In this Report the details of expenditure and revenue for each department are given in a separate part, the parts being arranged alphabetically by the names of the departments. At the commencement of each part there is a summary of the expenditure, indicating the pages where the details will be found. A similar summary of the revenue is given at the commencement of the revenue details. Thus, if an item of Immigration expenditure is wanted—it being known that this service is under the control of the Interior Department—on turning up that department in its place alphabetically, the summary at the beginning gives the page for Immigration, and there the details of expenditure will be found arranged under agencies. Similarly an item of expenditure under the control of the Public Works or any other department may be found in the same way.

For full index, see end of each volume.

I have the honour to transmit the report of the Auditor General on Expenditure Accounts, appropriation and statutory, and on Revenue Accounts. .

It will be easily understood that during my short absence in Europe last summer I could obtain but a very small portion of the information that would be useful in my official position.

Visit to Great Britain.

In Britain I thought mainly of four points—(1) The Public Accounts Committee; (2) the Treasury in its connection with the Audit Office ; (3) the methods of control and audit and (4) the Civil Service competitive examination system.

(1) The Public Accounts Committee.

The Public Accounts Committee procedure seems absolutely perfect. The committee is composed of a few members of experience who confine their committee work to the one subject, who deal with principles, to a great extent differences between the Executive and the Audit Office, and who settle the practice for similar points when they may arise.

(2) Treasury and Audit Office.

The connection between their Treasury and Audit Office is in a sense more satisfactory than ours. There seems to be no pretense there that the rulings given out by the Treasury are governed by any law. Here, up to the present time, while the overruling of the Auditor General's decision is legally governed by sections of the Audit Act, the overruling is based in fact upon the opinion of the Department of Justice, a department which knows no more about the rules which should govern the auditing of accounts than the first man you may chance to meet. For instance, the department, by the opinion of which I am overruled, contends that the Auditor General is not justified in requiring vouchers when the government has passed an Order in Council that the gross amount is to be paid on a claim in which there are evidently details which can be given, but are withheld.

These particulars are not adduced to cause an unfavourable opinion of the Department of Justice to prevail. The proper controlling of expenditure is a branch of its own and may be absent from persons who have clearer minds and more general information than others who understand our work.

I complain again as I have complained before that the Opposition of the day seems to think that no risk is run in allowing the government to do as it is greatly tempted to do by the demands of its friends and by the ill-informed opinions of the Department of Justice, there being nothing more in its way than the slight obstacle of an unsupported Auditor.

Talk of the opposition being weak in numbers and without experience ! One member, even if he had never been in the House before, but had once grasped the

view that the money with which we all deal is no more the property of the government than it is that of the humblest tax payer in the land, would have no difficulty in making it clear to Parliament and to the people that not a dollar should be allowed to a claimant of public funds until after it had been earned in the same way that money is earned from a private individual. One can, however, easily see that it is quite absurd to do even as is done in England, make a Comptroller and Auditor General nominally independent of the government, and the Treasury Board (the government in another name) ; the Chancellor of the Exchequer, who is the British Finance Minister, being the ruler of the board which makes decisions that the Comptroller and Auditor General accepts without a murmur. Hopes of an awakening of the British Audit Office may be cherished from the recollection that in Sir Wm. Dunbar's time it was not thus. He was willing to stand up for his own opinion when he had the law of the land supporting him.

(3) Methods of Control.

While this is not a place in which a Canadian should dwell largely on our superiority over the practices of other countries, it is well that the attention necessary to prevent us forgetting the advantages which we already enjoy, should be given to it. By thoroughly grasping our strong points we are not so likely to lose them.

When there is an appropriation or other authority to expend money here, the control of the country's money is never lost until it actually reaches the public creditor, so that, while the money has its full effectiveness for general purposes, it never becomes available for the individual needs of the public employee, who is engaged in distributing it as the requirements of the state may make necessary.

The examiners in the Audit Office, therefore, make use of the cheque to the order of the public creditor and endorsed by him as a principal voucher in the examination of accounts. I do not know any other country where this simple and thorough system is in such general use.

This regulation had not reached Britain so far as I could learn when at home.

As I have explained in another place my chief objection as an official to the borrowing of money from the banks is that it is impossible to put the check above described into operation with reference to the borrowed money.

(4) Civil Service Competitive Examination System.

Another point which greatly interested me as an official having to get work done by assistants was the Civil Service examination system. The competitive system of selection has many important advantages besides that of selecting from the individuals who are willing to accept public employment those who have the fullest clerical knowledge :

1. It selects for you the industrious, the sober and the men of ability.

2. It excludes the persons who appeal to the sympathies of those who are willing to let any man have public employment who is unfit to manage the private business of these same generous persons.

3. Then it prevents a competitor from being handicapped by not belonging to a particular political party.

4. After the official under the competitive system becomes attached to the office he has nothing to look to for promotion but his head and his hands. Nobody wants to hasten or retard his advancement except as his merits may justify it.

An outsider can scarcely conceive the misery to a man who is responsible for the proper conduct of an office, who requires assistance, knows the man who is capable and who is willing to perform the work at a reasonable rate, and is prevented from getting him. The difficulty is not so much in the political aspect of the matter. If a present applicant's father happens to be a Conservative one scarcely knows that he ever had a father, his Liberal uncle is so constantly with him. The great difficulty seems to be the part of Canada where the applicant happened to be born. One might be supposed to give a little consideration to the fitness for a public place of the person who is to fill the place.

Then, in Britain, if an official does his work well, there is no suspicion of his being moved in secret to be treacherous to his superior, he having obtained employment without political support, and there can be no ground for the latter desiring his removal to obtain a favoured successor, as under their system, no man outside of the Board can tell who his successor will be after he is removed.

I am quite sure that, if the change to the competitive system were made here, it would not be a month in existence until the ministers would be pleased in every way with the change.

Visit to France.

In France an able and prominent resident whom I had the good fortune to meet, made it rather evident that, notwithstanding the ability of the people, there was little chance of obtaining, in the short time at my disposal, much information which would be of service to us in our condition.

The great difficulty is the length of time which elapses between the expenditure of money and the publication of the details of expenditure. Then the frequent changes of the government itself tend to weaken control, as they must, if that government is out of power when the first intimation of how the expenditure has been made reaches the public.

Early and strict accounting are wanted. If the persons who expended improperly were to the fore when the tardy accounting for the expenditure were being made, the free criticism of an enlightened press and people would be salutary, but a community becomes disheartened when those who have wasted their hard earned substance go unpunished.

It is no wonder that in France earnest industrious people, under the circumstances described, seem to have given up any thought of watching their political rights, pay without question such taxes as are demanded from them and confine their personal expenditure to the portion of the fruits of their intelligence and toil that

may remain to them after the uncontrolled demands of the government have been satisfied. How simply, apparently, political privileges may be lost by even a brave, sensitive and courageous people.

Is not this sufficient warning to us to watch steps which are being taken and which at the outset are apparently free from danger ?

Bounties on Iron and Steel.

It is unnecessary to make further remarks here on the differences between the Department of Trade and Commerce and this office regarding the methods which seem necessary to me, to thoroughly safeguard the interests of Canada in connection with the millions which are to be paid to the smelting and steel companies. I trust that this important subject will receive careful consideration. It seems clear that legislation is required in connection with the bounty to meet the change in their works made by the Dominion Iron and Steel Company so as to produce steel at once without the expenditure of fuel in the reheating of its pig iron.

Travelling Allowances.

You will observe by the correspondence that consideration of the old subject of travelling allowances ought to be renewed.

Extended leave to Temporary Employees.

I presume, as there is not likely to be any attempt to consider by the Public Accounts Committee the differences between the Treasury Board and this office regarding certain claims of extra clerks for protracted sick leave, I may as well consider myself absolved by parliament from the necessity of declining to pass any claim of this kind which may receive the sanction of an Order in Council, no matter how long the leave may be.

Justice Department and Audit Office.

While writing this short memorandum a report is current of a change in the Ministry of Justice. If the differences of this office with that department do not now become speedily settled, no one will think of attributing the result to want of energy or ability on the part of the gentleman who is expected to succeed to the position.

Printing of Audit Report.

I am glad to be in a position to state that the work of the King's Printer's Department, in connection with the printing of this report, has been done to the entire satisfaction of this office, both with reference to speed and manner of finishing.

AUDIT OFFICE,

GENERAL CORRESPONDENCE.

Distribution of Audit Report in Parts.

AUDIT OFFICE, OTTAWA, November 25, 1901.

SIR,—I am anxious to make a distribution, about December 15, of as many parts of the Audit Report as can be completed by that date, and send out the remaining parts as fast as they are finished. For this distribution, I would require to have 1,200 copies of each part stitched and covered separately. Please let me know if you can arrange to have the parts finished up ready for mailing promptly after they are signed off. Unless this can be done it would, of course, be of little advantage to make a distribution by parts.

I am, sir, your obedient servant,

The King's Printer, &c.

J. L. McDUGALL, A.G.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, Nov. 30, 1901.

SIR,—In reply to your letter of the 25th, I beg to say that there is no technical difficulty in carrying out your request to supply 1,200 advance copies of your forthcoming report. A serious difficulty of another kind, however, presents itself. Your report, when sent to me, becomes the property of parliament, and is printed by its order and subject to its rules. It would be a breach of duty on my part, and would bring upon me a deserved reprimand, if I were to issue any book or paper of parliament before it is distributed to those upon the authorized list sent for my guidance. The parliamentary distribution must be first served, and if that be done, the parts will be lost, and I shall have no complete volume to give the members when they arrive. If parliament were in session, the parts might be sent to members to assist in considering the estimates. That has, to a certain extent, been done before; but to distribute partially, out of session, has never been done. It would be contrary to usage and to the principles upon which the printing of parliament is carried on.

I am, sir, your obedient servant,

The Auditor General.

S. E. DAWSON, K. P. & C. S.

AUDIT OFFICE, OTTAWA, December 2, 1901.

SIR,—I have your letter of the 30th ultimo about the difficulty of distributing the Audit Report in parts.

I am obliged to leave Ottawa to-morrow, and, therefore, have no time to look up the precise action taken by parliament on Mr. Charlton's motion some years ago.

There is no difficulty now about distributing the whole book whenever it is ready, it being distributed first to those on the parliamentary list. I had no notion of making a general distribution of the parts until they were distributed to those on the parliamentary list. In fact, the use I proposed making of the 1,200 copies in parts was to send them to the senators, members of parliament, and the newspapers on this list. I cannot see what possible transgression of parliamentary rules can be made by treating the parts exactly as the whole volume would be treated.

I trust that, in the meantime, you will be good enough to go on doing all that is needed to have the parts ready, so that when I return in about ten days, no time shall be lost should it turn out, after the best consideration that we can give the subject, that there is no constitutional objection to letting the members and others obtain the information which they otherwise will not get at all. If the report becomes public property only after the opening of the House, it will generally be put aside for the many other documents which from day to day attract the attention of members of parliament.

I am, sir, your obedient servant,

The King's Printer, &c.

J. L. McDOUGALL, A.G.

LYNEDOC, January 10, 1902.

MY DEAR McDOUGALL,—I have your favour of the 7th instant upon my return last night, and in reply would say that I am unable to agree with the King's Printer in the position he takes that the Auditor General's Report cannot be distributed until it is completed. Each part of the report is, in a sense, a separate report, and is entitled to be submitted as such, and treated upon that basis. The strict letter of the law may be on the side of the instruction given by the King's Printer, but the spirit and intention of the law is not.

The purport of the move made by myself to have reports distributed in anticipation of the meeting of parliament, was simply to enable members to be posting themselves upon public questions before reaching Ottawa, and the reception of even portions of the Auditor General's Report would place information in the hands of the members in accordance of the original design of the resolution, I strongly endorse your position in this matter.

Faithfully yours,

The Auditor General.

JOHN CHARLTON.

AUDIT OFFICE, OTTAWA, January 13, 1902.

SIR,—I have received no reply from you to my letter of the 2nd ultimo, about the objection which you raised to the distribution of the Audit Report in parts. However, I think I did not deal with the portion of your letter of November 30 where you say: 'The parliamentary distribution must first be served, and if that be done the parts will be lost, and I shall have no complete volumes to give the members when they arrive.'

You are mistaken in supposing that you would not have the complete volumes. My view was that the complete volumes should be distributed when the members arrive, just as before. The only change would be that the members would get the same information in two volumes, one being distributed in parts and the other bound up.

Please let me know now whether you find it necessary to decline complying with my request or if you see your way to preparing the finished parts for distribution at once.

I am, sir, your obedient servant,

The King's Printer, &c.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, Jan. 22, 1902.

SIR,—I have given the subject of your letter of the 13th careful consideration, and I do not yet see my way to make so radical a change in the method of distribution as you propose. There are several obstacles which stand in the way, and they are mainly as follows :—

1st. The distribution of parliamentary documents is entrusted solely to the King's Printer, and there is no one else but him who can send them out. He acts in accordance with rules and instructions laid down by the Printing Committee of parliament, and these rules have existed for very many years. The distribution lists, which are instructions, are varied from session to session. The departmental officers have no control over these rules, nor power to modify them.

2nd. You request me to hand you over 1,200 copies of the 2,000 which you are to receive under the Order in Council, after the distribution is complete ; and these 1,200 copies you propose to distribute yourself. That cannot be done, for the reason that parliament has provided a distribution list, and there is no authority to make a partial distribution, or, in other words, to send to some and not to all the persons on that list. No partial distribution has ever been permitted. If any go out at all, all must go out ; and that is a rule which has never been deviated from. If I deviate from a rule so fundamental as that I am taking upon me a serious risk, and I shall most certainly be blamed, and I shall have no one to stand behind me to bear the responsibility.

3rd. If, then, I issue the whole number of copies and make the distribution on the parliamentary list a large number of the separate parts will get lost, and I shall have no copies to make them good. The whole distribution will fall into confusion and uncertainty. The 1,200 copies which you propose under your plan to send out will be practically wasted. No one will be satisfied, and I shall be justly reprimanded for breaking out on a new path without authority.

4th. With regard to these 2,000 copies which are to be given to you, they or any portion of them, can only be given to you after the parliamentary distribution is completely finished. I shall be glad to do these up in single parts, as you propose, but only after the parliamentary distribution is complete.

These are the reasons I gave in my letter of November 30, and I cannot see any escape from them. A public officer whose duty is so clearly laid down as mine is has no justification in deviating from his instructions. An innovation so important can only properly be made by authority of parliament ; and the proper course would seem to be for you to bring the matter up before the Printing Committee. The subject of your report has often been before the Printing Committee, but it has never expressed any desire to vary the mode of distribution.

I regret, therefore, that for these reasons I find it impossible to carry out your wishes. Your report is advancing very rapidly, and there is no reason that I see why it should not be on the Table of the House when the House meets. It is true the copy is not all in, but there cannot be a great deal more.

I am forwarding a copy of this letter and that of November 30 to the Chairman of the Printing Committee. If he should think fit to send me different instructions in the matter I shall then have some one to assume responsibility for this new departure.

I am, sir, your obedient servant,

The Auditor General.

S. E. DAWSON, K. P. & C. S.

MEMORANDUM on the subject of the foregoing correspondence regarding the distribution of the Audit Report in parts.

There is no object in arguing this question. The correspondence brings the matter before Parliament. The King's Printer only requires the direction of Parlia-

ment to change the mode of distribution. If Parliament desires that this Report should be distributed as the parts are ready, it is only needed to say so. All that seems necessary is the same simple direction with reference to the parts of this report that was given with reference to all of the departmental reports at the instance of Mr. Charlton in 1887. The Premier of the day, Sir John Macdonald, at once acceded to the proposition, as far as I can recollect.

There appears to be no need for an allusion to my opinion as to the view taken by the King's Printer.

Funds Borrowed from a Bank to carry on Services for which Money is not appropriated.

AUDIT OFFICE, OTTAWA, December 30, 1901.

SIR,—I know that some departments are now carrying on services by money borrowed from the bank, although I have no direct official knowledge of the fact: for instance there is no entry in the Audit Office books since August last on Census Account. Where did the money come from which must have been required?

It seems advisable to say that I cannot hold myself responsible, at any stage of such expenditure, for the accuracy or regularity of it. The difficulty of keeping a continuous check on outlay of that kind has been made clear by the investigations in the Public Accounts Committee on the Charleson accounts. Even with the credit system it has often been objected by members of Parliament that the Audit Office sees vouchers for expenditure only after it is too late, that is when the expenditure has been already made; but then I get the statement of the cheques which are drawn each month, the cheques themselves and other vouchers in the same way, at the end of the month, while the chances are that the first time the accounts or vouchers of any kind in connection with the bank-borrowed money will reach me, will be near the end of the financial year when the money voted by Parliament to repay the bank its advances will be made available. I should say that then, if my memory serves me rightly, there is usually no notice to Parliament that the money has been already used.

You probably reply: This cannot be different. If money is absolutely required and it has not been appropriated it must be obtained on a Governor's Warrant or be borrowed. It could not be legally obtained under Governor's Warrant when it was borrowed from the bank, and therefore it was borrowed. I answer: Surely on the face of the case it seems unreasonable that the government should have the right to borrow money while it cannot touch the money of the country which is in the bank in abundance.

If an appropriation runs short, while additional outlay is immediately required and while the House is not in session, a Governor's Warrant should, in my view, always issue, so that the expenditure may go on in the usual channel subject to the regular prescribed conditions, be entered in the books of the Finance Department and Audit Office; and not in ways known only to the department immediately concerned. Always assuming the absolute and immediate necessity of the expenditure the Governor General's Warrant should issue instead of the using of any other means of providing funds. Whether any one should be censured, or who should be censured for indirect connection with the necessity of the warrant is quite independent, at that stage, of the constitutional propriety of causing the issue of the Governor's Warrant.

It is true that the government will be held responsible if the necessity for the additional appropriation was or should have been foreseen when the last estimates

SESSIONAL PAPER No. 1

were being brought down to Parliament, or if there was no immediate necessity for the funds provided by the warrant, but will not otherwise.

Parliament has carefully scrutinized the circumstances under which warrants of the Governor General have issued during the tenure of office of this government, as well as that of the Conservative party, to determine whether there was just cause for blame of the government in connection with the necessity for the issue of the warrant. In any case there is no need of such examination when money is borrowed from a bank while Parliament has money of its own. This is always wrong.

I am, sir, your obedient servant,

Hon. W. S. Fielding, Minister of Finance.

J. L. McDougall, A.G.

FINANCE DEPT., OTTAWA, Jan. 11, 1902.

SIR,—I am directed by the hon. the Minister of Finance to acknowledge receipt of your letter of 30th ultimo, and to send you the inclosed copy of a memorandum by the minister on the subject.

I am, sir, your obedient servant,

The Auditor General.

C. B. BURNS, *Private Secy.*

Memorandum by Minister of Finance on Auditor General's Letter.—The Auditor General's letter appears to be based upon the assumption that the Governor General's warrant is always available to meet an expenditure that has not been provided for by parliament. This may not be so. There may be cases in which an expenditure is called for which is not provided for by parliament and for which a Governor General's warrant cannot properly issue. The ministers must be the judges as to when such cases arise, and they must be free to make such arrangements for meeting the cases as they deem best, relying upon parliament to indemnify them by making the necessary appropriations. This is a matter wholly outside the functions of the Auditor General, whose only responsibility is for the auditing of the accounts when they come before him in due course.

W. S. FIELDING, M.F.

FINANCE DEPT., OTTAWA, January 11, 1902.

Memorandum by Auditor General.—I do not see this matter in the same light as the Finance Minister either (1) with reference to the freedom which the ministers should enjoy in making arrangements for meeting cases where money not appropriated by parliament is required, or (2) as to the whole responsibility of the Auditor General to parliament being the auditing of the accounts when they come before him.

1. There is only one class of cases referred to in my letter, so far as the side of the question with which I dealt is concerned.

Money was not provided by appropriation, a Governor General's warrant was not issued, but the government thought that the necessity for spending the money was so great that, although it appeared to the government that a Governor General's warrant could not properly issue, it was advisable that the money should be expended, and the money was borrowed from the Bank of Montreal.

The best evidence that there may be an occasion, in the view of the government, for obtaining money when it has not been appropriated, and when, according to the

interpretation of the Audit Act by the government, a Governor General's warrant cannot properly issue, is that it has already occurred.

To authorize, in the first instance, the expenditure of public money, is recognized as the exclusive privilege of parliament. Parliament should, therefore, in any case which is likely to arise in which money may be required, and which is neither the subject of an appropriation nor comes under the cases where, in the view of the government, a Governor General's warrant may issue, be advised by the government as to the restrictions which should be placed around the proceedings and the formalities which should be enforced. The expenditure would, by the imposition of such restrictions, be brought under the control of the Auditor General from the beginning.

2. I quite agree with the Minister of Finance that this is no business of mine, unless I have more responsibility in connection with seeing to the regular carrying out of the directions of parliament and the government in the expenditure of public money than he supposed when he wrote the memorandum.

The most of the expenditure is made under letter of credit. The credits are always in favour of two persons who always act jointly and who are not permitted to draw cheques except to the order of the public creditor. It is manifest then that defalcations in the course of the expenditure of public money can only take place by the collusion of three persons, the two officials and the creditor. Then, if there is any delay in sending vouchers to show how the claims are made up, a renewal of the credit does not take place until the explanations are made. It is far more pleasant to devote time to prevent wrong doing than to detecting it after it has been done.

It takes 50 cents in this office to do the work connected with \$1,000 of the public revenue and expenditure. It would take more than \$5 to do the same work if everybody was permitted to do what he liked between the time when he obtains control of public money and when it reaches the public creditor, and there would not then be the same security that there had not been irregularity.

What occurred in the Accountant's office of the House of Commons a few years ago could not happen now, and happened then only because I was prevented from enforcing there the system of paying always by cheque and to the order of the member or other person entitled to receive money. These restrictions that I think so necessary and which have proved so effectual, cannot be applied if the money is spent, without the knowledge of the Audit Office, as it is when the money being spent is borrowed from a bank.

AUDIT OFFICE, OTTAWA, Feb. 1, 1902.

Dept. of Trade and Commerce : Proposed Extension of Letter of Credit to cover payment of Steamship Subsidies and Iron Bounties ; also Evidence required in support of claims for Bounty.

TRADE AND COMMERCE DEPT., OTTAWA, July 29, 1901.

SIR,—Mr. Nutting has returned to me as coming from you my letter to the Auditor General of the 27th instant asking for a letter of credit to meet expenditure during the current year on account of several services under control of this department ; and he informs me that you wish to have the amount reduced and two items bounty on iron and steel and mail subsidies struck out.

I do not feel disposed to do so as I find nothing in the Audit Act that would warrant any curtailment of the ordinary auditing of accounts by the Deputy of the department, or in other words of the auditing by the Auditor General's Department before the issuing of cheques. The Order in Council authorizing the issue of letters of credit and signing of cheques I must consider as sufficient warrant for the request

SESSIONAL PAPER No. 1

I have made. If you see fit to reduce the amount or to strike out the items referred to I think you must do it on your own responsibility. Cheques must issue on some of the accounts prior to the first day of next month.

I am, sir, your obedient servant,

E. D. SUTHERLAND, Esq.,
Acting Auditor General.

W. G. PARMELEE, D. M. T. & C.

MEMO.—Recommendation was made to Council a few days since for authority to issue cheques direct on letters of credit on account of services under the control of this department, such cheques to be signed by myself or J. P. Nutting, and countersigned either by J. P. Nutting or F. C. T. O'Hara; and I understand the order passed on the 25th instant, but copy has not yet come to hand; and inasmuch as there will be considerable expenditure particularly on account of Cullers and Grain Inspection by the end of the month, I trust you will hurry the matter up as fast as possible. Of course the officers, cullers in particular, will expect their pay as usual by the last of the month; and until we get the letter of credit we have no means of paying them.

Department of Trade and Commerce,
Ottawa, July 27, 1901.

W. G. PARMELEE, D.M.

AUDIT OFFICE, OTTAWA, July 30, 1901.

SIR,—I have your letter of 29th instant with regard to the issuing of a letter of credit of \$50,000 for your department, the application for which I personally returned to Mr. Nutting (in your absence at the moment). At the same time I gave my reasons for asking that payments for mail subsidies and bounties on iron and steel should not be made by cheques on a letter of credit, and asked that the amount applied for should be reduced to a sum sufficient to pay the other services mentioned in your application, viz., Culling Timber and Inspection of Staples.

It may be well for me to repeat my reason for asking that payments for mail subsidies and bounties should be made through this office, on your application of course.

The payments for the former service are now so made, and during the absence of the Auditor General it is not advisable that any change should be made. As regards the bounties, it is true that in the past these payments have been made through the Customs Department letter of credit, but the Auditor General has for some time been asking for a change to payment by Receiver General's cheques. Under these circumstances I would ask you to continue the existing practice in the matter of paying mail subsidies, viz., by the issue of a Receiver General's cheque, and also that bounties should be paid in the same way.

I shall not discuss the provisions of the Audit Act regarding the payments of public moneys. Both systems of payment, viz., by departmental letter of credit and Auditor General's certificate are in force and I think the sections of the Act under 'Proceedings as to votes of money' clearly provide for them. The Auditor General claims the right to say how far each system shall apply. As regards the reducing of the amount of the letter of credit which you say must be done on my own responsibility, this office of course is not in a position to know what the requirements for your other services will be. If you will inform me I shall be glad to authorize the necessary letter of credit.

I am, sir, your obedient servant,

E. D. SUTHERLAND, for A.G.

The Deputy Minister of Trade and Commerce.

1-2 EDWARD VII., A. 1902

TRADE AND COMMERCE DEPT., OTTAWA, July 30, 1901.

SIR,—I am in receipt of yours of even date in reply to mine of yesterday in *re* the letter of credit applied for some days since. I note the reasons you give for not issuing (which is tantamount to a refusal to issue), the letter of credit, and in reply would state that as regards the practice you quote, the payment of mail subsidies by Auditor's cheques instead of by letter of credit was not because this department accepted the right of the Auditor General to insist upon it, it was a mere matter of convenience at the time. The department did not ask for a letter of credit preferring to pay by Receiver-General's cheques. Now, that the business of the department is so greatly increased the ordinary course seems more advisable, and it is the intention of this department to pay such claims from the 1st instant by letter of credit cheques. Appropriations have been made for these several accounts and this department is charged with the administration thereof and intends to deal with them in the manner to best promote the interests of the service and to do quick justice to claimants. I can see that there is a considerable difference between the auditing of accounts and the obstructions that are, and have been for some time past, put in the way by the Audit Office. I do not find that the Auditor has any power to assume to be a dictator or a controller. If so, the various departments in the service had better be abolished, and the whole government administered by him. I must decline to name any sum smaller than that asked for. If you choose to cut it down you assume the responsibility. I might add, possibly for your information, that it is not at all probable that there will be any claims for bounty ready for payment for some few weeks to come, and in the meantime you can make up your mind as to what course you see fit to take. If you neglect (which I hold to be tantamount to a refusal), to issue a letter of credit, an appeal will of course be at once taken. The payments of salaries, &c., cannot be delayed in this manner. Cheques must be issued at once.

I trust on second thoughts you will issue the credit asked for without attaching thereto any restrictions.

I am, sir, your obedient servant,

E. D. SUTHERLAND, Esq.,
Acting Auditor General.

W. G. PARMELEE, D. M. T. & C.

AUDIT OFFICE, OTTAWA, July 31, 1901.

SIR,—I beg to advise you that I have authorized the issue of a letter of credit for \$10,000 for your department, at the Bank of Montreal.

This amount, I assume, will be ample to meet your immediate requirements for salaries, &c. I must repeat my request of yesterday, that your credit be not used for the payment of mail subsidies and bounties.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce. E. D. SUTHERLAND, *for A.G.*

TRADE AND COMMERCE DEPT., OTTAWA, August 23, 1901.

SIR,—I have to call your attention to a request from this department dated the 21st instant, asking for the issue of a letter of credit for the sum of \$10,000. Not receiving the usual notice from the Department of Finance of the issue of this letter of credit I applied to them this morning and found that the delay is in your office. As there are cheques waiting to be issued for more than the balance at present at the credit of this department, I have to request that you will issue this credit without delay.

I am, sir, your obedient servant,

The Auditor General.

J. P. NUTTING, *Acting D.M.*

SESSIONAL PAPER No. 1

TRADE AND COMMERCE DEPT., OTTAWA, August 23, 1901.

SIR,—I am inclosing herewith a requisition for letter of credit in favour of this department for the sum of \$50,000.

I note in a letter from your department of the 30th July that you objected to the issuing of credit in favour of this department for paying mail subsidies and bounties on iron and steel, and that the Deputy Minister in his reply did not recognize your objections as being good. In connection with the payment for these two services I would point out to you that they are two services in which there is less necessity for an audit before payment than probably in the payment for any other service under government control. The payments for bounty on pig iron are made to well established and responsible firms, and will continue to be made to these firms for the next five years. The same papers will be furnished to your department in the shape of vouchers after the cheques are issued as would be furnished to your department when asking for cheques for payment made by Receiver General's cheque, and in case any error should be discovered there would be no difficulty in adjusting the matter. The same may be said in regard to payment for mail subsidies. A great number of the contracts are for from three to ten years, and in most cases the annual payments are divided into from two to four payments; any over-payment could be re-adjusted in settling subsequent claims. There is no risk and no possible chance of any loss to the government by having these cheques issued from this department instead of from the Auditor General's. In regard to the payment for bounties on pig iron, all previous payments have been made by letter of credit cheques from the Department of Customs, and the Order in Council by which the payment is transferred to this department, specially states that the payment of these bounties which had hitherto been paid by the Department of Customs, should after the 1st of July, be made out of the Consolidated Fund of Canada under the direction and control of the Minister of Trade and Commerce instead of being made from Customs Revenue under the direction of the Minister of Customs.

There are several claims now in, both for mail subsidies and for bounties on iron and steel, and unless a letter of credit is immediately issued I shall have to bring the matter before Council.

I am, sir, your obedient servant,

The Auditor General.

J. P. NUTTING, *Acting D.M.*

TRADE AND COMMERCE DEPT., OTTAWA, September 7, 1901.

SIR,—I am directed to call your attention to request from this department for letter of credit for \$10,000, dated 21st August, also to request for letter of credit of \$50,000, dated 23rd August, and to correspondence in connection with these credits of same date; and have to request that you will inform this department at once as to whether it is your intention to issue these credits.

As before stated, there are claims in this department for bounties on pig iron, and subsidies for mail services, payments of which are being urged; and it is not creditable to the department that there should be such a delay in settling these claims.

Kindly favour me with an immediate reply in order that the minister may take such action as he thinks advisable in case of your refusal to issue the credit.

I am, sir, your obedient servant,

The Auditor General.

J. P. NUTTING, *Acting D.M.*

AUDIT OFFICE, OTTAWA, September 24, 1901.

SIR,—I have received your applications, dated the 12th instant, for the payment of claims for bounty on Iron and Steel, amounting to \$116,667.70.

As the amounts which will be disbursed on this account during the six years of the existence of the bounty will be so very large, it is highly desirable that all possible effort should be made from the outset to close any loophole for over-payments.

In the claim-papers as furnished, the whole dependence appears to be on the affidavits of the manager and accountant in each case, while both of these officials are more or less interested in the claimants and are in no way responsible to the government. I have no doubt but that you have in view, making a scrutiny from time to time of the books. It seems to me, however, that there is a general, easily provided statement which should accompany each claim from the beginning and which would be an important safe-guard. I would be inclined to call upon each company to show : 1st, the weight of steel ingots, puddled bar and pig iron at the commencement of the bounty earning period ; 2nd, to prove from its books, railway vouchers, &c., the amount shipped during the period, and 3rd, to show by inventory the amount on hand at the end of the period. These three statements would of course give the amount manufactured during the period, unless to the extent that the result might be affected by manufacturing from one material into another. Government officials could take various means of testing the accuracy of these reports.

I trust that there is some means of verifying the returns of bounty earning material by the ore used in the manufacture. We should have proved statements of all the material provided.

Have you found the opportunity of becoming informed on the methods practised in other countries to prevent wrong payments in a similar part of their public service ?

I shall be much pleased to talk over these points or any others that may occur to you.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce. J. L. McDOUGALL, A.G.

TRADE AND COMMERCE DEPT., OTTAWA, September 25, 1901.

SIR,—I have to acknowledge the receipt of yours of the 24th instant, in reference to the application from this department for claim for Bounty on Iron and Steel, of the 12th instant, in which you ask to be furnished with three statements in addition to those already sent you.

In connection with this and with the conversation I had with you this morning, in which you stated that you could not authorize the issue of cheques in full settlement of these claims until such statements were furnished, I have now to inquire under what section of the Audit Act you consider yourself authorized to ask for these statements ?

I am, sir, your obedient servant,

The Auditor General. J. P. NUTTING, Acting D.M.

AUDIT OFFICE, OTTAWA, September 26, 1901.

SIR,—I have this moment received your letter of yesterday *re* statements which I asked by letter of the 24th instant, in connection with the passage of claims for bounty on iron and steel.

I should prefer discussing this matter verbally with the Deputy Minister on his return to the office should he think it advisable to question my authority to ask for

SESSIONAL PAPER No. 1

any statement that may prevent the improper expenditure of public money. Indeed I should be surprised if he felt inclined to argue that I am not bound to call for any such statement.

You will remember that, as new claims are accumulating and as the speedy payment may be a matter of convenience to the claimants, I informed you yesterday of my willingness to pass in the meantime any round sums less than the claims.

I am, sir, your obedient servant,

The Acting Deputy Minister of Trade and Commerce. J. L. McDOUGALL, A.G.

TRADE AND COMMERCE DEPT., OTTAWA, September 27, 1901.

SIR,—I have to acknowledge yours of the 26th instant in reply to my letter of the 24th in connection with the claims for bounty on iron and steel for the months of July and August.

I note you state that you prefer discussing this matter verbally with the Deputy Minister; and that you would be surprised if he felt inclined to argue that you are not bound to call for any such statements. In reply I would say that Mr. Parmelee is absent on business, and probably will not return for over a week. In the meantime the business of the department must go on; and as Acting Deputy Minister, I have to ask for a definite reply to my letter of the 24th instant. This department does not consider that you have any right to claim further information in connection with these claims than has already been furnished you; and as you seem to be under some misapprehension in this matter, I inclose herewith another copy of the regulations governing payments of bounties on pig iron and steel.

I note you state that as new claims are accumulating 'speedy payment may be a matter of convenience to the claimants which is no doubt true; and I have, therefore, to request that this matter receive your immediate attention; and in that connection would point out to you that statements of these claims together with request for cheques were forwarded to you on the 12th instant.

I am, sir, your obedient servant,

The Auditor General.

J. P. NUTTING, *Acting D.M.*

TRADE AND COMMERCE DEPT., OTTAWA, September 28, 1901.

SIR,—I have to call your attention to a request from this department for a letter of credit for \$10,000, dated 21st August, also to a request for a letter of credit for \$50,000, dated 23rd August. I have not, as yet, received any notification of a credit being issued; and there are being sent out from this department to-day cheques which will overdraw the credit at present in the bank by about \$1,500 or more.

In connection with this I would like to be informed as to whether you have yet decided as to whether letter of credit shall be issued to this department to enable them to pay claims for mail subsidies and for bounty on iron and steel. This matter has now been before you for a long time; and I do not think I am asking too much in requesting an immediate decision.

I am, sir, your obedient servant,

The Auditor General.

J. P. NUTTING, *Acting D.M.*

AUDIT OFFICE, OTTAWA, October 3, 1901.

SIR,—I have your letter of the 25th ult. asking for the section of the Audit Act under which I am authorized to apply for the statements which I requested in my letter of the 24th.

I beg to send you herewith a copy of part A of my report for 1896-97. In it you will find printed at page X a letter which I addressed to the Department of Railways and Canals with reference to an objection similar to that raised by you. The Treasury Board was sufficiently impressed with the arguments used in that letter to induce the department to provide the statements required by me. These statements have continued to be sent to me since. There seems to be no occasion for me to write a separate letter to your department on the subject. I shall be very glad, however, to consider any objections you may see to it.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDOUGALL, A.G.

TRADE AND COMMERCE DEPT., OTTAWA, October 5, 1901.

SIR,—I am in receipt of yours of the 3rd instant, with stated reference which purports to be a reply to my letter to you of the 25th ultimo, asking for the section of the Audit Act under which you claim to be acting in connection with the question at issue, and I note that you do not in any way answer my inquiry but simply refer to certain correspondence between you and the Department of Railways and Canals in 1897 and 1898, which, so far as I can see, is not pertinent to the question, except possibly the last line of your letter of January 21, 1898, in which you state 'I cannot do what you desire without being relieved from responsibility by competent authority.' I claim that in this case you have been relieved by competent authority, as an Act of Parliament has been passed which provides for the payment of bounty upon pig iron, steel ingots, &c., which Act further provides that certain regulations may be made by order of the Governor in Council—such regulations have been made and become as it were part of the Act itself—such regulations definitely provide that the payments shall be made by the Minister of Trade and Commerce upon such evidence as is therein required.

In the claims that have been submitted to you the full requirements of the Act and of the regulations have been complied with, therefore, under the terms of the Act and co-relative regulations the minister is empowered without any reference to you to make payment of claims. This department has asked you for letter of credit under which to comply with the terms of the law. Although you have not refused in direct terms to issue such letter, you have for now nearly two months neglected to do so, and it is time the matter was settled, and parties who have earned subsidy and have complied with the terms of the law, receive payment. I must submit that the Act and the regulations predicated thereon have as full force and in fact greater force than any obscure section of the Audit Act, inasmuch as such law and regulations are specific, covering the point at issue, and are subsequent in date to the Audit Act.

I do not wish you to understand that I object to any audit, in fact I am quite anxious that all claims should be eventually audited, but I claim that the auditing should be subsequent and not prior to the passing thereon, and payment thereof by this department.

As it has become absolutely necessary that some definite action be taken, I have again to request a distinct reply as to whether you intend either to issue as requested letter of credit in favour of this department, or authorize the issue of cheques in payment of claims now before you, or not, in order that if you still adhere to your determi-

nation and refuse payment, the matter may be submitted at once to 'Treasury Board for final decision.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARLEMEE, *D.M.*

AUDIT OFFICE, OTTAWA, October 8, 1901.

SIR,—I beg to reply to your letter of the 5th instant with regard to bounty claims.

In conversation with you I declined to issue a letter of credit for the payment of these claims and I understood you to acquiesce.

I quite agree that it is time that those who have earned subsidies should be paid and I have offered to pay any round sums less than the monthly claims, as there are always fresh earnings which have not been presented for payment sufficient to cover any deficiencies.

The regulations of the Act which you mention are necessary, but they do not repeal the Audit Act. Both apply and are not inconsistent.

With reference to your last paragraph I must repeat that I do not intend to cause the issue of the letter of credit.

You are mistaken in supposing that this is a point on which the law provides that there is an appeal from my decision to the Treasury Board. Of course you may appeal to the Treasury Board on my refusal to issue the cheques on your applications for payment of the accounts now in my hands and test the point in issue between us.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDOUGALL, *A.G.*

TRADE AND COMMERCE DEPT., OTTAWA, October 12, 1901.

SIR,—In compliance with understanding arrived at in conversation with you and Mr. Patterson and Mr. Drummond yesterday afternoon, I have to request that cheques to the amount of claims now in your hands from the Canada Iron Furnace Co., Ltd., may be issued with the understanding that such payments are to be considered as simply payments on account.

I think cheques might also issue in full, under the same conditions, for all the claims you now have in your hands for pig iron, leaving those for steel and puddled bars over for future consideration, or possibly cheques might be issued for a reasonable portion of the amount claimed for steel, &c., subject to future adjustment.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *D.M.*

AUDIT OFFICE, OTTAWA, October 24, 1901.

SIR,—I beg to inform you that I have passed the applications which you have sent me for payment of bounty on iron, &c., in so far as the bounty on pig iron is concerned, as follows :—

The Deseronto Iron Co., Ltd.	\$ 4,506 00
Dominion Iron and Steel Co., Ltd.	90,588 50
Hamilton Steel and Iron Co., Ltd.	25,495 41
Nova Scotia Steel and Coal Co., Ltd.	9,800 52

These amounts do not include the claims made in your application for puddled bars or steel ingots, but merely those for pig iron, and are made in accordance with the condition laid down in your letter of the 12th inst., namely, that they are to be considered merely as payments on account.

I hope you will be in a position when the next claims are presented to give the information suggested by me with reference to all the claims from the 1st of July.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDUGALL, A.G.

TRADE AND COMMERCE DEPT., OTTAWA, October 10, 1901.

SIR,—Referring to your letter of the 8th instant in *re* the issuing of letter of credit to this department for payment of claims for bounty on iron and steel and for mail subsidies.

I note you claim that the law does not provide for an appeal from your decision in this matter to the Treasury Board ; and in this connection I would submit that the issuing of credits is apparently covered by sections 29 and 30 of the Audit Act, and I cannot find in these sections that you are given discretionary powers in this direction. The *modus operandi* as apparently intended was that, when Council had authorized the payment of services under any department by letter of credit, an application should be made for this credit to the Auditor General, who would examine the same with a view to ascertaining if there be a parliamentary or statutory appropriation for the same. If there is an appropriation covering the service the Auditor General will apply for a letter of credit to the Minister of Finance and Receiver General.

If you will refer to the discussion of this Act in committee in 1878 when the Bill was introduced you will find that in explaining this section it was stated as follows :—

‘It was better to give this power to the government to exercise at their discretion than to oblige them, &c.’

You will see, therefore, that parliament in passing this Act never intended to give you the discretionary power you claim but reserved it to the government.

I am quite sure that you do not wish to assume powers and responsibilities which parliament never intended to confer upon you ; and would, therefore, suggest that you issue the credits asked for by this department, and that in future the question as to whether services shall be paid by letter of credit or by Receiver-General's cheque be left to Council, as was intended by the Act.

If there is any doubt about the interpretation of this Act, it would be well to have the matter brought to the attention of Treasury Board with a view to having the Act amended, if thought necessary, and the responsibility more definitely defined.

Further with reference to the applications that have already been made to you for cheques in payment of bounties earned and to your suggestion that you would issue cheques for part of each claim on account, I cannot see any valid reason for acceding to this proposition, that is in so far as regards bounties payable on pig iron. I think you should pay all claims in full or refuse in toto ; and if you have any reason or any evidence to show that the amount claimed has not been earned then of course you should take the latter course ; but as regards the claims for payment on steel ingots, I am inclined to think your suggestion the better course, and that payment of a reasonably large proportion of each claim simply on account should be made, for the reason that in my investigations in *re* the manufacture of steel some questions arose in my mind which will probably necessitate some modification in the regulations now existing, and which may perhaps make a difference in the amount of bounty actually

SESSIONAL PAPER No. 1

payable. For this reason I am not strenuous with reference to the full payment of the steel ingots claims until the matter can be brought before Council, and some decision arrived at on the points I have brought to the notice of the Honourable the Minister.

I am directed by the minister to state that the correspondence between us will be submitted for consideration of the Honourable the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARLEMEE, D.M.

AUDIT OFFICE, OTTAWA, October 22, 1901.

SIR,—I beg to acknowledge the receipt of your favour of the 10th instant, with reference to the issuing of letter of credit to pay the bounties on steel, puddled bar and pig iron.

Regarding your quotation from *Hansard* of the discussion in 1878 on the Consolidated Revenue and Audit Act as it went through the Commons, you do not contend surely, that even where the words of the Act are of doubtful interpretation a point in its meaning can be properly settled by an isolated sentence of the discussion of the subject in parliament, without even naming the speaker.

The whole tenor of the debate indicated that letters of credit were expected to be used to a far less extent than they have been used, instead of a greater.

The remarks of Sir Richard Cartwright, of which you quote a small part, show that he, as Minister of Finance, was very far from the opinion that credits should be the universal method of making payments—the view which you seem to hold.

At the bottom of the column in which the remarks quoted by you appear, Mr. Blake, who gave the matter much attention, is mentioned as having said: 'There was considerable force in the remarks of the Hon. the member for Charlevoix (Sir Hector Langevin). A general system of credit should not be established, because for a large portion of the expenditure such was unnecessary; credits should be given only in special cases.'

It is quite plain that the general system of making expenditure, which was anticipated when the Audit Act was before Parliament was one of direct payments by Receiver General's cheques as contra-distinguished from payments under credits.

We have worked for over twenty years under this Act and, so far as I can recollect, have had no serious difference before on a point of this nature between any department and this office.

There can be no possible kind of expenditure where there is less ground for claiming that the stable door should be kept open until the horse may have been stolen.

In making payments of public money there are two great points to be kept in view, expedition and accuracy. Expedition is important but accuracy is usually much more so.

Where the payments are numerous, comparatively small, recur month after month or week after week, or are made at a distance, the chances of error being consequently small and the delay consequent upon waiting for a cheque often being a source of inconvenience, credits are frequently issued to supply the means of making payments. Credits too are always substituted for the carrying of cash when it is necessarily a choice between cash and a credit.

In this case—the paying of the steel and iron bounties under the present law—there is not one of these reasons in favour of a credit and there is every reason against it.

The payments are few and large, not more than seven or eight in a month, and amounting in all even now to more than \$100,000 in that period.

The work of scrutiny in this connection is in its infancy and our knowledge of the best methods of safeguarding the interests of the country necessarily in its infancy. Neither you nor I can say that he is certain that he has found the best method of dealing with the question. You cannot surely maintain that there is such inconvenience to your department as to justify, for the purpose of avoiding it, the chances of error in these large sums in the very beginning of the operations.

In your recent letter you admit that the applications to me for payment may have been wrong so far as the steel bounties went, and if so, your payments, if you had a credit, might have been wrong. Isn't there the proof that you should not have had a credit? If the applications had come to this office the error might have been found out. Certainly I should not have asked that any of your tests for accuracy should be abandoned, and I should have supplied others which, if they were not additional safeguards as they are now admitted by all to be, could not have done harm. I am not referring to your having overlooked an important safeguard as at all blameworthy. We all miss points. I mention this only as an illustration of the advantages which arise from getting the assistance of others. I think I see other important ways of verifying the correctness of the charges made against the government in these cases.

Since I returned from Europe in the beginning of last month there was an application to this office for over \$40,000 which the country had no right to pay and which would have brought down severe censure on all concerned if it had been paid. An Order in Council had passed for the amount. This amount would no doubt have been paid if the department had a letter of credit for that purpose. The government at once acquiesced in my objection, when it was pointed out. Recollect that except in the case of election accounts I never pass any application for payment without the requisition of a department for the amount.

This is an office where the critical side of the question is naturally taken up. If our training is good for anything it is for the bringing of weaknesses into view.

During this month I have declined temporarily to issue the usual departmental letter of credit to two departments on account of delays in making returns to such an extent as to greatly interfere with the progress of business in this office. Both the late and the present Minister of Finance consider such reasons as justifying my course.

It makes no difference who establishes general regulations regarding bounties, it must always be open to those whose duty it is to pass upon the claims, to apply new tests as they get new light upon the business. Of course it is always our duty to apply what appears necessary tests with as little friction as possible, but they must be varied as appears advisable from time to time.

Then, it is proper in your interest and mine that if we are able to show to the people of Canada by our statements exactly where all the material on which bounty was paid actually went, we should do so.

Why should we not ask for the actual weight of every cast with the certificate of every person who did the weighing, and why should this not be among the vouchers to lay before the Public Accounts Committee?

We now both agree upon the advisability of having constant and close supervision on the part of representatives of your department, particularly in the larger establishments.

Discrimination on many points is needed and I strongly believe should be applied without delay.

Direct payments, instead of credits, have existed from the inauguration of this office with regard to all the large payments in the Public Works and Railway Departments and I do not recollect that there ever was a demand for a change. I remember well that Mr. Trudeau during his tenure of office expressed a strong objection to an alteration of the system.

SESSIONAL PAPER No. 1

In the sentence 'It was better to give this power to the government, &c.', government is there used, as it so often is, for the executive, no matter who it is who has the duty of carrying out the general directions of the legislature.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce.

J. L. McDOUGALL, A.G.

TRADE AND COMMERCE DEPT., OTTAWA, October 23, 1901.

SIR,—I have the honour to acknowledge the receipt of yours of yesterday's date in reply to mine of the 10th instant, having reference to the issuing of letters of credit or to the payment by direct Receiver-General's cheques of bounty claims.

I do not see much use in continuing the arguments. The correspondence has all been submitted, under direction of the minister, for the consideration of the Honourable the Treasury Board. Whatever decision is arrived at, I shall on my part most cheerfully abide by. The one point to be arrived at is a decision of some kind.

I fear you place a wrong interpretation upon my remarks with reference to the payment of the steel bounties. I do not admit that the applications were wrong. The applications as made were in strict compliance with the Act and the regulations founded thereon, and no one could be held blameworthy were the claims paid as sent over. The idea that I intended to convey to you was that perhaps some further regulations were required with reference to the bounties on steel, which might perhaps change the actual amount payable.

I showed you my memorandum on the subject, so that you are quite aware of the grounds on which I based my ideas, and I think you quite agree with me on the subject. That is a matter for the consideration of the government; but it in no way affects claims that have been sent over to you—only that I would suggest that payments on steel be made 'on account' instead of in full until the matter can be more particularly looked into.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D.M.

TRADE AND COMMERCE DEPT., OTTAWA, October 24, 1901.

SIR,—With reference to the correspondence which has taken place between your office and this department in *re* the issue of letters of credits to enable this department to make payment of bounties on iron and steel, I have to say that in view of the delay that has taken place and the urgent necessity of payment being made of the bounties which have become payable and are now before this department I will not press for the present that letters of credit be issued for the purpose of making such payments.

There are before you, however a number of applications for the issue of cheques for the payment of bounties on pig iron, and as in all cases the regulations laid down by Council have been fully complied with I shall be glad to be informed whether you will issue such cheques for the amounts asked for, namely:—

Deseronto Iron Company, Limited	\$ 4,506 00
Hamilton Steel and Iron Company, Limited	25,495 41
Dominion Iron and Steel Company, Limited	90,588 80
Nova Scotia Steel and Coal Company, Limited	9,800 00

I shall be glad to hear from you at your very earliest convenience as inquiries are being made as to the cause of delay in payment of the bounties, and there are a number of other claims now before this department for similar bunties which are being held pending decision in regard to the applications now before you.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D.M.

TRADE AND COMMERCE DEPT., OTTAWA, January 14, 1902.

SIR,—Referring to yours of the 11th (only this day received) *re* requiring further statements from claimants of bounties on iron and steel, showing apart from the quantities produced, the quantities disposed of and on hand, bringing the figures down to the 31st ultimo, &c.

Without entering into any arguments to show the uselessness of these statements even if procurable, I have been informed by one company that they could not comply for reasons satisfactory to me, but not necessary to repeat herein.

I have submitted the matter for the consideration of the honourable the Minister and am by him desired to state that the various claims have all been made in strict compliance with the terms of the Act and of the regulations founded thereon and adopted as per Order in Council, and that it is not the intention to add to the regulations or to require further evidence in support of claims unless so directed by the honourable the Treasury Board.

I have, therefore, to request the issue of cheques for amounts of all claims, both on iron and steel, in your possession—some of which are now six months old.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, D.M.

AUDIT OFFICE, OTTAWA, January 30, 1902.

SIR,—I duly received your letter of the 14th instant, with reference to bounty.

I cannot see how any company could say that what I have asked, a statement showing that the pig iron made and therefore subject to bounty is the sum of what has been shipped and what is now on hand, cannot be furnished. Pig iron does not evaporate. I had no difficulty in proving to Mr. Drummond that there was no hindrance to providing the statement.

It is quite true that in steel works this mode of checking does not apply. That is no reason that the method should not be used where it does apply. It is the very simplest and most effectual method of determining whether the claim is correct or not where it does apply, at Midland, Deseronto, &c.

If an auditor is of any service in exposing or throwing out claims that should not be allowed, he must have the greatest latitude in applying tests. In this case the application of the test will cost the company nothing.

I am sure that you misapprehend in some respects, the nature of the case. If you read the Audit Act carefully you will see that, while the Treasury Board may overrule me when I have given my decision that a claim or part of a claim is not to be paid, there is no provision for overruling my application for vouchers, my efforts to obtain more light on the subject. You will also notice that there is no ground in reason for refusing vouchers at any stage of the examination. If the claim is sound no vouchers can prove it unsound. Every honest claimant should jump at an opportunity to prove that his claim is sound.

SESSIONAL PAPER No. 1

The companies are getting millions with nothing but an insignificant outlay to prove the claims. Nobody ever gave them any ground, I am sure, to expect that they will get their claims allowed without a thorough examination from those whose duty it is to look into their claims. They have a right to expect treatment exactly similar to what it would be if the bounty came from private individuals.

I think it would be a serious mistake to oppose my request, but if you are determined that I should have in reality nothing to do with the examination and audit of the bounty claims, be good enough to get express authority from Parliament to that effect.

I am, sir, your obedient servant,

The Deputy Minister of Trade and Commerce. J. L. McDOUGALL, A.G.

Living Allowance of \$10 a day for Travel in England.

AUDIT OFFICE, OTTAWA, November 12, 1901.

SIR,—Let me call your attention to the payments from Civil Government Contingencies—Sundries, Finance Department, amounting to \$774.16, to Mr. J. M. Courtney, Deputy Minister of Finance, on account of expenses of his trip to England from December 17, 1900 to January 30, 1901.

It will be seen from the accounts that Mr. Courtney, to cover only his cost of living, received \$10 a day during the whole period of his absence, not only while he had hotel bills to pay, apparently about twenty-eight days, but during the time of his passages to England and back—about sixteen days, his board and lodging in the latter case having been altogether covered by the passage money.

In connection with this I learned when in England during the summer, from the Assistant Comptroller and Auditor General, that the Imperial living allowance when on land for superior officials, to cover all but moving expenses, is a guinea a day, and that when ordinary board is paid by the nominal passage money an allowance of 4s. a day for wine is made. In this way Mr. Courtney, if serving the Imperial Government in a position similar to that which he holds in Canada, would have received for living expenses on the trip with which we are now concerned :

	£	s.	d.
Sixteen days on vessel at 4s.	3	4	0
Twenty-eight days on land at £1 1s. 0d.	29	8	0
	32	12	0
	\$158 65		

while he received for the purpose from Canada \$440. I need not weary you with proofs that, if the British Comptroller and Auditor General or the Permanent Secretary of the Treasury can cover his outlay for living with \$158.65, no man in the Canadian service requires more than that amount, not to speak of nearly three times that sum for the same service. The amounts based on actual outlay which have already been received by the Accountant of Contingencies for my own recent trip to Europe, confirm the deduction drawn from the Imperial accounts.

I send herewith British reports on the question of travelling expenses which contain with other matters the information which I give above and which, as I there say, was received verbally from the Assistant Comptroller and Auditor General.

With reference to the accounts of Mr. E. L. Newcombe, Deputy Minister of Justice, the amount received by him for living expenses was \$540, while the amount

which would have been allowed by the Imperial Government is \$218.03—a difference of \$321.97. In the case of Mr. M. J. Griffin, Parliamentary Librarian, the amount received for living expenses was \$650, while the amount which would have been allowed by the British government is \$274.24, a difference of \$375.76.

It is surely time that, if it is determined to continue a system of allowance for living expenses to those who occupy the positions of deputy ministers, when they travel to other countries, the allowance should have some nearness to actual outlay. Please return the accompanying papers when you have examined them.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, November 13, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of 12th instant in reference to my travelling expenses to England, from December 17, 1900 to January 30, 1901.

I have also received the British reports referred to in your letter, and I beg to point out that they only apply to rates authorized to be paid to officers in the United Kingdom, travelling in the United Kingdom. The true comparison, to my mind, would be, what would be paid to an English official travelling beyond the seas, and what would be paid to a Canadian official travelling to England.

I am perfectly acquainted with the British reports, which I return.

I may say that while I was in England I made further inquiries on this subject and found that while you are undoubtedly correct in stating that the Imperial living allowance on land in England is but a guinea a day, the allowance beyond the seas, and which was paid, for example, to the Foreign Office officials who went to Washington and the Hague, and to the Post Office officials who went to Berne, was two guineas a day, and in some higher cases three guineas. The allowance paid to British officials in Paris in connection with the Behring Sea Arbitration varied from one and a half guineas to three guineas per diem.

Your statement as to what the Comptroller and Auditor General would be paid if he made a trip similar to the one I made last winter is erroneous, as, if such a case were to arise he would in all probability be paid £2 12s. 6d. per diem.

My trip being chiefly in connection with the Mint I made inquiries as to the allowance granted the official of the British Mint who was sent to Perth to install a branch mint at that place, and I found that his allowance was two guineas per diem. He was not the chief official, although of the first rank, drawing a salary about the same as paid to us.

I do not think it necessary to enter into a lengthy and comparative discussion as to your expenditure and mine for, with your manner of living, I have no concern nor have I any curiosity about your accounts, nor do I think it desirable to take notice of your remark about actual outlay. At all events I can only say that in over thirty-two years of public service I never left Canada of my own wish but always at the request of the Minister of the day—that I am glad to say that my travel has, as a rule, been advantageous to the public interests—in many cases I have made outlay which I could not well charge—that I have never profited by travel, and I do not recollect any occasion when on my return I have not had to make a refund from my own resources.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, January 10, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th November, about the travelling allowances of yourself and others in England.

I do not agree with you in the comparison of your expenses with those of British officials who travel beyond the seas. The standard should be the similarity of duties.

Under usual circumstances when a Canadian official goes to England, i.e., unless to meet a large body of men engaged on the same business, he has no greater expense than an ordinary traveller. Although foreign office officials were beyond the seas when they went to Washington or the Hague, and post office officials who went to Berne, the additional expense did not arise from the fact that they were beyond the seas, but from the fact that their countries were in evidence and not they. The same thing was true of the Behring Sea Commission.

I must maintain in the absence of information, which if it exists should be given, that your trip to London was entirely devoid of the element of expense which existed in the other cases which you cited. I do not now refer to the officer of the mint whose expenses you mention, because I do not know what the ordinary expenses in Australia are.

I did not mention my own expenses for the purpose of comparison; but you may notice that when we travel in Canada and our accounts are itemized they are on about the same scale. If our expenses are practically the same here they are likely to be so in other places and therefore in England. I get repaid my actual expenses and therefore, if you were treated in the same way, you would get less than half what you do get.

There is really no object in referring to your making refunds from your own resources. You do not pretend that you have not been paid more than your individual actual expenses on government account amounted to. I spent, although my circumstances would not permit me to be anything but economical, \$150 more than I thought I was justified in charging to the government. You charged the money which you received in addition to your actual expenses for no better reason than you would charge your coal bill or your house rent here.

I did not raise any question about your having or not having the requisite authority of your minister or the government.

If your travel was markedly advantageous to the government, as you suppose it was, there is a reason, not that you should charge more for your expenses than they were, but that you should claim a higher salary.

I wish this difficulty, which occurs every year between some deputy head and myself, were settled in some way. It makes matters very unpleasant for me. Then it interferes with the discharge of public business.

It is plainly wrong that for any period you should get an allowance largely in excess of your actual expenditure. When on land you get \$10 a day and do not ordinarily spend more than \$5. Then for the time on the vessel going and returning, about 15 days, the whole \$150 is practically a gift. I did not then spend a cent. You, I am sure, did not spend more than \$10 all told. It will be recollected that the usual tips are repaid independently. I cannot, in my position, shut my eyes to such unjustifiable charges. I am willing to admit that the people who permit uncomplainingly their press to allow such accounts to pass unchallenged, deserves to be treated as they have been.

The very serious thing in all this is that in paying you every year or two, five hundred dollars to which you are not, by any kind of reasoning, entitled, it cannot be calculated how much more the country is losing indirectly, than if you were paid instead three or four times as much annually in salary to which, in my view, you are entitled. You by right should exercise a great influence, as secretary of the Treasury Board, in controlling public expenditure and making Canadian methods respected.

In matters of disbursements you have deprived yourself of the power of applying the only test—show where the money went—by having for your own advantage maintained that it did not apply.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, January 15, 1902.

SIR,—I am in receipt of your letter of the 10th instant respecting travelling allowances in England.

I have no further remarks to make on the subject. May I be permitted to suggest, however, that in your correspondence due regard be had to consistency on one hand and the avoiding of exaggeration on the other. I am induced to offer this suggestion in view of the opening sentence of the last paragraph of your letter, which reads : 'The very serious thing in all this is that in paying you every year or two, five hundred dollars to which you are not, by any kind of reasoning, entitled.'

Now, as a matter of fact, I did not visit England from the summer of 1892 to the winter of 1900-1901, a period of over eight years, and according to the academic calculation of the excess of allowance made in yours of November 12, the alleged over-payment was \$281.35, not \$500.

So far as I am concerned this correspondence is closed.

I am, sir, your obedient servant,

The Auditor General.

Local Revenue : Yukon Election Expenses.

NOTE.—For previous correspondence on this subject see page L—183.

OTTAWA, January 24, 1902.

SIR,—Your letter of October 15, 1901, to J. T. Lithgow, Dawson, *re* Election Expenses, owing to Mr. Lithgow's absence, has been forwarded to me. Replying to same I beg to state that the time for the delivery of ballot boxes was so limited that I could not call each deputy returning officer to Dawson for his box ; besides had I done so the expense would have been fully three times what it cost to send a reliable man from Dawson via steamer, for which service I paid him a lump sum, the very smallest I could get any reliable man to do the work for.

Navigation had closed when election was over, and I wired Major Primrose of the North-west Mounted Police, at White Horse, to engage a thoroughly reliable man to bring in the boxes and that I would pay him 25 cents per mile on each box. No man could be secured for less, and the amount paid for this service, to my mind, was not excessive, as the man had two dog teams and an assistant, was compelled to engage a steam tug boat to cross Lake Labarge, was laid up en route for days at different points of the river, and complained when he reached Dawson that he would lose money on the transaction, and begged for an additional sum which I could not recommend, as the ordinance fixed the tariff. The expense, although to you may look high, I can assure you is not, and considerable money was saved to the Territory by my handling the business as above.

I am, sir, your obedient servant,

The Auditor General.

S. J. EILBECK.

AUDITOR GENERAL'S REPORT
1900-1901

PART A

EXECUTIVE REGULATIONS

TREASURY BOARD OVER-RULINGS

AND

GENERAL CORRESPONDENCE

EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE

Powers of Attorney.

RULES prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of acquittal of Warrants for the payment of money by the Government of Canada.

1. No Officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General, which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payments can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified*."

4. General power of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February, 1, 1870.

Registration of Letters containing Cheques.

Order in Council, December 6, 1882.—Ordered that the various departments be required to register all letters containing cheques.

JOHN J. MCGEE, C.P.C.

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary*

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs:

- (1.) Sometimes by overdrawing the credit to the bank,—but
- (2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future

JOHN J. McGEE, C.P.C.

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: "That an Appropriation account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and be written off. The proviso does not either expressly or by implication, give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere; it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying, after June 30, out of the original appropriations, such accounts as had at that date been incurred."

SESSIONAL PAPER No. 1

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted ; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. MCGEE, *C.P.C.*

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments ; and they recommend to Council :

(1). That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2). That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3). That no cheques be signed in blank, either in the inside or outside service.

(4). That all cheques be drawn in the form : " Pay to the order of ——— " ; and not in either of the forms : " Pay to ——— or bearer," or " Pay to ——— or order."

(5). That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes :—(List not printed.)

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That, with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000 nor more than \$5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified,

J. O. COTE, *C.P.C.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. MCGEE, *C.P.C.*

(Circular.)

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

Order in Council, May 2, 1893.—On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. MCGEE, *C.P.C.*

Memorandum respecting Contractors' Securities.—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, *D.M.F.*

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

Small Balances due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,
J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,
J. M. COURTNEY, *Secretary*

The Auditor General.

Order in Council, July 24, 1894.—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

No Supplies to Persons in Arrears to Department of Printing and Stationery.

Treasury Minute, September 22, 1897.—The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Stationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a careful consideration of the matter, direct that the Queen's Printer be instructed hereafter to give no further supplies to persons who are in arrears for supplies previously furnished.

Stationery Office

Order in Council, June 26, 1889 (as amended by O. C., July 11, 1889).—His Excellency, in pursuance of the powers vested in him by Revised Statutes, chap. 27, sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order:—

1. In every department the Deputy Head shall sign all requisitions in accordance with sec. 7, chap. 27, of the Revised Statutes, and a clerk, to be named by the head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printed work and articles of stationery ordered and supplied, and grant receipts for the same, superintending, also, their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O. C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence, bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief bags, shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initiated by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

Pamphlets and Books.

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal; and that all purchases of books for the use of any department of the government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee and to each department of the public service.

JOHN J. McGEE, *C.P.C.*

Newspapers and Books.

Order in Council, June 18, 1894.—Cancellation of all former Orders in Council in reference to supply of newspapers, books and magazines to departments.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 18, 1894.—Regulations respecting the purchase of newspapers, books and magazines, to the several departments :—

(1.) That a maximum limit of \$500 be set apart for each ministerial department, within which is to be defrayed the cost of newspapers, books and magazines for the use of such department.

(2.) That books and magazines, other than those which are of a technical character and necessary for the proper working of the department, shall be purchased only on authority of the head of the department.

(3.) That no newspapers be supplied to outside offices of any department except on the authority of the Minister of that department.

JOHN J. McGEE, *C.P.C.*

Accounts for Advertising.

Order in Council, May 8, 1894.—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

REGULATIONS.

All orders for advertising which are issued at the seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

SESSIONAL PAPER No. 1

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Order in Council, July 17, 1896.—The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government, and particularly the Order in Council of the 8th of May, 1894, be rescinded; and that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

(Circular.)

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, July 23, 1896

SIR,—Under instructions from the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

I am, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer.*

Advertising in Canada Gazette.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

Certified,

W. A. HIMSWORTH, *C.P.C.*

Removal Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the Minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted;—

“*Removal Allowances.*—No removal allowances can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered.”

Travelling Expenses—No allowance while on Steamers.

(Order in Council, November 10, 1886.)

TREASURY BOARD,—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by the officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows :—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships, or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. MCGEE, C.P.C.

Travelling Expenses—General Regulations.

Order in Council, Dec. 17, 1889.—The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses, as follows :—"The whole of the expenditure was incurred on Government business"; said certificate to be signed by the officer who has incurred the expense.

JOHN J. MCGEE, C.P.C.

Order in Council, February 6, 1893.—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :—

"The whole of the expenditure was incurred on Government business."

JOHN J. MCGEE, C.P.C.

Note.—The Lieutenant-Governor of the North-west Territories is allowed \$5 a day by Order in Council, January 12, 1888.

Order in Council, March 13, 1895.—That the moving expenses of judges holding weekly sittings of the High Court of Justice at Ottawa and London, payment of which is authorized by the Order in Council of the 14th January, 1895, be fixed as follows :—

For each sitting at Ottawa.....	\$25 00
For each sitting at London.....	10 00

JOHN J. MCGEE, C.P.C.

Order in Council, March 4, 1897.—That the Order in Council of the 23rd October, 1896, in reference to advances for travelling expenses from Civil Government Contingencies, be amended to read as follows :—"That hereafter no advance be made to officers of the several departments, out of Civil Government Contingencies, for travelling expenses, in excess of one hundred and fifty dollars; and that all advances made to them be accounted for at the end of each quarter, and that no advances be made until previous advances are settled.

JOHN J. MCGEE, C.P.C.

TREASURY BOARD, OTTAWA, October 17, 1896.

SIR,—I am in receipt of your letter of the 15th instant, in reference to the \$10 a day allowance to Mr. E. L. Newcombe, Deputy Minister of Justice, under Order in Council of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I am directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to

SESSIONAL PAPER No. 1

England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

J. M. COURTNEY, *Secretary*.

The Auditor General.

Triplicate Deposit Receipts for Balances of Travelling Expenses Advances to go to Accountant of Contingencies.

Order in Council, June 10, 1893.—That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council.

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Contingencies for travelling expenses and for petty cash, and for all other refunds made on account of Civil Government Contingencies, be forwarded by the department or officer making such refunds to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable him to keep a proper check upon the various appropriations.

JOHN J. MCGEE, *C.P.C.*

Special Qualifications.

TREASURY BOARD, OTTAWA, NOV. 13, 1883.

SIR,—I have been directed by the Honourable the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that “in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary”; and in connection therewith to call your attention to the *Hansard* of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waved?

Your obedient servant,
J. M. COURTNEY, *Secretary*.

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA, NOV. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7, wherein it is stated that “in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary.”

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,
GEO. W. BURBIDGE, *D.M.J.*

The Deputy Minister of Finance.

Appointments subject to changes in Superannuation Laws.

Order in Council, 18th November, 1896.—That all appointments made after 23rd June, 1896, or to be hereafter made, shall be subject to the understanding and conditions that the persons so appointed accept office subject to any changes which may be made in the Superannuation Laws of Canada; and that such appointees be notified of such understanding, and that a copy of this Minute, if approved, be forwarded to the deputy head of each department, and that each deputy head be requested to forward a copy thereof to each person to whom it may apply.

JOHN J. MCGEE, *C.P.C.*

Civil Service Promotions.

Order in Council, April 12, 1893.—His Excellency, in virtue of the provisions of section 39 of "The Civil Service Act," as amended, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation:—

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the 1st day of July, 1882, and has since been continuously engaged therein, shall, as a condition of promotion, be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

JOHN J. McGEE, *C.P.C.*

Salaries : Date of Payment.

Order in Council, January 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, *C.P.C.*

By an Order in Council, dated 31st of August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuously employed, be cancelled from and after the 1st September, 1891, and that thereafter such clerks be paid on the last day of each month.

JOSEPH POPE, *Asst. C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of January 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 14, 1895.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, *C.P.C.*

Extra Salary.

Civil Service Act, 1888, 51 Vict., cap. 12, sec. 12.—Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap. 17) are hereby repealed, and the following substituted therefor:—"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

SESSIONAL PAPER No. 1

Public Service: Hours of Attendance, Extra Salary.

AUDIT OFFICE, OTTAWA, August 11, 1899.

SIR,—The Department of Justice has recently made application to me for payments to members of its staff for extra services rendered in the preparation of returns ordered by Parliament, on the ground that such payments were permissible, because in accordance with the judgment of the Supreme Court of Canada in the case of *The Queen vs. Bradley*. The account rendered was certified by the Deputy Minister that the work was performed outside of regular office hours and was not in the line of the Clerk's ordinary duties. Two of these accounts I have passed; but, as the practice is sure to grow fast and as it therefore appears to me it would be in the interest of the Public Service that a uniform system in this regard should be established by the Governor in Council, I have refused to pass in the meantime an application of this character sent to me within the past few days.

It is manifest that, if in certain Departments all the work which requires to be done after office hours is paid for, in addition to the regular salary of the clerk who performs the work, while in the other Departments the service which is done after the usual office hours brings no additional remuneration, the permanent heads of the latter Departments will be much more unpopular with their assistants than the deputies in the other Departments with theirs.

You will observe that there is in force an Order in Council of July 27, 1882, which provides that any member of a Departmental staff may be required by the Head of the Department to attend his office at any time his services may be deemed necessary. In view of this provision, it seems to me clear that the Governor in Council intended it to be understood that the officials of the Department were to keep up the work of the Department after the usual office hours when it could not be done during those hours, no matter whether the work could be strictly called the usual work of the Department or not.

In the cases that have arisen so far, the work done, as I have said, has been in connection with the preparation of returns ordered by Parliament; and it seems to me the question should be decided by the Treasury Board or by Council whether or not the preparation of those returns or other similar work falls within ordinary duties in a Department, when done by those who are receiving regular pay as either permanent or extra clerks.

I shall be obliged if you will bring the matter to the notice of the Treasury Board with the view of having some definite and uniform basis established in regard to a practice which I fear, if not regulated, may grow to undesirable proportions, and may cause much dissatisfaction.

am, sir, your obedient servant,

J. L. McDUGALL, A.G.

The Secretary, Treasury Board.

Order in Council, 19th August, 1899.—That the provisions of the 9th section of the Order in Council of 27th July, 1882, which provides amongst other things: "That at any time, if the public "service requires it, the Heads of Departments or Deputy Heads to have the right to call for the "attendance of all or any of the officers or clerks at an earlier or later hour than those named," be confirmed.

That no extra salary or additional remuneration of any kind whatsoever, be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by Parliament.

JOHN J. MCGEE, C.P.C.

Salaries: Date of Changes and Increases.

Order in Council, July 29, 1871.—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved,

W. H. LEE, C.P.C.

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. MCGEE, C.P.C.

Information to be sent to the Treasury Board on Matters affecting the Establishment.

TREASURY BOARD, OTTAWA, April 3, 1897.

SIR,—I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board, dated June 19, 1893, and to ask that the requirements therein specified be complied with.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary*.

(Circular.)

TREASURY BOARD, OTTAWA, June 19, 1893.

SIR,—In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recommended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements :—

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be given and a medical certificate submitted as to his state of health. In the case of memoranda recommending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (*vide* sections 15, 17, 19, 21, 26, 35, 37, 39 and 47) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of civil servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary*.

Matters to be referred to the Treasury Board.

Order in Council, October 5, 1896.—The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

I. J. MCGEE, *C.P.C.*

Salaries of Deceased Officers.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 8, 1875, from the Honourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, *C.P.C.*

Employment of Temporary Clerks.

Section substituted by 58-59 Victoria, Chapter 15, for section 47 of the Civil Service Act (R.S.C., Chap. 17):—When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the department, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

Temporary Employees: Certificate of Attendance.

Treasury Board Minute, Dec. 27, 1898.—The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messengers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent:

"I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of.....
.....and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

J. M. COURTNEY, *Secretary.*

Departmental Employees: Pay-List.

TREASURY BOARD, OTTAWA, Dec. 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a Minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment,

I am sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Special Leave of Absence to Employees.

Order in Council, June 29, 1893.—No payment to be made to any Government employee for time on special leave until Council authorizes same.

JOHN J. MCGEE, *C.P.C.*

Leave of Absence to Temporary Employees.

Order in Council, October 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for your Excellency's approval.

JOHN J. MCGEE, C.P.C.

Order in Council, Dec. 30, 1898.—That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary employees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

JOHN J. MCGEE, C.P.C.

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the third subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. MCGEE, C.P.C.

Rate of Pay for Copying.

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. MCGEE, C.P.C.

Rate of Pay to Reporters.

Order in Council, October 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, C.P.C.

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the sum of \$3 per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

SESSIONAL PAPER No. 1

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. MCGEE, C.P.C.

Petty Expenses—Advances.

Order in Council, November 12, 1884.—Ordered that the sum of two hundred dollars (\$200) be granted as a standing advance to each department of the public service for "Petty Expenses," but that before the same is renewed for any department, a detailed statement of the sums expended on account of petty expenses shall be furnished to the Auditor General.

JOHN J. MCGEE, C.P.C.

Superannuation.

Extract from a Minute of the Treasury Board, November 11, 1870.—

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the 1st July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for, retaining him on the staff for another year.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—“(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements”;—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. MCGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

I am, sir your obedient servant,

The Deputy Minister of Justice.

J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (*38 Vic., cap. 13.*)

I am, sir, your obedient servant,

The Secretary, Treasury Board

GEO. W. BURBIDGE, *D.M.J.*

(Circular.)

TREASURY BOARD, OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:—

“That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health.”

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

Order in Council, October 9, 1895.—That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasons for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation. Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

JOHN J. MCGEE, *C.P.C.*

SESSIONAL PAPER No. 1

Order in Council, Feb. 9, 1893.—That the Order in Council of January 7, 1884, permitting temporary officers on receiving permanent appointments to place themselves as far as regards their temporary services, under the operations of the Superannuation Act be cancelled.

J. J. McGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, *C.P.C.*

Insurance of Government property.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion, and humbly advise Your Excellency that, in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

J. O. COTE, *C.P.C.*

Security of Public Officers.

(*Order in Council, August, 1869.*)

On the recommendation of the Honourable the Minister of Finance, the Committee advise that the annexed memorandum from the Board of Audit containing certain rules defining the circumstances under which security is to be required from public officers be approved and adopted.

WM. H. LEE, *C.P.C.*

The Board of Audit has had under consideration the Act respecting the securities of public officers and the Order in Council founded thereon. Although the manner in which security is to be given is therein laid down, there does not appear to be a sufficient definition of the circumstances under which security is to be required. After conference therefore with the other deputy heads who have not seats on the Board of Audit, the Board submit for the consideration of the Government the following resolutions:—

1. Every person collecting or receiving revenues in cash to be paid by him over to the Receiver General must give security.
2. Every paymaster whose business it is to distribute money handed over to him must give security.
3. Every person to whom letters of credit are given, or to whom warrants issue, whether accountable warrants in round sums to meet general expenditure or warrants to enable him to pay sums ascertained to be due, and who pays such sums by his own official cheque against an official account at the bank, shall give security.
4. When a department receives an accountable warrant for general expenditure or warrants to meet sums ascertained to be due, and such warrants are placed to the credit of the department in an official account, the cheques must be signed by the head or deputy head, and at least one other person

in the department who has been designated for that purpose as being cognizant of the transaction and of its being duly received, and in such case it is not necessary that either should give security.

5. The paylists are paid by the bank upon the cheque of the deputy head in the department and of the collector at the ports and inland revenue stations. If the deputy head or collector gives his cheque in favour of the individual or order, he will not be required to give security, but if the whole money is drawn on one cheque to be distributed, the person charged with the distribution should give security.

6. It sometimes happens that in order to save the issue of many warrants or official cheques, money is paid to a department to distribute, although such a transaction may not fall within the ordinary duties of that department. In such cases unless the cheques are signed by another person in the department besides the deputy head, security ought to be given.

7. When for any reason money is casually placed in the hands of any person in a matter not belonging to the regular duties of his office, he cannot be called upon to give security, and it would be better in all such cases to place the money in the hands of two persons who should both sign the cheques.

8. Where a warrant issues in favour of any person and it is paid to him by a cheque in favour of any other person, he will not give security.

9. Where a warrant or letter of credit issues in favour of a Minister of the Crown to enable him to make certain payments, no security is required, but it would be better, except in special cases, that such credits or warrants should issue in favour of the department as in rule (4), in which case a second signature would be required.

It may be advisable to give some instances of cases which would fall under the above rules to render their operations more intelligible.

(1.) Collectors of customs and excise, the cashier of the Post Office Department, the collector of hydraulic rents for the Public Works, the collector of patent fees, Department of Agriculture.

(2.) The paymasters of the Public Works and Militia Departments and the International Railway Commission.

(3.) The accountant of contingencies, the wardens of penitentiaries, and all other persons receiving accountable warrants for petty expenses.

(4.) All the expending departments would come under this rule, but there should be a distinct order in each department, who should sign the cheques. The payment of interest and other services on general or open warrants, where the cheques are signed by both the Deputy Receiver and Deputy Inspector General would come under this rule, and the paymasters in Nova Scotia and New Brunswick.

(5.) All persons authorized to sign payroll cheques.

(6.) It often has occurred when the actual payee is not accessible that warrants have issued to the Receiver General to enable him to pay. Many of such cases will be met by the new arrangement of giving the cheque not in favour of the Receiver General, but of the individual. Such cases may, however, occur again, and would fall under this and the next rule. So also a sum may be paid to the Commissioner of Inland Revenue to distribute for small refunds of duty. Such sums ought to be placed to an official account as in any other expending department, although it may not be the ordinary business of the department, and the cheques should be countersigned.

(7.) Thus a certain sum was placed at the credit of the Secretary of the Treasury Board, to be expended as directed. Such a transaction formed no part of the duties of his office, and if such a thing is done again, a second person should be named to countersign the cheques.

Franking Privilege at Ottawa.

Order in Council, February 25, 1892.—By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved:—

REGULATIONS.

1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondence only.

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.

3. In addition to the printed stamp or printed signature as above provided, the head of the department and the private secretary of the head of the department in the name of his Minister, and the deputy head may frank by a written signature or initials; but no other method of franking except as above enumerated will be permitted.

4. No blank or unaddressed envelope shall in any case be franked.

5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.

SESSIONAL PAPER No. 1

6. The General Officer commanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively considered as deputy heads of departments.

7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of Ministers, shall be transmitted in envelopes having printed or written thereon the words "On Her Majesty's Service"; and no envelope bearing the superscription shall be used for any private correspondence.

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof, under frank, nor shall the postage due thereon be charged against the Government.

9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

Tariff of Fees on Commissions.

Order in Council, September 7, 1893.—The Committee of the Privy Council have the honour to recommend to Your Excellency the adoption of the annexed report of the Secretary of State, with reference to the tariff of fees upon commissions to public officers:—

That the following tariff of fees chargeable upon commissions to public officers be confirmed:—

1. Upon commissions to Lieutenant-Governors, Ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of \$20.
2. Upon commissions issued to officers or others receiving salaries of \$1,000 or over, a fee of \$15.
3. Upon commissions issued to officers or others receiving salaries from \$400 to \$1,000, a fee of \$8.
4. Upon commissions issued to officers or others receiving salaries from \$100 to \$400, a fee of \$5.
5. Upon commissions issued to officers or others receiving salaries of \$100, or to officers or persons appointed to office, who are paid by fees of office, a fee of \$4.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of \$3,000 or upwards, the fee chargeable on commissions issued to them be fixed at \$20.

The above to apply to commissions issued under the Great or Privy Seal.

He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid.

JOHN J. MCGEE, *C.P.C.*

Commissions of Inquiry—Rate of Pay.

Order in Council, September 21, 1897.—On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance; and that no further charge be allowed for such letters and interviews; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissioner hereafter appointed with his commission, or the notification of his appointment, and that such commissioner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.

The Auditor General,

JOHN J. MCGEE, *C.P.C.*

Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, January 19, 1893.—On a report dated January 16, 1893, from the Minister of Finance, stating that by Order in Council, dated May 26, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 18, 1893.—That the annual reports of the Historical Archives Division of the Department of Agriculture forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of departmental Reports to 500 copies each.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 16, 1894.—That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 27, 1896.—The Committee on the recommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500, of this year's and subsequent reports.

JOHN J. McGEE, *C.P.C.*

SESSIONAL PAPER No. 1

EXECUTIVE REGULATIONS GOVERNING REVENUE AUDIT.

Treasury Minute, June 21, 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

The Auditor General.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary*

TREASURY BOARD, OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found, on inquiry, that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give—as the Treasury Board had no directions to give, the letter was unanswered; but, in order that the law may be complied with, I have now to state that the rules are approved of.

The Auditor General.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Rules and Regulations in reference to the Receipt, Entry and Accounting for Public Moneys.

- (1.) Receipts with printed consecutive numbers should be used.
- (2.) A receipt should be given for each payment.
- (3.) All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.
- (4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made; and it should be signed by the collector, and when payment is made in person, by the payer.
- (5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \$25. If the daily receipts do not amount to \$25, a deposit should be made whenever that sum or more is on hand.
- (6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the cash book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration, the Board approve of the general regulations for the outside service for the audit of the revenue accounts, as follows:—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to \$25; otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper department, a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department when desirable.

3rd. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary, certified by the deputy minister and the accountant.

And they direct that the particular regulations and forms applicable to each department be submitted to the Board for approval.

The Auditor General.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

TREASURY BOARD OVER-RULINGS OF THE AUDITOR GENERAL'S
DECISIONS BETWEEN THE COMMENCEMENT OF THE
SESSION OF 1901 AND THE SESSION OF 1902.

Geological Survey : Increases of Salary in excess of Amount authorized by the
Civil Service Act.

NOTE :—For previous correspondence on this subject see Audit Report 1899-1900,
pages A—54 to A—60.

AUDIT OFFICE, OTTAWA, May 7, 1901.

SIR,—Let me reply to your letter of October 11, 1900, regarding increases from
1st of July last of \$100 a year each to Messrs. A. E. Barlow and R. W. Brock, and
\$150 a year each to Messrs. D. B. Dowling, C. O. Senecal and R. A. Johnston.

I inclose herewith the letter of Mr. Z. A. Lash, K.C., of August 28, 1894, which
still applies, the circumstances not having changed.

I have not answered earlier mainly because I hoped that parliament would have
taken up my urgent appeal for its interference to stop the differences which exist
between the Treasury Board and this office.

I now add the substance of my letter of March 26, 1898.

The point involved is, whether the permanent officials of Geological Survey, al-
though appointed for special qualifications are, when appointed, subject with reference
to their subsequent increases of salary to the restrictions of the Civil Service Act or
not.

There is no object to be gained by spending time on determining whether persons,
inadvertently or otherwise, got promotions to which they may not have been entitled.

I could never see that, because, in the case of the Geological Survey certain quali-
fications are by law substituted for the usual qualifying examination for admission
into the service, the tests to be applied to determine fitness for promotion as required
by the law in every other service, should be considered as removed without a single
word of reference to promotion examinations which were admitted by every one to
apply to the Geological Survey as to other departments before the passage of the Act
affecting the qualifications for entrance into the service. This view is fully sustained
and clearly brought out by the opinion of Mr. Lash, which is part of the file returned
herewith.

You will notice Mr. Lash says : 'Section 39 is equally clear. No promotion in
either division of the Civil Service shall take place without special examination under
regulations made by the Governor in Council, &c.'

The appeal is under section 32, subsection (a) of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, May 9, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th
instant, and enclosure, namely, T. B. file No. 26817, being an appeal by the Depart-
ment of the Geological Survey from the objection of the Auditor General regarding
increases of salary to certain technical officers of that department.

SESSIONAL PAPER No. 1

The objections of the Auditor General to such increases have been dealt with on several previous occasions by this department, and I am to state that the Minister of Justice adheres to the view expressed in my letter to you of April 28, 1898, with respect to the case of Mr. F. G. Wait, an officer of the department in question.

It is not, of course, disputed that the Civil Service Act applies to the Department of the Geological Survey, or that the technical officers in that department are not exempt from its provisions. The Act does apply, but, in the opinion of the minister, there is nothing in it prescribing or limiting the increases which may be paid to these officers. They do not belong to any of the classes of clerks to which the provisions for an annual increase of \$50 apply, but to a distinct class of employees, namely, 'officers who have special professional or technical qualifications.' See schedule A to the Civil Service Act.

The minister is of opinion that officers of this class may receive such increases of salary as the Governor in Council thinks proper, provided Parliament provides the necessary funds; and he thinks that the Appropriation Act, if it provides moneys applicable to the payment of the salaries of these officers, and sufficient to pay them as proposed to be increased, is parliamentary authority for such payment.

The question of the necessity for the passing of a promotion examination does not arise as the officers are not promoted, but remain in the same class.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, May 10, 1901.—The Board had under consideration an appeal by the Geological Survey Department from the objection of the Auditor General to the payment of increases of salary of certain technical officers of that department as authorized by Order in Council of July 25, 1900.

The Auditor General, in his letter of May 7, 1901 (copy annexed), takes objection to the payment of the increases in question under section 32, subsection (a) of the Audit Act, on the ground that there is no parliamentary authority therefor.

The board had also under consideration a letter from the Deputy Minister of Justice, dated May 9, 1901, in connection with the subject (copy attached), setting forth that the Minister of Justice is of opinion that the Appropriation Act, if it provides moneys applicable to the payment of the salaries of these officers, and sufficient to pay them as proposed to be increased, is parliamentary authority for such payment.

The board, in view of the opinion of the Minister of Justice and Attorney General, as above mentioned, consider that the objections of the Auditor General are not well founded, and should be over-ruled, and they therefore direct that payment be made to the officers in question as authorized by Order in Council of July 25, 1900.

J. M. COURTNEY, *Secretary*.

N. W. M. P. : Extended Leave of Absence, with Pay, to an Officer of the Police.

AUDIT OFFICE, OTTAWA, August 15, 1900.

SIR,—I have a copy of an Order in Council superannuating Commissioner Herchmer, and granting him pay for the time he was on leave of absence in South Africa with the second contingent.

I would like to know what parliamentary authority there is for granting an officer of the police leave of absence for an extended period with pay.

I am, sir, your obedient servant,

The Comptroller, N. W. M. Police.

J. L. McDOUGALL, A.G.

1-2 EDWARD VII., A. 1902

NORTH-WEST MOUNTED POLICE, OTTAWA, August 18, 1900.

SIR,—Referring to your letter of the 15th inst., respecting the Order in Council superannuating Commissioner Herchmer, and requesting to be informed what parliamentary authority there is for granting an officer of the police leave of absence for an extended period, with pay:

I am not aware of any specific parliamentary provision for the granting of leave of absence to police officers, but the Police Act provides that the Governor in Council may make rules and regulations for all and every matter and thing necessary for the good government, discipline and guidance of the force.

I am, sir, your obedient servant,

The Auditor General.

FRED. WHITE, *Comptroller*.

NORTH-WEST MOUNTED POLICE, OTTAWA, Nov. 17, 1900.

SIR,—Lt. Col. L. W. Herchmer, ex-Commissioner of the Mounted Police, writes me that although he was superannuated from the 1st August last, he has not yet received any payment on account of the allowance granted to him.

If the delay is in any way connected with your letter to me of August 15, and my reply of the 18th of that month, respecting the pay granted to Lt. Col. Herchmer, during his absence in South Africa, I beg that you will give your decision in the matter as he is much inconvenienced by the non receipt of his superannuation allowance.

I am, sir, your obedient servant,

The Auditor General.

FRED. WHITE, *Comptroller*.

AUDIT OFFICE, OTTAWA, Nov. 19, 1900.

SIR,—Whether your letter of August 18, in reply to mine of the 15th, was received here in my absence or not, I have now no recollection of having seen it until yours of the 17th reached me to-day.

My view is that the Governor in Council has not the power to give leave of absence with pay, unless it is specifically provided for, as in the Civil Service Act, and therefore, I think that the superannuation allowance can be paid only on condition that the money received for services during the absence of Commissioner Herchmer be refunded by him.

You know my reference to the Civil Service Act. The section to which I allude gives the Governor in Council the power to grant up to a year's leave of absence, with pay, to members of the Civil Service.

I am, sir, your obedient servant,

The Comptroller, N.W.M. Police.

J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, April 9, 1901.

SIR,—I have the honour, by direction, to inclose herewith T. B. file No. 27370, containing copy of correspondence between the Audit Office and Department of the North-west Mounted Police from which it would appear that objection is taken by you to the granting of leave of absence, with pay, to Lt.-Colonel Lawrence W. Herchmer, late Commissioner of the North-west Mounted Police, from 1st January to 31st July,

SESSIONAL PAPER No. 1

1900, and that in consequence thereof the payment to him of a superannuation allowance authorized by order in council of 31st July, 1900, founded on a report of the treasury board has been stayed in your office.

I should be glad if you would advise me for the information of the treasury board as to the ground of such objection, and also as to the section and clause of the Audit Act upon which such objection is founded.

I shall also be glad to have any remarks you may wish to make in connection with the subject and as the superannuation allowance has been in abeyance for a considerable period I am directed to ask that you will favour the board with an early reply.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

NOTE : The Auditor General's reply to the above letter is quoted in the Treasury Minute on page A-28.

Treasury Minute, April 22, 1901: The Board has under consideration a report from the Right Honourable Sir Wilfrid Laurier, under date of the 1st April, 1901, submitting for consideration of council the following memorandum from the Comptroller of the North-west Mounted Police, which report and memorandum were referred to the Board on the 4th April, 1901:—

‘OTTAWA, April 1, 1901.

‘By order in council of 31st July, 1900, Lt.-Col. Lawrence W. Herchmer was retired from the command of the North-west Mounted Police under the Superannuation Act, to take effect from that date.

‘The same Order in Council granted Col. Herchmer pay as Commissioner of the mounted police to the date of his retirement, and in accordance therewith he was paid from the date he assumed command of the 2nd battalion Canadian Mounted Rifles for service in South Africa, viz:—1st January to 31st July, 1900, 7 months, \$1,486.35.

‘The Auditor General is of opinion that the Governor in Council has not the power to grant leave of absence with pay, unless it is specifically provided for, as in the Civil Service Act; and that the superannuation allowance can be paid to Lt.-Col. Herchmer only on condition that the money received for services during his absence with the South African contingent be refunded by him.

‘The Civil Service Act authorizes the Governor in Council to grant up to one year's leave of absence with pay to members of the civil service, but there is no such specific provision in the Mounted Police Act.

‘The North-west Mounted Police Act, 57-58 Vic. (1894) chap. 27, sec. 17, empowers the Governor General in Council to make rules and regulations for ‘generally such matters and things concerning the government, discipline and guidance of the ‘force as are not inconsistent with this Act.’

‘Under this authority regulations have been made from time to time and approved by the Governor General in Council; among such regulations being provision for the granting of leave of absence to officers. The last Order in Council, on this subject, passed on the 24th November, 1892, provides:—

‘(a)—(2). That the commissioner may grant to any officer leave of absence not exceeding three weeks in any year, provided that the officer can be spared without prejudice to the public service.

‘(b)—(4). That officers who have not had leave for one or more years may be allowed not exceeding two months, provided the leave so granted shall not exceed in

the aggregate an average of three weeks per annum from the date of the previous leave.

'(c)—(5). Applications for leave, or extension of leave, beyond two months, must state whether the absence will necessitate the employment of additional assistance and, generally, give such information as will enable the Minister to decide whether the application should be granted; and if so, on what terms. The rule has been to refer such applications to the Treasury Board, and to have the leave granted by authority of an Order in Council.

'In the case of police serving with the South African contingents an Order in Council was passed on the 2nd February, as follows:—

'That leave of absence without pay be granted to officers, N.C. officers and constables of the North-west Mounted Police who volunteer and are accepted for service with the Canadian troops in South Africa. * * * *

'The allowance of pay to Lt.-Col. Herchmer while in South Africa was an exceptional case, partly on account of his retirement, and partly on account of the fact that during his fourteen years service as Commissioner of the North-west Mounted Police he had only one term of two weeks' leave.

'The Order in Council retiring Lt.-Col. Herchmer granted him an allowance, under the Superannuation Act, of \$1,144.00 a year, to commence from the 1st August. So far no payment has been made made, which has been the cause of much inconvenience to him

'Respectfully submitted for the Minister's consideration.

(Sd.) 'FRED WHITE, *Comptroller*.'

The Board had also under consideration a letter from the Auditor General under date of the 15th April, 1901, to the Secretary of the Board in reply to a letter to the Auditor General from the Secretary of the Board, under date of the 9th April, 1901, which letter of the Auditor General is as follows:—

'OTTAWA, April 15, 1901.

'J. M. COURTNEY, Esq., C.M.G.,

'Secretary, Treasury Board.

SIR,—I have your letter of the 9th instant inclosing Treasury Board file No. 72376 regarding the superannuation of Lt.-Col. Lawrence W. Herchmer, late Commissioner of the North-west Mounted Police, and leave of absence to him pay from 1st January to 31st July, 1900.

'I am strengthened in my view that leave of absence with pay for the whole seven months named cannot be legally allowed, by the fact quoted in Mr. White's letter of the 1st instant, that an Order in Council was passed on February 2 (presumably 1900), granting leave of absence, without pay, to officers, non-commissioned officers and constables of the North-west Mounted Police who volunteer and are accepted for service with the Canadian troops in South Africa.

'Under the general regulations of November 24, 1892, made by the Governor General in Council, Lieutenant Colonel Herchmer may be entitled to two months of the leave, in view of the fact that he was employed for fourteen years and received only two weeks' leave during that period. It is not quite clear to me that under the words of the Act which Mr. White quotes, the Governor in Council had authority to make the regulation for leave, but perhaps he had, and I am not inclined to dispute it. I am now, therefore, of the opinion that by returning an amount equal to his pay for five months as Mounted Police Commissioner, Col. Herchmer's superannuation allowance might be paid him. It is of course quite clear that the provision for leave of absence for a year to civil servants does not apply to any public official who does not come under the Civil Service Act and, therefore, not to Col. Herchmer.

SESSIONAL PAPER No. 1

'You will observe that I make a distinction between a leave of absence granted under general regulations and one which is based on an Order in Council passed after the absence has taken place, while it was arranged before the absence that pay should not run during the absence.

'The objection is under 32 (a).

'The papers are returned herewith.

'I have, &c.,

'(Sg.) J. L. McDOUGALL, A.G.'

The Board had also under consideration a letter from the Deputy Minister of Justice under date of April 18, 1901, reference having been made to him under subsection a, of section 32, of the Consolidated Revenue and Audit Act, which letter is as follows :—

OTTAWA, April 18, 1901.

'The Secretary,

'The Treasury Board, Ottawa.

'SIR,—I have the honour to acknowledge receipt of your letter of the 16th instant —T. 27370 B.—and accompanying papers, relating to an appeal from a decision of the Auditor General in connection with the granting of leave of absence with pay to Lieutenant Colonel Lawrence W. Herchmer, late Commissioner of the North-west Mounted Police, from January 1 to July 31, 1900.

'I am to state that the Minister of Justice has no doubt as to the power of the Governor General under the circumstances of this case to grant leave of absence with pay, as he has assumed to do under the Order in Council of July 31 last. There is no need, the minister thinks, of any express statutory authority in order to invest him with that power.

'With regard to the Order in Council of February 2, 1900, the minister does not think that there is anything in that order which prevents His Excellency in Council, where exceptional circumstances arising or coming to his knowledge since the date of the order, justify such action, from granting leave of absence with pay to any officer who has served with the Canadian troops in South Africa.

'The minister is, therefore, of opinion that the statutes providing for the payment of the salary of the Commissioner of the North-west Mounted Police afforded statutory authority for the payment to which the Auditor General objects.

'Papers returned herewith.

'I am, &c.,

'(Sd.) E. L. NEWCOMBE,

'*Deputy Minister of Justice.*'

The Board in view of the opinion of the Minister of Justice, as above quoted, are of opinion that the objections of the Auditor General to the granting of leave of absence with pay to Lt.-Col. Lawrence W. Herchmer, late Commissioner of the North-west Mounted Police, are not well founded and should be overruled, and they accordingly authorize the payment of Lt.-Col. Herchmer, as Commissioner of the North-west Mounted Police, during the period from January 1 to July 31, 1900, as directed by Order in Council of July 31, 1900.

Extended leave of Absence to Temporary Clerks.

AUDIT OFFICE, OTTAWA, February 15, 1901.

SIR,—Concerning the pay-list of Arthur Dale, for sick leave in excess of two weeks :—

I do not see my way clear to accepting, as a precedent, the over-ruling of the Treasury in a previous instance.

The services were not rendered, and they cannot in my opinion be legally paid, Mr. Dale being an extra clerk.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, February 21, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 27159, being an appeal by the Department of Railways and Canals in regard to your objections to the payment of Mr. Arthur Dale, an extra clerk in the said department for period from November 12 to December 17, 1900, during which time he was absent on sick leave, such leave having been authorized by Order in Council of January 19, 1901.

I have to request that you will be good enough to let me know, for the information of the board the nature of your objections to the payment in question and also the ground for such objections, together with the section and subsection of the Consolidated Revenue and Audit Act under which your objections are taken.

I shall also be glad to receive any remarks you may desire to offer in connection with the case.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, S., T.B.

DEPT. OF PUBLIC WORKS, OTTAWA, March 30, 1901.

SIR,—In a previous pay-list of temporary clerks of this department, an item was included for the payment of the salary of Mr. M. Desjardins, on additional leave granted by Order in Council. This week a similar recommendation was made for the payment of Mr. Kier under the same authority. By a stroke of the pen, and the writing by some person of the word 'off', the department is laconically informed that some law or some regulation has been found, the expression of which appears unnecessary, whereby those payments cannot be made. If any further action is required than the authority of Treasury Board for the payment of those salaries, I would be obliged to you if you would kindly make a statement in writing to that effect, in order that your objections may be formulated to Treasury Board for an opinion thereon.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

AUDIT OFFICE, OTTAWA, April 4, 1901.

SIR,—Let me acknowledge receipt of your letter of March 30, concerning the deduction of Mr. Kier's wages from the March pay-list.

Your remarks appear to refer to the note on the first page of the pay-list. On the second page, over two signatures, as usual, you will find the explanation, 'Leave exhausted.'

- - - - - 13 ..

SESSIONAL PAPER No. 1

If this latter explanation is not conspicuous enough to be easily seen, it is because the accountant did not leave half a page blank for explanations, as he generally does.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, April 6, 1901.

SIR,—I have received your letter of the 4th instant, concerning the deduction of Mr. Kier's pay from the March pay-list. You state that the words 'Leave exhausted,' can be found on the second page of the pay-list, but, in return, I beg to state that an Order in Council was obtained to extend the usual leave, so that it does not appear correct to give as a reason for the deduction that the leave was exhausted, as it was not. There must surely be some other reason for that deduction, and it is that other reason that I would like to obtain, in order to be able to lay the case before the hon. the minister.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

AUDIT OFFICE, OTTAWA, April 10, 1901.

SIR,—The objection in Mr. Kier's case is the same as that raised in several similar instances, namely, that as there is no parliamentary authority to pay for services unless they have been rendered, it is illegal to do so.

This principle has been elucidated in so many previous discussions, that instead of writing a special letter in this case explaining the reasons which govern this office, I inclose copy of a letter on similar cases, written to the Minister of Public Works on October 26, 1899.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, April 18, 1901.

SIR,—I have the honour to inclose herewith, Treasury Board file No. 27,408, being papers from the Department of Public Works submitted to the Board in connection with your objections to the payment of the salary of Mr. F. W. Kier, a supernumerary clerk, during his leave of absence granted by Order in Council of 25th March, 1901.

For the information of the Treasury Board I should be glad to be advised as to what are your objections to the payment in question, the ground for such objections and the section and clause of the Audit Act under which such objections are taken.

I shall also be glad to receive any remarks you may desire to make in regard to the subject.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, May 6, 1901.

Treasury Board Appeals.—Extra Clerks Leave of Absence: Mr. Arthur Dale, Department Railways and Canals, Messrs. Stevenson, Hampshire and T. W. Kier, Department of Public Works.

SIR,—All are based on an opinion of Mr. Power of the Department of Justice. He says, that in his opinion, I was right in my interpretation of section 49 of the Civil

Service Act. He considers that the section named applied only to permanent clerks. He, however, thinks that the question is not disposed of by that conclusion. He does not see any reason to doubt that the Governor General, on the advice of his responsible ministers, may grant such leave. Then, he says that if the requisite money is appropriated the payment may be made.

Now, section 49 was an enabling clause in the case of permanent clerks. Can it be supposed that the legislature defined the limit of the leave to be granted to permanent clerks and intended that the executive should retain uncontrolled power with reference to extra clerks? Section 49 would have been a restrictive instead of an enabling clause if the executive had otherwise the power to grant unlimited leave.

Then, with reference to appropriation. There is no appropriation from which pay can be made for days on which no work is performed. It will be admitted that you cannot pay an extra clerk employed in the Interior Department from the vote for the Public Works Department and yet it is contended that you can pay him from the Public Works Department appropriation for extra clerks if he has worked nowhere. With as much reason you might claim that, although a vote for the construction of the St. Lawrence Canals would not authorize the construction of the Georgian Bay Canal, it would authorize the payment of a claim when no work has been performed. I quite see that, if the wording of the appropriation described leave of absence as payable out of an appropriation for extra clerks, parliamentary authority would be given.

I may be allowed to say that, in my opinion, the overcrowding of the civil service which has always been a ground of trouble, is to be increased by the practice of recognizing the claim of extra clerks to all their sick or recreation leave, no matter how long or how short the service may have been. It will remove about the only safeguard against a temporary clerk once he enters the service becoming a permanent charge on Dominion funds. As it has been, a deputy minister, no matter how pressing the work was, feared the prospect of incurring a permanent charge if he employed an extra clerk to do it, but in the future, if he is cautious, he will stagger under the temporary pressure.

The service and the temporary clerks would both be benefited if the clerks were temporary in reality; but if it be so arranged that with any foothold they cannot be removed, what is the service to become?

My objections are taken under (a) and (c), section 32 of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, May 9, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 7th instant, and inclosures, namely, Treasury Board cases Nos. 27159 and 27408, being appeals to the Board from decisions of the Auditor General (1) by the Department of Railways and Canals in reference to the payment of the salary of Mr. Arthur Dale, and (2) by the Department of Public Works in reference to the payment of the salary of Mr. F. W. Kier, both employees, being temporary clerks, and the proposed payments being in each case for periods during which these clerks were absent upon leave granted by the Governor in Council.

It does not seem necessary to add anything to what has been stated by me on several previous occasions in connection with appeals involving the same point as is here raised. The Minister of Justice is of opinion that there is no doubt whatever as to the legal power of the Governor in Council to grant leave of absence with pay to temporary clerks, and is of opinion that if the Appropriation Act provides the requisite

SESSIONAL PAPER No. 1

funds for paying the salaries of these clerks, that Act is parliamentary authority for the proposed payments.

The minister directs me to state with respect to one point taken by the Auditor General, that it is a mistake to suppose that section 49 of the Civil Service Act is an enabling clause in the sense in which the Auditor General uses that term. If there were no statutory provision with regard to leave, the minister thinks it quite clear that the Crown could, like any other employer, grant leave of absence to its employees. Section 49 restricts the power to do so by prescribing the maximum periods for which leave may be granted under ordinary and under certain exceptional circumstances.

I return the papers.

I have, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF FINANCE, OTTAWA, May 13, 1901.

SIR,—I inclose herewith your letter of the 6th inst., with reference to the leave of absence of extra clerks Dale and Kier, and the report to the Treasury Board I propose to make under subsection (c) of sec. 32, of the Audit Act. I shall be glad if you will kindly read it over, and if you wish to join therein, would you kindly sign it? If, however, you do not wish to join therein, would you kindly return it with any report to the board you may wish to make? I shall be glad if you will let me have an answer to this letter at your very earliest convenience, as it is desirable the matter should be disposed of.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *S., T.B.*

DEPT. OF FINANCE, OTTAWA, May 10, 1901.

The undersigned has the honour to report that on January 19, 1901, an Order in Council was passed granting sick leave with full pay to Mr. Arthur Dale, a non-permanent clerk in the Department of Railways and Canals from November 12 to December 17, 1900, and on March 25, 1901, an Order in Council was passed granting Mr. F. W. Kier, a temporary employee in the Department of Public Works leave of absence from February 20 to April 1, 1901, with pay.

The Auditor General having objected to the payment of the salaries of these gentlemen during the period for which leave of absence was granted, the matter was referred to the Treasury Board for decision and the Auditor General was asked as to what his objections were to the payments in question, the ground of such objections and the clause of the Audit Act under which the objections were taken.

The Auditor replied thereto in the annexed letter of the 6th instant, to which the attention of the board is directed. In this letter the Auditor General states that his objections are taken under (a) and (c) section 32, of the Audit Act, and this report is submitted under the authority of and in accordance with the requirements of the last named clause.

Respectfully submitted,

J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, May 17, 1901

SIR,—I have your letter of the 13th instant, inclosing the report which you propose submitting to the Treasury Board with reference to the leave of absence to extra

clerks Dale and Kier. Although I see nothing to object to in your proposed statement of the case, still I prefer that my letter of the 6th instant should be considered as my part of the report required by subsection (c) of section 32, Audit Act.

The papers which accompanied your letter are returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Treasury Minute, May 23, 1901.—The board had under consideration objections taken by the Auditor General to the payment of the salaries of Mr. Arthur Dale, an extra clerk in the Department of Railways and Canals, and of Mr. F. W. Kier an extra clerk in the Department of Public Works, who were by Orders in Council of January 19, 1901, and March 25, 1901, granted leave of absence with pay as therein set forth.

The objections of the Auditor General as stated in his letter of May 6, 1901, were taken under section 32, subsections (a) and (c) of the Audit Act.

The board had under consideration the correspondence between the Auditor General and the Departments of Railways and Canals and Public Works in regard to these cases, and also the remarks of the Auditor General in reference thereto in his letter of May 6, 1901, to the secretary of the board, and the report of the Deputy Minister of Finance under section 32, subsection (c) of the Audit Act, of May 10, 1901, copies of which last named letter and report are hereto annexed.

The first objection of the Auditor General under subsection (a) of section 32, of the Audit Act is that there is no parliamentary authority for the payments in question, but in view of the opinion of the Minister of Justice as expressed in the letter of the Deputy Minister of Justice dated May 9, 1901, a copy of which is hereto annexed the board are of opinion that the objection of the Auditor General that there is no parliamentary authority for the payment is not well taken. The board are also of opinion that the objection of the Auditor General under subsection (c) of section 32, of the Audit Act is not well taken and that the objections taken by the Auditor General under both subsections (a) and (c) of section 32 should be overruled and they therefore direct that the payments in question be made to the above named clerks as authorized by the Orders in Council above referred to.

J. M. COURTNEY, *Secretary.*

Justice Dept. : Remission of Fine Imposed by the Warden of St. Vincent de Paul Penitentiary.

DEPT. OF JUSTICE, OTTAWA, May 6, 1901.

SIR,—I have to inform you that in May, 1898, the warden of the St. Vincent de Paul Penitentiary imposed a fine of \$10 upon Guard L. Normand for being absent on account of sickness, without leave and without furnishing a certificate from the penitentiary surgeon, although he produced a certificate from his own family physician.

The fine, which was imposed without the authority of the Minister of Justice, was deposited as revenue at the time it was levied. (See Regulation No. 127 of the inclosed copy of 'Penitentiary Regulations'.)

The matter having recently been brought to the attention of the minister, he does not approve of the fine, and has directed that the amount be refunded.

I have therefore to request that you will be good enough to send me a cheque for \$10, payable to the order of L. Normand, and charge the amount to St. Vincent de Paul Penitentiary revenue.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, May 9, 1901.

SIR,—I have the honour to acknowledge the receipt of your application of the 6th instant for refund of a fine of \$10, imposed by the warden of St. Vincent de Paul Penitentiary on Guard L. Normand, for being absent from duty without leave in 1898. This fine, you state, was imposed at the time without the authority of the Minister of Justice, and now that his attention has been called to the matter, he has directed that it be remitted.

I presume the fine, in the first instance, was imposed by the warden under section 26 of the Penitentiary Act, which provides as follows :—

‘The warden may impose upon any officer or servant appointed by him or by the Minister of Justice, for any act of negligence or carelessness committed by him, a fine, payable in money of such reasonable amount, not exceeding one month’s pay, as the warden, under the circumstances of the case, thinks fit ; and under like circumstances, the Minister of Justice may impose a like fine on the deputy warden and accountant.’

Under this section the warden, it seems to me, had full authority to impose the fine in question ; and consequently, the amount which you now ask to be refunded, having gone into the Consolidated Revenue Fund in due course of law, may not be released therefrom without the express authority of parliament.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, May 10, 1901.

SIR,—Referring to your letter of 9th instant, in which you quote section 26 of the Penitentiary Act, you appear to have overlooked several other provisions. Section 2 authorizes the Minister of Justice to exercise over penitentiaries complete administrative power. Section 9 of the amending Act, 50-51 Vic., chap. 52, authorizes the Governor in Council, subject to the provisions of the Penitentiary Act and of the amending Act, to make regulations respecting, among other things, any matter relating to the establishment, maintenance and management of penitentiaries. The regulation which I quote is made in execution of this power, and is, of course, binding upon the warden. I see no reason for holding it *ultra vires*. The effect of the view stated in your letter would be to deny to the minister administrative control, and it would also do away with the effect of the regulation.

I am submitting the papers to the Treasury Board with copies of the correspondence.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

TREASURY BOARD, OTTAWA, May 14, 1901.

Sir,—I have the honour to inclose herewith Treasury Board file No. 27544, being an appeal by the Department of Justice from your objections to a refund of \$10 fine to Guard L. Normand, of St. Vincent de Paul Penitentiary, and I have to request that you will be good enough to advise me for the information of the Treasury Board as to what your objections to the refund in question are and the section and clause of the Audit Act under which such objections are taken, and also the ground for the objections.

I shall also be glad to receive any remarks you may wish to make in reference to the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Secretary.

AUDIT OFFICE, OTTAWA, June 13, 1901.

SIR,—I beg to acknowledge the receipt of your letter of the 14th ult. inclosing an appeal from the Department of Justice from my ruling.

The Deputy Minister of Justice in his letter to me of the 10th May says that I appear to have overlooked section 2 of the Penitentiary Act. I have the section before me. It cannot cancel by implication a section *in the same Act* which expressly gives the power, without restriction of any kind, to the warden to impose fines on certain officials, the one under consideration among the number. Then, the reasonableness of the provision of the section is an evidence in itself that parliament would have desired what the words convey. For the sake of discipline, so important everywhere, but particularly so in a penitentiary, the warden, without control of any kind, is given the power of enforcing on the spot fines upon all officials, except the deputy warden who may be fined by the Minister of Justice. I cannot think of any clearer words to convey exact directions as to the officials who were, with regard to fines, to be under the Minister of Justice and the warden respectively, and I cannot think of any more appropriate decision on the question.

Then, the reference of the Deputy Minister of Justice to section 9 of 50-51 Vic., chap. 52, and to the regulations made under it still further strengthens my view, instead of weakening it. The section is:—

‘The Governor in Council may, subject to the provisions of the Penitentiary Act and this Act, from time to time make regulations respecting—

‘a—Officers

‘b— &c.

This clearly limits the power of the Governor in Council in making the regulations, by every provision of the two Acts named and, therefore, by section 26 of the Penitentiary Act which sets forth the classes of officers who may be fined by the warden and the class which the Minister of Justice fines in case of need.

For the sake of \$10, after three years have elapsed, a guard is to be given the opportunity of making it known all over the penitentiary that the warden was beaten by him and complaint will be made that the warden's authority is not respected. How could the best man in the world keep up a semblance of discipline under such circumstances?

I do not contend that parliament would desire the growth of those caste distinctions which are happily so nauseating to Canadians; but the strengthening of the warden, the giving back bone to the working head of the penitentiary, is in no way connected with the elevation of the individual: it is a necessity to the official who has hanging over him the tremendous responsibility of keeping in subjection all the bold and fierce lawlessness of a whole province and of searching out any faint evidence of a better nature, bringing the small part of good from its concealment and giving it air, sunlight and exercise, so that when its possessor is again permitted to walk among his fellowmen, he may have something to help him live like a man and not be compelled to go back to the penitentiary, as the only place congenial to his tastes. How is the warden to perform any of this magnificent duty if he sees that the humblest official under him, fined for laziness or worse, can have the ear of the minister, have the decision against him reversed and have it known all over the penitentiary that the warden has no authority. Dr. Duchesneau's reputation is in the keeping of others. If no thought is given to the great work which he might do, there is no right to do what will inevitably stamp the work as a failure. Naturally in the eyes of the public generally, who do not imagine that the warden is hampered by those who would naturally be expected to assist him, the warden is supposed to have every assistance.

To interpret the 26th section I am trying to put myself in the position of a legislator and to show that it could never have been intended to have had an appeal from

SESSIONAL PAPER No. 1

the warden on the imposition of fines. No man who has work of any extent conducted by an agent, listens to the caballing and intrigues of the men. If he finds that the agent is incapable of the proper performance of his duties he replaces him, just as the government, through the reports of the inspector, ought to deal with the warden in a like case.

Then, it can never have been intended that, even if the Minister of Justice had at the moment the fine was imposed, the right to review the warden's decision, he should have the right to revive the matter three years after. The money went into the consolidated fund, thus became parliament's and ceased to be under the control of the minister, or of the government.

My objection is under the Consolidated Revenue and Audit Act, section 32, subsection (a).

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, June 14, 1901.

SIR,—Referring to your letter of 14th instant, inclosing Treasury Board file No. T. 27544 B., with regard to the objections of the Auditor General to refund of \$10 fine to Guard L. Normand, of St. Vincent de Paul Penitentiary, I am to state that, in the opinion of the acting Attorney General, the Minister of Justice, under section 2, of the Penitentiary Act, and regulation No. 23, approved by His Excellency in Council on November 26, 1898, had authority to disapprove of the fine levied by the warden in this case, and to direct that the amount be refunded to the Guard. This action of the minister was not inconsistent with section 26 of the Penitentiary Act, to which the Auditor General refers, and section 2 of the Penitentiary Act together with section 9 of the Amending Act, 50-51 Vic., chap. 52, and the regulation above quoted, which was passed thereunder, furnish parliamentary authority for the refund applied for.

Papers returned herewith.

I have, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, June 15, 1901.—The Board had under consideration an appeal by the Department of Justice from the objections of the Auditor General to a refund of \$10 fine to Guard L. Normand, of St. Vincent de Paul Penitentiary; the objections of the Auditor General having been taken under the Consolidated Revenue and Audit Act, section 32, subsection (a), on the ground that there is no parliamentary authority therefor. (Copy annexed.)

The Board had also under consideration a letter from the Deputy Minister of Justice, dated June 14, 1901, in connection with the case (copy annexed), setting forth that in the opinion of the acting Attorney General, the Minister of Justice, under section 2 of the Penitentiary Act and regulation No. 23, approved by His Excellency in Council, on November 26, 1898, had authority to disapprove of the fine levied by the warden in this case, and to direct that the amount be refunded to the guard; that this action of the minister was not inconsistent with section 26 of the Penitentiary Act, to which the Auditor General refers, and section 2 of the Penitentiary Act, together with section 9 of the Amending Act, 50-51 Vic., chap. 52, and the regulation above quoted, which was passed thereunder, furnish parliamentary authority for the refund applied for.

The Board after a careful consideration of the case and all the correspondence between the Auditor General and the Department of Justice regarding the matter, and after a full consideration of the objections of the Auditor General as set forth in his letter of June 13, 1901, consider, in view of the opinion of the acting Minister of Justice and Attorney General as above set forth, that the objections of the Auditor General are not well taken and should be overruled, and they therefore direct that the refund to Guard L. Normand, of the St. Vincent de Paul Penitentiary be made.

**Trade and Commerce : Increase of Salary to Chief Controller of Chinese Immigration from a Date Prior to that of Order in Council
Authorizing the Increase.**

DEPT. OF TRADE AND COMMERCE, OTTAWA, August 25, 1900.

SIR,—I beg to call your attention to an Order in Council of July 13, which increased my salary as Chief Controller of Chinese Immigration from \$800 to \$1,000 per annum, to date from the 1st June last.

In conformity with this, a supplementary pay-list was sent you for the balance due for the month of June. It did not come back, nor did I hear anything about it until about one of the last days of July or early in this month. I asked Mr. Simpson what had become of it, and he stated he had never received it. I thereupon sent him a duplicate, which again received no attention ; neither did the regular pay-list for the month of July. Some time in the early part of the current month inquiry was made as to why this pay-list had not come back. We were then informed it had been sent to the Bank of Montreal direct. Upon inquiry, it was found that the figures had been changed so as to make the increase of salary date only from July 13, the date of the Order in Council, instead of June 1, as provided. So far I have had nothing official from you on the subject, further than I have been given to understand that your ruling was that it could only take effect from the date of the Order in Council.

I cannot very well conceive why this individual case should receive such ruling when to my certain knowledge there are not only dozens, but hundreds, of similar cases that have past during the past year ; and in the Customs Department alone, during the month of July last, there were, in round numbers, 100 cases, all of which received their increases from July 1, although some of the Orders in Council were dated as late as the 25th of the month.

As to your ruling, if such has been the case, I would call your attention to similar rulings of yours in 1898, where the Treasury Board overruled the same, and directed the issue of cheque for the amount provided for under Order in Council (*Vide* your report for the year 1898, pages A-47, &c.) The matter appears to have been submitted for the opinion of the Department of Justice, and the ruling of that department was, in effect, that Council had a perfect right to date back increases.

It is not the amount of money involved, but the principle, which I must take notice of ; and I would, therefore, ask for a reconsideration of your ruling, and in order that cheques may issue before it is too late to close the accounts for the past year. I do not like to submit the matter again to Treasury Board, which has already passed on similar rulings ; and, therefore, trust that you will take immediate action and advise me as to your final ruling in the matter, and if adverse, your grounds therefor.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *Chief Controller*.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, September 13, 1900.

SIR,—I beg to acknowledge your letter of August 25 with reference to your \$200 increase as Chief Controller of Chinese Immigration.

You quote many cases in which increases were given without demur by me. Let me say that I make a distinction between statutory and other increases. The employee who is eligible for a statutory increase has, I think, a right, under contract with the government, if the money be voted, for the statutory increase from the day on which he is eligible. According to my view, an official who was employed at a certain rate of pay without any ground for the expectation of an increase, has practically entered into a contract to do the service without any increase, and under such contract is not legally entitled to be paid, except from the day on which the order giving him the increase was made, *i.e.*, until he did work under the new contract.

You draw attention to the fact that I have been overruled in confining the increases to the kind I have just described. I have, but I am still of opinion that my view is the correct one, and shall act upon that view unless overruled in any particular case, until I have another opportunity of getting the Public Accounts' Committee, either to relieve me from responsibility in passing applications which I do not believe to be regular claims against the country, or to take steps for enacting the course that I think is the proper one.

Should the Treasury Board overrule me there will be no difficulty in paying the additional amount from this year's appropriation, if there should be a sufficient amount to meet it as there no doubt will be.

With reference to your complaint about delays, I can only say that in one way or another I have found my time more than fully occupied since the end of the session, and that I have disposed of what was in my opinion most pressing.

I am, sir, your obedient servant,

The Chief Comptroller of Chinese Immigration.

J. L. McDOUGALL, A.G.

DEPT. OF TRADE AND COMMERCE, OTTAWA, September 14, 1900.

SIR,—I am in receipt of yours of yesterday's date, in reply to mine of August 25, in *re* my increase of salary as Chief Controller of Chinese Immigration.

I have carefully noted your statements with reference to eligibility for statutory increases, and that you make a distinction between such and other increases of salary. You seem, however, to have overlooked the fact that among the cases to which I called your attention there were but few of statutory increases—they were mostly increases in outside service, which are in no way provided for under the Civil Service Act, and stood exactly upon the same ground as my own case.

I note also your admission that the Treasury Board has decided against you in similar cases, but that you intend to object in every instance until the Public Accounts' Committee relieve you from the responsibility of passing applications of the kind. I can only remark in connection with this that the Public Accounts' Committee has had plenty of opportunities to sustain you in your ruling did it see fit to do so; but I should take it for granted that, inasmuch as when its attention was called to the matter through correspondence, and it took no action, it sustained the ruling of the Treasury Board rather than yours. However, when the minister returns, if he thinks it worth while to submit the matter to Treasury Board it can be done. Of course you understand it is not the amount of money I am contending for. It is the mere principle of the thing, which it strikes me should be made plain.

I can very well understand that your time is more than fully occupied, and I am sorry to have in any way caused you trouble in the matter ; and would never have done so were it not on principle, as above.

I am, sir, your obedient servant,

The Auditor General.

W. G. PARMELEE, *Chief Controller*.

TREASURY BOARD, OTTAWA, May 21, 1901.

SIR,—I have the honour to inclose herewith T. B. file No. 27640, being an appeal to the Treasury Board by the Department of Trade and Commerce from your objection in reference to an increase in the salary of Mr. W. G. Parmelee, as Chief Controller of Chinese Immigration, from \$800 to \$1,000 per annum from June 1, 1900, as authorized by Order in Council of July 13, 1900.

I shall be glad to be advised, for the information of the Treasury Board, as to the nature and ground of your objection, and also the section and clause of the Audit Act upon which such objection is based.

I shall also be glad to receive any remarks you may wish to make concerning the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 21, 1901.

SIR,—I have the honour to hand you herewith, with the concurrence of the hon. the Minister of Trade and Commerce, copies of correspondence between myself and the Auditor General with reference to an increase to my salary as Chief Controller of Chinese Immigration, which under the terms of an Order in Council approved on July 13 last, increased my salary as such from \$800 to \$1,000 per annum, to date from June 1 last.

You will note from the correspondence that the Auditor General refused to pay except from the date of the Order in Council.

The matter is, therefore, placed in your hands for submission for the ruling of the hon. the Treasury Board ; and I may point out that rulings that were given in similar cases during the past year were adverse to the Auditor General (*Vide* his report for the year 1900.)

I am, sir, your obedient servant,

The Secretary, Treasury Board.

W. G. PARMELEE, *Chief Controller*.

AUDIT OFFICE, OTTAWA, June 14, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of May 21, and the accompanying file of the Treasury Board on the appeal of Mr. W. G. Parmelee, from my decision that the \$200 increase of his salary as Chief Controller of Chinese Immigration, could not legally date from a time anterior to the date of the instrument sanctioning the increase.

My views are still what they were when dealing on January 17 last, with certain cases of similar kind, which were then before the Board, and I therefore repeat the remarks here :—

‘It is surely quite clear that under an Order in Council defining the time during which an employee of the government was to receive a certain fixed sum for fully

SESSIONAL PAPER No. 1

and plainly defined services, the government would be breaking its contract if it refused to employ the person to the end of the time fixed in the Order in Council, or if it refused to pay him the rate stipulated. If this conclusion is correct, must it not be equally correct to say that the employee, having continued his services for the period named and of the kind contemplated by the Order in Council, has no ground for seeking from the government additional remuneration? If the time named has expired and a new period of service has been entered upon, or if the nature of the service has been varied before the expiration of the time fixed, the case is no doubt changed.

'Then, if the employees have no right to demand additional remuneration, it is manifest that the government, dealing as it does only with the money of others, cannot properly grant additional remuneration.

'I have, in other claims similar to these, drawn attention to the fact that, when I have been overruled, no limitations have been acknowledged by the Board as to the character of the cases in which the Board might justifiably interfere, nor as to the length of time to which the interference might apply. Overrulings of the kind now sought having recently come fast. Will they not serve as notices that it is worth while to revive claims years old? If so, every one connected with the management of the Dominion finances will have a right to feel that there is scarcely any limit to the additional labour which may be put upon him. The country has manifestly the deepest interest in the matter, inasmuch as it has to provide for the direct added outlay as well as the cost of management.

'There is no hardship to the employee to leave things as they are, because he was a consenting party to his rate of remuneration and would have chosen another employer if he could have found one who would have suited him better.

'The late government was able to conduct its affairs without this class of cases, and there seems no change in business to necessitate the bringing of them into existence now.

'Then if there is such necessity, regulations governing the cases should be made when there is no special case before the Board.'

The objection is taken under subsection (a) of section 32 of the Consolidated Revenue and Audit Act.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, June 17, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, and of the accompanying file of papers T. 27640 B., being an appeal to the Treasury Board by the Department of Trade and Commerce from the Auditor General's decision in connection with an increase in the salary of Mr. W. G. Parmelee, as Chief Comptroller of Chinese Immigration, from \$800 to \$1,000 per annum, to date from June 1, 1900, as authorized by Order in Council of July 13, 1900.

The reason for the Auditor's decision, as stated in his letter of the 14th instant, is that, in his opinion, the increase of the salary in question could not legally date from a time anterior to the date of the instrument sanctioning the increase.

As you are aware, the present Minister of Justice and his predecessors in office have in numerous instances held that there is no foundation for this opinion of the Auditor General. The Acting Minister of Justice and Attorney General, the Hon. Mr. Scott, directs me to state that he concurs in the views of the minister with regard

to the right of the Governor in Council to antedate increases of salary, and that in the present case he thinks the increase of \$200 dating back to June 1, was validly granted by the Order in Council of July 13, 1900.

Section 3 (d) of the Chinese Immigration Act, Revised Statutes, chapter 67, which provision is continued in section 5 (d) of chapter 32, of the statutes of 1900, and the vote in the Appropriation Act for the administration of the Chinese Immigration Act afforded, in the opinion of the Acting Minister sufficient parliamentary authority for the increase as granted by the Order in Council of July 13.

Papers returned herewith.

I have, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, June 21, 1901.—The Board had under consideration certain correspondence which took place between the Chief Controller of Chinese Immigration and the Auditor General with reference to an increase of the salary of the Chief Controller under Order in Council of July 13, 1900, from \$800 to \$1,000, to date from June 1, 1900. The Auditor General refuses to pay the increased rate except from the date of the Order in Council, and the attention of the Board was drawn to the correspondence and to the letter of the Auditor General to the Secretary of the Board, under date of June 14, 1901, a copy of which is annexed hereto.

The objection of the Auditor General having been made under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, the papers were referred to the Department of Justice, and as appears from the letter of the Deputy Minister of Justice to the Secretary of the Board, under date of June 17, 1901, copy also annexed, the acting Minister of Justice, Hon. Mr. Scott, is of opinion that there is sufficient parliamentary authority for the increase as granted by the Order in Council of July 13, 1900.

The Board, in view of this opinion, are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they direct that payment be made of the increased salary from the date named in the Order in Council above referred to.

J. M. COURTNEY, *Secretary.*

Post Office Department—Promotion of Superintendent, Savings Bank Branch, from a date prior to Order in Council authorizing it.

Order in Council of July 28, 1899.—That Mr. William Hague Harrington, first-class clerk, be promoted to the position of Superintendent of the Savings Bank Branch, *vice* Mr. David Matheson, superannuated, Mr. Harrington to retain his present salary of \$1,800 a year.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, October 23, 1900.

SIR,—During the temporary absence from this office of the clerk in charge of civil government salaries, there was inadvertently allowed to pass on your pay-list a statutory increase of \$50 to the salary of W. H. Harrington, as superintendent of savings banks.

Mr. Harrington is a first-class clerk at the maximum of his class, therefore not entitled to further increase until he has passed through the actual promotion, prescribed by the Civil Service Act.

SESSIONAL PAPER No. 1

I have seen an Order in Council promoting Mr. Harrington, but the promotion was to the position of Superintendent of the Savings Bank Branch, which has no connection with the grade of chief clerk under the Civil Service Act.

I have, therefore, to request an adjustment on your next pay-list.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPT., OTTAWA, November 8, 1900.

SIR,—I have the honour to acknowledge your letter of the 23rd ulto., on the subject of a statutory increase of \$50 to Mr. W. H. Harrington, as Superintendent of the Savings Bank branch of this department, in which you observe that 'Mr. Harrington is a first-class clerk at the maximum of his class, and, therefore, not entitled to further increase until he has passed through the actual promotion prescribed by the Civil Service Act.'

In reply, I beg to say that the Order in Council (of which you have a copy), passed in Mr. Harrington's case, was consequent upon a recommendation to Council, which read as follow :—

'The undersigned has the honour to recommend to Your Excellency in Council that Mr. William Hague Harrington, now a first-class clerk in the Savings Bank branch of this department, be promoted to the position of Superintendent of the Savings Bank branch, to be made vacant by the superannuation of Mr. David Matheson, Mr. Harrington to retain his present salary, namely, \$1,800 a year.

'Mr. Harrington has passed the necessary promotion examination for a chief clerkship.'

A promotion has always hitherto been understood as implying not merely a change of duty or of departmental designation—there may be promotion without either—but advancement from a lower to a higher class, and the Order in Council authorizes the promotion of Mr. Harrington, a first-class clerk, to a position to be made vacant by the retirement of a chief clerk.

The order in question was passed on the assurance given by the Postmaster General that Mr. Harrington had passed the necessary examination for a chief clerkship.

It can hardly be questioned that the intention of the Order in Council to promote Mr. Harrington a chief clerkship, as recommended, is evident, and I shall be pleased if, on further consideration, you are able to see the matter in that light.

I am, sir, your obedient servant,

The Auditor General.

W. D. LESUEUR, *Acting Deputy.*

AUDIT OFFICE, OTTAWA, November 13, 1900.

SIR,—I have your letter of the 8th instant with reference to Mr. Harrington's promotion.

The words of the recommendation to council plainly support the view that it was not desired by the Postmaster General that Mr. Harrington's status under the Civil Service Act should be changed : 'That Mr. Wm. Haig Harrington, &c., be promoted to the position of Superintendent of the Savings Bank Branch, &c.—Mr. Harrington to retain his present salary.' The words of the recommendation are, however, not important.

The words of the Order in Council are the same as those of the recommendation. The very fact that they specifically define the kind of promotion which Mr. Harrington

ton is to get: 'to the position of Superintendent of the Savings Bank Branch' shows that he does not get the promotion to a Chief Clerkship.

Mr. Harrington having passed the examination necessary for a chief clerkship, it will be well to lose no time in making the recommendation for the promotion to a chief clerkship.

I am, sir, your obedient servant,

The Acting Deputy Postmaster General.

J. L. McDOUGALL, A.G.

POST OFFICE DEPARTMENT, OTTAWA, November 14, 1900.

SIR,—I have the honour to acknowledge your further letter of the 13th instant, on the subject of Mr. Harrington's promotion.

The view you take of the matter is of course that which commends itself to your judgment, but I must demur to the absolute statement that the words of the recommendation to council in Mr. Harrington's case 'plainly support the view that it was not desired by the Postmaster General that Mr. Harrington's status under the Civil Service Act should be changed.'

It is within my knowledge that the Postmaster General did desire a change in Mr. Harrington's status, and was under the impression that the recommendation made to council sufficiently indicated the fact.

This department evidently attached a meaning to the word 'promotion,' and to the specification of a title which for many years had designated a chief clerkship, which you do not attach, your view apparently being that a man may be 'promoted' without change of rank, and that 'promotion' to the *position held by* a chief clerk does not imply promotion to the *rank* of chief clerk.

As regards Mr. Harrington's salary, as that was already the minimum salary of a chief clerk, it was specified in the recommendation to council that it was not to be changed *scil. in connection with his promotion*.

The department is quite prepared to recognize that both the recommendation to council and the Order in Council would have been more technically complete had the words 'Chief Clerk' been added to the title of 'Superintendent of the Savings Bank Branch;' but it is nevertheless of the opinion that the order as it stands may reasonably be construed as authorizing the promotion of Mr. Harrington to a chief clerkship.

Due note has been taken of your recommendation that no time should be lost in making another recommendation to council in this case.

I am, sir, your obedient servant,

The Auditor General.

W. D. LESUEUR, *Actg. D.P.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 16, 1900.

SIR,—With reference to my letter of the 14th instant, on the subject of the proposed increase of salary to Mr. W. H. Harrington, Superintendent of the Savings Bank Branch of this department, I have the honour to inclose to you herewith, as bearing on the question of the intention of the Order in Council passed in Mr. Harrington's case, a copy of a portion of a minute of the Treasury Board, approved by His Excellency in Council on January 23, 1882, setting forth that the Assistant Superintendents of the Money Order and Savings Bank Branches, respectively, shall class as chief clerks.

Since that time the branches had been separated from the Accountant's Branch of this department, and been placed under the charge of independent superintendents who must be considered, *a fortiori* as holding the rank of chief clerks.

SESSIONAL PAPER No. 1

I submit the point, therefore, for your consideration whether, in view of the expressed recognition by the Treasury Board of an officer of less responsibility than the Superintendent of the Savings Bank Branch as a chief clerk, you can adopt the view put forward in my letter, that the Order in Council promoting Mr. Harrington to the rank of superintendent may reasonably be regarded as authorizing his promotion to a chief clerkship.

I am, sir, your obedient servant,

The Auditor General.

W. D. LESUEUR, *Actg. D.P.G.*

Order in Council, Jan. 23, 1882.—5. In undertaking the superintendence of both branches, the General Superintendent must necessarily relinquish a portion of the minor details of supervision in each branch hitherto performed by the separate superintendents and commit those minor details to the officers next in rank. Those officers are now only first class clerks, but under the changed organization now recommended they should have the rank and authority of Assistant Superintendents of Money Orders and P. O. Savings Banks respectively, and *shall class as Chief Clerks* with salaries rising from \$1,800 to \$2,200.

POST OFFICE DEPT., OTTAWA, Nov. 24, 1900.

The undersigned has the honour to state that, on July 5, 1899, he submitted a recommendation to Your Excellency in Council for the promotion of Mr. W. H. Harrington, a first-class clerk in the Savings Bank Branch of this department, to the position of Superintendent of the Savings Bank Branch *vice* Mr. David Matheson, who had applied for superannuation, and mentioned the fact that Mr. Harrington had passed the necessary promotion examination for a chief clerkship.

Upon this recommendation an order was passed under date of July 28, 1899,—No. 1738, authorizing the promotion of Mr. Harrington to the position of Superintendent of the Savings Bank Branch, but not expressing the fact that the promotion was to the rank of a chief clerk.

Subsequently the undersigned had the honour to submit to your Excellency in Council a recommendation that Mr. Harrington, whose salary of eighteen hundred (\$1,800) dollars had not been increased by his promotion, should have a statutory increase of fifty (\$50) dollars, dating from October 1, 1900, and this was approved by an Order in Council dated September 5 last, No. 2126.

The increase of salary thus authorized having been entered in the pay-list of of this department, objection was taken to it by the Auditor General who, referring to the fact that the Order in Council did not purport to promote Mr. Harrington to a chief clerkship, took the ground that he was still only a first-class clerk, and that his salary being at the maximum could not be increased.

The undersigned would therefore beg leave to recommend that an Order in Council should be passed declaring that the intention of the Order in Council of July 28, 1899, was to promote Mr. Harrington to a chief clerkship from the date therein mentioned, and that he is so promoted from that date.

(Signed) W. MULOCK, *P.G.*

Order in Council, April 30, 1901.—Post Office—That the Order in Council of July 28, 1899, promoting Mr. William Hague Harrington to be Superintendent of

the Savings Bank Branch be amended by adding thereto the words 'and on such promotion to have the rank of a chief clerk,' it being the intention of such order to promote Mr. Harrington to be superintendent of the branch with the rank of chief clerk.

JOHN J. MCGEE, C.P.C.

Order in Council, June 6, 1901.—Post Office—That the promotion of Mr. W. H. Harrington to the position of Superintendent of the Savings Bank Branch with the rank of a chief clerk, be and is hereby declared to date from July 28, 1899, when the first Order in Council for his promotion was passed, and that the statutory increase in his case, approved on September 5, 1900, dates from October 1, 1900.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, July 5, 1901.

SIR,—In reference to the Order in Council of June 6, 1901, authorizing the promotion of Mr. W. H. Harrington to the position of Superintendent of the Savings Bank Branch, with the rank of chief clerk, from July 28, 1899, my view is that the promotion can take place only from the date of the instrument promoting him, namely, June 6, 1901. See Civil Service Act, section 27, subsection 2. An Order in Council cannot undo what is done by parliament.

I am assuming that Mr. Harrington's salary has not been dealt with by parliament, as I have not found anything in the estimates regarding him.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

NOTE.—In the above letter the date from which Mr. Harrington's promotion might properly count was inadvertently stated as June 6, 1901, instead of April 30, 1901, the date of the first Order in Council authorizing his promotion to the rank of chief clerk.

POST OFFICE DEPT., OTTAWA, July 25, 1901.

The undersigned has the honour to state, for the information of the hon. the Treasury Board, that, on July 5, 1899, a recommendation was submitted to His Excellency in Council for the promotion of Mr. W. H. Harrington, a first-class clerk in the Savings Bank Branch of this department, to the position of Superintendent of the Savings Bank branch, *vice* Mr. David Matheson, who had applied for superannuation, and it was mentioned that Mr. Harrington had passed the necessary promotion examination for a chief clerkship.

Upon this recommendation, an order was passed, under date July 28, 1899, authorizing the promotion of Mr. Harrington to the position of Superintendent of the Savings Bank Branch, but not expressing the fact that the promotion was to the rank of chief clerk.

Subsequently a recommendation was submitted to His Excellency in Council that Mr. Harrington, whose salary of \$1,800 had not been increased by his promotion, should have a statutory increase of \$50, dating from October 1, 1900, and this was approved by an Order in Council dated September 5, 1900.

SESSIONAL PAPER No. 1

The increase of salary thus authorized having been entered on the pay-list of this department, objection was taken to it by the Auditor General, who, referring to the fact that the Order in Council did not purport to promote Mr. Harrington to a chief clerkship, took the ground that he was still only a first-class clerk, and that his salary being at the maximum, could not be increased.

On November 24 last, a further report was submitted to His Excellency in Council recommending that an order be passed declaring that the intention of the Order in Council of July 28, 1899, was to promote Mr. Harrington to a chief clerkship from the date therein mentioned, and that he be so promoted from that date.

Upon this recommendation, an Order in Council, dated April 30, 1901, was based, amending the Order in Council July 28, 1899, by adding the words, 'and on such promotion to have the rank of chief clerk, it being the intention of such order to promote Mr. Harrington to be Superintendent of the branch, with the rank of chief clerk.'

On the receipt of the last-mentioned Order in Council, Mr. Harrington's salary at the increased rate (\$1,850), was entered on the pay-list for the month of May, together with the arrears from October 1, 1900. The increase was passed by the Auditor General, and Mr. Harrington has since been paid at the increased rate, but the arrears were disallowed, and a note added to the pay-list to the effect that the promotion only dated from April 30, the date of the last Order in Council.

Subsequently another report was submitted to His Excellency in Council recommending that it be declared by Order in Council that Mr. Harrington's promotion dates from July 28, 1899, when the first order for his promotion was passed, and that the statutory increase in his case, recommended on August 8, 1900, and approved on September 5, 1900, dates from October 1, 1900.

Upon this recommendation, an Order in Council, dated June 6, 1901, was passed, in the following words:—'That the promotion of Mr. W. H. Harrington to the position of Superintendent of the Savings Bank Branch, with the rank of chief clerk, be and is hereby declared to date from July 28, 1899, when the first Order in Council for his promotion was passed, and that the statutory increase in his case, approved on September 5, 1900, dates from October 1, 1900.'

Notwithstanding the fact that the increase was allowed by the Auditor General from May 1, 1901, a letter was received from the Audit Office, dated the 5th instant, expressing the view that the promotion can only take effect from June 6, 1901, the date of the last-mentioned Order in Council.

The undersigned would, therefore, beg leave to submit for the decision of the hon. the Treasury Board the question as to whether, under the authority of the Orders in Council quoted, Mr. Harrington's promotion should not date from July 28, 1899, the date of the first Order in Council, and his first statutory increase from October 1, 1900.

Copies of the several Orders in Council and of the correspondence with the Auditor General are inclosed herewith.

JAMES SUTHERLAND, *Acting P.M.G.*

TREASURY BOARD, OTTAWA, August 24, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28,108 being papers submitted to the Board regarding objections raised by the Audit Office in connection with the promotion of Mr. W. H. Harrington from a first class to a chief clerkship in the Savings Bank Branch of the Post Office Department, and I have to request that you will be good enough to advise me for the information of the Treasury Board as to what the objections in the matter are, and the section and clause of the

Audit Act under which such objections are taken, and also the ground for the objections.

I shall also be glad to receive any remarks you may wish to make in connection with the subject.

I am, sir, your obedient servant,

The Auditor General.

W. D. ROSS, *Actg. S.T.B.*

AUDIT OFFICE, OTTAWA, October 16, 1901.

SIR,—I beg to return herewith Treasury Board file No. 28,108, being the papers in connection with the promotion of Mr. W. H. Harrington from a first class to a chief clerkship in the Savings Bank Branch of the Post Office Department.

My objection in this case is taken on the ground that the promotion cannot legally be made to date from a time anterior to the date of the instrument sanctioning the promotion. The reasons for my objection are the same as those given in my letter of June 14th last, with reference to an increase of salary to the Chief Controller of Chinese Immigration. A copy of that letter is inclosed herewith.

The objection is taken under subsection (a) of section 2, Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

NOTE.—For letter of June 14, 1901, referred to above see page A—40.

DEPARTMENT OF JUSTICE, OTTAWA, October 28, 1901.

SIR,—Referring to your letter of the 17th instant, I have now the honour to return herewith Treasury Board file No. 28,108, being papers relating to the promotion of Mr. W. H. Harrington, from a first class to a chief clerkship in the Post Office Department. The Auditor General has refused to recognize this promotion as dating from the Order in Council of 28th July, 1899, by which Mr. Harrington was promoted to the position of Superintendent of the Savings Bank Branch of the department, contending that the order in question merely promoted Mr. Harrington to the office named in it and did not change his rank as a clerk in the service, and that the omission in that order of an express promotion to a chief clerkship is not cured, so as to cause the promotion to take effect from the 28th July, 1899, by two subsequent Orders in Council, the first, dated 30th April, 1901, amending the previous order by adding words giving Mr. Harrington the rank of chief clerk, and declaring that such had been the intention of His Excellency in Council, and the second, dated 6th June, 1901, ordering that the promotion to a chief clerkship did and was thereby declared to date from the 28th July, 1899. On the 5th September, 1900, an Order in Council was passed granting to Mr. Harrington a statutory increase to take effect from 1st October, 1900, and the Auditor General having objected that such increase could not lawfully be granted as of that date, because in his view the promotion to a chief clerkship had not taken effect previous to 1st October, 1899, the Order in Council of 6th June, 1901, further declared that the increase, approved on 5th September, 1900, did date from October 1, 1900. The Auditor General still maintains his objection and refuses to certify for a cheque covering the increase as from the last mentioned date. He takes his objection under paragraph (a) of section 32 of the Consolidated Revenue and Audit Act, holding that there is no parliamentary authority for the issue of such a

SESSIONAL PAPER No. 1

cheque, and you ask me to advise you, for the information of the Treasury Board, whether, in the opinion of the Attorney General, there is such parliamentary authority.

In reply I am to state as follows:—

It appears from the papers that on the 23rd January, 1882, an Order in Council was passed, the purpose of which seems to have been to reorganize the Money Order and Savings Bank Branches of the Post Office Department, a feature of which reorganization was that there should be a general superintendent over both branches, and by this Order in Council it was provided amongst other things as follows:—

‘5. In undertaking the superintendence of both branches the General Superintendent must necessarily relinquish a portion of the minor details of supervision in each branch hitherto performed by the separate superintendents, and commit these minor details to the officers next in rank, those officers are now only 1st class clerks, but under the changed organization now recommended, they should have the rank and authority of Assistant Superintendents of Money Orders and Post Office Savings Banks respectively, and shall class as chief clerks with salaries rising from \$1,800 to \$2,200.’

The system thus established appears to have since been modified. There is now no general superintendent, and there is a superintendent over each of the two branches, whose duties are not less but no doubt more onerous and responsible than those of the assistant superintendents under the Order in Council of 23rd January, 1882.

Such being the situation, the Postmaster General made the report to council upon which the Order in Council of 28th July, 1899, was based. In it he recommended that Mr. Harrington, then first-class clerk in the Savings Bank Branch, should be appointed to the position of superintendent of the branch, to be made vacant by the superannuation of Mr. David Matheson, Mr. Harrington to retain his then present salary of \$1,800 a year, and the report concluded by stating that Mr. Harrington had passed the necessary promotion examination for a chief clerkship. The following is the Minute of the Treasury Board upon the Postmaster General’s report:—

‘That Mr. William Hague Harrington, a first class clerk in the Post Office Department, who has passed the promotion examination, be promoted to the position of Superintendent of the Savings Bank Branch, made vacant by the superannuation of Mr. David Matheson, Mr. Harrington to retain his present salary, namely \$1,800 a year.’

The Order in Council thereupon passed, dated 28th July, 1899, was as follows:—

‘That Mr. William Hague Harrington, first class clerk, be promoted to the position of Superintendent of the Savings Bank Branch, *vice* Mr. David Matheson, superannuated, Mr. Harrington to retain his present salary of \$1,800 a year.’

It appears clear, the Minister of Justice thinks, from these proceedings that the head of the department and the Treasury Board had in mind, when recommending Mr. Harrington’s promotion, that the rank of the chief clerk was incident to the office of Superintendent of the Savings Bank Branch and that their reports must, therefore, show that Mr. Harrington had passed the examination for promotion to that rank in order to warrant his appointment to the superintendency. The minister thinks it may be assumed that the Governor in Council acted upon the same view, and considered, as he afterwards in effect declared, that the promotion to the office of superintendent involved a promotion to the rank of chief clerk.

The minister is of opinion that this view was fully warranted under the circumstances, and he thinks that upon his appointment as superintendent, Mr. Harrington became and was a chief clerk in the service, there being nothing in the Order in Council to the contrary.

The Minister of Justice and Attorney General, therefore thinks that Mr. Harrington was eligible for a statutory increase dating from 1st October, 1900, and that the

provisions of the Civil Service Act afford parliamentary authority for the issue of cheque covering such increase.

Papers returned herewith.

I have, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, November 18, 1901.—The Board had under consideration a memorandum under date of July 25, 1901, from the Acting Postmaster General, stating for the information of the Honourable the Treasury Board that, on July 5, 1899, a recommendation was submitted to His Excellency in Council for the promotion of Mr. W. H. Harrington, a first-class clerk in the Savings Bank Branch of that department, to the position of Superintendent of the Savings Bank Branch, *vice* Mr. David Matheson, who had applied for superannuation, and it was mentioned that Mr. Harrington had passed the necessary promotion examination for a chief clerkship.

Upon this recommendation an order was passed, under date of July 28, 1899, authorizing the promotion of Mr. Harrington to the position of Superintendent of the Savings Bank Branch, but not expressing the fact that the promotion was to the rank of chief clerk.

Subsequently a recommendation was submitted to His Excellency in Council that Mr. Harrington, whose salary of eighteen hundred (\$1,800) dollars had not been increased by his promotion, should have a statutory increase of fifty (\$50) dollars, dating from October 1, 1900, and this was approved by an Order in Council dated September 5, 1900.

The increase of salary thus authorized having been entered on the pay-list of the Post Office Department, objection was taken to it by the Auditor General, who, referring to the fact that the Order in Council did not purport to promote Mr. Harrington to a chief clerkship, took the ground that he was still only a first-class clerk and that his salary being at the maximum could not be increased.

On November 24, 1900, a further report was submitted to His Excellency in Council recommending that an order be passed declaring that the intention of the Order in Council of July 28, 1899, was to promote Mr. Harrington to a chief clerkship from the date therein mentioned and that he be so promoted from that date.

Upon this recommendation an Order in Council, dated April 30, 1901, was based, amending the Order in Council of July 28, 1899, by adding the words, 'and on such promotion to have the rank of a chief clerk' it being the intention of such order to promote Mr. Harrington to be superintendent of the branch with the rank of a chief clerk.'

On the receipt of the last mentioned Order in Council, Mr. Harrington's salary at the increased rate (\$1,850) was entered on the pay-list for the month of May together with the arrears from October 1, 1900. The increase was passed by the Auditor General and Mr. Harrington has since been paid at the increased rate, but the arrears were disallowed, and a note added to the pay-list to the effect that the promotion only dated from April 30, the date of the last Order in Council.

Subsequently another report was submitted to His Excellency in Council recommending that it be declared by Order in Council that Mr. Harrington's promotion dates from July 28, 1899, when the first order for his promotion was passed, and that the statutory increase in his case, recommended on August 8, 1900, and approved on September 5, 1900, dates from October 1, 1900.

Upon this recommendation an Order in Council, dated June 6, 1901, was passed in the following words: 'That the promotion of Mr. W. H. Harrington to the position of Superintendent of the Savings Bank Branch with the rank of chief clerk be and is hereby declared to date from July 28, 1899, when the first Order in Council for

his promotion was passed, and that the statutory increase in his case, approved on September 5, 1900, dates from October 1, 1900.'

Notwithstanding the fact that the increase was allowed by the Auditor General from May 1, 1901, a letter was received from the Audit Office, dated July 5, 1901, expressing the view that the promotion can only take effect from June 6, 1901, the date of the last mentioned Order in Council.

The Postmaster General submitted for the decision of the Treasury Board the question as to whether, under the authority of the Orders in Council quoted, Mr. Harrington's promotion should not date from July 28, 1899, the date of the first Order in Council, and his first statutory increase from October 1, 1900.

The Board had also under consideration a letter to the Secretary of the Board from the Auditor General under date of October 16, 1901, and inclosure therewith, with which letter the Auditor General returned the Treasury Board file in this matter which had been submitted to him, and in which he stated that his objection in this case was taken on the ground that the promotion could not legally be made to date from a time anterior to the date of the instrument sanctioning the promotion, the reasons for his objection being the same as those given in his letter of June 14, 1901, with reference to an increase of salary to the Chief Comptroller of Chinese Immigration, a copy of which letter formed the inclosure above referred to.

The Auditor General further stated that his objection was taken under subsection (a) of section 32, Consolidated Revenue and Audit Act, and accordingly the correspondence and papers in the case were referred to the Department of Justice, and the Board had under consideration a letter under date of October 28, 1901, from the Deputy Minister of Justice (copy of which is annexed), from which it appears that the Minister of Justice and Attorney General is of opinion that upon his appointment as superintendent, Mr. Harrington became and was a chief clerk in the service, there being nothing in the Order in Council to the contrary, and that he was eligible for a statutory increase dating from October 1, 1900, and that the provisions of the Civil Service Act afford parliamentary authority for the issue of a cheque covering such increase.

The Board in view of these opinions of the Minister of Justice and Attorney General, are of opinion that the objections of the Auditor General are not well taken and should be overruled, and that Mr. Harrington's promotion should date from July 28, 1899, and that his first increase should date from October 1, 1900, and they direct that he be paid in accordance with the provisions of the Orders in Council of July 28, 1899, and September 5, 1900.

J. M. COURTNEY, *Secretary.*

Justice Dept.: Per diem Allowance for Expenses without sufficient evidence of amount of Outlay.

AUDIT OFFICE, OTTAWA March 1, 1900.

SIR,—I have had frequent interviews with friends of the Mr. Lafortune who was your co-commissioner in the inquiry into the penitentiaries of the Dominion, as to his claims which were not paid by the Dominion. The claims have now been reduced to charges for travelling expenses which were not authorized by you, and which have, therefore, not been paid by this office. It is now maintained that, so far as the sittings in Montreal go, Mr. Lafortune has a right to be considered as a non-resident and particularly during the vacation season of more than two months. The vacation, as you no doubt understand, means the vacation in the law courts. During that time Mr. Lafortune had no other reason for going into Montreal than to attend the meet-

ings of the commission, and, therefore, as is maintained by his friends, the whole of the expense to which he was put, should have been paid by the Dominion.

Please give your view on this point,—on the actual facts of the case as they are known to you, and on any argument which you may think holds for or against the demand.

With reference to the claim for expenses at St. Vincent de Paul, I inclose an account of Desautels as certified by you. From it I gather that any charges that are legitimate, so far as Mr. Lafortune is concerned, are included in the account. Please say whether this is correct or not. If not correct, will you give the amount under this head which you think should be paid?

The Minister of Justice has intimated to me that he wishes me to write to you on the subject. An early reply will much oblige.

I am, sir, your obedient servant,

James Noxon, Esq., Inspector of Prisons, Toronto. J. L. McDOUGALL, A.G.

TORONTO, March 7, 1900.

SIR,—I have your letter of 1st inst., and in reply would state that Mr. Lafortune's claims having been reduced to charges for travelling expenses not allowed by the commission, ought not to be difficult of adjustment. During the time the commission was sitting at St. Vincent de Paul, Mr. Lafortune frequently drove his own horse and carriage to attend the sittings, and of which no account was kept. He might very fairly be allowed his transportation by rail in lieu of his private conveyance. His horse was kept at Mr. Desautel's stables at St. Vincent de Paul, and I do not remember seeing any charge made for the keep, and do not think any payment was made by the commission on this account. During the sittings of the commission in Montreal, Mr. Lafortune might very reasonably be allowed his travelling expenses during the vacation season, but limited to this period. He has his place of business in Montreal at which he is in daily attendance, and the sittings of the commission in the city added nothing to his expenses in travelling to and from his place of business. As a matter of fact Mr. Lafortune attended to the business of his office during vacation as well as before and after, by excusing himself from the sittings of the commission as was necessary for this purpose. He could, however, very reasonably say that his attendance on the commission prevented his taking his vacation, and that the attention given to his office was merely an incident of his being in the city on the work of the commission. The account of Mr. Desautels includes the meals supplied to Lafortune. My certification of the account was given under the impression that the cheque issued by the department in favour of Desautels was \$24, which appears should have been \$24.50; otherwise certification is correct.

I return the account of Desautels herewith.

I have the honour, &c.,

The Auditor General.

JAMES NOXON.

AUDIT OFFICE, OTTAWA, March 12, 1900.

SIR,—I beg to inclose for your information, copy of correspondence between Mr. Noxon, Chairman of the Commission of Investigation at St. Vincent de Paul Penitentiary, which sat some time ago, and myself, relative to certain claims for travel and board made by Mr. Lafortune, one of the Commissioners.

SESSIONAL PAPER No. 1

This correspondence was commenced by me at the request of the Minister of Justice. It will be better that the department take any further action that may be necessary in regard to Mr. Lafortune's claim.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, October 9, 1900.

DEAR SIR,—I will be obliged to you if you will state to me specifically the grounds upon which you object to the payment to Mr. Lafortune of the sum voted in his name at the last session of parliament.

Faithfully yours,

The Auditor General.

DAVID MILLS.

AUDIT OFFICE, OTTAWA, October 10, 1900.

DEAR SIR,—I have your letter of yesterday asking me to state specifically the grounds upon which I object to the payment to Mr. Lafortune of the sum voted in his name at the last session of parliament.

You refer, no doubt, to the \$662 voted for 'balance of expenses in connection with the commission for the investigation of the affairs of St. Vincent de Paul Penitentiary.' This, as you will perceive, is not in Mr. Lafortune's name—in fact there is nothing in the wording of this vote which frees it from the ordinary restrictions which apply to auditing accounts for disbursements.

Mr. Lafortune has received all the pay which he is considered entitled to for his services. He, therefore, is entitled to receive now only the payment for all of his disbursements which have not already been paid. All other accounts of a similar nature went through the hands of Mr. Noxon, who was chairman of the commission. A statement of the amounts which Mr. Lafortune actually expended for living and moving expenses should be made out by him and forwarded to Mr. Noxon. On receipt of the account, after it has been certified by Mr. Noxon, there will be no difficulty about making payment.

I am, sir, your obedient servant.

Hon. David Mills, Minister of Justice.

J. L. McDOUGALL, A.G.

Province of Quebec, }
District of Montreal. }

To the Honourable

The Minister of Justice, Ottawa.

I, David A. Lafortune, a barrister and King's Counsel, practising in the city of Montreal, and residing in the parish of St. Laurent, in Jacques Cartier County, solemnly declare :

1st. That when I was appointed as commissioner to investigate the administration of St. Vincent de Paul Penitentiary, I was not made aware of the remuneration I was to be given, either as to the amount or as to the basis or manner of payment.

2nd. That I was thus unaware that I was obliged to keep a record of my daily expenses.

3rd. That I have since the ending of the said investigation to the best of my ability and conscientiously endeavoured to prepare a statement of said expenses, and I have found that the sum of \$3 represents, on an average, my actual and daily disbursements, comprising board and travelling expenses, for every day that said commission sat.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same effect as if made under oath and by virtue of the Canada Evidence Act, 1893.

Declared before me at
Montreal, District of Montreal,
this 23rd day of July, 1901.

(Sgd.) D. A. LAFORTUNE.

(Sgd.) F. X. CHOQUET, *J.S.P.*

DEPT. OF JUSTICE, OTTAWA, September 17, 1901

SIR,—I have the honour to inform you that the Supplementary Estimates for 1900-1901 provide for the payment to Mr. D. A. Lafortune, who was one of the penitentiary commissioners in 1897, of the sum of \$662, the amount which he claims is due him for disbursements, &c., during the sittings of the commission.

The Auditor General declines to issue a cheque for this amount without the production by Mr. Lafortune of vouchers in support of payments equal to this amount, notwithstanding the fact that Mr. Lafortune has furnished a statutory declaration to the effect that his disbursements amounted to \$3 per day during the investigation, which would entitle him to the \$662 above referred to.

I inclose herewith a copy of Mr. Lafortune's declaration, also copy of the Order in Council authorizing the payment of \$3 per day disbursements, also copy of my application to the Auditor General for a cheque for \$662, together with a copy of the Auditor's reply, in which he declines to issue the cheque.

The Minister of Justice directs that the papers be submitted to the Treasury Board for an early decision.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, October 1, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28214, being correspondence submitted to the Board by the Department of Justice regarding your objections to the issue of a cheque in favour of Mr. D. A. Lafortune, K.C., for the sum of \$662, as authorized by Order in Council of July 30, 1901.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to what your objections in the case are, and the section and clause of the Audit Act under which such objections are taken and also the ground for such objections.

I shall also be glad to receive any remarks you may wish to offer in regard to the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, October 16, 1901.

SIR,—*Re* appeal by the Department of Justice to the Treasury Board on my decision against the claim of Mr. D. A. Lafortune, K.C., for \$662 :

A sum of \$662 was in the Supply Bill of last year for 'St. Vincent de Paul : Balance of expenses in connection with the commission for the investigation of the affairs of the St. Vincent de Paul Penitentiary.' That sum has now lapsed, but even when it was in force it furnished no direct legalization of the claim, as appears by this wording.

There is no more reason to pay Mr. Lafortune's claim of \$662 on his affidavit without a statement of details, than there would be to pay the claim of any other person for disbursements without receiving any particulars.

If you permit the gross irregularity in this case, it will be difficult to keep out similar irregularities in others.

My objection is under 32 (c) of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, October 19, 1901.

SIR,—I inclose herewith the report I propose to make to the Treasury Board, in accordance with subsection (c) of section 32 of the Audit Act, in connection with the question of payment of \$662 to Mr. D. A. Lafortune, K.C., one of the Penitentiary Commissioners who investigated the affairs of the St. Vincent de Paul Penitentiary.

I shall be glad if you will be good enough to read it over, and if you wish to concur in the same, would you kindly sign and return it. If, however, you desire not to concur therein, would you kindly return it to me with any report to the board which you may deem proper to make.

Will you kindly let us have an answer to this as soon as possible in order that the matter may be disposed of at an early date.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, October 21, 1901.

SIR,—I have your letter of the 19th instant inclosing the report which you purpose making to the Treasury Board regarding the appeal of the Department of Justice on the claim of D. A. Lafortune, K.C.

It probably is advisable that you should be in possession of a letter which I wrote in March, 1900, on this claim to Mr. Noxon, Inspector of Prisons, Toronto, at the request of the Minister of Justice. Mr. Noxon was chairman of the commission on which Mr. Lafortune sat. I inclose that letter as well as the reply from Mr. Noxon. You will see from the latter the lines upon which Mr. Noxon considers Mr. Lafortune's account should be made out. He thinks that Mr. Lafortune should receive his transportation by rail to St Vincent de Paul for the time during which the commission sat there. Then, he thinks that for the sittings in Montreal, Mr. Lafortune might reasonably be allowed travelling expenses during the vacation season alone. It must be quite possible now to determine the length of both periods, namely, the

sitting at St. Vincent de Paul and that portion of the sitting in Montreal which took place during the legal vacation.

I did not feel that I was in any way bound to prove Mr. Lafortune's case for him. I thought he would be expected to bring to me, before I would be called upon to pay his account, proofs outside of his own declaration. Now, that the department by which Mr. Lafortune was employed thinks that he should be paid by this unusual method, it appears proper that I should let you know what the chairman of the commission thought.

I shall always be glad to assist in doing anything which comes at all within the line of my duty.

Judging by the tenor of the report which you have asked me to peruse I would suppose that your impression is that Mr. Lafortune is a rather injured individual. My impression is that he has himself and nobody else to blame for not having received long ago what was due to him.

Your report is returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, October 23, 1901.

DEAR SIR,—I have your letter of 21st instant in reference to the claim of Mr. D. A. Lafortune, K.C. Until I received your communication which came yesterday during my absence in Montreal I had no idea that any correspondence had passed between your office and Mr. Noxon, inspector of prisons.

I return my report for your perusal and by it you will see that I have stated that 'since the above report was written I have received from the Auditor General a letter under date of 21st instant inclosing a copy of correspondence between his office and Mr. Noxon, Inspector of Prisons, who was chairman of the commission on which Mr. Lafortune sat, and which is attached hereto.'

I have re-read my report in the case which was returned with your letter of 21st instant. I thought, and I still think, that it was a statement of the facts of the case only, and I do not see anything therein by which it can be shown that my impression is, as you state that you would suppose from reading the report, that Mr. Lafortune is a rather injured individual. In fact I may be permitted to point out that I had included in my report, your observation contained in your letter to me of 16th instant, that if I permitted the gross irregularity in this case, it will be difficult to keep out similar irregularities in others.

I do not see how anything else can be done, and after perusal of the report I shall be glad if you will return it to me, concurring therein or not as you deem best.

Yours truly,

The Auditor General.

J. M. COURTNEY, D.M.F.

DEPT. OF FINANCE, OTTAWA, October 19, 1901.

To the Hon. the Treasury Board.

The undersigned Deputy Minister of Finance has the honour to report as follows:—

Mr. D. A. Lafortune, K.C. was one of the penitentiary commissioners in 1897 who investigated the affairs of the St. Vincent de Paul Penitentiary. By the papers sub-

SESSIONAL PAPER No. 1

mitted to the Treasury Board he appears to have attended to the work of the said commission for a period of 234 days. A portion of such time was spent in Ottawa, and in regard to this time he has been paid his disbursements, amounting to about \$40.

By a statutory declaration made before Mr. Justice Choquet, Mr. Lafortune states he was unaware that he was obliged to keep a record of his daily expenses, and that since the ending of the said investigation he has to the best of his ability and conscientiously, endeavoured to prepare a statement of said expenses, and that he has found that the sum of \$3.00 represents on an average, his actual daily disbursements, comprising board and travelling expenses, for every day that said commission sat.

The Acting Minister of Justice reported the claim to council on the 24th July, 1901, and by an Order in Council of 30th July 1901, authority was granted for the payment to Mr. Lafortune of the sum of \$3 per day for disbursements during the sitting of the commission, and calculated as follows:—

234 days at \$3 per day	\$702 00
Less amount already paid	40 00
	\$662 00
Leaving a sum of	\$662 00

An amount was placed in the Supply Act for the last fiscal year (1900-1901) worded as follows:—‘St. Vincent de Paul: Balance of expenses in connection with the commission for the investigation of the affairs of the St. Vincent de Paul Penitentiary, \$662.00.’

Application was made to the Auditor General for payment of the amount in question, before the transactions for the fiscal year 1900-1901 were closed, but through the delay caused by the objection of the Auditor General the vote has lapsed, and if the decision of the Auditor General is not overruled it seems to the undersigned that the only means by which payment can be made will be from the vote for unforeseen expenses.

The Auditor General has refused to pay the money without a statement of details, and Mr. Lafortune, as above set forth, states that he was unaware he was obliged to keep a record of his daily expenses.

The Auditor General further states that if the undersigned permits the gross irregularity in this case, it will be difficult to keep out similar irregularities in others.

The objection of the Auditor General to the payment in question having been taken under subsection (c) of section 32 of the Consolidated Revenue and Audit Act, this report is presented in accordance with said subsection (c).

Respectfully submitted,

J. M. COURTNEY, *D.M.F.*

P.S.—Since the above report was written I have received from the Auditor General a letter under date of 21st inst. inclosing a copy of correspondence between his office and Mr. Noxon, Inspector of Prisons who was chairman of the commission on which Mr. Lafortune sat, and which is attached hereto.

J. M. COURTNEY, *D.M.F.*

TREASURY BOARD, OTTAWA, NOV. 25, 1901.

SIR,—In order that the case in reference to the claim of Mr. D. A. Lafortune, K.C., may be early disposed of by the Treasury Board, would you kindly let me have, as soon as possible, an answer to my letter to you of 23rd ultimo in which I inclosed a report regarding the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, December 3, 1901.

SIR,—With reference to your letter of the 25th ultimo, regarding the appeal to the Department of Justice from my decision on the claim of Mr. D. A. Lafortune, K.C. I return herewith the report on the case which you sent to me. I cannot sign it because I consider that no statement of the case is complete which does not draw attention to the fact that, while Mr. Lafortune claims \$3 a day as his outlay, he does not do what must be the easiest thing in the world to do if the claim is correct, viz. to show how the \$3 was spent in any one day. There is no reason for his expecting to get \$3 a day for 234 days, to cover his disbursements, unless he shows that one average day caused him to be out of pocket \$3. It would be a very bad precedent to grant a fixed sum for disbursements, without knowing that the average outlay for a day was that amount.

There must always be a doubt about the validity of a claim which would naturally be settled by the body which settled other claims of a similar kind, but was not able to see that this one could properly be settled on the basis proposed by the claimant. The chairman of the Commission naturally felt it incumbent on him to get all the accounts closed and must have perfected his knowledge of them by making inquiries ; but apparently he was unable to see his way to meeting the demands of Mr. Lafortune.

It must still be within Mr. Lafortune's power to show that an average day's disbursements were, as I have said, the amount at which he puts them. In my view no consideration should be given to his claim until he has done so.

My objection comes under sec. 32, subsection (c) of the Consolidated Revenue and Audit Act, on the ground that the money is not justly due.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. D. SUTHERLAND, for A.G.

Treasury Minute, Dec. 6, 1901.—The Board had under consideration a letter of September 17, 1901, from the Department of Justice with reference to the refusal of the Auditor General to the issue of a cheque in favour of Mr. D. A. Lafortune, K.C., who was one of the penitentiary commissioners in 1897, for the sum of \$662, the amount claimed as due to him for disbursements, &c., during the sittings of the commission.

It is stated by the Deputy Minister of Justice in his letter above referred to, that the Auditor General declines to issue a cheque for the amount without the production by Mr. Lafortune of vouchers in support of payments equal to this amount, notwithstanding the fact that Mr. Lafortune has furnished a statutory declaration to the effect that his disbursements amounted to \$3 per day during the investigation. An Order in Council, dated July 30, was passed authorizing payment of the amount to Mr. Lafortune.

The Auditor General having stated that his objections were taken under subsection (c) of section 32 of the Consolidated Revenue and Audit Act, the Board had under consideration a report dated October 19, 1901, by the Deputy Minister of Finance, and which had been submitted by him to the Auditor General for concurrence; also Correspondence which took place between the Auditor General and the Secretary of Treasury Board in reference to the matter, and the board after a full consideration of all the circumstances of the case are of opinion, that the objections of the Auditor General should be overruled; and they therefore direct that Mr. Lafortune be paid the \$662 authorized by Order in Council of July 30, 1901, and that the same be charged to the vote for 'Unforeseen Expenses.'

SESSIONAL PAPER No. 1

**Customs Dept.: Leave of Absence to Clerk, under Section 49, Civil Service Act,
Without Statement of Reason.**

CUSTOMS DEPT., OTTAWA, Nov. 19, 1901.

SIR,—I am directed by the hon. Minister of Customs to inform you that a copy of Order in Council of September 27, 1901, was received at this department, as follows :—

‘That the resignation of Miss Jessie Blackburn Christie of her position as a second-class clerk in the inside service, be accepted, to take effect from March 31, 1902, and that she be granted leave of absence from August 12, 1901, to March 31, 1902, with salary.’

The Auditor General has refused to certify the pay-sheet of the Customs Department in order to the issue of a cheque for the salary of the said Jessie Blackburn Christie for the month of October, 1901, for reasons other than that there is no parliamentary authority for the payment, and as set forth in his letter, as follows :—

‘AUDIT OFFICE, OTTAWA, Oct. 3, 1901.

‘SIR,—I notice an Order in Council of the 27th ultimo, providing that “the resignation of Miss Jessie Blackburn Christie of her position as a second-class clerk in the inside service, be accepted, to take effect from March 31, 1902, and that she be granted leave of absence from August 12, 1901, to March 31, 1902, with salary.” The only authority which I can see for such leave of absence, with salary, is the 49th section, subsection 2 of the Civil Service Act, which reads : “In case of illness, or for any other reason which to him seems sufficient, the Governor in Council may grant to any officer, chief clerk or other employee, leave of absence for a period not exceeding twelve months.” It is quite manifest that there must be some reason for giving this leave of absence, with pay, and that it is not expected that mere absence should justify payment of salary. I know of no precedent, even, for such a payment.

‘I am, sir, your obedient servant,

‘J. McDOUGALD, *Commissioner of Customs.*’

‘J. L. McDOUGALL, A.G.’

Application is therefore made to the Treasury Board, by direction of the Minister of Customs, for the purpose of determining the sufficiency of the Auditor General’s objection in this matter.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

JOHN McDOUGALD, *Commissioner.*

TREASURY BOARD, OTTAWA, November 21, 1901.

SIR,—I have the honour to inclose herewith Treasury Board Reference No. 28431, being an appeal by the Department of Customs in connection with your refusal to certify the pay-sheet of that department in order to the issue of a cheque for the salary of Miss Jessie Blackburn Christie for the month of October, 1901, and I shall be glad to be advised, for the information of the Treasury Board, as to what your objections in the case are, and the ground for such objections, and also as to what section and clause of the Audit Act such objections are based upon.

I shall also be glad to receive any remarks you may wish to make regarding the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, December 3, 1901.

SIR,—I have your letter of the 21st ultimo, covering the notice of an appeal by the Department of Customs against my ruling on the question of leave of absence with pay to Miss Jessie Blackburn Christie.

I beg to say that in my opinion it was never contemplated by the 49th section of the Civil Service Act that any person should obtain leave of absence in addition to the ordinary annual leave for recreation, unless the Order in Council embodied the reason for granting the leave.

This office is an office of record to convey to parliament all the vouchers, not in form alone, but in reality, which are necessary to authorize the payment of money. The government has great powers with reference to the expenditure of money, but it has no powers to spend money except such powers as are subject to the criticism of parliament. Whenever it is possible to give reasons for any line of conduct it is required by the constitution that the reasons should be given.

I see clearly that it would not be for me to make any criticism of the reasons which might be given by the government, but as I mention above, the Audit Office is a means of conveying the reasons to parliament and is expected to convey the reasons if they have been given.

The government has the reason and knows the reason, or else it would not have given the leave. It is therefore my duty to object to passing the payment until I am overruled, the reason not being given.

My objection is under section 32, subsection (a) of the Consolidated Revenue and Audit Act, the requirement of section 49 of the Civil Service Act not having been complied with.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. D. SUTHERLAND, *for A.G.*

DEPT. OF JUSTICE, OTTAWA, December 5, 1901.

SIR,—Referring to your letter of the 4th instant, with regard to the case of Miss Jessie Blackburn Christie, the Attorney General entertains no doubt that section 49 of the Civil Service Act furnishes ample authority for the Order in Council in question, and that the payments thereby directed are therefore legally sanctioned.

Papers returned.

I have, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, December 6, 1901.—Customs—The Board had under consideration an appeal made by the Department of Customs against the refusal of the Auditor General to certify to the pay-sheet of the Customs Department in order to the issue of a cheque for the salary of Miss Jessie Blackburn Christie for the Month of October, 1901.

It appears from the papers submitted to the Board that by an Order in Council of September 27, 1901, Miss Christie's resignation of her position as a second-class clerk in the inside service of the Customs Department was accepted, to take effect from March 31, 1902, and that by the same Order in Council she was granted leave of absence from August 12, 1901 to March 31, 1902, with salary.

From the letter of the Auditor General of December 3, 1901 (copy annexed), it appears that the refusal of the Auditor General to pass the payment in question was

SESSIONAL PAPER No. 1

on the ground that the Order in Council did not embody the reason for granting this leave of absence above referred to, and that his objection was taken under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, the requirements of section 49 of the Civil Service Act not having been, in his opinion, complied with.

It appears from a letter from the Deputy Minister of Justice of December 5, 1901 (copy annexed), that the Attorney General of Canada entertains no doubt that section 49 of the Civil Service Act furnishes ample authority for the Order in Council in question, and that the payments thereby directed are therefore legally sanctioned.

The Board are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they therefore direct that the terms of the Order in Council granting Miss Christie leave of absence from August 12, 1901 to March 31, 1902, with salary, be carried into effect and payment of salary to Miss Christie be made accordingly.

Interior Dept.—Extended Sick Leave to Temporary Employee.

DEPT. OF THE INTERIOR, OTTAWA, December 5, 1901.

SIR,—I have the honour to inform you that under the authority of an Order in Council, dated October 22, 1901, Mr. F. W. O. Werry, who is employed in the office of the Chief Astronomer, was, owing to ill-health, granted leave of absence with pay until May 15, 1902. Mr. Werry's name has been struck off the pay-list for November, and I am to request you to be good enough to state your reasons for taking this action in view of the fact that the authority for such leave has been given by His Excellency the Governor General in Council.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, December 19, 1901.

SIR,—I am in receipt of your letter of the 5th instant, with regard to the leave of absence granted to Mr. F. W. O. Werry, of the Chief Astronomer's office, and asking my reasons for striking his name off the November pay-list. In reply, I beg to state that it is clear that section 49 of the Civil Service Act, which provides for the granting of sick leave, is only applicable to permanent officials of the civil service and not to temporary employees. I am of the opinion that the Governor in Council has accordingly, no power to grant prolonged sick leave with pay to others than permanent employees.

I am, sir, your obedient servant,

SIR,—Referring to your letter of the 19th instant in which you take objection to the leave of absence granted to Mr. F. W. O. Werry, of the Chief Astronomer's office, who has been granted leave by Order in Council, I beg to say that as the department does not agree with your position in this matter it has been decided to appeal the case to the Treasury Board, and I inclose you herewith a copy of my letter to Mr. Courtney on the subject.

1-2 EDWARD VII., A. 1902

DEPT. OF THE INTERIOR, OTTAWA, December 21, 1901.

SIR,—I have the honour to report that on the 30th ultimo, a pay-list of temporary employees in the office of the Chief Astronomer of the Department of the Interior was submitted to the Auditor General for approval. The pay-list contained the name of Mr. F. W. O. Werry, who has been absent for some time on account of ill-health, leave of absence having been granted to him until May 15, 1902, under authority of an Order in Council dated October 22 last.

The Auditor General struck Mr. Werry's name off the pay-list, and states as his reason for doing so that section 49 of the Civil Service Act, which provides for the granting of sick leave, is only applicable to permanent officials of the Civil Service, and not to temporary employees, and he is of the opinion that the Governor General in Council has accordingly no power to grant prolonged sick leave with pay to others than permanent employees.

I beg to inclose herein copies of the correspondence connected with the matter, and would ask that the case be considered by the Honourable the Treasury Board, so as to determine whether the Auditor General has the right to take the action mentioned, in view of the fact that the Governor in Council has given authority for payment of Mr. Werry's salary during the time he is away on sick leave.

Yours truly,

The Secretary, Treasury Board.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28545, appeal to the Treasury Board in reference to your refusal to pay Mr. F. W. O. Werry, a temporary employee in the Department of the Interior, during the period of leave of absence granted him under Order in Council, October 22 last, and to ask you to be good enough to inform me, for the information of the board, if you have objections to the payment of Mr. Werry during such leave of absence, and if so, the reasons for such objections, and under what section and subsection of the Audit Act such objections are taken, together with any remarks you may wish to make.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, December 21, 1901.

SIR,—I am in receipt of the appeal of the Interior Department from my division in the case of Mr. F. W. O. Werry, of the Chief Astronomer's office.

In reply I beg to state that it is clear that section 49 of the Civil Service Act, which provides for the granting of sick leave, is only applicable to permanent officials of the Civil Service and not to temporary employees. I am of the opinion that the Governor in Council has, accordingly, no power to grant prolonged sick leave with pay to others than permanent employees.

My objection is taken under subsections (a) and (c), section 32, Consolidated Revenue and Audit Act.

I shall probably deal at greater length with the case of Miss Costin now before me, in which the same principles are involved.

SESSIONAL PAPER No. 1

DEPARTMENT OF JUSTICE, OTTAWA, December 21, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 21st instant, and the accompanying file of papers T. 28545 B. relating to the appeal by the Department of the Interior from the decision of the Auditor General not to pay salary to Mr. F. W. O. Werry during the time he is on sick leave under Order in Council granting such leave with pay, Mr. Werry being a temporary employee.

In reply I beg to state that the question here involved has been dealt with in several cases, both by the present Minister of Justice and his predecessors in office, the opinion uniformly expressed being that the powers of the Governor in Council to grant leave of absence to employees is not derived from section 49 of the Civil Service Act, that section merely limiting and defining the leave which may be granted to certain classes of employees therein mentioned; that the section is restrictive and not enabling in its operation. The Minister of Justice entertains no doubt that the Governor in Council may grant sick leave with pay to temporary employees, and he thinks that the leave granted to Mr. Werry by the Order in Council of October 22 last was *intra vires* of the Governor in Council.

The Minister is therefore of opinion that the Civil Service Act and the Appropriation Act afford sufficient parliamentary authority for the payment of Mr. Werry's salary during his absence on such leave.

I am, &c.,

The Secretary Treasury Board.

E. L. NEWCOMBE, D.M.J.

FINANCE DEPARTMENT, OTTAWA, December 21, 1901.

To the Honourable the Treasury Board :

The undersigned, Deputy Minister of Finance, has the honour to report that on October 22, 1901, an Order in Council was passed granting to Mr. F. W. O. Werry, who is employed in the office of the Chief Astronomer, Department of the Interior, leave of absence with pay until May 15, 1902; that on November 30 last a pay-list of temporary employees in the said office was submitted to the Auditor General for approval, and the Auditor General struck off Mr. Werry's name from said pay-list; that appeal having been made to the Treasury Board the papers in the case were submitted to the Auditor General who, in his letter of this date, states as follows :—

‘I beg to state that it is clear that section 49 of the Civil Service Act, which provides for the granting of sick leave, is only applicable to permanent officials of the Civil Service and not to temporary employees. I am of the opinion that the Governor in Council has, accordingly, no power to grant prolonged sick leave with pay to other than permanent employees.’

The Auditor General having taken objection under subsection (c) of section 32 of the Consolidated Revenue and Audit Act, this report is submitted in accordance with the provisions of said subsection.

Respectfully submitted,

J. M. COURTNEY, D.M.F.

Treasury Minute, December 28, 1901.—The Board had under consideration the papers in connection with an appeal by the Department of the Interior against the action of the Auditor General in striking the name of Mr. F. W. O. Werry from the pay-list of temporary employees in the office of the Chief Astronomer, in that department, of November 30, 1901.

Mr. Werry, who is a temporary employee in the above named office, was by Order in Council of October 22, 1901, granted leave of absence, with pay, until May 15, 1902, and the objection of the Auditor General to passing his pay is as stated in the letter from the Auditor General to the Secretary of the Board, of which a copy is annexed, that section 49 of the Civil Service Act, which provides for the granting of sick leave, is only applicable to permanent officials and not to temporary employees, and that in his opinion the Governor in Council has no power to grant prolonged sick leave with pay to other than permanent employees.

The objection of the Auditor General having been taken under subsections (a) and (c), of section 32 of the Consolidated Revenue and Audit Act, the papers were submitted to the Department of Justice, and the Board had under consideration the letter of the Deputy Minister of Justice to the Secretary of the Board of which a copy is annexed, from which it appears that the Minister of Justice is of opinion that the Civil Service Act and the Appropriation Act afford sufficient parliamentary authority for the payment of Mr. Werry's salary during his absence on such leave.

The Board had also under consideration the report of the Deputy Minister of Finance of which a copy is annexed, submitted under subsection (c) of section 32 of the Consolidated Revenue and Audit Act, which report was submitted to the Auditor General for concurrence therein.

The Board after full consideration of the papers in the case are of opinion that the objections of the Auditor General to the payment of Mr. Werry's salary during the leave of absence granted him by the Order in Council of October 22, 1901 are not well taken and should be overruled, and they accordingly direct that Mr. Werry be paid his salary during such period of leave of absence.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, January 2, 1902.

SIR,—I beg to acknowledge the receipt of a Treasury Board Minute of the 28th ultimo, dealing with the case of Mr. F. W. O. Werry. Attached to the minute is a copy of an opinion of the Deputy Minister of Justice, in which it is stated that 'the question here involved has been dealt with in several cases both by the present minister and his predecessors, the opinion uniformly expressed being,' &c.

If this statement refers to opinions given on appeals to the Treasury Board against my decisions, it appears to be inaccurate in its reference to the predecessors of the present Minister of Justice. The only opinions on the subject of leave of absence to temporary clerks found on examination of the records here are dated since the present minister took office. Will you be good enough to ask the Deputy Minister of Justice to say when similar opinions were given by former ministers, so that I may fill in the record here, or, if he finds that he is mistaken, to amend his letter of the 21st ultimo to you?

I am, sir, your obedient servant,

The Secretary, Treasury Board.

Railways and Canals—Extended Leave of Absence to Temporary Clerk.

Order in Council, October 22, 1901.—That leave of absence, with full pay, for two months, dating from November 7, 1901, be granted Miss Costin to enable her to proceed to England on private business.

The Hon. the Minister of Railways and Canals.

JOHN J. MCGEE, *C.P.C.*

SESSIONAL PAPER No. 1

AUDITOR GENERAL'S OFFICE, OTTAWA, November 30, 1901.

SIR,—The November pay-list contains twenty-four days' leave for Miss Costin, which I have passed as twenty-one days, deducting the other three.

The reason for this is the same as in previous cases, namely, that the general Order in Council fixes the limit of twenty-one days. If there were no limit, I would be forced to deduct all days on which no work was performed.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, December 3, 1901.

SIR,—I have the honour to inform you that the department is in receipt of a communication, dated the 30th ultimo, from the Auditor General, stating that the November pay-list contains twenty-four days' leave of absence for Miss Costin, a temporary clerk in this department, which, he says, he has passed as twenty-one days, deducting the other three, and that his reason for this action is because the general Order in Council fixes the limit in such cases as twenty-one days.

I inclose this letter, together with an Order in Council, dated October 22 last, granting leave of absence, with full pay, to Miss Costin for two months, dating from the 7th ultimo, and am, by direction, to request that a ruling of the hon. the Treasury Board be obtained on the point whether the Auditor General's action should be sustained or overruled.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

L. K. JONES, *Secretary*.

TREASURY BOARD, OTTAWA, December 4, 1901.

SIR,—I have the honour to inclose herewith T. B. file No. 28478, being an appeal by the Department of Railways and Canals from your objection to the payment of Miss Costin, a temporary clerk in the said department for three days while absent on leave, such leave having been authorized by Order in Council of October 22, 1901. I have to request that you will be good enough to let me know, for the information of the Treasury Board, what your objection in this case is and the ground therefor, and also the clause and section of the Audit Act upon which such objection is founded.

I shall also be glad to receive any remarks you may wish to make regarding the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, December 28, 1901.

SIR,—I beg to acknowledge the receipt of your letter of the 4th instant, inclosing an appeal from the Department of Railways and Canals against my objection to the payment of Miss Costin, temporary clerk, for certain days of absence from the department.

The only legislative authority that I know of for the giving of leave of absence to employees is the 49th section of 49 Victoria, chapter 17, the Civil Service Act.

This, according to the opinion of Mr. Power, chief clerk of the Department of Justice, applies exclusively to permanent employees, although he argues that the power to grant leave may exist independently with the government. Now, my reason for thinking that this power cannot rest independently with the government is that it is not reasonable to suppose that the section referred to is a restraining clause, so far as the permanent Civil Service is concerned, if the power already existed without restriction with reference to both the temporary and permanent clerks. If such power did exist the section would have been made to apply also to temporary employees, because it is not to be supposed that it would be intended that temporary employees should be given greater privileges than permanent ones.

Then, there is no appropriation from which pay can be made for days on which no work is performed. It will be admitted that you cannot pay an extra clerk employed in the Interior Department from the vote for the Public Works Department, and yet it is contended that you can pay him from the Public Works Department appropriation for extra clerks if he has worked nowhere. With as much reason you might claim that, although a vote for the construction of the St. Lawrence canals would not authorize the construction of the Georgian Bay canal, it would authorize the payment of a claim when no work has been performed. I quite see that if the wording of the appropriation described leave of absence as payable out of an appropriation for extra clerks, parliamentary authority would be given.

I may be allowed to say that in my opinion the overcrowding of the Civil Service which has always been a ground of trouble, is to be increased by the practice of recognizing the claim of extra clerks to all their sick or recreation leave, no matter how long or how short the service may have been. It will remove about the only safeguard against a temporary clerk, once he enters the service, becoming a permanent charge on Dominion funds. As it has been, a Deputy Minister, no matter how pressing the work was, feared the prospect of incurring a permanent charge if he employed an extra clerk to do it, but in the future, if he is cautious, he will stagger under the temporary pressure.

The service and the temporary clerks would both be benefited if the clerks were temporary in reality; but if it is to be so arranged that with any foothold they cannot be removed, what is the service to become?

My objections are taken under (a) and (c), section 32 of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, January 7, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of the 31st ultimo relating to the case of Miss Costin, a temporary clerk in the Department of Railways and Canals.

The Auditor General objects to the payment of Miss Costin for certain days during which she was absent under leave, authorized by Order-in-Council of October 22 last, and the Department of Railways and Canals has appealed to the Treasury Board from this ruling. The Auditor General takes objection to the payment partly under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, holding that there is no parliamentary authority for granting leave with pay to temporary clerks, and that there is no appropriation from which pay can be made for days on which no work is performed.

You ask to be advised as to whether, in the opinion of the Attorney General of Canada, there is any, and if so what, parliamentary authority for the payment in question.

SESSIONAL PAPER No. 1

As to the first point taken by the Auditor General, I need do no more than refer to my letter of the 21st ultimo dealing with the same point in connection with the case of Mr. F. O. Werry.

As to the second point, I am to state that Miss Costin did not cease to be a temporary clerk while absent upon leave and dispensed from work, and she is entitled to her pay as such, unless the Order in Council granting the leave provides otherwise.

The Attorney General is of opinion, therefore, that there is parliamentary authority in the Civil Service Act and the Appropriation Act for the payment in question.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

DEPT. OF FINANCE, OTTAWA, January 7, 1902.

To the Honourable the Treasury Board.

The undersigned has the honour to report that by an Order in Council, dated October 22, 1901, leave of absence, with full pay for two months, dated from November 7, 1901, was granted to Miss Costin, a temporary clerk in the Department of Railways and Canals, to enable her to proceed to England on private business.

On the November pay-list being submitted to the Auditor General, containing twenty-four days' leave for Miss Costin, that officer allowed twenty-one days, on the ground that the general Order in Council fixed the limit of twenty-one days, adding in his letter to the Deputy Minister of Railways and Canals of November 30, 1901, that if there was no limit he would be forced to deduct all days on which no work was performed.

The matter having been referred to the Treasury Board for decision, the papers were submitted to the Auditor General, and hereto annexed is copy of a letter from the Auditor General to the Secretary of the Treasury Board, dated December 28, 1901, in which he states the reasons for his objections to allowing Miss Costin pay during her leave of absence.

The Auditor General having taken his objections under (a) and (c) of section 32 of the Consolidated Revenue and Audit Act, this report is submitted in accordance with the provisions of said subsection (c).

Respectfully submitted,

J. M. COURTNEY, D.M.F.

Extract from the minutes of a meeting of the Honourable the Treasury Board, held at Ottawa, on the 24th day of January, 1902.

Railways and Canals.

The board had under consideration the papers and correspondence in connection with an appeal made by the Department of Railways and Canals from the decision of the Auditor General refusing to pay Miss Costin, a temporary clerk in the Department of Railways and Canals for days of absence granted her by Order in Council of October 22, 1901, in excess of the twenty-one days allowed by the general order in Council giving leave of absence to temporary employees.

The board had also under consideration letters from the Auditor General under date of December 28, 1901, and from the Deputy Minister of Justice, under date of January 7, 1902, and a report from the Deputy Minister of Finance under date of

January 7, 1902, submitted in accordance with subsection (c) of section 32 of the Consolidated Revenue and Audit Act, the objections of the Auditor General having been taken under subsections (a) and (c) of said section 32, copies of which letters and report are hereto annexed.

The report of the Deputy Minister of Finance was duly submitted to the Auditor General for concurrence therein, or for any further remarks he might have to make on the subject, and it appears from a letter from the Auditor General under date of January 20, 1902, that the Auditor General has nothing further to add to the statement of his views already communicated to the board.

From the letter of the Deputy Minister of Justice, it appears that the Attorney General is of opinion that there is parliamentary authority in the Civil Service Act and the Appropriation Act for the payment in question, and in view of this and following the precedent established in a number of previous cases where leave of absence was granted to temporary employees, the board are of opinion that the objections of the Auditor General to the payment of Miss Costin's salary are not well taken and should be overruled, and they accordingly direct that Miss Costin be paid her salary during the period of leave of absence granted her by the Order in Council of October 22, 1901.

The Auditor General.

Railways and Canals : Sick leave to Temporary Clerk in excess of two weeks.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, December 30, 1901.

SIR,—I have the honour to inform you that the Auditor General has deducted the sum of \$11.61 from the salary of Miss S. Graham, an extra clerk of this department, being in respect of 8 days' absence, in excess of the two weeks which can be allowed without reference of the matter to the Governor in Council, in March, 1900, on account of illness, and has stated that his reason for such action is the same as in other like cases, namely, if there is to be no limit, he will be unable to recognize absence of any kind.

I inclose an Order in Council, dated August 27, 1900, authorizing the payment to Miss Graham of the amount in question, together with all papers, and am, by direction, to request that a ruling of the Honourable the Treasury Board be obtained on the point whether the Auditor General's action should be sustained or overruled.

I have, &c.,

The Secretary, Treasury Board.

TREASURY BOARD, OTTAWA, December 31, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28567, being an appeal by the Department of Railways and Canals in connection with your objection to the payment of the sum of \$11.61 to Miss S. Graham, an extra clerk in the said department, in respect of eight days' absence authorized by Order in Council of August 27, 1900.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to what your objection to the payment in question is, also the

ground for such objection, and the section and clause of the Consolidated Revenue and Audit Act under which such objection is taken.

I shall also be glad to have any remarks you may desire to make regarding the question.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, January 10, 1902.

SIR,—I beg to acknowledge the receipt of your letter of the 31st ultimo, inclosing Treasury Board file No. 28567, being an appeal by the Department of Railways and Canals against my objection to the payment of salary for eight days' absence to Miss S. Graham, a temporary clerk in that department.

My reasons for declining to certify payment for the time referred to are the same as in the case of Miss Costin, which is now before the Treasury Board. These reasons were communicated to you in my letter of the 28th ultimo. My objections are taken under subsections (a) and (c) of section 32, Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, January 15, 1902.

SIR,—I have the honour to acknowledge receipt of your letter of 11th instant—T. B. 28567—and of the accompanying papers relating to the objections of the Auditor General to the payment of Miss S. Graham, a temporary clerk in the Department of Railways and Canals, for eight days absence from the department, as authorized by Order in Council of August 27, 1900.

In his letter of the 10th instant the Auditor General states that his reasons for declining to certify payment for the days during which Miss Graham was absent upon leave are the same as his objections in the case of Miss Costin, which was also appealed to the Board. Such being the case, it will be sufficient for me to refer to my letter of the 11th instant dealing with that case, and to state that the Attorney General is of opinion that there is parliamentary authority for the payment to which the Auditor General objects in the Civil Service Act and the Appropriation Act.

I have, &c.,

Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

FINANCE DEPT., OTTAWA, January 16, 1902.

To the Honourable the Treasury Board.

The undersigned, Deputy Minister of Finance, has the honour to report that by letter dated December 30, 1901, from the Secretary of the Department of Railway and Canals, the ruling of the Treasury Board was, by direction, asked as to whether the action of the Auditor General in refusing to pay Miss Graham, an extra clerk in the Department of Railways and Canals, for eight days absence in March, 1900, on account of illness, as authorized by Order in Council of August 27, 1900, should be sustained or overruled.

The papers having been submitted to the Auditor General, that officer, in a letter to the Secretary of the Treasury Board, under date of January 10, 1902, states as follows :—

‘I beg to acknowledge the receipt of your letter of the 31st ultimo inclosing Treasury Board file No. 28567, being an appeal by the Department of Railways and Canals against my objection to the payment of salary for 8 days’ absence to Miss S. Graham, a temporary clerk in the department.

‘My reasons for declining to certify payment for the time referred to are the same as in the case of Miss Costin, which is now before the Treasury Board. These reasons were communicated to you in my letter of the 28th ultimo. My objections are taken under subsections (a) and (c) of section 32, Consolidated Revenue and Audit Act.’

This report is accordingly submitted in accordance with the provisions of subsection (c) of section 32 of the Consolidated Revenue and Audit Act.

Respectfully submitted,

J. M. COURTNEY, D.M.F.

Extract from the minutes of a meeting of the Honourable the Treasury Board, held at Ottawa, on the 24th day of January, 1902.

Railways and Canals.

The Board had under consideration the papers in connection with an appeal made by the Department of Railways and Canals on December 30, 1901, with reference to the action of the Auditor General in refusing to pay to Miss S. Graham, an extra clerk in the said department, the sum of \$11.61, being pay for eight days’ absence in March, 1900, sanctioned by Order in Council of August 27, 1900.

The Board had under consideration a letter from the Auditor General, dated January 10, 1902, and from the Deputy Minister of Justice, dated January 15, 1902, and a report dated January 16, 1902, from the Deputy Minister of Finance, submitted under subsection (c) of ‘The Consolidated Revenue and Audit Act, copies of which are annexed.

The report of the Deputy Minister of Finance was submitted to the Auditor General, who states in a letter, dated January 20, 1902, that he had nothing to add to the statement of his views already communicated to the Board.

The Board, in view of the opinion of the Attorney General that there is parliamentary authority for the payment to which the Auditor General objects in the Civil Service Act and the Appropriation Act, are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they direct that payment be made to Miss Graham of the sum of \$11.61, the amount of her pay for eight days’ absence, sanctioned by the Order in Council August 27, 1900, above referred to.

Justice Dept.—Payments for Services in addition to Salary to Permanent Employees.

NOTE.—For correspondence between Justice Department and Audit Office see pages M-46 to 48.

DEPT. OF JUSTICE, OTTAWA, July 5, 1901.

SIR,—I inclose herewith, for submission to the Treasury Board, copies of correspondence between this department and the Auditor General in connection with the issuing of certain cheques in accordance with the terms of the award of E. R. Cameron, arbitrator in *re* Lussier vs. the Queen.

You will observe that the Auditor General declines to issue cheques in favour of E. R. Cameron, G. S. Malepart and Miss H. E. Stewart, on the ground that they are permanent employees of the government.

I shall be glad to have the ruling of the Treasury Board on the Auditor General's objections.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

DEPT. OF FINANCE, OTTAWA, July 9, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28432, being the papers from the Department of Justice submitted to the board in connection with your objections to the issue of certain cheques in accordance with the award of Mr. E. R. Cameron, arbitrator in *re* Lussier vs. the Queen.

For the information of the board, I should be glad to be advised as to what are your objections to the payments in question, the grounds for such objections, and the section and clause of the Audit Act under which such objections are taken.

I shall be glad to have any remarks you may desire to make on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, December 28, 1901.

SIR,—I beg to acknowledge the receipt of your letter of July 9 last, inclosing an appeal from my decision in connection with the application of the Department of Justice for payments in *re* Lussier vs. the Queen, under the award of Mr. E. R. Cameron.

I objected to the payments, as they seemed in contravention of the Order in Council of August 19, 1899, which is in the following words: 'That the provisions of the 9th section of the Order in Council of July 27, 1882, which provides, amongst other things, that at any time, if the public service requires it, the heads of departments or deputy heads, to have the right to call for the attendance of all or any of the officers or clerks at an earlier or later hour than those named, be confirmed.

'That no extra salary or additional remuneration, of any kind whatsoever, be paid to any deputy head, officer or employee of the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by parliament.'

The Department of Justice says that these payments would not be extra salary or additional remuneration within the meaning of that Order in Council.

To my mind the words, 'No extra salary or additional remuneration of any kind whatsoever,' are evidently introduced for an important purpose, which is to prevent a permanent public employee from obtaining anything but one salary, whether the claim for additional salary arises from work which may be considered as part of the duties of his own branch, or from duties performed outside his branch of the public service.

One can understand that there may have been two different objects in passing the Order in Council, one that one salary should be supposed to be all the remuneration of any kind that a man might look forward to, and the other that, as long as a person did all the work of his own branch, any time that was left to him might be utilized in another branch or department. In my view, the words used in the Order in Council are so wide in their meaning that the intention must have been in using them that a person should be paid only in one branch, and there only his fixed salary. If this view, which strikes me as correct, is accepted by the Treasury Board, then the conclusion is that the payments for which application is made are not legal.

My objection is taken under section 32, subsection (c) of the Consolidated Revenue and Audit Act, on the ground that the payments are 'in excess of the authority granted by Council.'

The papers are returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

Railways and Canals Dept.: Sheik's Island Dams—New Extra Claims on Davis & Sons' Contracts.

DEPT. OF RAILWAYS AND CANALS, October 6, 1894.

SIR,—A question has arisen with Messrs. Davis & Sons, contractors for the construction of the Sheik's Island dams, as to the prices which apply to the several classes of work, and as I do not wish to make a false step, I shall be glad if you will advise me of the schedule of prices I should adopt.

I send herewith the agreement, dated June 19, 1893, for the construction of the Sheik's Island dam works, contract No. 4, Cornwall canal, dated November 5, 1888, and a supplementary agreement for some work on section 4, dated August 25, 1892; also copies of letters addressed to Superintending Engineer Rubidge by Messrs. Davis & Sons, dated July 3, 1890, and September 25, 1891; the estimate of Mr. Rubidge, upon which the contract was based, dated May 1, 1893, and a schedule of prices, to which, under the contract, Messrs. Wm. Davis & Sons consider they are entitled, and based upon which they ask that the estimates be prepared.

As the monthly progress estimates for August and September are being held back pending your advice, I shall be glad if you will give the matter as early attention as possible.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

COLLINGWOOD SCHREIBER.

SESSIONAL PAPER No. 1

JUSTICE DEPT., OTTAWA, October 9, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 6th instant, submitting certain contracts and correspondence with regard to the construction of the Cornwall canal.

It appears that Messrs. Wm. Davis & Sons, by a contract of November 5, 1888, undertook the work connected with section 4. This contract is in the ordinary form in use by your department, with specifications and list of prices for the various kinds of work which were to be executed. A second contract was entered into with these contractors, dated August 25, 1892, by which the contractors undertook to do certain additional work in deepening and widening sections 2, 3 and 4, and straightening the channel on section 2.

By the terms of this contract, the provisions of the previous contract of November 5, 1888, are incorporated with it and made applicable to the new work undertaken, except in so far as modified by the terms of certain letters annexed. These letters, in so far as they relate to section 4 and to prices, stipulated for a price of 45 cents for earth excavation per cubic yard in widening and deepening the prism, or, as is stated in the contractors' letter of June 20, 1892, 'for all other extra excavation required in the widening and deepening of the enlargement of the Cornwall canal beyond and over and above what is specified in our contract with the government, dated November 5, 1888, and referred to in the plans and specifications accompanying the same at the following prices: earth excavation, 45 cents per cubic yard.'

Referring now to the schedule of prices which accompanies the papers, and according to which the contractors claim to be paid, it would seem to be clear that the contractors are entitled to be paid at the rate of 45 cents per cubic yard, if the several items of earth excavation mentioned in the schedule, for which 45 cents per cubic yard is charged, by virtue, as it is claimed, of this special agreement, are for excavating in widening and deepening the enlargement of the canal as contemplated by the special agreement.

There is also a third agreement of June 19, 1893, by which the contractors undertook to construct certain proposed dams at Sheik's Island, in connection with the Cornwall canal enlargement under the special covenants and stipulations contained in the contract of November 5, 1888, and for which it is stipulated that the contractors shall be paid 'the several prices, in so far as applicable thereto, set forth in their said contract of November 5, 1888, without any extra charge or addition to the said contract prices, all the conditions of which said contract are to be applied *mutatis mutandis*.'

It now appears that previous to the last-mentioned agreement a price had been fixed by the engineer under the provisions of the contract of November 5, 1888, for masonry made with Portland cement, for which no price had been fixed by the contract itself, and the contractors claim that by virtue of the agreement of June 19, 1893, the prices so fixed for masonry made with Portland cement became applicable to the works to be performed under the latter contract.

I am to state, however, that in the opinion of the minister, the agreement of June 19, 1893, does not fix any prices to be paid for the works to be done thereunder, except those prices which are set forth or mentioned in the contract of November 5, 1888, and, as to works performed under contract of June, 1893, to which none of the prices mentioned in the contract of November, 1888, are applicable, no price appears to have been fixed by contract, and it will be necessary, therefore, to have such prices ascertained under the general provisions of the contract of November, 1888, applicable to the case of extra works or works performed for which no prices are fixed by the contract.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

E. L. NEWCOMBE, D.M.J.

DEPT. OF JUSTICE, OTTAWA, November 6, 1894.

SIR,—Having reference to my letter to you of the 9th ultimo with regard to the prices which should be allowed to Messrs. Wm. Davis & Sons under certain contracts between them and the government in respect of the Cornwall canal, and to the conversation which we had with the Auditor General a day or two ago, I have the honour to state that it now appears that the schedule of prices which accompanied your letter of the 6th ultimo, and according to which the contractors then claimed to be paid, does not relate to earth excavation done under the agreement of 25th August, 1892, but relates entirely to work performed under the agreement of 19th June, 1893.

The advice of the Minister of Justice upon the questions intended to be submitted by your letter of 6th ultimo is, therefore, contained in the concluding paragraph of my letter of 9th ultimo, wherein I had the honour to state 'that, in the opinion of the Minister, the agreement of the 19th June, 1893, does not fix any prices to be paid for the works to be done thereunder, except those prices which are set forth or mentioned in the contract of the 5th of November, 1888, and as to works performed under the contract of June, 1893, to which none of the prices mentioned in the contract of November, 1888, are applicable, no price appears to have been fixed by contract and it will be necessary, therefore, to have such prices ascertained under the general provisions of the contract of November, 1888, applicable to the case of extra works or works performed for which no prices are fixed by contract.'

I may add that the agreement of the 25th August, 1892, is not, in my opinion, material upon the question of construing the contract of 1893.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, February 4, 1895.

SIR,—I have the honour, by direction, to acknowledge receipt of your letter of the 26th ultimo, inclosing further papers in relation to the contract of Messrs. William Davis & Sons in connection with Sheik's Island dams.

Under their contract dated 19th June, 1893, it is provided that Messrs. William Davis & Sons, contractors for the Sheik's Island dam, are to be paid at the prices stated in their contract for the fourth section of the Cornwall canal, dated 5th November, 1888, in so far as they are applicable.

You inform me that Messrs. Davis & Sons contend that the agreement dated the 25th of August, 1892, is to be read as part of the contract of 5th November, 1888, and that inasmuch as the excavation in question is similar to the work described in the agreement of the 25th August, 1892, the price of 45 cents per cubic yard, named therein, should apply to the item in question, rather than the price of 32 cents, which you, as Chief Engineer, have taken from the schedule of prices attached to the contract of 5th November, 1888, and applied to Progress Estimates.

From your explanation of the plans connected with the various works I understand that the work in reference to which the price of 45 cents for excavation is claimed is similar to the work contemplated by the contract of the 25th August, 1892.

I gathered from your explanation also that the work contemplated by the contract of August 25, 1892, covers the same location as the agreement concerning the 4th section of the Cornwall canal, dated November 5, 1888. It is, in fact, a contract for the widening and deepening of that work.

Clause 1 of the contract of August 25, 1892, provides :

'That the works which under the said respective three indentures of the fifth day of November, A.D. 1888, the contractors agreed to perform are to be carried out sub-

SESSIONAL PAPER No. 1

ject to the alterations and additions mentioned in the said letters hereunto annexed, which are to be read and construed as part of this indenture.'

Mr. Rubidge, Superintending Engineer, in one of these letters, June 20, 1892, writes :

'I beg to hand you herewith a letter from Messrs. William Davis & Sons, the contractors, in which they state the prices for which they are prepared to perform such additional work as may be required in connection with their contracts, viz.: For straightening the channel on section 2 between lock 18 and end of the section.

'Earth excavation per cubic yard. \$ 0 40

'Rock excavation per cubic yard. 1 10

'For all excavation other than the above on sections 2, 3 and 4, required in widening and deepening the prism :

	Cents.
'Earth excavation per cubic yard.	45

'Rock excavation at contract rates.	
---	--

Messrs. Davis & Sons in the letter referred to write :

'Also as stated in our letter of April 24, 1891, all other extra excavations required in the widening and deepening of the enlargement of the Cornwall canal, beyond and over and above what is specified in our contracts with the government, dated November 5, 1888, and referred to in the plans and specifications accompanying the same at the following prices :—

'Earth excavation, 45 cents per cubic yard.

'Rock excavation as per contract.'

The late Chief Engineer of your department writes under date, July 5, 1892 :

'I have had several interviews on the subject with William Davis & Sons, the contractors for these sections, and they have submitted an offer under date, the 20th ultimo, by which they agree to do the work of widening and deepening outside the limits of their present contract at the rate of 45 cents per cubic yard, for earth excavation, the contract prices remaining, otherwise, unchanged.

'For the work of straightening the curve on the portion between lock No. 18, and the end of section 2, the contractors' proposed price for earth excavation is 40 cents per cubic yard, the contract price otherwise remaining the same.'

Clause 5 of this contract, August 25, 1892, reads as follows :—

'And it is hereby agreed by and between the parties hereto that the said three indentures of the 5th day of November, A.D. 1888, respectively, and this indenture are to be read together, as constituting the contract between them, with respect to the works in connection with the widening and deepening of the prism on sections 2, 3 and 4, of the Cornwall canal, and the straightening of the channel on the said section No. 2, between lock No. 18 and the end of section No. 2 and all works therein contemplated.'

In the opinion of the Minister of Justice the agreement of August 25, 1892, is not, for all purposes, to be read as part of the contract of November 5, 1888.

It distinctly appears that these agreements are to be read together with reference only to the works specially named in clause 5, and from the correspondence it further appears that the special prices for earth excavation have reference to the work contemplated by the agreement of August 25, 1892, and to no other.

Papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Rys. and Canals.

E. L. NEWCOMBE, D.M.J.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 28, 1901.

SIR,—Referring to your letters of October 9, 1894, and November 6, 1894, upon the accompanying file and to the schedule of prices of November 9, 1894, prepared in accordance therewith, and inclosed under file 6392, I have the honour, by direction, to call your attention to the prices allowed in the schedule for 'earth excavation for regulating weir, 40c.,' and for 'earth excavation in entrance to canal, 32c.,' which prices have been extracted from item 55 and item 1 of the schedule on page 6 of the contract of November 5, 1888, and am, by direction, to request that you will be pleased to advise the department whether these prices were correctly allowed under the contract of June 16, 1893, for the class of work referred to.

I inclose copies of the contract of November 5, 1888, and June 19, 1893, under which the present question has arisen, together with the papers.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

L. K. JONES, *Secy.*

JUSTICE DEPT., OTTAWA, April 10, 1901.

SIR,—Referring to previous correspondence, and particularly to your letter of March 28 last, with respect to the prices which should be paid for earth excavation under the contract with Messrs. Wm. Davis & Sons, of June 19, 1893, I am directed to state that the matter has been under the consideration of the Minister of Justice, and, considering the contracts of 1888, 1892 and 1893 together, he has come to the conclusion, though not without some doubt, having regard to the view previously expressed by the department, that the effect of the contract of 1892, particularly the 5th clause thereof, is to amend and modify the contracts of 1888, so that after the execution of the contract of 1892, the three contracts of 1888 and the contract of 1892 have to be read together as constituting the contract between the parties with respect to all the works contemplated in these four contracts, and it would follow, therefore, that when by the contract of 1893 it was declared that 'the indenture of November 5, 1888, and this indenture, are to be read together as constituting the contract between them with respect to the works in connection with the formation of section 4 of the said Cornwall canal,' the indenture of November 5, 1888, so referred to, must be taken to be that indenture as amended by the contract of 1892, so that the prices provided by the indenture of 1888 as so amended would be the prices in so far as they are applicable, which would apply to the works under the contract of 1893.

This general statement of the position will, the minister hopes, enable you to apply the correct scale of prices in settlement with Messrs. Wm. Davis & Sons.

I am, sir, your obedient servant,

The Secretary, Dept. of Railways and Canals.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 1, 1901.

SIR,—With reference to your letter of 10th April, 1901, advising that the Minister of Justice has concluded that the prices applicable to the Davis contract of 1893 are the prices of the contract of 1888 as amended by the contract of 1892, I have the honour, by direction, to inform you that the excavation for which an estimate is at present required is shown on the plan herewith inclosed, and constitutes the cut at the lower dam on section 5, with the connecting dredging on the southern bank of

SESSIONAL PAPER No. 1

the section extending past the Milleroches culvert, and also the cut at the upper dam on section 8, with the excavation on the northern bank of the section required in straightening the approach to the cut.

I am instructed to add that the work to which I refer is not covered by the Davis contracts of 1888 or 1892, but arises under the contract of 1893. Applying to the contract of 1893 the interpretation of the Minister of Justice, as communicated by yourself, it would appear that the price at present to be allowed is forty-five cents (45 cents) per cubic yard; being the price fixed by the contract of 1892 for all excavation in deepening and widening the prism of the canal over and above what is specified in the contract of 1888.

I am, by instruction, to submit to you this application to the present case of the views of the Minister of Justice, and to request your confirmation or correction.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

L. K. JONES, *Secy.*

DEPT. OF JUSTICE, OTTAWA, May 7, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 1st instant (120205), and in reply I beg to state that if the work referred to in that letter consists of earth excavation in widening and deepening the prism of the canal, outside the limits of the original contract of 1888, and does not consist in excavation for the straightening of the curves within the meaning of the contract of 1892, the price to be paid, according to the interpretation placed by the Minister of Justice upon the contract of 1893, is 45 cents per cubic yard.

It is of course the function and duty of the engineer to decide as to whether the work in question is or is not of that character.

I am, sir, your obedient servant,

The Secretary, Railways and Canals Dept.

E. L. NEWCOMBE, *D.M.J.*

OFFICE OF THE MINISTER OF JUSTICE, OTTAWA, June 1, 1901.

SIR,—I concur in the letter to you of the Deputy Minister of Justice of May 7, 1901; but I take the word 'straightening' in the contract of 1892 to be used synonymously with the words 'widening and deepening,' and as the straightening referred to in that contract for which the price was fixed at forty (40) cents, only applied to the limited area therein mentioned, namely, between lock 18 and end of section 2, and all other widening and deepening beyond what was specified in the contracts, November 5, 1888, was to be paid at forty-five (45) cents, and the area in the contract of 1893 being outside of the area between lock 18 and the end of section 2, and outside the area covered by the said contracts of 1888, the price to be paid for all the work in dispute, namely, item earth excavation in entrance to canal and earth excavation for regulating weir mentioned in progress certificate of date June 30, 1900, should be paid for at the price of forty-five (45) cents per cubic yard.

I am, sir, your obedient servant,

The Secretary, Dept. of Railways and Canals.

DAVID MILLS, *M.J.*

CORNWALL, July 2, 1901.

SIR,—I have your letter of June 4, covering copy of a letter from the Hon. David Mills, Minister of Justice, advising the department that Messrs. Wm. Davis & Sons

are entitled under their contract for the Sheik's Island dams to be paid 45 cents per cubic yard for all the work in dispute, namely, item, earth excavation in entrance to canal, and earth excavation for regulating weir, mentioned in progress certificate of date June 30, 1900.

In view of the authoritative opinion expressed by the Minister of Justice *re* items 'Earth excavation in entrance to canal,' and 'Earth excavation for regulating weir,' I have no alternative but to act in accordance therewith, and I have therefore certified the progress estimate as now forwarded.

I am, sir, your obedient servant,

The Chief Engineer of Canals.

TOM. S. RUBIDGE, *Supt. Eng'r.*

AUDIT OFFICE, OTTAWA, October 14, 1901.

SIR,—I beg to inclose a bundle of papers in connection with a matter in difference with Wm. Davis & Sons in regard to their contract with the government for the building of the Sheik's Island dam portion of the Cornwall canal. Please give me your view of the question.

The items are 3 and 4 on the document marked A, which is estimate 34 (estimate not printed). As moneyed out according to the contention of the contractors, and as endorsed by the present Minister of Justice (see letters of May 7 and June 1, from Justice Department to Department of Railways and Canals) they are :

3. Regulating weir, 152,104 c. yds. at 45c.....	\$ 68,449 05
4. Entrance to canal, 137,109 c. yds. at 45c.....	61,699 05
	<hr/>
	\$130,148 10

The prices which it was contended by the Railway Department in 1894, and which were approved by the Minister of Justice of the time, Sir John Thompson, were 40c. and 32c. (see letters of October 9 and November 6, 1894 from Justice Department to Department of Railways and Canals).

Those rates moneyed out will give

Regulating weir, 152,104 at 40c.	\$ 60,841 60
Entrance to canal, 137,109 at 32c.	43,874 88
	<hr/>
Total	\$104,716 48

a difference of \$25,431.62.

The unsigned memorandum, which is also inclosed, was handed to me by Mr. Fitzpatrick, Solicitor General, as his view of the case. Perhaps the opinion which you gave to me in 1894, will be of advantage. The dates, November 7, 1894, of your opinion, and October 9, 1894, of that of Sir John Thompson, would indicate that you were dealing with the same question as the one submitted to the Justice Department for an opinion, but if so, either I neglected to bring before you the contract of August 25, 1892, or you did not think that it affected the case, and therefore did not mention it. My communication with you was evidently verbal, as appears from the beginning of your letter. Then, there is no copy of a letter to you in the letter book of this office.

The contractors, who practically finished their work in 1898, and who, so far as can be seen, acquiesced in the opinion of Sir John Thompson, given in 1894, may be considered, I suppose, to have, in legal language, slept on their rights.

SESSIONAL PAPER No. 1

Sir C. H. Tupper agreed in opinion with Sir John Thompson, as shown by a letter of the Department of Justice to the Department of Railways on February 4, 1895.

I need say nothing more than that the Department of Railways could never have supposed at the time the contract was being executed that the opinion held by the present Minister of Justice was to hold.

I am, sir, your obedient servant,

Z. A. Lash, Esq., K.C., Toronto.

J. L. McDOUGALL, A.G.

MEMORANDUM by Solicitor General on Davis' Claims.

Re claim of Davis & Sons, contractors, for excavations in connection with the construction of the Sheik's Island dam. It will facilitate the investigation of this matter to refer shortly to some of the clauses of the three agreements between the contractors and the Department of Railways and Canals and the letters relating thereto.

The first agreement is dated November 5, 1888, and the work to be constructed thereunder is described as follows :—

'The lock to be built, the gates hung and in working order, and the dredging and other works connected with the deepening and widening of the Cornwall canal on section No. 4, completed the first day of November, A.D. 1890, and the supply weir, walls, &c., by the first day of April, A.D. 1891.'

Paragraph 5 of this agreement provides as follows, amongst other things :—

'The engineer shall be at liberty at any time to order any extra work to be done and to make any changes which he may deem expedient in the dimensions, character, nature, location or position of the works, or any parts thereof, or in any other thing connected with the works, and the contractors shall immediately comply with all written requisitions of the engineer in that behalf. And the decision of the engineer as to the amount to be paid shall be final.'

It having been decided to widen and deepen the canal, on June 20, 1892, as the result of some negotiations, Davis & Sons wrote to T. S. Rubidge, the resident engineer of canals, making offer for certain additional excavations, as follows :—

(a) Excavations for straightening the canal between lock 18 and end of section 2 of the north side, earth 40 cents per cubic yard.

(b) All other excavations required in widening and in deepening of the enlargement of the canal beyond, and over and above what was specified in their contract of 1888, earth excavation 45 cents per cubic yard.

Mr. Rubidge, the resident engineer, forwarded this letter to Mr. Trudeau, chief engineer of canals, stating that he considered the rates proposed as fair and reasonable, 'taking into consideration the fact that the greater part of their previous work will have to be done over again, and also that all the material to be removed is earth in its natural state.'

Thereupon, on July 5, Mr. Trudeau addressed the secretary of his department, stating that he had had interviews with the contractors and that the offer had been carefully considered by the superintending engineer who thought the prices proposed were fair and reasonable, and concurring in this opinion, recommended that the offer be accepted. Thereupon a contract was signed on August 25, 1892, between the contractors and the Minister of Railways and Canals, which recites that the work of deepening and widening sections 2, 3 and 4 of the canal, and straightening the channel on section No. 2, had been decided upon, and an agreement arrived at for the execution of the works by the contractors upon the terms mentioned in a letter addressed to them by the superintending engineer, dated June 20, and upon the terms of the letter of the chief engineer of July 5 ; and then goes on to provide :.

1st. That the works covered by the agreement of November 5, 1888 are to be carried out subject to the alterations and additions mentioned in the letters annexed, which are to be read and construed as part of this agreement, and that the contractors shall complete the work with such alterations and additions.

2nd. That the covenants in the indenture of November, 1888 shall apply to the new works.

3rd. That they shall be paid the prices mentioned in the letters, and

4th. That the indenture of 1888 and this indenture are to be read together as constituting the contract between them with respect to the works in connection with the widening and deepening of the prism on sections 2, 3 and 4 of the canal, and the straightening of the channel on section 2, and all works therein contemplated.

When this work was in progress, the chief engineer, thinking it desirable that the work in connection with the canal enlargement should be coupled with the dam on Sheik's island, instructed the superintending engineer to report on the matter, which he did by his letter, dated May 1, 1892, and in which he estimates the work at \$384,000 less land and damages to mill property, points out the intimate connection between the new work and the work of Davis & Company, on section No. 4, and concludes as follows :—

‘Under these circumstances I think it would be in public interest to at once ascertain from the contractors for section No. 4, which is now nearly completed, upon what terms they would consent to extend their operations to include the building of the dam and the required modification and changes in the structure built or to be built on section No. 4.’

Upon receipt of this letter the chief engineer inclosed the same to the Minister of Railways and Canals, accompanied by a letter of his own confirming the recommendations of Mr. Rubidge, and saying :

‘Under all the circumstances, if it can be done, I strongly recommend the Davis contract No. 4 be extended to cover this work, if the Messrs. Davis & Sons are willing.’

This suggestion was adopted by the minister, and thereupon an Order in Council was passed, dated May 10, 1893, reciting the above facts and concluding as follows :—

‘The minister concurring, recommends that authority be given for the extension of the contract with Messrs. Davis & Sons accordingly, provided that they agree to do the work at their present contract prices.’

Pursuant to this Order in Council, a contract of June 19, 1893 was entered into, first reciting as follows :—

‘Whereas in and by a certain indenture bearing date the 5th day of November, one thousand eight hundred and eighty-eight, the said contractors did for the considerations therein mentioned contract and agree with Her Majesty for the construction and completion of certain works necessary for the construction of a lift-lock, supply weir, drainage culvert, the deepening and enlarging of the prism on the Cornwall canal, on section No. 4, of said canal, which works are particularly set forth in the specifications annexed to the said indenture.’

And proceeding further to recite the importance, in the public interest, of giving the contract to Davis & Son, and the above Order in Council proceeds as follows :—

1. That the works which under the said indenture of the 5th day of November, 1888, the contractors agreed to perform, are to be carried out subject to the addition of the dams above mentioned, &c.

2. The covenants in the indenture of the 5th November, 1888, are to apply to the works undertaken by this indenture.

4. Her Majesty covenants to pay the contractors for the works therein undertaken, the several prices in so far as applicable thereto, set forth in the said contract of the fifth November, 1888.

The point in dispute between the contractors and the government is shortly this : The department say : You are only to get the contract prices set out in the

SESSIONAL PAPER No. 1

contract of 1888 where they are applicable, and where not applicable at such prices as may be fixed by the engineer for extra works performed, for which no prices are fixed by the contract; and that the contract of 1892 must not be looked at in the matter in any way whatsoever.

The contractors, on the other hand, claim that the contract of 1888 was amended by the provisions of 1892, and that where the contract of 1888 is referred to in the contract of 1893, what is intended is not the contract of 1888 as originally made but as amended by the indenture of 1892.

First, then, looking at the three contracts alone, this very significant fact appears, namely, that at the time the contract of 1893 was entered into the contractors had not completed the works provided for by the indenture of 1888 as amended by 1892, and the very first provision of the new contract is a covenant by the contractors to complete the work provided by the 1888 contract. Now what is meant by this clause? Can there be any doubt that by this provision the contractors were required, not to abrogate the contract of 1892 and complete the work as originally provided by 1888, but to complete the work of 1888 as amended by 1892? It is not suggested that this clause has any other meaning, but it seems to me obvious that if such force must be given to paragraph 1, so that where the words 'Indenture of 1888' are used, we must interpret it as reading 'the indenture of 1888 as amended by the indenture of 1892,' there can be no reasonable or fair contention that when this indenture of 1888 is elsewhere referred to, it is not to be interpreted in the same manner.

In the next place, we find that although both the contracts of 1888 and 1892 were for the deepening and widening of the canal, in the contract of 1892 the new deepening and widening contracted for in paragraph 5 is referred to as widening and deepening the prism on sections 2, 3 and 4 of the Cornwall canal, and not simply the widening and deepening of the canal, which are the words used in the original indenture of 1888. When then we come to a recital in the new agreement of 1893 we find the work now under contract described, amongst other things, to be the deepening and enlarging of the prism of the Cornwall canal, and it seems to me that the use of the word 'prism' there, which does not appear in the original contract, but does in the amended contract of 1892, has some significance, and shows that the draftsman had in mind the amended contract and not the original one of 1888.

3. It is important to note also that the 5th paragraph of the indenture of 1892 expressly provides that the indentures of 1888 and 1892 are to be read together as constituting the contract between the parties for all works therein contemplated. Clearly, therefore, when in the document of 1893 the indenture of 1888 is referred to, it must be such contract as amended by the agreement of 1892, and not in its original form.

4. Looking now at the other documents, they also throw a very strong light upon the matter in dispute. It will be remembered that at the time the contract of 1893 was entered into, the prices which the contractors were receiving according to the particular work involved, fell into three classes, 1st, the prices for work as provided by the original contract of 1888, for which the schedule of prices in the original indenture set out governed; 2nd, the prices for the work required for straightening the channel on section between lock 18 and end of section, for which the contractors were to receive 40 cents per cubic yard; and 3rd, all other excavations other than above, required in widening and deepening the prism.

It is clear, therefore, that when the contractors agreed to do the work on the Sheik's Island dam, at their present contract prices, they understood that the contract prices were those provided for by the original agreement as amended by the agreement of 1892, and consisting of the three classes above mentioned, and it is

equally clear that the Order in Council which provides that they are to get their present contract prices, was intended to have such interpretation. And whether or not unambiguous terms have been used in the operative part of the contract of 1893, to carry out the intention of all parties, there can be no doubt from the recitals and the documentary evidence what the intention of the parties was. But for the reasons above mentioned it appears to me that the words 'Indenture of the 5th day of November, 1888,' do mean, and were intended to mean, that indenture as amended by the agreement of 1892.

5. That the parties intended that the contractors should receive pay based upon the amended agreement is evidenced also by the estimate of the cost made by Mr. Rubidge, which is based upon a payment to the contractors of 45 cents and 40 cents per cubic yard for portions of the work. And it is based upon the payment of such scale of prices that the original estimate of \$384,000 was arrived at. And it is to be noted that in allowing the contractors the prices claimed, the entire cost is something like \$10,000 less than the superintending engineer's estimate.

6. If we look at the two plans which have been subsequently prepared and filed since this case originally came under consideration, and which show the prices paid to the contractors for the three classes of work on the original contract and also the analogous work on the Sheik's Island dam, it is apparent that if the price of 45 cents was a reasonable one, as the engineer himself admits, for the work provided for under the new agreement of 1892, it would be an equally reasonable price to allow the contractors for the same character of work required to be done in connection with the contract of 1893.

TORONTO, November 7, 1894.

SIR,—*Re* Sheik's Island dams—Davis & Sons contract.

The facts, as I understand them from your explanation at our interviews on the subject and from the papers handed to me are, shortly, as follows, :—

Davis & Sons had a contract for the construction of certain works on section 4 of the Cornwall canal, dated November 5, 1888. During the progress of these works the government decided to build the Sheik's Island dams in connection with the canal enlargement. Engineer Rubidge had submitted to the department an estimate of quantities, to which he had applied certain prices showing an estimated cost of \$414,000 for the dams, including \$30,000 for land and damage. The chief engineer addressed to the minister a letter, dated May 6, 1893, referring to Mr. Rubidge's estimate, pointing out certain reasons why in the public interest it would be advantageous to award the work of constructing the dams to Davis & Sons, were that firm willing to do the same at their contract prices, and stating that at such contract prices, allowing \$30,000 for land and damages, the cost would amount to \$404,485, or some \$10,000 less than Mr. Rubidge's estimate; and recommending that the Davis contract be extended to cover this work if these contractors were willing. In due course an Order in Council was passed giving authority for the extension of the contract with Davis & Sons accordingly, 'provided that they agree to do the work at their present contract prices.' The contract with Davis & Sons was not a bulk sum contract, but provided for the payment to the contractors for and in respect of the works contracted for, of the several prices or sums set forth in a schedule or list. The items of this list are seventy-six in number, and, I presume, include the various classes of work, material, &c., entering into the works included in the contract. On June 19, 1893, a contract was entered into between Davis & Sons and the government, reciting the contract of November 5, 1888, the letter of the chief engineer, dated May 6, 1893, and the Order in Council referred to, and providing that the works which, under the contract of November 5, 1888, the contractors agreed to perform, are to

SESSIONAL PAPER No. 1

be carried out subject to the addition of the dams above mentioned, and referred to in the letter of the chief engineer, which letter is made a part of the contract ; providing also that each and every covenant contained in the contract of November 5, 1888, on the part of the contractors should apply to the additional works, except in so far as the same are in any way expressly modified by the terms of the engineer's letter; providing also that the contractors accept the terms set forth in the letter and agree to perform, keep and abide by the same. Her Majesty's covenant to pay for this additional work is as follows :—'4. And Her Majesty, in consideration of the premises, covenants and agrees with the contractors that they will be paid in respect of the works undertaken hereunder the several prices, in so far as applicable thereto, set forth in their said contract of November 5, 1888, without any extra charge or addition to the said contract prices ; all the conditions of which contracts are to apply *mutatis mutandis*.' Clause 6 provides that the indenture of November 5, 1888, and this indenture are to be read together as constituting the contract with respect to the works in connection with the formation of section 4 of the said Cornwall canal.'

You have been asked, as Auditor General, to authorize the payment of certain moneys to the contractors in connection with the construction of the dams, and there has been submitted to you an account or estimate certified by the chief engineer, showing the quantities, &c., of the work and applying thereto certain prices. These prices, in some instances, differ from any of the prices for similar works contained in the list forming part of the contract of November, 1888, and I gather that some of the items, according to the wording in the chief engineer's estimate, do not appear to be included in any item in the list referred to.

My opinion is asked as to the authority of the chief engineer to fix prices differing from those in the list for work included in items contained in the list ; also as to the authority of the engineer to fix prices for work, if any, not included in any item in the list. You also desire my opinion generally upon the legal position of the parties under the contracts.

In the contract of November, 1888, Her Majesty's covenant to pay is in these words : '24. And Her Majesty, in consideration of the premises, hereby covenants with the contractors that they will be paid for and in respect of the works hereby contracted for, and in the manner set out in the next clause hereof, the several prices or sums following, viz.' (here follows the list of prices). The word 'works' is defined by the contract to mean the whole of the work and materials, matters and things required to be done, furnished and performed by the contractor under the contract. The following clause appears : '34. It is distinctly declared that no implied contract of any kind whatsoever, by or on behalf of Her Majesty, shall arise or be implied from anything in this contract contained, or from any position or situation of the parties at any time, it being clearly understood and agreed that the express contracts, covenants and agreements herein contained and made by Her Majesty, are and shall be the only contracts, covenants and agreements upon which any rights against her are to be founded.'

I am of opinion—

(1.) That wherever the work done in connection with the dams is fairly covered by any item or items in the list under the contract of November, 1888, the prices applied thereto in such list must govern, and the chief engineer has no authority to vary such prices.

(2.) I am of opinion that, if any part of the work in connection with the dams cannot fairly be held to come within any item or items in the list, the chief engineer has no authority to fix prices therefor. The contract makes no provision for paying the contractors anything for such parts of the work ; there can be no implied contract on the part of Her Majesty to pay anything therefor, and I am forced to the conclusion

that the prices to be paid for the works to which the list, under the contract of November, 1888, is applicable, are the only prices which the contractors are entitled to demand. This may not have been intended by the parties, but I think it is the legal effect of what has been agreed to. In other words, I think that all the works connected with the construction of the dams must be performed for the prices which the contractors are to receive for those parts which are included in the items of the list.

(3.) The result of this may not be so serious as might be supposed, because I think that the chief engineer, as the person to whom all matters of difference arising under the contract are to be referred, would have considerable discretion in deciding the question as to the applicability of the items in the list to the works upon the dams. It would not, I think, be necessary that the exact wording of these items should precisely apply to the works on the dams. The contract provides that the several prices 'in so far as applicable thereto are to govern.' This question of applicability is one partly of fact and partly of scientific opinion, and if the decision of the chief engineer be given after proper consideration and in good faith, I think it cannot be controverted. I would call attention to the last four items of the list, which provide for the payment of labourers, carpenters, stonecutters and masons for executing works not embraced in any item paid for otherwise.

(4.) I think your duty is to call the attention of the chief engineer to the legal position of the parties as above explained, and to suggest that he should frame his estimate in accordance with the principles above alluded to.

I return the papers left with me.

I am, sir, your obedient servant,

The Auditor General.

Z. A. LASH.

TORONTO, October 16, 1901.

SIR,—I am in receipt of yours of the 14th with respect to William Davis & Sons' contract for the building of Sheik's Island dam, &c., and I have considered the questions submitted.

I am of opinion that the expressions in the contract of the 19th of June, 1893, referring to the indenture of 5th November, 1888, must be interpreted with regard to the surrounding circumstances, and to the various contracts at that time existing between the government and the contractors, and I have no hesitation in saying that these expressions referred to the indenture of 1888 as amended by the indenture of 1892.

By the express terms of the indenture of 1892, the three indentures of 5th November, 1888, and the indenture of 1892, are to be read together as constituting the contract between the parties. The three indentures of 1888, therefore, ceased to have an existence separated from the indenture of 1892, and any reference to the one would *prima facie* embrace the others, unless the context otherwise required.

I see nothing in the context of the indenture of 1893 which otherwise requires. On the contrary, reading the context in view of the surrounding circumstances, I think the references to the indenture of 1888 should not be read as excluding the indenture, which is practically part of it, made in 1892.

In this view, the covenant of the Crown contained in the indenture of 1893, that the contractors will be paid the several prices in so far as applicable thereto, set forth in their contract of 5th November, 1888, must be read as referring to that contract as amended in 1892, and the prices in this contract, as so amended, are the prices, so far as applicable to the works undertaken by the indenture of 1893, which are to be paid to the contractors. .

It is for the engineer to decide the question as to the applicability of those prices to the works done under the indenture of 1893. As stated in my opinion of Novem-

SESSIONAL PAPER No. 1

ber 7, 1894, this question of applicability is one partly of fact and partly of scientific opinion, and if the decision of the Chief Engineer be given after proper consideration and in good faith, I think it cannot be controverted.

In giving the opinion of November 7, 1894, I did not have before me the indenture of 1892, nor was my attention called to its existence. I considered the case then as if Davis & Sons had only one contract for the construction of the works which was dated 5th November, 1888. Had my attention been called then to the indenture of 1892, the opinion I then expressed would not have been altered except to explain, as I have explained in this opinion, that the reference to the indenture of 1888 should be taken as meaning that indenture as amended in 1892.

I do not understand from your letter that you desire any opinion from me with respect to the applicability of the prices in the indenture of 1888, as amended in 1892, to any particular portion of the works done under the contract of 1893. If any such opinion is desired, I would require further information, from an engineering standpoint, than that which is contained in the documents sent, and which I return herewith.

Faithfully yours,

The Auditor General.

Z. A. LASH.

AUDIT OFFICE, OTTAWA, October 26, 1901.

SIR,—With reference to your two applications of August 9 last, in favour of Wm. Davis & Sons, for \$2,422.47 and \$20,467.53, respectively, and estimate No. 34, on which they are based, your certificate reads as follows :—

‘Certified as regards items Nos. 3 and 4 in accordance with the letter of the Minister of Justice, dated June 1, 1901.

‘COLLINGWOOD SCHREIBER,

‘Ottawa, July 4, 1901.

Chief Engineer.

Will you be good enough to send me an authoritative map showing the points in which your own opinion differs from that of the Minister of Justice, with any remarks that you may think necessary to indicate the reasons for your opinion. This I find necessary, in connection with legal advice which I have already had, to guide me as to the course I am to take in passing or declining to pass the applications.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, October 28, 1901.

SIR,—As requested in your communication of the 26th instant, *re* my two applications of August 9 last, in favour of Messrs. Wm. Davis & Sons, for \$2,422.47 and \$20,467.53, respectively, and estimate No. 34, on which they were based, I send you, attached hereto, a map showing the points as to which it became necessary to refer items Nos. 3 and 4 to the Justice Department for advice. A difference of opinion having arisen between the contractors and myself as to the prices which, under their contract, should apply, it was pointed out that the question was not only one of fact, but of law ; hence the reference to the Justice Department. I was advised by the Hon. the Minister of Justice on June 1, 1901, that I was wrong in applying 40 cents per cubic yard to No. 3 and 32 cents per cubic yard to No. 4 ; and that, under the contract, the contractors are entitled to 45 cents per cubic yard on No. 3 and 45

cents per cubic yard on No. 4, and in conformity with this advice, I gave the following certificate, viz. :—

‘Certified as regards items Nos. 3 and 4, in accordance with the letter of the Minister of Justice, dated June 1, 1901.’

You ask me to give you the reasons for my own opinion. My reason for applying the prices I did to this work was that I did not consider the cutting through the canal bank, both at the upper and lower dams, and the cutting of the regulating weir, either ‘widening,’ ‘deepening’ or ‘straightening,’ in the sense of the contract. I can add nothing further in the matter. I inclose a copy of the letter of the Minister of Justice referred to above.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, October 28, 1901.

SIR,—I now beg to inclose a letter from Mr. Schreiber and a plan with reference to the Sheik's Island dams, which speak for themselves in connection with the letter which he sent to me before. I also send back all the other papers and shall be glad to have your opinion in view of this information.

Yours respectfully,

Z. A. Lash, Esq., K.C., Toronto.

J. L. McDOUGALL, A.G.

TORONTO, November 16, 1901.

DEAR SIR,—I have considered the questions arising in connection with the prices to be applied to the work done under the agreement of 1893.

In my opinion of 16th October, I explained that the contracts of 1888 and 1892 are to be read together.

The contract of 1892 provided for ‘widening,’ ‘deepening’ and ‘straightening’ certain portions of the canal. The prices for ‘earth work’ under the contracts of 1888 were 35 cents, 33 cents and 32 cents per cubic yard. The widening, deepening and straightening referred to would be earth work and had a special agreement as to prices therefor not been made, the prices for earth work under the contracts of 1888 would no doubt have been applied, but the contract of 1892 provides expressly that the price for the widening and deepening to be done under that contract shall be 45 cents per cubic yard and that the price for the straightening shall be 40 cents. Reasons are given in the contract (which is partly contained in a letter) for fixing the higher prices.

The contract of 1893 provides for the building of certain dams at Sheik's Island, and the prices for the works are to be ‘the several prices in so far as applicable thereto set forth in their contract of 5th November, 1888.’ As above mentioned, this is to be read as if the words were the contract of 1888, as amended or extended by the contract of 1892. The question therefore is what prices in the contracts of 1888 and 1892 are applicable to the work done under the contract of 1893. There are three contracts, all dated on November 5, 1898, but the one referred to in the contract of 1893 is that covering the lift lock, supply weir, &c., on section 4.

What ‘widening’ or ‘deepening’ or ‘straightening’ a canal embraces must be something well known to engineers and contractors. I cannot well understand how the terms could apply to the building of dams, and it seems to me that each term has a pretty well defined meaning of its own. I have not been informed of the kinds

SESSIONAL PAPER No. 1

of work required in building the dams at Sheik's Island. Some of such work may have been widening or deepening or straightening the canal at that place, and if so, then the price to be applied for the earth work would to that extent be 45 cents per cubic yard for widening and deepening, and 40 cents for straightening, but outside of this I can see no reason for applying to earth work a different price than the price for the same kind of work fixed by the contract of 1888 covering the lift lock, &c., on section 4, and I am of opinion that such price should have been applied.

Yours truly,

The Auditor General.

Z. A. LASH.

AUDIT OFFICE, OTTAWA, November 18, 1901.

SIR,—I have just received a letter from Mr. Z. A. Lash, K.C., whom I consulted with reference to the last claim of Messrs. Wm. Davis & Sons in connection with the Sheik's Island dams. A copy of the letter is inclosed. I am of opinion that the payment of this claim should not be made to Wm. Davis & Sons.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, November 26, 1901.

SIR,—I have the honour by direction to inform you that objection has been taken by the Auditor General to the passing of an application made by this department for the payment to Wm. Davis & Sons, under their contracts for work on the Cornwall Canal enlargement of certain moneys for work executed in connection with the Sheik's Island dam, namely, for earth excavation in the entrance to the canal, and earth excavation for the regulating weir. The Auditor General objects to the price, 45 cents per cubic yard, allowed for this excavation.

The work in question is covered by a contract made with this firm for works on the canal, namely, one dated November 5, 1888, for section 4, and one dated June 19, 1893, for the construction of dams at Sheik's island for the utilizing of the waters of the channel between that island and the mainland as the channel of the enlarged canal, the contract for section 4 being extended by the addition of the dams.

The difficulty arises out of the fact that on August 25, 1892, a contract had been made with Messrs Davis & Sons for certain additional work on sections 2, 3 and 4 of the canal, for which the previous contract prices for earth excavation were thereby increased to 45 cents per cubic yard.

The Hon. the Minister of Justice having advised on June 1, 1901, that all the work in dispute should be paid for at the price of 45 cents per cubic yard, a progress estimate was prepared in accordance with this advice, and application was made to the Auditor General for payment. This he has returned, with an expression of opinion to the effect that the higher prices should not be paid.

I am directed to request that the matter be brought before the Honourable the Treasury Board under the provisions of the Audit Act, for their decision whether the Auditor General should be sustained in his objection or overruled.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

COLLINGWOOD SCHREIBER, D.M.

TREASURY BOARD, OTTAWA, November 26, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28462, being papers received from the Department of Railways and Canals in connection with

1-2 EDWARD VII., A. 1902

objection taken by you to the passing of an application made by that department for the payment to Wm. Davis & Sons under their contracts for work on the Cornwall canal enlargement, of certain moneys for work executed in connection with the Sheik's Island dam.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to what your objection in the case is, the ground for such objection, together with the clause and section of the Consolidated Revenue and Audit Act under which the objection is taken.

I shall also be glad to have any remarks you may wish to make regarding the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, December 3, 1901.

SIR,—I beg to inclose herewith papers relating to a claim of Messrs. Wm. Davis & Sons in connection with their contracts for building dams and doing other work at Sheik's Island, Cornwall canal.

Among the papers you will find the contracts referred to, a letter from Mr. Newcombe conveying the opinion of the late Minister of Justice, Sir John Thompson, the opinion of the present Minister of Justice and the opinion of Mr. Z. A. Lash, K.C. The opinion of the late Sir John Thompson and Mr. Lash differ from that of the present Minister of Justice. The Auditor General would like to have an opinion from you on this subject and to receive it as soon as possible, as the claim is now before the Treasury Board on an appeal from his (the Auditor General's) decision.

After reading the papers you will, I think, find no difficulty in seeing the points involved, particularly with the aid of the accompanying map and Mr. Schreiber's letter of October 28.

I am, sir, your obedient servant,

A. B. Aylesworth, Esq., K.C., Toronto.

F. HAYTER. *for A.G.*

TORONTO, December 23, 1901.

SIR,—Replying to your favour of 3rd instant, I have examined the file of departmental correspondence, with copies of the contracts under which Messrs. William Davis & Sons are claiming from the government payment of \$25,429.62 additional for work of excavation in connection with dams at Sheik's island on the Cornwall canal.

My opinion is asked upon the right of Messrs. Davis & Sons to this additional payment.

The question turns upon the true construction of the contract for the doing of this work.

Three separate contracts have to be considered :

First, the contract made November 5, 1888, for the building of a lock (Lock No. 20), and for the dredging and other work connected with the deepening and widening of the canal, including the construction of a supply weir, on section No. 4.

The specifications accompanying this contract have not been sent to me, but I gather from the contract itself that the work to be done was that above indicated.

I understand also that two other similar contracts for work on sections 3 and 2 of the Cornwall canal were entered into with Messrs. Davis & Sons on the same date, November 5, 1888, but neither of the latter contracts is before me.

I understand further that the specifications to the contract for section No. 4 call for a depth of 15 feet and a bottom width of 90 feet to the prism of the canal as

SESSIONAL PAPER No. 1

widened under the contract. Under this contract the price for earth excavation under water line throughout the section was 32 cents per cubic yard, and for earth excavation in foundation of weir 40 cents per cubic yard.

This contract called for the completion of the work other than the weir by November 1, 1890, and of the weir by April 1, 1891, but the work was apparently not in fact completed when, on August 25, 1892, a further contract with Messrs. Davis & Sons was entered into.

This contract incorporated with itself a letter of Messrs. Davis & Sons to the superintending engineer of the canal, dated June 20, 1892, and a subsequent letter of the chief engineer of canals to the secretary of the department, dated July 5, 1892.

Under the contract of August 25, 1892, Messrs. Davis & Sons undertook some further work of excavation, in deepening, widening and straightening the channel of the canal. The contract, read with the letters above referred to, shows very clearly what this work of additional excavation consisted in. It was the straightening of the channel of the canal on section No. 2, between lock No. 18 and the end of the section on the north side of the channel, and the widening of the prism of the canal to the bottom width of 100 feet instead of 90 feet, and the deepening of the channel to the depth of 16 feet instead of 15 feet.

The material to be moved in this work of straightening and of additional widening and deepening was earth in its natural state, none of it having been moved before, as was the case with the great part of the excavation embraced in the original contracts of November 5, 1888, for these sections. Moreover, the strip of additional material to be removed in this further work of straightening and of additional widening and deepening was narrow, so that frequent shifting of the contractors' plant would be necessary, and, in view of these circumstances, the price agreed upon for earth excavation in the additional work of straightening called for by the contract of August 25, 1892, was 40 cents per cubic yard, and for all other extra earth excavation required in the widening and deepening, 45 cents per cubic yard, instead of the figures agreed upon for earth excavation under the contracts of November 5, 1888.

The contract of August 25, 1892, refers to the three previous contracts of November 5, 1888, and binds the contractors to carry out the works which were to be performed under these three former contracts respectively, subject to the alterations and additions mentioned in the letters above referred to, and the contractors agreed to complete all of the said works with such alterations and additions on or before November 1, 1893.

The covenant of the Crown contained in the contract of August 25, 1892, is for payment at the increased prices for 'the works undertaken hereunder,' and it was further agreed that the three indentures of November 5, 1888, with the indenture of August 25, 1892, should be read together as constituting the contract with respect to the works on sections Nos. 2, 3 and 4 of the canal.

I may further observe that these three sections of the canal, 2, 3 and 4, are all in the eastern half of the canal, and that Sheik's island and the excavation which is now in question are some distance to the westward of the upper or west end of section No. 4.

On June 19, 1893, and probably before the work under the above mentioned contracts had been completed, a further contract was entered into by Messrs. Davis & Sons, for the building of two dams, and the making of two cuts through the south bank of the canal, one dam and cut at the lower end of Sheik's island, opposite section No. 5 of the canal, and the other dam and cut at the upper end of Sheik's island, opposite section No. 8 of the canal. In connection with the lower of these two dams a regulating weir was also required across the point of the island. It is for the work of earth excavation in the construction of this regulating weir, and in making the cut at the lower dam on section 5, with the connected dredging on the southern bank of the sec-

tion, and also the cut at the upper dam on section 8, with the excavation on the northern bank of the section required in straightening the approach to the cut, that the claim for the additional payment of \$25,429.62 is now made by Messrs. Davis & Sons.

The contention of Messrs. Davis & Sons is that this work of earth excavation must be paid for at the price of 45 cents per cubic yard as, under the contract of 25th August, 1892, and letters therein referred to, all extra excavation required in the widening and deepening of the enlargement of the canal beyond that specified in the contract of November, 1888, was to be paid for at that price, viz., 45 cents per cubic yard.

In my opinion this contention of the contractors is not well founded. The larger price of 45 cents per cubic yard mentioned in the contract of 25th August, 1892, plainly applied only to the excavation in the additional width of 10 feet and additional depth of 1 foot referred to in the letters forming part of that contract. As to all the work of excavation specified in the original contracts of 5th November, 1888, the prices named in such contracts continued to apply, and that price on section 4 was, for earth excavation under water line throughout the section, 32 cents per cubic yard, and for earth excavation in foundation of weir 40 cents per cubic yard.

In my opinion these prices of 32 cents per cubic yard and 40 cents per cubic yard respectively are the prices which should be paid for the work done under the contract of 19th June, 1893. That contract recites the indenture of 5th November, 1888, and from first to last makes no reference to the supplementary contract of 25th August, 1892. Under the last mentioned contract it is quite true that provision is made that the three indentures of 5th November, 1888, and this indenture of 25th August, 1892, are to be read together as the contract between the parties, but that is plainly (as in fact the instrument states in so many words) with respect to the works on sections 2, 3 and 4 of the canal. The contract of 1893 dealt with works on other sections and at some distance from the works previously undertaken, and if there had been any intention to apply to the contract of 1893 any of the provisions of the supplementary contract of 1892, I cannot understand how the contract of 1893 would have been so totally free from any reference to the supplementary contract of 1892.

The contract of 1893 applies to itself each of the covenants entered into by the contractors in the indenture (for work on section 4) of 5th November, 1888, and with regard to payment the express covenant of the Crown is 'in respect of the works undertaken hereunder' that the prices, in so far as applicable thereto, set forth in the said contract of 5th November, 1888, shall be paid 'without any extra charge or addition to the said contract prices.'

This language is to my mind conclusive that the parties at the time understood they were to be paid 32 cents per cubic yard for earth excavation under water line in the entrances to canal at the dams, and 40 cents per cubic yard for earth excavation in the regulating weir.

The reason for extra price of earth excavation under the supplementary contract of 1892 did not exist in the work of earth excavation to be done under the contract of 1893. The bank of the canal through which the two cuts were made at the lower and upper dam must have been in great part of made earth, and the frequent shifting of plant necessary in doing the work of additional widening and deepening under the contract of 1892 would not be requisite in cutting through the canal banks as called for by the contract of 1893.

Not only does the contract of 1893 recite the indenture of 5th November, 1888, while absolutely silent with regard to that of 25th August, 1892, but the contract of 1893 recites also the report of the Chief Engineer of Canals on the subject of the construction of the proposed dams, stating that at the contract prices of Messrs. Wm. Davis & Sons the estimated cost of the work, including \$30,000 for land and damages,

SESSIONAL PAPER No. 1

would amount to \$404,485. This estimate appearing on the face of the indenture was necessarily before Messrs. Davis & Sons when they entered into the contract of 1893, and it would seem scarcely possible that they were not aware of the way in which this estimate was made up. The original document is among the papers on file in the department, now before me, and in reaching the amount of estimated total cost for the dams and weir (\$404,485) the Chief Engineer has calculated earth excavation for the regulating weir at 40 cents per cubic yard, and earth excavation in entrance to canal at 35 cents per cubic yard, adopting apparently in his calculation the price of earth excavation in the contract of 5th November, 1888, for section 2 of the canal, instead of 32 cents, the price in the contemporaneous contract for section 4.

This document showing the calculation of the Chief Engineer shows also the previous estimate of the superintending engineer for the same work, and the prices adopted by the superintending engineer in his calculations were 30 cents per cubic yard for earth excavation in the regulating weir, and 33 cents per cubic yard for earth excavation in entrance to the canal. While this estimate in detail is not incorporated into the contract, the result of it is, and the letter of the Chief Engineer dated 6th May, 1893, which is attached to the contract and in terms made part of it, states the result of the estimates made by the superintending engineer and by the Chief Engineer respectively. The details by which these results were reached were then on file in the department, and I thought it no violent presumption to assume that the contractors had at the time access to them and perfect knowledge of them. If that is so, the circumstance would seem to me decisive of the question, but apart from that circumstance the language of the contract of 1893 seems to me consistent only with applying to the excavation in question the prices of 32 cents and 40 cents specified in the contract of 5th November, 1888, for section 4.

I might further point out that under the contract of 1892 the extra price of 45 cents per cubic yard mentioned in the letter of Messrs. Davis & Sons of June 20, 1892, extends only to 'all other extra excavation required in the widening and deepening of the enlargement' of the canal.

The question of what is the widening and deepening of the canal may be one more for the determination of engineers than one upon which I can express any opinion, but I have the advantage or disadvantage of a personal acquaintance with the locality in question, and I would scarcely consider the cuts through the canal bank at the dams, or the construction of the regulating weir on Sheik's island, work of either widening or deepening the enlargement of the canal.

I have only to say further that if the work of excavation now in question is not within the description of similar work in items Nos. 1 and 55, respectively, of the schedule of prices in the contract for section 4, of November 5, 1888, it would seem to me no prices at all for this work were fixed by the contract of 1893, in which view it would doubtless be necessary to have such prices ascertained under the general provisions of the contract of November 5, 1888, applicable to the case of extra work for which no prices are fixed by any of the contracts. This observation may have pertinence in regard to earth excavation above the water line and the earth excavation in construction of the regulating weir. The price of 32 cents per cubic yard for earth excavation under the water line is doubtless larger than the contractors would expect to receive for similar earth excavation above the water line, and similarly, the price of 40 cents per cubic yard for earth excavation in the foundation of the supply weir on section 4 may be a price for much more difficult work than that of excavating the regulating weir in question.

I have the honour to return to you herewith the departmental file of papers and the two maps submitted to me.

I am, sir, your obedient servant,

The Auditor General.

A. B. AYLESWORTH.

AUDIT OFFICE, OTTAWA, December 26, 1901.

SIR,—I beg to acknowledge the receipt of your letter of the 26th ultimo, which accompanied an application of the Department of Railways and Canals for an overruling of my decision that a claim of Messrs. Wm. Davis & Sons, in connection with the Sheik's Island dam contract, for \$25,429.62 was untenable.

You will please receive inclosed herewith, all the papers which were forwarded to me by you in support of the claim, and an opinion which I have just received from A. B. Aylesworth, K.C., on the claim.

It is apparent that Mr. Schreiber, the Chief Engineer of the Department of Railways and Canals is unfavourable to the claim. Although he signed the estimate 34, which included the disputed claim now under consideration, his certificate included the unusual modification: 'Certified as regards items 3 and 4 in accordance with letter of the Minister of Justice, dated June 1, 1901.' That indicated that he did not follow his own view, but that of the Minister of Justice. By referring to the letter of October 9, 1894, from the Deputy Minister of Justice to the Deputy Minister of Railways it appears that the then Minister of Justice, Sir John Thompson, was against the claim, for the subject was even then before the Department of Justice.

The distinguished King's Counsel, Messrs. Lash & Aylesworth, have no hesitation in their opinions that the claim has no ground for recognition. The opinions should be read at length by the Board. They are not long and it would be impossible to make abstracts to convey the meaning as it should be. Then the amount involved justifies the bestowing of needed time to its consideration. The only legal opinion on the file, or which has been brought to my notice in any way, which is favourable to the claim, is that of the present Minister of Justice. It is in a letter of May 10, 1901, marked 'H.' It was placed before both Mr. Lash and Mr. Aylesworth by me.

I never saw any ground for the claim. What struck me as particularly strong was the point brought out by Mr. Aylesworth, on page 6, of his opinion, viz.: That the estimate of the Chief Engineer, worked out at the prices already allowed, was referred to in the contract and must therefore have been before the contractors when the contract was being signed, and therefore all parties knew that the prices for widening, deepening and straightening provided for in exceptional circumstances by the contract of 1892, were not to be allowed when the circumstances were not exceptional.

My objection is under subsection (c) of section 32 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

SESSIONAL PAPER No. 1

Re Arrears Due.

AUDIT OFFICE, OTTAWA, September 16, 1901.

SIR,—I beg to request the customary statement of all arrears due to your department on June 30 last and yet unpaid.

Be good enough to arrange the statement alphabetically and classified as follows :—

- (1.) Amounts due by collecting officers.
- (2.) Amounts due by disbursing officers.
- (3.) Unaccounted for balances of advances.
- (4.) All other amounts due whether by government officers or others.

Kindly give this your early attention.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

This circular was sent to all the departments and branches.

DEPT. OF THE INTERIOR, OTTAWA, January 21, 1902.

SIR,—I beg to acknowledge the receipt of your letter of the 18th instant, asking for arrears by disbursing officers and also requesting that a statement of the arrears due on account of Dominion lands and school lands be forwarded to you before the 25th instant.

In reference to the arrears due by disbursing officers I may say that there are no outstanding balances either in connection with Dominion Lands or Immigration for the past fiscal year. In regard to the statement of arrears due on account of Dominion Lands and School lands, the list is not yet completed and will not be ready by the time specified in your letter.

I am, sir, your obedient servant,

The Auditor General.

T. G. ROTHWELL, *Acting D.M.I.*

DEPT. OF THE INTERIOR, OTTAWA, January 30, 1902.

DEAR MR. McDOUGALL,—Mr. Gorman of your department called on me yesterday and asked me for the details of the statements we have furnished for your information with regard to arrears due this department on account of timber, hay and mineral lands. I find that the details, of similar statements which were furnished by this department to you last year, were not supplied to you, and I have decided, the minister being absent, that I cannot comply with your request which I will, however, bring to the attention of the minister on his return to the department.

I learn that by oversight a detailed statement of the arrears due by each holder of a dredging lease has been furnished to you and as such statement was not prepared for your information, or for publication, but was prepared for the minister's information, I would ask you to return it to me and not include it in the report you are now publishing.

I am, sir, your obedient servant,

T. G. ROTHWELL, *Acting D.M.*

AUDIT OFFICE, OTTAWA, January 30, 1902.

SIR,—I am in receipt of your letter of this date, stating that in the absence of the minister, you cannot furnish details of the amounts due for timber dues, &c., as they were not furnished last year.

You also state that the details of arrears due for dredging leases were furnished me by oversight, and you ask that the statement may be returned.

I may say in reply that if the details of arrears due on account of land sales have not been insisted on by me in previous years, it was not because of any reason why the information should not be published ; but owing to the amount of work which such a statement would require, and the large space it would occupy, if published.

But there are no such reasons against preparing and publishing in detail the arrears on account of timber dues, dredging leases, &c.

However, as you state it was by oversight they were forwarded to this office, I have no desire to take advantage of the mistake, and am returning the statements in question.

I note your statement that you intend bringing the matter to the attention of the minister on his return. If you should then be in a position to furnish statements of these arrears, please forward them without delay.

I am, sir, your obedient servant,

Acting Deputy Minister, Interior Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 20, 1901.

SIR,—I am in receipt of your letter of the 19th instant, inclosing a statement of arrears due on account of fisheries.

I have to remind you that my letter of September 16 last called for all arrears due to your department : (1) by collecting officers; (2) by disbursing officers; (3) balances of advances not accounted for; and (4) all other amounts due whether by government officers or others.

The statement now furnished comes under class (1). Are there not other arrears due under this class ; on account of wharfs and piers, for instance?

Be good enough to send the statements for the remaining classes as early as possible, so that there may be no delay in printing the report, which is being urgently called for by the government.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 17, 1901.

SIR,—I have your letter of the 14th instant, inclosing statement of arrears due on account of slide and boom dues.

I beg to remind you that I asked, in my letter of September 16 last, for a statement of all arrears due to your department : (1) by collecting officers ; (2) by disbursing officers; (3) balances of advances not accounted for, and (4) all other amounts due, whether by government officers or others.

Your early attention is required.

I am, sir, your obedient servant,

The Secretary, Dept. of Public Works.

J. L. McDOUGALL, A.G.

a. No orders to proceed with work. b. Work did not proceed as rapidly as expected. c. The rough estimate proved too low. The work was carried to completion.

These accounts have been examined under my direction, and are correct, with the exception of such items as are marked 'Vouchers Outstanding,' and with the exception of Yukon Expenditure, concerning which no statement can yet be made.

Examined,
FREDERICK HAYTER.

J. L. McDOUGALL,
Auditor General.

g. No closer estimate for these services could be made.

h. Owing to the number of cases requiring relief, the vote was slightly over-expended.

a. It is impossible to estimate for these services with greater accuracy.

b. These slight over-expenditures were caused by payment in full of accounts properly chargeable to the grants for 1900-1.

c. The detail of these estimates covers a great number of articles and services, and it was not possible to provide for the necessary expenditure with greater accuracy. d. The cost of management was slightly in excess of the provision. e. No closer estimates could be made for these services. f. There are a large number of aged and destitute Indians that require relief. The accounts for surveys were slightly larger than were expected. *Expenditure charged to Treaty 8, Manitoba and N.W.T. appropriation.

MEMO:—

It is impossible, in a force performing the varied duties of the Mounted Police, extending over such a large area of territory, to keep the expenditure exactly within the limit of each sub-head of the appropriation.

The over-expenditure of \$10,960.39 in the item of 'Scouts, guides, &c.,' is explained by an under-expenditure of \$13,083.74 in the sub-head of 'Pay of Force'.

The absence of so many Mounted Policemen on the South African Contingents, and calls for men for service in the Yukon, necessitated the employment of an unusual number of scouts or special constables, and largely increased travelling expenses of members of the force in patrolling all sections of the Territories, —FRED. WHITE, Comptroller.

Glasgow Exhibition.

AUDIT OFFICE, OTTAWA, December 31, 1901.

SIR,—Referring to your expenditure on account of 'Glasgow Exhibition,' let me call your attention to the following :—

The Order in Council of November 17, 1900, in addition to its other provisions, authorizes the minister to secure outside space, 1,200 feet at 3d. per foot, 'equalling the sum of £150 (\$730).' There is, you will see, an error in the calculation 1,200 feet at 3d., amounting to £15.

The Order in Council referred to also authorizes the construction of a Canadian pavilion at a cost not to exceed £1,500. There was paid by your department cheque 2319, February, 1901, \$3,893.33, £850, and Mr. Scott, on March 28, at Glasgow, paid £1,190 on this account, making a total to June 30, 1901, of £2,040, exceeding the amount authorized by £540.

H. M. Murray received through the High Commissioner's office, in December, 1900, £250, of which £150 was paid for the outside space at the exhibition, leaving £100 not accounted for. He also received from J. G. Jardine £129 4s. 0d. to pay freight on goods shipped from Paris to Glasgow. No vouchers have been returned against this payment.

Mr. Brodie makes this charge in his account paid by Mr. Scott, May 23, 1901, at Glasgow (voucher 338).

April 5.—Dinner at Montreal.	\$ 1 00
Hotel, Liverpool, 10s. 6d.	2 55
	<hr/>
	\$ 3 55

Does not the \$6 per day paid to Mr. Brodie, cover his living expenses as well as his services ?

Please give these matters your immediate attention as I am now preparing my report dealing with the expenditure of your department.

I am, sir, your obedient servant,

The Acting Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, January 8, 1902.

SIR,—In reply to your letter under date, the 31st ultimo., referring to certain expenditure on account of the Glasgow Exhibition, I have the honour to inform you that, with regard to the Order in Council of November 17, 1900, there has been a clerical error in reference to the number of feet authorized for outside space at the exhibition. Twelve hundred feet should read twelve thousand feet, which at 3d. per foot would be £150.

With reference to the Order in Council authorizing the construction of a Canadian building at a cost not to exceed £1,500, this item was merely an estimate, and after the arrival of the Commissioner at Glasgow it was found that £1,500 would only cover the cost of the plain building. Further expenditure was required to make it correspond with the buildings of other nations. This exhibition has been very economically managed and the total expenditure will not, I think, exceed the amount voted by parliament.

With regard to the item £100 advanced to H. M. Murray, though the High Commissioner's Office, I may say that Mr. Murray has been requested to give a detailed statement covering this advance, and so soon as received it will be submitted to you.

The advance of £129 4s. to Mr. Murray from Mr. Jardine was for the payment of freight, and we hope in the course of a few days to receive from Mr. Murray vouchers in support of this item.

Mr. Brodie's charge of \$3.55 for hotel bills should not have been paid, as his per diem allowance was intended to cover all expenses. He has been requested to make a refund of this amount.

I have the honour to be, sir, your obedient servant,

The Auditor General.

A. L. JARVIS, *A.D.M. of A.*

SESSIONAL PAPER No. 1

On the statements as above, there are credits from various sales amounting to 11,392.04 francs, making a net expenditure of 479,989.60 francs, which, exchanged at the current rate of 19.3 cents to a franc, amounts to \$92,637.89, and this with the \$2,918.39, totals \$95,556.28, against the advances of \$97,132.97, leaving a balance in the hands of these disbursing officials of \$1,476.69. I cannot tell, from the incomplete returns made to this office, what the exact exchange was in the transfer of the money, but presume it was the rate that I have used in the above, as the settlement with your various officials, who were paid a per diem allowance, was based on that rate.

Included in these statements there are these charges, to which I would call your attention: August—Jardine and Cusson's statement (voucher 42), 860 francs, amount deposited with the exhibition authorities, the voucher stating that the receipt is kept for the purpose of getting a refund at the close. What disposal has been made of this amount?

October—Jardine and Cusson's statement (Oct. 3), 3,120.07 francs paid to L. A. Cusson to balance his account, as stated.

December—McKinnon's statement—a payment of 2,952.75 francs to himself to cover wages in December, and also a payment of 2,532.25 francs to J. G. Jardine, to pay wages to December 8.

Please cause these amounts to be accounted for as soon as possible, either by the return of the necessary vouchers or by a deposit to the credit of the Receiver General of the amounts in question.

November 24, Dr. A. Blais was paid 170 francs, and November 26, Miss Le-Boutillier was paid 50 francs, for which the Quebec government was accountable. Has this money been refunded, and if not, what action has been taken by your department in the matter?

I am, sir, your obedient servant,

The Acting Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, February 12, 1901.

SIR,—I have to point out that an advance of \$100 in 1899-1900 (cheque No. 16901) to A. H. Gillmor, Paris Exhibition Commissioner, is, so far as the records of this office show, still unaccounted for. Will you please cause the same to be settled and the accounts returned to this office without delay.

I am, sir, your obedient servant,

The Deputy Minister, Dept. of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, May 2, 1901.

SIR,—In reply to your letter of February 12 last, relative to the non-accounting of an advance of \$100 to A. H. Gillmor, Paris Exhibition, I may say that when Mr. A. H. Gillmor was appointed a commissioner for the Paris Exhibition his son, Mr. P. H. Gillmor, was by the same order, owing to his father's ill-health, authorized to act as his substitute whenever he (the father) was unable to perform the duties of his position. The \$100 in question was advanced for travelling expenses to Mr. P. H. Gillmor, and in answer to a letter written to him requesting him to furnish details of the expenditure of this amount, as desired by you, he has informed the department that owing to the destruction by fire of the Board of Trade building in Montreal, in

which building he had his office, he lost all his documents and memoranda, and is, therefore, unable to furnish the statement asked for.

A copy of Mr. Gillmor's letter is inclosed herewith for your information.

I am, sir, your obedient servant,

The Auditor General.

A. L. JARVIS, *A.D.M. of A.*

MONTREAL, April 2, 1901.

MY DEAR SIR,—Your favour of March 29, received this a.m. It was presented at several addresses before it found me here at 101 St. Francois Xavier Street, which address I change again after May 1 to 13 Stock Exchange Building, which I trust may be permanent. I note you have made a request for a detailed statement to cover advance for expenses of \$100, which, according to your account seems to be necessary to balance my expenses in connection with Paris Exposition matter. This detailed statement I am unfortunately unable to submit, simply because all my books, papers and everything in my office, in Board of Trade Building, this city, was completely consumed through fire in that building in January last. My vault was, like most others in that building, of no protection whatever and not a vestige of contents was found after the fire. Under these circumstances I can only say that to the best of my knowledge that my account with your department was settled, and that all advances made me were expended by me in travelling expenses, and only thing I can now do is to sign vouchers for you that all advances were, to the best of my knowledge, paid out in expenses.

This, I presume, will be satisfactory to the Auditor General and to your department under such circumstances as I have pointed out, especially when it is considered that my services in the whole matter were gratuitous and only tendered to help the government out in the matter, and for which I received no remuneration whatever.

If you will send me a blank voucher used in your department I will fill in as stated above and return to you at once. My address for next two weeks is 101 St. Francois Xavier Street, this city.

Sec. Dept. of Agriculture.

Dairying Interests.

AUDIT OFFICE, OTTAWA, March 21, 1901.

SIR,—Referring to my letter of May 11, 1900, relative to a payment of \$600 to the Churchbridge Creamery Association as a loan on the security of a note of the directors, please let me know what steps have been taken by you to obtain a refund of this money.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying.

J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH,

OTTAWA, March 23, 1901.

SIR,—I am in receipt of your letter of March 21. I shall forward you in a few days copies of my correspondence with the Churchbridge Creamery Association regarding the payment of \$600 as a loan to that association.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH,
OTTAWA, March 27, 1901.

SIR,—Referring to my letter to you of March 23 instant, I now inclose copies of my letters to the Secretary of the Churchbridge Creamery Association, of October 27 and November 14, 1899, and of March 13, 1901, regarding the note for \$600 given by that company to this department.

I am, sir, your obedient servant,

The Auditor General.

JAS. W. ROBERTSON, *Com'r.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH,
OTTAWA, October 27, 1899.

SIR,—The note for \$600 which you gave me for the loan to your association is now past due. I inclose you a new note, and shall be glad if you will have it signed by the same names which are on the note I now have. I inclose you a copy of the note I now have. I have made the new note for twelve months. I had to pay \$7.90 discount to the Bank of Montreal, as I had to deposit the first note there for a period at the end of our financial year in order to get accounts for the last year closed up. That \$7.90 I am required to charge against your association. However, I hope to be able to carry the \$600 for the twelve months without any charge for interest—or at most the sum of perhaps one dollar to carry the note for a week at the end of the financial year here. I shall return the original note as soon as I receive the other.

I am, sir, your obedient servant,

Mr. HENRY ROBERTS,
Churchbridge, N.W.T.

J. W. ROBERTSON, *Com'r.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH,
OTTAWA, November 14, 1899.

DEAR MR. ROBERTS,—I have your letter of November 7 regarding the note for \$600. I am quite willing to accept the new note, (1), signed by either those who signed the old note, even with the exception of the two who are absent; or (2), signed by the present directors of the association. I have no fear at all of the matter being satisfactorily settled between your association and the department.

I am, sir, your obedient servant,

Mr. HENRY ROBERTS,
Churchbridge, N.W.T.

J. W. ROBERTSON, *Com'r.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH,
OTTAWA, March 13, 1901.

SIR,—I have your letter of February 22. I have noted with care all you say regarding the financial condition of the Churchbridge Creamery Association. I am glad that the business has been managed so well by the officers of the association. However, I regret that I am unable to give you any encouragement in looking for a transfer of the \$600, which your association owes on a note, to the amount due to the government, to be paid through the loan fund. Parliament has not voted any money for some years to be advanced in that way, and neither the minister nor I have any authority to transfer the \$600 in the way you indicate.

Personally, I do not see any objection to your issuing a new mortgage on the creamery to extend over three years. The first payment of \$200 could be made to the holder of the mortgage, say, in 1902. That would enable your company to meet the obligation without difficulty, and the interest charge would not be a large one. I have been carrying the loan of \$600 on current account, and last year I was directed by the Auditor General to close it up. I think that will have to be done this time when the note comes due, which I inclose herewith as a renewal of the old note, on November 1 next. Please have the inclosed note signed by those whose names are upon the old one, and return to me, when I shall send you the old one.

Yours truly,

MR. HENRY ROBERTS,
Churchbridge, N.W.T.

SIR,—Further referring to my letter of March 21, 1901, and your replies of March 23 and 27, relative to a loan of \$600 to the Churchbridge Creamery Association on the security of a note made by the directors, please let me know if the note in question has been paid and the proceeds deposited to credit of Receiver General.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying.

Irregularities in Pay-list.

(For beginning of this correspondence see A. G.'s Report, 1899-1900, page F-30)

CUSTOMS DEPARTMENT, OTTAWA, December 11, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th ultimo respecting signature of Mr. J. E. Orpin on the pay-list of the port of Kentville, N.S., for the months of July, August, September and October last, although the officer referred to died early in the month of August. Inquiry from the collector at Kentville elicits the fact that he omitted to draw a line through the signature of the officer, the pay-list having been signed in advance so as to expedite matters on receipt of the cheque, and that the amount was paid to Mrs. Orpin. The pay-lists for August, September and October appear to have been forwarded in advance to the collector at Kentville and he inadvertently forwarded them to the department although Mr. Orpin was not paid any salary by the department subsequent to the month of July, the amount paid for August having been refunded.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, May 4, 1901.

SIR,—In examining the payments for salaries of the port of Pictou, N.S., for the month of February last, I find that the signature of the late collector, Mr. D. McDonald, appears upon the pay-list for that month although he died on the 10th of the same month, and by comparing this pay-list with those of previous months I notice that they all appear to have been signed at the same time. The pay-list to be of any use should be signed by the employee at the time of receiving the collector's cheque and if signed months in advance as appears to have been done in this case, it becomes useless as a proof of payment. Please inform me why this has been allowed by your department.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 7, 1901.

SIR,—In reply to your letter of May 4 last respecting the signature of the late collector, Mr. D. McDonald, at the port of Pictou, N.S., on the pay-list for the month of February last, although he died on the 10th of that month, I find upon making inquiry that it was the practice at the port of Pictou to sign the pay-list in advance, but such instructions have been given as will prevent a recurrence of the practice. I might say to you that as you are furnished with the collector's cheques each month you have in them better proofs of payment than you have in the pay-list.

I am, sir, your obedient servant,

The Auditor General.

Travelling Expenses of Statistical Officer charged to Wrong Vote, Over-payment of Living Expenses.

AUDIT OFFICE, OTTAWA, October 21, 1901.

SIR,—I beg to draw your attention to the following payments charged to contingencies, Province of Nova Scotia :—

Voucher 168—H. B. Hagerty, accountable advance on account of statistical branch.....	\$25 00
“ 2463—H. B. Hagerty, advance on account of living expenses at Ottawa	30 00
“ 2561—H. B. Hagerty, accountable advance for expenses.....	40 00
“ 4083—H. B. Hagerty, travel, Ottawa to Halifax and living expenses at Ottawa.....	44 00

No accounts have been received for the three advances amounting to \$95, and I would ask that accounts be forwarded. All of these payments appear to be properly chargeable to the vote for contingencies of statistical office and should have been so charged, but as the books are now closed no transfer can be made.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 29, 1901.

SIR,—With further reference to my letter of the 21st inst., I beg to say that details have been received for the advances to Mr. H. B. Hagerty and, after comparing them with other payments, I would draw your attention to voucher 3015 for \$25 covering Mr. Hagerty's living allowance in Ottawa from July 7 to 20, 1900. Cheque 380 for \$30 was issued by the Accountant of Contingencies in payment of the living expenses of Mr. Hagerty for the entire month of July and the payment by you is consequently a second payment for the same service. Kindly have a refund made of the amount overpaid.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

SESSIONAL PAPER No. 1

CUSTOMS DEPARTMENT, OTTAWA, October 29, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 21st inst., in which you advise me that you have not received accounts for three advances amounting to the sum of \$95 made to Mr. H. B. Hagerty. Vouchers for the advances in question, Nos. 2953, 2973 and 3015 were duly forwarded to your office with the other expenditure vouchers of this department and must have been overlooked by your officials. I note your statement that the payments would appear to be properly chargeable to the vote for contingencies, statistical office.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, November 11, 1901.

SIR,—I am receipt of your letter of the 5th instant with regard to the living expenses of Mr. H. B. Hagerty, who was temporarily employed in the statistical branch of your department. As a large number of the officials of the statistical branch were paid a living allowance, or living expenses here, I have to ask you to give me full particulars of the principles followed by you in paying these expenses. I find that there have been considerable differences between the amounts paid different officers and, even in some cases, between the amounts paid the same officer for different months. In illustration of what I mean, I would instance the following cases :—D. J. Gleeson received \$75 for three months' living expenses to October 9, being at the rate of \$25 a month. H. B. Hagerty was allowed \$55 for the month of July ; after that he was allowed \$35 a month to the end of November, after which time he was allowed \$30 a month. A. F. McVicar was paid \$17.50 for 8½ days in July, which is at the rate of \$2 a day. For the month of August he was allowed \$75.60 and \$41.98 for the month of September. C. P. Roche was allowed \$40 for two months to September 17, being at the rate of \$20 a month. In consequence of the differences, noted in these payments, I have to ask whether any restrictions were placed on the officials as to the amounts of living expenses they were allowed to incur. I would also ask why these officials were not required to submit receipts for the amounts paid by them for living expenses.

I am, sir, your obedient servant,

The Commissioner of Customs.

Over-payment for Telephone at St. François.

AUDIT OFFICE, OTTAWA, October 28, 1901.

SIR,—In the contingent account for the port of Quebec for the month ended December 31, 1900, there is an item of \$5.20 paid to E. O. Lemieux, customs sub-collector at the outport of St. François, for telephone from May 1 to November 2. In the contingent accounts for the same port for the month of June, 1901, there is an item of \$12 paid to E. O. Lemieux for telephone from July 1, 1900, to July 1, 1901. It would appear from this that the telephone has been twice paid for, for the period from July 1 to November 2, 1900. Kindly have this matter inquired into and if an over-payment has been made, cause the amount thus overpaid to be refunded.

I am, sir, your obedient servant,

The Commissioner of Customs.

Charges for Discount on Cheques.

AUDIT OFFICE, OTTAWA, October 28, 1901.

SIR,—In the contingent account for the port of Quebec for the month ended June 30, 1901, there is an item of \$1.45 for E. O. Lemieux, sub-collector at the outport of St. François, paid La Banque Nationale for cheques. I would like an explanation of this item which appears to be a discount paid the bank for cheques cashed by them.

I am, sir, your obedient servant,

The Commissioner of Customs.

Increases in Salaries should Begin on First of Month.

AUDIT OFFICE, OTTAWA, October 21, 1901.

SIR,—On September 5, 1901, an Order in Council was passed increasing the salary of Mr. F. L. Chevrier, a customs clerk at Montreal, from \$600 to \$700 a year. The Order in Council of July 29, 1871, provides that all changes shall be held to count from the first day of the month next succeeding the date of the Order authorizing such changes, unless some other date is specially named in the Order in Council. As no date is specially named in the Order in Council increasing Mr. Chevrier's salary, such increase should not have begun until October 1. I find, however, that the increase was actually allowed from September 5, the date of the Order in Council. Mr. Chevrier has thus been overpaid \$7.22. Please cause a refund of this amount to be obtained.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, October 29, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 21st inst. respecting the increase of salary granted Mr. F. L. Chevrier, clerk in His Majesty's Customs at the port of Montreal, under Order in Council of September 5, 1901. It has never been considered by this department that the Order in Council dated July 29, 1871, to which you refer, covered increases in salaries and in consequence it has always been the practice of this department in cases where a date is not mentioned in an Order in Council increasing the salary of an officer, to make such increase take effect from the date of the Order in Council. This has been the rule in this department for years past and has never been objected to by you. As, however, you decide in cases where a date is not mentioned in the Order in Council, the increase shall take effect from the 1st of the succeeding month, orders have been given to make such rule effective in this department from this date.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, October 28, 1901.

SIR,—On October 6, 1900, an Order in Council was passed promoting Mr. J. Messier to a clerkship in the Montreal Custom-house and increasing the salary which he had been receiving as tide-waiter from \$550 a year to \$750. The Order in Council

SESSIONAL PAPER No. 1

of July 29, 1871, provides that all changes shall be held to count from the first day of the month next succeeding the date of the Order authorizing such changes, unless some other date is specially named in the Order in Council. As no date is named in the Order in Council increasing Mr. Messier's salary, such increase should not have begun until November 1. I find, however, that he has been paid at the increased salary from the date of the Order in Council, making an over-payment of \$13.98 to Mr. Messier. Please cause a refund of this amount to be made.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 30, 1901.

SIR,—On October 6, 1900, an Order in Council was passed authorizing the increase of the salary of James Russell, clerk and customs appraiser at Pictou, N.S., from \$900 to \$1,100 a year. As no date was specially mentioned in this Order in Council, the increase should, in accordance with the general Order in Council of July 29, 1871, not have taken effect until the first day of the following month. I find, however, that Mr. Russell was paid at the increased rate from October 6, the date of the Order in Council, thus making an over-payment to him of \$13.97. Please have a refund of this amount made at your earliest convenience.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

Telephone for Inspector Clappison, Hamilton.

AUDIT OFFICE, OTTAWA, October 16, 1901.

SIR,—Voucher 4291 for \$65.02, on account of inspection expenses of Mr. T. Clappison for March last, contains a charge for telephone to September 1, 1901. Upon reference to the sub-voucher I find that it was made out by the company for the services of telephone at Mr. Clappison's residence and has been changed by him to read at his office, 576 Main street. Please inform me if Mr. Clappison has an office in the Custom-house building, and, if so, is it the intention of your department to pay for a telephone at his residence in addition to the ones used in the Dominion building.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, November 2, 1901.

SIR,—Referring to your letter of the 16th ultimo, in the above matter, I have to state that Inspector Clappison's office is at his residence, 576 Main Street, Hamilton, and he does not occupy any office in the Custom-house, nor is there any room available for his office in the Custom-house. The telephone in question is used on the recommendation of the chief Inspector of Customs to facilitate and expedite the transaction of customs business.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

Payment for Services rendered in 1894.

AUDIT OFFICE, OTTAWA, June 27, 1901.

SIR,—I am in receipt of your letter of the 8th instant asking for the issue of cheques in favour of Messrs. Jas. Gibson and T. H. Mann for services performed by Mr. Gibson in 1894. Before issuing these cheques I would like to be informed as to the nature of the services, the reasons for withholding payment since 1894 and why it is necessary to have a cheque for part of the account drawn in favour of a person who is not a creditor of the Government. Please send the file of vouchers also.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, July 10, 1901.

SIR,—Referring to your letter of the 27th ultimo, respecting the issue of cheques in favour of Messrs. James Gibson and T. H. Mann, the application is in accordance with a special vote of the last session of Parliament, which reads as follows, viz. :—

Schedule 'A,' Collection of Revenue—Customs—James Gibson for services as Customs Officer at Windsor, Ont., for 360 days ending March 29, 1894 (subject to T. H. Mann's claim of \$279.21 for advances on collector's order to James Gibson), \$340.

The services rendered by Mr. Gibson was that usually rendered by a Customs landing-waiter. There was no appropriation to pay the salary heretofore. There is no voucher in this case, as the officer was not paid by the department for the period covered by this vote. I inclose report from S. W. McMichael, Chief Inspector of Customs, respecting Mr. Gibson's service. A cheque for \$279.21 is asked to be drawn in favour of T. H. Mann, for the reason that he advanced this amount to James Gibson on the collector's order, and the parliamentary vote provides for Mann's claim of \$279.21.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

CUSTOMS, TORONTO, March 16, 1894.

SIR,—I beg to draw your attention to the unfortunate circumstances connected with the employment of Gibson and Kilroy in the Windsor customs. For about a year past these two men have been working, Gibson at the head office and Kilroy at the Windsor ferry without pay from the department. I believe that about a year ago a letter was received by the collector from the department stating that the services of these two officers should be dispensed with, but owing to some circumstances which I am not able to explain *this order was not carried out* and the men have been allowed to remain on duty as above stated in the hope and with the assurance, as I have been given to understand, that they would eventually be regularly employed and receive payment for the services rendered during the past year. As both men were penniless and have families the collector has assisted them by endorsing their notes to various merchants from whom they have purchased necessities of life to the extent of \$400 for each, and I believe recently had to pay the notes, so that he is out of pocket to the extent of something over \$800, and the men are still on duty as acting officers. Gibson was formerly in the service at Windsor for a number of years and owing to his irregular habits was suspended at various times and finally dismissed from the service. Since his dismissal he has reformed and his habits are at the present

SESSIONAL PAPER No. 1

time all that could be desired. He is a capable officer. Kilroy was also formerly employed as a temporary officer and his services were dispensed with, I believe, on the ground that there was sufficient staff to perform the work without assistance. Kilroy is a capital officer and all that he does is well done. He has rendered good service at the ferry office. In my opinion the staff at the port of Windsor will require to be increased somewhat at an early day. There are at present only two officers on duty at the Michigan Central Railway and two at the Canadian Pacific Railway. Each of these officers is compelled to work twelve hours out of twenty-four, day and night alternately, which I consider too long a tour of duty. I respectfully submit that there should be three officers at each of these stations.

I am, sir, your obedient servant,

The Controller of Customs, Ottawa. S. W. McMICHAEL, *Financial Inspector*.

Definition of Term, Preventive Officers.

AUDIT OFFICE, OTTAWA, June 4, 1901.

SIR,—I notice that from time to time officers are appointed to the outside service of your department under the title of *preventive officers*. I find that this term is used in subsection 2 of section 37 of the Civil Service Act where it is enacted that inspectors, collectors and preventive officers in the Customs Department may be appointed without examination, but I do not find the term used in the list of officers enumerated in schedule 'B' of the Civil Service Act, nor in the salary scale. Kindly let me know what officers are included under this term and your authority for your interpretation of the term.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 27, 1901.

SIR,—Referring to your letter of the 4th instant respecting the appointment of preventive officers in the Customs service, this department applies the term 'preventive officer' to all such officers as are appointed by Order in Council under this title, as provided in subsection 2 of section 37 of the Civil Service Act. Preventive officers are usually assigned by the Minister (as authorized by section 5 of the Customs Act) to such customs service requiring attention as the officer is deemed capable of performing.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

Re Collector's Bank Account.

AUDIT OFFICE, OTTAWA, April 22, 1901.

SIR,—The present practice is, that many of the collectors deposit, some every four days and some every eight days, to credit of their 'Collector's Bank Account,' and withdraw the amount and deposit it the same day to credit of Receiver General.

If the receipts amount to \$25 a deposit should be made each day. If the receipts do not call for a deposit but once a week, it should be made direct to credit of Receiver General.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—Referring to your letter of April 22 in this matter, the printed instructions to collectors on the back of the bank statement in your hands, require that 'collectors depositing to the credit of the Receiver General every two or four days or weekly will deposit their collections in the bank daily, if they amount to \$25 or over.'

Copies of letters will be found attached to the bank statements calling the attention of collectors to the fact when the rules were not observed.

At present the requirements as to deposit when the receipts amount to \$25 is well observed.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, April 23, 1901.

SIR,—The cheques furnished to this office, drawn against the collector's bank accounts, are signed by the collector only. This would indicate that the funds are deposited to his sole credit.

It is the general practice that credits are made out in favour of two officials, and the cheques issued require the signature of both.

Collector's bank accounts should be treated in the same way. The deposits should be made to the joint credit of the collector and some other officer of the port, and the cheques signed by both.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of April 23, respecting the deposit of funds to the sole credit of the collector, and suggesting that the cheques issued require the signature of two officials.

This matter has been carefully considered in conference with the inspectors, and it is not deemed practicable to carry into effect the rule suggested as to the signing of cheques by two officials in the outside customs service. The collector is responsible as the officer at the head of the port and is under special bonds to account for the moneys which he receives. The customs service is widely scattered and at many ports the collector is the only inside officer always available to sign cheques.

I cannot recollect any case of default in the customs service in recent years which would have been prevented by the signature of a customs officer to the cheques in addition to that of the collector.

The Auditor General.

I am, sir, your obedient servant,
JOHN McDOUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, June 10, 1901.

SIR,—I have your letter of the 4th inst., in reply to mine of April 23, in reference to cheques issued by collectors.

You state that it is not deemed practicable to have two officers sign cheques, as at many ports the collector is the only officer always available. This reason does not, of course, apply at the larger ports, and no other is raised in your letter.

Receiver General's cheques and letter-of-credit cheques are signed by two officials and it seems to me desirable that cheques issued by collectors should be signed by a second officer, where such is available.

The varied sources from which a collector receives funds, especially at a large port, renders it more desirable that two officers should sign.

The practice is in operation at the port of Ottawa.

I have to ask for your further consideration of the matter.

The Commissioner of Customs.

I am, sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

Re Collector's Bank Account, Port of Toronto.

AUDIT OFFICE, OTTAWA, April 20, 1901.

SIR,—Details should be furnished each month of the balance on hand in the collector's bank account, showing the cheques outstanding, the deposits made and not refunded nor disposed of, the balance of contingencies advance, the balance of the salaries cheques, if any, and any other items that affect the account.

Would it not be advisable to transfer to Casual Revenue any deposits or balances remaining in this account for, say, two years?

The Commissioner of Customs.

I am, sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—Referring to your letter of April 20 in the above matter, it does not appear advisable to transfer to Casual Revenue any deposits or balances remaining in this account for, say, two years, as the deposits are held merely as *security* for the due entry of perishable goods (such as fruits) delivered on arrival, from time to time, in advance of formal entry which is subsequently made within the brief delay permitted.

The full *details* of outstanding cheques, outstanding deposits, &c., for the port of Toronto, have not been furnished each month in the past, owing to the pressure of work on the port staff, but such details are furnished for the month of June in each year.

It is proposed, however, to have this information furnished monthly after July 1 next.

The Auditor General.

I am, sir, your obedient servant,
JOHN McDOUGALD, *Commissioner*.

SESSIONAL PAPER No. 1

Re Collector's Bank Account, Port of Hamilton.

AUDIT OFFICE, OTTAWA, April 22, 1901.

SIR,—Part of the balance at the credit of the collector's bank account, Hamilton, on December 31 last, is composed of a number of deposits made in 1892 and nearly every year since, on account of perishable goods. Why should these amounts not be transferred to Customs or Casual Revenue ?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—Referring to your letter of April 22 in the above matter, the deposits on account of perishable goods are not customs revenues, but amounts held temporarily as *security* for the due entry of goods delivered in advance of formal entry, as explained in my letter respecting the port of Toronto.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

Re Collector's Bank Account, Port of Montreal.

AUDIT OFFICE, OTTAWA, April 20, 1901.

SIR,—The collector of the port of Montreal gives only a summary of his bank account. A detailed statement is needed, and I have to request you to have it furnished.

A detailed statement of the cheques issued for refunds is now furnished. This will not be required when the bank account is given in detail.

There is a considerable number of the collector's cheques, issued since the beginning of the present fiscal year, yet outstanding. A list of all outstanding at the end of each month should be furnished, giving the number, date and amount.

With each return a statement is needed, showing how the balance on hand at the end of the month is made up.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—Referring to your letter of April 20 in this matter, the statement for June in each year gives the information called for.

It has not been practicable to have the detailed information furnished monthly heretofore, as the collector's bank account includes transactions of the Harbour Commission, pilotage, dues, &c.

It has been arranged, however, with the inspector that from July 1 next, the collector's account is only to cover revenue and expenditure audited by this department, and after that date the information referred to in your letter will be given in the bank statement monthly.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

Re Collector's Bank Account, Port of Winnipeg.

AUDIT OFFICE, OTTAWA, April 26, 1901.

SIR,—The practice in reference to outstanding letter-of-credit cheques is, that any cheques outstanding twelve months after the fiscal year in which they were issued, are transferred to credit of casual revenue.

The same practice should be followed with collector's cheques outstanding.

There are some outstanding at Winnipeg, dated in 1897, 1898 and 1899.

There are also some deposits made as far back as 1893, 1894, 1896 and 1897, for immediate delivery of fruit. Are these deposits still held for current transactions ?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—Referring to your letter of April 26 in this matter, the outstanding cheques in question have been the subject of correspondence with the collector, and it appears that the original cheques were lost. Duplicate cheques will be issued as soon as the required bonds of indemnity have been approved by the Department of Justice.

The outstanding deposits on fruits, being held only by way of security for current transactions from time to time, are not treated as customs revenues.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDUGALL, *Commissioner*.

Re Inspection of Ports.

AUDIT OFFICE, OTTAWA, March 28, 1901.

SIR,—Referring to previous correspondence in connection with inspection of ports and a copy of each inspector's report being furnished to this office, I have again to ask your further consideration of the subject.

I have had no reply to my letter of August 17 last.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

Re Customs Drawback : Bertram Engine Works.

AUDIT OFFICE, OTTAWA, April 16, 1901.

SIR,—I yesterday received an Order in Council, dated the 9th instant, authorizing a refund of \$4,320.55 to the Bertram Engine Works Co. for drawback of duty paid on articles used in vessels built and registered in Canada.

Three of these vessels were built in 1895, four in 1896, one in 1897, three in 1898 and one in 1899. The Order in Council of July 19, 1897, provides that all claims for drawbacks must be made within six months from the date of registration. The present order assigns no reason why this provision has been suspended in this instance. When an Order in Council is passed affecting the provisions of a former general order still in force, particular reference should be made to it.

I may point out that this is a payment for which I requested in my letter of June 27 last that direct application should be made to this office.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

SESSIONAL PAPER No. 1

CUSTOMS DEPARTMENT, OTTAWA, June 5, 1901.

SIR,—Referring to your letter of April 16 in the above matter, I have to state that the vouchers and particulars of claim are now being forwarded to the Audit Office.

It will be observed that the claim has been established in the usual form, and that the drawback was allowed at the rate in force at the time of the registration of the vessels.

The payment was made as authorized by a special Order in Council, under the provisions of the Customs Act, all the vessels having been registered within six years from the date of the order.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Customs Revenue.

AUDIT OFFICE, OTTAWA, April 30, 1901.

SIR,—The Customs Revenue, as shown by the Public Accounts, does not in all cases agree with the figures shown in the Trade and Navigation Report.

The figures in the former case are based on the cash that has been remitted or deposited by collectors and brought to account; the figures in the latter case are made up from returns furnished by collectors to the Statistical Branch.

The differences are small, but it would be much more satisfactory if there were none.

In every case where there is any difference, the Public Accounts show a larger amount than the Trade and Navigation Reports, both in the year 1899-1900 and the year previous, and possibly other years.

Please explain the cause of the differences at the following ports :—

	Trade and Navigation.	Public Accounts.
Fort Erie	\$ 370,886 25	\$ 371,047 60
Toronto	5,363,816 19	5,366,726 06
Montreal	9,136,377 02	9,141,577 00
Halifax	1,252,067 65	1,253,615 11
St. John	897,659 20	898,117 42
Vancouver	841,253 60	842,285 27

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, May 27, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ultimo, respecting differences in the Customs Revenue figures shown in the Public Accounts and those in the Trade and Navigation Report.

The figures for 'Customs Duties' are the same in the Public Accounts and in the Trade and Navigation Report of 1899-1900, in respect of the following ports referred to in your letter, viz., Fort Erie, Toronto, Montreal, Halifax, St. John and Vancouver.

As to the difference between the published reports in the statements of 'other revenues' (not Customs Duties), the revenues from seizures are not included in Statement No. 1, Customs Duties, &c., of Public Accounts, but are included in the Trade and Navigation tables under the head of other revenues.

Part of the revenue from 'Chinese Immigration,' which is entered in the Public Accounts, was collected through the Department of Trade and Commerce, and therefore does not appear as 'other revenues' in the Trade and Navigation tables.

Care will be taken in comparing the statements of Customs Duties and other revenues for 1900-1901, before being published by the Customs and Finance Departments respectively.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Customs Refunds, Windsor and Annapolis Railway.

AUDIT OFFICE, OTTAWA, March 28, 1901.

SIR,—I have to ask for the papers in connection with all the customs entries passed by the Dominion Atlantic Railway at the port of Kentville during the quarter ended September 30, 1895.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, May 27, 1901.

SIR,—Referring to your letter of March 28, 1901, respecting the papers in connection with the customs entries passed at the port of Kentville during the quarter ended September 30, 1895, in the above matter, I can find no further papers in this department relating to the claim, beyond those forwarded to you along with the claim.

The customs entries filed in this department are retained for three years after the passing of the entry, being then cut up and sold as waste paper.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—In September, 1899, you refunded to the Dominion Atlantic Railway \$32,533.22 customs duties paid between July 1, 1895, and October 14, 1898, on material imported for the branch of the road formerly known as the Windsor and Annapolis Railway.

Was it stipulated in the agreement for the arbitration that the company should be refunded all duties paid up to the date of the payment by the Government of the award?

The entry papers are certified by the superintendent of the railway to the effect that the goods specified are for the sole use of the section of the road formerly known as the Windsor and Annapolis Railway. What steps did you take to verify this statement? There are entries for bridges and bridge material. Did you call on the company to state where these bridges were erected?

Many of the entries are for folders, pamphlets, guide books, &c. What evidence had you that these were not for the use and benefit of the whole road?

SESSIONAL PAPER No. 1

Refunds to the amount of \$9,948.33 were repaid in 1895-96. Did this amount all accrue previous to July 1, 1895? \$38.69 was refunded in 1897-98. Had it no connection with this claim?

Direct application should have been made to this office for the payment of this account.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, July 10, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd instant, respecting the sum of \$32,533.22 refunded to the Dominion Atlantic Railway in September, 1899, for customs duties on goods entered between July 1, 1895, and October 14, 1898.

It was stipulated in the reference to arbitration that the company should be entitled to drawback until the payment of the commutation money, and the agreement surrendering the privilege, signed on October 7, 1898, contains the same provision.

The refunds to the amount of \$9,948.33 paid in 1895-96 were wholly on account of goods entered at customs during the quarter ended June 30, 1895. The refund of \$32,533.22 was paid in the same way and under the same form of certificate as in the case of previous refunds to this company, so far as I am aware.

The department accepted the affidavit of the superintendent of the railway as establishing the right of the company to the drawback of duty shown to have been paid, in the absence of any information that would discredit it. Such affidavit would usually be accepted for the free entry of goods under the regulations prescribed by Order in Council.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

Re Warehouse Fees.

AUDIT OFFICE, OTTAWA, June 25, 1901.

SIR,—Last August a clerk sent from this office to inspect the Customs' offices at Halifax, discovered that Messrs. Dillon Bros. were making use of two warehouses, but were only paying fees on one.

When the attention of the collector was drawn to the matter he promised to bill Messrs. Dillon Bros. with the fees on the other warehouse. Please explain why these fees have not come to account.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, July 10, 1901.

SIR,—Referring to your letter of the 25th ultimo, respecting fees on one of the customs warehouses of Dillon Brothers, Halifax, the collector reports that he made a demand for the fees in August last, but the surviving partner refused payment.

The collector thereupon gave instructions that no more goods should be warehoused there.

The question of collecting the fees due is now receiving the further attention of the collector.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

CUSTOMS DEPARTMENT, OTTAWA, July 25, 1901.

SIR,—Referring to your letter of the 25th ultimo, respecting fees on one of the customs warehouses of Dillon Brothers, Halifax, the Collector of Customs at Halifax reports that the warehouse fees in question (\$60) were paid on the 17th instant.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Port of Vancouver : Payments to Staff for Overtime.

AUDIT OFFICE, OTTAWA, April 22, 1901.

SIR,—Deposits are made to the credit of the collector's bank account, port of Vancouver, for overtime, and the receipts are distributed among the staff. \$2,924 was collected during the six months ended December 31, 1900. The total salaries of the staff in 1899-1900 was \$4,640.

When and under what circumstances was this practice commenced? Is it in operation at any other port? What are the rates charged, and on what principle are the proceeds divided?

\$576 was collected in August last, and only \$554 was distributed; how was the balance disposed of?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, April 27, 1901.

SIR,—With reference to your letter of the 22nd instant, in the above matter, I send you herewith circular No. 48, being copy of Order in Council of July 17, 1858, under which system of payments for extra service was in operation in the old province of Canada.

The system appears to have been continued, as provided for under above Order in Council, from 1867 down to December 2, 1895, when an Order in Council dealing with the matter was passed, as per Memo. 791B, inclosed. The practice has been in operation at all ports at which extra services as authorized under said Memo. 791B have been required.

The difference between the sum of \$576 collected for this service at Vancouver in August last and \$554 distributed, is accounted for by the sum of \$22 paid by cheque No. 332 to F. J. Physick, for services in July in supervising bottling of goods in bond. The services were performed in July, but payment was only made by the company in August, which facts appear to have escaped the notice of the officials of the Audit Office.

SESSIONAL PAPER No. 1

The total salaries of the Vancouver customs staff, including temporary officers and exclusive of extra services payments, in 1899-1900, were over \$24,000.

The proceeds for extra services are divided among the officers according to the 'extra service' performed by each.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—I have received your letter of April 27, *re* payments to staff at port of Vancouver for overtime, and inclosing copies of two Orders in Council in reference thereto.

It is provided by the latter of these orders that the collector shall make special returns to the Customs Department monthly, on the forms provided. Please let me have the returns from Vancouver for July last.

You state the proceeds for extra services are divided among the officers according to the 'extra service' performed by each. How do you account for ten of the staff invariably drawing the same amount each month?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, July 30, 1901.

SIR,—Referring to your letter of the 2nd instant, in the above matter, I send you herewith the return for extra services at the port of Vancouver for July, 1900.

There is an arrangement at Vancouver to divide the extra work equally among the landing-waiters, and the money received from vessels, railways, &c., for such extra services of landing-waiters is divided equally among them.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner.*

Re Port of St. John : Payments to Staff for Overtime.

AUDIT OFFICE, OTTAWA, May 2, 1901.

SIR,—It is provided by the Order in Council of December 2, 1895, that all moneys paid for extra services on any account, shall be paid to the collector who shall receipt for same, deposit them in the bank to the credit of his special or contingent account, and pay them over by his official cheque to the officers who have earned them.

The collector's bank account, port of St. John, N.B., does not show any deposit for overtime or payments made to the officers for that service. Please explain.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, June 4, 1901.

SIR,—Referring to your letter of the 2nd ultimo, in the above matter, the collector at St. John has been instructed that the moneys for extra services must be de-

posited in the bank to the credit of the collector and payments made therefrom by his official cheque, as provided by Order in Council of September 2, 1895.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Customs Seizures : Distribution to Informers.

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—On Order in Council dated January 25, 1900, provides that payments made for information, when the informer's name is not disclosed to the department, shall in all cases be certified by the collector or inspector, and be attested to by the person receipting for the award on the distribution sheet.

To carry out the intent of this order, I observe that you have had a form prepared—No. K-31A, containing blank declaration and certificate. Please explain how the collector or inspector is to acquire the information to enable him to make such a certificate. Is the payment to the informer made in his presence? How could he otherwise certify?

Have you any regulation limiting the time before which the informer must be paid and the declaration furnished? Do collectors or inspectors keep record of the advances made to officers for informer's share, and watch that a declaration of payment is furnished for each case or the money refunded?

The advances made for informer's share for the six months ended December 31 last amounted to \$8,810.71. No declarations have been furnished for \$6,477.65 of this amount, of which \$2,390.91 was advanced to Inspector F. L. Jones, and \$2,648.76 to F. S. Belton of special branch.

I have to ask your special attention to this expenditure.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, *A.G.*

CUSTOMS DEPARTMENT, OTTAWA, July 10, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd instant, in the above matter.

Under the seizure regulations, the informer's name is to be withheld, if he desires it, and the award is paid for him to the officer, the department being relieved of responsibility when the informer's name is not disclosed. The informer's name must, however, be disclosed confidentially to the collector or inspector, who can accordingly certify as to payments made to him. The requirement of a declaration as to payment to the informer has been considered as applying only to seizures made since the date of the Order in Council of February 2, 1900, the receipt of the seizing officer being accepted in respect of seizures prior to February 2, 1900, for the informer's share when the name is not disclosed. In respect of the informer's share for the six months ending December 31, 1900, referred to in your letter, for which no declarations have been furnished, the distribution applied only to seizures made prior to February 2, 1900. In respect of all awards 'for information' made since July 1, 1901, where the informer's name is not disclosed, it is required that the certificate of the collector or inspector for payments be returned to the department along with the distribution sheet within sixty days.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Arrears due.

AUDIT OFFICE, OTTAWA, June 1, 1901.

SIR,—In the statement of arrears due June 30, 1899, appear the following :—

Peterborough—C. H. Clementi.....	\$3,889 51
Port Hawkesbury....	68 27

These amounts do not appear on the statement of arrears due June 30, 1900.
How were they settled for ?

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 7, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 1st inst., respecting arrears on June 30, 1899, due by Mr. C. H. Clementi, of Peterborough, and the ex-collector of Port Hawkesbury, and asking how these amounts were settled for, as they do not appear on the statement of arrears of this department on June 30, 1900.

The arrears due by Mr. Clementi, \$3,889.51, was made up of \$2,821.35 Customs Revenue, and \$68.16 Steamboat Inspection Fees, and under the authority of Order in Council No. 1334 of May 24, 1900, the amount of \$1,000 was accepted in settlement of the claim by the department for the balance due.

With respect to the arrears of \$68.27 at Port Hawkesbury I would state that the amount was Sick Mariners Dues, and as the accounts of that revenue were transferred from this department to the Department of Marine and Fisheries on July 1, 1899, the arrears referred to will no doubt be shown on the statement furnished you by the Department of Marine.

On September 26, 1900, I transmitted to the Deputy Minister of Marine and Fisheries a statement of arrears on account of Steamboat Inspection Dues and Sick Mariners Dues, and the amount referred to was included in such statement.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, July 5, 1901.

SIR,—You state in your letter of June 7 last, that under authority of an Order in Council, \$1,000 was accepted in settlement of \$3,889.51 due by Mr. C. H. Clementi, formerly collector at Peterborough, and in consequence the balance was dropped from the statement of arrears due.

There is no parliamentary authority, so far as I am aware, empowering Council to write off or compound any amount due the Government. If such a course is deemed advisable, it requires the sanction of Parliament ; and in the meantime the balance due should remain in the list of arrears.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

Re Bounty on Iron and Steel.

AUDIT OFFICE, OTTAWA, April 16, 1901.

SIR,—There was paid through your letter-of-credit to the Hamilton Steel and Iron Co. in December last \$11,798.55 ; and in January, \$13,422.18.

I have to request that in future for all payments of bounty on iron and steel, direct application be made to this office.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 23, 1901.

SIR,—I wrote you April 16 last referring to certain payments for bounties which had been made through your letter-of-credit, and requesting that in future for all payments of bounty on iron and steel, direct application be made to this office.

I have received a letter from the Nova Scotia Steel Co. stating that they have been instructed by your department to make out applications for bounty direct to me.

Such a procedure would be contrary to the principle, now well established, of departmental control of, and responsibility for, all expenditure. It certainly was not contemplated by me and I regret if the wording of my letter led you to think so.

You will please direct the company to make their applications to your department as usual. When an application is examined and approved in your department please forward it to this office with the customary application for payment.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 6, 1901.

SIR,—I have the honour to acknowledge the receipt of your letters of April 16 and May 23, in the above matter, and note contents.

I am awaiting advice respecting changes in the regulations proposed to come into effect on July 1 next.

As soon as I know definitely regarding these changes I will communicate with the manufacturers, so as to have their claims for bounty settled to the end of June through this department. Any bounty claims you receive can be transferred to this department meanwhile.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDUGALL, *Commissioner.*

AUDIT OFFICE, OTTAWA, June 7, 1901.

SIR,—I am sending you herewith an application from the Deseronto Iron Company, Ltd., for the payment of the bounty on pig iron manufactured during the month of May.

The amount of Canadian ore used (8 tons) is remarkably small. Is there any regulation in reference to the respective quantities of Canadian and foreign ore that may be used ?

I remain, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDUGALL, A.G.

CUSTOMS DEPARTMENT, OTTAWA, June 11, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th instant, inclosing claim of the Deseronto Iron Company for drawback on pig iron.

There is no regulation in reference to the respective quantities of Canadian and foreign ores that may be used in the manufacture of pig iron entitled to bounty. The rate, however, on the proportion from foreign ore is only \$2 per ton, while \$3 per ton is payable on the proportion from Canadian ore.

I remain, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Retirement Fund.

AUDIT OFFICE, OTTAWA, February 7, 1901.

SIR,—I have received your application of January 31 for a payment to Mrs. Celina St. Jacques of the amount in the Retirement Fund at the credit of her late husband, D. St. Jacques, of the Customs, Montreal.

The provisions of the Retirement Act, 61 Vict., chap. 17, sec. 9, in reference to the case of any person dying in the service, is that the amount at his credit shall be paid to his legal representatives. In view of this specific direction, the Treasury Board Minute of June 19, 1888, cannot be utilized.

As long as the Act remains as it is now, there is no recourse other than to have payments made to the legal representatives.

I am returning your application.

I remain, sir, your obedient servant,

The Commissioner of Customs.

Re Silver Coinage.

AUDIT OFFICE, OTTAWA, August 16, 1901.

SIR,—I have to ask for an explanation of the large increase in the charges of the Canadian Express Company on the transport of silver from the Royal Mint in England to the several Assistant Receivers General in Canada.

On the last four importations the charges were as follows :—

	Mar., 1900.	Sept. 19, 1900.	Oct. 11, 1900.	July 19, 1900
To Halifax.	10s. 6d.	16s. 6d.	15s. 6d.	17s. 6d.
St. John	10s. 6d.	17s. 6d.	17s. 6d.
Montreal	12s. 6d.	12s. 6d.	17s. 6d.	17s. 6d.
Toronto.	13s. 6d.	13s. 6d.	18s. 6d.	18s. 6d.

The rate to Halifax and St. John was the same, 10s. 6d., 2s. less than to Montreal. In July, 1901, it is 17s. 6d., the same as to Montreal. In October, 1900, 15s. 6d. was the charge to Halifax, and 17s. 6d. to St. John.

The increase in the charges of the Dominion Express Company are much less than the Canadian. They are as follows :—

	Feb., 1900.	July, 1901.
To Winnipeg	32s.	35s.
Victoria	47s.	50s.

I inclose five vouchers covering the charges above referred to, which please return when you are through with them.

I am, sir, your obedient servant,

The Acting D.M.F.

JOHN GORMAN, *for A.G.*

DEPT. OF FINANCE, OTTAWA, August 31, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst., relative to the charges by the express companies on the transfer of silver from the Royal Mint in England to the several Assistant Receivers General in Canada, and in reply I beg to say that the matter will be inquired into. In the meantime I return the vouchers sent with your letter.

I am, sir, your obedient servant,

The Auditor General.

W. D. ROSS, *Acting D.M.F.*

Re Copper Coinage.

AUDIT OFFICE, OTTAWA, August 16, 1901.

SIR,—The charges for transport of the last four lots of cents from the Royal Mint to the several Assistant Receivers General in Canada, are as follows :—

	Nov., 1899.	Feb., 1900.	Oct. 1900.	June, 1901.
To Halifax	40s.	40s.	72s. 6d.
St. John.	70s.	40s.	72s. 6d.
Montreal.	70s.	70s.	72s. 6d.	72s. 6d.
Toronto	80s.	80s.	82s. 6d.	82s. 6d.

The large increase in the rates to Halifax and St. John, as compared with the increase in the rates to Montreal and Toronto, seems to call for some explanation. The charge of 70s. to St. John in November, 1899, is evidently an overcharge.

I inclose four vouchers, which please return when you are finished with them.

I am, sir, your obedient servant,

The Acting D.M.F.

JOHN GORMAN, for A.G.

DEPT. OF FINANCE, OTTAWA, August 31, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst., relative to the charges for transport of copper coinage from the Royal Mint to the several Assistant Receivers General in Canada, and in reply I beg to say that the matter will be inquired into. In the meantime I return the vouchers sent with your letter.

I am, sir, your obedient servant,

The Auditor General.

W. D. ROSS, *Acting D.M.F.*

DEPT. OF FINANCE, OTTAWA, September 6, 1901.

SIR,—Since my return to Ottawa I have been examining into the correspondence of the department, and I find two letters from your office, dated the 16th August, respecting the charges for freight on copper and silver coinage.

In the letter respecting copper coinage, I find this remark: 'The charge of 70s. to St. John in November, 1899, is evidently an overcharge.'

May I ask what examination is made into the several vouchers to enable your office to make this remark?

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *D.M.F.*

AUDIT OFFICE, OTTAWA, September 17, 1901.

SIR,—In reply to your letter of the 6th instant *re* charge of 70s. for freight on copper coin to St. John, I may say that this seemed an overcharge for the following reasons:—

(1.) The charges on copper coin to Halifax and St. John had, previously, been invariably the same.

(2.) The charge to Halifax in the same voucher was 40s.

(3.) In a subsequent shipment (February) the charge was 40s. to both places.

(4.) The charge to Montreal in the same voucher (November, 1899), and again in February, was 70s.

As the shipment in question was per ss. *Parisian* to Halifax and Portland, the coin for St. John, if not also that for Montreal and Toronto, would be landed at Halifax. In that case something additional to the 40s. charged to Halifax would be added for the carriage to St. John; but surely not so much as for the Montreal lot.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

Insufficient Information on Account for Purchase of a Watch.

AUDIT OFFICE, OTTAWA, July 23, 1901.

SIR,—I notice in your recent expenditure a payment to Henry Birks & Son, Ottawa, of \$21.60 for a 'Gentleman's Gunmetal O. F. watch.' Vouchers for purchases of this nature should contain full catalogue or trade descriptions, to enable the price to be checked by those who have not seen the articles. Please have this omission rectified in the present instance. The certificates 'Watch received, price fair and just,' are signed by the initials 'C. O. S.,' probably Mr. C. O. Senecal. The full signature should be made for certificates. Please mention the officer for whom the watch was purchased.

I am, sir, your obedient servant,

FREDERICK HAYTER, for A.G.

The Director and Deputy Head, Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, August 7, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of July 23, with reference to the purchase by this department of a watch from Henry Birks & Sons, Ottawa.

Mr. C. O. Senecal, of this department, who is now engaged on a special survey of certain lines in Nova Scotia, required an accurate watch for his work and purchased the one in question. A copy of your letter with Messrs Birks' account were sent him. On the account he has noted as full a description as possible of the watch, as well as completed his signature for its receipt. On Mr. Senecal's return from Nova Scotia, the watch, the case of which is engraved 'G. S. C., 13,' could be examined here, or would be sent you for examination and value should you so desire.

I am, sir, your obedient servant,

J. F. WHITEAVES, *Acting Director.*

The Auditor General.

Insufficient Certificates on Vouchers.

AUDIT OFFICE, OTTAWA, July 26, 1901.

SIR,—I return herewith, on account of insufficient certificate, three vouchers in favour of the Peterborough Canoe Co. for canoes and paddles furnished for the Geological Survey. Two of these vouchers are certified 'per Dr. Bell's order, prices fair and just;' the third is certified 'Dr. Bell's order, prices as per agreement.' None of these certificates, however, are signed, and therefore they are of no value.

The certificate 'prices as per agreement' is inadmissible, as the purchaser and seller might easily agree on a price which might be far from fair and just. The certificate as to prices should in all cases be 'prices fair and just,' unless the goods are supplied under a formal contract let by public tender, when the certificate should read: 'prices according to contract.' I would also point out that in the present case there is no definite certificate as to the receipt of the goods. Kindly have the proper certificates supplied.

I am, sir, your obedient servant,

FREDERICK HAYTER, for A.G.

The Acting Director, Geological Survey.

SESSIONAL PAPER No. 1

GEOLOGICAL SURVEY, OTTAWA, July 30, 1901.

SIR,—I am in receipt of your letter of the 26th instant returning three vouchers of Peterborough Canoe Co., in order that certificates required under section 33 of the Audit Act may be entered thereon. I may state I found much difficulty in securing good canoes suitable for our work, and had two of those purchased sent to Mattawa direct, to save freight charges here. I inclose the vouchers with the required certificates.

I am, sir, your obedient servant,

ROBERT BELL, *Acting Deputy Head and Director.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 26, 1901.

SIR,—In going over the vouchers for your expenditure during the past fiscal year I find that in a number of cases the certificates thereon are not strictly in accordance with the requirements of section 33 of the Audit Act. That section prescribes two definite certificates, viz.: (1) that the goods have been supplied or the work performed; and (2) that the prices charged are according to contract or are fair and just. The certificate 'prices according to contract' should only be used when a formal contract has been entered into under public tender. The two certificates referred to need not necessarily be made by the same official, but should be made by those having personal knowledge of the transactions. Every person making a certificate should sign his name in full, the mere initials being insufficient.

I find that your vouchers are deficient in the following respects :—(a) In a number of vouchers there is no certificate whatever, either as to receipt of goods or as to fairness of price; (b) In other cases there is no certificate as to performance of work or receipt of goods; (c) In other cases the words 'certified correct' are used; this is manifestly indefinite and is not sufficient; (d) In some five cases the certificate 'charges as per agreement' is given; this is unsatisfactory, as I have pointed out to you elsewhere; (e) In a number of cases the certificate is supported by the initials only of the certifying officer instead of by his full signature. I append lists of the various unsatisfactory vouchers under the above heads. Kindly see that in future the greatest of care is taken to have the certificates strictly in accordance with the requirements of section 33 of the Audit Act.

I am, sir, your obedient servant,

FREDERICK HAYTER, *for A.G.*

The Acting Director, Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, July 30, 1901.

SIR,—I am in receipt of your letter of the 26th inst. drawing my attention to certain vouchers sent from this department to you, which do not bear a certificate in exact wording of section 33 of the Audit Act. While all the accounts mentioned are correct, and the prices fair and just, I shall in future see that all accounts have the certificate in the correct wording, before payment is made.

I am, sir, your obedient servant,

ROBERT BELL, *Acting Deputy Head and Director.*

Insufficient Information on Accounts for Plotting.

AUDIT OFFICE, OTTAWA, July 26, 1901.

SIR,—Voucher No. 6372 is for payment of \$33.75 to A. Cameron for 'plotting survey of 1900 for the Nova Scotian series of maps, as per agreement.' Vouchers 6263 and 6373 cover a payment of \$263.68 to M. H. McLeod also 'for plotting surveys of 1900 for the Nova Scotian series of maps, as per agreement.' Both these accounts are certified to by Mr. Hugh Fletcher. No calculations are shown as to how these odd amounts are arrived at, but evidently some arrangement must have been made with these gentlemen under which they were to be paid at a certain rate either for the time employed or for the work performed. Kindly let me know the basis of calculation.

I am, sir, your obedient servant,

FREDERICK HAYTER, *for A.G.*

The Acting Director, Geological Survey.

SESSIONAL PAPER No. 1

GEOLOGICAL SURVEY, OTTAWA, August 7, 1901.

SIR,—Having reference to your letter of July 26, relative to payments to Mr. A. Cameron and Mr. M. H. McLeod for plotting surveys of 1890 for the Nova Scotia series of maps, I herewith inclose a copy of a letter from Mr. Hugh Fletcher, to whom your inquiry was referred, in which he states the basis upon which both payments were made.

I am, sir, your obedient servant,

J. F. WHITEAVES, *Acting Director*.

The Auditor General.

SPRINGHILL, N.S., August 1, 1901.

DEAR MR. MARSHALL,—In reply to your letter of July 29, in reference to a letter from the Auditor General about vouchers Nos. 6372, 6263 and 6373, I may state that the basis of calculation is that two full days field-work require one day's plotting. Thus McLeod had 103 days, for which he was paid at his usual rate of \$2.56 per diem, or \$263.68. In the case of Cameron, he was, I think, paid for fifteen days, as Faribault paid him \$1.85 = \$27.75 and two weeks board at \$3. Total, \$33.75. Hoping that this explanation will be sufficient.

I am, yours very truly,

HUGH FLETCHER.

Suggested Changes in the Method of Accounting for Petty Cash.

AUDIT OFFICE, OTTAWA, July 29, 1901.

SIR,—I have examined the statements rendered by Mr. T. Burke of your department for expenditure out of petty cash during the past fiscal year. I find that Mr. Burke received during the year nine separate advances of \$25 each and that he rendered four statements of account, roughly speaking, one at the end of each quarter. In my opinion, a preferable way of dealing with the petty cash would be that at the beginning of the year an advance of say \$25 be given which would be amply sufficient to cover all petty cash disbursements for any ordinary month; at the end of each month a statement of the expenditure during that month should be rendered, accompanied by proper vouchers. This statement should be certified by the accountant and approved of by you. The accountant should then issue a cheque out of the letter-of-credit for the exact amount of the statement, thus re-establishing the original advance of \$25 for the following month. At the end of the fiscal year, however, instead of issuing such a cheque, Mr. Burke should deposit to the credit of the Receiver General the unexpended balance in his hands, after which a new advance might be made for the new year. Such monthly statements should be sent me, with the vouchers for the ordinary letter-of-credit expenditure.

I must also point out the necessity for having every item in the petty cash statements supported by a receipt. In analysing last year's payments, I find that out of 176 items there are receipts in only 104 cases. Out of the remaining 72 items there are memos. to Mr. Burke in 43 cases to make payments; these are chiefly for cartage, but are not supported by receipts. There is nothing whatever to show for the remaining 29 cases. Neither the separate vouchers nor the quarterly statements are certified as to prices or receipts of materials. This should be done in all cases.

I am, sir, your obedient servant,

FREDERICK HAYTER, *for A.G.*

The Acting Director, Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, July 31, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th inst. and note your remarks on petty expenditure by Mr. Burke. It is often very difficult to obtain receipts for small amounts expended, in many cases signatures not being obtainable, but in future cases when this occurs the payments will be witnessed. As soon as the amount advanced him on account of the current year will be expended, the plan you suggest shall be followed.

I am, sir, your obedient servant,

ROBERT BELL, *Acting Deputy Head and Director.*

The Auditor General.

Explanation of Payments to and on account of C. C. Bunn, in connection with exploration in Mackenzie district, 1899.

AUDIT OFFICE, OTTAWA, August 3, 1901.

SIR,—The following payments were made by you in connection with the services and expenses of Chas. Bunn, employed by Mr. J. M. Bell on his exploration in the Mackenzie district in 1899 :—

Cheque 6374—Imperial Bank of Canada for C. C. Bunn's draft.....	\$100 25
" 6470—Chas. C. Bunn, in full settlement of all claims for wages, etc.	254 50
" 6470—Jas. McKinley, 32 days' services with self and dog team bringing Bunn from Fort Resolution to Lac la Biche....	96 00
" 6491—Peter Loutet, provisions, &c., supplied C. Bunn.....	19 80
" 6492—B. Hursell, provisions, &c., supplied C. Bunn.....	7 80
" 6493—Hislop & Nagle, board, provisions, &c.....	37 17
" 6494—Hislop & Nagle, board of C. C. Bunn.....	120 00
Total.....	\$635 52

The claims allowed seem to be as follows :—

Wages, April 11 to September 30, 173 days, at \$1.50.....	\$259 50
Half-pay, October 1 to March 31, 182 days, at 75c.....	136 50

Charges on draft.....	0 25

663 25

LESS—Cash and supplies advanced by J. M. Bell and charged in his account. 27 73

635 52

I notice that (although Mr. Bunn's engagement was to cease on the arrival of the party at Fort Providence, which event happened on or about September 30) he was kept on at half-pay for six months longer, his board was paid up to February 27, some Indians received \$35 for taking care of him, and he was provided with transportation to Lac la Biche. Please explain the reasons for these payments. I have also to ask for the particulars of the account of McMullin & McDonald, claimed to have been paid by Mr. Bunn.

I am, sir, your obedient servant,

FREDERICK HAYTER, *for A.G.*

The Acting Director, Geological Survey.

SESSIONAL PAPER No. 1

GEOLOGICAL SURVEY, OTTAWA, August 9, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, in reference to payments in connection with Mr. C. Bunn's services and expenses on Mr. J. M. Bell's exploration in the Mackenzie district.

A declaration made by Mr. Bell on December 31, 1900, before Mr. Harold Jamieson, Almonte, a copy of which accompanied Mr. Bell's statement of expenditure sent you in January last, as well as declarations made by Mr. Bunn before N. D. Beck, Edmonton (copies herewith), set forth the reasons why payment was made by him to March 31. I also inclose a copy of a report of the Indians and missionaries at Forts Resolution and Norman who found and cared for Mr. Bunn.

I am, sir, your obedient servant,
J. F. WHITEAVES, *Acting Director*.

The Auditor General.

CANADA.
NORTH-WEST TERRITORIES.

To Wit :

I, Charles C. Bunn, presently residing in the town of Edmonton, District of Alberta, labourer, do solemnly declare as follows :—

1. That I was engaged at Fort Resolution by Mr. J. M. Bell, of the Dominion Geological Survey Department, on the 11th day of April, 1900, to accompany him and his party as a boatman, labourer and 'all-round man,' at wages at the rate of \$1.50 per day (including Sundays) and provisions.

2. Mr. Bell and his party including myself, left Fort Resolution on April 11, 1900.

3. While working as one of the party I lost my way on the Barren grounds, about four days' travel north of Great Bear lake, during a heavy snow storm, on August 5, 1900 ; on that day I was in company with one Louis Tremblay, a half-breed, who also formed one of Mr. Bell's party ; I had sprained my ankle and was, on that account, unable to keep up with Tremblay, who left me.

4. I was alone and lost from August 5, 1900, as already mentioned, until the 13th of the same month, when I arrived at a camp of Indians to the north-east of Great Bear lake, upwards of thirty days' journey from Fort Norman, on the Mackenzie river, the nearest Hudson's Bay Company's post.

5. At my request, some of the Indians took me to the mouth of Dease river, at Fort Confidence, four days' travel from the Indians' camp, where I hoped to overtake Mr. Bell and his party ; on arriving there, however, a note from Mr. Bell was found, of which a copy is hereto attached, and as mentioned in the note Mr. Bell had left a canoe, trolling-spoon and ten cartridges ; Mr. Bell and his party had, however, then seven days start ; I had no provisions, and I was lame and sick, and quite unable to travel alone. I therefore returned with the Indians to their camp, and I remained with them a few days, when they brought me to Fort Norman, arriving there on September 28, and they having meantime cared for me and fed me.

6. I was detained at Fort Norman and unable to leave there, owing to it then being impossible to travel by canoe by reason of the then advanced season of the year, when ice was forming and running in the river, until December 27, 1900, when in company with Wm. Patton I left Fort Norman for Fort Resolution, where I arrived on February 4, 1901 ; I was so worn out with the journey from Fort Norman to Fort Resolution that, although Wm. Patton was just starting for Edmonton and I might have started out with him had I been well and strong enough, I was through sickness delayed there until February 19, 1901, when I started for Edmonton, arriving there on March 31, 1901.

7. Between the time of my arriving at the Indians' camp on August 13, 1900, and my arrival at Edmonton on March 31, 1901, I have incurred expenses to the amount of \$192.77, the particulars of which appear in the several accounts hereunto attached.

8. From the time I was lost until I reached Edmonton, the nearest point from which I could satisfactorily communicate with the government, I travelled on foot over 1,600 miles, and suffered many and great hardships and privations, which I have thought it unnecessary to detail.

9. I claim to be justly and truly entitled to be paid by the Dominion Government (Geological Survey Department) at the rate of \$1.50 per day (including Sundays) from April 11, 1900, until March 31, 1901, together with such portion of the said several accounts as is properly reckoned as equivalent to board and lodging and travelling expenses, less such balance of account as Mr. J. M. Bell has against me for goods supplied to me, after allowing for use of my dogs for 11 days at \$1 per day, such balance amounting to the sum of \$7 or thereabouts, and less the sum of \$100 received by me on a draft upon Dr. Bell; and under the circumstances, I feel that the government should also make me a further allowance for my maintenance while remaining at Edmonton pending the adjustment and settlement of my claim.

10. I make this solemn declaration conscientiously believing the same to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of 'The Canada Evidence Act, 1893.'

DECLARED before me at Edmonton

aforesaid, this 10th day of
April, A.D. 1901.

(Sd.) CHAS. C. BUNN.

(Sd.) N. D. BECK,

A Notary Public in and for the N.W.T.

NOTE.—The other documents referred to in Mr. Whiteaves' letter of August 9 have not been printed, as the above explains the circumstances of the case.—J. L. McD., A.G.

Apparent Payment of a Customs Official for work done for the Geological Survey.

AUDIT OFFICE, OTTAWA, October 16, 1901.

SIR,—Mr. Geo. F. Matthew was paid during the last fiscal year the sum of \$81.30 for his personal services between July 8 and 28, 1900, being at the rate of \$120 a month; and, in addition, \$61.33 for his expenses on a survey in Cape Breton, between July 9 and 25, 1900. He was also paid \$39.60 for travelling expenses from St. John to Ottawa and return in May, 1901. Kindly inform me whether this is the same Geo. F. Matthew who is a permanent employee of the Customs Department, at St. John, holding the position of Customs Surveyor at a salary of \$1,400 per annum?

I may add that there is a striking similarity between the signature of Mr. Matthew who is employed by you and that of Mr. Matthew who is employed in the Customs Department, and also that the leave of absence of the latter during the month of July, 1900, corresponds with the time during which the former was employed on the survey in Cape Breton.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Director, Geological Survey.

TRIP TO TORONTO, DECEMBER 27-28, 1900.

Telegrams, cabs, tips, &c.	6.30
---------------------------------	------

Please point out to Mr. Sladen that these charges must be given in detail.

It seems remarkable that travelling expense statements in this form should be approved by the Deputy Head of a Department and accepted by yourself, the accounts bearing no evidence that any objection has been made.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Accountant of Contingencies.

AUDIT OFFICE, OTTAWA, November 7, 1901.

SIR,—I have considered the matter of your accounts. Your predecessors, Secretaries to Governors General, have always given details of their expenses and, after thinking the matter over, I do not see why the same thing should not be done by you.

I am, sir, your obedient servant,

A. F. SLADEN, Esq.,
Office of the Governor General's Secretary.

J. L. McDOUGALL, A.G.

GOVERNMENT HOUSE, OTTAWA, November 8, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of yesterday's date, on the subject of my accounts for travelling expenses, and to inform you in reply that I shall have much pleasure in giving as much detail as possible in all future accounts. Since seeing you I have sent in my last account and endeavoured to give full details.

I have the honour to be, sir,
Your obedient servant,

ARTHUR F. SLADEN,
Private Sec'y to the Governor General.

The Auditor General.

AUDIT OFFICE, OTTAWA, November 13, 1901.

SIR,—Replying to your letter of the 8th instant, in which you state that you will give as much detail as possible in all future accounts, I would remind you that this should also be done in the accounts that have been furnished.

I am, sir, your obedient servant,

A. F. SLADEN, Esq.,
Office of the Governor General's Secretary.

J. L. McDOUGALL, A.G.
