SESSIONAL PAPER No. 1

**Montreal, Site for New Postal Station: H. M. Molson.**

AUDIT OFFICE, OTTAWA, Dec. 31, 1904.

SIR,—Let me acknowledge receipt of your application No. 327 for \$47,743 in favour of H. M. Molson, being purchase price of site on Ste. Catharine street, Montreal, for new postal station.

I would like to have copies of recent entries of transfers of this property in the registry office books, if any; and memoranda of the registered prices for recent sales of neighbouring lots.

It would be well to indicate the separate value and age of any buildings which enter materially into the calculation of the price of the lot now in question.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

MONTREAL, January 9, 1905.

DEAR SIR,—It required longer time than I expected to obtain the information desired as per your letter of January 3, and I beg to answer as follows:—

1. There has been no sale of either of the three properties within the last ten years, in fact, the Molson Bank property on Ste. Catharine street was purchased by the bank from the Cramp estate fifteen years or more ago, this lot is vacant, and the only sale in the immediate neighbourhood recently was the corner of University street, on which the Renouf building has been erected. The price of the said lot was twelve dollars and fifty cents (\$12.50) per foot, and the intervening lot between the Renouf building and the site which I have purchased for your department cannot be bought as cheap as the last named site, owing to a temporary store built thereon, which is rented on a long lease and at a good figure.

2. The property cad. 731, St. Joseph's ward, which was purchased from Mrs. McCrory, has not changed hands for at least thirty years, and the buildings thereon are very old and of very little value, in fact, there are twelve dwellings on the said property, which only bring in a rental of \$1,200 or \$1,300 yearly. Mrs. McCrory has in her possession a letter from the Grand Trunk Railway Company offering \$40,000 for the said property, and which has been refused. This letter is authentic, having been produced in court as evidence in the case of separation between Mrs. McCrory and her husband.

3. As to the other property, being north-east half of lot 732 of the same ward, purchased from the substitution created by Mrs. Myler at \$12,000, the buildings thereon erected are of a much better quality and contain six dwellings, bringing in a revenue of over \$850 per year. I find that the said property was built some twenty-three years ago, and the cost of same said to have been about \$8,000. This property, the same as the adjoining one, has been in the same family for over thirty years, and as Mr. Jas. Maine, the husband of Mrs. Myler, is an absentee, I had to purchase the said property at a judicial sale ordered by the court, the off-set price being limited to \$9,000 by the court experts. The only adjoining properties to the two above mentioned, are on Chaboillez square, the Old London House and the St. James Hotel on St. James street, and no sales have taken place for years, as the proprietors in the immediate neighbourhood have always held their respective properties at a high figure, in the hope of selling to the Grand Trunk Railway Company.

Trusting that the above will be to your satisfaction.

I remain, your truly,

The Deputy Minister of Public Works.

U. H. DANDURAND.

---

**Montreal, Site for Postal Pneumatic Station: Hon. Jos. Masson.**

AUDIT OFFICE, OTTAWA, Dec. 31, 1904.

SIR,—Let me acknowledge receipt of your application No. 328 for \$12,000 to purchase part of the Hon. Joseph Masson's lot on Cathedral street, Montreal, as a site for a postal pneumatic tube station.

I would like to have copies of recent entries of transfers of this property in the registry office books, if any; and memoranda of the registered prices for recent sales of neighbouring lots.

It would be well to indicate the separate value and age of any buildings which enter materially into the calculation of the price of the lot now in question.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

**Quebec Drill Hall, Site for Extension: Hon. P. A. Choquette.**

*(Extract from Order in Council, October 3, 1904.)*

On a memorandum dated October 1, 1904, from the acting Minister of Public Works, submitting that an amount of \$30,000 was appropriated by Parliament at its last session towards the construction of an extension to the drill hall at Quebec, and it is now necessary to acquire a site in that connection.

The minister states that a property on Grand Allée, which would be a very desirable site for the purposes of the department, has been offered for sale to the government. This piece of land bears No. 4,438 A of the official cadastre of that city, and contains 9,240 square feet. There are erected on the lot a three-story stone building, with stone addition, also three storeys high, and brick sheds, all of which are in good condition.

The minister further states that in order to arrive at a fair settlement as to the price to be paid for this property, the matter was referred to three persons conversant with the value of real estate in that city, and accordingly Messrs. Alex. Gauvreau, F. Turcotte and L. P. Sirois were appointed for that purpose.

These gentlemen report that owing to the special location of that property on Grand Allee, which is the finest residential street of Quebec, and considering the enhancement in value that has taken place on that street since a few months, they are of opinion that \$1.40 per square foot, making \$12,936 and \$7,500 for the house and dependencies, or \$20,000 for the whole in round figures, would be a fair and reasonable price. They state, moreover, that the houses standing on the lot could not be built now for less than double the amount mentioned.

The minister recommends that authority be given to purchase, for the sum of \$20,000 the property above referred to on Grand Allée, Quebec, the same being required as a site in connection with the extension of the drill hall at that place.

The committee advise that the requisite authority be granted.

JOHN J. McGEE, C.P.C.

---

AUDIT OFFICE, OTTAWA, October 31, 1904.

SIR,—Let me acknowledge receipt of your application No. 209 for \$20,000 in favour of Hon. P. A. Choquette, being purchase price of site for addition to Quebec drill hall.

SESSIONAL PAPER No. 1

This property is valued by Messrs. Gauvreau, Turcotte and Sirois of Quebec as follows:—

Lot 4,438 A on Grande Allée, 9,240 square feet, at \$1.40..	\$12,936
Three-story stone house. . . . .	7,500
	<u>\$20,436</u>

The certificate by Messrs. Gauvreau, Turcotte and Sirois should contain information as to the profession followed by each of these gentlemen, and a declaration from each that he is not interested financially in the case.

It would also be well to have a valuation made by some government officer resident in that locality, and cognizant of real estate values. Has this yet been done?

Please send me a diagram showing the position of the lot, and of the drill hall to which it is to be an addition.

Although presumably the present building will be torn down to be replaced by a new one, it is preferable to adhere to our general principle, and have on record the age of the property purchased. Please ascertain the date of the erection of the three-story stone house which is now valued at \$7,500; also the recent entries concerning it in the Registry office, and recent registered prices for neighbouring properties.

The transaction was of course arranged with Judge Choquette before his resignation; but I would like to see an opinion from the Justice Department, that the payment can still be made, now that he is a senator.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, November 30, 1904.

SIR,—Referring to your letter of October 31, in reference to the payment of the property then proposed to be acquired as a site for an addition to the Quebec drill hall, the valuation of which was made by Messrs. Gauvreau, Turcotte and Sirois, of Quebec, at \$20,436, I beg to state at first that under the authority of an Order in Council, passed on November 12, the property in question is not to be purchased by ordinary sale from the vendor, but it is to be expropriated, and that, as a matter of fact, the necessary notice of expropriation has been issued by the minister and has been deposited with the registrar at Quebec on the 24th ultimo.

Under the expropriation Act, the property in question has become vested in His Majesty the King within three days from the filing of the expropriation notice, and the law in this matter provides the course which has to be followed for the fixing and paying of the compensation money. The cheque for the compensation in question is to be placed in the hands of the Department of Justice, who will attend to the offering of the same and its payment, if no dispute arises on the part of the former owner as to the said compensation being considered inadequate.

It therefore appears to me that the information asked by your letter of October 31, which may have been properly applied for in the case of an amicable sale, is not required when the property is acquired by a forced sale, but in order that there may be no fault found in the matter, I will proceed to give you all the required information.

The valuers, Messrs. Sirois & Gauvreau and Mr. Turcotte are well known business men of the city of Quebec, Messrs. Sirois & Gauvreau being notaries public with an extensive practice in Quebec, and having been connected with the acquisition of property for a number of years. They are both well known members of their profession and highly qualified in every way to give a certificate of valuation. Mr. Félix

Turcotte is the head of one of the largest wholesale houses in Quebec, and has made a name for himself in the Quebec business world. I may say that I have the honour of a personal acquaintance with each of the gentlemen named.

Inclosed you will please find a certificate from these three gentlemen to the effect that they are interested neither directly nor indirectly in the sale of the property in question.

As regards the plan of the property itself, I am now having it copied and will send you, almost as soon as this letter, a copy of the expropriation plan, showing the drill hall property and that which it is proposed to acquire.

Concerning the age of the house standing upon the property, I have been unable to ascertain it up to the present time, although I have made inquiries myself when lately in Quebec, but should I receive the information shortly I will immediately communicate it to you.

I may, however, state that the property is situated on what is known in Quebec as Grand Allée, a boulevard-like street, on which are situated the parliament buildings and most of the best residential houses of Quebec. Upon that street are standing the most expensive buildings and the most desirable property possessed as residences in that city.

I may say that the application made to you some weeks ago is not for the total amount of the purchase money, but is short of it by \$436. A further application will be made as soon as the authority of Council shall have been obtained, the Order in Council authorizing the purchase having by mistake only been made for \$20,000.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

*(Extract from Order in Council, November 12, 1904.)*

The committee, on the recommendation of the acting Minister of Public Works, advise that the Order in Council of October 3, 1904, authorizing the purchase towards the construction of an extension to the drill hall at Quebec of a property bearing No. 4,438 A of the official cadastre of that city, containing 9,240 square feet on Grande Allée, for the sum total of \$20,000, be amended, and that authority be granted the Department of Public Works to expropriate the property above-described.

JOHN J. McGEE, C.P.C.

**Hamilton Drill Hall, Site for Addition: J. W. Sutherland, et al.**

AUDIT OFFICE, OTTAWA, Oct. 31, 1904.

SIR,—Let me acknowledge receipt of your application No. 210 for \$29,000 in favour of John W. Sutherland and Elizabeth Sutherland Strachan and others, being purchase price of site for addition to Hamilton drill hall.

Please send me a diagram showing the position of the five lots concerned, and of the drill hall to which it is proposed to build an addition.

It would be well to indicate the separate value and age of any buildings which enter materially into the calculation of the prices.

Also, I would like to have copies of recent entries of transfers of these properties in the Registry office books; and memoranda of the registered prices for recent sales of neighbouring lots.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, Nov. 19, 1904.

SIR,—The department has under consideration your request of October 31, asking for certain additional information concerning the payment of the purchase price of a site for an addition to the drill hall at Hamilton, the application being made in favour of Mr. John W. Sutherland *et al.*

In your letter you ask for several items of information which have not heretofore been required by you when issuing cheques for the purchase of building sites, and the department is not at present prepared to supply the information which you desire in this case. Might I suggest that as the course which the department will have to follow, if the information sought by you has to be given in every case in future, will entail the obtaining of official information, certificates, &c., which were not had in official form before, although their purport was obtained for our guidance, that you would report to Treasury Board, recommending that the additional information now suggested by you be given in all future cases, and that in the meantime you would pass this application upon the information tendered you, which is the same as has always been given to you in the past concerning such purchases.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

---

AUDIT OFFICE, OTTAWA, Nov. 24, 1904.

SIR,—I have your letter of the 19th instant with reference to my application for certain information regarding the purchase of building sites.

My letter of the 31st ultimo, to which you refer, asks for three things : (1) a diagram showing the position of the lots concerned, (2) an indication of the separate value and age of the buildings, (3) copies of recent entries of transfers of these properties in the Registry office books; and memoranda of the registered prices for recent sales of neighbouring lots.

You say that these are items of information which have not heretofore been required when issuing cheques for the purchase of building sites, and that your department is not at present prepared to supply the information which I desire.

It appears to me that under ordinary circumstances any particulars, which are in accordance with the Audit Act, should be provided unless they are too difficult or too expensive to obtain, or unless they do not bear any information that would be at all useful in determining the amount to be paid for the property. The diagram is surely inexpensive and not difficult to obtain; then the indication of the age of the buildings ought not to be difficult, and the information in the third item has been asked in order to determine what properties, similar to the one we are desirous of obtaining, have been passing for between private individuals in recent years. I need not say to you that this is a large sum and that there is a tendency to obtain what is called a 'good price' when the government is the purchaser, and that persons who have no direct interest look on that tendency with some degree of complacency. I do not mean to say that in a flourishing and growing place like Hamilton the prices now obtained in particular localities are not higher than they were a short time ago. The change, however, can usually be accounted for by comparison with the change in price of other places in the same city. Such information would be useful, and it would be, I consider, reasonable to get.

The obtaining of these classes of information should depend upon the requirements of the public, and I shall always be much pleased to learn what arguments occur to you for or against obtaining any of them. I find nothing in the Audit Act which makes it clear that I should not ask for this information before going to the Treasury Board.

I do not think you have a right to conclude that, because I ask for certain information in this case, I shall do so in every other case. At the same time, I do not know of any reason against obtaining it in any case, except perhaps the comparative smallness of the sum involved.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDougall, A.G.

PUBLIC WORKS DEPT., OTTAWA, Dec. 23, 1904.

SIR,—I write in further reference to your letter of October 31. I would be very sorry for the people who are dealing with us as regards the purchase of property, if any difference of opinion between the departments concerned had the ultimate effect of depriving said parties of the moneys to which they are entitled, and preventing the making of bargains advantageous to the department. This is the sole reason why I send to-day the information asked by your letter of October 31, as I plainly see that no payments shall be made unless such information be given, and, on the other hand, as the owners of the property to be purchased in Hamilton threaten to withdraw the options they have given if payment be not made without delay.

I hope that you will be kind enough to understand that, in giving this information I am not departing from the position taken in my letter of the 19th ultimo, and that I still believe that your departure from the course usually followed up to the present time should have the assent of the Treasury Board or Privy Council before being made obligatory on our part.

Annexed you will find copy of a plan showing the situation of the present drill hall, with the relative position of the lots proposed to be purchased for an extension.

Also inclosed please find copy of a telegraphic message sent to me by the legal gentleman employed by the Department of Justice who searched the title of those properties.

In that telegram are given the ages and values of the buildings on the several lots, as well as the prices paid for property purchased in the neighbourhood.

In order to further guide you in your investigations, I also inclose a plan of the city of Hamilton, sent to me by Mr. Chisholm, and on which that gentleman has noted, in red ink, the situations of the properties of which he notes the recent sales.

I hope this information will be found satisfactory, and that you will find it possible to issue certificates in favour of the various owners, who, I take the liberty of reminding you, are as follows:—

Gould property, James street. . . . .	\$ 4,500
Carroll property, James street. . . . .	3,500
Case property, James street. . . . .	12,000
Carpenter property, Hughson street. . . . .	4,000
Sutherland property, Hughson street. . . . .	5,000
Total. . . . .	\$29,000

Yours very truly,

The Auditor General.

A. GOBEIL, D.M

HAMILTON, Dec. 16, 1904.

TELEGRAM:

Gould buildings about 30 years old; valued \$1,800. Carroll buildings about 50 years old; \$900. Case buildings about 20 years old; \$5,000. Sutherland buildings about 40 years; \$3,500. Carpenter buildings, same age and value.

SESSIONAL PAPER No. 1

Recent sales:—*James street*: Aussem, 40 feet with stores, \$15,000; Lyons, 23 feet, \$4,000; Eppstein, 14 feet, \$2,300; Sanzone, 14 feet, \$2,400; Gibson, 60 feet, \$11,000; Morris, 27 feet, \$8,300; Goldstein, 13 feet, \$4,200; Straus, 13 feet, \$4,500; Gin, 13 feet, \$4,500. *Gore street*: Mackelcan, 45 feet, \$4,500. *John street*: Milk Co., 140 feet, \$2,250.

Abstracts and plan by mail.

CHISHOLM & LOGIE.

Toronto, Charles Street Post Office Site: Bernard McCarten.

AUDIT OFFICE, OTTAWA, December 24, 1904.

Sir,—Let me acknowledge receipt of your application No. 320 for \$14,237.16 in favour of Bernard McCarten, being purchase price of site for additional postal station at Toronto.

The certificate by Architect S. G. Curry reads: 'I hereby certify that the price of \$235 per foot is a fair and just price for the property Nos. 675, 677, 679, 681 and 683 Yonge street,—the northeast corner of Yonge and Charles streets. I find a great diversity of opinion as to the value of the property, the value being placed at \$150 to \$350 per foot. The value of any piece of property must be placed at the figure for which it can be purchased. There is no other property in the locality equally well situated which could be purchased at the same figure. (Sgd.) S. G. Curry.'

I would like to have copies of recent entries of transfers of these properties in the Registry office books, and memoranda of the registered prices for recent sales of neighbouring lots.

It would be well to indicate the separate value and age of any buildings which enter materially into the calculation of the price.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDUGALL, A.G.

Edmonton Jail: Extras not ordered in Writing.

AUDIT OFFICE, OTTAWA, Oct. 24, 1904.

Sir,—Let me acknowledge receipt of your Application No. 197, in favour of Charles May, being estimate No. 7, for his work on Edmonton jail, N.W.T.

The estimate includes an item of \$1,457.10, an extra for changing drain. Section 5 of the contract form states that extra work must be supported by the orders of the architect fixing the price before it is commenced. Please furnish this office with a copy of the order.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, March 4, 1904.

Sir,—It has been decided to pay Mr. Chas. May, contractor, for the drain which he has put in at the Edmonton jail, also for other expenses which he has incurred on account of the shifting of the site for that building. Please obtain a detailed account, in duplicate, from the contractor, for such expenditure and examine same, and if correct, certify it and forward it here for attention.

J. S. J. ROUTHIER, for Chief Architect.

R. J. MANSON, Esq.,

Clerk of Works at Jail, Edmonton, N.W.T.

1-24½v

---

AUDIT OFFICE, OTTAWA, Nov. 10, 1904.

SIR,—Let me acknowledge receipt of your 146791 of November 2, 1904, concerning the extra bill of Chas. May, for changing drain at Edmonton jail.

You inclose a letter from the chief architect's assistant, Mr. Routhier, dated March 4, 1904, and addressed to the Edmonton clerk of works, as follows: 'It has been decided to pay Mr. Chas May, contractor, for the drain which he has put in at the Edmonton jail; also for other expenses which he has incurred on account of the shifting of the site for that building. Please obtain a detailed account, in duplicate, from the contractor for such expenditure, and examine same; and if correct certify it, and forward it here for attention.'

Since the work was done before the date of Mr. Routhier's letter (and if there are no previous written orders), the claim is shut out by section 5 of the contract, namely: 'The contractor shall not be entitled to any payment for any change, addition \* \* or any extra work, unless such change \* \* shall have been first directed in writing by the architect, nor unless the price to be paid \* \* shall have been previously fixed by the architect in writing.'

A similar difficulty has occasionally arisen in the contracts of the Railways and Canals Department, and has generally been met by an Order in Council waiving this provision of the contract for the particular instance under consideration at the time.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

**Prince Albert, Additional Site: Local Certificate Needed.**

AUDIT OFFICE, OTTAWA, October 10, 1904.

SIR,—Let me acknowledge receipt of your application No. 171 for \$1,000 in favour of T. J. Agnew, of Prince Albert, being purchase price of additional land required for site of new post office.

The only certificate is one by Chief Architect Ewart as follows: 'I have never examined the additional property in question; but considering its locality and size, I would say that the price agreed upon, \$1,000, is fair and reasonable.'

I have every confidence in Mr. Ewart's caution and judgment; but I hesitate to accept a certificate from an officer who has not examined the property, on account of the precedent it might establish.

Please obtain in addition a certificate of value from some one with local knowledge.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, Oct. 14, 1904.

SIR,—With reference to your letter of the 10th concerning our application for purchase price of additional land required for a site for a new public building at Prince Albert, I beg to state that at the time the negotiations were carried on for that purchase I obtained a certificate from our clerk of works at Prince Albert, Mr. William Knox, that the price asked was fair and reasonable. When the application was made to you, however, the papers had been sent by the Department of Justice to their agent in Prince Albert, and the accountant was not aware of the correspondence which had passed between Mr. Knox and myself. As the papers have not been returned to us, I asked Mr. Knox yesterday to repeat to me the message he sent me when the purchase was made, and I beg to inclose the telegram in question, which I trust will be found satisfactory and sufficient.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

---

**Ottawa, Building Bought for Workshop: Harris & Campbell.**

AUDIT OFFICE, OTTAWA, August 23, 1904.

SIR,—I have just received a copy of the Order in Council of August 17, 1904, giving authority for the purchase of Harris & Campbell's building at the corner of O'Connor and Queen streets, in the city of Ottawa.

To avoid delay in completing the purchase, I would like to explain now, that it would be well to have on record the certificate of the chief architect that the price is fair and just, details of the floor space obtained, and a mention of the age of the building.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, August 23, 1904.

DEAR SIR,—Replying to yours of even date, in which you ask for further information regarding the purchase of Harris & Campbell's building, at the corner of O'Connor and Queen streets, Ottawa, I beg to state:

1st. Hereto attached is a memorandum of the Chief Architect to the Deputy Minister of Public Works stating that the price, \$40,000, is considered a fair and reasonable sum for the property;

2nd. Memorandum for the Honourable the Acting Minister of Public Works, in which you will find, at the end, an answer as to the details of the floor space obtained;

3rd. As to the age of the building, it is not possible to-day to procure any such data as will allow us to speak with any degree of accuracy, but the Chief Architect tells me that the building, for the most part at least, was, to his knowledge, erected within the last five years.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary*.

---

PUBLIC WORKS DEPT., OTTAWA, July 5, 1904.

Memorandum for

Hon. C. S. HYMAN,

Acting Minister of Public Works.

According to your instructions, I have had a conversation with Mr. Hal. McGivern, Barrister, &c., with regard to the proposed purchase of the Harris, Campbell & Boyden Furniture Company of Ottawa, Limited, property. This property is situated on the corner of O'Connor and Queen streets, in this city, having a frontage of 31 feet on O'Connor street and a depth of 132 feet on Queen street, comprising buildings, plant and machinery connected with the furniture factory.

Mr. McGivern informs me that there is a first mortgage of \$20,000 and a second mortgage of \$15,000 on the property, and that there is \$600 due thereon for taxes, or say in all an encumbrance of about \$36,000.

When taking into consideration the central location and the extent of the property and its close proximity to the parliament buildings, and its adaptability for government workshops, we consider that \$40,000 should be paid for the property.

The building and its machinery are just such as are required for workshops for this department.

The present workshops are situated in a rented house comprising a number of small and unsuitable rooms, and all work done there has to be done by hand.

D. EWART, *Chief Architect*.

PUBLIC WORKS DEPT., OTTAWA, August 10, 1904.

Having reference to my memoranda of June 29 and July 5 last, to the Hon. Mr. Hyman, Acting Minister, recommending that the property on the corner of Queen and O'Connor streets, occupied by the Harris, Campbell & Boyden Company, be purchased by government for use as workshops, I then stated my reasons for advising the purchase, and beg now to state that the price, \$40,000, is, I consider, a fair and reasonable sum for the property.

The Deputy Minister, Public Works.

D. EWART, *Chief Architect.*

AUDIT OFFICE, OTTAWA, August 24, 1904.

SIR,—Let me acknowledge receipt of your 145,130 of yesterday, inclosing information concerning the proposed purchase of Harris & Campbell's property for government workshops.

The diagram at the end of Mr. Ewart's memorandum shows only the length and breadth of the ground space occupied by the lot, but it does not show the total floor space in the building (as asked for), since no mention is made of the number of the flats. Please make a calculation of the number of square feet of floor space available for workmen, as well as the ground space occupied by the building. These two items are always of interest in determining the value of an edifice.

Your last paragraph is: 'The Chief Architect tells me that the building, for the most part at least, was (to his knowledge) erected within the last five years.' Does not this apply only to the western part of the property? The portion which faces on O'Connor street is probably much older.

As far as known at present, the floor space and the building's age will complete the necessary information.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, August 25, 1904.

SIR,—I have your letter of the 24th instant, asking further information concerning the proposed purchase of Harris & Campbell's property for government workshops. In reply, I beg to state that the architect who made the survey in question, Mr. Hutchison, has furnished me with the following memo:—

*Area of Harris & Campbell's Building.*

Main building, three storeys and basement:

Area: 4 x 4,663 ft. 6 in., equals. . . . . 18,654 ft. 0 in.

North wing, four storeys and basement:

Area: 5 x 3,129 ft. 9 in., equals. . . . . 15,648 ft. 9 in.

Total areas. . . . . 34,302 ft. 9 in.

The western part of the property, as surmised by you, is the one built within the last five years. As to the portion which faces on O'Connor street, you are not quite right in stating that it is 'probably much older.' No portion of this building, the Chief Architect reports, is in a condition that could be termed very old.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary.*

SESSIONAL PAPER No. 1

---

**Coal for Ottawa Buildings: Tender—Samples not Preserved.**

AUDIT OFFICE, OTTAWA, August 10, 1904.

SIR,—Let me acknowledge receipt of your application No. 20 for \$11,520 in favour of John Heney & Son, being estimate No. 1 on their new contract for supply of coal to the Ottawa buildings, they being the lowest tenderers after public advertisement.

*No Certificate as to Quality.*

The specification reads: 'All coal to be free from rubbish or dirt; and after the inspection and approval of the officer in charge it will be accepted. The weighing and screening, and the storing and trimming at the various buildings, to be at the expense of the contractor. The whole to be performed in the presence of the proper officer of this (Public Works) department.'

The coal tickets, certifying quantity only, are signed by Messrs. M. F. Smith and R. Marineau, the weighmasters at the government scales. The progress estimate is certified: 'The above estimate is correct; the total value of work performed and materials furnished is \$11,529.51: Wm. King, mechanical engineer.'; but it is not probable that Mr. King has inspected the various deliveries.

There should, I think, be an explicit certificate that the quality of the coal received is up to specification and sample,—signed by some qualified person who is in a position to know these facts.

*Chemical Analysis Desirable.*

According to the specification, the minister has power to cancel the contract, 'if the quantity and quality are not in accordance with the terms of the contract, and if the quality is not equal to the sample.' The designation is to be Pittston, Lackawanna or Scranton.

While it may be easy to identify the actual supply as being one of the named grades, it does not appear possible to satisfy thoroughly the condition, 'Quality according to sample' without having a chemical analysis of both.

In view of the large amount of money involved (\$45,756.64 on the whole contract), I would like you to have a periodical test made by the chief analyst of the Inland Revenue Department, showing the component elements of specimens taken at random from time to time out of the actual supply, as compared with the composition of the original sample.

*Designation of Coal Should be Mentioned.*

The name of the coal supplied should appear (I think) in the estimate, to record the fact that it is one of the three kinds prescribed by the specification, namely, Pittston, Lackawanna or Scranton.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, Sept. 6, 1904.

SIR,—Let me call your attention to my letter of August 10, 1904, concerning the coal supplied to Ottawa buildings by John Heney & Son under contract.

Please inform me whether any progress is making in the direction of a chemical analysis of the coal furnished as compared with the sample. Also in having the designation of the coal mentioned in the progress estimates.

I would like to see these matters satisfactorily arranged before another payment becomes due.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, Sept. 16, 1904.

SIR,—Let me acknowledge receipt of your application No. 122 for \$1,710 in favour of John Heney & Son, being estimate No. 3 for supply of coal to Ottawa buildings.

Please look up my two letters of August 10 and September 6, 1904, asking that chemical analyses of M.r. Heney's coal be made from time to time to compare with that of the sample. Has this yet been done?

The estimate is returned herewith to have marked on it the designation of the coal actually supplied, whether Pittston, Lackawanna or Scranton, as indicated in previous correspondence.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDougall, A.G.

---

AUDIT OFFICE, OTTAWA, Sept. 20, 1904.

SIR,—In further discussion of the contract of John Heney & Son for supply of coal to Ottawa buildings :

I have communicated by telephone with Chief Analyst Macfarlane in regard to the chemical analysis suggested in my previous letters to your department. He says that such an analysis can be made in his laboratory, and would not take more than two or three days.

Dr. Macfarlane explains that he (in general) lays great stress upon the careful selection of representative samples; and, at my request, he expresses his willingness to assume this part of the work. Please, therefore, let him have admission to the coal sheds and other stores, and facilitate his efforts in every way possible.

I would like to have the analysis take place at once, to avoid unnecessary delay and inconvenience to Messrs. John Heney & Son.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDougall, A.G.

---

AUDIT OFFICE, OTTAWA, September 22, 1904.

SIR,—Continuing our telephonic interview of the 20th instant, please find herewith copies of letters written to the Public Works Department in regard to the contract of John Heney & Son for supply of coal to Ottawa buildings, requesting that a chemical examination of the coal be held in your laboratory.

In addition to analyses of the sample submitted by Messrs. Heney when tendering, and of the samples of coal to be taken by you from the actual supply, I would also like you to analyze a sample (to be taken by you at random) from some source of supply to the outside public, as distinguished from the government.

Please have these analyses completed at as early a date as possible, to avoid any unnecessary delay to the contractors.

I am, sir, your obedient servant,

THOS. McFARLANE, Esq.,

Chief Analyst.

J. L. McDougall, A.G.

---

INLAND REVENUE LABORATORY, OTTAWA, Sept. 26, 1904.

SIR,—I beg to acknowledge receipt of your letter of 22nd inst. with inclosures.

I have not yet heard from the Public Works Department; neither have I learned whether the sample of coal submitted with the tender which was accepted is now in existence. If not, it will be useless to take samples of the coal delivered, because no

SESSIONAL PAPER No. 1

comparison could be made. Even if the tender sample were forthcoming, such comparison might not be reliable; because, as I understand the matter, delivery of the coal began last May, and some of it must have been consumed since then. It must also be considered that the sampling of a large heap of coal involves a very considerable amount of work.

If it is your desire and that of the Public Works Department to make sure that the coal delivered is of the same quality as that tendered for, it would be necessary to begin with the tendering, and then analyze the samples submitted. On making the contract it would be necessary to refer to and carefully preserve the sample furnished by the successful competitor. On beginning the delivery of the coal the sampling should also begin, and be done in a systematic manner, a certain small quantity being taken from each cart and kept under lock and key. From time to time the coal thus accumulated would have to be treated somewhat in the same manner as ore is sampled, and a small quantity, representative of the bulk, obtained for the analysis. The examination and report could then be made, and the departmental authorities could readily judge whether the coal delivered agreed in quality with that provided for by the contract.

I am, sir, your obedient servant,

The Auditor General.

THOMAS MACFARLANE, *Chief Analyst.*

AUDIT OFFICE, OTTAWA, Sept. 28, 1904.

SIR,—Let me call your attention to my letter of September 20, 1904, asking you to facilitate the analysis by Dr. Macfarlane of the coal supplied by John Heney & Son for Ottawa buildings.

Inclosed is a copy of a letter from Dr. Macfarlane, describing the conditions of a thorough analysis. It will be noticed that he needs some of the samples of coal presented by Messrs. Heney along with their tender before the contract was awarded.

Please let Dr. Macfarlane have the necessary samples for which he asks, from those on which the contract was assigned to Messrs. Heney. This request should have been made categorically in my letter of September 20.

The present discussion was initiated by my letters of August 10, September 6 and September 16, asking that you have the chief analyst make this examination, but I do not find that you have made any progress in the direction indicated; and this inaction has caused delay in the payments to the contractors.

The application now in hand is going through at Mr. Heney's urgent request; but I shall be unable to pass succeeding estimates unless the analysis is now begun and continuously proceeded with.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Sept. 28, 1904.

Please give instructions to the men in charge of the coal shed at the canal basin to admit Dr. Macfarlane, Chief Analyst of the Inland Revenue Department, to the coal shed at any time he may call, for the purpose of selecting specimens of the coal which is being delivered by Mr. John Heney & Son under their contract for coal, public buildings, Ottawa. I think that the contractor should accompany Dr. Macfarlane, in order that he may be satisfied with the samples selected. Please try to arrange this matter with Dr. Macfarlane and the contractor.

(Sgd.)

D. EWART, *Chief Architect.*

A. L. OGILVIE, Esq., Public Works Dept.

---

INLAND REVENUE LABORATORY, OTTAWA, Oct. 12, 1904.

SIR,—I am in receipt of your letter of 11th inst., with inclosure, and beg to refer to my communication of September 26, in which I explain the uselessness of sampling and analysing unless the original sample is available. This, I understand, is not the case.

I am, sir, your obedient servant,

The Auditor General.

THOMAS MACFARLANE, *Chief Analyst.*

---

AUDIT OFFICE, OTTAWA, October 13, 1904.

SIR,—Inclosed please find a copy of a letter just received from Chief Analyst Macfarlane concerning the question of an analysis of coal supplied to Ottawa buildings by John Heney & Sons.

Dr. Macfarlane says that he understands the original sample is not available for examination.

Please let me know what disposition has been made of the original sample offered by Messrs. Heney with their tender, and why it is not now available for analysis (if Dr. Macfarlane's information on this point is correct).

I would like to have an answer at an early date, to avoid (if possible) another delay to the Heney estimates.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, *A.G.*

---

PUBLIC WORKS DEPT., OTTAWA, Oct. 15, 1904.

DEAR MR. MACFARLANE,—The secretary of this department has handed me a sample of coal herewith, from Heney & Son, who have the contract for supplying public buildings, Ottawa, with coal, and requested me to forward it to you for analysis.

Will you kindly report the result of your analysis to this department as soon as possible, as I understand the Auditor General has intimated his intention to withhold any further payments to the contractors until he has received your report.

Yours sincerely,

THOMAS MACFARLANE, *Chief Analyst.*

D. EWART, *Chief Architect.*

---

OTTAWA, October 17, 1904.

DEAR SIR,—We understand the Department Public Works have found the samples of coal, and we trust that the analysis will be pushed through so as we can get some money.

We are, yours truly,

The Auditor General.

JOHN HENEY & SON.

---

PUBLIC WORKS DEPT., OTTAWA, Oct. 20, 1904.

DEAR SIR,—In reply to yours of the 17th inst., *re* coal submitted to you on the 15th inst. for analysis, I am informed that the sample in question is from the same mine as that from which the sample submitted by Messrs. Heney & Son at the time of tendering was taken, and is considered equal in every respect to the sample sent on with the tender.

Yours sincerely,

THOMAS MACFARLANE, Esq., F.R.S.C.,  
*Chief Analyst.*

D. EWART,  
*Chief Architect.*

SESSIONAL PAPER No. 1

PUBLIC WORKS DEPT., OTTAWA, Oct. 29, 1904.

SIR,—In reply to yours of the 24th inst., I have the honour to submit a copy of Messrs. John Heney & Son's letter, stating that the sample of coal recently submitted to your department for analysis represents the same as that out of which their samples were taken which they submitted with their tender.

I am, sir, your obedient servant,

A. MCGILL, Esq., B.A., *Acting Chief Analyst.*

D. EWART, *Chief Architect.*

AUDIT OFFICE, OTTAWA, Nov. 9, 1904.

SIR,—Let me acknowledge receipt of your application No. 228 for \$6,049 in favour of John Heney & Son, being estimate No. 4 to October 31, for supply of coal to Ottawa buildings.

Please inform me of whatever progress has been made towards the analysis of the coal by Chief Analyst Macfarlane.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

INLAND REVENUE LABORATORY, OTTAWA, Nov. 5, 1904.

SIR,—I beg to report as follows upon three samples of coal which have been analyzed here.

Three samples were received from Messrs. Heney & Son through the chief architect of the Public Works Department.

	Egg Coal.	Stove Coal.	Grate Coal.
Moisture.. . . .	3.20	1.90	4.20
Volatile hydrocarbons.. . . .	5.20	5.30	6.00
Fixed carbon.. . . .	89.17	85.48	86.81
Ash.. . . .	1.50	6.50	2.10
Sulphur.. . . .	0.93	0.82	0.89
Total carbon.. . . .	94.37	90.78	92.81

These are all anthracites of good quality.

I am, sir, your obedient servant,

The Deputy Minister, Inland Revenue Dept.

A. MCGILL, *for Chief Analyst.*

AUDIT OFFICE, OTTAWA, Nov. 10, 1904.

SIR,—Let me acknowledge receipt to-day of your undated letter concerning the analysis of the coal supplied by Messrs. John Heney & Son for Ottawa buildings. The analysis, as far as recorded in the correspondence, is unsatisfactory for the following two reasons:—

(1.) Mr. McGill, the assistant analyst, says: 'These samples were received from Messrs. Heney & Son through the chief architect of the Public Works Department.' In a transaction of this kind the selection and transmission of the supply samples should be entirely controlled by the department or the analyst, without relying in any manner on the creditor whose supplies are to be tested.

(2.) I understood the original tender samples had been found, and were to be submitted for analysis, as well as samples of the actual supply. Mr. McGill does not mention the tender samples.

Please have this matter taken up at an early date.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, Nov. 19, 1904.

SIR,—In reference to your letter of November 10, concerning the analysis of the coal supplied by Messrs. John Heney & Sons for the Ottawa buildings, I beg to send you herewith the copies supplied to me by the chief architect of the correspondence which has taken place in this matter, and from which you will see that every effort has been made to obtain proper samples of coal for the purpose of procuring the analysis required.

From the correspondence in question, I think you will gather that the samples have been faithfully and honestly chosen, and as the report of the analyst appears to be favourable, there should now be no objection to the future payment to the contractors.

I may remark that the analysis of the tender samples will not probably be of much use to determine the actual quality of the coal supplied, as, if we do not trust contractors with the supply of proper coal, there is no reason why we should trust them to supply coal equal to the tender sample, which they may very well not do should they not want to.

The best analysis of course is that which is made of the actual coal supplied, and from the correspondence which you will read, it seems to me clear that Mr. Macfarlane, Chief Analyst, has been given an opportunity to obtain personally whatever sample of coal he desired to have in order to conduct his analysis.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D.M.

---

AUDIT OFFICE, OTTAWA, Jan. 3, 1905.

SIR,—I released some time ago the certificates in favour of John Heney & Sons, for delivering coal to Ottawa buildings.

In view of the neglect by your department to preserve the tender-samples, the discussion of the 1904 coal supply could not be further continued with any hope of a definite and profitable result.

When letting the 1905 contract please see that all the safeguards are taken which have been outlined in the previous correspondence.

Especially, the tender samples should be asked for and carefully preserved in sufficient quantity to provide for chemical analysis whenever needed.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

**Glace Bay, Harbour Works: Dominion Coal Company.**

AUDIT OFFICE, OTTAWA, Dec. 5, 1904.

SIR,—Let me acknowledge receipt of your application No. 217 for \$11,430 in favour of the Dominion Coal Company, being estimate No. 1 for works at Glace Bay, N.S., to be charged to the vote of \$25,000 for 'Glace Bay: Harbour improvements.'

Attached to the specification is a sheet (No. 7) headed: 'General description of work to be done at harbour of Glace Bay.' The last two items are: 'To construct an earth railway embankment and trestle approach to the coal pier, and to put down a sufficient number of railway tracks thereon for the accommodation of the traffic. In the above approach provision will be made to cross Main and North streets by steel spans of 20 feet clear opening each.'

The wording of the vote should have been made more definite in this direction, if it was contemplated to include works so far removed from those generally classed as

SESSIONAL PAPER No. 1

'harbour improvements' in previous supply bills. Rather than establish such a precedent for looser interpretation of the votes, it might be better to renew this item at the coming session, with a full description of the nature of the services.

The contract refers to an Order in Council of September 19, 1904, of which no copy appears to have been sent to me. In the absence of that document, it does not appear at present clear that the provisions of the Public Works Act have been observed, as to the manner of letting the contract.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

### Champlain Wharf: Difficulty in obtaining Information.

AUDIT OFFICE, OTTAWA, June 30, 1904.

SIR,—I beg to acknowledge the receipt of your application No. 541 for \$1,000 in favour of H. Arcand, being purchase price of wharf and necessary approach at Champlain, Que.

The Order in Council of March 30, authorizing this payment reads : 'The minister states that Mr. Arcand has agreed to sell the wharf with necessary approach, &c. (a description and plan of which are attached) for the sum of \$1,000.' Please let me have a copy of description and plan.

I would like to know the age of the wharf and the approximate original cost of construction.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 13, 1904.

SIR,—Let me call your attention to my letter of June 30, 1904, asking for further information concerning the wharf at Champlain, which has been purchased from Mr. H. Arcand.

As the close of the fiscal year is at hand, it would be well to have this matter disposed of at an early date.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 31, 1904.

SIR,—Let me call your attention to my letters of June 30 and August 13, 1904, asking for information as to the age and approximate cost of the wharf at Champlain, for which it is proposed to pay \$1,000 to Mr. H. Arcand.

The application is waiting in this office, and will lapse at an early date unless the requisite information is supplied.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, Sept. 2, 1904.

SIR,—I beg to acknowledge receipt of your letter of the 31st ultimo, asking for information as to the age and approximate cost of the wharf at Champlain, for which it is proposed to pay \$1,000 to Mr. H. Arcand.

Having referred this matter to our resident engineer, Mr. Michaud, the latter reports the wharf to have been built about fifteen years ago, and its value then to have been \$4,000.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary*.

---

**Quebec Harbour Improvements: 500-ft. Extension.**

AUDIT OFFICE, OTTAWA, Aug. 18, 1904.

SIR,—Let me acknowledge receipt of your application No. 50 for \$19,610 in favour of Messrs. Dussault & Lemieux, being balance of estimate No. 1 for additional work on Quebec harbour improvements.

The contract form mentions an Order in Council of May 7, 1904, of which we have not yet received a copy. Please have this omission rectified.

We would also like to have a diagram, showing the relation between the wharf contemplated by the contract of May 8, 1903, and the additional work covered by the present extension of that contract.

Please send also any information which has a bearing on the question of ordering the additional work without calling for new tenders.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

FREDERICK HAYTER, *for A.G.*

---

PUBLIC WORKS DEPT., OTTAWA, Aug. 24, 1904.

SIR,—In reply to your letter of the 18th instant, in connection with the Quebec harbour works, I beg to inclose you herewith:—

1st. Copy of the Order in Council of May 7, 1904.

2nd. Copy of diagram, showing the relation between the wharf contemplated by the contract of May 8, 1903, and the additional work covered by the present extension of that contract.

3rd. Copy of the first contract entered into between the Department of Public Works and Dussault & Lemieux.

Now, as to the plan of the work as extended, the acting chief engineer tells me that it must be stated by the department that the extension was made on the lines and according to the conditions of the first contract, copy of which is also inclosed, where provision had been made for any future extra work that might be required.

Hoping this will be found satisfactory, and that you may now authorize the issue of cheque, I remain,

Yours sincerely,

The Auditor General.

FRED. GELINAS, *Secretary.*

---

PUBLIC WORKS DEPT., OTTAWA, August 25, 1904.

SIR,—With reference to the work for Quebec harbour improvements, under contract with Messrs. Etienne Dussault and Ludger Lemieux, I beg to state that the extension of 500 feet of wharfage, granted them for construction over and above the work embraced in the first contract, is covered by clause No. 3 of the first contract in connection with additions or deductions to the work, and also by the fourth paragraph from the top in the form of tender attached to the contract.

The schedule of prices for extra work contained in the form of tender, upon which the contractors have agreed to be paid for the additional work ordered, I consider most fair and just.

I am, sir, your obedient servant,

The Auditor General.

ARTHUR ST. LAURENT, *for Chief Engineer.*

SESSIONAL PAPER No. 1

## Seven Islands Wharf: North Shore Power Company.

AUDIT OFFICE, OTTAWA, June 24, 1904.

SIR,—Let me acknowledge receipt of your application No. 538 for \$24,500 in favour of the North Shore Power, Railway and Navigation Company, on account of their estimate No. 1 for \$55,905.52 on Seven Islands wharf, as follows:—

Stone approach to wharf and 201½ ft. crib . . . . .	\$34,433 95
12 x 12 timber, 690,799 ft. B.M. at \$27 . . . . .	18,651 57
10 x 10 timber, 120,000 ft. B.M. at \$18 . . . . .	2,160 00
Iron, 22,000 lbs. at 3c . . . . .	660 00

---

\$55,905 52

These sums are in payment for wharf constructed and timber delivered by the North Shore Company prior to the taking over of the work by the government.

I should like to have detailed statements of the company's expenditure, showing how the total charge was arrived at. Please let me have also the date of construction.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

PUBLIC WORKS DEPT., OTTAWA, July 14, 1904.

SIR—Referring to your letter of the 24th ultimo in regard to our application No. 538 for \$24,500 in favour of the North Shore Power, Railway and Navigation Company in connection with the Seven Islands wharf, I beg to inclose herewith, in accordance with your request, a certified statement of Engineers Ross & Holgate of the expenditure incurred on that work. In reply to your inquiry as to the date of construction, I may say that work was commenced in the middle of May, 1903.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary*.

MONTREAL, November 21, 1903.

DEAR SIRs,—The work in connection with the construction of the wharf at Seven Islands Bay was commenced in April last, and carried on continuously until the first week of this month, when it had to be discontinued on account of the severity of the weather.

The approach to the wharf comprises the rock filling of about 530 feet in length. This was nearly completed, and one length of 200 feet of cribwork was sunk and built up to elevation 110.00.

The expenditure on the construction of the wharf to date, for work in place, has been as follows:—

Rock filling in approach, 17,695 cubic yards at \$1.25..	\$22,118 75
Gravel top filling, 1,500 cubic yards at 30 cents. . . . .	450 00
Timber, 205,548 feet B.M. at \$27. . . . .	5 549 80
Framing timber, 17,129 cubic feet at 10 cents. . . . .	1,712 90
Rock filling in crib, 3,190 cubic yards at \$1.25. . . . .	3,987 50
Iron in cribwork, 20,500 pounds at 3 cents. . . . .	615 00

---

Total value of work done. . . . . \$34,433 95

We beg to certify that the above statement is correct.

Yours truly,

(Signed) ROSS & HOLGATE.

The North Shore Power, Railway and Navigation Company.

4-5 EDWARD VII., A. 1905

---

AUDIT OFFICE, OTTAWA, August 23, 1904.

SIR,—Let me acknowledge receipt of your application in favour of the North Shore Power, Railway and Navigation Company for balance of the first estimate on Seven Islands wharf.

I would like to have an opportunity of reading the correspondence in this matter.

I am, sir, your obedient servant,

The Acting Deputy Minister, Public Works Dept. J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, Aug. 23, 1904.

MY DEAR MR. McDOUGALL,—You will find inclosed the correspondence relating to the application in favour of the North Shore Railway and Navigation Company for balance of the first estimate on the Seven Islands wharf, in reply to your letter of even date, asking to be favoured with the correspondence in this matter. I am sending you the papers as they are, hoping you may, from their perusal, find your way clear to issue cheque to cover the application.

Sincerely yours,

The Auditor General.

FRED. GELINAS, *Secretary*.

---

AUDIT OFFICE, OTTAWA, August 25, 1904.

SIR,—Let me call your attention to the Order in Council of March 1, 1904, concerning Seven Islands harbour, and the North Shore Power and Navigation Company.

A section of the Order in Council is as follows: 'The company have entered into an agreement, dated February 18, 1904, whereby they agree to convey free of charge to the government a good and sufficient title to all lands at the harbour of Seven Islands which may be required in connection with the construction, maintenance or use of all works which the government may be required to construct at that place, as well as the land required for sheds, roads, approaches, &c., as may be indicated on a plan to be prepared at the offices of the department.'

It may be some time before the requirements of the government are so fully developed as to enable a final plan to be prepared to show all the land needed. But it would be well to have the company transfer to the government at least the site of the wharf, and such other land as now appears necessary, before any further payments on account of that work are made.

Please endeavour to get this done at the earliest possible date.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, August 25, 1904.

SIR,—I beg to acknowledge receipt of your letter of even date, concerning our application to pay estimate to cover balance of the work done and materials delivered during last season at the Seven Islands wharf by the North Shore Power, Railway and Navigation Company, and calling the attention of the department to the advisability of having the company transfer to the government at least the site of the wharf and such other land as now appears necessary, before any further payments on account for that work are made. In reply, I beg to state that it seems to us your views are reasonable, and will be acted upon as early as possible. Let me, however, call your attention to the fact that the hon. acting minister is at present away on an inspection tour and

SESSIONAL PAPER No. 1

will not be back to Ottawa before a couple of weeks. Moreover, it is stated there will be no meetings of council before the middle of September. You are well aware that the necessary procedure to acquire property by the Crown is a very long one, and it might be months from now before the property in question is vested in the Crown. Under the circumstances, may I ask you to be good enough to allow this estimate, which is for work done and materials supplied during last season, to be paid, we to immediately prepare the initial steps, that is, a report to Council to be signed by the hon. the acting minister, and to do all in our power to complete the acquisition of this site as speedily as possible. It is understood that no payment on account for work done or materials supplied will be made this season until the department is enabled to furnish evidence that the site is vested in the Crown.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secretary*.

AUDIT OFFICE, OTTAWA, August 25, 1904.

SIR,—Let me acknowledge receipt of your 145159 of to-day's date, with reference to the site of the Seven Islands wharf.

Please obtain from the Department of Justice an opinion as to the position in which the government would be, in the hypothetical event of the North Shore Company liquidating before the wharf site is transferred to us.

I have had some conversation with Mr. Newcombe on this subject, and he is already seized of the main facts; so that no delay need take place in that department.

I would be pleased to hear from you as soon as possible, as Mr. Meaney is urging the importance of progress at this season.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, August 26, 1904.

SIR,—I beg to acknowledge the receipt of your letter of the 25th instant, concerning Seven Islands harbour and the North Shore Power, Railway and Navigation Company. As requested therein, I have obtained the opinion of the Department of Justice as to the position in which the government would be in the hypothetical event of the said company liquidating before the wharf site is transferred to us. I inclose herewith a copy of their letter in which it is stated that in such an event the obligation of the company to convey lands required by the government, under the agreements, would attach to the lands of the liquidator or assignee to the same extent as it now attaches to those lands in the hands of the company, and therefore the right of the government to the conveyance of the lands would not be prejudiced by any disposition which the company may make for the benefit of creditors.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, *Asst. Secretary*.

DEPT. OF JUSTICE, OTTAWA, August 25, 1904.

SIR,—Referring to your letter of this date, inclosing copies of two agreements between the government and the North Shore Power, Railway and Navigation Company, together with correspondence of the Auditor General, you ask for my opinion, as desired by the Auditor General, upon the point which he states as follows: 'Please obtain from the Department of Justice an opinion as to the position in which the

---

government would be in the hypothetical event of the North Shore Company liquidating before the wharf site is transferred to us.'

I am of the opinion that under the agreements, if the company were to go into liquidation or assign for the benefit of their creditors, the obligation of the company to convey the lands required by the government under the agreements would attach to the lands in the hands of the liquidator or assignee to the same extent as it now attaches to those lands in the hands of the company, and, therefore, the right of the government to a conveyance of the lands would not be prejudiced by any disposition which the company may make for the benefit of creditors.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

E. L. NEWCOMBE, *D.M.J.*

---

**Burlington Channel: Written Orders required for \$5,100 Extras.**

AUDIT OFFICE, OTTAWA, Sept. 10, 1904.

SIR,—Let me acknowledge receipt of your application No. 102 for \$14,440 in favour of James Clark, being estimate No. 20 for his work at Burlington channel.

The estimate contains six new items of extras, amounting to \$5,672.50. Under section 5 of the contract form, these will need to be supported by the engineer's orders, fixing the prices before the work was begun. Please send copies of these, and let me see the correspondence.

To avoid unnecessary inconvenience to the contractor, please replace the present application by two new ones: one of which (say \$9,340) will accrue on the main contract, and the other (\$5,100) on the extras. The \$9,340 will be passed without delay.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDUGALL, *A.G.*

---

AUDIT OFFICE, OTTAWA, October 11, 1904.

SIR,—Let me call your attention to the Auditor General's letter of September 10, concerning the extras in James Clark's estimate for work at Burlington channel.

An application for \$5,100 is delayed, pending the receipt of copies of the engineer's orders, fixing the prices before the work was begun.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

FREDERICK HAYTER, *for A.G.*

---

AUDIT OFFICE, OTTAWA, Jan. 3, 1905.

SIR,—Let me call your attention to my letters of September 10 and October 11, 1904, asking for copies of any written orders which were given to Mr. James Clark for extra work in connection with the contract at Burlington channel.

No answer has yet been received from your department, and Mr. Clark's agent has made several inquiries here as to the cause of delay in the payment.

Why have you not taken up this matter at an earlier date?

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDUGALL, *A.G.*

---

**Sault Ste. Marie: Plummer's Wharf, Transferred in 1888.****AUDIT OFFICE, OTTAWA, August 17, 1904.**

SIR,—Let me acknowledge receipt of your application No. 51 for \$7,000 in favour of W. H. Plummer of Sault Ste. Marie, in settlement of his claim for transfer of wharf, as authorized by the last Supply Bill.

The application quotes Orders in Council of May 21, 1902, and March 23, 1904, neither of which has been received by me. Please have this omission rectified.

Clause No. 2 of Mr. Plummer's declaration reads : 'On July 18, 1888, under certain defined conditions as to compensation, I conveyed to the Crown my dock property, known as the government dock of the town of Sault Ste. Marie.' I would like to receive a copy of the 'conditions as to compensation' mentioned by Mr. Plummer.

Why was not the purchase money paid at the time of the transfer ?

Please favour this office with a perusal of the whole correspondence.

I am, sir, your obedient servant,

The Deputy Minister of Public Works. " **FREDERICK HAYTER, for A.G.**

---

**PUBLIC WORKS DEPT., OTTAWA, Aug. 18, 1904.**

SIR,—I am in receipt of your letter of the 17th instant, in reference to our application No. 51 for \$7,000 in favour of W. H. Plummer, of Sault Ste. Marie, Ontario, in settlement of his claim for transfer of wharf to the Crown. I note what you say in connection with the Orders in Council of May 21, 1902, and March 23, 1904, and I have accordingly requested the Clerk of the Privy Council to supply you with the copies desired. You state that you also would like to have a copy of the 'conditions as to compensation' mentioned in Mr. Plummer's declaration, and to be favoured with a perusal of the whole correspondence. In reply, I may state that the whole history of the case is recited in the Order in Council of May 21, 1902, a copy of which you will receive shortly. As these conditions are all given in the Orders in Council above mentioned, I believe, then, it is unnecessary for me to supply you with information which you find to be only a duplicate of that contained in the documents previously named.

I am, sir, your obedient servant,

The Auditor General.

**FRED. GELINAS, Acting Deputy Minister.**

---

**EXTRACT FROM ORDER IN COUNCIL MAY 21, 1902.**

On a report dated May 13, 1902, from the Minister of Public Works, submitting that Mr. W. H. Plummer, of Sault Ste. Marie, Ontario, has preferred a claim against the Department of Public Works for compensation in connection with the transfer he made in May, 1888, of a wharf property he owned at Sault Ste. Marie, this property being now owned and possessed by the government, and tolls being collected for the use thereof by a wharfinger duly appointed by the Department of Marine and Fisheries.

The minister observes that the acquisition of this dock at Sault Ste. Marie has assumed two very distinct phases, which it is necessary to bear in mind when considering the whole matter. The first refers to the conditions under which the transfer was made, and the second to the difficulties that occurred between the Department of Marine and Fisheries and Mr. Plummer after the wharf had been deeded to the Crown and duly transferred for management to the Department of Marine and Fisheries.

It is in connection with the transfer that the claim is now preferred by Mr. Plummer.

The minister states that in the year 1887 an appropriation of \$4,000 was made for improvements at Sault Ste. Marie, it being then intended to carry out these improvements by way of dredging; but while the department was considering the matter Mr. S. J. Dawson, then M.P., suggested to the department the advisability of improving a dock property already built by Mr. Plummer, Mr. Dawson stating that Mr. Plummer was prepared for certain considerations to transfer the wharf to the government.

There is no doubt whatever, and the previous correspondence shows it very clearly, that it was not the intention of Mr. Plummer to transfer his wharf property gratuitously. Throughout the whole correspondence he calls attention to the fact that he values his property at \$7,000. In one of his letters he asserts that he has been offered the sum of \$10,000, and as a consideration for the transfer he asks to be appointed wharfinger of the dock when it shall have been repaired and extended, his salary to be paid to him out of the proceeds of tolls to be collected by him in that capacity.

Although at that time the law was in existence which placed the appointment of wharfingers under the control of the Department of Marine and Fisheries, there is no doubt that the agreement for transfer was made under the impression that the Department of Public Works could retain, after the transfer, the management of that dock property and thereby be in a position to carry out the conditions under which, it is clear and apparent, the said transfer was made. A letter from the agent of the Department of Justice, Mr. McFadden, sent to that department on July 19, 1888, throws some additional light upon that matter, and shows to a certain extent how Mr. Plummer was adverse to deeding his property for a nominal consideration only, unless the other considerations were fully mentioned in the deed. In his letter of that date, Mr. McFadden states: 'That the delay in the signature of the deed has been caused by the fact that Mr. Plummer having no assurance from the government of the nature of the proposed improvements to dock, when they would commence, or that his appointment as wharfinger would be permanent, preferred to have some definite understanding with the department before executing and handing over deeds. On receipt of your letter I again saw him, and he concluded, rather than delay work, that he would execute deeds leaving the nature and the extent of improvements to dock, as well as his own permanent appointment as wharfinger, entirely in the hands of the government, believing and trusting that it would keep good faith with him in the matter.'

The above letter shows clearly that Mr. Plummer expected from the government other considerations than the nominal sum of \$1 for his wharf. However, he signed the deed of transfer on July 18, 1888, the deed simply containing the bare statements that in consideration thereof the wharf will be extended and Mr. Plummer 'will be appointed wharfinger.'

In so far as improvements to the dock were concerned, the consideration of the deed was carried out, as a sum of nearly \$15,000 was laid out and disbursed for that purpose, but as regards the appointment as wharfinger, although the letter of the agreement was carried out by Mr. Plummer receiving the appointment, still its spirit was certainly not adhered to when he was offered a salary of \$100 a year, and no guarantee of a permanency in the appointment.

From the date of the transfer the management of the wharf, on the conclusion of the agreement with Mr. Plummer, passed from the Department of Public Works, with which the negotiations had been carried out, to the Department of Marine and Fisheries, which had no obligation in the matter but to treat the appointment of Mr. Plummer as an ordinary one, devoid of connection with his former ownership of the wharf, which explains how he was offered an appointment under pleasure at \$100 a year, a salary which certainly did not represent any portion of the time which the wharfinger would have to devote to the collection of tolls, the returns of accounts, &c., in connection with his charge.

## SESSIONAL PAPER No. 1

Then began the series of discussions and troubles between Mr. Plummer and the Department of Marine and Fisheries which culminated in his ill-advised action of retaining the tolls collected by him, and his rendering an account of the same only when forced to do so by proceedings before the court, instituted at the instance of the Department of Marine and Fisheries.

The latter department appears to have never taken into consideration the statements made by Mr. Plummer of the facts that led to the transfer of his property.

They assumed that he was in the position of any new appointee, receiving a salary and having to render accounts, and throughout treated him as a recalcitrant receiving officer, unlawfully and illegally appropriating to his personal use moneys collected by him on behalf of the government.

Among various letters to be found in the file having reference to this matter, is one of October 4, 1895, from the then Minister of Marine and Fisheries, Hon. Mr. Costigan, in which he states to the Prime Minister, Hon. Mr. Mackenzie Bowell, that he is of opinion that the department is illegally in possession of part of a wharf originally belonging to Mr. Plummer, and for which the gentleman received no compensation.

There is also on the file a letter from Sir Hector Langevin, the minister under whose management was the Department of Public Works when the transfer was made, in which he says it does not appear to him that the considerations under which the transfer was made have been fulfilled by the government.

There is as well a subsequent letter from Hon. Frank Smith, then acting Minister of Public Works, strongly advising Mr. Plummer to come to an agreement with the Department of Marine and Fisheries regarding his collections, as he thought that the matter of the considerations for the transfer of the wharf itself could be better adjusted if that difficulty was removed.

Finally, in 1894, one Carney was appointed wharfinger, and Mr. Plummer has had nothing to do with the wharf up to the present time.

In October, 1894, the then Premier, Right Hon. Sir John Thompson investigated this matter, and as there appeared to be no letter stating exactly the terms under which the negotiations for the transfer were carried out, he asked the present Deputy Minister of Public Works to make him a statement, to the best of his recollection, of the negotiations in question, and on October 23 the deputy minister made a memorandum to the effect that 'Mr. Plummer was willing to dispose of his property on condition that the same would be repaired and extended, and that, when completed, it would remain under his charge under a fixed tariff of tolls established by the government, to be collected by him. It was not then considered that the caretaking of the wharf would be carried on under another department, and the whole matter was transacted between Mr. Plummer, Mr. Dawson, then M.P., and Sir Hector Langevin.

The memorandum of the deputy minister goes on further to say that, notwithstanding these apparent agreements at the time of the transfer, Mr. Plummer signed the deed, which did not contain any qualification either as to the duration of his service as wharfinger nor as to his remuneration in that capacity, and that soon afterwards the management of the wharf passed to the Department of Marine and Fisheries, where it has since remained.

The minister considers from the above concise statements of the circumstances of the case, and from a perusal of the several letters written by Mr. Plummer, Mr. Dawson, Sir Hector Langevin, Hon. Mr. Costigan and the Deputy Minister of Public Works, without a doubt whatever, that it would appear that it was not the intention of Mr. Plummer to make a free gift of a wharf he valued at \$7,000, and that when he was offered a salary of \$100 a year as wharfinger, he must have been justified in considering the said offer as a breach of faith on the part of the government of the conditions originally agreed upon.

The cause, however, of all the trouble appears to have been the fact that the department which carried on all the negotiations for the purchase had nothing to do with the carrying on of one of the most important of them, namely, the appointment of the wharfinger, which appointment passed with the wharf to the Department of Marine and Fisheries.

The minister recommends, in view of the above facts, that authority be given to have a close and full investigation made by the proper officer of the Department of Public Works into what represented at the time of the transfer the value of the property ceded to the government; with a view to such action as may be hereafter found necessary to provide for such sum as will represent the value of the property transferred in 1888 by Mr. Plummer, it being understood that one important part of the considerations of the transfer, namely, the caretaking of the wharf with a reasonable salary paid out of the tolls collected, was not adhered to after the transfer was made.

The committee submit the same for His Excellency's approval.

JOHN J. MCGEE,

---

EXTRACT FROM ORDER IN COUNCIL, MARCH 23, 1904.

On a report dated March 9, 1903, from the Minister of Public Works, submitting that a claim was preferred by Mr. W. H. Plummer against the Department of Public Works for compensation in connection with the transfer made by him in the year 1888, for the nominal sum of one dollar, of a dock at Sault Ste. Marie, it being alleged that one of the main conditions of the said transfer, viz., that Mr. Plummer should be appointed wharfinger to collect tolls, &c., on this wharf, was not carried out.

The Minister observes that a careful consideration of the claim by the officers of the Department of Public Works proves it to be well founded, and the authority of the Governor in Council was obtained May 21, 1902 (copy of Order in Council herewith, also copies of declarations from Mr. W. H. Plummer as to the circumstances of the ease and terms of purchase of dock property at Sault Ste. Marie, also copy of declaration of Geo. Kemp, wharfinger and owner of dock property placing value at \$10,000 of the Plummer dock; also copy of letter of Sir Hector L. Langevin, stating compensation to Mr. Plummer), for the making of a close and full investigation into what represents, at the time of the transfer, the value of the property ceded to the Crown, with a view of determining the amount of the said compensation and providing for the same at the next session of parliament.

The minister further states that under such authority an investigation was made by the Inspector General of Public Works, and that officer placed the value of Mr. Plummer's property as it existed at the time of transfer at the sum of \$7,000 (copy of inspector general's report attached).

The minister in view of the foregoing recommends that authority be given to include in the estimates to be submitted to parliament at its present session an item of \$7,000, representing the value of the dock at Sault Ste. Marie ceded to the Crown by Mr. Plummer in the year 1888, and for the payment to Mr. Plummer of the said sum of \$7,000 when the sum is available.

The committee submit the same for approval.

JOHN J. MCGEE, C.P.C.

---

North-west Government: Expenditures on Bridges.

AUDIT OFFICE, OTTAWA, September 1, 1904.

SIR,—Let me acknowledge receipt of your application No. 78 for \$8,837.58 in favour of the North-west Territorial Government, to pay them for expenditure on bridges.

SESSIONAL PAPER No. 1

The vouchers appear to be properly certified, but they carry no receipts, as they have been paid by North-west government cheques.

Before the sum in question can be allowed to the Territorial government it will be necessary to furnish this office with whatever cheques have been cashed.

For the outstanding items there should be an attested statement from the appropriate officer of the local government, to the effect that cheques have been issued, payable to the order of each separate creditor. These cheques also should be forwarded to the audit office when they are received from the bank.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

### Engineer J. C. Taché: Board in Ottawa.

AUDIT OFFICE, OTTAWA, Oct. 25, 1904.

SIR,—Let me call your attention to the following payments to the Russell House for board of Engineer J. C. Taché while in Ottawa:—

25636 : 1903, Oct. 23, board. . . . .	\$17 25
35990 : 1904, April 8, board, March 27 to May 8. . . . .	55 25
37900 : 1904, May 6, board, 9½ d., \$22.50; extra meals, \$1.50.	24 00
	<hr/>
	\$96 50

Mr. Taché is an engineer on the civil government list of the inside service of the Public Works Department, and all his travelling expenses are paid while he is away from Ottawa.

Like all other civil government officials, he must pay his Ottawa expenses out of his own salary. Please ask Mr. Taché to refund the above-mentioned sum of \$96.50 at the earliest possible date.

These items should have been removed from the accounts by some of the departmental taxing officers before payment was made.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan. 3, 1905.

SIR,—Let me call your attention to my letter of October 25, 1904, asking that Mr. J. C. Taché refund the amount of \$96.50 on account of his board in Ottawa, which was paid to the Russell House by cheques Nos. 25636, 35990 and 37900.

Please inform me whether Mr. Taché has yet made the refund in question.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

### Over-payment of \$5,000 in 1901-2 to James W. Woods.

*Following the discussion at Page V—354 of 1902-03.*

AUDIT OFFICE, OTTAWA, March 2, 1904.

SIR,—Let me call your attention to my letter of March 10, 1903, asking that an immediate deposit be made of the cheques for \$2,059.56 which had been placed in your hands by Mr. J. W. Woods. Subsequent requests were made over the telephone.

I do not find that the deposit has yet been made.

Please consider this subject as an addition to those enumerated in a previous letter of yesterday's date, which should be settled without delay.

I am, sir, your obedient servant,

The Deputy Minister Public Works Dept.

J. L. McDougall, A.G.

AUDIT OFFICE, OTTAWA, April 13, 1904.

SIR,—Let me acknowledge receipt, on the 11th, of your application for a letter-of-credit of \$200,000.

There is an outstanding subject which appears to have escaped your attention, namely, the case of Mr. James W. Woods, who was overpaid for decorations supplied for the Duke of York's visit in 1901.

As requested in my letters of February 26 and March 10, 1903, please deposit Mr. Woods' cheque of \$2,059.56 to the credit of the Receiver General.

I will not be able to continue your credit unless the matter is settled before another credit is required.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDougall, A.G.

PUBLIC WORKS DEPT., OTTAWA, May 10, 1904.

SIR,—I regret that so much time has elapsed before I could take up the question of the alleged over-payment to Mr. J. W. Woods, which question has, owing to a difference of opinion between Mr. Woods, the department and yourself, remained unsettled up to the present time.

I have, for the first time to-day, owing to rush of work and my unfortunate state of health, been able to take up the matter with the accountant, and I am now in a position to present it as it appears to me, in order, if possible, that we may arrive at a proper understanding.

The whole matter seems to me to hinge upon the payment of four accounts which were tendered by Mr. Woods on September 24, 1901, the said accounts being of the following amounts: \$1,609.69, \$4,958.95, \$4,569, \$290.75, amounting in the total to \$11,428.39.

Of the above accounts, two were rendered with the possible deductions of 25 per cent for cash, these being the first and third in the list above mentioned. On the two others no option of any 25 per cent discount appears on the face of the accounts.

The 25 per cent discount represents, on the first account of \$1,609.69 the sum of \$36.56, and on the account of \$4,569 the sum of \$1,523, or a total of \$2,059.56.

Upon these accounts, rendered on September 24, 1901, no payment was made until October 4 following, when the sum of \$5,000 was paid. On May 17, 1902—or eight months afterwards—\$2,000 were paid on account, and on the 19th, two days afterwards, the sum of \$9,428.39 was paid to close it up, this latter payment being made, unfortunately, without taking into consideration the sum of \$5,000 paid on October 4 previous.

The mistake, as I understood later from the accountant, was speedily discovered, but as Mr. Woods had claimed that under his agreement with the department the latter could not expect on a purchase both the cash discount of 25 per cent and a time payment of eight months, the question was allowed to remain standing until I should

## SESSIONAL PAPER No. 1

return from a sick leave, which I had then obtained, and from which I only returned to my office towards the end of October.

After consultation with me, and it being understood that time and discount could not both be claimed from a person supplying goods to the department, the matter was settled, on December 27, 1902, by 1st, depositing to the credit of the Receiver General a sum of \$1,766.01, amount of accounts for goods supplied by Mr. Woods after May, 1902; 2nd, giving him credit for the discount of \$2,059.56, which he appeared rightfully to claim as not properly deductible from his accounts, they not having been paid on time, and 3rd, by depositing to the credit of the Receiver General two cheques from Mr. Woods, one for \$1,151.10, and the other one for \$23.33, the total of these four sums representing the \$5,000 so owing by Mr. Woods on account of the deduction not having been made in May previous of the \$5,000 paid in October, 1901.

You took exception to this mode of closing up the account. You claimed that the position taken by Mr. Woods, as regarded the discount of 25 per cent, was untenable, and in a letter sent to me by you afterwards you considered that there could be, at best, only a question of interest and not a question of a loss or disallowance of any discount. Upon your taking this position, and my not then being able to go again into the matter as closely as necessary, I asked Mr. Woods to place in my hands an accepted cheque for the amount in dispute, which was \$2,059.56, and Mr. Woods immediately acceded to my request and gave me an accepted cheque for that amount, dated February 17, 1903, cheque which this department has held ever since.

By your letter of the 13th ultimo you ask me to deposit that cheque to the credit of the Receiver General, and before so doing I desire to submit to you again, for consideration, the point raised by Mr. Woods as to the discount, and a statement prepared by the accountant of the department reviewing the whole of this matter of the overpayment to Mr. Woods.

Mr. Woods claims that it is a sound business proposition, accepted by every person doing business in any country of the world, that no client is entitled to receive from the parties supplying him at the same time a cash discount on the goods sold and time for the payment of the same, the discount being an advantage given by the merchant to his client in consideration of prompt payment. There is no doubt whatever that in the present case the goods were purchased on the expectation of prompt payment; that the account was properly delivered on September 24; that less than one-half of it was paid a month afterwards, the other one-half being only paid eight months after delivery of the same, or in May following. It is on that part of the unpaid account that Mr. Woods claims the department did not earn the discount, and consequently should not receive credit for the same.

You have been long enough in outside business, and know so much more about it than I do, that I may lay the business proposition before you for consideration, and leave it for you to decide whether, in accordance with the general rules of trade, Mr. Woods' contention is one that is supported by the general practice.

In case your view regarding the allowance of this discount should be directly opposed to the one which I am disposed to entertain, I have asked Mr. Kingston to prepare a statement, which I have the honour to inclose, of the payments made to Mr. Woods and the amounts which he is entitled to be credited with, showing that if his claim as regards the non-allowance of the discount be not entertained the amount due by him to the department would be not \$2,059.56—the amount of the cheque I now have in hand—but \$1,806.15, as per the calculations made by the chief accountant.

I have endeavoured to submit this matter as clearly as I have been able to understand it from the books of the department, and I only desire that such decision be arrived at as will properly protect the interests of the department without infringing upon the rights of the private party with whom it had occasion to deal.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D. M., P. W.

---

AUDIT OFFICE, OTTAWA, May 16, 1904.

SIR,—I have your letter of the 10th instant with reference to the claim for repayment from Mr. J. W. Woods in connection with bunting purchased for the visit of the Duke and Duchess of York.

For the present I am inclined to leave in abeyance the amount outside of that which is acknowledged by Mr. Woods to be due to the government. In calculating interest here I have confined the amounts to those which are directly involved in the purchases referred to. I observe that you have on both sides included others. The amount, according to my calculation, is \$1,869.08. Will you have that amount deposited at once? I shall, shortly after your return, make a brief investigation to confirm the statement made by Mr. Woods that the claim to the 25 per cent deduction was waived by your department when you did not make the payments cash.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

AUDIT OFFICE, OTTAWA, June 1, 1904.

SIR,—In a recent communication from Mr. Jas. W. Woods (copy inclosed) he made the claim that you had released him from the 25 per cent discount on flags, &c., when it was discovered that payment would be delayed by shortage of funds.

Please let me have a copy of whatever instruction you gave on this point at that time. Also a copy of the first agreement with Mr. Woods for the supply of the materials.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, June 7, 1904.

DEAR MR. McDOUGALL,—In reply to your letter of June 1, I beg to inform you that the arrangements made in 1901 with Mr. James W. Woods for the supply of decorations, flags, &c., in connection with the reception of the Duke and Duchess of York were not reduced to writing, and that no written contract was made.

The agreement for the supply was made with Mr. Woods upon his submitting the prices mentioned in the catalogue which he supplied to me, and of which I inclose a copy. The arrangement was that there would be a discount of 25 per cent upon reasonable prompt payment, and it was not expected at the time that there could be any delay, as there was included in the estimates a sum which, if it had been all disbursed by the Department of Public Works, would have been sufficient to meet all that expenditure. Unfortunately, however, the sum voted to the Department of Public Works was divided and applied for more than one-half of it to other services, such as transportation, &c., and it became impossible to pay immediately a portion of the accounts in question. This is how it happened that the arrangement with Mr. Woods, which was made with the expectation of immediate payment and in the earning thereby of the 25 per cent discount, was delayed, for a part of it, during a period of over eight months.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D. M., P. W.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, Sept. 13, 1904.

SIR,—Let me call your attention to the accepted cheque for \$2,059.56 which was placed in Mr. Gobeil's hands by Mr. Jas. W. Woods in February, 1903, on account of an over-payment for flags, &c., supplied for the Duke of York's reception.

Four bills were rendered in October, 1901, amounting to \$11,428.39, as follows:—

\$4,958.95 + \$290.75 (no discount off) . . . . .	\$5,249 70
6,092.00 + 2,146.25 = \$8,238.25, less 25 per cent discount (\$2,059.56) . . . . .	6,178 69

Five thousand dollars was paid on account on October 4, 1901, and the balance had to wait until more money was voted.

Mr. Woods claims that the \$2,059.56 discount was offered for cash only, and that this condition was not fulfilled. He insists on applying the \$5,000 payment (of October 4, 1901) on the bill of \$5,249.70, and asks us to be allowed the \$6,178.69 bill at \$8,238.25, the gross figure.

It is held here that the \$5,000 can be applied to lessen whichever bill is preferred, naturally the \$6,178.69; leaving \$1,178.69 unpaid, on which the discount (\$392.90) might not have been earned by the government.

The amount (of principal) now in dispute between Mr. Woods and this office is the difference between \$2,059.56 and \$392.90, or \$1,666.66,—which is also, of course, the amount of discount from a gross bill of \$6,666.66 to make net \$5,000.

A calculation of 5 per cent interest on current balances up to September 12, 1904, shows \$98.13 against Mr. Woods, which should be added to \$1,666.66, making \$1,764.79 charged against him.

If, therefore, you obtain from Mr. Woods a new accepted cheque for \$1,764.79 the present cheque for \$2,059.56 may be released to him. Or if the \$2,059.56 cheque be cashed and refunded to 'Casual Revenue' a cheque for (\$2,059.56 — \$1,764.79 =) \$294.77 may be drawn in his favour, and charged to that account.

But whichever is done, it is essential that the \$2,059.56 cheque be disposed of without further delay. It has now been held in your department since February, 1903, with no apparent object or advantage.

I am, sir, your obedient servant,

J. L. McDougall, A.G.

PUBLIC WORKS DEPT., OTTAWA, Nov. 19, 1904.

SIR,—I beg to send you herewith copy of an opinion received from the Department of Justice in reference to the settlement of the account of Mr. J. W. Woods for decorations, &c., supplied on the occasion of the visit of their Royal Highnesses the Duke and Duchess of York to Canada.

From the letter in question it will be seen that the Department of Justice appears to be of opinion that the mode of settlement arrived at by this department in the allowance and disallowance of discount on the articles supplied was the proper one, and I therefore propose to return to Mr. Woods the cheque which the department has been holding up to now, pending the settlement of the difference of opinion which had arisen between you and this department on this matter.

I am, sir, your obedient servant,

The Auditor General

A. GOBEIL, D.M.P., W.

---

DEPT. OF JUSTICE, OTTAWA, Nov. 5, 1904.

SIR,—With further reference to the account of Messrs. Woods & Co., I have the honour to state that I gather from the papers that two of the accounts rendered, viz., those for \$4,958.95 and \$290.75, equal in all to \$5,249.70, were rendered for the net amount due, *i.e.*, the Messrs. Woods deducted 25 per cent discount, the reduction, however, not appearing as a deduction on the face of the account.

If this is the case I do not understand upon what ground the Auditor General thinks that a further deduction should be made, as a cash payment of only \$5,000 was made.

I notice that in the copy of Messrs. Woods' letter of October 10 last, which you inclosed with your letter of the 12th ultimo, it is stated that the accounts included flags of all nations and streamers not on their printed form. The agreement with the Messrs. Woods is stated by you in your letter to the Auditor General to be that they were paid on the basis of the prices in their printed price-lists, less 25 per cent discount for cash, but I gather from the above that there were a number of items supplied which were not included in the price list, and it does not appear how the prices were arrived at in such cases.

However, it seems to me that the most favourable settlement that the Crown could expect would be to be allowed 25 per cent discount upon goods purchased from Messrs. Woods up to \$5,000, the amount of the cash payment.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

E. L. NEWCOMBE, D.M.J.

---

AUDIT OFFICE, OTTAWA, Dec. 7, 1904.

SIR,—Let me reply shortly to your letter of the 19th ultimo on the Woods matter.

There appears to me to be much more in the transaction than at first appears. It looks at first sight as if the Public Works had two alternatives of very similar character from which to choose. In this view there might have been a trifling difference in the advantage to Canada of one proposition over the other, but certainly nothing which could be distinguished with the naked eye.

The difference, however, was really one between paying \$400 at the end of six months and paying \$300 with interest for six months, \$304.50 or \$309, according as we put in the interest paid by a private individual or that by the government. If the same rule were applied to one-third of our transactions of a year, as it might easily have been, the difference between paying \$20,000,000 and \$15,225,000 or \$15,450,000 would be a loss to Canada in taking the less favourable case of at least \$4,500,000.

If Mr. Woods was willing to take the case most favourable to Canada when cash was paid, there ought to have been no difficulty in inducing him to accept the same when he was to wait six months for his money, he receiving, for the time he would be obliged to wait for his money, interest at the rate of 6 per cent.

The promise-to-pay of the government of Canada has a separate value, and a decidedly higher one than that of the private individual who has the best credit in the country. The element of doubt in regard to ultimate loss of the claim is absolutely divorced in the case of the government from the transaction in which it is the debtor. I am not assuming for a moment that you, if the subject had crossed your mind, would have been indifferent to this manifest and important side of the question. What I am urging is that, in such a case, if it recurs, you should endeavour to find a method of avoiding the fearful extravagance of paying for every three millions of the money's worth, which Canada receives, an additional one million dollars for six months' interest, while we can get it without any favour for \$45,000. I am quite

SESSIONAL PAPER No. 1

---

sure that the Deputy Minister of Finance would be very glad to give his advice in such a case, as I would.

It must recur to you that, in connection with this case, took place the most serious duplicate payment of the several duplicate payments which were made last year in your department, while the several unsuccessful efforts which were made here to have improvements made in your accountant's branch will not be forgotten. I am glad to observe evidences of improvement. At the same time I think I may again call the subject to your attention, at any rate so far as the accountant's branch is concerned, a branch on the efficiency of which the success of the efforts of this office so closely depends. It may be only fair to those members of the staff who entered the public service without the qualifying examination that they should not now be subject to an examination, but there seems no ground for extending that privilege to those who are now only entering the service.

In a service where restrictive examinations are generally required, it is plain that many attempts will be made to make a dumping-ground of a place where they are not required, for those who are wanting in the intelligence or industry to furnish themselves with the necessary knowledge to pass such examinations.

• As you may imagine, it is my pleasure to notice the great interest taken in the matter of accounts by your acting minister. Now is the time to have the permanent benefit of that interest secured.

I am, sir, your obedient servant,

The Deputy Minister, Public Works Dept.

J. L. McDOUGALL, A.G.

*Re Wharfs and Piers.*

AUDIT OFFICE, OTTAWA, March 3, 1904.

SIR,—On March 8, 1900, you furnished to this Office a list of the Wharfs which had been transferred to the Department of Marine and Fisheries during the previous five years.

On November 24, 1902, I wrote for a list of the Wharfs since transferred.

On December 6, 1902, you wrote that you were having a statement prepared of all wharfs owned by your Department, distinguishing those that had been transferred, to lay the matter before the Minister; adding that as soon as the matter was disposed of you would hasten to communicate with me.

On April 18, 1903, I wrote reminding you that I had not heard from you on the matter.

On October 9, 1903, I sent you a copy of a letter I had written to the Hon. Mr. Sutherland, informing him that there was quite a number of wharfs completed for some time and not yet transferred to the Department of Marine and Fisheries.

On October 22, 1903 your Secretary acknowledge my letter of the 9. I have not since had any further reply.

Your early attention is requested.

I am, sir, your obedient servant,

The Deputy Minister, Public Works

J. L. McDOUGALL, A.G.

---

PUBLIC WORKS DEPT., OTTAWA, May 23, 1904.

SIR,—Complying with your request of March 3, 1904, I beg to enclose herewith a statement of the piers and wharves owned by the Government, distinction being made between those under the control of this Department and the others that have been transferred to the Department of Marine and Fisheries.

I am, sir, your obedient servant,

The Auditor General

FRED. GELINAS, Secy.

---

AUDIT OFFICE, OTTAWA, July 13, 1904.

SIR,—I have received your letter of May 23, enclosing a list of Wharfs and Piers constructed by your Department and showing those transferred to the Department of Marine and Fisheries.

According to this list there are 227 Wharfs and Piers that have not been transferred. 88 in Nova Scotia, 20 in New Brunswick, 76 in Quebec and 43 in Ontario. No revenue has come to account from any of those Wharfs and presumably the Public have had free use of them.

I have to enquire the reason why they have not been transferred and when the Department propose to transfer them.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A.G.

*Re Wharf and Piers, P. E. I., South River—Murray Harbour.*

AUDIT OFFICE, OTTAWA, August 27, 1904.

SIR,—In the supplementary Estimates 1904-05 there is \$1,000 voted for repairs to wharf at South River—Murray Harbour.

I wrote the Department of Marine and Fisheries on June 15 last, pointing out that no returns had been received from this and several other wharfs in Prince Edward Island, for the then current year.

I am now in receipt of a letter in reply from the Department stating that the Agent at Charlottetown reports that he is of opinion that the wharfs referred to will never pay any revenue as there is no trade or shipping at these places.

I am, sir, your obedient servant,

The Secretary, Public Works

J. L. McDOUGALL, A.G.

*Re Government Dock : Midland.*

AUDIT OFFICE, OTTAWA, June 30, 1904.

SIR,—I wrote you on the 13 instant in reference to the large number of wharfs and piers constructed by your Department, which had not been transferred to the Department of Marine and Fisheries, and which were presumably used by the public without paying any fees.

I learn from the discussion in the House of Commons on the 27 instant that your Department had an offer previous to April 28 1903, of \$450 per annum for the use of the Government Dock at Midland.

It was stated that the dock and buildings are used by Playfair & Co., and the Acting Minister informed the House that Playfair & Co. are paying no rent to the Department.

I shall be pleased to know, as soon as possible, why your Department does not transfer these wharfs as they are finished.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.

*Re Telegraph Revenue : Yukon Territory.*

AUDIT OFFICE, OTTAWA, Feb'y 3, 1904.

SIR,—The revenue returns of the Yukon Telegraph Lines for the months of October and November have recently been received. The following deposits entered in acquittance of November returns have not been received :—

No 2,253, December 24, Vancouver.....	\$67.35
" 2,327, January 21, " .....	49.71

Deposits are now made in a satisfactory manner at White Horse and Atlin. The deposits at Dawson should be made daily. The District Superintendent at Ashcroft does not deposit the cash that reaches him for each month's receipts, till after the middle of the following month. That, I suppose can not be improved as he has to await returns from each of the several offices on the line.

The Telegraph Branch of your Department no doubt examines and verifies the returns, as to the correctness of the amounts accounted for from each office. An indication of such examination should show on the return. This remark applies to all Telegraph Returns.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Feb'y. 24, 1904.

SIR,—The return of the Telegraph business in the Atlin-Dawson division of the Yukon Lines for December has just come to hand.

This return shows the following amounts outstanding.

Department of Interior.....	\$610.27
N. W. M. Police.....	478 40
United States Government.....	468.26

The return for March 1903 show an amount outstanding against the Department of the Interior of \$829.20. This amount was carried from month to month till November when it is shown as \$610.27, at which it now appears in the December return. Please let me have an explanation of this transaction.

If it is necessary that a monthly account should be opened by the officers of the Department of the Interior and the N. W. Mounted Police, why should not the account be paid early in the following month, so that your officers could make deposit and send Bank receipts to square their returns? Would it not be advisable to notify the Departments to this effect?

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.

PUBLIC WORKS DEPT., OTTAWA, MARCH 3, 1904.

SIR,—In reply to your letter of the 24th ultimo, *re* Telegraph Revenue, Yukon Territory, stating that the return of the telegraph business in the Atlin-Dawson division of the Yukon Lines for December shows certain amounts outstanding, and suggesting that when monthly accounts are opened they should be paid early in the following month. I have the honour to inform you that our Mr. Rochester has been written to and requested to arrange these matters with the Officials in Dawson.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, Secy.

AUDIT OFFICE, OTTAWA, August 8, 1904.

SIR,—I wrote you February 24th last in reference, among other things, to an account against the Department of the Interior of \$610.27, for Telegrams, which seems to have started in March 1903. In the return for May just received, it is still entered as unsettled.

It is desirable that this item should be cleared off before the accounts of 1903-1904 are closed, and I have to ask your early attention to the matter.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.

SESSIONAL PAPER No. 1

PUBLIC WORKS DEPT., OTTAWA, AUGUST 17, 1904.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 8th instant: calling attention to that of the 24th February last in reference, among other things, to an account against the Department of the Interior of \$610.27, for telegrams, and stating that it is desirable that this item should be cleared off before the accounts of 1903-1904 are closed.

I am, sir, your obedient servant,

The Auditor General.

FRED. GELINAS, *Secy.*

---

*Re* Telegraph Revenue : Generally.

AUDIT OFFICE, OTTAWA, July 12, 1904.

SIR,—The enclosed statement shows the last return received from the several Telegraph Lines, with the exception of the North Shore E. B. referred to below, and the balances of the revenue included in these returns that have not been accounted for.

Of the offices on the North Shore E. B., 3 have no return later than December, 7 later than January, 25 later than February, 4 later than March and 6 later than April. The Agents at these offices report independently to your Department instead of through a District Superintendent as is the practice with the Agents of the other lines.

There seems to be unnecessary delay in connection with the forwarding of most of these Telegraph returns and the bringing of the revenue accrued to account; and experience teaches that when officials in receipt of Public Revenue are allowed to fall in arrears, more or less cases of defalcation follow.

I do not overlook the arrangement by which the Agents on the Lower St. Lawrence are allowed to retain sufficient of the revenue collected to meet their salaries, but they should be required to promptly remit the excess, when there is any; and the necessary action in your Department to bring the amounts retained to account should not be so long delayed.

Though I have previously called your attention to this matter, no improvement has been effected; and no reply is received to many of my letters.

As the fiscal year is now over, it is desirable that all the returns and revenue appertaining thereto, should be forwarded as soon as possible.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A. G.*

---

*Re* Telegraph Revenue : Cheticamp

AUDIT OFFICE, OTTAWA, Dec. 24, 1904.

SIR,—The Telegraph Revenue collected at Cheticamp during 1902-03 amounted to \$1,305.86, and during the first six months of 1903-04 to \$450.63.

No returns nor deposits have since been received. Please explain.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, *A. G.*

---

*Re* Telegraph Revenue : North west Lines.

AUDIT OFFICE, OTTAWA, Dec. 24, 1904.

SIR,—The Telegraph Revenue of the North West Lines accrued in 1903-04 amounted to \$4,417.06 of which \$177.26 had been deposited and credited to accounts of the previous year, leaving a balance of \$4,239.80. The amount deposited and credited to accounts of 1903-94 amounted to \$4,916.94. A deposit dated September 6, for \$689.41 evidently on account of the Revenue of the current year, was credited on your statement No. 40 to last year.

While it is not always possible to have all the revenue accrued during a fiscal year collected and credited to the accounts of that year, there can be no reason or justification for crediting revenue accrued during the current year to a former. You will please see that more care is exercised in this respect for the future.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.

---

*Re* Telegraph Revenue : Godbout.

AUDIT OFFICE, OTTAWA, Dec. 27, 1904.

SIR,—The receipts from the Telegraph Office at Godbout for the six months ended December 31 last amounted to \$46.15.

No deposit nor returns have since come to hand. Please explain.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.

---

*Re* Telegraph Revenue : Piastre Bay.

AUDIT OFFICE, OTTAWA, Dec. 27, 1904.

SIR,—The revenue of the Telegraph Office at Piastre Bay (E.B.) during 1903-04 amounted to \$115.66, of which there is balance of \$40.85 not yet accounted for. There is also the revenue since accrued.

Could not the revenue of this office be brought to account more promptly? If not, please explain cause of delay.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

J. L. McDOUGALL, A. G.
