Of this $\$ 11,104,650$ has been converted into Victory Loan 1918. The flotation charges of the above Stock amounted to $\$ 13.128 .33$.

* The total sale of War Savings Certificates to Narch 31, 1919, amounted to $\$ 13,411,115.20$ and redemptions to $\$ 1, S 06,621.70$. During the fiscal year 191819 S647,661.70 was received on this account which with a redemption during the the same period of $\$ 1,105,936.90$ reduced the amount of $\$ 12,062,76 \$ .70$ held on March 31. 1918. to $\$ 11,604,493.50$ on March 31, 1919. By Order-in-Council P.C. No. 3041 the sale of these Certificates was discontinued. The flotation charges on the above amounted to $\$ 91,225.46$. The large amount of redemptions during the year was no doubt owing to withdrawals for investment in the 1918 Victory Loan at a higher rate of interest.

Under authority of Order-in-Council dated October 4, 1918, P.C. 2462 War Savings and Thrift Stamps were offered for sale. $\$ 1,640,166.25$ were sold and $\$ 116,132.40$ redeemed leaving a balance outstanding on March 31, 1919, of $\$ 1,524,033.88$. These stamps are due-January 1, 1924. The cost of Hotation on the above amounted to $\$ 231.313 .21$.

Under the provisions of the "War Appropriation Act, 1918 " authority was giren by Order-in-Council dated the 23rd September, 1918, P.C. No. 235t for the raising of a Fifth War Loan of $5 \frac{1}{2}$ per cent Bonds issued at par and maturing as follows:

$$
\begin{array}{ll}
5 \\
15 & \text { year bond: due November } 1,1923 . \\
\text { " } & 1,1933 .
\end{array}
$$

Bonds of the various maturities of this issue will in the event of future issues of like maturity or longer, made by the Covermment, other than issues made abroad, be accepted at par and accrued interest as the equivalent of cash for the purpose of subseription to such issues.

The prospectus of this loan was issued on Octoher 28. 1918. According to the books of the Department the subscriptions reached $\$ 698,500,000$ including conversions of S6ti,261,166.66. This total subseription was cut down on allotment by $\$ 24,271, \$ 00$ learing a total issue of over $8674.000,000$. The number of subseribers wa- $1.139,247$.

## TEMPORARI LOANS.

Temporary loans during the year were made from the chartered Banks in Canada and others by the issue of Treasury Bills amounting to $\$ 214,121,250$. To this amount should be added $\$ 75,110.000$ outstanding on March 31,1918 , making a total of $\$ 289,231.250$ of which $\$ 215,411,250$ has been repaid, leaving outstanding on the 31st March, 1919, an amount of $\$ 73,820,000$.

# Departaent of Insurance, <br> Ottawa, June 30, 1920. 

## To the Honourable Sir Henry Drayton, Minister of Finance.

Sir, -I have the honour to submit herewith the statements in detail of insurance companies transacting the business of insurance other than life insurance in Canada during the year 1919, together with such tabulated summaries of those statements as are necessary to exhibit the progress:of the business and the condition of the co npanies.

The statement of life insurance corapanies will be submitted in a later volume.

## Fire Insurance, 1919.

During the year 1919 the business of fire insurance was transacted in Canada by I34 companies, as compared with 116 companies in the preceding year. Of the 134 companies, 39 were Canadian, 40 British and 55 Foreign. Four of the Canadian companies, The Canadian Surety Company, The Imperial Guarantee and Accident Insurance Company, The London and Lancashire Guarantee and Accident Company of Canada and The North American Accident Company, three British companies, The Marine Insurance Company, Limited, The Motor Union Insurance Company, Limited, and The Union Marine Insurance Company, Limited, and one foreign company, the Columbia Insurance Company, transacted fire insurance only in connection with their automobile business.

The list differs from that of 1918 by the addition of eleven Canadian companies, the General Accident Assurance Company of Canada which during the year had its license extended to include fire insurance, the Canadian Surety Company and the London and Lancashire Guarantee and Accident Company of Canada which transacted fire insurance, limited to automobiles, the Canada Sccurity Assurance Company and the Canadian Indemnity Company, both of which had previously operated under provincial licenses but during a part of 1919 transacted business throughout Canada, the Antigonish Farmers' Mutual Fire Insurance Company, Cumberland Farmers' Mutual Fire Insurance Conpany, the Halifax Fire Insurance Company, the King's Mutual Fire Insurance Company, the Ifutual Association of Canada, Limited, and the Pictou County Farmers' Mutual Fire Insurance Company, the latter six of which had previously operated under provincial licenses and are now limited to the Province of Nova Scotia; four British companies, the British General Insurance Company, Limited, the Motor Union Insurance Company, Limited, the China Fire Insurance Company, Limited, and the Yangtsze Insurance Association, Limited, the latter two of which are limited to the Province of British Columbia; and three foreign companies, the American Alliance Insurance Company (limited to the Province of British Columbia), the American Equitable Assurance Company and the Girard Fire and Marine Insurance Company throughout Canada.

Since the beginning of the year 1920, licenses for fire insurance have been issucd to the following companies:-the Royal Scottish Insurance Company, Limited, the Caledonian-American Insurance Company, the Railway Passengers Assurance Company, the Essex and Suffolk Equitable Insurance Society, Limited, the Manufacturing 'Wood Workers' Underwriters, the Traders and General Insurance Association, Limited and the Pacific Marine Insurance Company.

The results of the year's operations in fire insurance in Canada may be shown by the following figures, the ratios for 1918 being also given for the purpose of comparison:-

The foregoing figures do not take into account the change during the year in the uncollected premiums and agents' balances, the change in the reserve of unearned premiums or the change in the outstanding unpaid losses of the companies. In other words, the figures are compiled on a cash, not a revenue, basis, and therefore are not the most suitable for ascertaining the profit or loss on the underwriting for the year. If there is deducted from the premiums written during the year the increase in the reserve of unearned premiums during the year there is obtained the amount of premiums earned and by comparing with this the amount of losses incurred, the actual loss ratio for the year is obtained. These ratios will be found on pages clxir, clav and clivi, and may be sumnarized as follows:-

Following the practice commenced last year a separation of the figures regarding the business according to the term of the policies has been required by the statement form and this year the figures for all companies are complete. The figures are as follows:-

| - - | Rates of losses incurred per cent of premiums earned. |  |  |  |

## Insurance Wrillen and Rates of Premium.

The gross amount of policies, new and renewed, taken during the year by fire companies was $\$ 5,423,569,961$, which is greater by $\$ 817,534,905$ than the amount taken in 1918. The premiums eharged thereon amounted in 1919 to $\$ 57,577,632$, being $\$ 8, \$ 07,520$ greater than the amount charged the previous year. The rate of premiums ( 1.062 ) is higher than that of 1915 ( $1 \cdot 059$ ). The loss rate $(41 \cdot 67)$ is $12 \cdot 17$ per cent lower than the loss rate of the previous year ( 53.84 ) and 16.52 per cent lower than the average loss rate $(58 \cdot 19)$ for the past fifty-one years.

## SESSIONAL PAPER No. 8

## Premiums and Losses Compared with Risks.

The average rate of premiums charged on each $\$ 1,000$ of risks taken in 1919 is $\$ 10 \cdot 616$, as against $\$ 10.58 \$$, which was the corresponding rate in 1918 . The individual rates for the different companies will be found in the table on page xvi. and will be seen to vary considerably, as might be expeeted, considering the varicties of the business done by the companies.

The losses, ineurred (approximate) during the year, compared with the amount of risk current (taking for this the mean of the amounts in force at the beginning and end of the year), have been at the average rate of $\$ 3.55$ per $\$ 1,000$ current risk. The corresponding rates for 1882-3-4-5-6-7-8-9-90-1-2-3-1-5-6-7-8-9-1900-1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18, are $\$ 5.68, \$ 5.56, \$ 5.37, \$ 4.54, \$ 1.58, \$ 5.70,81.70,81.19, \$ 1.81, \$ 5.33, \$ 5.61,86.17, \$ 5.50, \$ 5.75,85.15$,
 $\$ 5.07, \$ 1.73, \$ 5.00, \$ 4.67, \$ 3.91, \$ 1.49, \$ 1.60$ and $\$ 1.28$ respectively:

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following computed on the above basis, where for convenience of comparison, the corresponding rates for 1918 are also shown:-

## SESSIONAL PAPER No. 8

British Fire Companics.

The total cash receipts for fire premiums were $\$ 20,37 \overline{7}, \$ 72$, being an increase of $\$ 1,719,160$, as compared with the previous year; the payments for fire losses were $\$ 8,387,864$, being $\$ 1,520,137$ less than for 1918 , while the general expenses amounted to $\$ 7,121, \$ 30$, being $\$ 801,027$ greater than in 1918 , thus showing a balance of $\$ 1,868,178$ favourable to the companies. In the previous year there was a favourable balance of $\$ 2,429,909$.

The following details give the balances for the different companies:-
Balances in farour.-Alliance, $\$ 104,461$; Atlas, $\$ 109,317$; British Crown, $\$ 45,429$; British Traders, $\$ 11,416$; Caledonian, $\$ 120,663$; Car and General, $\$ 12,709$; Century, $\$ 59,101$; Commercial Union, 8398,397 ; Eagle, Star and British Dominions, 870,465 ; Employers' Liability, 8162,606 ; General Accident, $\$ 106,497$; Guardian, $\$ 404,603$; Law Union and Rock, $\$ 93,761$; Liverpool and London and Globe, $\$ 230,635$; London Guarantce and Accident, $\$ 98,179 ;$ London and Lancashire $\$ 197,111$; London Assurance, $\$ 166,703$; National Benefit, $\$ 2,421$; North British and Mercantile, $\$ 244,484$; Northern, $\$ 276,313$; Norwich Union, $\$ 205.44$; Ocean Accident, $\$ 37,269$; Palatine, $\$ 101,032$; Phenix of London, $\$ 274,051$; Provincial, $\$ 25,341$; Queensland, $\$ 47,962$; Royal Exchange, $\$ 198,077$; Royal, $\$ 354,785$; Scottish Metropolitan, $\$ 67$; Scottish Union and National, $\$ 135,055$; Sun, $\$ 154,900$; Union Assurance, $\$ 138,095$; Union of Canton, $\$ 126,846$; Yorkshire, $\$ 124,570$; Total balance in favour, $\$ 4,568,795$.

Adverse balances.-China, $\$ 617$; Total, $\$ 617$. Net balance in favour, $\$ 4,568,17 \mathrm{~S}$.
For every $\$ 100$ of premiums received there was spent on the average $\$ 41.16$ in payment of losses, and $\$ 34.95$ for general expenses.

In 1918 the loss rate was $\$ 53.10$, and the general expenses $\$ 33 . \$ \$$, for every $\$ 100$ of premiums received.

For the fire business the rate of premium was $\$ 10.622$ per $\$ 1,000$ of risks taken as against \$10.716 in 191S.

Hence these companies have transacted a larger volume of business than in 1918 , at a lower rate of premium, a higher rate of expense and at a lower rate of fire losses.

The results of the total business of these companies from 1875 to 1919 , inclusive, are as fol-lows:-

$$

$$

It will be seen, from an examination of the table below, that an adrerse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned year, when the losses paid by British companies amounted to almost five millions of dollars; that such adverse balance was reversed at the end of the year 1857, when a favourable balance of $\$ 341,938$ was shown, and that this favourable balance increased thereafter from year to year (with the exception of the year 1893) up to the close of 1899, when it amounted to $\$ 5,029,980$. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half million dollars. To this is due the large deficit of that year, $\$ 1,365,476$, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to $\$ 3,664,504$ which sum had been still further reduced to $\$ 3,512,636$ at the end of 1901 . The favourable experience for the years 1902 and 1903 increased this balance to $\$ 7,123,044$ at the end of 1903 , but it was again reduced by the unfarourable experience of 1904 to $\leqq 3,969,472$. During the past fifteen years the favourabl? balance has been largely increased and now amounts to $\$ 36,072,696$.

Foreign Fire Companics.
The total cash receipts for fire promiums were $\$ 13,237,767$, being an increase of $\$ 1,512,166$ as compared with the previous year; the payments for fire losses were $\$ 5,555,265$ being less by $\$ 1,154,079$ than that of 1918 , and the general expenses, $\$ 4,4 \$ 3,000$ being $\$ 51 \$, 035$ greater than for 1918, thus showing a balance of $\$ 3,199,439$ favourable to the companies. In the previous year there was a favourable balance of $\$ 1,051,229$.

These companies have, therefore, transacted a larger volume of business at a higher rate of empense and a lower loss rate than in 1918.

## SESSIONAL PAPER No. 8

The following details give the balances for the different companies:-

Adverse balance.-Manufacturing Lumbermen's, $\$ 59,193$; Mechanies and Traders, $\$ 8,881$ : total, S68,074.

Net balance in favour. $\$ 3,199,439$.
For every $\$ 100$ of premiums received there was spent on the average $\$ 11.97$ in payment o osses, and $\$ 33.87$, for gencral cxpenses.

In 1918 the loss rate was $\$ 57.22$, and the general expenses, $\$ 33.82$ for cvery $\$ 100$ of premiums received.

For the fire business the rate of premiums was $\$ 10.218$ per $\$ 1,000$ of risks taken as against $\$ 10.251$ in 1918.

Hence these companies have transacted a larger volums of business than in 1918 at a lorer rate of premium, a lower rate of fire losses and at a higher rate of expense.

The results of the total busincss of these companies, from 1575 to 1919 inclusive, are as follows:-

## Canadian Companies.

In considering the Canadian companies, their whole fire insurance business, in Canada and elsewhere, as well as their marine business and business in other branches, must be taken into account, inasmuch as a separation of expenses between these branches has not been made.

## SESSIONAL PAPER NO. 8

The following table gives the distribution of fire business between Canada and elsewhere, for the twelve companies which transacted business outside of Canada during the year, and shows that the loss rate for the home business was, on the whole, more favourable to the companies than for the foreign business.

The subjoined tabie gives the rate per cent of losses paid, as compared with premiums received, upon business done in Canada and other countries by Canadian companics during the years 1878 to 1919 inclusive, a perusal of which will show that, taken over the whole period, the Canadian business shows a more favourable loss rate than the business transacted in other countries.

## SESSIONAL PAPER No. 8

The assets of the thirty-nine Canadian companies transacting fire business amounted at the end of the year to $\$ 35,696,735.52$. They have subscribed capital not paid up, amounting to $\$ 7,639,473$. The habilities of the same companies amounted to $\$ 17,748,181.96$, made up as follows:-

| Unsettled los | S 4,221,469 55 |
| :---: | :---: |
| Unearned premiums | 9,355, 79015 |
| Sundry. | 4.170,922 26 |
|  | §17,748,181 96 |

The unearned premiums are here taken at $\delta 0$ per cent of the pro rata portions of the gross premiums for the time unexpired in the cases of fire and inland marine insurance, and S0 per cent of the whole premiums in the case of a current ocean risk. The surplus of assets over liabilities available for the protection of policyholders, independent of the subscribed capita not paid, amounts to $817,948,554$.

The capital stock of these companies paid in cash amounts to $\$ 12,037,307$.
The following table gives the conditions at the end of 1919 of all the Canadian stock companies in reference to the surplus on account of policyholders.

The following table shows the total gain or loss in the surplus to policyholders during the year in respect of each company, and shows also the various sources of this gain or loss. All contributions by shareholders, whether for capital or premium on capital, appear as gains in surplus, while forfeited stock and reduction of capital are disregarded.

In the first column there is tabulated the "Underwriting Profit." This is the excess of premiums earned over losses incurred and expenses incurred. The premiums earned are arrived at by the adding to net cash received for premiums the outstanding premiums at the end of the year and deducting the outstandings at the beginning of the year. From the net premiums uritten thus obtained there is deducted the increase in the unearned premiums. Where the losses and expenses incurred are in excess of the earned premiums there is an underwriting loss, which is tabulated in the sixth column.

In the second column there is tabulated the interest and rent earned. This is obtained in a manner similar to that of the premiums uritten, by adding to the cash received for interest and rents the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column the payments by shareholders are shown, and in the fourth column the gains from other sources. This latter column will include gain in market values of investments, decrease in unsecured unlicensed reinsurance reserve, etc.

The fifth column gives the total of the first four columns. In the sixth column is given the underwriting loss, and in the seventh the losses, through other sources, such as bad or doubtful investments and other assets, loss in market value of investments, increase in unsecured unlicensed reinsurance reserve, etc. The eighth column shows the dividends declared during the year. The ninth column gives the totals of the sixth, seventh, and eighth. The last column being the difference between the fifth and the ninth, gives the total net gain or loss in surplus, the minus sign denoting a loss.

The total net gain in surplus is $\$ 1,723,583.00$. As, however, there was received from shareholders during the year $\$ 334,793.72$ as additional capital, and $\$ 1,000$ as premium on capital, a total of $\$ 335,793.72$, it is seen that there has been an increase in surplus of $\$ 1,357,789.2 \$$ from the sources other than the shareholders. In 1918 the increase in policyholders' surplus was \$591,236.20.

Twenty-nine companies show an underwriting profit, and the remaining ten an underwriting loss, the net gain amounting to $\$ 986,603.64$. In 1918 the net underwriting gain was $\$ 378,835.69$. The dividends declared were $\$ 723, \$ 86.74$, which is less than the $\$ 1,267,464.54$ interest and rent earned upon the investments. The gains from miscellaneous sources were $\$ 151,980.65$, consisting chicfly of increase in the market value of investments. The losses from miscellaneous sources were $\$ 294,372.81$, due largely to the disallowance of bad assets, depreciation in the values of sicurities and the creation of investment reserve funds.

[^11]Including the whole business of the mixed companies, ontside as well as within the Dominion it appears that the Canadian companies have received during the year 1919 a total cash income of $\$ 19,636,195.62$, which is made up as follows:-

In the same way the cash expenditure during 1919 has been $\$ 17,970,791.77$, distributed among:-

Thus it appears that for every $\$ 100$ of income there has been spent $\$ 91.52$, namely: for losses, $\$ 49.50$, for general expenses, $\$ 37.59$, and for dividends to stockholders, $\$ 1.43$. Hence, also, for every $\$ 100$ of premiums received there has been paid out $\$ 98.04$. namely: $\$ 53.03$ for losses, $\$ 40.27$ for general expenses, and $\$ 4.74$ for dividends to stockholders.

## SESSIONAL PAPER No. 8

The total cash income received by the Canadian companies during the forty-five years from 1575 to 1919 inclusive, is $\$ 296,569,255.13$. The respective amounts for the several years and the distribution thereof under proper headings are shown in the subjoined table:-

## CASUALTY INSURANCE.

Insurance business other than fire or life was carried on in Canada during the past year by 107 companies: 26 Canadian, 27 British and 54 Foreign companies. Seventy-seven of thesc companies likewise transacted fire insurance.

In addition to these 107 companies, there were seven fraternal orders or societics which carried on sickness insurance and also life insurance.

## CANADIAN COMPANIES.

Of these twenty-six Canadian companies which carried on business other than fire or life, nine transacted miscellaneous classes of business only. Of these, two transacted sickness insurance; two accident insurance; three combined accident and sickness; four plate glass insurance; two guarantee insurance; three automobile insurance; one steam boiler insurance; one burglary insurance; one live stock insurance; and one title insurance.

At the end of the year the assets of these companies amounted to $\$ 4,497,576.06$.
Their total liabilities amounted to $\$ 1,196,151.77$, made up as follows:-

| Unsettled losses. | \$ | 205,482 98 |
| :---: | :---: | :---: |
| Reserve of unearned premiums |  | 608,456 30 |
| Sundry. |  | 382,212 49 |
|  |  | 196,15177 |

The excess of assets over liabilities was $\$ 3,301,424.29$. The capital stoek paid up in cash was $\$ 1,33 S, 119.34$. There was thus a surplus over all liabilities and capital stock of $\$ 1,963,304.95$, being a decrease in surplus over the preceding year 1918 of $\$ 305,722.88$.

The following table shows the total gain or loss in policyholders' surplus during the year n respect to each company, and likewise shows the various sources of this gain or loss.

In the first colurn there is tabulated the " Underwriting Profit." This is the excess of premiums earned over loss incurred and expenses incurred. The premiums earned are arrived at by adding to the net cash received for premiums the outstanding premiuns at the end of the year, and deducting the outstandings at the beginning of the year. From the net premiums written thus obtained, there is deducted the increase in the unearned premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the sixth column.

In the second column is tabulated the interest and rent earned. This is formed in a si nilar manner to that of the premiuns written, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third colu in is tabulated the arnount received from shareholders during the year.
In the fourth colun n the gains from other sources are tabulated. This will include gain in ir arket value of investments, etc.

The fifth column gives the totals of the first four columns.
In the sixth is given the underwriting loss, and in the seventh the losses through other sources, such as losses on investments, loss in market value of investments, etc. In the eighth eolumn are tabulated the dividends declared during the year. The ninth column gives the totals of the sixth, seventh and eighth. The last column, being the difference between the fifth and the ninth, gives the total net gain or loss in policyholders' surplus, the minus sign denoting a loss.

The total net gain in surplus tras $\$ 426,217.73$. Five companies made a gain and three companies showed a loss.

The dividends deelared amounted to $\$ 97,706.94$, which is less than the interest and rent earned upon investments. The total net underwriting gain was $\$ 2,220.76$, as against a loss of $\$ 51,454.81$ in 1918.

## ACCIDENT INSURANCE, 1919.

Accident insurance may be subdivided into two classes, viz.: Employers' Liability Insurance and Ordinary Accident, which includes personal accident and accidental damage to personal property.

A number of companies have also issued a combined accident and sickness policy for which the pre niums and claims are not separately shown.

The business of accident insurance was transacted by thirty-three companies, viz.: ten Canadian, twelve British, and eleven Foreign.

## EMPLOYERS' LIABILITY.

Of the thirty accident companies, twenty-six transacted employers' liability insurance, viz.: nine Canadian, eleven British, and six Foreign companies.

The total premiums received for this class of risks was $\$ 2,540,148$, and the losses paid amounted to $\$ 1,561,925$, with unsettled claims outstanding to the amount of $\$ 929,606$. The total premiums for the seventeen years for which separate figures are available are $\$ 30,467$, 334 , and the total claims, $\$ 15,699,371$.

## automobile insurance, 1919.

The business of automobile insurance has this year, as last year, been divided into two classes, that including fire risk and that excluding fire risk. The former class includes policies insuring against fire only and against fire in combination with burglary and transportation, but the fire portion of this class is a very large proportion of the total and should be taken account of in estimating the total fire loss experienced in Canada.

The business of automobile insurance (including fire risk) was transacted by fifty-one companies, of which eleven were Canadian, seventcen British and twenty-three foreign companies. The premiums received amounted to $\$ 1,524,279$, and the clairs s paid to $\$ 779,901$, with $\$ 147,455$ of claims outstanding. The total premiums for the five years for which separate figures are available are $\$ 3,674,522$ and the total claims, $\$ 1,700,913$

An abstract will be found at page cexc.
The business of automobile insurance (excluding fire risk) was transacted by thirty-nine companies, viz.: fourteen Canadian, thirteen British and twelve forcign companies. The premiums received amounted to $81,901,704$, and the claims 8785,507 , with $\$ 414,354$ of clains outstanding. The total premiuns for the five years for which separate figures are available are $\$ 4,874,898$, and the total claims $\$ 1,6 \$ 9,389$. For the preceding five years, for which the figures do not distinguish between policies including and excluding fire risk, the total premiums are $\$ 1,935,384$, and the total clains, $\$ 853,383$.

An abstract will be found at page exevi.
An important change made at the 1917 Session of Parliament in section 13 of the Act will now permit of the combination of contracts of :utomobile, fire and inland transportation insurance in one policy, so that now automobiles can be fully covered against all ordinary hazards by a single policy.

Ifcld, also. Idington and Brodeur JJ. dissenting, that the contract was intended to insure occunied dwellings only; that the failure of the insurance agent to insert the name or description of the occumant was immaterial: and that the word "by" in the restrictive description quoted could be deleted as not reauired to express the intention and make the contract sensible. London Assur. Corv. v. Great Northern Transit Co. (29 Can. S.C.R. 577), followed.

To the knowledse of the insurer and insured the buildings were not completed when the policies were issued and could not be expected to be occupied for some time.

Hcld, Idington and Brodeur IJ. dissenting, that though the risk might presently attach to the unoccupied buildings, jet after they were once occupied the insurance would be suspencled on any becoming vacant, and a loss occurring during such vacancy would not be covered.

The Appellate Division held that the insured was entitled to recover $\$ 1,200$ on each building actually occupied as a dwelling at the time of the fire, and ordercd a reference to ascertain the ammunt due.

IIcld. ner Davies. C. J.. Anglin and Nignault. JJ., that as the basis of the claim was certain and the amount. once the facts wore established. ascertainable by a mere arithmetical computation. the insured was entlled to interest on the sum eventually found due from the expiration of sixty days after the proofs of loss were furnished.

## SESSIONAL PAPER No. 8

Held, further, that the Supreme Court of Canada should not interfere with the discretion of a provincial appellate court in allowing issues of law arising on the documents and facts in the record to be raised though not pressed at the trial.

Dec. 23. 1918.-Supreme Court of Canada,-S. M. Ross and other m. Scottish Union and National Insurance Company-LVIII, Supreme Court, Reports, 169.
(f) Policy-Conditions-Notice of loss-Proofs of loss_Irregulority-Relief-Speoified delay to begin action-Action premature-"The Fire Insurance Policy Aet," R.S. Sask., 1909, c. 80, s. 2-"Tho Saskatchewan Insurance Act," Sask. S., 1915, c. 15 s. 86.

Insurance policies against fire were issued by the companies respondent on buildings owned by the appellant Shepard with loss, if any. parable to the appellant bank, assignee of a mortgage on the property. The buildings were subsequently destroyed by a fire occurring on the 1st or 2nd April, 1915, of which the agent of the bank informed the companies respondent, In the course of their investigation they suspected some incendiary origin and declined payment for a considerable period. The proofs of loss were furnished on the 29th February, 1916. The statutory condition No. 13 required that the assured sliould "forthwith" give notice in writing to the companies, and, "as soon afterwards as practicable," deliver a detailed account of the loss accombanied bv a statutory declaration as to the truth of his statements. According to another condition. no action could be brought after the expiration of one year from the date of the loss. The statutory condition No. 17 also provided that "the loss shall not be payable until thirty days" in the case of one policy and sixty days in the case of the other policy "after completion of the proofs of loss." The present actions were commenced on the 22nd March. 1916. before the lapse of the required period, in order that they might be instituted within one vear from the date of the fire.

Held, that this court should not interfere with the discretion exercised by the trial judge in deciding that the non-perfurmance of condition No. 13 had been due to mistake and that relief should be granted to the assured under sec. 2 of "The Fire Insurance Policy Act."

Per Idington J.-As the notice was not given "forthwith after loss" and the proofs were not delivered as soon afterwards "as practicable," they cannot be regarded as made in compliance with the terms of the policy and, therefore, cannot be used to fix the time when the actions should be brought.

Per Anglin and Cassels JJ.-The proofs of loss became of value and were "completed" only when the trial court exercised its statutory power to give relief: and the effect of granting it was to put the assured in the same position for all purposes as if the proofs had been Furnished as required by the statutory condition No. 13. Accordingly, the respective periods, prescrihed by statutory condition No. 17, should be deemed to have elapsed and the loss under each of the policies to have been payable before the action upon it was begun.

Per Mignault J. (dissenting).-Sec. 2 of "The Fire Insurance Policy Act" did not give power to the courts to relieve against the requirements of statutory condition No. 17.

(i) S Geo. V., c. 26-Remedial Provision-Imperfect Compliance with Conditions-Equitable relief.
In an action to recover the amount of a loss on a fire policy, tried by a judge without a jury it was admitted that no notice in writing of the loss was given and no proofs of loss were furnished by the insured, as required by the policy, but it was proved that shortly after the fire the insured told the agent of the company who affected the insurance that the insured building had been totally destroyed by fire, and asked what he had to do in reference to it, and the agent replied that be (the agent) would notify the company, through his office, and it would probably send somebody to adjust the loss. The agent did notify the company, and it sent an adjuster to examine into the circumstances of the loss, who reported against paying, on grounds other than the want of notice or proofs of loss.

Held, per Sir J. D. Hazen, C.J. and Grimmer, J., affirming the judgment of the trial judge, Barry J. dissenting, that the remedial provisions of section 7 of The Fire Insurance Policies Act, 3 Geo. V., c. 26 (1913), were, under the facts proved and found, properly applied, and that it would be inequitable that the insurance should be considered forfeited because of the noncompliance with the conditions of the policy in respect of notice and proofs of loss.

Per Barry J., that in order to entitle the plaintiff to the equitable relief contemplated by the section, there must be some attempt at compliance mith the conditions, and the facts as proved afforded no reason to warrant the trial judge in holding that there had been an imperfect compliance with the conditions which rendered it inequitable that the insurance should be decreed forfeited.

Where the liability of the insurer, by a policy of employers liability insurance, has been made dependent upon the giving by the assured party of immediate notice of any accident covered by the policy, a delay of fifty-three days in giving notice of an accident entails forfeiture of the right of the assured to claim in respect of such accident.

The plaintiff suffered permanent injuries causing 's auricular fibrillation" of the heart, in a fight, in which he was not the aggressor. and the court held the company liable under the above clause; the disability being the direct cause of the fight even if the plaintiff's heart had been slightly affected, without his knowledge before that time, also that the plaintiff's change of occupation to a more hazardous one without disclosure to the company did not, under the circumstances, avoid the policy:

## 3. Explosion Insurance.

( $m$ ) The decision of the Court of King's Bench of Quebec in the appeal case Guardian Assurance Co., Limited v. Curtis \& Harvey (Canada) Limited, is one of the most important of the year, both from the standpoint of the amount involved and the initerest attaching to the question of fire companies liability for explosion damage. The judgment and Hon. Mr. Pelletier's notes are given herewith in full. It is understood that an appeal has been taken to the Judicial Committee of the Privy Council.

THE GUARDIAN ASSURANCE CO. LIMITED,
Defendant Superior Court, Appellant.

CURTIS'S \& HARYEY (CANADA) LIMITED AND J. LEONARD APEDAILE.<br>Plaintiff's in the Superior Court, Respondents.

The Court having heard the parties by their respective Counsel, examined the record and on the whole maturely deliberated;

Considering that there is error in the final judgment given by the Superior Court on the 13th February, 1919, maintaining the action and condemning Defendant Appellant to pay the whole of the amount claimed;

Considering there is also error in the two interlocutory judgments of April 26, 1918, and December 2, 1918, malntaining Plaintiff's inscription in law against part of Defendant's Plea and rejecting Defendant's motion for leave to amend its Plea;

Considering that the Insurance Policy contains a clause in virtue of which Defendant is liable for damages caused by fire, but not for those resulting from exploslons :

Considering that the said clause was inserted in the Policy at the request of the assured and that consequently there has been on that point a special agreement between the parties and the contract ;

Considering that such an agrement is not contrary to public order or good morals, but that it is valid, prohibited by no law and may be legally entered into by parties having capacity to contract :

Considering that the Provinclal Statute invoked by Respondent has been passed to prevent the assured being taken by surprise and also to prevent the Insurance Companles from imposing conditions to which assured has not assented; but that the Statute does not prevent and limit liberty of contract between parties capable of contracting.

Considering that Defendant Appellạnt must be condemned to pay the damages caused by flre, but not those resulting from explosions;

Considering that the parties have both erred in contending that the action should be dismissed or maintained for the whole and that consequently the proof does not sufficiently distinguish between the damages caused by the fire and those resulting from explosions;

Considering that it is impossible to render judgment without such proof being made:
The final judgment dated February 13th, 1919, is reversed as well as the said interlocutory judgments rendered on the 26 th April, 191 s , and December 2nd, 191s, and proof is ordered before adjudicating on the inscription in law and the motion of leave to amend is granted without costs (with leave to the Respondents to answer the amended plea);

It is ordered that record be transmitted to the Superior Court to complete the evidence already on record,

First, on the allegation of the Plea which is restored thereto;
Second, on the allegation added by the motion to amend;
Third, on the quantum of damages resulting from fire and from those resulting from explosions:

Costs in the Superior Court are reserved, but Respondent is condemned to the costs of appeal.

Copy of Notes of Judge Pelletier.

These are two cases of the highest importance not only on account of the amount in issue, but also because these are test cases the decision of which would infuence judgments to be rendered in a great many other cases, which are suspended pending our decision.

The total amount in issue is $\$ 600,000$.
Plaintiff's claim is based on the loss resulting rom a disaster which happened to their Explosive Factory situated at Dragon near Rigaud, on the 18 th of August, 1917. The whole place was razed and destroyed.

Now the Plaintiff which has become insolvent claims through its Liquidator, the payment of Insurance Policies. The Court duly has upheld both suits, hence the two appeals, which are now before us.

The cases rest on the interpretation of the Insurance Policies and the Law which governs them and a difficulty, in fact the main difficulty arises from the fact that the lnsurance Policies contained a clause which reads as follows:-
"Warranted free of claim for loss or damage caused by explosion of any of the material used on the premises."

The Insurance Policy is one against fire only.
Now according to the evidence, there has been not only a fire, but explosions.
The Plaintiff takes the stand that the fire was the principal and initial cause: that the explosions were only incident resulting from the fire and consequently since the whole has been destroyed, it is entitled to the full amount covered by tha insurance prilinios

The Insurance Companies take the following stand as formulated in one of their factums:-
"Appellant was prepared to pay its proportion of the loss resulting directly from the fire up to the moment of the first explosion and for any other loss by fire, entirely independent of explosion, but Respondents have taken the position that they do not attempt to prove any loss by fire independent of explosion, but demand payment of the entire loss or nothing."

Respondent admits that an important part of what was insured had been destroyed by fire only and this is what it says on the subject in its factum.
"The following buildings containing large quantities of T.N.T. were wholly destroyed by fire. without an explosion of the T.N.T.; Magazine D 13; T.N.T. 12; T.N.T. 9; T.N.T. 11 ; T.N.T. 13: Magazines D 14 and D 15."
"Other than the buildings above enumerated, the following buildings were destroyed by fire alone; the whole of the "A" group; Tank Nos. 1, 2, 3, 4, 5, 6, 7, and 8; Power Houses Nos. 6, 7, and S; Buildings over Tank 37, 38, 39, 40, and 41 ; Tank No. 101 ; s 4, s 3, s 5 , and s 6 ; w 25 ; s 1 and s 2 ; w $21, \mathrm{~s} 7$; Nos. $1,2,3,4$, and 5 ; the whole of the g. c. group T.N.T. 1, 8 N.T. 2 ; No. $10 ; \mathrm{s} 8 ; \mathrm{d} 11$; d 9 ; d 13 ; d 14 ; d 15 ; c $25, \mathrm{c} 26$, c 1, T.N.T. $8,9,10,11$ and 12. ."

However nobody denies, in fact, both parties practically admit that part of the destroyed was due to explosions.

If there were only the Insurance Policies, these cases could be decided more easily since it would be sufficient for us to read together all the conditions of the contract and give them the interpretation which would result from the whole, but the question is complicated by the Provincial Statute governing this matter.

To avoid that insured parties be taken by surprise or becoming the victims of clauses unjustly inserted in Insurance Policies, the Legislature of Quebec has enacted a law which was declared to be valid by the judgment of the Privy Council in the case of Citizen Insurance Co., and Parsons ( 7 Appeal Cases page 119) which holds among other things that Insurance Companies are bound to print on their Policy and as one of the conditions thereof, the following clause.
"The Company shall make good loss caused by the explosion of gas in a building not forming part of the gas-works and all other loss caused by any explosion causing a fire and all loss caused by lightning, even if it does not set fire."

An Act adds that if an Insurance Company wishes to vary this clause it must do so in such a manner as to call attention thereto and with an ink different from that used for the body of the Policy. The Statute adds that if the Insurance Companies take advantage of their right to vary Clause 11, the Courts shall have the right to decide whether such change or variation is unjust and unreasonable in which case the insured shall not be bound.

The two 1 nsurance Policies which we have before us differ considerably on the subject. The North British and Mercantile has printed on its Policy and as one of the conditions thereof Section 11 of the Provincial Statute, which I have just cited, but on the other hand, it has declared in the same Policy and that in the manner provided in red ink the following:-
"This Company is not liable for loss caused by explosion of any kind, unless fire ensues and then for loss or damage by fire only."

The Guardian Insurance Company on that score is in a different position. 1t has printed on its Policy Clause 11 of the Provincial Statute, but it did not take advantage of the right to change it by another clause in red ink, consequently it remains that clanse 11 forms part of the conditions of its Policy.

The trial Judge took advantage of that fact to condemn the Guardian Insurance Companv. As to the North British and Mercantile Insurance Company, the trial Judge has deciared that the Provincial Statute had not been followed to the letter, a fact which seems to me hard to admit, but that in any event he had come to the conclusion that the clause so changed was unjust and unreasonable and consequently did not bind the insured.

The first point which arises is the following:-
"Does the Provincial Statute apply to the case in question?"
I come to the conclusion that the question must be answered in the negative. To answer it in the atfirmative, we must presume that the Legislature violating an inalienable principle has interfered with liberty of contract. No principle is more generally admitted. recognized and considered as a sacred right than that except in cases agalnst public order or morals, their contract is the law of the contracting parties.

It cannat be presumed that the Legislature is anxious to depart from this rule.
Certain Insurance Companies took advantage of their experience and cleverness to insert In their Policies a series of interminable clauses which enabled them to collect premiums, but. protected them almost completely against payment of the Policies in the event of disaster. This was printed in small letters somewhere on the Policy, which was very wrong and the unwary assured did not take the trouble to read it. hence then good faith was taken by surprise.

It is on that account of that state of things and to remove the abuses resulting therefrom, that the Provincial Statute has been passed and it must be observed that it has left to the companles the right to impose conditions, providing they are inserted in such a way as to be readily seen and not oppressive. Such interpretation is reasonahle. It is that which was adopted by Sir Montague Smith who delivered judgment on the Privy Council in the case of Citizen \& Parsons when he said among other things that the object of the Provincial Statute was to prevent the companies from imposing "with conditions of their own "a contract which the assured had not had the intention to enter into. Does this happen in the present case, I do not think so.

The clause above cited which is found in the Insurance Policies "warranted free of ciam for loss or damage caused by explosion of any of the material used on the premises " is not a conditton which the Pollcy imposed upon the assured without his knowledge or consent for it

## SESSIONAL PAPER No. 8

is the assured himself who demanded (that is not denied) that that clause be inserted in the Insurance Policy. Therefore, Respondent could not be taken by surprise, such is the contract he has willed, demanded and obtained.

The contract was not contrary to public order or good morals and the parties insured had the right to make it, the Provinciai Statute did not go the length of forbidding it.

The reason of such a contract is easy to see by demanding an insurance against fire only and guaranteeing that he would not claim anything for explosions.

The insured obtained a policy which cost him much less as far as the premium is concerned than a Policy of insurance against explosions.

I shall discuss later from another standpoint this aspect of the question.
We must therefore read the Insurance Policy as validly containing terms not to claim for losses or damages resulting from explosions.

If the clause is valid, it must be given effect thereto. If not, the contract is destroyed on its very foundation, then it does not exist and the Companies could free themselves therefrom from reimbursing the premiums received.

Proceeding therefore to read the Policy which first insured only against fire and secondly declares that no damages resulting from explosion are payable, we must now consider the fact that clanse $I I$ of the Provincial Statute is found in both Policies.

As to the North British and Mercantile Company, clause II has been changed as allowed by the Statute and consequently the only damage due is that which results from an explosion causing a fire and onjy from the loss caused by the fire. Now there is not in the record sufficient evidence to make the necessary distinction on that score.

The Respondent took the stand that it is entitled to the whole amount of the insurance even for the part of the loss which is caused by explosion and it is consequently impossible to find in the record proof permitting us to condemn the Insurance Companies in the amount of damages caused by the fire independently of explosions.

It was for the insured to adduce that proof and to make the necessary distinctions. This may be done since as seen by the quotation herein above made from Respondent's Factum, Respondent admits that a great part of the damage results from the fire alone.

I admit that it is more difficult to make the distinction as to damages caused jointly by the explosions and by the fire, but Respondent should have made the best possible evidence and the Court would have weighed it.

As to the Guardian Insurance Company since Clause II of the Provincial Statute forms part of the Policy and consequently of the contract, it must be read with the Clause "Warranted Free of Claim, etc." and what is the result? To answer this question one must compare these two clauses by placing them alongside each other and reading them together. As far as I am concerned this operation brings me to the following conclusion: an explosion arises causes fire on the left hand side of the buildings where it happens, then the Insurance Company is responsible, but on the right hand side of the buildings where it happened it did not cause the fire. it merely broke or destroyed, then there is no liability on the part of the insurance Company. Therefore here again (but the proof will be more difficult to make) the proof shonld establish the facts as well as possible in order that the lnsurance Company be condemned to pay for the damage resulting from the fire caused by the explosion and be not condemned to pay for what was destroyed by the explosion without the intervention of the fire. it may be answered. everything was burnt down, but if any part of the buildings insured was burat down after having been destroyed by the explosion, the Insurance Company in my opinion. would only be liable for the difference in value between the buildings or rather their debris demolished and disoersed by the explosion and the value that the whole had as a building.
] shall now search the origin and causes of the fire.
Both parties agree to say that the fire caused the explosion. They are both interested in taking that position. The Plaintiff's because it enables them to claim that the explosions were merely incident of the fire and the Appellants because it enabled them to pretend that they do not fall under Section II of the Provincial Statute since the latter only provides for a fire caused bv an explosion and not for an explosion caused by a fire.

A superficial reading of the evidence seems at first sight to justify both parties in their contention that explosions were cause by fire, but a careful examination of the question enables me to reach a different conclusion. that a fuller and more careful trial would confirm and corroborate.

No fire arose In the establishment from other sources than "material used on the premises which are mentioned in the warranty clause."

The buildings whlch caught on fire were not buildings where this material was not and the fire was not communicated to the material in question. On the contrary, it is the material covered by the Warranty Clause which ignlted probably by reason of the gas which it contained. The heat becoming more and more intense has apparently caused the alleged fire whlch was nothing eise than the explosion which fomented in the material, indeed at a given moment the material exploded lifting with violence the roof which contained it although the same was held bv irnn clamns.

Inder the circumstances. can we say that it was fire which caused the explosion or must we not rather reach the conclusion that it is the material which caused the accident? The latter view is supported by the following facts which are proved beyond question.

The accident originated in the bullding marked on the plan T.N.T. 4. There were in that T.N.T. \& six nitrators. It is in nitrator six that the explosion was fomented and took place. Now in that nitrator. were found precisely the material covered by the Warranty Clause.

The logical conclusion to be deducted therefrom may be easily understood,
Indeed explosions have played in all this a great part. To convince oneself thereof, it is sufficient to read thereof the version of witness Crutchlow heard on behalf of the Plaintiff's and particularly what he says on page $16 I$ of the appendix.

The main explosion was so strong that although all the workmen were out, it knocked thent all down and the witness in the same page adds that there have been constantly afterwards explosions at intervals for an hour and a half, in short, the explosions were the principal cause of the fire.

To persume we are in the presence of a valid and legal contract agreed upon by parties capable of contracting and we must give effect to this contract by condemning to pay what was destroyed by fire; and by refusing to condemn to payment of damages which the Insured had promised not to claim.

Parties have fallen in a common error on that score and as a result the proof is incomplete.
I think we should send back the record to have it completed.
These cases have two other more aspects, Appellant in Paragraph 8 of their defense have alleged the following :-
"That it was not the intention of the parties to the said contract either that the Company Defendant should insure or that the said Curtis's \& Harvey (Canada) Limited, should be insured against loss or damage caused by explosion upon the premises of the said insured and the contract was entered into and the rate of the premium or consideration therefor was established and agreed to upon such understanding and agreement."

The above paragraph was met by a demurrer which was upheld and consequently in spite of their efforts, the Appellants were unable to prove the above paragraph of their pleas. I think the judgment on the demurrer was erroneous. We are in the presence of a contract which is not very clear and the interpretation whereof is difficult.

I am of opinion that under the circumstances it would have been useful for the declsion of the case that the proof of Paragraph S should have been adduced, lf possible.

The buildings to be insured were buildings wherein there was a considerable risk on account of that dangerous explosive material. The parties knew it and the Insurance Policy says so. Now if making a contract which they have a right to make, the parties intended that the Policy should not cover dangers resulting from explosions, lf the insured has selected to pay a smaller premium on that account and if the Insurance Companies have accepted that smaller premium because explosions were excluded from the risk, there has been between the parties an agreement which we can only ignore by declaring that one party shall pay more than he agreed to pay.

Further more the Appellants have before the proof and hearing of the case. moved to amend their plea by adding thereto the following paragraphs:-
"That said Defendant had not and has not any power, right or authority, to enter into a contract of explosion insurance in Canada and denies that it ever entered into such a contract or that the said contract can be made or construed to include the same and Defendant denies that it ever demanded or was paid by Plaintiff's any premilum or consideration for explosion insurance."

The above motion was refused. According to me it should not have been so refused because the whole of all these facts is not too much to enable us to reach a satisfactory conclusion. On the whole. I am of opinion, First, to reverse the final judgment of the Superior Court; Second, to reverse the judgment which rejects the motion for leave to amend the interlocutory judgment which maintained the demurrer; Third, to order that the record be sent back to the Superior Court to enable the parties to prove. A, the Allegations of paragraph 8 of the Defendant; $B$, the Allegations of the amendment which has been rejected and should have been allowed for the value of the building which had not been affected by explosions and of the loss which merely results from fire; $D$, the value of the buildings destroyed by these explosions and the value of the material after such destruction; $E$, the total amount of the damage caused by the explosion and the total amount of the damage not caused by such explosions.

The cost in the Superior Court should be reserved, but the cost of appeal should be against the Respondents.

## 4. Marine Insurance.

(n) Effect of Statement made on negotiating for Insurance- Whether Representation or mere expression of Expectation or Belief-Whether in the circumstances the policy attached.
In an interview between plaintiffs" agent and defendants' agent in arranging for defendants Insuring plaintiffs' goods while being towed on scows the question arose whether the scows were to be towed singly or together, a higher rate applying in the latter case. During the inter view plaintiffs agent telephoned the master of the towing tug and, on the latter agreelng to tow singly without extra charge, informed defendants' agent that the scows would be towed singly and the policy was issued at the lower rate. The scows were not towed singly and one was lost. IIeld, (affirming judgment of Clement, J.. Martin, J.A, dissenting) that plaintiffs could not recover on the policy. Per Macdonald, C.J.A.: What was said at the interview by plaintiffs agent after telephoning amounted not merely to an erpression of expectation or bellef but to a representation known in marine insurance law as a "promissory representation " which though by word of mouth only afforded an answer to plaintiffs claim. Per Galliher, I.A.. (taking same view as trial Judge): The risk undertaken was for single scows and there was in the circumstances no insurance of the goods on the lost scow.

in some company or companies satisfactory to the lessor, against both marine and fire risks and to deliver it in good condition at the end of the term.

The dry-dock was used in connection with the construction of a break-water and ocean pler. and such use was largely one of experiment, and owing to the method of user no insurance could be obtained although its seaworthiness was demonstrated by its weathering a gale while being taken to the place where it was to be used. The dock, during the work, collapsed and became a total wreck.

It was admitted that the dock was lost past recovery, that the rent due under the lease had not been paid and that the insurance had not been effected. Their Lordships held that these breaches gave the lessors the right to retake possession of the dock and terminate the lease, and the institution of proceedings with a clause for rent, up to the writ and subsequent damages was sufficient evidence of the lessor's intentions in this respect, and the lessor was justified in bringing the action although the term of the lease had not expired.

The substance however to which their Lordships looked was a claim for the value of something that had been lost in circumstances rendering the lessee contractually responsible for its value and this could be maintained.

The covenant to insure "against both marine and fire risks" was construed to mean against the "hazards of the sea" during the term of the lease and not merely against risk in its journeys by sea, but if it had been effected it could not have covered a loss inevitable in the circumstances due to the unfitness of the structure and entirely dissociated from any peril by wind and water.

" (d) to any contract entered into, or any certificate of membership or policy of insurance issued. in Canada, prior to the date of the coming into force of this Act, by any fraternal benefit society which prior to the sald date was not required to obtain a license from the Dlinister and which does not on or after the said date obtain such a license."
(2) Subsection three of the said section is repealed.
3. The sub-title Assessment Life Insurance Companies immediately preceding section one hundred and five of the said Act and sections one hundred and five to one hundred and sixteen both inclusive, of the sald Act are repealed and the following are substituted therefor:-
"PART II A.

## FRATERNAL BENEFIT INSURANCE.

" 105. This Part applies only to fraternal benefit societies, but does not apply to any such soclety incorporated under the laws of any province of Canada and not llcensed under this Part.
" 106. (1) The Minister may grant to any fraternal benefit saciety, which has complled with the requirements of this Act prellminary to the granting of a license, a license authorizing the soclety to undertake with its members the contracts of life, disablity and sickness insurance specified in such license, subject to the provisions of this Part and to the terms of the license.
(2) Every fraternal benefit society which at the date of the coming into force of this Act Is licensed or registered under The Insurance Act, 1917, shall, without application therefor, be deemed on the said date to be licensed as a fraternal benefit society under this Part and shall be subject to the provisions thereof.
(3) Every society licensed under the provisions of this Part shall, when so licensed, be exemoted from the provisions of sections thirteen, fourteen, forty-three, eighty and eighty-one of this Act.
(4) No fraternal benefit society shall be licensed under this Part if it is in effect the property of its officers or collectors or belongs to any private proprietary, or if it is conducted as a trading or mercantile venture, or for purposes of commercial gain.
" 107. (1) Every fraternal benefit society shall before a license is issued to it under this Part, file with the Superintendent, in addition to the other statements and documents required by this Act to be filed, a report made by an actuary, appointed by the society, including therein, in such detail as the Superintendent may require, the results of an actuarial valuation made by the said actuary as at the next preceding thirty-first day of December or such later date as the Superintendent may specify, of each of the benefit funds maintained by the society having regard to the prospective liabilities of, and contributions to, each fund; and such report shall include a declaration by the said actuary that in his opinion the assets of the society applicable to each fund, taken at the value accepted by the Superintendent, together with the premiums, dues and other contributions to be thereafter received from the members according to the scale in force at the date of the said valuation, are sufficient to provide for the payment at maturity of all the obligations of the fund without deduction or abatement. The society shall also fie with the Superintendent a statement of its condition and affairs in such detail as the Superintendent may require, as at the date of the said valuation.
(2) Every such society shall before the issue of such license deposit with the Minister in such securities as are specified in sections fifteen and sixteen of this Act the sum of ten thousand dollars.
"108. Any fraternal benefit society incorporated, and having its head office, outside of Canada, which has before the passing of this Act transacted insurance business in Canada, and having at the said date policyholders in Canada, and which is unable to furnish a declaration by an actuary as required by the last preceding section, may, nevertheless, subject to the other provisions of this Part, be deemed eligible to receive a license under this Part, if it establishes to the satisfaction of the Superintendent that its by-laws and rules make reasonable provision by its rates of premiums for the maturity of its policies to be issued after the date on which such license is obtained without deduction or abatement and without increase in the number or amount of the premiums payable according to the scale in force at the said date.
" 109. (1) Any fraternal benefit society incorporated under the laws of any province of Canada which is unable to furnish a declaration by an actuary as required by section one hundred and seven of this Part may, nevertheless, subject to the other provisions of this Part, be deemed eligible to receive a license under this Part if it deposits and keeps deposited with the Minister an amount, applicable solely to the policies issued in Canada after such license is issued, at least equal to the reserve on such policies and all other liabilities of every kind in respect of such policies, such reserve being calculated on the basis of such mortality and other tables as the Superintendent deems proper and a rate of interest not exceeding four per cent per annum; or if it establishes to the satisfaction of the Superintendent that the members effecting insurance with the society after the date of the issue of such license will be included in a separate class having for their protection exclusively assets sufficient, with the premiums. dues and other contributions to be thereafter received from the members of such class, according to the scale in force at the said date, to provide for the payment at maturity of all obligations under the society's contracts held by the members of such class without deduction or abatement.
(2) Before a license is issued to any such society under the provisions of this section the Superintendent shall satisfy himself that the application therefor has been authorized by rosolution of the chief governing body of the society.
" 110. Any license issued under the provisions of the two next preceding sections may be renewed from year to year until the thirty-first day of March, one thousand nine hundred and twenty-five, but on and after the said date such license shall be renewed only if the society then complies with the provisions of section one hundred and seven of this Act.
" 111. If any fraternal benefit society which obtains a license under this Act is incorporated and has its head office outside of Canada, its liabilities to policyholders in Canada shall, for the purposes of section twenty of this Act, be deemed to be its liabilities in respect of Canadian nolicies issued since the date on which a license is first obtained under this Act, including a reserve based on such mortality and other tables as are, in the opinion of the Superintendent. applicable and a rate of interest not exceeding four per cent per annum, and the policyholders in Canada of any such society shall, for the purpuses of section forty-two of this Act, be deemed to be the holders of such policies.
" 112. (1) The annual statements deposited in the Department under the provisions of this Act," by every fraternal bencfit society incorporated within Canada and licensed under this Part, shall be in the form $A$ in the schedule to this Ant, with such changes therein as the sunerlntendent may from time to time deem necessary to better exhiblt the condition and affalrs of the society and the state of its varlous tunds.
(2) The said annual statement shall include in the llabllities a reserve for the mortuary bencfits in which all the factors entering lnto the calculation are based upon the Natlonal Fraternal Congress table of mortality and four per cent interest or such higher reserve as the soclety is required by its Act of incorporation to maintain, and shall contain a report made by an actuary appointed by the society, Including therein, in such detail as the Superintendent

may from time to time require, the results of an actuarial valuation, as at the date of the statement. of each of the benefit funds maintained by the society, having regard to the prospec ive liabilities of, and contributions to, each fund, and the actuary shall certify as to each fund that. in his opinion, the reserve shown by such valuation, together with the premiums, dues and other contributions to be thereafter received from the members according to the scale in force at the date of valuation, is sufficient to provide for the payment at maturity of all the obligations of the fund without deduction or abatement.
(3) The reserve shown by such valuation, in respect of the funds other than the mortuary fund, or at the option of the society any higher leserves, shall be entered as liabilities of the funds, and if the valuation of the mortuary fund made by the actury shows a reserve lower than that prescribed by the last preceding subsection to be included in the liabilties, the said lower reserve may be substituted therefor.
14) The annual statement of Canadian business deposited in the Department under the provisions of this Act by every fraternal benefit society incorporated, and having its head office outside of Canada and licensed under this Act, shall be in the same form, so far as applicable, as is required of such societies incorporated within Canada. The annual statement of general business deposited by such soclety shall comply with the provisions of subsections two and three of this section.
(5) Any statement mentioned in this section shall, to the extent the Superintendent may require, show separately the business in respect of policies issued in Canada after the date on which a license was first obtained under this Act.
"113. (1) If it appears to the Superintendent. from the annual statement filed with him or from any examination or valuation made in pursuance of this Act, that the assets of any fraternal benefit society licensed under this Act, or of any benefit fund thereof, are insufficient to provide for the maturity of its policies without deduction or abatement or without increase of premiums or additional premiums, he shall make a special valuation of the policies of the society, and if the result of such valuation confirms him in his opinion, he shall make a special renort to the Minister on the condition of the society and shall in such report show the amount of the deficiency in the society's assets.
(2) If the Minister after consideration of the said report concurs in the opinion of the Superintendent, he shall request the society within such time, not exceeding four years, as he may prescribe, to make such increase in its premiums or such reduction in the benefits payable under its contracts or otherwise, as will make good the deficiency:
(3) On receipt of such request the society shall take the steps prescribed by its charter or Act of incorporation or by its constitution and laws for putting into effect such changes as may be approved by an actuary for the purpose of making good the deficiency.
(4) The members of any such society incorporated under the laws of Canada, may by by-laws passed in accordance with its said Act or with its constitution and laws, reduce the benefits or increase the premiums payable under its contracts or any class or classes thereof or make such nther changes as are necessary to comply with the request of the dinister aforesald. and such by-law when so passed shall be binding on the members notwithstanding anything to the contrary in the society's special Act, or in its constitution and laws or in any policy or certificate heretofore or hereafter issued by the society.
(5) If the society does not within the time so prescribed comply with the request of the Binister. the license of the society may be withdrawn.
(6) This section shall not before the thirty-first day of March, one thousand nine hundred and twenty-five, apply to any fraternal benefit soclety which obtains a license under the provisions of sections one hundred and eight and one hundred and nine of this Part.
"114. Every fraternal benefit society licensed under this Act shall, not later than the first day of June in each year, mail to each policyholder in Canada a copy of the valuation balance sheet on the basis used for the purpose of the annual statement mentioned in subsection two of section one hundred and twelve of this Act, and an explanation of the facts concerning the condition of the society thereby disclosed; or in lieu thereof, shall publish in its official naner such balance sheet and explanation and mail a copy of the issue of said paper containing the same to each of the society's policyholders in Canada.
"114A. Every fraternal benefit society which on the thirty-first day of December, one thnusand nine hundred and nineteen. was licensed under the provisions of The Insurance Act, 1917, shall continue to maintain such separate funds as it was required by its charter or by its constitution and laws to maintain at the sald date.
"114b. (1) Every fraternal benefit society licensed under this Act may maintain such additional separate funds as may from time to time be authorized by by-law, validly enacted by the society and approved by the Superintendent.
(2) Nothing in this Act, or in the charter. Act of incorporation, or articles, or memorandum of association. of any such society incorporated under the laws of Canada, shall be held to prohibit the society from insuring the dependent children of the members of the society: Provided. hnwever, that the receipts and payments in respect of any contracts insuring such children shall be credited or charged to a separate fund maintained by the society.
" 114 c . Nothing in this Act shall he held to prohibit any fraternal benefit society licensed under this Act. or any subordinate lodge of any such soclety so licensed, from contracting with any member of such society or lodge for the payment to such member of a sickness benefit of such amount and for such period as may be authorized by a validly enacted by-law of the society and by the Treasury Board, and any provision of the charter, Act of incorporation or articles or memorandum of association of any such society incorporated under the lavs of Canada. which prohibit any such society or any such lodge from so contracting, is hereby repealed.
"115. It shall be a condition of the license granted to any fraternal benefit society under this Part. Whether such condition be expressed in the license or not, and for the breach of which its license may be cancelled or withdrawn by the Minister, that no policy of life insurance shall be issued in Canada bs the society until a copy of the form thereof has been mailed by prepaid registered letter to the Superintendent, and that every such policy shall contain in substance the following terms or provisions:-
(a) It shall specify the amount of the benefit or benefits provided thereby, and shall have printed in type not smaller than ten-point a provision that the policy, the charter or articles of incorporation or association, the constitution and laws of the society and all amendment to each thereof, together with the application and medical examination paper signed by the applicant, shall constitute the agreement between the society and the nember, and copies of the same certified by the secretary or corresponding officer of the society shall be received in evidence of the terms and conditions thereof, and any changes, additions or amendments to said charter or articles of incorporation or association, constitution or laws of such society, if a society incorporated under the laws of Canada. duly made or enacted subscquent to the issuance of the policy or certificate, shall bind the member and his beneficiaries and shall govern and control the agreement in all respects the same as though such changes, additions or amendments had been made prior to. and were in force at the time of. the application for membership, unless otherwise provided in such change, addition or amendment.
(b) It shall have printed as aforesaid a provision that the right is expressly reserved by the society to change by amendment of its by-laws constitutionally enacted the rates of premium navable by the members or the benefits payable by the society for the purpose of complying with the provisions of any statute law applicable to the society.
(c) If the policy is issued by a society incorporated, and having its head office, outside of Canada, it shall provide that an action to enforce the obligations of such policy may be validly taken in any court of competent jurisdiction in the province wherein the nolicyholder resides or last resided before his decease.
"116. The term 'Actuary' in this Part means a Fellow of the Institute of Actuaries of Great Britain. the Faculty of Actuaries of Scotland or the Actuarial Society of America: Provided, however, that an actuary who for a period of not less than five years preceding the date of the bassing of this Act has been serving any fraternal benefit society transacting business in Canada on the said date as its actuary, and who has been in active practlce as an actuary for a period of not less than twenty-five years prior to the said date, may, for the furposes of this Act, with the consent of the Superintendent, be continued as the actuary of any fraternal benefit society by which at the said date he is employed as actuary."
4. This Act. with the exception of section one hundred and thirteen as enacted by section three of this Act, shall come into force on the first day of January, one thousand nine hundred and twenty, and the said section one hundred and thirteen shall come into force on the passing of this Act.

## SHORT TITLE.

1. This Act may be cited as the "Fire-insurance Policy Act." R.S. 1911, c. 114, s.1.

## LIABILITY UNDER POLICIES.

2. Where, by reason of necessity, accident, or mistake, the conditions of any contract of fire insurance on property in this Province, as to the proof to be given to the insurance company after the occurrence of a fire have not been strictly complied with. or where, after a statement or proof of loss has been given in good faith by or on behalf of the assured in pursuance of any proviso or condition of such contract, the company, through its agent or otherwise, objects to the loss upon other grounds than for imperfect compliance with such conditions, or does not. Within a reasonable time after receiving such statement or proof, notify the assured in writing that such statement or proof is objected to, and what are the particulars in which the same is alleged to be defective, and so from time to time, or where for any other reason the Court or Judge before whom a question relating to such insurance is tried or inquired into considers it inequitable that the insurance should be deened void or forfelted by reason of imperfect compliance with such conditions, no objection to the sufficiency of such statement or proof, or amended or supplemental statement or proof (as the case may be), shall, in any of such cases. be allowed as a discliarge of the llability of the company on such contract of insurance wherever entered into. R.S. 1911, c. 114, s. 2.
3. Where the loss (if any) under any policy has, with the consent of the company, heen made payable to some person other than the assured, as mortgagee, the said policy shall not be cancelled, altered, or otherwise dealt with by the company upon the application of the assured without reasonable notice to the said mortgagee. R.S. 1911 c. 114, s. 3.
4. The conditions set forth in the Schedule to this Act shall, as against the insurers, be deemed to be part of every contract. Whether sealed. written, or oral, of fire insurance hereafter entered into or renewed or otherwise in force in British Columbia with respect to any property therein. or in transit therefrom or thereto, and shall be printed on every policy of fire insurance. with the heading "Statutory Conditions." R.S. 1911, c. 114, S. 4.
5. If any insurance company or other insurer desires to vary the said conditions, or to omit any of them, or to add any new condition, there shall be added immediately after such conditions words to the following effect, which with any such variation, addition, or reference to omissions shall be printed in conspicuous type and in red ink:-

## VARIATIONG IN CONDITIONS.

This policy is issued or the above statutory conditions, with the following variations and additions :-

These variations (or as the case may be) are, by virtue of the British Columbia Statute in that behalf. In force so far as, by the Court or Judge before whom a question is tried relating thereto. they shall be held to be just and reasonable to be exacted by the company:

Provided, however, that the provisions of this section shall not authorize a company or other insurer to vary, omit, or add to the statutory condition $22: 1916$, c. 29, s. 2.

Provided also that a policy may contain a coinsurance clause, but in such case there shall be printed or stamped across its face in conspicuous type and red ink the words: "This policy contains a coinsurance clause."
6. No such variation, addition or omission shall, unless the same is distinctly indicated and set forth in the manner or to the effect aforesaid, be legal and binding on the assured; and $n o$ question shall be considered as to whether any such varittion, addition or omission is under the circumstances just and reasonable; but, on the contrary, the policy shall, as against the insurers, be subject to the statutery conditions only, umless the variations, additions, or omisslons are distinctly indicated and set forth in the manner or to the effect aforesid. R.S. 1911, c. $114 . \mathrm{s}$. 6 .
7. In case a policy is entered into or renewed containing or including any condition other than or different from the conditions set forth in the Schedule to thls Act, if the said condition so contained or included is held by the Court or Judge before whom a question relating thereto is tried to be not just and reasonable, such condition shall be null and void. IRS. 1911. c. 114. s. 7.
8. A decision of a Court or a Judge under this Act shall be subject to review or appeal to the same extent as a decision by such Court or Judge in other cases. R.S. 1911, c. 114, S. S.
9. Notwithstanding the provisions or conditions contained In any contract of fire insurance within sections 2 and 25 of the "British Columbla Iire Insurance Act" or any agreement or other document relating to any such contract, to the contrary, now or hereafter entered into by any insurance company earrying on business in the rrovince of British Columbia, the insured shall, In the event of the charges and expenses of adjusting losses under any such contract or agreement not being in the oplnion of the Insured just and reasonable, have the right to refer the ltems of said charges and expenses to the Superintendent of Insurance, appointed under the provisions of the "Fritish Columbia Fire Insurance Aot," for adjustment, and the said SuperIntendent shall thereupon consider the same and shall have full power to reduce or increase the amount of said charges and expenses, and the decislon of the sald Superintendent shall hatinal and binding upon all parties concerned. 1916, c. 29, s. 5.

of the conditions set forth in the Schedule to this Act on policies of fire insurance before the first day of January, 1920. (New.)
11. The expression "premium paid," where used in clauses 10 and 11 of the statutory conditions, shall not be deemed to include premiums paid by an insurance agent to his company in pursuance of the contract of agency between them if the premium has not in fact been paid by the assured or other parties in interest to such agent.
12. The "Fire Insurance Policy Act," being chapter 114 of the "Revised Statutes of British Columbia, 1911," and the "Fire Insurance Policy Act Amendment Act, 1916," being chapter 29 of the Statutes of 1916, are hereby repealed. (New.)

## SCHEDULE.

(Sections \& and \%.)

## Statutory Conditions.

1. If any person insures property; and causes the same to be described otherwise than as it really is, to the prejudice of the company, or misrepresents or omits to communicate any circumstance which is material to be made known to the company, in order to enable it to judge of the risk it undertakes, such insurance shall be of no force in respect to the property in regard to which the misrepresentation or omission is made.
2. Any change material to the risk and within the control or knowledge of the assured shall a void the policy as to the part affected thereby, unless the change is promptly notified in writing to the company or its local agent; and the company when so notified may return the unearned portion (if any) of the premium which has been paid for the unexpired period and cancel the policy, or may demand in writing. by registered letter addressed to the assured at his last post-office address notified to the company, and where no address notified, then to the post-ofhce of the agency from which the application was received, an additional premium, which the assured shall if he desires the continuance of the policy, within fifteen days pay to the company; and if he neglects to make such payment within fifteen days after receiving such demand, the policy shall be no longer in force.
3. If the assured now has any other insurance on any property covered by this policy which is not disclosed to the company, or hereafter effects any other insurance thereon without the written assent of the company, he shall not be entitled to recover in excess of sixty per cent of the loss or damage in respect of such property; but if for any fraudulent purpose the assured does not disclose such other insurance to the company, this policy shall be void:
(a) If within two weeks after written notice of such other insurance or of any intended insurance, or after that time and before such other insurance is effected, the company does not dissent by notice in writing to the assured, it shall be deemed to have assented thereto.
4. In the event of there being any other insurance on property herein described at the time of the hapmening of any loss or damage in respect thereof, then this company shall be liable only for the payment of a rateable proportion of such loss or damage or of such amount as the assured shall be entitled to recover as provided by condition No. 3.
5. After application for insurance, if the same is in writing signed by the assured, it shall be deemed that any policy sent or delivered to the assured is intended to be in accordance with the terms of the application, unless the company, points out, in writing, the particulars wherein the pollicy differs from the application. If the policy has been issued on verbal application or instructions of the assured, it shall be deemed to be in accordance with such application or instructions, unless the assured points out to the company, in writing, the particulars wherein the policy differs from such application or instructions.
6. No condition of the policy, either in whole or in part, shall be deemed to have been waived by the company, unless the waiver is clearly expressed in writing, signed by an agent of the company.
7. Any officer or agent of the company who assumes on behalf of the company to enter into any written agreement relating to any matter connected with the insurance slall be deemed prima facie to be the agent of the company for the purpose.
S. Any written notice to the assured may be by letter delivered to the assured or by registered letter addressed to him at his last post-office address notified to the company, or where no adress is notified and the address is not known, addressed to him at the post-office of the agency (if any) from which the application was received.
8. Any written notice to the company may be delivered at the head office or chief agency of the comnany in the Province in which the property is situate, or sent by registered post addressed to the company, its manager or agent, at such head office or chief agency, or may be deliveren or sent by registered post to an authorized agent of the company.
9. The insurance may be terminated by the company hy giving to the assured fifteen days' notice in writing or five days personal notice to that effect, and, if on the cash plan, by tendering therewith a rateable proportion of the premium paid for the unexplred term, calculated from the termination of the notice, and the policy shall cease after such notice or notice and tender. as the case may be, and the expiration of the fifteen days or five days, as the case may be.
10. The insurance, if on the cash plan, may also be terminated by the assured by giving written notice to that effect to the company or its authorized agent, in which case the company may retain the customary short rate for the time the insurance has been in force, and shall repay to the assured the balance of the premiums paid.

12, If the property insured is assigned without a written permission ondorsed hereon by an agent of the company duly authorized for such purpose, the policy shall thereby become void; but this condition does not apply to change of title by succession, or by operation of law, or by reason of death.
13. Money, books of account, securities for money, and evidences of debt or title are not insured.
14. The company is not liable for the losses following, that is to say:-
(a) For the loss of property owned by any other person than the assured, unless the interest of the assured is stated in or upon the policy, nor for loss beyond the actual value destroyed by fire, nor for loss occasioned by ordinance or law regulating construction or repair of buildings:
(b) For loss caused by invasion, insurrection, riot, civil commotion, military or usurned power:
(c) Where the insurance is upon buildings or their contents, for loss caused by the want of good and substantial brick or stone or cement chimneys, or by ashes or embers being deposited, with the knowledge and consent of the assured, in wooden vessels, or by stoves or stovepipes being, to the knowledge of the assured, in an unsafe condition or improperly secured:

## SESSIONAL PAPER No. 8

## Fire Prevention.

During the past year the fire prevention movement in Canada has made substantial progress. Signs are manifest that an awakened public interest in the subject is already bearing fruit in a diminished fire loss. While complete statisties for Canada are not available, property values destroyed by fire in the year 1919 amonnted to approximately $\$ 2,000,000$ as compared with $\$ 33,000,000$ in 1918 , and $\$ 25,000,000$ in 1917 . This reduction has been brought about despite constantly appreciating values and is largely to be accounted for by the fact that destruetive fires in large properties were less numerous in 1919 than in former years. The provinces in which organized fire prevention campaigns were earried on during the year report the greatest decrease in loss by fire. In Ontario, Manitoba and Saskatchewan combined, the reduction amounted to almost forty per cent over the year 1915.

Unfortunately, the loss of life by fire in 1919 was not greatly less than in former years, the total number of deaths being 239. Classified by causes, returns show that 131 persons lost their lives in burning buildings, 35 through kindling fires with coal-oil and gasolene, 24 through ignition of clothing from open fires and lights, 23 through playing with matches, 14 in bush fires and 12 by miscellaneous explosions. Children were the vietims in 60 per cent of these fatalities.

In the last annual report of this Department attention was ealled to the fact that substantial improvement in the fire waste situation could only be effected by more adequate protection of manufacturing and mereantile properties. That these elasses of property are responsible for a large proportion of the fire loss is shown by the statisties now available. While 17,000 fires cansed the destruction of property valued at approximately $\$ 21,000,000$ during the year 1919 , almost fifty per cent of this loss was oceasioned by 51 fires. These fires oecurred in the following classes of property and in many cases resulted in heavy losses which might have been obviated by the installation of modern automatic sprinkler protection.

| Class. | No. of res. | Total Loss. |
| :---: | :---: | :---: |
| Woodworking Plants. | 8 | \$1,950,000 |
| Grain and Flour Mill Properties. | 7 | 1.688,000 |
| Metal Working Plants.. | 5 | 1. 153,000 |
| Miscellaneous Industries. | 7 | 1,250,000 |
| Mercantile Properties.. | 11 | 1,527,000 |
| Institution Buildings. | 4 | 1, 050,000 |
| Conflagrations....... | 9 | 2,700,000 |
|  | 51 | \$11,318,000 |

The conelusion drawn from the reports of individual fires is supported by the returns from cities, towns and villages in Canada. Herewith is appended a comparative table of the total losses and per capita losses in the larger cities and towns. In cities with a population exceeding 10,000 the total property loss was $\$ \$, 818,933$ and the average per eapita loss $\$ 2.87$; in towns having a population of from 5,000 to 10,000 the total property loss was $\$ 1,399, \$ 11$ and the average per capita loss $\$ 3.49$, and in towns and villages with a population of from 1,000 to 5,000 the total property loss was $\$ 1,795,996$ and the average per eapita loss 83.11 . These figures were gathered from munieipal offieials in the form of monthly returns and while they must be regarded as estimates only, they elearly show the places in which destruetive fires oecurred.

## UNDERWRITING PROFIT.

In last year's report a tabulation was made showing the underwriting profit realized from the business of fire insurance in Canada, by decades for the fifty years 1869 to 1918 , inclusive, and separately for each of the last five years. The results may be summarized as follows, the ratios given being the underwriting profit per cent of cash premiums received.

| Period. | Canadian Companies. | British Companies. | Foreign Companies. | All Companies. |
| :---: | :---: | :---: | :---: | :---: |
| 1869-7S | -15.01 | $-17.56$ | $-2.28$ | $-15 \cdot 29$ |
| 1579-85. | $-2.13$ | $10 \cdot 20$ | 16.59 | $7 \cdot 59$ |
| 1859-98. | 0.52 | $3 \cdot 84$ | $-0.85$ | $2 \cdot 65$ |
| 1893-08. | $-1.65$ | $5 \cdot 43$ | 9.06 | 4.62 |
| 1909-18. | 2.85 | $9 \cdot 65$ | 7.26 | 7-68 |
| For fifty years.... | -0.84 | 6.31 | 7.03 | 4.99 |
| 1915. | 1.77 | $17 \cdot 30$ | $16 \cdot 34$ | 14.32 |
| 1916. | $12 \cdot 52$ | 3.88 | 4.81 | $5 \cdot 72$ |
| 1917. | 9.14 | 6.67 | -0.11 | 4.85 |
| 1918. | $10 \cdot 84$ | 7.29 | $2 \cdot 14$ | $6 \cdot 16$ |
| 1919. | 7.00 | $11 \cdot 38$ | $14 \cdot 61$ | 11.75 |
| For five years. . | $8 \cdot 37$ | $9 \cdot 18$ | $7 \cdot 58$ | $8 \cdot 53$ |

The foregoing rates of underwriting profit are computed by deducting from the premiums earned the losses and expenses incurred, the premiums earned being arrived at by deducting from the premiums written the increase in the full unearned premium reserve. No special allowance is made for conflagration losses for the reason that interest on the reserve funds is not taken into account in the calculation and also for the reason that the losses from conflagrations are included in the losses incurred and the period over which the figures extend will be conceded to be sufficiently long to give proper effect to the law of average, even in the case of a factor subject to such great fluctuations as conflagrations.

## UNLICENSED AUTOMOBILE INSURANCE.

It has been brought to the attention of the Department during the year that a considerable amount of unlicensed insurance on automobiles is being placed by owners of property situated in Canada and that no return has been made of this insurance under the provisions of the Insurance Act.

It should be pointed out that in so far as this insurance covers against loss by fire it is subject to the provisions of section 129 of the Insurance Act and that a return is therefore required to be made in the same way as if the insurance were placed on real property. It is also necessary, in order that such business may be legally inspected and losses legally adjusted, that the insurance shall have been effected outside of Canada and without any solicitation whatsoever, directly or indirectly, on the part of the company or underwriters with whom the same is placed.

In so far as the insurance covers against hazards other than fire no permission is granted by the Act for the inspection of the risk or the adjustment of the loss. Section 132 of the Act expressly excludes the said permission from the fire provisions made applicable by that section to casualty business. The transaction of such business is therefore a violation of the Act and renders the inspector or adjuster subject to the penalties preseribed by the Act.

NEW LICENSES ISSUED.
Since the beginning of the year several applications have been received from insurance companies for licenses to transact business under the Insurance Act, 1917.
