In this Report the details of expenditure and revenue for each department are given in a separate part, the parts being arranged alphabetically by the names of the departments. At the commencement of each part there is a summary of the expenditure, indicating the pages where the details will be found. A similar summary of the revenue is given at the commencement of the revenue details. Thus, if an item of Immigration expenditure is wanted—it being known that this service is under the control of the Interior Department—on turning up that department in its place alphabetically, the summary at the beginning gives the page for Immigration, and there the details of expenditure will be found arranged under agencies. Similarly an item of expenditure under the control of the Public Works or any other department may be found in the same way.

SESSIONAL PAPER No. 1

Refund of Superannuation Deduction.

AUDIT OFFICE, OTTAWA, November 7, 1900.

SIR,—I beg to acknowledge the receipt of your application of the 6th instant for the issue of a cheque of \$246.75 in favour of James Wilson, late lightkeeper at Partridge Island, being the amount of Superannuation deduction made in error from his salary from July 1, 1873 to March 31, 1890, with interest thereon at the rate of 6 per cent per annum.

There is no authority, so far as I know, for the payment of interest on a refund such as that you ask to be made to Mr. Wilson, nor is there any parliamentary appropriation to which such a payment might be legally charged. Interest on a refund of superannuation deduction, in the absence of special parliamentary authority to that effect, is not a proper charge on the Superannuation Revenue Fund and consequently may not be paid from that source.

The refund of the actual deductions, made in error, is of course quite a proper charge on the fund to which these deductions have been credited and a cheque for the amount of deductions, so made in the case of Mr. Wilson, will be issued without objection from me on receipt of your application and a statement showing the details of the amount asked for. I return your application herewith.

I am, sir, your obedient servant,

J. L. McDUGALL, A.G.

John Hardie, Esq., Acting Deputy Minister, Marine and Fisheries.

NOTE.—The superannuation deduction was refunded without interest.

Agent Overdraws his Bank Account.

AUDIT OFFICE, OTTAWA, March 20, 1901.

SIR,—I beg to ask for explanation of a charge of \$1.54 in the July 1900 Contingent Account of the Agent Marine at Halifax, for protest fees on a cheque for \$33.60 issued by him in favour of F. Lawson on June 30, 1900.

Was not the advance made in Mr. Parson's favour to cover Contingent expenses available on July 6, 1900, and if not, please let me know why Mr. Parsons issued a cheque when there were no funds to his credit in the bank?

I am, sir, your obedient servant,

The Deputy Minister Marine & Fisheries.

J. L. McDUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, March 27, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 20th instant, requesting an explanation of a charge of \$1.54, in the July, 1900, Contingent account of the agent of this department at Halifax, for protest fees on a cheque for \$33.60, issued by him in favour of F. Lawson, on June 30, 1900, and in reply, I am to inform you that when the cheque in payment of wages for maintenance of pigeon service at Hazel Hill, for the quarter ended June 30, was forwarded to Mr. Lawson, the agent was in funds at the bank. In the meantime, however, other amounts had been paid out for labour and other purposes, so that when Mr. Lawson's cheque was presented at the bank of Montreal, through the Peoples Bank, at Canso, there were no funds, and the cheque was dishonoured.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, March 30, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th instant in explanation of the payment of \$1.54 protest fees on a cheque issued by the agent of Marine and Fisheries at Halifax, N.S., in which you say that when the cheque was issued the agent had sufficient funds in the bank to meet it but these funds had been exhausted by the time the cheque was presented for payment. In my opinion this explanation is not at all satisfactory. The agent should have taken into account the unpaid cheques against his credit at the bank when he issued the cheque in question. The amount of the protest fees should now be disallowed.

In connection with this matter I beg to request that you will cause to be sent me for audit the paid cheques drawn against the contingent advances by your various agents.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, April 29, 1901.

SIR,—Referring to your letter of the 30th ult. intimating that in your opinion the explanation given by the agent of this department at Halifax relative to a charge for \$1.54 protest fees is not satisfactory and stating that the agent should have watched his bank account, &c., I have the honour to inform you that the department considers the agent should have watched his bank account as you suggest, and that I have communicated with him in that sense. In regard to your request that you be furnished with the cheques drawn against the contingent advances by the various agents of this department, I have to state that the department is not in possession of the cheques referred to, and that you have already received vouchers for money paid out by the agents.

By the records of the department it appears \$1.54 was deducted from voucher 1,317 transmitted by the agent at Halifax, and has not since been allowed.

I am, sir, your obedient servant,

The Auditor General.

JOHN J. MAGEE, *Actg. D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, May 4, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ultimo with further reference to the charge for protest fees made by the agent of Marine and Fisheries at Halifax in which you inform me that the charge in question has been disallowed. The amount to which I called your attention—\$1.54—though scored out in the July statement was included in the total charge on the appropriation for agencies, rent and contingencies and the voucher obtained by Mr. Parsons sent me in support of it. I have since noticed that the amount has been deducted from the appropriation for maintenance of lights. Please ask for a transfer entry making the necessary correction.

With regard to my request that the paid cheques in connection with contingent accounts of the various agents be sent me for audit I beg to call your attention to section 30 of the Consolidated Revenue and Audit Act. You will notice it is explicitly directed that cheques of this character should be sent to this office. The fact that the agents receive the amounts as advances to be accounted for does not affect the question. These advances are given on the understanding that the amount in each case be deposited in a bank and used as required.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

Advances made under Letter of Credit not accounted for.

AUDIT OFFICE, OTTAWA, April 2, 1901.

SIR,—With reference to the advances made under your letter of credit during the current fiscal year or during last year which have not been yet accounted for and which have been brought to the notice of either yourself or the Accountant, I beg to inform you that I shall require certified vouchers in support of the various amounts in question or in the absence of such vouchers satisfactory explanation in regard to the delay in furnishing them before certifying to the issue of any further credit at the Bank of Montreal in your favour.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 14, 1901.

SIR,—Before passing your application of the 12th inst. for a credit of \$75,000, I beg to call your attention to my letter of April 2nd last respecting certain advances made to officers of your department to meet travelling and other expenses and to inquire if these advances have yet been accounted for.

I have not seen, so far, any accounts for advances made to yourself from the vote for unforeseen expenses generally, nor for advances made to Mr. Stumbles to cover expenses of his trip to British Columbia. If these advances have been accounted for please let me know the numbers of the vouchers.

There are also advances of last year to Mr. Cunningham and Dr Kendall which have not been accounted for in the vouchers that have been examined; and a deposit to Casual Revenue of \$29.15 made by Mr. Owen which has not come to account.

I am holding your application until I hear from you on these matters.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 20, 1901.

SIR,—In reply to your letter of the 14th inst., respecting advances made to officers of this department to meet travelling and other expenses, I am to inform you that the advance made to myself was for expenses incurred while on my trip to Europe, and a statement of the same will be prepared and sent to you.

Mr. Stumbles has just returned from a trip to the Lower Provinces, and he is now preparing a statement of his expenses incurred in British Columbia.

Mr. Cunningham's account is in the hands of this department and is held pending final adjustment.

Dr. Kendall, in reply to a departmental letter has informed the department that he will forward his account before the end of this month.

The deposit receipt covering Mr. Owen's refund will be sent in the statement at the end of the month.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, June 22, 1901.

SIR,—In reply to your letter of the 20th instant in regard to certain unaccounted for advances brought to your notice by this office, I beg to say that I shall be glad to pass the credit on a statement from you that the accounts in support of the advances named will all reach this office during the current month.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—With reference to your application of the 2nd instant for a credit of \$100,000. I beg to inform you that I shall not be able to pass it until I receive a satisfactory reply to my letters of the 14th and 22nd ultimo, respecting certain unaccounted for advances. Your application of the 12th ultimo is still withheld.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 9, 1901.

SIR,—I beg to call your attention to the following advances made under your Departmental Letter-of-Credit of last year which have not been accounted for, so far as I have been informed. I shall be obliged if you will cause the necessary accounts in support of these advances to be sent me during the present week as the report of the expenditure made by the Marine and Fisheries Department during last year is now in course of preparation and the absence of any accounts bearing upon it seriously impedes our work.

W. L. Magee, cheque 2724, issued in Sept., 1900, \$25 ; W. H. Smith, cheque 4788, issued in Oct., 1900, \$40 ; M. P. McElhinney, cheques 14917 and 15159, issued in May and June, 1901, \$650 ; Ramsay Wright, cheque 14650, issued in May, 1901, \$150 ; J. U. Gregory, cheque 16266, issued in June, 1901, \$500.

I desire also to inform you that I have not received any of the paid cheques of last year, though they have been frequently asked for. These outstanding cheques and vouchers are essential to a complete audit of the expenditure of your department and I may say if there is any further delay in sending them to me I shall be obliged to decline your next application for a credit.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 29, 1901.

DEAR MR. McDOUGALL,—I have just received the duplicate letter addressed to this department on the 23rd instant and which must have been mislaid. The accountant informs me that all the advances which you speak of in that letter have been accounted for and forwarded to your department.

As far as the last paragraph of your letter is concerned 'that you desire a promise from me that in future all advances for travelling expenses be either made through the accountant of contingencies or by direct application to your office,' I beg to say

SESSIONAL PAPER No. 1

that, heretofore, I followed the explicit directions of the minister and before I can give such a promise I will have to secure the approval of the acting minister or Mr. Fielding for changing the policy adopted by the late minister.

Yours faithfully,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 5, 1901.

DEAR MR. McDUGALL,—With a view to arriving at a speedy and satisfactory settlement of the question of advances for travelling expenses, to which you recently called my attention, I consulted the Minister of Finance, in the absence of my own minister, in regard to the matter. He has kindly written me the result of his interview with you on the subject, and has suggested certain changes in dealing with these advances, which have guided me to a great extent in drawing up the accompanying instructions which I have issued to the accountant of this department in this regard. As I am most anxious to facilitate the audit of our accounts, and to render your office whatever assistance I can with that end in view, I trust the rules now laid down will meet the objections taken by you to the present method of making and accounting for these advances.

The cheques for last fiscal year are now being examined and placed in numerical order, and will be sent to you in the course of a few days.

I may also add that in future the paid cheques received from the bank will be sent to the Audit Office monthly in accordance with the requirements of the Audit Act.

Yours faithfully,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

Memorandum for the Accountant.

I have received a letter from the Finance Minister to whom, in the absence of my own minister, and with a view to reaching an early decision, I referred a letter lately received from the Auditor General, in which he refused to grant me a credit unless certain promises were given in connection with advances on account of travelling expenses.

In order to carry out Mr. Fielding's suggestions, and to meet as far as possible the Auditor General's objections, the following rules in regard to travelling expenses will have to be strictly observed in future in this department.

1. When a departmental officer, other than the minister's private secretary, applies for an advance for travelling expenses, a certificate will have to be given me by the accountant, before I sanction such advance, that previous advances (if any) to the applicant have all been satisfactorily accounted for.

2. The accountant shall furnish me, at the beginning of each month, with a detailed statement of all advances remaining unaccounted for on the last day of the preceding month.

3. If an officer travels in connection with a service for which an appropriation has been voted by parliament, the advance for his expenses will be charged to that service.

There is no doubt that the Auditor General has had reason in the past to complain of undue delay in this department in accounting for advances for travelling expenses,

and it will therefore be the duty of the accountant to see that the above rules are strictly adhered to in future, so that the Auditor General may not be obliged to again call attention to this matter.

Department of Marine and Fisheries,
Ottawa, November 5, 1901.

AUDIT OFFICE, OTTAWA, November 6, 1901.

SIR,—With reference to your letter of the 5th instant respecting your recent application for a credit of \$100,000 and the delay in passing it, I beg to inform you that I have now passed the credit, though I do not consider the regulations you have issued governing future advances fully satisfactory, especially No. 3, relating to the appropriations to which travelling expenses are to be charged. As, however, you have recognized the necessity of insisting on all advances being promptly accounted for in future and the regulations you have issued are in the right direction, I have passed your application for the present and will write you more fully in a few days regarding regulation No. 3.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

Amount paid for Distressed Seamen which should be Refunded.

AUDIT OFFICE, OTTAWA, April 15, 1901.

SIR,—I beg to acknowledge the receipt of your application of the 11th instant for a Bill of Exchange for £1 12s. 9d. in favour of the Assistant Secretary, Finance Department, Board of Trade, England, being expenses of three seamen of the "A. Gibson", a vessel owned by Mr. E. G. Driscoll of St. John, N.B.

It appears from the correspondence that the owner is responsible for this amount but has declined to recognize his liability. Under these circumstances I should like to know, before passing your application, if the department has taken any action in the matter with the object of recovering the amount from the persons responsible under the law.

I have the honour to be, sir, your obedient servant,

F. GOURDEAU, Esq.,

J. L. McDOUGALL, *A.G.*

Deputy Minister, Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 9, 1901.

SIR,—In reply to your letter of the 15th ultimo, in respect to the application of this department for a Bill of Exchange for the sum of £1 12s. 9d. in favour of the Assistant Secretary, Finance Department, Board of Trade, London, England, being the expenses incurred by the Board of Trade in respect to three seamen of the "A. Gibson", a vessel owned by Mr. E. G. Driscoll of St. John, N. B., I have to inform you that the owner of the vessel is responsible for the expenses incurred and the department has made application, both by letter and through the agent at St. John, N. B., to endeavour to collect the amount, but Mr. Driscoll, the registered owner ignores the claim and refuses to pay the amount.

SESSIONAL PAPER No. 1

The only way the account could be collected would be by legal process. In the meantime the department has decided to refund the amount to the Board of Trade and will consider the question of collecting the amount from the owner through the courts.

I am, sir, your obedient servant,

F. GOURDEAU, D. M. of M. & F.

The Auditor General.

Pay-lists not Properly Certified.

AUDIT OFFICE, OTTAWA, June 10, 1901.

SIR,—I beg to bring to your notice the form of certificate given by your agents on the pay-lists of the Dominion Steamers of the current fiscal year.

In some cases the agent merely certifies "correct" and in others the certificate given is that which is properly applicable to an account for supplies. I called attention, some years ago, to what seemed to me the absurdity of this latter certificate when given on a pay-list, and now in view of some recent discussion in the Public Accounts Committee, and the importance attached by the committee to the certificate of the responsible officer on all accounts against the public funds, I feel called upon to bring the matter to your notice again.

The various agents or other officers of your department upon whom the duty of giving these certificates devolves should understand that the object of certifying the accounts is to afford the Auditor General trustworthy evidence that the expenditure has been incurred within the law and is, in other respects *bona fide*, and that they should, in view of this object, exercise reason and judgment in certifying the various kinds of accounts.

I inclose a form of certificate which seems to me might be appropriately given in connection with the steamer pay-lists or others of a similar character and which will meet the requirements of the Audit Act.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

I certify that the various persons named in this pay-list have been employed every day (except as specified hereon) at the public work under my supervision, that their services have been satisfactory and the rate of remuneration authorized by the department.

(Signed)

Master or Superintendent.

Approved.

Deputy Minister,

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 14, 1901.

SIR,—I have to acknowledge receipt of your letter of the 10th inst., with reference to the certificate required on the pay-lists of the Dominion Steamers and in reply, I am to inform you that the subject of your letter has been brought to the notice of the various agents.

I am, sir, your obedient servant

The Auditor General.

The Storerooms on Sussex St.—The Necessary Accounts not Kept.

AUDIT OFFICE, OTTAWA, June 10, 1901.

SIR,—I beg to inform you that, acting under my instructions, one of the clerks in this office visited the Marine Stores on Sussex St., on Friday the 7th instant for the purpose of examining the accounts kept by the Storekeeper and checking the stock on hand with the quantities shown on the books, and that he has reported to me that no accounts of any practical use are kept by Mr. Thériault, the officer whom he found in charge. There were considerable stores on hand most of which Mr. Thériault said were merely awaiting shipment to the various lights above Montreal. Mr. Harty, the inspector of lights, it seems, has full charge of these supplies and is responsible for their safe-keeping and proper disbursement. I shall be obliged if you will inform me by whom the accounts of charge and discharge of these supplies are kept, and where I shall find them for examination.

So far as the Marine Stores on Sussex St. are concerned, I think there should be regular accounts kept of the articles given in charge to Mr. Thériault, and the disposition made of them.

Please let me hear from you on this matter at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 20, 1901.

SIR,—I have the honour to acknowledge receipt of your letter of the 10th instant relative to the visit of one of your clerks at the Marine Stores, on Sussex Street, for the purpose of examining the accounts and checking the stock on hand with the quantities shown on the books, &c., and in reply, I inclose herewith copy of a memorandum prepared by Mr. Harty, Superintendent of Lights above Montreal, showing that owing to the complete misconception of the duties of Thériault, who is simply a mechanic, suggestions of reform were made which are not applicable in this case.

I am, sir, your obedient servant,

The Auditor General.

Memo. on Letter of Auditor General of 10th June, 1901.

The lightkeepers send in requisitions in early part of each year for the goods which they require for their lights.

After they are gone over, and approved of, I enter them in my supply book. When the requisitions are all in and entered, I tabulate them, showing the quantities of each of the different articles which are required. Most of the goods are purchased by tender in bulk from wholesale houses at the lowest prices, according to quality, and are delivered direct to the supply boat in Montreal by the successful tenderers, except some small supplies which are purchased at the most convenient points on the route. I then deliver to each of the lights their quota, and take their receipts, which I hold subject to inspection, if required. I then open an account in my ledger of quantity of goods delivered to each light, cost, and from whom purchased, and quantities of goods over, and returned to stores with a balance sheet showing the goods delivered and returned to store, to be equal to the goods purchased.

SESSIONAL PAPER No. 1

This completes the work of the annual supplying of the lights, except that certain small supplies authorized by me, are given out occasionally from the storehouse. Upon my return from supplying the lights, not only above Montreal but of those on the Ottawa River, I take stock of the goods then on hand, and these are entered in a stock book, which is open to inspection at any time.

When your clerk visited the storehouse on the 7th June instant, there was a quantity of goods lying there, which had been recently purchased in Ottawa for shipment to Montreal, to be placed on board the lighthouse supply steamer, among which was a quantity of tin cans, measures, oil tanks, &c.

Mr. Theriault is employed by the department as a mechanic, and his time is occupied in making lamps for lighthouses and in repairing lamps which have got out of order and which are sent here by lightkeepers for repairs, and also in shipping from time to time any apparatus required in the maintenance of lights, under the direction of the Chief Engineer of the department, all of which is shown by the records of the department.

(Sd.) P. HARTY,

June 17, 1901.

Superintendent of Lighthouses.

I should add that when I leave on my annual supply trip, about middle of June in each season, I take all supplies then in storehouse with me.

(Sd.) P. H.

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th ultimo, inclosing a memorandum from Mr. Harty, inspector of the lighthouses above Montreal, with reference to the distribution of the supplies purchased for the lights within his jurisdiction, sent me in reply to my letter of the 10th June last.

I shall be glad to examine the books of account mentioned by Mr. Harty in his memorandum as kept by him, on his return to Ottawa; but in the meantime I shall be obliged if you will let me know the name of the officer whom you hold personally responsible for the safe-keeping of the stores delivered at the Marine warehouse on Sussex street.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Aug. 1, 1901.

SIR,—Referring to your letter of the 2nd ult., in regard to examining books of account mentioned by Mr. Harty, relative to distribution of lighthouse supplies and inquiring the name of the officer held personally responsible for the safe keeping of the stores delivered at the Marine warehouse on Sussex Street, I have the honour to inform you that Mr. Harty is at present absent from Ottawa on his official tour of lighthouse inspection, but on his return he will be informed of your request.

I may observe that Mr. Harty is the officer who is responsible for the safety of the stores in the Marine warehouse on Sussex Street.

I am, sir, your obedient servant,

The Auditor General.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Aug. 17, 1901.

SIR,—Referring to your letter of the 2nd ult., in regard to examining the books of Mr. Harty, I have to inform you that Mr. Harty has now returned to Ottawa from his supply trip, and will be pleased at any time, to place the books at the disposal of an officer of your department for examination.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, September 25, 1901.

SIR,—I find on examination of the expenditure of last year in connection with the maintenance of the light-houses above Montreal that the sum of \$1,055.61 was paid through Alfred Theriault who is employed in the capacity of a mechanic in the store-rooms on Sussex street. It was not been found necessary in previous years to make payments to such an extent through Mr. Theriault and I shall be obliged if you will let me know your reasons for having done so during last year.

You will remember I wrote you some time ago with reference to the Marine Stores on Sussex Street, and the precautions taken by the department for their safe keeping and proper distribution and you informed me that Mr. Harty, inspector of lighthouses, was held by the department personally responsible for the stores in question. In that case it seems to me the expenditure made through Mr. Theriault should have been made through him, if an intermediary were at all necessary, but it is not plain to me why any intermediary was necessary. The whole expenditure, practically, was made in the city of Ottawa and might easily have been paid by cheque in favour of the creditor.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 16, 1901.

SIR,—I beg to call your attention to my letter of September 25 last with reference to certain payments made for cartage during last year through Alfred Theriault, a mechanic in the employ of your department, and to request that you will cause to be sent me the explanations asked for therein.

I notice that the same mode of making payments for cartage from and to the storehouse on Sussex St., namely through Mr. Theriault, is continued in the current fiscal year, the amount paid for the month of September being \$37.79. The vouchers sent me in support of this payment are not satisfactory in detail nor are they certified by Mr. Harty, who you say is the responsible storekeeper.

Please do not make any more payments through Mr Theriault until the expenditure made through him during last year and so far during the current year has been investigated and fully explained.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 1, 1901.

SIR,—I beg to bring to your notice the accounts rendered by Jos. Archambault, Ottawa, for supplies furnished the department in connection with the Lights above

SESSIONAL PAPER No. 1

Montreal during last year, amounting to \$215.05. These accounts are certified as to the delivery of the supplies at the Marine Stores on Sussex St. and the fairness of the price paid by Alfred Theriault.

As you have informed me that Mr. Harty, Inspector of Lights above Montreal, is the officer of your department whom you hold personally responsible for the receipt and safekeeping of these stores, I shall be obliged if you will have the duplicates of the accounts in question certified by him and sent to me at your early convenience. I will then return the vouchers which have been sent me in the first instance. Of course I shall expect Mr. Harty, as responsible storekeeper, to account for these supplies.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 12, 1901.

SIR,—With further reference to the disbursements for cartage and labour made through Alfred Theriault, a mechanic, employed at the store-rooms on Sussex St. during last year, I beg to point out that the accounts rendered by Mr. Theriault should be certified by the officer of your department personally responsible for the proper performance of the services in question.

The various charges for cartage and freight should also be more definitely described. The destination of the articles issued from the stores and the weight or other description of the quantity carried on each trip should be given. I presume the Chief Engineer or the Inspector of the Lights above Montreal will have sufficient knowledge of the supplies sent each lightkeeper or received into the store during the year to give the necessary certificate.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 15, 1901.

SIR,—I have to acknowledge the receipt of your letter of the 12th instant with further reference to the disbursements for cartage and labour made through Mr. Alfred Thériault, a mechanic, employed at the storerooms on Sussex Street, during last year, and stating that the accounts should be certified by an officer of this department personally responsible for the proper performance of the services in question.

In reply, I am to inform you that in future I will arrange to have an Authority Book kept at the storerooms for the purpose of entering all approved orders for labour and cartage; such approved orders to be attached to the accounts rendered for payment; also the destination of supplies sent out shown, and the accounts certified by a responsible officer of the Engineer's Branch of this department.

Previously, this matter has been left in the hands of Mr. Thériault, who has charge of the men employed at the storerooms and in sending out supplies.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, November 19, 1901.

SIR,—With reference to your letter of the 15th instant respecting the safeguards which you intend providing in the future in connection with the expenditure for cart-

age and labour at the storerooms on Sussex Street, I beg to point out that the arrangement seems quite satisfactory.

With reference to the accounts of the last fiscal year with which we are at present directly concerned please obtain a certificate from some officer of your department sufficiently informed on the requirements of the lighthouses and the quantities and nature of the supplies received and distributed at the storerooms, to the effect that the work was performed as claimed and that the prices charged are fair and just. This certificate should be given after a careful examination of the accounts rendered by Mr. Thériault, and a statement submitted showing the nature of the supplies sent out or received and the lighthouse to which each article was sent. I shall be glad if you will give this matter your early attention so that it may be disposed of before the report of the expenditure made during last year by your department has been closed.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 13, 1901.

SIR,—Referring to your letter of the 19th instant with further reference to the expenditure for cartage and labour at the store-rooms on Sussex Street, and requesting that a statement be submitted showing the nature of the supplies sent out or received and the lighthouse to which each article was sent, I am to inform you that since the receipt of your letter Mr. Thériault has been laid up in the hospital undergoing an operation, and the accounts have been put together for some time awaiting his recovery so that he can give the statement required. Immediately on his return to duty this matter will be attended to.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, December 11, 1901.

SIR,—I beg to call your attention to the following vouchers sent me in support of certain payments made during last year from the vote for the Fishery Exhibit at Ottawa :

Voucher 13243—Jos. Archambault.	\$26 21
“ 13244—Gil Julien	11 27
“ 13239—E. G. Shepherd.	96 33

These accounts are certified by Alf. Theriault instead of by the officer in charge of the exhibit. Please obtain the certificate of the proper officer. I shall be obliged if you will give this matter and any others of a similar nature in connection with the expenditure of last year about which I have already written you, your early attention, so that there may be no unnecessary delay in the completion of the report of this office, so far as it concerns the expenditure of your department.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

SESSIONAL PAPER No. 1

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 12, 1901.

SIR,—In reply to your letter of the 11th instant, asking that certain expenditure incurred in connection with the Fisheries Exhibit be certified by the officer in charge of the room instead of by Alf, Theriault, I have the honour to explain that in these instances, the work was performed and the articles purchased through Theriault on the authority of this department. This work is of a nature that comes under Theriault's special trade and there is no other officer in a better position to certify these particular accounts.

The officer in charge of the exhibit room has no knowledge of the correctness of the prices charged or whether the work was properly performed, he having had no experience in this direction.

I am, sir, your obedient servant,

The Auditor General.

Travelling Expenses of Deputy Minister to Paris.

AUDIT OFFICE, OTTAWA, July 5, 1901.

SIR,—With reference to your account of that portion of your travelling expenses to the Paris Exhibition, chargeable to the vote for Ocean and River Service, unforeseen expenses, I beg to point out that only \$5 per day of the period of your absence from Canada is properly chargeable to this vote under the Order in Council of February 22, 1900.

The expenses of your trip visiting certain places in France cannot be charged unless there is other authority than the Order in Council in question.

The charge of 3½ per centum for exchange, &c., cannot be allowed. The actual amount in such cases must be quite easily ascertained and there was therefore no necessity for a regulation making an allowance.

According to the dates given in your account, your period of absence covered 299 days, but you have charged for 284 only. Of course the daily allowance does not apply to the days at sea when the passage fare includes maintenance. Please let me know if deduction has been made in this respect.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 11, 1902.

DEAR MR. McDOUGALL,—Referring to your letter of the 5th July last, in respect to my account for travelling expenses to the Paris Exposition, chargeable to the Vote for 'Ocean and River Service'—'Unforeseen Expenses'—I beg to say that the Order in Council of the 22nd February, 1900, gave me an allowance of \$5 per day subsistence in addition to the amount allowed me as Commissioner, such supplemental allowance to cover the period during which I would be absent from Canada as one of the Canadian Commissioners to the World's Exposition; it was understood that I would take advantage of the opportunity thus afforded to familiarize myself with the methods adopted in Europe in connection with many branches of the public service over which

this department had control, the sum to be charged to the appropriation for 'Unforeseen Expenses' at the disposal of this department. In this connection I was instructed to visit Life Saving Stations with a view to ascertain whether any improvement could be made in our stations here in Canada, and in accordance with the terms of the Order in Council the sum of \$5 per day was properly chargeable to the vote for 'Unforeseen Expenses.'

I also examined the localities where trees were grown in soil and location somewhat similar to Sable Island in Canada with a view to introducing trees at the latter place, where since they have been planted, and the charge for this, I contend, comes under the terms of the Order in Council.

With regard to the charge of $3\frac{1}{2}$ per cent to meet loss in exchange, I may say that at a regular meeting presided over by the Honourable Mr. Tarte, the $3\frac{1}{2}$ per cent alluded to was allowed and the sum was charged by all other Commissioners in their accounts of expenses.

I may also observe that I did not charge for subsistence during the time I was at sea.

Trusting that this explanation will be satisfactory.

I am, sir, your obedient servant,

The Auditor General.

Taxed Costs not Collected.

AUDIT OFFICE, OTTAWA, September 27, 1901.

SIR,—With reference to a payment of \$81.24 made during last year to Mr. D. A. McKinnon, Charlottetown, for legal services in the case of the Attorney General of Canada vs. James Lantalum, I beg to point out that the Exchequer Court of Canada has taxed a bill of costs against the defendant in this case to the amount, \$47.74 which, so far as I am aware, has not yet come to account in the books of the Receiver General of Canada. Please let me know if the amount has been collected, and if not, what steps have been taken in the matter.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 2, 1901.

SIR,—In reply to your letter of the 27th ultimo relating to the taxed bill of costs against the defendant in the case of the Queen vs. Lantalum, I have to inform you that nothing has been paid to the credit of the Receiver-General.

The agent of the Justice Department at Charlottetown sent his account to the Justice Department for \$81.24, of this sum \$65.54 was paid to Mr. McKinnon and a cheque for \$15.70 was placed to the credit of the Receiver-General.

The judgment was taken into consideration by the Hon. Sir Louis H. Davies, when Minister of Marine and Fisheries, with a view of arriving at a settlement, but owing to his unavoidable absence from Ottawa a good part of the last summer, the case was not settled.

I am now dealing with the case and hope to have it settled.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

Appropriation for a Steamer at British Columbia.

AUDIT OFFICE, OTTAWA, December 23, 1891.

SIR,—I beg to request that you will cause to be sent me the contracts for the new steamers at British Columbia, for the construction of which, payments amounting to \$7,600 and \$12,053, were made last year through your letter of credit.

In the Supply Bill of last year provision is made for the construction of a steamer for fisheries and customs protection, British Columbia, to the amount of \$50,000. There is no provision, so far as I can ascertain for the construction of a second steamer.

The third, fourth and fifth instalments of \$1,520 each on steamer No. 1 were apparently issued on the same day and are not supported by the necessary certificates. Please explain.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 30, 1901.

SIR,—In reply to your letter of the 23rd instant, asking for the contracts and certain information in connection with the building of two steamers in British Columbia for the service of this department, I have the honour to inclose you herewith the contracts asked for, and would request that the copy for the building of the larger steamer be returned as soon as possible, as it is required for constant reference.

When the estimate of \$50,000 was first taken, it was considered that one steamer would be sufficient, but subsequently it was decided that two small steamers would meet the requirements of the service much better than one large one, and consequently it was determined to build two steamers. Parliament was cognizant of this fact, as on March 20 last, when the House was in session, copies of the plans and specifications calling for the construction of two government vessels in British Columbia were asked for.

In explanation of the three payments being made on the same day, I may explain that these cheques were issued and held by this department until a sufficient quantity of work had been done by the contractor to warrant the mailing of the cheque, which was done on a letter from Captain Gaudin, stating that steamer No. 1 had been completed. In fact, one cheque for \$1,520 is still in the hands of this department pending the receipt of a definite certificate to the effect that the steamer has been completed according to contract.

I am, sir, your obedient servant,

The Auditor General.

No Accounts for Labour at Fishery Exhibit.

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 19, 1901.

SIR,—In reply to your letter of the 14th instant asking for certified accounts to cover the services of William Morno, employed as a labourer at the Ottawa Fish Hatchery and Fishery Exhibit during the fiscal year ended the 30th June last, I have the honour to explain that this man was employed on my authority to attend to the stoves heating the rooms occupied by this department. No account was demanded at the

time, but I am personally aware that the service for which this man was employed was faithfully performed.

I am now taking steps to procure the necessary accounts, which I will forward to you as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

Fitting Steamer 'Minto' for Governor General's Trip.

AUDIT OFFICE, OTTAWA, November 12, 1901.

SIR,—I beg to bring to your notice the accounts rendered by Mr. Gregory in support of the expenditure made by him from \$500 advanced from unforeseen expenses, generally, last year.

These accounts so far as they relate to permanent improvements to the steamer *Minto* should have been charged to the vote for Dominion steamers, and the others, relating to the living expenses of the Governor General, should not have been paid from any appropriation covered by your letter of credit.

Please let me know the items which on the lines I have indicated belong to each division so that the necessary transfers may be made.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Re Arrears due.

AUDIT OFFICE, OTTAWA, May 27, 1901.

SIR,—I have had no reply to my letter of October 27, 1900, calling your attention to the seemingly incomplete statement of arrears due, furnished by you.

This statement is asked for each year for publication in the Audit Report, and it should be a statement of all arrears due at the close of the fiscal year and unpaid at the time the statement is made out.

I have to request you to see that the statement furnished this year will be full and complete.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Revenue Statement and Bank Receipts.

AUDIT OFFICE, OTTAWA, June 3, 1901.

SIR,—A Revenue statement and bank receipts came to hand to-day, containing 1 receipt dated in January, 15 in March and 40 in April. Is there any reason why this statement could not have been forwarded at least three weeks ago?

The statement and receipts for May should be forwarded within the next 10 days.

Please have these Revenue statements forwarded as early as possible after the end of each month, but not later than the 10th.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Sault Ste. Marie Wharf.

AUDIT OFFICE, OTTAWA, June 27, 1901.

SIR,—I beg leave to acknowledge the receipt of your application asking for the issue of a cheque for \$20 in favour of the Bell Telephone Co. for 12 months' Exchange Service at Dock Office, Sault Ste. Marie Wharf.

Should not this account cover only the season of navigation? The previous bill rendered reads as follows: To rental of Telephone apparatus at

Govt. Dock, Season 1900.... \$15 00

The Wharfinger, Mr. G. A. Boyd, should certify the number of months the telephone was supplied and that the price is fair and just.

I inclose herewith the application.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 7, 1901.

SIR,—In reply to your letter of the 27th of June, last, relating to the charge for use of the telephone at Sault Ste. Marie wharf, I have to inform you that the wharf-

SESSIONAL PAPER No. 1

inger was requested to explain the reason that \$20.00 was charged this year. The explanation was received to-day and it appears that the charge of \$15.00 was for six months. The trade is increasing at Sault Ste. Marie, and the season instead of being six months will be from the first of April to the first of January, or nine months. The charge will be for nine months and not six months as in the year 1900.

The department considers the explanation satisfactory, and I have to request you to be good enough to issue a cheque for the sum of \$20.00, the amount of the account.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D.M. of M. & F.*

Re Thessalon Wharf.

AUDIT OFFICE, OTTAWA, November 8, 1901.

SIR,—On July 28, 1900, Mr. W. W. Stumbles, of your department, deposited in the Imperial Bank at Thessalon, \$108.30, which was paid to him by S. Hagan, wharfinger at the Thessalon wharf, being the wharf collections between August 4 and December 1, 1896, after deducting his commission of 50 per cent. Mr. Stumbles also deposited the same day \$100 on account of the collections of 1897, but it is not stated from whom he received it.

According to your report, F. Leighfield was appointed wharfinger on May 28, 1897, but no returns nor remittances have reached this office from him.

Mr. Stumbles visited this wharf in July, 1900, and no doubt he has reported why he was unable to collect from the wharfinger the fees collected by him during the summers of 1898 and 1899. Please let me have a copy of this report.

I shall be glad to know what action you have taken since July, 1900, to secure payment of these arrears. Who is the present wharfinger and when was he appointed?

Is it not possible for your department to insist that the regulations of the Treasury Board as to the deposit of public moneys be observed by the wharfingers?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 13, 1901.

SIR,—In reply to your letter of the 8th instant relating to a deposit in the Imperial Bank at Thessalon of \$108.30, made by Mr. W. W. Stumbles, I have to inform you that, as you state, the money was paid to him by Mr. S. Hagan, who was wharfinger in the year 1896 and had retained all money collected by him. He gave as his reason that he had to spend night and day at the wharf, and that he did not even earn his board.

The money was paid after an examination of the receipt book and other documents that were made use of to ascertain the amount collected. Entries had not been regularly made in the wharf book as Mr. Hagan had been instructed to do.

The settlement was made with Mr. Hagan subject to the approval of the Minister of Marine and Fisheries, and he approved of the settlement made by Mr. Stumbles.

With regard to the \$100 deposited on the same day on account of collections in 1897, the money was obtained from Mr. Leighfield, who succeeded Mr. Hagan and was appointed in May, 1897. He retained all of the collections of the years 1897-99 and 1900 up to the time that an examination was made of his books.

In addition to the \$100 that was collected from him he owed the sum of \$281.43. Mr. Leighfield gave an acknowledgment and promised to pay the money but did not do so.

The department requested the Department of Justice to take legal proceedings against Mr. Leighfield, and I have just received a letter informing me that judgment has been entered against the defendant for debt \$281, and \$21.72 taxed costs.

The agent of the Department of Justice at Thessalon will proceed with an action as to collection of these since the 1st of July, 1900.

In the latter clause of your letter you inquire if it is not possible for the department to insist that the regulations of the Treasury Board as to the deposit of public moneys be observed by the wharfingers. I have to inform you that the department instructs the wharfingers, and has instructed them repeatedly to deposit the monthly returns to the credit of the Receiver General, or forward a post-office order or the money itself in a registered letter.

This you will observe is even more strict than the Treasury Board regulations as often the wharfingers have not \$25 in their possession at the end of the month.

In the case of Mr. Leighfield, however, the department had no means of knowing what his collections were until an officer was sent to look into the matter. The department rightly supposed that collections were being made which were not forwarded to Ottawa or deposited to the credit of the Receiver General.

Mr. Leighfield did not collect any wharfage in 1898 as steamers did not call at the government wharf, but at the wharf of Mr. Dymont.

There was much difficulty in arriving at the amount collected by Mr. Leighfield, as he made no entries of top wharfage in the wharf book. Mr. Stumbles, however, obtained the manifests of the steamers that had called at Thessalon government wharf during the seasons of 1897 and 1899 and 1900 up to the 1st of July, thereby ascertaining the number of trips of the steamers that were liable for side wharfage and the quantity of goods landed on the wharf and shipped from it.

Mr. Leighfield gave as a reason for appropriating the moneys that he spent the whole of his time day and night at the wharf, as several steamers call at night, and he was compelled to sleep in the shed.

The amount of work that he did was found to be considerable, and a recommendation was made to allow him 50 per cent of the collections. The Minister of Marine and Fisheries approved of this and an Order in Council was passed allowing Mr. Leighfield 50 per cent of the collections.

The dismissal of Mr. Leighfield was considered, but as he appeared to be unable to pay what was due the government, an opportunity was given him to earn the money to pay into the department.

It was also found impossible to get a man to take his place and do the work for the remuneration allowed.

He was instructed to make monthly returns, by Mr. Stumbles, and to keep the books and make entries of the collections. When he failed to pay the sum of \$281 to the department as promised, he was several times notified by the department that he must do so. There was no other course open than to bring suit against him for the amount of the indebtedness as well as the collections which he made after the visit of Mr. Stumbles.

The report which you ask for was strictly confidential and referred to other matters besides the wharfage collections. There is, however, a statement prepared by Mr. Stumbles when at Thessalon, that contains the number of trips of the steamers that called at the wharf and showing the amount of side wharfage due each trip. This, I presume, would be of no value to you as I have given you the total of the figures.

The department has found great difficulty in connection with the collection of wharfage, more particularly in the province of Quebec. The people refuse to pay wharfage in many cases and in other cases the wharfinger, not always being intelligent men, overcharge or make a wrong charge and then the department has the difficulty of trying to make matters right.

SESSIONAL PAPER No. 1

Some of them retain money to which they are not entitled, under a misapprehension, and others again pay over all their collections and ask for payment from the department of their percentage. In cases of this kind there is no way of paying them but by allowing them to keep their percentage out of the collections later on.

I have found it necessary to give instructions where the Richelieu and Ontario Navigation Company is concerned, to have cheques in payment of wharfage made payable to the order of the Agent of this Department, at Quebec, in order to secure the wharfage.

Everything that can reasonably be done is being done, and it is expected that wharfage matters will be placed upon an improved footing during the next year.

I am, sir, your obedient servant,

The Auditor General.

Re Wharfs and Piers.

AUDIT OFFICE, OTTAWA, November 12, 1901.

SIR,—I have to call your attention to the correspondence of March, 1900, in reference to the transfer of certain wharfs to the Department of Marine and Fisheries (see Audit Report, 1899-1900, pages P-178-179-180 and 181.

Have any of these wharfs been since transferred? Has your department collected wharfage at any of them, or is it the practice to allow the public free use of a wharf till transferred to the Department of Marine and Fisheries?

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 15, 1901.

SIR,—The receipts at the following wharfs during 1899-1900 were as follows:—Beauport \$75.58, Cedars \$52.73, Knowlton \$30, Hickey's Wharf \$12, Stevens, Montague and Lambert \$44.44.

No revenue has come to account from any of these wharfs for 1900-1901.

The agents of your department who are now charged with the supervision of wharfingers no doubt furnish you with reports from time to time on their work. Please let me have the last report received from each agent.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 7, 1902.

SIR,—Referring to your letter of November 15 stating that no revenue had come to account for 1900-1901, for the following wharfs:—

Beauport, Cedars and Knowlton, Quebec.

Hickey's, Stevens, Montague and Lambert, Prince Edward Island.

I am to inform you that the agent of this department at Quebec writes that no returns were received from the wharfingers at Beauport and Cedars this year, and none from Knowlton since 1899. The agent further states that he has written to the whar-

fingers in each case asking them to explain why they have not done so, and will forward their replies as soon as received.

With reference to the service in Prince Edward Island, I inclose you, herewith, copy of a statement of collections made, received from our agent at Charlottetown, which shows that the sum of \$62.17 was placed to the credit of the Receiver-General by deposit receipt 1167, mailed on October 1 last.

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. L. MAGEE, *for D. M. of M. & F.*

Note by Auditor General.—This return and deposit was not received at this office till November 22, 1901, and as the accounts of 1900-1901 were then closed, it was credited to 1901-1902.

Re Harbour Dues.

AUDIT OFFICE, OTTAWA, June 1, 1901.

SIR,—I inclose a statement showing the harbour dues that have come to account during the last five years.

The absence of the dues for some years in connection with certain harbours needs explanation.

I have to ask you to send me all the returns for the year ended December 30 last.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 4, 1901.

SIR,—In reply to your letter of the 1st ultimo, inclosing a statement showing the harbour dues that have come to account during the last five years, and asking an explanation for the absence of dues from some harbours, I have to inform you that the collection of dues is entirely dependent upon the two first voyages of a vessel in any port in Canada and consequently cannot be the same every year. The

SESSIONAL PAPER No. 1

harbour masters are allowed to retain all the dues up to a certain amount fixed by the Order in Council appointing each harbour master.

With regard to Fort William and Midland, I have to inform you that harbour dues were formerly collected from American vessels, but under treaty the harbour masters in Ontario had no right to collect these dues, and the collection has been discontinued as no dues are collected from Ontario vessels in the United States. The receipts of Fort William and Midland have consequently fallen off to a very small sum.

The three harbours mentioned in British Columbia were visited by an officer of this department in 1900, and the books of the harbour masters examined and found to be correct.

I do not quite understand your request to send you all the returns for the year ended December 30 last. All money and deposit receipts are sent you with a copy of the return. The returns of the officers, or reports from all the harbours are used in compiling the supplement of the annual report, and if I send you these forms the statement relating to harbour masters' dues, cannot be prepared. They are open to your examination at any time you desire to send an officer to the department.

I have sent you a copy of the last published supplement and you will find in Appendix 46 the amount of fees of office allowed each wharfinger.

I am, sir, your obedient servant,

The Auditor General.

Re Wrecked Steamer 'Princess of Wales.'

AUDIT OFFICE, OTTAWA, April 23, 1901.

SIR,—In your letter of January 15, 1900, you stated that you were advised by the Department of Justice that a judgment had been obtained against the owners of the wrecked steamer *Princess of Wales* for \$611.82 and costs, and that the agent of the department had been instructed to take the necessary steps to recover the amount.

Has this amount yet been recovered? If not, what action has been taken in reference thereto?

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 19, 1901.

SIR,—Referring to your letter of the 27th May last relating to the claim against Mr. James Lantalum, of St. John, for expenses incurred in removing the wrecked steamer *Princess of Wales*, I have to inform you that the case is not yet settled.

I am, sir, your obedient servant,

The Auditor General.

Re Refund of Freight, Strs. 'Stanley' and 'Minto.'

AUDIT OFFICE, OTTAWA, March 30, 1901.

SIR,—I have received your application of the 27th instant for a refund of \$21.22 to Messrs. George Carter & Co., Charlottetown, being a reduction on seeds imported, season 1899-1900.

You state that the department entered into an arrangement with Mr. Carter that the rate on seeds imported should be 5c. per cwt., and the pursers of the steamers, not having been advised, charged 6c. per cwt.

I have to ask for a copy of the arrangement made with Mr. Carter. By whom are the rates on the government steamers usually fixed? Please explain why the department did not notify the officers of the steamers, that a special rate had been given Mr. Carter.

The weighbills furnished are dated between March 26 and April 6, 1900. Why is the application for a refund only now being made?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, April 15, 1901.

SIR,—In reply to your letter of the 30th ultimo relating to a refund of \$21.22 to Messrs. George Carter & Co., of Charlottetown, I herewith inclose a copy of a letter setting the agent at Charlottetown on the subject of charging 5 cents per hundred pounds for seed, wheat and other seeds.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

OTTAWA, April 19, 1899.

A. LORD, Esq.,

Charlottetown, P.E.I.

In reply to your letter of the 11th instant in which you state that Messrs. Carter & Co. claim that they should be charged for a large quantity of seed only the rate charged by the summer steamers, instead of 6 cents per hundred pounds as scheduled, have to inform you that the department agrees with your recommendation to charge 5 cents per hundred on all they bring or have brought over by the *Stanley* and you are authorized to make the rebate.

With regard to this matter of the reduction the department is of the opinion that you were fully instructed on the subject in previous seasons. A few years ago the rate was reduced to summer rates for freight and it is not quite understood why the old rates have been charged, but being on the spot and dealing with the matter the department presumes that you have some reason for this, unknown to the department.

F. GOURDEAU, D.M. of M. & F.

Re Dominion Steamers.

AUDIT OFFICE, OTTAWA, Nov. 19, 1901.

SIR,—On April 9 last, Auld Bros., of Charlottetown, were paid \$26.18 for reduction on charges on eggs shipped the winter of 1900. The earnings of the steamer *Minto* for the month in which the refund was made were used to make the payment. Agent Lord certifies 'that the above was duly authorized and received and the prices charged are fair and just.'

This voucher is not satisfactory. Fuller particulars should be furnished. By whom was it authorized?

SESSIONAL PAPER No. 1

Assuming that the allowance should have been granted, an application should have been made to this office, supported by the proper vouches. The mode of payment adopted was objectionable and opposed to the statute (R.S. chap. 29, sec. 27) which provides that the gross revenue shall be deposited.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 14, 1901

SIR,—Referring to your letter of the 19th ultimo, with respect to an amount of \$26.18 paid to Auld Bros., of Charlottetown, for reduction on charges on eggs shipped during the winter of 1900, I am to inform you that the department agreed to allow the same rate for shipping eggs as charged by the Charlottetown Steam Navigation Company, which was six cents per hundred pounds, while in this instance the purser charged eight cents, the classified rate of the Dominion steamers, and the matter having been brought to the notice of the department, its agent at Charlottetown was instructed to refund Auld Bros. the amount improperly collected.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D.M. of M. & F.

AUDIT OFFICE, OTTAWA, November 20, 1901.

SIR,—In acquittance of the March return of the earnings of the str. *Minto* credit is taken for militia requisitions, \$75.40. The deposit that was made by your accountant May 30 last was for \$73.40. I do not find that the remaining \$2 has been deposited.

I am, sir, your obedient servant,

The Deputy Minister, Marine and Fisheries.

J. L. McDOUGALL, A.G.

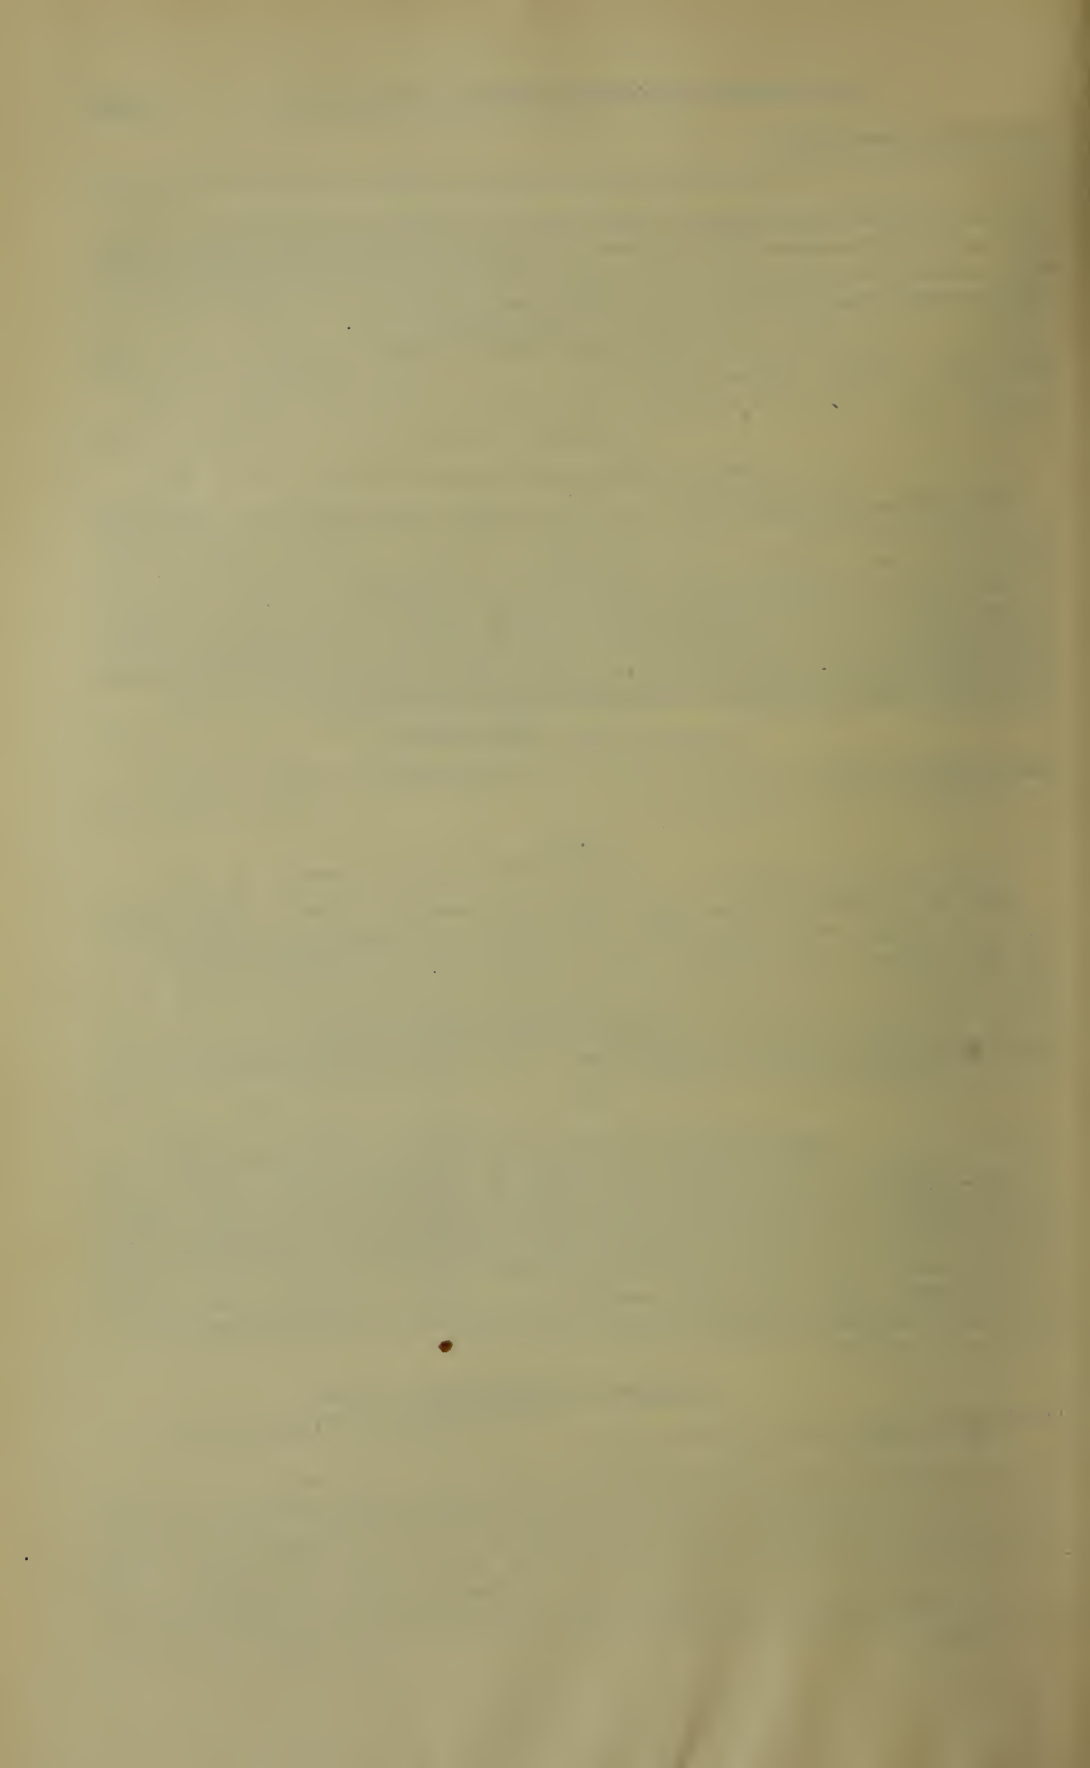

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 16, 1901.

SIR,—Referring to your letter of the 20th ult. intimating that in acquittance of March return of the earnings of the str. *Minto* credit is taken for militia requisitions, \$75.40, and that the deposit made by this department was for \$73.40, and that the balance \$2 does not seem to have been deposited, I have the honour to inform you that this matter refers to a militia requisition on which an additional passage was obtained by changing the figures and that the Department of Militia refused to pay for the extra passage.

I am, sir, your obedient servant,

The Auditor General.

Annual Drill.

AUDIT OFFICE, OTTAWA, May 3, 1901.

SIR,—Referring to my letter of November 6 and your reply of November 27, 1900, relative to an over-payment to P. Beaubien, Quebec, please let me know if a refund of the over-payment has been obtained.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 7, 1901.

SIR,—In reply to your letter of the 3rd instant, relative to an over-payment of \$8 to P. Beaubien, Quebec, I beg to state that a refund was asked by this department but regret to inform you was refused by Mrs. Beaubien, widow, on the ground that the affairs of the late Philippe Beaubien had been finally settled and that she had no means to meet our claim.

I am, sir, your obedient servant,

L. F. PINAULT, Colonel,

The Auditor General.

Deputy Minister of Militia and Defence.

Military Properties, Works and Buildings.

AUDIT OFFICE, OTTAWA, December 16, 1901.

SIR,—Referring to your expenditure on account of 'Military Properties, Works and Buildings' for 1900-1901, let me call your attention to the following—

Cheque 8277.—President Dominion Rifle Association, \$3,563.47, a repayment for ties as per account of the Ottawa Electric Railway, and \$71.95 for interest to the Ontario Bank on note discounted, 6 per cent due January 26 to 29, 1901.

The account of the Ottawa Electric Railway Company should be supplied, and the claim for interest should not have been allowed. Please obtain a refund of the amount so paid to the Dominion Rifle Association or deduct from their next claim.

Cheque 3972.—E. L. Horwood, Ottawa, \$157.50 for plans, &c., for Rockcliffe Range. This account should be re-cast so as to give the details showing how this lump sum is arrived at.

Cheque 4434.—E. Wallace, Ottawa, \$700 fees and commission for valuation of lands for rifle range at Rockcliffe, 2 per cent on \$35,000. A statement of the properties making up the valuation of the \$35,000 should be submitted.

Cheque 4025.—Thos. Bedard, Quebec, \$216.58, for painting at hospital. The labour, painting amounts to 86 days at \$1.75, making up \$150.50 of the account, while the materials amount to \$66.08. This claim for labour seems to be out of all proportion to the quantity of material used. Please explain.

Cheque 4127.—A payment to Chestnut & Sons, Fredericton. The prices charged in the following list seem excessive as compared with the current market rates :—

Lawn mower.	\$ 15 50
Weeders, 4.	4 00
Flour, 20 pounds.	1 00
Sink pump.	4 00
Brass padlocks, 2.	2 20

AUDIT OFFICE, OTTAWA, December 16, 1901.

SIR,—Referring to cheque 4139, a payment to W. H. Medley, Kingston, for drugs, &c., for R.C. Artillery, I notice this charge.

1 oz. airol.. \$3 50

Is not this an excessive price? This drug was quoted in Evans & Sons' list at 75 cents per oz., which I presume is about the wholesale rate. The difference is such as to need an explanation.

It would appear from the vouchers that this expenditure was incurred in aid of the civil power in the municipality of Richmond.

Please let me know if the expenditure was authorized by the Governor in Council as required by section 34, subsection 6, Chap. 41 of the Revised Statutes,

and what steps have been taken to recover from the municipality the amount of money so advanced on their behalf.

It is the duty of the commanding officer under the section referred to, to proceed at once in his own name against the municipality for the recovery of the money advanced on their account and on receipt thereof, to pay over the amount to the credit of the Receiver General.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, May 20, 1901.

SIR,—In continuation of my letter of the 25th inst., No. 34066, signed by the acting Deputy Minister, I beg to add that the necessary steps have been taken to recover the amount from the municipalities interested in the matter.

I have the honour to be, sir, your obedient servant,

L. F. PINAULT, *Colonel, D. M. of M. & D.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 16, 1901.

SIR,—Referring to your letter of May 25, and your further letter of May 30, 1901, relative to a repayment to the government by the municipality of Richmond, B.C., please let me know if the amount of money in question has been refunded.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, March 29, 1901.

SIR,—It would appear that the amounts of \$155.25 and \$589.99 paid to Major R. Brown and Geo. S. May respectively, of Ottawa, for services and expenses, which payments are detailed on page Q-92 of my report for 1899-1900, were to be refunded by the Imperial government. Have these amounts been repaid, and if not, what steps have been taken to obtain a refund?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, November 27, 1901.

SIR,—I have again to call your attention to certain payments made in 1899-1900 to Major R. Brown and Geo. S. May. These payments are shown on page Q-92 of my report for that year, and it would appear that the amounts so paid were to be refunded by the Imperial government. Have the amounts in question come to account and, if not, what action has been taken by the department in the matter?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

Royal Military College.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 25, 1901.

SIR,—I have the honour to inclose to you, herewith, papers relative to the pay of Lt.-Colonel Reade, Commandant of the Royal Military College, and that of Major Van Straubenzie, Acting Commandant, and to state that in this case we have asked the latter officer to refund the sum of \$23.18 overpaid as acting commandant during the thirteen days for which time the present Commandant, Lt.-Colonel Reade was also paid.

Now, the Major General Commanding recommends that the refund be not enforced, quoting the Imperial regulations.

Do you think under these circumstances that a refund should be made?

I am, sir, your obedient servant,

The Auditor General.

Arms and Ammunition—War Office Account.

AUDIT OFFICE, OTTAWA, November 4, 1901.

SIR,—I have again to call your attention to the necessity of sending to this office a statement of account between the Militia Department and the Imperial Government in connection with the purchase of ordnance factory supplies. This was asked for in my letters of May 5 and December 31, 1900, to which no answers have been received.

A further payment of £19,000 was made in 1900-1901 for which no vouchers have been returned. Please attend to this matter as soon as possible.

SESSIONAL PAPER No. 1

Halifax Provisional Garrison—Captain's Responsibility for Public Moneys.

To Lt.-Col. G. R. White, O.C. 3rd R.C.R.

OTTAWA, April 8, 1901.

You are aware that in consequence of the desertion of Col.-Sgt. McCann of 'C' Co., taking with him a considerable amount of company and other moneys, I, as captain of the company was called upon to make good his defalcations, as far as the company's funds were concerned, which I promptly did, understanding that I was the first person responsible to the men. I need hardly tell you that my financial position does not allow me to keep so large an amount as \$241.25 on hand, and that having to furnish it as I did is putting me to considerable hardship and inconvenience, and I am going to apply to the Minister of Militia for a reimbursement of the amount, and ask if you will be kind enough to certify below to the correctness of the facts as stated. It is a recognized custom in the service for the colour-sergeant to act as pay sergeant and he receives 10 cents per day extra for so acting, and in the Imperial service officers commanding companies receive a contingent allowance in addition to their pay to cover losses that must from time to time occur, and I hope that the Minister will see his way to recoup me, a loss only incurred through another man's dishonesty, and while in government service.

SYDNEY C. D. ROPER, Major,
Late O.C. C.Co., 3rd R.C.R.

I certify that Major Roper, late O.C. 'C' Company, 3rd R.C.R., was called upon to make up the deficiencies in his company caused by the desertion of his pay sergeant, Col.-Sergt. McCann, and that he paid me the sum of three hundred dollars for said deficiencies.

GEO. ROLT WHITE, Lt.-Col.,
Commanding 3rd Battalion, R.C.R.

HALIFAX, April 10, 1901.

AUDIT OFFICE, OTTAWA, April 19, 1901.

SIR,—I am in receipt of your letter of the 15th inst., inclosing a statement from Major Roper, late commanding officer of 'C' Company, 3rd R.C.R., Halifax, relative to his request for a refund of the deficiencies caused by the absconding of his pay sergeant, Col.-Sergt. McCann, and in reply beg to state that I am unable from the absence in the papers sent of what appears to me to be necessary information, to express an opinion on the merits of Major Roper's claim.

I note your statement that it is the custom in the Imperial as well as in our own service for captains of companies on active duty to hand the accounts of the company over to the colour sergeant, who makes all payments, &c., and Major Roper's statement to the same effect that it is a recognized custom in the service for the colour-sergeant to act as pay sergeant and that he receives 10 cents per day extra pay for so acting, and would like to know on the authority of what regulation this practice is based. While this, as you state, is the first case of the kind which we have had to deal with, it would be well to determine, in the system you follow, the means of preventing a similar defection in the future.

Major Roper should furnish in connection with his statement of claim, his account of the financial transactions between himself and pay sergeant, giving dates of the receipt and the amounts of the money from his superior officer to himself and his disposition thereof to his pay sergeant, showing with the rest of his account how the amount of the deficiencies was arrived at, as there is a difference in his statement and Lt.-Col. White's certificate, he putting the amount of \$241.25, while \$300 is stated in the certificate. This also should include a statement of the date of the desertion

of the pay sergeant, and explanation as to why this amount of money or any other should be in his hands for any length of time. He should also state what examinations he had made of his pay sergeants's accounts. This information, you will see, it is necessary to have, that I may be in a position to know that no negligence on the part of Major Roper in any way made it easier for the defalcation to occur. At present it appears inexplicable that so much money should be left in McCann's hands for any length of time unless there is a serious weakness in the practice followed.

You state that in the Imperial service each captain is allowed a certain sum as a protection against such cases as the one now involved, and Major Roper states that officers commanding companies receive a contingent allowance to cover losses that must occur from time to time. I should like to be furnished as well with an extract of the Imperial regulations making the allowance. It would appear at first glance that it would be better to improve a system under which such losses must occur from time to time, as stated in the correspondence, than to make provision for losses due to a faulty system.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 23, 1901.

MY DEAR SIR,—I am inclosing a further and supplementary letter from Major Roper anent the defalcation in his company's accounts while on service at Halifax, occasioned by the absconding of his pay-sergeant, and which Major Roper had to make good. It is possible his explanations may help you to conclusions. My only motive in referring the matter to you in the first place was from a feeling that, while Major Roper might perhaps be considered legally responsible, yet extenuating circumstances might be equitably weighed, and in such a manner, as would permit relief in the manner asked by him.

Regretting the trouble I am giving you,

I am, faithfully yours,

The Auditor General.

L. F. PINAULT, *Lt.-Col., D. M. of M. & D.*

OTTAWA, April 22, 1901.

SIR,—I have the honour to state for the information of the Auditor General, that the Queen's Regulations, on which the Militia Orders and Regulations are based, provide that 'colour-sergeants will invariably be the pay sergeants of their companies,' and that the rates of pay authorized by your department and endorsed on the pay-sheet form in use by the permanent corps, provide an extra 10c. per day for colour-sergeants acting as pay sergeants. The pay sergeant attends to company bills and also to the payment of men employed and otherwise, who may not be present at the weekly payment, and this accounts for money being left in his hands. My pay-sheet averaged about \$1,750 per month. I was in the habit of settling up with my pay sergeant every month, and this month, which happened to be my last of service, I was away on 10 days leave of absence, and hence more money than usual was left in his hands. I may also state that McCann took with him some \$80, which had been given him by the treasurer of the sergeants mess to pay bills, and that this amount was made up by the officers for the n.c.o. who was called on to replace it.

I have the honour to be, sir, your obedient servant,

SYDNEY C. D. ROPER, *Major, G.G.F.G.*

The Deputy Minister of Militia and Defence.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, May 8, 1901.

SIR,—I am in receipt of your letter of the 23rd ultimo, inclosing further supplementary statement from Major Roper relative to the defalcation in his company's accounts caused by the absconding of his pay sergeant, and in reply have to say that the discussion has now reached a stage at which it will be well for your department to apply for a refund to Major Roper of the amount involved if you think that he is legally entitled to the money. I shall then give the matter my best consideration. If I should think that he is entitled to the money I shall pass the application. If I should think the contrary, you will be in a position to apply to the Treasury Board for an over-ruling and the matter will be finally disposed of by the Treasury Board's action.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 10, 1901.

SIR,—I am in receipt of your letter of the 8th ultimo, with reference to the application of Major Roper for a refund of money paid by him while serving with the 3rd Royal Canadian Rifles at Halifax. This is a clear case of a pay sergeant lawfully entrusted by his captain with company funds for the pay of the men and other company purposes, deserting and taking with him such funds. I consider that Major Roper was clearly in the discharge of his duty in entrusting these government funds to his pay-sergeant (who received 10 cents a day extra pay for acting as such, paragraph 37, part III, R and O., 1898), and as this was not an ordinary case of defalcation through neglect, but a clear case of theft on the part of a deserter, outside of the scope of Major Roper's authority and foresight, I am of opinion that Major Roper is entitled to a refund.

I may add that while there is no regulation specially covering this case, it is provided in the Imperial Allowance Regulations, upon which we fall back in the absence of our own, that 'If losses occur from exceptional causes, not foreseen in the regulations, it will be competent for the Secretary of State to exercise his discretion in awarding indemnification for the loss sustained, upon special representation being made to him of the circumstances' (542 Regulations for the Allowance of the Army, 1900), and that the Minister of Militia considers this a special case in which indemnification should be made. Will you then authorize a refund to Major Roper.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, Colonel, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, July 2, 1901.

SIR,—I am in receipt of your letter of the 10th ultimo, relative to Major Roper's application for a refund of money paid by him to make up loss through the absconding of his pay sergeant.

You stated in a former letter that this is the first case of the kind that you have had to deal with. I am not clear whether you mean that this is the first case that has occurred in the militia or that it is the first case in which application has been made for a refund of the amount paid to make up any loss. Is the defalcation similar to that which occurred later at Halifax reported in the newspapers at that time?

I should like to know what has been done under similar circumstances in the Imperial service.

The Imperial Regulations are very plain in the matter of the responsibility of officers for public money: 'Every officer charged with the duty of making payments will to the fullest extent possible either make cash payments himself or see that they are made in his presence: he is personally responsible for any sum of money he may entrust to subordinates' (Para. 655, 1899); 'Every officer commanding a company is bound to take charge of and is responsible for all money received on account of his company, &c. He will take special care that such money is expended in strict conformity with the regulations and with due regard to the interest of his men. *Non-commissioned officers* are not to be subjected to the risk of loss by having public money placed in their hands.' (Para. 683, 1899).

I am, sir, our obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, July 9, 1901.

SIR,—In reply to your letter of the 2nd instant relative to Major Roper's application for a refund of money paid by him to make up loss through the absconding of his pay sergeant, I may state for your information that—

1. This is the first case of precisely this nature that has come before this department, which has, of course, no means of knowing anything about similar cases in the Imperial service.

2. There is no similarity between this case and the defalcation that occurred later at Halifax, as no public money was involved in the latter case.

3. The Imperial Regulations you quote are well known to me and are in no way antagonistic to Major Roper's claim.

As this matter has been pending for a considerable time I must ask for an early decision in the matter.

I am, sir, your obedient servant,

The Auditor General.

L. F. PINAULT, Colonel, *D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, July 18, 1901.

SIR,—Referring to the correspondence that has taken place between your department and this office, regarding the claim of Major Roper for a payment of \$241.25 as compensation for loss entailed through the absconding of the colour-sergeant of the company under Major Roper's command at Halifax, and more particularly to your letter of the 9th instant in which you ask for an early decision in the matter, I beg to say that the Auditor General is now in England, and is not expected to return before the end of August.

The tenor of the Auditor General's letters shows that he was not satisfied that Major Roper's claim was one for which the Government should be held responsible. Under the circumstances I beg to advise you that no action will be taken by this office during the Auditor General's absence.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

E. D. SUTHERLAND, *for A. G.*

AUDIT OFFICE, OTTAWA, October 22, 1901.

SIR,—On my return from England I found the Order in Council of August 20 dealing with the defalcation of \$241.25 of Colour-Sergeant McCann, of 'C' Company

SESSIONAL PAPER No. 1

3rd Batt. Royal Canadian Regiment, then at Halifax, and the consequent making good of that amount by Major S. D. Roper, the late officer commanding. From the Order I quote :—

‘The Minister further states that it is a clear case of pay-sergeant lawfully entrusted by his captain with company funds for the pay of the men and other Company purposes, deserting and taking with him such funds.’

When I was in England I learned from the Accountant General of the War Office that the pay sergeant is in no sense to be officially entrusted with Government funds by the paymaster. The pay sergeant is a clerical assistant to the paymaster and nothing more. I asked for information with this case in view, and explaining it. I was told the only modification of the strictly legal result of the relative official positions of the paymaster and pay sergeant, which would take place in a similar case in the Imperial Service, would be one which would arise when paying had to be done in two places at the same time. The paymaster would be reimbursed to the extent that it was absolutely necessary to entrust money to the pay sergeant under such circumstances. Besides the practice of the Imperial Service, it being supported by the logical accuracy of the result, there seems to be nothing for Major Roper but to show how far the circumstances in his case justify a repayment to him on this basis. This is not his case alone, but those of future paymasters who may have unreliable pay sergeants in their companies.

I have found much to do since I returned to the office and have been unable to deal earlier with this arrear.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.
