(Translation).

BRUSSELS, BELGIUM, April 30, 1919.

The Speaker of the House of Commons,
The Speaker of the Senate,
Ottawa.

MR. SPEAKER,—I beg to send you and request you to communicate to the Assembly over which you preside the text of the motion unanimously adopted by the Senate during its session of Tuesday, April 29, 1919.

The Senate of Belgium affected by the vote of the Paris Conference which disregards the claims of the City of Brussels to become the seat of the League of Nations, seriously preoccupied by the distressing condition to which the country has been reduced by this most cruel war and convinced that the numberless ruins which cover its territory cannot be restored by its own national resources, most anxiously appeals to your Assembly and implores it to intervene with the greatest possible energy in order to obtain that the solemn promises of prompt and complete restoration so frequently reiterated be now carried out in the spirit of broad equity and generous compassion which inspired them.

Relying upon the sentiments of solidarity which unite all civilized nations and upon the assurance of sincere and profound sympathy which your Assembly so kindly gave to Belgium, the Senate counts upon obtaining from your Assembly its powerful aid and effectual intervention in support of the legitimate and necessary atonements claimed from the Paris Conference for the restoration of this country.

Please accept, Mr. Speaker, the assurance of my greatest respect.

(Signed) Baron de PAVEREAU,
President of the Senate.

Presented by Hon. Mr. Speaker, May 1, 1919... *Not printed.*

DEPARTMENT OF INSURANCE,

OTTAWA, June 30, 1919.

To the Honourable Sir THOMAS WHITE,
Minister of Finance.

SIR,—I have the honour to submit herewith the statements in detail of insurance companies transacting the business of insurance, other than life insurance, in Canada during the year 1918, together with such tabulated summaries of those statements as are necessary to exhibit the progress of the business and the condition of the companies.

The statement of life insurance companies will be submitted in a later volume.

FIRE INSURANCE, 1918.

During the year 1918 the business of fire insurance was transacted in Canada by 116 companies, as compared with 96 companies in the preceding year. Of the 116 companies, 28 were Canadian, 36 British and 52 Foreign. Two Canadian companies, The Imperial Guarantee and Accident Insurance Company and the North American Accident Insurance Company, one British company, the Marine Insurance Company, and one foreign company, the Columbia Insurance Company, transacted fire insurance only in connection with their automobile business. The business of the Automobile Insurance Company was limited to organization and it has since the beginning of the present year withdrawn from Canada.

The list differs from that of 1917 by the addition of four Canadian companies, The Fire Insurance Company of Canada, which commenced business for the first time late in 1918, The Guardian Insurance Company of Canada, which during the year had its license extended to include fire insurance, the Imperial Guarantee and Accident Insurance Company and the North American Accident Insurance Company which transacted fire insurance limited to automobiles; six British companies, the British Traders' Insurance Company, the Car and General Insurance Company, The National Benefit Assurance Company, the Queensland Insurance Company, the Scottish Metropolitan Assurance Company and The Union Marine Insurance Company; and ten foreign companies and inter-insurance associations, the Boston Insurance Company, the Fire Association of Philadelphia, the Lumbermen's Underwriting Alliance, the Manufacturing Lumbermen's Underwriters, the Mechanics and Traders Insurance Company, The Newark Fire Insurance Company, the New Hampshire Fire Insurance Company, the New Jersey Insurance Company, the Northwestern Mutual Fire Association, and the Vulcan Fire Insurance Company of Oakland, California.

Of the new British companies, two, The National Benefit Assurance Company and The Union Marine Insurance Company had previously operated under provincial licenses, and of the new foreign companies and inter-insurance associations, all except the Lumbermen's Underwriting Alliance, the Manufacturing Lumbermen's Underwriters and the New Hampshire Fire Insurance Company had previously operated in Canada under provincial licenses.

Since the beginning of the year 1919 licenses for fire insurance have been issued to the following companies: The American Alliance Insurance Company, limited to the Province of British Columbia; The Halifax Fire Insurance Company, the Antigonish Farmers' Mutual Fire Insurance Company, the Cumberland Farmers' Mutual Fire Insurance Company, the Kings Mutual

Fire Insurance Company, the Pictou County Farmers' Mutual Fire Insurance Company and The Mutual Fire Association of Canada, Limited, all limited to the Province of Nova Scotia; The General Accident Assurance Company of Canada and the Girard Fire and Marine Insurance Company.

A number of companies transacting fire insurance have since the beginning of the year 1919 obtained licenses for various classes of casualty insurance to which reference is made on page cix of this Report.

Premiums and Losses, 1918.

Notwithstanding the unusually large value of property destroyed by fire during the year 1918, the experience of the companies has not been unfavourable when compared with that of previous years. This is probably in part due to the fact that the fire insurance companies were not liable in the case of several of the largest losses, and in part to the large proportion of value not covered by insurance due to appreciation since the insurance was effected.

The results of the year's operations in fire insurance in Canada may be shown by the following figures, the ratios for 1917 being also given for the purpose of comparison:

	Net premiums received.	Net losses paid.	Ratio losses paid to premiums received.	The same 1917.
	\$	\$	%	%
Canadian companies.....	5,570,095	2,741,904	49.23	49.69

Totals for 1917.....	31,246,530	16,379,102		

The foregoing figures do not take into account the change during the year in the uncollected premiums and agents' balances, the change in the reserve of unearned premiums or the change in the outstanding unpaid losses of the companies. In other words, the figures are compiled on a cash, not a revenue, basis and therefore are not the most suitable for ascertaining the profit or loss on the underwriting for the year. If there is deducted from the premiums written during the year the increase in the reserve of unearned premiums during the year there is obtained the amount of premiums earned and by comparing with this the amount of losses incurred, the actual loss ratio for the year is obtained. These ratios will be found on pages exciv, excv and exevi and may be summarized as follows:—

	Premiums earned.	Losses incurred.	Ratio losses incurred to premiums earned.	The same 1917.
	\$	\$	%	%

SESSIONAL PAPER No. 8

The form of statement furnished to the companies this year provided for a more complete separation of the figures regarding the business according to the term of the policies than has been required heretofore, and it will be possible hereafter to show separately the experience of the business written for a term of one year or less and that written for the longer terms. As this information was asked for this year for the first time, a few companies have not been able to make the separation, but the omissions will not appreciably affect the totals:—

Distribution by Provinces.

There is included in this Report on pages clxxvi to exciii inclusive, figures showing the premiums written and losses incurred (*licensed* reinsurance deducted) by fire insurance companies licensed by the Department according to Provinces. The totals for the year 1918 are given below and also for purpose of comparison, the corresponding figures for 1917 and 1916:—

*In connection with the losses incurred in 1917 in the Province of Nova Scotia, shown in last year's report it should be pointed out that the estimate of the Halifax disaster losses was made on the basis of the full face value of the policy in cases where fire occurred. An adjustment was made, however, during 1918, on the basis of the estimated portion of the loss due to fire as distinguished from explosion, and the amount actually paid was less than the estimate contained in last year's report by the sum of \$367,615. Taking this difference into account, the Nova Scotia ratio for 1917 becomes 69.29, instead of 94.85 as shown above.

Premiums and Losses Compared with Risks.

The average rate of premiums charged on each \$1,000 of risks taken in 1918 is \$10.588, as against \$10.747, which was the corresponding rate in 1917. The individual rates for the different companies will be found in the table on page xvii, and will be seen to vary considerably, as might be expected, considering the varieties of the business done by the companies.

The losses, incurred (approximate) during the year, compared with the amount of risk current (taking for this the mean of the amounts in force at the beginning and end of the year), have been at the average rate of \$4.28 per \$1,000 current risk. The corresponding rates for 1882-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17, are \$5.68, \$5.56, \$5.37, \$4.54, \$4.58, \$5.70, \$4.70, \$4.19, \$4.84, \$5.33, \$5.61, \$6.17, \$5.50, \$5.75, \$5.15, \$5.38, \$6.20, \$4.99, \$8.38, \$6.68, \$4.06, \$5.22, \$12.05, \$4.88, \$4.97, \$5.69, \$6.41, \$4.83, \$5.61, \$5.07, \$4.73, \$5.00, \$4.67, \$3.91, \$4.49 and \$4.60 respectively.

* Not including \$6,801,699 written during 1917 by provincially licensed companies which have since obtained Dominion licenses.

SESSIONAL PAPER No. 8

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following computed on the above basis, where for convenience of comparison, the corresponding rates for 1917 are also shown:—

British Fire Companies.

The total cash receipts for fire premiums were \$18,658,712, being an increase of \$2,341,397, as compared with the previous year; the payments for fire losses were \$9,908,001, being \$1,549,711 greater than for 1917, while the general expenses amounted to \$6,320,803, being \$897,090 greater than in 1917, thus showing a balance of \$2,429,909 favourable to the companies. In the previous year there was a favourable balance of \$2,535,312.....

Paid for losses.....	\$ 9,908,001
Paid for general expenses.....	6,320,803
Total.....	\$ 16,228,804

Balance in favour of the companies.....	\$ 2,429,908

The following details give the balances for the different companies:—

Balances in favour.—Alliance, \$28,452; Atlas, \$67,553; British Crown, \$17,450; British Traders, \$46,929; Caledonian \$87,121; Commercial Union, \$66,178; Eagle, Star and British Dominions, \$11,140; Employers' Liability, \$86,446; General Accident, \$23,165; Guardian, \$207,003; Law Union and Rock,

9 GEORGE V, A. 1919

\$20,644; Liverpool and London and Globe, \$193,511; London Guarantee and Accident, \$93,683; London and Lancashire, \$206,453; London Assurance, \$57,250; North British and Mercantile, \$157,877; Northern, \$17,678; Norwich Union, \$59,164; Palatine, \$58,590; Phoenix of London, \$231,931; Provincial, \$14,773; Queensland, \$18,134; Royal Exchange, \$140,069; Royal, \$169,614; Scottish Union and National, \$26,269; Sun, \$101,020; Union Assurance, \$146,990; Union of Canton, \$66,423; Yorkshire, \$46,000; Total balance in favour, \$2,467,510.

Adverse balances.—Car and General, \$3,469; Century, \$6,850; National Benefit, \$675; Ocean Accident, \$26,608; Total, \$37,602; Net balance in favour, \$2,429,908.

For every \$100 of premiums received there was spent on the average \$53.10 in payment of losses, and \$33.88 for general expenses.

In 1917 the loss rate was \$51.22, and the general expenses \$33.24, for every \$100 of premiums received.

For the fire business the rate of premium was \$10.716 per \$1,000 of risks taken as against \$10.758 in 1917.

Hence these companies have transacted a larger volume of business than in 1917 at a lower rate of premium, a higher rate of expense and at a higher rate of fire losses.

The result of the total business of these companies from 1875 to 1918, inclusive are as follows:—

Paid for losses (1875–1918).....	\$ 175,989,753
Paid for general expenses.....	87,014,032
<hr/>	
Total payments.....	\$ 263,003,785
Received for premiums.....	294,208,303
<hr/>	
Excess of receipts over expenditure..	\$ 31,204,518

It will be seen, from an examination of the table below, that an adverse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned year, when the losses paid by British companies amounted to almost five millions of dollars; that such adverse balance was reversed at the end of the year 1887, when a favourable balance of \$341,938 was shown, and that this favourable balance increased thereafter from year to year (with the exception of the year 1893) up to the close of 1899, when it amounted to \$5,029,980. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half million dollars. To this is due the large deficit of that year, \$1,365,476, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to \$3,664,504 which sum had been still further reduced to \$3,512,636 at the end of 1901. The favourable experience for the years 1902 and 1903 increased this balance to \$7,123,044 at the end of 1903, but it was again reduced by the unfavourable experience of 1904 to \$3,969,472. During the past fourteen years the favourable balance has been largely increased and now amounts to \$31,204,518.

Foreign Fire Companies.

The total cash receipts for fire premiums were \$11,725,601, being an increase of \$1,579,215 as compared with the previous year; the payments for fire losses were \$6,709,347 being greater by \$1,065,361 than that of 1917, and the general expenses, \$3,965,025 being \$596,039 greater than for 1917, thus showing a balance of \$1,051,229 favourable to the companies. In the previous year there was a favourable balance of \$1,133,414.

These companies have, therefore, transacted a larger volume of business at a higher rate of expense and a lower loss rate than in 1917.

Net balance in favour, \$1,051,229.

For every \$100 of premiums received there was spent on the average \$57.22 in payment of losses, and \$33.82; for general expenses.

In 1917 the loss rate was \$55.63, and the general expenses, \$33.20 for every \$100 of premiums received.

For the fire business the rate of premiums was \$10.251 per \$1,000 of risks taken as against \$10.331 in 1917.

Hence these companies have transacted a larger volume of business than in 1917 at a lower rate of premium, a higher rate of fire losses and at a higher rate of expense.

The results of the total business of these companies, from 1875 to 1918 inclusive, are as follows:—

Paid for losses (1875-1918).....	\$ 60,882,312

Canadian Companies.

In considering the Canadian companies, their whole fire insurance business, in Canada and elsewhere, as well as their marine business and business in other branches, must be taken into account, inasmuch as a separation of expenses between these branches has not been made.

The following table gives the distribution of fire business between Canada and elsewhere, for the ten companies which transacted business outside of Canada during the year, and shows that the loss rate for the home business was, on the whole, more favourable to the companies than that for the foreign business.

The assets of the twenty-eight Canadian companies transacting fire business amounted at the end of the year to \$28,733,985.27; covering a total amount of insurance of all kinds of \$1,888,806,676, being at the rate of \$15.22 for every \$1,000 of insurance in force; they have also subscribed capital not paid up,

9 GEORGE V, A. 1919

amounting to \$6,954,844, making a total security of \$18.90 for every \$1,000 insured. The liabilities of the same companies amounted to \$14,686,596.28, made up as follows:—

Unsettled losses.....	\$ 4,114,104 89
Unearned premiums.....	7,925,912 39

The unearned premiums are here taken at 80 per cent of the *pro rata* portions of the gross premiums for the time unexpired in the cases of fire and inland marine insurance, and 80 per cent of the whole premiums in the case of a current ocean risk. The surplus of assets over liabilities available for the protection of policyholders, independent of the subscribed capital not paid, amounts to \$14,047,388.99.

The capital stock of these companies paid in cash amounts to \$11,323,256.

The following table gives the condition at the end of 1918 of all the Canadian stock companies in reference to the surplus on account of policyholders.

SESSIONAL PAPER No. 8

The following table shows the total gain or loss in the surplus to policyholders during the year in respect of each company, and shows also the various sources of this gain or loss. All contributions by shareholders, whether for capital or premium on capital, appear as gains in surplus, while forfeited stock and reduction of capital are disregarded.

In the first column there is tabulated the "Underwriting Profit." This is the excess of premiums earned over losses incurred and expenses incurred. The premiums *earned* are arrived at by the adding to net cash received for premiums the outstanding premiums at the end of the year and deducting the outstandings at the beginning of the year. From the net premiums *written* thus obtained there is deducted the increase in the *unearned* premiums. Where the losses and expenses incurred are in excess of the earned premiums there is an underwriting loss, which is tabulated in the sixth column.

In the second column there is tabulated the interest and rent earned. This is obtained in a manner similar to that of the premiums *written*, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column the payments by shareholders are shown, and in the fourth column the gains from other sources. This latter column will include gain in market values of investments, decrease in unsecured unlicensed reinsurance reserve, etc.

The fifth column gives the total of the first four columns. In the sixth column is given the underwriting loss, and in the seventh the losses through other sources, such as bad or doubtful investments and other assets, loss in market value of investments, increase in unsecured unlicensed reinsurance reserve, etc. The eighth column shows the dividends declared during the year. The ninth column gives the totals of the sixth, seventh and eighth. The last column, being the difference, between the fifth and the ninth gives the total net gain or loss in surplus, the minus sign denoting a loss.

The total net gain in surplus is \$794,276.57. As, however, there was received from shareholders during the year \$201,562.03 as additional capital and \$1,478.34 as premium on capital, a total of \$203,040.37, it is seen that there has been an increase in surplus of \$591,236.20 from sources other than the shareholders. In 1917 the decrease in policyholders' surplus was \$154,275.28.

Fourteen companies show an underwriting profit, and the remaining fourteen an underwriting loss, the net gain amounting to \$378,835.69. In 1917 the net underwriting gain was \$366,713.31. The dividends declared were \$555,554.49, which is less than the \$1,012,032.78 interest and rent earned upon the investments. The gains from miscellaneous sources were \$245,860.30 consisting chiefly of increase in the market value of investments. The losses from miscellaneous sources were \$489,938.08 due largely to the disallowance of bad assets, depreciation in the values of securities and the creation of investment reserve funds.

SESSIONAL PAPER No. 8

Including the whole business of the mixed companies, outside as well as within the Dominion, it appears that the Canadian companies have received during the year 1918 a total cash income of \$18,577,737.07, which is made up as follows:—

	1918.	The same in 1917.	The same in 1916.	The same in 1915.	The same in 1914.

In the same way the cash expenditure during 1918 has been \$16,071,899.11 distributed among:—

	1918.	The same in 1917.	The same in 1916.	The same in 1915.	The same in 1914.

Thus it appears that for every \$100 of income there has been spent \$86.51, namely: for losses, \$51.90; for general expenses, \$31.97, and for dividends to stockholders, \$2.64. Hence, also, for every \$100 of premiums received there has been paid out \$91.39, namely: \$54.82 for losses, \$33.78 for expenses, and \$2.79 for dividends to stockholders.

The expenditure of the same companies during the same period of forty-four years amounted in the aggregate to the sum of \$271,739,857.72, thus showing an excess of income over expenditure to the amount of \$5,493,921.79. The amount expended in the respective years, and their distribution under proper headings, are given in the following table:—

Provincial Licensees.

In order that the figures of the entire fire insurance business in Canada might be brought together in this report the Department has continued the practice of obtaining from the companies operating under Provincial licenses the essential items of their financial statements. These figures will be found on pages, cxvii and cxviii and the entire business may be summarized as follows:—

CASUALTY INSURANCE.

Insurance business other than fire or life was carried on in Canada during the past year by 96 companies: 24 Canadian, 24 British and 48 Foreign companies. Fifty-five of these companies likewise transacted fire insurance and three transacted life insurance.

In addition to these ninety-six companies, there were six fraternal orders or societies which carried on sickness insurance and also life insurance.

CANADIAN COMPANIES.

Of these twenty-three Canadian companies which carried on business other than fire or life twelve transacted miscellaneous classes of business only. Of these, four transacted sickness insurance; three accident insurance; four combined accident and sickness; four plate glass insurance; five guarantee insurance; five automobile insurance; two steam boiler insurance; two burglary insurance; one, tornado insurance, two, hail insurance; one, live stock insurance; and one, title insurance.

At the end of the year the assets of these twelve companies amounted to \$5,724,861.41.

Their total liabilities amounted to \$1,620,793.17 made up as follows:—

Unsettled losses.....	\$ 414,240 22
Reserve of unearned premiums.....	875,879 13
Sundry.....	330,673 82
	<hr/>
	\$ 1,620,793 17

The excess of assets over liabilities was \$4,104,068.24. The capital stock paid up in cash was \$1,835,040.41. There was thus a surplus over all liabilities and capital stock of \$2,269,027.83 being an increase in surplus over the preceding year 1917 of \$23,715.84.

The following table shows the total gain or loss in policyholders' surplus during the year in respect to each company, and likewise shows the various sources of this gain or loss.

In the first column there is tabulated the "Underwriting Profit". This is the excess of premiums earned over losses incurred and expenses incurred. The premiums earned are arrived at by adding to the net cash received for premiums the outstanding premiums at the end of the year, and deducting the outstandings at the beginning of the year. From the net premiums *written* thus obtained, there is deducted the increase in the *unearned* premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the sixth column.

In the second column is tabulated the interest and rent earned. This is formed in a similar manner to that of the premiums *written*, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column is tabulated the amount received from shareholders during the year.

In the fourth column the gains from other sources are tabulated. This will include gain in market value of investments, etc.

The fifth column gives the totals of the first four columns.

In the sixth is given the underwriting loss, and in the seventh the losses through other sources, such as losses on investments, loss in market value of investments, etc. In the eighth column are tabulated the dividends declared during the year. The ninth column gives the totals of the sixth, seventh and eighth. The last column, being the difference between the fifth and the ninth, gives the total net gain or loss in policyholders' surplus, the minus sign denoting a loss.

The total net gain in surplus was \$148,896.02. Eight companies made a gain and four companies showed a loss.

The dividends declared amounted to \$72,105.01, which is less than the interest and rent earned upon investments. The total net underwriting loss was \$51,454.81, as against a gain of \$73,966.30 in 1917.

ACCIDENT INSURANCE, 1918.

Accident insurance may be subdivided into two classes, viz.: *Employers' Liability Insurance* and *Ordinary Accident*, which includes personal accident and accidental damage to personal property.

A number of companies have also issued a combined accident and sickness policy for which the premiums and claims are not separately shown.

The business of accident insurance was transacted by thirty companies, viz.: twelve Canadian, nine British and nine Foreign.

Of the thirty accident companies, twenty-three transacted employers' liability insurance, viz.: nine Canadian, nine British and five Foreign companies.

The total premiums received for this class of risks was \$2,882,829 and the losses paid amounted to \$1,545,604, with unsettled claims outstanding to the amount of \$1,021,909. The total premiums for the sixteen years for which separate figures are available are \$27,927,186, and the total claims, \$14,137,446.

An abstract will be found at page ccxxi.

ACCIDENT.

The total premiums for this class of business were \$1,792,738. The claims paid amounted to the sum of \$667,966, and there were outstanding at the close of the year unsettled claims amounting to \$248,118. The total premiums for the thirty-nine years for which separate figures are available are \$32,470,249, and the total claims, \$13,600,260.

An abstract will be found at page ccxviii.

An abstract will be found at page ccxix.

AUTOMOBILE INSURANCE, 1918.

The business of automobile insurance has this year, as last year, been divided into two classes, that including fire risk and that excluding fire risk. The former class includes policies insuring against fire only and against fire in combination with burglary and transportation, but the fire portion of this class is a very large proportion of the total and should be taken account of in estimating the total fire loss experienced in Canada.

The business of automobile insurance (including fire risk) was transacted by thirty-five companies, of which six were Canadian, fourteen British and fifteen foreign companies. The premiums received amounted to \$902,864, and

the claims paid, to \$383,186 with \$73,194 of claims outstanding. The total premiums for the four years for which separate figures are available are \$2,150,243, and the total claims, \$921,012.

An abstract will be found at page cexix.

The business of automobile insurance (excluding fire risk) was transacted by thirty-one companies, viz.: twelve Canadian, ten British and nine foreign companies. The premiums received amounted to \$1,250,150, and the claims \$398,437, with \$245,042 of claims outstanding. The total premiums for the four years for which separate figures are available are \$2,973,194, and the total claims \$903,882. For the preceding five years for which the figures do not distinguish between policies including and excluding fire risk, the total premiums are \$1,935,384, and the total claims, \$853,383.

An abstract will be found at page cexx.

An important change made at the 1917 Session of Parliament in section 13 of the Act will now permit of the combination of contracts of automobile, fire and inland transportation, insurance in one policy, so that now automobiles can be fully covered against all ordinary hazards by a single policy.

The total premiums received amounted to \$179,995, and the losses paid to \$58,951, with unsettled claims outstanding at the end of the year amounting to \$24,137. The total premiums for the period of twenty-six years are \$1,338,682 and the total claims, \$380,925.

An abstract will be found at page cexxi.

EXPLOSION INSURANCE, 1918.

The total premiums for the four years during which this business has been carried on in Canada are \$338,912 and the total claims \$5,463.

An abstract will be found at page cexxii.

The definition of explosion insurance was widened by The Insurance Act, 1917, to include what is known as war risk and bombardment insurance. Section 2 (y) now provides that the term includes insurance against damage "caused by bombardment, invasion, insurrection, riot, civil war or commotion or military or usurped power." A reference to page cix will show that a large number of licenses for this class of business have been issued since the first of the present year.

British and foreign companies are required to maintain deposits exceeding those required in respect of other classes of business by at least fifty per cent of the net hail premiums received during the preceding year.

In view of the large liability likely to be incurred during the first year of operation and to guard against this class of business being undertaken by weak companies the Treasury Board has increased the initial deposit to \$50,000.

SESSIONAL PAPER No. 8

LEGAL DECISIONS.

1. FIRE INSURANCE.

(a) *Vacancy of Building—Nullity of Policy—Notice—Proof—Delay—Condition Precedent—C. C., Arts. 2478, 2574.*

1. The vacancy and non-occupancy of a building insured against fire, without the consent or the knowledge of the insurer is material to the risk and renders the policy null and void.

2. Where a policy requires that the insured must furnish proof of loss within sixty days after the fire, in the manner and form therein provided, the compliance with these provisions of the policy is a condition precedent to the right of action to recover the loss.

May 27, 1917.—Quebec Superior Court.—*Anderson v. Norwich Union Fire Insurance Society*.—LIII, Quebec Reports, 409.

(Inscription in Review rejected on June 17, 1917. A similar judgment was rendered, at the same time, by Mr. Justice Maclellan in the case of the same plaintiff v. *The Scottish Union & National Insurance Company*, No. 2134, S.C.)

(b) *Act 8, Geo. V, c. 26 (1913)—Conditions under—Change Material to Risk—Notice—Knowledge of Agent—Estoppel.*

In an action to recover a loss on a stock of merchandise the defendant company refused to pay more than its *pro rata* proportion of the total insurance which had been effected on the property, including four policies effected by companies that refused to contribute on the ground that such policies had been avoided by a change of the location of the goods insured, to which change they had not assented and of which they had had no notice.

Held, that a change of the location of a stock of merchandise insured under policies which assume the risk only when contained in a specified building from the building specified to another avoids the policy absolutely. Such a stipulation is part of and of the essence of the contract, and is not a condition limiting the liability of the company assuring, which is not binding unless set forth in the policy in the manner required by the Insurance Act.

The fact that the agent of the companies claiming their policies were avoided by the change of location was aware of the change of location and that another agent—not having authority to consent to the change—took the policies from the assured with the intention of having the consent of the assurers to the change indorsed thereon, but neglected to do so, will not operate as an estoppel against the assurers claiming that the risk had been avoided.

(c) *Statutory Conditions—Policy—Issued in 1915—Vacancy as Defence—Condition No. 3 of Ch. 20, 1914.*

A policy of fire insurance issued in August, 1915, and endorsed with what purports to be the statutory conditions introduced in 1903 is subject, as a matter of law, to the statutory conditions under ch. 20 of 1914, which took effect on January 1, 1915 (*Citizens' Insurance Co. v. Parsons*, 7 App. Cas. 96; 51 L.J.P.C. 11 followed).

Where an insured building was vacant at the time of the fire and had been vacant to the knowledge of the assured, without the consent in writing of the insurance company, for 30 days prior thereto, statutory condition No. 14 (g) of ch. 20, 1914 frees the company from liability under a policy governed by that Act.

March 7, 1918.—*Boutry (Plaintiff), Respondent v. North British & Mercantile Insurance Company (Defendant) Appellant.*—Alberta Supreme Court, Appellate Division—(1918) 1 Western Weekly Reports, 704.

(d) *Application—Misstatement as to insurable interest.*

Plaintiff applied to defendant company to effect insurance on farm buildings, and, in connection with his application, in answer to the question "What is your title to or interest in the property," replied, "Sole owner."

It appeared that, at the time of the application, plaintiff was in possession of the property under lease for a term, with a covenant on the part of the lessor that, if the plaintiff paid the agreed price on or before a fixed date, he would receive a deed of the property. At the time of the application the plaintiff had not paid the sum agreed or any part thereof and his only interest was as tenant.

Held, that plaintiff could not recover, and his appeal must be dismissed with costs.

Supreme Court of Nova Scotia.—*Daniels v. The Acadia Fire Insurance Co.*—LI, Nova Scotia Law Reports, 133.

(e) *Contents of Barn—Hay stacked outside not included—Limitation of Liability—Provision in Application—Whether forming Part—Insurance Act, R.S.O. 1914, ch. 183, secs. 156 (1), (3), 193 (1)—Statutory Condition 8—Mutual Insurance Company—Membership in, of Assured—By-Law—Value of Property destroyed—"Estimated Value"—Percentage of, only insured—Absence of Proof of Excess.*

The defendants issued a policy insuring the plaintiff to the extent of \$1,600 against loss by fire in respect of the ordinary contents of a barn. During the currency of the policy, the barn was burned with its contents, which were admittedly of the cash value of \$850. The defendants contended that their liability was limited to two-thirds of the value of the property destroyed, by reason of a term in the application for the insurance, signed by the plaintiff, that "not more than two-thirds of the cash value of any building or personal property will be insured by this company." The policy referred to the application as forming part of the policy. By the policy itself, the insurance was against loss or damage by fire to the amount of \$1,600, "such loss or damage to be estimated according to the true and actual cash value of the said property at the time the same shall happen." No statement of the cash value appeared in the application. On the back of the policy was printed statutory condition 8, which provides: "After application for insurance it shall be deemed that any policy sent to the assured is intended to be in accordance with the terms of the application, unless the company points out in writing the particulars wherein the policy differs from the application."

Held, by the majority of the Court, that the plaintiff, having applied for \$1,600 insurance on the contents of his barn, and having by his application indicated his agreement with the statement that the defendants would not insure more than two-thirds of the value or estimated value, was entitled to rely upon condition 8 and to treat the contract as based upon the fact that the amount of insurance applied for and granted was within the two-thirds limit; and it was not necessary to consider whether the application was really made part of the contract.

Per Ferguson, J. A., that having regard to the provisions of sec. 156 (1) and (3) and sec. 193 (1) of the Ontario Insurance Act, R.S.O., 1914, ch. 183, the application was not to be considered; the rights of the parties were to be determined by the language of the policy alone.

A by-law of the insurance company (defendants) restricted the company from insuring more than two-thirds of the estimated value. The plaintiff, as

SESSIONAL PAPER No. 8

a policy-holder, was a member of the company; and it was argued that he could not claim more than two-thirds of the loss:—

Held, per Curiam, that, as there was no proof that \$1,600 exceeded two-thirds of the estimated value, the defendants were not aided.

Judgment of Latchford, J., in favour of the plaintiff for the recovery of the full sum of \$850, affirmed.

Per Latchford, J.:—Hay stacked outside the barn could not be considered to be included in the "contents" insured.

(f) *Statutory Condition requiring Production of Accounts and Invoices—Production of Invoices as Condition Precedent to Action—Proof of Loss—False Valuations—Sufficiency of Evidence—Effect on Claim.*

A statutory condition of a fire insurance policy that the insured shall in support of his claim, if required and if practicable, produce books of account and furnish invoices and other vouchers, does not make the procuring and production of copies of invoices a condition precedent to his right of action. (*Strong v. Crown Fire Insurance Co.*, 29 O.L.R. 33, followed).

To justify holding an assuree guilty of having made a false or fraudulent statement in his proof of loss the evidence ought to be clear and satisfactory and leave no room for any reasonable inference but that of guilt, and where evidence that the assured had made an excessive estimate of his loss is relied upon as proof of his fraudulent intent the estimate should be so extravagant as to lead necessarily to the conclusion that the excess was due, not to an error of judgment but to an intention to defraud (*Adams v. Glen Falls Ins. Co.*, 37 O.L.R. 1, at p. 16, followed).

A wilfully false statement of value in the statutory declaration of loss under a fire insurance policy vitiates the claim (*Maple Leaf Milling Co. v. Colonial Assurance Co.* (1917), 2 W.W.R. 1091, followed) and where a building and a stock of goods therein are insured under one policy, such a statement with respect only to the value of the building defeats the entire claim (*Harris v. Waterloo Mutual Fire Insurance Co.*, 10 O.R. 718, followed).

(g) *Indemnité—Arbitrage—Sentence arbitrale—Formalités—Acquiescement—Réparation—Mandat—C. civ.-art. 1730, 2478, 2507—C. proc., art. 1442.*

1. Une compagnie d'assurance contre l'incendie, agissant par son agent, qui consent à un arbitrage pour déterminer l'indemnité à laquelle un assuré a droit après l'incendie de sa bâtisse qui nomme son arbitre et lui fournit tous les blanc-seings et autres papiers nécessaires, donne à l'assuré suffisantes raisons de croire que son agent et son arbitre sont autorisés de lui permettre de commencer les réparations alors urgentes à la propriété incendiée avant que la sentence arbitrale ne soit rendue.

2. La sentence arbitrale portant les signatures des trois arbitres, dans ces circonstances, n'est pas nulle, parce qu'elle n'aurait pas été reçue par un notaire, vu que cette obligation incombait autant à la défenderesse qu'au demandeur; et que le représentant de ce dernier s'en était emparé et l'avait remise au gérant de la compagnie.

3. Lorsque une compagnie d'assurance a consenti à faire déterminer par les arbitres l'indemnité due à un assuré, elle ne peut ensuite révoquer cet arbitrage, ni invoquer le droit que lui donnent les conditions de la police de faire elle-même, à la bâtisse assurée, les réparations que l'incendie a rendu nécessaires.

(h) *Loss payable to Mortgagee—Right of Mortgagee to sue on Policy—Effect of Adjustment between Company and Named Assured—Liability of Company as unliquidated Damages—“Debt.”*

Practice—Interpleader—Right to—Rule 489—Meaning of “Money” in.

A mortgagee to whom under the terms of a fire insurance policy the loss thereunder is made payable is entitled to sue upon the policy (*Agricultural Savings & Loan Co. v. Liverpool, London and Globe Ins. Co.*, 3 O.L.R. 127 reversed on other grounds, 33 S.C.R. 94 followed) and is not bound by an adjustment made with the person named as the assured. Until an adjustment is made as between the mortgagee and the insurance company the liability which it is under is one for unliquidated damages and not for a debt.

A liability for unliquidated damages is not a liability for money even though ultimately money may be paid in settlement of it.

“Money” in Rule 489, providing for the granting of relief by way of interpleader, means some specific sum of money in the applicant’s possession or under his control, either in cash or to his credit in his bank account or elsewhere, and not a sum of money which he is willing to pay or may be forced to pay in discharge of a liability for unliquidated damages (*Moss v. Hancock* (1899) 2 Q.B. 111; 68 L.J.Q.B. 657 followed).

(i) *Practice—Interpleader—Right to—Rule 489—Meaning of “Money” in—Admission of Liability by Fire Insurance Company as to Part of Amount claimed—Priorities between Mortgagee and Lienholders under Mechanics’ Lien Act.*

Fire—Effect of S. 12 Mechanics’ Lien Act, Ch. 21, 1906—Applicability of S. 27, Trustee Ordinance, Ch. 119, C.O.—Payment into Court.

Where the claimants of the proceeds of a policy of fire insurance are jointly interested, but not adversely to one another, in establishing as great a liability as possible in the insurance company, and the question outstanding, once the amount of such liability is settled, is that of the claimants’ respective rights and priorities under *The Mechanics’ Lien Act*, an application by the company for leave to interplead is not the proper procedure for it to take in respect to the amount which it admits to be due (per Stuart, J., Harvey, C.J., concurring, Beck, J. contra, Hyndman, J., concurred with Walsh, J., ante p. 429, in the view that the liability of the company is one for unliquidated damages and not for a debt or money and therefore it is not entitled to interplead).

By the effect of sec. 12 of *The Mechanics’ Lien Act*, ch. 21, 1906, whereby insurance moneys are made subject to the same liabilities as the property destroyed or damaged, an insurance company which admits liability in respect to property against which mechanics’ liens are filed is a trustee of the amount of such liability, and, where in such circumstances there is a dispute between the lienholders and mortgagees as to how the money is to be divided, sec. 27 of *The Trustee Ordinance*, ch. 119, C.O., is applicable, and, therefore, the company is entitled under Rule 448 to petition for leave to pay the money into Court (per Stuart, J., Harvey, C.J. concurring).

The word “money” in Rule 489, which declares what persons are entitled to relief by way of interpleader, ought to be interpreted in a wide sense so as to include a claim for money which the applicant for interpleader is under liability to pay, whether his liability is to pay the money as debt or damages or otherwise and regardless of whether the precise amount of the money for which he is liable has been ascertained, provided that the rival claims are in respect to the same money (*re C.P.R. Co. and Carruthers*, 17 P.R. 277, and *Molsons Bank v. Eager*, 10 O.L.R. 452 followed), (per Beck, J.,: Hyndman, J., contra).

(j) *By-Laws of Municipality as Part of Contract—Use of American Decisions—Subsequent Insurance—Assent of Company—Breach of Conditions—Waiver of—Authority of General Agent—Effect of Mortgage Clause upon Waiver—Variation of Statutory Condition—Unreasonableness—Onus of Proof.*

Contracts of fire insurance must be taken to be made subject to the provisions of fire by-laws in force in the municipality as to limitations of repairs on partially destroyed buildings (*Larkin v. Glen Falls Insurance Co.*, 83 N.W.R. 409 and *Hamburg Bremen Fire Insurance Co. v. Garlington*, 18 S.W.R. 377, followed).

In the absence of English and Canadian authorities it is well to have regard to American authorities in fire insurance cases; see *Westminster Woodworking Co. v. Stuyvesant Insurance Co.*, 9 W.W.R. 418; *Cory v. Burr*, L.R. 9 Q.B.D. 463. (Per Macdonald, J., at the trial, and Murphy, J., in *McCoy v. North Empire Fire Insurance Co.*)

Under the 8th statutory condition in fire insurance policies which requires notice of subsequent insurance to be given the company, the assent need not necessarily be written and may be given before or after the loss, and where subsequent insurance has been effected, notice of it in writing is not a prerequisite to a valid assent. (*Mutchmor v. Waterloo Mutual Fire Insurance Co.* (1902), 4 O.L.R. 606 followed.) (Per Macdonald, J., at the trial, Martin and McPhillips, J.J.A. on appeal; Galliher, J.A., held the *Mutchmor Case* distinguishable, although one to be followed where the facts are on allfours with it.)

A general agent for a foreign insurance company, who is also its attorney under the *Companies Act* of B.C., and who has authority to issue policies, employ adjusters, accept proofs, and settle losses, must be deemed in the same position as the head office of the company in so far as to constitute an offer of settlement made by him a waiver of objections that the company might raise, e.g., as to subsequent insurance without notice, although in his capacity as an adjuster he is protected by a non-waiver agreement. (Per Macdonald, J., at the trial, Martin and McPhillips, J.J.A., on appeal, Macdonald, C.J.A. *contra.*)

When a mortgage ceases to exist, the benefit of the mortgage clause in a fire insurance policy lapses and the insured reverts to such rights as he would have under the policy if the mortgage had never existed or the mortgage clause had not been inserted.

The variation of a statutory condition in a fire insurance policy by a provision that "If in consequence of any local or other laws the company shall in any case be unable to repair or reinstate the property as it was, it shall only be liable to pay such sum as would have sufficed to repair or reinstate the same, is not unjust or unreasonable."

But the company cannot claim the benefit of such variation and say at the same time that the assured has received from another company all that would compensate him for the actual loss by fire, but it is liable to the extent that it would have been called upon to rebuild or repair had there been no by-law preventing repairing. (Per Macdonald, J., at the trial, and McPhillips, J.A., on appeal, Martin, J.A., *contra.*)

The mere existence of a mortgage clause in a fire insurance policy does not preclude the possibility of waiver of non-compliance with statutory conditions

and enable the company to ignore the fact that the owner is at all times interested. (Per Martin, J.A.)

The onus of showing that a variation of a statutory condition in a policy of fire insurance in unjust or unreasonable is upon the assured.

December 21, 1917.—British Columbia Court of Appeal.—*McCoy (Plaintiff), Respondent, v. National Benefit, Life and Property Assurance Company, Limited (Defendant), Appellant*.—(1918) 1 Western Weekly Reports, 466.

On appeal to the Supreme Court of Canada judgment was given as follows:

Where a statutory condition in a policy of fire insurance provides that the company is not liable for loss if any subsequent insurance is effected in any other company "unless and until the company assents thereto," the assent referred to need not be in writing and may be given before or after the loss, and notice in writing of the subsequent insurance is not a prerequisite to a valid assent, the assent may be sufficiently shown by the company joining in the adjustment of the loss (*Mutchmor v. Waterloo Mutual Fire Insurance Co.*, 4 O.L.R. 606 followed).

A general agent of a foreign insurance company who is also its attorney under the *Companies Act* of B.C., and who has authority to issue policies, employ adjusters, accept proofs and settle losses, has power to give the company's assent, called for by the above referred-to condition, to subsequent insurance, even though such subsequent insurance does not come to his knowledge until after the loss has occurred.

An insured had two policies of fire insurance, one for \$2,000, the other for \$3,500. A condition of the former policy provided that the company should be liable only for a rateable proportion of the loss or damage insured against, i.e., all direct loss or damage by fire. The amount required to restore the burned premises to their condition before the fire was \$1,600, but owing to a city by-law prohibiting repairing to such an extent, the loss was fixed at \$3,600.

Held, per Curiam, Anglin, J., dissenting, that the defendant company, the one liable under the policy containing the restrictive condition above mentioned, was liable for its proportion of \$3,600.

Where an action upon a fire insurance policy is brought by the mortgagee of the insured premises, the owner, although mentioned as the insured, is not a necessary party, if his only interest in the insurance moneys is that the amount thereof paid discharges in part his mortgage; it being for a larger amount than that assured by the policy. (*Brandt v. Dunlop Rubber Co.* (1905) A.C. 454, followed.)

In an action upon a policy of fire insurance the plaintiff may be relieved on the ground of mistake, under *The Fire Insurance Policy Act*, R.S.S. 1909, ch. 80, from the effects of his failure to give notice and proofs of loss, although he has not pleaded the Act. SESSIONAL PAPER No. 8

- (l) *Policies on Stocks of Goods in Different Buildings—Insurance Act, R.S.O. 1914, ch. 183, sec. 194, condition 5—Construction—“Effect other Insurance thereon”—Consolidation of Stocks in one Building—Removal of Goods so that they become covered by Policy of another Company—Assent of Insurers—Authority of Agent—Knowledge of Insurers.*

The plaintiff, a merchant carrying on business in the town of S., in July, 1914, effected an insurance in the G. company on a stock of merchandise in a building in B. street and an insurance in the M. company on another stock in a building in E. Street. K., an agent for both companies, received the applications and issued the policies, which he had authority to do. In November, 1915, the plaintiff moved both stocks to a building in D. street, where they were consolidated into one stock; and K. endorsed upon each policy a declaration that the property insured should in future be held insured in the D. street building and not elsewhere. The policies were renewed in 1916, and were in force in January, 1917, when the property insured was damaged by fire in the D. street building; and these actions were brought against the G. company and the M. company to recover the amount of the loss.

Both policies were subject to statutory condition 5: “If the assured now has any other insurance on any property covered by this policy which is not disclosed to the company or hereafter effects any other insurance thereon without the written assent of the company, he shall not be entitled to recover in excess of 60 per cent of the loss or damage in respect of such property,” etc. The defendants contended that to remove the goods covered by the policy of one company so that they became covered also by the policy of the other company was to “effect . . . other insurance thereon,” and that they were liable only for 60 per cent of the loss:—

Held, that the defendant could not succeed upon this contention.

Per Mulock, C.J.Ex.: Assuming that the consolidation of the two stocks effected additional insurance, the defendants had given their written assent thereto within the meaning of the statutory condition.

Per Riddell, J.: The words of the statutory condition, “effects any other insurance thereon,” mean to bring about or procure other insurance non-existent at the time of the original policy, and “thereafter” in reference to “now.” The meaning should not be stretched to cover what may have been intended.

Per Sutherland, J.: The words should be construed so as to give them their natural meaning, if there was nothing—and there did not appear to be anything—to modify or alter or qualify the language used. What was done in connection with the policies could not be construed to mean the effecting of another insurance.

Per Riddell and Sutherland, JJ.: Discussion of the case of *Harris v. London and Lancashire Fire Insurance Co.* (1866), 10 L.C. Jur. 268, and certain American cases, which were not followed.

Per Kelly, J.: Whether or not the consolidation operated so as to “effect” other insurance on the goods or any of them was not, in the circumstances, the sole element determining the liability. The agent, possessing extensive powers, was cognizant of the whole situation, and the knowledge he had must be taken to be the knowledge of his principals as well. Unless relieved therefrom because of the lack of written notice of a matter of which he was then well-informed, his duty was to acquaint his principals with the situation; his failure to do so should not operate to the prejudice of the plaintiff, or relieve the defendant in respect of a matter of which they were, through their recognized representative, fully aware. The defendants, having full knowledge of the circumstances, continued the insurance until the fire occurred, making no objection in the meantime; and were not entitled to succeed upon the contention now made.

Judgment of Clute, J., affirmed.

(m) *Combined Store and Dwelling—Occupied as Dwelling—House unoccupied—“While occupied as Dwelling”—Meaning of Policy.*

A house occupied as a combined store and dwelling is not “occupied as a dwelling,” and if a house is unoccupied at the time of a fire therein it is not injured “while occupied as a dwelling” within the meaning of an insurance policy.

(n) *Vendor and Purchaser—“Mortgage”—Definition of under Mortgages Act—Vendor’s Lien—Insurance Money—Application.*

The definition of “mortgage” in the Mortgages Act, R.S.O. c. 112, is wide enough to cover the charge known as a vendor’s lien, and the holders of such vendor’s lien are entitled as mortgagees to have insurance money on the property applied in accordance with the provisions of s. 6 of that Act. Although they are entitled to the security of the insurance money, they are not entitled to apply the insurance money in payment of purchase instalments not yet due, but such money should be held in trust or invested or paid into Court if the parties cannot agree as to its disposal.

The non-performance of the conditions of a fire-insurance policy held to have been due to a mistake and relief granted the insured under sec. 2 of *The Fire Insurance Policy Act*. (*Bell Bros. v. Hudson Bay Insurance Co.*, 44 S.C.R. 419 followed.)

Where the formal notice of and proofs of loss are not given in accordance with the terms of a fire insurance policy they cannot be used to fix the time within which the action upon the policy should be brought.

On appeal, judgment was given as follows:—

A condition in a fire insurance policy that the loss is not to be payable until a certain number of days after completion of the proofs of loss is applicable even where, by reason of a mistake within the meaning of sec. 86 of *The Saskatchewan Insurance Act*, ch. 15, 1915, notice of loss has not been given “forthwith” and proofs of loss have not been delivered “as soon afterwards as practicable,” and, therefore, an action is premature which is begun before the expiration of the specified number of days. (p) *Chose in Action—Assignment—"Absolute"—Trust for Assignor—Effect of—Right of Assignor to sue in his own Name.*

Assignment of Policies for Benefit of Creditors.

An assignment for the benefit of creditors may be absolute, notwithstanding the fact that a trust is created thereby for the benefit of the assignor in respect to undistributed moneys. Such an absolute assignment of all interest in insurance policies precludes the assignor from suing the insurance companies in his own name. (*Comfort v. Betts* (1891) 1 Q.B. 737 followed.)

December 15, 1917.—Supreme Court of Alberta.—*Taylor et al v. Equitable Fire & Marine Insurance Company et al.*—(1918) 1 Western Weekly Reports, 277.

On appeal, judgment was given as follows:—

An assignment of a chose in action which, followed by notice, would entitle the assignee to sue in his own name and (ordinarily) disentitle the assignor to sue in his name, may on its face purport to be given by way of security or on certain trusts; if the assignment purports to pass the assignor's entire title to the chose in action, though expressly by way of mortgage (passing the legal title) it is nevertheless absolute; if the assignment, whatever its form, purports to charge the assignor's interest, while leaving the title to that interest in the assignor, it is an assignment by way of charge only. (*Hughes v. Pump House Hotel Co.* (1902) 2 K.B. 190, and *Wilton v. Rochester German Underwriters Agency Co.*, 11 Alta, L.R. 574; (1917) 2 W.W.R. 782 followed). (Per Beck, J., Harvey, C.J., and Simmons, J. concurring.) An "absolute" assignment means one without any condition attached and the words "not by way of charge only" mean merely that there must be something more than a mere charge placed upon a debt, the legal title to which remains in the original owner (per Stuart, J. declining to follow the English decisions which seem to treat the expressions "absolute assignment" and "not by way of charge only" as the opposite of one another).

In an action upon a chose in action by the assignor thereof, if both the assignor and assignee are bound by the result, any difficulty on the score of parties is fully met (*Wilton v. Rochester German Underwriters Agency Co. supra*, distinguished). (Per Beck, J., Simmons, J., concurring, Harvey, C.J., dissenting.) An alleged compromise as to the amount of a claim for insurance moneys held not to have been concluded (per Beck, J., Stuart, and Simmons J. J. concurring).

A clause in a fire-insurance policy permitting further concurrent insurance up to 80 per cent of the cash value, means that the insured is not entitled to recover upon all the policies together more than 80 per cent of the total value of the goods insured as that value stands at the time of the fire.

(q) *Tender Registered-Letter—Money enclosed—Sufficiency.*

Enclosing a sum of money in a registered letter addressed to an insured is not a tender thereof within the meaning of condition 11 of the Ontario Insurance Act, (R.S.O. 1914, c. 183, sec. 194.)

November 12th, 1917.—Ontario Supreme Court, Appellate Division.—*Veltre v. London and Lancashire Fire Insurance Company.*—39 Dominion Law Reports, 221.

On appeal to the Supreme Court of Canada, judgment was given as follows:

In the statutory conditions endorsed on a policy of insurance against fire condition 11 provides that "the insurance may be terminated by the company by giving seven days' notice to that effect and . . . by tendering therewith a rateable proportion of the premium paid for the unexpired term calculated from the termination of the notice." By condition 15 "any written notice to the assured may be by registered letter addressed to him, etc."

Held, that the notice of cancellation of the policy may be given by registered letter addressed to the assured as required by condition 15 and the terms of condition 11 as to rebate are complied with if the money for the unearned premium is enclosed with the notice in an envelope so properly addressed and registered.

Held, however, that the cancellation of the policy will not be effected unless the notice and money are actually received by the assured before a loss under the policy occurs.

Held, per Brodeur, J., that the unearned premium must be personally tendered to the assured. Judgment of the Appellate Division, 40 Ont. L.R. 619; 39 D.L.R. 221, affirmed.

The W. Co. (plaintiff, appellant), sold machinery to a company, retaining the right of property therein, the parties agreeing that schedule insurance should be effected and that the W. Co. should be entitled to \$9,000 thereof in respect to, not only its insurable interest under the liens, but also the plant and buildings of the purchasing company. A fire occurred on the premises of the latter company, and shortly afterwards it made an assignment for the benefit of its creditors. In an action by the W. Co. against the assignee to enforce its claim to the insurance moneys, Murphy, J., at the trial, (held (1917) 1 W.W.R. 803) that the insurance was clearly in the nature of additional security to the liens and came under the provisions of sec. 31 of *The Creditors' Trust Deeds Act*, and that, the W. Co. having led the assignee to believe that it had valued its claim and having stood by while the assignee carried on litigation to recover the insurance money, could not succeed, and further that the W. Co. had no right to re-value it as it was no longer feasible to have the security valued under sec. 31, and the administration of the insolvent's estate without injustice to anyone was no longer feasible. The plaintiff appealed.

Held, per Macdonald, C.J.A., Martin and Galliher, J. J. A.; McPhillips, J.A., dissenting, that the trial judge had reached the right conclusions and that the appeal should be dismissed.

In construing a policy of accident insurance the words thereof should be read, not according to their strictly philosophical or scientific meaning, but in their ordinary and popular sense, and any ambiguity which may be found in the terms of the policy will be taken most strongly against the company (*North West Commercial Travellers' Association v. London Guarantee and Accident Co.*, 10 Man. R. 543 applied).

The rules of construction applicable to municipal by-laws and public statutes should not, as a general rule, be applied to written instruments between private individuals.

A passenger elevator in an office building held to be “a public passenger conveyance” within the meaning of an accident insurance policy (*Oswego v. Martin*, 45 S.C.R. (New York) 171 distinguished on the principle stated in the second paragraph of this headnote).

The limitation of liability under a certain accident insurance policy for injuries to “the beneficiary” to injuries due directly to or in consequence of the wrecking “of such car” held not to apply generally to all modes of travel included in the expression “any public passenger conveyance,” and, therefore, the insured held entitled to recover for the death of “the beneficiary” who in attempting to leave an elevator in an office building missed the landing, fell down the shaft, and was thereby instantly killed.

SESSIONAL PAPER No. 8

A trust company incorporated by Dominion authority applied under the Loan and Trust Corporations Act of Ontario, R.S.O. 1914, ch. 184, for registry in Ontario, and, as a term of receiving a license to do business, was required to furnish a bond for the due performance of the duties of any office to which it might be appointed under the terms of its charter and the license granted. The trust company procured the defendants to give a bond in favour of the Attorney-General for Ontario, in trust for all persons who should become creditors of the trust company by reason of any business done in Ontario. The trust company was appointed executor of a will, and undertook the administration of the testator's estate in Ontario; in dealing with that estate it paid capital money to two beneficiaries who were entitled to income only. The trust company became insolvent and was ordered to be wound up. The liquidator obtained from the Court an order relieving the company from the executorship and for the passing of accounts. Upon a reference, the trust company was found liable for the amounts improperly advanced, and was declared entitled to a lien upon the accruing income of the beneficiaries. This action having been brought upon the bond:—

Held, that neither the trust company nor its sureties could question the constitutional validity of the Act under which the bond was demanded and given.

Judgment of Latchford, J., 41 O.L.R. 234, upon this branch of the case, affirmed.

Held, also, that the sureties were not liable for any greater sum than the principal debtor; and the amount of damages assessed by Latchford, J., was reduced to the amount for which the trust company was liable in respect of the advances made to the beneficiaries—the sureties, defendants, becoming subrogated to the lien upon the accruing income.

If the defendant wishes to invoke any special reasons why he should not reimburse the plaintiff company, he should have made a special plea and not only defend himself by a general denegation.

In an action for damages for breach of a contract whereunder the defendant agreed to secure hail insurance notes "not to exceed" \$50,000 in amount, which were not then in existence, but to be obtained by a firm of insurance brokers in the course of the season's business, which was just then commencing, and to hand them over to the plaintiff for collection on certain terms of remuneration in consideration of the plaintiff giving up his agency for a certain hail-insurance company, the defendant proved that the notes never came into existence and contended that, therefore, he should not be liable for non-performance of his contract. It was held by the B. C. Court of Appeal, affirming Morrison, J., McPhillips, J.A., dissenting, that, in the view of the conduct of the parties and the peculiar circumstances in which the agreement was made, that the existence or coming into existence of \$50,000 of such notes, could not be said to be the foundation of what was to be done, and that therefore, *Taylor v. Caldwell*, 3 B. & S. 826, was not applicable. The defendant appealed to the Supreme Court of Canada.

Held, for the reasons given by Macdonald, C.J.A., in the Court of Appeal [(1917) 3 W.W.R. 1037] that the appeal should be dismissed.

Contracts—Mistake—Rectification of Instrument—Necessity of Contract antecedent to Instrument.

Where an agent for a hail-insurance company has power merely to solicit, receive, and transmit applications for insurance, his knowledge that the location of an insured's land is different from that stated in the application is not to be imputed to his principal, especially where such knowledge has not been acquired about or in connection with such application (*Hastings Mutual Fire Insurance Co. v. SESSIONAL PAPER No. 8

Where an insured's land is incorrectly described in an application for hail insurance and in the policy issued in pursuance thereof, but the policy with such incorrect description represents the contract which was actually concluded with the insurance company, the insured cannot recover for a loss upon the land in respect to which the insurance should have been placed. 6. LIVE STOCK INSURANCE.

(dd) *Agent filling in Application—Whether Agent of Company or Insured—Price of Horse—Materiality of Answer.*

While where an applicant for insurance allows an agent to fill in the answers in the application form and signs the same without taking the trouble to read it to see if the answers are correct, the agent should be treated as the agent of the applicant in so doing, yet if the agent does not ask the insured the questions contained in the application form and fills the answers up himself, and the applicant signs the document without reading the replies, in reliance upon the assurance of the agent that they are all right; then, in the absence of fraud on the part of the agent or of proof that he acted merely for his own private ends, the knowledge of these facts must be imputed to the company, which, after acceptance of the premium and the issue of the policy must be considered both to have waived the materiality of the questions and to be estopped from insisting upon an agreement in the application form constituting the insurance agent the agent of the applicant. (Per Fitzpatrick, C.J., and Idington, J., approving of reasons of Appellate Division (1917) 1 W.W.R. 1159.)

The price paid for an animal, although important for the purpose of checking its value at the time of an application for insurance thereon and thereby preventing overinsurance, is not an absolute criterion of the value, for first, there must be considered the time which has elapsed since the purchase was made, and secondly, an animal, like anything else, may be bought cheap. The owner of a cargo lost in transit who has received from an insurance company the full value of the cargo, covered by the insurance policy, has a sufficient interest to maintain an action against the person whose negligence caused the loss, such owner being under obligation to account to the insurance company for whatever can be recovered from the wrongdoer.

(ff) *Dry Dock—Lease of—Covenant to Insure—Insurance not obtained because of Method of User—Destruction—Measure of Compensation.*

By the terms of lease of a dry dock, the lessee agreed to use it in its construction work on caissons and other similar work; and also to have it insured for the benefit of the lessor in some company or companies satisfactory to the lessor, against both marine and fire risks, and to deliver it in good condition at the end of the term.

The dry dock was used in connection with the construction of a breakwater and ocean pier, and such use was largely one of experiment, and owing to the method of user no insurance could be obtained although its seaworthiness was demonstrated by its weathering a gale while being taken to the place where it was to be used. The dock, during the work, collapsed and became a total wreck. The court held that the proper construction to be placed upon the covenant to insure was that it was a covenant to indemnify against loss with the medium of an insurance against loss as a security, and whatever the amount of insurance agreed on, the lessee was only liable for actual loss.

Constitutional Law—Companies—Insurance Act, 1910—Power of Dominion Parliament to require Foreign Companies to take out Dominion License.

Although there is no express prohibition in the *British Columbia Fire Insurance Act*, ch. 113, R.S.B.C. of the licensing of a company with a name so similar to that of another company already established in the province as to be likely to lead persons doing business with the new company to think that they are doing business with the old company, the Court has power to restrain the applicant for a license for the new company from making or persisting in his application (*Hendricks v. Montagu*, 17 Ch. D. 638, 50 L.J. ch. 456 applied).

A license under *The Insurance Act*, 1910 (Dom.) is a prerequisite to the doing of any insurance business in any province of Canada by a company incorporated by a foreign state. (View taken in *Farmers' Mutual Hail Insurance Association v. Whittaker*, 12 Alta. L. R. 309; (1917) 3 W.W.R. 750, of the decision in *Attorney General for Canada v. Attorney General for Alberta* (1916), A.C. 124, 10 W.W.R. 405 followed.)

On an application by a foreign fire insurance company without a Dominion license for a provincial license the superintendent of insurance should, at least, stay his hand, for the discretion which he possesses, under sec. 6 of the *British Columbia Fire Insurance Act* can only be exercised legally by a refusal of the application. Parties—Agency—Injunction asked against agent Applying for License on behalf of Foreign Insurance Company—Company a necessary or proper Party—Liability of Agent.

The defendant M., the agent of an insurance company created in the state of Utah, and having power to carry on business in British Columbia, applied to the defendant G., the superintendent of insurance for British Columbia, for the issuance of a license to said company under the *British Columbia Fire Insurance Act*, R.S.B.C., 1911, ch. 113. Said company was not licensed under the *Dominion Insurance Act*.

The plaintiff, an insurance company created in Great Britain, and licensed by the Dominion and provincial authorities, alleging that the Utah company intended to carry on business in British Columbia under its name, which was similar to that of the plaintiff company, brought action against M. and G. to restrain M. from making any application for the licensing of the Utah company and to restrain G. from issuing any license. The Utah company was not made a defendant to the action.

By *The Insurance Act, 1910* (Dom.), sec. 4, it was forbidden to carry on the business of insurance in Canada without a license from the Minister of Finance. This section was declared *ultra vires* of the Parliament of Canada in *Reference re Insurance Companies* (1916) 1 A.C. 588, 10 W.W.R. 405, which decision, however, declared it to be within the power of the Parliament of Canada, by properly framed legislation, to impose such a restriction on a company incorporated by a foreign state, even where the company desires to carry on its business only within the limits of a single province.

The plaintiff's action was dismissed by Clement, J., and the plaintiff appealed. The appeal was heard by the British Columbia Court of Appeal in November, 1917, and the order in appeal was dated April 2, 1918, reversing the decision of Clement, J., and granting the plaintiff an injunction (see judgment of Court of Appeal [1918] 2 W.W.R. 405).

In September, 1917, after the date of the trial judgment, but before the hearing in appeal, *The Insurance Act, 1917* (7-8 Geo. V., ch. 29, Dom.) came into force, providing, amongst other things, for the granting by the Finance Minister of Canada of a license to a "company" (as defined in the Act) on such company having complied with certain requirements and providing (sec. 6) that "before issuing a license to a company the Minister must be satisfied that the corporate name of the company is not that of any other known company incorporated or unincorporated, or any name liable to be confounded therewith or otherwise on public grounds objectionable"; and (sec. 11) prohibiting the carrying on in Canada of any business of insurance by a foreign insurance company unless under such a license.

On appeal by defendant M. to the Supreme Court of Canada, it was held that the British Columbia Court of Appeal should have taken judicial notice of *The Insurance Act, 1917* (Dom.) and, since, in view of that legislation, a British Columbia license, if granted to the Utah company, would be impotent to enable it to transact any business to the prejudice of the plaintiff, therefore when the action came before the Court of Appeal a case for the granting of the injunction asked did not exist and it should have been refused. Appeal to the Supreme Court of Canada allowed without costs (Idington and Cassels, JJ., would allow the appeal with costs).

The statutory duty of the Supreme Court of Canada is to pronounce the judgment which the Court appealed from should have rendered (per Anglin, J., citing *Boulevard Heights v. Veilleux*, 52 S.C.R. 185, 9 W.W.R. 742).

An injunction *quia timet* should not be allowed unless the plaintiff show a strong case of probability that the apprehended mischief will, in fact, arise (per Anglin, J., citing *Att'y-Gen. v. Manchester Corporation* [1893] 2 Ch. 87, at 92).

The British Columbia registrar might be well advised to refrain from granting the provincial license until the applicant company has obtained its federal license; but there appears to be no ground for holding that application for the provincial license may not precede that for the Dominion license (per Sir Louis Davies C.J., Brodeur, J., concurring, and Anglin, J.).

If it, in fact, was ever supposed by the plaintiff to have been part of the purpose of the Utah company pending the litigation, to deny the power of the Dominion Parliament and insist upon a right to operate in British Columbia by virtue only of a license under the *British Columbia Fire Insurance Act*, it should have so alleged and proven such an allegation (per Idington, J.).

Remarks as to the merits of the situation as between the two companies, and as to the exercise of the power of injunction (per Idington, J.).

Upon the coming into force of *The Insurance Act, 1917* (Dom.) the requirement on the part of the Utah company to obtain a license from the registrar in British Columbia ceased to exist. The forum to determine the question whether a license should be granted or not was the Minister of Finance for the Dominion, and the Courts would have no jurisdiction for interfering with the express statutory power which is given to him to grant or refuse. Had the Minister of Finance issued the license, no legislation in British Columbia preventing the licensee from carrying on business would have been valid (per Cassels, J., citing *John Deere Plow Co. v. Wharton*; *Same v. Duck* [1915] A.C. 330, 7 W.W.R. 635, 706).

Upon the Dominion license being granted the right to a provincial license on payment of the prescribed fee is indisputable (per Anglin, J., referring to R.S.B.C., 1911, ch. 113, sec. 7).

An incorporated company with a status to carry on business cannot be restrained from applying for a license; nor can the registrar be restrained from entertaining such an application. The matter should be left with the registrar to deal with (per Cassels, J.).

The Utah company should have been made a party defendant to the action (per Idington and Cassels, JJ.). The Utah company was a proper party and possibly a necessary party (per Sir Louis Davies, C.J., Brodeur, J., concurring, and Anglin, J.).

Where the injunction sought will injuriously affect the rights of a person or body not before the Court it will not ordinarily and without special circumstances be granted (per Anglin, J., citing *Hartlepool Gas and Water Co. v. West Hartlepool Harbour Co.*, 12 L.T. 366).

The statement of claim did not contain an allegation that the defendant G. intended to issue such a license as had been applied for. G. filed no defence to the action and did not appear on either of the appeals.

Held, (per Anglin and Cassels, JJ.) that the judgment of the Appellate Court should be set aside *in toto* both as regards M. and G.

HAIL INSURANCE CONDITIONS.

(Section 109.)

1. If any person insures his crop and causes the same to be described as to location and acreage otherwise than as it really is, to the prejudice of the company or misrepresents or omits to communicate any circumstance which is material to be made known to the company in order to enable it to judge of the risk it undertakes, such insurance shall be of no force with respect to the item of the application in regard to which there has been such misdescription, misrepresentation or omission.

2. A policy sent or delivered to the insured upon an application in writing shall be deemed to be intended to be in accordance therewith, unless the company forthwith gives notice to the insured in writing of the particulars wherein

such policy and application differ. A policy issued on a verbal application or verbal instructions shall be deemed to be in accordance therewith unless the insured notifies the company in writing, before any loss is incurred under the policy, of the particulars wherein the said policy and application or instructions differ.

3. No condition of the policy, either in whole or in part, shall be deemed to have been waived by the company, unless the waiver is clearly expressed in writing, signed by or on behalf of the company at its head office or general agency from which the policy was issued.

4. Any authorized officer or general agent of the company who, on behalf of the company, enters into a written agreement relating to any matter connected with an insurance shall be deemed *prima facie* to be the agent of the company for the purpose.

5. The company shall not be liable for the losses following, that is to say:

- (a) Loss from hail on any part of the acreage insured which is found to be less than five per cent of the amount of insurance per acre, and in no case for any loss less than ten dollars, except where the acreage insured is forty acres or less;
- (b) Loss occasioned to the crops insured by causes other than hail, and where other causes than hail have contributed to the damage the company shall be liable only for so much of the loss as is directly attributable to hail;
- (c) Loss from hail to any portion of the insured crop which has been so injured by causes other than hail, or by being over-ripe, that such portion would not yield profit over and above the actual cost of cutting, threshing and marketing;
- (d) Loss arising from the neglect of the assured to cut, after it has been damaged by hail, any portion of the insured crop which is fully matured.

6. In the event of damage to the crops insured, the assured or his agent shall notify the company of the loss by registered letter mailed within three days of the occurrence of such damage and addressed to the company at its head office or general agency from which the policy was issued, stating the number of the policy, the day and hour of the storm and the estimated damage to each plot or item of the crop insured: provided that such notification may be delivered at such head office or general agency by the assured or his agent within such specified time.

7. A person claiming under a policy shall within thirty days after the occurrence of the loss, unless such time is extended in writing by the company, furnish a statutory declaration, hereinafter called proof of loss, setting forth the date and number of the policy, a description of the land upon which the grain was damaged, the date of the damage and the estimated percentage of damage sustained by each portion of the crop insured. If the insured fails to furnish proof of loss he shall forfeit any claim under the policy. No denial of liability or other act on the part of the company, save as hereunder mentioned shall be deemed to waive or dispense with proof of loss:

Provided that if the company within the said thirty days has adjusted the loss acceptably to the claimant and such adjustment has been duly signed by him, or if the amount of the loss has been determined by appraisal as hereinafter provided, the company shall be deemed to have waived proof of loss, unless the same is requested by the company in writing.

8. Any fraud or false statement in a statutory declaration in relation to any of the above particulars shall vitiate the claim of the person making the declaration.

9. Subject to condition 10, proof of loss must be made by the assured, although the loss is payable to a third person.

SESSIONAL PAPER No. 8

10. Proof of loss may be made by the agent of the assured, in case of the absence or inability of the assured himself to make the same, such absence or inability being satisfactorily accounted for, or in the like case or if the assured refuses to do so, by a person to whom any part of the insurance money is payable.

11. In the case of partial damage by hail the company shall pay the same percentage of the amount insured per acre as the portion of the crop destroyed or damaged bears to what would have been the amount of the whole crop had no damage by hail occurred, no account to be taken of the cost of cutting or threshing the portion not destroyed or damaged. On the remaining portion of the insured crop the residue of the insurance shall remain in force.

12. If the assured in his notice of loss calls for an adjustment and it is found that the company is not liable for any loss according to the conditions of his policy, the assured shall pay the expenses incurred in the investigation of his claim.

13. If any portion of the crops insured herein is injured from causes other than hail, the assured may obtain a rebate of a *pro rata* proportion of the premium paid for the insurance on such portion, calculated as from the first day of June to the fifteenth day of September, inclusive, provided notice of intention to plough under such crop is mailed by the assured to the company at its head office or general agency in the province, by registered letter accompanied by his policy not later than the twentieth day of July, specifying the acreage of the insured crop to be ploughed down, which shall be done not later than the tenth day of August next following the date thereof.

A statement of crop acreage so ploughed under shall be furnished the company by the assured not later than the twentieth day of August in the current year, on such form as may be required by the company. The insurance on the portion specified to be ploughed under shall terminate at 12 o'clock noon, standard time, of the day on which the first notice was mailed to the company.

No rebate shall be granted if the assured fails to observe the foregoing conditions, nor shall any rebate of premium be granted upon any portion of the crop that may be harvested.

14. In the event of a disagreement as to the percentage of damage by hail to any of the crop insured, whether the right to recover on the policy is disputed or not, such percentage shall, when so required by either party, be ascertained by an appraisal which shall be conducted as follows:

(1) The party desiring appraisal shall deliver or cause to be delivered by mail or otherwise to the other party a notice in writing requiring an appraisal to be made and appointing a competent and disinterested appraiser who is a taxpayer in the province, who shall act either alone or with an appraiser chosen by the other party to estimate the percentage of the damage.

(2) Not later than three days after receipt of such notice the other party shall, if he disagrees, appoint an appraiser to represent him and, within the said period, shall notify the first party of such appointment by notice in writing so delivered as aforesaid.

(3) In the latter case the appraisers shall together estimate the percentage of damage, and failing to agree shall submit their differences to an umpire, and the award in writing of any two shall determine the percentage of such damage. Such umpire shall be chosen by the appraisers, or in case they cannot agree, then on the application of either appraisers, by a judge of the District Court of the judicial district within which the crop acreage insured lies.

(4) If one appraiser has been chosen, both parties shall share equally his expenses, if two, each party shall pay the expense of the appraiser chosen by him; both parties shall bear equally the expense of the umpire if an umpire is required.

(5) Should either party after receipt of written notice from the other, neglect or refuse to choose an appraiser within the time above specified, the percentage of damage shall be estimated and determined by the appraiser chosen by the party giving notice.

(6) The actual appraisal of such damage shall be commenced within two days after both appraisers have been chosen, or after the expiration of the time herein allowed for such choice.

15. The loss shall be payable within sixty days after completion of proof of loss, unless a shorter period is provided for by the contract of insurance.

16. Every action or proceeding against the company for the recovery of any claim under or by virtue of this policy shall be absolutely barred, unless commenced within twelve months after the loss or damage occurs.

17. If the crops insured or the interest of the assured in such crop is assigned without the written permission of the head office or general agency of the company from which the policy was issued, such assignment shall not be binding on the company; but this condition does not apply to change of title by succession or by operation of the law, or by reason of death.

FIRE PREVENTION.

The enormous loss of national resources caused every year by fire has for some years past impressed various organizations of manufacturing, commercial and financial companies in Canada with the necessity of active educational work on their part towards reduction of fire waste if the full strength of the country is to be made effective in industrial progress, and fire prevention committees have for some time had a prominent place in the organization of several of the more important business associations.

With a view to obtaining the views of these associations and at the same time the views of the fire insurance companies which are naturally familiar with the sources of fires and the defects in our machinery for dealing with them, the Department asked certain of these associations to name representatives to meet in conference with the representatives of the insurance companies, the Commission of Conservation and the Department. This conference was held in

Ottawa on December 13, 1918, and was participated in by representatives of the following bodies:—The Canadian Bankers Association, The Canadian Credit Men's Trust Association, The Canadian Fire Underwriters Association, The Canadian Manufacturers Association, The Dominion Mortgage and Investments Association, The Non-tariff Fire Insurance Companies, The Retail Merchants Association of Canada, The Trades and Labour Congress of Canada, The United Farmers of Alberta and The United Farmers of Ontario.

The most important resolutions adopted by this Committee were those favouring the enactment of stringent laws fixing personal liability for fires, the encouragement of the use of automatic sprinkler protection in large buildings, and the undertaking of a campaign of education on fire prevention throughout Canada.

The principle of personal liability for fires has been recognized by Parliament at the present session when an amendment to the Criminal Code was enacted making indictable offences, negligence which causes a fire and failure to make improvements recommended to prevent fires from occurring. Negligence is defined to include failure to comply with the requirements of any fire prevention law. The Act is as follows:—

An ACT to amend the Criminal Code RESPECTING PREVENTION of FIRE.

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. Section five hundred and fifteen of The Criminal Code is amended by inserting the following subsection immediately before subsection two thereof—

“(1A) Every one is guilty of an indictable offence and liable to two years' imprisonment who by negligence causes any fire which occasions loss of life or loss of property.

“The person owning, occupying or controlling the premises in which such a fire occurs, or on which such fire originates, shall be deemed to have caused the fire through negligence if such person has failed to obey the requirements of any law intended to prevent fires or which requires apparatus for the extinguishment of fires or to facilitate the escape of persons in the event of fire, if the jury finds that such fire, or the loss of life, or the whole or any substantial portion of the loss of property, would not have occurred if such law had been complied with.”

2. The said Act is further amended by inserting immediately after section five hundred and fifteen the following section:—

“515A. When any Dominion, Provincial or Municipal fire officer or authority recommends to the owner, lessee or other person controlling or operating any building, structure, factory, shipyard, vessel, dock, wharf, pier, sawmill, or yard in which logs or lumber are stored or held, that any reasonable change, alteration or addition should be made in or to such building, structure, factory, shipyard, vessel, dock, wharf, pier, sawmill, or yard with a view to safeguarding life or property from destruction by fire, or that any material should be removed therefrom with such view, or that any apparatus should be supplied therefor with such view; and if such recommendation is approved by an officer in the service of His Majesty, thereto authorized by the Governor in Council; and if notice of such recommendation and approval has been personally served upon such owner, lessee or other person; and if, after the expiration of thirty days from the receipt of such notice, such owner, lessee or other person refuses, neglects or otherwise fails to carry out such recommendation

SESSIONAL PAPER No. 8

to the satisfaction of the officer in the service of His Majesty hereinbefore mentioned, such owner, lessee or other person shall be guilty of an indictable offence and shall be liable to a fine of not exceeding one thousand dollars, or to imprisonment for any term not exceeding six months, or to both such fine and imprisonment."

It will be noticed that this Act does not follow the provisions of the Napoleonic Code, in force in several European countries, or of the draft bill suggested for enactment by State legislatures in the United States, in placing the burden of proof upon the person upon whose property the fire originates to show that he has not been guilty of negligence. The section of the Napoleonic Code respecting the liability of the tenant is as follows:—

"1733. He is responsible for the fire unless he can prove that the fire was caused accidentally, or by natural causes, or by faulty construction, or that the fire spread from an adjoining building."

The draft bill suggested for enactment in the United States contains the following:—

"In all actions against any person, company or corporation for the recovery of damages on account of any loss or injury to any property, real or personal occasioned by fire communicated from property owned by one party to property owned by another party, the fact that such fire was so communicated shall be sufficient evidence to charge the occupant of the property in which the fire originated with negligence and place the burden of proof upon him."

These provisions hold the offender guilty until he proves himself innocent, and while the legislation has undoubtedly been effective in curtailing fire waste in Europe, it is probable that the less drastic amendment of the Criminal Code above referred to will be equally effective here.

The resolution of the Committee favouring the wider adoption of automatic sprinkler protection recognizes the enormous possibilities of curtailing fire waste by this form of protection. Probably seventy-five per cent of the total fire loss in Canada occurs in plants suitable for sprinkler installation. Experience shows that the fire hazard is reduced by at least eighty per cent by the installation, and the cost of installation is defrayed out of savings in insurance premiums in from two to five years as a rule; the installing company in some cases taking the savings in premiums for a certain number of years as its remuneration.

If all the buildings suitable for sprinkling were protected in this way, we might expect a reduction of at least fifty per cent in our fire loss. This would mean an economic gain of from ten to fifteen million dollars annually.

These facts are sufficient to show the obvious point of attack in fire prevention if immediate results are to be produced.

It is, of course, too much to expect that this form of protection will forthwith be universally adopted and in the meantime the campaign against carelessness must be carried on. While the greater part of the annual loss is due to a comparatively small number of fires annually we unfortunately do not know where these fires are going to occur, nor do we know who, of all the thousands of persons employed on the premises, are by their carelessness, going to be responsible for the fires. This being so, the education of the general public in fire prevention may have a great effect in reducing fire loss not only in the homes but in the industrial establishments of the country as well.

The work of investigating fires and of conducting fire prevention campaigns has for some years been carried on by the Fire Marshal of the Province of Ontario and the Fire Commissioners of the Provinces of Manitoba and Saskatchewan.

Fire Marshal Acts are also in force in the Provinces of Nova Scotia and Prince Edward Island. It is to be hoped that during the coming year every province in Canada will have an organization perfected to carry into effect the provisions of these and similar Acts.

With a view to assisting in the work of fire prevention, the Department has during the present year added to its staff Mr. J. Grove Smith, late of the Commission of Conservation, whose work in this direction has done much to arouse public interest in the problem of fire waste.

Insurance rates are dependent mainly upon the amount of fire loss and the most obvious remedy for the comparatively high rates prevailing in Canada is to reduce the number of fires occurring and to better control those which do occur. So long as fire loss continues, it must be paid for. The immediate question, therefore, is largely one for the premium payers of the country, although ultimately, as in all economic problems, the entire population of the country is affected.

COMMISSION AND EXPENSES.

While fire loss is the main element entering into insurance rates, the expenses incurred in writing the business also affects the rates. The principal item of expense is the commission to the agent and with the prevailing conditions there appears to be dissatisfaction on all sides. Insurance companies, with increasing competition, find demands made upon them by agents for higher rates of commission. Agents are found to complain that their incomes have not increased proportionately with the increase in the cost of living and that increased rates are essential. The agents in smaller towns also complain that much of the business in their localities is placed through agencies and brokerage houses in the large centres and that when so placed the rate of commission paid is substantially higher than if it were placed through local agents. They allege unfair discrimination in this respect, while *bona fide* agents generally complain that not sufficient care is taken in the licensing of agents and that a higher standard of qualifications of fire insurance agents should be demanded by the licensing authorities. On the other hand those property owners whom self-interest prompts to seek insurance without solicitation are inclined to complain at the large proportion of their premiums which is taken for expenses of which the commission to the agent forms so large a part.

The trend of the ratio of commission and total expenses to premiums is undoubtedly upwards. The figures at three-year intervals for the last ten years, 1909 to 1918 inclusive are given below for British and foreign companies. The figures readily available for Canadian companies include foreign business as well as business in Canada, and are, for that reason not included.

1918.....	11,725,601	2,527,210	3,965,024	21.55	33.82

The increase in the rate of general expenses over and above the increase in the rate of commission is accounted for in part by increased taxes imposed by the provincial governments and by the operation of the various war taxation measures of the Parliament of Canada.

If in spite of the enormous increase in the volume of premiums and the increase in the rate of commission, agents are today inadequately remunerated as compared with ten years ago, the reason will probably be found in the large number of agents and this may be traced to the qualifications demanded as the conditions of a license. It will probably not be denied that under the present conditions fire insurance agents and brokers are an essential element in the conduct of the business. Their services are essential for the convenience of the insuring public and should be essential for the service of the company. This being so, the higher the qualifications demanded by the company the better will be the service that can be rendered to both insured and insurer, the more restricted will become the agency force through the elimination of those not specially qualified therefor, the greater will be the average income of the agent and the lower will be the rate of commission necessary to provide him with reasonable remuneration. If, on the other hand, the increase in the rate of commission has not been necessary to provide proper remuneration to the agents, a remedy for the tendency shown by the foregoing figures should be found by the companies, or failing that, by appropriate legislation.

UNLICENSED INSURANCE.

The tabulation of fire insurance effected with unlicensed insurance companies under the provisions of section 129 of the Insurance Act, 1917, appearing on page cxviii shows a considerable increase in 1918 over 1917, the respective figures being \$318,763,720 and \$283,423,680.

It should be pointed out that this increase is due in part to reports having been received from a number of companies from which no reports had previously been received although unlicensed insurance had been effected and it is evident to the Department that complete returns are not being received in respect of this insurance.

It should also be pointed out that the section of the Act in question permits the inspection of the risk and the adjustment of the loss in respect of such unlicensed insurance only if the insurance is effected outside of Canada and without any solicitation whatsoever directly or indirectly on the part of the company, and provided that the company does not within Canada advertise its business in any newspaper or other publication or by circular mailed in Canada or elsewhere.

This provision was adopted by Parliament in 1910 after a prolonged discussion before the Parliamentary committees and the object of the section is clearly to permit property owners to obtain insurance outside the regularly licensed companies but to prohibit anything in the nature of solicitation on the part of the companies.

It has come to the notice of the Department that the object of the legislation is not, so far as the unlicensed companies are concerned, in all cases, being strictly complied with. The following letter bearing the letter-head of two unlicensed insurance companies in Providence, Rhode Island, and addressed to an important manufacturing firm in Canada has come to the attention of the Department:—

“Gentlemen:—

Your factory is very probably eligible to membership in the.....

In this case the probable net cost of your insurance would be between 8c and 10c a year per \$100., including full sprinkler leakage indemnity. If insurance with us at the above cost interests you, the writer will be glad to take the matter up further in detail or call and discuss the subject with you in person.

In replying please give particulars regarding the construction and fire protection of your building; also the total amount of insurance you carry.”

Several letters emanating from the same source and to the same effect addressed to widely different points have been received by the Department and it should be pointed out, in justice to property owners effecting such insurance, and to the companies themselves, that in the opinion of the Department, should such insurance be effected as a result of this solicitation, representatives of the companies inspecting risks and adjusting losses are subject to the penalties prescribed by section 508 (C) of the Criminal Code.

Owners of property effecting insurance in unlicensed companies should also be advised that default in making return of such insurance renders them liable to a penalty of \$10. for each day during which default continues.

EXPERIENCE OF FIFTY YEARS IN FIRE INSURANCE.

The year 1918 is the fiftieth year for which statistics are available in the Department's reports regarding the business of fire insurance in Canada, and it is of interest to review the experience of the period especially with regard to the underwriting results of the various classes of companies. It will be convenient to take the experience by decades.

So far as the entire business, fire and other, Canadian and foreign, of Canadian companies is concerned, a fair idea of the results of the business can be ascertained by observing the average rate of dividend paid upon the capital stock of the companies. Unfortunately the earliest figures readily available regarding dividends are those for the year 1875, but the effect of the omission of the preceding years will not seriously affect the total.

The foregoing figures are, of course, affected by the experience of several of the Canadian companies outside of Canada, and by the experience in classes of business other than fire, and the result therefore cannot be taken as accurately reflecting the experience of the Canadian field in fire insurance.

If we deal with the Canadian fire business alone of Canadian companies, we shall have to take into account the premiums earned, that is, the premiums written less the increases in statutory reserve, the losses incurred, and the expenses incurred in Canada. So far as the latter item is concerned, it is difficult to accurately apportion the expenses to the Canadian business as distinguished from the other business in the case of those companies transacting business outside of Canada, and also to accurately apportion certain expenses between the various classes of business transacted. An approximation may, however, be obtained if we assume that the rate of expense attached to the Canadian fire business is the same as the rate of expense attaching to the entire business of the companies. On this assumption the following table shows that the dividends paid have been derived wholly from sources other than fire underwriting:—

SESSIONAL PAPER No. 8

The foregoing figures do not include as income interest and rents or profits from sources other than the underwriting of the companies, nor do they include reserves for conflagrations, as expenditure. The amount deemed necessary to be set aside to cover the latter item varies with different companies, but it is frequently assumed that five per cent of the premium income each year should be set aside for this purpose. Assuming that this charge for conflagration reserve is necessary, we can assume that it is counterbalanced by the interest on invested assets, so that the foregoing returns of profit may not unfairly be taken as the results of the entire fire business in Canada.

The ratio shown compares the profits with premium income, not with capital or with capital and surplus. This is done for the reason that we are dealing with Canadian profits of British and foreign companies, and it is not easy to accurately estimate the Canadian capital or Canadian capital and surplus of such companies. The relation between premium income and capital and surplus, however, may be illustrated by the following figures for 1918 from the general business statements of United States fire insurance companies doing business in Canada.—

Total paid up capital.....	\$ 71,400,000
Total surplus.....	146,361,940
Total capital and surplus.....	<u>\$ 217,761,940</u>
Total net premium income.....	<u>\$ 325,627,525</u>

from which it appears that the total capital and surplus is approximately two-thirds of the total net premium income.

If, therefore, we assume that the Canadian capital and surplus for all companies bears the same ratio to the Canadian premium income as the total capital and surplus of these United States companies bears to their total premium income, and if we wish to convert the rates of profit shown in the foregoing pages to show the rate of profit, per cent of Canadian capital and surplus, the rates shown should be increased by approximately one-half.

SESSIONAL PAPER No. 8

Fire Insurance in Canada.

In Volume I of the report of last year there was included a tabulation giving certain information in respect of the business transacted by all fire insurance companies in Canada, including Provincial as well as Dominion licensees, for the year 1917.

This year, circulars were sent to all provincial licensees asking for the figures in respect of the business for the year 1918 showing:—

1. Net amount of insurance written.
2. Net amount of insurance in force at the end of the year.
3. Net premiums received.
4. Net losses paid.

after deducting in each case reinsurance in companies licensed in Canada.

The inquiry extended to every company, stock or mutual, Canadian or foreign, carrying on business in Canada under provincial jurisdiction during the year 1918 and returns have with a few *unimportant* exceptions been received from all. The number of provincial licensees, including 3 United States companies, making returns in respect of fire insurance was 232 of which 8 appear to have transacted business outside the provinces by which they were incorporated.

The tabulation which appears below and the tabulation of unlicensed fire insurance on page cxviii show that the fire insurance effected in 1918 on property situated in Canada was as follows:—

Dominion licensees.....	\$4,606,035,056
Provincial licensees.....	404,037,486
Unlicensed companies.....	318,763,720
Total.....	<u>\$5,328,836,262</u>

The net premiums received and net losses paid by licensed companies during the year and the net amount of insurance in force in those companies at end of the year are given below. The returns required to be filed by persons effecting insurance in unlicensed companies do not give this information:—

Miscellaneous Insurance in Canada, 1918.

In volume I of the report last year there was included a tabulation showing the total premiums received and claims paid by companies and societies transacting casualty insurance in Canada, including provincial as well as Dominion licensees, for the year 1917.

This year circulars were sent to all provincial licensees asking for the same information in respect of the business for the year 1918, the figures required to be net after deducting reinsurance in companies licensed in Canada.

The inquiry extended to every company, Canadian or foreign, and to every fraternal or mutual benefit society, Canadian or foreign, operating in Canada under provincial jurisdiction and returns have, with a few unimportant exceptions, been received from all. The number of provincially incorporated companies making returns in respect of casualty insurance was 26, of which 7 also transacted fire and life insurance and 7 appear to have transacted business outside of the provinces by which they were incorporated. The number of fraternal or mutual benefit societies making the return was 141, and of these 25 carried on life insurance as well as sickness and accident insurance and 8 operated outside of the provinces in which their Head Offices were situated.

The net premiums received and net losses paid for miscellaneous classes of casualty insurance are as follows:—

†The National Finance Company is in liquidation and the Department is unable to place a value upon these debentures. The debentures are secured by the hypothecation of certain parcels of real estate in Vancouver and Lulu Island. The Department had an independent valuation of this real estate made in March, 1915, and the valuator stated that as real estate of any description was practically unsaleable at that time, it was impossible to estimate what the properties might sell for, but his estimate of the values in ordinary or normal times of the Vancouver properties remaining in the hands of the Company as at Dec. 31, 1917, was \$239,550 and of the Lulu Island property, \$1,500, making a total of \$241,050 against which there are encumbrances of \$60,000, leaving the net value \$181,050. There is, therefore, a difference between the value of the properties and the book value of the debentures of \$83,737.66, and this amount is included in the liabilities as an investment reserve fund. The liquidator of the National Finance Company, has certified to the hypothecation of the real estate and has stated that the creditors of the National Finance Company other than the Pacific Coast Fire Insurance Company, have no claim whatsoever upon the said properties, until the claim of the Pacific Coast Fire Insurance Company against the National Finance Company has been fully satisfied. Since Dec. 31, 1918 the company was surrendered the debentures and obtained title to the properties pledged as security therefor.

‡This company is in the hands of a Receiver. The security behind the debentures is the assignment of certain sale agreements for \$55,000 on property sold by the company and over 3,000 acres of farm and fruit lands improved by an irrigation system. The Department is unable to place a value on these debentures.

Certain of the Assets in the General Balance-Sheet have been deposited in the United States and Canada in connection with Fire Business there.

The Stock Exchange Securities in the Life Balance-Sheet are stated at the values ascertained at the last Quinquennial Investigation on 31st December, 1917, and at cost price in the case of Investments made since that date.

The value of the Stock Exchange Securities in the General Balance-Sheet is below the current market value at 31st December, 1918, less Accrued Interest and Dividends, and in our belief the Assets are in the aggregate fully of the value stated in the Balance-Sheet.

We also certify that no part of any fund has been applied directly or indirectly for any purpose of business to which it is applicable.
