Analysis of Coal.

AUDIT OFFICE, OTTAWA, September 17, 1901.

SIR,—I have passed an Application No. 140 for \$3,740.81 in favour of John Heney & Son, on account of coal delivered for Ottawa Public Buildings.

The contract and specification contain the provision that quality must be equal to sample. Please let me know whether steps are taken, by chemical analysis or otherwise, to guard against a supply of inferior coal.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 25, 1902.

SIR,—Let me call your attention to my letter of September 17, 1901, asking for a description of any analytical tests which may have been made of the coal supplied to Ottawa Public Buildings.

We do not seem to have received an answer.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, A.G.

Clinton Public Building : Certificate for Site.

AUDIT OFFICE, OTTAWA, September 13, 1901.

SIR,—Let me acknowledge receipt of an application No. 120, from your department for \$2,500, in favour of the executors of the late Ann Moore, being purchase-price of site for Clinton Public Building.

The only document attached is an extract from Mr. L. F. Taylor's report, as follows :—'Without a doubt the most suitable site for the proposed building is Wiltsie's, marked 'A' on plan. It is situated at the junction of Victoria and King streets, and I would recommend that it be the one selected. I consider that \$2,200 would be a fair price, although the owners might not be inclined to take less than \$2,500 for it, which would be a reasonable figure.'

I do not understand the distinction between a 'fair price' and a 'reasonable price.' Please ask Mr. Taylor to explain. Under section 33 of the Audit Act we can pay only a 'fair and just price.'

I should like to see the full correspondence, and to have some information as to the dimensions of the lot.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS, DEPT. OTTAWA, December 12, 1901.

SIR,—With reference to your letter of September 13 last, on the subject of our application No. 120, for \$2,500, in favour of the executors of the late Anne Moore, being the purchase-price of the site for the Clinton public building, and in which you

SESSIONAL PAPER No. 1

ask that Mr. Taylor explain the distinction between 'fair price' and 'reasonable price,' I am directed to state that Mr. Taylor has been asked to give the explanation you require, and the following is what Mr. Taylor says in the matter :—

'I think the owners of the property should be offered \$2,200, which would be a 'fair price, fair used in the sense of fairly good, but if the owners stand out for \$2,500, 'the government will be getting the property at a price which is fair and just.'

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary*.

PUBLIC WORKS DEPT., OTTAWA, December 17, 1901.

SIR,—In reference to the letter of the Auditor General of September 13, I beg to say that when I examined the property at Clinton, intended for a site for a public building, I was under the impression that if the department could get the property for \$2,200 it would be getting it at a fair price, meaning that the government would be making a good transaction in obtaining that property at that figure. I observed further, however, that if the owner was not inclined to dispose of the site in question for less than \$2,500, then I was still of opinion that the department would not be paying too great a price for a property of that kind, which I thought worth that sum, if insisted upon.

I am, sir, your obedient servant,

The Secretary, Dept. Public Works.

L. FENNINGS TAYLOR.

Collingwood: Contract Let without Public Tender.

AUDIT OFFICE, OTTAWA, July 27, 1901.

SIR,—Let me acknowledge receipt of Application No. 40 for \$20,690 in favour of C. S. Boone, for dredging in Collingwood harbour.

I have seen in your department the Order in Council under which this work was let, and would like to have a copy of it.

There does not appear, however, to be an explicit waiver of the general Order which prescribes advertising for all works in excess of \$5,000. Please have this omission rectified.

In the absence of a public call for tenders, it will be necessary to have the price of \$34,000 certified as 'fair and just.' Also please mention the approximate number of yards to be excavated under the contract.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

FREDERICK HAYTER, *for A.G.*

PUBLIC WORKS DEPT., OTTAWA, Aug. 8, 1901.

SIR,—In reply to your letter of the 27th ultimo, referring to our application No. 40 for \$20,690 in favour of Mr. C. S. Boone, for dredging in Collingwood harbour, I have the honour to inform you that a report to Council has been prepared to waive the Order in Council of March, 1880, which prescribes advertising for all works in excess of \$5,000, and to state that on future estimates the certificate 'fair and just,' will appear, and also the approximate number of yards to be excavated under the contract, as required by you.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secy.*

Port Elgin : Extras not Ordered in Writing.

AUDIT OFFICE, OTTAWA, January 10, 1901.

SIR,—Let me acknowledge receipt, from your department, of Application No. 257 for \$900 in favour of John Burns on account of final estimate for Port Elgin.

This estimate contains two items of extras, as follows :—

Placing corner braces on cribs, 72 at \$1.50	\$ 108 00
Placing posts in outer crib, 2 at \$4	8 00

Please send me the documents described in section 5 of the contract form, namely, the engineer's order for these services, fixing the price before the work was done.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, January 15, 1901.

DEAR MR. McDOUGALL,—Your letter of January 10 with reference to the final estimate for Port Elgin has come to hand. The small extras that have been carried out were ordered by the resident engineer, Mr. Gray, who, being on the spot, has thought proper to order these. I have no doubt he has given written instructions. We have communicated with him with a view to complying to your wishes. You will understand it is in the nature of things that extras of that kind may appear in nearly every work.

Sincerely yours,

The Auditor General.

J. ISRAEL TARTE.

PUBLIC WORKS DEPT., OTTAWA, January 29, 1901.

SIR,—Adverting to your letter of the 10th instant, acknowledging the receipt of our Application No. 257 for \$900 in favour of Mr. John Burns on account of final estimate for Port Elgin, Ont., stating that this estimate contains two items of extras, and asking to be supplied with the documents described in section 5 of the contract-form, namely, the engineer's order for these services, fixing the price before the work was done. I have the honour to inform you that our acting chief engineer to whom the matter was referred, reports as follows :—

‘Mr. Gray informs me that the orders for extras were given, and their prices agreed upon verbally, as the extra expenditure was small.

‘I have issued a circular-letter to the resident engineers calling their attention to the provisions of clause 5 of the contract forms.’

I am, sir, your obedient servant,

The Auditor General.

JOS. R. ROY, *Acting Sec.*

Payments to Contractor and Sub-contractors for Same Work.

AUDIT OFFICE, OTTAWA, Dec. 27, 1901.

SIR,—Let me call your attention to cheque 84,712 of June 7, 1901, in favour of Albert Bouchard, François Bouchard, Emile Bouchard and Edouard Bouchard,

SESSIONAL PAPER No. 1

for \$3,036, for transportation of poles for telegraph line between Romaine and Chateau Bay.

From a letter by the deputy minister to the accountant, dated January 10, 1901, it appears that the same service was also paid for under contract with Mr. L. P. de Courval—the other \$3,036 being included in the sum of \$5,436 shown at the foot of page V-277 of my report of 1899-1900.

Please let me have a more complete description of the circumstances under which the double payment was made. What officer was responsible? Was the Justice Department consulted as to the government's liability for the second payment? What steps have been taken to recover the over-payment from Mr. de Courval?

I notice in Mr. Gobeil's letter the following paragraph: 'However, those parties (the Bouchards) have not been paid; and so far as I can find out, either Mr. de Courval has been paid in full, or else there are no funds available out of our appropriation to make the payment.' What does this mean? Mr. de Courval was paid in full; and there was no balance of appropriation, whether he was or not.

I am, sir, your obedient servant,

Hon. J. Israël Tarte.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, January 10, 1901.

Dear Mr. Kingston,—In the course of the spring of 1900, by order of the minister, I made an agreement with the Captains Bouchard, of Quebec, for the transportation on the Labrador coast of certain poles which had been purchased for the North Shore telegraph line, in the St. Lawrence, at the rate of \$1 per pole. Those poles were duly transported by those gentlemen. Subsequently, a contract was entered into with Mr. de Courval for the transportation of the balance of the poles, and it was understood with Mr. de Courval that he would take to his charge the payment due to the Captains Bouchard, and I believe Mr. Keeley made a note to that effect. However, those parties have not been paid, and so far as I can find out, either Mr. de Courval has been paid in full, or else there are no funds available out of our appropriation to make the payment. Be it as it may, however, it is desirable that you should at once ascertain from Mr. Keeley what is the amount due to the Captains Bouchard, and write a certificate of acknowledgment of indebtedness by the department, that I can send to those parties, and of which they can make use at the bank if they so desire. I will be obliged if all expedition is made in the settlement of this matter.

Yours very truly,

A. G. KINGSTON, Esq., Accountant.

A. GOBEIL, D.M.

PUBLIC WORKS DEPT., OTTAWA, January 20, 1902.

DEAR MR. McDOUGALL,—I am sorry I could not give my attention sooner to your letter of December 27, in reference to cheque No. 84,712, dated June 7, 1901. As soon as my deputy minister is back, I will take the matter up. In the meantime, I will try to get some explanation from the accountant.

Yours truly,

The Auditor General.

J. ISRAEL TARTE.

Yukon Vouchers to be Examined by Accountant in June, 1901.

AUDIT OFFICE, OTTAWA, February 1, 1901.

DEAR MR. TARTE,—Let me point out that the delays and inaccuracies by your Accountant's Branch in furnishing necessary statements and vouchers in connection with the accounts have been the cause of much inconvenience and loss of time in the preparation of the report which is now about to be submitted to Parliament, and have been hurtful in other respects.

As illustrations I may mention :

1st. That most of the vouchers of Mr. Charleson's expenditure in the Yukon made between March and October, 1899, only reached this office about December 20 1900, and then, after drawing your special attention to the delay. These vouchers, as we now learn on good authority, were in your department before Mr. Charlson left for the Yukon in the early spring of 1900. As it was, these vouchers never were examined in the Accountant's Branch as is required under section 42 of the Audit Act, and as they evidently should have been even if there was no Audit Act.

2nd. We have not received any departmental cheques of the current fiscal year.

3rd. The statements of deposits with deposit receipts have come to us irregularly, thus postponing the credit to the Receiver-General.

I desire to have a clear understanding with your department as to the respective times when the various statements and vouchers are to be furnished this office. I need not say that regularity in this respect will be as conducive to satisfaction in your department as in this office.

There is no intention to indicate want of zeal or intelligence on the part of any particular employee in the Public Works Department in what I feel called upon to say. Whether the unsatisfactory result comes from want of a sufficient number of assistants to the accountant or from their incapacity, must of course be determined inside of the department. I have seen much of the accountant himself in business relations and am sure that he is both earnest and capable.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,

Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, February 7, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter, dated the 1st instant, calling attention to delays in furnishing statements and vouchers in connection with the accounts of this department.

I am, sir, your obedient servant,

The Auditor General.

JOS. R. ROY, *Acting Sec.*

AUDIT OFFICE, OTTAWA, March 12, 1901.

DEAR MR. TARTE,—I have a better opportunity now to go into the examination of the Charleson and Taché accounts than I will have in the near future. I wish that you would instruct Mr. Kingston to do at once what is required in the department in connection with accounts, and then forward them to this office.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,

Minister of Public Works.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

PUBLIC WORKS DEPT., March 14, 1901.

MY DEAR MR. McDUGALL,—Instruction will be given to Mr. Kingston to comply with your request, as per your letter of March 12.

I am, sir, your obedient servant,

The Auditor General.

J. ISRAEL TARTE.

Yukon Vouchers to be Audited by Accountant in June, 1901.

PUBLIC WORKS DEPT., May 30, 1901.

SIR,—The accountant of the department has sent over to your department this morning, as promised, the vouchers for the expenditure on the Quesnelle-Atlin telegraph line, from its inception to the month of November last (1900). As I told you yesterday, I have arranged with the accountant of the department, Mr. Kingston, that he shall at once, and personally, undertake the classification of the vouchers in our hands for the Bennett-Dawson line, and prosecute the work without delay, in order that they may be placed in your hands as quickly as possible. This will permit of Mr. Hardy leaving for Vancouver to join Mr. Charleson, and also, I hope, of your issuing at once the credit of \$11,000 applied for yesterday by the department on behalf of Messrs. Charleson and Hardy.

Mr. Charleson has wired me yesterday that he feared difficulties on account of delay in paying the men, and part of the credit asked for is to be applied for that purpose.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

Mr. Hardy wanted in Ottawa until Examination is Completed.

AUDIT OFFICE, OTTAWA, April 10, 1901.

DEAR MR. TARTE,—I have had some conversation with Mr. Kingston and Mr. Hardy about the Charleson accounts. I think it is important that Mr. Hardy should not leave Ottawa until there is a full adjustment of these accounts. I am glad to know that he is making considerable progress with them.

Then, whatever has been done in connection with the stores account, Mr. Gilchen, or whoever is store-keeper for the future, should take at once a full inventory of the stores on hand and be able to show at the end of the season where they, as well as any additions which have been made to the stores, have gone.

I should like to have a line from you indicating that you agree with me in these views.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 25, 1901.

SIR,—I have been informed this morning by Mr. Hardy of your department that, notwithstanding your intention that he should not leave for the coast until after an

adjustment of the old Charleson accounts, your minister has instructed him to leave on Monday next, the accounts not having been adjusted. I presume that there is some misunderstanding by him.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDUGALL, A.G.

Conditions of Yukon Letter of Credit.

PUBLIC WORKS DEPT., OTTAWA, May 28, 1901.

DEAR MR. McDUGALL,—I require a credit of eleven thousand dollars (\$11,000) to be issued to Messrs. Charleson & Hardy to make immediate and urgent payments, mainly wages.

I have decided to send an able and experienced accountant and business man to have a thorough inspection of the books, stores, &c., the whole situation, so as to control and supplement the information that we have now in our possession. Indeed, I would be glad if you would send one of your men to act jointly with the man appointed by my department.

Believe me, truly yours,

The Auditor General.

J. ISRAEL TARTE.

AUDIT OFFICE, OTTAWA, June 3, 1901.

SIR,—Let me acknowledge receipt of your letter suggesting that one of the Audit officials accompany the accountant whom you propose sending to the Yukon.

I regret being unable at this season to detach any one from the preparation of the annual report.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,

Minister of Public Works.

J. L. McDUGALL, A.G.

Conditions of Yukon Letter-of-Credit.

AUDIT OFFICE, OTTAWA, May 30, 1901.

SIR,—With reference to the Yukon telegraph expenditure, I wish that you would draw the attention of Messrs. Charleson & Hardy to the advisability of keeping in mind the following directions, as well as any other which may occur to yourself :—

1. The larger accounts, which can be, without inconvenience to the creditors, paid by departmental cheque, should be so paid.

2. With reference to other accounts, those which can be paid by letter-of-credit cheque should be paid in that way.

3. With reference to cash disbursements, they should be confined mainly to petty contingencies, travelling expenses and men's wages.

Regarding both travelling expenses and men's wages, the accounts should be made up at the end of each trip, the necessary dates and statements, with accounts and vouchers furnished, and the unexpended balances refunded.

4. As required by the 33rd section of the Audit Act, evidence should be given that the goods charged have been received, and that the prices charged are fair and just.

SESSIONAL PAPER No. 1

5. At the end of each month, a list of cheques drawn against the credit should be made out and forwarded to the Department of Public Works to enable the department to repay the bank.

6. At the end of the month there should also be furnished all vouchers which have been received during the month, numbered to show their connection with the sums for which they are vouchers.

7. There should also be an explanation showing the reason for the absence of vouchers for any payment during the season which has not been previously accounted for.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, June 13, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 30th ultimo, referring to the Yukon telegraph expenditure, and stating that you wish that we draw the attention of Messrs. Charleson & Hardy to the advisability of keeping in mind the directions therein mentioned, as well as any other which may occur to the deputy minister.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary.*

Cheques for year 1901-2 drawn before July 1, 1901.

AUDIT OFFICE, OTTAWA, August 20, 1901.

SIR,—Let me acknowledge receipt, from your department, of application No. 67 in favour of the Canadian Bank of Commerce in repayment of cheques amounting to \$5,615.16 drawn by Messrs. Charleson & Hardy between June 7 and 21, 1901.

The application is marked as chargeable to the vote in 1901-2 for 'Telegraph Line between Port Simpson and Hazelton.'

Please describe the circumstances under which Messrs. Charleson & Hardy drew cheques in June, to be charged to the coming fiscal year, which was not to begin until July 1.

I notice that some of the services are 'wages from March to June.'

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

FREDERICK HAYTER, *for A.G.*

NOTE.—No answer has been received to this letter.—Jan. 24, 1902, J. L. McD.

Large Balances due to Messrs. Rochester and Trodden.

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—In a memorandum by Mr. Kingston concerning Yukon expenditure, I notice two sums shown as still due, namely, \$11,061.83 to Jas. Trodden, and \$22,467.13 to J. Y. Rochester.

As these are government officers on limited salaries, it does not appear probable that they advanced their own money. If the department made any guarantees, I should like to get all particulars, including cheques and statements of cheques. It is quite

understood that I have no power to recognize in any way the system of drawing money through a bank without the existence of an appropriation and the usual letter of credit, signed by the Finance Department and this office. It, however, seems proper that I should assist in every way a department which may have made an arrangement which I was unable to authorize.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 25, 1902.

SIR,—Let me call your attention to my letter of July 2, 1901, asking for an explanation of the banking transactions by which Messrs Rochester & Trodden were enabled to become government creditors to the extent of \$22,467.13, and \$11,061.83, respectively.

I do not find that any answer has been received from you.

I am, sir, your obedient servant,

Hon. J. ISRAEL TARTE,
Minister of Public Works.

J. L. McDOUGALL, A.G.

Defective Certificates on Yukon Vouchers.

AUDIT OFFICE, OTTAWA, July 3, 1901.

SIR,—I have received from the Public Works Department an application to pay to the Yukon local revenue account the sum of \$13,759.06 on account of a bridge over the Klondike river.

The vouchers in support of this application have been collated, and are found to be deficient with respect to certificates.

Section 33 of the Audit Act provides that, in addition to any other certificates, all vouchers shall be certified 'work done,' or 'materials received,' as the case may be, and 'prices according to contract,' or 'prices fair and just,' the latter being for use when the contract has not been made under advertised tender.

The two bills from the Dominion Bridge Company are marked 'materials received'; the other certificates are all missing. Freight can be certified 'work done,' and 'price fair and just.'

The certificates should in all cases be made by officers having personal knowledge of the facts.

I am, sir, your obedient servant,

Mr. Commissioner Ross, Dawson, Y.T.

J. L. McDOUGALL, A.G.

DAWSON, Y.T., July 17, 1901.

SIR,—I have your letter of the 3rd July respecting certain accounts which have been forwarded to you by the Department of Public Works, looking towards payment to the Yukon local revenue account of moneys expended by the Yukon Council in the building of a bridge over the Klondike river.

You point out that section 33 of the Audit Act has not been complied with, in that vouchers have not been properly certified to.

SESSIONAL PAPER No. 1

As to the freight bills, there was no reason why they should not have been certified as 'prices fair and just,' for, although the freight rates may be very high here, still there was no opportunity to bring the bridge in except through the one transportation company.

As for the account for the bridge delivered at Vancouver, all I can say is that from my own experience in purchasing many structures of this kind in the Territories, I am led to believe that the cost of this bridge at Vancouver does not seem to be out of the way.

I do not understand why Mr. Ogilvie, when the accounts were sent down, did not himself certify that the prices were fair and just. I can assure you that any accounts in future going down from this department will bear the proper certificates in every case, as I quite understand that you must have these certificates under the Audit Act before the accounts can be paid.

I am, sir, your obedient servant,

The Auditor General.

Re Telegraph Revenue, Bennett-Dawson Line.

AUDIT OFFICE, OTTAWA, Nov. 26, 1901.

SIR,—I have to call your attention to the delay in depositing the revenue of the Bennett-Dawson line remaining after the payment of the maintenance accounts.

In acquittance of the July return a deposit was made August 11 of \$1,031.50, and another on October 1 of \$2,275.79.

In acquittance of the October return the following deposits were made : December 22 of \$158.29; January 5, \$1,554.78, and January 7, \$472.17.

In acquittance of the June 1901, return the following deposits were made: July 11, \$167.79; July 24, \$3,695.60, and August 15, part of deposit of \$3,000, \$1,249.64.

I cannot conceive of any explanation for some of the delays in making the deposits of the revenue, particularly of those for July and October. The delays may be either with those who use the line or with the collecting officers. I confess that I feel very anxious to get an explanation of these constantly recurring delays.

The total revenue of June appertaining to the government was \$8,668.37. About 65 per cent of this was collected at Dawson, 15 per cent at White Horse, and 13 per cent at Bennett. Is there any reason why the operators at these offices cannot comply with the Treasury regulations and deposit every day when the receipts amount to \$25 ?

I understand that you have instructed the superintendent not to pay maintenance accounts out of the receipts, but in future to deposit his gross receipts. This will enable the superintendent to more strictly comply with the regulations, which he should be required to do.

It would simplify the accounts if your officers in the Yukon and the Mounted Police officials would pay their telegraph accounts instead of having them percolate through the department.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 26, 1901.

SIR,—I am without any reply to my letter of September 17 last, in reference to the delay in forwarding the returns of the Bennett-Dawson line.

In the adjustment of the returns up to June 30 last, the following items, claimed by the superintendent, have not come to account :—

Return of June, 1900—Interior Dept., telegraph account....	\$10 35
“ January, 1901—J. C. Taché,	“ 24 75
“ February, 1901—J. C. Taché,	“ 13 55
“ March, 1901—J. C. Taché,	“ 8 80
“ May, 1901—J. C. Taché,	“ 63 42

And the following items have been deducted from the maintenance accounts claimed :—

Return of July, 1900—Advance to Supt. Crean..	350 00
“ May, 1901—	“ Champagne.. 40 00

SESSIONAL PAPER No. 1

The following deposits that have come to account are not claimed in the superintendent's returns :—

May 15, 1900—Part deposit of \$4,799.43 at Dawson.....	\$ 0 43
January 22, 1901—Part deposit of \$1,816.92 at Dawson..	16 70
April 22, 1901—Deposit at Dawson.....	(a) 50 00
July 12, 1901—Part deposit of \$278.36 at Ottawa.....	11 35
August 7, 1901—Deposit at Ottawa	123 88
Also entry warrant as per your application of May 7, 1901.....	(a) 1,313 23

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDougall, A.G.

(a) Mr. Crean, Superintendent, states that these items were credited in error to Revenue.

AUDIT OFFICE, OTTAWA, December 17, 1901.

SIR,—I have written you at the following dates :—October 25, 1900, March 14, 1901, April 15, 1901, September 17, 1901, November 26, 1901 (two letters), in reference and that the matter had been brought to the attention of the Honourable the Minister. Dawson Line. The only reply I received is your letter of April 20, 1901, stating that you had telegraphed the superintendent to send in his returns without further delay ; and that the matter had been brought to the attention of the Honourable the Minister.

I received yesterday from Mr. Keeley, summaries of the returns for July and August last, and I regret to say they are not at all satisfactory. The gross revenue of July was over \$9,000. Of this amount over \$5,500 accrued at Dawson, \$1,400 at Bennett, and \$1,260 at White Horse. If the regulations of the Treasury Board had been carried out the collections from day to day would have been deposited as collected, and the balance for the month, shortly after its close. The deposits made were as follows : August 7th, \$1,750.36 ; 13th, \$195.44 ; 21st, \$2,245.79 ; September 5th, \$2,000, and September 23rd, \$872.96. The deposits for the August revenue were equally late.

By this practice there is nothing to prevent the revenue collected during any one month from being used in making good the revenue of the previous month.

I submit that immediate action should be taken with the view of having this revenue deposited more promptly.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDougall, A.G.

DEPT. PUBLIC WORKS, OTTAWA, December 19, 1901.

MY DEAR MR. McDougall,—The secretary of my department has shown me your letter of December 17. We have, over and over again, given positive instructions to the superintendent of our telegraph system, in reference to the returns of the revenue. Mr. Crean is on his way to Ottawa. He will be here within a week, I hope. I need not tell you that I will make it a point to have the case thoroughly inquired into. I am not in a position to say more to-day—except, perhaps, that the conditions in that part of the country are so different from others, that, I suppose, there must be reasons for the delays that have taken place. However, we will know all about it without great additional delay.

Truly yours,

J. ISRAEL TARTE.

Re Arrears Due for Rent of Building at Windsor, Ont.

AUDIT OFFICE, OTTAWA, April 24, 1901.

SIR,—On the 11th inst., it was stated in the House of Commons by the Minister of Agriculture, in the absence of the Minister of Public Works, that Mr. Aurele Pacaud owed \$210 for the rent of a building at Windsor, Ont.

This is the first intimation of the transaction that has reached this office. I have to ask that, in future information should at once be furnished of any arrangement made by your department from which revenue may be expected to accrue.

Please explain why you did not report this lessee in arrears in reply to my letters of October 6 and November 12 last, asking for all arrears due to your department?

Why was Mr. Pacaud paid \$36.50 for advertisements by your department during 1899-1900, and he in arrears for rent at the same time?

What action has been now taken to recover the amount due?

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, May 21, 1901.

SIR,—Adverting to your letter of the 24th ultimo, relative to the amount due by Mr. Aurèle Pacaud for the rent of a building at Windsor, Ont., I have the honour to say that our Collector of Revenue is making a strong attempt to collect the arrears due by Mr. Pacaud.

I am, sir, your obedient servant,

The Auditor General.

JOS. R. ROY, *Acting Sec.*

Re Wharfs and Piers.

AUDIT OFFICE, OTTAWA, November 12, 1901.

SIR,—I have to call your attention to the correspondence of March, 1900, in reference to the transfer of certain wharfs to the Department of Marine and Fisheries (See Audit Report, 1899-1900, pages P-178-179-180 and 181).

Have any of these wharfs been since transferred? Has your department collected wharfage at any of them, or is it the practice to allow the public free use of a wharf till transferred to Department of Marine and Fisheries?

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S REPORT
1900-1901

Cylinder and valve chamber covers, painted and varnished, 4 sets.....	215 60
Valve chamber bushings, finished: 6 at \$33.50; rough, turned inside, 6 for \$165.....	366 00
Cleveland compound loco. cylinder 21 x 28-in. finished with steam chest bushings, front and back cylinder heads.....	975 00
Piston complete with Coffin process, steel rods and iron packing for a 21 x 28-in. Cleveland compound cylinder.....	80 00
Burpee, I. & E. R., St. John (\$5,623.91)—	
Steel: sheet, 27 lbs. at \$3; angle, 7,608 lbs. at \$2.74; soft, 4,356 lbs. at \$2.75.....	329 05
Plate: Lowmoor, 686 lbs. at \$9; steel, 513 lbs. at \$2.75, 4,946 at \$2.64; steel boiler, 7,091 lbs. at \$2.15; refd. boiler, 3,060 lbs. at \$2.69, 1,544 at \$2.29.....	476 55
Iron: Lowmoor, 671 lbs. at \$6; Swede, 540 lbs. at \$1.25; half round, refd., 514 lbs. at \$4.50; plating, 505 lbs. at \$2.55; sq. refd., 1,132 lbs. at 2.05.....	122 43
Refined iron: 1,670 lbs. at \$3.25, 1,000 at \$2.60, 1,551 at \$2.50, 12,117 at \$2.30, 1,261 at \$2.35, 28,576 at \$2.25, 4,000 at \$1.94, 500 at \$1.90, 8,100 at \$1.84, 3,460 at \$1.80, 64,175 at \$1.79, 25,135 at \$1.75, 14,546 at \$1.70, 65,234 at \$1.65, 17,904 at \$1.60, 3,040 at \$1.55, 4,030 at \$1.45.....	4,673 10
Cutting iron and steel to lengths.....	22 78
Canada Hardware Co., Montreal (\$335.03)—	
Tin: sheet, 14 boxes at \$5.25; coke, 6 boxes at \$4.37.....	99 72
Knob locks: rim, 4 doz. at \$2.70; mortise, 4 doz. at \$3.....	22 80
Rim night latches, 14 $\frac{1}{2}$ doz. at \$3.88; heavy strap hinges, 227 lbs. at 5 $\frac{1}{2}$ c.....	67 13
Emery cloth, 2 rms. at \$12; scythe snaths, 6 $\frac{1}{2}$ doz. at \$5.60.....	58 57
Grass scythes, 9 doz. at \$5.40; sundries, \$38.21.....	86 81
Canada Switch and Spring Co., Montreal (\$1,316.32)—	
Steel crossheads, 2,472 lbs. at 6 $\frac{1}{2}$ c.; steel castings, 4,898 lbs. at 7c., 418 at 6 $\frac{1}{2}$ c.....	530 71
Two-coil drawbar springs, 6 $\frac{1}{2}$ x 8-in., 16,820 lbs. at 4c.....	672 80
Head rods, crank rods, head chains, &c., 1,353 lbs. at 6 $\frac{3}{4}$ c.....	91 33
Steel buffer plate, 142 lbs. at 7 $\frac{1}{2}$ c.; c.i. distance blocks, 208 at 4 $\frac{1}{2}$ c.; steel, 85c.....	21 48
Canadian Drug Co., St. John (\$3,741.96)—	
Prussiate potash, 75 lbs. at 40c.; cyanide of potassium, 10 lbs. at 75c, 50 at 65c.....	70 00
Blue vitriol, 1,385 lbs. at 6 $\frac{1}{2}$ c.; caustic soda, 4,500 lbs. at 5c., 960 at 8 $\frac{1}{2}$ c.....	393 17
Sal ammoniac, 160 lbs. at 25c., 100 at 35c.; turpentine, 122 $\frac{3}{4}$ galls. at 55c.....	179 04
Shellac: orange, 150 lbs. at 50c.; white, 17 lbs. at 60c.....	85 20
Carpenter's glue, 115 lbs. at 9c., 280 at 10c.; carpenters lampblack, 336 lbs. at 5c.....	55 15
Washington's lye, 480 lbs. at 8 $\frac{1}{2}$ c., 288 at 8c.; electro silicon, 24 doz. at \$1.25.....	93 80
Metal polish, 1,188 lbs. at 35c.; Goddard's plate polish, 12 doz. at \$3.50.....	457 80
Jay's disinfectant, 12 galls. at \$1.80; Indian air purifier, 24 doz. at \$2.75.....	87 60
I. R. combs, 12 doz. at \$2.75; hair brushes, 7 doz. at \$9.....	96 00
Sponge, 210 lbs. at 75c.; toilet sponges, 100 pcs. at 40c.....	197 50
Alcohol, 399 $\frac{3}{4}$ galls. at \$4.55; barrels for alcohol, 9 at \$2.50.....	1,841 26
Wax candles, 36 lbs. at 30c.; chamois skins, 5 doz. at \$4.50, 6 doz. at \$2, 3 doz. at \$1.25..	49 05
B. W. soap, 10 gro. at \$3.60, 6 gro. at \$3, 2 gro. at \$2.40; 26 gro. corks, \$28.70; sundries, \$51.89.....	139 39
Canadian General Electric Co., Toronto (\$1,145.71)—	
Blastin; machine, \$30.94; elec. watt meter, 10 amp., 115v., \$19.24.....	50 18
Portable desk lamps, 2 at \$7.03, 1 at \$2.50; adj. portable fixtures, 4 at \$4.39 $\frac{1}{2}$	34 02
Re-pairing 2 armatures, \$59.18, \$42.48.....	101 66
Silver resistance coils for arc lamps, 6 at \$2.40; glazed porc. tubes, \$37.87.....	52 27
Globes: outer opal, 1 doz. at \$32, 5 only at \$1; inner, 2 doz. at \$6.....	49 00
Lamps: 32 c.p., 60 at 28c.; 16 c.p., 300 at 20c., 1,500 at 18c.....	346 80
Black Grim. tape, 22 $\frac{1}{2}$ lbs. at \$1.04; silk cord, 392 yds. at 8c.....	54 71
Office wire, 16 and 14 B. & S., 123 $\frac{1}{2}$ lbs. at 30c.; 14 B. & S., R. C. wire, 2,025 ft. at \$11.30 a 100.....	59 95
Cot. cord, 16 B. & S., 1,693 $\frac{1}{2}$ yds. at \$4.50 a 100.....	76 22
C. C. wire: 10 B. & S., 1,283 ft. at \$2.30 a 100; 12 B. & S., 2,237 ft. at \$1.70.....	67 54

Galops : Murray & Cleveland—Extra.

AUDIT OFFICE, OTTAWA, Sept. 5, 1900.

SIR,—Let me acknowledge receipt of your Application No. 662 for \$4,050 in favour of Murray & Cleveland, for increased cost of additional masonry in piers and breast-walls of regulating-weir.

This item is to raise 450 yards of masonry from \$9 to \$18 a yard.

Please let me have a copy of the Engineer's written order, fixing the price of the work before it was begun.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals.

CORNWALL, March 1, 1901.

SIR,—In reply to yours of September 6 last, asking me to send the written order, re additional masonry in piers and breast-walls of regulating-weir :

I beg to state that no written order describing the additional masonry can be found in my office and I have no recollection of such having been given the Contractors, but the customary working plan was furnished them and also the Inspector on November 10, 1893, the office copy of which I now send you.

The masonry of the structure was completed in strict accordance with the working plan.

I am, sir, your obedient servant,

TOM. S. RUBIDGE, Supt. Eng.

The Deputy Minister and Chief Engineer.

AUDIT OFFICE, OTTAWA, March 22, 1901.

SIR,—Concerning the extra price in Murray & Cleveland's estimate for additional face-masonry at the Galops, I regret that there is no authority for making the payment, in the absence of a written order fixing the price before the work was begun.

The contract is very explicit on this point.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals.

Extract of Order in Council, April 3, 1901.

On a memo. dated March 29, 1901, from the Minister of Railways and Canals, representing that under date of November 14, 1888, a contract was entered into with Messrs. Murray & Cleveland for certain works of enlargement of the Galops Canal.

The Minister further represents that the said contract comprised the construction of a supply weir composed of one centre pier between two side walls, constituting two bays, each bay containing in its breast-wall three sluices; the contract price for the masonry in connection with said weir being expressed in the following item:

'Masonry—In walls of weir laid in cement mortar, as specified; checks for stop-gates allowed, but sluice-ways will be deducted in measurement, per cubic yard \$8.'

That subsequently it was decided to increase the size of the weir to double the original contemplated capacity, making twelve sluices instead of six, and entailing the construction of two additional piers with their necessary breast-walls; and on Nov. 10, 1893, the working plans of the structure of these increased dimensions were furnished to the contractors, and the work was completed, as the superintending engineer reports in strict accordance with these plans.

No price, however, appears to have been fixed in writing for the additional work.

That on June 30, 1900, the contractors sent in an account for the increased cost of the additional masonry in the piers and breast-walls in question, namely, for 450 cubic yards, an addition of \$9 per cubic yard, and under date of August 15, 1900, the superintending engineer having certified this account 'fair and just', an application was made to the Auditor General for payment. He has, however, under date of March 22, 1901, advised to the effect that, in the absence of a written order fixing the price before the work was begun, there is no authority for making the payment.

That clause No. 5 of the contract requires that additional work shall be so directed in writing by the engineer, and that the price to be paid therefor 'shall have been previously fixed by the engineer in writing.'

The minister recommends—the said additional work having been clearly ordered by the plans given to the contractors and duly executed; the price having been reported as 'fair and just,' and further the Chief Engineer of the Department of Railways and Canals having advised that the work was all face-masonry of a costly character and fully worth the price certified to,—that the aforesaid requirements of section No. 5 of the contract be waived, in so far as their presence affects the payment of the account in question.

The committee submit the same for His Excellency's approval.

J. J. McGEE, C.P.C.

SESSIONAL PAPER No. 1

Rapide Plat : Poupore & Fraser : Extras.

AUDIT OFFICE, OTTAWA, May 11, 1901.

SIR,—Let me acknowledge receipt of your application No. 427 for \$36,143, in favour of Poupore & Fraser, for extras in connection with their work on section one of the Rapide Plat canal.

I would like to see whatever correspondence has taken place regarding these items. Were orders given in writing, to fix the prices before the work was begun ?

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 18, 1901.

SIR,—In compliance with the request contained in your letter of the 11th instant, I inclose herewith, for your information, copies of the correspondence in this department in respect of application No. 427 for \$36,143, in favour of Poupore & Fraser, for extras in connection with their work on Section No. 1 of the Rapide Plat Canal.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, June 11, 1901.

SIR,—In your letter of May 18 *re* Application No. 427 for \$36,143, in favour of Poupore & Fraser, for extras in connection with their work on Section No. 1, of the Rapide Plat Canal, you did not answer my question of May 11. Were orders given in writing to fix the prices before the work was done ?

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, June 20, 1901.

SIR,—I have the honour to acknowledge the receipt of your communication of the 11th instant, in further reference to the application made to you by this department in respect of the issue of a cheque in favour of Messrs. Poupore & Fraser for the sum of \$36,143.00, being for extras in connection with their contract works on section No. 1 of the Rapide Plat Canal, by which you ask whether orders were given in writing, fixing the prices before the work was done.

In reply, I have to say that on the 18th ultimo, I sent to you copies of all the correspondence in the department in this matter, which I trusted would meet your requirements. I cannot, however, learn that any such orders were given, or that the prices were arranged before the commencement of the work. In fact, of the latter I am certain.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Order in Council, November 30, 1901.—On a memo dated November 2, 1901, from the Minister of Railways and Canals, representing that in connection with their contract for the enlargement of section No. 1 of the Rapide Plat Division of the Williamsburg canals, certain extra work has been performed by Messrs. Poupore & Fraser, for which claims, five in number aggregating \$70,371.92 have been sent in by them on January 21, 1901, and these claims having been investigated by the chief engineer of the Department of Railways and Canals, have been allowed by him to the extent of \$36,143 in respect of four of the items only, the fifth being disallowed altogether.

The minister further represents that the work so allowed for was necessary and has been satisfactorily executed. The orders for it, however, were given verbally by the superintending engineer who overlooked the fact that according to the provisions of the contract, they were required to be given in writing before the commencement of the work, fixing the prices to be paid therefor.

In the absence of such written orders, the Auditor General finds himself unable to pass the application for payment.

The minister recommends (there being no question as to the proper performance of the work, as to the necessity for which the chief engineer has concurred in the views of the superintending engineer and approved of the instructions given by him in this connection, having further accepted such work as satisfactory and fixed the prices to be paid for it) that the said contract with Messrs. Poupore & Fraser, dated January 26, 1891, be modified to such an extent, and to such extent only, as to waive, in the case of these particular four items of extra work, any requirements calling for written orders fixing prices for the same before the commencement of such work.

The committee submit the same for His Excellency's approval.

J. J. MCGEE, *C.P.C.*

Soulanges, Sec. 12 : Liability of Geo. Goodwin.

AUDIT OFFICE, OTTAWA, March 5, 1901.

SIR,—I have your applicaion No. 245 for \$1,739.89 in favour of Geo. Goodwin, for a balance in his favour on section 12 of the Soulanges Canal, as found by extending Mr. Hogan's quantities at Mr. Goodwin's rates, and subtracting the Hogan payments.

Might it not happen that the closing of the Onderdonk contract will lessen the above amount ?

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 11, 1901.

SIR,—I have the honour to acknowledge the receipt of your communication of the 5th inst., acknowledging the receipt of an application from this department for the issue of a cheque in favour of Mr. George Goodwin for the sum of \$1,739.89, being for a balance in his favour in connection with section No. 12 of the Soulanges Canal, as found by extending Mr. M. J. Hogan's quantities at Mr Goodwin's rates, and subtracting the Hogan payments, and asking whether it might not happen that the closing of Mr. A. Onderdonk's contract would reduce the amount in question.

In reply, I have to say that I do not quite understand how it is that Mr. Onderdonk's name enters into the matter, as his contract is for Sections Nos. 4, 5, 6 and 7 of the said canal.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, April 25, 1901.

SIR,—Let me acknowledge receipt of your letter No. 119676, saying that you do not understand how the contract-work on Sections 4 to 7 of the Soulanges Canal can affect the question of settlement with Mr. Goodwin for Section 12.

Mr. Goodwin is, I believe, liable for any loss which may accrue from the re-letting of Sections 4 to 7, and the amount of this cannot be ascertained definitely until Mr. Onderdonk's account is closed. That is why I asked what progress has been made in the latter direction.

It would not appear businesslike to pay a creditor under one head, when he might soon be shown a debtor under another.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 27, 1901.

SIR,—I have the honour to acknowledge the receipt of your communication of the 25th instant, in further reference to the application made to you by this department for the issue of a cheque in favour of Mr. George Goodwin for the sum of \$1,739.89, being in respect of a balance in his favour in connection with section No. 12 of the Soulanges canal, as found by extending Mr. M. J. Hogan's quantities at Mr. Goodwin's rates, and subtracting the Hogan payments, by which you state that the reason you asked in the letter addressed by you to the department on the 5th ultimo whether it might not happen that the closing of Mr. A. Onderdonk's contract for sections Nos. 4, 5, 6 and 7 of the said canal, would reduce the amount in question, was because Mr. Goodwin is, you believe, liable for any loss that may accrue from the re-letting of the sections in question, and that the amount of this cannot be ascertained definitely until Mr. Onderdonk's contract is closed.

In reply, I have to say that it is a fact that the work on the above mentioned sections is not actually completed, but it is so near completion that it has been ascertained that Mr. Goodwin would not suffer further loss in Mr. Onderdonk completing the work from this date.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Drummond Co. Ry.: Balance of Purchase.

AUDIT OFFICE, OTTAWA, June 10, 1901.

SIR,—Let me acknowledge receipt of your application No. 155 for \$5,000 in favour of the Drummond County Railway Company, being an unpaid balance on purchase money.

Earlier consideration of this application was unavoidably delayed by press of work.

The \$5,000 was withheld from a payment (otherwise final) in October, 1900, to provide for some land-titles not then completed by the company. There is no record that these transactions have been advanced towards settlement.

It would be better, I think, to retain the \$5,000 instead of replacing it by a purely personal bond, as Messrs. Greenshields, Farwell & Mitchell now propose to do. If the \$5,000 were now paid, there would be no motive for the company to complete their purchases, and all the subsequent trouble would fall on the government.

Please let me have a list of the imperfect titles.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, June 14, 1901.

SIR,—I have to acknowledge the receipt of your letter of the 10th instant, in which, referring to the application made to you by this department on the 31st of October last for the issue of a cheque for \$5,000 in payment of the balance of the purchase money for the Drummond County Railway, you express the opinion that the said cash balance should be retained as security for the completion of certain titles, instead of being replaced by the personal bond which has been executed under date the 17th of October last, under the authority of the Orders in Council of the 23rd of July and 9th of October last. You further ask for a list of the imperfect titles.

In reply, I inclose herewith a copy of the report made on the 22nd of June, 1900, by the agent of the Department of Justice, as to the title to this property, giving a list of the properties still affected by mortgages, or other charges, with explanations as to their character, and an expression of opinion as to the limited extent of the liability that could devolve upon the Crown in that connection. It was upon this report, and advice, and with the concurrence of the Department of Justice, that the bond to which you refer was obtained.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Note by Auditor General, Dec. 20, 1901: The \$5,000 has not yet been paid.

C.P.R., Pipestone Branch: Manor to Arcola.

AUDIT OFFICE, OTTAWA, Feb. 6, 1901.

SIR,—Let me acknowledge receipt of your Application No. 356 for \$62,871, in favour of the Canadian Pacific Ry., being a further payment on account of subsidy on their Pipestone Branch from Antler to Moose Mountain.

The time fixed for completion (by sec 6 of the contract) was Oct. 31, 1901. Sec. 6 further provides, that all claim to the subsidy shall lapse, in default of completion at that date. The Inspecting Engineer, Mr. H. F. Forrest, is silent as to the time of his inspection; but as he was hindered in several parts of his examination by the depth of the snow, it was probably some time later than October 31. Please ascertain the date of Mr. Forrest's inspection, and the date of completion of the branch.

By sec. 4 of the contract 'All materials shall be of the best quality and description.' Now, Mr. Forrest says that the rails examined by him were 'relaid', and bore dates ranging from 1882 to 1885, and 'appear to be generally in fair condition.' Are there on record any previous instances of payment of subsidy on second-hand rails?

Under the heading 'Rate of speed' Mr. Forrest has the observation 'The set-up and alignment of the track between Manor and Arcola, would in my opinion permit of a maximum rate of speed of from ten to twelve miles per hour, which rate might with safety be increased to fifteen miles per hour over the better portions of the track.' Did this cautious approbation attract your notice before certifying payment?

Sections 10 and 11 of the specification describe the different species of timber which may be allowed into the construction of the bridges, culverts, &c.; but Mr. Forrest's report makes no mention of kinds of timber, but only of their dimensions. Have you other sources of knowledge on this point?

The Departmental Engineers, Messrs. Ridout and Johnson, usually certify at the end of their reports, that except for certain mentioned items, the contract and specification have been fully complied with. Mr. Forrest does not make this certificate: please obtain it.

Papers returned herewith.

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Feb. 8, 1901.

SIR,—I have the honour to acknowledge the receipt of your communication of the 6th instant, relative to the application made to you by this department for the issue of a cheque in favour of the Canadian Pacific Railway for the sum of \$62,871, being a further payment on account of the subsidy in respect of the Pipestone Extension of their railway extending from Antler to Moose Mountain.

In reply, I have to state, that the road is not completed, and that the application in question is merely a progress estimate under subsection *c* of section 3, of the Act 63-64 Vic., chap. 8.

With regard to your request for information relative to the date of the inspection of the portion of the said branch, I have to say that it was inspected in December last.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, February 12, 1901.

SIR,—Let me acknowledge receipt of your letter of February 8, concerning the subsidy to the Pipestone Branch of the Canadian Pacific Ry.

(Progress-estimate of 98 per cent.)

The chief engineer's certificate of January 16, 1901, withholds two per cent of the subsidy, on account of difficulty in inspecting some of the culverts and ditches when covered with snow. Since this is the only modification described, the certificate appears to be final in all other respects. The two per cent withheld, (or \$8,500) is, I think, an insufficient guarantee against 19·64 miles of second-hand rails, and a 12-mile-an-hour road-bed; and I am therefore unable to regard the payment as an ordinary progress-estimate, without some further explanation.

(Antler to Manor, 30 miles.)

The previous report, made by Mr. H. A. F. MacLeod, on the 30 miles between Antler and Manor, spoke thus of the rails: 'The rails are 56 pounds steel, in good order and alignment.' Were these rails second hand (as on the Manor-Arcola section), or were they new?

Mr. MacLeod withheld \$5,370 on the Antler-Manor section, for work not then completed, including \$3,000 for a tank and water supply, and \$1,000 to complete the station-house at Wauchope. The tank appears to have been erected to the west of Manor, but the other \$2,370 is not yet certified.

(Manor to Arcola : Ballasting.)

Section 13 of the specification reads: 'The railway must be well surfaced with prairie loam or other suitable materials, in the form and manner adopted by the C. P. R. on its prairie section.'

For the 19·64 miles between Manor and Arcola, Mr. Forrest certifies: 'About two miles of track immediately east of Arcola is ballasted, and one lift of ballast is distributed along the track on the adjoining three miles. No surfacing or ballasting has apparently been done on the remaining portion. The track in many places is indifferently lined, in others passably so.'

(Station Buildings.)

Mr. Forrest certifies for this item: 'The building at Carlyle is generally well advanced towards completion. The one at Arcola is merely in course of erection. The station platforms were not completed. A two-stall engine-shed was in course of construction at Arcola.'

All deficiencies from specification, under these and other heads, should have been deducted from the estimate before certifying for payment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, February 15, 1901.

SIR,—In reply to your communication of the 12th instant, in relation to the progress estimate issued by me on the 16th ultimo, on account of subsidy to the Pipestone Branch of the Canadian Pacific Railway, I would state that my certificate is perfectly correct, there not being more than \$8,500 worth of work remaining to be done. With regard to the fact that the road has been laid with used rails, to which you refer, I would state that such employment of used rails has been recognized for subsidy purposes, from the time that the first \$3,200 a mile subsidy was granted in 1884.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M. & C.E.

AUDIT OFFICE, OTTAWA, Feb. 26, 1901.

SIR,—In further discussion of the subsidy to the Canadian Pacific Railway for their Pipestone branch :—

From your having named the deduction of \$8,500 immediately after stating that the snow prevented an examination of the culverts and ditches, I inferred that the \$8,500 related only to those two services, and not to the incomplete ballasting, engine house, track alignment, &c. To remove the possibility of a similar misapprehension by others, please expand the details of the calculation of the \$8,500 deducted, showing how much accrued on each item of defective work.

Although the use of second-hand rails for subsidy purposes was involved in several transfer entries which were passed some years ago (crediting Intercolonial Railway and charging Subsidies), it did not then occur to me that the Subsidy Acts omitted to concede this privilege; neither did I foresee the possibility of its abuse. Moreover, at that time I was not supplied with the contracts, and did not know that they contained the provision 'All materials shall be of the best quality and description.'

Mr. Haggart, the late Minister of Railways, in his remarks, to be found at page 10020 of *Hansard* of July 12, 1900, when discussing the South Shore Railway, laid down the general proposition: 'The officers who would certify that this road was furnished with new rails, and was entitled to receive the subsidy, ought not to be continued in their positions.' It appears plainly from this that Mr. Haggart thought new rails a necessary condition of earning a subsidy.

In addition to old rails (1882 to 1885 make) being probably inferior to new ones, in manufacture as well as in wear and tear, we always run the risk of paying subsidy a second time on the same rails, unless we know the history of their original laying. Has any effort ever been made to guard against this?

SESSIONAL PAPER No. 1

If old materials of any kind are to be paid for, it would be better to have them recognized in the Subsidy Acts.

To resume, there are still four difficulties in the way of making payment :

1. The inspection was made in winter with snow on the track. Since the spring is now near at hand, it would be better to wait for the snow to go, and then make a more complete examination.

2. The use of old rails should be permitted explicitly by Parliament, if they are to remain.

3. Although it is not for me to decide on engineering questions, any layman can see that a twelve-mile-an-hour track is not up to the standard of modern rail-roading.

4. The Inspecting Engineer should be able to give a certificate of satisfaction with the whole work, except for certain specified limitations.

I regret to have to raise these objections in the case of such a large railway as the Canadian Pacific, which, in its own interest, will likely maintain a service equal to the requirements of the traffic, but I do not see how I can safely discriminate between it and roads less carefully managed.

My previous letter asked whether old rails were laid on the thirty miles between Antler and Manor : this question has not been answered, except generally that 'used rails have been recognized for subsidy purposes since 1884.'

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 8, 1901.

SIR,—I have to acknowledge the receipt of your letter of the 26th ultimo, in further reference to the progress estimate issued by me as Chief Engineer in connection with the subsidized Pipestone branch of the Canadian Pacific Railway.

In reply, I have to state that in this estimate I made no deduction for defective work, as I am not aware of the existence of such work. My deduction merely related to work unfinished, being, mainly, buillings and the surfacing of the track ; I have also deducted a sufficient amount to cover the minor details which, on the clearing off of the snow, may be found necessary.

With regard to the question of the used steel rails which have been laid, I would observe that these rails, though not new, weigh 56 pounds to the yard (the contract weight), and are, I am satisfied, of the 'best quality and description.' The fact that they have already been in use does not, so far as I am able to judge, in any way contravene either the expressed or the understood intention of Parliament in making the grant of aid, and unless it is made clear that Parliament otherwise intended, it would not be within my scope to object to the use of rails which, though not absolutely new, are in good and efficient condition, and conform to the contract requirements.

The remarks made by Mr. Haggart in the House of Commons on the 12th of July, 1900, as to the South Shore Railway, to which you refer, do not appear to be relevant to the present case, as I do not understand you to suggest that the Canadian Pacific Railway Company have abandoned the operation of any portion of their subsidized line and utilized the rails on it to obtain a fresh subsidy elsewhere, or that they have done anything more than utilize the lighter rails rendered available through the substitution of heavier rails at other points.

As covering the four difficulties which, you state, still exist in making payment, I would observe (1), that the progress estimate in question is such by the express provision of Parliament in respect of subsidies, and therefore carries all the right to re-

cognition for payment which Parliament contemplated ; (2), the future action of Parliament in respect of used rails which you suggest as desirable, is a matter with which I am, of course, not now concerned ; (3), the question of limit to speed pending the full surfacing of the track is one of discretion : I have exercised it to the best of my judgment. (4) The report of the Inspecting Engineer evidenced a condition such as to justify the estimate I have furnished. Had it been otherwise, I should not, of course, have given it.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M. & C.E.*

RAILWAYS AND CANALS DEPT., OTTAWA, March 8, 1901.

SIR,—In further reference to previous correspondence relative to the subsidy granted to the Canadian Pacific Railway Company, in aid of the construction of the Pipestone extension of that railway, I have the honour to inclose herewith a copy of a letter, dated the 6th instant, from the Assistant President of the said company, by which he states that at an interview which, he says, he had with you on that day, you informed him that you could not authorize payment of the subsidy in question until the question of the use of rails thereon, which had been taken from the main line to be replaced by heavier rails, has been authoritatively decided, and have to request you to be pleased to state whether his statement is in accord with the views you expressed to him at the said interview. The department, I am to say, can find no such decision from you officially communicated to it.

I am, sir, your obedient servant.

The Auditor General.

COLLINGWOOD SCHREIBER, *D.M.*

OTTAWA, ONT., March 6, 1901.

SIR,—At an interview with the Auditor General to-day, he informed me that he could not authorize the payment of the Pipestone branch subsidy, until the question of the use of rails thereon, which have been taken from the main line, to be replaced by heavier rails has been authoritatively decided. The rails which have been so transferred are of greater weight than the specification calls for, and are sufficient to meet the requirements of the traffic on the branch above referred to for fifteen or twenty years to come.

Under the circumstances I beg to ask that the matter be referred to the proper authority for decision.

I am, sir, your obedient servant.

C. DRINKWATER,

The Deputy Minister Railways and Canals.

Ass. to President C. P. Ry. Co.

AUDIT OFFICE, OTTAWA, April 2, 1901.

SIR,—In connection with the discussion which has taken place between us on the subsidy to the Pipestone Branch, it has occurred to me that I might make a suggestion in the way of amendment to the Subsidy Act to be retroactive in its effect.

It appears to me that it might be left by Parliament to the Chief Engineer to determine the fitness of the rails, whether new or second hand, for the probable traffic on the road being equipped.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

Order in Council, July 26, 1901.—On a memorandum dated May 2, 1901, from the Minister of Railways and Canals, representing, that in the contract entered into with the Canadian Pacific Railway Company on December 18, 1899, under authority of an Order in Council dated December 11, 1899, subsequently modified by an Order in Council dated February 1, 1900, for the construction under subsidy, of their Pipestone Branch Railway, the following provision was made:—

‘The rails shall be of steel weighing not less than fifty-six (56) pounds per lineal yard, of approved section and with the most approved fish plate.’

The Minister further represents that the company desire, it appears, to lay rails which have been taken out of the track on their main line and replaced by heavier rails.

The Minister recommends as some doubts have arisen as to the employment of used rails on the said branch, that the clause in question be interpreted as not excluding rails that have been already in use, provided they are of proper material, and of sufficient weight, strength and other qualities, and are good serviceable rails.

The committee submit the same for His Excellency’s approval.

J. J. McGEE, *C.P.C.*

Re Audit of Stations.

AUDIT OFFICE, OTTAWA, February 26, 1901.

SIR,—In the return of Mr. Lowe for the month of January, he reports an audit of Sackville station on 11th, 12th and 14th, and again on 26th, and following days, and in both cases reports condition unsatisfactory.

In the return of Mr. Girard, he reports Drummondville unsatisfactory.

I have to ask for full particulars in these cases; and what action has been taken in reference thereto.

You state that auditor Wallace has been engaged the whole month at Sydney. Are there any special complications in the accounts at this station to occupy an auditor for more than a month? I notice also that Mr. Lowe was occupied at this station four days in January.

I have to ask for a list of the stations and outside agencies of the Intercolonial Railway, and opposite each the dates of the several audits made during the year ended December 31st last.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

Re Outstandings.

AUDIT OFFICE, OTTAWA, March 26, 1901.

SIR,—The December returns from stations indicate that there are still some items under the heading of 'Outstandings' which have been standing over 3 months. It is desirable that there should be none so long undisposed of. Would it not help to accomplish this object if agents were required to give each month full details of all such items, with explanations of the cause of delay in disposing of them.

I have to ask for a detailed statement made up to March 31, of all outstandings in the hands of the Freight Claim Agent for over 3 months.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

TREASURER'S OFFICE, MONCTON, April 3 1901.

DEAR SIR,—I return herewith your D 65068, being the Auditor General's letter of the 26th ult., with respect to outstandings at stations, and also asking for a statement of the outstandings in the hands of the Freight Claim Agent for over three months.

Attached please find a list as asked for. The Freight Claim Agent is doing the best he can to clear these outstanding overcharges, and since March 1, has received vouchers amounting to about \$12,000 to clear other lines' proportions of charges on railway freight, which will dispose of a large number of the items.

The outstandings at stations over three months which have not been carried into Suspense are very few, and each is being looked after either by the Freight Claim Agent or the traffic auditor. In subsequent months the traffic auditor will place against each item constituting the outstandings at stations, in the copies of the station balance sheets sent to Mr. Gorman, a memorandum explanatory of same.

I am, sir, your obedient servant,

T. WILLIAMS,

The General Manager Govt. Rys.

Chief Accountant & Treasurer.

Re Freight in Store at St. John.

AUDIT OFFICE, OTTAWA, March 26, 1901.

SIR,—On December 31 last there were six cars of hay in store at St. John, the bills for which are dated as follows : two cars in January last, one in February, one in March and two in August.

Please explain the delay in delivery.

I am, sir, your obedient servant.

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

INTERCOLONIAL RAILWAY OFFICE, MONCTON, N.B., April 3, 1901.

DEAR SIR,—Replying to your letter of the 26th ult., about six cars of hay in store at St. John.

I have taken this matter up with our accounting department, and Mr. Williams, the chief accountant, informs me under date of the 2nd instant, that the first four

SESSIONAL PAPER No. 1

cars were shipped to St. John by A. Poirier, for South Africa, but as there was some dispute as to the quality, the hay was stored in our sheds at the ballast wharf. The Department of Agriculture has taken delivery of a portion, and will pay their proportion of the charges; and the balance has been sold to C. H. Peters' Sons, who on the 1st instant paid freight charges and \$150 storage. Mr. Williams also states that the two cars from Montreal, in August, arrived at St. John on September 1, and were left over when the last steamer for South Africa was loaded. They have been delivered to the Department of Agriculture, and freight charges and \$40 storage will be paid by that department.

I enclose you Mr. Williams' letter.

I am, sir, your obedient servant.

The Auditor General.

D. POTTINGER, *General Manager*.

Re Freight in Store, Halifax.

AUDIT OFFICE, OTTAWA, March 26, 1901.

SIR,—According to the freight agents monthly return, the following car-loads of deal, coal, hay, corn, &c., were in store on December 31:

Sept., 1899, 1 car deal. Nov., 1899, 1 car hay.

Feb., 1900, 1 car hay. Mch., 1900, 1 car deal.

April, 1900, 3 cars deal. May, 1900, 1 car deal.

June, 1900, 12 cars deal. July, 1900, 8 cars deal.

Aug., 1900, 1 car deal. 4 cars coal and 1 car hay.

Sept., 1900, 2 cars coal, 4 cars deal, 1 car apples, 5 cars corn and 1 car flour.

Oct., 1900, 5 cars corn, 1 car coal, 7 cars deal, 2 cars flour, 1 car hay, 1 car codfish and 1 car potatoes.

Please explain the cause of the delay in delivering these car loads and state if it is now the practice to charge demurrage after a certain time. In your letter of December 16, 1899, you stated that it was proposed to allow 30 days on deal, and after that to charge if cars were still held.

I am, sir, your obedient servant.

The General Manager Govt. Rys.

J. L. McDOUGALL, *A.G.*

INTERCOLONIAL RY. OFFICE, MONCTON, N.B., April 23, 1901.

SIR,—In answer to your letter dated March 26, in regard to freight in store at Halifax. I send you herewith a letter from Mr. Williams dated April 4, and a statement in detail. In regard to the question of charging demurrage on lumber for export, the matter has been under the consideration of the department on different occasions, and it was finally decided to give twenty-five days free of demurrage before commencing to charge, \$1 per day per car, and this arrangement went into force on January 3, 1901. I inclose you a copy of the circular. I may say that the lumber exporters are not satisfied with this time and claim that it is still too short.

I am, sir, your obedient servant.

The Auditor General.

D. POTTINGER, *General Manager*.

TREASURER'S OFFICE, MONCTON, N.B., April 4, 1901.

DEAR SIR,—I return herewith the Auditor General's letter of the 26th ult., (your D 65000) with respect to freight in store at Halifax.

Attached please find a statement of the cars named in the Auditor General's letter. The cars marked with a red cross in column headed 'claim No.' (16 in all) have been delivered, and there has been collected from Mr. Willis for storage, \$300, on instructions from Mr. Tiffin, traffic manager. Most of these deals were unloaded previous to Intercolonial Railway charging car rental, and stored in one of our sheds at Richmond; and Mr. Tiffin arranged with Mr. Willis, who bought the deals, to pay this amount for storage.

Car of hay No. 18424 was delivered to the troop-ship sailing for South Africa in February last, and the question of freight charges has been in dispute with the consignee, J. C. Malone, of Quebec, since that date. Freight clerk Hamilton, who delivered the hay to be loaded without first obtaining the freight charges, has been notified that the amount will be deducted from his pay, as he had all this time in which to collect the amount from consignee.

The other cars have all been delivered, and there was no storage collected on them. They were unloaded in our sheds and the cars released, with the exception of corn, which is coming in bulk and in large quantities, and on which the Intercolonial Railway does not collect car rental.

The deal shippers are being given 25 days free of car rental, and after that time they are being charged with \$1 per day for the cars.

I am, sir, your obedient servant.

T. WILLIAMS,

Chief Accountant & Treasurer.

The General Manager Govt. Rys.

Re Freight in Store—Pictou.

AUDIT OFFICE, OTTAWA, April 2, 1901.

SIR,—The January return (No. 17) from the Pictou station, shows freight in store amounting to \$5,084.34, of which over \$3,000 has been on hand for over 3 months, as per the following memo :

August, 1897	\$ 35	August, 1898	\$ 1 32
Several months, 1899	13 05	March 1900	41 53
April, 1900	109 93	May "	280 98
June "	469 87	July "	561 11
August "	496 72	September "	320 86
October "	751 87		

I have to ask when this station was last audited, and what explanations were furnished to account for the length of time these goods had been held. A large portion of this amount is composed of car loads of flour, drain pipe, beans, &c., which are dated every month from April to November, 1900. Possibly these dates indicate the time of shipment. Even so, it seems worthy of inquiry why flour shipped from Ontario and drain pipe from St. John in April, May and June last, are still in store at Pictou on January 31.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 5, 1901.

SIR,—I am without any reply to my letter of April 2 in reference to the length of time freight was held in store at Pictou.

SESSIONAL PAPER No. 1

Mr. Auditor Lowe, who audited the accounts at that station in April, reports it unsatisfactory.

I have to ask for particulars and what action has been taken in reference thereto.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 23, 1901.

SIR,—You stated in your letter of June 28 that you expected shortly to have particulars in connection with the freight in store at Pictou, asked for in my letter of June 5, which you would forward.

I have not yet received the information. Your early attention is requested.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

Re Through Freight : Interchange with Canadian Pacific Railway.

AUDIT OFFICE, OTTAWA, December 16, 1901.

SIR,—I wrote you July 14, 1900, in reference to differences between your company and the Canadian Pacific Railway on west bound freight delivered to the latter company at Ste. Rosalie.

You replied December 19, inclosing a letter of explanation from Mr. Williams and stating that you hoped for settlement before long.

The statements recently received indicate that no settlement had been reached on June 30 last.

What is the present position of the matter, and what action has been taken to have the difference arranged.

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

Re Hydraulic Rent in arrears, Welland Canal.

TORONTO, March 15, 1901.

DEAR SIR,—Will you kindly give me a description of the property referred to in the inclosed letter.

We are anxious to locate the property mentioned in your report.

I am, sir, your obedient servant,

The Auditor General.

JOHN MASSEY, *Manager.*

AUDIT OFFICE, OTTAWA, March 18, 1901.

SIR,—Replying to your letter of the 15th inst., I have to inform you that the property referred to is a water privilege at Dunnville, covered by lease No. 8623, on which there is a grist mill. The original tenants were R. & F. Latimer, and accord-

ing to the records of the Railways and Canals Department, this lease was assigned to the Canada Permanent Loan and Savings Company, on March 31, 1888. John Brown is entered as the present occupant. In 1893 the arrears then due—\$1,260—were paid, and the rent for the following year and a half at \$360 per annum, has been paid, and nothing since.

If your company is still interested in this property, it would be advisable that you should take action to have the arrears of rent paid. It is not probable that the government, long suffering as it proverbially is, will allow the present condition of affairs to continue much longer.

I am, sir, your obedient servant,

John Massey, Esq., Mgr. Can. Per L. & S. Co.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 26, 1901.

SIR,—In the statement of arrears due for hydraulic rents, Welland Canal, furnished by you for publication in the last report, there appears the name of the Canada Permanent Loan and Savings Company, \$1,980. The manager of the company writes me that his company is not now interested in the property (Lease 8623); the present owner having paid off the mortgage some time ago.

Would the company be liable for the rent of the property while it was in its possession?

J. Brown appears as the then occupant of this property on a statement of arrears due March 31, 1898, prepared by the superintending engineer.

I would call your attention to previous correspondence in reference to the arrears due on this and other canals—See Report 1895-96, page R-362; Report 1896-97, page R-355; Report 1897-98, page R-354.

According to the opinion of the superintending engineer and the other officers who reported on these arrears, many of the tenants continue to occupy and use these properties, are well able to pay and yet do not.

Do you not think this condition of affairs calls for the early attention of your department?

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S REPORT

Royal Commission to inquire into Chinese and Japanese Immigration.

SECRETARY OF STATE DEPT., OTTAWA, July 29, 1901.

SIR,—The time occupied by the commission of inquiry into this question has been much longer than was originally contemplated, owing to the wide range undertaken, the commission, in addition having sat at San Francisco and other American cities, took evidence at the cities and chief towns of British Columbia.

The taking of evidence has been completed, but I understand it will be some time before the report can be drawn up, as the stenographer's notes have to be written out. It will, therefore, be some months before the report will have been completed.

In the estimates for last year the sum of \$10,000 was voted by Parliament, and in the supplementary estimates at the recent session the sum of \$4,000 was voted. At that time it was assumed that the labours of the commission would have been finished long before the termination of the fiscal year. Owing to the voluminous evidence it was found necessary to take, the appropriation will fall short of the costs and expenses incurred, and some provision will have to be made for further advances to be provided in the supplementary estimates next session. In the meantime it is desirable that the balance at the credit of the fund should be distributed as far as it goes. May I, therefore, request that cheques do issue to the several persons engaged in the inquiry in the following amounts:—

R. C. Clute	\$2,250 00
D. J. Munn	1,250 00
Christopher Foley	1,250 00
F. J. Deane, secretary	1,250 00
Alexander H. Crawford, stenographer.....	282 89

Making a total of.... \$6,282 89

There will still be a balance due the several parties and the accounts can be finally adjusted when complete returns are received.

I inclose herewith accounts and vouchers received up to June 30, 1901, *i.e.* :

Detailed statement by R. C. Clute, of the time given to the commission, and statement of his expenses, amounting to \$984.41, with statutory declaration. Also original vouchers.

SESSIONAL PAPER No. 1

Account for expenses of D. J. Munn, amounting to \$794.85, with certain vouchers. In a letter from Mr. Munn he states that the time occupied by him on the commission was two days in September, seven days in October, three days in January, and from February 25 to June 16, both days inclusive, less one day. He states that during that period his time was the same as that of Commissioner Clute, who kept the official record.

I also inclose account for expenses and disbursements of Mr. Christopher Foley, amounting to \$647.50, with statutory declaration. Mr. Foley also forwards detailed statement of the days given to the commission, being four days in February, and all the months of March, April, May and June.

Also account of F. J. Deane, secretary to the commission, containing expenditure to the amount of \$1,552.84. I think the first item, to account rendered was sent down to the Auditor General's office some time last year. If not, Mr. Deane can be called on to rectify the omission.

The account of Alex. H. Crawford, stenographer, is for expenses and per diem allowance, amounting to \$1,545, on which he has received \$1,000, leaving a balance due of \$545. It is proposed to pay him \$282.89, which would still leave a balance due him of \$262.11 up to June 30.

Under the Order in Council the commissioners were authorized to fix the allowance to the stenographer. They have informed me that they have decided to allow Mr. Crawford \$7 per day and his expenses.

Yours truly,
R. W. SCOTT.

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, October 16, 1901.

SIR,—On July 29 you forwarded detailed statements, supported in part by vouchers, of the travelling expenses and other disbursements of the Chinese and Japanese commissioners and secretary, and a statement of travelling expenses and services of the stenographer, with no vouchers.

The total of these statements is \$5,525.05, from which is to be deducted \$262.56 yet due Mr. Crawford. Mr. Clute and Mr. Foley furnish declarations of the correctness of their accounts. The others should do likewise. The total advances were \$14,000 and I have to ask for vouchers for the balance. Presumably it went in payment of the services of the commissioners and secretary. I have not been furnished with any Order in Council fixing the remuneration of these officials.

The following memo. shows the present condition of the account, so far as information has reached this office :—

To whom Advanced.	Amount Advanced.	Statement of Expenditure, &c., furnished.
R. C. Clute	\$5,250 00	\$ 984 41
D. J. Munn	2,250 00	794 85
Christopher Foley	2,250 00	647 50
F. J. Deane	2,750 00	1,552 84
A. H. Crawford	1,282 89	1,545 45
Geo. Simpson	200 00	
Stationary Office	17 11	
	<hr/> \$14,000 00	<hr/> \$5,525 05

As the statements for publication in the Audit report are now being prepared, your early attention is requested.

I am, sir, your obedient servant,

Hon. R. W. Scott, Secretary of State.

J. L. McDougall, A.G.

SECRETARY OF STATE DEPT., OTTAWA, October 29, 1901.

SIR,—The work of the commission has not yet been completed, and as the parliamentary vote of \$14,000 fell short of the amounts respectively due to the three commissioners, the secretary and the stenographer, I apportioned the balance standing at the credit of the fund on June 30 among the commissioners, the secretary and stenographer *pro rata* in proportion to the sums assumed to be payable to them.

It will be necessary to ask Parliament for an appropriation in the supplementary estimates for the current year, and I hope before doing so that the work of the commission will be completed and the accounts in full rendered with the necessary vouchers.

Your obedient servant,

The Auditor General.

R. W. SCOTT.

Re Excise and Civil Service Examination.

AUDIT OFFICE, OTTAWA, March 26, 1901.

SIR,—I have received your letter of the 27th ult. inclosing lists and returns in reference to Excise and Civil Service Examinations. A summary should be furnished, showing the places where held, the examiners, the number of applicants, the amount of the fees and the deposits made in acquittance. The date of receipt of fees from each examiner should be entered on his return.

The returns for the Civil Service Examinations call for \$2,410 ; only \$2,409 has been brought to account.

At Victoria there were two candidates for the Excise Examination and seven for the Civil Service ; at Halifax two for the Excise, fifty-seven for the Civil Service ; at Winnipeg, three for the Excise, thirteen for the Civil Service. Could both examinations at these places not be held at the same time ?

I am, sir, your obedient servant,

The Secretary, Board of Civil Service Examiners. J. L. McDOUGALL, A.G.

BOARD OF CIVIL SERVICE EXAMINERS, OTTAWA, April 3, 1901.

SIR,—I am in receipt of your letter of the 2ùth ultimo, respecting the statements recently furnished you in connection with the fees received at the Excise and Entrance Examination. I note your request that a summary should be furnished showing the places where the examinations are held, the examiners, the number of applicants, the amount of the fees and deposits made in acquittance, and it will give me pleasure to see that the same is complied with in connection with all future returns. I shall likewise have a date of the receipt of fees from each examiner entered on his certificate as you suggest.

The total fees received at the Entrance Examinations amount to \$2,406. The presiding examiner at Montreal deposited four dollars more than he received, and I am to-day applying, in a separate letter, for a refund of this amount.

With regard to your inquiry as to whether the Excise and Entrance Examinations cannot be held at the same time, I beg to say that this is not possible, inasmuch as excise officers cannot be spared from their duties outside the month of August. There are other reasons which, in my opinion, would render such a plan impracticable, but in view of the one already stated it would seem unnecessary to further enlarge upon the subject.

I am, sir, your obedient servant,

The Auditor General.

WM. FORAN, *Secretary*.

AUDIT OFFICE, OTTAWA, August 15, 1901.

SIR,—On June 24 last, \$54 came to account for fees at the Promotion Examination held in May. The examiners' returns of these examinations have not yet been received.

I wrote you on March 26 last that the deposits made on account of the November examinations were \$1 short, and it has not since been deposited. In your reply you stated that the correct amount of fees collected at that examination was \$2,406. The

SESSIONAL PAPER No. 1

deposits that came to account were \$2,379 on December 21, 1900, and \$30 on February 7, 1901, from which is to be deducted a refund of \$4 over-deposited, leaving only \$2,405, which is \$1 short.

Your early attention will oblige.

I am, sir, your obedient servant,

The Secretary, Board of C. S. Examiners.

JOHN GORMAN, *for A.G.*

AUDIT OFFICE, OTTAWA, October 4, 1901.

SIR,—According to the returns there was an examination held at Kingston in November, 1900. I do not find anything in statements of expenditure for the services of the sub-examiners or the rent of the hall. Please explain.

I am, sir, your obedient servant,

The Secretary, Board of Civil Service Examiners.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 4, 1901.

SIR,—I have had no reply to my letters of June 15, 1900, and September 12 following, in reference to the shortage of \$15 of Mr. Burpee in remitting the fees collected by him. I do not find that the amount has since come to account. Your attention is requested.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 4, 1901.

SIR,—In reference to the expenditure of the Board of Civil Service Examiners for 1900-1901, I have to call your attention to the following observations :—

(1.) Some of the statements for travelling expenses are not in sufficient detail. The hotel vouchers are not furnished.

(2.) Details of petty cash should be furnished.

(3.) The rent of halls at Toronto and Montreal are still paid by Public Works Department and charged to rents and repairs.

(4.) In the expenses at Hamilton \$15 is charged for rent of 20 chairs and 20 tables. Last year only \$8.10 was charged for rent of 18 chairs and 18 tables.

I am, sir, your obedient servant,

The Secretary, Board of Civil Service Examiners.

J. L. McDOUGALL, *A.G.*
