement with the Government for the construction of the Coteau Bridge on a subsidy of 15 per cent of the value of the structure, the subsidy not to exceed \(\$ 180,000\). It does not seem important to
follow out the intermediate transactions until the payment of the balance of the \(\$ 180,000\) subsidy on an order in council of July 1, 1890. You will notice that on November 2, 1890, Mr. Collingwood Schreiber, the Chief Engineer of Government railways, reported that the Coteau Bridge when completed would cost \(\$ 1,175,000\), and Mr. J. R. Booth, the president of the Canada Atlantic Railway, said on June 25, 1890, that there had already been expended in connection therewith \(\$ 1,264,824.78\).

Now on April 25, 1899, I received a letter from a person who was in a position to speak with authority on the subject, in. the following words:-
' J. L. McDougall, Esq.,
Auditor General.
' Dear Sir,-Some years ago you paid to Canada Atlantic Railway Company the sum of \(\$ 180,000\), being a percentage of the alleged cost of constructing their bridge from the Coteau side of the river to Clark's Island. This should have been about \(\$ 105,000\), as the bridge does not stand to cost more than about \(\$ 700,000\), as shown by the books of the company. You, of course, should have this information.'

You will find inclosed a copy of the letter which I thereupon wrote to the Department of Railways and of the subsequent correspondence with that department, as well as of the correspondence with Mr. John Christie, the legal adviser of the Canada Atlantic Railway Company.

When, as is shown by the correspondence with Mr. Christie, there seemed no ground for expecting that the accounts of the expenditure on the Coteau Bridge would be supplied by the railway company as promised, I obtained a subpœna from the Exchequer Court for the attendance of witnesses under section 56 of the Consolidated Revenue and Audit Act, 41 Vic., Chap. 7. Mr. Christie appeared, as you will observe from the papers, and questioned my authority in this case.

I now desire to have the matter brought before the Exchequer Court and the question of authority settled as soon as possible. Mr. Christie's objection is that when an account is submitted.to me for audit Before payment, it cannot be submitted to me again. It does not seem very appropriate in the Canada Atlantic Railway Company to object to my examining minutely the account when one of the two vouchers on which the payment was made was the unsupported letter of its own president, Mr. J. R. Booth, as to the cost of the railway. It is quite true that the other voucher, the valuation of the work by the Chief Engineer of Government railways, was important.

Whether the fact of the payment having been made on examination by me shuts me out from any subsequent examination, is one that must be decided by the Court, but it seems rather inconsistent that it should when we consider the other provisions of the Audit Act.

Sections 43 to 49 inclusive give the Auditor General unlimited powers and therefore duties in examining accounts already paid, and if the Finance Minister wishes the accounts to be examined in greater detail he can require me to do so. If some irregularity or dishonesty has escaped me, why should the country be deprived of the means of finding it out if the means of detecting can be applied in all other cases.

> I am, sir, your obedient servant,
S. H. Blake, Esq., Q.C., Ottawa.
J. L. McDOUGALL, A.G.

Toronto, June 18, 1900.
Re Canada Atlantic Railway Company-Subsidy for Bridge.
Sir,-I have considered your letters of the 7 th and 8 th instant. I have also gone carefully over the inclosures. In order that I might be fortified in my opinion,

I discussed the matter with Mr. Walter Cassels, and we have both come to the same conclusion in the matter.

Some years ago, under an order in council of July 1, 1890, an audit was had, evidence was procured, and the subsidy in question was handed over. This was the occasion for the Auditor General to have weighed the evidence produced, and to have considered whether it was reasonable to have passsed the item upon vouchers, one of which was the unsupported letter of the presidnt of the road, Mr. J. R. Booth. I refer to this because of the mention made of it in jour letter. It is sufficient, however, to say that it was considered by the railway department that the payment in question should be made, and that you, as Auditor General, considered the vouchers presented and determined that the claimant was entitled to the amount of the subsidy. If you had desired then and had doubted the word of Mr. Booth, you could have examined any person on oath or affirmation in respect of the matters of account. You might have refused to issue your certificate until these persons presented themselves before you, and gave the information you desired. The statutes which give you this power, to my mind, manifestly refer to a pending application. The account in question having been audited and passed, you were and are functus officio. You have no further power or right in the matter. If a wrong has been done, it is for the Crown, in the usual course, to bring an action to recover back, on the ground of fraud, the amount which has been paid or overpaid. Any examination had by you at present would be merely illusory. No matter what facts might be adduced you could not act upon them. Your audit has ceased, and you cannot go beyond presenting to the Department of Justice the facts which have been laid before you, in order that this department, if it pleases, may take the necessary legal proceedings to have right done in the matter. I strongly advise you not to make the application for the subpœena, as it will be refused. I will be in Ottawa to-morrow, and will be glad to discuss the question with you if you think well of it. I will be all day either at the Russell House or at the Parliament Buildings.

I am, sir, your obedient servant,
The Auditor General.
S. H. BLAKE.

Tononto, October 24, 1900.

\section*{Re Canada Atlantic, Coteau Bridge.}

Dear Sir,-I have given a great deal of attention to the question submitted, arising under sections 55 and 56 of the Audit Act.

The payment of the subsidy was made as far back as 1889-90. The papers which were submitted to you, and upon which you authorized the payment, were on their face sufficient in your judgment, and subsequently the amounts paid were dealt with in your annual audit, and were embraced in your report which was submitted to Parliament.

In 1899 you received from a person who had been in a position which would apparently give him knowledge to speak with authority, a letter to the following effect : 'Some years ago you paid to the Canada Atlantic Railway Company the sum of \(\$ 180\),000 , being a percentage on the alleged cost of constructing their bridge from the Coteau side of the River St. Lawrence to Clark's Island. This should have been about \(\$ 105,000\), as the bridge did not stand to cost more than about \(\$ 700,000\), as shown by the books of the company.'

Correspondence ensued between you and the solicitor for the company, with reference to your being furnished with a detailed statement, supported by vouchers, showing the cost of the bridge. The allegations in the above letter were denied, and the correspondence closed, with the result that the statement was not furnished. You
then procured from the Excheqner Court a subpœena directed to certain officers of the railway company, commanding them to appear before you and to bring the company's books, \&c., and disclose what they knew concerning the matter 'respecting certain public accounts of Carada which have been submitted to the Auditor General of Canada for audit.'

At the time appointed counsel for the railway company appeared and objected to the legality of the issue of the subpœna upon certain grounds, the gist of which was that 'there is not at present any account submitted to the Auditor General of Canada for audit with reference to which the evidence under the said subpcena is required,' and that the accounts of the moneys paid had been audited. The single question, therefore, is whether the ohjection is well taken. or whether you still have a jurisdiction to take evidence with respect to the account.

The sections of the statute bearing upon the question are 55, which is as follows :
The Auditor General may examine any person on oath or affirmation on any matter pertinent to any account submitted to him for audit ; and such oath or affirmation may be administered by him to any person whom he desires to examine;

And 56, which is as follows :-
The Auditor Ceneral may apply to any judge of the Exchequer Court of Canada, or to any judge of a superior court of any province of Canada, for an order that a subpœena be issued from the court, commanding any person therein named to appear before him at the time and place mentioned in such subpœena, and then and there to testify to all matters within his snowledge relative to any account submitted to him, and (if so required) to bring with him and produce any document, paper or thing which he has in his possession relative to any such account as aforesaid.

I am of opinion that after you have audited an account and reported upn it to Parliament, the accoun: cannot he considered as submitted to you for audit within the meaning of these sections, so as to entitle you to take evidence with respect thereto, or to obtain a subprena compelling the attendance of a person to give evidence, and that with respect to the account in question you are functus oficio. I do not base my opinion on the ground that what you did at the time the account was paid in authorizing its payment ended the matter so far as your jurisdiction was concerned, though a good deal can be said in favour of that view. I base my opinion upon the fact that the account was submitted to you for audit within the meaning of the statute when you dealt with it in your report for the year in which the payment was made.

I return the papers left with me.
I am, sir, your obedient servant,
The Auditor General.

\section*{Using Cheque after the lapse of the Appropriation against which it is drawn.}

Order in Council, July 25, 1900.-That authority be granted for the payment of the sum of \(\$ 847.50\) as in the following item in the estimates for 1899-1900 :-

\footnotetext{
'Intercolonial Railway-Capital-To pay Ralph Jones half interest at 6 per cent on \(\$ 38,915.37\), amount reported by commissioner on Oxford and New Glasgow Railway Claim respecting "hard-pan " of Stewart \& Jones contract, No. 6, made up as follows: On \(\$ 38,055.37\) from January 7, 1893, date of finding to September 20, 1893, date of payment, and on \(\$ 860\) from January 7, 1893, date of finding to October 9, 1894, date of payment, in all \(\$ 1,694.99\), \(\$ 847.50\).'
}

JOHN J. McGEE, C.P.C.

\title{
Ottawa, July 25, 1900.
}

\section*{Stewart vs. Jones.}

Dear Sir,-We beg to advise you that the High Court of Justice in Toronto has pronounced an order restraining the defendant Jones from releasing or discharging the claim of the firm of Stewart \& Jones in respect of interest on the Hard-pan Claim in whole or any part unless the money be paid into court.

The plaintiff has also recovered judgment against Mr. Ralph Jones for the sum of \(\$ 4,510.87\), and Mr. John Sweetland, the sheriff of the county of Carleton, has been appointed receiver by order, dated the 24th day of July, 1900, of all the defendant's interest in the sum of \(\$ 847.50\), voted to him at the last session of Parliament. We therefore notify you that if the department considers said sum of \(\$ 847.50\) to be partnership money, Mr. Jones is restrained by order of the High Court of Justice from discharging the claim, and if the money is payable to him personally as a gratuity, Mr. John Sweetland, the receiver appointed, is entitled to receive the defendant's personal interest in the said sum and is exclusively entitled to the same.

\section*{Yours truly,}

> O'GARA, WYLD \& OSLER.

Toronto, July 27, 1900.
Dear \(S_{\text {ir, }}-\mathrm{I}\) am in receipt of your telegram asking me to open letter addressed to Mr. Lash, dated 26th instant and to advise.

As I view the matter the interest in question granted Mr. Jones is not in any sense a gratuity given to him. It is treated as a claim for interest between the dates at which Mr. Jones was entitled to the principal and the date when the principal was paid to him. It may be that the Crown could not have been compelled in law to pay this interest. Be this as it may, it is a claim that as between subject and subject would be recognized as a legal claim. The Crown recognizes it as a proper claim and have so granted it. In the face of the order made appointing a receiver it would be improper for Mr. Jones to receive the money and in my judgment improper to pay it in defiance of this order.

I am just informed by Mr. Shepley that the order of Judge Musgrove, dated the 24th July instant, has been rescinded by Chief Justice Meredith. A motion, however, is now standing for judgment before the Chief Justice to make a new order granting a receiver. It would be premature to deal with the matter or to pay the money pending the result of this application. If the Chief Justice grants a new order appointing a receiver to receive the money then I think the money should not be paid over to Mr. Jones. I have asked Mr. Miller Lash to watch the proceedings before the Chief Justice and to further advise. Mr. Lash will be home in a day or two, and in the meantime no harm will be done by refraining from payment. If the Chief Justice declines to grant any order and there is no order whatever preventing Mr. Jones receiving the money then you would be entitled to pay the money to Mr. Jones.

> I am, sir, your obedient servant,

The Auditor General.
WALTER CASSELS.

Toronto, August 1, 1900.
Dear Sir,-Referring to your letter of July 26, re item \(\$ 847.50\), voted to Ralph Jones, and to Mr. Walter Cassels' letter to you of July 27, I now beg to say that on

July 28 Chief Justice Meredith made an order in the action of Stewart vs. Jones to the following effect:-
(1.) Setting aside Judge Mosgrove's order;
(2.) Restraining the defendant Jones until September 4, 1900 (or until motion made to continue the restraining), from collecting or receiving the sum of \(\$ 847.50\) referred to;
(3.) Appointing Sheriff Sweetland receiver until September 4, 1900 (or until motion made to continue him as receiver), to collect and receive the said sum of \(\$ 847.50\).

There is therefore no doubt with respect to the facts of the case. The principle involved is somewhat important. The facts are simply as follows:-

Parliament, by the Appropriation Act (No. 5), 1900, has enacted that 'from and out of the Consolidated Revenue Fund of Canada there shall and may be paid and applied a sum not exceeding in the whole two million two hundred and sixty-four thousand seven hundred and twenty-eight dollars and thirty cents towards defraying the several charges and expenses of the public service of Canada . . . . set forth in schedule A of this Act.'

In schedule \(\mathbf{A}\) is contained the following item:-
' Ralph Jones, half interest at 6 per cent on \(\$ 38,915.37\), amount reported by commissioner on Oxford and New Glasgow Railway claim respecting "hard pan" of Stewart \& Jones' contract No. 6, \$847.50.'

This unquestionably places at the disposal of the government the amount mentioned for the purpose referred to, payment of course to be made according to the usual routine.

The order of Chief Justice Meredith restrains Mr. Jones from collecting or receiving the \(\$ 847.50\), and appoints Sheriff Sweetland as receiver with authority to collect and receive it, and, of course, to give a discharge for it on behalf of Mr. Jones.

Because the money was voted to the Crown, and can be paid only by the Crown through its proper officers, the Court could not. and the order referred to did not attempt to, restrain the Crown or its officers from paying the money, the Court not having jurisdiction over the Crown or its officers in such a matter. Technically speaking, I am of opinion that, notwithstanding the order restraining Mr. Jones from receiving the money and authorizing the receiver to collect it, the Crown could not be made liable to pay the money a second time if, in the exercise of its discretion, it thought fit to pay the money to Mr. Jones and not to the receiver. Mr. Jones, by receiving the money would of course be guilty of contempt of Court, and would have to suffer the consequences of his contempt.

The technical legal position is not a difficult one. I think the Crown is entitled to exercise its discretion as to making the payment to Mr. Jones or to the receiver, or, possibly, as to withholding payment altogether. This latter would depend upon the general facts of the case relating to the item, with which I am not familiar, and which it is not important now to consider.

The important question is with respect to the principles upon which the exercise of the Crown's discretion should be based. This, of course, is a matter for Her Majesty's advisers. I may perhaps be permitted to say that to disregard a positive order of one of Her Majesty's Courts having full jurisdiction to make the order, and to pay money, to a person who, by receiving it, would be guilty of contempt of Her Majesty's Court, should require very strong grounds of justification on the merits of the whole case. Prima facie, as Mr. Jones has been restrained from receiving the money, he is not the proper person to receive it; and, prima facie, as Sheriff Sweetland has been appointed to receive the money, he is the proper person to receive it. The facts of the case, however, may be such as to warrant Her Majesty's advisers in advising a course which would be opposed to this prima facie case.

With respect to your position as Auditor, I think that you will perform your duty fully by calling the attention of the proper department to the facts as above explained, and asking for the decision of the government thereon. If the government decides to make the payment to Mr. Jones, notwithstanding the order of the Court, I think you would not be justified in refusing as Auditor to sign the cheque. If the government should decide to make the payment to the receiver, I think that you as Auditor would be justified in signing the cheque to him. I return the papers.

I am, sir, your obedient servant,
The Auditor General.
Z. A. LASH.

Audit Office, Ottawa, August 2, 1900.
Sir,-With reference to our conversation of this morning regarding the Ralph Jones matter, it might be as well to make the cheque to Mr. Jones and yourself jointly, so that you would be in a position to withhold payment until you were satisfied that it could be made.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

\section*{Dept. of Railways and Canals, Ottawa, August 3, 1900.}

Sir,-I have the honour to acknowledge the receipt of your communication of the 2 nd instant, relative to a cheque which it is proposed to make payable to Mr . Ralph Jones, to whom you refer.

In reply, I would say that it is immaterial how the said cheque is drawn so far as my action is concerned in the matter, as it will not be handed over to any one until I have been instructed by proper authority to do so.

> I am, sir, your obedient servant, COLLINGWOOD SCHREIBER, D.M. The Auditor General.

Audit Office, Ottawa, September 15, 1900.
Sir,-The cheque for Ralph Jones was issued by inadvertence on a duplicate certificate, in my absence.

Please return the cheque to this office for cancellation.
Whenever you are in a position to deal finally with the matter to your satisfaction, should that be before October 1, I shall be glad to authorize the issue of a cheque, as you mayi direct.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

\section*{Dept. of Railways and Canals, Ottawa, September 18, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 16th instant, relative to a certain cheque of the Finance Department issued in favour of Mr . Ralph Jones, being the amount voted to him by Parliament last session, less deduction for costs.

In reply, I have to state that the cheque in question is with the Department of Justice, to be handed to Mr. Jones, should they be satisfied that no legal objection exists to such action.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M.

Audit Office, Ottawa, October 1, 1900.
Sir,-With reference to the cheque in favour of Ralph Jones, menrioned in my letter of the 15 th ultimo, please return it immediately so as to enable me to cancel the entry made debiting the amount to the appropriation. I assume that the cheque was not used, and that, according to my letter, you are holding it for return to this office. It will be impossible to credit the appropriation of last year unless the return is made at once.

It would be illegal to hand over the cheque now, as you will see by referring to section 37 of the Audit Act. Payment would not then be made during the extended time.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

\section*{Dept. of Railiways and Canals, Ottawa, October 4, 1900.}

SIR,-I have the honour to acknowledge the receipt of your communication of the 1st instant, with further reference to your request for the return to your office of a certain Finance Department cheque issued in favour of Mr. Ralph Jones in connection with the above-mentioned matter.

In reply I have to say that I am not aware where the cheque in questin is, as, at the Minister's request, I left it on the table in his office, and have not seen it since. The Minister is, at present, absent from Ottawa.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M.

Audit Office, Ottaifa, October 5, 1900.
Sir,-On the 1st instant I wrote to the Deputy Minister of Railw:ys and Canals, asking for the return of a Receiver General's cheque in favour of Mr. Ralph Jones, which I understood had not been used. Inclosed is a copy of my letter and of Mr. Schreiber's reply, which speak for themselves. Will you kindly deal with the case?

I am, sir, your obedient servant,

\author{
Hon. A. G. Blatr,
}

Minister of Railways and Canals.

\section*{Audit Office, Ottawa, January 17, 1901.}

Sir,-May I refer again to my letter of October 5 last regarding the cheque issued in my absence to Mr. Ralph Jones and which was then held in your department.

You are aware that my opinion is, that under the 37th section of the Audit Act the cheque could not be legally handed over to Mr. Jones unless he was in a position to accept it before October 1.

I should be much obliged by your now deciding either to return the cheque or to take the ground that the cheque may be legally held to be used in paying Mr. Jones when his legal difficulties may be removed. Such action now would enable me to make
what appear the necessary comments in my report on last year's accounts. I am happy to say that the report is nearly completed.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

Hon. A. G. Blatr, Minister of Railways and Canals.

\section*{Circular to Depts.: Proposed Modification in Letter of Credit System.}

\section*{Audit Office, Ottawa, June 30, 1900.}

Sir,-As you are aware, there are now in practice, under the Consolidated Revenue and Audit Act, two modes of making payment of all expenses legally chargeable on a parliamentary appropriation, viz.: (1) by direct application to this Office for a Receiver General's cheque to cover the amount due; (2) by the issue of a cheque under a Departmental Letter of Credit.

The statute does not prescribe or indicate the expenditure, as a class, to which these modes respectively apply, and it seems to me that it will be in the public interest to attempt some classification in this respect for the future guidance of the departments.

In making the selection of the classes of expenditure which in my opinion should be made only by direct application to this office, I have been influenced largely by my experience in the past with expenditure of a similar nature. I have found that it is in connection with these classes of outlay the great bulk of the correspondence between this office and the departments has taken place; and inferentially, it is along these lines that irregular claims will likely be made in future.

I trust you will find that I have kept in view the convenience of the public and the department, by leaving to be paid under the credit all payments where mistakes are not likely to arise.

Commencing, then, with July next-the first month of the financial year 1900-1901-I would like your department to treat as proper claims for direct application to this office any that may come under the following heads:-
(1.) All advances or repayments for travel or other disbursements asked for by the officers or employees of the department to be charged on any vote other than Civil Government Contingencies.
(2.) All payments on account of or in final acquittance of large contracts.
(3.) Extras on contracts.
(4.) Gratuities or allowances of any kind not sanctioned by statute.
(5.) All accounts not within the financial year to which the appropriation applies or within six months before the beginning of it.
(6.) All salaries or other remuneration to employees at the department, not paid through the Accountant of Contingencies.
(7.) Special payments of any kind, whether authorized by the Governor in Council or not, or whether made under a special appropriation or not.

Of course I shall be glad to discuss this matter with you, if you so desire, as I am anxious that any departure which may be made from the present order of things shall be one in the right direction and be such as will not unnecessarily incommode the working of the department or interfere with the prompt settlement of all just claims on the public treasury.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

\section*{SESSIONAL PAPER No. 1}

\section*{Charges for Printing Cards.}

A refund has been made by the Hon. Minister of Justice, and credited to casual revenue, 1900-01, to cover the following items :-

\section*{Powers of Attorney.}

Rules prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of acquittal of Warrants for the payment of money by the Government of Canada.
1. No Officer of the Civil Service shall, under any circumstances, be per itted to act as attorney for the receipt of public moneys.
2. No power of attorney will be recognized, received or acted upon by the Receiver General, which is not printed, and of the form to be obtained from the office of theReceiver General, under which only payments can be made, and such power will operate as to any fum of money due only by the Government at the date of the power of attorney.
3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "any respects qualified."
4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General ; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due.
5. All powers of attorney must be signed in the presence of a witness.
6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal,

By order of the Board.
Treasury, Ottawa, February, 1, 1870.

\section*{Registration of Letters containing Cheques.}

Order in Council, December 6, 188\%. -Ordered that the various departments be required to register all letters containing cheques.

\author{
JOHN J. McGEE, C.P.C.
}

\section*{Duplicate Cheques.}

Treasury Minute, June 18, 1858. -The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.
1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.
2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss ; such bond to be examined by the Department of Justice after execution.
3. That a declaration showing whether the original cheque was endorsed or not and how it was lost or destroyed, should accompainy the bond, in case it is claimed that the cheque was lost or destroyed.
4. That each duplicate cheque should have the word "duplicate" written in red ink across the face of it.
J. M. COURTNEY, Secretary
\(1-1 \frac{1}{2} \mathrm{~B}\)

\section*{Overdrafts of Appropriations.}

Memorandum for the Minister of Finance. - You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :
(l.) Sometimes by overdi awing the credit to the bank, -but
(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.
J. L. McDOUGALL, A.G.

Auditor General's Office, Ottawa, May 28, 1892.

Order in Council, July \(\tilde{\sim}\), 1892.-On a report dated July 4, 1892, from the Minister of Finance; submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departmients under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future

JOHN J. McGEE, C.P.C.

\section*{Appropriation Balances}

Order in Council, June 27, 1888. -The Treasury Board had under consideration a commnunication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean : "That an Appropriation account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30 ."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expeuditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, lialilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and he written off. The proviso does not either expressly or by implication, give a department power to make a new expenditure, and if that rewer is not contained in the proviso, it is nowhere ; it does not exist. The only meaning to be dravn from the proviso is that the extension is made for the purpose of paying, after June 30 , out cf the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Conncil that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, C.P.C.

\section*{Letter-of-Credit Cheques.}

Oider in Council, June 27, 1889. -The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and subinitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council :
(1). That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.
(2.) That the departments be instructed not to pernit any person to sign except those authorized by Order in Council.
(3). That no cheques be signed in blank, either in the inside or outside service.
(4). That all cheques be drawn in the form: "Pay to the order of ——"; and not in either of the forms: "Pay to- or bearer," or "Pay to - or order."
(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes :-(List not printed.)

\section*{Contracts.}

Order in Council, May 23, 1880.-On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \(\$ 5,000\) shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases anthority be obtained by an Order in Council. That, with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarautee to be fixed at a sum not less than \(\$ 1,000\) nor more than \(\$ 5,000\). That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Comnittee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTE, C.P.C.

Order in Council, June 16, 1888. -The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

> JOHN J. McGEE, C.P.C.

\section*{(Circular.)}

Finance Dept., Ottawa, July 4, 1888.
Sir, - I hare the honour to enclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the morle of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner preseribed by the Order in Council above referred to.

Order in Council, May 2, 1833.-On a memoranduin dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

> JOHN J. McGEE, C.P.C.

Memorandum respecting Contractors' Securities.-The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Governinent Savings Bank, and in sonie instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failect, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.
J. M. COURTNEY, D.M.F.

\section*{Certificates on Vouchers.}

Revised Statutes of Canada, Cap. 29, Sec. 33.-No payment shall be authorizerl by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in aldition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is accordiug to contract, or if not covered by a contract, is fair and just.

Note. - The proper officers to make these certificates are those who have personal knowlerge of the facts in each case.-J. L. McD.

\section*{Small Balances due to Estates.}

\section*{Audit Office, Ottawa, June 12, 1888.}

Sir,-It frequently happens that there is a small sun due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would le a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice iudemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved hy the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.
Yours truly,
J. L. McDOUGALL, A. G.

The Secretary, Treasury Board.

Trfasury Board, June 19, 1888.
SIR,-With reference to your letter of the 12 th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the' matter, and they direet that each case be referred to them for decision as to the action to be taken.

Yours truly,
J. M. COURTNEY, Secretary

The Auditor General.

Order in Council, July 24, 1894. -That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceasen, but that, under an Order of the Treasury Board, daterl 19th June, 1888 , all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in ncedy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

JOSEPH POPE, Asst. C.P.C.

\section*{No Supplies to Persons in Arrears to Department of Printing and Stationery.}

Treasury Minute, September 22, 1897. -The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Sitationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a carefulconsideration of the matter, direct that the Queen's Printer be instructed hercafter to give no further supplies to persons who are in arrears for supplies previously furnished.
J. M. COURTNEY, Secretary.

\section*{Stationery Office}

Order in Council, June 26, 1889 (as amended by O. C., July 11, 1889).-His Excellency, in pursuance of the powers vested in him by Revised Statutes, chap. 27, sec. 7, and by and with theadvice of the Queen's Privy Council for Canada, is pleased to direct and order :-
1. In every department the Deputy Head shall sign all requisitions in accordance with sec. 7 , chap. 27, of the Revised Statutes, and a clerk, to be named by the head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printed work and articles of stationery ordered and supplied, and grant receipts for the same, superintending, also, their distribution to the clerks or employees for whose use they have been ordered.
2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.
(Note.-This list was approved by O. C., Nov. 29, 1889.)
3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles oily that are therem enumerated.
4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approverl by the Governor in Council.
5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the emyloyees in any department, except in the case of Deputy Heads.
6. No paper or envelopes for correspondence, bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.
7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.
8. No despatch-boxes or brief bags, shall be issued for the use of members of any Government Commission.
9. All requisitions issued under Rules 6 and 7 , or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.
10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31 st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.
11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, C.P.C.

\section*{Pamphlets and Books.}

Order in"Council, December 22, 1888. -The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal ; and that all purchases of books for the use of any department of the government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, throngh a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the ribrary Committee and to each department of the public service.

JOHN J. McGEE, C.P.C.

\section*{Newspapers and Books.}

Order in Council, June 18, 1894.-Cancellation of all forme. Orders in Council in reference to supply of newspapers, books and magazines to departments.

JOHN J. McGEE, C. P.C.

Order in Council, June 18, 1894.-Regulations respecting the purchase of newspapers, books and magazines, to the several departments :-
(1.) That a maximum limit of \(\$ 500\) be set apart for each ministerial department, within which is,to be defrayed the cost of newspapers, books and magazines for the use of such department.
(2.) That books and magazines, other than those which are of a technical character and necessary for the proper working of the department, shall be purchased only on authority of the head of the department.
(3.) That no newspapers be supplied to outside offices of any department except on the authority of the Minister of that department.

JOHN J. McGEE, C. P.C.

\section*{Accounts for Advertising.}

Order in Council, May 8, 1894.-On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

\section*{REGULATIONS.}

All orders for advertising which are issued at the seat of Ciovernment shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the papers in which the advertisement is to be published, spcifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers: accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to himin in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and threc in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch \(f\) the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

\author{
JOHN J. McGEE, C.P.C.
}

Order in Council, July 17, 1896.--The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government; and particularly the Order in Council of the 8th of May, 1894, be rescinded; and that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

\section*{JOHN J. McGEE, C.P.C.}
(Circular.)
Dept. of Public Printing and Stationery, Ottawa, July 23, 1896.
Sir,-Under instructions froin the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

I am, sir, your obedient servant,

\author{
S. E. DAWSON, Queen's Printer.
}

\section*{Advertising in Canada Gazette.}

Order in Council, March 22, 1888. - On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the Canada Gazette shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties arlvertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Ministers recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the Gazette, and is in no wise responsible for their discontinuance. The Committee sulbmit the above for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

\section*{Legal Services.}

Order in Council, April 12,1879.-On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

> Certified, W. A. H1MSWORTH, C.P.C.

\section*{Removal Expenses.}

Order in Council, Sept. 8, 1871. -The Committee of Council have had under consideration an extract from the Minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted;-
"Removal Allowances. -No removal allowances can be granted except on report of the Treasury Board. No romoval allowance is to be granted if the salary is inereaserl, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered."

\title{
Travelling Expenses-No allowance while on Steamers.
}

\author{
(Order in Council, November 10, 1886.)
}

Treasury Board,-The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by the officers in the employ of the Governnent while travelling on Government busiuess, and also advances made to such officerson account of such expenses, after full consideration of the subject, recommend to Council as follows :-
1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships, or other modes of conveyance, if the passage money includes meals and all other accommodation.
2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. McGEE, C.P.C.

\section*{Travelling Expenses-General Regulations.}

Order in Council, Dec. 17, 1889. -The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Governmentbusiness, recommend to Council that a certificate be attached to accounts for travelling expenses, as follows :-" The whole of the expenditure was incurred on Government business "; said certificate to be signed by the officer who has incurred the expense.
JOHN J. McGEE, C.P.C.

Order in Council, February 6, 1893. -That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all ofticers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses ; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip ; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :-
"The whole of the expenditure was incurred on Government business."

> JOHN J. McGEE, C.P.C.

Note.-The Lieutenant-Governor of the North-west Territories is allowed \(\$ 5\) a day by Order in Council, January 12, 1888.

Order in Council, March 13, 1895.-That the moving expenses of judges holding weekly sittings of the High Court of Justice at Ottawa and London, payment of which is authorized by the Order in Council of the 14th January, 1895, be fixed as follows :-
\[
\begin{aligned}
& \text { For each sitting at Ottawa. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 2500 \\
& \text { For each sitting at London................................................................ } 1000 \\
& \text { JOHN J. McGEE, C.P.C. }
\end{aligned}
\]

Order in Council, March 4, 1897. --That the Order in Council of the 23rd October, 1896, in reference to advances for travelling expenses from Civil Government Contingencies, be amended to read as follows:-That hereafter no adrance be made to officers of the several departments, ont of Civil Government Contingencies, for travelling expenses, in excess of one hundred and fifty dollirs ; and that all advances made to them be accounted for at the end of each quarter, and that no advances. be made until previous advances are settled.

> JOHN J. McGEE, C.P.C.

Sir, - I am in receipt of your letter of the 15 th instant, in reference to the \(\$ 10\) a day allowance to Mr. E. L. Newcombe, Deputy Minister of Justice, under Order in Couricil of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I an directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to

England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, Secretary.

\section*{Triplicate Deposit Receipts for Balances of Travelling Expenses Advances to go to Accountant of Contingencies.}

Order in Council, June 10, 1893. -That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council.

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Contingencies for travelling expenses and for petty cash, and for all other refunds made on ascount of Civil Government Contingencies, be forwarded by the department or officer making such refunds to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable hiur to keep a proper check upon the various appropriations.

JOHN J. McGEE, C.P.C.

\section*{Special Qualifications.}

Treasury Board, Ottawa, Nov. 13, 1883.
SIR,-I have been directed by the Honourable the Treasury Board to call your attention to the 5 th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary" ; and in comnection therewith to call your attention to the Hansard of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waved?

Your obedient servant,
The Ieputy Minister of Justice.
J. M. COURTNEY, Secretary.

Department of Justice, Ottawa, Nov. 15, 1883.
SIR,-I have the honour to acknowledge the receipt of your communication of the 13 th instant. in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7 , wherein it is stated that " in the case of attorneys, barristers, engineers, architects, actuaries and land surreyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

1 am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,
The Deputy Minister of Finance.
GEO. W. BURBIDGE, D.M.J.

\section*{Appointments subject to changes in Superannuation Laws.}

Order in Council, 18th November, 1896. -That all appointments made after 23rd June, 1896, or to be hereafter made, shall be subject to the understanding and conditions that the persons so appointed accept office subject to any changes which may be made in the Superannuation Laws of Canada; and that such appointees be notified of such understanding, and that a copy of this Minute, if approvelt, be forwarded to the deputy head of each department, anil that each deputy head be requested to forward a copy thereof to each person to whom it may apply.

\section*{Civil Service Promotions.}

Order in Council, April 12, 1893.-His Excellency, in virtue of the provisions of section 39 or "The Civil Service Act," as amended and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation :-

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the 1st day of July, 1882, and has since been continuously engaged therein, shall, as a condition of promotion, be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

> JOHN J. McGEE, C.P.C.

\section*{Salaries : Date of Payment.}

Order in Council, January 13, 188\%. -The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the paylist for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

\author{
JOHN J. McGEE, C.P.C.
}

By an Order in Council, dated 31st of August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuonsly employed, be cancelled from and after the lst September, 1891, and that thereafter such clerks be paid on the last day of each month.

JOSEPH POPE, Asst. C.P.C.

Order in Council, March 5, 1888. -The Treasury Board have had their attention called to the fact that the terms of the Order in Council of January 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in adrance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly paycheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, C.P.C.

Order in Council, November 14, 1895. -The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

> JOHN J. McGEE, C.P.C.

\section*{Extra Salary.}

Civil Service Act, 1888, 51 Vict., cap. 12, sec. 12. -Subsections 1 and 2 of section 51 of the Civi Service Act (R.S.C., cap. 17) are hereby repealed, and the following substituted therefor :- "51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

\title{
Public Service: Hours of Attendance, Extra Salary.
}

\section*{Audit Office, Ottawa, August 11, 1899.}

Sir,-The Department of Justice has recently made application to me for payments to members. of its staff for extra services rendered in the preparation of returns ordered by Parliament, on the ground that such payments were permissible, because in accordance with the judgment of the Supreme Court of Canada in the case of The Queen vs. Bradley. The account rendered was certified by the Deputy Minister that the work was performed outside of regular office hours and was not in the line of the Clerk's ordinary duties. Two of these accounts I have passed; but, as the practice is sure to grow fast and as it therefore appears to me it would be in the interest of the Public Service that a uniform system in this regard shonld be established by the Governor in Council, I have refused to pass in the meantime an application of this character sent to me within the past few days.

It is nanifest that, if in certain Departments all the work which requires to be done after office hours is paid for, in addition to the regular salary of the clerk who performs the work, while in the other Departments the service which is done after the usual office hours brings no additional remuneration, the permanent heads of the latter Departments will le much more unpopular with their assistants than the cleputies in the other Departments with theirs.

You will observe that there is in force an Order in Council of July 27, 1882, which provides that any member of a Departmental staff may be required by the Head of the Department to attend his office at any time his services may be deemed necessary. In view of this provision, it seems to me clear that the Governor in Council intended it to be understood that the officials of the Department. were to keep up the work of the Department after the usual office hours when it could not be done during those hours, no matter whether the work could be strictly called the usual work of the Department or not.

In the cases that have arisen so far, the work done, as I have said, has been in connection with the preparation of returns ordered by Parliament; and it seems to me the question should be decided by the Treasury Board or by Council whether or not the preparation of those returns or other similar work falls within ordinary duties in a Department, when done by those who are receiving regular pay as either permanent or extra clerks.

I shall be obligel if you will bring the matter to the notice of the Treasury Board with the view of having some definite and uniform basis established in regard to a practice which I fear, if not regulated, may grow to undesirable proportions, and may cause much dissatisfaction.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

Order in Council, 19th August, 1899. -That the provisions of the 9 th section of the Order in Council of 27th July, 1882, which provides amongst other things: "That at any time, if the public "service requires it, the Heads of Departments or Deputy Heads to have the right to call for the "attendanse of all or any of the officers or clerks at an earlier or later hour than those named," be confirmed.

That no extra salary or additional remuneration of any kind whatsoever, be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by Parliament.

JOHN J. McGEE, C.P.C.

\section*{Salaries: Date of Changes and Increases.}

Order in Council, July 29, 1871.-On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee sulmit the above recommendation for Your Excellency's approval.

Approved,
W. H. LEE, C.P.C.

Order in Council, June 29, 1889. -That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointinent; provided always that the time is not computed from a date prior to the Order in Council niaking the appointment.

JOHN J. McGEE, C.P.C.

\title{
Information to be somt to the Treasury Board on Matters affecting the Establishment.
}

\section*{Treasury Board, Ottawa, April 3, 1897.}

Sir,-I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board, dated un 319,1893 , and to ask that the reguirements therein specified be complied with.

I am, sir, your obedient servant,

> J. M. COURTNEY, Secretary.

\section*{(Circular.)}

Treasury Board, Ottawa, June 19, 1893.
SIR, -In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recounmended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements :-

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be givell and a medical certificate submitted as to his state of health. In the case of memoranda recomnending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (vide sections \(15,17,19,21,26,35,37,39\) and 47 ) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of civil servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,
J. M. COURTNEY, Secretary.

\section*{Matters to be referred to the Treasury Board.}

Order in Council, October 5, 1896. -The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

> Т. J. McGEE, C.P.C.

\section*{Salaries of Deceased Officers.}

Order in Council, Feb. 9, 1875. - On a memorandum dated Feb. 8, 1875, from the Hounourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers-that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

\section*{Employment of Temporary Clerks.}

Section substituted by 58-59 Victoria, Chapter 15, for section 47 of the Civil Service Act (R.S.C., Cap. 17):-When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the departinent, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

\section*{Temporary Employees: Certificate of Attendance.}

Treasury Board Minute, Dec. 27, 1898. -The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messeugers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent :
" I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of .
. .and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the periorl for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.
J. M. COURTNEY, Secretary.

\section*{Departmental Employees: Pay-List.}

\author{
Treasury Board, Ottawa, Dec. 2, 1895.
}

Sir,--I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a Minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and niessengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment,

I am sir, your obedient servant,
J. M. COURTNEY, Secretary

\section*{Special Leave of Absence to Employees.}

Order in Council, June 29, 1893.-No payment to be made to any Government employee for time on special leave until Council authorizes same.

JOHN J. McGEE, C.P.C.

\section*{Leave of Absence to Temporary Employees.}

Order in Council, October 20, 1892.-On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the repartments at Ottawa, and recommending the adoption of the following rules:-
(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year ; such leave to be granted at such time during the year as the head or deputy head of the department may determine.
(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department ; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1 st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for your Excellency's approval.
JOHN J. McGEE, C.P.C.

Order in Council, Dec. 30, 1838. -That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary cmployees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

JOHN J. MCGEE, C.P.C.

\section*{Medical Certificates.}

Order in Council, July 23, 1892.-On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the third subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Departinent of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. McGEE, C.P.C'.

\section*{Rate of Pay for Copying.}

Order in Council, April 1, 1886. -That the rate to be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, he fixed at tive cents ( 5 c. ) per folio of 100 words, to commence on the 1st April instant.

> JOHN J. McGEE, C.P.C.

\section*{Rate of Pay to Reporters.}

Order in Council, October 9, 1888. - On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \(\$ 3.50\) per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.
JOHN J. MCGEE, C.P.C.

Order in Council, July 3, 1890.--That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the sum of \(\$ 3\) per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.
\(\checkmark\)
That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \(\$ 5\) per day, he shall be entitled to receive \(\$ 0\) a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as laving been employed under, and shall be paid according to, the rates fixed by the O:der in Council above referred to, of October 9, 1888.

JOHN J. McGEE, C.P.C.

\section*{Petty Expenses-Advances.}

\section*{(Order in Council, November 12, 1884.)}

Ordered that the sum of two hundred dollars (\$200) be granted as a standing advance to each department of the public service for "Petty Expenses," but that before the same is renewed for any department, a detailed statement of the sums expended on account of petty expenses shall be furnished to the Auditor General.
The Auditor General.
JOHN J. McGEE, C.P.C.

\section*{Superannuation.}

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.
(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.
(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.
(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.
(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.
(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the lst July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.
(37.) When any greuter length of service is claimed by men now in the service than that from the date of the man's appoiutment tu his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.
(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.
(39.) The Auditor shall prepare a statement to be submitted to Council on lst January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.
(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for, retaining him on the staff for another year.

Order in Council, May 3, 1886. -That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows :-"(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements "; -be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

\section*{JOHN J. McGEE, C.P.C.}

\section*{Treasury Board, Ottawa, Dec. 7, 1883.}

Sir, - I am directed by the Treasury Board to call your attention to your letter of October 9 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circnmstances, superannuations, once established by Council, may be reopened-always presuming that no clerical errors have been made.

I am, sir your obedient servant,
The Deputy Minister of Justice.
J. M. COURTNEY, Secretary.

Dept. of Justice, Ottawa, Dec. 12, 1883.
Sir,-I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened-always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the Iatter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (See 38 Vic., cap. 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 Vic., cap. 13.)

I am, sir, your obedient servant,
The Secretary, Treasury Board.
GEO. W. BURBIDGE, D.M.J.
(Circular.)
Treasury Poard, Ottawa, July 31, 1891.
Sir, -I have the honour to inform you, for your guidance in future, that the Governor General in Conncil, on the 21st instant, approved of the following regulation of the Treasury Board :-
"That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

> I am, sir, your obedient servant,

The Auditor General.
J. M. COURTNEY, Secretary.

Order in Council, October 9, 1895. -That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasous for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy-also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

\section*{Gratuities.}

Order in Council, Feb. 1, 1868.--As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 188\%. -The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of l'arliament should be asked for the payment thereof.

JOHN J. McGEE, C.P.C.

\section*{Insurance of Government property.}

Order in Council, July 5, 1881. -The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property ; and they are of opinion, and humbly advise Your Excellency that, in view of the large anount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

> J. О. СОTE, C.P.C.

\section*{Security of Public Officers.}

\author{
(Order in Council, August, 1869.)
}

On the recommendation of the Honourable the Minister of Finance, the Committee advise that the annexed memorandum from the Board of Audit containing certain rules defining the circuinstances under which security is to be required from public officers be approved and adopted.

> WM. H. LEE, C.P.C.

The Board of Audit has had under consideration the Act respecting the securities of public officers and the Order in Council founded thereon. Although the manner in which security is to be given is therein laid down, there does not appear to be a sufficient definition of the circumstances under which security is to be required. After conference therefore with the other deputy heads who have not seats on the Board of Audit, the Board submit for the consideration of the Government the following resolutions:-
1. Every person collecting or receiving revenues in cash to be paid by him over to the Receiver General must give security.
2. Every paymaster whose business it is to distribute money handed over to him must give security.
3. Every person to whom letters of credit are giren, or to whom warrants issue, whether accountable warrants in round sums to meet general expenditure or warrants to enable him to pay sums ascertained to be due, and who pays such sums by his own official cheque against an official account at the bank, shall give security.
4. When a department receives an accountable warrant for general expenditure or warrants to meet sums ascertained to be due, and such warrants are placed to the credit of the department in an official account, the cheques must be signed by the head or deputy head, and at least one other person in the department who has been designated for that purpose as being cognizant of the transaction and of its being duly received, and in such case it is not necessary that either should give security.
5. The paylists are paid by the bank upon the cheque of the deputy head in the department and of the collector at the ports and inland revenue stations. If the deputy head or collector gives his cheque in favour of the individual or order, he will not be required to give security, but if the whole money is drawn on one cheque to be distributed, the person charged with the distribution should give security.
6. It sometimes happens that in order to save the issue of many warrants or official cheques, money is paid to a department to distribute, although such a transaction may not fall within the ordinary duties of that department. In such cases unless the cheques are signed by another person in the department besides the deputy head, security ought to be given.
7. When for any reason money is casually placed in the hands of any person in a matter not belonging to the regulr duties of his office, he cannot be called upon to give security, and it would be better in all such cases to place the money in the hands of two persons who should both sign the cheques.
8. Where a warrant issues in favour of any person and it is paid to him by a cheque in favour of any other person, he will not give security.
9. Where a warrant or letter of credit issues in favour of a Minister of the Crown to enable him to make certain payments, no security is required, but it would be better, except in special cases, that such credits or warrants should issue in favour of the department as in rule (4), in which case a second signature would be required.

It may be advisable to give some instances of cases which would fall under the above rules to render their operations more intelligible.
(1.) Collectors of customs and excise, the cashier of the Post Office Departinent, the collector of hydraulic rents for the Public Works, the collector of patent fees, Department of Agricultnre.
(2.) The paymasters of the Public Works and Militia Ilepartments and the International Railway Commission.
(3.) The accountant of contingencies, the wardens of penitentiaries, and all otner persuns receiving accountable warrants for petty expenses.
(4.) All the expending departments would come under this rule, but there should be a distinct order in each department, who should sign the cheques. The payment of interest and other services on general or open warrants, where the cheques are signe 3 by both the Deputy Receiver and Deputy Inspector General would come under this rule, and the paymasters in Nova Scotia and New Brunswick.
(5.) All persons authorized to sign paylist cheques.
(6.) It often has occurred when the actual payee is not accessible that warrants have issued to the Receiver General to enable him to pay. Many of such cases will be met by the new arrangement of giving the cheque not in favour of the Receiver General, but of the individual. Such cases may, however, occur again, and would fall under this and the next rule. So also a sum may be paid to the Commissioner of Inland Revenue to distribute for small refunds of duty. Such sums ought to be placed to an official account as in any other expending department, although it may not be the ordinary business of the department, and the cheques should be countersigned.
(7.) Thus a certain sum was placed at the credit of the Secretary of the Treasury Board, to be expended as directed. Such a transaction tormed no part of the duties of his office, and if such a thing is done again, a second person should be named to countersign the cheques.

\section*{Franking Privilege at Ottawa.}

Order in Council, February 25, 1892.-By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved :-

REGULATIONS.
1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusced by the deputy head with that duty, and to be affixed by him upon official correspondence only.
2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.
3. In addition to the printed stamp or printed signature as above provider, the head of the department and the private secretary of the head of the department in the name of his Minister, and the deputy head may frank by a written signature or initials; but no other method of franking except as above enumerated will be permitted.
4. No blank or unaddressed envelope shall in any case be franked.
5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.
6. The General Officer comınanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively considered as deputy heads of departments.
7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of Ministers, shall be transmitted in envelopes having printed or written thereon the words "On Her Majesty's Service"; and no envelope bearing the superscription shall be used for any private correspondence.
8. From and after the 15 th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof, under frank, nor shall the postage due thereon be charged against the Government.
9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.
10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.
11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

JOHN J. MCGEE, C.P.C.

\section*{Tariff of Fees on Commissions.}

Order in Council, September 7, 1893. -The Committee of the Privy Council have the honour to recommend to Your Excellency the adoption of the annexed report of the Secretary of State, with reference to the tariff of fees upon commissions to public officers :-

That the following tariff of fees chargeable upon commissions to public officers be confirmed :-
1. Upon commissions to Lieutenant-Governors, Ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of \(\$ 20\).
2. Upon commissions issued to officers or others receiving sala ies of \(\$ 1,000\) or over, a fee of \(\$ 15\).
3. Upon commissions issued to officers or others receiving salaries from \(\$ 400\) to \(\$ 1,000\), a fee of \(\$ 8\).
4. Upon commissions issued to officers or others receiving salaries from \(\$ 100\) to \(\$ 400\), a fee of \(\$ 5\).
5. Upon commissions issued to officers or others receiving salaries of \(\$ 100\), or to officers or persons appointed to office, who are paid by fees of office, a fee of \(\$ 4\).

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of \(\$ 3,000\) or upwards, the fee chargeable on commissions issued to them be fixed at \(\$ 20\).

The above to apply to commissions issued under the Great or Privy Seal.
He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid.

JOHN J. McGEE, C.P.C.

\section*{Commissions of Inquiry-Rate of Pay.}

Order in Council, September 21, 1S97. - On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance ; and that no further charge be allowed for such letters and interviews ; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissionner hereafter appointed with his commission, or the notification of his appointment, and that such commissionner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.
The Auditor General,
JOHN J. McGEE, C.P.C.

\section*{Maximum number of Reports to be ordered by each Department for Free Distribution.}

Order in Council, January 19, 1893.-On a report dated January 16, 1893, from the Minister of Finance, stating that by Order in Council, dated May 26, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the

Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000 .

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.
JOHN J. McGEE, C.P.C.

Order in Council, November 18, 1893. -That the annual reports of the Historical Archives Division of the Department of Agriculture forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of departmental Keports to 500 copies each.

\author{
JOHN J. McGEE, C.P.C.
}

Order in Council, June 16, 1894.-That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. McGEE, C. P.C.

Order in Council, November 27, 1896. - The Committee on the reecommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500 , of this year's and subsequent reports.

JOHN J. McGEE, C.P.C.

\section*{Executive Regulations Governing Revende Audit.}

Treasury Minute, June 21, 1886. -The Board had under consideration a communication from the Anditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, Secretary.

Trkasury Board, Ottawa, Dec. 30, 1889.
Sir,-With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found, on inquiry, that your letter of the 31 st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give-as the Treasury Board had no directions to give the letter was unanswered ; but, in order that the law may be complied with, I have now to state that the rules are approved of.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, Secretary.

Rules and Regulations in reference to the Receipt, Entry and Accounting for Public Moneys.
(1.) Receipts with printed consecutive numbers should be used.
(2.) A receipt should be given for each payment.
(3.) All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.
(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made ; and it should be signed by the collector, and when paynient is made in person, by the payer.
(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \(\$ 25\). If the daily receipts do not amount to \(\$ 25\), a deposit should be made whenever that sum or more is on hand.
(6.) As soon as possible after the close of each month, and not later than the 10 th of the succeeding month, a copy of the cash book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.-The Board had under consideration a communication from the Auditor General, submitting certain regulations and forms of returns Jrawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration, the Board approve of the general regulations for the outside service for the audit of the revenue accounts, as follows :-

\section*{Revenue Audit-General Regulations for the Outside Service.}

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the reseipts amount to \(\$ 25\); otherwise, whenever that sum is on hand ; and he shall furnish regularly to the proper department, a return of his collections.

2 nd . This return shall be made monthly, or at less frequent intervals, to be fixed by the department when desirable.

3rd. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance ; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4 th. It shall be fully examined and audited in the department and certified by the accountant and examining officer.

5 th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary, certified by the deputy minister and the accountant.

And they direct that the particular regulations and forms applicable to each department be submitted to the Board for approval.

> I am, sir, your obedient servant,

The Auditor General.
J. M. COURTNEY, Secretary.

Explanations by Accountant of Contingencies :-
a. An itern of \(\$ 900\) was placed in Supplementary Estimates, and reported as voted, but subsequently did not appear in Supply Bill, thus causing slight overdraft. b. Overdraft caused by transfer which was put through after payments had ceased.

These accounts have been examined under my direction and are correct.

\section*{Examined,}
H. Gross.

Explanations furnished by department :
a As we had no control over the expenditure in the Paris office, the overdraft was unforeseen as far as we were concerned.

These accounts have been examined under by direction and are correct.

Explanations as furnished by the Department:
a. Deductions were made from contract rates for reason of unsatisfactory service performed during a portion of the year. b. No service performed; vessels could not be obtained. c. Service short performed. d. Service not run. e. Deductions for unsatisfactory service and for a portion of the service not performed. \(f\). Deductions for nonfulfilment of terms of contract as regards size of steamers run. \(y\). Service not perfurmed, suitable steamers not available. \(h\). Deductions for irregular service and for full service not performed. \(i\). Steamers could not be obtained to perform the full service expected. \(j\). Service short performed in consequence ot a break down of steamer. \(k\). Deductions for unsatisfactory service. l. Deductions for unsatisfactory service and for service short performed. m. Over estimated.

These accounts have been examined under my direction and are correct.

Explanations furnished by Comptroller White:
a. The withdrawal of members of the Mounted Police for service in South Africa necessitated the engagement of recruits, the employment of special constables, transportation and other expenses which unavoidably disarranged our expenditure under the various sub-heads of the appropriation. \(b\). It is impossible under existing conditions in the Yukon Territory to keep the expenditure within the limits of the varicus sub-heads of the appropriation.

These accounts have been examined under my direction and are correct.

Examined,
J. W. Reid.
J. L. McDOUGALL,

Auditor General.

\hline
\end{tabular}
a. By a special clause in the Supply Bill the balance unexpended each year does not lapse. Carrying forward the talance of previous years accounts for the present surplus. b. The estimates were based on the number of patients treated in 1898-99, making allowance for the same ratio of increase in preceding years, but the same rate of increase did not take place.
*Under section 4 of the Supply Bill this amount is available for expenditure in 1900-1.
These accounts have been examined under my direction and are correct.

Examined,

\section*{Explanations by the Accountant, Inland Revence Department.}
a. Caused by changes in staff, deaths and superannuation of officers who were not replaced on permanent list. b. Decrease in expenses for prevention of smuggling. c. Caused by destruction of stock by the fire, which had to be replaced immediately. d. Presumed decrease in lumber trade and cove surveys and consequent decrease in expenses. C. Changes in staff and reduction in expenses. \(f\). Unavoidable over-expenditure caused by the payment from this year's appropriation of accounts for 1898 and 1899 outstanding for want of available funds. \(g\). No renewal of ferry licenses and consequent saving in advertising.

These accounts have been examined under my direction and are correct.

\section*{Dairying Interests: Maintenance.}

\author{
Audit Office, Ottawa, May 10, 1900.
}

Sir,-Cheque No. 18514 for \(\$ 300\) is a payment to the Prince Edward Island Dairy Association as a special grant. Please let me have a statenent of the conditions under which payment to the association was made, and of any other circumstances relative to the matter.

I am, sir, your obedient servant,
The Agricultural and Dairying Commissioner.
J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, May 11, 1900.}

Sir, - Referring to your letter of January 29 relative to a payment of \(\$ 600\) to the Churchbridge Creamery Association as a loan on the security of a note of the directors payable sixteen months after June 21, 1898, which note was discounted by your department at the end of the fiscal year, and the proceeds ( \(\$ 592.10\) ) deposited as a refund to the vote from which the payment was made, with the statement in your letter of the date referred to, that the Churchbridge Creamery Association had been
asked to refund the amount of the discount- \(\$ 7.90\), I notice that the note in question was taken up by your department by a payment out of this year's vote, cheque No. 19496, for \(\$ 600\).

Please explain why the makers of the note did not meet their obligation, and what steps have been taken by you to obtain a repayment of this money.

I am, sir, your obedient servant,
The Agricultural and Dairying Commissioner.
J. L. McDOUGALL, A.G.

\section*{Dairying Interests: Stock Account.}

Audit Office, Ottawa, March 9, 1900.
Sir,-Referring to your expenditure on account of Dairying Interests Stock Account, let me call your attention to the following statement and remarks :-

You will see from the above that to June 30, 1899, there was an apparent shortage on this account as shown by the public accounts of \(\$ 15,544.58\). I should like to be furnished with your statement of the expenditure and revienue on the account, and explanation of the fact that the expenditure has not been repaid in full as the terms of yearly votes, which were to be used simply as a credit, require-in fact with the present system of keeping the account, I cannot understand why the account should not always balance itself when the charges against the patrons are closed up, which they should be when the product is sold. The actual deficit must be greater than \(\$ 15,544.58\), as the credit balance for \(1897-8\) and \(1898-9\) of \(\$ 4,130.27\) and \(\$ 7,309.04\) as above, include the amounts of the assessments on the various factories for the repayments of the North-west creameries, loans and other advance payments, and these should be deducted.

I am, sir, your obedient servant,
The Agricultural and Dairying Commissioner.
J. L. McDOUGALL, \(A\). .

\section*{Audit Office, Ottawa, January 25, 1900.}

Sir,-Referring to the expenditure for \(1898-9\), charged to dairying interests "Stock Account," I have to call your attention to the payments inade under these cheques:

> Cheque No. 14985, Grenfell, B.C., Association............................................... 13219 No. 16058, Wetaskiwin Dairying Company................ 135 No In each case as one-half loan fund, 1898.

In view of the terms of the Order in Council of February 7, 1898, providing by means of a charge of one cent per pound on the butter made in the creameries, for the repayment of the advances made to these creameries, which deductions were made in your settlement with the patrons at these stations, please explain why one-half of this assessment was afterward paid back to these two associations.

> I am, sir, your obedient servant,

The Agricultural and Dairying Commissioner.
J. L. McDOUGALL, A. \(G\).

\section*{Re Arrears Due.}

Department of Agriculture, Ottawa, October 9, 1900.
Sir,-I have the honour to inform you, in reply to your letters of the 6 th ult. and 8th inst., asking for a statement of the arrears due this department for the purpose of publication in the Audit Report, that there are no arrears due this department.

I am, sir, your obedient servant,

\author{
A. L. JARVIS, S.D.A.
}

The Auditor General.

\section*{Re Cattle Inspection.}

Audit Office, Ottawa, October 30, 1900.
Sir,-The receipts on account of cattle inspection that came to account for 1899-1900, amounted to \(\$ 2,083.12\).

The returns of the inspectors who made the inspections and collected the fees have been furnished for only about one-half of this amount. I have to inquire why returns have not been obtained for all the deposits made.

In order to make a proper audit of this revenue, a list should be furnished of all places where inspections are made and the names of the inspectors; a monthly statement should be furnished by each inspector, and these returns, having been examined and certified in your department, should be forwarded monthly to this office.

Deposits have come to account during the present fiscal year amounting to \(\$ 468.39\), for which no returns have been furnished.

A copy of the regulations and the tariff of fees should also be furnished.
Your early attention is requested.
I am, sir, your obedient servant,
J. L. McDOUGALL, A. \(G\).

The Deputy Minister of Agriculture.

\section*{Department of Agriculture, Ottawa, November 5, 1900.}

Sir,-In reply to your letter under date the 30 th ult. re cattle inspectien, I have the honour to state that the acting accountant has reported to me that every endeavour has been made to obtain monthly returns from all inspectors, and to have all forms properly filled up and forwarded to the department. He adds that so far as this year's work is concerned, details are being furnished with every deposit, and I trust that there will be no further trouble in this respect.

I beg to state that the deposits already received this year amount to \(\$ 731.64\), not \(\$ 468.39\) as mentioned in your letter.

I send you herewith the details covering the amount of inspections, as requested.
I also inclose copy of our regulations and tariff of fees for inspections, as they may be of service in your office.

I am, sir, your obedient servant,
A. L. JARVIS, Acting D.M.A.

The Auditor General.

\section*{Illegal to Issue Cheque after Vote has Lapsed.}

\section*{Customs Department, Ottawa, September 4, 1900.}

Sir, -I have the honour to request that you will cause the issue of a cheque in favour of Mr. Johnstone Beatty, formerly a Preventive Officer of Customs at Port Hope, Ont., for the sum of \(\$ 187.33\), the same being a retiring gratuity voted by Parliament for the fiscal year ended June 30, 1900 , and the payment of which is authorized by Order in Council of the 25 th July last.

> I am, sir, your obedient servant,
> F. G. BENNET, Acting Commissioner.

The Auditor General.

Audit Office, Ottawa, September 5, 1900.
SIR,-I ain in receipt of your letter of yesterday requesting the issue of a cheque in favour of Mr . Johnstone Beatty for the sum of \(\$ 187.33\), being a retiring gratuity voted by Parliament for the fiscal year ended June 30,1900 , and in reply I am sorry to state that it would be illegal to now issue the cheque as the amount voted by Parliament for this purpose lapsed on the 15 th of August.

I am, sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDOUGALL, A. \(G\).

\section*{Details not Furnished.}

Acdit Office, Ottawa, November 12, 1900.
Sir,-In the travelling expense accounts of Mr. J. J. Bremner, charged to Inspection for the year 1899-1900, I find the following items:-
July 17, 1899-Supplies laid in at Halifax.
\$ 155
Aug. 21, 1899-Sundry supplies at Halifax........................................... 220
Nov. 4,1899- " \("\)....................................... 240
June 9, 1900 - " \(6 . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . .\).

Please ask Mr. Bremner to give a description of the supplies furnished.
I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A. G.

Customs Department, Ottawa, Novernber 29, 1900.
Sir,-Referring to your letter of the 12 th instant, re travelling expenses of J. J. Bremner, Inspector of Customs, I am informed that the supplies in question, laid in at Halifax, were edibles, such as cakes, canned meats, liquid beef, cheese, \&c., used on his journeys to remote Customs Statioms in the course of his official inspection.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

\section*{Irregularities in Pay Lists.}

\section*{Audit Office, Ottawa, November 12, 1900.}

Sir, -In examining the salaries for the port Kentville, N.S., for the year 1899-1900, I find that the signature of J. E. Orpin appears upon the July, August, September and October pay lists, but attached to the August pay list I find a letter from the Collector and a copy of a letter from your Accountant in reply which show that Mr. Orpin died about August 1. Please inform me why the signature of Mr. Orpin appears on the pay lists as late as October when he appears to have died early in August.

I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A.G.

\section*{Increase of salary of Miss B. L. Mason}

Audit Office, Ottawa, Novemker 18, 1899.
Sir,-I have an Order in Council of November 4, authorizing the increase of salary of Miss B. L. Mason, from \(\$ 430\) to \(\$ 480\) on account of her having passed in two optional subjects at the time she passed the qualifying examination. Kindly inform me of the reason that these optional subjects were not taken into account in fixing her initial salary when she was first employed in your department.

I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A. \(G\).

Customs Department, Ottawa, November 30, 1899.
Sir, - I have the honour to acknowledge the receipt of your letter of the 27 th instant in reference to an Order in Council increasing the salary of Miss B. L. Mason from \(\$ 430\) to \(\$ 480\), in consideration of the fact that she passed in two optional subjects at the time of passing the qualifying examination. In reply I beg to state that, owing to an oversight, the optional suljects were not taken into account in fixing Miss Mason's salary when she was first employed in this department.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

\section*{Payments to Miss Daws for Copying.}

Audit Office, Ottawa, January 13, 1900.
Sir,-I have your application for a cheque in favour of Miss E. M. Daws for the amome of \(\$ 81.25\) for preparing returns to Parliament. Before passing this application I would like to check the num. ber of folios for which payment is asked. I have accordingly to ask you to send me the return in question, in order that I may check the amount of work. If the return is of a confidential nature it will be treated as such in this office.

I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, February 12, 1900.}

SIR, - With further reference to your application of the 9 th ultimo (file No. 35926) for a cheque in favour of Miss E. M. Daws for the sum of \(\$ 81.25\) for preparing a return for the Senate, I beg to inform you that I have had the words in the copy of the return sent me counted. According to that count the number of words is 122,634 , or 1,226 folios of 100 words, which would make the amount payable Miss Daws \(\$ 61.30\) instead of \(\$ 81.25\), as asked by you. Kindly let me know how yon arrived at the figures given by you.

I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McIOOUGALL, A.G.

Customs Department, Ottawa, February 14, 1900.
Sir,- Referring to your letter of the 12 th instant respecting application for a cheque in favour of Miss E. M. Daws for preparing a return to the Senate, 1 beg to state that the estimate of the number of folios furnished you included an allowance of about one-fifth for making a carbon copy of the return for use in the department. If no allowance is to be made out of this vote on account of the carbon copies, please forward the cheque for \(\$ 61.30\) in accordance with your count.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALI), Commissioner.

\section*{Re Customs Seizures.}

\author{
Audit Office, Ottawa, March 9, 1900.
}

Sir,--I have lately received a copy of an Order in Council dated February 2, establishing amended regulations providing that the proceeds of all customs seizures, after deducting awards to collectors, seizing officers and informers, shall be available to meet expenses of customs seizures and customs preventive service.

The effect of this regulation will be to supplement the amount voted by parliament for preventive service by the net revenue arising from customs seizures amounting in 1898-99 to \(\$ 34,777.75\).

I have to inquire under what statutory authority this action is taken.
I am, sir, your obedient servant
The Commissioner of Customs.
J. L. McDOUGALL, A.G.

\section*{Customs Department, Ottawa, April 12, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 9th ultimo, inquiring under what statutory authority an Order in Council has been passed for payment of the expenses of customs seizures and preventive service out of the proceeds of custons seizures and pointing out that the net revenue (exclusive of expenses) arising from customs seizures in \(1898-99\) was \(\$ 34,777.75\).

The expenses of seizures have been heretofore charged against seizures. In 1892 an Order in Council was passed, providing that "five per cent. of the gross proceeds of all customs seizures, and "and of all fines and penalties imposed in connection with any customs seizure or for any violation "" of any customs law, may be deposited to the credit of the Receiver General as a special fund from "which may be paid under authority of the Minister of Customs any expenses legitimately incurred "and regularly vouched for in connection with the customs preventive service."

Payments have been made under this Order in Council ever since 1892, and the authority for the above provisions in the Order in Council of 1892 would be applicable in the case of the Order in Council of February 2, 1900, there being no change in the law, in this respect, since 1892, so far as I am aware.

The whole proceeds of customs seizures, penalties and forfeitures, appear to be available for distribution, upon the Order of the Governor in Council, under section 191 of the Customs Act, which reads as follows :-
" The proceels, after deducting expenses, shall, unless it is otherwise provided, belong to Her "Majesty for the public uses of Canada; but the net proceeds or auy portion thereof, may be "divided between, and paid to the collector or chief officer of the customs at the port or place " where the seizure was made, and the officer or officers by whom the seizure was made, or the infor"mation given which led to the seizure and any person who has given information or otherwise
" aided in effecting the condemnation of the the thing seized, in such proportions as the Governor in
"Council in any case or class of cases directs and appoints; but nothing herein contained shall be
"construed to limit or affect any power vested in the Governor in Council or the Minister of Customs
"to make and ordain any other plan or system for the redistribution of such net proceeds, or with
"regard to the remission of penalties or forfeiture, imposed by this Act or any other law."
Section 3, Chapter 180, Revised Statutes of Canada, provides that "The Governor in Council "" may, from time to time, direct that any fine, penalty or forfeiture, or any portion thereof, which
"would otherwise belong to the Crown for the public uses of Canada, be paid to any provincinl,
" municipal or local authority, which wholly or in part bears the expenses of administering the law
"under which such fine, penalty or forfeiture is imposed, or that the same be applied in any other
" manner deemed best adapted to attain the objects of such law and to secureits due administration."
I may point out that the net revenue of \(\$ 34,777.75\) for \(1898-99\), referred to in your letter, is subject to refund of deposits in undecided cases; and the annount which will be available for expenses of Customs Preventive Service under the new Order in Council will be much below the sum named, taking the average results for the past few years as a basis.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

\section*{Re Inspection of Ports.}

\section*{Audit Office, Ottawa, June 8, 1900.}

Sir,-I wrote you March 9 last calling your attention to previous correspondence in reference to the reports of your inspectors being furnished regularly to this office, and again requesting your attention to the matter. I have not yet received any reply to my letter.

The Post Office Inspectors make out their reports in duplicate, one copy of which is forwarded to this office; and the Inland Revenue Department are making arrangements to do the same.

Your attention is again requested,
The Commissioner of Customs.
I am, sir, your obedient servant,

SESSIONAL PAPER No. 1

Customs Department, Ottawa, July 3, 1900.
Sir,-I have the honour to acknowledge the receipt of your letters, asking that copies of Customs Inspectors' Reports be furnished to you.

These reports as now prepared for the information of this department, are usually voluminous and cover a variety of matters relating to the customs service, which are not connected with the auditing of the customs revenue or expenditure. It is impracticable to furnish copies of these reports for your office, and I am of opinion that no useful purpose would be served in furnishing them.

Your office now receives regularly direct from all customs ports and outports a statement of all customs revenues collected, and from all customs ports the following documents, viz. :
(a) Bank deposit receipts for customs revenues collected.
(b) Checks for all expenditure.
(c) Bank statement signed by the agent of the bank showing in detail the money deposited and withdrawn by the collector.
When the revenues collected are not duly accounted for, the defalcation thus occurring, either through suppression of entries or in other ways, is specially reported to the Audit Office, if discovered.

A thorough check of customs entries which are not suppressed is now made in the Customs Department. If reports by customs inspectors be necessary as a further check on such entries, the furnishing of a special report will be considered. if the form can be agreed upon.

The inspectors' reports in respect of expenditure or payments made through collectors would be of no service, as the original checks, which are sent to the Audit Office (and also examined in the Customs Department), are seldom available for examination by the inspectors.

Where entries are suppressed, the information necessary to establish the facts has generally to be obtained from sources outside the customs service.

There are many matters connected with the collection of customs revenue which can be checked at customs ports only, as the invoices, manifests, reports, bills of lading and other documents are required to be filed there. I am satisfied that your office cannot audit such matters through the customs inspectors reports, and that a recheck, if necessary, can only be made at the custom-house.

Whether the expense of further special returns to the Audit Office in respect of such matters should be provided for, is a question which may be considered. Such returns cannot be provided without an increase in the customs staff.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.
Audit Office, Ottawa, July 24, 1900.
Sir,--I have received your letter of the 3 rd instant stating the objections and difficulties that would arise were you required to furnish this office copies of your inspectors' reports.

Please let me have a copy of the form now in use.
Inspectors of Post Offices, Inland Revenue and Railways make out their reports in duplicate, one for this office. Could your inspectors not do likewise?

I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A. .

Customs Department, Ottawa, August 2, 1900.
Sir,-Referring to your letter of the 24 th ultimo in the above matter, I send you herewith a copy of the usual printed form for customs inspectors' reports, consisting of 11 pages inquiries (printed) and 3 blank pages, and covering a variety of matters relating to the customs service, which are not connected with the auditing of the customs revenue or expenditure.

The report which you receive from the inland revenue is a single page statement of about half a dozen lines.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

Audit Office, Ottawa, August 17, 1900.
SIR,-I have received your letter of the 2nd instant inclosing a copy of the form on which your inspectors will make their reports.

Though it is exhaustive and covers some information not directly of use for auditing purposes, yet it contains a great deal of information we should get. I cannot see what objections there can. be to ask the inspectors to make their reports in duplicate and forward one copy to this office. The extra work of copying the return is not so great as to.stand in the way of furnishing this office with. information which, in our judgment, would be useful.

I trust you may see fit to, give the necessary instructions to your inspectors.
I am, sir, your obedient servant,

\section*{Re Collectors Bank Account.}

Aunit Office, Ottawa, August 17, 1900.
Sir, -In your letter of July 3 last you state that, together with other vouchers and statements furnished to this office, there is a "bank statement signed by the agent of the bank, showing "in detail the money deposited and withdrawn by the collectors," and "cheques for all expenditure."

I have to inform you that no such statements or cheques appertaining to the fiscal year ended June 30 last have been received here. Your accountant in his letter of March 28 explains the delay in forwarding them by the fact that they were badly prepared, and a large amount of correspondence was necessary. He wrote again on May 16 and August 9, stating in effect that he did not propose to let these returns go out of his hands until they were properly verified, and on the former date the returns of July, 1899, had not been fully checked.

These returns are necessary for our work, but to be of use they should be furnished regularly and promptly. The return and cheques for one month should reach us before the close of the succeeding month or shortly after.

Your early attention is requested.
I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A.G.

Customs Department, Ottawa, October 15, 1900.
SIR, -Referring to your letter of August 17 in the above matter, I beg to state that instructions have been given to have these statements and cheques regularly and promptly forwarded, and further clerical assistance is being now used for that purpose.

The statements and cheques for the past fiscal year have recently gone forward (with few exceptions), and those for subsequent periods will follow in due course.

I am, sir, your obedient servant,
The Auditor Geueral.
JOHN McDUUGALD, Commissioner.

\section*{Re Casual Revenue.}

\author{
Audit Office, Ottawa, April 19, 1900.
}

SIR, - I have to ask for explanations and any vouchers you may have in connection with the following items credited to casual revenue during the present fiscal year :-

Winnipeg-Bradley estate, \(\$ 100\) and \(\$ 193.91\).
Victoria-Refund, previous years expenditure, \(\$ 17.52\).
New Westminster-J. S. Clute, \$147.55 and \$250.
Dawson-J. A. McMartin, \$22.
Sarnia-H. J. Smith, account (board) \(\$ 69.70\).
Windsor, Ont.-A. Drouillard, overpayment, \(\$ 50\).
I am, sir, your obedient servant,
The Commissioner of Customs.
J. L. McDOUGALL, A. G.

\section*{Customs Department, Ottawa, May 2, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 19 th instant, asking for explanations and any vouchers which may be in the possession of this department in connection with various items credited to casual revenue during the present fiscal year.

In respect to the items of \(\$ 100\) and \(\$ 193.91\) in connection with the Bradley estate at Winnipeg, I would say that these are amounts derived from the sale of certain lands formerly the property of Mr. Fred T. Bradley, late collector of customs at the port of Emerson, Man., who defaulted-the lands being taken possession of by the Crown.

Under the provisions of Order in Council of November 27, 1894, the Minister of the Interior was authorized to dispose of the lands to the best advantage possible for the benefit of the Crown, accounting therefor to the Department of Customs for the proceeds thereof.

The item of \(\$ 17.52\) at the port of Victoria covers an overpayment of salary to Mr. P. R. Peele, acting customs officer at White Pass. It was impossible to obtain this retund from Mr. Peele before the expiry of the time for the closing of the accounts for the fiscal year 1898-99.

The same remark applies to the items of \(\$ 147.55\) and \(\$ 250\) covering refunds of advance by Inspector J. S. Clute, and of \(\$ 22\) refunded by Mr. J. A. McMartin, one of the officers at Dawson.

Mr. Clute was in the Yukon district on inspection, and the department was unable to obtain refunds from him until after bis return from that country.

The refund from Mr. Mc.Martin also came too late to be included in last year's accounts.

The item of \(\$ 69.70\), refunded by Mr. H. J. Smith, of Sarnia, Ont., covered an amount paid to him for living expenses from March 1 to June 30, 1899.

Upnn inspection of the port of Sarnia by Mr. Inspector Clappison, he found that Mr. Smith, who was acting as landing waiter at the Tunnel Station, had obtained payment of his living expenses from the department between March 1, 1899, and November 30, 1899, although he had removed his family to Sarnia on March 1, 1899, and did not incur any extra expense for board after that date.

Upon these facts being made known to the departmeut, Mr. Smith was called upon to refund the amount.

The item of \(\$ 50\) refunded by Mr. A. Drouillard, customs officer at Windsor, is explained by your letter of February 23 last. Vouchers in respect of these matters were sent you as soon as they were received by the department, and will be found included with the vouchers for fiscal year 1898-99.

I am, sir, your obedient servant,
The Auditor General. JOHN McDOUGALD, Commissioner.

\section*{Re Customs Seizures, No. 525, Port of St. Stephen.}

\section*{Audit Office, Ottawa, April 30, 1900.}

SIR,-Referring to voucher No. 627, seizure expenses, port of St. Stephen, sub-voucher No. 9 calls for some explanation. It reads as follows :-
"John A. Dixon-Freight on seized liquor received at Grand Manan' and delivered to Collector Ruel at St. John," \$35.

This voucher is certified by Charles Dixon, Collector, outport of North Head. The voucher furnished for wharfage paid at St. John indicates that the liquor reached there by slonp Magdalene. Should not the charge for freight have been only from St. Stephen to St. John? Is John A. Dixon the owner of the sloop Magdalene? If so the voucher should be made out accordingly. The whole account is signed by H. Graham, collector at St. Stephen. Should he not certify that the several vouchers were examined and approved by him?

The expenses of this seizure paid out of proceeds of sale were \(\$ 149.56\), for which vouchers should he furnished. It would be more satisfactory if the gross proceeds of such sales were deposited and the expenses paid through the department.

I am, sir, your obedient servant,
The Commissioner of Customs.
\[
\text { J. L. McDOUGALL, } A . G \text {. }
\]

\section*{Customs Department, Ottawa, May 19, 1900.}

Sir, - I beg to acknowledge the receipt of your letter of the 30th ultimo, in reference to voucher No. 627 covering seizure expenses at the port of St. Stephen, N.B., re seizure No 525.

In reference to the roucher for freight on seized liquor, \(\$ 35.00\), paid to Mr. John A. Dixon, I beg to advise you that the collector at St. Stephen, Mr. H. Graham, chartered Mr. Dixon's sloop to take the seized goods from Grand Manan, the place of seizure, to St. John, N.B., and the goods were never in St. Stephen.

The vouchers were certified to by Mr. Charles Dixon, sub-collector at the outport of North Head, as he was the officer who made the seizure and it is usual for the vouchers to be certified to by the sub-collector.

As, however, you seem to object to the certificate, the vouchers have been certified to by Mr. Collector Graham, who says that the charges were fair and just.

In regard to your remark that "it would be more satisfactory if the gross proceeds of sale were deposited and the expenses paid through the department," the sum of \(\$ 149.59\) having been paid out of the proceeds of the sale, I beg to advise you that under the seizure regulations it is provided that the net proceeds of sales of all seizures and forfeitures are to be paid over to the Receiver General.

I enclose you herewith account sale to which is attached vouchers for the expenses amounting to \(\$ 149.56\), and would ask you to return the saine to me.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

\section*{Audit Office, Ottawa, May 29, 1900.}

Sir,-As requested, I am returning the account of sale re seizure No. 525 Port of St. Stephen, N.B., received with your letter of the 19th instant.

Whether the present practice of paying the expenses of the sale of seizcd goods out of the proceeds ot sale is to be continued, or the gross proceeds deposited and the expenses paid through the department the sales accounts with vouchers should be furuished to this office regularly.

I am, sir, your obedient servant,
\({ }^{\circ}\) The Connmissioner of Customs.
J. L. MoDOUGALL, A.G.

\section*{Re Defalcation at Bathurst, N. B.}

Customs Department, Ottawa, June 6, 1900.
Sir, -I send you herewith copy of statement from J. S. MacLaren, inspector of customs, showing a defalcation of \(\$ 246\) in the accounts of J. E. Baldwin, late collector of customs at Bathurst, N.B., who has been dismissed from the service.

The account is in the hands of the Justice Department for collection, and the amount is likely to be collected.

The Auditor General.
I am, sir, your obedient servant, JOHN McDOUGALD, Commissioner of Customs.

Audit Office, Ottawa, June 8, 1900.
Sir,-I have received your letter of the 6th instant, enclosing a statement dated St. John, N. B., July 20, 1899, from J. S. MacLaren, inspector of customs, showing a defalcation of \(\$ 246\) in the accounts of J. E. Baldwin, late collector of customs at Bathurst, N.B.

This defaleation is part of the duty on 90 brls. pork imported by Adams, Burns \& Co., in November or December, 1898.

I have to inquire how often the customs offices in New Brunswick are inspected, and the dates of the last three inspections of the Bathurst office.

This officer also made collections for the D. partment of Inland Revenue and is a defaulter to that department to the extent of \(\$ 1,487.40\).

Do your inspectors and inspectors of the Inland Revenue Department make joint inspection of such offices?

I am, sir, your obedient servant,
The Commissioner of Customs.
\[
\text { J. L. McDOUGALL, } A . G \text {. }
\]

Customs Department, Ottawa, June 13, 1900.
Sir,-Referring to your letter of the 8th instant, in the above matter, I would state that the customs inspectors and the inspectors of the Inland Revenue Department do not make joint inspection of offices where the same officer acts for both departments, so far as I am aware.

Customs ports in New Brunswick, as a general rule, are inspected once a year.
The Bathurst office was inspected by J. S. MacLaren, inspector of customs, on the following dates, viz:-August 1, August 1896; August 19, 1897 ; July 14, 1898 ; April 18, 1899 ; July 20, 1899.

A further credit of \(\$ 31.01\) is to be given on account of this defalcation, as at October 30, 1899, for Officer Baldwin's salary.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

\section*{Re Defalcation at Revelstoke, B.C.}

Customs Department, Ottawa, August 1, 1900.
Sir, - I send you herewith report of S. W. McMichael, chief inspector, showing default in the accounts of the late acting sub-collector of customs at Revelstoke, B.C., of \(\$ 2,717.31\), less subsequently received \(\$ 1,350.46\), leaving \(\$ 1,366.85\) still due.

The account has been placed in the hands of the Department of Justice for collection, and the balance claimed is likely to be recovered in due course.

I am, sir, your obedient servant,
The Auditor General.
JOHN McDOUGALD, Commissioner.

\section*{Re Bounty on Pig Iron.}

Atdit Office, Ottawa, November 12, 1900.
Sir, -The following companies were paid bounty on the pig iron manufactured during 1899 1900 : The Hamilton Blast Co., The Mineral Product Co., The Nova Scotia Steel Co., The Canada Iron Furnace Co., The Deseronto Iron Co., John McDougall \& Co. The clain papers furnished by the first three were certified by a collector of customs as 'examined and approved,' those of the others were not.

I have to inquire the nature and extent of the examination made by the collector to enable him to certify the claim paper as he does; also, why the claim papers of all the companies are not certified.

I observe that no bounty has been paid on over \(13 \frac{1}{2}\) per cent. of the pig iron manufactured by The Hamilton Blast Co., on account of the cinder and mottled iron used. Bounty has been paid on the whole quantity manufactured by other companies, in which case nothing but natural ore should have been used. What evidence is there on this point?

I am, sir, your obedient servant,

\title{
Stenographers' charges in excess of Rates fixed by Order in Council.
}

\author{
Audit Office, Ottawa, March 5, 1900.
}

Sir,-Your letter-of-credit expenditure for February ulto., includes a payment of \(\$ 700\), by cheque No. 14733, to Messrs Urquhart, Wright \& Bush for taking and transcribing in triplicate the evidence at the trials of Wm. Weir and Ferdinand Lemieux. The account as rendered is for 2,065 folios at \(40 \mathrm{c} .\), \$826. Messrs. Urquhart \& Co., however, accepted \(\$ 700\) as payment in full. This makes the rate per folio about \(33 \frac{9}{10}\). Please let me know why the provisions of the Orders in Council of Oct. 9, 1888 and July 3, 1890, regarding the rate of pay to reporters, were not adhered to. I notice that Mr. J. J. Lomax charges only l5̄c. a folio for reporting the evidence taken in the police court in connection with these prosecutions.

The only certificate on the account is the following, signed by M. Hutchinson, Q.C. "I verificed the number of words in several of the depositions and I think they are quite correct." The certificate should be a definite statement that the number of folios is correct.

I am, sir, your obedient servant.

> J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.

Dept. of Finance, Ottawa, March 7, 1900.
Sir, - I beg to acknowledge the receipt of your letter of the 5 th instant, respecting the payment of Messrs. Urquhart, Wright and Bush for taking and transcribing in triplicate the evidence at the trials of Wm. Weir and Ferdinaud Lemienx.

I regret to state that in this case an error occurred inadvertently on the part of this Department. I will at once endeavour to see what can be done to rectify the same.

> Yours truly,
J. M. Courtney, D. M. F.

The Auditor General.

Audit Office, Ottawa, November 24, 1900.
Sir,-Referring to our correspondence in March last, regarding the account of Messrs. Urquhart, Wright and Bush in connection with the Ville Marie Bank trials, please let me know whether a readjustment of the account has been made.

I am, sir your obedient servant,

The Deputy Minister of Finance.

\section*{Delay by Departments in Settling Accounts with the Queen's Printer.}

\section*{Audit Office, Ottawa, June 4, 1900.}

Sir,-I have been for years in constant difficulty with the Queen's Printer about his accounts with the various departments for printing and stationery. You are aware that the accounts against him for labour and materials are met altogether by the payments of the departments for work done for them. Whenever a department is unable to pay its account, the Queen's Printer becomes in arrears for advances made to him under credits of the usual kind. 1 am not authorised by Parliament to make these advances, and, therefore, I am going beyond my powers in issuing the credits.

I have contended with the Queen's Printer that, if I am to continue the practice which has prevailer of giving credits to him without Parliamentary appropriation, I should have from him a promise that he will cease to make advances to the departments that are in arrears; but he has replied to me by a letter of July 19, 1899, of which I send you a copy, and which I need not explain as it speaks for itself. Whether his view or mine is the correct one, he certainly says all that can be said for his side of the question, and a perusal of the letter will show you that the only thing that can be done in this case to prevent friction and difficulty is to provide an appropriation which will cover the arrears that may exist at any time. The charges against this appropriation would mean at any particular day the arrears of that day-that is to say, the amount which had not been repaid by the departments.

I have written in the same words to the Premier.
I am, sir, your obedient servant,

\section*{Ottawa Improvement Commission-Audit of Expenditure.}

Note.-This correspondence is introduced to show the importance in securing a proper and inexpensive audlit, of having control of the manner of conducting the expenditure. Incidentally the difficulties which are set up where they should not be expected are seen.

\author{
J. L. McD.
}

\section*{Audit Office, Ottawa, January 31, 1900.}

Sir, - I have your application for a cheque in favour of the Ontario Bank for the credit of the Ottawa Improvement Commission for the sum of \(\$ 45,000\), payable to the Commission in quarterly instalments.

I would prefer to have the money made available for the Commission by a credit in favour of the chairman and secretary. This will answer all the legitimate purposes of the Commission, and will secure the payments being made only on the cheque of the chairman and secretary, as required by the Act. It will also have, for our purposes, the advantage of preventing any part of the money being put to other uses than those contemplated by the Act without its being made apparent to me as auditor that it has been diverted even temporarily for some other purpose.

As Parliament has placed upon me the duty of auditing this expenditure, I take it that my methods are approved, and that therefore as long as the perfect freedom of the commission in making expenditure for the purposes authorized by the Act is not interfered with, the methods of this office of control as well as of audit proper are intended to be applied in this case as in the ordinary expenditure of the Government. My duties will be performed much more effectively by this method.

This view is made stronger by noticing the difficulties that have arisen in the city of Ottawa on account of the use of moneys apparently quite indepenclently of the purposes for which they were intended, even if they ultimately went to their proper destination.

I am sorry that on account of being very busy yesterday, I was not able to take this matter up. I hope there has been no inconvenience from this delay.

> I am, sir, your obedient servant,

The Deputy Minister, Finance Department.

\author{
J. L. McDOUGALL, A. \(G\)
}

Finance Department, Ottawa, January 31, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of this date with reference to the application made to you for a cheque in favour of the Ontario Bank for the credit of the Ottawa Improvenent Commission for the sum of \(\$ 45,000\).

I notice that you would prefer to have the money made available for the commission by a credit in favour of the chairman and secretary. Permit me to call your attention to section 2 of the Act of last session with reference to the Commission. That section provides that the money shall be paid by the "Minister of Finance and Receiver General into a chartered bank, to be designated by him, to the credit of the Board of Commissioners" therein provided for. From this it seems to me that all we can do is to place the money in the bank to the credit of the Commission.

The section further reads :- "No payment shall be made by such bank from any amount at the credit of the commission except on the joint cheque of the chairman or acting chairman ant the secretary or acting secretary." I will when sending the cheque to the bank, call the attention of the manager of the bank to these special provisions.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, D.II.F:

Audit Office, Ottawa, February 5, 1900.
Sir, - Your letter of the 31st ultimo reached me in due course. I do not lay the same stress on the words of the section with regard to paying over the money to the Commission as you do. As a matter of fact neither a cheque nor a credit is a payment to the commissioners. A cheque is as good as a payment and a credit is as good as a cheque for all legitimate purposes.

I am anxious that a credit should issue so that my work, which is sufficiently onerous now, should not be made any more burdensome than in the public interest is necessary. If any other method can be suggested which will secure the control of the money in the bank as Government money is controlled until used for the purpose authorized, I shall be quite willing to follow it nstead of the one which suggests itself to me.

With reference to the difficulty which you mentioned in conversation, that is, what would be done about the balance unexpended at the end of the year if the expenditure were made under a credit-there is really no difficulty, as the provision is a statutory one and does not lapse, and therefore, can be paid at any time.

If the money were treated as your application describes, although the Ontario Bank would not be justified in paying it out except on joint cheques of the chairman and the secretary of the Commission, the whole of the money might be paid at one time on such a cheque. The Banker would have
no right to refuse any cheque, no matter whether it was drawn for the purposes of the Commission or not. The Auditor would have no means of determining through how many hands the money might hare gone before it was used for the legitimate purposes of the Commission. The chairnan and secretary could draw the money and put it to another account in the same bank or in any other bank.

I am anxious that there should be no delay in making the money available for the Commission, but I should like to have the transaction begin in such a way that we can continue it without change.

I am sir, your obedient serrant,
J. L. McDOUGALL, A. G.

The Deputy Minister, Finance Dept.

\section*{Finance Department, Ottawa, February 7, 1899.}

Sir, - I have the honour to acknowlerlge the receipt of your letter of the 5th instant, in the above matter, and I am directed by the Minister of Finance to say in reply thereto that, however desirable the course you wish to have adopter may be, it appears to him that Parliament has in the Act providing for the grant in question laid down in express words how the money is to be paid, viz:-into a chartered bank to the credit of the Commission and we cannot depart from the Act of Parliament.

I have, therefore, to request that you will kindly issue the certificate for the cheque in favour of the Ontario Bank as requested.

I am sir, your olledient servant,
J. M. COURTNEY, D.M.F.

The Au titor General.

\section*{Audit Office, Ottawa, February 14, 1900.}

Sir, -I have given carcful consideration to your letter of the 7 th inst.
As you have not replied to the objections raised in my letter of the 5 th inst., I find myself unable to pass the application for a cheque.

If I am over-ruled by the Treasury Board, it will be seen that 1 have not acquiesced in a course which would result in my having imposed upon me duties whish I would be unable to properly perform under any circumstances, and particulirly with the means at my disposal.

I may repeat that I shall be glad to give the fullest consideration to any difficulties which the Commission may foresec in the performance of its duties by agreeing to my suggestion. I shall also be happy to get any evidence that I have over-estimated the obstacles in the way of carrying out my own duties.

Might I suggest that, as Parliament is in session, the Act ought to be amended by providing for the payments under credit, or by relieving me of the duty which I would with so much pleasure perform, if it were made practicable for me to do so.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Deputy Minister of Finance.

\section*{Finance Department, Ottawa, February 14, 1900.}
\(s_{\text {IR }}\),-I have the honour to acknowledge the receipt of your letter of this date in the above matter.

I have again read over your letter of the 5th instant, and I must confess that I cannot see that you have raised any objections therein to passing my application for a cheque in favour of the Ontaris Bank for the credit of the Commission.

You certainly have stated your views as to the desirability of adopting another course of procedure, but as I stated in my last letter, however desirable that course may be, the Act of Parliament has laid down in express words how the money is to be paid, viz:-in the way application has been made, and in my opinion we have no option, lut have to follow the method laid down in the Act. This you tacitly admit in your letter of to-day when you suggest that the Act be amended by providing for payments under credit.

In the meantime the payments should have been made before this and I must ask that you will be good enough to pass the application, or if not that you will inform me to that effect and at the same time state your oljjections categorically to doing so.

I shall be glad to hear from you at your earliest convenience.
I am, sir, your obedient servant,
J. M. COURTNEY, D.M.F.

The Auditor General.

\section*{Audit Office, Ottawa, February 15, 1900.}

Sir, - In reply to your letter of yesterday on this subject, I think that I was specific enough in the second paragraph of mine of the same date, in signifying that I did not intend to pass the application when I said:
'I find myself unable to pass the application for a cheque.'
From my reading of the Audit Act, I conclude that it is not neeessary that I should state any reason for refusing to pass the application until the matter comes before the Treasury Board on appeal. I mention this fact to meet your view that I have raised no objection to passing your application for a cheque. It is very possible that when the question comes before the Board I may not see any objections except those which I have urged and which I think are very pertinent; but in the meantime there is no necessity so far as I can see to state any objections.

I am, sir, your obedient servant,
J. M. McDOUGALL, A.G

The Deputy Minister of Finance.

\section*{Audit Office, Ottawa, Feb. 21, 1900.}

Dear Sir, -I had a conversation with Mr. Simpson of the Ontario Bank this morning regarding the grant from the Government. He seems to see no objection to the condition which it appears to me well to impose, for the purpose of rendering the audit by me of the accounts practicable and easy. He suggested that I should see the Chairman. I called and did not find Mr. Bate in. I thought that it would perhaps be well that you and he should talk the matter over before I called again.

Mr. Simpson kindly offered to send me a duplicate statement of the cheques drawn, and to assist in every way to carry out your views. What I would like you to agree to do is :
1. To draw no cheque, apart from what may be needed for the small contingencies for postage, telegrams, cab-hire and the like, except those payable to order and to pay debts of the Commission.
2. To obtain a return of your cheques at the end of each month and after you have had a day or two to examine them, to forward them to me, to be returned again to you when I have had sufficient time to examine them here. This of course would involve your not transferring any part of your account to any Bank or persou, unless you were making a transfer of the whole of your account to some other Bank. You would, no doubt, be able to give me the other vouchers at the same time the you give me the returned cheques.
3. To give instructions to the Manager to allow me, or any person whom I might send, to see at any time your Bank account and any cheques in the Bank at the time.

As soon as you and Mr. Bate are together in your office and have had time to think this matter over, I shall be very glad to go over and consider the matter with you if you notify me that you are there.

I am, sir, your obedient servant,
C. R. Cunningham, Eisq.,
J. L. McDOUGALL, A. G.

Ottawa.

\section*{The Ottawa Improvement Commission, Ottawa, February 24, 1900.}

Sir, -I have the honour to transmit herewith a certified copy of a resolution passed by "The Ottawa Improvement Commission" at a meeting held this morning, regarding the conditions under which payments by the Commission should be made and returns forwarded for audit.

I am, sir, your obedient servant,
The Auditor General.
STEPHEN E. OBRIEN, Secretary.
Copy of resolution passed at a meeting of the Ottawa Improvement Commission, held on
February 24, 1900.
Moved by Commissioner Payment, seconded by Commissioner Cunningham :-That, to conform to the suggestions of the Auditor General as to the conditions under which "The Ottawa Improvement Coinmission " should make payments and forward returns for audit, the following resolution be adopted :-
1. That no cheques shall be drawn, apart from what may be needed for small contingencies, such as postage, telegrams, cal, hire, and the like, except those payable to order for the purpose of paying the debts of the Commission.
2. That each pay list shall be covered by a separate cheque made payable to the order of the Commissioners' engineer ; the receipted pay list to be considered as a sufficient voucher.
3. That a return of cheques shall be obtained at the end of each month, and after being held a day or two for examination, shall be forwarded with the corresponding vouchers, to the Auditor General, to be returned, after examination by him, to the Secretary.
4. That the Manager of the Ontario Bank shall be instructed to allow the Auditor General, or any person deputed by him, to see at any time, the Commission's Bank account, or any of its cheques in the Bank at the time.

Certified a true copy.
STEPHEN E. O'BRIEN, Secretary.
\(1-3 \frac{1}{2} \dot{G}\)

\section*{Audit Office, Ottawa, March 1, 1900.}

Sir, - You will please notice in connection with the \(\$ 45,000\) for the Ottawa Improvement Commission, deposited with you, that the cheques withdrawing the money, under the Act which provided for this grant, are all to be signed by the chairmanor acting chairman and the secretary. Please refer to the second section of the Act.

I am, sir, your obedient servant,
The Manager, Ontario Bank, Ottawa.
J. L. McDOUGALL, A. .

\section*{Condition of issuing Credit to the Accountant of Contingencies.}

\section*{Audit Office, Ottawa, February 1, 1900.}

Sir, - With reference to your conversation of yesterday regarding the method of paying out moneys by the Accountant of Contingencies, I beg to inclose a copy of an Order in Council of August, 1869, the original being in your bound volume of that year. If you look at the marks made by me on that copy, you will notice that it was then determined that the accountant of contingencies should give security.

You remarked that Guilbault, the paymaster of the canals, was in a similar position to that of the Accountunt of Contingencies. The differences in his position from that of the accountant of contingencies are very marked. As I mentioned at the time, the credit which Mr. Guilbault receives covers an ascertaiued sum, and is assigned by a statement to the several parties to whom it is to he paid. Then he is associated in the credit with Mr. Marceau, the superintending engineer, and besides he supplies a bond from a guarantee company.

I am, sir, your obedient servant,
The Deputy Minister of Finance.
J. L. McDOUGALL, \(A\). \({ }^{\prime}\).

\section*{Finance Department, February 3, 1900.}

Sir, -I have your letter of the lst instant on the subject of the credit of the Accountant of Contingencies, together with the copy of the Order in Council of Angust, 1869, therein referred to.

In reply I have to say that although it appears to have been then determined that the accountaut of contingencies should give security, there is nothing so far as I can find out to show that such security ever was given. In fact from my acquaintance with the department, which began in the year mentioned, 1869, I doubt if security ever was given.

Be that as it may, however, the circunstances at the time the Order in question was passed were very different from those now obtaining. The accountant of Contingencies did not then get a credit, but he did get actual cash in large sums through the system of accountable warrants, and his powers were nuch more extensive than those of the present accountant.

I am, sir, your obedient servant,
The Auditor Gencral.
J. M. COURTNEI, D. M.F.

\section*{Audit Office, Ottawa, February 5, 1900.}

Sir, -I have your letter of the 3rdinstant with reference to the credit of the accountant of contingencies.

If you look again at section 3 of the recommendations adopted by the Government, you will find that it reads this way :
" (3.) Every person to whom letters of credit are given or to whom warrants issue, whether " accountable warrants in round sums to meet general expenditure or warrants to enable him to pay "sums ascertained to be due, and who pays such sums by his own official cheque against an official " account at the bank, shall give security."

This shows that every person who had a credit without any one countersigning his cheques, was expected to provide security. It is quite true that this Order in Council was apparently overlooked for many years, butit is still in existence, and now that my attention has been called to it, I camnot take part in granting a credit to the accountant of contingencies unless after he has given security or unless there is some other person associated with him.

I am, sit, your obedient servant,
The Deputy Minister of Finance.
\[
\text { J. L. McDOUGALL, } A . G \text {. }
\]

Finance Iepartment, Ottawa, February 13, 1900.
Sir, -I regret that through extreme pressure of business involved in preparation for the budget and other matters I have béen unable to auswer earlier your letter of the 5th instant respecting the credit of the Accountant of Contingencies.

Since I wrote you last, I have caused search to be made in the records of the Registrar of the Dept. of the Sccretary of State, and I find that the Accountant of Contingencies never gave a bond, but be that as it may, as the Order in Council is still in existence, its terms must be complied with.

I do not see how in the present situation of this Department any other person can be associated with the Accountant of Contingencies to eountersign cheques so as to permit of any real security, and it would, therefore appear that the other alternative, the giving of security, would have to be adopterl.

The total payments made by the Accountant of Contingencies amount yearly to about \(\$ 230,000\), of which about \(\$ 70,000\) are for printing and stationery and are in a manner cross entries. It, therefore, reduces itself that the alusolute dealings amount to about \(\$ 160,000\) or say \(\$ 13,000\) a month. As the greater portion of this \(\$ 13,000\) is made up of payments to extra clerks and charwomen, the telegraph service, and the travelling expenses of public officers, there is but little in the way of payments to the public, only the newspaper subscriptions as a matter of fact.

I am inclined, therefore, to think that a very small security is all that is required and as the accounts vouchers and cheques are sent in monthly for audit I presume you will concur in this view.

I shall be glad to have your views as to the amount of the bond to be given, which will of course be that of a Guarantee Company, and as the present credit is running ont I shall be glad to hear quickly so that the matter may be arranged without delay.

> Yours truly,

The Auditor General. J. M. COURTNEY, D.M.F,

\section*{Audit Office, Ottana, February 14, 1900.}

Sir, - I have your letter of yesterday with reference to the credit of the Accountant of Contingencies.

I do not see the ground for the distinction which you make in the different kinds of payments made by the Accountant of Contingencies. It seems to ne that a bond, if obtained at all, would cover expenditure of one kind as properly as expenditure of another kind.

I should be glad to have your reason for the distinction which you make.
I am, sir, your obedient servant,
The l)eputy Minister of Finance.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Department of Finance, Ottawa, Feby. 14, 1900.}

Sir, - I have your letter of to-day with reference to the credit of the accountant of contingencies.
I was not making any distinction as to the different kinds of payments; I was simply classifying them, but be that as it may, the fact remains that the whole amount a month is \(\$ 13,000\), and as the ascounts are audited monthly, I think the boud should be light and I shall be glad to have your views as to the amount as early as possible.

Yours truly,
J. M. COURTNEY, D.M.F.

The Auditor General.

\section*{Audit Office, Ottaiva, February 15, 1900.}

Sir, - I have your letter of yesterday with reference to the credit of the Accountant of Contingencies. It appears to ine that you should name the amount of security which in your view would be a sufficient guarantee.

I am, sir, your obedient servant,
The Deputy Minister of Finance.
J. L. McDOUGALL, A.G.

Dept. of Finance, Ottawa, February 27, 1900.
Sir,-Referring to previous correspondence, I have the honour to inform you that Mr. W. H. Hayes, Accountant of Contingencies, has furnished this Department with a fillelity hond for \(\$ 2,000\) from the Dominion of Canada Guarantee and Accident Insurance Co.

The amount of the bond was fixed at \(\$ 2,000\) by the Minister of Finance.
I am, sir, your obedient servant,

\section*{Hay bought for Imperial Government: Audit of Accounts,}

\author{
Audit Office, Ottawa, March 8, 1900.
}

SIR,-I have to remind you that the accounts in connection with the shipments of hay \&c. on steanships Montduk and Micmac have not been returned to this office. As you are aware, these accounts were sent back to your Department some time since for completion, the necessary certificates as to prices and quality of hay having been omitted in the vouchers originally forwarded to this office. These omissions were pointed out verbally when the papers were returned to your department. The Order in Council of November 22, 1899, authorizing this expenditure states that it shall be subject to audit by the Auditor General as required by Section 50, Chap. 29 of the Revised Statutes of Canada.

I am, sir, your obedient servant,
The Commissioner of Agriculture and Dairying.
J. L. McDOUGALL, A.G.

Dept. of Agriculture, Ottawa, March 9, 1900.
SIR,-I am in receipt of your letter of March 8. The accounts in connection with shipments of hay on the stcanship Montauk and Micmac were returned to this office. I was asked to hold these here until Mr. Fraser, of the Finance Department, who, I understood, was looking after a part of the work which the Department of Finance was doing, had returned to his ottice, he being sick for a day or two. I completed the certificates asked for. Mr. Fraser came to this office this morning and took all these accounts with him, together with the certificates which I had attached to them.

\section*{Yours truly,}

The Auditor General.
JAS. II . ROBERTSON, Commissioner.

\section*{Audit Office, Ottawa, May 4, 1900.}

Sir, - I am in receipt of your application of April 28, to repay the Bank of Montreal the sum of \(\$ 454,789.45\) representing a portion of the expenditure in connection with the purchase of hay and other supplies for the Imperial Government, and have also received from the Commissioner's Branch of your Department a statement headed "Inmperial Govermment Hay Account" certified correct as in itself by the accountant, copies of general certificates by Prof. Robertson covering the shipments of hay \&c., per steamships "Montauk" and "Micmac", and a certificate by Mr. V'hitley that the hay charged to the Imperial Government has been inspected by competent Government inspectors.

Until complete evidence has been supplied me that shipments of hay to the amount represented in the statement of account with the Imperial Government have been made, and that the hay so shipped has been duly inspected as reguired by the Imperial Government, I cannot pass the application. A general certificate by Mr. Whitley is not sufficient in itself as his knowledge of the inspection of the hay is only secoudary.

It seems to me that it will be necessary to have Mr. Robertson here before making payment. The application is held in the meantime.

I am, sir, your obedient servant,
The Acting Deputy Minister of Agriculture.

> J. L. McIOOUGALL, A.G.

\section*{Finance Department, Ottawa, April 21, 1900.}

Sir, - I have the honour to acknowledge the receipt of your letter of yesterday's date respecting the repaymeut of the Bank of Montreal for expenditure on account of shipments of hay to the Cape on behalf of the Imperial Government.

Beyond the cost of the first shipment the accounts for which were duly andited by you, no vouchers have been sent to the Imperial Government. The accounts of the sulsequent shipments which are not in a completed form, can be audited by you hereafter.

As you are aware, the fiscal year of the Imperial Government ends on March 31, and as Governments, as you can well understand, desire to defray as much as possible of the expenditures of a fiscal year before its expiration, we have received from the War Office something on account of the first shipment and a little more than was asked for on the second slipment, the explanation in regard to these being that some enquiries were being made as to the method of checking the cargoes in and out.

In the case of the subsequent shipments the accounts for which aggregate \(£ 99,000\) and for which statements of account unaccompanied by vouchers have been transmitted to the War Office, we have been paid the sum of \(£ 95,000\) on account leaving subsequent adjustments to be made hereafter when the accounts are fully completed.

\section*{SESSIONAL PAPER No. 1}

Under the circumstances as the matter is important involving large advances on the part of the bank for which no repayments have yet heen made, I have to ask you to be good enough to pass the sum which I requested the Department of Agriculture to make as near \(\$ 450,000\) as possible to repay the Bank.

Any further explanation in my power I shall be glad to furnish you.
All this action I may say was at the direct request of the War Offiee who desired to make as large a payment for this service as was possible before the end of the fiscal year.

> I am, sir, your obedient servant,
J. M. COURTNEY, D.M.F.

The Auditor General.

\section*{Audit Office, Ottawa, May 4, 1900.}

Sir, - Adverting to your letter of the 21 st ult., I may state that I have since received an application from the Department of Agriculture to repay the Bank of Montreal the sum of \(\$ 454,789.4 \overline{5}\), but have not passed the application for reasons communicated to that Department in a letter of to-day's date.

I may also say that you are mistaken in supposing that the accounts of the first shipment were duly audited in this office as stated in your letter. These accounts were partially examined by us and were found to be incomplete as vouchers for the expenditure. They were accordingly returned to the Department of Agriculture for completion and have not since been seen by me.

I am, sir, your obedient servant,
The Deputy Minister of Finance.
J. L. McDOUGALL, A. G.

Department of Finance, Ottawa, May 7, 1900.
Sir,- Referring to your letter of the 4 th instant, respecting the repayment of the Bank of Montreal, for udvances of hay purchased for South Africa, on behalf of the Imperial Government, I shall be much obliged if you will kindly favour me with a copy of the letter referred to thereon as having been addressed the Department of Agriculture.

I am, sir, your oberlient servant,
The Auditor General.
J. M. COURTNEY, D.M.F.

Audit Opfice, Ottawa, May 7, 1900.
Sir, - As requested by your letter of this date, I enclose herewith a copy of my communication of the 4 th inst., addressed to the Dept. of Agriculture with reference to the Imperial Government Hay Account.

> I am, sir, your obedient servant,

The Deputy Minister of Finance.
J. L. McDOUGALL, A. fr \(_{\text {. }}\)

\section*{Auditor General's Office, Ottawa, June 22, 1900.}

Sir,-I am a receipt of your letter of the 19 th instant, and accompanying papers relating to the expenditure for hay and other supplies for the Imperial Government.

I have made a cursory examination of the papers, and to complete the work would like to be furnished with all the accounts of the parties to whom payments were made, the paid cheques returned by the bank and a statement covering the expenditures made by the amount charged to yourself.

> I am sir, your obedient servant,

The Commissioner of Agriculture and Dairying.
J. L. McDOUG.ALL, A.G.

\section*{Audit Office, Ottawa, June 2S, 1900.}

SIR, -To facilitate the work of examining the Imperial War Office account I should like to be furnished as soon as possible with the statements of account with the following firms : -John G. Hall \& Co., T. Hogan \& Sons.; Barber \& Co. ; Robt. Reford Co. : Elder, Dempster \& Co. Please let me know where the payment of \(\$ 8,000\) (cheque No. 9 Dec. 5, 1899) to Elder, Dempster Co. has been accounted for.

I am sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Commissioner of Agriculture and Dairying.

Superannuation Revenue.

\section*{Superannuation Revenue.}

\section*{Superannuation Revenue.}

\section*{Superannuation Revenue.}

\section*{Superanyuation Revenue.}

\section*{Re Superannuation Revenue-Canals.}

\section*{Audit Office, Ottawa, November 2, 1900.}

SIR, - The abatement for superannuation from the salaries of the staff of the Williamsburg canal for the quarter ended June 30 last ammunted to \(\$ 13.43\). The ceposit that has come to account is for only \(\$ 10.24\), a difference of \(\$ 3.19\), which is the abaternent from R. Armstrong, the first name on the list.

The abatements for June quarter at the Cornwall canal amounted to \(\$ 14.40\), for which no deposit has reached this office. Your early attention is requested.

Instead of the present practice of issuing a cheque in favour of the paymaster for the total amount of the pay-list, including superannuation abatements, and then his depositing the latter to credit of the Receiver General, it would be more satisfactory if in future your applications specified the amount of the abatements to be deducted, and a eheque would issue only for the amount payable to the staff. An entry warrant could then be passed debiting the vote and crediting superannuation revenue.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, \(A . G\).

\section*{Re Arrears Due.}

Finance Department, Ottawa, September 15, 1900.
SIR,-Referring to your letter of the 6 th instant, re arrears due this department, I have the honour to state that no interest was received during the fiscal year ended June 30 last from any of the following sources :-

Albert Railway Company ;
Three Rivers Harbour Commission ; Fredericton and St. Mary's Bridge Company ; Quebec Harbour Commission ; Montreal Turnpike Trust.

I am. sir, your obedient servant, .
The Anditor General.
J. M. COURTNEY, D.M.F.

\section*{Railways and Canals Dept., Ottawa, November 7, 1900.}

Sir, - I have the honour to acknowledge the receipt of your communication of the 2nd instant by which you state that the abatements for superannuation from the salaries of the staff of the Cornwall Canal for the June quarter amounted to the sum of \(\$ 14.40\), for which you state no deposit has reached your office.

In reply I have to say that the deposit of the amount in question was made on September 6 last, and that it was sent to the Department of Finance on the 12th of that month.

With regard to the item of \(\$ 3.19\), the abatement for superannuation from the salary of Mr. R. Armstrong, for which no deposit has been furnished, I have to state that the said amount was not collected, as the cheque was, through inadvertence, drawn for the full amount of his salary. It will, however, be deducted from his salary for the month of October ultimo, and forwarded to the Department of Finance.

> I am, sir, your obedient servant,

The Auditor General.

\section*{COLLINGWOOI SCHREIBER, D.M.}

\section*{Audit Office, Ottawa, November 12, 1900.}

Sir,-I have received your letter of the 7 th in reference to the superannuation abatement about which I wrote on the \(2 n d\).

The deposit receipt of \(\$ 14.40\) which you were informed was sent to the Finance Department on September 12 was not entered up in the finance books till September 26, and the statement on which it was entered bears the stamp of your department of that date. The accounts of 1899-1900 were closed on September 15, as your department was previously advised they would be, and in consequence the deposit in question had to be credited to this year's accounts.

The mixing up of the accounts of the two years in this respect would be avoided if the superannuation abatements were treated as suggested in my letter of the 2nd instant.

> I am, sir, your obedient servant,

Railuays and Canals Dept.. Ottawa, November 14, 1900.
SIR,-I have the honour to acknowledge the receipt of your communication of the 12 th instant in further reference to the abatements for superannuation from the salaries of the staff of the Cornwall Canal, by which you state that the mixing up of the accounts of the two years in that connection would be avoided if the abatements in question were treated in accordance with the suggestion contained in the letter addressed by you to the department on the 2nd instant.

In reply I have to say that in the future the department will endeavour to have such abatements dealt with accordingly.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOI) SCHREIBER, \(A \cdot G\).

\section*{Attendance Returns at Boarding Schools asked for.}
(Note.-For beginning of this correspondence see Auditor General's Report 1897-98, page G-160.)

\section*{Audit Office, Ottawa, November 14, 1899.}

Sir,-I beg to draw your attention to your letter No. 150000 of December 16, 1898, in which you informed me that certain returns which were asked for in view of the change in your vouchers for grants to boarding and industrial schools would be sent me to enable ine to audit that expenditure. Up to the present I have received no returns, and the vouchers continue to be made out by a clerk in your office, and other than her certificate they bear no evidence of having been checked by any person in a position to know whether the services paid for have been performed. This system of paying the grants, together with the neglect of your department to supply this office with the necessary data for checking the payments cannot but cause loss to the Governinent, and should he changed at once to some more satisfactory system of making the payments. I should like to discuss this matter verbally with you.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs,
J. L. McDOUGALL, A.G.

\section*{Dept. of Indian Affairs, Ottawa, November 16, 1899.}

SIR, -I have to acknowledge the receipt of your letter of the 14 th instant relative to returns from boarding and industrial schools required by you for purposes of audit; and in reply I beg to say that the returns in question, covering the year ended June 30 last will be sent you without delay. With reference to your remark as to the neglect of this department to furnish you with this data, I beg to call your attention to official letter of December 16 last, in which it was promised that the returns in question would be furnished you when required, and to remind you that this is the first request that has been made for them. I shall be happy to discuss the matter of the checking of boarding and industrial school returns with you verbally, at your convenience.

> I am, sir, your obedient servant,

The Auditor General.
J. D. McLEAN, Secretary.

\section*{Audit Office, Ottawa, November 28, 1899.}

Sir, - With regard to the returns of the various schools, I would be pleased to have them for not only the year ended June 30 last, but for any payments which have been made since that time.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.

> J. L. McDOUGALL, A.G.

Audit Office, Ottawa, March 17, 1900.
Sur, - I beg to acknowledge the receipt of your letter No. 150000-1 \(\alpha\) of December 2, 1899, with inclosures as stated with the exception of Calgary industrial school, the returns for which were not inclosed. Upon examination I find the following errors in the payments to the various schools for the year 1898-99:-

Sarcee Boarding School :-June quarter. Pupil No. 25 was admitted on May 10, and was in attendance for 51 days, but was paid for the whole quarter, making an overpayment of \(\$ 7.20\).

Duck Lake Boarding School:-December quarter. The addition of the returns shows \(\$ 1,978.33\), and the school was only paid \(\$ 1,958.33\), or an underpayment of \(\$ 20\).

McDougall Orphanage :--September quarter. The addition of the return shows \(\$ 651.60\), and the school was paid \(\$ 674.60\), or an overpayment of \(\$ 22.80\).

Elkhorn Industrial School :-June quarter. The addition of the return shows \(\$ 1,996.46\), and the school was paid \(\$ 1,996.49\), or an overpayment of three cents.

Red Deer Industrial School :-December quarter. The addition of the returns shows \(\$ 2,363.82\), and the school was paid \(\$ 2,348.66\), or an underpayment of \(\$ 15\). 16 .

Qu'Appelle Industrial School:-June quarter. The addition of the return shows \$6,246.11, and the school was paid \(\$ 6,245.93\), or an under-payment of 18 cents.

Please have the errors adjusted in the next payments to the various schools. I return the returns herewith, with the exception of those pertaining to payinents during the current fiscal year.

> I am, sir, your obedient servant,

The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, \(A\). .

\section*{Audit Office, Ottawa, April 7, 1900.}

Sir,-I beg to acknowledge your letter No. 150000 of the 28 th ultimo with inclosures as statedI am returning herewith all the statements received from your department for the September quarter, 1899, and in doing so I would draw your attention to the following errors :-

Blue Quills :- Pupil No. 033 returned to the school on September 11, and was consequently only in attendance during the balance of the quarter, but the school has been paid for the full quarter, or an overpayment of \(\$ 13.20\).

File Hills:-The addition of this return appears to be \(\$ 222\), but the school has only been paid \(\$ 218\), or an underpayment of \(\$ 4\).

I have reeeived no reply to my letter of March 17, with reference to errors in the statements of the year ended June 30, 1899, and I would ask what arrangement has been made to adjust the various errors.

> I am, sir, your obedient servant,

The Secretary, Department of Indian Affairs.
\[
\text { J. L. McDOUGALL, A. } G \text {. }
\]

Sir,-I have to acknowledge the receipt of your letter of the 7th instant forwarding returns of attendance of pupii at industrial and boarding schools for September quarter last, sent you for audit; and in reply 1 beg to say that arrangements have boen made to rectify the errors referred to therein, as well as those mentioned in your letter of March 17 last.

> I am, sir, your obedient servant,

The Auditor General.

> J. D. McLEAN, Secretary.

\section*{Audit Office, Ottawa, June 26, 1900.}

Sir,-I beg to call your attention to an error in the returns for Portage la Prairie boarding school for December quarter, 1899. Pupil No. 012 was in attendance 56 days only, but the school was paid for the full quarter, or an overpayment of \(\$ 6\). Jlease have this overpayment deducted from the next payment you make to the school.

I am, sir, your oberlient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A. \(G\).

\section*{Audit Office, Ottawa, June 29, 1900.}

Sir,-I beg to draw your attention to what appear's to be an overpayment of \(\$ 13\) to the Red Deer industrial school. In the return for the quarter ended December 31, 1899, pupil No. 9, Enoch Bull, is reporterl as having been only 53 days in attendance, having been absent without leave. In spite of this the full amount of \(\$ 32.50\) has been allowed for this pupil, instead of \(\$ 19.50\), the amount payable for 53 rlays' attendance. Kindly have the overpayment adjusted at the earliest opportunity. I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs. J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, June 29, 1900.}

SIR, -I notice an error of \(\$ 100\) in the addition of the return of the Qu 'Appelle industrial school for the quarter ended March 31, 1900, the correct total being \(\$ 6,177.46\), instead of \(\$ 6,277.46\). Kindly have this overpayment adjusted in paying the school for the June quarter.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
\[
\text { J. L. Mcloougall, } A . G \text {. }
\]

\section*{Payment of Deficit at Elkhorn Industrial School.}

\section*{Audit Office, Otrawa, October 13, 1900.}

Sir,-I am in receipt of a statement of accounts amounting to \(\$ 7,942.92\) against the Elkhorn industrial school, paid by the Indian Commissioner in August, 1900, out of an accountable cheque received by him and charged to that school for the year 1899-1900. As no details of the accounts are furnished, but they appear to be on account of maintenance, I would ask upon what authority the payments have been made, and if they are not properly chargeable against the per capita grant allowed the school.

> I am, sir, your obedient servant,

The Secretary, Departinent of Indian Affairs.
J. I.. McDOUGALL, A.G.

\section*{Dept. of Indian Affairs, Ottawa, October 24, 1900.}

Sir, - With reference to your letter of the 13 th instant, I beg to inform you that the sum of \(\$ 7,942.92\) therein mentioned represented the deficit up to March 31 last, at the Elkhorn industrial school, which was settled by the department out of the accountable cheque to which you refer. The amount of the deficit was arrived at after a careful audit of all the accounts of the school by Mr. Inspector A. McGibbon, and payment of the liabilities in question was marle through the Indian Commissioner to insure perfect correctness and general satisfaction.

I may add that the Government has assumed control of the school and all outlay in connection therewith.

> I am, sir, your obedient servant,

The Auditor General.
S. STEWART, Asst. Secretary.

\section*{Claim of R. Boez as Instructor at Qu'Appelle Industrial School.}

\author{
Audit Office, Ottawa, October 12, 1900.
}

Sir,-Cheque No. 6425 is for a payment of \(\$ 330\) drawn in favour of Hon. Mr. Laird in full payment for all claims by R. Boez against your department. No voucher in support of this payment has reached this office. Kindly give me the particulars of Mr. Boez's claion, and also explain why the cheque was drawn in favour of Hon. Mr. Laird.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs. \(\qquad\) (*) . .... J. L. McDOUGALL, A.G.

Dept. of Indian Affairs, Ottawa, October 23, 1900.
Sir, -With reference to your letter of the 12 th instant, in which you ask for the particulars regarding Mr. Boez's claim, \&c., for arrears of wages as instructor at the Qu'Appelle industrial school, I beg to inform you that Mr. Boez brought an action against the principal of the school. His Honour Judge Richardson, before whom the case was tried, dismissed the action on the ground that the Rev. Father Hugonnard, the principal, had not incurred a personal liability, but was acting as the
agent of the Crown in the agreement which he made with Mr. Boez. It was pointed out that Father Hugonnard, before employing Boez to start the felt industry, submitted the matter to the department, and that when the felt industry was started at the Qu'Appelle school, Boez was employed with the authority of the department, and that the intervention of the department justified Boez in believing Father Hugonard was acting as agent of the department, and that the department was responsible for carrying out the terms of the agreement. The Indian Commissioner was requested to go carefully into the matter, in the light of the judgment referred to, and to advise the department whether he considered Boez had an equitable claim, and if so, to what amount. The commissioner recommended that the department, on behalf of the school, should offer Boez the sum of \(\$ 330\) in full settlement of all his claim, stating at the same time that he (the commissioner) considered that Boez would then be liberally dealt with from an equitable point of view. In arriving at the amount stated, the commissioner included the costs Boez was put.to in his suit against Rev. Father Hugonnard (which amounted to \$85). Mr. Boez never made any claim on the department previous to entering suit against the principal, and his first claim against that officer was only \(\$ 343\), although he sued the principal for \(\$ 1,033\), and afterwards claimed \(\$ 1,444.90\). The department had to pay over \(\$ 170\) for defending the principal, and if Boez had brought an action against it (which his solicitors threatened to do), it would have been put to additional cost, His Honour Judge Richardson (as above stated) apparently holding that the department was liable for the carrying out of the agreement with Boez. It being therefore considered that in equity Boez was entitled to compensation, and also that it would be cheaper in the end to arrive at a settlement with him than to go to law again, the department offered him, through the Indian Commissioner, the sum of \(\$ 330\) on the distinet understanding that this amount was in full settlement of all his claims. It was thought advisable to draw the cheque in the commissioner's favour, in order that he might see Mr. Boez and personally attend to the matter, which would have been difficult to arrange by correspondence. The matter was adjusted, Mr. Boez accepting the amount in question, for which he gave a receipt in full of his claim, which receipt I transmit herewith.

> I am, sir, your obedient servant,

The Auditor General.
S. STEWART, Asst. Secretary.

\section*{Advance to A. A. Derrick not accounted for.}

\section*{Audit Office, Ottawa, October 31, 1900}

SIr, - In the expenditure on account of Indian surveys, Manitoba and North-west Territories, for the year 1898.99, I find that on November 12, 1898, A. A. Derrick was advanced \(\$ 50\) on account of travelling expenses. I have never received any statement of his expenses in support of this advance. Please forward his account at once.

> I am, sir, your obedient servant,

The Secretary, Department of Indian Affairs.

\author{
J. L. McDOUGALL, A. G.
}

\section*{Dept. of Indian Affairs, Ottawa, November 5, 1900.}

Sir,-I beg to acknowledge the receipt of your letter of the 31st ultimo, relative to the \(\$ 50\) advanced to Mr. A. A. Derrick on November 12, 1898, on account of travelling expenses; and in reply I beg to say that Mr. Derrick submitted the following statement of outlay which he incurred, viz. :-

Mr. Derrick also intimated that in addition to the above, he incurred expenses to the amount of \(\$ 11.40\), which presumably covered his travelling outlay from Qu'Appelle station to Winnipeg, and he claimed that the department was indebted to him. He was asked for a detailed statement of the amount which he claimed to be due, but he has not again been heard from.

> I am, sir, your obedient servant,

The Auditor General.
J. D. McLEAN, Secretary.

\section*{Payment of a Substitute Teacher at Lake Manitoba School.}

\author{
Audit Office, Ottawa, October 5, 1900.
}

Sir,-Cheque No. 3732 is for a payment of \(\$ 75\) to Maxime Goulet, teacher at Lake Manitoba, Manitowapah agency, being full salary for quarter ended December 31, 1899. Cheque No. 3733 is for a payment of \(\$ 50\) to Edward Berkmeyer, teacher at the same school, for services as substitute during the absence of the regular teacher for quarter ended December 31, 1899. Kindly explain the cause of Mr. Goulet's absence, and give me your reasons for paying him during the two month absence.

I ain, sir, your obedient servant
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A. G.

Dept. of Indian Affairs, Otrawa, October 16, 1900.
Sir,--I have to acknowledge the receipt of your letter of the 5 th instant, asking for explanations in regard to the payment of Mr. Edward Berkmeyer, who was acting teacher of the Lake Manitoba Indian school during the absence of Mr. Maxime Goulet, the regnlar teacher, and in reply I beg to say that Mr. Goulet was granted two months' leave of absence by the Superintendent General, and Mr. Berkmeyer was engaged to carry on the school during his alisence.

I ant, sir, your obedient servant,
The Auditor General.
S. STEWART, Asst. Secretary

Audit Office, Ottawa, October 23, 1900.
Sir,-I am in receipt of your letter No. \(116768-3\) of the 16 th instant, with reference to the payment of a substitute teacher at Lake Manitoba Indian school, and in reply beg to ask your authority for granting leave of absence with pay to the regular teacher.

I am, sir, your oledient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A. \(G\).

Dept. of Indian Affairs, Ottawa, October 27, 1900.
Sir, - I have the honour to acknowledge the receipt of your letter of the 23 rd instant, in further reference to the payment of a substitute teacher at Lake Manitoba Indian school during the absence of the regular teacher ; and in reply to your inquiry as to the authority for granting leave of absence with pay to the regular teacher, I beg to say that such leave was granted by the authority of the Superintendent General of Indian Affairs, as you were informed in official letter of the 16 th instant.

I am, sir, your obedient servant,
The Auditor General.
J. D. McLEAN, Secretary.

\section*{Delay in Receiving Returns from Schools.}

\section*{Audit Office, Ottawa, October 3, 1900.}

Sir,-I find that during the past fiscal year the following payments were made to the schools in Beren's River agency :-

Cheques Nos. 2346 and 2411 for \(\$ 75\) each to Rossville school for the quarters ending December 31, 1896, and March 31, 1897 ; cheque No. 2343 for \(\$ 75\) to Beren's River school for quarter ending December 31, 1896 ; cheque No. 2344 for \(\$ 27.27\) to Beren's River school for 24 days during quarter ending September 30, 1897. Kindly inform me why there has been such a long delay in making these payments.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A.G.

\section*{Dept. of Indian Affairs, Ottawa, October 10, 1900.}

Sir,-I have to acknowledge the receipt of your letter of the 3rd instant, inquiring why there has been such a long delay in making payments to certain schools in the Beren's River agency. In reply I beg to say that the schools to which you refer are conducted under the anspices of the Methodist Missionary Society, which receives the grant, the cheques being made payable to the order of
the Hon. J. C. Aikins and Rev. Dr. Sutherland upon receipt of the quarterly returns, which, in the cases referred to, were only sent in when payment was made. Dr. Sutherland, the general secretary of the Methodist Missionary Society, has, however, been written to and requested to have all the returns for the Indian schools conducted by his society sent to the department as soon after the close of each quarter as possible in order to prevent such delays as you complain of.

I am, sir, your obedient servant,
The Auditor General.
S. STEWART, Asst. Secretary.

\section*{Accounts charged to the wrong Agencies, British Columbia.}

\section*{Audit Office, Ottawa, October 3, 1900.}

Sir, - I beg to call your attention to the inclosed list of vouchers for payments on account of Indians of British Columbia during the year 1899-1900, which have been charged to agencies other than those to which they are properly chargeable. I do not see why so many transfers should be necessary, as most of the vouchers plainly show the agency to which they belong, and all of them bear evidence of the agency to which they are chargeable. Please have the transfers made and advise me when done.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

Dept. of Indian Affairs, Ottawa, October 24, 1900.
Sir,-I beg to acknowledge the receipt of your letter of the 3rd instant, with inclosures, regarding vouchers for payments on account of Indians in British Columbia; and in rep! y I have the honour to inform you that the transfers referred to have been made. In many instances the vouchers were posted to the credit of the agencies, as shown by the agents who forwarded them to the department. It was not deemed necessary to charge the outlay on account of insane Indians to the respective agencies, but this will be clone in future, and care will be taken to post all the vouchers to the agencies to which they properly belong.

I am, sir, your obedient servant,
The Auditor General.
S. STEWART, Asst. Secretary.

\section*{Accounts Charged to wrong Appropriations.}

\section*{Audit Office, Ottawa, September 28, 1900.}

Sir,-Cheque 1609 for \(\$ 6.85\), Indians of Nova Scotia, and cheque 2483 for \(\$ 5.63\), Indians of New Brunswick, cover paynients for school material supplied to Shubenacadie and Tobique Indian schools for the year 1899-1900. These items should be charged to the vote for schools, Ontario, Quebec and Maritime Provinces, but as the books are now closed and a transfer cannot be made, I would draw your attention to the items to avoid mistakes in the future.

I anı, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A.G.

\section*{Insufficient Certificate to Account for Medical Attendance.}

Audit Office, Ottawa, June 5, 1900.
Sir,-Nova Scotia cheque No. 1638 is for a payment of \(\$ 92.35\) to Dr. Albert A. Sehaffner for professional services and medicine rendered to the wife of Stephen Luxie (Indian), of Paradise, Annapolis County, N.S. This account is not certified by the Indian agent for the district, nor by any other person, except Dr. Schaffiner himself. It is not necessary for me to point out that the certificate of the person asking payment of an account is of little or no value in such cases. Kindly obtain the certificate of the agent to this account. I return the account herewith.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A. G.

\section*{Dept. of Indian Affairs, Ottawa, June 11, 1900.}

SIR, - In reply to your letter of the 5th instant, regarding the account from Dr. Albert A. Schaffner for attendance on the wife of Stephen Luxie (Indian), I have to inform yout that the department considered the absence of an agent's certificate before the account was paid.

The attendance was rendered somewhat irregular by the fact that the Indian belonged to Annapolis County, and the service was rendererl in Halifax County. The department directly authorized the doctor to attend to this case, as it was located a long distance from the regular attendant for the county. Under the circumstances, it is not thought necessary or even advisable to request the agent for Halifax County to approve the account.

I beg to return herewith the account, and trust that this explanation will be satisfactory.
\({ }^{\circ}\) I am, sir, your obedient servant,
The Auditor General.
S. STEWART, Asst. Secretary.

\section*{Details of Voucher not supplied.}

Audit Office, Ottawa, July 25, 1900.
Sir, --Indian Trust Fund cheque No. 3578, issued in June last, is for a payment of \(\$ 33.33\) to F. X. Fafard, D.L.S., for "claim for the advance made to the Indians in the way of ontfit and supplies in connection with the re-survey of the Restigouche Indian reserve." The voucher is insufficient in that it does not give in detail the supplies furnished by Mr. Fafard. I would like a detailed account from Mr. Fafard, together with a statement of the circumstances under which this payment. was maile.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. Mct)OUGALL, A. .

1-11J

\section*{Dept. of Indian Affairs, Ottawa, August 7, 1900.}

Sir, - In reply to your letter of the 25 th ultimo, I inclose herewith a statement of the supplies furnished by Mr. F. X. Fafard, D.L.S., to certain Indians, amounting to \(\$ 3333\), and have to inform you that the department employed Mr. Fafard to re-survey the Restigouche Indian reserve, with the expectation that the Indians would give him all necessary assistance, but when he reached the ground he found it necessary to supply these articles in order to get the Indians to work, or else return without accomplishing it.

I am, sir, your oberient servant,
The Auditor General.
J. D. McLEAN, Secretary.

\section*{Account erroneously charged to School Account.}

\begin{abstract}
Audit Office, Ottawa, October 3, 1900.
Sir,-Indian cheque No. 699, charged against the vote for schools in Ontario and the Maritime Provinces, is for a payment of \(\$ 1.75\) to J. B. Canadien for crying at the church door concerning vaccination and concerning the closing of the common. These evidently are not a charge against this vote, and should, I think, have been charged against the moneys held in trust for the Caughnawaya Indians. It can be adjusted now only by drawing a cheque against the trust fund and crediting it to casual revenue.
\end{abstract}

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A. \(G\).

Dept. of Indian Affairs, Ottawa, Uctober \(12,1900\).
Sir,-I have noted the contents of your letter of the 3rd instant, and in reply I have the honour to inform you that in compliance with your suggestion the sum of \(\$ 1.75\), paid to J. B. Canadien for crying at the church door concerning vaccination, \&c., has been credited to casual revenue, a cheque for the amount in question having been drawn against the trust fund.

\title{
Claim against International Paper Company for cost of exploring Timber Limits.
}

\author{
Audit Office, Ottawa, July 23, 1900.
}

Sir,-Indian trust fund cheque No. 3486, issued in May last, is for a payment of \(\$ 120\) to A . McAuley for forty days' services exploring the limits of timber license No. \(61 \frac{1}{2}\), Batchewana Bay, for timber cut under 9 inches and for balsam cut by the International Paper Company. On the voucher the agent, Mr. Van Abbott, states that he informed the International Paper Company that this would be charged against them in the settling up. I find from Agent Van Abbott's cash brok for May that he collected \(\$ 5,506.18\) from this company, being double dues on 6151.33 cords of pulpwood and single dues on 130,519 pine logs cut under license No. \(61 \frac{1}{2}\), but I find no trace of the \(\$ 120\) in question having been collected. Kindly inform me if this amount has been collected, and if not, why?

> I am, sir, your obedient servant,

The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A. \(G\).

Dept. of Indian Affairs, Ottawa, July 27, 1900.
Sir,-I beg to acknowledge the receipt of your letter of the 23 rd instant, respecting Indian trust fund cheque No. 3486, issued in May last for a payment of \(\$ 120\) to A. McAuley for forty days' services exploring ;he limits of timber license No. \(61 \frac{1}{2}\), Batchewana Bay, and asking to be informed if this amount has been collected from the licensees, \&e. In reply I have to inform you that the amount stands at the debit of the licensees, and will be collected with a further claim, not yet fully determined. It is thought the departnent is fully secured by the collection made of double dues on pulpwood.

> I am, sir, your obedient servant,

\title{
Dating back increase of Salary to Agent C. L. D. Sims.
}

\section*{Audit Office, Ottawa, May 22, 1900.}

Sir,--Indian Trust Fund cheque No. 2637, issued in March last, is for a payment of \(\$ 216.66\) to Mr. C. L. D. Sims, Indian agent at Manitowaning, being arrears of salary from February 1, 1899, to Jarch 1, 1900. Mr. Sims was appointed agent at a salary of \(\$ 800\) a year on February 1, 1899. On March 2, 1900, an Order in Council was passed increasing his salary from \(\$ 800\) to \(\$ 1,000\). No date, however, is mentioned in the order for beginning the increase, which should therefore in accordance with an Order in Council of July 29, 1871, "count from the first day of the month next snereeding the date of the order," i.e. in the present case, from April 1. 1900. Even if the order had stated that the increase was to date from Mr. Sims' appointment, I do not think the Governor in Council has power to make an increase of salary retroactive.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. GY.

The Secretary, Department of Indian Affairs.

\section*{Dept. of Indian Afrairs, Ottawa, May 29, 1900.}

Sin, - I have the honour to acknowlerge the receipt of your letter of the 22 nd instant, relative to official cheque issued in March last for \(\$ 216.66\) in favour of Mr. C. L. D. Sims, Indian agent at Manitowaning, in payment of arrears of salary from February 1, 1899, to March 1, 1900; and in reply I beg to inform you that upon reading the Order in Council of March 2 last (to which you refer, and by which Mr. Sinis' salary is increased from \(\$ 800\) to \(\$ 1,000\) per annum) in connection with the Superintendent General's memorandum to Council, it was construed to mean payment should be made to Mr. Sims from the date of his appointment. If, however, you are of opinion that the Order in Council in question will not bear this construction the department will obtain an amending Order in Council.

I am, sir, your obedient servant,
The Auditor General.

> J. D. McLEAN, Secretary.

\section*{Audit Office, Ottawa, June 2, 1900.}

Sir,-I beg to acknowledge receipt of your letter ot the 29 th ultimon in reply to mine of the 22 nd ultimo, relative to a payment of \(\$ 216.66\) to Indian Agent C. L. I). Sims for arrears of salary. The Order in Council of July 29, 1871, referred to in my previous letter, is sufficiently explicit in stating that "unless some other date is specially named in the Order in Council, all changes in salary shall be held to count from the first day of the month next succeeding the date of such order." I can find no date specially named in the order increasing Mr. Sims' salary. In my opinion, however, an amending Order in Council cannot legalize any increase prior to the date of the Order in Council, unless indeed it can be shown that there has been a material addition to the class or kind of duties performed by the appointee, the addition having been made at the time from which the increase is to count. In the case before me, the appointment of Mr. Sims as Indian agent at Manitowaning virtually amounts to a contract entered into between him and the Government, he on his part contracting to perform the duties of Indian agent, while the Government contracted to pay him a certain salary for his services. Unless the Government altered the terms of the contract by requiring a new kind of duties from him, it cannot in my opinion legally increase the salary which has already been paid him. Of course at any time they can enter upon a new contract or arrangement under which the salary may be greater than before, but such increase cannot be made retroactive.

I am, sir, your obedient servant,

\author{
J. L. McDOUGALL, A. \(G\).
}

The Secretary, Department of Indian Affairs.
\[
\text { Audit Office, Ottawa, July }{ }^{2} 5,1900 .
\]

Sir, -I have a copy of an Order in Council of the 19th instant, amending the order of March 2 last by making the increase in the salary of Indian agent C. L. D. Sims date from February 1, 1899, the date of his appointment. In a conversation with yon some time ago, I understood from you that Mr. Sims expected a salary of \(\$ 1,000\) from the 1 st, and that the salary of \(\$ 800\) was accepted more or less under protest. If this is the case, it would remove any objection of mine to the increase. I have accordingly to request you to let me have this in writing.

I am, sir, your obedient servant,

Dept. of Indi4n Affairs, Ottawa, July 26, 1900.
Sir,--In reply to your letter of the '25th instant regarding the increase to Mr. Sims' salary, I beg to state that Mr. Sims understood at the time of his appointment that the salary would be fixed at \(\$ 1,000\) per annum, and he has since urged to have it increased to that rate. The memo. to Council set forth the whole matter very fully, but I find that the order-a copy of which has been sent yousimply authorizes the increase from \(\$ 800\) to \(\$ 1,000\), to take effect from the date of his appointment, namely, Fétruary 1, 1899.

I am, sir, your obedient servant,
The Auditor General.
J. D. McLEAN, Secretary

\title{
Insufficient information in J. A. Macrae's account for Travelling Expenses.
}

Audit Office, Ottawa, April 3, 1900 ).
Sir,-I leg to call your attention to the following items which occur in the travelling expenses of Mr. J. A. Macrae, between July 4 and INecember 16, 1898 :-

July 4, repairs to valise . ......................................................... . . . . . . . 0 . 50
August 29, straps for valise........................................................ . . . . . . . . . . . . . . . . . . . 50
September 8, \(9 \frac{1}{2}\) weeks' rent of valise at \(25 \mathrm{c} .\). . . . . . . . . . . . . . . . . . . . . . . . . . . 237
July 30 , repairing clothes. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 0 . 50
August 29, cleaning coat. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 110
August 6, holdall for brushes, \&c . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 0 . 50
Baths at various times -32 at \(2 \mathrm{sc} . . .\). . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \& 00
Placking boots- 31 times at 10 c . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 310
\(9 \frac{1}{2}\) weeks' contingencies to September 8, not otherwise accounted, at \(\$ 1.50 . .142 .5\)
Actual expenditure disallowed in former accounts for maccounted contingencies.

3625

Incidental expenses not accounted between October 10 and December \(16 \ldots . .300\)
Total.
\(\$ 7082\)
In my opinion these items should not have been allowed by your department, and I would ask that Mr. Macrae be asked to refund the amount overpaid.

I am, sir, your obedient servant,
The Secretary, Department of Indian Affairs.
J. L. McDOUGALL, A.G.

Dept. of Indian Afrairs, Ottawa, April 10, 1900 .
Sire,-In reply to your letter of the 3 rd instant in regard to the payment by this department of certain items of Mr. J. A. Macrae's travelling expenses, I lieg to state that the items for rent and repair to valise were allowed, for the reason that only one valise was furuished with his outfit, aud a second was required. The holdall for brushes, \&c., was also a necessity. With regard to the purchase of the driving-socks and the iteins for cleaning and repairing clothing, I may say that Mr. Macrae, while on his trips, is frequently obliged to drive over bad roads in all sorts of weather, and his clothing consequently suffers far beyoud the ordinary wear and tear. The department therefore felt justified in allowing these items, as it did also in the case of the baths and blacking oi boots, these, being expenses which it has always allowed its officers. As to the three items of contingent expenditure, although Mr. Macrae was unable to furnish details, he certifiel that the expenditure was legitimate, and that it was incurred wholly on government business. The department, considering these explanations sufficient, therefore passed the items.

> I am, sir, your obedient servant,

The Auditor Gieneral.
J. D. MCLEAN, secretary.

\section*{Audit Office, Ottawa. November 7, 1900.}

Sir,-Referring to your letter of April 10 last. (No. 169780-1 \(\alpha\) ) with regard to certain items in the travelling expenses of Mr. J. A. Macrae, I beg to say that the explanation given in support of the charges for contingent expenses, for which no details are given, amounting to \(\$ 53.50\), is not satisfactory. No item should be allowed in any account for expenses for which full particulars with dates cannot be given. With regard to the items for repairing clothing, \&c., items of this nature are not usually charged, nor should they, in my opinion, be allowed. I am sorry that your letter has escaped my notice so long.

The Secretary, I epartment of Indian Affairs.
I am, sir, your oberlient servant,
J. L. McDOUGALL, A. Cli. \(^{\text {. }}\)

\section*{Collection of Overdue Rents at St. Regis.}

\author{
Audit Office, Ottawa, June 26, 1900.
}

Sir,-Rent receipt No. C 4344, issued February 3 last by George Long, Indian Agent at St. Regis, is in acknowledgment of the receipt from Mrs. James Y. Cameron of the rent from January 1, 1886 to January 1, 1889, on \(\frac{1}{2}\) lot 31, range 1 ; \(\frac{3}{4}\) lot 32 , range 1 , and gores 33 and 25 , ranges 1 and 2. Kindly inform me why rent is now being collected that was apparently due some eleven years ago.

I am, sir, your obedient servant,
The Necretary, Department of Indian Affairs.

\author{
J. L. MeDOUGALL, A.G.
}

\section*{Department of Indin Affains, Ottawa. June 28, 1900.}

Sik, -In reply to your letter of the 26 th instant, in regard to the payment of rent by Mrs. James G. Cameron for land in the Township of Dundee, County of Huntinghon, I beg to state that in the year 1819 and subsequent years, leases were granted by the St. Regis Indians for terms of 99 and 999 years at a fixed annual rental. Owing to difficulties having arisen betweeu the Indians and the White tenants, a commission was appointed in 1887 to inquire into the matter and in accordance with a report made by the commissioners, the lands in Dundee were surrendered by the Indians to be disposed of to the White settlers at a rate subsequently agreed upon of \(\$ 2.50\) per acere. In January 1889, the Municipality of Dundee advanced on behalf of the White settlers in the township, the sum of \(\$ 50,000\), payment in full for the land. It was afterwards arranged to have letters patent issued to the individual lessees, upon their proving title and paying up all arrears of rental under the old Indian leases to January 1, 1889, the date of payment of the purchase price of the laurl.

According as titles are investigaterl and arrears of rent paid, letters patent are issued and the department is, therefore, in a position to withhold patent in any case until all arrears of rental are paid.

I am, sir, your obedient servant,
The Auditor General.
J. D. McLEAN, Secretary.

\section*{Re Arrears.}

\section*{Department of Indian Affairs, Ottawa, October 24, 1900.}

Sir,-I beg to acknowledge the receipt of your letter of the 6th ultimo, asking for the customary statement of arrears due on June 30 last by collecting officers, by disbursing officers and by all others, whether Government officers or not, and in reply to say that the following is the information desired :-
1. The arrears due by collecting officers are the same as reported last year, viz.:-
\begin{tabular}{|c|c|}
\hline Charles B. Savage, Gore Bay & 3,542 11 \\
\hline A. B. Lebel, Rivière du Loup & 63878 \\
\hline Total. & 4,180 \\
\hline
\end{tabular}
2. There are no arrears due by disbursing officers
3. As regard arrears due by other persons, a statement is inclosed herewith showing the principal outstanding on account of sales of Indian lands on June 30 last by agencies and at headquarters.

This statement has been prepared on the same basis as that furnished you last year, including not only principal in arrears, but principal not yet due.

Your obedient servant,
S. STEWART, Asst. Secretary.

The Auditor General.

Statement showing principal outstanding on account of Indian lands on June 30, 1900, by agencies and at headquarters.

\section*{Absence in excess of Leave Authorized by Order in Council.}

\section*{Audit Office, Ottawa, December 2, 1899.}

Sir,-I have certified the November pay-list of the laboratory branch at \(\$ 697.38\), having deducted \$2.77 from Miss Wright's salary for two days' absence on account of illness over the number for which payment is allowed by the Order in Council of October 20, 1892. Please let me know why Miss Wright's name was entered on the pay list for the full month's salary.

> I am, sir, your ohedient servant,

The Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A . G\).

\section*{Printing not ordered through Department of Printing and Stationery.}

\section*{Audit Office, Ottawa, May 14, 1900.}

SIR,-The vouchers which you recently sent me in support of payments made during 1897-98 and 1898-99 to the British American Bank Note Company were the accounts for stamps delivered between July 1, 1897, and December 31, 1898. Included in these accounts are items for bottle stamps to the amount of \(\$ 3,249.80\).

Please explain why these stamps were not procured through the Department of Printing and Stationery, in accordance with the provisions of the Act respecting the Department of Public Printiug and Stationery. I have to request that for the future all work of this nature not covered by the contract with the American Bank Note Company, be ordered through the Department of Printing and Stationery, and that from this date you do not use your credit to pay accounts which you now have in hand or may receive for such work already done without the intervention of the Queen's Printer, but that you apply to this office for Receiver General's cheques.

I am, sir, your obedient servant,
The Acting Commissioner of Inland Revenue.
\[
\text { J. L. McDOUGALL, } A . G \text {. }
\]

\section*{Lefartment of Inland Revenue, Ottawa, May 21, 1900.}

Sir, - I beg to acknowledge the receipt of your communication of the 14 th instant calling the attention of the department to the fact that bottling labels should be procured through the Department of Printing and Stationery, in accordance with the provisions of the Act respecting that department.

These stamps have for many years been procured direct from the British American Bank Note Company, by whom the plate was prepared. Future orders will go through the Department of Printing and Stationery as requested.

The Auditor General.

> I am, sir, your oberdient servant,
> W. J. GERALD, Acting Commissioner.

Audit Office, Ottawa, May 25, 1900.
Sir, - I have your letter of the 21st instant regarding the printing of bottling labels in which you state that " these stamps have for many years been procured direct from the British American Bank Note Co., by whom the plate was prepared."

By reference to the reports of this office beginning with the year 1893-94, I find that no payments were made direct to the British American Bank Note Co. for lottling labels until 1895-96, when items for these stamps appear in the accounts.

I am, sir, your obedient servant,
The Acting Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A . G\).

\section*{Dept. of Inland Revenue, Ottawa, July 5, 1900.}

Sir,-Referring to the correspondence that has taken place between your office and this department relative to ordering bottling labels through the Department of Public Printing and Stationery I find that, owing to the existence of an agreement entered into in 1895 between this department and the British American Bank Note Co., the Queen's Printer is unable to certify accounts therefor.

This agreement is in effect a contract to furnish these labels complete at a stipulated price per thousand. I forward herewith copy of the tender of the British American Bank Note Co., and the cceptance thereof by the department.

In view of these facts and in order that the trade shall not be hampered the department will order these labels direct from this company as in the past.

I am, sir, your obedient servant,
The Auditor General.
W. J. GERALD, Acting Commissioner.

Audit Office, Ottawa, July 6, 1900.
Sir, -I have the letter of the 5 th instant from the Assistant Commissioner of Inland Revenue regarding the printing of lottling labels under an agreement with the British American Bank Note Co.

Assuming that these labels do not come under the contract for printing stamps, I am of the opinion that the arrangements for procuring them should have been made through the Queen's Printer under the Act respecting the Department of Public Printing and Stationery. If you consider that the provisions of this Act do not apply to the service in question, kindly let me have the reasons for your view.

Until the question is disposed of please do not use your credit to pay the accounts for bottle labels, but apply to this office for payment by Receiver General's cheques.

I am assuming from what was said to Mr. Hudson by the Assistant Commissioner, that you still intend to give the order without delay.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A. G.

Audit Office, Ottawa, September 27, 1900.
SIR,-Please let me have an answer to iny letter of July 6 last in which I asked for your reasons for considering that the provisions of the Act respecting the Department of Public Printing and Stationery do not apply to the printing of bottle labels.

I am, sir, your obedient servant,
The Conmissioner of Inland Revenne.
J. L. McDOUGALL, A. \(G\).

\section*{Incomplete Voucher.}

Audit Office, Ottawa, June 7, 1900.
Sir,-Cheque No. 619 48, Weights and Measures, is a payment of \(\$ 10\) to James Fyfe, scale manufacturer of Montreal, the service being described in his account as "Consultation with Mr. Higinan." Please ask Mr. Fyfe to supplement the account by a statement of the subject under consideration and the time occupied in the interview.

I am, sir, your obedient servant,
The Acting Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Appropriations Overdrawn.}

\section*{Dept. of Inland Revenue, Ottawa, May 19, 1900.}

SJr, -I beg to acknowledge the receipt of your communication of the 18 th ins'ant calling my attention to the fact that the votes for " weights and measures contingencies" and "gas and electric light inspection " are overdrawn.

I regret very much to have to acknowledge that this is the case, but in the supplementary estimates submitted to His Excellency in Council, sums under each of the above votes have been asked for to cover the expenditure for balance of fiscal year.

I am, sir, your obedient servant,
The Auditor General.
W. J. GERALD, Assistant Commissioner.

\section*{Audit Office, Ottawa, June 12, 1900.}

Sir,-Your letter of the "19th ultimo regarding the overdraft of the appropriations for "weights and measures contingencies" and "gas aud electric light inspection," merely states by way of explanation that sums have been asked for in the supplementary estimates to cover the expenditure for the balance of the year.

I should like to have an explanation of the appareut ueglect by your accountant of the regulation regarding the issuing of cheques established by Order in Council of July 7, 1892.

I am, sir, your obedient servant,
J. L. Medougall, A.G.

\section*{Travel Accounts-Differences in Fares Charged.}

\section*{Audit Office, Ottawa, June 26, 1900.}

Sir,-LLet me direct your attention to the charges by Exciseman E, Milliken, Division of St. Catharines, for trips from Port Colborne to Dunnville, for the period from May to November, "1899. During May, Jume and July there are nine trips charged at \(\$ 1.70\) each, being \(\$ 1.20\) for "fare " and 50 c . for "living expenses"; during August there are three trips at \(\$ 1.25\) each, viz: \(\$ 1\) for "fare" and 25c. for "living expenses," and during September, October and November there are eight trips at \(\$ 1\) each, described as 'fare." There are also, three other trips charged at \(\$ 1.45, \$ 1.65\) and \(\$ 2.20\) respectively, the fare in one case being entered as \(\$ 1.40\) and in the other two as \(\$ 1.20\).

I should like to have an explanation of the different rates charged by Mr. Milliken as "fare." Do the amounts entered as living expenses represent outlay for meals?

I have freguently pointed out that in accounts of travelling expenses all outlay should be specifically described, instearl of being entered under such an indefinite wording as "living expenses," or "personal expenses."

I am, sir, your obedient servant,
The Acting Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Analyst's Fees paid for time after Decease.}

\section*{Audit Office, Ottawa, June 26, 1900.}

Sir,-Cheque No. 63,388, issued February 5, 1900, is a payment to Rosa Baker Edwards for the estate of the late Dr. J. B. Edwards, public analyst, of \(\$ 100\), being three months' retaining fee and allowances to March 31, 1900.

Why was payment made for a period subsequent to Dr. Edwards' death?
I am, sir, your obedient servant,
The Acting Commissioner of Inland Revenue.
J. L. McDOUGALL, A. G.

\section*{Payment by Receiver General's Cheque.}

\section*{Audit Office, Ottaiwa, June 27, 1900.}

Sir,--As you are aware, there are now in practice under the Consolidated Revenue and Audit Act, two modes of making payment of all expenses legally chargeable on a parliamentary appropriatian, viz: (1) by direct application to this office for a Receiver General's cheque to cover the annount due ; (2) by the issue of a cheque under a departmental letter of credit.

The statute does not prescribe or indicate the expenditure, as a class, to which these modes respectively apply, and it seems to me that it will be in the public interest to attempt some classification in this respect for the future guidance of the departments.

In making the selection of the classes of expenditure which in my opinion should be made only by direct application to this office, I have been influenced largely by my experience in the past with expenditure of a similar nature. I have found that it is in connection with these classes of outlay the great bulk of the correspondence between this office and the departments has taken place ; and inferentially, it is along these lines that irregular claims will likely be made in the future.

I trust you will find that I have kept in view the convenience of the public and the department, by leavjng to be paid under the credit all payments where mistakes are not likely to arise.

Commencing then with July next, the first month of the financial year, 1900-1901, I would like your department to treat as proper claims for direct application to this office any that may come under the following heads :-
(1). All advances or repayments for travel or other disbursements asked for by the officers or employees in the inside service of the deptment to be charged on any vote other than Civil Government Contingencies.
(2). All payments on account of or in final acquittance of large contracts.
(3). Extras on contracts.
(4). Gratuities or allowances of any kind not sanctioned by statute.
(5). All accounts not within the financial year to which the appropriation applies, or within six months before the beginuing of it.
(6). All salaries or other remuneration to employees at the department, not paid through the Accountant of Contingencies.
(7). Special payments of any kind whether authorized by the Governor-in-Council or not, or whether made under a special appropriation or not.

Of course I shall be glad to discuss this matter with you if you so desire, as I am anxious that any departure which may be made from the present order of things shall be one in the right direction and be such as will not unnecessarily incommode the working of the department or interfere with the prompt settlement of all just claims on the public treasury.

I am, sir, your obedient servant,
The Acting Cornmissioner of Inland Revenue.
J. L. McDOUGALL, A. \(G\).

Dept. of Inland Revenue, Ottawa, July 4, 1900.
Srr, - I have your communication of the 27th ult., suggesting certain changes in the mode of making charges against parliamentary appropriations.

In reply I beg to state that the system heretofore followed has given full satisfaction and I see no necessity for any change.

Whatever the object may be, the effect of the plan suggested by you would seem to be the audit or approval of the Audit Branch of each individul payment prior to the expenditure leing incurred.

This I entirely object to. Parliament created the several departments and clothed their controlling officers with certain responsibilities and powers to render them effective.

When the same authority established the Department of the Auditor General there was no intention to destroy the autonomy of the other departments nor to hand over their control to the Auditor.

The department which you represent has always the power to bring before the Public Accounts Committee any payments made by the other departments which you may deem to be illegal or improper, and this, it seems to me, is quite sufficient for the public safety.

I am, sir, your obedient servant,
The Auditor General.
EDWD. MIALL, C'ommissioner.

\section*{Audit Office, Ottawa, July 5, 1900.}

Sir,-I have your letter of the 4th instant in reply to mine of the 27 th ultimo regarding the mode of making paymentof expenses chargeable on parliamentary appropriations.

With reference to your objections to the adoption of the method proposed in my circular letter, let me say that other departments to which the circular has been sent see no difficulty in carrying on their business subject to the restrictions mentioned.

The method of payment by direct application to this office is now followed to a greater or less extent by the various departments. The carrying out of my suggestions will make the practice uniform, and will provide a safeguard against irregular payments. I trust, therefore, that on further consideration you will adopt the proposed change in the method of making expenditure. 1 am anxious about this so that there may be no delay in issuing the credit.

I am, sir, your obedient servant,
The Commissioner of Inland Révenue.
J. L. McDOUGALL, A. .

Dept. of Inland Revenue, Ottawa, July 9, 1900.
Sir,- Your communication of the 5th instant commenting upon mine of the previous day's date is received. I can only repeat that I am unequivocably opposed to your proposition, and if any further action is taken in that direction, I shall feel compelled to request the Hon. the Minister to lay the matter before his colleagues.

I am, sir, your obedient servant,
The Auditor General.
E. MIALL, Commissioner.

Dept. of Inland Revenue, Ottawa, September 8, 1900.
Sir,-Regarding our conversation of yesterday relative to the request contained in your communication of June 27 last, I beg, with the approval of the commissioner, to state in reply to your suggestions therein contained and in the order therein given :
1. That as respects all advances or repayments for travel or other disbursements by the officers of the outside service of the department being made by direct application to your office, it is quite impracticable and would result in preventing the continuous performance of the duties of the different officials.

Chief officers of excise, weights and measures, gas, \&c., are furnished at the beginning of each fiscal year with such sum as a contingent allowance as will enable then to meet the reasonable expenses of themselves and subordınates for a period of one month.

Accounts are sent in to the department through the district inspector once a month or more frequently as necessity requires. These accounts are audited and approved by the district inspector and forwarded to the department, where they are again audited and immediate payment thereof made in order that the officials may be promptly supplied with funds to carry on the continuous survey of the work under their charge. Any delays in this respect would seriously hamper business and henceforth the change suggested cannot be sanctioned by this department.
2. This does not apply to the work of this department, as it is a revenue, not a contracting department.
3. Not being a contracting department, no extras on contracts arise.
4. This is already done, as no expenditure of the nature of gratuities or allowances are made except through your office.
5. The suggestion that all accounts arising more than six months before the comnencement of the fiscal year in which they are to be paid, should be submitted for audit before payment is, I think, a proper one, but this cannot apply to refunds of excise revenue made under authority of an Act of Parliament or an order of the Governor General in Council.
6. All salaries or other remuneration to employees at the department are now paid through the Accountant of Contingencies or by pay list certified by you.
7. The payment of sums authorized by statute or by the Governor in Council, so far as this department is conerned, applies only to the refunds referred to in paragraph 5, which refunds Parliament authorizes this department to make, and which should be paid by direct cheque of the department which has the necessary knowledge of the subject to pass judgment thereon, and in order that the trade be not unnecessarily embarrassed by cielay in payment of such legal clains.

I trust you will be good enough to cause the usual credit notes to issue to enable the department to carry on its current business.

I am, sir, your obedient servant,
The Auditor General.
W. J. GERALD, Asst. Commissioner.

Audit Office, Ottawa, October 1, 1900.
Sir, - 1 have your letter of the 8th ultimo, in reply to mine of June 27 last, regarding payments to be made by direct application to this office. Let me ask your attention to the following remarks on the several paragraphs of your letter :-
(1). Advances and repayments for travel, dc. -While it might not be well at present to disturb your method of making advances and repayments to the officers in the various inspection divisions, it does not seem likely that any great inconvenience would be caused by adopting my suggestion so far as all departmental officers and employees at Ottawa are concerned. I beg, therefore, to request that advances or repayments, except from the vote for Civil Government Contingencies, to such officials for travel or other disbursements be made by direct application to this office.
(2) \& (3). Payments on Contracts.-There is at least one contract, viz: that with the American Bank Note Company, under which payments are made by the Inland Revenue Department. Please apply to this office for all such payments, as well as for those to the British American Bank Note Company, about which I wrote you July 6, last.
(5). Accounts arising more than six mouths before the beginning of the fiscal year in which they are paid.-I do not understand why the regulation that such accounts should be paid by Receiver General's cheque should not apply to refunds of Excise Revenue (see remarks under No. 7). How many such payinents would there probably be in each year?
(7). Special payments. - Your assumption that the payment of refunds of Excise revenue, authorized by Parliament, must necessarily be made by cheques drawn in your department, does not appear to be correct. It seems quite clear that the requirements of the statute will be fully met if the payments are made by Receiver General's cheques issued on applications from your department, which would, of course pass judgement upon each case before applying for payment. There appears to be no reason why the proposed method of dealing with these claims should give rise to delays which would unnecessarily embarrass the trade.
(4) \& (6). Gratuities and salaries.-No remarks are necessary.

In the meantime the credits have been issued, as it appears likely that any differences which may now arise regarding my suggestions will be of a minor character and will be adjusted as time goes on.
The Acting Com'r. of Inland Revenue. I am, sir, you obedient servant,
J. L. McDOUGALL, A. \(G\).

\section*{Accounts put in for more than Amount actually expended.}

\section*{Audit Office, Ottawa, July 8, 1900.}

Sir,-The account of Weights and Measures expenditure at Hamilton for August, 1899, paid by cheque No. 62327, includes a bill from Assistant Inspector Laidman for travelling and other expenses. A memo signed by Mr. Inspector Freed is attached to the bill, stating that "Mr. Laidman's account "was found to be incorrect, and a new account was made out by him, new and correct vouchers "being procured, except in the case of Mr. McNeal * * * * * I anı satisfied that the sub"stituted figures in red ink in Mr. McNeal's bill represent the sums actually paid by Assistant "Inspector Laidman."

The original receipt as signed by Mr. McNeal is in the handwriting of Mr. Laidman and is for payment of hotel bill, \(21 \frac{3}{4}\) days at \(\$ 1, \$ 21.75\). According to the correction made in the account, the sum actually paid was \(\$ 6\).

I should be glad to know what explanation Mr. Laidman offered for having obtained from Mr. McNeal a receipt for \(\$ 21.75\), when the amount paid the latter was \(\$ 6\). Has an examination been made of Mr. Laidman's other accounts to ascertain whether they contain similar inaccuracies?

Let me point out that vouchers in support of a statement of expenditure should be written, not by the official who makes the expenditure, but by the persons to whom he pays the money.

> I am, sir, your obedient servant,

\section*{SESSIONAL PAPER No. 1}

\title{
Payment to Physician for Examination and Report re Excise Officer.
}

\author{
Audit Office, Ottawa, October 61900.
}

Sir, - In the account of Excise Inspector Frankland of Toronto, covered by cheque No. 63783 of 1899-1900, there is an item of \(\$ 2\) paid to Dr. A. Lynd for "Examination and report re E. W. Dodds." Please explain more fully the nature of the service to show that it is a proper charge on the public funds.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

\author{
J. L. McDOUGALL, A. G.
}

Dept. of Inland Revenue, Ottawa, October 10, 1900.
Sir,-Replying to your communication of the 6 th inst., relative to the payment of two ( \(\$ 2.00\) ) dollars to Dr. A. Lynd for examination and report re officer E. W. Dodds, I beg to state that the circumstances surrounding the case were duly considered before the account was paid by the department.

> I am, sir, your obedient servant,

The Auditor General.
E. MIALL, Commissioner.

Audit Office, Ottawa, November 12, 1900.
Sir, - I have your letter of the 10 th ultimo regarding a payment to Dr. Lynd for examination and report re officer E. W. Dodds, and note your statement that " the circumstances surrounding the case were duly considered before tho account was paid by the department."

Let me direct your attention to Sec. 44 of the Consolidated Revenue and Audit Act which provides, among other things, that the Auditor General shall ascertain " whether the money expended (from a grant) has been applied to the purposes for which such grant was intended to provide." As this cannot be done in the case of an unusual expenditure, like the one under consideration, without a knowledge of the service performed and the circumstances of the case, I beg again to ask for the information called for by my letter of October 6 last.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A. G.

\section*{Cab hire for Funeral.}

Audit Office, Ottawa, October 6, 1900.
Sir, -In the account of Excise Inspector Frankland of Toronto, paid by cheque No. 63384 of 1899-1900, there is an item of \(\$ 2.50\) for "Carriage used by the officers of the department at funeral of the late J. W. A. McDonald." As this is a private liability of the persons who used the carriage I have to ask that a refund of the amount be obtained.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A. G.

Audit Office, Ottawa, November 12, 1900.
Sir,-Please let me know if the amount of \(\$ 2.50\), c cab hire for funeral, referred to in my letter of the 6th ultimo, has been refunded.
\(\checkmark 3.2\)
I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. \(G\).
}

\section*{Advances unaccounted for.}

Audit Office, Ottawa, November 13, 1900.
Sir,-I find that payments were made during 1899-1900 both by the Inland Rerenue and Interior Departments on account of inspection of staples, elevator and warehouse commission. I have not received any vouchers for the amount of \(\$ 2,500\) advanced by your depariment. Please let me know if Mr. Bell is to account for this amount through the Interior Department. There is also an advance of \(\$ 1,200\) to David Horn by cheque No. 62353, apparently for the same service. Shall I ask the Interior Department to get the vouchers for this amount also?

> I am, sir, your obedient servant,

The Commissioner of Inland Revenue.
J. L. McDOUGALL, A. \(G\).
\(1-3 \frac{1}{2} \mathrm{~K}\)

\section*{Dept. of Inland Revenue, Ottawa, November 21, 1900.}

SIR,-Replying to yours of the 13 th instant, I have the honour to state that, in so far as the warehouse commission is concerned, this department never had any responsibility or control.

The vote was apparently associated in the estimates with the Department of Inland Revenue services, but the whole vote was transferred to the Department of the Interior after the first advance of \(\$ 2,500\) was made on the requisition of that department.

The advance to Mr. Horn was, however, made from the general vote for the inspection of staples.
Of this, \(\$ 500\) was refunded by Mr. Horn out of fees collected and a further item of \(\$ 700\) is likely to be refunded when the full accounts for last season's crop, ended September 1, 1900, are closed.

> I am, sir, your obedient servant,

The Auditor General.
E. MIALL, Commissioner.

\section*{Audit Office, Ottawa, November 22, 1900.}

Sir,-I have your letter of ths 21 st instant regarding advances to C. N. Bell from the vote for "warehouse commission" and to David Horn from "general inspection of staples."

The advances to Mr. Horn during 1898-99 were the following:-
\[
\begin{aligned}
& \text { September 9, 1899, cheque No. } 62171 . \\
& \$ 500 \\
& \text { Octnber 4, " "، "62353 }
\end{aligned}
\]

A refund of \(\$ 500\) was credited to the appropriation, leaving a balance of \(\$ 1,200\) unaccounted for on June 30, 1900, as stated in my letter of the 13th instant.

Please let me know for what purpose these advances were niade.
I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A. \(G\).

Inland Revenue 1)ept., Ottawa, December 18, 1900.
Sir, - In reply to your letter of the 22 nd ultimo. I beg to state that the items of Sept. 9 and Oct. 4 (cheques No. 62171 and 62353 ) were advances made to enable the Chief Inspector to pay salaries and expenses until the crop of 1899 began to move.

The Act which came into force on Sept. I provided for the payment of inspector's staff by stated salary instead of by fees as theretofore The fees which were to be collected by the railway companies being periodically deposited to the credit of the Manitoba Inspection Fund, and it was assumed that the service would be self-sustaining.

The first year the revenue sufficed to meet the requirements of the service, and the first advance was refunded. Later on the other item of \(\$ 1,200\) will be paid, but the short crop of 1900 has very much embarassed the department, and the deficiency will have to be met temporarily by a vote of Parliament.

The reason for its not appearing in the accounts of \(190 n\) is that the inspection year runs from Sept. 1 to Aug. 31, i. e. the crop year, not the fiscal year.

I am, sir, your obedient servant,
The Auditor General.
EDW. MIALL, Commissioner.

\section*{Defective Accounts for Travelling Expenses.}

\section*{Audit Office, Ottawa, November 16, 1900.}

Sir,-Let me direct your attention to my letter of October 30, 1899, with reference to the accounts of Mr. J. K. Barrett, District Inspector, Manitoba, for his expenditure during 1898.99. I pointed out that his accounts were defective in the following particulars :-

No vouchers furnished for horse hire and telegrams.
"Personal expenses" in accounts for travel not itemized.
No details given of "petty expenses."
The accounts of 1899-1900 are marked by the same defects.
I beg again to suggest that Mr. Barrett should be called upou to furnish vouchers and details for his expenditure.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

\author{
J. L. McDOUGAIIL, \(A . G\).
}

\section*{Audit Office, Ottawa, November 17, 1900.}

Sir, -As illustrating a point which I have frequently endea voured to press upon your consideration in connection with the accounts for travelling expenses rendered by many of your officers, let me direct your attention to the statement by Deputy Collector W. Henderson of his expenses on a trip from Toronto to Sault Ste Marie. This statement is included among the vouchers paid by cheque No. 62145 in favour of the Collector of Excise at Toronto. The items in Mr. Henderson's statement are as follows :-
1899.
Aug. 12-Fare from Toronto to Sault Ste. Marie ..... \$10 85
Dinner at Collingwood ..... 040
Bus porter at Collingwood ..... 020
"14-Personal expenses, 3 days ..... 175
Personal expenses from 14 th to 22 nd, including meals on Ameri- can side while waiting for boat ( 24 hrs . late) ..... 750
Fare on ferry, 5 trips ..... 050
Bus porter at Sault. ..... 050
" 20-Leland House, Sault Ste Marie, \(5 \frac{1}{2}\) dys. board ..... 550
" 21-Fare from Sault Ste. Marie to Toronio . ..... 985
"، 22-Baggage at Toronto ..... 035
3740

The statement shows that Mr. Henderson has charged his transport and living expenses and, in addition, certain items of "personal expenses" not specified, amounting to a large sum as compared with his other living expenses.

I must again enter a protest against the acceptance of accounts in which the particulars of the expenditure are not given. Please give this matter your consideration with a view to having all accounts for travelling expenses rendered in detail, and the particulars of the expenditure given.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A, G\).

\section*{Letters Unanswered.}

Audit Office, Ottawa, November 12, 1900.
SIR,-I have received no replies to the following letters addressed to your clepartment :-
1899.

Dec. 2.-Salary paid Miss Wright for days of absence.
1900.

June 7.-Account of Mr. Jas. Fyfe.
"s 12.-Appropriations overdrawn.
" 26. -Differences in fares charged by Exciseman Milliken.
" 26. - Analyst's fees paid for period after decease.
July 8. - Incorrect accounts from Asst. Inspector Laidman.
July 6 \& Sept. 27.- Payments to British American Bank Note Co.
As the part of the Audit Report dealing with the expenditure of your department is about ready for printing, I have to ask that you will be good enough to let me have your answers to these letters without delay.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. \(G\).

The Commissioner of Inland Revenus.

\section*{Audit Office, Ottawa, December 5, 1900.}

Sir,-Let me remind you of my letter of the 12 th ultimo, calling attention to letters addressed to you to which no answers had been received. Please let me have your replies to these letters as well as to the following :--
1900.

Nov. 12.-Payment to Dr. Lynd for examination and report re E. W. Dodds.
" 12.-Cab-hire for funeral.

SESSIONAL PAPER No. 1

(a) For details see Report 1896-97, page T-133.

\section*{Re Electric Light.}

\section*{Audit Office, Ottawa, March 3, 1900.}

Sir,-I have received no reply to my letter of March 18, 1898, giving a list of 29 electric light companies that had not paid the fees for 1896-97, I cannot find that more than five of these companies have since paid the fees for \(1896-97\), though several more have paid the fees for subsequent years.

The following companies, referred to in my letter, pail the fees of 1895-96 and nothing since:Jumes Fenwick, Hespeler ; Incandescent Light Co., of Toronto; Port Perry Illuminating Co. ; Appleyard Electric Light Co., Grand Valley; La Compagnie Electrique St. Jean Baptiste ; Magloire Ouimet, St. Jerome ; Digby Electric Light Plant ; Annapolis Electric Light Company.

The Woodstock Electric Light \& Telephone Co. paid the fees for \(1895-96\) and \(1898-99\); but do not seem to have paid the fees for 1896-97 nor 1897-98.

Might I inquire why there are no electric light companies entered on the statement of arrears due which you furnish each year to this office.

> I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

> J. L. McDOUGALL, A.

Audit Uffice, Uttawa, November 23, 1900.
Sir,- I have to remind you that I have had no reply to my letter of March 3 last, in reference to electric light fees. In this and a previous letter dated March 18, 1898, to which no reply was received, attention was called to a number of electric light companies that had not paid their fees.

In the statement furnished by you of the arrears due to your department on June 30 last, and yet unpaid, I do not find anything for electric light fees.

If favoured with an early reply giving satisfactory explanations of the points raised in my letter it may obviate the necessity of publishing the correspondence.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

\author{
J. I.. MCDOUGALL, A.G.
}

\section*{Re Gooderham's Distillery.}

Audit Office, Ottawa, January 24, 1900.
SIr,-According to the return from the Gooderham Distillery for July 1898, there was a deficiency in the production account ( E ) when stock was taken June 30,1898 , of \(4,624 \cdot 42\) proof gallons, which was written off by authority of departmental letter No, 5171. In your report for \(1898-99\), page 63, it is represented that duty was paid on this deficiency. I have to ask for an explanation.

I am, sir, your obedient servant,
J. L. McDOUGALL, \(A . G\).

Dept. of Inland Revenue, Ottawa, January 24, 1900.
SIR, - I beg to acknowledge the receipt of your communication of this date, stating that a deficiency of \(4,624 \cdot 42\) proof gallons of spirits which was found to exist in July, 1898 , in the distillery of W. G. Gooderham, was, by authority of departmental letter, written off ; also calling attention to the fact that on page 63 of the report of this department it is represented that duty was paid on this deficiency.

In reply thereto I beg to advise you that the deficiency in question is that found to exist when stock is taken at the end of the fiscal year, and the department collects the duty of \(\$ 1.90\) per proof gallon therenn.

When this duty is paid, and in order that the distiller's books and the actual stock may be again brought into accord, he is authorized to take credit for the quantity upon which iluty is so collected.

I am, sir, your obedient servant, The Auditor General. W. J. GERALD, Assistant Commissioner.

Audit Office, Ottawa, February 2, 1900.
Srr, -In the returns of the Gooderham Distillery for \(1898-99\) free entries are reported to have been made on authority of circular G. 269, for the following quantities :-
\[
\begin{array}{ll}
\text { July, } 178 \cdot 14 \text { galls. } & \text { October, } 157 \cdot 52 \text { galls. } \\
\text { January, } 195 \cdot 26 \text { galls. } & \text { April, } 916 \cdot 46 \text { galls. }
\end{array}
\]

In all \(1,447 \cdot 38\) gallons. (Duty paid spirits received at distillery.)
I have to ask for a copy of this circular.
In addition to the legal deficiencies, amounting to \(28,408 \cdot 61\) galls. there are also deficiencies in excess of legal 158.08 galls. and other deficiencies paying duty \(10,336 \cdot 56\) gallṣ. Please let me know if duty is paid on all deficiencies in excess of legal. I would also like to have all explanation of " other deficiencies"; how they arise, \&c.

I assume your officers stationed in the several distilleries furnish statements to the department showing in more or less detail the transactions and operations through which these deficiencies arise, and have to ask that such statements and any papers or vouchers relative thereto covering the deficiencies above referred to, may be furnished.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

Inland Revenue Department, Ottawa, May 18, 1900.
Sir,- 1 beg to acknowledge the receipt of your communication of February 2, ultimo, asking for copy of circular G. 269, and for certain informatiou relative to deficiencies at distilleries.

In reply thereto I beg to inform you:
1. That duty is collected on all deficiencies in excess of legal allowance.
2. That "other deficiencies" consist of those arising in reducing spirits from a high to a low strength, and on spirits remaining in warehouse after the limit of seven years fixed by law ;
3. That the department is furnished with entry papers covering each deficiency that arises.

I forward herewith the entry papers covering the various deficiencies referred to in your letter.
Inclosed also please find copy of circular G. 269, and wouid refer you to article B, page 3, and would call your attention to section 7 which provides for free entries to cover duty-paid spirits brought into distilləry.

The Auditor General.
I am, sir, your obedient servant,
W. J. GERALD, Acting Commissioner.

\section*{Re Distillery Returns.}

Audit Office, Ottawa, March 3, 1900.
Sir,-The monthly returns covering the transactions at the several distilleries are sworn to by an employee called distiller aud by an agent acting as attorney for the proprietors. At the bottom of one page of the return containing the accounts of warehouses No. 1, 2 and 3 , the following certificate is entered :- "Checked by respective books and found to correspond," signed by an officer acting for the collector. I assume this is the officer stationed in the distillery. Is this certificate intended to cover the whole return? Should it not be more explicit? Are any vouchers, returns or counterfoils furnished to your department to enable you to verify these returns? Are any detailed statements furnished of the quantities ex-warehoused for removal for consumption, for bottling room, \&c. ? ITave you any means of checking the quantity entered for consumption and the deficiencies paying duty with the deposit receipts that eventually come to account?

1 am , sir, your obedient servant,
The Acting Commissioner, Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Inland Revenue Department, Ottawa, April 4, 1900.}

Sir,-I beg to acknowiedge the receipt of your communication of the 3rd ultimo, asking:
1. If the certificate signed by the officer in charge covers the whole return.
2. If any vouchers, returns, \&c., are furnished to the department to enable it to verify these returns.
3. If any detailed statements are fnrnished of the quantities ex-warehoused for removal, consumption, for bottling room, \&c.
4. If the department has any means of checking the quantity entered for consumption and the deficiencies paying duty with the deposit receipts.

In reply I beg to inform you :
1. That the certificate covers ouly the transactions in warehouses 1,2 and 3 .
2. That the warehouse and ex-warehouse entries enable the department to verify the portion of the return to which they relate.
3. Entries for removal, consumption and for bottling room show standard gallons, strength and proof gallons of spirits.
4. That all entries for consumption and for deficiencies paying duty are checked with deposit receipts at the department daily.

> I am, sir, your obedient servant,

The Auditor General.
W. J. GERALD, Acting Commissioner.

\section*{Re Malt Liquor used by H. M. Army and Navy.}

\section*{Audit Office, Ottawa, January 31, 1900.}

Sir, - In your report for \(1898-99\), page 75 , covering statistics relating to the manufactures of malt liquor, it is stated that 209,306 galls. were used by H.M. Army and Navy, and in consequence were free of duty.

I have to ask for a statement showing what regiments or other divisions of the Army and what vessels of the Navy received this liquor, and for the vouchers and papers furnished in support of same.

I am, sir, your obedient servant,
The Acting Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Inland Revenue Dept., Ottawa, February 2, 1900.}

SIR, - I beg to acknowledge the receipt of your communication of the 31st ultimo, stating that in the report of this department for 1898-99 it is stated that 299,306 gallons of malt liquor were used by H.M. Army and Navy, and in consequence were free of duty, and asking that you be supplied with a statement showing what regiments or other divisions of the Army and what vessels of the Navy received this liquor, and for the vouchers and papers furnished in support of the same.

The accompanying statement will give you the information asked for. You will observe that the total is 207,813 gallons, the receipt of which for the use of H.M's Army and Nary has been duly acknowledged. Through an error in the foot-note at bottom of statement II, page 75, the quantity given, as used by H. N's Army and Navy, is 209,306 , due to including therein, in error, a quantity \((1,493)\) entered for exportation. The aggregate total, 216,160 gallons, is correct. I inclose herewith, for your examination, the vouchers received from the Imperial Authorities acknowledging the receipt of the goods, which I would ask you to return as soon as practicable. I may add that the beer so supplied has in itself paid no duty, the duty being collected on the malt used.

I am, sir, your obedient servant,
The Auditor General.

> W. J. GERALD, Assistant Commissioner.

\section*{Audit Office, Ottawa, February 13, 1900.}

Sir,-As requested I am returning the vouchers received with your letter of the 2 nd inst., in reference to the malt liquor used by H.M. Army and Navy. The receipt of the liquor by the Army authorities should be signed by the steward or officer who actually received it, as well as by the officer in command.

I have to call your attention to the amount of the refunds called for by these vouchers and the amount actually paid during the year, as compiled from the statement on page 30 of your report :
\begin{tabular}{rrr} 
Galls. & Accrued. & \multicolumn{1}{c}{ Paid. } \\
167,894 & \(\$ 5,39590\) & \(\$ 5,385\) \\
4,188 & 141 & 26 \\
349 & 33 \\
34,781 & 1,565 & 05 \\
950 & 1,17392 \\
92 & 75 & 3207
\end{tabular}

How are the differences accounted for?
None of the vouchers in support of the actual amounts refunded, have reached this office. I haye to request you to direct that vouchers be furnished for every payment made, whether it is a charge against expenditure or revenue.

These firms are seemingly allowed a refund of 5 per cent on theduty paid on all malt used during the year. If so, only 95 per cent of the duty on the malt liquor used by the Army and Navy should be refunded, and the difference should be computed and be deducted from future payments.

Why are the refunds made to the merchants who supply the malt liquor, instead of letting them charge the ordinary rates, and making the refunds payable to the Army and Navy authorities?

I am, sir, your obedient servant,
The Acting Commr. of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Inland Revenue Dept., Ottawa, April 2, 1900.}

Sir, - I beg to acknowledge the receipt of your communication of February 13, ultimo., relative to refund of duty paid on malt used in the manufacture of malt liquor supplied to Her Majesty's Army and Navv and entered for exportation.

In the case of W. N. Wickwire you quote the accrued duty as \(\$ 5,395.90\), whereas it should be \(\$ 5,666.39\), and the amount paid as \(\$ 5,385.11\), instead of \(\$ 5,835.11\).

You will observe a difference of \(\$ 168.72\) between the accrued duty and that paid. This is due to a claim made in May, 1898, not having been paid until the quarterly payments in the following October. I send you herewith the claim papers covering"this amount, which is included in voucher of W. N. Wickwire for \(\$ 1,587.42\), dated October 8, 1898.

The second item, "J. C. Oland," should include 5,876 gallons of malt liquor exported in addition to the 4,188 supplied to Her Majesty's Army and Navy, the accrued duty being \(\$ 339.63\), the same as paid.

The third item, "Victoria Phœnix," the accrued duty should be \(\$ 1,173.92\), the same as paid, the claim being made out on a basis of three (3) pounds of malt per gallon, whereas only two and onequaater ( 21 ) pounds were allowed.

The last item, "H. Fairall," should be accrued duty \(\$ 32.07\), the same as paid, for the same reason as in the case of the "Victoria Phœnix."

I forward herewith for your information the vouchers covering these payments, and the accountant has been instructed to forward vouchers for all payments made.

Your suggestion relative to refunds being made for only 95 per cent of the duty paid will receive the consideration of the department.

You ask " why are the refunds made to the merchants who supply the liquor instead of letting them charge the ordinary rates and making the refunds payable to the Army and Navy authorities."

The refunds cover malt liquor entered for exportation, used on the high seas and in regimental canteens, and are all treated as malt liquor not entered for consumption in Canada, and, under section 178 of the Inland Revenue Act, the refund is made to the licensed brewers as therein provided.

I am, sir, your obedient servant,
The Auditor General.
W. J. GERALD, Acting Commissionev.

\section*{Re Refund of Salaries paid Officers in Bonded Manufactories.}

\author{
Audit Office, Ottawa, February 2, 1900.
}

SIR, -I have to ask for a statement showing the different bonded manufactories working under license of your department, specifying where located, article manufactured, and the time in operation during 1898-99.

1 have also to ask for the pay lists or other vouchers furnished your department to show that the refunds made equal the expense incurred by the department for the effective supervisiou of the manufactures carried on.

These vouchers should be forwarded regularly each month.
I am, sir, your obedient servant,
The Commissioner, Inland Revenue.
J. L. McDOUGALL, A. G.

\section*{Inland Revenue Dept., Ottawa, May 23, 1900.}

Sir, -I beg to acknowledge the receipt of your communication of the 2nd Febry. ult. asking for a statement of the different bonded manufacturies working under license of this department, their location, article manufactured, and the time in operation during 1898-99, and for pay-lists and vouchers furnished to shew the refunds made equal to the expenses incurred by the department.

In reply thereto I beg to inclose the statement of manufacturers asked for.
\(1-5\) к

With reference to your second request, I beg to advise you that the supervision fee is not intended to cover the actual salary paid the officer in charge of a londed factory. These salaries vary a great deal.

The fee for supervision in bonded vinegar factories is based on the volume of business done during the fiscal year, vinegar manufacturers using 10,000 proof gallons of spirits or less per annum paying a fee of \(\$ 25\) per month and those using over this quantity \(\$ 50\) per mouth.

The fee collected from manufacturers using duty paid spirits in the manufacture of goods subsequently exported is \(\$ 100\) per month, while in the case of manufacturers of perfumed spirits it is a graduated one, the officers services only being required for an hour or two at intervals of several days.

I forward herewith for your information circulars G. 250 and G. 269 and would refer you to narked sections of the former on pages 10 and 11 and on page 10 of the latter.

I am, sir, your obedient servant,
The Auditor General.
W. J. GERALD, Act'g. Commissioner.

Audit Office, Ottawa, May 29, 1900.
SIR,-I have received your letter of the 23 rd inst. in reference to the supervision fees paid by proprietors of bonded manufactories.

The statement published in Audit Report and headed "Refund of Salaries paid Officers in Bonded Manufactories" was compiled from entries in your Collector's Returns (G-2), headed "Officers' salaries in Bonded Factories." In view of your explanation, this heading is not quite appropriate and should be changed.

The total amount of these fees collected in 1898.99 amounted to \(\$ 7,254.86\) (see Audit Report 1898-99, page T-120). Presumably this amount was paid by the firms set down on the list of Bonded Manufacturers, forwarded with your letter. No details are furnished to this office of the collections of your officers. I have to ask you to instruct your collectors to furnish details of collections for "Licenses" and "Other Receipts" to agree with their monthly returns.

I am, sir, your obedient servant,
The Acting Commissioner, Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Re Weights and Measures Revenue.}

\section*{Audit Office, Ottawa, May 25, 1900.}

Sir, - In the departmental statement of the Weights and Measures Stamp Account for the six months ended December 31 last, credit is taken for 500 stamps issued for samples, of value of \(\$ 149\); and for \(5,000 \mathrm{stamps}\) issued to the Department of the Interior, of value \(\$ 32.75\). Please explain why these issues were made.

I have to ask for information as to the following :
Credit is taken on the same statement for 700 stamps issued to inspector at Victoria, B.C., of value \(\$ 456\). The inspector's returns acknowledge stamps to value of only \(\$ 6\) in August and \(\$ 175\) in December.

In the statement for March, credit is taken for 300 stamps issued to inspector at Cape Breton, of value of \(\$ 235\), which the inspector does not acknowledge on his return for March. On what day in March were these stamps issued?
I am, sir, your obedient servant,

The Acting Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A . G\).

\section*{Audit Office, Ottawa, December 4, 1900.}

SIR, -I have to remind you that I have had no reply to my letter of May 25 last, in reference to the issue of certain quantities of stamps on account of Weights and Measures revenue.

An early reply is requested.
I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Re Excise Revenue, Petroleum Inspection and Bonded Manufactories.}

\section*{Audit Office, Ottawa, November 29, 1900.}

SIR,-The receipts from petroleum inspection during 1899-1900 were \(\$ 5.504 .71\), as compared with \(\$ 46,059.81\) of the year previous, and the receipts from bonded manufactories have decreased from \(\$ 49,522.32\) to \(\$ 30,192.25\).

It is desirable that an explanation of these decreases should be published with the statement.
Your early attention is requested.
The Commissioner of Inland Revenue.
Iain, sir, your obedient servant,
J.' L. McDOUGALL, A. \(G\).

Inland Revenue Department, Ottawa, December 21, 1900.
Dear Mr. McDougall, - Youre of the 29th ultimo re decreases in revenue from petroleum inspection fees and bonded manufactures duly received. The statement in our report will, I think, clearly show the reasons therefor.

The inspection fees on petroleum were abolished September, 1899, so that for last fiscal the period covered is only two months thereof. The receipts from vinegar and acetic acid were \(\$ 49,572.32\) for 1898-99, and \(\$ 39,839.21\) for 18:99-1900, and not as quoted in your letter.

The only reason for this decrease is that there was a less quantity entered for consumption.
Yours very truly,
The Auditor General.
W. J. GERALD, Asst. Com.

\section*{Audit Office, Ottawa, December 24, 1900.}

Sir,-The statement made in your letter of December 21 leads me to inform you that the figures quoted in my letter are those published in your own reports, page 9.

The difference in 1898-99 is \(\$ 50\), caused by a refund of that amount; the difference in 1899-1900 is \(\$ 9,646.96\), the amount of the receipts from acetic acid. "When writing I did not observe that you had classified acetic acid under "bonded manufactories" in your report of 1898-99, and under "other receipts" in your report of 1899-1900.

I am, sir, your obedient servant,
The Assistant Commissioner, Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Payments for Sundays to Swamp Lands Commissioners.}

Note.-For beginning of this correspondence see A. G.'s Report, 1898-99, page H-71.
Dept. of the Interior, Ottawa, Jan. 24, 1900.
Sir,-In reply to your letter of the 4 th instant, with reference to the payment of Messrs. Jukes and Ducker, Swamp Lands Commissioners, for Sundays intervening between the date of their appointment and May 13 last, and in which you ask to be furnished with the evidence showing that these Commissioners worked on the days in question, I beg to state that Messrs. Jukes and Ducker having been written to on the subject have now made the following reply:-'We would refer you to a letter from the Secretary in reference to this matter, dated April 14 last, when we received our first cheques on account of services, having been at work continuously from January 1, 1899, and up to the date of the receipt of our first cheques had examined about two hundred thousand acres of land, having been in camp continuously during that period. We do not know what better evidence we can furnish than a reference to the file in your department, together with our reports to the Minister of the Interior covering the period in question.' It seems to me that so long as the Commissioners are in the field, evidence as to their having worked on Sundays could hardly be asked for anything more than has been given, and as I have already pointed out the question now raised as to the propriety of paying Messrs. Jukes and Ducker was never suggested in regard to Sunday payment to Messrs. Crawford and Wagner, the late Commissioners. In view of the explanation given by Messrs. Jukes and Ducker, I have given instructions for the issue of cheques covering the balance coming to them in this relation.

I am, sir, your obedient servant,
The Auditor General.

\author{
JAS. A. SMART, D.M.I.
}

Audit Office, Otrawa, Jan. 25, 1900.
Sir,-I have your letter of yesterday regarding the Sunday payments to Messrs. Jukes and Ducker. The rule with reference to claims the regularity of which is under discussion between a department and this office is that they are not to be paid out of departmental credit. This, I think, has been brought under your notice in the course

1 - (iL
of correspondence on another claim. If these claims have already been paid under the instructions which you have given, will you be good enough to retain the amount from subsequent claims until the matter has been closed.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Dept. of the Interior, Ottawa, Feb. 2, 1900.
Sir,-In reference to your letter of January 25, regarding Sunday payments to Messrs. Jukes and Ducker, Swamp Lands Commissioners, I beg to ask what decision you have arrived at in the matter; you will remember that you stated that if the claims had not already been paid we were to retain the amount until the matter had been closed.

I am, sir, your obedient servant,
The Auditor General.

> JAS. A. SMART, D.M.I.

Dept. of the Interior, Ottawa, April 21, 1900.
Sir.-Referring to your letter of the 22nd of May last with respect to the supplementary account of Messrs. Jukes and Ducker, Swamp Lands Commissioners, for salary for Sundays, I beg to ask if you have further considered this matter and, if not, what course you would advise me to take in order to have the matter adjusted, as these men consider they are entitled to be paid for those days that they were away on their work, and I do not see any reason why they should not be paid.

I am, sir, your obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

\section*{Payments for Accident Insurance.}

\section*{Audit Office, Ottawa, Dec. 21, 1900.}

Sir,-In the Immigration accounts for the year 1899-1900, I notice the following payments for accident insurance:-
A. Akerlindh, Ottawa.
\$4 25
A. J. Edgar, " 135
F. Pedley, 40
W. Anderson, Quebec.
875

I am of the opinion that items of this nature should not be allowed until some general regulation is made authorizing such payments and regulating the amount of accident insurance that may be carried by the different officers who may be called upon to travel and until such regulation is passed I am compelled to refuse to pass items of this nature.

I am, sir, your obedient, servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Sir,-I am in receipt of your letter of the 21st instant, with regard to certain payments made by officials of this Department for accident insurance.. In reply, I beg to state that I have always taken the view that considering that the officials of the Immi-
gration Branch of this department travel on free passes it is only fair that they should be permitted to take out accident policies, as in case of their being injured or losing their lives no compensation could be claimed from the railway companies under the terms of the passes issued to them. In view of this, I must say that I consider the charge made for this class of insurance a proper one under the circumstances.

I am, sir, your obedienti servant,
The Auditor General.
JAS. A. SMART, D.M.I.
Audit Office, Ottawa, Jan. 3, 1901.
Sir,-I have your letter of the 26th ultimo with reference to payment for premiums on accident policies of officials while they are travelling, and in reply to mine on the same subject. You do not meet the point of my objection, which is not that the payment seems unjust, but that is such payments are to be made they should be under general regulations made by the Governor in Council. It seems to me very likely that the government as a whole would require that the amount of the policy be made to depend upon the amount of the salary of the official travelling without reference to his department. No doubt the fact that the person travelled on a pass would be an important consideration.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, Jan. 7, 1901.
Sir,-I am in receipt of your letter of the 3rd instant, with reference to payments for premiums on accident insurance policies of officials while they are travelling and quite appreciate the force of your contention that such payments should be made under general regulations approved by the Governor in Council. Of course, I do not know under what conditions officials of other departments travel, but I presume they pay railway fare and if so they are not in the same position as the officials of this department, most of whom travel on free passes. As you are aware, under the terms of these passes the railway companies claim to be relieved from all liability or responsibility in connection with any accident with which persons using them may meet while in transit, whereas in the case of one using a prepaid ticket this claim for exemption from responsibility would not apply. I quite agree with you, however, that the amount of policy should be arranged according to a fixed scale. As far as this department is concerned \(\$ 5,000\) has been the maximum amount allowed.

\section*{Payment to Temporaly Employee for Absence in excess of Sick Leave.}

Dept. of the Interior, Ottafa, July 7, 1900.
Sir,-I have a copy of an Order in Council of June 23, 1900, authorizing the payment of \(\$ 40.83\) to I. Turgeon, temporary messenger, for absence on account of illness in excess of the sick leave allowed temporary employees. The payment of this is, in my opinion, illegal, as I think it is beyond the power of the Governor in Council to grant leave of absence to temporary employees.

\section*{I am, sir, your obedient servant,}

The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

1- \(6 \frac{1}{2} \mathrm{~L}\)

Dept. of the Interior, Ottawa, July 14, 1900.
Sir,-I have your letter of the 6 th instant in which you take exception to the payment of \(\$ 40.83\) to Isidore Turgeon, temporary messenger, while absent on acsount of illness, for which an Order in Council was passed by the Governor General in Council on the 23rd of June last. The exception you take is that the payment is illegal and that it is beyond the power of the Governor in Council to grant leave to temporary employees. In reply, I beg to call your attention to subsec. 2 of sec. 49 of the Civil Service Act, which provides that 'In case of illness, or for any other reason which to him seems sufficient, the Governor in Council may grant to any officer, chief clerk, clerk or other employee, leave of absence for a period not exceeding twelve months.' It would seem to me, therefore, that under this section the Governor in Council has full power to grant any leave of absence in case of illness, and as far as I can ascertain sick leaves have been granted for years under this provision of the Act, and it could hardly be established that this clause of the Act applies only to permanent officials, as other employees would certainly include temporary officials. You will observe that clause 49 covers 'General Provisions' and immediately follows the portion of the Act relating to the employment of supernumerary and temporary clerks. I would also point out that if your contention is a correct one, the general Order in Council of October 20, 1892, under which the department has been acting ever since its passage, prescribing the limit of two weeks sick leave in any one year for temporary clerks, was beyond the power of the Governor in Council, as doubtless the authority to pass this order was obtained from the section that I have already referred to. In view of this I think you will agree with me that the Governor General in Council has acted clearly within his authority in passing the Order in Council granting leave to Mr. Turgeon.

I am, sir, your obedient servant,
The Auditor General.

\section*{Payment for Item disallowed by Superintendent of Immigration.}

\section*{- Audit Office, Ottawa, Dec. 24, 1900.}

Sir,-In Mr. C. W. Speers travel account for the month of February last, I find that an item of \(\$ 25\) for one fur coat was struck out by the Superintendent of Immigration, and the account as amended is certified by him. I find, however, that the whole amount of the account has been allowed. Please explain.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

\section*{Balance of Advance not accounted for by L. Rankin.}

Audit Office, Ottawa, Dec. 21, 1900.
Sir,-On December 31, 1898, Mr. Leonard Rankin's Cash Abstract shows a balance due your department of \(\$ 14.31\), which balance remained unsettled on June 30, 1899, and is unsettled up to the present time. I have no account of the amount either having been expended by Mr. Rankin or having been refunded. Please explain.

\section*{Irregularities in Accounts of Mr. L. Rankin.}

\section*{Audit Office, Ottawa, Dec. 21, 1900.}

Sir,-In addition to the account of Mr. Leonard Rankin on which I wrote to-day I find some others of the same gentleman which require explanation.

One account dated December 31, 1898, from the Brunswick Hotel, Winipeg, has these items:-

Dec. 231 day's board. . . . . . . ... . . . . . ... . ... . ...... \(\$ 100\)
" 31 Board from December 27 to \(31 . .\). . ... .... .... 400
\(\$ 500\)
Certified by Leonard Rankin; Received payment, McLaren Bros.
A statement of Mr. Leonard Rankin's account of disbursements for the month of December 1898 contains among other items:-
\[
\begin{aligned}
& \text { Dec. 23. Board at Winnipeg. } \\
& \$ 2 \text { 50 } \\
& \text { " } 31 \text { " " . . . . . . . . . . . . . . . . } 850
\end{aligned}
\]

This is certified by Mr. Rankin without date and is certified by your Departmental stamp on February 3, 1899. The whole transaction was completed within a month when everything was fresh in Mr. Rankin's memory. So far as I can see, Mr. Rankin caused the Government to pay three times his actual board expenditure, single to the hotelkeeper and more than double to himself. Should you not take care that an account do not run the risk of being paid through two channels-in this case the Winnipeg Office and at headquarters?

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, Jan. 14, 1901.
Sir,-I have the honour to acknowledge the receipt of your letters of the 21st December, ultimo, referring to a balance of \(\$ 14.31\) unexpended by Mr. Leonard Rankin on the 30 th June last, and also to certain items included in his account amounting to \(\$ 11\) for board at Winnipeg in December, 1898, and I am to inform you that Mr. Rankin's attention having been called twice to the unsettled balance it has been decided to deduct the amount from his salary. The sum of \(\$ 25.31\) has therefore been deposited to the credit of the Receiver General to-day so as to close up the matter. Bank of Montreal, Ottawa, Receipt 9018 for \(\$ 25.31\) will accompany the next statement of receipts for the Department of Finance.

I am, sir, your obedient servant,
The Auditor General.

\section*{Payment of Passages from England to be repaid.}

Audit Office, Ottáwa, Dec. 27, 1900.
Sir,-Cheque 16129 drawn by the High Commissioner in August, 1899 was for a payment of \(£ 5.0 .0\) to Elder, Dempster \& Co. for passage of Mr. and Mrs. Smith to Montreal, and upon the cheque list it is stated that this amount is to be refunded to the Government agent at Montreal. As no refund of the amount has come to hand I would ask what steps have been taken to collect the amount.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

\section*{Irregularities in Accounts paid through Immigration Commissioner at Winnipeg.}

\section*{Audit Office, Ottawa, Dec. 27, 1900.}

Sir,--The following payments were made to Mr. C. J. Thompson by Mr. McOreary, for expenses incurred in settling immigrants:-Cheque 1216, \(\$ 10\); Cheque 1235, \(\$ 4.25\);
Cheque 1653, \(\$ 35.50\). The last three items of voucher No. 1235 are as follows:-
April 17.-Drove to Pipestone with settler by request of Mr .
McCreary-lodging and meals. . . . . . . . ... . .... . . . . . : \$ 75
" 18.-Dinner at Virden. .. . ... . . . . .... . ... ...... . 50
" 19.-Hotel at Brandon. .. . .... . ... . ... . .... .... 175
The first two items of voucher 1563 are as follows:-
April 17 and 18.-Drove Williamson, new settler, to Pipestone
-lodging and meals \(\$ 200\)
" 19.-At Brandon getting lists of vacant lands-lodging and meals.... .... ................................ 225
The services in each case seem to be the same, so that a refund of \(\$ 4.25\) should be made by Mr. Thomson. Mr. Thomson should also be asked to explain why payments that in his first account amounted to only \(\$ 3\), should grow to \(\$ 4.25\) in the second account rendered by him.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.

> J. L. McDOUGALL, A.G.

Audit Office, Ottawa, Dec. 27, 1900.
Sir,-I have to ask your attention to what appears to be an overpayment of \(\$ 1.85\) to McLean \& Co., of South Edmonton, for supplies for the Immigration Hall at Edmonton. On June 1, 1899, an account was rendered for supplies in May amounting to \(\$ 1.85\) which was paid by Mr. McCreary on March 21, 1900, by cheque No. 1112 . In the meantime an account had been rendercd on Jan. 1, 1900, for \(\$ 4.55\), which amount was made up of the balance of \(\$ 1.85\) and by supplies for the month of December, amounting to \(\$ 2.70\). This was paid by Mr. McCreary on June 27,1900 , by cheque No. 1385. Kindly have this overpayment adjusted at your earliest convenience.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. MoDOUGALI, A.G.

Audit Office, Ottawa, Dec. 29, 1900.
Sir,-Mr. McCreary's immigration voucher No. 77 of 1899-1900 is for a payment of \(\$ 137.36\) to J. M. Taylor, of Portage la Prairie for lumber, etc. Among the items making up this account is one on Jan. 24, for 120 feet of lumber at \(\$ 21\) per M., which is carried out at \(\$ 4.62\) instead of \(\$ 2.52\),-an overpayment of \(\$ 2.10\). Kindly have this overpayment adjusted at your earliest convenience.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Audit Office, Ottawa, Dec. 29, 1900.
Sir,-Mr. McCreary's voucher No. 1134 E., is for a payment of \(\$ 12.62\) to A. L. -Ashdown \& Co., of Swan River for hardware, etc. This voucher is made up of supplies purchased in September and October, 1899, to the amount of \(\$ 3.90\), and an
amount of \(\$ 8.72\) for supplies obtained in April, 1899. These last items have been previously paid for by cheque 573 for \(\$ 18.94\), covering supplies purchased in April, May and June. Kindly obtain a refund of \(\$ 8.72\),-the amount overpaid Ashdown \(\&{ }^{\circ} \mathrm{C}\) 。

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.

}

Audit Office, Ottawa, Dec. 29, 1900.
Sir,-Mr. McCreary's voucher No. 310, of 1899-1900, is for a payment of \(\$ 1.00\) to the Edmonton Bulletin for subscription for one year to October 1, 1899. Voucher 1387 is also for payment to the Edmonton Bulletin of \(\$ 1\), for subscription to October 1, 1899. From this it would appear that there has been a double payment of \(\$ 1\) to the proprietors of the Bulletin. Kindly obtain a refund of the overpayment.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.

\author{
J. L. MoDOUGALL, A.G.
}

Audit Office, Ottawa, Dec. 31, 1900.
Sir,-Mr. McCreary's Immigration cheque No. 776 is for a payment of \(\$ 98.35\) to A. H. Pulford, of Wiinipeg, for furniture and stoves. This cheque is in payment of two accounts, one for \(\$ 34.55\) rendered on February 21, 1899, the other for \(\$ 63.80\) rendered on April 21, 1899. The latter account consists of items purchased on February 20, exactly identical with those included in the former account with the addition of a desk purchased on the same date, and a range, pipes, etc., purchased on February 22, 1899. It looks to me very much as if the articles specified in the first account have been paid for twice. Kindly have this matter looked into, and if a double payment has been made, have the matter adjusted at your earliest convenience.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Audit Office, Ottawa, Jan. 2, 1901.
Sir,-I beg to call your attention to the following remarks on the payments by Mr. McCreary during the year 1899-1900, to Levi Beck, of Yorkton, for supplies, etc., in connection with immigration.

Voucher 308, rendered on June 30, 1899, contains the following items:1899.

" " Antonek, 1 " ".............. 125
" " Galicians in quarantine at old mill," 2 bags 4 X...................... 250
June 10. " Galicians in quarantine at old mill, \(\quad 2\) bags 4 X................................. 50
" 8. " Galicians in Hall, 9 bags 4 X.. ...... 1125

Voucher 1471, rendered on December 31, 1899, contains the following items:1899.
\begin{tabular}{|c|c|c|c|}
\hline June 1. & To order & Olex. Skrepnek, 1 sack 4 X Flour. & \$ 130 \\
\hline " 1. & " & Nikola Antonek, 1 sack 4 X Flour. & 130 \\
\hline 8. & " & Galicians in hall, 9 sacks 4 X Flour. & 1170 \\
\hline 1. & " & Galicians at mill, 2 sacks 4 X Flour. & 260 \\
\hline 10. & " & " " " & 2.60 \\
\hline & & & 1950 \\
\hline
\end{tabular}

There is evidently an overpayment here of \(\$ 19.50\), the dates and items being identical, in each case, the flour however, being charged at \(\$ 1.30\) in the later account instead of at \(\$ 1.25\), the original charge. Again, in voucher No. 308, there is a charge of \(\$ 45\) for freighting 5 loads to Tetlock on June 9, at \(\$ 9\) a load. Mr. Crerar, the agent, has made a note here as follows:- Charged previous Doukhobour transport account, see my letter on subject.' This evidently refers to an account rendered on June 23, which forms part of voucher 696 where an item on June 8, for freighting 5 loads on June 8, at \(\$ 9\) a load has been struck out. This amount, however, appears to have been paid again in voucher 1450, where 18 loads of freight, at \(\$ 9\) a load, are charged for the month of June, as these 5 loads are required in addition to the o'her freighting done in June, to make up the 18 loads, making an apparent overpayment of \$45. Voucher 1450, rendered on October 31, 1899, appears to be a statement of account from February 1 to October 31, 1899. The amount of this account is \(\$ 1,668.90\), and from it are deducted the amounts of \(\$ 873.02\) and \(\$ 538.57\), paid by vouchers 696 and 1154 respectively. The following items which occur in voucher 696, do not appear in voucher 1450:-June 20, freighting 3 loads at \(\$ 9\); June 20, 13 sacks flour at \(\$ 1.25\); June 23,8 sacks flour at \(\$ 1.25\); 1 bbl. salt at \(\$ 2.50\); total \(\$ 55.70\); while the following items occurring in voucher 1154, do not appear in voucher 1450, viz:-June 15, \(16 \frac{1}{3}\) bush. oats at 50 cents; June 23, 2 bush. oats at 50 cents; total \(\$ 9.10\). At the same time, the following items which occur in voucher 1450, do not appear in either voucher 696 or 1154, viz:-
\begin{tabular}{|c|c|}
\hline ry, 1899. & 22 empty bags.... .... .... .... ...... \$ \$ 330 \\
\hline & \\
\hline
\end{tabular}

May, \$5.60; bran, \$1.40; cow, \$25........ 4200
" " 24 teams at \(\$ 6 \ldots . . .\). .... ........ 14400
June, 1899.
5 teams freighting at \(\$ 9\).... ........... 4500
Sept.-October.
3 teams " at \(\$ 10.50 \ldots . . . .\). . 3150
A. Zahasa, order. . . . . . . . . . . . . . . . . . 130
Total
\$322 16

Of the two items in June for freighting, the first appears to be that paid in voucher 308 already referred to, while the second is probably the three loads on June 20, charged in voucher No. 696 and referred to above. These accounts of Mr. Beck's are in such confused state that before they can be finally adjusted, a fully detailed statement of account with dates of each separate transaction should be obtained from him.

I am, sir, your obedient servant,

Audit Office, Ottawa, Jan. 2, 1901.
Sir,-I beg to ask your attention to the purchases of brick from Robinson \& Co., of Selkirk, during the month of February, 1899, in connection with the immigration service. On February 15, 1899, 1,600 brick were purchased at \(\$ 14\) per M., which were paid for by Mr. McCreary's voucher No. 1226, of 1898-99. On February 18, a further supply of 402 brick were purchased; this lot was billed at \(\$ 15\) per M., which was paid on September 20, 1899, by Mr. McCreary's cheque No. 438. On February 23, 1899, an account was rendered by Robinson \& Co., for 1,600 brick supplied on February 15, and 402 brick supplied on February 18. In this case, both lots are billed at \(\$ 14\) per M., the account amounting to \(\$ 28.02\), which was paid on August 28, 1899, by Mr. McCreary's cheque No. 254. It is evident that these brick have been paid for twice. I have accordingly to ask you to obtain a refund from Robinson \& Co., of the amount overpaid them.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, Jan. 2, 1901.}

Sir,-Mr. McCreary's immigration voucher No. 547, of 1899-1900, is for the payment of \(\$ 16.50\), to A. Becker, for services interpreting for Dr. Mason, on June 7, 8, 9, 14,15 and 16, 1899, at the Galician settlement. Voucher 1064, is also for a payment of \(\$ 16.50\), to A . Becker, for the same services, on the identical dates. It is evident that Mr. Becker has been paid twice for this service. Kindly have this matter adjusted at your earliest convenience.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Audit Office, Ottawa, Jan. 3, 1901.
Sir,-On August 3, 1899, Mr. D. Morrison received an advance of \(\$ 10\), from Mr . G. B. Smart, acting Accountant in the Immigration Office at Winnipeg, as an advance on account of expenses to Duck Lake,-see voucher No. 231. On May 28, 1900, a statement was made out of Mr. Morrison's account for services and expenses, amounting to \(\$ 364.74\). From this is deducted \(\$ 150\) advanced him on May 17, 1899, and \(\$ 100\) advanced on July 13, 1899, the balance, \(\$ 114.74\), being paid him by Mr. McCreary's voucher 1539. Although this account covers Mr. Morrison's expenses to Duck Lake, the advance of \(\$ 10\), is not deducted. Kindly obtain a refund from Mr. Morrison of the \(\$ 10\) not accounted for by him.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, Jan. 12, 1901.
SIR,-I beg to acknowledge receipt of your letters of the 27 th, 29 th and 31 st ultimo, and the 2 nd and 3 rd instant, in which you refer to a number of discrepancies in the accounts of the Commissioner of Immigration during the year 1899. In reply, I beg to say that immediately upon receipt of these letters I caused copies to be forwarded to the Acting Commissioner of Immigration at Winnipeg, Mr. A. Moffat, formerly the Accountant in that office, for explanations. I much regret that these items were not brought to the attention of the department earlier as explanations could then have
been given which may not be so easily obtained at this late date. However, I will be glad to see that the accounts are adjusted in such a way that where any refunds are necessary, they will be made.

I am, sir, your obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

\section*{Increases in Salary should not begin earlier than the Instrument authorizing suoh Increase.}

\section*{Audit Office, Ottawa, March 31, 1900.}

Sir,-I have received a copy of an Order in Council dated March 23, 1900, increasing the salary of Mr. Wm. Newlands, Inspector of North-west Land Titles Offices, and Registrar of the Assiniboia Land Registration District, from \(\$ 2,000\) to \(\$ 2,400\) a year, said increase dating from February 1, 1900. I beg to inform you, that in my opinion the increase is effective only from the day on which the Order was approved, viz: March 23. Kindly do not pay the increase from a time prior to that date.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, April 5, 1900.
Sir,-I beg to acknowledge the receipt of your letter of the 31st ultimo, addressed to the Deputy Minister of the Interior, in which you call attention to the Order in Council of the 23rd ultimo, increasing the salary of Mr. Wm. Newlands, Inspector of North-west Land Titles Offices, from \(\$ 2,000\) to \(\$ 2,400\) a year, and in which you ask that such increase be not paid from any time prior to March 23, as in your opinion the increase is effective only from the day on which the Order was approved. In reply, I wish to state that I cannot agree with you that the increase is only effective from the day on which the Order was approved, in the face of the specific statement embodied in such Order that the increase shall date from February 1, 1900. I will submit the papers to Mr. Smart on his return to the department, and if he concurs in my views in this relation, I shall advise that appeal on your decision be taken to the Treasury Board. In the meantime, the payment of the increase for the time prior to the date of the Order in Council will be withheld.

I am, sir, your obedient servant,
The Auditor General.
T. G. ROTHWELL, Acting D.M.I.

Payment of Salary to Mr. R. W. Cautley after the Termination of his Services.
Audit Offioe, Ottawa, July 17, 1900.
Sir,-From the list of employees for the month of April, given the Comptroller at Dawson by Mr. J. L. Bell, Assistant Gold Commissioner, I find that Mr. R. W. Cautley, late Mining Recorder at Dominion Creek, left the service on April 15. He was, however, paid for the full month of April, by cheque No. 1017, for \(\$ 125\). As he appears to have worked for only half the month, he should be called upon to refund \(\$ 62.50\), being half a month's salary.

> I am, sir, your obedient servant,

Dept. of the Interior, Ottawa, July 23, 1900.
Sir,-In reference to your letter of the 17 th instant, in which you point out that an overpayment of salary has been made to Mr. R. W. Cautley, late Mining Recorder of Dominion Creek, I have the honour to inform you that it appears from a letter dated 8th May, last, received from the Comptroller of the Yukon Territory, Mr. Cautley resigned and left the service on April 30, but he was granted fifteen day's leave of absence on April 15, by the Commissioner and was paid the full salary allowance.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

\section*{Premiums on Guarantee Bonds should according to the Act be paid by the Officers Themselves.}

Audit Office, Ottawa, August 11, 1900.
Sir,-I have a copy of an Order in Council of the 18th ultimo, with reference to the security bonds of the officials in the Yukon Territory, authorizing the payment of the premiums for the same to be made from the vote for expenses of the administration of the Yukon Territory. I do not think that the Act respecting Public Officers, as amended by 61 Vic., Chap. 16, contemplates the payment of the premiums by the Government. These premiums, as I interpret the Act, must either be paid direct by . the various officers or may be deducted from their salaries in monthly instalments or otherwise, as the Governor in Council may direct.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALI, A.G.

Dept. of the Interior, Ottawa, August 31, 1900.
Sir,-In reply to your letter of the 11th instant, having reference to the Order in Council of the 18th ultimo, which authorizes the payment of premiums for security bonds of officials in the Yukon from the Vote for expenses of the administration of the Yukon Territory, and in which you express the opinion that the Act respecting public officers, as amended by 61 Vic., Chap. 16, does not contemplate the payment of these premiums by the Government, I beg to say that after consideration, I am inclined to think that the wording of the Act would hardly bear out the view taken by you. The provision reads, 'The Governor in Council may' (not shall) 'direct that whenever any person is required to give security as aforesaid,' \&c., and, especially in view of the circumstances in the Yukon, and for the reasons set forth in the Order in Council, I do not think that it would be at all reasonable or just that the officials who are placed in positions of trust should be compelled to pay the premiums on these bonds. It would, moreover, be practically impossible to adjust the proportion to be paid by the various officials, who are being continually changed and the amount of security also being varied according to the circumstances. It practically amounts to this that if the Government is not to provide for the payment of the premium on the bond, it will be impossible to have any security on the officials who are necessarily obliged to handle public funds in very considerable amounts. I presume that the Governor in Council should compel these officers to give security but, as I have remarked, the whole thing would be extremely unsatisfactory from the fact that changes are made so frequently and the amount required as security must be so often altered to suit the circumstances. I think, however, under all the circumstances, that you will agree with me that the

Government was perfectly justified in providing by the Order in Council of the 18th July last, for the payment of the premiums for these bonds out of the public revenues.

I am, sir, your obedient servant,
The Auditor General.

\author{
JAS. A. SMART, D.M.I.
}

Audit Office, Ottawa, Oct. 10, 1900.
Sir,-I duly received your lett of the 31st August last, with reference to the paying by the Governement, of premiums on security bonds of officials of the Interior Department in the Yukon, and regret that press of other work has prevented me from answering earlier. I have carefully read over the Acts, on account of your decided opinion that it is legal to pay the premiums from the public funds, and I regret to say that I have not been able to come to your conclusion. I regret this the more, as I so thoroughly agree with you as to what the law ought to be. It seems quite clear that if security is to be given, it should be from a Guarante Company and the premium paid by the Government. If two Government officials have occupations requiring equal intelligence and industry, while each receives nominally \(\$ 1,000\) a year as a salary, but one is obliged to pay \(\$ 25\) premium to a Guarantee Company, not only is one of them receiving \(\$ 25\) a year less remuneration, but a sensitive conscientious man has all the wearing anxiety of the money being stolen and of the possibility of either the Government or outsiders suspecting that he has taken it. It is a source of great pleasure to me that so far as the expenditure side of the monetary affairs of the Government is concerned by making the credit system in the names of two persons practically universal and by requiring all cheques under them payable to oorder, the cause for this anxiety has been removed. With reference to receipts, it is unfortunately impossible to remove altogether the burden from the shoulders of the officials who are engaged in the work of collection. What can be done in this office by causing prompt deposit, by requiring the keeping of consecutively numbered receipt books, \&c., has been done to prevent the temptation to error. While, however, I agree most fully with you that if the security of a Guarantee Company is to be obtained at all, the expense of doing so should be borne by the Government, the interpretation of the Act of Parliament is a quite different matter. I do not find a word either, in the Revised Statutes, Chap. 19, or in 61st. Vic., Chap. 16, which justifies, so far as I can see, the opinion that the Government is to pay the Guarantee Company premiums or any other outlay arising from providing security. This is made specially clear in 61st Vic., Chap. 18. In the main section, provision is made for the acceptance of a guarantee company's bond or the assignment of a deposit by the official in a Government Savings Bank. By sub. sec. 2, the Governor in Council may deduct the premium on the Guarantee bond from the salary. By subsec. 3, a fund may be established by contributions from the officials, or by deductions from their salaries, to meet failures to discharge duties or defalcations. In every case, it is assumed that the officials are to ultimately make good the entire cost of providing the guarantees for their capacity and honesty. I hope I have made it quite clear that I should like to see the law directly opposite to what it is. As, however, there seems no uncertainty as to what the law really is, we must live by the law and hope for its change.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGAI.L, A.G.

Letters of Credit Issued in favour of one Department should not be used for making Payments of Another Department.

Audit Office, Ottawa, July 26, 1900.
Sir,-In view of complications which have arisen in connection with certain transfers which these credits are established, viz.: solely for expenses of the administration
the Yukon Territory, I have to ask that you impress on Mr. Ogilvie and Mr. Lithgow the necessity of restricting payments through their credits to the legitimate purchases for which these credits are established, viz. : solely for the expenses of the administration of the Territory. The Public Works and Justice Departments, as well as several other departments have Votes for Yukon Expenses. Please make no payments which should properly be made by either of these departments.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, July 30, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of the 26 th instant, referring to certain transfers which this department has asked the Public Works Department to make in connection with the expenditure in the Yukon Territory, and in accordance with your suggestion, a letter will be written to Mr. Ogilvie and Mr. Lithgow, pointing out the necessity of restricting payments through their Letters of Credit to the legitimate purchases for which such credits are established, namely, expenses of the administration of the Territory. As the Public Works and Justice Departments have votes now for expenses which should be dealt with through their departments, letters will also be written to them with the request that instructions be given to the proper officers to defray any expenses referring to those departments out of the votes granted for such services.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Payment of Hospital Attendance for Officials in Yukon Territory.
Audit Ofifce, Ottawa, June 11, 1900.
Sir,-On February 2 last, a cheque for \(\$ 69\), was issued by Mr. Ogilvie, Commissioner of the Yukon Territory, in favour of the Good Samaritan Hospital, for hospital attendance on George Layfield, accountant in the Crown Timber and Land Office, as follows :-46 days, from October 13 to November 27, 1899, at \(\$ 4, \$ 184\); less \(\$ 115\) paid by Mr. Layfield from his living allowance. No evidence has been given that the Government should pay any of these expenses. Please therefore cause the money to be paid by Mr. Layfield.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Dept. of the Interior, Ottawa, June 21, 1900.
Sir,-Referring to your letter of the 11th instant, in reference to a payment of \(\$ 69\), made by Mr. Ogilvie, Commissioner of the Yukon Territory, in favour of the Good Samaritan Hospital, for hospital attendance upon George Layfield, Accountant in the Crown Timber and Land Office, and asking that the money be repaid by Mr.o Layfield, I have the honour to inform you that a refund of \(\$ 20.97\) has just been received from Dawson, which represents the difference between the allowance made to him for living expenses and the amount charged by the hospital for the period mentioned in your letter.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Audit Office, Ottawa, June 29, 1900.
Sir,-I am in receipt of your letter of the 21st inst., in reply to mine of the 11th inst., with reference to the payment of the hospital expenses of Mr. Layfield. You do not in your reply, discuss the point raised by me, viz. : that there was no evidence given that the Government should pay any part of these expenses, in default of such evidence. Kindly have a further amount of \(\$ 48.03\) deposited by Mr. Layfield, in order to wipe out the whole charge.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\section*{Increase in Living Allowance of Officials in Yukon Territory.}

\section*{Audit Office, Ottawa, April 20, 1900.}

Sir,-I beg to ask your attention to your letter of September 20, last, in which you fix the living allowance to be made to all officials in the Yukon Territorry as fol-lows:-

> The Commissioner. . . . . . . . . . . . . . . . . . . . \$2,000 00 per annum
> Gold Commissioner, Legal Adviser, Comptroller, Registrar and Crown Timber and Land Agent
> 10000 per month.
> 300 per day.
> Inspectors and other persons travelling....
> 7500 per month.

From the return for the month of February which I have just received, I find that the allowance to the clerks, etc., has been increased from \(\$ 75\) to \(\$ 100\) a month, the ipcrease dating back to November 1. I also find that the inspectors and others travelling do not receive the allowance of \(\$ 3\) a day, but are allowed actual expenses which in most cases, exceed considerably the allowance mentioned in your letter. As your letter fixing the rates stated that the arrangement was to remain in force until July 1, 1900, I have to ask why and by whom the rates of allowance have been altered.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, May 15, 1900.
SIR,-I am directed to acknowledge the receipt of your letter of the 20 th ultimo, with regard to changes in the scale of living allowance to officials in the Yukon District. As regards the change in the living allowance to clerks from \(\$ 75\) to \(\$ 100\) per month, I am to say that this alteration was made by the Minister of the Interior under the authority of the Order in Council of September 5, 1899, and upon the strength of a report from the Commissioner of the Yukon that board could only be procured for \(\$ 100\) per month and that even at this rate the board did not cover many articles which would be necessary under ordinary circumstances. Respecting your inquiry as to the practice of allowing inspectors and others who may be travelling their actual expenses instead of the prescribed living allowance of \(\$ 3\) per day, I am to say that you will be further advised. I am to state for your information that the Commissioner of the Yukon, after consulting with the Comptroller, has recommended that married men who are not provided with quarters, shall receive an allowance of \(\$ 50\) per month in lieu thereof. This recommendation is based on a calculation of the average cost of housing officials in the upper story of the Crown Timber and Land Office building; and has been approved. The back pay in the case of each of the two officers entitled to receive
this allowance will amount to about \(\$ 150\). In the case of the surveyors employed by the Government in the Yukon, it has been decided that they should be paid their actual expenses, board and lodging, with an allowance to cover the difference between the cost of bedding in the Yukon District and elsewhere, such allowance to be \(\$ 100\) for the first year of their employment and \(\$ 20\) for each subsequent year.

> I am, sir, your obedient servånt,

The Auditor General.
P. G. KEYES, Secretary.

Approval of Account Limited by inserting the words "Without Prejudice". Audit Office, Ottawa, June 15, 1900.
Sir,-Mr. Ogilvie's cheque No. 453 , is for a payment of \(\$ 276.97\) to Mr. W. H. P. Clement, being the balance of his expenses on a trip from Dawson to Ottawa and return between June 3 and October 14, 1899. The whole cost of the trip was \(\$ 1,076.97\), the sum of \(\$ 800\), having been advanced to Mr. Clement, in August, 1899, by your department here. I notice that Mr. Ogilvie, in approving Mr. Clement's account, adds the words 'without prejudice.' I should like to know what meaning Mr. Ogilvie intended to be placed upon his approval by adding those words and why he added them. I would also ask why, if Mr. Clement left Dawson on business directly connected with the Dominion Government, the original advance for expenses was not made by Mr . Ogilvie at Dawson, before he started.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.

\author{
J. L. McDOUGALL, A.G.
}

Dept. of the Interior, Ottawa, June 25, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of the 15 th instant, in regard to the travelling expenses' account of Mr. W. H. P. Clement, and to say that a copy of it has been sent to the Commisioner of the Yukon Territory for report.

I am, sir, vour obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Audit Office, Ottawa, Jan. 4, 1901.
Sir,-With reference to your letter No. 492,094, of June 25, last, in regard to the travelling expense account of Mr. W. H. P. Clement, I would ask if you have received any report from the Commissioner of the Yukon Territory in connection therewith.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Payment of Living Allowances to Officers while Receiving Board at Government Expense.
Audit Office, Ottawa, April 19, 1900.
Sir,-I find that Mr. Lithgow, Comptroller at Dawson, was away for 7 days in the month of February, inspecting on the creeks, during which time his living expenses were paid by the Government, though he was drawing \(\$ 100\) a month at Dawson, for
living allowance. He should, I think, be called upon to refund the amount of \(\$ 25\), being the amount of his living allowance for the 7 days in February, during which his board was paid out of public moneys. There were a couple of short trips made in November and December by Mr. Lithgow, one for a portion of a day and one for a little over a day. But for short absences like these, I do not think it would be reasonable to ask for a refund.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALT, A.G.

Audit Office, Ottawa, April 19, 1900.
Sir,-I find that Mr. Thibaudeau, Timber Inspector, and Mr. Sylvestre, Timber Ranger, at Dawson, were away on a trip of inspection from November 27 to January 3, during which time their living expenses were paid out of public moneys. Each of them received his full living allowance for the months of November and January, though no allowance was paid for December. They should be called upon to refund the living allowance for the 4 days, from November 27-30, and three days from January 1-3.

> . I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\section*{Audit Office, Ottawa, April 18, 1900.}

Sir,-Mr. R. C. Conklin, of the Timber Office at Dawson, was away from Dawson between January 3 and 10, collecting stumpage fees on the creeks. During this time his board and lodging was paid by the Government. He was also paid \(\$ 100\) living allowance, for the month of January. Mr. Conklin should be called upon to refund the amount of \(\$ 22.58\), being his living allowance for the seven days, during which his board was paid.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGAlL, A.G.

Audit Office, Ottawa, April 18, 1900.
Sir,-I find that Mr. F. X. Gosselin, Crown Timber and Land Agent at Dawson, who is in receipt of a living allowance of \(\$ 100\) a month, was paid the following amounts for board and lodging, when inspecting on the creeks:-October 28, \(\$ 13.50\); November \(2, \$ 10.50\); February 18, \(\$ 11\). Mr. Gosselin should be called upon to refund his living allowance for the days on which he was away from Dawson, and on which his board was paid by the Government.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Audit Office, Ottawa, April 18, 1900.
Sir,-I find that Mr. T. H. Hinton, a clerk in the office of the Comptroller at Dawson, was travelling from January 14 to February 16, inspecting the offices at Stewart River and at Fort Selkirk, during which time his living expenses, which were paid, amounted to \(\$ 236.50\). I also find that Mr. Hinton was paid his full living allowance at Dawson for both months, at the rate of \(\$ 100\) a month. As his full expenses

SESSIONAL PAPER No. 1
when travelling were paid by the Government, he should not have been paid the living allowance for the same period. Kindly ask Mr. Hinton for a refund of \(\$ 117\), being for 18 days' allowance in January and \(16 \frac{1}{2}\) days in February. I also find in this account that there is a charge of \(\$ 4\) for three telegrams on license business. As the licensing business is in the hands of the Yukon Council, and the fees accrue to the local revenues, I think this amount should be paid out of the local funds.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, Jan. 4, 1901.
Sir,-I.beg to draw your attention to my letters of April 13 and 19 last, in reference to the payment of living allowances to certain officials at Dawson while absent upon trips of inspection, and would ask if you have received any refunds of the amounts for living allowances.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

\section*{Dept. of the Interior, Ottawa, Jan. 14, 1901.}

Sir,-In further reference to your letters written in April last, wherein you draw attention to a number of cases in which officials in the Yukon had made trips on Government business and received their actual living expenses in connection therewith, while at the same time they were paid the ordinary living allowance at the rate of \(\$ 100\) per month, I have the honour to inform you that a list of the officials mentioned by you to whom such payments had been made, was sent to the Commissioner of the Yukon Territory, stating the facts and asking him to report on the subject, and I beg to inform you that it has now been decided that the regular monthly allowance which is paid officials for living and lodging expenses must cease when these officials are absent on business, and that for the time they are so absent they shall receive instead the allowance which is paid mining inspectors, viz.: their actual travelling expenses. If any amount in excess of this has been paid, it will have to be refunded.

The Auditor General.

\author{
P. G. KEYES, Secretary.
}

\section*{Unsatisfactory Certificates on Vouchers.}

Audit Office, Ottawa, May 9, 1900.
Sir,-Let me ask your attention to the certificates on the vouchers sent in, in support of the expenditure at Dawson by Comissioner Ogilvie and Mr. Lithgow, the Comptroller. While in the majority of cases a satisfactory certificate, 'Goods supplied, prices fair and just' is given, in some cases the certificate, 'price as agreed' is given. This form of certificate will be found on the following vouchers:-

No. 413.-Geo. Apple, putting furnace in Post Office. ... \$800 00
No. 665.-To A. Delage, varnishing and painting Court House.... .... .... .... .... .... .... ..... .... 16800
No. 753.-J. Draper, making foundation for transit. ..... 1650
No. 318.-J. M. Gallant, caulking building.... .... .... 10000 1 -7

Also in vouchers for rent of buildings, for fuel and water supplied and some vouchers for repairs to buildings. This form of certificate is far from satisfactory and is really meaningless as a certificate, for the purchasing officer and the seller might conspire and agree on a price far above the actual market value and still the officer could conscientiously certify 'Price as agreed.' The only case in which the certificate 'prices fair and just' can be omitted, is when goods are supplied, or work performed under a formal contract, for which tenders were previously asked by public advertisement. In such a case, the price is supposed to be the best that can be obtained even though it may not be 'fair and just;' the certificate then woud be 'price according to contract.' In all other cases, whether goods are bought in the ordinary manner or are bought under an agreement as to price, the certificate 'Prices fair and just' is indispensable. This certificate should also be attached to all sub-vouchers sent in, in support of the contingent expenditure of the Gold Commissioner and Land Timber Agent, and indeed on all sub-vouchers sent in by any of your agents through the Dominion in support of their contingent expenditure.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.

> J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, July 12, 1900.
Sir,-In further reference to your letter of the 9th May last, in the matter of the form of certificate to be placed upon accounts, I am directed to inclose, for your information, a copy of a communication which has been received from the Commissioner of the Yukon Territory. > I am, sir, your obedient servant,

\author{
P. G. KEYES, Secretary.
}

Commissioner's Office, Dawson, Y.T., June 13, 1900.
Sir,-In reply to yours of April \(14(530,571)\) calling my attention to a communication received from the Auditor General, I beg to point out that Mr. Lithgow appears to me to be very zealous in the matter of having all accounts sent out in proper form, and I am no less zealous, taking care to put my signature to nothing that is not proper personally inspecting every document I sign, though necessarily my inspection must be a hurried one. By way of explanation, I would reply to the Auditor General's exception to items Nos. 413, 665, 753 and 318, as follows:-

1st. 'George Apple; putting furnace in Post Office, \(\$ 800\).' This price was arrived at after all the manufacturing firms in Dawson had been consulted, each one independently, and each one ignorant that any other had been approached. After this was done M. Apple's price being the lowest, it was accepted, and for that reason, the certificate, ' price as agreed' was put on it. This was, in fact, a hurried way of inviting tenders.

2nd. In the case of item 665; 'A. Delage, varnishing, etc., Court House;' the same procedure was carried out.

3rd. Item 753, was for making a foundation for the Astronomical Transit which I brought in with me and intended to use in astronomical work in Dawson. I received instructions from the Surveyor General that some surveyor at Skagway would take a series of observations there, and if I could afford the time, I would take another series here, and from these determine the difference of longitude between Skagway and

Dawson, as a check on the survey work made in this country. For these reasons my transit had to be mounted, and the price charged (\$16.50) was the most reasonable I could obtain in Dawson.

4th. In item 318, 'J. M. Gallant, for caulking building,' inquiry was made and reference made to previous accounts and it was found that this price was as reasonable as we could get the work done for

All these case are, it might be said, a verbal way of calling for tenders, and this way was taken in order to save time and expense. However, I will call the attention of the Comptroller to Mr. McDougall's letter and try, if possible in future, to have things more satisfactory for him.

> I am, sir, your obedient servant, The Secretary, Dept. of the Interior. WILLIAM OGILVIE, Commissioner.

\section*{Remarks on Accounts for Advertising.}

Audit Office, Ottawa, June 4, 1900.
Sir,-On March 7, last, an account for six insertions of a seventy-eight line advertisement in La Patrie of Montreal, was certified by you at \(\$ 39\). The account does not specify the nature of the advertisement, nor is there a copy of the order or of the advertisement attached thereto. It would appear, however, to be an advertisement headed 'Placer Mining Claims in the Yukon Territory.' All the other papers inserting the advertisement appear to have been limited to sixty-four lines, and have been paid at that figure. Kindly inform me your reasons for allowing La Patrie 78 lines for the advertisement.

I am, sir, your obedient servant,
The Queen's Printer, \&c.
J. L. MoDOUGALL, A.G.

\section*{Dept. of Public Printing and Stationery, Ottawa, July 4, 1900.}

Sir,-Replying to your letter of June 4, I have to say that the introduction of machine setting, has also introduced a good deal of confusion into the advertising accounts, because the machines do not set so closely as setting by hand; and, moreover, the different machines in use do not set with an equal degree of closeness. Therefore, in sending an advertisement out we are compelled to consider which machines are in use in the office to which we send it and to make allowances accordingly. The machines in use in La Patrie, will not set as closely as the machines in use in other offices. । The subject attracted my attention some time ago, and I found they were using the monoline machines, and after a number of experiments, I found that that was the cause of the continual disputes with La Patrie, and I made allowance accordingly. There are other questions also which have to be considered. For instance, an advertisement in French in a French paper, if properly translated, will take up ten per cent more space than in an English paper. The same extension, because of language, applies to everything printed in French. Again, there are some newspapers which measure their space by 14 lines to an inch and others 12 lines to the inch, what is called respectively agate or nonpareil measure. That has to be considererd also. In justice to La Patrie, it must be said that its prices are lower than the prices of other newspapers of the same importance. That very same advertisement, for instance, which cost \(\$ 39\) in La Patrie would have cost \(\$ 48\) in the Herald. I have often wondered La Patrie did not raise its rate for advertising to the rates of other papers. It is not my business to suggest they should do so, but if they were to raise their rate per line, I do not see how any objection could be taken to it. The cardinal point, however, of the
while question, is that La Patrie got paid only for the space which the advertisement occupied, and no more; and also, that there was no unnecessary display in the heading or elsewhere. If the Government actually gets the space in fair measurement, no complaint should be made. It would be, moreover, unreasonable to ask La Patrie to change its machines, and that is what I saw after a series of disputes with that paper, when I tried to force them to compress advertisements into the same number of lines that they were set in at the Bureau, when set by hand in the lean-faced type of our founts.

> I am, sir, your obedient servant,

The Auditor General.

> S. E. DAWSON, Queen's Printer.

\section*{Audit Office, Ottawa, March 23, 1900.}

Sir,-I find that an account for \(\$ 80\), in favour of the British Columbia Mining Record, for advertising, was paid by the Interior Department, on November 9, after having been certified to by you, on or about October 6, last. The Order in Council of May 8, 1894, establishing regulations for advertising for the several departments, provides that 'Advertisements shall not be inserted in any periodicals other than newspapers published weekly or more frequently.' As the Mining Record is only published monthly, I have to ask why this advertisement was authorized to be inserted therein and why the account was certified to by you.

> I am, sir, your obedient servant,

> The Queen's Printer. J. L. McDOUGALL, A.G.

Audit Office, Ottawa, March 23, 1900.
Sir,-I have an account for \(\$ 18.80\), in favour of the London Catholic Record, for four insertions of an advertisement of 47 lines, for Tenders for Mining Locations in the Yukon Territory. This account was rendered on February 6, last, and was paid on February 14, after having been certified to by you. I have to ask why this account was certified correct when the regulations laid down by Order in Council of May 8, 1894, provide that advertisements in weekly papers be limited to a maximum of three insertions. The Catholic Record, being a weekly paper, should only have been allowed payment for three insertions.

I am, sir, your obedient servant,
The Queen's Printer.
J. L. MoDOUGALL, A.G.

\section*{Dept. of Public Printing and Stationery, Ottawa, March 26, 1900.}

SiH,-Replying to your two letters of March 23, I beg to say that the order to insert the advertisement in the Columbia Mining Record was specially authorized by the initials of the Hon. the Secretary of State. The case of the Catholic Record, a weekly, which got four insertions instead of three, was a simple miscalculation of the number of issues up to the limit of the date specified in the order.

I am, sir, your obedient servant,
The Auditor General.
S. E. DAWSON, Queen's Printer.

\section*{Audit Office, Ottawa, March 31, 1900.}

Sir,-I am in receipt of your letter of the 26 th instant, in reply to my letters of the 23 rd instant, regarding certain advertisements inserted in the British Columbia

Mining Record and in the Catholic Record, of London. With regard to the case of the Catholic Record, I may say that I noticed the initials of the Hon. the Secretary of State on the account, but as the regulations were made by the authority of the Governor in Council, they can only be modified or dispensed with by the Government as a whole, or by Parliament. With regard to the case of the Catholic Record, I notice that you say that its getting four insertions was a simple miscalculation of the number of issues up to the limit of the date specified in the order. This explanation, however, does not overcome the difficulty, that under the regulations they can only be paid for three insertions, and the over-payment, amounting to \(\$ 4.70\) should be made good. I should like to have a copy of the order sent the proprietors of the Catholic Record.
I am, sir, your obedient servant,

The Queen's Printer.
J. L. McDOUGALL, A.G.

Dept. of Public Printing and Stationery, Ottawa, April 14, 1900.
Sit,-With regard to the question of an advertisement in the British Columbia Mining Record, raised in your letter of March 31, I beg to say that the authority of the Honourable the Secretary of State, as evidenced by his initials on the account, is sufficient, under the Order in Council of December 12, 1896. The advertisement concerned mining matters in the far west, and no medium was so suitable as the British Columbia Mining Record, to reach the persons concerned. It was precisely such a case as this which the Order in Council of December 12, 1896, was intended to cover, where a literal observance of the previous order would tend to defeat the very object for which advertisements are published.

I am, sir, your obedient servant,
The Auditor General.
S. E. DAWSON, Queen's Printer.

Audit Office, Ottawa, June 4, 1900.
Sir,-On March 23, last, I wrote you asking how it was that the Catholic Record, a weekly newspaper, was allowed four insertions of an advertisement calling for Tenders for Mining Locations in the Yukon Territory, to which you replied on March 26, that this arose from a simple miscalculation of the number of issues up to the limit of the date specified in the order. I now find that two other weekly papers have been paid for four insertions of the same advertisement, viz.: the Amherstburg Echo and the Kingston Canadian Freeman. In the case of the Echo, the order copls of the advertisement which is attached to the account is marked for four insertions.

I am, sir, your obedient servant,
The Queen's Printer.
J. L. McDOUGALL, A.G.

Audit Office, Otrawa, June 6, 1900.
Sir,-On March 5, last, a cheque, No. 253, was issued by you in favour of the Montreal Herald, for the amount of \(\$ 37.50\) for advertising 'Tenders for Mining Locations in the Yukon.' On April 25, cheque No. 348, was issued for \(\$ 33\), in favour of the Montreal Herald, also for advertising 'Tenders for Mining Location in the Yukon.' The last account was rendered at \(\$ 37.50\), but was reduced by the Queen's Printer to \(\$ 33\). Kindly inform me whether these were two distinct advertisements. If not, an overpayment seems to have been made to the Herald.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\section*{Dept. of the Interior, Ottawa, June 12, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 6 th inst., in which you refer to two advertisements for advertising tenders for mining locations in the Yukon. In reference to your inquiry, I am to state that the two advertisements were distinct, but as the same space was taken up by both advertisements, a letter is being written to the Queen's Printer asking him to explain why the same price was not charged in both cases.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Dept. of the Interior, Oftawa, June 30, 1900.
Sir,-Referring further to your letter of the 6th instant, relating to two advertisements for tenders for mining locations in the Yukon, for which payment had been made to the Montreal Herald, I am now directed to quote for your information a letter which has been received from the Queen's Printer. 'Referring to your letter of June 12 , I beg to say that the advertisement in question was sent out twice. The first time, it was sent a little more space was allowed in the head than the second time. The Herald wrote to say they could not get it in in less space than 50 lines, and sent a copy of the advertisement set up to that measure. As the space was actually taken, it was allowed to pass. The second time, the advertisement was sent out, the heading was compressed, so as to make the advertisement go into closer space, and when the Herald charged 50 lines the second time, the bill was cut down. That is the reason of the difference. I may add that the nonpareil type which has been used for so many years for pattern copies in the Bureau is becoming more and more disproportionate with the nonpareil type used in those offices which employ machines; and I would also observe that the space allowed is left entirely to the discretion of the Queen's Printer, who uses his best judgment under the circumstances which present themselves.'

I am, sir, your obedient servant,
The Auditor General.

\section*{Payment of Board for Mr. Clement in Spring of 1899.}
\[
\text { Audit Office, Ottawa, June 6, } 1900 .
\]

Sir,-Yukon cheque No. 286, issued on July 20, 1899, is for a payment of \(\$ 259.15\) to Mr. W. H. P. Clement, legal adviser to the Yukon Council, for board paid by him at Dawson, between March 5 and June 3. Kindly inform me why Mr. Clement did not take his meals at the Government mess where Mr. Ogilvie, Mr. Senkler and the other leading officials boarded.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 12, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of the 6 th inst., wherein you mention a payment of \(\$ 259.15\) as having been made in July last, to Mr. W. H. P. Clement, Legal Adviser, to the Yukon Council, for board, paid for by him at Dawson, between March 5 and June 3, and asking why Mr. Clement did not take his meals at the Government mess, where Mr. Ogilvie, Mr. Senkler and other leading
officials boarded. In reference to your query, I am to state that Mr. Clement in forwarding his account explained that owing to the want of accommodation he could not be boarded at the Government mess and had to make the best arrangements he could. Ordinarily fair board in Dawson at that time ran from \(\$ 30\) per week to \(\$ 100\) per month. For two months he got board at \(\$ 100\), and for the other month he had to pay \(\$ 30\) per week.

I am, sir, your obedient servant,
The Auditor General.

> P. G. KEYES, Secretary.

Audit Office, Ottawa, June 15, 1900.
Sir,-I am in receipt of your letter of the 12th instant, in reply to mine of the 6th instant, with reference to the payment of Mr. Clement's board at Dawson, from March 5 to June 3, 1899. The accounts put in by Mr. Clement in support of this payment, are not certified in accordance with Sec. 33, of the Audit Act. As Mr. Ogilvie, the Commissioner, and Mr. Lithgow, the Comptroller, must both have been cognizant of the facts of the case, I think the latter should have certified the account, and the former approved it. Kindly inform me why this was not done, and why it was not paid through the Ogilvie-Lithgow Letter of Credit, instead of being personally laid before your department by Mr. Clement and paid here apparently without reference to Mr . Ogilvie.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALT, A.G.

Dept. of the Interior, Ottawa, June 26, 1900.
Sir,-I am in receipt of your letter of the 15 th instant, referring to mine of the 12 th, regarding payment of \(\$ 259.15\), made to W. H. P. Clement, Legal Adviser to the Yukon Council, for board from March 5 to June 3, and which was paid at head office. In reply to your further remarks with regard to the Commissioner and the Comptroller not certifying or approving of the account, I may say that this matter was not one that came up for consideration at all, because during this time, neither the Commissioner nor the Comptroller had anything to do with living allowances for any officials, the living allowance for all the officials at that time being furnished by the North-west Mounted Police Force at Dawson, except in the case of Mr. Clement who, as explained by himself, could not secure accommodation at the Government mess, and consequently had to stay at the hotel. I do not think that Mr . Clement ever rendered the account to Mr. Ogilvie or the Comptroller, Mr. Lithgow, at all events at the time he came to Ottawa, he called on me with regard to this matter and after I had fully considered the claim which appeared to be fair and just, I approved of payment, Mr. Clement furnishing all vouchers for the amount disbursed by himself.

> I am, sir, your obedient servant,

The Auditor General.
JAS. A. SMART, D.M.I.
Audit Office, Ottawa, June 29, 1900.
Sir,-I am in receipt of your letter of the 26 th instant, regarding the payment of the board of Mr. W. H. P. Clement, from March 5 to June 3, 1899, in which you say that 'neither the Commissioner nor the Comptroller had anything to do with living allowances for any officials, the living allowance for all the officials at that time being furnished by the North-west Mounted Police.' An examination of the accounts will show that provisions for the Government mess were purchased through the months of March, April and May, amounting to, from \(\$ 1,000\) to \(\$ 1,500\) each month; these
accounts are certified to by Mr . Lithgow and approved by Mr. Ogilvie. I think you will find that the Government mess was in charge of Mr. Ogilvie and Mr. Lithgow, that rations were drawn from the police for the employees, and that these rations were supplemented by goods purchased in the name of Mr. Oglivie, in town, from the merchants. I find also from the accounts, that Mr. Clement and Mr. Gosselin, the Crown Timber Agent, reached Dawson on or about January 11, and that they went to the Fairview Hotel on that day. Their board and room rent was paid up to January 31, but from February 1, only their room rent was paid, there being a note on Mr. Gosselin's account to the effect that he joined the Government mess on February 1. In Mr. Clement's account for February, there is a charge of \(\$ 30.25\) for partial board which was not paid by the Government, and in Mr. Clement's account for April, there is a charge of \(\$ 20.50\) for partial board to March 6, which, however, was disallowed by the Comptroller. I think the inference is that Mr. Clement joined the official mess on February 1, at the same time as Mr. Gosselin, and that he left it towards the end of February or early in March. The cause of his leaving it appears to have been insufficient to Mr. Ogilvie and to Mr. Lithgow, as they refused to pay his board to March 6. Under these circumstances, I think that the accounts in question should be certified and approved by Mr. Lithgow and Mr. Ogilvie.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Payments in Connection with Surveys for which no Accounts have been Received. Audit Office, Ottawa, Dec. 5, 1900.
Sir,-I beg to call your attention to the balance of \(\$ 20\), standing upon the books of this office on account of Henry Lawe's survey, in 1893, and which is made.up of the following cheques issued from Dominion Lands Capital Account, for the year 1897-98:-

> No. 1772.-L. Boudreau. ... . . . . . . . . . . . . . .. . . . . . . . . . . \(\$ 1400\) " 1807.-Pt. Can. Pac. Ry. . . . . . . . . . . . . . . . . 600

I have never received any account for these payments and would bs pleased to have the same immediately, in order to write off the amount standing against Mr. Lawe.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\section*{Audit Office, Ottawa, Dec. 5, 1900.}

Sir, -I have the accounts in support of a payment to the Provincial Government of Manitoba of \(\$ 3,853.55\), for expenditure by Mr. R. E. Young on surveys of old trails for the season of 1898. Among these payments, I find the following payments for which no details are given:-

Kindly obtain and forward detailed accounts for these payments.
I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\title{
Items for Incidentals should not Appear in Expense Account.
}

Audit Office, Ottafa, Dec. 21, 1900.
Sir,-In Mr. E. F. Stephenson's accounts for travel charged to the Vote for Relief of miners, Liard and Dease Rivers, for the year 1899-1900, I find the following charges:-

> March 22, 1900.-Incidentals while at Victoria.......... \(\$ 165\) May 12, 1900. - Incidental expenses on trip-Ottawa to Winnipeg.... .... ............. .... 145

Payments of this kind cannot be passed by this office. Unless Mr. Stephenson can give a detailed account of the items in question, I have to ask that a refund of this amount be made.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\section*{Dept. of the Interior, Ottawa, Jan. 14, 1901.}
- Sir,-I have the honour to acknowledge the receipt of your letter of the 21st ultimo, in which you refer to certain items included in Mr. E. F. Stephenson's account which are mentioned by him as incidental expenses, and which cannot be passed by your office, and in reference thereto I am to inform you that Mr. Stephenson will no doubt be able to give details of the items mentioned. A letter has been written to him upon the subject but no answer has been received so far, and it is presumed that he is away on official business or the matter would have been attended to at once; however, in order to close up the matter the sum of \(\$ 3.10\) has been deducted from his salary and placed to the credit of the Receiver General. Bank of Montreal, Ottawa, Receipt 9017 for the amount mentioned will acompany the next statement of receipts for the Department of Finance.

I am, sir, your obedient servant,
The Auditor General.

> P. G. KEYES, Secretary.

The Government cannot Distribute among his Creditors the Money due any Person.

\section*{Audit Office, Ottawa, August 8, 1900.}

Sir,-I have your letter of the 7th instant, with regard to the amount voted to Chas. Bremner, of Bresaylor, for value of furs entrusted by him to Government authorities and never returned to him. I beg to point out to you that the way you propose to make the payments to the creditors of Bremner does not apear to be legal. The only legal way of making the desired payments, is to apply for separate cheques in favour of Mr. Bremner for the several amounts. The cheques intended for the different creditors may be handed to the solicitors of those creditors, while the large cheque for Bremner himself should be held until he endorses the other cheques over to the persons interested. This, I understand, will be satisfactory to the creditor's solicitors, who state that they can obtain Bremner's endorsation to the different cheques.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
F. HAYTER, for A.G.

Dept. of the Interior, Ottawa, August 10, 1900.
Sir,-I am in receipt of your letter of the 8th instant, with regard to the amount voted to Mr. Charles Bremner, in compensation for the loss of certain furs during the

North-west Rebellin of 1885 , and in reply beg to say that I can hardly understand the objection which has been taken to the payment of the amounts to certain creditors of Mr. Bremner, in whose favour he has asked us to issue cheques on his account, especially when it is considered that these persons have furnished evidence satisfactorily establishing their claims. I cannot see that it would be illegal to pay in the way indicated, and I have spoken to Mr. Sifton about it and he states that he thinks the cheques should be made payable to the persons entitled to them as was suggested in the previous correspondence. The mode suggested by you seems to me, would simply give unnecessary trouble to those interested, without any special advantage. I would ask you, therefore, to kindly give the matter further consideration before issuing the cheques. If they are to be made payable to Mr. Bremner, it might be just as well to send the money direct to himself, although the plan suggested by you might in a measure protect those in whose favour he has directed the department to pay the various amounts.

I am, sir, your obedient servant,
The Auditor General.

\author{
JAS. A. SMART, D.M.I.
}

\section*{Audit Office, Ottawa, August 11, 1900.}

Sir,-I have your letter of yesterday about the Bremner claim. I wish you would read the rules regarding powers of attorney prescribed by the Treasury Board, dated February 1, 1870. You will find them at the beginning of the executive regulations which for several years I have had printed for the use of the departments as well as this office. You will see from No. 3, of these rules, that the Government will not distribute moneys coming to any one, among his creditors. In writing to you on the 8th instant, I was moved by a desire to save trouble which would arise in connection with the matter in the Finance Department, where powers bf attorney are dealt with. There, a cheque will be made either to the principal, or to his attorney, but not to more than one attorney. I have no responsibility whatever to the creditors of Bremner or to their solicitors. The suggestion which I made and which came entirely within my powers and those of the Finance Department, viz.: to divide the whole amount into so many payments to Bremner, was made because I found that the two solicitors who came to me represented all the claims which were before you and because, as I understood, they thought their object (the collection of the amounts due their clients) would be gained by the proposed action, and because, I supposed you would be willing to do whatever would satisfy them if it was not contrary to established rules.

You will notice that if a person has \(\$ 5,000\) to receive from the Government, it may accommodate him to get the amount in two or more cheques, and that there is no principle infringed by making payment by several cheques so long as they are all payable to the creditor of the Government. In this case, I am of course willing to make a cheque for the whole amount to Bremner, if you so desire it. I have no responsibility to any one but to him and to your department.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

\section*{Allowance to Permanent Officials for Living Expenses should not Exceed the Probable Average Cost in the Localities Visited.}

Audit Office, Ottawa, June 29, 1900.
Sir,-I have a copy of an Order in Council of the 19th instant, appointing Mr. J. A. Smart, Deputy Minister of the Interior, and Mr. E. F. Stephenson, Inspector of

Crown Timber Agencies, Joint Commissioners to inquire into all matters connected with the management and sale of certain lands comprised within the town sites of Regina, Mossejaw, Qu'Appelle and Virden, and allowing them \(\$ 10\) per day each to cover living expenses while absent from their respective homes. I beg to point out the great disparity between the proposed allowance of \(\$ 10\), and the probable actual cost of living expenses. It is well known that board may be obtained at the leading hotels in Eastern Canada at from \(\$ 3\) to \(\$ 4\) a day. The rates at Winnipeg are about the same, and the rates at the leading places in the west are about as follows:-Brandon, \(\$ 2\); Qu'Appelle, \(\$ 2\); Regina, \(\$ 2\); Calgary, \(\$ 2.50\) to \(\$ 3\); Banff, \(\$ 2.50\) to \(\$ 4\); Edmonton, \(\$ 2\); Vancouver and Victoria, \(\$ 3\) to \(\$ 4\); and when on the railway, meals cost 75 cents each. One dollar a day would be a large allowance for incidental expenses, such as gratuities to servant, cleaning boots, etc., so that \(\$ 5\) a day, or half the proposed amount, would appear to be a more than ample allowance. This great difference between the actual expenses and the proposed allowance would make it appear that the real intention is to give the Commissioners additional remuneration for their services in the form of a living allowance in evasion of Sec. 51, of the Civil Service Act, which provides that 'no extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer of employee in the Civil Service of Canada, or to any other person permanently employed in the public service.' My objections, it must be understood, are directed not so much against. the principle of remunerating the Commissioners for their services, as against the manner in which it is done. If it be considered just and right that they should receive compensation over and above their regular salary, the only competent authority, viz. \(\vdots\) that of Parliament, should be obtained. The practice of granting a living allowance greatly in excess of what actual expenses would amount to is a bad one, and if once introduced, the same right is liable to be demanded by every official travelling. As a case in point, I would remind you that a few years ago, two high officials of the Government, when travelling to England, claimed and obtained, when I was overruled by the Treasury Board, the living allowance of \(\$ 10\) a day for the days spent on board the steamship, although the passage fare included meals, etc. This having been allowed in the cases named, as since been claimed and allowed in many cases since, while I am quite sure it would not otherwise have been thought of. I would also draw your attention to an Order in Council of October 5, 1896, which provides that 'all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council.' Inquiry at the Treasury Board elicited the fact that the matter under discussion had not been referred to the Board.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Dept. of the Interior, Ottaifa, July 9, 1900.
Sir,-I have your letter of the 29th ultimo, having reference to the Order in Council of the 19th ultimo, appointing Mr. J. A. Smart, Deputy Minister of the Interior, and Mr. E. F. Stephenson, Inspector of Crown Timber Agencies, Joint Commissioners to inquire into all matters connected with the management and sale of certain lands comprised within the town sites of Regina, Moosejaw, Qu'Appelle and Virden, and allowing them \(\$ 10\) per day each, to cover living expenses while absent from their respective homes. I note your objection to the proposed allowance of \(\$ 10\),
and also the statement you make as to the probable actual cost of living expenses. I may be permitted, however, to respectfully differ from the statements contained in your letter as to the various hotel rates in towns in the west. I may say, that from my experience, the actual amount charged by hotels in the West, is from \(\$ 3\) to \(\$ 6\) and \(\$ 7\) per day, simply for the living expenses, so that your informant regarding the rates which you quote in your letter, is entirely astray.

I may add, in connection with this matter, that as I would appear to have a personal interest in the matter, I do not wish to accept any allowance that would be considered unreasonable and unfair, in fact, I am not at all particular as to accepting the work that would be involved in the commission to which I have been appointed, in addition to the regular departmental work which I will have to do while at Winnipeg and in the west. I can only say, in reply, that I have no objection to the matter being referred to the Treasury Board, as suggested by you if it is, as you say, proper that that Board should first decide on the question.

I am, sir, your obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

Audit Office, Ottawa, July 13, 1900.
Sir,-I am in receipt of your letter of the 9 th instant, in reply to mine of the 29th ultimo, with reference to the travelling allowance of \(\$ 10\) a day to the commissioners appointed under Order in Council of the 19th ultimo. With reference to your remark that my informant was entirely astray in the hotel rates, quoted in my former letter, I beg to say that the rates quoted, were those actually paid by him when travelling in the west during the summers of 1898 and 1899. I would also ask your attention to the rates shown under, paid by different officers of the Interior and Indian Departments, as appears from their accounts.

Inspector A. McGibbon- Per day.
Russell House, Ottawa.... .... . ... . ... . .... .... . ... . \(\$ 300\)
Queen's Hotel, Toronto. . . . . . . . . . . . . . . . . . . . . . . . . . . . 300

\section*{Irregularities in Accomnts paid by Immigration Commissioner at Winnipeg.}

Dept. of the Interior, Ottawa, January 21, 1901.
Sir,-In further reference to my letter of the 12th instant, I beg to inform you that the following discrepancies in the accounts of the Commissioner of Immigration have already been adjusted :--D. Morrison, \(\$ 10 ;\) A. H. Pulford, \(\$ 34.55\); McLean \& Co., \(\$ 1.85\); J. M. Taylor, \(\$ 2.10\); A. Becker, \(\$ 16.50\); Robinson it Co., \(\$ 28.02\); Robinson \& Co., 41 cents; Edmonton Bulletin Co., \(\$ 1\), and Hugh Harley, \(\$ 8.72\); total, \(\$ 103.15\). These several amounts were deposited to the credit of the Receiver General, and form part of Merchants Bank, Winnipeg, Receipt No. 6,101 for \$93.12, and Merchants Bank, Winnipeg, Receipt No. 6,110 for \(\$ 10.41\). The Acting Commissioner states, in effect, that the errors occurred owing to payments being made under great pressure of work, arising out of a congested accumulation of accounts, which had been going on for some time, and which could not be paid until a supplementary vote had been granted by Parliament.

There are two cases not yet dealt with, those of Levi Beck and C. J. Thomson ; I expect these will be adjusted satisfactorily in a few days, and you will be advised immediately.

I am, sir, your obedient servant,
JAS. A. SMART, D.M.I.
The Auditor General.
Note.-This letter was received too late to insert in its proper order.-J. L. McD.

\section*{Agents' Bank Accounts.}

\author{
Audit Office, Ottawa, Feb. 16, 1900.
}

Sir,-If your agents do not now do so, I would suggest that they should be instructed to keep a bank account, where such is possible. This account should be in the name of the agent with his title following, for instance, 'John Brown, Dominion Lands Agent, Ottawa.' All receipts from whatever source should be deposited to credit of this account, both the advance from the department and the collections. Cheques can be drawn to meet contingent expenses, to make deposits to credit of the Receiver General, and to make refunds of amounts in those cases, in which the deposits cannot be accepted for the purposes desired by the depositors.

A monthly statement of this account, with the cheques issued, should be furnished regularly to this office.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, May 14, 1900.
Sir,-Referring to your letter of the 16 th February last, in which you suggest that the agents of the department be instructed to keep a bank account where such is possible, I beg to say that while this might be a further check on any moneys passing through the hands of the agents, yet I am afraid that, in the case of a very large number, the system would be practically unworkable and most unsatisfactory.

With regard to the Dominion Lands Agents, I understand there are 6 or 8, out of the 16 , located at places where there is no chartered bank, so that there could be no uniformity in the system. I have no objection, however, to asking those located in towns, where chartered banks are established, to carry out your suggestion, but will not do so until I hear further from you on the subject. The moneys received by these agents from the department, is so very small, that an objection would be likely to come from the banks themselves, as the account would be worth very little to them. The advances are usually a few dollars for postage, caretaking', \&c., and amount to probably \(\$ 10\) or \(\$ 15\) a month. The receipts, of course, are considerable, but the regulations at present requiring a deposit to be made with the Receiver General of \(\$ 25\) and upwards, would seem to safeguard the revenues as far as it is possible to do so and quite as much, I think, as if the agent had a bank account.

With reference to other agents, especially engaged in the Immigration Branch of the department, there is only one office which controls any considerable amount, and that is the Commissioner, in Winnipeg, and he, of course, has a bank account, all moneys paid out by him being on a letter of credit. The other agents are moving about continually from one place to another, and I am afraid it would be rather inconvenient for them to use a bank. In view of these considerations, I would ask if you still consider that the suggestion made is a desirable one.

I beg to apologize for not replying to your letter sooner, but the delay was with the Accountant and the matter had apparently been overlooked.

I am, sir, your obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

Audit Office, Ottawa, May 21, 1900.
Sir,-I have received your letter of the 14 th instant, in reply to my letter of Februay 16 , last, suggesting that your agents should be instructed to keep a bank account where such is possible.

My reason for making this suggestion was, that I had information from one of my staff who visited some of your agents, that it was customary for some of the agents to have on hand for lengthened periods, several hundred dollars, arising from applieations for hay permits of which the agent was not able to dispose.

While the regulations is, as you state, to deposit daily if the receipts amount to \(\$ 25\), otherwise when that amount is on hand, yet the practice in many cases is to deposit only weekly to correspond with the agent's return and in the meantime the cash is held. The reason assigned by the agent for not more closely following the regulations is, that your department requires separate deposit receipts for the different classes of revenue, necessitating sometimes five or six different receipts for the collections of one week.

To avoid the necessity of the agent holding cash on hand, which is objectionable from a business standpoint, and contrary to the letter and spirit of the Treasury Regulations, I considered your agents, where the circumstances warranted it, might follow the practice of collectors of customs and keep a bank account.

I may say that, when writing, I had only in mind the Land and Timber Agents.
I am still of opinion that at such offices as are obliged to hold any considerable amount of cash on hand, a bank account should be opened and every day's receipts deposited. I feel sure that both the department and the agent will find the advantage of doing this, apart from the added safety to the public funds.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

\section*{Dept. of the Interior, Ottawa, June 5, 1900.}

Sir,-I am directed to acknowledge the receipt of your letter of the 21st ultimo, in the matter of bank accounts to be kept by Dominion Lands Agents, and to inclose for your information a copy of a circular letter which has been sent to the Agents at Winnipeg, Brandon, Dauphin, Calgary, Edmonton, Prince Albert, Regina, Lethbridge, Kamloops and New Westminster, these being the only places at which agencies are situated at which there is a bank.

A copy of the letter has also been sent to the Crown Timber Agent at New Westminster, he being the only Crown Timber Agent who is not also a Dominion Lands Agent.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

\section*{Dept. of the Interior, Ottawa, June 5, 1900.}

Sir,-I am directed to inform you, that it has been decided that Dominion Lands Agents be instructed to keep a bank account where such is possible. This account should be in the name of the agent with his title following, as for instance, 'John. Brown, Dominion Lands Agent, Ottawa.'

All collections from whatever source should be deposited daily to the credit of this account. At the end of each week, after all the weekly returns have been made out, cheques are to be drawn covering each return, as instructed by the printed card now in your hands, entitled, ' For the Guidance of agents re depositing money.'

You will please note, however, that it is not intended to change the present practice in the matter of refunds, and once an official receipt has been issued by you, it will be necessary to apply to Head Office for a refund cheque in the same way as in the past.

SESSIONAL PAPER No. 1

A montly statement of the bank account, with the cheques issued, should be attached to the copy of your cash book for transmission to the Auditor General.

The above change is to go into effect on the 1st July next.
I am, sir, your obedient servant,
The Agent of Dominion Lands,
P. G. KEYES, Secretary.

\section*{Board of Examiners of Dominion Land Surveyors.}

Audit Office, Ottawa, June 4, 1900.
Sir,-The expenditure of the Board of Examiners of Dominion Land Surveyors in 1898-99 was \(\$ 380.80\), made up as follows:-
E. Deville, 13 days at \(\$ 5\).
\$ 6500
P. B. Symes, 13 days at \(\$ 5 . .\). . . . . . . . . . . . . . . . . . . . . . 6500
A. H. Whitcher, 13 days at \(\$ 5 . .\). . . . . . . . . . . . . . . . . . . . . . 6500
O. J. Klotz, 12 days at \(\$ 5 . .\). . . . . . . . . . . . . . . . . . . .... 6000
W. F. King, 3 days at \(\$ 5 . .\). . . . . . . . . . . . . . . . . . . . . . . . 1500

Tom Kains, Victoria, 10 days at \(\$ 5 . .\). . .... . . . . . . . . . . . 5000
Wm. Pearce, Calgary, 9 days at \(\$ 5 . .\). . ... . . . . . . . . . . . . . 4500
Advertising.... .... .... .... .... .... .... .... .... 1580
\(\$ 38080\)
Of the 13 days for which three of the Board were paid, one was in August, nine in February, and three in June.

In reply to my letter of March 27, 1896, asking for a statement of the time occupied in the preparation of each examination paper, and in reading the replies of the two candidates to each paper as well as in conducting each oral examination, the then Deputy Minister replied that no record had been kept of the time occupied by the examiners. No doubt, a record has since been kept of the time occupied at the several examinations, and I have to ask for the information in reference to the examinations of 1898-99.

In future payments to the examiners, you will please make direct application to this office, instead of paying through your letter of credit.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 26, 1900.
Sir,-Referring to your letter of the 4th istant, with regard to the expenditure of the Board of Examiners of Dominion Land Surveyors in 1898-99, I beg to state that upon inquiry, I am advised by the Secretary of the Board, that no record has been kept of the time occupied in the preparation of each examination paper and in reading the replies of the candidates. The examiners are allowed by statute five dollars per day for each day's sitting, and the number of days of a meeting of the Board is regulated by the matters on which the candidates have to be examined. These matters are spe-
cified in clauses 102, 109, 110, 111, 113 and 116, of the Dominion Lands Act. It does not appear, therefore, that the time occupied by the examiners in the preparation and reading of the papers has any bearing upon the amounts to be paid to them.

The Secretary of the Board further advises me that there were three meetings of the Board held in 1898-99.

The first meeting was held on the second Monday of August, 1898, as directed by the Dominion Lands Act, Messrs. Deville, King, Whitcher and the Secretary being present. There were no candidates and the meeting adjourned on the same day.

The second meeting was held on the second Monday of February, 1899, as directed by the Dominion Lands Act, Messrs. Deville, Klotz, Whitcher, Pearce and the Secretary being present. There was one candidate for final examination. The normal length of this examination is eight days, but the meeting lasted nine days, because the candidate was allowed by the Board to recommence examination after having retired; this kept the Board in session one day longer.

The third meeting was held on June 15, 16 and 17, 1899, by order of the Minister for the purpose of examining the papers of three candidates, who had written for the Dominion Land Surveyor commission, at Victoria, before Mr. Kains. Messrs. Deville, King, Klotz, Whitcher and the Secrtary were present on the two first days, and Messrs. Deville, Whitner, Klotz and the Secretary on the last day.

In addition to the above, Mr. Tom Kains was employed for ten days in February, 1899, at Victoria, as special examiner. The unusual length of this examination was due to the fact that one of the candidates, Mr. W. A. Bauer, was detained as a witness in court.

I am, sir, your obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

\section*{Seed Grain Repayment.}

\section*{Audit Office, Ottawa, April 21, 1900.}

Sir,-The sum of \(\$ 57\), was paid November 14, 1899, to your department by E. A. C. McLory, of Moosomin, Assa., amount due for Seed Grain advanced to John Byers. The counterfoil of receipt issued by the Patent Branch No. 668, bears the following memo :-
\[
\begin{aligned}
& \text { Year 18900.-Principal. . . . . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 2205 \\
& \text { Interest. } \\
& 635
\end{aligned}
\]

Seemingly, there is something wrong in the amount collected for interest, \(\$ 6.35\); on the advance of 1890 .

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. MoDOUGALL, A.G.

Dept. of the \(I_{n t e r i o r, ~ O t t a w a, ~ M a y ~ 1, ~}^{1900}\).
Sir,-Replying to your letter of the 21st ultimo, calling attention to a slight discrepancy in the amount of the seed grain repayment by John Byers, in connection with the advance to him in 1890, I beg to say that on the matter being looked into it

SESSIONAL PAPER No. 1
appears that there is a balance due on account of interest on the advance of that year, and steps are being taken to collect it.

I am, sir, your obedient servant,
The Auditor General.

\section*{Casual Revenue.}

Dept. of the Interior, Ottawa, Jan. 22, 1900.
Sir,-Referring to your letters of June 22, and December 5, 1899, I am directed to say that when the matter of furnishing vouchers in connection with the refunds of expenditure, was brought to the attention of the department in August, 1898, a circular letter was sent to all the agents, asking them to furnish the full particulars required by your office in regard to such matters. A copy of the circular is inclosed, herewith.

By referring to the Statement of Receipts on account of Casual Revenue for 1898-99, it will be seen that nearly all the receipts on account of sales of goods, \&c., have come through the Commissioner of Immigration at Winnipeg, and in every case, a coupon of the receipt issued in Mr. McCreary's office, giving full particulars, has been transmitted to you. The sum of \(\$ 1,308.81\), of the Casual Revenue Receipts for last year was made up of refunds made by Messrs. Ogilvie and St. Cyr, Surveyors, and particulars of these items may be found on the Survey Accounts which have been furnished by those officers.

A form of voucher is now being printed for the use of the agents of the department, so that in the case of the sale of old office furniture or Government property of any kind, every particular required will be given.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secreiary.

\section*{Collections at the Department-Timber and Mines Branch.}
\[
\text { Audit Office, Ottawa, May 18, } 1900 .
\]

Sir,-According to the returns of collections at the department during the months of December, January and February last, the cash collected, was not deposited for ten or fifteen days after it was received. Please explain the cause for the delay. I am, sir, your obedient servant, The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

\section*{Dominion Lands Refunds-Yukon District.}

Audit Office, Otrawa, Feb. 9, 1900.
Sir,-I have to ask for further explanations as to the following refunds of Dominion Lands Revenue, Yukon District:-
Bed rock flumes-
1899.

Oct. 4.-Cheque 1048, J. E. Binet and associates.... .... \$100
1049, T. W. O'Brien and associates....... 100
1050, William Galpin and associates...... 100
1051, Ernest B. Scroggie and associates.... 100
1052, Max. Landreville. .. . .... .... .... 400
1053, Ernest Gregg and associates........ 100
1054, J. C. McCook and associates.... . . . . 100
1055, Andrew Hunker and associates...... 100
1056, W. Bradley and associates.... ...... 100
1057, G. Griffiths and associates.... ...... 100
1058, Frank Swanson and associates...... 100
1900.

Timber limit-
Jan. 15.-Cheque 1102, R. Wilson. .. . .... . ... . ... . ... \(\$ 750\)
Liquor Permit-
Jan. 24.-Cheque , Thomas O'Brien.... ..... .... ..... \$3,500
Cordwood dues-
Jan. 27.-Cheque 1107, D. G. Stewart. . . . ... . ... . . ... . ...... \(\$ 669\)
I have to inquire why the question of refunding these amounts was not submitted to the Treasury Board.

It is stated that \(\$ 3,500\) refunded to Thomas O'Brien, was included in the deposit of \(\$ 425,476.25\) brought out by Major Walsh. I cannot find any such payment in the details of this deposit as shown in the Audit Report for 1897-98. The reason given why it was refunded, is that a permit was issued by the Lieutenant-Governor of the North-west Territories, in April, 1898. No evidence of such payment having been made is furnished. Granting that the payment was made for a permit to take the same 1750 gallons of liquor into the Yukon Territory, yet this would seem to be a case that should come before and be decided by the Treasury Board.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. McDOUGALI, A.G.

Dept. of the Interior, Ottawa, Feb. 15, 1900.
SIr,-In reply to your letter of the 9 th instant, I am directed to say that as the department is not in a position to act upon the applications made for bed rock flumes, the money which was deposited with the applications was returned to the applicants.

Mr. R. Wilson Smith applied for a timber berth which proved, on a survey being made of the boundary line, to be in the Province of British Columbia. The sum of \(\$ 750\), which he paid for the berth was, therefore, refunded to him.

A separate communication will be sent to you with reference to the refund made to Mr. Thomas O'Brien.

Mr. D. G. Stewart was charged double dues, \(\$ 1,338\), by the Crown Timber and Land Agent at Dawson. Mr. Stewart proved to the satisfaction of this department that he had cut this timber under permission given by an authorized officer of the department. One-half of the dues was, therefore refunded.

The remainder of your letter will be replied to, in connection with the refund made to Mr. Thomas O'Brien.

I am, sir, your obedient servant,
The Auditor General.

\author{
P. G. KEYES, Secretary.
}

Dept. of the Interior, Ottawa, Feb. 19, 1900.
Sir,-In further reference to your letter of the 9 th instant, asking for an explanation of the refund of \(\$ 3,500\), made to Thomas O'Brien, I am directed to say that this amount was included in the item of \$6,829, appearing in your Report for 1898-99, page \(\mathrm{H}-94\), the particulars of which have since been received and are as follows :1898.
\[
\text { June 15.-Benoit Bros., } 600 \text { gallons. . . . . . . . . . . . ..... . } \$ 1,200
\]
" 15.-T. O'Brien, 1,750 gallons. .. . . . . . . .. . . . . . . . . . 3,500
" 24.-T. O’Brien, 1,000 gallons. .. . . . . . . . . . . . . . . . . . 2,000
" 28.-McMurray, 45 gallons.... .... .... .... .... 90
July 20.—Dr. Rimer, 30 gallons. . . . . . . . . . . . . . . . . . . . . . . 39

Copies of letters referring to the above matter are inclosed herewith for your information, and a copy of a Resolution passed by the Yukon Council having reference to it.

I am, sir, your obedient servant, The Auditor General. P. G. KEYES, Secretary.

\section*{Commissioner's Office, Dawson, Dec. 14, 1899.}

Sir,-In reply to yours of October 25 , respecting the claim made by Mr. Thomas O'Brien for \(\$ 3,500\), as a refund on account of certain liquors brought into the Territory by him, I have to say that I referred the question to Mr. Bliss, Acting License Inspector, who at the time of this transaction was Accountant for the Yukon Territory, and knows all about it. A copy of his report to me is inclosed herewith, and it goes to show that the money was deposited in trust, pending the result of certain inquiries, and that Major Walsh's taking it out with him was a mistake. I also inclose a statement from Mr. J. T. Lithgow, the Comptroller.

These two statements, I think, will fairly well place before you all the facts in the premises, and it would appear from them that Mr. O'Brien is entitled to a refund of the \(\$ 3,500\), deposited by him in suspense, as he emphatically states, and in which statement he is corroborated by Mr. Bliss, who states that the money was only intended as a suspense deposit until such time as the Minister was heard from.

I am, sir, your obedient servant,
The Deputy Minister of the Interior, WILLIAM OGILVIE, Commissioner.

\author{
Dawson, Y. T., Dec. 12, 1899.
}

Sir,-In reference to the inclosed correspondence, I beg to state that Captain Constantine collected \(\$ 3,500\), from Thomas O'Brien, being permit dues on 1,750 gallons of liquor brought in under permit issued by the Lieutenant-Governor of the Northwest Territories in April, 1898. This amount was handed to me and placed in the Bank of Commerce for safe keeping until such time as we could hear from Ottawa, but through some mistake it was included in the \(\$ 425,000\) that Major Walsh took out with him in August, 1898.

I am, sir, your obedient servant,
The Comptroller, Dawson.

> . H. A. BLISS.

\section*{COPY OF A RESOLUTION PASSED BY THE YUKON COUNCIL.}
'Resolved:-That the Commissioner be authorized to confer with the Dominion Government as to the disposal of \(\$ 3,500\), deposited in the Bank of Commerce on demand of Major Walsh, the then Commissioner, as payment of the fees at the rate of \$2 per gallon due on 1,750 gallons of liquor imported by Thomas O'Brien; that this Council feels that Mr. O'Brien, under the circumstances of the case, is fully entitled to the refund of that sum of \(\$ 3,500\). That the statement of the Comptroller shows that the money was not expended by the present Council and that an explanation be asked for of the account of the Department of the Interior as to the manner in which the said \(\$ 3,500\), was deposited and recommend that if Major Walsh deposited it to the credit of the Dominion Government that the Dominion Government be respectfully asked to refund the amount to Mr. O'Brien.'

\section*{Collections at Gold Commissioner's Office, Dawson.}

Audit Office, Ottawa, March 3, 1900.
Sir,-On the Returns of Assignment Fees, the following entries appear without any amounts extended opposite each:-

Statement No. 217, July 20.-Conti and Parelli.

The last four are marked 'Old Transfers.' When did the money for these items come to account?

Statement No. 312, for October, 1899, has not been received.
On Return No. 218, Document Fees, for July, 1899, the name A. D. Cameron, is entered, for a lay-over, \(\$ 2.50\). A pen has been drawn through the name and amount and no explanations given.

Seemingly, the stock of receipt forms for the above classes of fees became exhausted, as no counterfoils have come to hand for Assignment Fees for the months of May, June, July and August last, and the entries do not bear any numbers. No receipt forms with printed consecutive numbers were received in connection with the ' Document Fees' until those for September last reached me.

A large number of the counterfoils for Free Miners' Certificates do not contain the amount paid, and are not signed by the Agent.

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, April 20, 1900.
Sir,-In reply to your letter of the 3rd ultimo, regarding the above matter, I am directed to say that the Gold Commissioner has been written to in connection with Statements of Returns of Assignment Fees Nos. 217, 248 and 279, and as soon as his reply is received you will be further advised.

Statement No. 312 has been received and will be forwarded to your department with our next monthly return.

The Gold Commissioner is being asked for particulars regarding the remaining portion of your letter and when received you will be duly advised.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Dept. of the Interior, Ottawa, Sept. 21, 1900.
Sir,-I have the honour to request you, to return to this office the following orders for scrip, which accompanied the return of revenue relating to the Lands Office, Dawson, Y.T., for the month of May last, and which were included in the revenue statement of collections for that month, forwarded to your office:-

20, Alloway and Champion.... .... .... .... .... . ... \(\$ 7463\)
21, " " .... ...................... 1485

\(\$ 20161\)

It appears that Mr. Gosselin, the Crown Timber and Land Agent at Dawson, was under a misapprehension as to the manner of dealing with scrip in payment for land. The correspondence shows that he was under the impression that purchasers of Dominion Lands were to make their payments in scrip, and when they failed to do so, the accountant of his office, in some cases where cash had been paid, converted it into scrip at the Canadian Bank of Commerce. The sum of \(\$ 1,081.61\) was thus included in his return for the month of May. \(\$ 880\) was forwarded to the department in scrip, and \(\$ 201.61\) in scrip orders, for which scrip was to be issued at Ottawa.

A suspicion having arisen that Mr. Gosselin did not understand the mode of dealing with the scrip and scrip orders, a telegram was sent to him, and in the meantime the scrip and orders which had been received from him with his June return were held, pending an explanation. Mr. Gosselin has now deposited to the credit of the Receiver General, the sum of \(\$ 1,081.61\), to cover the payments in scrip mentioned, and on receipt of scrip and orders fowarded by him in connection with his June statement, he says he will adjust the matter by depositing the cash. It is impossible to send him the scrip for May, as it has been cancelled, and it is proposed to issue new scrip in lieu thereof, and to return it with the scrip and scrip orders for June.

When the bank receipts for June arrive, I am to request you to make a note for your annual report stating that the shortage shown in connection with his office has been settled, and the amount deposited will appear in the next year's report.

I am, sir, your obedient servant,

\section*{Returns-Fort Cudahy.}

Audit Office, Ottawa, May 29, 1900.
Sir, - I have to ask for an explanation of the delay in depositing the fees received for Placer Mining Grants at Fort Cudahy, Statement No. 239, for the sum of \(\$ 1,170\), which covers the period from Sept. 27, 1898 to July 22, 1899.

This amount was not deposited in the bank at Dawson, until August 7, 1899.
The return does not bear the numbers of the counterfoils nor have they been received.

Upon the return for September, 1899, Nos. 4898 to 4901 are entered, but the counterfoils have not been received.

No return has been received for August last.
I am, sir, your obedient servant.
The Deputy Minister of the Interior.,
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 8, 1900.
SIR,-I beg to acknowledge the receipt of your letter of the 29th ultimo, asking for an explanation of the delay in depositing to the credit of the Receiver General, the fees received for Placer Mining Grants, at Fort Cudahy, in the Yukon Territory, during the period from September 27, 1898, to July 22, 1899, and in reply to inclose herewith a statement showing the grants made during that period. This statement shows the numbers of the counterfoils, but the Commissioner reports in a letter received from him on the 28th March last, that the Mining Recorder at the above point was supplied with one of the old books of form ' \(I\) ' of the regulations, which had only one coupon attached thereto, and that the same were required by him for the purpose of keeping his records in proper order. The cancelled forms of entrie; will also be found attached.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

\section*{Dawson Water Front. \\ Audit Office, Ottawa, March 8, 1900.}

Dear Mr. Sutherland, - You will notice that Mr. Foster has asked for details of \(\$ 4,744.25\), collected by Clement, Patullo \& Ridley, on account of Dawson water front and fines of \(\$ 23,861\), both of which appear at H-107 of my Report. By referring to my Report, you will also notice that I indicated that no details had been furnished to me. I am still without details from your department, and therefore, if they are to be furnished, they must come from your officials.

> I am, sir, your obedient servant,

Hon. Jas. Sutherland,
J. L. McDOUGALL, A.G.

Acting Minister of the Interior.

Dept. of the Interior, Ottawa, March 23, 1900.
Sir,-Referring to your note of the 8th instant to Mr. Sutherland, with regard to the moneys collected by Messrs, Clement, Pattulo \& Ridley on account of Dawsonwater fronts, I understand that the necessary details have now been sent you in this relation.

As to the details referring to \(\$ 23,861\) collected on account of fines, I think, that these should be sent direct to you by Mr. Lithgow, under authority of the Order in Council of July 19, 1898, which provides that all vouchers for payment out of Local Revenues should be sent quarterly to your office, with financial statements signed by the Comptroller and countersigned by the Commissioner. If you have not already received these details perhaps you will like to telegraph to Dawson for them.

I am, sir, your obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

Dept. of the Interior, Ottawa, March 5, 1900.
Sir,-Referring to your letters of the 13th November and 5th December last, addressed to the Deputy Minister, in which you ask a number of questions respecting the renting of the water front at Dawson, I am directed to inclose herewith copies of correspondence from the perusal of which you will ascertain full particulars in that regard.

> I am, sir, your obedient servant,

The Auditor General.
P. G. KEYES, Secretary.

Commissioner's Office, Dawson, Jan. 8, 1900.
Sir,-I beg to acknowledge the receipt of your letter of November 24, 1899, file No. 505263 , inclosing copy of a letter from the Auditor General, asking for certain information re lease of Dawson water front.

I now beg to inclose copy of a letter from Mr. Thomas Fawcett, Gold Commissioner, and Mr. F. C. Wade, Dominion Lands Agent. This constitutes the agreement under which the water front was rented, but no lease was executed.

Prior to the expiration of this agreement, a number of houses were destroyed by fire and not rebuilt. Owing to this fire, the Commissioner deemed it advisable not to insist on the removal of the buildings remaining before June 15. In the meantime, an action had been brought before the Territorial Court, to prevent the forcible ejectment of certain of the tenants on the water fornt, and Mr. Justice Dugas decided that the
land on which the remaining tenants were located was a public highway. For six weeks, that is from the date of the expiration of Messrs. McDonald \& Morrison's lease, April 30, to June 15, 1899, a certain amount of rent was collected; which, acting under advice of Mr. W. H. P. Clement, Legal Adviser, I placed to the credit of the Local Revenue of the Yukon Territory. The correspondence is inclosed.

The amounts collected are:-
\(\$ 4,74425\)
May 23, less expenses removing buildings.... .... .... 3150
\(\$ 4,71275\)

Statement is inclosed together with leases.
The position in which the water front now stands, is dealt with by the Grown Timber and Land Agent, in his letter to me of Jan. 4, copy of which is inclosed.

I am, sir, your obedient servant,
The Secretary, Dept. of the Interior.
J. T. LITHGOW, Comptroller.

Audit Office, Ottawa, March 7, 1900.
Sir,-In reply to my letters of November 13 and December 5 last, in reference to the Dawson water front, I have received your letter of the 5th instant, inclosing letters from several officials at Dawson.

It is stated in these letters that the water front was leased to Messrs. McDonald and Morrison for one year, from May 1, 1898, for a rental of \(\$ 30,000\) : that Messrs. Clement, Patullo and Ridley, collected and paid over to Mr. Comptroller Lithgow, \(\$ 4,744.25\), rent for the period from April 30 to June 15 ; that this money was treated by Mr. Lithgow, acting on the advice of Mr. W. H. P. Clement, Legal Adviser, as Local Revenue; that the portion of the water front affected by said lease, together with a larger portion of the water front outside of the same was disposed of early last spring to different parties or companies, but the leases have not yet been executed, awaiting final instructions from the Hon. the Minister of the Interior, as to terms and conditions.

I have to ask if the Minister has given the required directions in reference thereto; and if he concurs in the opinion of Mr. Clement that the rents of these water fronts shall be treated as Local Revenue.

I do not find any further amounts on account of these rents in the statements of Local Revenue to December 31, but the Dominion Lands agent at Dawson has collected and deposited as Dominion Lands Revenue, \(\$ 1,780\), paid by the North American Transportation and Trading Co., for one year's rent from May 1, 1899, of the water front opposite Lot 1, 2 and 3, Block D.

Mr. Lithgow states in his letter that he incloses a statement of the rent collected by Messrs. Clement, Patullo and Ridley (\$4,744.25) together with leases. None of these hav been forwarded to this office, and I would like to have them.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALT, A.G.

Dept. of the Interior, Ottaifa, March 17, 1900.
Sir,-I have the honour, by direction, to inform you, in reply to your letter of the 7 th instant, that it is considered here that all revenue from the lands referred to in that
letter, being the lands or the lands covered by water which comprise the water front of Dawson, belongs to the Crown as represented by the Dominion Government, and should be deposited on account of Dominion Lands Revenue to the credit of the Receiver General, unless special reasons exist which are not known here which establish the correctness of the opinion expressed by Mr. Clement that such revenue or rents should be treated as part of the 'Local Revenue of the Yukon Territory.' The matter is now the subject of correspondence with the Commissioner.

To comply with the request in the closing paragraph of your letter of the 7th instant, I am to state that a certified copy of the statement therein referred to is inclosed, herewith, and that certified copies of the leases referred to are being prepared and will be forwarded to you early next week.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Dept. of the Intertor, Ottawa, June 11, 1900.
Sir,-Referring to your letter of the 7th March last, and my reply thereto of the 17 th idem, respecting the sum of \(\$ 4,744.25\) collected for rentals on a portion of the water front at Dawson and deposited to the credit of Local Revenue, I am directed to say that I am to-day advising the Commissioner of the Yukon Territory to transfer the amount from the Yukon Local Revenue Account to Dominion Revenue.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Audit Office, Ottawa, March 21, 1900.
SIR,-I have received your letter of the 17 th instant, inclosing a copy of the statement of rents collected from tenants on the Dawson water front, and the costs and expenses connected therewith:-

Among the costs are the following:-
Bourque vs. Ogilvie No. 1.... ...... .... .... . .... .... \(\$ 150\)
No. 2.... ...... .... .... .... .... 150
Costs in ejecting tenants.... .... . ... . ... . .... . ... . ... . 300
I have to ask for particulars of these items.
If there is no means of having legal accounts taxed, they should at least be certified by the Commissioner and the Accountant.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.

> J. L. McDOUGALL, A.G.

Dept. of the Interior, Otrawa, March 26, 1900.
Sir,-I am directed to acknowledge the receipt of your letter of the 21st instant, and in reply to inclose, herewith, copy of a letter dated the 30 th June last, from Mesirs. Clement, Pattullo \& Ridley, together with a copy of a detailed account from the same firm, in connection with the ejection of tenants from the Dawson water front.

I am also to inform you that a copy of your letter will this day bs forwarded to the Comptrofler of the Yukon Territory, with a request that full particulars with reference to all items referred to in your communication may be furnished as soon as possible.

I am, sir, your obedient servant,

Sir,-Messrs. Clement, Pattullo \& Ridley, in their letter dated June 30, 1899, addressed to Mr. Lithgow, copy of which you inclosed with your letter of the 26th instant, state that Dr. Isidore McWilliam Burke instituted two actions against the Commissioner and the sheriff, one to restrain his ejectment and the other for a mandamus to compel his reinstatement and the return of his building, both of which actions are still proceeding and will be tried sometime next fall. They charged and deducted from collections they made \(\$ 150\), in each case as a retainer. Then for their costs in connection with the ejectment of the occupants and obtaining removal of the buildings, \&c., they charged a lump sum of \(\$ 300\).

I have to inquire if you submitted these bills to the Justice Department for taxation. The usual certificate of that department is required.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 25, 1900.
Sir,-Referring to your letter of the 21st March last, in the matter of Messrs. Pattullo \& Ridley's account for the collection of rents and for the ejection of tenants on the Dawson water front, I am directed to say that a letter has now been received from the Comptroller, transmitting a communication from Messrs. Pattullo \& Ridley, which I quote in full:-
'Referring to your letter of the 17 th ult., asking details of our accounts in connection with the following matters:-
'Bourke vs. Ogilvie, No. 1.
'Bourke vs. Ogilvie, No. 2.
' Costs of ejecting water front tenants.
'These are all old matters, and, as you know, we have passed through several fires since and we are unable, at this date, to furnish details. Our impression was that detailed statements had been furnished you in the two Bourke cases.
'With regard to the costs in connection with the ejection of the tenants on the water front, our recollection is that we simply lumped the amount of the costs. As you know, there were any number of different ejectments, and the whole matter ran along for some weeks, and we have always thought that the amount charged by us in connection with that matter was absurdly small, and our lumping the costs at \(\$ 300\) must have been a mistake.
' With reference to these costs, we do not think that our books, in any case, would have shown details. There were so many different cases that it would have been impossible to have kept a detailed statement of the services rendered.
'We regret that we are unable to furnish the details in the other two cases of the accounts rendered you, but you will appreciate our position.'

In transmitting the above, the Comptroller stated that before accepting the statement of Messrs. Pattullo and Ridley, he consulted the legal adviser, who informed him that the charges were very reasonable for the work performed.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

\section*{Local Revenue-Yukon Territory.}

Audit Office, Otitawa, March 28, 1900.
Sir,-Referring to your letter of the 23rd instant, re statement asked for by the Public Accounts Committee in reference to certain items of the Local Revenue, Yukon

\begin{abstract}
Territory, I have to inform you: (1) that I have forwarded to the Clerk of the Committee, a copy of the Dawson water fronts rents received from your department a few days ago; and (2) with reference to the details of fines, the committee are aware that no details have been received at this office, and will no doubt take such action as may be deemed necessary.

As to your reference to the Order in Council of July 19, 1898, and the obligations imposed on the Yukon officials thereby, I beg to call your attention to my letter of June 23, 1899, and Mr. Lithgow's reply dated December 19 last, which you forwarded to this office on January 22. You will observe that Mr. Lithgow states that he has been advised by the legal adviser of the Council, that he is not required under the Order in Council you quote, to send statements of the details of the revenue collected, but wishing to meet the requirements of the Audit Office he had sent a statement of revenue collected for the September quarter and would send one to December 31. Possibly, unless he receives further instructions, he may not send any statement after those mentioned.

I would again suggest the propriety of a Minute of the Treasury Board being passed, assigning the audit of this account, revenue as well as expenditure, to this office in accordance with Section 50 of the Audit Act; and that Mr. Lithgow should be instructed accordingly.
\end{abstract}

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Audit Office, Otrawa, April 20, 1900.
Sir,-I send herewith, a copy of a letter to Mr. Lithgow in reference to payments made to himself and other Dominion Officers out of the Local Revenue, in addition to their regular salaries paid by your department. Are not these payments debarred by Section 51, of the Civil Service Act, as amended by 51 Vict., Chap. 12, Sec. 12 ?

As the administration of the Yukon Territory comes under your department, the supervision and control of the Local Revenue, receipts and payments, naturally follow. I have had occasion to call your attention to two officers who were drawing pay both from your department and out of the Local Revenue, and also to a theft of \(\$ 2,300\) of the funds, about which you had no information, nor any means of getting information. If you have not already done so, it seems to me you should take the necessary action to have returns and full information in reference to this account furnished to your department.

I am anxious about this matter, that I may be able to obtain information from you with reference to doubtful payments, and that you may see the regulations carried out in such cases.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, April 20, 1900.
Sir,-According to your return of the Local Revenue Account for the December quarter, the following payments have been made:-

To yourself, salary as clerk of the Finance Committee, at \(\$ 1,000\) per annum.
J. N. E. Brown, salary as clerk of Council, at \(\$ 600\) per annum, afterwards increased to \(\$ 1,000\) per annum.
D. W. Davis, as License Commissioner, attendance at 16 meetings, \(\$ 200\).

Col. S. B. Steele, as License Commissioner, attendance at 16 meetings, \(\$ 200\).

Inspector R. Belcher, as Deputy Inspector of Licenses, at \(\$ 500\) per annum.
Staff-Sergt. C. C. Raven, as Sub-Inspector of Licenses, at \(\$ 250\) per annum.
H. A. Bliss, as acting Chief License Inspector, at \(\$ 200\) per month.

Please let me have a copy of the Ordinances of the Commissioner in Council making these appointments.
I am, sir, your obedient servant,
J. T. Lithgow, Comptroller, Dawson.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 14, 1900.
Sir,-Referring to your letter of the 20th April last, regarding expenditure out of Local Revenue, Yukon Territory, being payments made to Dominion officers out of the Local Revenues, in addition to their regular salaries paid by this department, I am directed to say that a letter has now been written to the Commissioner of the Territory saying that while it may be legal for him as Commissioner in Council to employ Dominion officials and to pay them for local services, it is considered that such action is of doubtful policy and likely to lead to serious difficulty if persisted in, and that consequently the practice should be stopped for the future.

He has further been advised that if there are any officials with whom any agreement has been made to pay them for any other duties than those which they have to perform under the Dominion Government, his Council will have to decide as to payment.

I am, sir, your obedient servant,
The Auditor General.
P. G. KEYES, Secretary.

Audit Office, Ottawa, June 16, 1900.
Sir,-In my letter of April 20 last, I called attention to Dominion officials in the Yukon who were being paid out of Local Revenue, in addition to their regular salaries paid by your department.

In your reply of the 14th instant, appears the following:- 'That a letter has now been written to the Commissioner of the Territory saying that while it may be legal for him as Commissioner in Council to employ Dominion Officials and to pay them for local services, it is considered that such action is of doubtful policy and likely to lead to serious difficulty if persisted in, and that consequently the practice should be stopped for the future.'

In view of the above, I do not understand the concluding paragraph of your letter which reads as follows:- 'He has further been advised that if there are any officials with whom any agreement has been made to pay them for any other duties than those which they have to perform under the Dominion Government, his Council will have to decide as to payment.'

> I am, sir, your obedient servant,

The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 27, 1900.
Sir,-I am in receipt of your letter of the 16 th instant, replying to departmental letter of the 14th instant, with reference to my ruling on the question submitted in your letter of April 20, regarding the payment of persons for services rendered to the Yukon Council in addition to the amount received for their services rendered to the Dominion Government, and you intimate that you do not understand the concluding
paragraph of this ruling where I suggest that if there are any officials with whom an agreement has been made to pay them for other duties than those which they have to perform for the Dominion Government, that the Yukon Council will have to decide as to payment.

In explanation of this, I may say that as the Yukon Council had engaged for local services persons whro were regularly employed under this Government, to what extent I am not aware, and for which they received additional remuneration from local revenue, I felt that the responsibility as to carrying out any such arrangement would rest entirely with the Yukon Council.

I did not undertake to assume any responsibility in this matter excepting to make the suggestion to the Commissioner that I considered it doubtful policy and likely to lead to difficulty if the Local Government employed officials of the Dominion Government, and I'wished to put a stop to it as far as this department was concerned.

I am, sir, your obedient servant,
The Auditor General.

\author{
JAS. A. SMART, D.M.I.
}

\section*{Audit Office, Ottawa, April 27, 1900.}

Sir,-Your Local Revenue statement for March quarter shows that you have overdrawn your account in the Canadian Bank of Commerce by \(\$ 20,222.43\).

Please let me know:-(1) the authority on which the Yukon Council have expended more that the local revenues; (2) the terms of the arrangement with the bank for allowing the overdraft; (3) if you expect the revenue to meet current expenditure for the future; (4) how you expect to meet this overdraft

I am, sir, your obedient servant,
The Comptroller, Yukon Territory.
J. L. MoDOUGALL, A.G.

Commissioner's Office, Dawson, May 18, 1900.
Sir,-I beg to acknowledge receipts of your letter of the 27 th ultimo, re Local Revenue, Yukon Territory, asking information.
1. 'The authority on which the Yukon Council have expended more than the local revenues.'

In reply, I beg to inclose copy of Ordinance No. 47, of 1899, 'An Ordinance which provides for the building of Wagon roads in the Yukon Territory, which authorizes the Commissioner to borrow from any bank in Dawson, a sum not exceeding one hundred thousand dollars.

The amount expended on Wagon roads in the Territory up to April 30, is \(\$ 99,417.22\).
2. 'The terms of arrangement with the bank for allowing overdraft.'

The Canadian Bank of Commerce, under this Ordinance, allowed the overdraft, charging interest at the rate of five per cent per annum.
3. 'If you expect the revenue to meet the current expenditure for the future.'

I inclose Ordinance No. 11, of 1900, 'An Ordinance Respecting Assessment in Dawson.' When this comes into effect, there should be enough revenue to meet all our requirements.
4. 'How do you expect to meet this overdraft.'

The amount expended in the construction of Wagon roads will likely be refunded by the Dominion Government; if not, we will curtail our expenditure next year and provide for the deficit.

I am, sir, your obedient servant,

\section*{Yukon Vouchers Required.}

\author{
Audit Office, Ottawa, Sept. 24, 1900.
}

Sir,-The following vouchers and subvouchers for disbursements out of the Local Revenue of the Yukon, have not been furnished:-
Good Samaritan Hospital-
July 10, \(\$ 1,180\); Aug. 10, \(\$ 1,266\); Sept. 3, \(\$ 1,006\).
North American T. \& T. Co., Oct. 18, \$2,223.60.
Davison \& Matheson, July 27, \(\$ 733.20\), of which the following subvouchers are re-quired:-
\[
\text { McLellan, McFeely \& Co., hardware. . . . . . . . . . . . . . . . . . \$ } 5130
\]

North American \({ }^{\text {T. \& T. Co., nails. }}\)
1000
H. H. Honnen, teaming

400
D. A. Matheson, round timber.

3960
W. H. Gifford, teaming. . . . . . . . . . . . . . . . . . . . . . . . . . . 330

Extras on Fire hall. .. . . . . . . . . . . . . . . . . ...... . .... . 17500
Davison \& Matheson, July 27-
Labout, \(\$ 288.40\); McLennan, McFeely \& Co., \(\$ 17.55\).
D. A. Matheson, Sept. 27, \(\$ 574.80\), subvouchers required as follows:-

Labour on bridges
9600
H. H. Honnen, hauling, \(\$ 15\) and \(\$ 9\).

Stringers for 2 bridges, \(\$ 129.80\); nails, \(\$ 10\).
D. A. Matheson, Oct. 3, \(\$ 1,155.75\), subvouchers required for wages:- \(\$ 13.30, \$ 54.30\), \$729.20, \(\$ 505.80\).
D. A. Matheson, Oct. 3, \(\$ 551.20\), subvouchers required as follows:-Wages, \(\$ 328.40\);
H. H. Honnen, \(\$ 3\).

Sale of dogs :-Auctioneer's receipt for commission paid Aug. 15, \$16; Sept. 6, \$15. I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa; Sept. 24, 1900.
Sir,-On July 8, 1899, \(\$ 266.66\) was paid to J. W. Stingle, as Stoker in Fire Department to date. On July 31, he was paid for his services as stoker, the whole of July, at \(\$ 200\) per month,-seemingly a overpayment.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Commissioner's Office, Dawson, Y. T., Oct. 23, 1900.
Sir,-I beg to acknowledge receipt of your letter of the 26th ult., ref. No. 481817 , relating to payment made to J. W. Stingle, as stoker in the Dawson Fire Department.

In reply, I beg to say that Mr. Stingle was paid on July 8, 1899, \$266.66. This was for salary as stoker for ten days in May and for June, at \(\$ 200\) per month; the payment was made on July 8, and by mistake, the receipt read July 8. It should really be to June 30 .

The firemen were all paid up to June 30, with the exception of F. J. Fletcher, who was paid to July 8, and his services dispensed with.

I am, sir, your obedient servant,
The Secretary, Dept. of the Interior.
WILLIAM OGILVIE, Commissioner.

Audit Office, Ottawa, Sept. 24, 1900.
Sir,-T. H. Hinton was paid his salary as a clerk in the office of the Gold Commissioner, for April, May and June last, at \(\$ 100\) a month.

He was also paid out of Local Revenue \(\$ 170\), for his services as acting Chief License Inspector from April 19 to June 9.

An explanation is requested.
I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, Dec. 17, 1900.
Sir,-Referring to your letter of the 24th September last, in which you draw attention to the fact that Mr. T. H. Hinton was paid his salary as a clerk in the office of the Gold Commissioner, for April, May and June, 1900, at the rate of \(\$ 100\) per month, and that he was also paid out of Local Revenue, \(\$ 170\) for his services as Acting Chief License Inspector, from April 19 to June 9, I beg to submit the following facts in regard to the payments mentioned.

At the time the Liquor License Ordinance of the Territories was amended reducing the license fees and every holder of a license was entitled to an extension of time, it was absolutely necessary that some one should be appointed to act as License Inspector and to sign the licenses. The Chief License Inspector was away from Dawson on business during the period mentioned. Mr. Hinton was appointed and paid a small remuneration for his services; he opened a new Liquor License Register and other books, most of which work was done at night. If a temporary inspector had been appointed the salary would have been much larger than the sum paid to Mr. Hinton. The Commissioner considers that the payment was fair and just and very reasonable for the work performed.

I am, sir, jour obedient servant,
The Auditor General.
JAS. A. SMART, D.M.I.

Commissioner's Office, Dawson, Y. T., Oct. 23, 1900.
Sir,-I beg to acknowledge receipt of your letter of the 26 th ult., ref. No. 481817 , requesting an explanation of payment of salary made to H. A. Stewart, Chief of the Dawson Fire Brigade, for the months of April, May and June, while on leave of absence.

Mr. Stewart was granted leave of absence by the Board of Fire Commissioners to enable him to visit some of the cities on the Coast and to inquire into matters connected with fire departments, to make purchases, and, generally, to acquaint himself with the latest improvements for fighting fire.

One of the foremen acted as chief during his absence, but did not receive any additional remuneration, nor was any one employed to fill the vacancy.

I am, sir, your obedient servant,
The Secretary, Dept. of the Interior.
WILLIAM OGILVIE, Commissioner.

\section*{Re Liquor Licenses and Permits-Yukon Territory.}

Audit Office, Ottawa, April 6, 1900.
Sir,-There is published in the Audit Report for 1898-99, page H-107, a statement of the receipts in the Yukon Territory for Liquor Licenses and Permits, compiled

SESSIONAL PAPER No. 1
from the returns of the Comptroller. One item of this account is \(\$ 72,349.98\) collected by Col. S. B. Steele, for which no details were furnished.

A clerk from this office who visited Dawson last summer, obtained a statement covering this amount, also \(\$ 600\) collected by Chief Inspector McGregor, and \(\$ 50\) paid by S. Dronoen in all \(\$ 75,299.98\). Of this amount, \(\$ 100\) was refunded, \(\$ 2,300\) stolen from the safe at Barracks, and the balance deposited.

You have, no doubt, been furnished, by the Commissioner, with a full report of all the circumstances in connection with this theft, and I have to ask for a copy.

I have to call your attention to the fact that no details having been furnished, I had no means of learning that the receipts were not all properly accounted for; and had it not been that a clerk from this office visited Dawson and obtained the information, I would not yet be aware that a theft had been committed.

I am, sir, your obedient servant,
The Deputy Minister of the Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, April 9, 1900.
Sir,-Referring to your letter of the 6 th instant, in which you draw attention to the receipts in the Yukon Territory for Liquor Licenses and permits compiled from the returns of the Comptroller, I have the honour to inform you that there is no report in this department of \(\$ 2,300\) having been stolen from the safe at the Barracks.

The Revenue from Liquor permits forms part of the Local Revenue of the Territory and the returns are made direct to your office; until the receipt of your letter, the department had no knowledge of the theft.

A copy of your letter has been sent to the Comptroller, and he has been requested to furnish the information you require.

I am, sir, your obedient servant,
The Auditor General.

> P. G. KEYES, Secretary.

Commissioner's Office, Dawson, May 22, 1900.
Sir,-I beg to acknowledge receipt of your letter of the 9 th ult., file 560374, inclosing copy of letter from the Auditor General, requesting report on an amount stolen when in the custody of the License Commissioners, from a safe in the Polics Barracks, the money being the property of the Government of the Yukon Territory.

The facts in this case are:-
Under Ordinance 11, of 1898, the collection of the Revenue from Liquor Licenses was vested in a Board of License Commissioners, composed of S. B. Steele, D. W. Davins and H. T. Wills; they made returns to me of the moneys received from time to time.

In their last return, they charged \(\$ 2,300\), as stolen from the safe. I reported the matter to the Yukon Council, and inclose copy of my letter and their reply. They instructed me to enter the amount as 'Stolen' in my books. I would not debit myself with this amount as received and charge it on the credit side of the cash book as 'Stolen' as the money had never come into my possession. I made a full explanation of it, however, as a note in the cash book. This matter was explained to Mr. J. W. Reid, of the Auditor General's office, when he was in here last summer, and had he not been here making an inspection, a report would have been sent.forward to the Auditor General; but I presumed, as the matter had been fully explained to him, that would be sufficient.

I inclose a copy of the commitment of Constable Conway, who committed the theft.

I am, sir, your obedient servant,
The Secretary, Dept. of the Interior.
J. T. LITHGOW, Comptroller.

Commissioner's Office, Dawson, April 18, 1899.
Sir,-I beg to report that I have received a statement from the Chairman of the Board of License Commissioners to April 5, 1899, showing the amount received from Licenses, \(\$ 49,499.98\); application fees, \(\$ 3,800\). These amounts have been paid to me and credited to the account of Liquor Licenses, with the exception of \(\$ 2,300\), which is reported as being missing from the safe, and is so charged in the return presented.

Awaiting the instructions of the Council.
I am, sir, your obedient servant,
The Commissioner, Y. T.
J. T. LITHGOW, Comptroller.

Commissioner's Office, Dawson, Y. T., May 1, 1899.
Sir,-I am instructed to inform you that your communication with respect to fees from the License Commissioners, and the shortage of twenty-three hundred dollars was presented to the Council at its meeting on Saturday last, and the following resolution was passed:-
'Resolved:-That the License Commissioners be exonerated from any responsibility in regard to the loss of the \(\$ 2,300\) which had been reported stolen by Constable Conway from the License Commissioners, and that the Comptroller be instructed to enter the amount in his books as 'stolen' in accordance with the facts submitted in the report of the License Commissioners.'

I am, sir, your obedient servant,
The Comptroller, Dawson.
J. N. E. BROWN, Clerle of the Council.

\footnotetext{
* The prison population was not furnished to this office during the intervening years, from 1888 to 1898.
* Note by A. G.-The average cost at Kingston has been computed on an expenditure of \(\$ 123,161.49\). This amount is obtained by deducting from the total expenditure \((\$ 182,675.65)\) the sum expended on the binder twine industry \((\$ 59,514.16)\).

The computation was made on this basis because if the binder twine expenditure had been included the revenue from the same source should have been deducted. It was impossible to arrive at the exact revenue as the output of the year had not been all sold.
}
J. L. McD.

\section*{Payment to Deputy Attorney General of Ontario for Counsel Fee.}

\author{
Auditor General's Office, Ottawa, May 18, 1900.
}

Sir, -I beg to bring to your notice a payment of \(\$ 153.20\) made by cheque 278 to the Deputy Attorney General of Ontario as counsel fee in the case of the Queen vs. Choos E. Naun (Indian).

Please let me know your reasons for having made this refund of Local Government expenditure. Is not expenditure of this nature borne under ordinary circumstances by the local authorities?

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

\section*{Department of Justice, Ottawa, May 23, 1900.}

SIR, -I have the honour to acknowledge your letter of the 18 th inst. with reference to \(\$ 153.20\) paid to the Attorney General of Ontario for counsel fee in the above case, and in reply to state that it was originally intended that the prisoner should be tried at Rat Portage assizes, and arrangements were made to that end. The Attorney General's department found it necessary to send up an experienced counsel, and an agreement as to his charges had to be made beforehand. Had it not been for this case no counsel would have been sent to the assizes at Rat Portage. The prisoner arrived too late to be tried there, and was consequently sent to Winnipeg, where he was tried and convicted. I was informed by the Attorney General of Ontario that the extra amount they had to pay counsel was \(\$ 153.20\), and this amount was sent him on the 16 th November last. The case was an exceptional one, and was so regarded by the Attorney General's department.

I am your obedient servant,

The Auditor General.
E. L. NEWCOMBE, D.M.J.

\section*{Justice Department, Ottawa, June 5, 1900.}

Sir,-Referring to your letter of the 10th ultimo, I have to say, that the account against the Hobbs Hardware Company has been written off in view of the result of the investigations by Mr. Ballantyne who was appointed arbitrator under the provisions of Sec. 37 of the Peuitentiary Act. The account against McColl Bros., has been forwarded for collection.

> I am, sir, your obedient servant,

The Auditor General.

> E. L. NEWCOMBE, D.M.J.

\section*{Audit Office, Ottawa, August 11, 1900.}

Sir,-You state in your letter of June 5, that the account against the Hobbs Hardware Co. has been written off in view of the result of the investigations by Mr. Ballantyne who was appointed arbitrator under the provisions of Sec. 37 of the Penitentiary Act.

I have to ask for a copy of Mr. Ballantyne's report and of the proceedings at the investigation.

> I am, sir, your obedient servant,

The Deputy Minister of Justice.
J. L. McDOUGALL, A. \(G\).

\section*{Re Yukon Territorial Court Fees.}

\author{
Audit Office, Ottawa, April 21, 1900.
}

Sir, -On January 16 last, Mr. Lithgow, Comptroller at Dawson, deposited \(\$ 3,980.28\) as the government.share of the fees collected by W. H. Snell, acting clerk of the Territorial Court, Y. T. The papers in reference thereto were forwarded by you to the Finance Department in February last, and have but recently reached this office.

The total amount collected was \(\$ 7,900.40\), of which the clerk retained \(\$ 3,920.12\). In a memo. attached to the papers, which is initialled by you, it is atated that the Yukon Act makes the laws of North-west Territories applicable to the Yukon; that sections 5 to 10 of the North-west Territories Ordinances No. 8 of 1894 (p. 246) fix the remuneration of clerks of court, and under these sections the clerk appears to have made a proper return.

I shall be glad if you can let me have the North-west Territories ordinance in question, which 1 will return.

The government share of these fees should be deposited from time to time as collected, in accordance with the Treasury Minute of May 23, 1890.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Deputy Minister of Justice.

\section*{Audit Office, Ottawa, May 8, 1900.}

Sir, -I am returning herewith the copy of ordinances of North-west Territories for 1894 which you were kind enough to let me have.

The statement of Territorial Court Fees now under consideration covers the fees received by the acting clerk during the 12 months ended December 31, last. When was the Court instituted ?

In accordance with the regulations of the Treasury Board, a monthly statement should be. furnished, showing the receipts in detail as collected, and the balance falling to the government should be deposited daily if amounting to \(\$ 25\).

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

\section*{Justice Department, Ottawa, May 10, 1900.}

Sir,-In reply to your letter of the Sth instant I have the honour to state that upon receipt of your letter of the 21 st ulto, I inclosed a copy of the Treasury Board Minute of May 23, 1890, to Mr. Snell, acting clerk of the court. When Mr. Snell forwarded the \(\$ 3,980.28\) he was advised that he should make his return direct to the Finance Department. This department has no means of checking financial returns from the Yukon Territory nor has it any officers that it could entrust with the auditing of the clerk's books, but no doubt the Finance Department would be able to secure proper audit at the same time that the other Yukon accounts are examined. The court was organized on August 16, 1897.

I am, sir, your obedient servant,

> A. POWER, A.D.M.J.

The Auditor General.

\section*{Audit Office, Ottawa, May 15, 1900.}

Sir, - Your statement of the Territorial Court Fees collected during the year ended December 31 last, reached this office from the Finance Department a short time ago.

As directed by the Treasury Minute of May 23, 1890, you are required to furnish a detailed statement of these fees every month and deposit the portion appertaining to the government daily if the receipts amount to \(\$ 25\), otherwise, whenever that sum is on hand.

I have to ask you to forward as soon as possible a statement of the fees collected during the first four months of the present year, and a deposit receipt for the balance after deducting your fees.

I have been informed by the Justice Department that this court was organized August 16, 1897. I have to ask for a statement of the fees collected between that date and January 1, 1899.
\[

}

\footnotetext{
W. H. Snell, Esq.,

Acting Clerk, Yukon Territorial Court.
}

\section*{Audit Office, Ottawa, August 3, 1900.}

Sir,-A statement has reached meattached to a deposit receipt forwarded by you to the Finance Department, of the Yukon 'Territorial Court fees collected by the acting clerk, W. H. Snell, from January 1 to June 9 inclusive.

The total amount collected was \(\$ 3,303.30\) of which the clerk retained \(\$ 2,521.32\) as his fees, made up as follows :-

These fees are authorized by an ordinance of N.W.T. No. 8 of 1894, page 246, made applicable to the Yukon Territory. This ordinance reads as follows:-"Every clerk shall be entitled to retain to his own use in each year all the fees received by him in that year up to \(\$ 1,500\)." Provision is also made for the percentage of total receipts over \(\$ 1,500\) to be retained by the clerk.

As the statement now in questioncovers the receipt for less than 6 months, is the clerk entitled to olaim the whole of the first \(\$ 1,500\) collected ?

I am, sir, your obedient servant,
The Deputy Minister of Justice.

\section*{Justice Department, Ottawa, August 20, 1900.}

SIR, -In reply to your letter of 3rd instant, I have the honour to state that I think the clerk of the court is entitled to retain the first fifteen hundred dollars of fees collected by him in the year even though the clerk does not remain in office for the whole of such year.

Your obedient servant,
E. L. NEWCOMBE, D.M.J.

The Auditor General.

\section*{Supreme Court Reports.}

\section*{The Supreme Court of Canada, Ottawa, September 17, 1900.}

Sir,-I beg to inclose you a statement of stock of Supreme Court reports on hand on the first of July, 1900. I regret to say that this year, as last, there are a number of volumes missing, for the absence of which I am quite at a loss to account, being 53 volumes between 1 and 27 inclusive; and there is an overplus of 14 copies of vol. 28.

I pointed out to you in my report last year that it is difficult to keep a check upon the store department of unbound reports while more than one person has a key, and more particularly as the only access to the roof of this building when repairs, \&c., have to be made, is through the attic in which these volumes are kept. If you can suggest any way by which a better check can be placed upon these books, or desire to discuss the matter with me, I shall be very pleased to adopt your suggestion, or to see you, whichever you may desire.

I am, sir, your obedient servant,
E. R. CAMERON, Registrar.

The Auditor General.

\section*{Re Exchequer Court Reports.}

\section*{Audit Office, Ottawa, September 6, 1900.}

Sir,-I have to ask you for the customary stock account of Exchequer Court Reports, showing volunses and parts of volumes on hand June 30. 1899, the number received from Printer during the year, the number delivered free, the number sold, and the number on hand, June 30, 1900.

The sales amounted to \(\$ 540.72\) in 1898-99, and to \(\$ 114.38\) in 1899-1900. How do you account for the decrease ?

I am, sir, your obedient servant,
J. L. McDOUGALL, \(A\). \(G\).

The Registrar Exchequer Court.

\section*{Exchequer Court, Ottawa, September 12, 1900.}

SIr, -I have the honour to acknowledge the receipt of your favour of the 6 th instant, and in complianse therewith leg to transmit to you herewith the usual statement, respecting the Exchequer Court Reports, showing the stock on hand June 30, 1899, the number sold and delivered free during 1899-1900, and the stock on hand June 30, 1900.

You are asking me for an explanation as to the decrease in sales during the last fiscal year as compared with the previous yeur. However, the reason is obvious. We have not issued any new volume during the last fiscal year, and such sales as have been marle during the last year have been of volumes already published.

I am, sir, your oberlient servant,
L. A. AUDETTE, Registrar.

The Aurlitor General.

\section*{Exchequer Court, Ottawa, September 20, 1900.}

Sir,-I have the honour to acknowledge the receipt of your comminication of the 17 th instant, asking again for some explanation with respect to the statements furnished to you.

In reply I may say that I find it somewhat strange that this letter asking for the same explanation as in the last three years should again come today. I would have thought that by this time the employees of your department in charge of the revision of these accounts would have understood more about them. As any explanations given would only be a repetition of my letters sent to you during the last two years, and perhaps before-but I have only ascertained with respect to the last two years-I inclose herewith, in reply to your query, a copy of my letter to you of the 28 th of September, 1899, to which I cannot add anything more, so far as I understand it at any rate.

> I am, sir, your obedient servant,

The Auditor General.
L. A. AUDETTE, Registrar.

\section*{Exchequer Court, Ottawa, September 28, 1899.}

SIR,-I have the honour to acknowledge the receipt of your communication of the 26th instant, calling my attention to the statement showing the sales of Exchequer Court Reports as given in my stock account, stating that it does not agree with the sales as given in my cash returns.

1 regret to see that this same question is raised this year again, while I had expected that my letter of the 27 th of September, 1898, would have dispelled any misunderstanding in that respect. I also regret to see that so far, I have been unsuccessful in imparting to your department a true construction and understanding of my statements, both in respect of the stock and of cash returns with regard to the sales of these reports.

Were my sales of the reports all for spot cash, you would be perfectly right in expecting that the return of sales in the stock account should correspond with the cash returns; but I have here to repeat again as I did last year, that the subscriptions to the reports become due when the first of the then current volume is distributed. Some subscribers pay cash on receipt of the account, some delay. It is what actually takes place with respect to the latter that your office does not seem to understand. For instance, take the current volume, No. 6, the first part of which was published in the month of June of the fiscal year 1897-98, and for which accounts were then sent for the whole volume, and when the bulk of the sales were made, with the exception of a few copies sold since which my stock return duly shows; some subscribers paid during the month of June 1898, that is to say during the fiscal year 1897-98 when the sales were made ; others paid during 1898.99; but my cash returns for 1898-99 include sales made in 1897-98 as well, and most of the moneys for this volume sold in 1897-98 and returned there as such in the stock account came during the year 1898-99, establishing at once that the number of sales during 1897.98 should not agree with my cash returns for that year. The same principle applies to the year 1898-99. I can only repeat that your construction would be right were my sales all for spot cash.

I trust that I have now made myself understood. However, if further explanations are required I shall be only too glad to give them; but I may add that the statements I have transmitted to your department are correct in every particular. \&c., \&c.
The Auditor General.

SIR,-In reply to your letter of September 20, I may say that the employees of this office succeed in acquiring a fairly good understanding of the accounts that come before them, yours among the rest.

You should bear in mind that not only is it necessary that we should understand your accounts but that they be exhibited in the report so that they will be clear to the ordinary reader. This is not done when two statements are published which do not agree on the face, the one based on the cash received, the other on your stock account. Your letter of a year ago which you seem to think ought to have rendered unnecessary any reference to the matter this year, only explained the cause of the differences. It did not furnish tigures to show how that difference was made up. Unfortunately pressure of work in getting ont the report prevented me from following up the matter then.

You state in your letter of last year that the difference is caused by reports being paid for before delivery. In that case what is needed is a statement showing in the usual detail what volumes or parts of volumes were paid for before June 30, 1899, and June 30, 1900, and delivered after these dates. An adjustment could then be made between the two published statements.

Your early attention will oblige.

> I am, sir, your obedient servant,

The Registrar, Exchequer Court.
\[
\text { J. L. McDOUGALL, } A . G .
\]

\section*{Exchequer Court, Ottawa, October 8, 1900.}

Sir,-I have your communication of the 2 nd instant, which you preface by saying that your employees have succeeded in acquiring a fairly good understanding of my accounts that come before them, but really what follows hardly bears it out.

Yon state that in my letter of last year I said the difficulty was caused by reports being paid for before delivery. Surely this is not the gist of my letter. The cause stated by you is only one of the causes mentioned, and under the circumstances I would invite a third perusal of my letter of September 28, 1899. I have, however, had prepared another statement which I inclose herewith, and trust that it will make the matter clearer.

I am, dear sir, your obedient servant,
The Auditor General \(\quad\) L. A. AULETTE, Registrar.

Audit Office, Ottawa, October 19, 1900.
SIR,-I have received your communication of the 8 th instant, inclosing a further statement re Exchequer Court reports.

I have compiled from this statement for publication an adjustment between the reports sold as shown by your stock account, and the reports accounted for in your monthly cash returns, a copy of which I inclose. See page M-52.

In addition to your stock account this adjusting statement is all I require. I shall be glad to learn that we now understand one auther, and that next year you will furnish such an adjusting statement with your stock account.

I have the honour to bo, sir, your obedient servant,
The Registrar, Exchequer Court.
\[
\text { J. L. McDOUGALL, } A . G \text {. }
\]

\section*{Exchequer Court, Ottawa, October 23, 1900.}

Sir, -I have your communication of the 19 th instant with respect to the above matter.
I should have thought that by this time I had nore than shown my goolwill in supplying you with statement after statement exhibiting clearly the true and honest transactions with respect to the sale of the reports.

I have perused the adjustment statement you have transmitted to me, and beg to say with respect to the same that in addition to the clerical errors in the addition and subtraction, the statement is not correct in its details, although the total amount therein shown is correct.

I have the honour to be, sir, your obedient servant,
L. A. AUIETTE, Registrar.

The Auditor General

\section*{Re Arrears due for Exchequer Court Reports.}

\author{
Exchequer Court, Ottawa, October 15, 1900.
}

SIR,-I beg to acknowledge the receipt of your communications of the 6 th ultimo and 8th instant with respect to the above matter, and in reply beg to call your attention to the fact that the statement I transmitted to you on the 8 th instant contains the information you require. I have, however, much pleasure in adding that at the present date I have no occasion to send you a statement such as the one requested.

I am, sir, you obedient servant,

\section*{Audit Office, Ottawa, October 19, 1900.}

Sir,-In reply to my letter of September 6, last, asking for a statement of arrears due on June 30 last, and yet unpaid, I have received your letter of the 15 th instant from which I understand that there are now no such arrears.

You furnished on Uctober 12, 1899, a statement of the arrears due on that date. Such of those as remained unpaid when the Audit Report went to print were published and are shown on page I-56. Please inform me when these were paid.

I am, sir, your obedient servant,
J. L. McI)OUGALL, \(A\). .

The Registrar, Exchequer Court.

\section*{Exchequer Court, Ottawa, October 23, 1900.}
\(S_{\text {IR, - I }}\) beg to acknowledge the receipt of your communication of the 19 th instant, and to state in reply that the remittances for the reports referred to in your communication have been paid, partly during the last fiscal year, as appears by the statements already transmitted, and partly since June 30, 1900. Details of the latter payments will appear in my monthly returns.

I wish further to add, with the view of avoiding useless cerrespondence, that I do not intend in future to treat as arrears the subscriptions due on a current volume. I have come to this conclusion after consultation with publishers, and I think it is tine right mode of dealing with the matter, and in view further of the fact that some subscribers object to paying their subscription until the complete volume has been supplied.

With respect to the statement of arrears published at page I-56 of your report of last year, I may say that one of these items has not yet been paid. It is the one due by Mr. McIntyre for the first part of the current volume. Seeing at the time that no remittance had come from him his name was at once struck off the subscription list, and having failed to recover this small amount, I have, following the practice of regular book-keeping, transferred it to what I would call profit and loss, which would properly bring it in the free list for that part, believing that I would be unable to recover the amount under any circumstances.

I am, sir, your obedient servant,
L. A. AUDETTE, Registrar.

The Auditor General.

SESSIONAL PAPER No. 1

64 VICTORIA, A. \(190 \uparrow\)

\section*{Indemnity and Mileage Accounts, Senate.}

\section*{Audit Office, Ottawa. September 8, 1900.}

SIR,-Referring to your expenditure on account of Indemnity and Mileage, Senate, for session of 1900, I notice that the necessary declarations required by Section 31, Chapter 11, Revised Statutes have been received from only 24 Senators. Please cause them to be obtained from the remainder of the Senators and forwarded to this office as soon as possible with explanation as to cause of delay.

I anı, sir, your obedient servant,
J. L. McDOUGALL, A. .

The Clerk of the Senate.

The Senate, Ottawa, September 11, 1900.
SIr,-I am in receipt of your letter of the 3 rd instant. The remaining declarations will be forwarded to you as soon as I have received them from the Senators.

I am, sir, your obedient servant,
SAM'L. E. St. O. ClIAPLEAU, Clerk of the Senate.
The Auditor General.
Note, Oct. 31-Declarations have since been received from 39 Senators.

\section*{Issue of Cheques without sufficient Authority.}

\author{
Audit Office, Ottawa, May 31, 1900.
}

Sir,-Your attention has been drawn to the discussion in the House yesterday regarding payments which have been made in the Senate, for which there are no appropriations.

Until money has been provided by an Act of Parliament for any purpose, no expenditure can be made legally. Whenever direct applications are made to me for payments under such circumstances I am obliged to refuse to pass the applications, as I have no authority to put myseli in the place of Parliament. Wheu credits are given, as in your case, repayments mist be made to the bank, no matter whether the drawing of the cheques was justifiable or not. However, after I have notified those in whose favour credits are given that it is illegal to make payments of a certain kind and when they do not carry out the instructions which I feel it my duty to give, I have no alternative but to decline renewing their credits. I trust, therefore, that no such cheques will be drawn by you in the future.

I ain, sir, your obedient servant,
J. L. McDOUGALL, A. \(G\).

The Clerk of the Senate.
The Senate, Ottawa, June 2, 1900.
Dear Sir,-I have the honour to acknowledge the receipt of your letter of the 31st ultimo, re cheques issued by me on the resolution adopted by the House of Commons on the 23rd of that month, vote \(\$ 8,000\) for Senate Legislation. After the conversation I had with you on the subject a few days before the latter date, I was under the impression that the issne of my cheques against this item when adopted by the Commons, would pass unchallenged, particularly after the declaration made by Sir Mackenzie Bowell, on the subject, on the floor of the Senate, to which I then called your attention, and I acted accordingly ; but I must either have misunderstood you at the time or you have probably altered your mind since. Be it as it may, eheques for over \(\$ 2,000\) have been issued against said item by me since, the payment of which, had I known would be objected to by you, l could have arranged for with a bank in this city which was willing to cash said cheques and hold them if necessary until the formality of the law had taken its course ; and I must ald that if a bank is willing to assume such a risk, the informality to which you draw my attention cannot be of a very serious nature. Now with reference to the reason you offer for objecting to pass applications for payment under the circumstances, \(i\). e. that "you have no anthority to put yourself in the place of Parliament" strikes me to be the very thing you have been doing; because it is a well established fact that the House of Cormons jealously reserves to itself the sole right to legislate money or supply bills, so that the acquiescence of the Senate like the Royal Assent to the same is looked upon only as a matter of course ; consequently, your refusal to allow applications for payment of salaries to government employees and work of legislation after the House has signified the desire to pass the necessary appropriation for the purpose, is to my own way of thinking nothing less than opposing the expressed wishes of Parliament.

I have the honour to be, sir, your obedient servant,

> SAM'L. E. St. O. CHAPLEAU, Clerk of the Senate.

The Auditor General.

1

\section*{Audit Office, Ottawa, June 5, 1900.}

Dear Sir,-I have the honour to acknowledge the reccipt of your letter of 2nd instant. I recollect the conversation which we had with reference to the issuing of cheques for Senate payments. You spoke of the statement made by Sir Mackenzie Bowell in the Senate, and when you referred to the action of the Commons then pending 1 said that after we had found out what they would do, we should discuss this matter again, and there the matter rested.

You mention the "formality" of the last steps in the passing of an Act of Parliament authorising the expenditure of money. I had occasion to go into this sulbject very exhaustively at the time of the North-west rebellion with Mr. Blake and sir John Bourinot. They both said that there was no authorization for such expenditure short of an Act of Parliament, and I have never heard any person at all familiar with these subjects argue anything else.

There was a time when a resolution of the Honse of Cominons was taken as an authorization, but that time is long past, and all that officials can do is to allhere to the law. If it were not so the Commons might meet without any reference to the Senate or Crown and rote money for any object they pleased. But I fancy you would find some very strong statements on the part of the other two branches of the legislature if such a state of matters were to arise.

With reference to your statement of what a bank would have done, without discussing that at length, there are grave objections to officials getting advances from banks to pay other officials, with the expectation of obtaining parliamentary authority.

I am, sir, your obedient servant,
The Clerk of the Senate.
J. L. McloUGALL, A.G.

\section*{Payment of Increases of Salary not Estimated for Illegal.}

\section*{Audit Office, Ottawa, June 29, 1900.}

Sir,-I notice in the Senate Minutes of Proceerings No. 50 of June 12, and No. 60 of June 26, the following recommendations of the Committee on Internal Economy and Contingent Accounts :-

That the salary of J. G. A. Creighton be increased from \(\$ 2,500\) to \(\$ 2,800\) a year.
That the salary of J. C. Young be increased by \(\$ 200\).
That the salary of John C. Carleton be increased from \(\$ 1,000\) to \(\$ 1,300\).
That the salary of A. A. Boucher be increased from \(\$ 2,500\) to \(\$ 2,800\).
That the salary of the Very Rev. J. S. Lauder, Chaplain, be increased from \(\$ 400\) to \(\$ 500\).
That the salary of A. Garneau be increased from \(\$ 2,000\) to \(\$ 2,200\).
That the salary of T. B. Trudel be increased from \(\$ 1,200\) to \(\$ 1,300\).
That the salary of A. Soutter be increased fron) \$1,600 to \(\$ 1,800\).
That the salary of J. St. D. Lemoine be increased from \(\$ 1,600\) to \(\$ 1,800\).
That the salary of A. L. Garneau be increased from \(\$ 1,000\) to \(\$ 1,050\).
That the salary of C. T. Gibbs in increased from \(\$ 1,600\) to \(\$ 1,800\).
That the salary of John Dunn be increased from \(\$ 900\) to \(\$ 950\).
That the salary of Jos. Pelletier be increased from \(\$ 700\) to \(\$ 750\).
That the salary of Edw. Ashe be increased from \(\$ 650\) to \(\$ 700\).
That the salary of Theo. Paquette be increased from \(\$ 600\) to \(\$ 650\).
That the salary of Jean A. Choquette be increased from \(\$ 650\) to \(\$ 700\).
That the salary of Arthur Ralph be increased from \(\$ 650\) to \(\$ 700\).
That the salary of Ernest Berube be increased from \(\$ 600\) to \(\$ 650\).
The Senate Estimates for \(1900-1901\) passed by the Committec in Supply on June 22, provide salaries for these officials at the lower salary and not at the increased rate. You will see, therefore, that as no financial provision has been made for the higher rate it will not be possible to pay these increases of salary.

I notice also that you have paid Mr. J. B. Myrand, Postmaster of the Senate, at the rate of \(\$ 1,600\) per annum from March 22, 1900, while there was only a salary of \(\$ 1,400\) provided for this official. Please obtain from him a refund of this excess of salary unless there is some justification that I cannot imagine.

I am, sir, your obedient servant,
The Clerk of the Senate.
J. L. McDOUGALL, \(A . G\).

The Senate, Ottawa, June 30, 1900.
Sir,-I have the honour to acknowledge the receipt of your letter of yesterday on the above subject. In reply to your contention that said officials cannot be paid their salaries at the increased rates therein referred to, on the plea that no provision has been made in the estimates for the same, I would draw youratteution to the fact that the salaries and contingent expenses of the Senateare provided for in one lump sum, out of which the Senate may, in the exercise of its constitutional powel, order such salaries to be pail to its officials as it thinks fit. For fear, however, that the contingent expenses
should exceed the amount remaining available after paying out those increases of salaries, I have this day made application for an additional sum to be placed in the further supplementary estimates.

With reference to the error made in the case of Mr. Myrand's increase of salary, the overpayment was discovered sometime ago and was rectified on the 15 th instant.

You will also notice that a deduction will be made in the salary of Messrs. Creighton and Carleton, on the 15th of July next; it will be a refund of an excess of salary paid to thens owing to an omission which occurred in the report of the Committee on Internal Economy and Contingent Accounts granting an increase of salary to those two officials, which omission was rectified in their subsequent report, but after such increase of salary had been paid the latter for part of the month of June.

I have the honour to be, sir, your obedient servant,

> SAN'L. E. St. O. CHAPLEAU, C.S.

The Auditor General, Ottawa.

\section*{Audit Offich, Ottawa, July 7, 1900.}

Sir,-I am in receipt of your letter of the 30th ult. relative to the increases of salary recommended by the Senate Committee on Internal Economy and Contingent Accounts, and note your statement that as the salaries and contingent expenses are provided for in one lump sum, the Senate may in the exercise of its constitutional power order such salaries as it thinks fit. In reply I have to say that you will see on reference to the estimates that the salaries of the Senate are suhmitted in the estimates in detail, and on the information thus given are passed. In the House of Commons it is the same. There, however, no clain is made that an increase of salary is legal unless provided for in the estimates.

I am of the opinion that as the vote was passed on the information in the estimates, no provision was made for the increases recommended, and, as a consequence, they cannot be paid.

I am, sir, your obedient servant,
The Clerk of the Senate.
J. L. McDOUGALL, A. \(G\).

\section*{Indemnity and Mileage Accounts, House of Commons.}

\author{
Audit Office, Ottawa, May 11, 1900.
}

SIR,-Referring to the unsettled accounts of House of Commons members for indeminity and mileage, session of 1899 , to which your attention was called by letter of September 30, 1899, I have to point out that with respect to the greater number of those whose accounts were unsettled at that date, a list of which was published at page \(J-8\) of the report of this office for 1898-9, no declarations have yet been received.

Before making further payments on account of the indemnity and mileage for the present session to members whose accounts for 1899 are not settled, please cause the declarations to be furnished as required, so that settlements in the cases referred to may be made.

> I am, sir, your obedient servant,

The Clerk of the Commons.

\author{
J. L. McDOUGALL, \(A\). \({ }^{r}\).
}

Audit Office, Ottawa, September 10, 1900.
SIR,-Referring to your expenditure on account of indemnity and mileage, House of Commons, I notice that declarations required by section 31, chapter 11, Revised Statutes, have been received from only 103 members. Please cause them to be obtained from the remainder of the members of the House of Commons and forwarded to this office as soon as possible with explanations as to the cause of delay.

I am, sir, your obedient servrnt,
The Clerk of the Commons.
\[

SESSIONAL PAPER No. 1

\section*{Re Private Bill Fees.}

\section*{Audit Office, Ottaiva, August 2, 1900.}

Sir,-An Act respecting the Merchants Bank of Halifax, and to change its naıne to "Royal Bank of Canada," was assented to on June 14.

The summary of fees and charges of the session of 1900 , furnished to this office does not show that anything has been paid for the fee and charges on this Bill, nor do I find that any amount has come to account. Your early attention is requested.

I am, sir, your obedient servant,
The Clerk of the House of Commons.
J. L. McDOUGALL, \(A . G\).

House of Commons, Ottawa, August 3, 1900.
Sir,-In reply to your letter of the 2nd instant re fees on Bill : Merchants Bank of Halifax, and to change its name to "The Royal Bank of Canada," I may say that an error was found to exist in the Bill as passed. A second Bill was introduced and put through rectifying the error-all rules and orders being suspended in relation thereto. (See Votes and Proceedings, page 520.)

I am, sir, your obedient servant,
The Auditor General. R. P. KING, Acting Secretary to the Clerk.

Audit Office, Ottawa, August 2, 1900.
SIR,-An Act to incorporate the St. Lawrence Terminal and Steamship Company was assented to on June 14, last.

This Bill was first introduced in the Senate No. (R). and on April 18, \(\$ 26.90\) was paid to cover expense of translation and printing by Messrs. Greenshields \& Greenshields.

The fee on this Bill does not a ppear on your statement as having been paid, nor has the amount come to account. Your early attention is requested.

I am, sir, your obedient servant,
The Clerk of the Senate.
J. L. McDOUGALL, A. G.

The Senate, Ottawa, September 19, 1900.
Sir, - In reply to your letters of August 2 and 17 th instant, I may say that the committee in charge of the Bill in question were duly notified that the \(\$ 200\) fee had not been paid in. The parties interested have been communicated with and have promised to pay the amount. I shall see that you are advised when they have done so.

I am, sir, your obedient servant,
The Auditor General.
Sam'l. St. O. CHAPLEAU, Clerk of the Senate.
Note: The fee on this Bill was deposited October 16, 1900.

\section*{Re Private Bills, Fees and Charges for Advertising.}

\section*{Audit Office, Ottawa, September 17, 1900.}

Sir,-There were 22 insertions of the notices re Private Bills in the Provincial Gazettes in 1898-99, and only 11 in 1899-1900. In consequence the charges are generally about one-half of the previous year. The charge of the British Colımbia Gazette remains at the same figure as in the previous year; and the charges of the New Brunswick Gazette is \(\$ 42.25\) as against \(\$ 48.60\) in the previous year.

Did the Queen's Printer furnish any explanation to justify you in paying these accounts?

> I am, sir, your obedient servant.

The Clerk of the House of Commons.
J. L. McDOUGALL, A.G.

\section*{House of Commons, Ottawa, September 19, 1900.}

Sir,-In reply to your letter of the 17 th instant respecting payments made to the Provincial Gazettes for the insertion of notices re Private Bills, I have to say that the Queen's Printer did not furnish any explanation other than certifying to the accounts.

I am, sir, your obedient servant,
The Auditor General.
JNO. GEO. BOURINOT, Clerk of the Commons.

\section*{Audit Office, Ottawa, August 4, 1900.}

Sir,-I am returning herewith your receipt book furnished me with your statement of Private Bills fees and charges thereon.

In 1898-99 there were 22 insertions in the greater number of the Gazettes. In 1899-1900 there were only 11 insertions and the charges in the Gazettes of Manitoba, Nova Scotia and Prince Edward Island are about one-half the amount they were the year previous.

The charge by the British Columbia Gazette is precisely the same as in the previous year ; the charge by the New Brunswick Gazette is \(\$ 19.50\) and the previous year it was \(\$ 23.40\); and the charge by Quebec Gazette was \(\$ 57.72\) as against \(\$ 67.41\) in the previous year.

I have to ask what explanation was furnished you by the Queen's Printer to justify you in paying these accounts.

I am, sir, your obedient servant,
J. L. MoDOUGALL, A. G.

The Clerk of the Senate.

\section*{The Senate, Ottawa, September 21, 1900}

SIR,-I have the honour to acknowledge receipt of your letter of the 4th ult.
The difference in the number of insertions of notices relating to Private Bills in the Provincial Gazettes was owing to the session being called earlier this year than last.

The accounts were each and all submitted to the Queen's Printer for examination, in accordance with the law, and paid by me upon his certificate that they were correct at contract rates. The vouchers bear his certificate upon their face, which I consider to be full and ample justification for payment.

The Auditor General.
I am, sir, your obedient servant,
SAM'L. E. St. O. CHAPLEAU, Clerk of the Senate.

Audit Office, Ottawa, October 1, 1900.
SIR,-According to the vouchers furnished there were 22 insertions of the notices re Private Bills in the Provincial Gazettes in 1898-99, and only 11 in 1899-1900. In consequence the charges are only somewhat more than one half of the previous year.

This reduction does not appear to have been carried out by the following Gazettes :-
\begin{tabular}{|c|c|c|}
\hline British Columbia- & 1898-99. & 1899-1900. \\
\hline House of Commons. & \(17 \cdot 75\) & \(17 \cdot 75\) \\
\hline Senate. & 10.50 & 10.50 \\
\hline \multicolumn{3}{|l|}{New Brunswick-} \\
\hline House of Commons. & \(48 \cdot 60\) & 42.25 \\
\hline Senate. & \(23 \cdot 40\) & 19.50 \\
\hline
\end{tabular}

I have applied to the Clerks of the Senate and House of Commons, and they reply that they paid the accounts as they were certified by the Queen's Printer. I shall be pleased to have an explanation. I am, sir, your obedient servant,
The Queen's Printer, \&c.
J. L. McDOUGALL, \(A\). \({ }^{\prime}\).

\section*{Re Arrears Due.}

The Senate, Ottawa, October 16, 1900.
IR,-I am directed by the Clerk of the Senate to inform you all arrears on account of the year ended June 30, 1900, have been paid.

The Auditor General.
I am, sir, your obedient servant, CHAS. T. GIBBS, Assistant Accountant.

\section*{House of Commons, Ottawa, September 8, 1900.}

Sir, -In reply to your letter of the 6th instant, asking for a detailed statement of all arrears due this department on June 30, last and yet unpaid, I am instructed by Sir John Bourinot to inform you that there are no arrears due this department.

> I am, sir, your obedient servant,
> R. P. KING, Acting Secy. to the Clerk

The Auditor General.

\title{
Reference to Treasury Board re Extra Clerks.
}

\section*{Audit Offich, Ottawa, June 27, 1900.}

Sir,--In the Hansard of Friday last at page 8345 (unrevised), Sir Louis Davies, Minister of Marine and Fisheries, is reported to have said, during the discussion of an item of \(\$ 47.62\), in the supplementary estimates of the current fiscal year for P. Mungovan, employed by the Department of Justice as a temporary copyist, that the Department of Justice had sustained my view of the law in regard to the employment of certain persons in his department under somewhat similar circumstances, in the preparation of fishing bounty cheques.

The opinion of the Department of Justice, to which the Minister referred, must have been given on a reference to the Treasury Board from this office, dated July 16, 1897. The point at issue between the department and myself was in connection with the qualification of the persons concerned, under the Civil Service Act. So far as I can tind, I have not been informed of the fate of my reference at the Treasury Board ; but it appears from the remarks of the Minister of Marine and Fisheries to which I have called attention, that the Department of Justice upheld my view of the law in regard to the appointment of temporary clerks at Ottawa.

It seems to me that the decision of the Treasury Board in this instance should have been communicated to me, together with a copy of the legal opinion upon which the decision was based. The reasons given by the Department of Justice in support of the opinion tendered the board would have been of great value to me in dealing with similar cases to those of which it treated; and as cases of the kind continue to come up, I beg to request that you will cause to be sent me at your early convenience the decision of the Treasury Board to which I have reference, and a copy of the legal opinion upon which it was based, given, I presume, by Sir Oliver Mowat who was Minister of Justice at the time.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A. \(G\).

\section*{Difference in the Price paid for Tanks.}

\author{
Audit Office, Ottawa, June 23, 1900.
}

Sir,-I beg to bring to your notice vonchers 833 and 8502 , rendered by Thomas Shaw, Victoria, for five tanks for the lights at Cape Beale and Ivory Island.

Four of these tanks, the dimensions of which are given as \(8 \times 4 \times 4\), cost \(\$ 83\) each; and the fifth, of exactly the same size, cost \(\$ 117.88\). In the former case the price appears to have been fixed by agreement or contract, while in the latter the following details are given :-
\[
\begin{aligned}
& 125 \text { hours at } 50 \mathrm{c} \text {. } \\
& 86250 \\
& 848 \text { lbs. sheet steel at } 6 \text {. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 50 \text { s } 88
\end{aligned}
\]

Please let me have an explanation of the striking difference in price of the same article in the two cases.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, \(A \cdot G\).

Dept. of Marine and Fisheries, Ottawa, November 12, 1900.
SIR,-Referring to your letter of June 23 last requesting an explanation of the difference in price of tanks for lights at Cape Beale and Ivory Island, supplied by Thomas Shaw of Victoria, I am to inform you that the cause of difference in cost is attributable to the advance of 60 per cent in the price of iron plates in the interval between the two orders.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Act. Deputy Minister, M. \& \(F\).

\section*{Refund of Expenditure not Explained,}

\section*{Audit Office, Ottawa, October 2, 1900.}

SIR,-I beg to ask for explanations of a refund of \(\$ 41.36\) made by the Agent of Marine at St. John on account of an overpayment to that amount to D. W. Clarke by cheque 14685.

The voucher furnished by Mr. Clarke in support of the amount paid him in the first instance has been certified by Mr. E. E. Prince, and does not show the particular item on which the overpayment occurred.

> I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Watches, \&c., as Rewards for Saving Life.}

Audit Office, Ottawa, September 27, 1900.
Sir,-I beg to call your attention to the absence of the certificate called for by section 33 of the Audit Act irom two accounts rendered by Mr. A. Rosenthal, Ottawa, amounting to \$105, and paid during last year by cheques 1645 and 13211 . These accounts are for watches and a medal supplied the department for rewards for saving life. In connection with the purchases for this service, I would like to be informed of the nature of the record kept in the department of the disbursements made of the articles in question, and the authority under which each award is marle.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, A.G.
1)ept. of Marine and Fisheries, Ottawa, Uctober \(1,1900\).

Sir, -I have the honour to acknowledge the receipt of your letter of the 27 th ultimo, inquiring in regard to rewards for saving life, and in reply I am to inform you that the reward in each case is made under special authority from the Minister of Marine and Fisheries, and a record is kept in the department of the disbursenments made of the articles in question, and from year to year a list is published of the rewards made in connection with the annual report.

I am, sir, your obedient servant,
The Auditor General.

\section*{Irregular Certificate on a Paid Account.}

\section*{Audit Office, Ottawa, July 7, 1900.}

SIR,- 1 beg to bring to your notice the certificate written across the face of voucher 10116 rendered by Mr. J. C. Morrison, Shelburne, N.S., for a self-bailing surf boat, \(\$ 250\). The certificate is signed by Mr. Bloomfield Donglas, and reads as follows:-
"Certified correct. The boat is built according to specification and agreement ; the workman "ship and matcrials good."

On the day on which Mr. Douglas gave this certificate, he sent the following note to Mr. Parsons, the Marine Agent at Halifax:-
"Dear Mr. Parsons,-Inclosed Morrison's account in triplicate for building the boat for Cape " Sable.
"Captain Spain, who was at Shelburne, inspected the boat, and has certified to me by wire " that all is O . K.
" 1 know Morrison wants his money

\footnotetext{
" Yonrs truly,
"Bloompield Douglas."
}

It would appear from this letter that Mr. Douglas gave his rather minute certificate respecting the work done by Morrison, not from actual knowlerge, but on the strength of a telegram which merely informed him that all is \(0 . \mathrm{K}\).

Please let me know why you accepted the certificate of Mr. Douglas, in view of the circumstances under which it was given, as sufficient to justify your paying Mr. Morrison.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, \(A\). \(G\).

\section*{Salvage Claim-How Estimated.}
\[
\text { Audit Office, Ottawa, June 20, } 1900 .
\]

SIR,-I beg to bring to your notice voucher 8980 , rendered by the Insular Steamship Company for \(\$ 100\), being a claim for salvage on North-west Lellge buoy in November, 1899.

Please let me know the hasis on which a salvage allowance is retermined. The voucher in the present instance is certified "work performed ; price fair and just " by the agent of the Department at St. John, N.B., but I presume there is some fixed rule by which the amount allowed in each case is determined.

1 am , sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, A. G.

\section*{Dept. of Marine and Fisheries, Ottawa, June 22, 1900.}

Sir, -In reply to your letter of the 20 th instant, in which you refer to the account of the Insular Steamship Company for \(\$ 100\), being a elaim for salvage on North-west Ledge buny, in November, 1899, and asking on what basis the salvage is allowed, I have to inform you that, technically speaking, it is not salvage, although the account was made out in that way.

If the matter eame under the Wreck and Salvage Act, the amount to be paid would be determined in accordanse with that Act. The department deals with each case upon its merits. If a claim at any time is made which the department considers excessive, then the claim is not acknowledged in full, but an offer is made according to what is considered the value of the work done, taking also into consideration the value of the returned buoy to the departusent.

In the case of large automatic buoys like the North-west Ledge buoy, which cost in the vieinity of \(\$ 1,000\), the service rendered by the person recovering it is valued by the agent or some other officer of the department who is acquainted with the facts, but in all cases the agent must certify the account after satisfying himself that it is fair and just. It is rarely that claims are paid in full, but the department or the agent puts the value on the service rendered from facts and information obtained.

There is no fixed rule, nor could one be fixed, as the department has so many kinds of iron buoys differing in value. The first thing always considered is whether the buoy is of sufficient value to pay any claim whatever made for recovering it.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Act. Deputy Minister, M. \& F.

\section*{Insufficient Vouchers and Certificates.}

\section*{Audit Office, Ottawa, June 19, 1900.}

Sir,-I beg to bring to your notice the accounts rendered by Mr. B. J. Coghlin, Montreal, for supplies furnished the steamer Minto amounting to \(\$ 1,265.32\) during the current fiscal year.

These accounts are detailed in sterling money on the bill-healls of Mr. Coghlin's firm, and are presumably copies of the original accounts rendered by some English firm to Mr. Coghlin. These latter documents should be sent me.

One of the acounts, amounting to \(\$ 123.32\), is certified as to the fairiess of the price by Captain McElhinney, but there is no certificate as to the receipt of the articles enumerated. Another account for \(\$ 67.12\) is certified by the Deputy Minister: "received by we at Montreal and forwarded to "Charlottetown." The certificate of the officer at Charlottetown, responsible for the safe-keeping of the articles forwarder to him, should be sent me.

I shall be obliged if you obtain the necessary certificates and accounts at your early convenience. I am, sir, your obedient servant,
J. L. McDOUGALL, A. \(G\).

\section*{Insulating Paper for Bait Freezers.}

\section*{Dept. of Marine and Fisheries, Ottawa, June 9, 1900.}

Sir,-In reply to your letter of the 7 th instant, requesting to be furuished with a statement showing the disposition that has been made of 275 rolls of 3 -ply P. \& B. paper, shipped by the Standard Paint Company, New York, to the agents of this department at Halifax and Charlottetown, in connection with the construction of bait freezers, I have the honour to state that this paper is handed over, as required, to Messrs. Fraser and Macfarlane, who are the officers superintending the building of these freezers. A statement as asked for will be given when the work is further advanced.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Act. Deputy Minister, M. \&F.

\section*{Extra Clerk employed who had not Qualified.}

\section*{Audit Office, Ottawa, July 24, 1900.}

SIR,-I wrote you on June 7 last, asking your reasons for having påid a temporary clerk in your department \(\$ 11.11\) from the appropriation for the preparation of returns ordered by Parliament without having first obtained the certificate of the Auditor General, as directed by a minute of the Treasury Board dated December 2, 1895. So far I have not received any reply, but find from the list of cheques issued during the month of June, that A. M. Faulkner, presumably the same person to whom my letter of the 7 th ultimo had reference, has been paid since that date \(\$ 66.66\), being two months' services at \(\$ 400\) per annum. I shall be obliged if you will let me know your reasons for having disregarded the plain directions of the Treasury Board in this matter.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McI)OUGALL, A.G.

Dept. of Marine and Fisheries, Ottawa, August 1, 1900.
Sir, -Referring to your letter of the 24th ultimo, calling attention to the matter of payment of A. M. Faulkner without your certificate, I find that it has been the practice in this department in the case of writers called in for a few days or weeks, as the case may be, to prepare returns for Parliament, to pay such clerks from the appropriation made by Parliament for this purpose without your certificate. This practice has been followed in the case of Mrs. Faulkner, and I have to express my regret that the directions of the Treasury Board have not been observed in this matter.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Act. Deputy Minister, M. \& F.

\section*{Payment of a Claim long Overdue.}

\section*{Audit Office, Ottawa, May 29, 1900.}

Sir,-I beg to bring to your attention an account rendered by Kilgour Shives for ground rent of the light at Upper Range, Campbellton, from June 1, 1894, to June 1, 1899, \$40, and which was paid in April last by cheque 12379.

Please let me know the reason for not having paid the rent in the usual course.
I am, sir, your obedient servant, The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, \(A\). \(G\).

\section*{Dept. of Marine and Fisheries, Ottawa, June 12, 1900.}

Sir,-Referring to your letter of the 29th ultimo in regard to an accoınt rendered by Mr. Kilgour Shives for ground rent of the light at Upper Range, Campbellton, from June 1, 1894, to June 1, 1899, and inquiring why the rent was not paid in the asual course, I have the honour to inform you that the rent is \(\$ 3\) per annuin, and that no account had been received from Mr. Shives until five years' rent was due. His account then rendered was for \(\$ 10\), and was paid in April last.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Act. Deputy Minister, M. \& \(F\).

Sir,-I beg to acknowledge the receipt of your letter of the 12 th instant in explanation of the delay in regard to the payment of the ground rent of the light at Upper Range, Campbellton, to which I called your attention on the 29th ultimo.

In my opinion your explanation is not satisfactory. The department is surely in a position to know its own liabilities, and if a claim was not made in due course for payment of rent which had been duly anthorized, then it seems to me it was the plain duty of the department to make the necessary inquiry, so that the charge in question should enter into the financial statenient of the fiscal year to which it properly belonged. The negligence of Mr. Shives in rendering his account does not excuse or justify the department in allowing debts to accumulate which should be discharged in regular order.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUG.ALL, A. \(G\).

Absence of Certificate from an Account for a Kodak.

\section*{Audit Office, Ottawa, May 21, 1900.}

Sir,-I beg to call your attention to the absence of the necessary certificate in regard to the price paid on the enclosed account rendered by the Topley studio for a kodak and twelve rolls of film.

Please cause to be inserted thereon the required certificate by the officer of your department who uses the instrument, and consequently will be in a position to certify to the market value.

I shall be obliged if you will return the voucher at your early convenience.
I am, sir, you obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, A.G.

\section*{Payment of a Claim for which there was no legal obligation.}

\section*{Audit Office, Ottawa, May 12, 1900.}

SIR,-I beg to inform you that I have received an Order in Council of the 5th instant, authorizing the payment of \(\$ 600\) to Captain Robert J. Walls, pilot master of the district of Niramichi, towards payment of the costs incurred by the pilots of that district in certain litigation in which they were recently engaged, and to point out that in view of the claim of the pilots not being a legal obligation on the Government, it should not be paid until the necessary and special provision had been made by Parliament.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, A. G.

\section*{Dept. of Marine and Fisiferies, Ottawa, October 19, 1900.}

Sir, -I have to acknowledge the receipt of your letter of October 2 referring to yours of May 12 last, stating that the \(\$ 600\) paid to Captain Kobert J. Walls, master pilot, of Miramichi, in part payment of legal costs incurred by the Miramichi piluts when they were on strike should, in your opinion, have been specially voted by Parliament before being paid.

In reply, I have the honour to inform you that your letter of May 12 was not received until the 14th, and a cheque had been issued on the 10 th, four days previous to the receipt of your letter.

With reference to your opinion that the sum should have been voted by Parliament before being paid, I may state that I do not quite agree with you on that point. The Miramichi pilots had gone on a strike, and the commerce of that section of Canada was very seriously interfered with. If you will refer to the Order in Council which issued in connection with the payment of the \(\$ 600\), you will find that the undertaking of the department to pay that portion of the costs incurred by the pilots was an important factor in the settlement of the strike, and under the circumstances there was no time to be lost in waiting to get the amount voted by Parliament, as in the interests of the good government of the country, it was important for the department to have the pilots and pilotage authority reconciled as speedily as possible. It must also be borne in mind that the action of the department in this instance is a matter of policy.

As this department had placed at its disposal by Parliament an amount to meet unforeseen expenditures, it is considered that this amount is a legitimate charge upon this vote.

I am, sir, your obedient servant,
\({ }^{-1}\) The Auditor General.

\section*{Audit Office, Otrawa, October 27, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 19 th instant in explanation of the issue of a cheque of \(\$ 600\) to Captain Robert J. Walls, master pilot at Miramichi, in part payment of the legal costs incurred by the pilots at that port when they were on strike some time ago.

The vote for unforeseen expenses, to which you refer in your letter, is available only for the pay. ment of such claims against the Government as are of legal obligation. The Order in Council under the authority of wich the cheque was issued, directs payment of portion of the expenses to the amount of \(\$ 600\), but no account has been sent me in evidence of the fact that the amount paid is only a portion of the costs, or that the costs incurred were of such a character as to make them a legal liability of the Government.

> I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries.

\author{
J. L. McDOUGALL, A.G.
}

Dept. of Marine and Fisheries, Ottawa, October 30, 1900.
SIR,-I have the honour to acknowledge the receipt of your letter of the 27 th instant relative to obtaining a proper voucher for the \(\$ 600\) paid to Captain Robert J. Walls, master pilot of Miramichi, to assist in the settlement of the pilot strike in that district, and in reply I have to regret very much that a proper voucher has not been furnished you before this date.

I will, however, obtain proper vouchers and forward them to you as soon as possible.
I am, sir, your obedient servant,
The Auditor General.

\section*{Purchase of Steam Barge "Shamrock."}

Dept. of Marine and Fisheries, Ottawa Feb. 27, 1900.
Sir,-In reply to your letter of the 4 th ultimo relating to a certificate from all officer of the department competent to determine prices in connection with the purchase of the steam barge Shamrock for \(\$ 21,500\), I have to inform yon that the whole matter was submitted to the Honourable Minister of Marine and Fisheries. The following memorandum was made by him on the file :-
"The Minister personally took a great deal of pains to ascertain the value of the Shamrock " before purchasing, and only purchased when fully satisfied the steamer was of the value he agreed "to pay. He also ascertained actual cost from the builders, \&c. The reputy also, by the Minister's " instructions, made a personal examination of the vessel and reported her to be of the value agreed " upon."-(Sgd.) L. H. D.

I trust that this memorandum will be considered sufficient. You have the certificates of the officers who examined the vessel in accordance with the conditions of the agreement.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARIIE, Act. Deputy Minister, M. \& F.

Auditor General's Office, Ottawa, November 17, 1900.
Sir, -With reference to your letter of the 27 February last informing me that the Minister and Deputy Minister personally examined into the value of the steam barge Shamrock. I beg to say that unle s the Deputy Minister has the necessary technical knowlerge in the construction of ships his certificate would not be such as to fulfil the requirements of Section 33 of the Audit Act.

I have the honour to be, sir, your obedient servant

> J. L. McDOUGALL, A.G.

The Acting Deputy Minister of Marine and Fisheries.

\section*{Re Wharfs and Piers-Prince Edward Island.}

\section*{Audit Office, Ottawa, February 24, 1900.}

Sir,-I have to call your attention to the amount expended on the following wharfs in Prince Edward Island by the Public Works Department during the last five years, and the revenue that has come to account during the same time :
China Point Pier :
Expenditure in 1894-95, \(\$ 503.92\); in 1896-97, \$284.32.
Expenditure in 1897-98, \$13.13; in 1898-99, \$104.53.
Revenuc in 1894-95, \(\$ 16.50\); nothing in four years to Jnne 30, 1899 ; in 1899-1900, \(\$ 9.03\). North Cardigan Pier :

Expenditure in 1894-95, \(\$ 6.20\); in 1895-96, \(\$ 50.42\); in 1896-97, \(\$ 20.79\).
Revenue in 1895-96, \(\$ 29.39\); in 1896-97, \(\$ 26.77\); nothing in 1897-98, nor in 1898-99; in 18991900, \$25.03.
Pinette Pier :
Expenditure in 1894-95, \(\$ 100\); in 1895-96, \(\$ 13.25\); in 1896-97, \(\$ 200\).
Revenue in first four years nothing; in 1898-99, \$10.51.
Murray Harbour, South Wharf :
Expenditure in 1895-96, \$1,011.34.
Revenue in 1894-95, \(\$ 10\); in 1895-96, nothing; in \(1896-97, \$ 13.21\); in \(1897-98\), nothing; in 1898-99, \$14.52; in 1899-1900, \$11.90.
New Loudon, Clifton Wharf :
Expenditure in 1895-96, \(\$ 221.01\); in 1898-99, \(\$ 353.11\).
Revenue in first four years, nothing ; in 1898-99, \$5.70.
Annandale:
Expenditure in 1896-97, \(\$ 74.67\); in 1897-98, \(\$ 100.06\).
Revenue in 1894-95, \$59.46; nothing in 1895.96, nor 1896-97; in 1897-98, \$34.61; in 1898.99, \(\$ 22.17\).
Hickey's Pier :
Expenditure in 1896-97, \(\$ 253.31\); in 1898-99, \$754.60.
Revenue in 1894-95, \$14; in 1895-96, \$12; nothing in 1896-97, nor in 1897-98; in 1898-99, \$7.50; in \(1899-1900, \$ 12\).
Higgins' Wharf :
Expenditure in 1897-98, \(\$ 400.02\).
Revenue in 1894-95, \(\$ 1.02\); nothing in 1895-96, nor in 1896-97; in \(1897.98, \$ 2.02\); nothing in 1898-99, nor in 1899-1900.

I am, sir, your obedient servant,
The Acting Deputy Minister Marine and Fisheries.
J. L. McIOOUGALL, \(A\). .

Summary of the above Revenue and Expenditure at the above Wharfs and Piers for five years ended June 30, 1899.

\end{tabular}

Audit Office, Ottawa, February 24, 1900.
Sir,-The following wharfs were purchased from the Local Government of Prince Edwaril Island in December, 1897 :-Cranberry for \(\$ 2,069.85\); Haggerty's for \(\$ 5,745\); Red Point for \(\$ 4,028.31\).

I have to inquire why no revenue has come to account from these wharfs for the seasons of 1898 and 1899?

I have also to call your attention to a new wharf built during the winter and early summer of 1898 at West Point at a cost of \(\$ 3,750.30\), from which no revenue has yet come to account.

I am, sir, your obedient servant,
The Deputy Minister Marine and Fisheries.
J. L. McDOUGALL, A.G.

\section*{Department Marine and Fisherifs, Ottawa, September 29, 1900.}

SIR, - Referring to your letter of February 24 last inquiring why no revenue has come to account from the wharfs at Cranberry, Haggerty's and Red Point, in the province of Prince Edward Island, I beg to inclose copy of a letter received from the agent of this clepartment at Charlottetown reporting in regard to the wharfs in question.

I am, sir, your obedient servant,
The Auditor General.
\[
\text { JOHN HARIIE for D. M. of M. de } F \text {. }
\]

Charlottetown, P.E.I., September \(22,1900\).
Sir,-I have to acknowledge the receipt of the department's letter, dated 19th instant, requiring report upon government wharfs, Cranberry, Red Point and Haggerty's.

I beg to state that at the above wharfs there is nothing doing, excepting during the fall months when small vessels are bringing produce. I have been at Red Point and Haggerty's this season on account of actual repairs required, the wharfinger's books did not show any earnings and the wharfinger assured me there was not any.

The Haggerty's wharf is used once a week as a landing for the local government's steamer Southport, carrying passengers, but there are not any charges made, as this is a regular local government ferry service between Charlottetown and Mount Stewart bridge.

I am of the opinion the wharfingers do all in their power, but there is actually no business that 1 can see.

Yours, icc.,
A. LORD, Agent.

\section*{Audit Office, Ottawa, February 24, 1900.}

Sir, -I have to call your attention to the following wharfs in Prince Edward Island and to the expenditure on them during the last five years by the Public Works Department, during which time no revenua whatever has come to account:-

I do not find that anything has come to account during the present fiscal year.
I am, sir, your obedient servant,
The Deputy Minister Marine and Fisheries.
J. L. McDOUGALL, A. G.

\section*{Marine and Fisheries Department, Ottawa, April 2, 1900.}

Sir, - In reply to your letter of the 16 th September last in which you state that a clerk from your office was recently at Charlottetown and found that at several ports in Prince Edward Island there are private as well as government wharfs and that at government wharfs a fee is exacted for side-wharfage and at private wharf side-wharfage is free, the result is that the bulk of the business goes to the private wharfs, I have to inforin you that if this means anything it is a suggestion to do away with side wharfage on government wharfs.

I have to call your attention to the fact that in most cases on the River St. Lawrence and at very many wharfs in the province of Nova Scotia the pincipal part of the reveme is from side-wharfage.

The department is aware of the fact that there are private wharfs in all the provinces where no side-wharfage is collected and the object is not merely to get top wharfage but for other business reasons into which I need not go. It would be impossible to make rules and regulationss to apply to a few wharfs in a province or even to apply to all the wharfs in one province different from the rules and regulations for another province.

If side wharfage were abolished then it might lead to the consideration of the subject of abolishing wharfage altogether. Under those circumstanees there would of course be no revenue.

The department has not eonsidered the question of abolishing side wharfage and does not believe on the whole that any larger amount of revenue would be reeeived by abolishing that kind of wharfage.

I ain, sir, your obedient servant,

\section*{Re Wharfs and Piers-Nova Scotia.}

Audit Office, Ottawa, February 26, 1900.
Sir, - I have to call your attention to the amount expended at the following wharfs in the province of Nova Scotia, from which no revenue has yet come to account :-
Bass River, Pile Wharf:
Expended in 1894-95, \(\$ 3,059.34\); in 1895.96, \(\$ 490\).
Boularderie, South Side:
Expended in 1894-95, \$2,833.
Boularderie, Ross Ferry :
Expended in 1894-95, \(\$ 34.15\); in 1895-96, \(\$ 412.67\); in 1896-97, \(\$ 2,758.75\); in 1897-98, \(\$ 499.97\).
Broad Cove :
Expended in 1894-95, \$499.99.
Bruad Cove Marsh :
Expended in 1894-95, \(\$ 500\); in 1897-98, \(\$ 199.84\).
Great Village Wharf:
Expended in 1894-95, \$450.26.
McNairn's Cove:
Expended in 1894-95, \$872.31 ; in 1898-99, \$893.56.
Nyanza Wharf :
Expended in 1894-95, \$1,654.56.
Georgeville :
Expended in 1895-96, \$1,955.87 ; in 1896-97, \$8ゴ5. 12 ; in 1897-98, \$999.97.
Seaside Wharf :
Expended in 1895-96, \(\$ 1,997.61\); in 1896-97, \(\$ 4,991\).
Cribben's Point:
Expended in \(1894-95, \$ 279.91\); in \(1896-97, \$ 1,552.44\); in \(1897-98, \$ 1,446.96\); in 1898-99, \(\$ 390.14\). Hantsport :

Expended in 1896-97, \(\$ 174.13\); in 1897-98, \(\$ 2,784.50\); in 1898-99, \(\$ 3,277\).
Pugwash:
Expended in 1896-97, \$137.41; in 1897-98, \(\$ 9,005.92\).
Wallace :
Expended in 1896-97, \$1,461; in 1897-98, \$1,206.
I hare to inquire when these wharfs were transferred to your department; and I shall be glad to have your explanations why no revenue has yet been collected at these wharfs.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Acting Deputy Minister of Marine and Fisheries.

\section*{Aurit Office, Ottawa, February 26, 1900.}

SIR,-I have to call your attention to the amount expended at the undermentioned wharfs in the province of Nova Scotia in recent years, that you may take the necessary action to have fees collected thereat :-

\section*{Re Wharfs and Piers-New Brunswick.}

Audit Office, Ottawa, March 6, 1900.
SIR,-I have to call your attention to the expenditure by the Public Works Department during the last five years on the following wharfs, from which no revenue has come to account :Burnt Church Wharf:

Expenditure in 1894-95, \(\$ 107.03\); in \(1895-96, \$ 5.76\); in \(1895-99, \$ 159.29\). Gurdner's Creek, New Wharf :

Expenditure in \(1894-95\), \(\$ 123.15\); in \(1895-96, \$ 2,484.35\); in \(1896-97, \$ 5,308.75\).
Quaco:
Expenditure in 1896-97, \(\$ 395.69\); in 1897-98, \(\$ 50\).
Two Rivers Wharf :
Expenditure in 1897-98, \(\$ 442.82\); in 1898-99, \$2,151.37.
Black River :
Expenditure in 1898-99, \(\$ 450\).
Caraquet:
Expenditure in 1898-99, \$514.69.
Cocagne:
Expenditure in 1898-99, \(\$ 2,989.67\)
I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, A. G.

\section*{Department of Marine and Fisheries, Ottawa, September 18, 1900.}

Sir,-Referring to your letter of the 10 th instant ealling attention to certain letters to which you had no reply. I beg to inform you, in reference to your communication of March 6, last, calling attention to certain wharfs in New Brunswick from which no revenue has come to account, that the wharfs at Caraquet, Burnt Church and Two Rivers referred to in your letter, are not under the control of this department having never been transferred to its charge.

With reference to the wharf at Gardner's Creek, I find that the wharf in question was ouly transferred in October, 1899, and a wharfinger appointed on 1)ecember 11, 1899. No returns have been received from this wharf as yet, but I have written to our agent calling his attention to the matter.

With reference to the wharf at Quaco, I find that in September, 1898 , the sum of \(\$ 10.73\) was received from the wharfinger but nothing appears to have been received since. Inquiry has been made of our agent also in reference to this case.
\[
1-12 \mathrm{P}
\]

The wharf at Black River, which was transferred in February, 1898, is under the charge of a wharfinger, but he has not depositerl any collections to the credit of the department, though it would appear that he has collected the sum of \(\$ 77.63\). This matter is also receiving the attention ofi our agent.

With reference to the wharf at Cocagne, a wharfinger was appointed on August 9 last, and it is too soon to report in regard to returns.

I am, sir, your obedient servant.
The Auditor General.

\section*{Re Transfer of Wharfs from Public Works Department.}

\section*{Department of Public Works, Ottawa, March 8, 1900.}

Sir, - In answer to your communication dated February 24 last, I have the honour to inclose you herewith, a list of the wharfs and piers that have been transferred by our department to the Department of Marine and Fisheries during the last five years.

I am, sir, your obedient servant,
The Auditor Cieneral.
JOS. R. ROY, for Secretary.

Audit Office, Ottawa, March 9, 1900.
SIR,-I have received your letter of the 8th instant inclosing a statement of the wharfs and piers transferred to the Department of Marine and Fisheries during the last five years.

According to this statement no wharfs in the province of Prince Edward Island were transferred during the last five years, though three wharfs. Cranberry, Haggerty's and Red Point were purchasel from the Prince Edward Island Government in December, 1897, and a wharf built at West Point, early in 1898. I have to ask for an explanation.

I am, sir, your obedient servant,
The Deputy Minister of Public Works.
J. L. McDOUGALL, A. \(\boldsymbol{f}\).

Audit Office, Ottawa, March 10, 1900.
Sir, - Referring to your letter of the 8th instant and the statement incloserl, I have to call your attention to the delay in transferring the undermentioned wharfs to the Department of Marine and Fisheries :-
Babin's Cove, N.S. :
Expenditure in 1894-95, \$2,160.97.
Transferred March 29, 1897.
Bass River :
Expenditure 1894-95, \(\$ 3,059.34\); in 18955-96, \$490.
Transferred November 18, 1897.
Gardner's Creek, N. B. :
Expenditure 1894-95, \(\$ 123.15\); in \(1895-96, \$ 2,484.35\); in \(1896.97, \$ 5,308.75\).
Transferred October 14, 1899.
Awaiting explanations.
The Deputy Minister, Public Works.

I am, sir, your obedient servant,
J. L. Mcl)OUGALL, A. .

Audit Office, Ottawa, March 12, 1900.
Sir, - Peferring to your letter of the 8th instant, inclosing a statement of wharfs transferreil to the Department of Marine and Fisheries during the past five years, I have to call your attention to the expenditure at the following wharfs in Nova Scotia which do not appear on your statement, and to inquire why they have not been transferred :-
Boularderie: South Side :
Expenditure in 1894-95, \(\$ 2,833\).
Nyanza Wharf :
Expenditure in 1894-95, \(\$ 1,654.56\).
Georgeville :
Expentiture in 1895-96, \(\$ 1,955.87\); in 1896-67, \$855.12; in 1897-98, \$999.97. Seaside Wharf :

Expenditure in 1895-96, \(\$ 1,997.61\); in 1896-97, \(\$ 4,991\). Pugwash :

Expenditure in \(1896-97, \$ 137.41\); in \(1897-98, \$ 9,005.92\). Besides the above there are several wharfs on which expenditure was made during 1898-99 which do not appear on your statement.

I shall be glad to hear from you in reference to the above.

> I am, sir, your obedient servant,

Audit Office, Ottawa, March 21, 1900.
SIR, - A list is given below of the expenditure by your department on certain wharfs in the province of Quebec during the five years ended June 30 last, from which the Departinent of Marine and Fisheries do not report any collections for wharfage fees. I have to inquire if these wharfs or any of them have been transferred to that department, and if so, the date of each transfer. If they have not been transferred, I shall be glad to have an explanation of the delay in doing so :

\section*{Audit Office, Ottawa, March \(24,1900\).}

Sir,-The undermentioned wharfs and piers do not seem to have been transferred to the Department of Marine and Fisheries. Please explain. The expenditure by your department during the last five years is shown opposite each :-
\begin{tabular}{|c|c|c|c|}

\end{tabular}

I am, sir, your obedient servant,
The Deputy Minister of Public Works.
J. L. MeDOU(iALL, A.G.

Audit Office, Ottawa, March 24, 1900.
Sir,-The following amounts were expended in building a wharf on Lake Winnipeg : in 1894-95, \(\$ 1,311.26\); in \(1895-96, \$ 5,240.07\); in 1896-97, \(\$ 153.95\); in 1897-98, \(\$ 13.65\).

This wharf does not seem to have been transferred to the Department of Marine and Fisheries. Please explain.

I am, sir, your obedient servant,
The Deputy Minister of Public Works.
\[
\text { J. L. McDOUGALL, } A . G \text {. }
\]

\section*{Department of Public Works, Ottawa, April 5, 1900.}

Sir,-I have the honour to acknowledge the receipt of your letters of the 24th March, having reference to the transfer of certain wharfs to the Department of Marine and Fisheries.

In reply I beg to state that it is deemed advisable to await the return of the Hon. Mr. Tarte to the department so that he can give his personal attention to this matter.

Yours very truly,
The Auditor General.
A. GOBEIL, D.M. of P.W.

\section*{Audit Office, Ottawa, September 10, 1900.}

Sir, - In your letter of April 5 last, acknowledging the receipt of my letters of March 24, calling attention to a large number of wharfs which had not been transferred to the Department of Marine and Fisheries, you state that it is deemed advisable to await the return of Hon. Mr. Tarte to the department so that he can give his personal attention to the matter.

I have to inquire what action has since been taken in reference thereto.
I am, sir, your obedient servant,
The Deputy Minister of Public Works.
J. L. McDOUGALL, A.G.

\section*{Department of Public Works, Ottawa, September 12, 1900.}

SIR,- In reply to your letter of the 10 th instant concerning wharfs and piers to be transferred to the Department of Marine and Fisheries, I beg to inform you that owing to the Hon. the Minister's present engagements, I have been unable to lay the matter before him.

Yours very truly,

SESSIONAL PAPER No. 1

Aldit Office, Ottawa, March 21, 1900 .
Sir,-I am sending you herewith for such action as you deem proper, copies of letters to the Department of Public Works in reference to a large number of wharfs which should have leen transferred to your department, but which do not appear on your return to this office.

I am, sir, your obedient servant,
The Acting Deputy Minister of Marine and Fisheries.
J. L. McDOU(GALL, A. \(i\).

\section*{Department of Marine and F'lihemes, Ottawa, March 26 , 1900 .}

SLR, - Referring to your letter of the 21st instant in regard to non coilections on certain wharfs and piers, and furnishing me with a list of wharfs which should have been transferred to this department by the Department of Public Works, I have the honour to inform you that I have communicated with the Department of Public Works inquiring whether it was the intention of that department to transfer the wharfs given on a list which accompanied my letter to that department.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARIIE, for D. M. of M. \& \(F\).

Audit Offief, Ottawa, March \(26,1900\).
SIR, -Referring to my letter of the 21 st, instant I am now sending you copies of two ndditional letters to the Public Works Department calling their attention to wharfs which seemingly should have been transferred to your department, but which do not appear on your return to this oftice.

I am sir, your obedient servant,
The Acting Deputy Minister of Marine and Fisheries.
J. L. MrloUUGALL, \(A . G\).

Deipt. of Marine and Fisheries, Ottawa, Match 27 , 1900 .
Sir,-Referring to your letter of the 26 th inst. in regard to government wharfs and piers nut transferred to this department, I have the honour to inform you that I have forwarded to the Department of Public Works a list of wharfs in Ontario, Nova scotia and Manitoba, which have not yet been transferred to this department, and have inquired if it is the intention of the Department of Public. Works to have the transfers made.

I have the honour to be sir, your obedient ser want,
The Auditor General.
JOHN HARDIE, for \(D\). J. of \(: \%\). d. \(F\).

Audit Office, (ttawa, September 10, 1900.
Sir, - Referring to my letters of March 21 st and 26 th last, and your replies of March 26 th and 27 th, I have now to inquire if any of the wharfs in question have since been transferred to your department, and if so, which?

I am, sir, your obedient servant,
The Acting leputy Minister, Marine and Fisheries.
J. L. Mcl)OU(iALL, A.f.

\section*{Re Wharfage due by the Rich. and Ont. Navigation Company.}

\section*{Audit Office, Ottawa, March \(23,1900\).}

SIR,-Referring to previous correspondence on the wharfage due by the Richelieu and Ontario Navigation Co. (see Audit Report 1898.99, pages K-189 \& 190) I have to remind you that I have had no reply to my letter of December 29 last, asking for a statement of nccount made up to close of the season of 1899 .

I should like to know what action has been taken by your department towards securing payment of the arrears due by this company.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries
J. L. MeDOUGGA[L, A. \(f\).

\section*{Re Wharfs and Piers in Arrears.}

\section*{Audit Office, Ottawa, March 24, 1900.}

Sir, -I wrote you December 27 last, pointing out that no revenue had come to account for 1898-99 from the following wharfs, specifying the amount received during the previous years :-

Ontario - Port Rowan.
Quebec-Anse St. Jean, Baie St. Paul, Cap à L'Aigle, Magog, Tadousac and Les Eboulements.
Nova Scotia-Babin's Cove, Port Hood and Tiduish.
New Brunswick-Tracadie.
Prince Edward Island-Higgin's Shore.
I have not received any reply to this letter. There has since come to account \(\$ 4.30\) from Babin's Cove, but nothing from any of the other wharfs. I have to inquire what action you have taken in reference thereto.

> I am, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A. \(G\).

\section*{Department of Marine and Fisheries, Ottawa, April 2, 1900.}

Sir, - In reply to your letter of the 24 th ultimo relating to revenue from certain wharfs in Ontario, Quelbec, Nova Scotia, New Brunswick and Prince Edward Island, I have to inform you that the wharfage arrears for Anse St. Jean, Baie St. Paul, Cap a L'Aigle, Taulousac and Les Eboulements are due by the Richelieu and Ontario Navigation Co., largely.

This company has several times put in claims for the return of wharfage overcharged them at these wharfs and the department is now endeavouring to have a settlement made with the company in the interest of the Government. The company claims a refund of wharfage for a number of years under the order in council of March 25, 1892, relating to wharfage.

There are nine or ten wharfs in the province of Quebec at which the steamers of the Richelien and Ontario Navigation Co. call and are liable for side wharfage. A settlement of the Government's claim is being pressed.

You have asked for statement of the wharfage due up to the end of 1899 from this company, but owing to some discrepancy between the statements of the wharfingers and the correct wharfage tariff, all the statements from these wharfs for years back have been gone over by anfficer in the department, which has consumed a great deal of time.

The result of the settlement will be reported to you when it is completed.
With regard to Port Rowan, in Ontario, there has been great difficulty in securing a wharfinger owing to the small amouut of collections that would be made at the wharf, no person being willing to accept the position under the percentage system and a salary has been asked which would probably amount to more than the collections. The matter is under consideration.

With regard to Babin's Cove, Nova Scotia, the wharf is oniy used in winter by a steamer that plies from the terminus of the Intercolonial Railway, and some small collections were made in 1899 since the end of the financial year, a return of which you have received.

At Port Hood, Nova Scotia, the wharfinger reports that it is impossible to collect wharfage from persons who use the wharf and there is not sufficient in it to pay him for being always on hand. This matter will receive the attention of the agent for the province, who has been instructed to visit all the wharfs.

The wharf at Tidnish, Nova Scotia, does not appear to be much used, but the department is considering the question of appointing a new wharfinger as the late wharfinger was unsatisfactory.

With regard to Tracadie, New Brunswick, the receipts were \(\$ 5.20\) and a return was made in October last. A change of wharfinger has taken place at this wharf and the late wharfinger made a return in October last.

With regard to Higgins Wharf, Prince Edward Island, it was under repair in 1899 and no wharfage was returned for this wharf during that year.

> I ain, sir, your obedient servant,
> JOHN HARDIE, for D.M. of \(M . \& F\).

The Auditor General.

Sir, - I have to call your attention to the expenditure by the Public Works Department on the following wharfs, from one of which no revenue has been collected, and from the other very little :-

\section*{SESSIONAL PAPER No. 1}

Explanation is also requested why no revenue came to account from Morpeth in \(1896-97\) and 1897-98, only \(\$ 3.06\) in 1898-99, and nothing since.

I have also to ask to whom the wharf at Sumonerstown is leased and why nothing has been paid on account of the rental.

I am, sir, your oberlient servant,
The Acting Deputy Minister, Marine and Fisheries Dept. J. L. McDOUGALL, A.G.

\section*{Marine and Fisheries Delt., Ottawa, April ¿2, 1900.}

Sir, - In reply to your letter of the 24th ultimo relating to the expenditure on wharfs in Ontario from which very littie revenue appears to have been received, I have to inform you that as the expenditure was made by the Public Works Department the reasons for expending a seemingly large sum will, no doubt, be explained by that department.

Whilst referring to the subject of expenditure I may state that it loes not follow that revenue will be derived from a wharf corresponding to the expenditure that is made upon it. These are public wharfs and cannot be allowed to go into ruin and wreck although very little revenue may be received.

The department has heen giving much attention to the reasons why revenue has not been received from certain wharfs and the inquiry has resulted in the fact that many of them are mere breakwaters, some of them form harbours and others increase the depth of the water in the channels, although no vessels may lay at them or goods be landerl.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, for D.M. of M. d. \(F\).

Audit Office, Ottawa, March \(-4,1900\).
Sir, - Referring to previous correspondence, (see AuditReport 1898-99, pages K-186-193) I have now to remind you that nothing has since come to account from the following wharis:-Chicontimi, Cotean, Riviere du Loup and Vurray Bay.

I have to inquire what steps you are taking to secure pqyment of those arrears.
I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, A. G.

Aubit Office, Ottawa, September 11, 1900.
SIR, - No revenue came to account during the fiscal year 1899-1900 from the following wharfs and piers:-

\section*{Ontario.}

Morpeth, North Bay, Port Rowan, Summerstown and Thessalon.

\section*{Quebec.}

Agnes, Anse St. Jean, Baic St. I'anl, Baie St. P'aul Isolated Block, Cap a l'Aigle, Cascades, Chicontimi, Coteau Landing, Echo Vale, Les Eloonlements, L'Islet, Magog, Matane, Mnrray Bay, Rimouski, River Onelle, Riviére du Loup, St. Anicet, St. Jean Port Joli, St. Laurent d'Orleans, Sit. Zotique, Tadousac, Trois Pistoles, Valois Point, Ville Marie.

\section*{Nora Scotia.}

Arisaig, Avonport, Bass River, Broad Cove, Broad Cove Marsh, Brooklyn, Chipman's Brook, Cranberry Head, Cribben's Pier, Eagle Head, East Bay, East River Sheet Harbour, Grand Narrows Victoria Co., Kelly Cove, Lismore, Maitland, Militia Point, North side Boularderie, Parrshoro, Plympton, Port Hood, Port Joli, Salmon River Dighy Co., Tancook Island, Tidnish, Tracadie, Tusket Wedge, Wallace, West River Sheet Harbour, W'hite l'oint.

\section*{New Brunswick:}

Black River, Kingston, St. Louis, St. Mary's.

\section*{Prince Edward Island.}

Campbell's Cove, Clifton, Cranberry, East River, Haggerty's Wharf, Higgins Shore, Lewis Point, McGee's Island, Mink River, Nine-mile Creek, Pinette Red Point.

I shall be glad to have an explanation of the absence of revenue from these wharfs and an account of what action you have taken in reference thereto.

I am, sir, your obedient servant,
The Acting Deputy Minister Marine and Fisheries
J. L. McJOUGALL, A.G.

Dert. of Marine and Fisheries, Ottawa, September 28, 1900.

\begin{abstract}
Sir,-Referring to your letter of the llth instant calling attention to the fact that no revenue has come to account from certain wharfs and piers, I beg to inform you in regard to the wharfs belonging to the Province of Ontario, as follows --

Morpeth Wharf. The wharfinger at this wharf forwarded a return for 1898 showing a collection of \(\$ 4.10\), but no returns have been received since that date. The attention of the wharfinger has been already called to his neglect in forwarding returns and I ain again communicating with him in the matter.

North Bay. No wharfinger has as yet been appointed for the government wharf at North Bay and consequently no returns have been received.

Port Rowan. The departinent has not been able to secure a wharfinger to take charge of the wharf at Port Rowan without an appointment at a salary, and the matter is still under the consideration of the department.

Summerstown. This wharf is under a lease to the Corporation of the Township of Charlestownburg. No reverue is received.

Thessalon. During the present season, this wharf was visiied by an officer of the department and the sum of \(\$ 100\) obtained from the wharfinger and the wharfinger at the same time promised to refund the balance remaining mupaid. He also obtained the sum of \(\$ 108.30\) from Mr. Hagan, the former wharfinger and deposited the amount to the eredit of the Receiver-General
\end{abstract}

I ain, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, for D. M. of M. \& \(F\).

\section*{1)ept, of Marine anid Fisheries, Ottawa, September 27, 1900.}

Sir, -Referring to your letter of the 11th inst. calling attention to the fact that no revenue has come to account during the fiscal year, 1899-1900, from certain wharfs and piers, I beg to inform that on communicating with our Agent at St. John he informs me that no revenue has been collected by the Wharfinger at St. Louis, Kent County, as the flooring of the wharf is at present in a very dangéross state so that teams cannot venture on it. I may observe that this wharf is considered utterly useless for any purpose to navigation and it is not proposed to make any repairs.

With reference to the wharf at Kingston he states that the traffic on the wharf is very limited owing to the other wharfs in the vicinity being free, and that no revenue has come to accomnt.

The agent also reports that no tolls have been collected at St. Mary's owing to the condition of the wharf.

With reference to the wharf at Black River the agent reports that the sum of \(\$ 58.22\) has been received, being the net amount for wharfage dues collected by Mr. McLend, the wharfinger at Black River, for 1898.

> I ain, sir, your obedient servant,
> JOHN HARDIE, for \(D . M\). of \(M\). \& \(F\).

The Auditor General.

\section*{Dept. of Marine and Fisheries, Ottawa, October \(1,1900\).}

SIR,-Referring to your letter of the 11 th ultimo calling attention to the fact that no revenue has been received from certain wharfs in the province of Prince Edward Island, I have the honour to inclose, for your information, copy of a report received from our Agent at Charlottetown in regard to the matter.

I am, sir, your obedient servant,
The Auditor General.

\section*{Charlottetuwn, September 25, 1900.}

Sir,-I have to acknowledge the recipt of department's letter dated 21 st inst., re the Auditor General's request for an explanation for the non-payment of any revenue from certain wharfs for fiscal year 1899-1900.

I beg to report as follows :-
Campbell's Core, in my opinion will never be a source of any revenue as it is merely a protection for small fishing boats, and that there is not water enough for any craft drawing over five feet water, and nothing shipped therefrom or landed thereon. On the most exposed part of our north shore.

Clifton. This wharf was badly wrecked about one year ago, has been repaired. I saw the wharfinger last July whilst on my tour on lighthouse work. Mr. Mckay the former whartinger had died and the newly appointed official had just received his appointment, but no books or instruetions. I supplied him with record book, book of receipts and blank return forms and gave him instructions with respect to his duties. The wharfinger informed me that there would not be anything done until fall shipping began.

Cranberry, Haggerty's and Red Point Wharfs, I reported upon under date the 22nd instant in answer to department's letter No. 17253, of the date of the 19 th inst.

Higgins Shore, Egmont Bay south. Goo. G. Henry wharfinger, is a wharf where there will never be any much revenue collected, if any at all, This wharf is a large useless structure built in a place where when the tide is out the whole place is dry, and to the best of my knowledgnothing but fishing boats use the wharf, it is rotting down, last fall the wharfinger allowed a quantity of lobster traps to be landed upon the wharf, was to receive the sum of \(\$ 5.00\), an not aware that the amount was collected, if so, must have been sent to department direct. I did not get any earnings, vessels cannot or do not use the wharf at all, hence I say, it is a large useless structure.

Lewis Point, Cardigan Bridge, should give some revenue. I will write the wharfinger Mr. J. G. Scrimgeor to report.

Mink River, Murray Harbour, should do some work spring and fall, produce shipping, but during the past year there has been changes in wharfingers, three times, and since the last one was appointed there would not have been any earnings. This coming fall season should give some revenue, but the former wharfingers gave up che appointment on account of no earnings and consequently would not give their time and attention.

Nine Mile Creek Wharf. There were three or four small vessels loaded produce at this wharf last fall, so I am informed, but since the opening of navigation, there has not been any vessel at the wharf. I will write Mr. Harrington for his report as to earnings, this wharf is also handieapped on account of water and a very crooked channel leading thereto and it is usell chiefly by boats or small schooners, some of which take small quantities of produce, to be delivered into vessels loading at this port.

Pinette Wharf. I have had the wharfinger at this wharf in my office several times lately complaining that the vessels frequenting this wharf refuse to pay wharfage. I have instructed him to sue the vessel owners and shippers before a local magistrate in his own name; this apparently he declines to do, and I would suggest that a more energetic man be appointed whartinger, one who would do his duty, this man Hubbley will not, he appears afraid to call in the aid of the law.

Whilst on this subject I respectfully beg to state that the Dominion piers are greatly at a disadvantage, especially at ports where there are private wharfs, or Local Government wharfs, the private wharfs give side-wharfage free to all vessels loading or discharging, therefore so long as a berth is obtainable at a private wharf, the Iominion piers are idle, this should not be, the sidewharfage tax should be done away with.
The Deputy Minister Marine and Fisheries. A. LORI), Ayent.

\section*{Dept. of Marine and Fisheries, Ottawa, October 16, 1900}

SIR,-Referring to my letter of the lst instant in regard to the matter of revenue from certain wharfs in the provinee of Prince Edward Island, I beg to inform you that our agent at Charlottetown, under date 11 th instant, reports that he had received a letter from Mr. George G. Henry, wharfinger at Higgin's Shore, Victoria West, stating that no wharfage had been collected since 1892, and that until there was dredging tone there could be no shipping and conseguently uo wharfage.

I am, sir, your obedient servant,
The Auditor General.
\[
\text { JOHN HARDIE, for } D \text {. M. of } M \text {. de } F \text {. }
\]

\section*{Re Wharf at St. Alphonse de Bagotville.}
\[
\text { Audit Office, Ottawa, March 24, } 1900 .
\]

Sir, - I have not received any reply to my letter of June 2, 1899, in reference to the wharf at St. Alphonse de Bagotville.

On January 17 last, \(\$ 6.77\) was deposited in the Bank of Montreal here on account oi this wharf, but no returns have been furnished.

The large falling-off in the receipts at this wharf during the last few years calls for some explanation.

I ain, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, A. G.

\section*{Re Steamship Inspection-Refun of Fees on American Vessels.}

Audit Office, Ottawa, September 11, 1900.
Sir,-I have had no reply to my letter of August 27, in reference to your application for a refund of the steamship inspection fees on the steamer Ariel to H. Walker \& Sons.

At the same time application was made for refunds in favour of Fred R. Dale and the owners of the American steamers Columbia and Pennsylvania, cheques for which are now inclosed.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, October 26, 1900.
Sir,-Let me call your attention to the following boats which have paid two years' tonnage dues, but only one year's inspection fees :-
\begin{tabular}{|c|c|c|}
\hline Port. & Date. & (4ame of Boat. \\
\hline Vancouver. . & January, 1900. & Bonanzre and Swan. \\
\hline " & February " & Stella. \\
\hline " & March " & Troubadour. \\
\hline Victoria. & June & Donney, Nora, Dreadnaught, Advance and Strathcona. Westminster. \\
\hline
\end{tabular}

Regarding cases of this kind, let me refer you to your letter of November 17, 1898, which you will find in my report of \(1897-98\), page \(\mathrm{K}-186\), in which you concur with me that when tonnage dues are collected, inspection fees should also be paid.

I am, sir, your obedient servant,
The Acting Deputy Minister, Marine and Fisheries.
J. L. McDOUGALL, \(A . G\).

\section*{Re Fisheries Revenue.}

Audit Office, Ottaiwa, June 7, 1900.
SIr,-According to the statements of your department, the following licenses were issued and sent to Inspector F. W. Colcleugh, Selkirk, Man., in February last :-
\begin{tabular}{|c|c|c|}
\hline Number. & Licensee. & Fee. \\
\hline \multirow[t]{4}{*}{\[
\begin{aligned}
& \text { No. 1. } \\
& \text { No. } 2 . \\

\end{aligned}
\]} & \multirow[t]{4}{*}{\begin{tabular}{l}
J. Sigurdson. .... \\
Jos. Simpson \\
Jas. Tait......... \\
Total
\end{tabular}} & \\
\hline & & + 92 \\
\hline & & 80 \\
\hline & & 248 \\
\hline
\end{tabular}

\section*{SESSIONAL PAPER No. 1.}

A deposit receipt for \(\$ 40\), dated February 16 last, cone to account yesterda, ,ut no statement has yet been received.

The returns of the overseers are not furnished, and they should be. They should show the date of each collection and the date of the remittance to the inspector.

Your attention is requested.
I am, sir, your oliedient servant,
The Acting Deputy Minister, Marine and Fisherie .
J. L. McDOU'GALL, A.G.

\section*{Audit Office, Ottawa, May 29, 1900.}

Sir,--On September 24, 1898, Mr. J. W. Cross deposited \(\$ 350\) in the Ontario Bank at Port Arthur to the credit of Fisheries Revenue. The deposit receipts did not reach this office until December 7, 1899, nearly fifteen months after the money was depositei. The return furnished is merely a memo to the effect that the amount is for licenses 1898.

Please explain why tho deposit receipt was delayed and furnish me with a detailed statement in acquittance of the deposit.

In your statement of arrears furuished this office for the year ended June 30, 1890, Mr. Cross appears for \(\$ 795\), made up of 14 licenses amounting to \(\$ 1,145\), less \(\$ 350\) paid, and I assume this credit and the above deposit are identical.

I shall be glad to know if Mr. Cross has accounted for the balance of licenses sent him, amounting to \(\$ 795\); if not, whether the amounts were collected from the parties to whom the licenses were issued, and what action you have takon in reference thereto.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. \(\boldsymbol{F}\).

The Acting Deputy Minister, Marine and Fisheries.

\section*{Audit Office, Ottawa, May 14, 1900.}

Sir, -On July 14 last, Mr. W. W. Stumbles deposited at New Wostminster \(\$ 507\) 25, credited to Fisheries Revenuc. The deposit receipt did not reach this office until the 8th of the following January. Please explain this delay and furnish me with the customary detailed return for which this deposit was made.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. \(G\).

The Acting Deputy Minister, Marine and Fisheries.

\section*{I)ept. of Marine and Fisileries, Ottawa, September 22, 1900.}

Sir, - In reply to your letters of the l0th instant, and May 14 last, inquiring in regard to a deposit made by Mr. Stumbles of \(\$ 507.25\) credited to Fisheries Revenue, I beg to inform you that it is at present impossible to distinguish between the amounts belonging to fines and collections on account of licenses. Mr. McNab has resigned the position of Inspector of Fisheries for British Columbia and pending the receipt of certain information from guardians stationed in almost inaccessable places it will be impossible to itimize the deposit. I may say that a refund of a large amount of this deposit will be asked for as it belongs to complainauts in certain cases who have not been paid their share of the fines which forms a part of the above amount.

Under the circumstances I must ask you to allow this matter to stand for the preseut.
I am, sir, your obedient servant,

\section*{Re Lease of Foreshore Rights.}

\section*{Audit Office, Ottawa, May 1, 1900.}

Sir,-I wrote you May 31, 1898, in reference to two items of \(\$ 150\) each that came to account for lease of foreshore rights of North.West Arm, Halifax, and Rock Bay, Victoria, B.C. I have not had any reply. I do not find that anything has since come to account from either of these items.

In September last \(\$ 200\) came to account being for grant to British Columbia Sugar Refining Co., of foreshore rights in harbour of Vancouver, B.C.

I have to ask for a full explanation about these foreshore rights ; to what harbours they apply ; what rights are now under lease ; to whom and on what terms ; and any other information pertinent thereto.

I \& m, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Acting Deputy Minister of Marine and Fisheries.

Dept. of Marine and Fisheries, Ottaiwa, Sept. 20, 1900.
Sir, - With reference to your letters of the 10 th instant and of the lst of May last asking for information in regard to the sum of \(\$ 150\) received for a grant made of foreshore rights at North West Arm, Halifax, I beg to inform you that by Order in Council of the 25 th of March, 1896, a grant was made to the People's Heat and Light Company, Ltd., of Halifax, of a water lot situated at North West Arm, Halifax, the sum of \(\$ 150\) to be paid by the company for the lot in question. The sum of \(\$ 150\) was received from the company in payment of the grant.

With reference to your inquiry in regard to foreshore rights at Rock Bay, Victoria, B. C., I am uaable to reply at present as the file has been mislaid.

I am, sir, your obedient strvant,
The Auditor General.
JOHN HARDIE, for D.M. of M. \& \(F\).

\section*{Re Letters not answered.}
 I have the honour to be, sir, your obedient servant, The Acting Deputy Minister of Marine and Fisheries
J. L. McIOUGALL, A.G.

\section*{Re Arrears Due.}

\section*{Audit Office, Ottawa, October 27, 1900.}

Sir,-I have received your letter of the 25th, inclosing a statement of licenses (Fisheries) issued up to the 30th June, 1900, the fees on which have not been paid.

Though I asked for a statement of all arrears due to your department, this statement is all that has been furnished and, as far as I can make out, these are only arrears accrued during 1899-1900. What about the arrears of previous years published in former Audit Reports?

Last year you furnished a statement of wharfs in arrears. Why has no statement been furnished this year?

If there is nothing due by your collecting and disbursing officers, you should so state.
I am, sir, your obedient servant,
