At the close of the fiscal year the balance at the credit of the depositors in the Post Office and Government savings banks amounted to \$58,437,988.70, an increase of \$2,389,029.64 over the balance held on June 30, 1901; part of this increase, \$1,662,-258.32, represents interest added to the various accounts, and the remainder, \$726,-771.32, the excess of receipts over withdrawals.

The demand for the \$1 and \$2 Dominion notes still continues, as will be seen from the following table showing their circulation at the end of September and October for each year from 1894 :

	\$3,349,085 93

The average rate of interest paid on the gross debt for the year was \$3.09, as compared with \$3.12 in the previous year, and the net rate of interest paid has fallen from \$2.60 to \$2.57.

With regard to the unsettled accounts with the provinces of Ontario and Quebec, since my last report a decision has been given by the Judicial Committee of the Privy Council on the subject of the Common School Fund. A case was prepared and submitted to the Exchequer Court dealing with the points of difference in the account between the province of Ontario and the Dominion. Judgment has recently been given thereon. Steps will be taken to follow the same course with the differences now existing with the province of Quebec. When these are settled, the only item remaining to be adjusted by the arbitrators will be that pertaining to Treaty No. 3. It is to be hoped that efforts will be made to close that up within the next year. The whole of the unsettled accounts between the provinces of Ontario and Quebec and the Dominion arising out of confederation will then have been disposed of.

Statements are submitted showing the aggregate receipts and expenditures year by year from confederation to June 30 last, and the receipts and expenditures on account of the Yukon Territory since its organization.

A statement is also submitted giving the number of officers subject to the Civil Service Superannuation Act. The number has fallen from 2,747 in 1901, to 2,540 on June 30 last.

No interest has been received during the year on account of the following investments :—

- Albert Railway Company.
- Three Rivers Harbour Commission.
- Quebec Harbour Commission.
- Fredericton and St. Mary's Bridge Company.
- Montreal Turnpike Trust.

2-3 EDWARD VII., A. 1903

I regret that since my report of last year the department has lost the services of two faithful officers, Mr. M. G. Dickieson, the Dominion Bookkeeper, by superannuation on account of ill-health, and Mr. E. A. Black by death at a comparatively early age. The former had a public service of twenty-eight years and the latter twenty-three years, eighteen of which were in this department. Mr. Black's demise is very much regretted. He was held in high esteem by all his fellow clerks and much respected by all who knew him.

Two officers have resigned, and an applicant, to whom an appointment was offered, on second thoughts declined the same and entered the service of a chartered bank.

I find that this is the twenty-fifth annual report I have had the honour to present as Deputy Minister of Finance. At the time of the publication of my first report, the facilities for keeping in touch with the different parts of the Dominion were very different from what they are to-day. At that time it was a matter of as much difficulty to go from the eastern part of the Dominion to the western as it is to-day to go from Ottawa to South Africa. The provinces have been moulded into one confederation. The Dominion of Canada has arrived at a stage of development that even the most sanguine Canadian of those days hardly dreamed of, and there is every likelihood that the progress of the coming years will be even greater.

It has been my pleasant duty and privilege to have taken part during the past quarter of a century in solving many public financial problems, and looking back over the period I feel it can be said that, as a whole, the department has not been unsuccessful in its undertakings.

As the business of the country increased the work of the department increased in like proportion. Some idea of this evolution may be inferred from the statement that on my entry upon the duties of the office of deputy minister the amount of Dominion notes in circulation of all kinds, large and small, was less than the circulation to-day of the notes of small denomination only (\$1 and \$2.) The total amount of Dominion notes in circulation has increased threefold. The deposits in the savings banks, both government and post office, have increased over sevenfold. Owing to the development of banking facilities throughout the country, in consequence of the opening up of branches of the various chartered banks, the number of deposit entries for revenue received has very largely increased. The total absolute turnover in cash of the daily transactions of the department has advanced from \$85,086,954 on June 30, 1879, to \$223,091,827.04 on June 30, 1902. All the work entailed by this expansion has been met without the slightest increase in the cost of the department.

It gives me pleasure to record that during my tenure of office the officers of the department have been most united in their efforts to carry on the daily work. Many changes of course have taken place in the staff. Some of the officers have died, some have gone into honourable retirement, and some have left the department to occupy positions of importance in other parts of the Dominion.

With advancing age, that necessarily prevents me taking up new financial problems, my official career must soon close. The department requires as its deputy head a

SESSIONAL PAPER No. 2

younger and more active man, thoroughly well versed in the varied features of modern finance, who shall be able to give to the head of the department that advice and assistance which the intricate and important financial questions of the day demand.

Perhaps I might be pardoned if, at the close of my career, when my remarks cannot have any reference to myself personally, I suggest for the consideration of the ministry whether, seeing the opportunities of betterment that are now presented throughout Canada to men of intelligence, good judgment and industry, by reason of the development of the resources of the Dominion, the conditions of the public service are such at present as to attract the best men. Men of this class are needed to undertake the increasing quantity of high-class work that the Dominion demands. The employment of the best class of men for the best class of work, at generous rates of remuneration, is the truest economy in the end. Resignations from the service are now of frequent occurrence, and something will soon have to be done to meet this new condition.

The selection of the officers of the Department of Finance during the time I have been deputy has been uniformly good. As a consequence the charge of its management has not increased. It can hardly be expected, however, that this can go on much further. With the prizes now offered outside to superior men, such men will be unwilling to enter the public service where, at the best, they cannot hope to obtain anything better than a moderate income. As there are vacancies to be filled, I respectfully suggest that, in the reorganization of the staff of the department, which requires immediate attention, there be considered the question of not only how to attract capable men but how to retain their services.

I have the honour to be, sir,

Your obedient servant,

J. M. COURTNEY,

Deputy Minister of Finance.
