FINANCE DEPARTMENT,
OTTAWA.

The Hon. Sir HENRY DRAYTON, K.C., K.B.,
Minister of Finance, Ottawa.

SIR,—I have the honour to submit to you the Public Accounts of Canada for the fiscal year ended March 31, 1920.

In carrying out the policy of making the balance sheet simple and illustrative its usual form has, under the personal supervision of Mr. Geo. Edwards, F.C.A., C.B.E., of the well-known firm of Messrs. Edwards, Morgan and Company, Chartered Accountants, Head Office in the city of Toronto, been revised and set up in a manner more in conformity with those of banks, railway corporations and other financial institutions. Mr. Edwards and his firm have given considerable attention to this revision without remuneration. The revised balance sheet will undoubtedly be favourably received by outside business concerns.

Certain tables, which have been reproduced from year to year hitherto without alteration, have, for considerations of economy, been omitted from the published accounts for the fiscal year ended March 31, 1920, as no longer serving any useful purpose, and also as tending to emphasize the value of the tables which have been retained. Information contained in the tables now omitted may be found in the published accounts for the previous year. A footnote to the "Table of Contents," with which the present publication is prefaced, will indicate the tables so omitted.

In further compliance with your instructions, the usual method of arriving at the net debt of the Dominion has been modified by not including non-active assets, as explained to Parliament in your Budget Speech of last Session, the result, when the accounts of the year were finally closed, being an increase of the net debt from \$1,964,853,618.62 (the amount which would have been determined under past method) to \$2,248,868,623.79, the difference being \$284,015,005.17, representing non-active assets referred to in your Budget Speech of May 18, 1920, as follows:—

"It is obvious that the advances to the Canadian Northern, Grand Trunk Pacific, and Grand Trunk Railway Companies cannot be treated as active assets. They are not at the moment realizable; further, no interest is being paid, and in some cases the principal as well as interest is over-due. As is well known, Canada is now the owner of the Canadian Northern, receiver for the Grand Trunk Pacific, and steps have been taken for the acquisition of the Grand Trunk. While the Railways have potential

"value, at the present time the fact is that the country itself owns the
 "Canadian Northern and is responsible for the operation of the Grand
 "Trunk Pacific, with resultant heavy cost to the taxpayer.

"Assets which are not readily convertible, as the specie reserve is con-
 "vertible, or are not interest producing, are not such assets as ought to be
 "deducted from the gross debt. They are inactive, they are items of such
 "a character as might well be placed in a suspense account. At any rate,
 "whatever may be their future value, however great it may be, they are
 "not assets of such a character as to directly reduce the gross debt any
 "more than the other capital accounts of the country ought to be deducted
 "from it.

"I would therefore reduce the deductions made from the gross debt by
 "the railway items already referred to, and on the same grounds after making
 "a study of the amounts making up the \$39,000,000 odd charged to mis-
 "cellaneous investments, I would reduce that item by \$11,015, 951.20, and
 "the item, miscellaneous and banking accounts, of \$175,000,000 odd by the
 "sum of \$56,592,463.12. While the charge against the Imperial Government
 "is correctly stated as of the above date, beyond all question there are
 "further contra accounts of the Imperial Government which will approxi-
 "mately reduce this credit item by some \$33,033,333.34. The result of
 "providing for this contra account and of treating the inactive items as
 "items that ought to go in suspense or capital account is to reduce the
 "investments included in calculating the net debt by \$337,359,124.07, and to
 "increase the net debt as shown from \$1,935,946,312.85 to \$2,273,305,436.92."

SESSIONAL PAPER No. 8

DEPARTMENT OF INSURANCE,
OTTAWA, JUNE 30, 1921.

To the Honourable Sir HENRY DRAYTON,
Minister of Finance.

SIR,—I have the honour to submit herewith the statements in detail of insurance companies transacting the business of insurance other than life insurance in Canada during the year 1920, together with such tabulated summaries of those statements as are necessary to exhibit the progress of the business and the condition of the companies.

The statement of life insurance companies will be submitted in a later volume.

Fire Insurance, 1920.

During the year 1920, the business of fire insurance was transacted in Canada by 152 companies, as compared with 134 companies on the preceding year. Of the 152 companies, 43 were Canadian, 54 British and 63 Foreign. Four of the Canadian companies, The Canadian Surety Company, The Imperial Guarantee and Accident Insurance Company, The London and Lancashire Guarantee and Accident Company of Canada and The North American Accident Company, and three British companies, The Marine Insurance Company, Limited, The Motor Union Insurance Company, Limited, and The Union Marine Insurance Company, Limited, transacted fire insurance only in connection with their automobile business.

The list differs from that of 1919 by the addition of four Canadian companies, Canadian Insurance and Guarantee Company, The Pacific Marine Insurance Company, Reliance Insurance Company of Canada, and The Scottish Assurance Corporation; six British companies, the Essex and Suffolk Equitable Insurance Society, Limited, The Merchants Marine Insurance Company, Limited, The National Provincial Plate Glass and General Insurance Company, Limited, Railway Passengers Assurance Company, The Royal Scottish Insurance Company, Limited, and The Traders and General Insurance Association, Limited; and eight foreign companies, Caledonian-American Insurance Company, The Hardware Dealers Mutual Fire Insurance Company of Wisconsin, Manufacturing Wood Workers Underwriters, Minnesota Implement Mutual Fire Insurance Company, National Liberty Insurance Company of America, The Retail Hardware Mutual Fire Insurance Company, Sterling Fire Insurance Company of Indiana, and Tokio Marine and Fire Insurance Company, Limited.

Since the beginning of the year 1921, licenses for fire insurance have been issued to the following companies:—The Caxton Insurance Company, Limited, and The Pacific Fire Insurance Company.

The results of the year's operations in fire insurance in Canada may be shown by the following figures, the ratios for 1919 being also given for the purpose of comparison:—

| | Net premiums received. | Net losses paid. | Ratio losses paid to premiums received. | The same 1919. |
|-------------------------|------------------------------|------------------------|---|-------------------|
| | \$ | \$ | % | % |
| Canadian companies..... | 8,003,456 | 3,198,302 | 39.96 | 42.63 |
| British companies..... | 25,332,651 | 10,985,183 | 43.36 | 41.16 |
| Foreign companies..... | 17,191,830 | 7,751,902 | 45.09 | 41.97 |
| Totals..... | 50,527,937 | 21,935,387 | 43.41 | 41.67 |
| Totals for 1919..... | 40,031,474 | 16,679,355 | | |

10 GEORGE V, 1920

The foregoing figures do not take into account the change during the year in the uncollected premiums and agents' balances, the change in the reserve of unearned premiums or the change in the outstanding unpaid losses of the companies. In other words, the figures are compiled on a cash, not a revenue, basis, and therefore are not the most suitable for ascertaining the profit or loss on the underwriting for the year. If there is deducted from the premiums written during the year the increase in the reserve of unearned premiums during the year there is obtained the amount of premiums earned and by comparing with this the amount of losses incurred, the actual loss ratio for the year is obtained. These ratios will be found on pages clxxiv, and clxxvi, and may be summarized as follows:—

| | Premiums earned. | Losses incurred. | Ratio losses incurred to premiums earned. | The same 1919. |
|-------------------------|---------------------|---------------------|---|-------------------|
| | \$ | \$ | % | % |
| Canadian companies..... | 6,917,786 | 3,274,484 | 47.33 | 45.80 |
| British companies..... | 22,519,099 | 11,229,301 | 49.87 | 44.39 |
| Foreign companies..... | 15,148,698 | 8,457,300 | 55.83 | 43.58 |

| Totals for 1919..... | 37,832,714 | 16,774,994 | | |

Following the practice commenced last year a separation of the figures regarding the business according to the term of the policies has been required by the statement form and this year the figures for all companies are complete. The figures are as follows:—

| — | Rates of losses incurred per cent of premiums earned. | | | | | |

Premiums and Losses Compared with Risks.

The average rate of premiums charged on each \$1,000 of risks taken in 1920 is 10.476 as against \$10.616, which was the corresponding rate in 1919. The individual rates for the different companies will be found in the table on page xvi, and will be seen to vary considerably, as might be expected, considering the varieties of the business done by the companies.

The losses, incurred (approximate) during the year, compared with the amount of risk current (taking for this the mean of the amounts in force at the beginning and end of the year), have been at the average rate of \$4.22 per \$1,000 current risk. The corresponding rates for 1882-3-4-5-6-7-8-9-10-1-2-3-4-5-6-7-8-9-1900-1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19, are \$5.68, \$5.56, \$5.37, \$4.54, \$4.58, \$5.70, \$4.70, \$4.19, \$4.84, \$5.33, \$5.61, \$6.17, \$5.50, \$5.75, \$5.15, \$5.38, \$6.20, \$4.99, \$3.38, \$6.68, \$4.03, \$5.22, \$12.05, \$4.88, \$4.97, \$5.69, \$6.41, \$4.83, \$5.61, \$5.07, \$4.73, \$5.00, \$4.67, \$3.91, \$4.49, \$4.60, \$4.28 and 3.55 respectively.

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following computed on the above basis, where for convenience of comparison, the corresponding rates for 1919 are also shown:—

SESSIONAL PAPER No. 8

British Fire Companies.

The total cash receipts for fire premiums were \$25,332,651 being an increase of \$4,954,779, as compared with the previous year; the payments for fire losses, were \$11,004,078, being \$2,616,214 greater than for 1919 while the general expenses amounted to \$9,020,281, being \$1,898,451 greater than in 1919, thus showing a balance of \$5,308,292 favourable to the companies. In the previous year there was a favourable balance of \$4,868,178.

The following details give the balances for the different companies:—

Balances in favour.—Alliance, \$80,613; Atlas, \$233,349; British Crown, \$26,023; British General, \$34,222; British Traders, \$43,511; Caledonian, \$117,941; Car and General, \$41,418; Century, \$69,950; China, \$5,784; Commercial Union, \$205,744; Eagle, Star and British Dominions, \$98,076; Employers' Liability, \$68,849; Essex and Suffolk, \$20,007; General Accident, \$101,722; Guardian, \$489,289; Law, Union and Rock, \$78,181; Liverpool and London and Globe, \$345,202; London Guarantee and Accident, \$30,611; London and Lancashire, \$157,594; London Assurance, \$168,886; National Benefit, \$8,402; National Provincial Flute Glass, \$8,545; North British and Mercantile, \$204,570; Northern, \$240,370; Norwich Union, \$237,654; Ocean Accident, \$47,508; Palatine, \$72,801; Phoenix of London, \$455,108; Provincial, \$48,622; Queensland, \$71,578; Royal Exchange, \$187,395; Royal, \$561,343; Royal Scottish, \$26,397; Scottish Metropolitan, \$29,736; Scottish Union and National, \$127,680; Sun, \$185,908; Traders and General, \$13,009; Union Assurance, \$216,139; Union of Canton, \$91,712; Yangtze, \$10,098; Yorkshire, \$46,745; Total balance in favour, \$5,308,292.

For every \$100 of premiums received there was spent on the average \$43.44 in payment of losses, and \$35.60 for general expenses.

In 1919 the loss rate was \$41.16, and the general expenses \$34.95, for every \$100 of premiums received. For the fire business the rate of premium was \$10.555 per \$1,000 of risks taken as against \$10.622 in 1919.

Hence these companies have transacted a larger volume of business than in 1919, at a lower rate of premium, a higher rate of expense and at a higher rate of fire losses.

The results of the total business of these companies from 1875 to 1920, inclusive, are as follows:—

| | |
|--|----------------------|
| Paid for losses (1875-1920)..... | \$195,381,695 |
| Paid for general expenses..... | 103,156,143 |
| Total payments..... | <u>\$298,537,838</u> |
| Received for premiums..... | 339,918,826 |
| Excess of receipts over expenditure..... | <u>\$ 41,380,988</u> |

It will be seen, from an examination of the table below, that an adverse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned year, when the losses paid by British companies amounted to almost five millions of dollars; that such adverse balance was reversed at the end of the year 1887, when a favourable balance of \$341,938 was shown, and that this favourable balance increased thereafter from year to year (with the exception of the year 1893) up to the close of 1899, when it amounted to \$5,029,980. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half million dollars. To this is due the large deficit of that year, \$1,365,476, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to \$3,664,504 which sum had been still further reduced to \$3,512,636 at the end of 1901. The favourable experience for the years 1902 and 1903 increased this balance to \$7,123,044 at the end of 1903, but it was again reduced by the unfavourable experience of 1904 to \$3,969,472. During the past sixteen years the favourable balance has been largely increased and now amounts to \$41,380,988.

Foreign Fire Companies.

The total cash receipts for fire premiums were \$17,191,829, being an increase of \$3,954,062 as compared with the previous year; the payments for fire losses were \$7,751,902 being greater by \$2,196,634 than that of 1919, and the general expenses, \$6,087,763 being \$1,604,703 greater than for 1919, thus showing a balance of \$3,351,919 favourable to the companies. In the previous year there was a favourable balance of \$3,199,439.

These companies have, therefore, transacted a larger volume of business at a higher rate of expense and a higher loss rate than in 1919.

Net balance in favour.—\$3,352,164.

For every \$100 of premiums received there was spent on the average \$45.09 in payment of losses, and \$35.41, for general expenses.

In 1919 the loss rate was \$41.97, and the general expenses, \$33.87 for every \$100 of premiums received.

For the fire business the rate of premiums was \$10.369 per \$1,000 of risks taken as against \$10.218 in 1919.

Hence these companies have transacted a larger volume of business than in 1919 at a higher rate of premium, a higher rate of fire losses and at a higher rate of expense.

The results of the total business of these companies, from 1875 to 1920 inclusive, are as follows:—

Canadian Companies.

In considering the Canadian companies, their whole fire insurance business, in Canada and elsewhere, as well as their marine business and business in other branches, must be taken into account, inasmuch as a separation of expenses between these branches has not been made.

The following table gives the distribution of fire business between Canada and elsewhere for the eleven companies which transacted business outside of Canada during the year, and shows that the loss rate for the home business was, on the whole, more favourable to the companies than for the foreign business.

SESSIONAL PAPER No. 8

The subjoined table gives the rate per cent of losses paid, as compared with premiums received, upon business done in Canada and other countries by Canadian companies during the years 1878 to 1920 inclusive, a perusal of which will show that, taken over the whole period, the Canadian business shows a more favourable loss rate than the business transacted in other countries.

11 GEORGE V, A. 1921

The assets of the forty-three Canadian companies transacting fire business amounted at the end of the year to \$39,640,839.32. They have subscribed capital not paid up, amounting to \$9,241,072. The liabilities of the same companies amounted to \$19,407,866.74, made up as follows:—

| | |
|------------------------|-------------------------|
| Unsettled losses..... | \$ 4,950,257.23 |
| Unearned premiums..... | 10,908,022.97 |
| Sundry..... | 4,374,692.38 |
| | <u>\$ 20,232,972.58</u> |

The unearned premiums are here taken at 80 per cent of the *pro rata* portions of the gross premiums for the time unexpired in the cases of fire and inland marine insurance, and 80 per cent of the whole premiums in the case of a current ocean risk. The surplus of assets over liabilities available for the protection of policyholders, independent of the subscribed capital not paid, amounts to \$19,407,866.74.

The capital stock of these companies paid in cash amounts to \$13,884,478.

The following table gives the conditions at the end of 1920 of all the Canadian stock companies in reference to the surplus on account of policyholders.

SESSIONAL PAPER No. 8

The following table shows the total gain or loss in the surplus to policyholders during the year in respect of each company, and shows also the various sources of this gain or loss. All contributions by shareholders, whether for capital or premium on capital, appear as gains in surplus, while forfeited stock and reduction of capital are disregarded.

In the first column there is tabulated the "Underwriting Profit." This is the excess of premiums earned over losses incurred and expenses incurred. The premiums *earned* are arrived at by the adding to net cash received for premiums the outstanding premiums at the end of the year and deducting the outstandings at the beginning of the year. From the net premiums *written* thus obtained there is deducted the increase in the *unearned* premiums. Where the losses and expenses incurred are in excess of the earned premiums there is an underwriting loss, which is tabulated in the sixth column.

In the second column there is tabulated the interest and rent earned. This is obtained in a manner similar to that of the premiums *written*, by adding to the cash received for interest and rents the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column the payments by shareholders are shown, and in the fourth column the gains from other sources. This latter column will include gain in market values of investments, decrease in unsecured unlicensed reinsurance reserve, etc.

The fifth column gives the total of the first four columns. In the sixth column is given the underwriting loss, and in the seventh the losses, through other sources, such as bad or doubtful investments and other assets, loss in market value of investments, increase in unsecured unlicensed reinsurance reserve, etc. The eighth column shows the dividends declared during the year. The ninth column gives the totals of the sixth, seventh, and eighth. The last column being the difference between the fifth and the ninth, gives the total net gain or loss in surplus, the minus sign denoting a loss.

The total net gain in surplus is \$1,149,831.94. As, however, there was received from shareholders during the year \$771,620.33 as additional capital, and \$122,793.96 as premium on capital, a total of \$894,414.29, it is seen that there has been an increase in surplus of \$255,417.65 from the sources other than the shareholders. In 1919 the increase in policyholders' surplus was \$1,387,789.28.

Twenty-seven companies show an underwriting profit, and the remaining sixteen an underwriting loss, the net loss amounting to \$84,138.16. In 1919 the net underwriting gain was \$986,603.64. The dividends declared were \$1,050,670.31, which is less than the \$1,462,285.02 interest and rent earned upon the investments. The gains from miscellaneous sources were \$322,119.92 consisting chiefly of increase in the market value of investments. The losses from miscellaneous sources were \$394,178.82, due largely to the disallowance of bad assets, depreciation in the values of securities and the creation of investment reserve funds.

11 GEORGE V, A. 1921

Including the whole business of the mixed companies, outside as well as within the Dominion it appears that the Canadian companies have received during the year 1920 a total cash income of \$23,276,848.64, which is made up as follows:—

| | The same in 1920. | The same in 1919. | The same in 1918. | The same in 1917. | The same in 1916. |
|-----------------------------|----------------------|----------------------|----------------------|----------------------|----------------------|

In the same way the cash expenditure during 1920 has been \$21,705,272.49 distributed among:—

| | The same in 1920. | The same in 1919. | The same in 1918. | The same in 1917. | The same in 1916. |

Thus it appears that for every \$100 of income there has been spent \$93.25, namely: for losses, \$52.01, for general expenses, \$36.57, and for dividends to stockholders, \$4.67. Hence, also, for every \$100 of premiums received there has been paid out \$100.20, namely: \$55.89 for losses, \$39.29 for general expenses, and \$5.02 for dividends to stockholders.

Provincial Licensees.

In order that the figures of the entire fire insurance business in Canada might be brought together in this report the Department has continued the practice of obtaining from the companies operating under Provincial licenses the essential items of their financial statements. These figures will be found on page xciii and the entire business may be summarized as follows:—

CASUALTY INSURANCE.

Insurance business other than fire or life was carried on in Canada during the past year by 126 companies: 30 Canadian, 32 British and 58 Foreign companies. Eighty-three of these companies likewise transacted fire insurance.

In addition to these 120 companies, there were seven fraternal orders or societies which carried on sickness insurance and also life insurance.

11 GEORGE V, A. 1921

CANADIAN COMPANIES.

Of these thirty-one Canadian companies which carried on business other than fire or life, nine transacted miscellaneous classes of business only. Of these, two transacted sickness insurance; two accident insurance; three combined accident and sickness; four plate glass insurance; two guarantee insurance; four automobile insurance; one steam boiler insurance; one burglary insurance; one live stock insurance; and one title insurance.

At the end of the year the assets of these companies amounted to \$4,847,129.55.

Their total liabilities amounted to \$1,317,443.15, made up as follows:—

| | |
|-----------------------------------|-----------------|
| Unsettled losses..... | \$ 199,444.12 |
| Reserve of unearned premiums..... | 683,643.33 |
| Sundry..... | 434,355.70 |
| | <hr/> |
| | \$ 1,317,443.15 |

The excess of assets over liabilities was \$3,529,686.40. The capital stock paid up in cash was \$1,430,256.29. There was thus a surplus over all liabilities and capital stock of \$2,099,430.11, being an increase in surplus over the preceding year 1919 of \$133,125.16.

The following table shows the total gain or loss in policyholders' surplus during the year in respect to each company, and likewise shows the various sources of this gain or loss.

In the first column there is tabulated the "Underwriting Profit." This is the excess of premiums earned over loss incurred and expenses incurred. The premiums earned are arrived at by adding to the net cash received for premiums the outstanding premiums at the end of the year, and deducting the outstandings at the beginning of the year. From the net premiums *written* thus obtained, there is deducted the increase in the *unearned* premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the sixth column.

In the second column is tabulated the interest and rent earned. This is formed in a similar manner to that of the premiums *written*, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column is tabulated the amount received from shareholders during the year.

In the fourth column the gains from other sources are tabulated. This will include gain in market value of investments, etc.

The fifth column gives the totals of the first four columns.

In the sixth is given the underwriting loss, and in the seventh the losses through other sources, such as losses on investments, loss in market value of investments, etc. In the eighth column are tabulated the dividends declared during the year. The ninth column gives the totals of the sixth, seventh and eighth. The last column, being the difference between the fifth and the ninth, gives the total net gain or loss in policyholders' surplus, the minus sign denoting a loss.

The total net gain in surplus was \$157,493.70. Six companies made a gain and three companies showed a loss.

The dividends declared amounted to \$106,234.57 which is less than the interest and rent earned upon investments. The total net underwriting gain was \$15,534.60 as against a gain of \$2,220.76 in 1919.

ACCIDENT INSURANCE, 1920.

Accident insurance may be subdivided into two classes, viz.: *Liability Insurance* and *Ordinary Accident*, which includes personal accident and accidental damage to personal property.

A number of companies have also issued a combined accident and sickness policy for which the premiums and claims are not separately shown.

The business of accident insurance was transacted by thirty-four companies, viz.: ten Canadian, thirteen British, and eleven Foreign.

LIABILITY.

Of the thirty accident companies, twenty-eight transacted liability insurance, viz.: nine Canadian, twelve British, and six Foreign companies.

The total premiums received for this class of risks was \$3,162,518, and the losses paid amounted to \$1,542,198, with unsettled claims outstanding to the amount of \$1,062,497. The total premiums for the eighteen years for which separate figures are available are \$33,629,852, and the total claims, \$17,241,569.

An abstract will be found at page ccxvii.

ACCIDENT.

The total premiums for this class of business were \$2,341,214. The claims paid amounted to the sum of \$948,679, and there were outstanding at the close of the year unsettled claims amounting to \$254,205. The total premiums for the forty-one years for which separate figures are available are \$36,855,546, and the total claims, \$15,284,698.

An abstract will be found at page ccxiv.

COMBINED ACCIDENT AND SICKNESS.

The premiums received amounted to \$1,073,158 and the claims paid to \$543,358. There were outstanding at the close of the year unsettled claims amounting to \$89,162. The total premiums for the seven years for which separate figures are available are \$5,109,491, and total claims \$2,643,337.

An abstract will be found at page ccxiv.

AUTOMOBILE INSURANCE, 1920.

The business of automobile insurance has this year, as last year, been divided into two classes that including fire risk designated and that excluding fire risk designated. The former class is termed Automobile (A) and includes policies insuring against fire only and against fire in combination with burglary and transportation, but the fire portion of this class is a very large proportion of the total and should be taken account of in estimating the total fire loss experienced in Canada.

The business of automobile insurance (A) was transacted by sixty-nine companies, of which sixteen were Canadian, twenty-five British and twenty-eight foreign companies. The premiums received amounted to \$2,325,785, and the claims paid to \$1,149,364, with \$221,991 of claims outstanding. The total premiums for the six years for which separate figures are available are \$6,000,307 and the total claims, \$2,850,277.

An abstract will be found at page ccxv.

The business of automobile insurance which is termed Automobile (B) was transacted by seventy-three companies, viz.: twenty-one Canadian, twenty-four British and twenty-eight foreign companies. The premiums received amounted to \$2,839,112, and the claims \$1,534,396, with \$537,849 of claims outstanding. The total premiums for the six years for which separate figures are available are \$4,774,496, and the total claims \$2,387,779. For the preceding five years, for which the figures do not distinguish between policies including and excluding fire risk, the total premiums are \$1,935,384, and the total claims, \$853,383.

An abstract will be found at page ccxvi.

An important change made at the 1917 Session of Parliament in section 13 of the Act will now permit of the combination of contracts of automobile, fire and inland transportation insurance in one policy, so that now automobiles can be fully covered against all ordinary hazards by a single policy.

BURGLARY INSURANCE, 1920.

This branch of insurance is carried on by twenty-two companies, nine Canadian, six British, and seven foreign companies. The total premiums received amounted to \$481,019, and the losses paid to \$203,983 with unsettled claims outstanding at the end of the year amounting to \$67,930. The total premiums for the period of twenty-eight years are \$2,141,563, and the total claims, \$698,137.

EXPLOSION INSURANCE, 1920.

Explosion insurance was transacted by sixteen companies, two Canadian, one British and thirteen foreign companies. The premiums received during the year amounted to \$148,525 and with no losses paid and with no unsettled claims. The total premiums for the six years during which this business has been carried on in Canada are \$1,002,245 and the total claims \$6,615.

An abstract will be found at page ccxvii.

The definition of explosion insurance was widened by The Insurance Act, 1917, to include what is known as war risk and bombardment insurance. Section 2 (y) now provides that the term includes insurance against damage "caused by bombardment, invasion, insurrection, riot, civil war or commotion or military or usurped power." A reference to page six will show that a large number of licenses for this class of business have been issued since the first of the present year.

One Canadian Company had a license to transact forgery insurance. Premiums of \$636 were received but no losses paid.

GUARANTEE INSURANCE, 1920.

Guarantee business was transacted by twenty-four companies, of which eleven are Canadian, seven British, and six foreign companies.

The total premiums received were \$1,272,514 and the amount paid for claims was \$178,194 with unsettled claims amounting to \$434,187 outstanding at the end of the year. The total premiums for the period of thirty-eight years are \$11,384,589 and the total claims, \$2,632,691.

An abstract will be found at page ccxvii.

The Canadian Surety Company, the Guarantee Company of North America and the London and Lancashire Guarantee and Accident Co. of Canada transacted business outside of the Dominion which is not included in the above.

HAIL INSURANCE, 1920.

The total premiums for the eleven years during which the business has been carried on in Canada are \$17,230,296 and the total losses, \$8,832,855.

An abstract of hail insurance will be found on page ccxviii.

Under the provisions of the Insurance Act, 1916, Canadian companies transacting hail insurance are required to set aside each year as a special hail surplus fund at least fifty per cent of the hail profits for the year, until the said fund reaches fifty per cent of the net hail premiums. British and foreign companies are required to maintain deposits exceeding those required in respect of other classes of business by at least fifty per cent of the net hail premiums received during the preceding year.

In view of the large liability likely to be incurred during the first year of operation and to guard against this class of business being undertaken by weak companies, the Treasury Board has increased the initial deposit to \$50,000.

INLAND TRANSPORTATION INSURANCE, 1920.

This class of business was transacted by nineteen companies: two Canadian, seven British and ten foreign companies. Premiums received amounted to \$423,663, and claims paid to \$222,720. The business of plate glass insurance was transacted by twenty-six companies, viz.: twelve Canadian, eight British and six Foreign companies.

11 GEORGE V, A. 1921

The companies having adopted the system of insurance by replacement, instead of paying the value of the glass broken, and their contracts not stating any amounts as insured thereby, their returns do not show the amount of insurance effected during the year, nor the amount in force at the end thereof. The premiums received during the year in Canada for plate glass insurance were \$690,476, and the total losses paid were \$409,393, and there were outstanding at the end of the year unsettled claims amounting to \$49,093. The total premiums for the period of thirty-five years are \$5,119,839 and the total claims, \$2,427,949.

LEGAL DECISIONS

1. FIRE INSURANCE

- (a) *Reinsurance of Risks in another Company—Insolvency of Original Insuring Company—Conditions of Policies—Policy Becoming Void or Ceasing—Right to Recover Unearned Portion of Premium Paid to Reinsuring Company—Failure to Cancel Policy—Laches.*

Action by liquidator of the American Union Fire Insurance Company to recover a proportion of a premium paid by that company to the defendant company upon a reinsurance policy with respect to certain risks insured by the company in liquidation.

During the currency of the policy the reinsured company was placed in liquidation. The result of this was that those holding policies ranked as creditors in the liquidation for the unearned premium. The theory upon which the action was brought was that this entitled the liquidator to claim against the reinsuring company the unearned pro rata proportion of the reinsurance premium.

It was held that the contract was entire contract to insure for the entire period and no right of apportionment existed unless stipulated for. The reinsuring company had no knowledge of the insolvency of the original company until long after the expiry of the policy. The laches of the liquidator in making the claim was sufficient to defeat this action if otherwise it could have been maintained.

The right of the liquidator to cancel the policy existed under the terms of the condition, but he refrained from exercising that right until the policy had expired, and the right could no longer be exercised. In this way he treated the policy as an existing one, on which he could assert liability, and he now sought to treat it as non-existing for the purpose of recovering the premium. The reinsurance covered the risk upon the original policy, and was not intended to be a reinsurance against liability to refund premiums.

- (b) *Conditions—Titre absolu à la propriété assurée—Nullité de la police—C. civ., art. 2448, 2571, 2576.*

1. Celui qui achète une maison avec une clause résolutoire en cas de non-paiement, et qui l'hypothèque en faveur de son vendeur, n'a pas un droit de propriété absolue. S'il assure cette bâtisse dans une compagnie d'assurance mutuelle avec une clause que "la police sera nulle et de nul effet, si l'intérêt de l'assuré dans les biens décrits est autre qu'un droit de propriété absolue et sans condition. . . ou si la propriété est grevée par hypothèque," il ne peut recouvrer en cas d'incendie en vertu de cette police qui est nulle.

2. Lorsqu'une compagnie d'assurance nie sa responsabilité, attaque la validité du contrat d'assurance et en demande la nullité, elle ne peut se plaindre que l'assuré n'a pas rempli les conditions préliminaires à sa réclamation comme celles de la preuve de la perte subie et des avis que l'assuré doit donner.

3. Dans une promesse de vente, un renvoi en marge qui ajoute une grange dans la description des lots vendus, lequel n'est attesté que par deux des signataires de l'acte et ne porte aucune date, ne peut être prouvé par témoins qu'avec un commencement de preuve par écrit.

- (c) *Description—Preuve testimoniale—Annexes—Mandat—C. civ., art. 1233, 2569.*

1. Le fait que, dans une action en recouvrement du montant d'une police d'assurance, après l'incendie, la déclaration mentionne le numéro 251, rue Notre-Dame, tandis que c'est le numéro 221 qui est décrit dans la police, n'est pas substantiel au contrat et n'affecte pas l'intention des parties.

2. En présence des divergences des prétentions des parties, la preuve testimoniale peut être permise pour établir l'intention des parties au contrat d'assurance et l'étendue des bâtisses assurées.

3. Les annexes d'une manufacture liées à la bâtisse principale par des murs mitoyens, mises en communication avec cette dernière par des portes et des tuyaux conducteurs de la chaleur et de l'énergie motrice, et occupées par des machines et des accessoires nécessaires à la manufacture, forment un bloc constituant les propriétés assurées et ne peuvent être divisées pratiquement au point de vue de l'assurance.

4. La différence entre les numéros en chiffre dans la police et sur le plan de Goad ne peut être soulevée par la compagnie, vu qu'elle est due à la faute de l'agent de la compagnie d'assurance, cette mauvaise description, d'ailleurs, ne pouvant nuire au contrat véritable, puisqu'elle n'a trompé personne.

5. Le taux exigé par une compagnie d'assurance, est un élément sûr pour indiquer l'objet de l'assurance, lorsqu'il s'agit d'une manufacture et de ses annexes.

(d) *Déclaration frauduleuse—Evaluation exagérée—Nullité de la police*—C. civ., art. 2487.

Les faits suivants sont considérés comme frauduleux et ils sont suffisants pour faire annuler une police d'assurance: 1. un carosse que l'assuré avait payé \$7, est par lui évalué à \$600 et assuré pour \$300; 2. l'assuré déclare qu'il a déjà eu une propriété détruite par le feu, tandis qu'en fait, il avait plusieurs incendies pour lesquels il avait reçu des indemnités.

(e) *Condition—Formalités—Gasoline—Warranties—Interpretation*—C.C., arts. 2478, 2490.

1. The insured, to obtain the payment of his claim, is not obliged to fulfil the condition stipulated by law and by the policy, when the insurance company formally declared that it will not pay the loss.

2. When the policy contains the following clause: "Il est garanti par l'assuré que pas de gasoline ne sera gardée dans les remises à bateau assurées par cette police, excepté ce qui se trouve dans les réservoirs des yachts," and fire is caused by an explosion of the carburator, before the respondent's representative who had brought with him a can of gasoline of five gallons, had time to fill up with it the tank of the yacht, there is no violation of the above clause, as the respondent did not keep any gasoline in the yacht.

September 19, 1919.—Quebec King's Bench.—*General Fire Insurance Company of Paris, France, v. Clapgood*.—29, Quebec Reports, 361.

(f) *Gasoline on Premises without Permit—Statutory Condition 14 (f)*.

Plaintiff whose premises were insured in defendant company obtained an endorsement on his policies permitting him to use on the premises a certain gasoline oil distributing system "subject to permit attached to policy." It did not satisfactorily appear whether or not permits had been attached to the policies but it was the rule to attach thereto a certain form approved by the underwriters' association which contained among other things a warranty by assured that the reservoir and tank should be located outside the building. Under the customary use of the system the tank is not situated inside the building, this being recognized as dangerous. The Court found that the plaintiff knew that the tank should be outside. Plaintiff's premises were burned through the bursting of the tank when situated in the cellar and containing several gallons of gasoline.

Held, even if the form of permit was not attached, statutory condition 14 (f) providing amongst other things that not more than a quart of gasoline should be stored, kept or used upon the premises without a permit, applied and defendant was not liable under the policies.

(g) *Assurance—Résidence privée—Villégiature—Nullité*—C. civ., art. 2485, 2487, 2488, 2569, 2574.

1. Une habitation, occupée pendant l'été seulement en villégiature, n'en est pas moins une résidence privée.

2. Le fait que cette propriété n'est pas occupée durant la saison d'hiver, le propriétaire toutefois demeurant dans le voisinage, l'habitation étant durant ce temps chauffée par les soins d'un gardien, n'est pas un fait matériel que l'assuré, dans une demande d'assurance, doit faire connaître, et son omission ne constitue pas une réticence ou fausse représentation qui annule la police.

(h) *Loss by Fire—Fraud*.

An action brought to recover insurance money paid for loss by fire failed as the evidence did not support the claim.

In this case the plaintiff companies charged fraud and supplied the following particulars:—
 "(a) The said goods and property so destroyed did not amount in value to the sum of \$14,833.48, as the defendant well knew.

"(b) The said goods saved far exceeded in value the said sum of \$250 and amounted in value to the sum of \$3,000 and upwards, as the defendant well knew.

"(c) The account of the loss as made by the defendant and so delivered to the plaintiff was not just and true but was false and untrue to the knowledge of the said defendant.

"(d) The said defendant did not exhibit to the plaintiff or its officers for their examination all that remained of the property that was covered by the policy but falsely and fraudulently pretended and represented the goods so shown and exhibited were all that were saved and remaining.

A chattel mortgage, registered without an affidavit of execution, is void as against creditors of the mortgagor: secs. 5 and 7 of the Bills of Sale and Chattel Mortgage Act, R.S.O. 1914, ch. 135.

But an agreement or covenant by the mortgagor to insure the mortgaged chattels for the benefit of the mortgagee, with loss (if any) payable to the mortgagee, though contained in the chattel mortgage, is an equitable assignment of the insurance moneys payable in the event of a loss by fire, and is not by the statute void as against creditors of the mortgagor (Meredith, C.J.C.P., dissenting).

Action upon a policy of fire insurance.

The defence of the company was

1. That the fire in question was caused through some wilful act or neglect or the procurement, means, or contrivance of the assured.

2. That there had been breach of the plaintiff's warranty; machines were filled outside and that no gasoline was contained in the building except that which was contained in the machines.

3. That statutory condition 18 (d) had not been complied with.

It was held that the company defendants were entitled to succeed upon the last two defences, and that it was not needful or expedient to express any opinion upon the defence of arson.

2. ACCIDENT INSURANCE

(k) *Death of Assured—Action by Beneficiary Named in Policy—Defences—Reduction in Amount of Insurance by Reason of Representation in Application that Occupation of Assured less Hazardous than it actually was—Findings of Jury—Classification of Risks—Construction of Policy—Misrepresentation as to Duties of Assured—Responsibility for Answers in Application—Jury not Directed as to Real Question—New Trial as to Misrepresentation only—Terms—Costs.*

An appeal by the defendants from the judgment of Logie, J., upon the findings of a jury, in favour of the plaintiff, for the recovery of \$1,029.20, in an action upon a policy of insurance, dated the 15th February, 1919, whereby it was provided that in case of the death by accident of Benjamin Gilchrist, the plaintiff's husband, the plaintiff should receive from the defendants \$1,000, subject to the terms and conditions of the policy. Benjamin Gilchrist was killed, through an accident, on the 6th November, 1919.

It was contended for the appellants that the plaintiff was insured as a "foreman, bridge and building," his duties in that connection being stated as "supervising only bridge work," and that under the terms of the policy no more than \$100 was recoverable because the deceased suffered the accident while performing an act outside the scope of his work as stated in his application.

At the first trial the jury had found that the deceased was not at the time of the accident doing an act which pertained to an occupation classified by the appellants as more hazardous than the occupation stated in the policy.

It was held that the issue was completely and finally determined by this finding of the jury and this contention of the appellants could not prevail.

SESSIONAL PAPER No. 8

It was also contended by the appellants that the policy was void for misrepresentations contained in the application. The jury had found that the deceased did not misrepresent the classification of his occupation in the application. The Appeal Court held that this finding of the jury was correct, but as the Jurors had not been directed to the crucial point where there had been misrepresentation in the deceased's answer to the question respecting the duties of his occupation, the appellants should by so electing within ten days have the privilege of obtaining the answer of the jury to this question. The new trial must be solely on the question of misrepresentation as stated above, and all the answers of the jury at the first trial other than on the question of misrepresentation must stand.

1. L'assureur contre les accidents qui paie le dommage souffert par l'assuré, a un recours contre celui qui a causé le dommage sans qu'il soit tenu d'obtenir une subrogation conventionnelle. Il peut poursuivre de son droit propre par une action directe en vertu de l'article 1053, C. civ.

2. Un transport de réclamation avec subrogation, peut être fait par le mari, administrateur des affaires de sa femme, à une compagnie d'assurance qui paie les dommages causés à la femme par un tiers.

(m) *Insurance against Accidents to Employees—Insurer, after Learning of Breach of Condition of Policy, Defending Action Brought by Employee against Insured—Waiver of Condition—Estoppel.*

An insurer of indemnity against accidents to employees, who takes charge of the defence of an action brought by an employee against the insured for injuries by accident, and who continues in charge of such defence after learning of the non-observance by the insured of a condition of the policy, may be estopped from denying that he has waived such condition.

Insurance against Accidents to Employees—Breach by Assured of Condition of Policy—Right of Insurer as to Recovery of Moneys Paid to its Solicitor for Defending Action Brought by Insured's Employee.

Seemingly although an insurer of indemnity against accidents to employees may not be liable on its policy because of the non-observance by the insured of one of its conditions, the insurer cannot recover against the insured moneys paid by the insurer to its solicitors for defending an action brought by an employee against the insured before the insurer learned it was not liable on the policy. Money paid to a third person cannot be recovered as money paid under a mistake of facts.

(r) *Construction of Policy—Peculiar Accident not Covered by Terms—Absence of Ambiguity—"Extended"—Adjuster—Estoppel.*

The defendants, by a policy issued to the plaintiff, insured him "as respects loss sustained by reason of the ownership or maintenance" of an automobile "covered by endorsement or endorsements attached". Two slips were attached to the policy, one marked "Non-valued endorsement (Fire, Theft and Transit)," in which it was set out that "this policy is extended to cover the insured to an amount not exceeding \$1,700 on the body, machinery and equipmentincluding while in building, on road, or railroad car or other conveyance, ferry or inland steamersubject to the conditions above mentioned and as follows:—.....(B) While being transported in any conveyance by land or water—stranding, sinking, collision, burning or derailment of such conveyance, including general average and salvage charges...." The car, in charge of the plaintiff's son-in-law, was put on board a ferry-boat to be carried across a body of water to an island. When the boat reached the island, the man in charge proceeded to drive the car off the boat on to the land. The weight of the car, or the mere act of propulsion in driving it on to the shore, caused the boat to back away, and the car dropped into the water:—

Held, that the loss was not covered by the policy, not having been caused by the stranding or sinking or collision or burning of the ferry-boat from which the car slipped into the water.

Upon a fair and natural reading of the policy, there was no ambiguity in it.

The provisions of the endorsement were not to be construed as an enlargement of the risks beyond those covered by the general agreement.

The word "extended" did not add anything to the extent or nature of the insurance.

The second part of clause (B), the part after the dash, could not be read separately from the first part; the whole clause defined one of the kinds of risks assumed by the defendants—the other two being respectively fire and theft.

Nothing done by the defendants' adjuster, who investigated the loss and ascertained the amount of the damage, could estop the defendants from setting up the defence that the loss was not covered by the policy.

4. EXPLOSION INSURANCE.

(s) *Statutory Condition as to Explosion—Interpretation—Warranty by Company—Authentication—Not within Statute—Construction.*

Statutory condition No. 11 of art. 7034, R.S.Q. 1909, provides that "The (insurance) company shall make good loss caused by the explosion of gas in a building not forming part of a gasworks, and all other loss caused by any explosion causing a fire and all loss caused by lightning even if it does not set fire".

Held, that this condition only deals with the case of an explosion originating a fire and not with an explosion incidental to a fire, and where loss is caused partly by fire and partly by explosion a policy expressed to be against fire, and containing the following clause, "Warranted free of claim for loss or damages caused by explosion of any of the material used on the

SESSIONAL PAPER No. 8

premises," the clause being properly authenticated as required by article 7036 of the statutes, should be given effect to, and an enquiry directed to enquire into the question of what damages are due respectively to fire and explosion.

APPEAL by plaintiff from the judgment of the Court of King's Bench, Quebec (appeal side) (1919), 29 Que. K.B. 254, in an action to recover the full amount of policy insuring their premises against fire. Affirmed.

The judgment of the Board was delivered by Lord Dunedin.

LORD DUNEDIN: Though this is an important case, both in respect of the amount which is at stake and from the fact that it has given rise to a difference of judicial opinion, yet the facts out of which the question arises are capable of being set forth with great succinctness.

The appellants in the first of these appeals are manufacturers of explosives and are the owners of works in which such explosives are made, and in particular, they were engaged in the manufacture of tri-nitro-toluol. They wished to insure their works against fire, and through their brokers they sent to the respondents, the North British & Mercantile Insurance Company, a slip on which was typewritten their requirements for insurance.

These consisted of a specification of the various buildings wished to be insured, with the addition of terms on which they wished the insurance to be granted. Upon this the respondents issued a policy. The policy consisted of a printed form giving the general words of insurance against fire, leaving a blank for a specification of the premium, and leaving a large blank for the specification of the subject insured. This latter blank was filled up by pasting in a slip or, as it is locally termed, an *allonge*, which was a typewritten paper exactly echoing the proposal made by the broker. On the back of the form are the printed statutory conditions which, according to the law of Quebec, must be printed on every policy, and to which fuller reference will be presently made.

A fire took place in one of the buildings insured in which there was a nitrator, which is a machine employed in one of the stages of the manufacture of T. N. T. From this building the fire extended to the adjoining building, in which there was some T. N. T. Ten minutes after the inception of the fire, an explosion occurred of the T. N. T. That building was wrecked and burning material blown about. Further fires ensued, and then from time to time further explosions. In the end practically the whole of the insured buildings were, whether by explosions or by fire, totally destroyed.

The appellants sue upon the policy for the whole amount, subject to the adjustment which is necessary in respect of there being other insurance in other policies on the same subject. The respondents admit their liability for damage by fire, but contend that they are not liable for damage attributable to explosion, and aver that the greater part of the damage was in fact so caused. Proof was led in which the facts, which have been summarized were elicited.

It is now necessary to set forth the clauses of the policy on which the question of law depends. The insurance is expressed to be against fire. In the slip or *allonge* there is the following clause:—

"Warranty free of claim for loss or damage caused by explosion of any of the material used on the premises"

No. 11 of the statutory conditions R.S.Q. 1909, art. 7034 is as follows:—

"11. The Company shall make good loss caused by the explosion of gas in a building not forming part of gasworks, and all other loss caused by any explosion causing a fire and all loss caused by lightning, even if it does not set fire"

The Revised Statutes of Quebec, 1909, enact arts. 7034, 7035 and 7036:—

Art. 7034. The conditions set forth in this article shall, as against the insurer, be deemed to be part of every contract of fire insurance entered into or renewed on or after the tenth day of February, 1909, in the Provinces, with respect to any property therein, or in transit therefrom or thereto, and shall be printed on every such policy with the heading, "Conditions of the Policy," and no stipulation to the contrary, or providing for any variation, addition, or omission, shall be binding on the Assured unless evidenced in the manner prescribed by Articles 7035 and 7036.

Art. 7035. If the insurer desires to vary the said conditions, or to omit any of them, or to add new conditions, there shall be added to the contract containing the printed statutory conditions, words to the following effect, printed in conspicuous type and in ink of a different colour: "VARIATIONS IN CONDITIONS".

This policy is issued on the above conditions with the following variations and additions. (Set forth the conditions).

"These variations are made by virtue of the Quebec Insurance Act and shall have effect in so far as, by the Court or Judge before whom a question is tried relating thereto, they shall be held to be just and reasonable requirements on the part of the Company".

Art. 7036. No such variation, addition or omission shall, unless the same is distinctly indicated as set forth in Article 7035, be legal and binding on the insured.

The above quoted warranty contained in the *allonge* is not printed in red ink. There is, however, inserted in red ink the following variation of condition 11:—

"....Add the following clause as explanatory of the Company's actual liability under Clause 11. 'This Company is not liable for loss caused by explosions of any kind

unless fire ensues, and then for loss or damage by fire only'; nor for loss or damage to any electrical machinery, appliances or equipment, unless fire ensues, and then to include the loss or damage caused by fire only."

The respondents contended that in respect of the clause of warranty above quoted they are not bound to pay for any damage caused by the explosion. The Trial Judge found for the appellants, and held that the warranty clause was bad, first because it was a variation of the statutory conditions not properly authenticated, and second, because in itself it was unreasonable. The Appeal Court reversed that judgment (1919) 29 Que. KB. 254, and ordered enquiry as to how much damage was caused by explosion and how much by fire, the evidence as led not having been directed so as to clear up this point. Appeal has now been taken to this Board.

There are two questions accordingly which fail to be decided. The first is what is the proper construction of the clause of warranty, the second is if on a proper construction of the clause the respondents are not bound to pay any loss caused by explosion, then is the clause binding on the appellants in respect either (a) that is not properly authenticated or (b) that it is in itself unreasonable?

It may be well here to set out what is the state of the decisions on questions which nearly touch the point. In the case of *Hobbs, Osborn and Hobbs v. The Northern Assurance Company* (1886) 12 Can. S.C.R. 631, the Supreme Court of Canada decided that a policy which insured against fire covered all loss caused by explosion which was an incident of the fire, i.e., when a fire began without an explosion and an explosion took place during its course and was caused by it. Lord Justice Scrutton in the case of *Hooley Hill Rubber and Chemical Company v. Royal Insurance Company* (1920), 1 K.B. 257 at page 272, expressed an opinion to the same effect. Their Lordships agree with the reasoning of the Judges in *Hobbs's Case*. That is an authority on what an insurance against fire covers. The case of *Stanley v. The Western Insurance Company* (1868) L.R. 3 Ex. 71, was a case which explained an exception. In that policy, which was against fire, the insurer, in terms of the policy, was not to be liable for loss or damage by explosion. This expression was held to cover all loss by explosion, whether the explosion succeeded to or was caused by a fire, or was prior to and caused a fire. *Stanley's Case* was followed by the English Court of Appeal in the *Hooley Hill Rubber Company's Case* already cited. These cases are not actually binding on their Lordships, but they agree with them. *Stanley's Case* was decided by a very strong Court, and had stood as the law of England for many years.

Now were the policy here simply a policy against fire, with the warranty added, the case would be ruled in terms of the decision in *Stanley's case*. The only distinction that can be drawn is that here the policy is not simply against fire, but that there is adjoined the statutory condition No. 11. The primary object of the statutory conditions is to prevent the insurer by means of exceptions seditiously worded and not particularly brought to the notice of the assured, avoiding liability which it is only just and reasonable he should undertake in a fire policy. Their Lordships agree with the arguments of the appellants' counsel that these conditions, if there is doubt, should be held rather as amplifying than as cutting down the insurer's liability. Statutory condition No. 11 may, therefore, be taken to fill up the lacuna left by *Hobbs's Case*; that is, to make it clear that when the original cause of fire is explosion the damage must be made good by the insurer. The question, therefore, resolves itself into this. When the assured said he would be content that the insurer should not be liable for all loss caused by explosion of the material used on the premises, was he contracting to that effect in view of the sum total of the liabilities under the policy, or was he merely contracting as to the additional liability imposed by Clause 11?

It must be remembered that these were T.N.T. works. It is true that T.N.T. may be consumed without being exploded; it may simply burn without its occasioning an explosion in either the popular or scientific sense. As to what is the true meaning of the word "explosion", the parties have been content to leave the Court without any means of judging this from the scientific point of view. Their Lordships do not think they are entitled to read in any knowledge which they may as individuals possess on the subject, but are bound to take it that the parties are agreed to take the word in the popular sense, in which sense it has been used in the resume of the facts given above. But while T. N. T. might burn it might also explode, and it seems to their Lordships impossible to come to any conclusion but that the parties must have contemplated the possibility of an explosion either as an incident or as an originator of fire. It is obvious that if the assurer was content to have this possible risk barred, he would secure an insurance on better terms. When, therefore, he used in his proposal and the insurer accepted in the policy, words which are absolutely general, and in no way limited, their Lordships think that the more natural construction is to apply the words of exception to the whole risks in which explosion takes a part rather than to confine them to the one special case provided for by statutory condition 11, to which no reference is made.

The next question to be decided is whether the construction of the warranty, being as above, it is itself struck at by the provisions of Art. 7036. The judges in the Court below 29 Que. KB. 254, have held that in respect that Art. 7036 specified the insurer as the person who may be desirous to vary the condition, the clause does not apply in cases where, as here, the insured proposed the variation, which was accepted by the insurer. Their Lordships are unable to agree with this view of the Statutes. Art. 7036 is quite peremptory in its terms. Their Lordships think that it is the policy of the Statute to make a hard and fast rule that every fire policy shall have attached to it these statutory conditions, and that they cannot be varied so as to be binding on the insured, unless the variations are authenticated in the prescribed manner. The result will be that, if not varied, they remain in full force, but any other stipulation and covenant which may define or limit the risk can also receive effect in so far as it does not contradict the statutory

SESSIONAL PAPER No. 8

conditions which are paramount. Applying this view to the question in hand, the insurers are warranted free from explosions of every sort, except such explosion as is provided for by statutory condition 11. Now statutory condition 11, as already stated, only deals with an explosion originating a fire, and does not deal with the case of an explosion incidental to a fire. It follows that the present case is not touched by statutory condition 11, and the warranty free from explosion can have effect. This leads, though by a different line of reasoning, to the same result as reached by the Judges of the Court of Appeal, 29 Que. K.B. 254. Their Lordships need only add that they agree with the Court of Appeal, differing from the Trial Judge that the condition is not in itself unreasonable.

Two minor matters forming the material of interlocutory judgments must be mentioned, as they enter into the judgment of the Court of Appeal, though they were not made a matter of argument before their Lordships. Their Lordships consider that the Trial Judge was right in striking out a paragraph which proposed to adduce evidence as to the intentions of parties antecedent to the issue of the policy. The matter of the other interlocutory judgment is somewhat obscure. If, as MacLennan J. thought, it was only a renewal in another form of the motion already dealt with, no more need be said. If, on the other hand, it was a plea which would destroy the contract on the ground of its being ultra vires of the Company, there is, in the view of their Lordships' decision on the merits, no necessity to discuss it. Their Lordships, therefore, think that the judgement of the King's Bench should be varied by striking from out the operative final paragraph such part as deals with the interlocutory judgements, but so far as it directs enquiry into the question of damages due respectively to fire and explosion, should be affirmed, and that the respondents should have the costs of the appeal.

In the second appeal the facts are the same, except that there is no variation whatever of statutory condition 11. The same arguments accordingly apply, and the result must be the same as in the former case.

The respondents on the 11th June, 1920, obtained special leave to cross-appeal in each action, on the ground that the judgments of the Court of King's Bench 29 Que. K.B. 254, should have directed judgment to be entered for them. It follows from this judgment that these cross-appeals ought to be dismissed and the appellants are entitled to their costs in respect of them. These costs should be set off against the costs which the appellants are directed to pay to the respondents in the main appeals.

Their Lordships will humbly advise His Majesty to the foregoing effect.

(1) Upon publication in *The Saskatchewan Gazette* of the minister's approval of the bylaw in form A, all persons shall become and be liable to be assessed for a rate of four cents per acre, together with such additional rate, if any, as may be imposed under the provisions of section 24 hereof, upon all the lands within the municipality (exclusive of lands within any hamlet therein and lands held under grazing lease from the Dominion of Canada) upon or in respect of any interest in which they are assessable for municipal purposes.

(2) The publication of such approval shall constitute a valid and sufficient notice to all persons concerned of their liability to assessment under this Act, and the rates levied in each year thereafter shall be and remain until paid a charge and tax upon such land or upon any interest therein of the party assessed, notwithstanding that the title to such land may be in the Crown or that the lands themselves are otherwise not liable to assessment.

(3) Where at any time before the passing of this Act the minister's approval of a bylaw was published in "*The Saskatchewan Gazette*" but the secretary-treasurer of the municipality omitted to publish a notice of such approval, as required by the statute at the time in force, it is hereby declared that, notwithstanding such omission, all persons in the municipality shall be deemed to have become liable to be assessed and to have been assessed by virtue of such bylaw for the special rate and the additional rate, if any, on the first day of May in the year in which such omission took place, in the same manner and to the same extent in all respects as if the said notice had been duly published. 1917, c. 15, s. 25; 1918-19, c. 41, s. 4; amended.

24. The directors shall fix annually a rate per acre in addition to the flat rate of four cents per acre to be levied on all the land of an owner or occupant under crop in excess of forty acres, such rate to be collected in the same manner as the said flat rate. 1918-19, c. 41, s. 1, in part, amended.

25. (1) Every person liable to assessment under this Act shall, on or before the first day of June in each year and subject to the provisions of any bylaw made under clause (b) of subsection (1) of section 14 hereof, make a report to the secretary-treasurer of the municipality, in a form to be prescribed by the association, giving a legal description of the land in the municipality in respect of which he is assessable, together with the number of acres actually under crop or intended to be put under crop in the current year; and he shall be bound for purposes of assessment and in case of loss by hail by the statements contained in such report.

(2) If the assessable person fails to make such report on or before the date mentioned, the secretary-treasurer or such other official or officials as the council may appoint shall certify to the best of his or their knowledge and belief the name of the owner, or occupant, the legal description of the land and the number of acres cropped. The owner or occupant shall be bound by the facts as so certified, and the crop acreage in respect of which he is insured shall be the crop acreage so certified. New.

26. (1) Any owner or occupant of land within the municipality may, prior to the first day of June in any year, by written notice to the secretary of the association, withdraw from

(2) The owner of land within the municipality not exceeding in area 640 acres may withdraw from the operation of the bylaw by written notice to the secretary of the association, prior to the first day of June in any year, upon satisfying the association and the council that not less than twenty-five per cent of the said land is under cultivation.

(3) The owner of land within the municipality exceeding in area 640 acres may withdraw from the operation of the bylaw by written notice to the secretary of the association, prior to the first day of June in any year, upon satisfying the association and the council that not less than fifty per cent of the said land is under cultivation. 1917, c. 15, s. 26, in part amended; and partly new.

27. (1) The secretary of the association shall, immediately after the first day of June, transmit to the secretary-treasurer of the municipality a list of all notices of withdrawal affecting the said municipality together with particulars of same, and the council shall, during the said month of June, consider each such notice and shall, if satisfied that the land specified therein, may properly be withdrawn under the provisions of the next preceding section, approve the withdrawal.

(2) Forthwith after such action of the council and before the first day of July, the secretary-treasurer shall prepare and forward to the association a detailed statement, verified by statutory declaration, of all the lands, the withdrawal of which has not been approved by the council.

(3) All withdrawals shall be subject to review by the board of directors of the association, and, if the board decide that any withdrawal has been improperly made, it may order that the withdrawal be cancelled and that the rate or rates be levied against such land; and, upon receipt by the secretary-treasurer of a notice from the board to that effect, the secretary-treasurer shall cancel the said withdrawal.

(4) Any land withdrawn from the operation of the bylaw under the next preceding section shall remain withdrawn for a period of at least one year and until, upon the written application of the owner or occupant to the secretary of the association, the board directs that such land be again brought under the operation of the bylaw and notifies the secretary-treasurer of the municipality of the terms and conditions upon which the application is granted, which reasonable terms and conditions the board is hereby authorised to impose; and during the period of withdrawal the land shall be exempt from rates levied under this Act. 1917, c. 15, s. 26, in part, amended; and partly new.

28. When any crop insured under this Act is destroyed in any other manner than by hail, the owner or occupant of the land on which such crop was grown may, by sending notice by registered letter addressed to the secretary of the association at his office in Regina not later than the twentieth day of July, giving the location of the crop and furnishing proof satisfactory to the board of directors of such destruction, withdraw such crop from the operation of the bylaw for the current year, and in that case he shall be entitled to a proportionate rebate in respect of the rates payable for crop so withdrawn as provided in the bylaw of the association in that behalf:

Provided, however, that no rebate shall be granted for any portion of the crop that may be harvested. New.

(2) Such rates shall be collected in the same manner as municipal taxes are collected, and shall if unpaid when due be recoverable in all respects as municipal taxes on land are recoverable; and, with respect to the collection thereof, the municipal officers from time to time charged with the collection of the municipal taxes shall have the same powers and be subject to the same duties as with respect to the collection and recovery of municipal taxes within the municipality.

(3) In the event of any such rate remaining unpaid after the thirty-first day of October in the year in which they are levied, there shall be added thereto by way of penalty the sum of one dollar for every quarter-section of land or portion thereof with respect to which such rates then remain unpaid.

(2) The secretary-treasurer shall, on or before the first day of November in each year, remit to the secretary of the association the total amount of such rates according as the same have been or should have been assessed for such year; Provided that, with the written consent of the board previously obtained, the secretary treasurer may withhold from such remittance the total amount of the rates levied upon land titles to which is in doubt or with respect to which the right of the municipality to assess is in dispute.

(3) In case of the punctual payment to the association on or before the said first day of November in any year of the total amount of such rates as assessed for the year, the municipality may retain the full amount of all penalties imposed under this Act; otherwise the same shall be paid over to the association along with the rates or the balance thereof as remitted from time to time. 1917, c. 15, s. 28, amended.

31. In the event of the secretary-treasurer being unable to remit the full amount of such rates as provided by the second subsection of section 30 hereof, he shall immediately after the date fixed for such payment open a separate bank account to be termed "The Hail Insurance Trust Account," to which all hail insurance levies and penalties then collected shall be transferred and into which such levies and penalties thereafter collected shall be paid. He shall also forthwith remit to the secretary of the association all moneys so transferred, and shall, from time to time, remit moneys paid in, as directed by the association. 1917, c. 15, s. 29, amended.

32. The association shall allow to the municipality out of the moneys received from its such remuneration for services rendered as shall be fixed annually by the board of directors. New.

41. The costs and expenses of and in relation to the inspection and adjudication of all claims for indemnity under this Act shall be such as the association may tax and allow, and shall, together with the allowance to and the expenses of the association and its officers, be paid out of the funds in the hands of the association under this Act. 1917, c. 15, s. 38.

Such penalty may be deducted from any remuneration that may be due the municipality under section 32 of this Act. New.
