P.C. 3103, 17th December, 1918, providing for the issue of patent to Samuel Ingram in lieu of land surrendered by Mr. Ingram, which is unsuitable for agricultural development and has been reserved for inclusion in a forest reserve.
P.C. 3115, 21st December, 1918, ordering that title to certain Dominion Lands be vested in George F. Green in lieu of land surrendered by Mr. Green, which has been recommended for inclusion in a forest reserve.
P.C. 3192, 27th December, 1918, providing for the leasing of a tract of land to a company cutting clay which has been found to be suitable for use in connection with the manufacture of cement.
P.C. 31-27, 7th January, 1919, rescinding an Order in Council of the 15th February, 1911, and setting apart certain land in the Province of Alberta for exhibition grounds and experimental station purposes, and authorizing a grant thereof.
P.C. 38-27, 7th January, 1919, authorizing a grant of land to the Synod of the Diocese of Athabasca.
P.C. 3200, 14th January, 1919, making regulations for the drainage of Dominion Lands in the Provinces of Alberta and Saskatchewan.
P.C. 134, 20th January, 1919, providing for the issue of a permit to a company to remove earth for the purpose of filling in a trestle, and the payment of a royalty therefor.
P.C. 2459, 7th October, 1918, recommending that further residence duties be waived and authority given for the issue of patents for Dominion Lands in the case of John S. Reid, permanently disabled through illness.
P.C. 2460, 7th October, 1918, authorizing the issue of a license of occupation for the bed of the Peace River at a certain place, in favour of the Edmonton-Dunvegan and British Columbia Railway Company.
P.C. 2484, 9th October, 1918, authorizing the issue of a license of occupation for a portion of the bed of the Assiniboine River in favour of the Canadian Northern Railway Company.
P.C. 2557, 19th October, 1918, ordering that the land covered by a certain road be transferred to the Crown in the right of the Province of Manitoba.
P.C. 2583, 23rd October, 1918, authorizing a free grant of land to Thomas Gladu by virtue of occupancy thereof at the date of the extinguishment of the Indian title.

CONTENTS OF VOLUME 10—Continued.

P.C. 2623, 25th October, 1918, authorizing a free grant of land to Peter Loutit, the Elder, by virtue of occupation thereof at the date of the extinguishment of the Indian title.

P.C. 2642, 26th October, 1918, setting apart and expropriating certain Dominion Lands for church purposes, and authorizing a grant thereof to the Russo-Greek Orthodox Parish of Torponto.

P.C. 2659, 30th October, 1918, ordering that certain lands be set apart for Soldier Settlement under certain conditions.

P.C. 2678, 2nd November, 1918, providing that the residence requirements of the Dominion Lands Act be dispensed with in connection with the homestead entry of George Young, who is unable through illness to complete the requirements.

P.C. 2703, 7th November, 1918, making regulations in reference to the issue of homestead entry to citizens of the United States who are unable to become naturalized.

P.C. 2780, 13th November, 1918, ordering certain land to be withdrawn from a reserve for stock-watering purposes.

P.C. 1911, 5th August, 1918, providing for the exchange of certain lands and a grant of land to Thomas William Ripper, who had made a homestead entry on the Hudson's Bay Lands, the said Hudson's Bay Company having surrendered the land covered by Mr. Ripper's entry, and the granting to the Hudson's Bay Company of certain other land in lieu thereof.

P.C. 1912, 5th August, 1918, confirming an exchange of lands with Mr. Arthur Hitchcock, and authorizing the issue of letters patent in favour of Mr. Hitchcock for certain Dominion Lands exchanged with him.

P.C. 1922, 5th August, 1918, authorizing the Department of the Interior to enter into grazing or other similar leases covering land reserved for the use of the Department of Militia and Defence under certain conditions.

P.C. 6-1992, 17th August, 1918, authorizing a grant of certain Dominion Lands for church and cemetery purposes.

P.C. 2045, 22nd August, 1918, ordering that certain lands be withdrawn from the operation of the Dominion Lands Act, and be set apart as an Indian Reserve.

P.C. 2088, 27th August, 1918, authorizing the Minister to dispense with the performance of residence requirements under the Dominion Lands Act, and the issue of letters patent in favour of William Marshall Vance, a homesteader who had both feet frozen, necessitating amputation.

P.C. 2159, 6th September, 1918, ordering that certain Dominion Lands at Port Smith Settlement be set apart for the use of the Department of Indian Affairs under certain conditions.

P.C. 56-2207, 12th September, 1918, authorizing a grant of certain Dominion Lands in the Province of Saskatchewan for such purposes.

P.C. 2283, 19th September, 1918, rescinding Clause 12 of the regulations governing the granting of yearly licenses and permits to cut timber on Dominion Lands and substituting another Clause therefor, and rescinding Sub-clause (c) of Clause 17, and substituting another therefor, making an amendment to Sub-clause (m) of Clause 17, and making an amendment of Sub-clause 41.

P.C. 2302, 19th September, 1918, recommending that certain lands shall be withdrawn from the operation of the Dominion Lands Act, and set apart for the Indians in the Province of British Columbia.

P.C. 2303, 21st September, 1918, ordering that Section 1 of the Coal Mining Regulations, established by Order in Council dated 20th April, 1910, and amendments thereto be rescinded and a new Section substituted therefor, and made to apply to all coal mining leases already issued, and ordering that the maximum charge specified in the above section shall be increased and made to apply to coal mining rights already disposed of, and ordering that Section 24 of the said regulations be rescinded, and a new section substituted therefor, and ordering a further provision to be inserted, as to the methods for the conservation and recovery of coal, and ordering that a further provision be inserted to create educational facilities in certain cases.

P.C. 2371, 25th September, 1918, providing for the transfer of certain Dominion Lands to the School Lands Endowment Fund, and that lands previously included in the School Lands Endowment Fund be granted to the Town of Drumheller for park purposes.

P.C. 26-2427, 25th September, 1918, setting apart and appropriating certain Dominion Lands for church purposes in the Province of Alberta.

P.C. 2399, 30th September, 1918, ordering that certain lands be withdrawn from the operation of the Dominion Lands Act, and set apart for the Indians in the Province of Saskatchewan.

P.C. 1516, 20th June, 1918, granting a lease of coal mining rights under certain lands to the Cadomin Coal Company, Limited.

P.C. 1510, 20th June, 1918, authorizing the Minister of the Interior to sell certain Dominion Lands to Edmund Thompson for reclamation purposes, and to enter into an agreement with the said Edmund Thompson in connection therewith as representatives of His Majesty King George the Fifth.

CONTENTS OF VOLUME 10—*Continued.*

P.C. 1515, 20th June, 1918, authorizing the issue of a free patent of Dominion Lands to Mrs. Flossie Fitzgerald, who has been deserted by her husband, a homestead entrant, she being totally unfit to fulfil the residence requirements.

P.C. 1511, 20th June, 1918, authorizing Miss Margaret Reith to make entries by proxy on behalf of her nephews, W. J. F. Reith, and J. W. Reith, overseas with the Canadian Expeditionary Force.

P.C. 1586, 28th June, 1918, relieving Mr. George Ross from the performance of any further residence duties on his homestead, and authorizing the issue of a free patent to him under certain conditions, he having been admitted to the House for Incurables at Portage la Prairie, Manitoba.

P.C. 1621, 2nd July, 1918, making regulations in connection with the Soldier Settlement Regulations.

P.C. 1658, 6th July, 1918, withdrawing certain Dominion Lands from the Doukhobor Reserves to be dealt with by the Minister of the Interior, subject to certain regulations.

P.C. 1806, 19th July, 1918, ordering title to certain Dominion Lands to be vested in His Majesty King George the Fifth, as represented by the Minister of Public Works for the Province of Alberta.

P.C. 1807, 19th July, 1918, ordering that a certain parcel of Dominion Lands be transferred to the Department of Public Works.

P.C. 1820, 20th July, 1918, authorizing the Minister of the Interior to issue a license of occupation to the Canadian Northern Railway for a certain portion of the Oldman river bed.

P.C. 1819, 25th July, 1918, ordering that a certain parcel of Dominion Lands be transferred to the Department of Indian Affairs for a cemetery.

P.C. 1822, 25th July, 1918, authorizing the Minister to grant the sale of certain Dominion Lands to Mr. William Armstrong as a mill site.

P.C. 1830, 25th July, 1918, authorizing the Minister to grant permits for free grazing privileges for reindeer in a certain area in the Northwest Territories.

P.C. 1828, 25th July, 1918, authorizing a free grant of certain Dominion Lands to J. I. McLean, by virtue of his occupation of the land at the date of the extinguishment of the Indian title.

P.C. 1827, 25th July, 1918, providing the authorization of an exchange of certain lands with the Canadian Pacific Railway Company, the company releasing certain lands to be applied for the purposes of an extension to the Stony Indian Reserve, and certain other Dominion lands being granted to the company, the difference in area being credited to the company's land grant.

P.C. 1823, 25th July, 1918, providing for the disposal of certain lots in a subdivision near the station of Badger on the Canadian Northern Railway under certain conditions, which land had been squatted on by certain persons.

P.C. 1910, 5th August, 1918, ordering that a certain road be transferred to the Crown in the right of the Province of Manitoba.

P.C. 873, 13th April, 1918, authorizing a free grant of Dominion Lands to Mr. William Robert Smith by virtue of his occupation of the land at the date of the extinguishment of the Indian title.

P.C. 1012, 30th April, 1918, ordering that Order in Council of the 22nd October, 1901, be rescinded and that certain lands be transferred to the control of the Department of the Interior, and made available for disposal in accordance with the provisions of the Dominion Lands Act.

P. C. 1053, 1st May, 1918, making regulations for the protection of game in the Northwest Territories.

P.C. 1003, 1st May, 1918, giving the Minister of the Interior authority to sell certain land to Clay Armstrong, subject to certain conditions, for the purposes of reclamation.

P.C. 1062, 3rd May, 1918, authorizing a free grant of Dominion Lands to the Rural Municipality of Biggar, No. 347, in the Province of Saskatchewan, for cemetery purposes.

P.C. 1002, 7th May, 1918, authorizing the Minister to lease certain Dominion Lands to the Western Canada Collieries Limited, to be used only in connection with the mining operations of the said Company.

P.C. 1088, 7th May, 1918, authorizing the Minister to arrange for certain sales of School Lands at certain points in the Province of Saskatchewan.

P.C. 1004, 7th May, 1918, making certain regulations to be observed by persons wishing to use fire for clearing land in certain districts.

P.C. 1100, 10th May, 1918, setting apart certain lands in the Province of Alberta, and authorizing a grant thereof to the Knoll Cemetery Company.

P.C. 1190, 17th May, 1918, authorizing a grant of Dominion Lands in the Province of Alberta to the Bishop of Mackenzie River, by virtue of his occupation of the land at the date of the extinguishment of the Indian title.

P.C. 1244, 22nd May, 1918, recommending that the residence requirements of the Dominion Lands Act be dispensed with in the case of Charles Blanchard, who was severely burned and badly frost bitten.

CONTENTS OF VOLUME 10—*Continued.*

P.C. 1268, 25th May, 1918, providing a transfer of certain Dominion Lands to the Crown in the right of the Province of Manitoba.

P.C. 1298, 26th May, 1918, ordering that certain parcels of swamp lands, which were re-transferred to the Dominion of Canada under the provisions of Subsection 2 of Section 5, of the Manitoba Boundaries Extensions Act, be released to His Majesty King George the Fifth for the purposes of the Province of Manitoba.

P.C. 1230, 20th May, 1918, amending regulations for the disposal of petroleum and natural gas rights approved by Order in Council of the 19th of January, 1914.

P.C. 1263, 3rd June, 1918, enacted certain regulations in order to remove doubts which have arisen as to the validity of previous regulations.

P.C. 1101, 3rd June, 1918, ordering the rescinding of Section 27 of the regulations, established by Order in Council of 1st July, 1898, and substituting others therefor.

P.C. 1443, 12th June, 1918, authorizing a free grant of Dominion Lands to Alexander Kennedy by virtue of his occupation of the land at the date of the extinguishment of the Indian title.

P.C. 1480, 17th June, 1918, authorizing the Minister of the Interior to execute an agreement on behalf of His Majesty the King with the Canada Land and Irrigation Company, Limited, in substitution for a previous agreement made on the 31st September, 1914.

Not printed.

95. Return of Orders in Council which have been published in the *Canada Gazette*, between 16th March, 1918, and the 20th January, 1919, in accordance with the provisions of Section 77 of "The Dominion Lands Act," Chapter 20, 7-8 Edward VII, as follows:—

P.C. 60, 16th March, 1918, ordering that no royalty shall be levied or collected by the Crown on coal mined in the Yukon Territory for a period of five years from the 7th day of April, 1918.

P.C. 655, 16th March, 1918, ordering Order in Council of December 18, 1897, cancelled, and dividing the Northwest Territory into three provisional districts, MacKenzie, Keewatin and Franklin, according to the description and map annexed.

P.C. 651, 16th March, 1918, making regulations withdrawing pre-emption entry on Dominion Lands as provided by Section 27 of the Dominion Lands Act, Chapter 20, of 1908, and withdrawing the privilege of purchased homestead entry provided by Section 23 of the said Act, except in the case of land reserved for pre-emption entry for a homesteader on active service, and where notice has been issued to a person allowing him a specified time for securing his pre-emption.

P.C. 662, 16th March, 1918, ordering that certain lands be sold to General Turner at the rate of \$1 per acre.

P.C. 705, 22nd March, 1918, providing that the area included within a certain right of way be transferred back to the Department of the Interior by the Department of Militia and Defence for sale to the Canadian Pacific Railway Company under certain conditions.

P.C. 751, 27th March, 1918, providing that further residence requirements be dispensed with in the case of Mr. Earle, a veteran of the South African War.

P.C. 813, 4th April, 1918, authorizing the Minister of the Interior to transfer certain lands from His Majesty King George the Fifth as represented by the Minister of the Interior to His Majesty as represented by the Minister of Public Works for the Province of Alberta.

P.C. 843, 5th April, 1918, providing that residence requirements under the Dominion Lands Act be dispensed with in the case of Harry H. Holmes, who had a considerable part of both his feet amputated.

128. Return to an Order of the House of the 18th April, 1918, for a Return showing:—
 1. If the Minister of Finance has issued certificates permitting the offer and sale of debentures in pursuance of the Order in Council, dated 22nd December, 1917, in relation thereto.
 2. If so, how many permits were granted or certificates issued.
 3. To what provincial governments, municipal corporations, school boards or other legally constituted bodies permits were granted or certificates issued.
 4. For what amount permits were granted and certificates issued, in each case.
 Presented, March 19, 1919.—*Mr. Trahan.**Not printed.*
- 128a. Return to an Order of the House of the 2nd May, 1918, for a Return showing:—
 What municipalities have been authorized by the Minister of Finance to issue debentures on the market, since the Order in Council enacted in this respect. Presented March 19, 1919.—*Mr. Seguin.**Not printed.*
- 128b. Return showing:—1. If the Minister of Finance has refused to issue certificates permitting the offer and sale of debentures, in pursuance of the Order in Council, dated 22nd December, 1917, in relation thereto. 2. If so, how many permits or certificates have been refused. 3. What provincial governments, municipal corporations, school boards, or other legally constituted bodies have been refused said permits or certificates, and what reasons, in each case, were given. 4. For what amount, in each case, authority was asked for. Presented March 19, 1919.—*Mr. Trahan.**Not printed.*
129. Return showing:—Referring to the item "Composition, Stereotype, Mats, shipping charges, etc., \$20,360.34," contained in the return of amounts paid for Victory Loan advertising,—1. To whom the said sum of \$20,360.34 was paid. 2. Whether the said sum or any portion thereof was paid under contract. 3. If so, with whom the contract was made, and what the particulars are thereof. Presented March 19, 1919.—*Mr. Murphy.**Not printed.*

CONTENTS OF VOLUME 10—Continued.

130. Return to an Address to His Excellency the Governor General of the 20th March, 1918, for a copy of any treaty between Great Britain and the United States, permitting the conscription of British Subjects in the United States for military service and of American citizens residing in British Dominions. Presented March 19, 1919.—*Sir Wilfrid Laurier*Not printed.
131. Return to an Order of the Senate, dated the 21st March, 1918, showing, province by province, up to the 15th March, instant, in as many distinct columns:—1. The number of men of the first class liable to be called to military service at the date fixed by the Government's proclamation. 2. The number of those who have responded to this call, distinguishing: (a) Those who entered the service immediately. (b) Those who have applied for exemption from the service for one of the reasons stated in the Military Service Act. 3. Out of the number of the men conscripted, thus applying for exemption. (a) The number of those who have obtained complete exemption. (b) The number of those who have obtained temporary exemption. (c) The number of those whose applications were disallowed. (d) The number of those whose applications have not been taken into consideration (1) By the local exemption tribunals; (2) By the appeal tribunals. 4. The number of volunteers and conscripts actually in the service since the Military Service Act has been in force distinguishing: (a) Those who enlisted voluntarily. (b) Those who accepted conscription. (c) Those who were conscripted by the judgments of the tribunals. 5. The number of men belonging to the first class who never responded to the call.—(*The Senate*)Not printed.
132. Return to an Order of the Senate, dated the 14th May, 1918, showing the number of exemptions asked for in each province, and also the number of appeals in each province from the decisions of the Judges by the Military authorities to the Central Appeal Judge.—(*The Senate*)Not printed.
133. Return to an Order of the Senate, dated the 20th May, 1918, showing copies of all papers, letters, telegrams and communications or other documents in its possession in connection with the appointment or proposed appointment of one E. G. Hill, to a position in the Statistical Division of the Military Service Branch, Justice Department, under Colonel Machin, and any correspondence or statement of efforts made to ascertain if any returned soldiers of university training qualified to fill the aforesaid position if such officer be necessary.—(*The Senate*)Not printed.

236. Communication from the Senate of Belgium to the Speakers of the Senate and House of Commons of Canada.

(Translation).

BRUSSELS, BELGIUM, April 30, 1919.

The Speaker of the House of Commons,
The Speaker of the Senate,
Ottawa.

MR. SPEAKER,—I beg to send you and request you to communicate to the Assembly over which you preside the text of the motion unanimously adopted by the Senate during its session of Tuesday, April 29, 1919.

The Senate of Belgium affected by the vote of the Paris Conference which disregards the claims of the City of Brussels to become the seat of the League of Nations, seriously preoccupied by the distressing condition to which the country has been reduced by this most cruel war and convinced that the numberless ruins which cover its territory cannot be restored by its own national resources, most anxiously appeals to your Assembly and implores it to intervene with the greatest possible energy in order to obtain that the solemn promises of prompt and complete restoration so frequently reiterated be now carried out in the spirit of broad equity and generous compassion which inspired them.

Relying upon the sentiments of solidarity which unite all civilized nations and upon the assurance of sincere and profound sympathy which your Assembly so kindly gave to Belgium, the Senate counts upon obtaining from your Assembly its powerful aid and effectual intervention in support of the legitimate and necessary atonements claimed from the Paris Conference for the restoration of this country.

Please accept, Mr. Speaker, the assurance of my greatest respect.

(Signed) Baron de PAVEREAU,

President of the Senate.

Presented by Hon. Mr. Speaker, May 1, 1919... *Not printed.*

CONTENTS OF VOLUME 10—*Continued.*

Whether any orders for the purchase of fish for shipment overseas were placed with any companies in Canada by the Canadian Government, or any department thereof, or the War Purchasing Commission, in the years 1915, 1916, 1917, 1918, 1919. 2. If so, what the names of the companies are, and the value of the orders placed with each. Presented June 2, 1919.—*Mr. Steele*.*Not printed.*
- 277a.** Return to an Order of the House of the 15th May, 1919, for a Return showing the quantities of fresh (frozen) and salt fish shipped from Canada to England, France and other allied countries overseas, under the direction of the Canadian Government, during the war, distinguishing between salt and fresh fish; also setting forth the quantities supplied to the Canadian troops overseas and the quantity sold to the ordinary consumer; also a statement in detail showing the names and Post Office addresses of the parties from whom the said fish was purchased and the prices paid therefor, respectively. Presented June 21, 1919.—*Mr. Sinclair (Antigonish)*.*Not printed.*
- 278.** Return to an Order of the House of the 26th May, 1919, for a Return showing:—1. Whether Hadley B. Tremaine, M.P., for Hants, is in the employ of the Government of Canada or in any way connected with the Military Forces of Canada. 2. If so, when he was first appointed. 3. In what capacity he is so engaged, and what salary he receives. 4. Pay received from the outbreak of the war up to and including the 12th day of May, 1919. 5. Whether the wife of the said Hadley B. Tremaine is in receipt of separation allowance. If so, how much she has received to date. 6. If the said Hadley B. Tremaine was and is in receipt of pay from the Military Forces of Canada, whether he was and is in receipt of his indemnity as member of the Parliament of Canada. Presented June 2, 1919.—*Mr. D'Anjou*.*Not printed.*
- 279.** Report on Export of Electricity from Canada, and Report of the Power Controller Presented by Hon. Mr. Maclean, June 2, 1919.*Not printed.*
- 280.** Return to an Order of the House of the 19th March, 1919, for a copy of all papers and correspondence concerning the installation of wireless equipment upon the steamers built or to be built for the Government as well as a copy of all tenders submitted and contracts executed in that connection since August 4, 1914. Presented June 5, 1919.—*Mr. McMaster*.*Not printed.*
- 281.** Letter of the Honourable T. A. Crerar, M.P., to the Right Honourable the Prime Minister resigning his position as Minister of Agriculture and the letter of the Prime Minister in acknowledgment thereof. Presented by Sir Robert Borden, June 6, 1919.*Not printed.*

 CONTENTS OF VOLUME 10—Continued.

282. Return to an Order of the House of the 9th April, 1919, for a Return showing:—1. How many attorneys residing and practising in the City of Montreal have been employed by the Government during the fiscal year which expired on March 31, 1919. 2. Their names and how much each one was paid for services rendered. Presented June 9, 1919.—*Mr. Tobin*.Not printed.
283. Return to an Order of the House of the 21st May, 1919, for a Return showing:—1. Amounts paid to Morrison's Limited, or D. A. Morrison, Amherst, Nova Scotia, for supplies for the military camps and the Internment Camp at that place during the years 1915-16, 1916-17, 1917-18 and 1918-19. 2. Amounts paid Edgar Filmore, Amherst, Nova Scotia, during the above mentioned years. 3. From whom coal has been purchased for the Military Barracks, Armoury and Internment Camp at Amherst, Nova Scotia, during the above mentioned years. 4. Cost per ton for coal so supplied. Presented June 9, 1919.—*Mr. Chisholm*.Not printed.
284. Return to an Order of the House of the 28th May, 1919, for a Return showing:—1. Number of applications for divorce bills received since Confederation. 2. Number of divorce bills passed during the same period. 3. Number of applications for divorce bills passed during the present Session. 4. Number of divorce bills passed during the present Session. 5. Whether fees have been remitted in connection with same. 6. If so, in how many cases. Presented June 9, 1919.—*Mr. Lemieux*.Not printed.
285. Return to an Order of the House of the 4th June, 1919, for a Return showing:—1. Amount of goods free of duty, imported by the Dominion Steel Corporation, Limited, into Canada pursuant to contract based on Order in Council, P.C. 755. 2. The nature of these goods. 3. Whether of raw material or manufactured goods. Presented June 9, 1919.—*Mr. Gauthier*.Not printed.
286. Return to an Order of the House of the 19th May, 1919, for a Return showing:—1. Whether any prizes were taken by the H.M.S. *Niobe* during the war. 2. If so, how many and their estimated value. Presented June 9, 1919.—*Mr. Sinclair*.Not printed.
287. Return to an Order of the House of the 28th May, 1919, for a copy of all correspondence, petitions, resolutions and other documents in the possession of the Government relating to the establishment of abattoir and cold storage facilities at Halifax, N.S. Presented by Hon. Mr. Burrell, June 11, 1919.Not printed.
288. Return to an Order of the House of the 5th June, 1919, for a Return showing:—1. Whether the Government ordered a rebate of 99 per cent off the amount of duty paid on sulphide pulp imported by the Fort Francis Pulp and Paper Company, of Fort Francis, Ontario, in 1918. 2. If so, how much revenue the Government lost in consequence of the said Order. 3. Object of the Order in Council authorizing this Rebate of Customs duty, and at whose request the said Order was passed. 4. How much of such rebate has been applied to reducing the price of newspaper paper to the Western newspaper publishers, and how much the Fort Francis Pulp and Paper Company has been allowed to retain. 5. In view of the fact that auditors, acting on behalf of the Government, have reported that the prices charged for paper by Canadian book paper manufacturers to Canadian publishers are not unreasonable, why the Paper Controller is permitted to make a further drain upon public funds by an additional enquiry into the cost of producing such paper. 6. At whose instigation this new investigation is undertaken. Presented June 11, 1919.—*Mr. Murphy*.Not printed.
289. Return to an Order of the House of the 1st May, 1919, for a Return showing:—1. The number of persons (not corporations) who paid income tax under clause 4 of the Income War Tax Act, 1917, upon incomes (a) exceeding \$100,000; (b) between \$50,000 and \$100,000; (c) between \$30,000 and \$50,000; (d) between \$20,000 and \$30,000; (e) between \$10,000 and \$20,000; (f) between \$6,000 and \$10,000 and (g) under \$6,000. 2. The total sum collected from each of the above categories. Presented June 11, 1919.—*Mr. Ames*.Not printed.
290. Certified copy of an agreement between His Majesty the King and the Moncton and Buctouche Railway Company, Limited, relating to the purchase of the said railway. Presented by Hon. Mr. Reid, June 12, 1919.Not printed.
291. Statement of Rents payable by the Department of Public Works throughout the Dominion of Canada, chargeable to "War Appropriation." Presented by Hon. Mr. Carvell, June 12, 1919.Not printed.
292. Return to an Order of the House of the 26th March, 1919, for a copy of all letters, telegrams, petitions, correspondence, and documents of all kinds in the Post Office Department, referring in any way to charges against the present Postmaster of Brook Village, Inverness County, Nova Scotia, during the last four years. Presented June 12, 1919.—*Mr. Chisholm*.Not printed.

CONTENTS OF VOLUME 10—*Continued.*

293. Return to an Order of the House of the 5th June, 1919, for a Return showing:—1. Referring to page 381 of the Report of the Ministry Overseas Military Forces of Canada, 1918, and to the Chapter entitled, "Canadian Army Medical Corps." Whether Lieutenant-Colonel Jenkins was named by Sir Edward Kemp and the Sub. Militia Council, or by either of them, under Order No. 31, to investigate and report upon the financial or other dealings of the Canadian Army Medical Service in Europe. 2. Whether the said Lieutenant-Colonel Jenkins made progress reports from time to time. If so, whether such progress reports were sent to Sir Edward Kemp's London Office. 3. Whether the said Jenkins, (a) Made a full and final report to Sir Edward Kemp, and (b) Whether the said full and final report was received by the Minister in or about the month of November, 1918. 4. If so, after receiving the said final report, whether Sir Edward Kemp had an interview with the said Colonel Jenkins at which a copy of the said report was produced, and after discussion retained by Sir Edward Kemp. 5. Whether the said report disclosed incompetence, neglect, and the wasting of large sums of money in the Canadian Army Medical Service Overseas. 6. Whether the said Order No. 31 and the final report of Colonel Jenkins will be laid on the table of the House. If so, when. 7. Whether there is any objection to the said Order or Report being produced. If so, what the objection is. Presented June 13, 1919.—*Mr. Murphy.*
Not printed.
294. Report of the Civil Service Commission on the Classification of the Civil Service of the Dominion of Canada, as authorized by the Parliament of Canada. Presented by Hon. Mr. Maclean, June 17, 1919.*Printed for distribution.*
294. Report of the Civil Service Commission on the Classification of the Civil Service of the Dominion of Canada, as authorized by the Parliament of Canada.—(French copy). Presented by Hon. Mr. Maclean, June 26, 1919.*Printed for distribution.*
- 294a. Report of Transmission to accompany the Classification of the Civil Service of Canada, describing the schedules for the classification of positions and the standardization of compensation, etc. Presented by Hon. Mr. Maclean, June 26, 1919.
Printed for distribution.
295. Return to an Order of the Senate dated May 9, 1919, showing:—Copies of charges and accounts of foundry companies in Nova Scotia against Department of Naval Service for hull repairs and supplies and engine room repairs and supplies H.M.C.S. *Canada*, in fiscal year 1918-19. (*The Senate*)... .*Not printed.*
296. Return to an Order of the House of the 11th June, 1919, for a Return showing:—1. Amount paid by the Government to the Canadian Car & Foundry Company, Limited, for the use of the Malleable Iron Works, so called, at Amherst, Nova Scotia, as an Internment Camp for alien prisoners. 2. Whether this property is held under lease. If so, when the lease will terminate. 3. Whether there are any outstanding accounts with the above named company against the Government. If so, the nature of these accounts and the respective amounts thereof. Presented June 19, 1919.—*Mr. Copp*... .*Not printed.*
297. Return to an Order of the House of the 11th June, 1919, for a Return showing:—1. In how many cases the Honourable Albert Sévigny, K.C., of Montreal, was employed to represent the Government or any Department thereof, at Montreal, or any other place in the Province of Quebec, between the 1st of April, 1918, and the 1st of May, 1919. 2. Amount paid by the Government to the said Honourable Albert Sévigny for his services in each case. Presented June 19, 1919.—*Mr. Lanctot*... .*Not printed.*
298. Copy of Order in Council, P.C. 1127, dated 28th May, 1919, respecting a credit of six million dollars to Italy for the purchase of frozen beef now in storage in Canada. Presented by Hon. Mr. Maclean, June 21, 1919.*Not printed*
299. Progress Reports of the Medical Services, Overseas Military Services of Canada, from January 1, 1917, to March 31, 1919. Presented by Hon. Mr. Calder, June 21, 1919.
Not printed.
300. Return to an Order of the House of the 4th June, 1919, for a Return showing:—1. Referring to page 459 of the Report of the Ministry Overseas Military Forces of Canada, 1918, and to paragraph (c) Topical Films; what the total amount paid for the films in question was. 2. Whether such payment was made by or through the Canadian War Records Office in London. If not, by whom such payment was made. 3. To whom such payment was made. 4. Whether the said films, or moving pictures were exhibited in Canada and elsewhere. If so, in what countries. 5. Whether an admission fee was charged at each of such exhibitions. If so, what the total cash proceeds were and to whom the money was paid. 6. Whether the Canadian Government has received the whole, or any part of the said cash proceeds. If not, what action, if any, has been taken to recover the money. 7. Whether the said films were given, sold, leased, or otherwise disposed of to a private company. If so, the terms and

CONTENTS OF VOLUME 10—Continued.

the names of the members of such company. 8. Whether it is true, as alleged in certain English papers, that the cost of the Canadian War Paintings which were exhibited in England, was defrayed out of the proceeds of the exhibition of the said films, or moving pictures. If so, who had the custody of the funds if they were not turned over to the Government. 9. Whether the Famous Players Film Company had any connection with any of the matters hereinbefore enquired about. If so, what and on what terms. Presented June 21, 1919.—*Mr. Murphy*Not printed.

301. Return to an Address to His Excellency the Governor General of the 24th April, 1918, for a copy of the correspondence and all papers generally exchanged between the Canadian Government, the Imperial authorities and certain portions of His Majesty's Dominions with a view to give effect to the conclusions of the Dominion Royal Commission. Presented June 23, 1919.—*Mr. Lemieux*Not printed.
302. Return to an Order of the House of the 4th June, 1919, for a copy of the report made by Mr. Décarie, local superintendent of the Department of Public Works, relating to the wharf at Cacouna East; also copy of the petition showing the names of the persons who signed requesting the construction of said wharf; also copy of the reports, letters, petitions and requests received from J. A. Tremblay respecting said wharf. Presented June 23, 1919.—*Mr. Gouveau*Not printed.
303. Correspondence relating to the resignation of Lieut-Colonel F. McKelvey Bell, M.D., as Director of Medical Services. Presented by Sir Robert Borden, June 24, 1919.
Not printed.
304. Return to an Order of the House of the 7th April, 1919, for a copy of all correspondence, petitions and other papers concerning the parole or pardon of one Charles McMillan, one Pearson, and one Heaton, sentenced to a certain term of imprisonment in the Alberta Penitentiary. Presented June 26, 1919.—*Mr. Mackie, (Edmonton)*.
Not printed.
305. Copy of an opinion given by the Minister of Justice *re* Interprovincial traffic in intoxicating liquor, and copy of an opinion given by the Acting Deputy Minister of Justice on the same subject. Presented by Sir Robert Borden, June 27, 1919.Not printed.
306. Third Report of the War Purchasing Commission, covering period from April 1, 1918, to March 31, 1919. Presented by Sir Robert Borden, July 1, 1919.Not printed.
307. Return to an Order of the House of the 30th April, 1919, for a Return showing the number of conscientious objectors still in jail for contravention of the Military Service Act. Presented July 1, 1919.—*Mr. Lemieux*Not printed.
308. Return to an Order of the House of the 23rd June, 1919, for a Return showing:—1. Pensions granted by the Board of Pension Commissioners during the year ending December 31, 1918. 2. Number of pensions refused by said Board during 1918. 3. Whether a member of the Board of Pension Commissioners examined each case before granting or disallowing the same. 4. Whether the granting or disallowing of claims was signed by a member of the said Board, and individually checked by them. 5. Number of complaints regarding pensions made to the said Board of Pension Commissioners during 1918, and during the months of January, February, March and April, 1919. 6. Total expenditure for pensions for the year ending December 31, 1918. 7. Total expense of administering the Pension Act for the year ending December 31, 1918. Presented July 1, 1919.—*Mr. McGibbon*Not printed.
309. Return to an Order of the House of the 26th March, 1919, for a copy of all letters, telegrams, petitions, or other documents on file with the Post Office Department received since January 1, 1912, relating to the keeping open or closing of the post office at Sea View, P.E.I. Presented July 1, 1919.—*Mr. Sinclair, (P.E.I.)*Not printed.
310. Return to an Order of the House of the 19th March, 1919, for a Return showing:—The amount, if any, paid by the Government to the *Hallfax Chronicle* for printing, advertising, job or other work for each of the following five fiscal years: 1914, 1915, 1916, 1917, 1918. Presented July 1, 1919.—*Mr. Proulx*Not printed.
311. Return to an Order of the House of the 11th June, 1919, for a Return showing:—1. Rentals paid by the Government during the years 1914, 1915, 1916, 1917, 1918 and 1919, to Mr. Huntley Drummond, of Montreal, for the lease of the Drummond Building. 2. Departments of the Government which were, and are located in the said building. Presented July 1, 1919.—*Mr. Brouillard*Not printed.
312. Return to an Order of the House of the 5th May, 1919, for a Return showing:—1. What rental per month the Government pays for all branches of Government service in the City of Edmonton. 2. What several branches of Government service are represented in Edmonton. 3. What building or buildings they occupy, and the monthly rental of each branch of the service. Presented July 1, 1919.—*Mr. Douglas, (Strathcona)*.
Not printed.

CONTENTS OF VOLUME 10—*Continued.*

- 313.** Return to an Order of the House of the 8th May, 1919, for a copy of all letters, telegrams and other papers regarding the supplies purchased for Yukon Telegraph Lines during the fiscal year 1918-1919, including copy of all tenders, the names of the tenderers and the amount of each tender. Presented July 2, 1919.—*Mr. Lemieux... Not printed.*
- 314.** Return to an Order of the House of the 23rd April, 1919, for a copy of all letters, telegrams, memoranda, contracts, reports, despatches, recommendations, agreements made, received, sent or entered into by any of the Departments of the Government, and any persons, companies or corporations with reference to, or resulting from the construction of the dam across the St. Maurice river at the place called Grand'Mère. Presented July 4, 1919.—*Mr. Desautniers... Not printed.*
- 315.** Return to an Order of the House of the 23rd April, 1919, for a copy of all reports, recommendations, letters, memoranda, messages and estimates having reference to the construction of the piers used to anchor the booms which hold the logs that are floated on the St. Maurice river at Ste. Flore Station or above the Grand'Mère dam. Presented July 4, 1919.—*Mr. Desautniers... Not printed.*
- 316.** Return to an Order of the House of the 25th June, 1919, for a Return showing:—1. When the War Bonus was distributed to the Inside Civil Service. 2. What Departments received said bonus. 3. Whether the same amounts were distributed to every Civil Servant in each Department. 4. Whether a bonus was distributed to the Civil Servants in the Soldiers' Civil Re-Establishment Department, and in the Department of the Board of Pensions Commissioners. 5. Whether any bonuses were distributed to the Civil Servants in the Department of the Canada Food Board. If so, when. If not, why. 6. Whether a Civil Servant who was employed in the Militia Department at the time the first Order in Council was passed granting bonuses, is entitled to said Bonus, although said Civil Servant has been transferred to another Department since. 7. Whether it is the intention of the Government to grant Bonuses this year. Presented July 4, 1919.—*Mr. Archambault... Not printed.*
- 317.** Return to an Order of the House of the 8th May, 1919, for a Return showing the amounts paid for advertising, printing, etc., by the various Departments of the Government during the fiscal years 1916, 1917, 1918 to the following newspapers: The Brantford *Expositor*, The Woodstock *Sentinel Review*, The Stratford *Beacon*, The Kingston *Whig*, The Hamilton *Times*, The Toronto *Globe*, The Toronto *Star*, The Guelph *Mercury*, The Niagara Falls *Review*, The St. Catharines *Journal*, The Ingersoll *Chronicle*, The Orillia *Times*, The Belleville *Ontario*, The Simcoe *Reformer*, The Richmond Hill *Liberal*, The Acton *Free Press*, The Mitchell *Recorder*, and the Owen Sound *Sun*. Presented July 4, 1919.—*Mr. Lemieux... Not printed.*
- 318.** Report of the Administrative Chairman of the Honourary Advisory Council for Scientific and Industrial Research of Canada, for the year ending March 31, 1919. Presented by Hon. Mr. Burrell, July 4, 1919... *Not printed.*
- 319.** Return to an Order of the House of the 23rd June, 1919, for a copy of all reports, Orders in Council, and all other papers in connection with the Halifax Relief Commission, including a statement of all receipts and expenditures in this connection up to May 31, 1919. Presented July 4, 1919.—*Mr. Duff... Not printed.*
- 320.** Return to an Order of the House of the 19th May, 1919, for a copy of all correspondence, memoranda, reports, plans and estimates relating to the construction of the retaining wall, along the shore of the St. Lawrence River, opposite the village of St. François-Xavier de Batiscan, in the County of Champlain. Presented July 5, 1919.—*Mr. Desautniers... Not printed.*
- 321.** Return to an Order of the House of the 9th June, 1919, for a copy of all documents, telegrams and correspondence between the Federal Department of Agriculture and the Department of Agriculture of Prince Edward Island, or any person or persons in the Maritime Provinces, relating in any way to the Maritime Seed Fair, held in Summerside, Prince Edward Island, in 1918. Presented July 5, 1919.—*Mr. Stelclair, (P.E.I.) Not printed.*
- 322.** Return to an Order of the House of the 3th June, 1919, for a Return showing for each year from July 1, 1867, the amount received into the Dominion Treasury as (a) Customs duties; (b) Excise duties; (c) Custom and Excise duties together; also amount paid to the Governments of the Provinces as (a) allowances for support of governments and legislatures; (b) annual grants of subsidy to the said Governments; (c) allowances and subsidy together, and the proportion which such payments bore to the receipts from Custom and Excise. Presented July 5, 1919.—*Mr. Fielding... Not printed.*
- 323.** Ordinances of the Yukon. Presented by Hon. Mr. Rowell, July 5, 1919... *Not printed.*

APPENDIX B.

General Business Statements not printed with Canadian Statements.	681
--	-----

INSURANCE DEPARTMENT,

OTTAWA, Oct. 1, 1919.

To the Honourable SIR HENRY DRAYTON,

Minister of Finance.

SIR,—I have the honour herewith to submit the statements in detail of Life Insurance Companies for the year 1918 together with such an abstract and analysis of them as appear proper to exhibit the progress of the business and the condition of the companies.

LIFE INSURANCE, 1918.

The business of life insurance was transacted by forty-five active companies of which twenty-six are Canadian, eight British, eleven Foreign.

In addition to these active companies, there were three British and one Foreign Company which are licensed to transact life insurance but which have ceased to write new insurance, their business being confined to the policies already on their books, while eight companies, four British and four Foreign are authorized under the Act, to transact business in connection with policies written prior to March 31, 1878.

The year 1918 has been the most momentous in the history of Canada, so far as the experience of life insurance companies is concerned. After four years of unusually heavy mortality due to the war, the epidemic of Spanish influenza which swept over Canada during the last three months of the year subjected the companies to a strain which life insurance companies have seldom if ever been called upon to bear. That they have survived the strain must be regarded as an evidence of the soundness of their position.

The returns furnished by the life insurance companies show that the new business written in Canada amounted to \$313,251,556 as compared with \$282,120,430 in 1917. The death claims incurred amounted to \$23,903,799 of which \$5,008,098 or 20·95 per cent was due to war and \$7,791,698 or 32·60 per cent to influenza. The war claims incurred by life insurance companies in each of the four years of war can be seen from the tables on page lxxix, which have been compiled from information furnished by the companies in response to a special circular letters of enquiry issued by the Department.

On pages lxvi to lxxiii there will be found a statement of the various funds of Canadian life insurance companies which have reached the stage at which dividends are being paid to either shareholders or policyholders, and also a statement of the revenue and expenditure in the participating, non-participating and shareholders' accounts respectively during the year 1918.

INSURANCE EFFECTED DURING THE YEAR.

Notwithstanding the difficulties arising out of the war the total amount of policies in Canada taken during the year 1918 was \$313,251,556 which is greater than the amount taken in 1917 by \$31,131,126. The Canadian companies show an increase in 1918 of \$6,725,694, whilst in 1917 they had an increase of \$34,502,340; the British companies have a increase of \$859,830, whilst in 1917 they had a decrease of \$141,450; and the Foreign companies have an increase of \$23,545,602, whilst in 1917 they had an increase of \$16,657,915, the total increase in 1918 being \$31,131,126 as above stated.

9 GEORGE V, A. 1919

The respective amounts effected are:—

Canadian companies.....	\$ 179,429,315
British companies.....	5,969,013
Foreign companies.....	127,853,228

Thus the amount taken by Canadian companies exceeds that taken by the British and Foreign companies together by \$45,607,074.

LIFE INSURANCE IN FORCE IN 1918.

The net amount of insurance in Canada at the date of the statements was \$1,785,061,273, which shows an increase of \$200,018,710 over that of the previous year, being distributed as follows:—

	Amount in force.	Increase.
Canadian companies.....	\$1,105,503,447	\$ 108,804,165
British companies.....	60,296,113	1,678,607
Foreign companies.....	619,261,713	89,535,938
Total.....	\$ 1,785,061,273	\$ 200,018,710

The tables on pages xxx and xxxi will enable the progress of the total business to be traced during the past forty-four years, both as regards the amount of insurance effected from year to year and the total amount in force.

AMOUNT OF INSURANCE TERMINATED IN 1918.

The amount of insurance terminated in natural course, namely, by death, maturity, disability or expiry, was \$36,927,642, which is greater by \$7,667,764 than the corresponding amount in the previous year; and the amount terminated by surrender and lapse was \$102,003,597 being more than in the previous year by \$8,919,251.

Relatively to the amounts at risk the amounts so terminated are higher than those of the previous year, giving for every \$1,000 of current risk \$20.92 terminated in natural course and \$57.78 by surrender and lapse, making a total of \$78.70. In the year 1917 these rates were \$18.46 and \$58.73 respectively making a total of \$77.19 thus giving a difference of \$1.51 for each \$1,000 at risk.

The following table exhibits the rates for the last six years:—

TERMINATED OUT OF EACH \$1,000 CURRENT RISK.

	Naturally.						Surrender and Lapse.					
	1913	1914	1915	1916	1917	1918	1913	1914	1915	1916	1917	1918
	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.
Canadian companies.....	12 97	13 87	15 39	17 20	16 23	19 58	76 09	91 95	97 53	72 97	57 03	56 48
British companies.....	28 69	28 03	34 92	33 97	30 26	45 91	42 60	83 87	87 89	57 15	61 45	68 30

SESSIONAL PAPER No. 8

The total termination amounts to about 44.4 per cent of the amount of new policies. The actual amounts of termination were distributed as follows:

	Naturally.	By Surrender and Lapse.
	\$	\$
Canadian companies.....	21,645,774	62,443,799
British companies.....	1,864,906	2,774,540
Foreign companies.....	13,416,962	36,785,258
Total.....	36,927,642	102,003,597

CANADIAN POLICIES IN FORCE.

Omitting the Industrial policies of the London Life, the Royal Guardians, the Mutual Life and Citizens, the Metropolitan and the Prudential, the thrift policies of the Sun Life and the monthly policies of the Excelsior, the following table gives the number and amounts of policies in Canada and the average amount of a policy in force at the date of the statements:—

	Number.	Amount.	Average amount of policy.
		\$	\$
Canadian companies.....	615,885	1,108,031,922	1,799
British companies.....	27,144	60,277,463	2,221
Foreign companies.....	278,260	417,593,538	1,501
Total.....	921,289	1,585,902,923	1,721

The average amount of new policies is: for Canadian companies, \$2,018 for British companies, \$2,620 and for Foreign companies, \$1,395. The corresponding amounts last year were \$1,886, \$1,932 and \$1,418.

DEATH RATE.

In the calculation of the death rate this year, as in previous years, the mean number of policies in force plus one-half the number terminated by death and the number of policies terminated by death during the year have been admitted as approximations to the mean number of lives exposed to risk of death and the number of deaths during the year, respectively. It is believed that the results arrived at represent the actual mortality per 1,000 among insured lives in Canada as accurately as can be gathered from the returns of the companies.

	Number of Policies exposed to Risk of termination by Death in 1918.	No. termin- ated by death in 1918.	Rate of Termination by Death.					
			1918	1917	1916	1915	1914	1913
Active companies, ordinary.....	880,859	13,011	14.8	11.3	10.6	8.4	7.5	7.3

Assessment and fraternal soci- eties.....	115,360	2,112	18.3	16.5	13.7	12.0	10.9	9.6
Non-active and retired com- panies.....	2,284	107	46.8	37.6	56.6	41.4	30.8	36.3
All companies.....	2,760,650	38,887	14.1	11.1	10.6	8.8	8.6	8.7

PREMIUM INCOME.

The premium income in Canada for Canadian, British and Foreign companies, separately, for each year since 1875 is given on page xxxi.

PAYMENTS TO POLICYHOLDERS.

Including the business done outside of Canada by the Canadian companies, and the Canadian business of the British and Foreign companies, the total amount paid to policyholders during 1918 was as follows:—

Death claims (including bonus additions).....	\$ 22,737,075
Disability claims.....	22,246
Matured endowments (including bonus additions).....	7,217,055
Annuitants.....	1,957,949
Paid for surrendered policies.....	7,507,775
Dividends to policyholders.....	7,371,984
Total payments to Policyholders.....	\$ 46,814,084

The payments by the different companies will be found on pages l to liii.

Including the business done outside of Canada by the Canadian companies, the following table shows the total premium income and payments to policyholders of all companies, other than assessment and fraternal companies, doing life insurance business in Canada, for the last forty years, and also the rate of payments to policyholders per cent of premiums received:—

Year.	Premium Income.	Payments to Policyholders.	Rate of Payments to Policyholders per cent of Premiums.

1911.....	40,608,305	19,194,828	47.27
1912.....	46,581,618	22,953,476	49.28
1913.....	51,413,732	25,287,204	49.18
1914.....	53,835,737	28,207,981	52.40
1915.....	56,744,482	36,426,490	64.19
1916.....	61,755,516	35,685,561	57.70
1917.....	68,681,552	39,983,913	58.22
1918.....	77,748,862	46,814,084	60.21
Total.....	899,225,647	484,810,129	53.91

SESSIONAL PAPER No. 8

Hence for every \$100 premiums received during the year there has been paid to policyholders \$60.21 leaving \$39.79 to be carried to reserve, expense and profits.

Collecting the results for the forty years, 1879 to 1918, we find that the total payments to policyholders amount to 53.91 per cent of the premium income during the same period.

Canadian Companies.

The assets and liabilities, income and disbursements, of the Canadian life companies will be found exhibited in the statements under their respective headings at pages xxxvi, xxxviii, xlv, and liv. The tables of mortality employed by the various companies in the calculation of their reinsurance reserve are shown in the table on page xl.

From the tables on pages xlv and liv referred to, it will be seen that the income of Canadian companies was \$75,277,091 and their disbursements \$49,-860,632.

Out of every \$100 of income they have expended in payment to policyholders, \$44.02; in general expenses, \$19.45; in taxes, \$1.35; and in dividends to stockholders, \$0.73; otherwise \$0.68; leaving \$33.77 to be carried to reserve.

By reference to the table at page xxxvi, it will be seen that the total assets at December 31, 1918, of the Canadian life companies other than fraternal benefit societies (including \$15,261,118 outstanding and deferred premiums and interest and rents due and accrued which have not yet gone into income) amount to \$348,709,244, an increase over the corresponding amount at the end of the year 1917 of \$25,964,445.

The net amount of risks in force has increased during the year from \$1,261,116,205 to \$1,394,823,308 a gain of \$133,707,103, and the reserves have increased from \$267,172,605, in 1917, to \$291,035,397 in 1918, an increase of \$23,862,792.

The following table gives the premium and other income of the Canadian companies other than fraternal benefit societies, during the past forty years, and also payments to policyholders, payments for general expenses and dividends paid to stockholders during the same period:—

Year.	Premiums.	Interest and other Receipts.	Total Income.	Paid to Policy-holders.	General Expenses.	Dividends to Stock-holders.	Total Expenditure.

VALUATION OF LIFE POLICIES IN CANADA.

The following are the results of the valuation of the policies of life insurance companies completed by the Department since the issue of the last report. The valuations were made on the basis of the British Offices Om (5) Table of mortality, with $3\frac{1}{2}$ per cent interest. Life annuities were valued according to the British Offices Life Annuity Tables (1893) with interest at $3\frac{1}{2}$ per cent.

SESSIONAL PAPER No. 8

CANADIAN LIFE COMPANIES IN FOREIGN FIELDS.

The undermentioned Canadian life insurance companies carry on business outside Canada in the several countries, states, etc., set opposite their respective names, viz.:—

Name of Company.	Name of Countries, States, etc.
Canada Life Assurance Company.....	The States of Illinois, Michigan, Minnesota, Ohio, Pennsylvania and Washington in the United States of America; Great Britain and Ireland; Newfoundland Jamaica and Nassau.
Confederation Life Assurance Company.....	Great Britain and Ireland; Newfoundland; Mexico; Jamaica; Trinidad; Cuba; Costa Rica; San Salvador; and Guatemala.
Great-West Life Assurance Company.....	State of North Dakota.
Imperial Life.....	Newfoundland; Antigua; Barbadoes; Bermuda; Bonacca; Columbia; Dominica; Grenada; Honduras; Jamaica; Trinidad; Nassau; St. Kitts; St. Lucia; Dutch Guiana; British Guiana; French Guiana; Costa Rica and Porto Rico; Guatemala; San Salvador; Nicaragua.
Independent Order of Foresters.....	Arizona; California; Colorado; Connecticut; District of Columbia; Florida; Georgia; Illinois; Indiana; Iowa; Kentucky; Maine; Maryland; Massachusetts; Michigan; Minnesota; Missouri and Kansas; Montana; Nebraska; Newfoundland; Nevada; New Jersey; New York; North Dakota; Ohio; Oregon; Pennsylvania; Rhode Island; South Dakota; Tennessee; Texas; Utah; Vermont and New Hampshire; Washington; Wisconsin; Great Britain and Ireland; Norway; Denmark; Ceylon.
Manufacturers' Life Insurance Co.....	Newfoundland; Great Britain and Ireland; Egypt; Transvaal; Cape Colony; India; Ceylon; Siam; Straits Settlements and Federated Malay States; Java; Sumatra; Hong Kong; China (Treaty Ports); Philippine Islands; Japan; Bermuda; Barbadoes; Jamaica; Porto Rico; Trinidad; Cuba; Curacao; Grenada; Panama; Costa Rica; Dutch Guiana; British Honduras; Mexico; Santo Domingo; Pennsylvania; Illinois; Michigan; Ohio.
Mutual Life Assurance Company of Canada.....	Newfoundland.
National Life Assurance Company of Canada.....	British West Indies.
North American Life Assurance Co.....	The States of Illinois, Michigan, Pennsylvania and Washington in the United States of America; Bahamas; Bermuda; West Indies and Newfoundland.
Sun Life Assurance Company of Canada.....	Great Britain; Newfoundland; Bermuda; Bahamas; West Indies; India and Burma; Ceylon; Straits Settlements; Egypt; Asia Minor; Hawaii; Maryland; Michigan; New Jersey; Pennsylvania; Porto Rico; Virginia; Philippine Islands; Cuba; China; Japan; Belgium; Chile; Mexico; Central America; Columbia; Peru; Manchuria; British Guiana; Dutch Guiana; Siam and South Africa.

FRATERNAL BENEFIT SOCIETIES, LIFE INSURANCE, 1918.

The business of insurance has been carried on by six Canadian fraternal benefit societies.

The total amount of policies taken in Canada during the year 1918 by the six Canadian associations above referred to was \$5,497,819; which is less than the amount of policies of these associations taken in 1917 by \$803,417, and the net amount in force at the end of the year was \$129,055,773, which is greater than the amount in force at the end of the year 1917 by \$19,364,485. The amount of the insurance terminated, in Canada and out of Canada, by death was \$4,381,610, and by surrender, etc., \$14,849,510. The total terminations amount to 175·3 per cent of the amount of new policies.

The details of individual companies will be found on pages lxxiv to lxxviii.

The total amount paid by members in Canada for membership fees, annual dues, premiums, etc., was \$2,679,637, and the amount paid for death claims was \$3,037,860.

Details of the assets and liabilities, income and disbursements will be found on pages lxxv to lxxvii.

LEGAL DECISIONS.

LIFE INSURANCE.

- (a) *Company—Winding-up—Action against Company in Liquidation—Appeal to Supreme Court of Canada—Necessity of Leave—S.S. 101, 106, Winding Up Act, R.S.C. 1906, Ch. 144.*

Trust for Wife—Declaration by Will—Identification of Policies—S. 7, Life-Insurance Policies Act, Ch. 115, R.S.B.C. 1911.

An Appeal from a Court of last resort in a province to the Supreme Court of Canada in an action against a company in liquidation under *The Winding Up Act* may be brought without first obtaining the leave provided for by sec. 106 of *The Winding Up Act*. Per Davies and Anglin, JJ., holding that sec. 106 is limited to proceedings under the Act, that is, proceedings in the winding-up itself, and that leave is not necessary where the right of appeal is conferred by *The Supreme Court Act*. Idington and Brodeur, J.J., *contra* held that sec. 106 is not limited to proceedings under the Act and that, therefore, leave to appeal is necessary. Fitzpatrick, C.J., held that where an action is against the company only as an executor it is not one which is within the prohibition of *The Winding-Up Act* at all.

A declaration, under sec. 7 of the *Life Insurance Policies Act*, R.S.B.C. 1911, ch. 115, that a policy of insurance is for the benefit of the insured's wife or of his wife and children or any of them, may be made by will: per Davies and Anglin, JJ. following *McKibbon v. Feegan*, 21 O.A.R. 87; Idington, J., *contra*; Fitzpatrick, C.J., *dubitante*, and Brodeur, J., found it unnecessary to decide this point.

In a case wherein an insured held ten policies of life insurance amounting in all to \$425,000, of which \$207,054.54 had been collected at the time of his death, the following words in his will: "The first \$75,000 collected on account of policies of life insurance I give to my wife, Laura," were held, per Fitzpatrick, C.J., Idington and Anglin, JJ., not to identify the policies of insurance as required by sec. 7 of the *Life Insurance Policies Act*, R.S.B.C. 1911, ch. 115. Davies, J., *contra*, held the identification sufficient, on the ground that any language which so identifies the policy or policies as to prevent any mistake being made with respect to the declaration of trust is sufficient.

April 15, 1918.—Supreme Court of Canada.—*Arnold (Plaintiff), Appellant v. Dominion Trust Company (Defendant), Respondent.*—(1918) 2 Western Weekly Reports, 25.

- (b) *Policy payable to Wife—Foreign Divorce obtained by Wife—Invalidity of Divorce—Right of Wife to assert—Change of Beneficiary by Will—Right to divert Fund to Beneficiaries not of Preferred Class—Wife ceasing to be of Preferred Class.*

B. obtained a policy of insurance on his life, payable to his wife by name. Some time after the date of policy, she obtained a divorce in a foreign State. By his will, B. gave one-third of the insurance money to his son and one-third each to his brother and sister:—

Held, that it was not open to the wife, after the death of B., to maintain that the divorce was invalid.

Swaizie v. Swaizie (1899), 31 O.R. 324, and *In re Williams and Ancient Order of United Workmen* (1904), 14 O.L.R. 482, followed.

Held, also, that when she obtained the divorce she ceased to be in law B's wife, and so ceased to be within the preferred class; and B might, at his will, divert to one not of the preferred class, and so effectively exclude the wife, although the divorce alone would not exclude her.

Jan. 24, 1918.—Ontario Supreme Court.—*Re Banks.*—XLII Ontario Law Reports, 64.

SESSIONAL PAPER No. 8

(c) *Donation par contrat de mariage—Enregistrement—Transport à un créancier—Signification—C. civ., art. 1571, 2127.*

L'enregistrement d'un acte de donation faite à l'épouse par contrat de mariage, ne supplée pas à la signification requise par l'article 1571 du Code civil, lorsque l'objet de la donation est une créance. Ainsi le créancier auquel une police d'assurance a été transportée pour considération et qui a fait signifier son transport, peut réclamer le montant de l'assurance à l'encontre de la veuve de l'assuré qui avait reçu la donation de cette somme dans son contrat de mariage et qui n'avait que fait enregistrer ce dernier, sans signification à la compagnie d'assurance. Dans le même sens: (1917) *La Banque Provinciale du Canada v. dame Beauchesne et Federal Life Insurance Company*, 26 B.R. 41.

Sept. 25, 1917.—Quebec Superior Court.—*La Banque Nationale v. dame Loiseleur*.—LIII, Quebec Reports, 154.

(d) *Benefit Society—By-laws not enforced—Liability under Insurance Policy—By-law invoked to escape.*

A benefit society which had never enforced a rule requiring dues to be promptly paid, but has made it a custom to accept payments from members in arrears whenever they were willing to pay, cannot invoke such rule in order to escape liability under the conditions of an insurance policy.

May 22, 1918. Quebec Court of Review.—*Belanger v. L'Union Mutuelle des Voyageurs de Commerce*.—43, Dominion Law Reports, 90

(e) *Société de secours mutuel—Attribution des bénéfices—Parenté—Neveu par alliance—Règlement prohibant d'attribuer les bénéfices par testament—Liberté de tester—C. civ., art. 898.*

1. Lorsque la constitution d'une société de secours mutuels n'admet au bénéfice de ses dotations que les parents par le sang (blood relation), l'attribution d'un certificat de dotation à un neveu par alliance (que l'assuré a faussement déclaré être le fils de sa soeur) est illégale et nulle.

2. Par MM. les juges Cannon et Belleau: Un sociétaire ne peut attribuer par testament sa dotation dans une société de secours mutuel, si les règlements de l'association le prohibent expressément. Cette prohibition ne constitue pas une violation de la liberté de tester, et n'est nullement contraire à l'ordre public.

Dec. 21, 1917.—Quebec Superior Court.—*Dalziel v. L'Ordre des Forestiers Catholiques*.—LIII, Quebec Reports, 308.

(f) *Practice—Consolidation of Actions—Order 49, Rule 1, B.C. Rules—Power of Court or Judge.*

Courts—Appeal—Finding of Facts by Trial Judge—Position of Appeal Court as to Interferences from Evidence.

Insurance—Life—Action on—Defence of Suicide—Proof of.

Order 49, Rule 1 of the British Columbia rules, which provides that, "Causes, matters or appeals may be consolidated by order of the Court or judge in such manner as to the Court or Judge may seem meet," is absolute and leaves the question of the consolidation of actions, so far as the power of the Court or Judge is concerned, entirely in the hands of the Court or Judge. Therefore, even if a Judge's decision as to consolidation is ill-judged, it is not *ultra vires*.

Where a question of fact has been decided by a tribunal which has seen and heard the witnesses the greatest weight ought to be attached to the finding of such a tribunal. But where no question arises as to truthfulness, and where the question is as to the proper inferences to be drawn from truthful evidence, then the original tribunal is in no better position than the Judges of an Appellate Court.

In an action upon life-insurance policies wherein the defence of suicide was set up, held, contrary to the view of the trial Judge, that the evidence proved such defence.

October 17, 1918.—Judicial Committee of the Privy Council.—*Dominion Trust Co. (Executor of Estate of W. R. Arnold, deceased) (Plaintiff), Appellant v. New York Life Insurance Co. et al (Defendants), Respondents.*—(1918) 3 Western Weekly Reports, 850.

- (g) *Mortgage—Foreclosure—Procedure open to Mortgagee—Remedies under s. 62 and s. 62a Land Titles Act as Alternative—Effect of Foreclosure upon Mortgage Debt.*

Premium—Effect of Payment of on Life of Policy—Death of Insured on Day Premium falls due.

The procedure prescribed by sec. 62a of *The Land Titles Act*, ch. 24, 1906, as amended by sec. 2, ch. 3, 1915, for realizing a debt secured by a mortgage on land, does not exclude the jurisdiction of the Supreme Court as prescribed by sec. 62, but is an alternative procedure merely, which does not derogate from the powers vested in the Court over proceedings to enforce the security as a charge against the land, whether such proceedings are under sec. 62 or 62a.

A foreclosure order under sec. 62 or under sec. 62a of *The Land Titles Act* has not the effect of extinguishing the mortgage debt so as to prevent the mortgagee from proceeding against the mortgagor upon the covenant to pay or upon collateral securities.

A policy of insurance for twelve calendar months from a given day excludes that day but includes the corresponding day of the next year (*South Staffordshire Tramways Co. v. Sickness and Accident Assurance Association* (1891) 1 Q.B. 402 followed). Therefore a premium payable, and paid, on or before, e.g., February 1, 1916, has the effect of keeping the policy in force until the end of February 1, 1917.

The obtaining of a foreclosure order in proceedings upon a mortgage and the issue to the mortgagee of a certificate of title to mortgaged land does not necessitate the inference that the mortgagee has taken the property in satisfaction of the debt, if there be no declaration of his intention to do so.

January 10, 1918.—Supreme Court of Alberta.—*Douglas v. The Mutual Life Assurance Company of Canada.*—(1918) 1 Western Weekly Reports 239.

- (h) *Lapse of Policy by Non-payment of Premium—Evidence of Revival—Onus—Acceptance by Agent of Insurance Company of Amount of Premium after Lapse and when Insured in Articulo Mortis—Terms and Conditions of Policy—Notice to Beneficiary—Official Receipt—Waiver—Absence of Knowledge of impending Death—Premium not actually accepted by Insurance Company.*

The plaintiff's husband, whose life was insured by the defendants, by a policy under which she was the beneficiary, died on the 22nd August, 1917, having been ill for one week. On the day before the death, the plaintiff paid to an agent of the defendants the amount of a premium which had been overdue since the previous 15th July. The agent gave the plaintiff a receipt for the amount, signed by himself, and containing the words "official receipt to follow." The agent handed the money to the defendants' book keeper, who, on the 22nd August sent the official receipt, dated the 22nd August, signed by the manager and countersigned by the agent. This receipt stated on its face that agents were not authorized to receive premiums after the expiration of the days of grace, and that any person making such payment does so on the agreement that the acceptance thereof by the company shall not be regarded as evidence of waiver

SESSIONAL PAPER No. 8

of any of the terms or conditions of the policy. The defendants, being notified of the death, endeavoured to return to the plaintiff the identical money which she had paid and which had been set apart in an envelope and so remained, but she refused to receive it, and brought this action to recover the amount of the insurance:—

Held, accepting the statement of the plaintiff that the agent had said nothing to her about furnishing a certificate of health when she paid him the money, that, nevertheless, having regard to the terms and conditions of the policy (set out below), she could not recover.

The policy had lapsed; the onus was on the plaintiff to show that it was revived; and she was confronted with abundant notice of the conditions upon which alone it could be revived.

The defendants could not waive the forfeiture without notice or knowledge of the fact that the insured was, when the money was paid, in articulo mortis.

The money never "got home" to the defendants, in the sense of being accepted and regularly entered in their books.

March 8, 1918.—Ontario Supreme Court.—*Foxwell v. Policyholders Mutual Life Insurance Company*.—XLII Ontario Law Reports, 347.

(i) *Change of Beneficiary—Preferred Class—Declaration in Writing—Sufficiency—Insurance Act, sec. 171 (5)—"Soldier's Will"—Printed Form—"Personal Estate"—Inclusion of "Insurance Policy"—Effect of Printed explanatory Clause—Policy Payable in Ontario—Assured domiciled in British Columbia—Application of Law of Ontario.*

In 1904, R., then domiciled in Manitoba, insured his life for \$2,000 in an insurance company, having its head office in Ontario. The loss was payable at the company's head office to R's mother, who was domiciled in Ontario. In 1906, R. went to live in British Columbia and became domiciled there. In 1915, he enlisted in the Canadian Expeditionary Force and went overseas in January, 1917, having married in June, 1916. Before leaving for overseas, he executed a "soldier's will" upon a printed form, and thereby bequeathed all his personal estate to his wife. By a clause printed as part of the will, above the testimonium clause, it was declared that "personal estate" included "insurance policy." R. was killed in action in November, 1917. The \$2,000 insurance moneys were claimed by his mother and by his widow:—

Held, following *re Monkman* and *Canadian Order of Chosen Friends* (1918), 42 O.L.R. 363, that under the law of Ontario [The Insurance Act, R.S.O., 1914, ch. 183, sec. 171 (5)] the will was sufficient to change the beneficiary from the mother to the wife.

And *held*, adopting the view of some of the Judges in *re Baeder* and *Canadian Order of Chosen Friends* (1916), 36 O.L.R. 30, that the power exercised by R. was, or was analogous to, a power of appointment, and was governed not by the law of his domicile (British Columbia), but by the law of Ontario.

Held, therefore, that the widow was entitled to the moneys.

June 25, 1918.—Ontario Supreme Court.—*Re Hewitt and Hewitt*.—XLIII Ontario Law Reports, 286.

(j) *Mari et femme—Bénéficiaires—"Enfants" et "petits-enfants"—Caducité—Revocation—Exécuteur testamentaire—Loi—C. civ., art. 937, 980—29 Vict. (1865), ch. 17—33 Vict. (1870), ch. 21—41—42 Vict. (1878), ch. 13—S. ref. (1909), art. 1480.*

1. D'Après les dispositions contenues dans 29 Vict. (1865), ch. 17 et 33 Vict. (1870), ch. 21, "loi pour assurer aux femmes et aux enfants le bénéfice

des assurances sur la vie de leurs maris et parents," et d'après les articles 937 et 980, C. civ., lorsqu'une police d'assurance sur la vie du mari est faite payable "à sa femme et ses enfants, à leurs exécuteurs, administrateurs et ayants-cause," la désignation des bénéficiaires n'est pas devenue caduque par le décès avant l'assuré de son épouse et de ses enfants au premier degré mais elle continue d'être en vigueur en faveur de ses petits-enfants.

2. Dans la désignation des bénéficiaires d'une police d'assurance prise par un mari au bénéfice de sa femme et de ses "enfants" ce dernier mot comprend par lui-même les "petits-enfants."

3. L'assuré dans le cas ci-dessus, n'a pas le droit suivant les articles 6, 7 et 8 de la susdite loi 33 Viet. (1870), ch. 21, d'ordonner, par acte sous seing privé, à la compagnie d'assurance, de payer une partie de son assurance à quelques personnes désignées de sa parenté et le reste suivant les dispositions de son testament.

4. Lorsqu'un mari assure sa vie au bénéfice de sa femme, de ses enfants et de leurs exécuteurs, administrateurs et ayants-cause, le montant de l'assurance, à son décès, ne tombe pas dans sa succession, et son exécuteur testamentaire ne peut le réclamer.

5. Dans le cas ci-dessus, lorsque la police est émise du vivant de la première femme du mari, la seconde n'y a aucun droit.

6. En matières d'assurance sur la vie c'est la loi en vigueur au décès de l'assuré, c'est-à-dire au moment où la police devient due, qui s'applique.

Oct. 13, 1917.—Quebec Superior Court.—*Dame Lee et Autre v. The Aetna Life Insurance Company of Hartford, et dame Archambault personnellement et exécutrice testamentaire et autre, mis en cause.*—LIII, Quebec Reports, 162.

(k) *Change of Beneficiary—Preferred Class—Declaration in Writing—Sufficiency—Insurance Act, R.S.O. 1914, ch. 183, sec. 171 (5)—Will—Printed Form—"Personal Estate"—Inclusion of Insurance Moneys—Effect of Printed Explanatory Clause—Wills Act, R.S.O. 1914, ch. 120, secs. 2, 12 (2), 30—Interlineation—Nuncupative Will—Wills Act, sec. 14.*

The beneficiaries named in an insurance policy on the life of M. were his father, mother, and a brother. M. died leaving a will executed when he was on active service abroad as a soldier. This will was framed by filling up the blanks in a printed form of a "soldier's will." The directions for filling in the blanks and for execution and attestation were in the body of the document, not in the margin. The will as drawn up and executed contained this clause: "My personal estate I bequeath to my wife" (naming her); and beneath the place for the signature, where M. had affixed his signature, and above the *testimonium* clause, were the printed words: "N.B. Personal estate includes... insurance policy, in fact everything except real estate:—"

Held, that, whether or not this document operated as a will making a valid disposition of the insurance money, it was a declaration under sub-sec. (5) of sec. 171 of the Ontario Insurance Act, sufficient to effect a valid change in the beneficiary in favour of the wife, one of the preferred class, substituting her for the original beneficiaries.

Semble, that, although the *nota bene* clause was not part of the will, because not intended to be so, it was not to be ignored altogether—it should be taken as explanatory of what was included in the term "personal estate;" and the document might be regarded as a testamentary document supporting the claim of the wife to the insurance money.

Sections 2, 12 (2), and 30 of the Wills Act considered.

Semble, also, that, if the *nota bene* clause should be deemed to have been intended to be part of the will, it might be treated as an interlineation, self-

JUDICIAL PAPER No. 3

evidently made before the execution of the will and above the *testimonium* clause, and so supporting the wife's claim. But, treating the document as a nuncupative will, under sec. 14 of the Wills Act, the wife was not aided, because that section authorizes a disposal of "personal estate" as interpreted by that enactment only.

March 18, 1918.—Ontario Supreme Court, Appellate Division.—*Monkman v. Canadian Order of Chosen Friends*.—XLII Ontario Law Reports, 363.

(l) *Surrender of Policy by Husband with Consent of Wife—Necessity of Independent Advice—Life-Insurance Policies Act, R.S.B.C., 1911, Ch. 115. Contract—Insanity of One Party—Knowledge of by Other—Necessity of Proof of by Person attacking Contract.*

The *Life-Insurance Policies Act*, R.S.B.C., 1911, ch. 115, does not require a wife to have independent advice before joining with her husband in the surrender of a policy of insurance taken out by him in her favour, especially where a refund is made of a portion of the premiums paid. Nor, unless the circumstances of such surrender bring it within one of the exceptions referred to by Alverstone, C.J., in *Hovcs v. Bishop* (1909) 2 K.B. 390, at 395, is there any rule of law casting upon an insurance company supporting the surrender an onus of showing that the document was adequately explained to the wife or that she had independent advice or sufficient protection.

Quære as to how far the rule, that it is necessary for a party attacking a document on the ground of insanity to prove knowledge of such insanity on the part of the person supporting it, has been affected by "*Daily Telegraph Newspaper Co. v. McLaughlin* (1904) A.C. 776; 73 L.J.P.C. 95, and *Molyneux v. Natal Land, etc., Co.* (1905) A.C. 555; 74 L.J.P.C. 108.

July 10, 1918.—Supreme Court of British Columbia.—*Moore v. Confederation Life Association*.—(1918) 2 Western Weekly Reports, 895.

(m) *Application for Insurance made and Premium paid—Powers of local Agent—By-laws of Insurance Company—Principal Officers—Approval of Application by Medical Referee—Death of Applicant before acceptance of Application by Issue of Policy or otherwise—Failure to prove Contract—What Constitutes a Contract—Insurance Act, R.S.O. 1914, ch. 183, secs. 2 (14), 155.*

C. was a local agent of the defendants; his powers were limited to receiving applications and premiums for insurance and procuring medical examination of applicants. R., on the 3rd February, signed an application, addressed to the defendants, for an insurance on his life, and gave it to C. with \$5 and a promissory note for \$3.62—\$8.62 being the estimated amount of the first quarter's premium. An interim receipt, signed by C., was given by him to R. C. intimated and R. understood that a larger premium might be required. At the instance of C., R. was examined by a physician on the same day. C. sent the application, the \$5, and the note to the defendants. On the 6th February, the defendants returned the application and the note to C., stating that the premium would be \$9.37, instead of \$8.62, and asking C. to have the necessary changes made and initialled by the applicant. The application and note were altered by C. and sent to R. to be initialled, but were not at once returned by R. On the 10th February, the medical examiner's report was received by the defendants. On the 24th February, R's wife brought to C. the application and note as altered, duly initialled; and she paid to C. in cash \$4.37, the balance of the premium. On the same day, which was a Saturday, C. sent the application and the \$4.37 to the defendants; they received it on the 26th;

but R. was then dead, his death occurring on the 25th. On the 28th February, the defendants were notified of the death. The policy had been prepared, but had not been signed or sealed. The defendants sent a cheque for \$9.37, the sum paid, to the wife of R., who refused to accept it; it was retained by her solicitors, without prejudice to her claim to recover as upon a completed contract of insurance, to enforce which she brought this action:—

Held, upon the evidence, and having regard to the limited powers of C. and the by-laws of the defendants, which provided that the manager, assistant manager, and acting-manager were the only officers empowered to bind the defendants by an insurance contract, and that they could do so only after the application has been approved by the medical referee—who in this case never saw the application until after the death of R.—that there never was any insurance contract between the defendants and R.

Per Mulock, C.J. Ex.:—A policy is evidence of a contract, but is not itself the contract. The contract may be by parol, in which case there is no policy to submit to the applicant for acceptance or refusal. The application is an offer, and may be accepted by any sufficient corporate act—not necessarily the granting of a policy. Sections 2 (14) and 155 of the Insurance Act, R.S.O. 1914, ch. 183, referred to.

The *dictum* of Riddell, J., in *Sharkey v. Yorkshire Insurance Co.* (1916), 37 O.L.R. 344, at p. 352, repeated in this case, that the ordinary application for insurance is not a tender which will become a contract, but a request to the company to offer a policy; that, if the company tender a policy on such request the applicant may decline to accept it, and that, if the applicant accept the policy tendered, then and only then is the contract complete, not assented to by Mulock, C.J. Ex.

March 25, 1918.—Ontario Supreme Court, Appellate Division.—*Robinson v. London Life Insurance Co.*—XLII Ontario Law Reports, 527.

LEGISLATION.

1. DOMINION LEGISLATION.

There was no legislation affecting Life Insurance Companies passed during the 1918 session of Parliament.

2. PROVINCIAL LEGISLATION.

For Provincial Legislation, see Vol. I., pages lxi to xciii.

I have the honour to be, Sir,

Your obedient servant,

G. D. FINLAYSON,

Superintendent of Insurance.

ABSTRACT

OF STATEMENTS MADE BY COMPANIES LICENSED TO DO BUSINESS OF LIFE INSURANCE IN CANADA, FOR THE YEAR 1918, IN ACCORDANCE WITH THE INSURANCE ACT, 1917.

NOTE.—In Income and in Disbursements certain items are divided into (1) Transactions of 1918, and (2) Arising out of Transactions of 1917 and earlier. The division was made by reason of a change in the form of Annual Statement requiring all Companies to show as claims of the year of account the full cash value of claims arising in the year but payable by instalments for a term of years or for life (Supplementary Contracts), a balancing amount being included in Income in "Consideration for Supplementary Contracts." Also policyholders profits taken otherwise than in cash, as for example, applied to purchase a reduction in premiums, are required by the new form of Statement to be shown in the Disbursements for the full cash value in the year in which the premium reduction is granted, a balancing amount being included in Income in "Single Premiums." Heretofore all Canadian Companies and some British and Foreign Companies have shown in Disbursements only actual cash payments in respect of these items, so that in view of the change in the form of Statement there would not be shown in subsequent years in Disbursements as "Payments in respect of Assurance Contracts" either instalment payments of claims of 1917 and earlier years or payments in respect of premium reductions which vested in 1917 or earlier. It was therefore thought that the transition from the old form of Statement to the new would be better made by including as separate items in the Disbursements of 1918 the commuted values of supplementary contracts and premium reductions current as at 31 December 1918 which arose in 1917 and earlier years.

(a) This amount includes all surplus allotted to all the company's policies, being the full accrued surplus to the policy anniversary in 1918.
 (b) Including \$184,620 reserved for unreported death claims.
 (c) Including \$41,014 reserved for unreported death claims.
 (d) Including \$437,410 allotted to policies participating in 1919.
 (e) Including \$357,438 allotted to policies participating in 1919.
 (f) There is a contingent allotment of \$56,824 to deferred dividend policies issued prior to 1st Jan. 1911, but as this exceeds the surplus the amount was not entered.
 *Allotted absolutely, not contingently.

(The following Statements of Funds and Accounts have been prepared strictly on a Revenue Basis)

*Including the Sickness and Funeral Department. Including a Special reserve of \$1,600,000.

(a) This Association was incorporated by a Special Act of Parliament during the 1917 session with powers to acquire the assets and assume the liabilities of the Provincial Association of the same name operating under a charter granted by the Province of Quebec in 1892. The Association was licensed in December, 1917, and now operates under the provisions of the Insurance Act, 1917, of Canada. By the said Special Act the Association is required to maintain such reserve as the Superintendent of Insurance determines to be necessary, having regard to the benefits granted and the rates of contribution therefor.

(b) This Association was incorporated by a Special Act of Parliament during the 1917 session with powers to acquire the assets and assume the liabilities of the Provincial Association of the same name operating under a charter granted by the Province of Quebec in 1877. The association was licensed in December, 1918, and now operates under the provisions of the Insurance Act, 1917, of Canada. By said Special Act the Association is required to maintain such reserve as the Superintendent of Insurance determines to be necessary, having regard to the benefits granted and the rates of contribution therefor. The mortuary fund was valued on the N.F.C. 4% basis, claims being assumed payable one month after death. The reserve in the sickness fund was placed at the amount of the fund less the matured liabilities. The methods of administration of sickness benefits have recently been changed and consequently it is believed that the previous sickness experience might not be quite suitable for valuations under present conditions. By a provision of the By-Laws, the executive is authorized to increase the number of assessments or to decrease the benefits to any extent deemed necessary by the Superintendent of Insurance, depending on the condition of the fund as disclosed by valuations made as at 31st December, 1920, and subsequently. A valuation will be made as at 31st December, 1920, based on the experience for the years 1919 and 1920, and any necessary readjustment of rates or benefits or both will be made. It is unlikely that this readjustment will affect members admitted after 1st October, 1918, or those who elected to pay according to the scale of rates now in use as it is believed these rates are sufficiently high to provide the benefits granted.

(c) The Association is operating under the provisions of the Insurance Act, 1917, and under the provisions of an amendment thereto passed during the first session of Parliament in the year 1919. By virtue of a provision of the said amendment the triennial Convention held in August, 1919, by By-Law effected a reduction in the amount assured under mortuary certificates with a view to making the Association actuarially solvent, the reduction to become effective October 1, 1919. In the case of certificates issued prior to November 1, 1907, the reduction is \$180 per \$1,000 and for subsequent issues the amount varies from \$170 to \$60 per \$1,000.

(d) The society is operating under the assessment system and by the provisions of the Insurance Act is required to make assessments adequate with its other available funds to meet all obligations under its policies without deduction or abatement. While not required by the Insurance Act (See Sec. 107) to maintain the reserve which is required of ordinary life insurance companies, the Society on 1st January 1916, put into effect a readjustment of rates and benefits with the object of thereafter transacting business on an actuarial basis and maintaining an adequate reserve.

(e) The constitution and laws of this society adopted in 1913 provide that the Executive Council shall have power at any time to order such extra assessments as may be necessary to fulfil the requirements of any Act of the Parliament of Canada which may at any time be in force. The Act, 5 George V, chapter 75 requires the society to maintain in respect of all its outstanding mortuary benefit certificates or policies a reserve on the basis of the Foresters experience and four per cent annual interest.

(f) This Order is a friendly Society incorporated by Special Act of the Parliament of Canada and operates under the provisions of the Insurance Act. While not required by the Insurance Act, (See Sec. 107) to maintain the reserve which is required of ordinary life insurance companies the Order, on the 1st July, 1914, put into effect a readjustment of rates and benefits with the object of thereafter transacting business on an actuarial basis and maintaining an adequate reserve.

WAR CLAIMS INCURRED BY INSURANCE COMPANIES
IN CANADA.

With a view to ascertaining the extent to which the life insurance companies in Canada have been affected by the war, a circular was sent to each company asking for the figures showing the war claims incurred during the year 1918. The claims were further classified in the four years 1914, 1915, 1916 and 1917, according as were incurred under policies held by

- (A) Enlisted soldiers killed in action, or dying from wounds;
- (B) Enlisted soldiers dying from other causes; and,
- (C) Other persons engaged in war service or civilians dying as a result of military operations.

In 1918 section (B) is divided as follows:—

Enlisted soldiers dying from—

- (1) Influenza, pneumonia or grippe,
- (2) All other causes.

In order that the enquiry might be as comprehensive as possible the circular was directed to the life insurance companies and the large number of fraternal societies operating under Provincial Licenses as well as to all such companies and societies licensed by this Department.

Returns have now been received from all companies and societies with the exception of a few small Provincial fraternal societies the figures for which will not appreciably affect the totals. The tabulation of the figures received together with those of previous years gives the following results:—

INFLUENZA CLAIMS INCURRED BY INSURANCE COMPANIES IN CANADA.

The epidemic of Spanish influenza which affected Canada during the latter part of the year 1918 was of so widespread a nature and occasioned so many deaths either directly or indirectly through consequent diseases that it has been deemed advisable to obtain a summary of the resulting losses incurred by life insurance companies in Canada.

The returns were made at the same time and received from the same sources as the war claims. The figures include claims incurred on account of enlisted soldiers dying from influenza, pneumonia, or grippe, shown under B (1) above. The results are as follows:—

9 GEORGE V, A. 1919

DEATH CLAIMS DURING OCTOBER, NOVEMBER, AND DECEMBER, 1918, DUE TO INFLUENZA, PNEUMONIA, OR GRIPPE.

LIFE INSURANCE IN CANADA, 1918.

The tables and detailed statements to be found in this report contain the figures of companies licensed by this Department only, and as there are a number of companies operating under provincial licenses the figures cannot be taken as a record of the entire life insurance business in Canada. The statistics for the provincial companies can be obtained later in the year from the reports of the various provincial governments but as it is desirable to have the figures combined so that a complete statement of the entire Canadian business can be obtained without reference to separate reports, the following table has been prepared from the figures appearing elsewhere in this volume respecting Dominion licensees and from replies received to a circular letter of inquiry sent by the Department to Provincial licensees early in the present year.

The number of provincial licensees contributing to the compilation is 53, of which 48 are fraternal societies. Of these fraternal societies, 33 are Provincial and 15 are foreign societies. All the ordinary life insurance companies are Provincial corporations and 3 of these companies transacted business in provinces other than those in which their Head Offices were situated.

Business transacted by	Net Insurance written.	Net Insurance in force Dec.31,1918.	Net Premiums received.	Net Losses paid.

DEFERRED DIVIDENDS.—(a) CASH DIVIDENDS PER \$1,000 OF INSURANCE DECLARED UPON POLICIES COMPLETING A QUINQUENNIAL DIVIDEND PERIOD DURING 1918.

(a) CASH DIVIDENDS DECLARED IN 1918.

(b) TOTAL CASH DIVIDENDS DECLARED (INCLUDING (a)).

Dividend Period.

Five Year Dividend Periods.

Kind of Policy.

NOTE.—No Quinquennial Dividend Policies have been issued since 1906.

† Dividend factors for earlier years not available for this age nor for the adjacent ages.

• In cases where two items are entered, the lower line shows the regular dividend, the upper line an "extra" dividend, which can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy values.

† In cases where two items are entered, the lower line shows the regular dividend, the upper line an "extra" dividend, which can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy values. Where only one sum is entered, no extra dividend is available.

• In cases where two items are entered, the lower line shows the regular dividend, the upper line an "extra" dividend, which can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy values.

† In cases where two items are entered, the lower line shows the regular dividend, the upper line an "extra" dividend, which can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy values.

^aThese figures represent the Annual Dividend or 10 Year Deferred Dividend Policies.

^bThe Bonus declared at the end of the deferred period is a reversionary one. The amount entered in the "Dividend" Column is the Cash Value of this Reversion at the end of the period. In the case of Endowment Assurances the end of the deferred period is almost invariably co-terminous with the date of maturity and therefore the "Cash" and "Reversionary" values are identical. The Whole Life Reversion used for converting the Bonus into Cash is based on the English Life Table No. 1.

NOTE—The Anglo-American Fire Insurance Company is in liquidation, Mr. G. T. Clarkson, Toronto, having been appointed liquidator. The liquidator has entered into an agreement with the Western Assurance Company, Toronto, whereby all the outstanding Canadian policies and unpaid losses and claims for unearned premiums thereon as at Feb. 19, 1916, have been assumed by the Western Assurance Co. The deposit of the company, with the exception of \$5,909.15 par value, has been released.

The factories Insurance Company, by a reinsurance agreement dated Dec. 22, 1916, reinsured its business in the Western Assurance Company, Toronto. The deposit of the company, to apply for its release.

The North American Accident Insurance Company, incorporated by an Act of the Parliament of Canada, has acquired the assets and property of the North American Accident Insurance Company, incorporated by the Province of Ontario, and has assumed its liabilities. The deposit of the latter company is still held by the Receiver General but notice, has been given by the company, as required by the Insurance Act, 1917, of its intention to apply for the release of its securities.

The name of the Alberta-Saskatchewan Life Insurance Company has been changed to the Commercial Life Assurance Company of Canada.

The name of The Canada Accident Insurance Company has been changed to The Canada Accident and Fire Assurance Company.

SESSIONAL PAPER No. 8

ÆTNA LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. Calculation of the reserve in the "Statement of Actuarial Liabilities."—

(1) Valuation is made by groups arranged according to years and ages at issue and plans of insurance. Age according to the nearest anniversary of birth at time of issue except that the age at issue is never lower than the age used in fixing the premium, or consideration in the contracts. Valuation on the net level premium reserve system and of the mean reserve for the policy year ending in 1919. American Experience Table at $3\frac{1}{2}\%$ on entire Non-participating class and on Participating class issued prior to 1901. American Experience Table at 3% on Participating class issued in 1901 and subsequently. For Annuities, McClinck's Annuitants $3\frac{1}{2}\%$ and American Experience $3\frac{1}{2}\%$.

(b) Policies issued at premiums corresponding to ages higher than the true ages are valued at the higher ages. Policies are not issued to substandard lives except on the "rated up" plan.

(f) For policies providing for disability benefits, (1) before the occurrence of disability the reserve consists of twenty-five cents per annum per \$1,000 of life insurance, such charge being accumulated at $3\frac{1}{2}\%$ and 3% interest; (2) thereafter, present value of future benefits on basis of $3\frac{1}{2}\%$ interest and of the Combined Experience table of mortality.

(g) No annuities issued to lives classed as under-average.

(2) Items of Special Reserve—

(a) No reserve is held under limited and single premium policies on account of prepaid or limited loadings. Under such policies the surplus interest earned over and above 3% or $3\frac{1}{2}\%$, the rate of interest required to maintain the reserve, is assessed one-quarter of one per cent. annually for expenses. No additional reserve made under immediate annuities to cover future expenses.

(b) No policies with guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed.

(c) No special reserve is held, pending possible future re-instatement against policies having previously defaulted in premium payment and not entitled, on the date of the valuation, to either cash value or extended insurance.

(d) No reserve is maintained to cover the option of renewal under term policies.

(e) No reserve is maintained to cover the option of conversion either during a fixed term or at the end thereof into higher premium policies.

(f) No other items of special reserve maintained.

3. The average rate of interest earned during the year on the mean net ledger assets of the company as a whole was 5.09%.

4. (a) The Participating class of business is kept separate and distinct from the Non-participating (or shareholder's) class. Each class pays its own expenses, commissions, medical fees, etc., and the general expense account is divided between the two classes in proportion to the premium receipts.

(b) Explanation showing Methods for Annual Dividends declared in 1918.

GENERAL BASIS OF DISTRIBUTION.

Expense assessment of 72.5% of loading leaving 27.5%, with 4.35% interest, for distribution, except for issues of 1915, 1912 and 1909, where an extra charge of fifty cents per \$1,000 is made.

Interest earnings of 4.35% leaving the difference between this rate less the rate employed in the calculation of reserves for distribution, taken on the initial reserve.

Distribution from favorable mortality experience equivalent to the following rates per cent. on the cost of insurance, 25% for the first year of duration gradually decreasing to a minimum of 10% for the sixteenth and subsequent years of duration, also gradually decreasing with advancing age, to a minimum of 5% for ages attained 77 and over.

Explanation showing methods for five-year dividends declared in 1918—

This class includes the issues of 1903 and 1908 and comprises the five policy years from the anniversary in 1913 to the anniversary in 1918. The annual profits arising in such policy years were determined on the basis employed by the Company, during each policy year, for its annual distribution. The profits so determined were increased by interest at the rate then employed and by additions for intermediate terminations calculated according to kinds and ages.

Under participating contracts issued in 1907 and subsequently dividends may be applied at net rates to purchase paid-up insurance. Under certain participating contracts issued prior to 1901 and all participating contracts issued 1901 and subsequently the dividends left with the company to accumulate at interest together with the reserve or cash value of the policy may be applied as a net single premium to make policy full paid or when such accumulated dividends plus the reserve or cash value equal the face amount of the contract then the policy may mature as an endowment.

(c) Original annuities are all non-participating.

On annuities with instalments certain arising out of certain participating life insurance contracts first issued in the year 1907 the dividends equal the difference between $3\frac{1}{2}\%$ and the rate for distribution (for 1918 it is 4.35% less 3.50% equals .85%) applied to the present value at $3\frac{1}{2}\%$ of future instalments certain. (None in force in Canada).

ÆTNA LIFE—Continued.

SUMMARY OF RESERVE.

	With Profits	Without Profits.	Total.
Total reserve, policy contracts.....	\$ 9,667	\$ 3,048	\$ 12,715
Total reserve on reinsured contracts.....		192	192
Total net reserve on the company's basis (statutory) of valuation.....	\$ 9,667	\$ 2,856	\$ 12,523
Deduction made from total reserve (being the full deduction permitted under Section 43 (3), Insurance Act, 1917).....			698
Net reserve carried in the liabilities.....			\$ 11,825

1. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies were valued individually from tables of "mid-year" reserves calculated according to the net premium method on the Om (5) table with interest at $3\frac{1}{2}$ per cent. The valuation age was taken as age at next birthday at entry and the duration as $n+\frac{1}{2}$ when n is the curtate duration. No Annuities have been issued.

Special classes—

There are no special classes of policies.

(2) Items of special reserve—

(b) The guaranteed values in excess of the net premium reserve on the Om (5) table at $3\frac{1}{2}$ per cent are treated as pure endowments, and an additional reserve is made for these amounts accordingly. No other special or additional reserve is made.

2. No policies have been issued on lives resident in tropical or subtropical countries.

3. The rate of interest earned on the mean net ledger assets was $5\frac{3}{4}$ per cent.

4. The distribution of surplus—No distribution of surplus has yet been made.

THE CANADA LIFE ASSURANCE COMPANY.

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1918.

President and General Manager—HERBERT C. COX.

Vice-President—E. R. WOOD.

Secretary—CHARLES R. ACRES.

Actuary—W. A. P. WOOD, B.A., F.A.S.

Treasurer—E. M. SAUNDERS.

Head Office—Toronto, Ont.

(For List of Directors see Appendix.)

(Organized August 21, 1847; incorporated April 25, 1849, by Act of the Legislature of the late Province of Canada, 12 Vic., cap. 168; amended in 1879 by 42 Vic., cap. 71; in 1893 by 56 Vic., cap. 76; in 1899 by 62-63 Vic., cap. 99; and in 1909 by 8-9 Edward VII, cap. 59. Commenced business in Canada August 21, 1847.)

MISCELLANEOUS STATEMENT.

1. The calculation of the reserve in the "Statement of Actuarial Liabilities"—

(1) The valuation of Assurances was made on the basis of the Hm Table of Mortality with interest at 3 per cent for all participating assurances issued since 1899 and at $3\frac{1}{2}$ per cent for all other assurances and Bonus Additions. The valuation of annuities was made on the O [a, f] and O [a, m] $3\frac{1}{2}$ per cent basis. Policies were valued in groups and annuities individually. All policies issued in the same year were grouped according to system, plan and age at entry, and endowment assurance and term policies in addition were combined for groups of ages taken as at the central age of each group, namely, 25, 32, 37, 47; ages after 50 not being combined into age groups. For valuing assurances, the net valuation premium was taken at the office age at entry, being the age used in determining the premiums charged, the duration being $n + \frac{1}{2}$ when n is the difference between the year of issue and 1918. The valuation was made from tables of "mid year" values calculated on the net premium method. Annuities were valued at attained age, taken as the age nearest birthday on December 31, 1918, except reversionary and deferred annuities with annual premiums, which were valued by the same method as assurances.

Special Classes—

(a) The few policies issued on lives resident in tropical or sub-tropical countries were valued on the same basis as policies issued at regular Canadian rates.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the rated-up ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of assurance, being policies subject to liens, were valued as if the full amount were payable without any deduction.

SESSIONAL PAPER No. 8

THE CANADA LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.**Special Classes—Concluded.*

(d) No extra reserve is held for policies issued at or subsequently subject to an extra premium whether payable in one sum or annually. The normal reserve only is held.

(e) No policies are issued otherwise on sub-standard lives.

(f) In the case of policies providing for disability benefits (1) before occurrence of disability, the reserve held is one-half the gross premiums accumulated at valuation rate of interest; (2) after occurrence of disability, the reserve held for waiver of premium benefit is the present value of the future premiums payable on the basis of Hunter's table of annuities of disabled lives (T.A.S.A. Vol. XII, page 44) and the reserve held for instalment benefit is the present value of the unpaid instalments.

(g) Annuities issued on lives classed as under-average were valued at the rated-up age.

(2) Items of Special Reserve—

(a) No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings and no additional reserve is made under immediate annuities to cover future expenses.

(b) Where the value of the guaranteed benefits in a policy is in excess of the normal net premium reserve, the excess of such value over the normal reserve was valued as a pure endowment and the reserves thus obtained were added to the normal policy reserves.

(c) No reserve, in excess of the cash surrender value is held on account of lapsed policies not continued in force under the automatic non-forfeiture provisions, but being subject to reinstatement.

(d) The Company does not issue term policies that contain options of renewal.

(e) No reserve is maintained to cover the option of conversion under convertible term policies.

2. Under the special class policies referred to in 1 (1) (a) to (f) the only modifications or limitations regarding guaranteed values are that in (a) such values are the same as for policies issued at Home rates and in (b) guaranteed values are granted at the rated-up age.

3. The average rate of interest earned during the year on the mean net ledger assets was 5.33 per cent.

4. The distribution of surplus—

(a) The distribution of surplus as between shareholders and policyholders was made on the basis of 10 per cent to the shareholders and 90 per cent to the policyholders.

(b) DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

The surplus belonging to quinquennial and annual dividend policies is kept distinct from the surplus of the deferred dividend policies. It is further subdivided into two sections: (1) that arising from quinquennial policies issued prior to January 1, 1900, and (2) that arising from quinquennial and annual dividend policies issued since that date. In section (1) the method of distribution is what is termed the simple uniform reversionary bonus method. At last declaration life and endowment assurances were allotted a reversionary bonus of $1\frac{1}{2}$ per cent per annum.

In section (2) for quinquennial policies a two-factor contribution method has been adopted using the factors (a) gain from interest (b) gain from loading obtained on the following basis:—

Loading Basis.....	O [m]	3 per cent.
Net interest rate assumed.....		$4\frac{1}{2}$ "
Reserve Basis.....	Hm	3 "

The interest surplus was taken as $1\frac{1}{2}$ per cent of the mean reserve for each policy year. The loading surplus for each policy year was obtained by applying the loading factor to the loading after deducting $7\frac{1}{2}$ per cent of the gross premium. The loading factors were .95, 1.025 and 1.05 for the first, second and third quinquenniums, respectively. The sum of the two elements was accumulated to the end of the quinquennium at $4\frac{1}{2}$ per cent and 90 per cent of this accumulation was allotted to the respective policies. Cash dividends were converted into paid up insurance or premium reductions on the basis of net Hm $3\frac{1}{2}$ per cent.

Bonus additions may be surrendered at any time, the cash value being the net Hm $3\frac{1}{2}$ per cent value.

The rates of cash dividends given in the schedule (*see* Introduction to Report) for policies completing their first and second quinquennial periods are those belonging to policies issued under the "Guaranteed Option Contract" premium rates. In the same year there were also issued policies designated "Ordinary" having somewhat lower premiums, guaranteed values and dividends. The rates of dividends given for policies completing their third quinquennial period apply to this class.

Annual Dividends.

The distribution of surplus to annual dividend policies was made on the same basis as for quinquennial policies, except as regards the loading factor. The loading factors for the first five years were .91, .92, .93, .94, and .95 respectively.

Deferred Dividends.

The Deferred Dividend policies are kept entirely distinct from the other classes of policies. The Assurance Fund for Deferred Dividend policies is credited with all premiums of that class and also with its share of the interest income, and its benefits by the lapses and surrenders of policies in that class while on the other hand, it is charged with the claims and surrender values arising under this class of policies and also with its share of the company's expenses. A separate valuation of these policies shows the lia-

9 GEORGE V, A. 1919

THE CANADA LIFE—Continued.

MISCELLANEOUS STATEMENT—Continued.

bilities of this section. Thus the accumulations of the Deferred Dividend policies are kept strictly separate from the other funds. Furthermore, within the Deferred Dividend Fund the various years of issue are treated similarly so that each year of issue is in reality a separate fund in itself. The Assets and Liabilities being determined separately for each year of issue the resultant surplus after deduction of 10 per cent gives for each year of issue the amount contingently apportioned to Deferred Dividend policies issued prior to the 1st January, 1911, and the amounts absolutely apportioned to Deferred Dividend policies issued since the first of January, 1911. This method is followed from year to year and when the end of a dividend period is reached the surplus is distributed in accordance with a modification of the contribution method, and policyholders have several options at their disposal as to the application of their share of the accumulated surplus.

The method used in computing the dividends shown in schedule for those policies whose twenty year dividend periods matured in 1918 is given herewith:—

Reserve basis.....	Hm 3½ per cent.
Net interest rate assumed.....	4½ “
Loading basis.....	Om 3½ “

A two-factor method was employed, the surplus arising from favourable mortality being divided between the two sections, Interest Surplus and Loading Surplus. For each policy the annual contribution to Surplus for the Interest Surplus Section was obtained by applying the factor .014 to the mean reserve for the year, and for the Loading Surplus section by applying the factor .60 to the loading for the year. Combining and accumulating these yearly amounts to the end of the dividend period at 4½ per cent gave total surplus 90 per cent of which was allotted to the policy.

For policies with ten and fifteen year dividend periods maturing in 1918, the following methods were employed:—

Dividend Period.	10 years.	15 years.
Reserve basis.....	Hm 3 ⅞	Hm 3 ⅞
Net interest rate assumed.....	4½ ⅞	4½ ⅞
Interest surplus factor.....	1½ ⅞	1½ ⅞
Loading basis.....	O[m] 3 ⅞	O[m] 3 ⅞
Loading surplus factor.....	.75	.90

A two-factor method was employed. The interest factor was applied to the mean reserve for each year. The loading surplus factor was applied to the loading after 7½ per cent of the gross premium was deducted. Combining the two elements and accumulating to the end of the dividend period gave total surplus 90 per cent of which was allotted to policyholders.

(c) All annuities are non-participating.

SUMMARY OF RESERVE.

	With Profits.	Without Profits.	Total.
Total reserve, policy contracts.....	\$ 319,656	\$ 143,356	\$ 463,012
Total reserve on reinsured contracts.....	13,283	91,574	104,857
Total net reserve on the Company's basis of valuation (statutory basis).....	\$ 306,373	\$ 51,782	\$ 358,155
Deductions made therefrom (being full deductions permitted under Section 43 (3), Insurance Act, 1917).....	15,710	5,223	20,933
Net reserve carried in the liabilities.....	\$ 290,663	\$ 46,559	\$ 337,222

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities":—

(1) All policy contracts were valued individually from tables of "mid-year" reserves calculated according to the net premium method, the age at entry for valuation purposes being age next birthday, the age used in determining the premium in the contract. The statutory basis of valuation was used throughout.

Special classes—

- (a) No policies have been issued on lives resident in tropical or sub-tropical countries;
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages;
- (c) Policies subject to liens were valued for the full amount insured;
- (d) Policies subject to extra premiums were valued as ordinary policies;
- (e) No additional reserve was made on account of disability benefits. No case of disability has occurred.

(2) Items of special reserve—

- (a) No additional reserve is held under limited or single premium policies on account of prepaid or limited loadings.
- (b) Cash value of benefits guaranteed in the contracts in excess of the net premium reserve on the valuation basis were reserved for as pure endowments.
- (c) No reserve in excess of cash value is held on account of lapsed policies subject to reinstatement.
- (d) No term policies have been issued with the option of renewal.
- (e) No policies have been issued with option of conversion into higher premium plans.
- (f) No other items of special reserve have been made.

2. No tropical or sub-tropical policies have been issued.

3. The average rate of interest earned during the year on the mean net ledger assets was 6.58 per cent.

The Distribution of Surplus—

4. The Company has not yet dealt with the question of distribution of surplus.

COMMERCIAL UNION—*Concluded.*

MISCELLANEOUS STATEMENT.

The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities":—

1. The policies were valued individually.

(1) The valuation age is the nearest integral age at the 31st December, 1918. The net premiums are based on the age at entry to which the office premium corresponds. Up to 1905 this was the age next birthday at entry and after that date allowance is made for quarter years of age. The valuation basis was O_M (5) 3½ per cent.

Special Classes—

(a) No reserves were made in respect of extra premiums for climate or occupation.

(b) Policies issued at premiums corresponding to ages higher than the true ages have been valued at the higher ages.

(c) No policies subject to liens have been issued by the company in Canada.

(d) See (a).

(e) Except as above indicated policies were not issued to substandard lives.

(f) The Company has not issued in Canada any policies providing for disability benefits.

(g) No annuities have been issued on under average lives.

(2.) (a) No additional reserves were made on account of future expenses or profits under limited or single premium policies.

(b) The only guaranteed benefits in excess of the net premium reserve arise in the case of policies with guaranteed bonuses, and the reserve made in respect of these policies includes the full value of the guaranteed bonuses.

(c) No reserve is held in excess of the cash value on account of lapsed policies not continued in force under non-forfeiture provisions but subject to reinstatement.

(d) No reserve is held to cover the option of renewal under term policies.

(e) No reserve is held to cover the option of conversion into higher premium plans.

(f) No other items of special reserve are maintained.

2. No additional surrender values are allowed in respect of extra premiums paid for climate risks. In the case of policies issued at premiums corresponding to ages higher than the true ages, the calculations for surrender values and paid-up insurance are based on the true ages.

3. The average rate of interest earned in 1918 on the Life Fund of the company was 4.07 per cent after deduction of income tax.

4. (a) Nine-tenths of the divisible surplus is allotted to policies to share in profits, and one-tenth to the shareholders.

(b) Distribution of surplus.

The principles adopted at the last distribution of profits as at 31st December, 1912, provided:—

(1) That the cash bonus allotted to policies sharing for the first time, or with all previous bonuses surrendered, should be in proportion to the ordinary whole term annual premiums paid, or assumed paid, during the quinquennium, excluding extra premiums for foreign residence, occupation, or other special risks.

(2) That in the case of reversionary bonuses declared at a previous valuation and remaining attached to a policy each such bonus should be treated as though it were a fresh assurance effected at such valuation by a hypothetical annual premium, and such hypothetical annual premium, should, for purposes of participation, be added to the ordinary whole term annual premium for the sum assured, the cash bonus allotted being in proportion to the combined ordinary and hypothetical annual premiums assumed paid during the quinquennium.

The following are the bases for conversion of the cash bonuses:—

	Rate of Interest	Table of Mortality.	
Reduction of premiums.....	3½%	O (M)	
Paid-up assurances.....	3½%	O (M)	(5)
Reduction of number of premiums payable.....	3½%	O (M)	
Reduction of endowment period.....	3½%	O (M)	

(c) No participating annuities have been issued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities."

(1) The "reserve" in the "Statement of Actuarial Liabilities" was calculated upon what is known as the "Net Premium basis." The net premiums under the various classes of assurance are determined according to the Table of Mortality and the rate of interest employed in making the calculation; the net reserve of each policy being the excess of the present value of the assurance over the present value of the future net premiums receivable.

Assurance policies are grouped according to plan, year of issue and age at entry, and are valued by means of previously prepared tables of policy reserves. It is assumed that the average date of issue is the middle of the year and the valuation age is that for which the premium is charged. All policies with northern rates were issued at "age next birthday" prior to the First of December, 1914, but subsequently at "age nearest birthday". All policies with tropical or semi-tropical premiums were issued at "age nearest birthday."

Annuity policies are valued individually for exact durations, and the age is taken "age last birthday" at the date of the last annuity payment, increased by one-half if date of payment is six months or more after birthday.

In calculating the reserve under insurance policies issued at ordinary rates, the British Offices' Om(5) Table of Mortality, 1893, was employed with interest at 4 per centum for participating policies issued prior to January 1, 1896, and $3\frac{1}{2}$ per centum for participating policies issued during the years 1896 to 1899 inclusive, and 3 per centum for participating policies issued during the years 1900 to 1916 inclusive, and $3\frac{1}{2}$ per centum for non-participating policies for all years of issue. For all tropical and semi-tropical business, the American Tropical Experience Table was employed with interest at 3 per centum for participating policies and $3\frac{1}{2}$ per centum for non-participating policies. For annuities the British Offices' Select Life Annuity Tables, 1893, with interest at $3\frac{1}{2}$ per centum.

Special Classes—

(a) Policies issued on lives resident in tropical or semi-tropical countries were valued upon the net premium basis according to the American Tropical Experience Table with 3 per centum interest for participating policies and $3\frac{1}{2}$ per centum for non-participating policies.

(b) Policies issued at premiums corresponding to ages higher than the true age were valued at the higher age.

(c) Policies providing payment at death, during certain periods, of an amount less than the full amount of insurance, being policies subject to liens, were valued for the full amount.

(d) Policies issued at a fixed extra premium, whether payable in one sum or annually, were valued on the same basis as policies issued at the regular rate of premium.

(e) Policies otherwise issued on sub-standard lives were valued on the same basis as policies on standard lives.

(f) The liability on account of disability benefits, before the occurrence of disability, is one-half the total gross premiums received. Only one loss so far has occurred, and the instalment payments arising thereunder have been discounted and paid in one sum.

(1). (g) Annuities issued to lives classed as "under average" were sold on the basis of a higher age than the true one, and were valued at the higher age.

(2). Items of special reserve—

(a) No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

(b) The excess of the guaranteed cash value over the net premium reserve employed, being very small, and arising under accumulated dividend policies only, at the end of the dividend period is treated as part of the surplus funds held at the credit of the policies with accumulated dividends.

(c) No reserve is held on account of lapsed policies not continued in force under automatic non-forfeiture provisions not having a surrender value, but being subject to reinstatement.

(d) The Association does not issue renewable term policies.

(e) Under all convertible term policies, the amount of the gross premium charged, in excess of the rate for an ordinary term, accumulated at $5\frac{1}{2}$ per centum is held in addition to the regular net premium reserve.

9 GEORGE V, A. 1919

CONFEDERATION LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

2. The guaranteed values on tropical and semi-tropical policies have been determined on the same general principles as those granted under policies at northern rates, except that the American Tropical Experience Table has been used when calculating any life contingency involved.

3. The average rate of interest earned on the net mean ledger assets was 5.78 per centum.

4. The distribution of surplus—

(a) Division of Surplus between Policyholders and Shareholders—

In accordance with the provisions of Section 104 of the Insurance Act, 1917, shareholders are credited with (a) interest earned upon the paid-up capital stock and shareholders' funds at the average net rate earned for the year; (b) the profits earned in the non-participating branch of the business; and (c) a sum not exceeding ten per centum of the profits earned in the participating branch of the business.

(b) Distribution of Profits to Policyholders—

Annual Dividends.

Dividends are computed on what is known as the "Two Factor Method". The annual dividend, which commences in the second year, consists of two parts, viz.: (1) Interest earned upon the reserve value of the policy at a rate equal to the difference between the rate employed in making the valuation and the net rate earned, viz., five per centum; and (2) the portion of the premium loading not required for expenses. The expense charge varies slightly according to the duration of the policy, being for the successive years as follows: Second to fifth years of duration inclusive, fifteen per centum of the premium; for the sixth to the tenth years inclusive, fourteen and one-half per centum, and thereafter, fourteen per centum.

Quinquennial Dividends.

The annual dividend forms the basis for the quinquennial dividend. The annual dividends are improved with interest at the net rate earned, up to the end of the quinquennial period. Annual dividends earned under policies in the quinquennial class, which fail to complete their dividend periods, are reapportioned amongst the policies of the same class, which are in force at the expiry of the quinquennial period.

Deferred Dividends.

To the deferred dividends policies, dividends are allotted at the end of each five-year period and are improved with interest at the net rate earned, up to the end of the deferred dividend period. Dividends allotted to policies, which fail to complete their deferred dividend periods, are reapportioned amongst the policies of the same class which are in force at the expiry of the deferred dividend periods.

Bonus Additions and Temporary Reductions.

The dividends are used to purchase: (a) bonus additions on the basis of the Om (5) 4 per centum net premium; and (b) temporary premium reductions on the basis of the Hm 5 per centum net premium.

Semi-Tropical and Tropical Dividends.

The dividends to tropical and semi-tropical policies are allotted upon the same general principles as those allotted to policies issued at ordinary rates, due regard being had to the extra rate of mortality, etc., which may be expected under policies on these plans.

(c) The Association has issued participating annuities only upon the deferred annuity plan payable by annual premiums.

Dividends are computed on what is known as the "Two Factor Method." The annual dividend, which commences in the first year, consists of two parts, viz., (1) interest earned at a rate equal to the difference between the rate assumed when calculating the premium, viz., three and one-half per centum, and the net rate earned, viz., five per centum, and (2) the portion of the premium loading not required for expenses. The expense charge is seven and one-half per centum of the premium.

The Association had no participating annuities ranking for profits in 1918.

Reserve maintained by the Company in excess of the statutory reserve.	Nil.	Nil.	Nil.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities".—

(1) Policies issued in the same year of the same class and plan were grouped as to age nearest birthday or next birthday at entry, following the method used in fixing the age for determining the premium in the policy; and valued from tables of "mid-year" reserves, OM (5) $3\frac{1}{2}$ per cent. basis, calculated according to the net premium method.

Special classes.—

- (a) There are no tropical or subtropical risks.
 - (b) Policies issued at a rated-up age were valued at that rated-up age.
 - (c) The full usual reserve was held on liened policies.
 - (d) No extra reserve was held where an extra premium, either annual or single was charged, (except for the extra premium charged for war rates).
 - (e) Other than as above, no policies were issued to substandard lives.
 - (f) For the disability benefit-waiver of premium, and disability annuity without reduction in the sum assured—a reserve was held of one-half of the premiums paid for such benefits. For other forms of disability no reserve was held. No case of disability has as yet emerged.
 - (g) No annuities on under-average lives were issued.
- (2) *Special reserves.*—
- (a) No additional amount was held for loadings, in the case of single or limited premium policies or annuities.
 - (b) Where the guaranteed value exceeded the OM (5) $3\frac{1}{2}$ per cent. tabular value, an addition was made so that the reserve held at the end of the fifteenth year would be equal to that guaranteed.
 - (c) For lapsed policies, not automatically continued, no reserve was held to cover the possibility of reinstatement; but only the balance of the cash value, if any, to which the assured might be entitled.
 - (d) No reserve was held to cover the option of renewal under term policies.
 - (e) Nor for the option of conversion (where one exists) to a higher premium policy.
 - (f) As to a war extra, the amount held was half the extra premiums actually paid in the year.

2. No modifications are made in the guaranteed surrender value of any of the special classes dealt with in 1, (1) (a) to (f) above.

3. The average interest earned during the year, on the mean net ledger assets, was 4.90 per cent.

4. The Distribution of Surplus.—

- (a) The surplus arising from participating policies is allotted on the basis of 90 per cent to the policyholders and 10 per cent to the shareholders.
- (b) Typical policies were selected and the fund belonging to each calculated by employing interest, mortality and expense factors. The interest rate was taken as 5 per cent; the mortality as 50 per cent of the OM (5) experience, for all ages at issue up to and including 35, for the first year; 60 per cent for the second year; 65, 70 and 75 in the three following years. During the second quinquennium the rate was taken as 80 per cent; for the third, 85 per cent; for the fourth 90 per cent. All these rates were increased by one-half per cent for each year over 35; up to 90 per cent, but not beyond. The rates of first year and renewal expense varied according to the plan of insurance in the case of premium-paying policies. The reserve held by the Company was then deducted and 90 per cent of the remainder set aside as the policyholders' dividends. The dividend scales were then completed by interpolation. Instead of withdrawing the cash dividend, the policyholder has the option of taking paid-up insurance or an annuity. These options are calculated on the HM $3\frac{1}{2}$ per cent basis. The paid-up option is subject to satisfactory evidence of insurability if the dividend period is greater than five years.
- (c) No participating annuities have been issued.

Reserve maintained by the Company in excess of the statutory reserve.....	Nil.	Nil.	Nil.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities"—

(1) Assurances were valued by the net premium method employing tables of mid-year reserves based on the Om (5) Mortality Table with 3½% interest. The assurances were grouped according to calendar year of issue, age at entry, plan of insurance, and dividend provisions. The age at entry for valuation was the same as the age used in fixing the premium, being the age next birthday for policies issued before Jan. 1st, 1916, and the age nearest birthday for policies issued subsequently. Annuities were valued by the British Offices Annuity Tables at 3½% interest and the valuation age was the age last birthday at issue. In fixing the duration of all contracts it was assumed that they were issued on the average in the middle of the calendar year of issue.

Special classes—

(a) The few policies issued on lives resident in tropical or sub-tropical countries at rates of premium greater than the regular Canadian rates were valued the same as policies at Canadian rates.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued the same as other policies issued at the higher ages.

(c) All policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full amount were payable throughout.

(d) Policies issued at a fixed extra annual premium were valued the same as policies without any extra premium. No policies have been issued with an extra premium payable in one sum.

(e) The only policies issued on lives recognized as sub-standard were those issued at premiums corresponding to ages higher than the true ages, or subject to a lien, or subject to an extra annual premium as above mentioned.

(f) In the valuation of policies providing for disability benefits:

(1.) Before the occurrence of disability an extra reserve was held equal to the disability gross premium for one year.

THE CROWN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(2.) After occurrence of disability the reserve held for a waiver of premium benefit was the present value of the future premiums on the basis of Hunter's Table of Annuities on Disabled Lives (T.A.S.A. Vol. 12, page 44); no claims are current under the Instalment Disability Clause.

(g) No annuities have been issued to lives classed as under average.

(2) *Items of special reserve.*

(a) No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings, nor is any additional reserve held under immediate annuities to cover future expenses.

(b) A special pure Endowment Reserve is held in excess of the ordinary net premium reserve to provide for cash guarantee in excess of the net premium reserve.

(c) No reserve in excess of the cash surrender value is held to cover the option of reinstatement under lapsed policies.

(d) Option of renewal is allowed only during the first five years under Ten-year Term policies. The regular Ten-Year Term reserve is held for these policies.

(e) Policies issued on the majority of plans grant the option of conversion within the first five years into any other plan of insurance requiring a higher premium, the premium on the new policy being fixed as at the original age at entry and payment of arrears being required. During the first five years under Ten-year Term Policies conversion is allowed, the new policy dating from the date of change and the premium charged being the full published rate for the Insured's then age. No extra reserve is maintained on account of these conversion options.

(f) A few special policies have been issued at rates of premium less than 102½% of the Oni (5) 3½% net premium, and the Company is holding an extra reserve equal to the value of an annuity of such deficiencies of premiums.

2. The guaranteed surrender values for policies mentioned in 1 (1) (a) to (f) above are the same as the guaranteed surrender values for standard policies at the same age on which the reserve is calculated.

3. The average rate of interest earned during the year on the mean net ledger assets was 5.61%.

4. The distribution of surplus. (a) Surplus is distributed between shareholders and policyholders in accordance with the provisions of the Company's charter which provides that the policyholders shall receive not less than 90 per cent of the total surplus derived from participating policies.

(b) Computation of dividends on participating policies was effected as follows. Typical policies were selected and the fund belonging to each was calculated by employing interest, mortality and expense factors. The interest rate was taken as 5 per cent and the mortality rate as 80 per cent of the British Offices' Select Experience. The rates of first-year and renewal expenses varied according to the plan of insurance in the case of premium paying policies. On paid-up policies the expense charge was ½ per cent of the fund annually. The reserve held by the Company was then deducted and 90 per cent of the remainder was set aside as the policyholders' dividends. The dividend scales were then completed by interpolation. Instead of withdrawing the cash dividend, the policyholder has the option of taking paid-up insurance or an annuity. These options are calculated on the Hm 3½ per cent basis. The paid-up option is subject to satisfactory evidence of insurability if the dividend period is greater than five years.

(c) No participating annuities have been issued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities."

(1) Assurances and annuities were valued individually from tables of net premium reserves. The valuation age for assurances was age next birthday at date of issue on business up to December 31, 1914, and age nearest birthday subsequent to that date. Mean duration was taken.

Annuities were valued as if just issued at age at birthday nearest valuation date.

For assurances, the Institute of Actuaries' Hm Table with $3\frac{1}{2}\%$ interest was taken for policies issued prior to January 1st, 1910, and the Om (5) 3% table of policies issued subsequent to December 31st, 1909. Annuities were valued on Hm $3\frac{1}{2}\%$ table.

Special classes—

(a) No policies have been issued on lives resident in tropical or sub-tropical countries.
(b) Policies issued with premiums corresponding to ages higher than true ages were valued at rated up ages.

(c) There was no modification made in the valuation of policies providing for the payment at death during certain periods of an amount less than the full amount of insurance.

(d) There has been no extra reserve maintained for policies issued at a fixed extra premium with the exception of war risk premiums. These latter were added for the year and placed against the mortality occurring on war risks during the year, the difference being carried as extra reserve.

(e) No additional reserve made for other sub-standard classes.

(f) No additional reserve made for disability benefits.

(g) No annuities have been issued to lives classed as under-average.

(2) Items of special reserve—

(a) There was no reserve held under limited and single premium policies on account of prepaid or limited loadings and none required by the Company's method of surplus distribution.

(b) In the case of deferred dividend policies issued since 1909 on the Ordinary Life or Limited Payment Life plans, the Company guarantees an extra cash surrender value at the end of 20 years of \$10 per \$1,000 assurance, above the Hm 3% reserve.

The Company valued this special benefit as a 20-year pure endowment on the basis of the Om (5) 3% reserve.

(c) It has not been felt necessary to allow for any reserve on account of lapsed policies.

(d) Term policies do not include the option of renewal.

(e) No reserve is maintained to cover the options of conversion into higher premium policies.

(f) The Company has established a special reserve fund of \$100,000 to meet any contingencies.

2. The Company issued no tropical or sub-tropical policies.

3. The average rate of interest earned on mean net ledger assets throughout the year 1918 was 7.3 per cent.

4. The distribution of surplus—

(a) DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

An individual account is kept with each policyholder, and each policy year is credited with all payments made by him, and sums standing to his credit at the beginning of the year and with interest thereon; he is charged each year with his share of expenses, death losses, and with the reserve at the end of the year. All policyholders were, during the policy year ending in 1918, credited with interest at $6\frac{1}{2}\%$ per cent, and in respect to mortality charges, policies in the Abstainers' section were charged 100 per cent of the tabular rate, in the General 100 per cent, and in the Women's 100 per cent, these percentages being found from actual experience. The expense factors were as follows: In the first year each policy was assessed with 100 per cent of the whole life premium, plus \$4 per thousand; in succeeding years 8 per cent of gross premium for commission and taxes and 5 per cent of life premium plus \$1.75 per thousand on account of general expenses. The policyholders' account is carried from year to year until the termination of the policy. 10 per cent of the surplus standing to the credit of deferred dividend policies on completion of

9 GEORGE V, A. 1919

THE DOMINION LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

their deferred dividend periods is transferred to the shareholder's account, and in the case of quinquennial dividend policies where the dividends are paid in cash, 10 per cent of the surplus standing to their credit at the time payment is made is transferred to the shareholders. In the case of all other participating policies the shareholders' share of surplus, which is 10 per cent, is not transferred to the shareholders' account until the policies are terminated. From non-participating policies 50 per cent of the surplus standing to their credit is transferred every five years, and on termination of the policies all surplus to their credit is transferred.

In all classes of policies—with the exception of tontine policies, which have been 5 or more years in force, no interim surplus is forfeited in case of death between two dividend periods, but the assured is paid all profits up to the day of his death.

A shareholders' account is kept showing payments made by shareholders and amounts transferred to them from their share of the profits. The total amount to their credit is increased in any year by interest at the net rate earned by Company and by the profits transferred to them, and is diminished by the dividends paid to them.

(b) DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.—An individual account is kept with each policy in the manner described above. The quinquennial profits under any policy are distributed in one of three ways, according to the choice of the assured at the outset of his policy, viz.: cash, reduction in premiums, or a paid-up addition to the sum assured. The shareholders' 10 per cent is deducted and a small allowance in the nature of a "safety-margin" is retained. The deduction of this safety-margin does not operate against the interests of the assured, since all profits standing to the credit of the policy at the day of death are paid to the assured's representatives by the Company.

Deferred Dividend Policies.—An individual account is kept in respect to these policies in the same way as with the Quinquennial Distribution policies. At the completion of the dividend period of any policy, the assured is also given his share of the "tontine" fund or forfeited surplus of those members in the same class and year of issue whose policies have been terminated after three years, but before completion of the dividend period, by death, surrender, or lapse. The cash dividend paid is in excess of the 11m 3½ per cent reserve.

(c) The Company issued no participating annuities.

Total net reserve on the Company's basis of valuation (including additional reserve to bring Society's reserve up to Statutory basis) ..	\$ 7,311,834	\$ 178,742	\$ 7,490,576

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities" was made as follows:—
 (1) All policies of the same class, percentage, year of issue, kind, and age, were grouped together in the valuation, single premium annuities being grouped by age attained in 1918. The amounts of insurance for each age group were then multiplied by the mid-year reserves for the corresponding group. The age at entry for assurances for valuation purposes is computed on the same basis as used in calculating the office premium, being the age nearest birthday at the date of issue. The valuation net premium is based on the same age. For annuities the age at entry is obtained by determining the integral age attained in the year of entry. However, in calculating considerations for immediate and deferred annuities, the latest age attained, taking into account the quarter ages, was used. In determining the office premium for the deferred Income Bond the age at nearest birthday was used.

The attained age for assurances for valuation purposes is obtained by adding the difference between the year of valuation and the year of issue to the age at issue and adding one-half year; for annuities the attained age is obtained by adding the difference between the year of valuation and the year of issue to the integral age attained in the year of issue and adding one-half year.

The reserves are computed on the basis used by the Society covering its total business. The basis of valuation and rates of interest are shown below. The reserve as so obtained was then adjusted and increased as shown to bring it to the statutory basis.

Basis, Ordinary Assurance Contracts: (1) Premium based on 4% interest, 1859-1899 inclusive, Actuaries' 4%; (2) Premium based on 3% 1895 and after, or 3½% 1898-1906 inclusive, and 3¼% convertible policies 1914 and after (including all the insurance issued since December 31, 1899), American 3% or American 3¼%. Exceptions: Child's Endowment; (1) prior to 1898, Carlisle 4%; (2) 1898-1906 inclusive, (a) by annual premiums, Carlisle 3¼%; (b) by single premiums, Hm. 3¼%. Joint Life: (1) prior to 1895, American 4%; (2) 1895-1906 inclusive, Hm. 3%. Survivorship Assurances, prior to 1898, Carlisle 4%. Sub-standard business, 1915 and after when premiums were based on 125% to 150% American mortality, also for policies with flat extras of \$2.50 to \$5.00 per thousand per annum (also \$7.50 for forms other than endow-

9 GEORGE V, A. 1919

THE EQUITABLE LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

ments), Sesqui American 3%. Sub-standard policies when premiums were based on over 150%, American mortality, also on those policies issued with a flat extra of over \$7.50 per thousand (\$7.50 or over for endowments), Double American 3%. Reversionary additions same as above.

NOTE:—All non-participating policies (excepting term) 1898-1906 inclusive, debenture bonds, continuous instalment, and minimum rate policies, 1898-1902 inclusive with premiums based on $3\frac{1}{2}\%$; all paid up policies 1900-1906 inclusive when premiums of original policy were based on $3\frac{1}{2}\%$ or 4%; and all policies issued after 1899 with premiums based on 4%; bases of valuation, American $3\frac{1}{2}\%$, exceptions above.

All other policies since 1899 not above specified, American 3%.

ANNUITIES:—Prior to 1898 and 4% annuities, 1898, ordinary and deferred, Actuaries' 4%; two lives, Hm. 4%; Survivorship, Carlisle 4%. Issued subsequent to 1898 and $3\frac{1}{2}\%$ annuities of 1898; regular single life, 1898-1906 inclusive, American $3\frac{1}{2}\%$. All others, McClintock's Table $3\frac{1}{2}\%$. Exceptions: Annual dividend survivorship annuities, 1913 and after, McClintock's Table 3%. Annuities arising out of assurance contracts were valued by American 3%, or American $3\frac{1}{2}\%$, according as the premiums on original contracts were based on 3% or $3\frac{1}{2}\%$. Premium reductions valued on same table and at same rate of interest as original policy.

Disability benefits were valued by Hunter's Disability Table using 3% interest.

SPECIAL CLASSES—

(a) The valuation included policies taken out on the lives of residents of Canada.

(b) Where policies were issued and premiums were charged at ages higher than the true ages, the reserves were computed at those higher ages.

(c) In case of policies subject to liens the reserve for a decreasing insurance was deducted from the reserve of the regular policy.

(d) In case of policies issued at fixed extra premiums payable (1) in a lump sum, including extra premiums to cover the European War, a portion of the extra premium or the war lien was held to cover the unexpired portion of the risk. One-quarter the European War liens including interest and one-quarter the cash extras were held as reserve.

(2) Annually; in respect to substandard policies see above under I for basis used in computing the reserve; in respect to annual premium war extras a reserve equal to the aggregate extra premiums paid less the aggregate death losses incurred through war service was held.

(e) In respect to policies otherwise issued to substandard lives see above under I for basis used in computing the reserve.

(f) (1) An extra disability reserve to cover waiver of premium and instalment benefits was computed, being calculated upon the amount of insurance for each year, kind, and age, using Hunter's Disability Tables;

(2) an extra reserve was computed on disabled lives (a) in the case of waiver of premium benefit equal to the present value of future net premiums (b) in the case of the instalment benefit equal to the present value of future loss of interest, both on Hunter's Disabled Life Table.

(g) No distinction was made as to premiums or reserves between average and under average annuitants.

(2) *Items of Special Reserve.*

(a) No specific reserve is held under limited payment and single premium policies, nor under immediate annuities on account of prepaid or limited loadings.

(b) An estimated extra reserve has been held representing the accumulation of the maximum net annual extra pure endowment premium required to provide the difference between Om (5) $3\frac{1}{2}\%$ reserve and the guaranteed surrender values.

(c) No specific reserve is held on account of lapsed policies not continued in force under automatic non-forfeiture provisions but being subject to reinstatement.

(d) No specific reserve is held to cover the option of renewal under term policies.

(e) No specific reserve is maintained to cover the option of conversion either during a fixed period or at the end thereof, into higher premium policies.

(f) All items under which a special reserve is held are stated above.

II. Under tropical or sub-tropical policies the following surrender values are allowed:—On issues prior to 1910, same values as on northern policies; on issues 1910 and after cash and paid up on the same basis as northern policies issued in 1907 but extended insurance obtained by using same percentages of Double American or Sesqui American 3%, (applied on these latter tables) as was used for northern policies issued in 1907.

III. The average rate of interest earned during 1918, as determined by the formula $\frac{2I}{A+B-1}$ where I

represents the sum of the gross interest and net rents earned during the year, and A and B represent the net ledger assets January 1st and December 31st, respectively, amounted to 4.59%.

IV. *The distribution of surplus.*

(a) After setting aside from the surplus earned during the year the sum of \$7,000 for the payment of the authorized dividend upon the capital stock, the remainder is held in the interest of or paid to the policyholders.

SESSIONAL PAPER No. 8

THE EQUITABLE LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(b) Annual Dividends.

The following is the rule for the computation of annual dividends payable in 1918:

From the ordinary premium due in 1917, taken on the annual basis, deduct an expense charge beginning at 13½% of the mean between the gross annual premium and the net Ordinary Life annual premium at the same age for the first policy year. The expense charge decreases by 4% of itself each year to 60% for the 11th year, then by 3% each year to 30% for the 21st year, then by 2% each year to 20% for the 26th year, then by 1% each year to 15% for the 31st year, remaining uniform thereafter at 15% of the initial amount, but ceasing in any case when the policy becomes paid-up. Add the balance of the premium to the terminal reserve in 1917 and to the sum add interest at 4-3% for one year. From the total deduct the cost of insurance according to the American Experience Table and the terminal reserve at the anniversary in 1918. The balance is the cash dividend payable in 1918 unless the result of such computation would give a dividend less than was declared on the same policy in 1917, in which case the same cash dividend is declared in 1918 as was declared in 1917 if the premium was the same in 1917 as in 1916.

Deferred Dividends:

On policies in the Deferred Dividend classes, a special account is kept of income and disbursements, so that the amount of the deferred dividend fund, that is, the amount of assets derived from policies in the deferred dividend classes, can be ascertained for the end of every year. The deferred dividend fund is credited with all premiums received on deferred dividend policies, is charged with a proper proportion of the expenses, receives credit for interest on accumulations proportionate to that earned on the total funds of the society, and is charged with losses by death on deferred dividend policies, and the values of such policies as reach the end of their dividend periods, or are surrendered previous to that time. At the end of every year, the total amount of the deferred dividend fund, and the total amount of reserve and other liabilities on deferred dividend policies are calculated, and the difference between these amounts is the surplus derived from deferred dividend contracts.

As deferred dividend policies, after completing their periods cannot participate in future divisions of deferred dividend surplus, careful computations are made of the amounts to be apportioned to policies at the end of their dividend periods. It would apparently have simplified the calculations to have made separate classes for every year of issue of policies with the same features and conditions, so that there would have been no mingling of claims of policies leaving a class with the claims of policies remaining in the class; but an insuperable objection to this plan is that in small numbers, and even in numbers of considerable magnitude, irregularities will arise which would be troublesome in practice, and would cause grave suspicion of unfairness, while it is desirable in all life insurance calculations to take advantage of the largest average attainable.

It was decided, therefore, that all policies with similar conditions, no matter in what year issued, should be classified together for the purpose of determining the proper amounts of dividend to be apportioned, and the following plan was adopted: Rates of interest, mortality, expense, lapse and surrender, were assumed, based upon past experience. On the bases of these rates, calculations of the amount of surplus which would be realized on policies taken at every age, and of every kind, at the end of their dividend periods, were made, and estimated surpluses were computed for the issues of every year at the end of every policy year during their periods. By simply uniting these computations, we can readily ascertain, in any year the expected, or estimated surplus, on the entire amount of the deferred dividend policies included in the various classes. The total expected surplus, when compared with the total actual surplus, which is ascertained as described above, gives a ratio which is applied to the estimated surplus on policies at the end of their periods, and in this manner we obtain the actual surplus which is apportioned to such policies.

The annual cash dividends shown may be applied on the basis of the net American 3% table, to the purchase of dividend additions without medical examination.

The deferred dividends shown may be applied (1) for policies with a 3% reserve on the basis of the net American 3% Table; (2) for policies with a 4% reserve on the basis of the net American 3½% Table, to the purchase of (a) dividend additions subject to evidence of insurability; (b) premium reductions, the full premium due, if any, being first deducted out of the dividend.

Deferred dividend tropical and semi-tropical policies received dividends based upon the experience of such policies, annual dividends same as northern.

(c) The following is the rule for the computation of annual dividends payable in 1918 on Income Bonds:

From the ordinary premium due in 1917, taken on the annual basis, deduct an expense charge beginning at 13½% of the mean between the gross annual premium and the net annual premium at the same age for the first policy year. The expense charge decreases by 4% of itself each year to 60% for the 11th year, then by 3% each year to 30% for the 21st year, then by 2% each year to 20% for the 26th year, then by 1% each year to 15% for the 31st year, remaining uniform thereafter at 15% of the initial amount. Add the balance of the premium to the terminal reserve in 1917 and to the sum add interest at 4-3% for one year. From the total deduct the cost of insurance according to the American Experience Table and the terminal reserve at the anniversary in 1918. The balance is the cash dividend payable in 1918.

NOTE:—The Income Bond was first issued in Canada in the year 1915.

THE EXCELSIOR LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserves" in the "Statement of Actuarial Liabilities."

(1) *General principles:*—

The valuation was based on the Hm. 3½% table; in addition, for those policies (issued from 1910 inclusive) which guarantee at the end of 20 years a surrender value equal to the Hm. 3% reserve a special reserve is held sufficient to provide for those guarantees valued as pure endowments.

Assurances were grouped according to years of issue and by office age at issue for each plan of insurance. The office age at entry is at present "age nearest birthday" but prior to April 1st, 1915, the office age was "age next birthday."

Annuities were valued individually.

The valuation age for assurances was taken as office age at date of issue, duration $n + \frac{1}{2}$ where n equals the difference between the valuation year and the year of issue. The valuation was made from tables of "mid-year" reserves calculated according to the "net premium" method.

Special classes:—

(a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premium greater than the regular Canadian rates were valued as though issued at ordinary rates.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued as at the higher ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of assurance were valued for the full sum assured.

(d) Policies issued at, or subsequently subject to an extra premium whether payable in one sum or annually, were valued as though issued at ordinary rates.

(e) Policies otherwise issued on substandard lives are valued as though issued at regular rates or on standard plans.

(f) The Company has three forms of total and permanent disability contracts numbered I, II, and III, giving various benefits in case of the disability occurring before age 60. No. I which provides for waiver of premium only is no longer issued; No. II provides for waiver of premium, and if it is so desired, the payment of the face of the policy in ten equal annual instalments; No. III provides for waiver of premium and the payment of instalments of ten dollars per month till death or maturity for each one thousand dollars insured.

Before the occurrence of disability, for disability I and II a reserve equal to the total annual premiums receivable for such disability benefits is maintained, while for disability III there is held a reserve equal to one-half the total disability premiums received since issue under those policies which include such benefit No. III.

After the occurrence of disability, policies are treated as paid-up with respect to reserve held.

(g) The Company has issued no annuities on lives classed as under average.

(2) *Items of Special Reserve:*—

(a) No reserve is held under limited and single premium policies on account of prepaid or limited loadings, and no additional reserve is made under immediate annuities to cover future expenses.

(b) Where the guaranteed benefit exceeds the net premium reserve, the excess is treated as a pure endowment and a sufficient additional reserve maintained to provide therefor.

(c) No extra reserve in excess of the cash surrender value is held on account of lapsed policies, not continued in force under automatic non-forfeiture provisions, but being subject to reinstatement.

(d) No extra reserve is carried to cover the option of renewal under term policies.

(e) No extra reserve is carried to cover the option of conversion under exchangeable term policies.

(f) Except as above indicated no special reserves are maintained.

2. Guaranteed values given in special classes of policies.

1. (1) (a) to (f) above.

1. (1) (a) (d) are treated as if issued at ordinary rates.

1. (1) (b) Values given for age at which policy issued.

1. (1) (c) Values given are the same as those in policies without liens.

1. (1) (e) The regular values are given for the age and plan. Where policyholder is required to take the cash or annuity option at the end of a certain period, extended term insurance is not granted.

1. (1) (f) (1) Before occurrence of disability regular surrender values given.

1. (1) (f) (2) After occurrence of disability, in case of total disability benefit No. II where face of policy is paid in instalments, surrender values are reduced in accordance with the amount of the instalments paid. In case of total disability I and III, there is no reduction in surrender values.

3. The average rate of interest earned during the year on the mean net ledger assets was 6.72 per cent.

4. *Distribution of Surplus:*—

(a) DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

The Shareholders' Fund at the beginning of the year is credited with interest at the net rate earned and also with 10 per cent of the profits to be distributed during the year (the remaining 90 per cent belonging to the policyholders). At the option of the Directors any profits on non-participating business may also be transferred to the Shareholders' Fund. The Fund is charged with all payments to shareholders, with any losses on non-participating business, and its proportion of any losses which may be sustained on investments.

SESSIONAL PAPER No. 8

THE EXCELSIOR LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(b)

DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

The dividends for the first, second and third quinquennial periods were computed in the same manner as deferred dividends. The quinquennial dividends for other periods were computed by a compound reversionary bonus system, now discontinued.

Deferred Dividends.

The deferred dividends were computed by a modified "asset share" method by which a certain percentage of the premium was deducted for expenses, the percentage varying with the plan and, except for endowments of specified terms, with the age also. On the Ordinary Life plan the percentage decreased regularly from 25 per cent, at age 20 to 11 per cent at age 90. In the case of Endowment policies the percentages for all ages increased regularly from 13 to 21 per cent, being 13 per cent for all Ten-Year Endowment policies and 21 per cent, for all Fifty-Year Endowment policies. For Limited Payment Life policies the percentage taken was the mean between the Ordinary Life rate at the same age and the rate for an Endowment Assurance of the same premium paying period. From age 20 to age 49 the mortality allowed was 75 per cent of the expected; from age 50 the percentage was graded to reach 90 per cent of the expected at age 69. Interest was computed at 5 per cent throughout. A valuation of the Deferred Dividend policies was then made on the basis of these "standard assets shares," the total compared with the actual funds at the credit of these policies, and by this means the fund at the credit of each individual policy was ascertained.

Conversion into premium reduction, paid up insurance, reduction of premium term, reduction of endowment period, etc., is effected on a net Hm. $3\frac{1}{2}$ per cent basis.

(c) Participating annuities are not issued.

MISCELLANEOUS STATEMENT.

1. The calculation of the reserve in the "Statement of Actuarial Liabilities"—

(1) Policies were valued in groups. Annuities were valued individually. All policies alike in respect to age at entry, plan, and year of issue formed a group. Age at entry for valuation purposes is the same as age used in determining premiums. Assurances were valued using tables of mid-year policy values by full net level premium method. Annuities were valued as at nearest attained age.

In calculation of the reserve the following tables of mortality and rates of interest were used.

Life Annuities: The British Offices Life Annuity Table 1893 $3\frac{1}{2}\%$ interest:—

Deferred Dividend Policies amounting to \$41,917,694.00: The O^m (s) Table with 3% interest.

Quinquennial and Annual Dividend Policies amounting to \$10,166,402.00 with guarantees based on the American 3% table; The Am 3% Table.

All other Insurances: The O^m (s) Table with $3\frac{1}{2}\%$ interest.

Special Classes—

(a) No tropical or sub-tropical business transacted.

(b) No policies issued at premiums for ages higher than the true ages.

(c) Liens were disregarded in valuation.

(d) Extra premiums were disregarded in valuation.

(e) No policies issued to sub-standard lives except those subject to lien or extra premium.

(f) For policies providing for waiver of premiums or payment of amount insured in instalments on occurrence of disability the following additional reserves per \$1,000 were held (before occurrence of disability):—15 cents for durations 1 and 1½; 20 cents for durations 2½, 3½ and 4½; 25 cents for durations 5½, 6½ and 7½ years. After disability, policies were valued on the same basis as though they had become paid up through

9 GEORGE V, A. 1919

THE GREAT-WEST LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

the completion of premium payments in the ordinary way. For policies providing waiver of premiums and a monthly income on occurrence of disability with payment of amount insured at death, an average reserve of \$1 per \$1,000 for duration $\frac{1}{2}$ was held on all plans and for all ages before occurrence of disability.

(g) No annuities were issued to lives classed as under average.

(2) *Items of Special Reserve.*

(a) Reliance is placed upon the larger margin between the actual and assumed rates of interest as a substitute for a reserve on account of prepaid or limited loadings on insurances and annuities.

(b) No excess guarantees assumed to exist except in respect to a small group where special reserves (on a pure endowment basis) were held.

(c) No reserve considered necessary to cover the option of reinstatement since it is safe to assume that a larger number of policies will lapse in the ensuing year than will be reinstated.

(d & e) No special reserve held to cover the option of renewal under renewable term policies nor of conversion into higher premium plans.

2. No adjustments were made in guaranteed values on account of lien or extra premiums.

3. The average rate of interest earned during the year on the mean net ledger assets was 7.16 per cent.

4. *The distribution of Surplus.*—

(a) Shareholders receive one-tenth of profits set aside for distribution; policyholders the balance.

(b) In the distribution of profits the Company uses a table of annual dividends in the form of pure endowments maturing on the profit due dates and computed by a contribution formula involving four factors, viz.:—Interest, mortality, loading and withdrawals. For interest a net rate of 6 per cent is assumed. For mortality it is assumed that 75% of the O (m) mortality applies for all ages less than 36; after age 35 the percentage increases one point for each additional age until a maximum of 100% is attained at age 60. For loading an expense rate of 10% is assumed for all renewal premiums. For first year premiums the expense rate varies for each plan and age. For example for ages 25 to 51 the rate for ordinary life varies from 122% to 88%; for 20 payment life from 105% to 84%; and for 20 year endowment from 88% to 80%. The withdrawal factor is assumed to apply only during the first seven years of the policy, the rates assumed varying with the duration from 18% to 1% for all ages up to 47, after which they decrease slightly. These pure endowments are set aside annually and added to the previous allotments similarly made. In the case of annual and quinquennial policies, the table of pure endowments, for the first ten years duration, is not based upon the exact earnings of each year, but on a graduation of the total earnings of ten year period. Cash dividends are converted into paid-up insurance or premium reductions by the HM $\frac{3}{4}$ % table or if retained by the Company are accumulated at the net rate of interest earned.

Net reserve carried in the liabilities (statutory bases).....	\$ 102,319	\$ 189,822	\$ 292,141

MISCELLANEOUS STATEMENT.

1. *The calculation of the "reserve" in the "Statement of Actuarial Liabilities"*—

(1) Policies were valued individually from tables of mid-year reserves calculated according to the net premium method, the age at entry for valuation purposes being the same as that in the policy contract being next half-age or integral age at time of issue. The valuation basis was Om (5) 3½ p.c. throughout.

Special Classes—

- (b) Policies issued at premiums corresponding to ages higher than the true age were valued at the rated up age.
- (c) Policies subject to liens were valued as though there was no lien.
- (d) Policies subject to extra premiums were valued as ordinary policies.
- (e) Policies subject to disability were valued as ordinary policies.

(2) *Items of special reserve*—

- (a) No additional reserve was made on account of prepaid or limited loadings in single and limited payment policies.
- (b) The guaranteed benefits in no case exceed the net premium reserve on the valuation basis employed.
- (c) No additional reserve was made in excess of the cash value for policies continuing in force under automatic non-forfeiture provisions being subject to reinstatement.
- (d) No reserve is maintained to cover the option of renewal under term policies.
- (e) No reserve is maintained to cover the option of conversion into the higher premium plans.
- (f) No other items of special reserve are maintained.

3. The average rate of interest earned during the year on the mean life insurance fund of the company as a whole plus the paid-up share capital was 4-3½%

4. *The distribution of surplus*—

(a) In accordance with clause 95 of the laws and regulations of the Society the directors determine what portion of the valuation surplus, after setting aside the sum required to provide interest upon the shareholders' capital during the forthcoming quinquennium, shall be divided as profits.

One-tenth of this sum is allocated to the shareholders and is divided among them in proportion to the number of shares held irrespective of the amounts paid up thereon; the remaining nine-tenths is distributed among the holders of participating policies.

(b) No profits have yet been distributed to Canadian policyholders.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Assurances are valued individually according to the net premium method. The valuation age is taken as age nearest birthday at date of issue and the duration as $n+\frac{1}{2}$ where n equals the valuation year less year of issue. The valuation age is the same as that used in determining the premium. There are no annuities in force in Canada.

All policies issued prior to January 1, 1910, except policies issued through the Home Department subsequent to December 31, 1901 and prior to January 1, 1907 and 5% Gold Bond Policies were valued on the American Experience Table at $3\frac{1}{2}$ per cent.

Reversionary additions to the above policies were valued on the same basis.

9 GEORGE V, A. 1919

THE GUARDIAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

All policies issued subsequent to December 31, 1909 and policies included in the exceptions above were valued on the American Experience Table at 3 per cent.

Reversionary additions to the above policies were valued on the same basis.

Special Classes:

(b) No policies have been issued in Canada at premiums corresponding to ages higher than the true age;

(c) No policies with a lien have been issued in Canada;

(d) Policies issued with a fixed extra annual premium are valued in the same way as policies issued without extra premiums. No policies have been issued with a fixed extra premium payable in one sum;

(e) No policies have been issued in Canada on lives classed as substandard;

(f) The disability benefits are valued before the occurrence of disability on Hunter's Disability Benefit Table; after disability, by setting aside a sum as a liability equal to the present value of the future gross premiums and disability annuity payments, on the basis of the same table. These reserves are held in addition to the regular reserve on the policy without the disability benefit;

(g) No annuities have been issued on lives classed as under-average.

(2) *Items of special reserve:*—

No special reserves are maintained.

3. The average rate of interest earned during the year on the Mean Ledger Assets of the Company as a whole was 4.62%.

4. *The distribution of surplus.*

(a) From the sum set aside each year to be distributed among shareholders and policyholders, there is paid to the shareholders 7% interest and 5% dividend on the capital stock; the remainder is paid to the policyholders.

(b) Surplus earnings for the declaration of dividends to policyholders are assumed to be derived from two sources, viz.:

a. Interest earnings in excess of reserve requirements;

b. Savings from loading on the net premiums.

The factors used for the year 1918 were respectively as follows:

Policies issued prior to January 1, 1910: $\frac{3}{8}$ % of 1% of the initial reserve on the American Experience Table of Mortality with 3½% interest. 52½% of the loading on the same basis.

Policies issued since January 1, 1910: $1\frac{1}{8}$ % of 1% of the initial reserve on the American Experience Table of Mortality with 3% interest, 52½% of the loading on the same basis.

The sum of these two items is herein referred to as "Standard Dividend".

At a meeting held by the Board of Directors on the fourth Wednesday of October in each year dividends are declared for distribution during the ensuing calendar year among Participating Policies in force at least one year on the anniversary dates of issue in such year.

A balance sheet is submitted at said meeting showing the exact condition of the Company on the preceding 30th day of September.

On the basis of such balance sheet and a statement showing the total amount of Standard Dividends for all insurances entitled to participate in the distribution of surplus in the following calendar year, a sum is set aside for apportionment in such year. Such sum is either equal to the aforesaid total amount or to such per cent thereof as present conditions and future requirements seem to warrant.

CASH DIVIDENDS FOR 1918—100% OF THE STANDARD DIVIDEND.

Cash dividends, annual, quinquennial or deferred, are converted into paid-up insurance on the basis of the net American 3% table. The policies do not provide for conversion of the cash dividends into premium reduction, reduction of premium term or reduction of endowment period.

(c) No annuities are in force in Canada.

MISCELLANEOUS STATEMENT

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) Participating policies issued on Ordinary plans under age 51 were grouped according to year of issue, age at issue and plan of assurance. All other policies and annuities were valued individually. Participating Endowment policies were further arranged in groups containing five ages, namely, 20-24; 25-29, and so on, and these groups were valued as at age 22, 27 etc., respectively. For assurances other than sub-tropical and tropical the basis of valuation was the Institute of Actuaries Hm table of mortality, with interest at 3 per cent. Annuities were valued upon the British Offices' Life Annuity Table, with interest at 3 per cent. Supplementary contracts were valued on a 3 per cent interest basis, except those cases in which the commutation of instalments had been on a three and one-half per cent or four per cent interest basis, in which cases they were valued on a 3½ per cent interest basis.

Assurances other than tropical and sub-tropical were valued at age next birthday for policies issued prior to the 1st December, 1914, and age nearest birthday for those issued on and after the said date. Annuities were valued at age last birthday. The valuation was made from tables of "mid year" reserves calculated according to the net premium method.

Special classes—

(a) Assurances on lives resident in tropical or sub-tropical countries were valued at age next birthday on the basis of the American Tropical Table of Mortality, with interest at 3 per cent.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at those higher ages.

(c) Policies subject to liens were valued for the full sum assured, no account being taken of the lien.

(d) Policies issued subject to an extra premium:

(1) Where the extra is payable in one sum, consist of only a few War risks, which cases are covered by the general contingency reserve.

(2) Where the extra is payable annually, half the extra for the year is added to the ordinary reserve.

(e) The above include all forms in which policies on sub-standard lives are issued by the Company.

(f) The Disability Benefits provided up to the end of 1913 were:

(a) The Waiver of premium on total and permanent disability and the option of receiving the sum assured in twenty yearly instalments.

(b) The waiver of premiums on total and permanent disability and the payment of a monthly income for the duration of the policy, and the sum assured at maturity.

(c) The waiver of premiums on total and permanent disability.

(1) Before occurrence of disability a special reserve fund is maintained of one-half of all disability premiums remaining after the losses incurred under this benefit have been deducted.

(2) After occurrence of disability, where future premiums are waived, the policy is valued as a paid up contract; where policy is payable in instalments, the commuted value of unpaid instalments is treated as a liability.

(g) No annuities exist on lives classed as "under average."

(2) Items of special reserve—

(a) No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings or on account of future expenses under annuities.

(b) Policies contain no benefits which exceed in value the Hm 3 per cent reserve, which is the basis of valuation employed.

(c) Except for general contingency reserve fund no reserve is maintained in excess of the cash value on lapsed policies, not automatically continued, subject to reinstatement.

(d) To cover the option of renewal under term policies a reserve is accumulated during the period in which the policy may be renewed equal to 15 per cent of the office premiums paid.

(e) To cover the option of conversion a reserve is accumulated during the period in which the policy may be converted either as at the original age at entry or as at age attained at date of conversion equal to 15 per cent of the office premiums paid.

(f) Apart from the above special reserves there is maintained a general contingency reserve fund.

2. No distinction is made between the guaranteed values on special class policies referred to above and those issued at Canadian rates.

3. The average rate of interest earned during the year on the mean net ledger assets was 6.51 per cent.

9 GEORGE V, A. 1919

THE IMPERIAL LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

4. The distribution of surplus—

(a) Division between policyholders and shareholders.

The shareholders' account is credited quarterly with interest on the balance of the account and on the paid-up capital stock at the net rate for the year (adjusted for due and accrued and decreased by investment expenses), and debited with the dividends paid shareholders. The balance which results at the end of the year is increased by the surplus derived in the year from non-participating policies and by 10 per cent of the surplus derived from participating policies.

Profits realized from the sale of securities are divided between shareholders and participating policyholders in accordance with the Insurance Act, namely, that proportion which the reserve on participating policies bears to the reserve on non-participating policies and losses incurred in the sale of securities are charged in the same proportion.

(b) In computing dividends to policyholders four factors were employed, namely, interest, mortality, loading and withdrawal. Assumed factors were used to prepare tables of total yearly surplus earnings for each age, duration and form of policy. Each policy entitled to surplus in the year has credited to it additional surplus in that year, found by taking such proportion of the respective yearly surplus of the tables as the total additional surplus actually set aside for distribution in the year is of the total additional surplus for the year on all such policies, as given by the tables. Amounts thus credited are accumulated from year to year. The factors assumed in preparing the tables were: Interest surplus, 1.25 per cent of the Hm $3\frac{1}{2}$ per cent reserve; Mortality Surplus, 20 per cent of the cost of insurance (Hm $3\frac{1}{2}$ per cent) to attained age 50, thereafter decreasing by .5 per cent for each higher age; Loading Surplus, 75 per cent of the balance of loading on the Hm $3\frac{1}{2}$ per cent basis, after deducting 5 per cent of the office premiums and 0.2 per cent of the sum assured; Withdrawal Surplus, $2\frac{1}{2}$ per cent of the surplus which was carried forward from the preceding year; Interest Accumulation Factor 4.75 per cent. At the end of 1918 the total surplus apportioned to each policy was made 72 per cent of the respective surplus shown in the tables.

The basis on which the dividends are converted are as follows:

Temporary Premium Reduction—Hm $3\frac{1}{2}$ per cent select; Permanent Premium Reduction—British Offices $3\frac{1}{2}$ per cent Select; Paid-up Insurance—Hm (5) $3\frac{1}{2}$ per cent; Reduction of Premium Term—Hm $3\frac{1}{2}$ per cent; Reduction of Endowment Term—Hm $3\frac{1}{2}$ per cent.

(c) Only one participating annuity exists. The dividends consist of 2.72 per cent of the present value of the annuity.

MISCELLANEOUS STATEMENT.

1. *The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—*

(1) Policies were valued individually except for Whole Life Paid-up Policies, Reversionary Bonuses, and one section of Endowment Assurances payable at maturity ages, which were valued in groups.

The Government valuation basis was used, namely: Om (5) Table of Mortality, at $3\frac{1}{2}\%$ rate of interest.

The valuation was made by tables of medial values prepared by the net premium method. In cases of policies valued individually the nearest age at entry was adopted and the duration was taken as $n + \frac{1}{2}$ where n is the curtate duration.

SESSIONAL PAPER No. 8

THE LONDON AND LANCASHIRE LIFE AND GENERAL—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

For grouped policies, the nearest attained age at date of valuation was adopted for the life Paid-up policies, and for Reversionary Bonuses: and the nearest quinquennial maturity age with the corresponding equivalent age at entry was adopted for the Endowment Assurances grouped section.

For Life Annuities the statutory basis, namely O [am] and O [af] 3½% was employed.

Special Classes.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at their rated up ages.

(c) Policies providing for payment at death, during certain periods, of an amount less than the full amount of the assurance were valued for full amount assured.

(d) For policies issued at, or subsequently bearing a fixed extra premium, an additional reserve, over and above the normal reserve, was made of half of such extra premium, annual or single.

(e) There are no sub-standard lives other than those classified above in (b) (c) or (d).

(f) Disability benefits are covered by way of re-assurance.

(g) There are no under-average annuity lives on the Canadian Registers.

(2) Items of Special Reserve.

(a) No extra reserve is held under Limited and Single Premium policies on account of prepaid or limited loadings, or under the few Annuities on the Canadian Books.

(b) Full additional reserves are made to cover any guaranteed benefits which are in excess of the reserve under the valuation basis employed.

(c) An additional amount of 10% above the Cash Surrender Value claimable is included in the Liability under such of these policies subject to reinstatement.

(d) A proportion of the additional premium charged to cover the option of renewal under Renewable Term policies is reserved.

(e) A proportion of the additional premium charged to cover the option of conversion under Convertible Term policies, is reserved.

(f) Policies under which the Sums Assured are payable in instalments are valued as ordinary policies in their own class for the equivalent Commuted Values of such instalments. Policies issued under the Return Premium Plan have additional reserves made covering the additional amounts at risk under each of such policies.

2. Guaranteed values under special class policies mentioned in 1 above.

(b) Values are allowed for the true ages.

(c) Where policies are issued with liens, the Paid-up and Extended Term Assurance options are subject to a pro rata proportion of such liens.

(d) Extra premiums do not permit of an increase in the Guaranteed Values of Policies.

(e) See I. (1), (e).

(f) Disability Benefits carry Guaranteed Values. Policies which include Disability Benefits carry the same Guaranteed Values as ordinary life policies.

(g) There are no under average annuity lives on the Canadian Registers.

*3. The information regarding the average rate of interest earned by this Association as a whole, is not yet available.**4. The distribution of surplus.*

DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

(a) Under the provisions of the Association's Memorandum and Articles of Association the shareholders are entitled to receive, out of the Life Assurance Profits, a cumulative dividend of five per cent per annum on the Paid-up Capital for the quinquennium. Four-fifths of the balance of such profits are apportioned among the Policyholders entitled to participate. From the remaining one-fifth, a sum is taken sufficient to increase by one-eighth the apportionment to all policies issued after December 31st, 1897, and entitled to participate. The balance of such one-fifth part belongs to the shareholders.

(b) Ordinary Participating Policies.

The dividends on these policies are allotted quinquennially as simple Reversionary Bonuses on the Sum Assured, according to the number of full years' premiums paid during the quinquennium, the bonuses so allotted only vest when policies have been three full years in force. The cash values of the resulting Reversionary Bonuses are obtained by discounting the Reversionary amounts by the Hm 5% Table for Whole Life and Limited Payment Life Policies, and by the Hm 4½% Table for Endowment Assurances.

DEFERRED DIVIDEND POLICIES.

POLICIES ISSUED ON THE DEFERRED DIVIDEND PLAN SINCE 1907, receive quinquennial allotments on the same footing as policies subject to ordinary quinquennial distributions, except that the dividends allocated are converted into equivalent larger Deferred Bonuses, vesting as Reversionary Bonuses only on the expiration of the Deferred Bonus Period selected.

In arriving at such increased contingent bonuses, the only elements taken into account are Mortality and Interest.

POLICIES ISSUED ON THE DEFERRED DIVIDEND PLAN up to the end of 1907 have been included in one homogeneous series, and treated as a separate and distinct section of the Association's business.

The Assurance Fund for this closed series is credited with the premiums received, and with its proportionate share of Interest Income, and is charged with claims, Matured Endowments and Sur-

render Values, and with an estimated proportion of Expenses. A separate actuarial valuation of this series is made quinquennially, showing the Liabilities, and disclosing the surplus belonging to the series. The available surplus is carried to a Bonus Reserve Fund, which is contingently and actuarially distributed to the policies in the series. The total Contingent Reversionary Bonus Reserve Fund of this series (Canadian Section) as at 31st December, 1918, was \$85,234.50 as the result of the Valuation and contingent allotment made.

(c) With-profit annuity business is not written.

Net reserve carried in the liabilities	4,498,955	3,949,514	8,448,469
Net reserve estimated on the statutory basis (without deduction) . . .			8,222,956
Reserve maintained by the company in excess of the statutory reserve			225,513

MISCELLANEOUS STATEMENT.

The calculation of the "reserve" in the "Statement of Actuarial Liabilities"—

(1) *Ordinary Branch.*—The valuation of policies was made by grouping according to plan, year of issue and age, for the more usual plans. In all other cases the policies were valued individually. Valuation ages were taken at nearest birthday for years of issue 1915–1916–1917–1918 and age next birthday for business issued previously. Tables of mid-year reserves prepared on the Net Premium basis were used. The valuation bases were Hm. 3½% for business issued prior to 1st January, 1910, and Om. (5) 3% for business issued subsequently.

Industrial Branch.—Age next birthday was used throughout, with full Net Premium Industrial mid-year valuation for all plans other than Whole Life and Endowment at 80. For the latter plans the valuation was made on a Terminal Basis. Policies were grouped according to plan, year of issue and age at issue. The valuation bases were, Combined Experience Table 3½% for business issued prior to 1st January, 1900, and Farr's No. 3, 3% for business issued subsequently.

Annuities.—Annuities were valued according to the British Offices select Life Annuity Tables with 3½% interest.

SESSIONAL PAPER No. 3

LONDON LIFE INSURANCE COMPANY—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Special Classes—

- (a) There are no policies in force on lives resident in tropical or sub-tropical countries.
- (b) Policies issued on rated-up lives were treated as being on lives actually of the rated-up age.
- (c) Policies subject to liens were valued in the same manner as if no lien were imposed.
- (d) No account was taken in the valuation of extra premiums payable throughout the whole term of the policy. In the case of limited payment policies subject to extra premiums the corresponding equalized extra throughout the whole term of the policy was found as at date of issue and a special reserve made equal to the difference between the present value of the equalized extra and the present value of the full extra payable during the premium period, the basis used in calculating the equalized extra and the special reserve being the Om (5) Table and 3 per cent interest. There are no policies in force issued subject to a single extra premium.
- (e) All policies issued on substandard lives are subject either to an extra premium or to a lien.
- (f) 50% of the first year's premium for disability and 90% of subsequent premiums therefor are accumulated as a reserve for this benefit, disability benefits paid being deducted from the amount so accumulated.
- (g) There are no annuities on lives classed as under-average.

(2) Items of Special Reserve—

- (a) No additional reserve is held under limited premium policies for prepaid loadings.
- (b) There are no benefits guaranteed which exceed in value the Net Premium Reserve on the basis of valuation employed.
- (c) No special reserve is held on account of lapsed policies but in a general way the Contingent Funds held provide for re-instatement of lapsed policies not coming under the Automatic Premium Loan Provision.
- (d) No definite reserve is maintained to cover the option of renewal under Term Policies.
- (e) No definite reserve is maintained to cover the option of conversion to a higher premium policy either (1) At the original age of entry or (2) At the age attained at date of conversion.
- (f) Reserve for profit accrued on quinquennial dividend policies. \$ 41,014 00
- Reserve for profits accrued on Reserve-Dividend Policies issued prior to 1st January, 1911. 174,646 00
- Investment Reserve and Investment Commissions accruing. 60,000 00
- Insurance Commissions accruing. 15,000 00
- Special Reserve for War and Other Claims unreported. 10,000 00

2. Where policies are issued at ages higher than the true age the guaranteed values correspond to those at the rated-up age. In case of policies with liens the values are the same as for policies without liens. In the case of policies issued at an extra premium, the values are the same as under the regular premium, except that the extended insurance term is reduced. In the case of policies with the Disability Benefit there is no distinction made between these and the regular policies.

3. The average rate of interest earned during the year, on the mean net ledger assets was 6.82%.

4. The Distribution of Surplus—

(a) Prior to 1st January, 1911, when the provisions of the new Insurance Act became operative, the Shareholders of the Company were entitled to a 7% dividend on the Capital Stock and 5% of the total profits but not exceeding one-half of one per cent of the subscribed and uncalled Capital. The effect of this provision was to make the maximum dividend 9%.

The present by-laws of the Company provide for a continuance of the former regulations so far as the business issued previous to 1st January, 1911, is concerned, and for the years 1911 to 1917, inclusive, only 5% of the share of the profits pertaining to business issued prior to 1st January, 1911, and 10% of the share of the profits pertaining to the business subsequent to that date have been apportioned to the Shareholders' Account, but for the year 1918 only 5% of the total profits distributed was credited to Shareholders' Account.

(b) In the computation of profits three factors are introduced, Interest, Mortality and Expense. Two per cent of the amount of Initial Reserve is the profit allowed on account of Interest. For mortality the policy is charged with 45% of the Om (5) rate for the first year, 50% the second, 55% the third, 60% the fourth and 65% for the fifth and subsequent years. For expense a charge on the Gross Premium is made for the first five years ranging from 12½%+\$1.50 per thousand on the 10 Year Endowment Plan to 15%+\$1.50 on the Life Plans. For the second quinquennial period these charges run from 10%+\$1.00 to 12½%+\$1.00. For the third quinquennium, from 9%+\$1.00 to 10%+\$1.00. After the 15th year a uniform charge on the Gross Premium of 7½%+\$1.00 is made for expense. The difference between the balance of the Gross Premium after making the above charges and the net 3½% rate is added to or deducted from the other sources of profit.

For female risks under 50, an additional charge is made of \$1.00 per annum per thousand dollars at risk. No tontine business has been in force on the Company's books for the full term of the tontine period. The only policies of such a nature issued are of a special class under which a portion of the ordinary surplus is set aside as additional reserve. The total amount of such reserve converted from surplus is \$583,565. The factors entering into the computation of profits on Reserve-Dividend Policies are exactly the same as under quinquennial distribution policies, suitable factors for terminations by death or otherwise within the quinquennial periods being introduced.

Cash Dividends are converted into other forms of benefit on the basis of the net Hm. 3½% Table.

9 GEORGE V, A. 1919

LONDON LIFE INSURANCE COMPANY—Continued.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits credited thereto.

Year of Issue.	Total Net Amount in Force.	*Profits Credited.
1900.....	\$ 7,000	\$ 1,082
1901.....	27,500	3,565
1902.....	72,000	8,685

THE MANUFACTURERS LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies have been valued according to the net premium method of valuation. For the purpose of valuation policies have been brought together in groups according to plan, age at entry and duration. Age at entry for fixing the premium and valuation for assurances was age next birthday except for business in Canada after February 8, 1915, in Cuba after January 16, 1912 and all business in the United States, where age nearest birthday was taken. For annuities age at entry was age last birthday. All policies and annuities were assumed to have been issued in the middle of the calendar year of entry.

The tables of mortality used in the valuation are as follows:—

For annuities the British Office Select Life Annuity Table (1893).

For policies on lives resident in temperate countries the Institute of Actuaries Hm Table.

Special classes—

(a) For policies on lives resident in tropical countries the American Tropical Table. For policies on lives resident in Sub-tropical countries a table based on the mean of the Institute of Actuaries Hm Table and the American Tropical Table. The rate of interest assumed is $3\frac{1}{2}\%$. On account of the Company guaranteeing on certain policies a surrender value at the end of fifteen years from date of issue equal to the Hm 3% reserve, an additional reserve which is sufficient to provide for the difference between the Hm 3% and the Hm $3\frac{1}{2}\%$ reserve at the end of fifteen years has been set aside. Policies coming under this provision consist of all Whole Life and Limited Payment Life policies at Northern Rates since January 1, 1904.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued according to the actual age of the Insured for all policies issued prior to the 11th of September, 1918. Such policies issued after that date were valued according to the Rated Up age.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued for the full amount of insurance.

(d) In the valuation of policies issued at, or subsequently subject to an extra premium, whether payable (a) in one sum or (b) annually, a reserve equal to one-half of the extra premium was set aside.

(e) Policies are not issued to sub-standard lives except at a Rated Up age or subject to a lien.

(f) Policies providing for Disability Benefits (1) before occurrence of disability 50% of the gross premiums received since the commencement was held as a Reserve Liability. (2) after disability has occurred the policy is valued as a Paid Up Policy. The only claims as yet experienced by the Company under the Disability Benefits are those providing for waiver of premiums only.

(g) No annuities were issued to lives classed as under average.

(2) *Items of Special reserve—*

(a) No extra reserve under Limited and Single Premium Policies on account of prepaid or limited loadings, nor under immediate annuities to cover future expenses.

(b) All Life and Limited Payment Life Policies issued at Northern Rates since January 1, 1904, guaranteed a Surrender value at the end of fifteen years equal to the Hm 3% reserve. An additional reserve sufficient to provide for the difference between Hm 3% and Hm $3\frac{1}{2}\%$ reserve at the end of fifteen years has been set aside.

(c) No reserve in excess of the cash surrender value is held on account of lapsed policies not continued in force under Automatic Non-forfeiture provision but subject to reinstatement.

(d) No reserve is maintained to cover the option of Renewal under Term policies. The Company's regular Term policies do not contain the option of Renewal.

(e) No reserve is maintained to cover the option of conversion into a higher premium policy. Each case is treated independently as it arises.

(f) An additional reserve as required by section 103 (3) of the Insurance Act, 1917, was held on all business issued since January 1, 1911, with premiums less than 102.5% of the Om (5) $3\frac{1}{2}\%$ net premium.

2. Tropical and sub-tropical policies have the same Surrender Values as policies at Temperate Rates. Since the 11th of September, 1918, policies issued at a higher age than the true age have guaranteed values at the higher age.

3. The average rate of interest earned on the mean net ledger assets was 6.53% .

4. *The Distribution of surplus—*

(a) The distribution of surplus as between shareholders and policyholders is in accordance with the Company's charter which provides that the holders of participating policies shall be entitled to share to the extent of not less than 90% in that portion of the profits set apart for distribution, which has been distinguished as having been derived from participating policies.

(b) For Quinquennial policies the dividends were calculated by accumulating funds by policy years, using factors closely approximating to the actual experience of the Company. From these funds the reserves were deducted, and 90% of the resulting surplus allotted to the policyholders. The reserves deducted for policies completing a deferred dividend period in 1918 were, Hm $3\frac{1}{2}\%$ for 10 and 15 year dividend periods, and Hm 4% for twenty year dividend periods.

The factors used in 1918 were:—Interest, 5 per cent; mortality, 75 per cent of the Om (5) mortality table up to age 50, increasing by 1% for each age until a maximum of 90% was reached; expenses, varying from 4-8 p.c. to 25-8 p.c. of the gross premium, according to age and plan.

For deferred dividend policies the method adopted was based on the contribution plan. All such policies of the Company were grouped according to year of issue, plan, age and gross premium. Each group was credited each year from the commencement with all premiums received thereon, together with its share of all interest and profits earned and debited with its proper share of expenses, death claims, surrender values, and all other payments, the balance remaining being the fund at the credit of the policies in the group from year to year.

SESSIONAL PAPER No. 8

THE MANUFACTURERS LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

From the fund at the credit of those policies on which profits were to be distributed the proper reserves were deducted and 90% of the balance was set aside for distribution to the policyholders. The factors used in 1918 were the same as regards interest and expense as in the case of Quinquennial Dividend policies. and the mortality factor was 70% of the Om table of mortality.

The various options were calculated from the cash dividends according to the following tables:—

Policies at temperate rates, the Om (5) $3\frac{1}{2}\%$ Table.

Policies at tropical rates, the American Tropical, $3\frac{1}{2}\%$ Table.

Policies at sub-tropical rates, on a table based on the mean of the Om (5) $3\frac{1}{2}\%$ Table and the American Tropical Table.

(c) The Company has not issued participating annuities.

Total net reserve on the company's basis of valuation..			\$ 32,805,852
Reserve maintained by the company in excess of the statutory reserve estimated to be considerably over.....			1,000,000

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities."

(1) Policies were valued in groups. Premium-paying policies issued in the same year on the same plan of insurance, were grouped as to age at issue. Paid-up policies and extended insurance of the same plan and year of expiration or maturity, were grouped according to attained age, and valued by applying the proper net single premium for each age. Annuities were valued seriatim.

Ordinary policies were valued according to "age nearest birthday" at entry, and Industrial policies according to "age next birthday" at entry. The duration for premium-paying policies was based on calendar years, mean reserves being used; thus, a policy issued in 1912 was given the seventh year's mean reserve at the end of 1913. Annuities were valued on the basis of "age last birthday" at entry, the age attained being found by adding the mean duration.

Industrial Infantile Whole Life policies issued prior to 1907 were valued as One Year Renewable Term policies during the infantile period, subsequent issues being valued as level premium policies from the date of issue. The value of Industrial paid-up policies and extended insurance in force in Canada at the end of 1918 was approximated on the basis of the 1914 valuation of Canadian policies and the 1918 valuation of the company's total business.

The tables of mortality and rates of interest used for valuing the various classes of policies were:

- Policies issued prior to 1901—Combined Experience 4% } except as follows.
 " after Dec. 31, 1900—American Experience 3½% }
 Special Class policies issued prior to Jan. 1, 1901, Combined Experience doubled 4%.
 " " Jan. 1, 1901-Dec. 31, 1906, American Experience doubled 3½%.
 " " after Dec. 31, 1906, Special Class Table 3½%.
 Intermediate " 31, 1906, Intermediate Tables 3½%.
 Certain ordinary policies issued " 31, 1910, Standard Industrial Table 3½%.
 Certain Assumed Ordinary policies issued 1896-1900 inc., American Experience Table 3½%.
 " 1895-1916 " " 3%.
 Standard Industrial policies issued after Dec. 31, 1903, Standard Industrial Table 3½%.
 Sub-Standard Industrial policies issued after Dec. 31, 1906, Sub-standard Industrial Table 3½%.
 Annuities issued after Dec. 31, 1906, McClintock's Table 3½% and 4%.

THE METROPOLITAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Continued.

Special Classes of Policies.

(b) There were no policies issued at premiums corresponding to ages higher than the true ages, with the possible exception of a few scattering Industrial contracts issued in the earlier years of the company, or assumed from other companies. It has been the company's custom to value such policies at the higher age.

(c) Policies issued subject to liens (i.e. "Special Class" policies, on substandard lives, issued prior to 1907) were valued for the net amount of insurance, an additional reserve being calculated equal to the single premium for the reductions in liens on account of dividends. Policies assumed from the Pittsburgh Life and Trust Co. subject to assumption liens were valued on the basis of the full face of the policy, and an extra reserve was calculated to cover payment in full of death claims to May 7, 1922.

(d) Policies subject to a fixed extra premium were valued as if there were no extra premium.

(e) For policies issued on sub-standard lives prior to 1907, see (c), above. On those issued subsequent to Jan. 1, 1907, the method of valuation is similar to that used for standard lives, but on tables of mortality based upon sub-standard experience.

(f) Contingent waiver of premium benefits were valued, before occurrence of disability, at the rate of 25 cents per \$1,000 insurance, which method has been approved by the New York Insurance Department as giving results approximating the value according to Hunter's Disability Table with 3 per cent interest. After occurrence of disability, an actual valuation is made according to Hunter's Table with 3 per cent interest.

Industrial policies provide, in event of loss of both hands, both feet, one hand and one foot, or blindness, for payment of one-half of the amount of the policy in cash and issuance of paid-up insurance for the balance. For this liability the company set up a reserve to cover one-half the estimated cost for 1919, based on the experience of 1918.

On a small group of policies providing for the company's employees a weekly indemnity for incapacity from work, a liability is set aside equal to premiums for one-half month. Where incapacity has already occurred, future payments are valued according to the Manchester Unity Tables, with 3½ per cent. interest. The amounts thus calculated are included in the item "Disability insurance liability."

(g) No annuities were issued to lives classed as under average.

(2)

Items of Special Reserve (Canadian policies).

(a) No special reserve is maintained under limited payment and single premium policies on account of prepaid or limited loadings, nor under immediate annuities to cover future expenses.

(b) There are no guaranteed benefits under the company's contracts which exceed in value the net premium reserve.

(c) No special reserve is held to cover the option of reinstatement under lapsed policies not continued in force under automatic non-forfeiture provisions, but being subject to reinstatement.

(d) No reserve is maintained to cover the option of renewal under term policies.

(e) No additional reserve is maintained to cover the option of conversion into higher premium policies.

(f) There are no other items of special reserve, other than those above specified, except the additional reserve required under Sec. 103 (3) of the Canadian Insurance Act, 1917, on the Company's Ordinary Whole Life policies.

2.

Guaranteed Values under Special Classes of Policies.

(b) The guaranteed values under policies formerly issued at premiums corresponding to ages higher than the true ages are the same as in policies regularly issued at the higher age.

(c) In "Special Class" policies on sub-standard lives issued prior to 1907, subject to liens, the values are calculated upon the net amount of insurance, i.e., face of policy less amount of lien outstanding. In policies assumed from the Pittsburgh Life and Trust Company subject to assumption liens, the lien is deducted from the cash surrender value when cash values, paid-up insurance and extended insurance are granted.

(d) Policies subject to a fixed extra premium contain the same guaranteed values as if there were no extra premiums.

(e) For policies issued on sub-standard lives prior to 1907, see (c), above. For those issued subsequent to January 1, 1907, the method of calculating the guaranteed values is similar to that used for standard lives, but tables of mortality based upon sub-standard experience are used.

(f) Where total and permanent disability occurs under policies with contingent waiver of premium benefits, the guaranteed values apply exactly as if premiums waived had actually been paid.

Paid-up insurance issued under the total and permanent disability concession in Industrial policies are granted the same values as similar paid-up policies granted under non-forfeiture provisions.

Interest Rate.

3. The average rate of interest earned during the year 1918 as determined by the formula $\frac{2I}{A+B-I}$ for the company's entire business was 5.04 per cent. The amount I was calculated by taking the gross interest and rents received during the year, deducting the amount paid for taxes, repairs and expenses on real estate, adding the increase in interest and rents due and accrued, and deducting the increase in rents and interest paid in advance. The items A and B represent, for the beginning and end of the year respectively, the total Ledger Assets less Assets Not Admitted.

4.

Distribution of Surplus.

(a) The company is purely mutual and there are, therefore no dividends to shareholders.

(b) Dividends are calculated as follows:

SESSIONAL PAPER No. 8

THE METROPOLITAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Ordinary and Intermediate Policies.

All annual dividends of 1918 on premium-paying policies consisted of the following two parts: (1) a refund to the insured of that part of the premium paid one year earlier, which the company had been able to save during the policy year, and (2) excess interest earned on the reserve of the year; except on Ordinary whole life policies issued in the year 1916, subsequent to June 30th, where dividends were paid to equalize the premiums on corresponding policies issued prior to July 1, 1916. In the case of paid-up policies, the annual dividends consisted solely of the excess interest earned on the reserve.

The refund of excess premium was the difference, adjusted to provide for the contingency reserve, between the annual premium payable and the annual premium required according to the company's own mortality experience.

The rate of interest used in the dividend calculations of 1918 was 4.5 per cent so the excess rate was 0.5 per cent for 4 per cent reserve policies and 1 per cent for $3\frac{1}{2}$ per cent reserve policies.

"Special Class" Policies.

These were policies issued on sub-standard risks. Policies issued prior to 1907 were issued subject to liens, with dividends payable at the end of five years, at the end of ten years, and annually thereafter.

These policies therefore called for annual dividends during 1918. On Special Class Intermediate policies (\$500), the entire lien having been cancelled, the dividends paid were the same as on regular Intermediate policies of the same class and duration. On Special Class Ordinary policies (\$1,000 and over) the majority of dividends were allowed on the basis of cancelling the lien within twenty years.

Special Class policies issued during the years 1907-1913 inclusive were not subject to liens and were allowed annual dividends in 1918 based on the experience of this class.

Covenant Mutual and Vermont Life Policies.

These are assumed policies, and special methods were adopted in the calculation of dividends. There are very few of these policies in Canada.

Mortuary and Maturity Dividends.

On Ordinary and "Special Class" policies on which not less than five years' premiums had been paid, maturing in 1918 as death claims or endowments, an additional dividend was paid, based on the contingency reserve. A similar dividend was paid on maturing Intermediate policies issued prior to January 1, 1912.

Application of Dividends to Paid-up Insurance, etc.

When paid-up insurance was allowed, the amount was such as the cash dividend would purchase, based on the standards adopted by the company for use in the particular branch. The dividends were not applied toward the reduction of the premium-paying term or toward the shortening of the endowment period.

(c)

Annuities.

Annuities are non-participating.

Net reserve carried in the liabilities.....	\$ 852,743 37	\$ 91,978 41	\$ 944,721 78

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) Policies were valued individually from Tables of mid-year reserves calculated according to the net premium method, the age at entry, for valuation purposes, being the age used in fixing the premium. The age used in fixing the premium was taken as the age next birthday for all policies issued prior to August, 1914, and the age nearest birthday for policies issued after that date. All business, both participating and non-participating, is valued on the Om (5) table, with interest at 3½ per cent.

Special classes—

(a) No policies have been issued on lives resident in tropical or sub-tropical countries.
 (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the age used in determining the premium.

(c) Policies subject to a lien were valued on the same basis as if there had been no lien.
 (d) In the valuation of policies issued subject to an extra premium the extra premiums were disregarded.
 (e) The only other policies issued to substandard lives were on short term endowment plans and these were valued on the same basis as standard lives.

(f) In the valuation of policies providing for the total disability benefit (waiver of premium or sum assured payable in instalments), additional reserves were included before occurrence of disability, being on the basis of 17½ cts. per thousand; and for disability benefit providing waiver of premium and an annuity without reduction of sum assured, a reserve was included equal to one-half of the annual premiums charged. The company has had no claims under disability benefits.

(g) The company has issued no annuities to under-average lives.

(2) Items of Special Reserve—

(a) No reserve is held under limited or single premium policies on account of prepaid or limited loadings.

(b) Additional reserves were provided for the excess or guaranteed benefits over the net premium reserve on the basis of the valuation employed.

(c) No reserve in excess of the cash surrender value is held on account of lapsed policies subject to re-instatement.

(d) or (e) No reserve is maintained to cover the option of renewal or conversion under Term Policies.

2. Policies issued at premiums corresponding to ages higher than true ages have guaranteed values corresponding to age at which premium is calculated. For other classes the values are same as under ordinary contracts.

3. The average rate of interest earned during the year on the mean net ledger assets was 7.84%

4. The matter of distribution of surplus is being dealt with at the present time.

MISCELLANEOUS STATEMENT.

1. *The calculation of the Reserve in the "Statement of Actuarial Liabilities"—*

(1) Annuities were valued individually, the valuation age being the office age at entry plus the exact duration. The basis of valuation is $O(am)$ and $O(af)$ at $3\frac{1}{2}$ per cent prior to Jan. 1, 1903 and 3 per cent thereafter. Policies of assurance issued in the same year at the same age and on the same plan were grouped, and the value was taken as the tabulated net premium reserve at duration $n+\frac{1}{2}$, where n is equal to the difference between the calendar years of valuation and issue, the age being taken as the office age at entry. The office age at entry is at present "age nearest birthday," but prior to June, 1914, the office age was "age next birthday" unless the application was completed within two months after a birthday, in which case the age at such birthday was used. The basis of valuation is Om (5) $3\frac{1}{2}$ per cent prior to Jan. 1, 1903, and Om (5) 3 per cent thereafter.

Special Classes.—

(a) Policies issued on lives resident in tropical or sub-tropical countries were valued on the same basis as ordinary policies.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to liens, were valued for the full face value, just as if no lien had been imposed.

SESSIONAL PAPER No. 8

THE MUTUAL LIFE OF CANADA—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

(d) No extra reserve was held on policies under which an extra premium, either single or annual, is payable.

(f) Policies issued on plans different from that applied for were, of course, valued on the plan issued.

(f) On policies providing for disability benefit an extra reserve was held, as follows:

(a) Before occurrence of disability—

An Extra reserve was held equal to the amount held at the end of 1917 plus one year's interest at 3 per cent and plus the extra premiums (less commissions) received in 1918.

(b) After occurrence of disability—

(1) Waiver of premium—Extra reserve held equal to the present value of the gross premium by Hunter's Disability Table 3 per cent.

(2) Instalment payments—One twentieth of face amount each year. Total reserve equal to present value of the instalments by Hunter's Disability Table 3 per cent.

(g) No annuities are issued to lives classed as under-average.

(2) *Items of Special Reserve.*—

(a) No extra reserve is held under limited or single premium policies on account of prepaid or limited loadings, nor under immediate annuities to cover future expenses.

(b) The only cases where the guaranteed values exceed the net premium reserve held are where the Hm reserve exceeds the Om (5) reserve, and in such cases no extra is held.

(c) On lapsed policies issued prior to the adoption of the nonforfeiture privilege and which are subject to reinstatement, the full Om (5) 3½ per cent reserve is held as at the current policy year, less any balance of unpaid premium for such year. On lapsed policies containing the nonforfeiture privilege but which have not been three years in force no reserve is held at end of year.

(d) No renewable term policies in force.

(e) No extra reserve is held to cover the option of conversion into higher premium policies either as from original age or at attained age.

(f) On Contingent Additions and Pure Endowments the full net premium reserve is held, based on the same tables as for policies of assurance referred to in 1 (1).

2. The Guaranteed Values in the classes referred to in 1 above were granted as follows:

(1) (a) Same cash and paid-up values as for ordinary policies, but no extended assurance.

(1) (b) Same cash and paid-up values as for a policy at the rated up age, also the same extended assurance values where this feature is not eliminated.

(1) (c) Same values as for regular policies except that the extended assurance privilege is usually deleted.

(1) (d) Same values as for regular policies but extended assurance is usually deleted.

(1) (e) Regular values on restricted plan but rarely is the extended assurance feature granted.

(1) (f) No extra values on account of the disability benefit.

(1) (g) None in force.

3. The average rate of interest earned during the year on the mean net ledger assets was 6.60 per cent.

4. *The Distribution of Surplus.*—

(a) The surplus all belongs to the policyholders.

(b) (1) *Annual Dividends*—

On business prior to 1891 these were determined from the three factors, mortality, interest and loading, the factors being respectively 30 per cent of the cost of insurance on the Om (5) 3½ per cent table, 1½ per cent of the initial reserve by the said table, and 40 per cent of the excess of the gross premium over the net premium by the said table.

On annual business subsequent to January 1st, 1911, the same formula was used but the reserve basis used was 3 per cent and therefore the cost of insurance and the loading were based on this table and the interest factor was changed from 1½ per cent to 2 per cent.

These dividends are converted into paid-up assurance by using a single premium at the attained age taken from the Om (5) table on which the reserves were held.

In the reduction of the premium term the annual dividends are accumulated until this accumulation, with the reserve held by the company on such policy is equal to the net single premium at the attained age of the assured according to the table upon which the said reserves are based; or if the said accumulation, with the reserve, equals the face of the policy, the sum assured is paid in cash as an Endowment.

(2) *Quinquennial Dividends.*—

For business after January 1, 1903, the annual dividends as per previous paragraph were accumulated at 5 per cent interest. For business prior to 1903 the accumulation was at the same rate, but, in obtaining the annual dividends the Om (5) 3½ per cent table was used, and the interest factor was reduced to 1½ per cent of the initial reserve, while the loading and mortality factors remained constant but applied to the 3½ per cent table.

Quinquennial dividends were converted into a reduction of premiums for the ensuing five years by dividing the full dividend, as obtained above, by a 5 year temporary annuity due at the attained age of the assured and according to the Om (5) table with interest at 3½ per cent or 3 per cent, according as the policy was issued prior or subsequent to January 1, 1903; to obtain the bonus addition the quinquennial dividends were divided by the single premium at the attained age by the same table as was used to obtain the premium reduction.

9 GEORGE V, A. 1919

THE MUTUAL LIFE OF CANADA—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(3) *Deferred Dividends.*—

Prior to 1914 the dividends were allotted quinquennially and were accumulated at 5 per cent interest with benefit of survivorship. Since 1914 the allotment has been made on an annual basis, beginning from the date of the last full quinquennial dividend allotment prior to 1914, and the accumulation has been at 5 per cent as before with benefit of survivorship.

The survivorship Distribution dividends were converted into paid up assurance on the same basis as referred to in 4 (b) (2), and into Life Annuities at our present rates.

(4) The cash value of bonus Additions is the full reserve on the company's basis.

(5) Policies on lives resident in tropical or sub-tropical countries and policies with extra premiums get the same dividends as policies issued at ordinary rates.

(c) Annuity contracts are non-participating.

MISCELLANEOUS STATEMENT.

1 *The calculation of the "Reserve" in the "Statement of Actuarial Liabilities":—*

(1) Ordinary Branch policies were grouped for valuation by plan in individual ages, except for infantile policies (deferred assurances and deferred endowment assurances for children under ten years old) where all were grouped together. Industrial policies were grouped according to age at issue in five year periods, except for one plan which were grouped for individual ages at issue.

The rate of interest used was $3\frac{1}{2}$ per cent, and the table of mortality Om (5).

The valuation age follows the age next birthday, the duration being $N+\frac{1}{2}$, where N is the curtate duration. Bonus additions were valued at nearest attained age.

A few Industrial policies of a special class issued outside and transferred to Canada, were valued by accumulation of the premiums.

Special Classes—(a) There are no Canadian policies on lives resident in tropical countries.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.

(c) Policies subject to liens were accorded full reserve.

(d) The option of paying an extra premium was allowed on certain policies issued to men liable to military service, but in no case was this option exercised. Such policies are valued in the usual way.

(e) A few applicants for whole-life policies were offered and accepted double endowment policies. Valued as other double-endowments.

(f) Policies with disability benefits in the Industrial Branch were given the usual full reserve. There are none in the Ordinary Branch.

(g) There are no annuities.

(2) *Items of Special Reserve:*—(a) No extra reserve held for prepaid or limited loadings under limited premium policies. (b), (c), (d), (e), and (f). There are no items of special reserve.

2 No special modifications in guaranteed values have been made in connection with any such policies as are referred to in question "1", sub-questions (1) (a) to (f).

3 The average rate of interest earned during the year on the mean life insurance fund of the Company was 5.04 per cent.

4 *The Distribution of Surplus:*—(a) Eighty per cent of the Ordinary Branch profits distributed is apportioned to participating policies, and twenty per cent to shareholders. The Industrial Branch is non-participating.

(b) Dividends to policyholders are allotted as reversionary bonuses by way of a percentage on the sum assured varying with class and duration. For policies not more than four years in force the present scale of bonus additions is \$13 per thousand for each year on life and limited payment life policies and \$11 per thousand for each year on endowment policies. After the policy is three years in force the reversionary bonuses may be surrendered for cash by being discounted by the 11M reversion at four per cent interest.

(c) There are no annuities in Canada.

Reserve maintained by the Company in excess of the statutory reserve.....	228,000	23,000	251,000

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities."—

(1) Both policies and annuities were valued in groups on the following bases:

Insurance—

Actuaries' table with interest at 4 per cent for policies issued prior to Jan. 1, 1898.

American table with interest at 3½ per cent for policies issued Jan. 1, 1898, to Dec. 31, 1906, inclusive.

American table with interest at 3 per cent for policies issued after Dec. 31, 1906.

Annuities—

McClintock table with interest at 4 per cent for annuities issued prior to Jan. 1, 1898.

McClintock table with interest at 3½ per cent for annuities issued Jan. 1, 1898, to Dec. 31, 1906, inclusive.

McClintock table with interest at 3 per cent for annuities issued after Dec. 31, 1906.

Additional reserve for Waiver of Premium and Income in Event of Permanent Disability Occurring prior to Age 60; Hunter's Disability Table with interest at 3 per cent.

Policies were grouped by year of issue and sub-divided according to kind of policy and age at issue. The amount of insurance in each group was valued by a mean reserve table; in other words, the value of the sum insured and the value of the future net premiums were not calculated separately.

Annuities were grouped according to year of birth.

Special classes—

(b) No policies were issued at rated up ages.

(c) No policies were issued with liens.

(d) Reserves for policies issued with a fixed extra premium payable annually were calculated as if such extra net premium were not payable; in other words, the extra net premium was considered as being required to cover the extra risk run in the year. No policies were issued with fixed extra premium payable in one sum.

(e) The Company does not issue policies except at standard rates.

(f) The Company issues policies providing for a Waiver of Premium only, and other policies providing for a Waiver of Premium and a payment of the sum insured in instalments, and another policy for Waiver of Premium and an income during disability. The reserves for all such policies are calculated

9 GEORGE V, A. 1919

THE MUTUAL LIFE OF NEW YORK—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

according to the Hunter Disability Table with interest at 3 per cent. (a) Before occurrence of disability the reserve held is the normal reserve by said table. (b) Thereafter, the reserve is increased to the reserve for the immediate benefit granted—all according to said table and rate of interest.

(g) No annuities were issued to lives classed as under-average.

(2) Items of special reserve.—

(a) No additional reserve is held under Limited Payment or Single Premium policies. No additional reserve is held under immediate annuities to cover future expenses. The net reserves only are held.

(b) In the years 1898 to 1906, both inclusive, certain policies were issued with cash values in excess of the tabular American $3\frac{1}{2}$ per cent Reserves. Additional reserves are held to enable the Company to pay such cash values.

(c) No reserves are held on account of lapsed policies.

(d) The only renewable term policy issued by the Company is the Yearly Renewable Term policy. No additional reserve is maintained to cover the right to renew.

(e) No reserves are maintained to cover the option of conversion into higher premium policies. The right to change from original date is granted only where the difference of premium with interest thereon will make good the reserve.

2. The guaranteed values in special class policies referred to in question 1. (1) above issued in Canada are the same as in ordinary policies.

3. The average rate of interest earned by the Company as a whole on the mean admitted assets was 4.525 per cent.

4. The distribution of surplus—

(a) No shareholders; all surplus belongs to policyholders.

(b) Dividends are not applied in reduction of all future premiums ("premium reduction" and also "reduction of premium term"). Paid-up insurance is purchased on net American 3 per cent basis. Dividends are not applied to reduce the endowment period.

ANNUAL DIVIDENDS: Annual dividends are payable on policy anniversaries commencing at the end of first policy-year (allotment of dividend at end of first policy-year is contingent upon payment of second year premium), and consist of two parts; (1) excess interest on initial reserve for the policy-year, the reserve being the American 4 per cent, $3\frac{1}{2}$ per cent, or 3 per cent reserve, according to whether the policy was issued prior to Jan. 1, 1898, in one of the years 1898 to 1906, inclusive, or after Dec. 31, 1906, and (2) a refund to the insured of that part of the premium, paid one year earlier, which the Company has been able to save during the policy-year, the refund being calculated as a percentage of the loading contained in the "tabular annual premium," the percentage used for dividends payable in 1918 being 65 per cent for policies issued in the years 1917 to 1907, inclusive (60 per cent in the case of Term policies), 66.5 per cent for those issued in 1906, 68 per cent for those issued in 1905, 69.5 per cent for those issued in 1904, 71 per cent for those issued in 1903, 72.5 per cent for those issued in 1902, 74 per cent for those issued in 1901, 75.5 per cent for those issued in 1900, 77 per cent for those issued in 1899, 78.5 per cent for those issued in 1898, 90 per cent for those issued in 1897, and increasing 2 per cent for each year's earlier issue.

The rate of interest used in the dividend calculations of 1917 was 4.4 per cent, the excess being 0.4 per cent for 4 per cent reserve policies, 0.9 per cent for $3\frac{1}{2}$ per cent policies, and 1.4 per cent for 3 per cent policies.

DEFERRED DIVIDENDS for 5, 10, 15 and 20 year periods are computed as follows:—(1) the annual dividends which the policy would have received had it been an annual dividend policy are taken, (2) these annual dividends are accumulated at compound interest, at the various rates used in the dividend calculations each year, up to the end of the dividend period, (3) the accumulated amount of these annual dividends is increased by a percentage, varying with the age of the insured, to recompense the policyholder for the risk he has run, and which he would not have run had the policy been an annual dividend policy, of losing surplus through death, discontinuance or otherwise, and (4) in the case of those 15-year distribution policies issued in the year 1903, and certain 20-year distribution policies issued in the year 1898 where the policy guarantees a cash value at and after the end of the distribution period in excess of the tabular American $3\frac{1}{2}$ per cent reserve, the amount so found is reduced by the excess of such cash value over such reserve.

Subject to evidence of insurability satisfactory to the Company and to an agreement on behalf of the policyholder to a corresponding reduction in the policy guarantees at and after the end of the distribution period, the holder of each such 15 and 20-year distribution policy referred to in (4) was given an additional dividend in 1918 equal to the reduction already made in calculating the dividend.

All deferred dividends are payable on the policy anniversary at the end of the deferred period if the policy is then in force, but not otherwise.

(c) This Company does not issue participating annuities.

Totals.....			\$ 10,220,274 \$1,221,456 08		

The amount of profits held as given in above table are estimated by calculating ratios of the deferred dividend fund to deferred dividend insurance in force December 31, 1918, for total business of company and by applying same ratios to Canadian deferred dividend insurance in force December 31, 1918. The amounts so held do not constitute a legal liability of the company.

No amounts are proportioned contingently or otherwise to such policies or classes thereof until the end of the deferred dividend periods.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities."

(1) Assurances were valued according to the full net level premium method of valuation, tables of mid-year policy values being used. For the purpose of valuation the policies have been grouped according to plan, year of issue and age at entry. The age of entry for valuation purposes is the same as the age used in determining the premium. The valuation of policies was based upon the British Offices Om (5) Table of Mortality with interest at 3½ per cent for participating policies and the Hm Tables of Mortality with interest at 3½ per cent for non-participating policies. There is only one annuity and it was valued at age last birthday at date of valuation. The table used was the British Offices' Select Life Annuity Table 1893, with interest at 3½ per cent.

Special classes:—

(a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premium greater than the regular Canadian rates have a reserve respectively 1½ times and 1¼ times the ordinary Om (5) 3½ per cent Reserve Values; if rates are same as regular rates then the usual reserve is used.

(b) Policies issued at premiums corresponding to ages higher than the true age were valued at the rated up age.

(c) Policies issued subject to liens were valued for full amount of insurance.

(d) Policies issued at a fixed extra premium were valued as though issued at ordinary rates.

(e) Policies issued in any other way to substandard lives were valued as though issued on regular plan.

(f) On policies providing for disability benefits an extra reserve was held as follows:—

(1) Before occurrence of disability,

(a) Where the benefit was the waiver of premiums only, no extra reserve was held.

(b) Where the benefit was the waiver of premiums and an annuity during disability, without reduction of sum assured, if disability occurs before age 60, an extra reserve was held equal to 50 per cent of the first year's disability premium.

(2) After occurrence of disability:—

(a) Where the benefit is waiver of premiums—Policy is valued as a Paid-up contract.

(g) No annuities have been issued to lives classed as under-average.

(2) Items of Special Reserve.

(a) No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

9 GEORGE V, A. 1919

THE NATIONAL LIFE OF CANADA—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(b) The difference between the guaranteed surrender value and the net premium reserve is treated as a pure endowment, and a sufficient additional reserve is maintained to provide therefor.

(c) No reserve is held to cover the option of re-instatement under lapsed policies not continued in force under Automatic Non-forfeiture provisions.

(d) No extra reserve is maintained to cover the option of renewal under renewable term policies.

(e) An extra reserve of \$4.00 per thousand per year is maintained to cover the option of renewal at the end of five years under Five Year Combined Option policies which are renewed on Life and Endowment plans at the attained age at date of conversion.

2. There are no modifications or limitations as regards Cash Surrender Value, Paid-up insurance, extended term insurance and Automatic Non-forfeiture under special class policies referred to in 1, (1) above. Under policies issued at ages higher than the true age, the values are those corresponding to the rated up age.

3. The average rate of interest earned during the year, calculated on the mean net ledger assets was 5.61 per cent.

4. The Distribution of Surplus:—

(a) The policy-holders receive 90 per cent of the surplus earned on Participating policies, and the shareholders 10 per cent. The shareholders are entitled to the full surplus derived from the Non-participating policies.

(b) For Quinquennial Dividend policies a two-factor contribution method has been adopted, using (1) excess interest earned upon the reserve value of the policy of 1 per cent for the first policy year and 1½ per cent for subsequent years, and (2) the balance of premium loading, after deducting an expense charge varying from 9 to 12½ per cent of the office premium, according to plan, for the second and subsequent policy years. The surplus at the credit of the policy at the beginning of the year, was accumulated during the year at the net rate of interest earned by the Company.

For Deferred Dividend policies the dividends were computed by a modified "asset share" method, by which a certain percentage of the premium was deducted for expenses, the percentage varying with the plan and except for endowments of specified terms, with the age also. On the Ordinary Life plan the percentage decreased from 34 per cent at age 20, to 27 per cent at age 55. In the case of endowment policies 15 per cent was used for 10 Year Endowment policies at all ages; 18 per cent for all ages for 15 Year Endowment policies and 22 per cent at all ages for 20 Year Endowment policies. For Limited Payment Life policies, the per centage taken was the mean between the Ordinary Life rate at the same age and the rate for an Endowment Assurance of the same premium paying period. The Mortality allowed in every case was 80 per cent of the Om (5) Tables, for ages 20 to 50 inclusive, and an increase of 1 per cent for each age up to 90 per cent at age 60 and over. Interest was computed at 5 per cent throughout. A valuation of the Deferred Dividend policies was then made on the basis of these "standard asset shares," the total compared with the actual funds at the credit of these policies, and by this means the fund at the credit of individual policies was ascertained.

In the case of 5 Year Dividend and Deferred Dividend policies, the bonus addition is the amount of paid-up insurance which the cash profits will purchase according to the 11m 3½ per cent Tables of net premiums and the temporary reduction on 5 Year Dividend policies is the annuity which the cash profits will purchase according to the Om (5) Table with 3 per cent interest.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."—

The following explanation of the methods of valuation of the different policy and annuity contracts issued and in force on the books of the company pertains to the methods used in valuing the policies in force in the entire company. The Reserve for policies issued in Canada was approximated as explained in the foot-note.*

(1) The reserves on policy and annuity contracts are calculated in groups. The grouping covers the year of issue, the age at issue, and the plan of insurance in a way that forms groups which are homogeneous. The age at which the net valuation premium is taken is the age at the nearest birthday at entry for assurances and the age at the last birthday for annuities. The duration is the number of full years having elapsed between the year of issue and the year when the reserve is computed, plus a half year. The method of valuation is the same for all classes.

Special Classes—

(a) Policies issued at the "Semi-Tropical and "Tropical" scales of premium were valued by hypothetical tables of mortality representing at each age one and one-half times and twice the American rate of mortality, respectively. These tables are known as "Sesqui American" and "Double American."

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher age.

(c) The reserve used on policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to lien, is that for a policy with a lien equal to the Company's published single premium for life assurance at the insured's age at issue, such lien decreasing each year by the annual premium paid. The basis of the reserve is the Double American Mortality Table and 3 per cent interest. No policies with lien have been issued by the Company since December 31st, 1906.

(d) For policies issued in 1918 with a single extra premium an extra reserve of one-half the premium is

*"The reserve for policies issued in Canada was approximated by taking the ratio which the average reserves for 1917 on the Canadian Policies in force at the end of that year bore to the average reserves on the total policies in force in all countries and applying this ratio to the average reserves as at December 31, 1918, on the Total Business of the company. The average reserves so obtained were then applied to the Canadian Policies in force December 31, 1918."

NEW YORK LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

held. For prior issues the Company does not carry a specific reserve, as the additional hazard is covered by the Contingency Reserve and as the extra hazard generally lasts for one year only. For policies issued with an annual extra premium one-half the net extra premium for the current year is reserved. In certain countries, however, including Canada where a war risk extra is charged, the excess of the war extra premium over death losses due to warfare is returnable; the reserve carried is such extra premiums less war losses, but not less than one-half the extra premium for the current year.

(e) Policies issued on sub-standard lives and placed in the Adjustable Accumulation Class are for the most part valued on the Double American Table of Mortality with 3 per cent interest. A few of those issued prior to 1904 and all policies in the Intermediate Accumulation Class are valued on the Sesqui American Table of Mortality with 3 per cent interest.

(f) Under policies providing for disability benefits (waiver of premium and other benefits), the benefits are valued before the occurrence of disability at the standard adopted by the Insurance Department of the State of New York, viz: "Hunter's Disability Tables" at 3 per cent interest. After disability the additional liability incurred is valued by the same tables.

(g) The Company charges the same scale of premiums to all annuitants and does not grant special rates to lives classed as under average.

2. Items of special reserve—

(a) A reserve of \$730,000 is carried for future expenses on paid-up annual dividend policies and on single premium policies. As the basis of the considerations for annuities is 3 per cent interest, the excess of interest earnings over 3 per cent provides for the expenses after the first year.

(b) The guaranteed benefits do not exceed in value the net premium reserve on the basis of valuation employed.

(c) A reserve of \$501,838.30 is held on account of policies cancelled upon which a surrender value or reinstatement may be demanded.

(d) No renewable term policies have been issued since 1909. On policies issued prior a deduction is made from the dividend to provide for the option of renewal and the amount of such deductions is carried in the contingency reserve.

(e) The privilege of conversion to higher-priced plans has not been given where selection can be practiced against the Company by poor risks, hence a reserve to cover the option of conversion is not necessary.

(f) The Company has also set aside a special reserve of \$1,500,000 for net death losses incurred but unreported; a Security Fluctuation and General Contingency Fund of \$36,330,383.43; Annual Dividend Equalization Funds of \$2,449,645, and a reserve of \$4,499,281 for Nylie contracts to cover future payments to agents under certain contracts.

2. (a) There is substantially no difference between the cash surrender and paid-up values for tropical and sub-tropical policies and for corresponding insurance under domestic policies. Under tropical policies the term extension values are about one-half and under sub-tropical policies about three-fourths of the term extension under corresponding domestic policies.

(b) The cash surrender, paid-up, and term extension values under policies issued at premiums corresponding to ages higher than the true age are calculated at the higher age.

(c) No policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to lien, have been issued by the Company since 1906. There is substantially no difference between the cash surrender and paid-up values now available under such policies and those available on corresponding insurance in the Standard class.

(d) The cash surrender, paid-up and term extension values on policies issued at, or subsequently subject to, an extra premium are the same as for similar policies where no extra premium is charged.

(e) The cash surrender and paid-up values now available on Intermediate Accumulation Policies and on Adjustable Accumulation Policies without lien do not differ materially from those of similar policies in the Standard class. The term extension values of Intermediate Accumulation Policies are about three-fourths and of Adjustable Accumulation Policies without lien about one-half the term extension of similar policies in the Standard class.

(f) The cash surrender, paid-up and term extension values for policies providing for disability benefits are the same as for corresponding insurance without disability benefits.

3. The average rate of interest earned during the year on the mean ledger assets of the Company as a whole was 4.642 per cent.

4. The distribution of surplus—(a) There are no shareholders. The Company is purely mutual.

(b) Synopsis of Methods of Calculating Dividends.

Contribution Annual Dividend Policies.

The Company's rule of apportionment is in accordance with the principles and methods described in a paper by Rufus W. Weeks, entitled "A Practical Rule for Calculating Annual Dividends", and published in the Transactions of the Actuarial Society of America. On policies completing their first insurance-year in 1918, no dividend was earned or was apportioned by the Company as payable in 1918. On policies completing their second or subsequent insurance-year in 1918, the dividend declared was 100 per cent of the "Normal Renewal Surplus". The "Normal Renewal Surplus" consists of two parts, (1) the year's saving from loading, being the excess of the loading over the expense charge for the year (10-61%), increased by a year's interest, and (2) the year's profit from interest, obtained by applying the excess of the net effective rate of interest for the year (4 2%) over 3 per cent, to the mean reserve.

The Company's experience with Contribution Annual Dividend policies has developed certain minor sources of surplus in addition to the two main sources included in the regular dividends. These minor sources of surplus include economy in acquisition expenses combined with surplus arising from discontinuances and from favourable mortality.

SESSIONAL PAPER No. 8

NEW YORK LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Extra dividends, payable in 1918, were accordingly declared as follows: (a) 10 per cent of the premium at the Domestic Annual Rate on Contribution Annual Dividend Policies, dated 1913, on which five years' premiums have been paid; (b) \$10 per \$1,000 of insurance on Contribution Annual Dividend Policies, dated 1908, remaining in force at the end of the 10th policy year, provided that in any country engaged in war death losses due to war be charged against such extra dividends applicable to policyholders in that country.

(2) *Seven-Year Equalization Policies with Yearly Distribution.**"General" Class Policies.*

The annual dividend declared in 1918 was 85 per cent of the "Normal Renewal Surplus" based on an interest rate of 4.2% and a renewal expense ratio of 10.61%.

"Select" Class Policies.

The annual dividend was that of the "General" Class increased by 15 per cent of the net cost of insurance.

(3) *Five-Year Dividend Policies.*

The dividend declared in 1918 was equal to the annual dividends for each of the five years that would have been declared had the policies been annual dividend policies accumulated with compound interest at 4 per cent and with benefit of survivorship.

(4) *Fifteen-Year and Twenty-Year Deferred Dividend Period Policies.*

The dividends declared in 1918 were the excess of 96.5% of the "Standard Cash Value" of 1918 over the cash value guaranteed in the policy. If the reserve required to be held under the New York State Law exceeded the guaranteed cash value, then that reserve was used instead of the guaranteed cash value.

The tables of "Standard Cash Values" were constructed according to the principles and methods more fully described in a pamphlet published in 1905 and entitled "True Accounting with 'Deferred Dividends'" by Rufus W. Weeks. A model account is constructed of an assumed valuation group consisting of 10,000 policies issued at the same age and on the same plan. By applying the mortality rate and the discontinuance rate for each policy year, the number paying premiums in each year is ascertained. By applying average expense rates for each policy year the effective premiums received in the group are ascertained. The effective premiums accumulated to the end of the period represent the "Credits" of the group. The death losses paid and the surrender allowances paid (the latter based upon average rates of surrender allowance for each policy year) are also accumulated to the end of the period and represent the "Debits". The balance of "credits" over "debits" is divided by the number of survivors, and the share of each survivor, adjusted in the case of policies that may be continued beyond the period for the cost of this option, is the "Standard Cash Value".

Methods of Applying Dividends.

An annual dividend may be at the option of the insured—

(a) taken in cash;

(b) applied toward the payment of any premium or premiums;

(c) applied to the purchase of a participating paid-up addition to the sum insured on the basis of the American Table of Mortality, 3 per cent interest, with a loading equal to the value of an annuity of \$2 per thousand of paid-up addition.

(d) left to accumulate to the credit of the policy with interest at a rate never less than three per cent.

Under Accelerative Endowment policies the insured may elect to apply all dividends to mature the policy as an endowment at a gradually diminishing age of the insured. The dividends are used for this purpose on the basis of the American Table of Mortality and 3 per cent interest.

Deferred Dividends may, at the option of the insured, if the policy so provides, be converted into.

(a) a reduction of subsequent premiums on the basis of the Company's published table of annuity rates.

(b) non-participating paid-up insurance on the basis of the American Table of Mortality and 3 1/2% interest.

The Cash Value of bonus additions is the full reserve on the American Table of Mortality and 3% interest.

Deduction made therefrom (permitted under Section 43 (3), Insurance Act, 1917).....	Nil	Nil	Nil
Full deduction permitted, adjusted for reinsured, being.....			(234,805)
Net reserve carried in the liabilities.....			\$ 14,721,670
Net reserve estimated on the statutory basis (without deduction).....			\$ 14,648,670
Reserve maintained by the Company in excess of the statutory reserve.....			73,000

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities".—

- (1) Policies of the same year of issue, plan and age were grouped for the purpose of valuation. Reserve was computed according to the Institute of Actuaries' Hm. table with interest at 3½%; the valuation age being based on the age at which the premium was charged, excepting in the case of Endowment Policies, which were grouped in five and ten year age groups. The duration was taken as year of valuation less year of issue plus ½ year. Annuities were valued according to the British Offices Annuity table with interest at 3¼%.

Special classes—

- (a) Policies issued at tropical rates were valued by the American Tropical Table with interest at 3%; Policies issued at sub-tropical rates by a table based upon the mean of qx by the Hm. table and the American Tropical table with interest at 3%.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the "rated-up" age.
- (c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being Policies subject to liens, were valued as if the full amount were payable without any deduction.
- (d) An additional reserve was held of one-half the extra premiums paid under policies issued at or subsequently subject to an extra premium payable annually. Policies are not issued with extra premiums payable in one sum.

9 GEORGE V, A. 1919

NORTH AMERICAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

- (e) In a few cases applicants were limited to special plans and on such policies the ordinary reserve is held.
- (f) A reserve of one-half the disability premium is held under Policies providing for disability benefits. No claims have as yet occurred.
- (g) Annuities are not issued on lives classed as under-average.
- (2.) *Items of Special reserve.*—
- (a) No reserve is held for pre-paid loadings under limited and single premium Policies, nor under immediate Annuities.
- (b) An additional reserve on the Hm. $3\frac{1}{2}\%$ basis is held in respect to guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed.
- (c) The full reserve is maintained for a period estimated to average six months after lapsing on account of lapsed policies not continued in force under Automatic Non-forfeiture provisions, but being subject to reinstatement.
- (d) No reserve is held to cover the option of renewal under Term Policies.
- (e) (a) Where a Policy is changed to one on a higher premium plan after five years from original date of issue, consideration is given to difference in reserve, and therefore a special reserve is regarded an unnecessary. (b) No reserve is held to provide for the option of changing at the attained age.
- (f) No other special reserves are held.
2. Tropical and sub-tropical Policies are subject to the same guaranteed values as are granted under Policies issued to persons resident in Canada.
- The guaranteed values under policies issued at a "rated-up" age are those for the age for which the premium is charged. Where an extra premium is charged the regular guaranteed values are granted. In the case of policies subject to a lien the paid-up insurance values and amount for which the insurance may be extended are reduced proportionately, the cash surrender values remaining unchanged. Where premium payments are waived under the Total and Permanent Disability Benefit the guaranteed values increase in the same manner as though the premium has been paid in cash.
3. The average rate of interest earned during the year on the mean net ledger assets was 6.06%.

4. *The distribution of surplus.*—

- (a) Shareholders or Guarantors are not entitled to participate proportionately with Policyholders, but are limited as to dividend rate, Guarantors receiving \$6000. or 10% of Guarantee fund.

(b) *Deferred Dividends.*

The actual surplus paid or apportioned was a determined proportion of the surplus ascertained by deducting the appropriate Reserve from an amount brought out by a Modified Asset Share table. In this table, the rate of interest used was 4.65%; the expense charge for the first year was 20% of the premium plus \$5.00 per \$1,000, also the Statutory First Year Reserve Deduction, which is refunded out of the Mortality Savings; for Policies issued prior to 1900 a slight modification was made; the Renewal Expense charge was $7\frac{1}{2}\%$ of the premiums. Appropriate discontinuance factors were used.

(Additional Mortality Savings are not specifically apportioned but are used as an offset against expenses in excess of the aggregate for which the above factors make provision.)

Quinquennial Dividends.

Similar method as for Deferred Dividends, providing, however, for slightly altered expense incidence. Cash dividends were converted into premium reductions or reversionary bonus additions on the net Hm. $3\frac{1}{2}\%$ basis.

- (c) Annuitants do not share in surplus.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

9 GEORGE V, A. 1919

NORTH BRITISH AND MERCANTILE—*Continued.*

MISCELLANEOUS STATEMENT.

1. *The calculation of the "reserve" in the "Statement of Actuarial Liabilities".*

(1) The Actuarial Liabilities are ascertained by taking the difference between the present value of the Sums Assured, and existing Bonuses, and the present value of the future net premiums, computed from the Tables of Mortality, and at the rate of Interest mentioned below.

Whole Life Policies by premiums payable throughout life, and Endowment Assurance Policies, were valued in groups, the former being grouped according to year of birth, and the latter according to year of maturity.

Policies in the remaining classes and Annuities were valued individually.

The age at which the net valuation premium was taken, is the age at entry at which the Office premium was calculated. The Valuation age was determined by subtracting the year of birth from 1918 and adding half a year to the result, the assumption being that the lives were born on the average on 1st July.

The Tables of Mortality used in the Valuation are:—

First For Assurances, the British Offices Om Tables.

Second For Annuities, the British Offices Life Annuity Tables 1893 with a loading of 3 % for expenses.

The rate of Interest used in the Valuation both for Assurances and Annuities is 3 per cent.

Special Classes:—

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued as if they had been effected at the rated up ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full Sum Assured were payable throughout.

(d) None of the Canadian Policies in force at 31 December 1918 have been issued subject to a fixed extra premium.

(e) Policies are not as a rule issued to substandard lives otherwise than at premiums for ages higher than the true ages. In some exceptional cases the Assured is given the option of a policy at the premium for the true age, such policy being issued subject to a lien by the Company for a fixed term.

(f) None of the Canadian Policies in force at 31 December 1918 provide Disability Benefits.

(g) No Annuities have been issued in Canada on lives classed as Under Average.

(2) Items of Special Reserve:—

(a) The reserve held under limited and single premium policies on account of prepaid or limited loadings is \$11,655.60.

(b) In no case is the guaranteed cash value of a policy in excess of the net premium reserve on the basis of valuation employed.

(c) A full reserve is held on account of lapsed policies which have an option of reinstatement.

(d) No term policies carrying an option of renewal were current on 31 December 1918.

(e) The reserve for the option of conversion under Convertible Term Policies, the premium on the new Policy being that for the age attained at conversion, is, the amount of the premiums received in excess of that for the ordinary term risk.

2. No modifications or limitations are made under the special classes referred to in 1 (1) (a) to (f) above, in respect of Guaranteed Values, except that in the case of Policies issued at premiums corresponding to ages higher than the true ages, the Guaranteed Values allowed are those calculated for the true age.

3. The Accounts of the Life Assurance Branch of the Company's Business for the year will not be completed until the beginning of May 1919 and in the meantime the rate of interest earned cannot be determined.

For the preceding year the rate on the Mean Life Assurance Fund of the Company was 4.851% before deduction of Income Tax.

4. The Distribution of Surplus:—

Life Policyholders paying the Participating rates of premium share in the divisible profits of the Life Assurance Branch as ascertained at the quinquennial valuation, to the extent of nine-tenths, the remaining one-tenth being payable to the shareholders. The respective shares of the profits allocated to the policies are calculated on the Sum Assured, and all previous Bonuses existing at date of Valuation, multiplied in all cases by the number of years the premium has been paid since the last division of profits.

On Paid-up Policies the bonus is allocated in the same way as it would have been allocated if the policies had been renewable by annual premium.

The profits of the Annuity Business belong to the shareholders only.

SESSIONAL PAPER No. 8

THE NORTHERN LIFE OF CANADA—Continued.

MISCELLANEOUS STATEMENT.

1. *The Calculation of the Reserve in the Statement of Actuarial Liabilities.*

(1) Policy Contracts are valued individually, being listed in order of Policy Numbers, by plan and year of issue. The valuation schedules show the terminal reserves preceding and following the valuation date as well as the net premiums and death strains. This permits of the balancing of each page and ensures the accuracy of the valuation. The mean reserves are deducted for individual plans only, and for the whole business from the totals of the above mentioned items.

The age at entry is the age nearest birthday and the duration in each case is $N + \frac{1}{2}$, where N is the difference between the calendar years of issue and valuation.

The Annuity Contracts are valued individually.

The Insurance Contracts were valued by the O (m) 5 Table of Mortality with $3\frac{1}{2}$ per cent interest and the Annuity Contracts by the British Officers Select Annuity Tables with $3\frac{1}{2}$ per cent interest.

Special Classes—

(a) The Company has not issued policies on lives resident in tropical or subtropical countries.

(b) The Company does not issue policies at premiums corresponding to ages higher than the true ages.

(c) Policies providing for the payment at death during certain periods of amounts less than the full amounts of insurance (being policies subject to liens) are valued as ordinary policies without such restrictions.

(d) Policies with extra premiums, either single or annual, are valued as ordinary policies without such charges.

(e) In dealing with sub-standard lives the Company uses no method other than to charge an extra premium or place a lien on the policy. Such cases are valued as in (c) and (d) preceding.

(f) Policies issued with the Disability Benefit (Premium Waiver) are valued as ordinary policies without the benefit, but 75 per cent of the extra premiums received in respect of the benefit is held as a special reserve.

There are no policies under which the disability benefit has been claimed.

(g) No annuities have been issued to under average lives.

(2) Items of Special Reserve—

(a) No reserve is held under limited or single premium policies on account of prepaid or limited loadings and no additional reserve is made under immediate annuities to cover future expenses.

(b) Where surrender values are guaranteed in excess of the reserve on the valuation basis the amount of the excess is treated as a pure endowment and valued accordingly.

(c) No reserve is held in respect of lapsed policies which have no surrender value but are subject to revival.

(d) No reserve is held to cover option of renewal under term policies.

(e) No reserve is held to cover option of converting policies on any basis into others with higher premium rates.

(f) Policies carrying guaranteed interest payments have additional reserves attached equal to the amount of the outstanding interest payments.

2. The special class policies referred to in 1 (1) (d), namely, policies issued at or subsequently subject to an extra premium are not entitled to the extended term insurance privilege, while subject to such extra charge.

3. The average rate of interest earned during the year on the mean Net Ledger Assets was 6.16 per cent.

4. Distribution of Surplus—

(a) In dividing the surplus between the shareholders and policyholders the shareholders are given 10 per cent of the surplus arising from participating policies and all surplus arising from non-participating policies.

(b) The dividends paid in 1918 were determined on the basis of the loadings only, from which deductions were made for expenses. These deductions were such that 6 $\frac{1}{2}$ per cent of the premium was returned in the case of life policies and 5 per cent in the case of endowments. Where dividends were applied to reduce future premiums the amount of the reduction was computed by using the net annuity value on the O (m) 5 3 $\frac{1}{2}$ per cent basis.

Where dividends were applied to purchase a reversionary bonus addition, the single premium used was that for attained age on the O (m) 5 3 $\frac{1}{2}$ per cent basis loaded 5 per cent.

No dividends were applied to shorten the premium paying term or reduce the endowment period.

As yet no surplus has yet been apportioned to deferred dividend policies issued after 1 January, 1911.

(c) The Company issues non-participating annuities only.

DEFERRED DIVIDEND POLICIES.

Reserve on reinsured..... \$ 89,256

Net reserve..... \$ 2,613,125

MISCELLANEOUS STATEMENT.

1. The Calculation of the "reserve" in the "Statement of Actuarial Liabilities"—

(1) The reserves were calculated on a true net premium method except in a few minor classes where a proportion or accumulation of the premiums paid has been reserved. Policies were grouped according to class and subdivided according to valuation age. The age at entry for the purpose of calculating the net premiums was taken either as the nearest age at entry or the age next birthday at entry. The valuation age was taken as follows:—

For Whole Life Assurances and Annuities.—The nearest age at the date of valuation.

For Endowment Assurances.—The mean valuation age according to Lidstone's Method.

Tables of Mortality and Rates of Interest used:—

British Empire Fund:

For Assurances.—British Offices O^m (5) Table at 3 per cent.

For Annuities.—British Offices O^a Table at 3 per cent.

Company's Life Fund:

For Assurances.—British Offices O^m Table at 3 per cent.

For Annuities.—British Offices O^a Table at 3 per cent.

(a), (b), (d), (e) Policies issued at or subsequently made subject to an extra premium were treated as follows:—

Defective health or family history:

British Empire Fund.—An extra reserve was made of one half year's extra premium.

Company's Life Fund.—Valued at rated up age except in case of Endowment Assurances where one half year's extra premium was reserved.

SESSIONAL PAPER No. 8

PHOENIX ASSURANCE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

(c) Policies subject to lien were valued for the full sum assured at the true age.
 (f) A reserve has been made of the total of the additional premiums paid under policies providing disability benefits.

(g) No Annuities classed as under average.

(2) *Items of special reserve—*

(a) Additional Reserves made under limited payment life policies on account of prepaid loadings are shown in Statement of Actuarial Liabilities.

(b) There are no guarantees in the policies exceeding in value the net premium reserve.

(c) There are very few lapsed policies subject to reinstatement and no reserve is maintained therefor in excess of the cash surrender values.

(d) There are no renewable term policies in force.

(e) In the case of Term Policies issued with option of conversion as at age attained at date of conversion inclusive reserves were made of varying percentages of the premiums paid. Options of conversion as at original age of entry are not given.

3. The average rate of interest earned by the whole of the Life Funds of the Company at home and abroad during 1918 was, after deduction of Income Tax, 3.87 per cent.

4. (a) Divisible Surplus is distributed as follows:—

British Empire Fund.—All to participating policyholders.

Company's Life Fund.—

Participating Branch.—All to policyholders.

Non-Participating Branch.—All to shareholders.

(b) The divisible surplus represents the value on the valuation basis of reversionary bonus additions to participating policies at the rates declared. Such reversionary bonus additions are at present being commuted as follows:—

Immediate cash payment..... } On basis of Carlisle Mortality Table at 6 per cent
 Reduction of future premiums..... } interest.

(c) Annuitants do not participate in profits.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

SESSIONAL PAPER No. 8

PHOENIX ASSURANCE—Continued.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1918.

LIFE DEPARTMENT.

During the year, 2,002 Life policies were issued, assuring £1,698,935 with new premiums of £81,453. Re-assurances were effected with other companies for £278,517 at premiums of £9,457. The net new assurances were thus £1,420,418 and the net new premium income £71,996, including £5,417 of single premiums.

Ninety-six immediate annuities were granted for £3,616 per annum, the consideration money received being £34,481. Twelve deferred annuities for £67 per annum at premiums of £296 were also granted.

Claims for the aggregate sum of £562,893 arose by the death of 677 persons assured under 799 policies. This included £62,565 due to the War, but notwithstanding this exceptional strain upon the funds the total amount paid was within the normal expectation. A further sum of £165,207 was paid in respect of endowment assurances matured. Forty-nine annuitants in receipt of £4,037 per annum, died during the year.

The income of this department for the year was £1,215,247 and the outgoings were £984,583. The Life Assurance funds at the close of the year stood at £11,146,886. The average rate of interest was £3 17s. 4d. per cent after deduction of income-tax.

PROFIT AND LOSS ACCOUNT.

By the operations of the year there has been passed to Profit and Loss from the Fire, Accident and Marine Accounts a gross profit of £655,999, but the provision of £481,440 for Income Tax, Excess Profits Duty and other Taxes has reduced this to £174,559. Interest amounted to £170,625.

After payment of dividends (inclusive of an interim dividend in November last of 4s. 6d. per share) and the interest on Debenture Stock, together amounting to £192,107, the Directors have transferred £25,000 to Office Premises Account and £42,950 to Accident Department Additional Reserve Fund.

Hitherto it has been the practice of the Directors to pay an interim dividend in November out of the unascertained Profits of the current year, the final dividend for the year being paid in the following May after the Accounts have been completed.

The Directors consider that the time has now come when the anticipation of Profits by payment of an interim dividend should be discontinued and the whole of the dividend distributed during the calendar year should be declared at the Ordinary General Meeting out of the Profits of the Preceding year, thus keeping intact the Profits of each year until the Accounts have been made up. They therefore recommend that in respect of the year 1918 a further dividend of 11s. per share be declared, to be payable in two instalments of 5s. 6d. each on 1st May and 1st November next, to members on the register on the 30th April and 31st October respectively. This compares with a total payment in 1918 of 10s. per share. All dividends are subject to deduction of income tax.

By this re-arrangement of method an additional charge of £82,853 is thrown on the Profits of 1918 inasmuch as three half-years' dividends instead of two are provided for out of the Profits of this particular year. The sum necessary to cover this additional charge is therefore included in the balance of Profit and Loss carried to the credit of the next year's Account, amounting to £348,305.

Net reserve estimated on the statutory basis.....			8,218,284 29
Reserve maintained by the Company in excess of the statutory reserve (estimated).....			200,277 00

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) In computing the reserve in the "Statement of Actuarial Liabilities" the full net level-premium system of valuation has been used throughout, tables of mortality and interest bases being listed below.

Assurance policies and annuities were valued in groups.

Ages at entry under Ordinary Assurance policies were taken according to the age nearest birthday, and under Industrial Assurance policies according to the age next birthday. To determine the duration the policies were grouped according to calendar years of issue, the duration being taken as the difference between the valuation year and the year of issue increased by 0.5, it being assumed in the case of Ordinary policies under which the premium-paying periods have not already expired that premium payments had been made to the end of the policy year terminating in 1919.

Industrial Paid-up Policies were grouped according to ages attained nearest birthday (age at entry plus duration) on June 30th of the year of valuation, Paid-up Term and Paid-up Endowment policies being grouped according to calendar years of expiry and maturity, respectively, it being assumed that all such policies expiring or maturing in any given calendar year would, on the average, expire or mature on June 30th of that year, the reserve being calculated accordingly.

Ordinary Paid-up policies were grouped according to the "valuation" year of birth; that is, the year of issue of the original policy minus the rated age at entry. With this as a basis reserves were calculated based upon the attained age at the end of the year of valuation, it being assumed under Paid-up Term and Paid-up Endowment policies which were grouped according to calendar years of expiry and maturity, respectively, that the policies would, on the average, expire or mature on June 30th of the year of termination.

Basis of valuation.

The reserves on Ordinary business have been computed as follows:—

American Experience Table of Mortality with $3\frac{1}{2}\%$ interest on policies issued prior to January 1st, 1901.

American Experience Table of Mortality with 3% interest on policies issued after December 31st, 1900, prior to August 1st, 1907.

American Experience Table of Mortality with $3\frac{1}{2}\%$ interest on policies (excluding Intermediate policies and policies with Intermediate and Hazardous rating) issued after July 31st, 1907.

New York Standard Intermediate Table of Mortality with $3\frac{1}{2}\%$ interest on Intermediate policies and policies with Intermediate and Hazardous rating issued from August 1st, 1907, to June 14th, 1916 inclusive.

*The Supplementary contracts not involving life contingencies include, in addition to Ordinary insurance payable in instalments, insurance held in trust on account of which there are no annual payments, and also Industrial insurance payable in weekly instalments over a period of 13 weeks and of 26 weeks. Accordingly no entry is made in the "Annual Payment" column.

THE PRUDENTIAL—Continued.

MISCELLANEOUS STATEMENT—Continued.

"1912" Intermediate Table of Mortality with $3\frac{1}{2}\%$ interest on Intermediate policies and policies with Hazardous rating issued after June 14th, 1916.

Hunter's Disability Tables with $3\frac{1}{2}\%$ interest on Disability provision and on Annuities on disabled lives resulting from Disability Claims.

McClintock's Tables with $3\frac{1}{2}\%$ interest on original Annuities issued after December 31st, 1906.

The reserves on Industrial business have been computed as follows:—

American Experience Table of Mortality with $3\frac{1}{2}\%$ interest on policies issued prior to January 1st, 1901.

American Experience Table of Mortality with 3% interest on policies issued after December 31st, 1900, but prior to January 1st, 1907.

New York Standard Industrial Experience Table of Mortality with $3\frac{1}{2}\%$ interest on policies issued after December 31st, 1906.

Special Classes.

(b) Policies issued at premiums corresponding to ages higher than the true ages have been valued according to the higher age.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance are valued for the full amount at all stages.

(d) (1) The Company has no single premium policies with extra ratings in force on the lives of the residents of Canada.

(2) Where extra premiums are charged to cover extra hazards under annual premium policies, the extra hazard covered by the extra premium has been considered yearly term insurance for the extra hazard, and an additional reserve has been held accordingly, the reserve held being equal to one-half of the annual extra premiums so charged.

(e) Policies have not been issued on sub-standard lives other than as noted in (b), (c) or (d).

(f) (1) The valuation of the disability benefits has been carried out according to the net level premium method on the basis of Hunter's Disability Tables with interest at the rate of $3\frac{1}{2}\%$ per annum. As no extra premium is charged for the disability benefits, it is assumed that a sufficient portion of the regular gross premium is set aside to cover the net annual premium cost of the disability benefits. The net premiums for disability benefits are assumed to be payable during the same period as the actual premium payments under the policy; they cease upon the occurrence of disability prior to age 60, but are payable during any period of disability beginning after age 60 if within the regular premium payment period of the policy. With certain exceptions noted below, the disability benefits consist of waiver of premiums and payment of amount of insurance in instalments in event of disability prior to age 60; if disability occurs subsequent to age 60, the benefit consists of waiver of premiums with reduction of the amount of insurance by the amount of each gross premium waived. These benefits have been provided for in Ordinary policies issued since January 1, 1916, and the same benefits have been made retroactive to apply to Ordinary policies issued prior to that date, in respect to disability occurring in 1916 or thereafter. In the case of policies issued prior to 1916, it has been assumed in valuation that the disability provisions became effective on the policy anniversary in 1916.

NOTE.—In the case of Intermediate policies and Special rating policies, the benefit consists only of the waiver of premiums upon the occurrence of disability prior to age 60. Term policies, policies with the Medium or Hazardous rating, policies on the lives of women, joint policies covering more than two lives, and policies with extra premium charge (not including Special rating policies) are not entitled to any form of disability benefit.

In figuring the reserve for the waiver of premium benefit, it is assumed that the amount of premium waived is the net annual premium in the case of policies issued on and after August 1, 1907, and 90% of the gross annual premium in the case of policies issued prior to August 1, 1907.

(2) After disability has occurred prior to age 60 and the insurance is being paid in instalments, the reserve held consists of the present value of an annuity-certain for the amount of the unpaid instalments. An additional reserve is held in case the policy provides for pure endowment addition, for increase in the amount of insurance or for continuous instalment payments to insured or beneficiary. If the benefit consists only of waiver of premiums, the reserve held on account of disability benefit is equivalent to the present value of premiums to be waived thereafter. This is in addition to the regular reserve on the policy.

After disability has occurred subsequent to age 60, the reserve held on account of disability benefit is equivalent to the present value of interest losses on gross premiums to be waived thereafter. This is in addition to the regular reserve on the amount of insurance as reduced by the premium already waived. In cases where the point may eventually be reached when the total premiums already waived and charged against the policy will exceed the amount of insurance, it is assumed that premiums payable thereafter will be lost entirely, and the present value of such premiums is included in the reserve held on account of the disability benefit.

NOTE.—After disability has occurred, the present value of premiums to be waived is calculated on the basis of the net premiums in the case of policies issued on and after August 1st, 1907 and non-participating policies issued prior to that date, and on the basis of 90% of the gross premiums in the case of participating policies issued prior to August 1st, 1907.

(g) The Prudential does not issue Annuities on lives classed as under average.

(2) Items of special reserve.

(a) No reserve is held under Limited and Single Premium policies on account of prepaid or Limited loadings, nor is any additional reserve held under immediate Annuities to cover future expenses. Reserves are on the net premium basis throughout.

(b) The Company does not grant any guaranteed benefits which exceed in value the net premium reserve on the basis of the valuation employed except in certain cases of group insurance the gross premiums under which are based on the Medico-Actuarial table of Mortality. As the reserve is held on the American Experience basis an appropriate reserve is held to cover those cases where the rates charged are less than the net rates according to the American Experience table.

SESSIONAL PAPER No. 8

THE PRUDENTIAL—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Special classes—Concluded.

- (c) The Company does not hold any special reserve under policies lapsed subject to reinstatement.
 - (d) Term policies do not contain the option of renewal.
 - (e) No extra reserve is held to cover the option of conversion, either at the original age at entry or at the attained age, under any of our policies containing such options of conversion.
 - (f) (1) It was decided by the Board of Directors in December, 1918, in the case of death claims occurring during the year 1919 under Industrial policies in force twenty years or more on the lives of negroes, that the same death benefit will be paid as that paid in the case of similar policies on the lives of white persons. This concession was in the nature of a one-year concession, and accordingly the regular valuation reserve on the policies involved was computed according to the contractual benefits, and in addition a reserve was held representing the net single premium value, based on the valuation table of mortality and interest rate of the extra insurance risk for one year.
 - (2) All Industrial Whole Life policies under which the insured have fully attained 75 years of age have been made by concession paid-up for the full amount of insurance and have been valued accordingly. Furthermore, the Board of Directors in December, 1918, resolved that all Industrial Whole Life policies under which the insured may attain age 75 during 1919 be made, as of December 31st, 1918, Limited Payment policies with premiums ceasing upon the attainment of age 75. The necessary extra reserve has been included in the reserve liability to cover the increase of the Limited Payment Life reserve over the regular Whole Life reserve on the policies subject to this concession.
2. *Modifications and limitations in the guaranteed values in special classes policies referred to in (1) above.*
- (b) Guaranteed values granted according to the higher age.
 - (c) Regular values.
 - (d) (1) and (2) Regular Values.
 - (e) Prior to 1907 some policies were issued subject to the provision that dividends would be granted based on the experience of that particular class of policies. No extra premiums were charged but the Paid-up and Automatic Extended Insurance values were calculated according to the mortality experienced on that class of policies.
 - (f) The Disability provisions contained in policies have no effect upon the Guaranteed Value.
3. The average rate of interest earned during 1918 on the mean net ledger assets was 4.60%.
4. *The distribution of surplus—*
- (a) All the surplus earnings since April 4th, 1915, accrue to policyholders except for a sum not exceeding ten per cent per annum on the capital stock. All of the capital stock except 5.51% is held by the trustee for the policyholders, and all dividends on capital stock except the above proportion of 5.51% are returned to policyholders.
 - (b) The methods by which dividends to policyholders have been computed are set forth on the printed slips attached. Paid-up additions are calculated on the basis of net American Experience 3½% single premiums, except for policies issued as participating prior to August, 1907, where the Combined 4% (issues prior to 1901) and American 3% tables are used, net single premiums being adopted in the case of ten, fifteen or twenty-year deferred dividends and single premiums including a small loading being used for other dividends.
- When premiums are paid in advance or reduced for a term of years by the application of dividends, interest only enters into the calculation as in event of death of the insured, advance payments are added to the amount of claim.
- (c) No dividends have been declared on annuities.

Annual dividends.

For each kind of policy a calculation is made to ascertain the annual and accumulated earnings in accordance with the Company's experience. For this purpose the sums insured in force at the beginning of the calendar year are subdivided into groups according to year of issue and kind of policy, and the corresponding reserves and accrued surplus of each group are tabulated. Estimates are then made of the expected income from premiums and interest, and the outgo for claims, surrenders, dividends and first-year and renewal expenses, and the estimated total of each of these items is compared with the actual figures, and a ratio derived for correction of the estimate. The estimated reserves at the end of the year, similarly corrected to agree in the aggregate with the actual reserves, are deducted from the funds at the end of the year obtaining by adding income to the funds at the beginning of the year and deducting outgo. The surplus so obtained in each group is divided by the estimated sums insured in force at the end of the year, also corrected to agree in the aggregate with the actual total, the accumulated surplus per \$1,000 for each year of duration and kind being thus obtained, and by comparison with the corresponding figures for the beginning of the year, the earnings of the year are ascertained.

The surplus so determined represents the earnings at the effective age for the group in question. Calculations are then made of a hypothetical group of 1,000 policies for \$1,000 each, for each of the entry ages 20, 30, 40, 50 and 60, showing the progress of the fund formed by taking account of income and outgo, and the resulting surplus. Rates of interest, mortality, surrender and expense are derived from the Company's experience, and the available dividends so disclosed are made to correspond at the effective age for each group with those obtained as described above. Dividends for intermediate ages are derived by interpolation.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) Whole Life Assurances by continuous and limited premiums and ordinary Endowment Assurances were valued in groups. The remaining assurances and the annuities were valued individually.

Whole Life Assurances were grouped according to the ages attained at the date of the valuation. The

SESSIONAL PAPER No. 8

THE ROYAL—Continued.

MISCELLANEOUS STATEMENT—Concluded.¹

Endowment Assurances were grouped according to the nearest 31st December to the date of maturity.

For all assurances and annuities the age at entry for valuation purposes was taken as the nearest age at entry. This differs from the age used in fixing the premium or consideration in the contracts, which is the following integral of half year of age in the case of assurances and the last integral or half year of age in the case of annuities.

For classes other than Ordinary Endowment Assurances the age attained used for valuation purposes was obtained by adding the nearest integral duration to the nearest age at entry.

In the case of Ordinary Endowment Assurances the average Maturity Age was obtained by Lidstone's Z method for the policies maturing in each year reckoning from the 1st July to the following 30th June. The valuation age attained was then derived by deducting the nearest integral duration outstanding at the date of the valuation from the Average Maturity Age.

All classes of assurances were valued by the OM (5) table of mortality, with interest at $3\frac{1}{2}$ per cent; the OM (5) $3\frac{1}{2}$ per cent net premiums being taken credit for in valuation.

Only Deferred Annuities are included in the valuation and these were valued on a compound interest basis up to the ages at which the annuities commence and afterwards by the O (af) Table, with interest at $3\frac{1}{2}$ per cent throughout.

No tables of disability have been used in the valuation.

(1) *Special Classes.*

- (a) Only one policy on a life resident in a tropical country is included in the valuation. The extra premium is payable annually and the additional reserve of one year's extra premium has been made.
- (b) Policies issued at premiums corresponding to ages higher than the true ages have been treated in the valuation as if the rated up age were the true age at entry.
- (c) This company does not issue policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to liens.
- (d) In the case of policies subject to yearly extra premiums an additional reserve of one year's extra premium has been made. There are no policies where the future extra premiums have been commuted by a single payment.
- (e) There are no policies on substandard lives, otherwise than those dealt with above, included in the valuation.
- (f) Disability benefit. In consideration of an extra premium ceasing at age 60, the company waives payment of the premiums should the assured become wholly and permanently disabled before attaining the age of 60 and after payment of at least one full annual premium. In respect of policies included in the valuation providing for disability benefits the whole of the additional premiums received has been reserved. There are no cases where disability has occurred.
- (g) There are no annuities issued to lives classed as under-average included in the valuation.

(2) *Items of Special Reserve.*

- (a) The reserve held under limited and single premium policies on account of prepaid or limited loadings amounts to \$55,000. There are no immediate annuities included in the valuation.
 - (b) There are no guaranteed benefits exceeding in value the net premium reserve on the basis of valuation employed.
 - (c) No special reserve is made in the valuation in respect of lapsed policies not continued in force under nonforfeiture provisions.
 - (d) Ordinary term policies do not carry the option of renewal.
 - (e) The special reserve included in the valuation to cover the option of conversion during or at the end of a fixed term into higher premium policies amounts to \$2,670. At the option of the assured the premium on the new policy may be fixed either (a) as at the original date of entry, on payment of the difference of premiums with interest, or (b) as at the age attained at date of conversion.
 - (f) A special reserve of \$3,000 under policies suspended in lieu of payment of war extra has been made in the valuation.
2. The special-class policies referred to in 1. (1) (a), (d) and (f) are entitled to the ordinary surrender values and paid-up assurances. The policies referred to in 1. (1) (b) are entitled to surrender values and paid-up assurances calculated as if the rated-up age were the true age at entry.
 3. The average rate of interest earned during the year (after deduction of interest income tax) on the mean Life Assurance Fund of the Company as a whole was approximately 3.94 per cent.
 4. *The Distribution of Surplus.*
 - (a) At each of the Quinquennial Valuations 1875 to 1890 inclusive the shareholders received 25 per cent and the policyholders 75 per cent of the divisible surplus. Since 1890 the proportion allocated to policyholders has been increased on each succeeding distribution and at the last distribution in 1915 was 88.1 per cent.
 - (b) The principles upon which the profit or surplus is distributed consist in treating the policies privileged to participate as being entitled to reversionary additions regulated by the amounts assured and the number of premiums paid for which no previous apportionment has been made. These principles are carried into effect by finding in accordance with the table of Mortality and the rate of interest assumed in estimating the company's Life Assurance Liabilities, namely, the British Office Life Tables OM and OM (5) at 3 per cent, the uniform annual rate of addition to the sums assured which the available surplus will admit of. The Reversionary Bonuses to be allotted are directly ascertained by this process; and the Cash Bonuses, Reductions of Premium, and Deferred Contingent Bonuses allowed in other cases, are derived from the Reversionary Bonuses by the OM Table of Mortality at 4 per cent. No variation in the method is made for tropical and sub-tropical policies.
 - (c) The company does not grant dividends to annuitants.

9 GEORGE V, A. 1919

The Royal—Continued.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1918.

LIFE DEPARTMENT.

In the Assurance Branch 2,605 new policies were issued for £1,717,536, yielding in Annual Premiums £76,203, and in Single Premiums £11,916. The sum of £120,000 was reassured at premiums of £8,229. The total Premiums, after deducting Reassurances, amounted to £906,946 17s. 9d., and Interest, less Income Tax, to £443,951 15s. 7d. The Claims for the year, including Bonus additions were £359,092 0s. 10d.

In the Annuity Branch the Purchase-money and Premiums amounted to £62,621 14s. 11d., and the Interest, less Income Tax, to £32,476 9s. 3d. Seventy-two Annuities, representing annual payments of £3,726 10s. 0d., expired during the year.

After charging all Outgoings, including Commission and Expenses of Management, a balance of £357,683 16s. 1d. has been added to the Life and Annuity Funds, increasing them to £12,689,140 17s. 5d.

*Includes disability reserve, \$531.

SESSIONAL PAPER No. 8

THE SASKATCHEWAN LIFE—*Concluded.*

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1). General Principles:—Policies of the same plan and same year of issue were grouped as to age at issue for purposes of valuation. Age at entry for valuation purpose is the same as age used in calculating premiums, being age nearest birthday. Prepared tables of mid-year policy values on the Om (5) $3\frac{1}{2}\%$ basis were used. No life annuities were issued.

Special Classes—

- (a) No tropical or sub-tropical business has been transacted.
 - (b) No policies have been issued at premiums corresponding to ages higher than the true one.
 - (c) In the valuation of policies any liens were ignored.
 - (d) No policies subject to extra premiums have been issued.
 - (e) Any policies issued as substandard were valued as standard.
 - (f) Before disability, disability benefits providing for waiver of premium and payment in instalments were valued at 35c. per \$1,000. Disability benefits providing for monthly income during disability with no reduction of the Insurance were valued by an average reserve (75c. per \$1,000) based on "Hunter's Disability Tables."
 - (g) No annuities have been issued.
- (2). Items of Special Reserve.
- (a) No reserve on account of prepaid or limited loadings is held.
 - (b) Guaranteed cash values in excess of the net premium reserve on the basis of valuation employed were valued as pure Endowments, the additional reserve so found being added to the ordinary reserve.
 - (c) No reserve is held on lapsed policies to cover the option of reinstatement.
 - (d) No reserve is held to cover the option of renewal under term policies.
 - (e) No reserve is held to cover the option of conversion under term policies, either at (a) Original age of Entry or (b) as at age attained.
 - (f) No other special reserves are held.

2. No modifications or limitations as to guaranteed values are made under policies in special classes
1 (1) (a) to (f).

3. The average rate of interest earned during the year on the mean net ledger assets was 6.14%.

4. No surplus has yet been distributed.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1). Policies of the same plan and same year of issue were grouped as to age at entry for valuation. There were no annuities. The valuation was made from Tables of mid-year policy values prepared by the Net Premium Method. Annual dividends were valued Om (5) 3%; all other Om (5) 3½%. The age for valuation purposes was taken at age next birthday at issue and the duration $n + \frac{1}{2}$ where n is the curtate duration.

Special classes—

- (a) There were no policies in force on lives resident in tropical or subtropical countries.
- (b) Policies issued at premiums corresponding to ages higher than the true age were valued at the higher ages.
- (c) In the valuation of policies subject to liens, the liens were disregarded.
- (d) Extra premiums are charged for occupational hazards only and are payable annually. Extra is disregarded in valuation.
- (e) No policies were issued on substandard lives except as described in (b) and (c).
- (f) Before occurrence of disability, an extra reserve of one half of the gross annual extra premium is set aside. No disability has yet arisen.
- (g) There were no annuities.

(2). Items of special reserve.

- (a) No reserve is held under limited and single premium policies on account of prepaid or limited loadings.

*Policies with premiums less than 1.025 Om (5) 3½% net premiums.

SESSIONAL PAPER No. 8

LA SAUVEGARDE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Items of special reserve—Concluded.

(b) An additional reserve is held to provide for guaranteed benefits in excess of the net premium reserve on the basis of valuation employed.

(c) No reserve was maintained to cover the option of reinstatement under lapsed policies not continued in force under automatic nonforfeiture provisions nor having surrender values.

(d) No renewable term policies were issued.

(e) No reserve was maintained to cover the option of conversion into higher premium plans.

2. No modification or limitation is made under the special class of policies referred to in 1 (1) (a) to (f) in respect of cash surrender values, paid-up insurance, extended term or automatic extended term insurance.

3. The average rate of interest earned during the year on the mean net ledger assets was 4.68%.

4. Distribution of Surplus.

(a) Ten per cent of the surplus earned is assigned to the shareholders, the remainder to policyholders.

(b) Annual dividends were equal to 60 per cent of excess of office premium over net premium on Om (5) 3 per cent basis. Deferred dividends were equal to the pure endowment which the excess of the office premium over the office non-participating premium would purchase. The pure endowment rate used in the calculation was the Om (5) 3½ per cent net rate with 12½ per cent loading.

Grand totals.....	21	54,870 39	42,938 60

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the statement of "Actuarial Liabilities."

(1) The liability under the policy contracts is represented by the difference between the present value of the Society's obligations and the present value of the future net premiums to be received by the Society. The policies (which are all whole of life assurances—either with premiums payable throughout life or fully paid up) have been valued in groups arranged according to the year of birth. The age at valuation of each group is equivalent to the office age next birthday. The premiums valued are the net Om 3 per cent premiums corresponding to the office age next birthday at entry, adjusted to increase to 10 per cent the difference between the office premium and the net premium in the case of Without Profit policies and of policies effected under the minimum premium system.

The Mortality Tables used in the valuation are the British Office Om (5) Tables, 1893. The rate of interest assumed in the calculations is 3 per cent.

(b) Policies issued at premiums corresponding to ages higher than the true ages have been valued as if the policy had been effected at the age corresponding to the premium payable.

(c) (d) (e) and (f) There are no policies such as are described under these headings

(2) (a) In respect of limited and single premium policies, there was reserved the estimated equivalent of the value of the loading under a policy with premiums payable throughout life.

(b) (c) (d) (e) None of the policies include benefits or options such as are referred to under these headings.

(f) Provision is made for the extra liability in respect of claims being due immediately on proof of death and title.

2. There are no tropical or sub-tropical policies.

3. The average rate of interest earned during the year (in respect to the whole business of the Society) was about 5 per cent but has not yet been exactly ascertained.

4. (a) There are no shareholders and the profits belong exclusively to the participating policy-holders.

(b) The profits are ascertained quinquennially and are allocated in the form of a compound reversionary bonus. The bases of valuation from which the profits are ascertained are as stated above.

(c) There are no annuities.

SUMMARY OF RESERVE.

Total reserve, policy and annuity contracts.....	\$ 122,744
Total reserve on reinsured contracts.....	8,463
Total net reserve on the Company's basis of valuation (statutory).....	\$ 114,281
Deduction made therefrom (being the full deduction permitted under Section 43 (3), Insurance Act, 1917).....	8,030
Net reserve carried in the liabilities	\$ 106,251

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities":—

(1) The policies were valued individually according to the Om (5) Table of Mortality, with interest at $3\frac{1}{2}$ p.c.; the valuation age was the same as the age used in fixing the premiums being generally age next birthday at entry, duration $n+\frac{1}{2}$ where n is the curate duration. There are no annuities.

Special Classes—

(a) No policies have been issued to residents of tropical or sub-tropical countries.
 (b) Policies issued at premiums corresponding to ages higher than the true ages have been valued at the rated up ages.

(c) In the valuation of policies subject to liens, the liens have been disregarded.

(d) No policies have been issued at a fixed extra premium.

(e) No policies have extra reserve other than in (b).

(f) No additional reserve is carried for disability benefits.

(g) No annuities.

(2) Items of Special reserve—

(a) No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

(b) In all cases when the guaranteed benefit exceeds the Om (5) $3\frac{1}{2}$ p.c. reserve, the excess guarantee is valued as a pure endowment on the same basis and added to the ordinary reserve on the policy.

(c) No reserve in excess of the cash surrender value is held on account of lapsed policies not continuing in force under automatic non-forfeiture provisions, but subject to re-instatement.

(d) No renewable term policies issued.

(e) No special reserve is maintained to cover the option of conversion into higher premium plans.

(f) No other items of special reserve.

2. See I (a).

3. Average rate of interest on the mean net ledger assets was 5.06 per cent.

4. The Company has only non-participating policies on its books and issues only non-participating policies.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities"—

(1) Actuarial reserves were calculated according to the net premium method on the Om. (5) Table, with interest at 3 per cent for participating, and 3½ per cent for non-participating assurances. Policies issued in the same year and on the same plan were grouped as to age for valuation purposes. The mean duration was used, all policies issued in any calendar year being assumed to date from the middle of such year. The age for valuation purposes was the age at entry as determined by the premium charged at issue of the policy. There were no annuities.

Special Classes.

- (a) There were no assurances on lives resident in tropical or subtropical countries.
 (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the rated-up ages.
 (c) Policies subject to liens were valued as if providing for payment of the full sum assured at death.
 (d) No additional reserve was assigned to policies subject to extra premiums, whether payable annually or in one sum.

(e) Policies otherwise issued to substandard lives are not assigned any additional reserve.

(f) An additional reserve is carried for policies providing for disability benefits, as follows:—

(1) Before occurrence of disability, an extra reserve equal to the total cash income for the year from extra disability premiums.

(2) After occurrence of disability, the policy, if payable by instalments, is valued as an annuity-certain at 3½ per cent; where premiums are waived, the policy is valued as a paid-up assurance at 3 per cent or 3½ per cent according as it is participating or non-participating.

9 GEORGE V, A. 1919

THE SOVEREIGN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(2) *Items of Special Reserve—*

(a) No additional reserve is held under single or limited annual premium policies on account of prepaid or limited loadings.

(b) Guaranteed benefits exceeding in value the net premium reserve on the valuation basis employed are assigned an additional reserve for the amount of such excess, valued as a pure endowment.

(c) No special reserve is held as against the option of re-instatement under lapsed policies not subject to the automatic non-forfeiture privilege.

(d) No special reserve is held as against the option of renewal under term policies.

(e) No special reserve is held as against the option of conversion to higher premium plans.

2. No modifications or limitations are made under the special class policies referred to in 1 (1) (a) to (f) in respect of guaranteed values.

3. The average rate of interest earned during the year on the mean net ledger assets was 6.34 per cent.

4. *The Distribution of Surplus—*

(a) Shareholders are entitled to the entire profits arising from non-participating policies, and to one-tenth of the profits arising from participating policies—policyholders being entitled to the remaining nine-tenths. Heretofore, no portion of the profits derived from any class of policies has actually been assigned to shareholders.

(b) Annual Dividends are computed upon the basis of an interest surplus of 1½ per cent of the initial reserve; a mortality surplus of 20 per cent of the cost of insurance to age 35, decreasing 0.5 per cent for each year of age to age 45, thereafter decreasing 1 per cent for each attained age; and a surplus from loading of 15 per cent of the excess of the office premium over the net premium. (In the case of certain annual dividend policies which were issued at premiums lower than the regular scale, an adjustment in the dividend is made on account of the deficiency in loading).

Quinquennial Dividends are allotted on the same basis as annual dividends, the separate annual dividends being accumulated to the end of the quinquennium at 4½ per cent interest.

Deferred Dividends are allotted on the same basis as annual dividends, the separate annual dividends being accumulated to the end of the deferred term at 4½ per cent interest and with benefit of survivorship equal to one-half of the regular tabular rates.

The Om (5) 3 per cent Table is the basis uniformly employed in all primary dividend calculations. Cash dividends are converted into premium reductions, reversionary bonus additions, reductions of premium term or of endowment term, and bonus additions are converted into cash surrender values, by the Om (5) 3½ per cent table.

SESSIONAL PAPER No. 8

THE STANDARD LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "reserve" in the "Statement of Actuarial Liabilities"—

(1) The Mortality Tables employed were the British Offices Tables: the Om Table for Assurances and the Oa Table for Annuities. The rate of interest assumed was 3 per cent except in the case of benefits where the reserves are obtained by accumulating the premiums at interest. In these cases the rate of interest adopted was $3\frac{1}{2}$ per cent.

The Valuation was made on the net premium method, the whole of the loading i.e. the difference between the net premium and the premium actually payable, being reserve for future expenses and profits. In the case of policies effected by a limited number of premiums and policies under which the premiums have been commuted, the value of the whole of the loading which would have been receivable if such policies had been subject to ordinary annual premiums was reserved.

Whole Life by Whole Term Premium, Limited Premiums and Paid-up Policies were grouped under "Years of Birth". The Valuation Ages were ascertained by deducting the years of birth from the calendar year of Valuation and adding $\frac{1}{2}$ thereto.

Endowment Assurances were grouped under "Years of Maturity" and the Valuation Ages arrived at by application of Lidstone's Z method. The net premiums both for Whole Life and Endowment Assurance by Whole Term premiums were taken at age next birthday at entry.

Immediate Annuities (Single Life) were similarly grouped under years of birth and the Valuation age obtained as under Assurances.

Double-Endowments, Semi-Endowments and Endowment Assurances with Guaranteed Bonus were valued in a similar manner as ordinary Endowment Assurances with proper changes in the Valuation factors.

All other special classes of assurances and annuities not coming in any of the above Grouped Classes were valued individually.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at their normal ages and to the ordinary reserve was added one-half of the corresponding annual extra premium.

(c) Policies subject to liens were valued as normal assurances.

(d) No policies have been issued or have become subject to an extra premium.

(e) Except as above policies are not issued on lives classed as substandard.

(f) Policies have not been issued subject to disability benefits.

(g) No distinction is made between normal and under average annuitants either in the consideration or in the valuation.

(2) Items of special reserve—

(a) To the ordinary reserve as brought out above for single and limited payment policies was added the value of the whole of the Loading which have been receivable if such policies had been subject to ordinary annual premiums.

As to Annuities the stringent Valuation Basis adopted is considered amply sufficient to justify the omission of any special reserve for expenses.

(b) The Guaranteed Surrender Values do not exceed the Om 3 per cent.

(c) The Cash Surrender Values of those Policies which were subject to re-instatement within 13 months from date of default are held to their credit for a period of 5 years after expiration of which period all liability of the Company ceases. Otherwise no liability is recognized on account of lapsed policies subject to reinstatement.

(d) To cover the option of renewal under term policies an additional reserve is maintained equal to one annual premium.

(e) (i) No special reserve is maintained to cover the option of conversion at age attained into higher premium plans.

(ii) Where conversion may be made, as at age attained, into higher premium plans, an additional reserve of one annual premium for the 1st 5 years + one fifth of the annual premium for each year after 5 years to allow the Option.

(f) Special reserve is made on account of the claim being paid immediately on proof of death and title.

3. The average rate of interest earned during the year on the mean life assurance fund was 5.02 per cent without deduction for income tax.

4. The distribution of surplus.—

(a) After allowing the Shareholders interest at 5 per cent per annum upon their paid-up Capital and upon any balances from time to time standing at the credit of the Shareholders' Account, the divisible Profits arising from the Life Assurance business, as determined by the Directors at the close of each Investigation period, will, in terms of the Company's Act of Parliament, 1910, be allocated in the proportions of

Not less than nine-tenths to the Participating Policyholders, and
Not more than one-tenth to the Shareholders.

(b) Reserve Bonus Policies are credited with the same reversionary rate of Bonus as ordinary policies of the same class of assurance but no declaration is made till the termination of the Reserved Period. This bonus vests and the survivors of each group of entrants share additionally in a Pool formed from the Cash Values (1) of undeclared Bonus (which ordinarily would have vested had the Policy been under the IMMEDIATE BONUS SCHEME) of policies which have been surrendered or become claims and (2) from the Surrender Values of policies lapsing between their third and fifth year of assurance.

These accumulations are compounded at $2\frac{1}{2}$ per cent and thrown into Reversion by the Om $3\frac{1}{2}$ per cent Table and the Cash Value and Premium Reductions are obtained at age last birthday from these Reversionary amounts in the usual manner.

(c) The Company does not issue participating annuities.

MISCELLANEOUS STATEMENT.

1. Calculation of the "Reserve" in the Statement of Actuarial Liabilities.—

(1) The valuation is made by the Net Premium Method according to the OM 3 per cent Table. For the purpose of valuation the policies are grouped, Whole Life Policies being grouped according to the nearest age at the date of valuation and Endowment Assurance being grouped according to the calendar year of maturity. The net premium is calculated according to the Office age at entry.

(Special Classes) In every case where an extra premium is charged, a special reserve of half a year's extra premium is made in addition to the ordinary reserve.

(c) In cases where a debt is imposed in lieu of extra premium the debt is ignored in the valuation and the ordinary reserve for the full amount of insurance is held.

(f and g) The Company has no Canadian contracts providing for disability benefits nor has it any Canadian Annuity contracts.

(2) Items of special reserve—

(a) A special reserve of \$1,173 is held under limited payment and Single Premium policies on account of prepaid or limited loadings.

(b) In no case does the guaranteed benefit exceed in value the net premium reserve against the policy.

(c) In the case of lapsed policies the full reserve is held during the period throughout which the policyholder has the right of reinstatement.

(d and e) The Company has no term assurance contracts nor has it any Canadian contracts carrying the option of conversion.

(f) A special reserve amounting in all to \$842 is held to provide for the immediate payment of claims.

2. No special provision with regard to surrender value is made in the case of policies where an extra premium on account of climate is payable.

3. The average rate of interest earned during the year amounted to — per cent.

4. The Distribution of Surplus—

(a) 90 per cent of the divisible surplus is distributed among the policyholders, the remaining 10 per cent belonging to the shareholders.

(b) The distribution of profits is made quinquennially. At the distribution as at the 31st December, 1913, a compound Reversionary Bonus at the rate of 1·2 per cent per annum was allotted to all Canadian policies entitled to participate.

(c) The Company has no Canadian Annuity contracts.

MISCELLANEOUS STATEMENT.

1 The calculation of the "Reserve" in the statement of Actuarial Liabilities".

(1) The reserve is calculated by the Group method, the premium rates being based upon the age at nearest birthday. The assumption is, therefore, made that all policies issued in any year were issued at the middle of that year and that the duration is from the middle of the year of issue to the end of the year from which the valuation is made. This is the method employed by the Department of Indiana in determining the net reserve liability of total business as shown in the certificate enclosed herewith. The Om (5) 3½% mean reserve tables were used to calculate Canadian liabilities.

Special Classes—There are no special class policies or annuities except those subject to disability benefits. In respect of disability benefits in addition to the regular mean reserve, an extra reserve, based upon Hunter's Disability Table, is calculated for all policies containing disability benefits and before occurrence of disability. After occurrence of disability the extra reserve is calculated by forming annuity tables and with these annuities we use the present value of the office premium as an extra reserve.

THE STATE LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(2) *Items of Special Reserve*—

(a) This Company holds no extra reserve under limited and single premium policies on account of prepaid or limited loadings. There is also no extra reserve made under immediate annuities to cover future expense.

(b) In all cases where the standard upon which the policy was issued calls for a higher reserve than that of the Om (5) $3\frac{1}{2}\%$ standard, the excess was entered to make up the item of \$9,607.48. Premiums and values in all policies issued prior to January 1, 1908 were based upon the American Experience Table of Mortality and 3% interest, full preliminary term method of valuation. Participating policies issued since January 1, 1908 have premiums and values based upon the American Experience Table of Mortality and 3% interest, modified preliminary term, Illinois Standard, method of valuation. Non-Participating policies have premiums and policy values based upon the American Experience Table of Mortality and $3\frac{1}{2}\%$ interest, Illinois Standard method of valuation.

(c) No extra reserve is held on account of lapsed policies subject to reinstatement.

(d) No reserve is held to cover the option of renewal on term policies.

(e) No reserve is maintained to cover the option of conversion on term policies.

3. The average rate of interest earned during the year on the mean Net Ledger assets was 5.89 per cent.

4. *The Distribution of surplus*.—

(a) The Company is mutual and has no stockholders.

(b) The contribution formula was used for determining dividends. For the year 1918 excess interest earnings were computed at $2\frac{1}{2}\%$ of the terminal reserve and mortality savings were graded according to the number of years the policy had been in force. Paid-up insurance, extended insurance, and paid-up endowments are converted on the basis of the net single premium.

(c) The Company has no participating annuity policies.

*In addition to the bonds and stocks shown in the schedules, the company own a considerable amount of common stocks and other securities, most of them obtained as bonuses in connection with purchases of bonds. As it would be difficult to assign any market value to them as yet, they are not included in the published list of the company's assets until such time as their value shall have become better established. These securities are, however, checked and audited in exactly the same manner as the others owned by the company.

MISCELLANEOUS STATEMENT.

1. Calculation of Reserve in Statement of Actuarial Liabilities.—

(1) Assurance policies were classified for valuation according to mode of participation in profits, and further subdivided into plan, year of issue and age at entry. The age nearest birthday at entrance and medial duration were used in the valuation. Prior to October 1st, 1914 the age next birthday was used in determining the premium, but since that date the age nearest birthday has been used. Reserves were based on the Om (5) table of mortality with $3\frac{1}{2}$ per cent interest for all policies issued prior to January 1st, 1903, and 3 per cent for all policies issued on or after that date, except in the case of the policies of the Federal Life, where the rate of interest was $3\frac{1}{2}$ per cent throughout.

Annuity policies were classified according to plan and attained age at December 31st, 1918. The attained age on this date was ascertained by deducting the year of birth from the current calendar year, and adding six months. The age used in determining the gross premium was the age last birthday, allowance being made for half years of age. The reserves were based on the British Offices Select Life Annuity Tables O (am) and O (af) with $3\frac{1}{2}$ per cent interest, select annuity values being used when the duration was less than five years.

Special Classes.—

(a) Under Tropical Life and Limited Payment Life policies on the Reserve Dividend plan issued since 1900 the reserves held are practically according to the American Tropical Table. Under endowments and other plans, the ordinary Om (5) reserves are set aside.

(b) Policies issued with premiums corresponding to ages higher than the true ages were valued at the rated-up ages.

(c) Policies issued subject to a lien were valued as if the full amount were payable without any deduction.

(d) Extra premiums are charged for occupational hazards only, and are payable annually. The extra is disregarded in valuation.

(e) Policies are issued on substandard lives either subject to an extra premium or at a rated-up age, or subject to a lien; not otherwise.

(f) The benefits under policies providing for disability benefits and issued prior to January 1st, 1918 consist of waiver of premium and payment of the sum assured in 20 equal annual instalments in case of total and permanent disability before attaining age 60. Before occurrence of disability, the additional reserve was taken to be half of the extra premium for the disability benefit. After occurrence of

GEORGE V, A. 1919

THE SUN LIFE—Continued.

MISCELLANEOUS STATEMENT—Continued.

disability, if the waiver of premium benefit has been selected, an extra reserve is set aside of the present value of the future premiums according to a table of disabled lives. (Transactions of the Actuarial Society of America, Volume 12). Where the instalment benefit has been selected the policy is cancelled and the present value of the instalment certain at 3½ per cent is set aside as a reserve.

Policies issued in Canada and the United States on and after the 1st January, 1918 provide for waiver of premium and annuity of 10 per cent of the sum assured in case of total and permanent disability before age 60. The extra reserve before occurrence of disability is based on tables formed by combining the Om (5) Table of Mortality with the Table of Disabled Lives. (T.A.S.A. Volume 12). After occurrence of disability, an extra reserve is set aside consisting of the value of the annuity of 10 per cent of the sum assured, according to a table of disabled lives.

(g) Annuities on underaverage lives are valued without reference to the life being underaverage.

(2) *Items of Special Reserve.*—

(a) No extra reserve is maintained under limited and single premium policies or immediate annuities on account of prepaid or limited loadings as the excess of interest earned over the valuation rate is considered ample provision.

(b) Additional reserve is held to provide for cash values in excess of the net premium reserve on the basis of valuation employed.

(c) The Company's automatic nonforfeiture provision takes effect at the end of the second policy year. No reserve is maintained to cover the option of reinstatement of policies which have lapsed before the end of the second policy year.

(d) The Company has only a very small number of renewable term policies on its books, and no reserve is held to cover the option of renewal.

(e) The Company had no convertible term policies in force on December 31st, 1918.

2. With reference to the Special Classes in 1. (1) a-f the guaranteed values are the same as those inserted in the corresponding policy without extra premium or lien, but in the case of policies issued at a premium corresponding to an age higher than the true age the guarantees are those for such higher age.

3. The average rate of interest earned during the year on the net invested ledger assets was 5.64 per cent.

4. *Distribution of Surplus.*—

(a) Policyholders receive 95 per cent of the distributive share of the surplus derived from participating policies, and the shareholders 5 per cent. The shareholders are entitled to the full surplus derived from the nonparticipating business.

(b) The method by which the dividends to policyholders have been computed.

POLICIES AT NORTHERN RATES.

Annual and Five Year Dividend Policies.

The methods of allotting profits to Annual and Five Year Dividend policies is a modification of the contribution plan. The profit derived from interest is distributed in proportion to the reserves on the individual policies, and the profit from other sources in proportion to the loadings on the net premiums.

The basis on which profits were allotted to policies becoming entitled thereto in the year 1918, was as follows:—

Loading—The excess over the Om (5) 3½% premiums.

Reserves—Om (5) 3½%.

Annual Dividend Policies.

Annual Dividend policies issued prior to January 1st, 1914 received no profits for the first year, but the first dividend was declared at the end of the second policy year. Policies issued on and after that date received a dividend at the end of the first policy year, taking effect upon the payment of the second year's premiums.

	Percentage of Loading.	
	First Division.	Subsequent Divisions.
<i>Loading Profit.</i> —		
Ordinary Life policies and policies with more than 20 premiums.....	40%	45%
20 Payment Life and Endowment policies.....	37½%	42½%
15 Payment Life and Endowment policies.....	32½%	37½%
10 Payment Life and Endowment policies.....	27½%	32½%

Interest Profit.—

1.1% on the Reserve at the end of the preceding year.

Five Year Dividend Policies.

Five Year Dividend policies participating in 1918 received four years' profit calculated on the basis of distribution adopted at 31st December, 1913, and one year's profit on that adopted at March 31st, 1918. These bases were as follows:—

	Percentage of Loading.	
	1913 Basis.	1918 Basis.
<i>Loading Profit.</i> —		
Ordinary Life Policies.....	55%	50%
20 Payment Life and Endowment policies (and longer Term).....	65%	47½%
15 Payment Life and Endowment policies.....	60%	42½%
10 Payment Life and Endowment policies.....	55%	37½%

SESSIONAL PAPER No. 8

THE SUN LIFE.—Continued.

MISCELLANEOUS STATEMENT.—Continued.

1913 Basis.—First quinquennium, $1\frac{1}{2}$ per cent per annum on the Om (5) $3\frac{1}{2}$ % reserve at the end of the second policy year, making $7\frac{1}{2}$ per cent for a full five year period. Second and subsequent quinquennia $1\frac{1}{2}$ per cent per annum on the Om (5) $3\frac{1}{2}$ % reserve at the end of the third year in this quinquennium completed, i.e. at the end of the 8th, 13th, 18th, etc. years, making $7\frac{1}{2}$ per cent for a full five year period.

1918 Basis.—1.2 per cent per annum on the Om (5) $3\frac{1}{2}$ % reserve instead of 1.5 per cent.

POLICIES AT TROPICAL AND SUBTROPICAL RATES.

The basis on which profits were allotted to these policies in the year 1918 was as follows:—

Loading.—The excess over specially calculated premiums based on Tropical and Subtropical tables of mortality, with $3\frac{1}{2}$ % interest, with a varying constant according to plan. The Tropical table used was the Jones American Tropical Table as given in the Transactions of the Actuarial Society of America, Volume 4, and the Subtropical table has been formed by the mean qx of the Jones American Tropical Table and the Hm Table, and forming a mortality table from such values.

Annual Dividend Policies.

	Percentage of Loading.	
	First Division.	Subsequent Divisions.
Loading Profit.—		
Ordinary Life policies and policies with more than 20 premiums.....	32 $\frac{1}{2}$ %	31 $\frac{1}{2}$ %
20 Payment Life and Endowment policies.....	30%	35%
15 Payment Life and Endowment policies.....	27 $\frac{1}{2}$ %	32 $\frac{1}{2}$ %
10 Payment Life and Endowment policies.....	25%	30%
Interest Profit.—1.1% on the Reserve at the end of the preceding year.		

Five Year Dividend Policies.

Five Year Dividend policies participating in 1918 received four years' profits on the basis adopted at December 31st, 1913, and one year's profit on the basis adopted on March 31st, 1918. These bases were as follows:—

	Percentage of Loading.	
	1913 Basis.	1918 Basis.
Loading Profit.—		
Ordinary Life policies.....	75%	42 $\frac{1}{2}$ %
20 Payment Life and Endowment policies (and longer term).....	65%	40%
15 Payment Life and Endowment policies.....	60%	37 $\frac{1}{2}$ %
10 Payment Life and Endowment policies.....	55%	35%
Interest Profit.—Calculated in exactly the same way as in the case of policies at northern rates.		

Reserve Dividend Policies.

The method adopted for recording the accumulations and distributing the profits to Reserve Dividend policies (with dividend periods of ten years or longer) is as follows:—

Reserve Dividend assurances are treated as a separate group by themselves, or in fact, practically a sub-company within the Company. They are credited with all premiums received under Reserve Dividend policies, all interest or profits earned on their accumulations, and are debited with the actual expense connected with their policies, ascertained as accurately as possible, the actual death claims, surrender values and other payments made under such policies. Account is thus kept of the amount of the Company's funds contributed by the Reserve Dividend Policies.

In order to ascertain the accumulation of individual policies tables of values designated Standard Asset-Shares, have been prepared for the various plans of assurance and ages at entry on a basis corresponding very closely with the Company's past experience as regards expenses, mortality, lapses, interest, etc. These tables in other words, show the approximate share of each individual policy in the assets of the Company, according to the length of time it has been in force.

The sum-total of the Standard Asset Shares for all Reserve Dividend policies is then obtained by multiplying the sums assured as grouped for valuation purposes, by the proper Standard Asset Shares. This total thus represents the amount of funds the Company should have in hand in order to pay its Reserve Dividend policies the amounts which would be coming to them at the end of their respective Reserve Dividend periods, on the basis of the Standard Asset Shares. The total of the actual funds at the credit of Reserve Dividend policies is then compared with the total of the Standard Asset Shares, and this comparison shows whether maturing Reserve Dividend policies should receive larger or smaller amounts than the final Standard Asset Shares. By means of this comparison the basis for the settlement of maturing Reserve Dividend policies is decided upon.

The dividends paid in 1918 are in the case of policies issued prior to the 31st December 1899, the excess of the total cash settlement over the Om (5) $3\frac{1}{2}$ % reserve, and in the same case of policies issued since that date, over the higher special reserve voluntarily guaranteed and held by the Company against such Deferred Dividend policies. The amount of profits contingently apportioned or credited to Reserve Dividend policies has been arrived at by following the method given above.

CONVERSIONS OF DIVIDENDS INTO PAID-UP ASSURANCE, ETC.

In the case of Five Year and Annual Dividend policies the reversionary bonus addition is the amount of paid-up assurance which the cash profits will purchase according to the Om (5) table with $3\frac{1}{2}$ % interest, for policies at northern rates, and according to the tropical or sub-tropical tables mentioned above with $3\frac{1}{2}$ % interest where the policies have been issued at tropical or subtropical rates. The temporary reduction on Five Year Dividend policies is in all cases the annuity which the cash profit will purchase according to the Om (5) table with $3\frac{1}{2}$ % interest.

9 GEORGE V, A. 1919

THE SUN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

The surrender value allowed for reversionary bonus additions is 95% of the reserve on the Om (5) 3½% table, or the equivalent cash profits originally allotted, whichever is greater. In the case of Reserve Dividend policies at northern rates the bonus addition or premium reduction (for life or limited term) is the amount of paid-up assurance or annuity which the Reserve Dividend profits will purchase according to the Om (5) table with 3½% interest. For policies at Tropical or Sub-tropical rates, the bonus addition is based on the Tropical or Sub-tropical table.

DEFERRED DIVIDEND POLICIES.

THE TRAVELERS INSURANCE COMPANY—Continued.

MISCELLANEOUS STATEMENT.

1. *The calculation of the reserve in the statement of actuarial liabilities—*

(1) The Company values on the net level premium reserve system using O_m (5) $3\frac{1}{2}$ p.c. bases. Insurance policies are valued in groups, as to premium paying policies, by calendar years of issue, each year's issue being subdivided by plan and age at issue. Paid-up and extended term insurance are grouped by year of maturity or expiration, each group being subdivided by calendar year of birth—the valuation being based on the net single premium for the age attained. Insurance contracts other than paid-ups are valued at the age nearest birthday at date of issue, this corresponding with the age on which the gross premium charge is based. The duration is the number of full years elapsed between the calendar year of issue and the year when the reserve is calculated, increased by one-half a year; that is, on a policy issued in the calendar year of 1910 the reserve as at December 31, 1918 would be the ninth year mean reserve.

Life Annuity contracts are valued individually, the age at entry being taken as at the last birthday. The bases used was B.O. select, 1893, $3\frac{1}{2}$ p.c.

Special Classes—

(a) The Company issues no contracts at premiums corresponding to ages higher than the true ages.
(b) Policies subject to liens, that is, the payment of an amount less than the full amount of insurance at death during certain periods are valued for the full amount of insurance.

(c) Policies issued at a fixed extra premium payable annually are valued as standard insurance the same as if no extra premium were charged. The company issues no policies providing for the payment of a single extra premium.

(d) Most of the Company's business on substandard lives is issued according to certain mortality ratings on the basis of the American table, such as 125 p.c., 150 p.c., 200 p.c., etc. Such a rate applied to an individual risk means that it is considered that the probability of dying in each year is 125 p.c., 150 p.c. or some other per cent, as the case may be, of the normal probability of dying according to the American Experience table. For valuation purposes, however, all the Company's substandard business is considered as being on a 150 p.c. basis. A special mortality table, commutation columns, net premiums and reserves have been calculated on the basis of 150 p.c. mortality and the Company's substandard business is valued on the basis of this exact reserve.

(e) Waiver of premium disability benefits were valued according to Hunter's Disability tables with 3 p.c. interest. On the Company's later contracts, which provide for maturity in event of total permanent disability, valuation was made on the basis of $2\frac{1}{2}$ times the reserve for the premium waiver benefit according to Hunter's tables—this ratio having been found upon examination to be sufficient to cover the actual reserve required. The reserve on policies issued with Disability Provision I has been taken as the gross premium of this benefit without deduction for commission or any losses, so that this reserve as of December 31, 1918, is greater than a computed reserve would be. After disability the present value of premium waiver benefits is calculated according to Life Annuity values on disabled lives. Under contracts which have matured at disability the present value at $3\frac{1}{2}$ p.c. interest of the unpaid instalments is carried as a liability.

(f) The company has issued only two Life Annuity contracts on lives classed as underaverage and such contracts have been valued as of the age last birthday to which the reduced rate charged corresponds.

(2) Items of special reserve;

(a) No special reserve is held under limited and single premium policies on account of prepaid or limited loadings and no additional reserve is carried under immediate annuities to cover future expenses.

(b) The only guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed are pro rata paid-up values, for which additional reserve of \$300 has been included in Liabilities.—Reserve, special or surplus funds.

(c) No reserve is held in excess of the cash surrender value on account of lapsed policies subject to reinstatement but which have not been continued in force under automatic non-forfeiture provisions.

(d) No reserve is maintained to cover the option of renewal under Term Policies.

(e) No reserve is maintained to cover the option of conversion into higher premium policies.

2. Substandard policies issued with a fixed extra premium have the same cash surrender, paid-up policies and extended term insurance values as standard policies. Policies issued on a percentage mortality basis as explained in 1—(f) have all these values worked on the corresponding extra mortality percentage reserves as explained in 1—(d), the same percentages of reserve being taken to obtain these values as under standard policies.

3. The average gross rate of interest earned during the year 1918 on the mean net ledger assets of the Life Department was 5.09 p.c. The average net rate earned after deducting expenses was 4.66 p.c.

4. The distribution of surplus—

(a) The participating policyholders' share of the surplus is ascertained as indicated in (b) below. The balance of the surplus is the property of the stockholders.

(b) The dividends paid by the Company in 1918 under its annual dividend contracts were determined as follows:

Profit from loading—Certain percentages to cover expenses, viz., 13 p.c. on the Ordinary Life and 20 Payment Life plans and 12 p.c. on the 20 Year Endowment plan were deducted from the gross premiums charged by the Company. The difference between the resulting rates and the corresponding net premiums, according to the American Experience table with 3 p.c. interest, was accumulated for one year at $4\frac{1}{2}$ p.c. interest.

Profit from mortality—Mortality ranging from 44 p.c. to 85 p.c., varying with the age and form, was used in determining the mortality. The saving in mortality allowed ranges, therefore, from 15 p.c. to 56 p.c. of the net cost of insurance, according to the American Experience table, 3 p.c. interest.

Profit from interest—interest profit at $1\frac{1}{2}$ p.c. was used.

Summary: The sum of the above three items of profit represents the total dividend which could be taken by the insured in cash or applied in reduction of the current annual premium, or be used to purchase

SESSIONAL PAPER No. 8

THE TRAVELERS INSURANCE COMPANY—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

additional paid-up insurance on the basis of the net single premium at the age attained, according to the American Experience table of Mortality, 3 p.c. interest. The cash dividends cannot be converted into any other benefit.

Deferred Dividends: The liability held on account of Deferred Dividend contracts is obtained by accumulating the annual dividends that would have been paid on these contracts if they had been issued on annual dividend forms, the accumulation being on a basis of the American Experience table of $4\frac{1}{2}$ p.c. interest.

(c) All the company's Life Annuity contracts have been issued on a non-participating basis.

THE TRAVELLERS LIFE OF CANADA—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the Reserve in the "Statement of Actuarial Liabilities"—

(1) Policies were valued individually according to medial duration and ages at issue. Prior to Oct. 10, 1914, policies were issued at ages next birthday unless not more than 2 months had elapsed since the last birthday prior to date of issue, in which case the age last birthday was taken. Policies issued subsequent to Oct. 10, 1914 were rated at the ages at nearest birthday. The basis of valuation was the Om(5) Table of Mortality and $3\frac{1}{2}$ per cent interest.

Special Classes—

(a) No policies have been issued on lives resident in tropical or sub-tropical countries.
(b) Where policies were issued at premiums corresponding to ages higher than the true ages, the reserve was taken at the higher ages.

(c) Where policies were issued with liens, the full reserve was maintained.

(d) No additional reserve was set aside on account of extra premiums.

(e) No policies were issued on sub-standard lives except as described in (b) and (c).

(f) An additional reserve equal to the unearned premiums, was set aside for policies containing disability benefits (2) waiver of premiums granted in one case only and regular reserve maintained.

(g) No annuities have been issued.

(2) *Items of special reserve—*

(a) No single premium policies have been issued. No additional reserve is held under limited premium policies.

(b) An adequate additional reserve is held in respect to policies providing for guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed.

(c) No reserve is held on account of lapsed policies, subject to reinstatement. Where a cash value is available the non-forfeiture provision applies.

(d) No reserve is held to cover the option of renewal under term policies.

(e) No reserve is held to cover the option of conversion under term policies.

(f) No other special reserves are maintained.

2. No modifications are made in cash surrender or paid-up insurance values. In case of sub-standard lives, the extended term insurance is frequently omitted.

3. The average rate of interest earned during the year on the mean net ledger assets was 6.59 per cent.

4. The distribution of surplus:

No dividends have been allocated or paid with respect to participating policies in force.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies and Annuities were valued upon the mean basis of valuation on the Om (5) Table of Mortality, with interest at 3½%, at the nearest age at date of issue figured from the date of birth given in the original application, the office premium for such policies being computed at that age.

Special Classes:—

(b) No policies are issued at premiums corresponding to ages higher than the true ages except ages under 21 that are rated at 21.

(c) No policies issued providing for payment at death during certain periods of an amount less than the full amount of insurance.

(d) (a) No policies issued with an extra premium payable in one sum.

(b) Policies on war risks provide for a fixed extra premium payable annually.

(e) Do not issue any substandard policies.

(f) Company does not issue policies providing for disability benefits.

(g) No annuities issued under-average.

(2) (a) No additional extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

(b) No guaranteed cash values are in excess of the net premium reserve on the basis upon which they are computed, i.e., American Table of Mortality, with interest at 3½%.

Computing the reserve value upon the Canadian basis Om (5), the guaranteed values are, in some cases, in excess of the reserve upon that basis, as shown in Statement of Actuarial Liabilities (Canadian Business).

(c) No policies issued that require reserve to be held on account of lapse not continued in force under the automatic non-forfeiture provisions nor having a surrender value subject to reinstatement.

(d) No reserve is maintained to cover option under term policies.

(e) No reserve is maintained to cover option of conversion into higher premium policies.

(f) No items of special reserve.

3. Average rate of interest earned during the year on the mean Net Ledger Assets was 4.36%.

4. The distribution of Surplus—

(a) Purely mutual company. All surplus belongs to policyholders.

(b) Annual dividends are apportioned from the surplus of this Company and distributed to each annual dividend policy issued prior to January 1, 1901, which was in force December 31, 1914, and then entitled to participate in an apportionment of surplus, a dividend equal to the aggregate of five per centum of the loading plus sixteen and two-thirds per centum of the tabular mortality for the year and five per centum of the tabular interest on the initial reserve on such policy, and upon all other annual dividend policies the same percentage of the loading and tabular mortality plus forty per centum of the tabular interest on the initial reserve instead of five per centum, provided, however, that said dividend shall be paid on premium-paying policies, except such as were issued subsequently to January 1, 1909, upon which three or more years' premiums have been paid, only on condition that the anniversary premium accruing after said 31st day of December shall be paid, based on the Actuary's Table of Mortality with interest at four per centum for policies issued prior to December 31, 1900, and on the American Table of Mortality with interest at three per centum subsequent to that date.

(c) No dividends are declared upon annuity policies.

Special Classes:—

No special class policies are in force, i.e., policies rated up or at an extra premium or subject to a lien, or providing for disability benefits.

UNION MUTUAL—Continued.

SUMMARY OF RESERVE.

	With Profits.	Without Profits.	Total.
Total reserve, policy and annuity contracts..	\$ 172,808	\$ 105,138	\$ 277,946
Total reserve on reinsured contracts..		3,642	3,642
Total net reserve on the Company's basis of valuation.	\$ 172,808	\$ 101,496	\$ 274,304
Net reserve calculated on the statutory basis...	\$ 172,337	\$ 101,099	\$ 273,436
Reserve maintained by the Company in excess of the statutory reserve.	471	397	868

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies and Annuities were valued individually the age at which the net valuation premium was taken being the same age used in determining the premium or consideration in the contract, namely that at birthday nearest date of issue under assurances, and that at last birthday preceding date of issue under Annuities the duration being the difference between valuation year and year of issue plus one half year. Policies and Annuities were all valued on the American Experience Table of Mortality with $\frac{3}{4}\%$ interest.

SESSIONAL PAPER No. 8

UNITED STATES LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Special classes—There are no special class policies or annuities.

(2) *Items of Special Reserve*—There are no items of special reserve.

3. The average rate of interest earned during the year on the mean net ledger assets was 4.80%.

4. *The distribution of surplus*—

(a) Shareholders may receive not exceeding 7% per annum; subject to payments to shareholders on Guarantee Capital and to a proper contingency fund, all the surplus now held will be distributed in dividends to policyholders.

(b) The method by which the deferred dividends to policyholders illustrated in the dividend schedule have been computed is as follows:—Four and one half per cent interest and the share of policies cancelled are added to the annual unit (which for each year is the same as the annual dividend basis on the corresponding plan namely twenty-five per cent of the loading plus a percentage of the reserve equal to the difference between four and one half per cent and the assumed rate of interest used in calculating the reserve guaranteed in the policy) and twenty-five per cent of the basis thus derived is taken as a dividend. The cash value of dividends may be used at option of policyholder to purchase either paid up insurance or annuities at net rates under the American three and one half per cent table.

(c) Annuity contracts are non-participating.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

Net reserve carried in the liabilities.....	\$ 147,809 13	\$ 8,628 00	\$ 156,437 13

MISCELLANEOUS STATEMENT.

1. The Calculation of the "reserve" in the "Statement of Actuarial Liabilities:—"

(1) General Principles—Policies of the same plan and same year of issue were grouped as to age at issue for valuation purposes. Age at entry for valuation purposes is the same as age used in fixing the premium. The age used in fixing the premium was taken as the age next birthday, for all policies issued prior to May 1, 1915, and the age nearest birthday for policies issued after that date. Prepared tables of mid-year policy values on the Om (5) 3½% basis were used. No annuities have been issued.

Special Classes:—

- No Tropical or Sub-Tropical business has been transacted.
- No policies have been issued at premiums corresponding to ages higher than the true one.
- In the valuation of policies any liens were ignored.
- Extra premiums were disregarded in valuation.
- No policies issued to sub-standard lives except those subject to lien, extra premium or on short term endowment plans.

9 GEORGE V, A. 1919

THE WESTERN ASSURANCE—*Concluded.*MISCELLANEOUS STATEMENT—*Concluded.*

(1) For policies containing disability benefits the following additional reserves were held (before occurrence of disability):—10 cents per \$1,000 for duration $\frac{1}{2}$; 15 cents per \$1,000 for duration 1; 20 cents per \$1,000 for duration $2\frac{1}{2}$; 25 cents per \$1,000 for duration 3; 30 cents per \$1,000 for duration $4\frac{1}{2}$; 35 cents per \$1,000 for duration $5\frac{1}{2}$; 40 cents per \$1,000 for duration 6; 45 cents per \$1,000 for duration 7. After occurrence of disability, policies were valued as though disability had not occurred.

(2) *Items of Special Reserve*—No special reserves are maintained except on policies with cash values in excess of the net premium reserve. On these policies the additional guarantee is reserved for as a pure endowment.

2. No modifications or limitations are made under the special class policies referred to in 1 (1) (a) to (f) above in respect of guaranteed values.

3. The average rate of interest earned during the year on the mean net ledger assets was 7.09%.

4. No surplus has yet been distributed.

9 GEORGE V, A. 1919

THE SUBSIDIARY HIGH COURT OF THE ANCIENT ORDER OF FORESTERS—*Con.*

MISCELLANEOUS STATEMENT.

1. *The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."*

(1) Policies were grouped according to year of issue, plan and age at issue. The table of mortality used was the Om (5). The rate of interest used was 3½ p.c. The age at issue was taken as age next birthday—the same as used for fixing the contract premium.

Policies were assumed to have been issued on the average, at the middle of the calendar year.

Special Classes—

(c) Policies subject to liens were valued as if issued without liens.

(d) A very few policies were issued with a small fixed annual extra premium on account of hazardous occupation. These were valued as if issued at the normal premium.

(a), (b), (e), (f) & (g). No other special class policies in force.

(2) *Items of special reserve—None.*

3. The average rate of interest earned during the year on the mean net ledger assets was 5.73 p.c.

4. The Distribution of surplus.

(a) No shareholders.

(b) The "Contribution Method" of distribution of dividends to policyholders is followed using the following factors.—

Interest—5 p.c.

Expense—5 p.c. of gross premiums + \$3.00 per \$1,000 insurance.

Mortality—40 p.c. Hm table.

Total.....	\$ 497,800 21	Total.....	\$ 497,800 21

*The valuations as at December 31, 1917 and as at December 31, 1918 were made by the Department. In the absence of adequate sickness experience of the Fund under the recent conditions of administration and supervision of claims, sickness rates were used which are believed to be appropriate, combined with N.F.C. mortality and interest at 4 p.c. (See also page 524). The valuation as at December 31, 1917 showed a surplus of \$27,723.01, while the deficit shown above is \$18,141.79. During the year, therefore, the condition of the Fund was impaired to the extent of \$45,864.81. This amount, however, is approximately accounted for by the claims in the last three months of 1918 due to la grippe, influenza, and pneumonia.

Disabled lives	15,250	11,511		11,511
Old age benefit	93,895	83,756		83,756
Paid up certificates	49,039	24,800		24,800
*Life, Ltd. Payment Life and Ends. with Disability Benefit	141,000	46,900	46,900	
Total	21,165,584	8,378,306	5,043,009	3,335,297

NOTE.—The above valuation was made upon the basis NFC 4 p.c. with provision for immediate payment of sums assured and momentary payment of premiums. The premiums valued were those charged less 5 p.c. On business showing the value of premiums greater than the value of sums assured and on the business issued in 1918 the value of premiums and sums assured were assumed to be equal, thus making no reserve on these classes.

SUMMARY OF VALUATION OF SICK BENEFIT FUND AS AT DECEMBER 31, 1918.

†Class of Certificate.	Number of Unit Benefits.	Value of Benefits.	Value of Premiums.	Reserve Liability.
		\$	\$	\$
System No. 1	7,399	809,537	719,935	89,602
System No. 2	13,489	1,519,398	1,131,735	387,663
System No. 3	1,988	173,203	169,526	3,677
*Life, Ltd. Life, and Ends. with Disability Benefit	138	13,888	13,888	
Totals	23,014	2,516,026	2,035,084	480,942

The above valuation was made upon a net premium basis with interest at 4 p.c., the premiums valued being slightly higher than those actually charged by the society. The business issued in 1918 was valued as though just issued at date of valuation so that on this class the value of premiums is equal to the value of benefits, thus making no reserve.

SCHEDULE A.

Real Estate owned by the Company—

	Book value.	Market value.
391-393-395 Viger Avenue, Montreal	\$ 65,472 20	\$ 125,000 00
102-110 Pacific Avenue, Verdun, P.Q.	4,066 90	8,000 00
Dorval, P.Q.	1,200 00	4,200 00
231-235 Beaudry Street, Montreal	15,171 54	32,000 00
Corner Church and Bannantyne, Verdun.	8,000 00	16,000 00
Totals	\$ 93,910 64	\$ 185,200 00

*All issued in 1918.

†The sickness certificates in the above summary are classed as to the system of insurance held by the member in the Mortuary benefit fund. The sickness benefits are, however, the same for all members.

*The liabilities of the Sickness Fund is entered at the amount of the Fund. The methods of administration of sickness benefits have recently been changed and consequently it is believed that the previous sickness experience might be quite unsuitable for valuations under present conditions. By a provision of the By-Laws the Executive is authorized to increase the number of assessments or to decrease the benefits to any extent deemed necessary by the Superintendent of Insurance depending on the condition of the Fund as disclosed by valuations made as at 31 December 1920 or subsequently. A valuation will be made as at 31 December 1920 based on the experience for the years 1919 and 1920 and any necessary readjustment of rates or benefits or both will be made. It is unlikely that this readjustment will affect members admitted after 1st October 1918 or those who have elected to pay according to the scale of rates now in use as it is believed these rates are sufficiently high to provide the benefits granted.

†The Association is operating under the provisions of the Insurance Act, 1917, and under the provisions of an amendment thereto passed during the first session of Parliament in the year 1919. By virtue of a provision of the said amendment the triennial convention held in August, 1919 by Bye-Law effected a reduction in the amount assured under mortuary certificates with a view to making the Association actuarially solvent, the reduction to become operative October 1, 1919. The reductions are as follows:—

Year of Issue of original certificate.	Amount of reduction per \$1,000 of certificate.
Prior to November 1, 1907..	\$ 180 00
1907 after November 1..	170 00
1908	160 00
1909	150 00
1910	140 00
1911	130 00
1912	120 00
1913	110 00
1914	100 00
1915	80 00
1916	70 00
1917 prior to November 1..	60 00

Actuarial valuations were made as at 31 December 1916 and 1917 by Dr. F. Sanderson of Toronto on the bases N.F.C. 4½% and N.F.C. 5% and as at 31 December 1918 on the N.F.C. 4½% basis. For details of the valuation as at 31 December 1918 see pages 536 and 537.

SESSIONAL PAPER No. 8

THE GRAND COUNCIL OF THE CATHOLIC MUTUAL BENEFIT ASSOCIATION OF
CANADA—Continued.

VALUATION STATEMENT AS AT DECEMBER 31, 1918. BASIS N.F.C. 4½%—Concluded.

Summary Statement of Valuation.

Class.	Sums assured.	Net liability.
	\$	\$
Whole Life prior to November 1, 1907.....	5,918,100	478,093
Whole Life subsequent to November 1, 1907.....	3,490,000	237,570
Paid-up Life.....	329,198	254,146
Term Insurance to age 65.....	175,500	2,507
Term Insurance to age 70.....	434,000	10,597
Total.....	10,346,798	982,913

The valuation bases employed were as follows: For Whole Life Insurance which constitutes the greater part of the business the National Fraternal Congress Table of Mortality, with interest at 4½ per cent.

In valuing the sums assured and premiums the continuous functions $\ddot{A}x + \frac{1}{2}$ and $\ddot{a}x + \frac{1}{2}$ were used.

In valuing the small sections of term insurances, approximate methods of valuation were employed.

*The Society is operating under the assessment system and by the provisions of the Insurance Act is required to make assessments adequate with its other available funds to meet all obligations under its policies without deduction or abatement. While not required by the Insurance Act (see sec. 107) to maintain the reserve which is required of ordinary life insurance companies, the Society on 1st January, 1917, put into effect a readjustment of rates and benefits with the object of thereafter transacting business on an actuarial basis and maintaining an adequate reserve. The valuation of the Society's certificates as at December 31, 1918, was made by Mr. L. K. File, F.I.A., F.A.S., Toronto, and he has certified that, upon the basis employed in the valuation, the assets in hand, as shown in the returns made to the Department, together with future premiums or assessments receivable, are sufficient to provide for the payment of the sums assured at death. For the basis of valuation and summary of the valuation data, see page 542.

Special Reserve for extra mortality. 2,500

Total reserve \$ 146,282

NOTE.—The computation of the reserves shown in the table above was made upon the basis of the Canada Life Ultimate Table with interest at the rate of $4\frac{1}{2}\%$ per annum.

MISCELLANEOUS STATEMENT.

1. The Calculation of the "reserve" in the "Statement of Actuarial Liabilities"—

(1) The Calculation of the reserve was made upon the basis of the Canada Life Ultimate Table with interest at $4\frac{1}{2}\%$. The Certificates were valued at the attained ages 31st Dec. 1918, the amounts assured and the premiums being valued separately, groupings being made of all the same attained age. The continuous functions were employed.

No special class policies nor annuities are issued. No special reserves are maintained other than to provide for extra mortality.

*This Order is a friendly society incorporated by Special Act of the Parliament of Canada and operates under the provisions of the Insurance Act. While not required (See Insurance Act, 1917, Sec. 107) to maintain the reserve which is required of ordinary life insurance companies the Order, on the 1st July, 1914, put into effect a readjustment of rates and benefits with the object of thereafter transacting business on an actuarial basis and maintaining an adequate reserve. As at 31st December, 1918, Dr. F. Sanderson, consulting Actuary, at Toronto, calculated for the Order the necessary actuarial reserve which was found to be \$743,285. He has consequently certified that the assets on hand in the Insurance Fund, together with the future premiums or assessments payable, are sufficient to provide for the payment at maturity of the sums assured; in other words, that the Order at 31st December, 1918, was actuarially solvent. For the basis of valuation and summary of the valuation data see page 546.

VALUATION SUMMARY.

	Number.	Sums Assured Net Liability	
		(Including Monuments.)	(Including Monument Reserve.)
Whole Life..	5,372	\$ 5,400,550	\$ 691,282
Twenty Payment Life..	437	333,350	18,090
Term Policies	43	41,150	913
Reserve for policies subject to revival.....		5,000	5,000
Special reserve for extra mortality....		25,000	25,000
Totals..		\$ 5,775,050	\$ 743,285

The valuation bases employed were as follows:—For Whole Life Insurances with continuous or limited premiums (which constituted over 99% of the business of the Order) the National Fraternal Congress Table with interest at 4% was used, the continuous functions Ax and ax being employed; for the remaining small group of certificates, approximate methods of valuation were used.

Except in the case of members who selected the \$100 monument benefit as at July 1st, 1914, the monument benefit is limited to \$50 and is contingent upon there being a surplus above liabilities. The full reserve, however, has been made throughout for the minimum amount of monument benefit.

THE INDEPENDENT ORDER OF FORESTERS.

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1918.

Supreme Chief Ranger—W. H. HUNTER, B.A.

Supreme Treasurer—F. E. HAND.

Supreme Secretary—F. J. DARCH.

Actuary—S. H. PIPE, F.A.S., A.I.A.

Head Office, Toronto.

(Originally incorporated under chapter 167 of the Revised Statutes of Ontario, 1877; subsequently incorporated by an Act of Parliament of the Dominion of Canada, 52 Vic., cap. 104, assented to May 2, 1889, amended by 59 Vic., cap. 51, assented to April 23, 1896; amended in 1901 by 1 Edward VII, cap. 100. By an Act 3-4 Geo. V, cap. 113, 1913, the Acts relating to the Society were consolidated and amended and the name of the Society was changed from "The Supreme Court of the Independent Order of Foresters" to "The Independent Order of Foresters." Previous Acts relating to the Society were by this Act repealed save and except the preamble and sections 3, 4 and 5 of chapter 100 of the Statutes of 1901. The consolidated Act was amended in 1915 by 5 Geo. V, cap. 76. See also Ontario Statutes, 1901, 1 Edward VII, cap. 107. Licensed to transact business in Canada, May 1, 1896.)

Supplementary contracts not involving life contingencies.....			36,139
Disability annuities.....			8,036
Totals.....	175,109	170,999,917	42,203,952

MISCELLANEOUS STATEMENT.

1. *The calculation of the Reserve in the statement of Actuarial Liabilities.—*

(1) The reserves are calculated upon the basis of the Foresters' Mortality and Secession experience (1887–1907) and 4 per cent interest for business issued after 1898, and the mortality experience only and 4 per cent interest for business issued prior to 1899.

The total and permanent disability benefit consists of the payment of 70 per cent of the face of the certificate in three annual instalments of 30 per cent, 20 per cent and 20 per cent, respectively, in settlement of all claims under the certificate. This is a somewhat more favorable settlement to the Order than that of paying the face of the certificate at death. Consequently, no extra reserves are maintained for this benefit prior to disability, and the unpaid instalments of matured claims are discounted at 4 per cent as the reserves for these claims.

The Old Age Benefit consists of the payment of 70 per cent of the face of the certificate in one sum in settlement of all claims under the certificate. This benefit is assumed to be paid in any case.

The business involving the lapse factor was valued by select tables according to age of entry and duration, the other business was valued according to age attained, which is the nearest birthday at entry plus year of valuation minus year of entry, plus one half.

Special classes—

- (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (c) No policies have been issued subject to liens.
- (d) Policies subject to extra premiums have been valued as ordinary policies.
- (e) No policies have been issued on substandard lives.
- (f) Policies providing for disability benefits have been valued as above indicated.
- (g) No annuities have been issued on under-average lives.

(2) (f) A special reserve of \$1,600,000 is included with Liabilities, estimated to be sufficient to meet war and epidemic mortality and any further reduction in the market value of securities.

4. The Order has not yet distributed profits in the sense in which "distribution of profits" is ordinarily understood. The members who entered the Order prior to 1899 are receiving an addition to the sum assured of \$75 per \$1,000, and payable upon the maturity of the certificates by death or disability.

The Securities of the Life Account, the West of England Life Fund, the Union Life Fund are included at the values to which they were adjusted at the last Quinquennial Valuations; the sum of £13,255 16s. 8d. has been written off the Book Values of the Securities of the Liverpool Victoria Life Fund. The Securities of the Hand-in-Hand Fund will be reviewed at the next Valuation of that Fund, and are included at Book Values.

The remaining assets in the above Balance Sheet are included at Book Values, and are in our belief, in the aggregate fully of the value stated, less the Investment Reserve and Contingency Fund.

Part of the Assets has been deposited under Local Laws in various places out of the United Kingdom as security for holders of Policies there issued. No part of any fund has been applied directly or indirectly for any purpose other than the class of business to which it is applicable.

Bills Payable.....	7,251	14	5
Amounts due to Agents and others.....	435,937	4	5
Unclaimed Dividends and Interest, including Interest due 1st January 1910, on "Union" Debenture Stock.....	10,353	8	4
.....	1,587,285	5	11
Life Department.....	19,775,515	19	1
West of England Life Fund.....	7,632,746	7	9
Hand-in-Hand Fund.....	440,495	14	3

DEPARTMENT OF INSURANCE,

OTTAWA, March 1, 1919.

SIR,—I have the honour to enclose herewith an abstract of the business of Insurance in Canada for the year 1918. The Abstract has been made from the attested statements returned by the companies, but must be considered as subject to correction.

I shall have the honour to report to you at a subsequent date these statements in full after making the usual inspection at the Head Offices.

Fire Insurance.

Notwithstanding the unusually large value of property destroyed by fire during the year 1918, the experience of the companies has not been unfavourable. This is probably in part due to the fact that the fire insurance companies were not liable in the case of several of the largest losses, and in part by the large proportion of value not covered by insurance due to appreciation since the insurance was effected.

The results of the year's operations in fire insurance in Canada may be shown by the following figures, the ratios for 1917 being also given for the purpose of comparison:—

	Premiums received.	Losses paid.	Ratio losses paid to premiums received.	The same 1917.
	\$	\$		
Canadian companies.....	5,493,274	2,740,065	49.88	49.69
British companies.....	18,559,696	9,908,040	53.38	51.22
Foreign companies.....	11,680,413	6,637,610	56.83	55.63
Totals	35,733,383	19,285,715	53.97	52.42
Totals for 1917	31,246,530	16,379,102		

The foregoing figures do not take into account the change during the year in the uncollected premiums and agents' balances, the change in the reserve of unearned premiums or the change in the outstanding unpaid losses of the companies. In other words, the figures are compiled on a cash, not a revenue, basis and therefore are not the most suitable for ascertaining the profit or loss on the underwriting for the year. If there is deducted from the premiums written during the year the increase in the reserve of unearned premiums during the year there is obtained the amount of premiums earned and by comparing with this the amount of losses incurred, the actual loss ratio for the year is obtained. These ratios will be found on pages 74 and 75 and may be summarized as follows:—

	Premiums earned.	Losses incurred.	Ratio losses incurred to premiums earned.	The same 1917.
	\$	\$	%	%
Canadian Companies	5,267,851	2,556,274	48.53	54.48
British Companies.....	17,420,883	9,345,935	53.65	57.15
Foreign Companies.....	11,036,366	6,409,915	58.08	64.36
Totals	33,725,100	18,312,124	54.30	59.03

9 GEORGE V. A. 1919

The form of statement furnished to the companies this year provided for a more complete separation of the the figures regarding the business according to the term of the policies than has been required heretofore, and it will be possible hereafter to show separately the experience of the business written for a term of one year or less and that written for the longer terms. Complete figures have not yet been received owing to the difficulty experienced by a number of companies in making the separation, but it is improbable that the final figures will differ materially from the following:—

	Rates of losses incurred per cent of premiums earned.	
	One Year or less.	All others.
	%	%
Canadian Companies.....	67.83	45.48
British Companies.....	56.15	49.01
Foreign Companies.....	59.98	62.62
Totals.....	58.63	51.22

The rate of premiums charged per cent of risks taken is lower than in 1917. The record for the last six years is as follows:—

	1918.	1917.	1916.	1915.	1914.	1913.
	%	%	%	%	%	%
Canadian Companies.....	1.09	1.14	1.19	1.25	1.24	1.33
British Companies.....	1.06	1.08	1.08	1.17	1.19	1.21
Foreign Companies.....	1.02	1.03	1.04	1.08	1.09	1.11
Totals.....	1.05	1.07	1.09	1.16	1.17	1.21

Separating the one-year and short term business from the longer term business the respective rates are as follows:—

	One Year or less.	All others.
	%	%
Canadian Companies.....	1.04	1.22
British Companies.....	1.04	1.15
Foreign Companies.....	1.00	1.21
Totals.....	1.02	1.18

SESSIONAL PAPER No. 9

There is included in this Abstract on pages 66 to 73 inclusive, figures showing the premiums written and losses incurred by fire insurance companies licensed by the Department according to Provinces. The totals for the year 1918 are given below and also for purpose of comparison, the corresponding figures for 1917 and 1916:—

Province.	1918.			Ratio. 1917.	Ratio. 1916.
	Premiums Written.	Losses Incurred.	Ratio.		
	\$	\$	%	%	%
Alberta.....	2,750,615	1,206,550	43.86	32.87	47.90
British Columbia.....	4,140,674	1,198,047	28.93	25.40	45.00
Manitoba.....	3,065,399	1,866,505	60.89	59.15	52.09
New Brunswick.....	1,684,358	705,829	41.90	59.54	60.50
*Nova Scotia.....	1,715,198	880,469	51.33	94.85	50.16

Life Insurance.

The year 1918 has been the most momentous in the history of Canada, so far as the experience of life insurance companies is concerned. After four years of unusually heavy mortality due to the war, the epidemic of Spanish influenza which swept over Canada during the last three months of the year subjected the companies to a strain which life insurance companies have seldom if ever been called upon to bear. That they have survived the strain must be regarded as an evidence of the soundness of their position.

The returns furnished by the life insurance companies show that the new business written in Canada amounted to \$313,060,106, as compared with \$282,120,430 in 1917, while the payments for death claims amounted to \$23,525,949, as compared with \$18,932,776 in 1917. The effect of the war and influenza on the losses incurred by life insurance companies in each of the years 1914, 1915, 1916, 1917, and 1918, can be seen from the tables on page 173, which have been compiled from information furnished by the companies in response to a special circular letter of enquiry issued by the Department early in the current year.

On pages 160 to 168 there will be found a statement of the various funds of these Canadian life insurance companies which have reached the stage at which dividends are being paid to either shareholders or policyholders, and also a statement of the revenue and expenditure in the participating, non-participating and shareholders' accounts respectively during the year 1918.

*In connection with the losses incurred in 1917 in the Province of Nova Scotia, shown in last year's report it should be pointed out that the estimate of the Halifax disaster losses was made on the basis of the full face value of the policy in cases where fire occurred. An adjustment was made, however, during 1918, on the basis of the estimated portion of the loss due to fire as distinguished from explosion, and the amount actually paid was less than the estimate contained in last year's report by the sum of \$367,615. Taking this difference into account, the Nova Scotia ratio for 1917 becomes 69.29, instead of 94.85 as shown above.

9 GEORGE V, A. 1919

Insurance other than Fire and Life.

The premiums received and losses paid in respect of the various classes of casualty insurance in Canada are as follows:—

	Premiums received.	Losses paid.
	\$	\$
Accident.....	1,795,176	725,815
Combined Accident and Sickness.....	915,373	537,192
Automobile (including fire).....	919,113	383,917
Automobile (excluding fire).....	1,232,747	395,271

Totals.....	13,877,793	6,493,820

Total Insurance in Canada.

The Department has continued the practice adopted two years ago of collecting the more important information respecting the business of companies operating under provincial jurisdiction, and a summary of this information will be found on pages 76, 114 and 174. The figures have been kindly furnished by the companies in response to a circular letter issued by the Department, and, while replies have not at this date been received from all, the omissions are not believed to be important.

I have the honour to be, sir,

Your obedient servant,

G. D. FINLAYSON,

Superintendent of Insurance.

To the Honourable Sir Thomas White,
Minister of Finance,
Ottawa.

9 GEORGE V, A. 1919

Fire Insurance in Canada.

In Volume I of the report of last year there was included a tabulation giving certain information in respect of the business transacted by all fire insurance companies in Canada, including provincial as well as Dominion licensees, for the year 1917.

This year, circulars were sent to all provincial licensees asking for the figures in respect of the business for the year 1918 showing:—

1. Net amount of insurance written.
2. Net amount of insurance in force at the end of the year.
3. Net premiums received.
4. Net losses paid.

after deducting in each case reinsurance in companies licensed in Canada.

The inquiry extended to every company, stock or mutual, Canadian or foreign, carrying on business in Canada under provincial jurisdiction during the year 1918 and returns have with a few important exceptions been received from all. The number of provincial licenses, including 3 British and foreign companies, making returns in respect of fire insurance was 201 of which 6 appear to have transacted business outside the provinces by which they were incorporated.

The tabulation which appears below and the tabulation of unlicensed fire insurance on page 77 show that the fire insurance effected in 1918 on property situated in Canada was as follows:—

Dominion licensees.....	\$ 4,570,798,251
Provincial licensees.....	375,487,122
Unlicensed companies.....	318,700,095
Total.....	\$ 5,264,985,468

The net premiums received and net losses paid by licensed companies during the year and the net amount of insurance in force in those companies at the end of the year are given below. The returns required to be filed by persons effecting insurance in unlicensed companies do not give this information:—

	Insurance in force Dec. 31, 1918.	Net premiums received.	Net losses paid.
Dominion licensees.....	\$ 4,585,923,617	\$ 35,733,383	\$ 19,285,715
Provincial licensees.....	907,727,722	3,698,239	2,052,441
	\$ 5,493,651,339	\$ 39,431,622	\$ 21,338,156

9 GEORGE V, A. 1919

Miscellaneous Insurance in Canada, 1918.

In Volume I of the report last year there was included a tabulation showing the total volume of premiums received and claims paid by companies and societies transacting casualty insurance in Canada, including provincial as well as Dominion licensees, for the year 1917.

This year circulars were sent to all provincial licensees asking for the same information in respect of the business for the year 1918, the figures required to be net after deducting reinsurance in companies licensed in Canada.

The inquiry extended to every company, Canadian or foreign, and to every fraternal or mutual benefit society, Canadian or foreign, operating in Canada under provincial jurisdiction and returns have, with a few unimportant exceptions, been received from all. The number of provincially incorporated companies making returns in respect of casualty insurance was 25, of which 6 also transacted fire and life insurance and 7 appear to have transacted business outside of the provinces by which they were incorporated. The number of fraternal or mutual benefit societies making the return was 131, and of these 22 carried on life insurance as well as sickness and accident insurance and 8 operated outside of the provinces in which their Head Offices were situated.

The net premiums received and net losses paid for miscellaneous classes of casualty insurance are as follows:—

Business transacted by.	Net premiums received.	Net losses paid.
	\$	\$
1. Dominion licensees	13,877,793	6,133,820
2. Provincial licensees—		
(a) Provincial companies within provinces by which they are incorporated. . .	1 616,467	924,276
(b) Provincial companies within provinces other than those by which they are incorporated.	607,759	424,434
(c) British and Foreign Companies.	25,847	24,865
Total Provincial licensees.	2,250,073	1,373,575

ABSTRACT

OF STATEMENTS MADE BY COMPANIES LICENSED TO DO
BUSINESS OF LIFE INSURANCE IN CANADA, FOR
THE YEAR 1918, IN ACCORDANCE WITH
THE INSURANCE ACT, 1917.

NOTE.—In Income and in Disbursements certain items are divided into (1) Transactions of 1918, and (2) Arising out of Transactions of 1917 and earlier. The division was made by reason of a change in the form of Annual Statement requiring all Companies to show as claims of the year of account the full cash value of claims arising in the year but payable by instalments for a term of years or for life (Supplementary Contracts), a balancing amount being included in Income in "Consideration for Supplementary Contracts." Also policyholders profits taken otherwise than in cash, as for example, applied to purchase a reduction in premiums, are required by the new form of Statement to be shown in the Disbursements for the full cash value in the year in which the premium reduction is granted, a balancing amount being included in Income in "Single Premiums." Heretofore all Canadian Companies and some British and Foreign Companies have shown in Disbursements only actual cash payments in respect of these items, so that in view of the change in the form of Statement there would not be shown in subsequent years in Disbursements as "Payments in respect of Assurance Contracts" either instalment payments of claims of 1917 and earlier years or payments in respect of premium reductions which vested in 1917 or earlier. It was therefore thought that the transition from the old form of Statement to the new would be better made by including as separate items in the Disbursements of 1918 the commuted values of supplementary contracts and premium reductions current as at 31 December 1918 which arose in 1917 and earlier years.

9 GEORGE V, A. 1919

*Including the Sickness and Funeral Department. †Estimated. ‡Including a Special reserve of \$1,600,000.

(a) This Association was incorporated by a Special Act of Parliament during the 1917 session with powers to acquire the assets and assume the liabilities of the Provincial Association of the same name operating under a charter granted by the Province of Quebec in 1892. The Association was licensed in December, 1917, and now operates under the provisions of the Insurance Act, 1917, of Canada. By the said Special Act the Association is required to maintain such reserve as the Superintendent of Insurance determines to be necessary, having regard to the benefits granted and the rates of contribution therefor.

(b) This Association was incorporated by a Special Act of Parliament during the 1917 session with powers to acquire the assets and assume the liabilities of the Provincial Association of the same name operating under a charter granted by the Province of Quebec in 1877. The association was licensed in December, 1918, and now operates under the provisions of the Insurance Act, 1917, of Canada. By said Special Act the Association is required to maintain such reserve as the Superintendent of Insurance determines to be necessary, having regard to the benefits granted and the rates of contribution therefor.

(c) The Association is operating under the provisions of the Insurance Act, 1917, and is required to make assessments adequate with its other available funds to meet all obligations under its policies without deduction or abatement. The Association is not required by the Insurance Act (See Sec. 107) to maintain the reserve which is required of ordinary life insurance companies. In pursuance of a resolution passed at the triennial convention of the Association in August, 1913, the Grand Trustees sought and procured legislation during the 1914 session of Parliament authorizing the Grand Trustees to increase the rates of members to an amount sufficient to make the Association actuarially solvent. A revised schedule of rates prepared in pursuance of the said resolution and legislation came into effect on July 1, 1915.

(d) The society is operating under the assessment system and by the provisions of the Insurance Act is required to make assessments adequate with its other available funds to meet all obligations under its policies without deduction or abatement. While not required by the Insurance Act (See Sec. 107) to maintain the reserve which is required of ordinary life insurance companies, the Society on 1st January 1916, put into effect a readjustment of rates and benefits with the object of thereafter transacting business on an actuarial basis and maintaining an adequate reserve.

(e) The constitution and laws of this society adopted in 1913 provide that the Executive Council shall have power at any time to order such extra assessments as may be necessary to fulfil the requirements of any Act of the Parliament of Canada which may at any time be in force. The Act, 5 George V, chapter 75 requires the society to maintain in respect of all its outstanding mortuary benefit certificates or policies a reserve on the basis of the Foresters experience and four per cent annual interest.

(f) This Order is a friendly Society incorporated by Special Act of the Parliament of Canada and operates under the provisions of the Insurance Act. While not required by the Insurance Act, (See Sec. 107) to maintain the reserve which is required of ordinary life insurance companies the Order, on the 1st July, 1914, put into effect a readjustment of rates and benefits with the object of thereafter transacting business on an actuarial basis and maintaining an adequate reserve.

**WAR CLAIMS INCURRED BY INSURANCE COMPANIES
IN CANADA.**

With a view to ascertaining the extent to which the life insurance companies in Canada have been affected by the war, a circular was sent to each company asking for the figures showing the war claims incurred during the year 1918. The claims were further classified in the four years 1914, 1915, 1916 and 1917, according as were incurred under policies held by

- (A) Enlisted soldiers killed in action, or dying from wounds;
- (B) Enlisted soldiers dying from other causes; and,
- (C) Other persons engaged in war service or civilians dying as a result of military operations.

In 1918 section (B) is divided as follows:—

Enlisted soldiers dying from—

- (1) Influenza, pneumonia or grippe,
- (2) All other causes.

In order that the enquiry might be as comprehensive as possible the circular was directed to the life insurance companies and the large number of fraternal societies operating under Provincial Licenses as well as to all such companies and societies licensed by this Department.

Returns have now been received from all companies and societies with the exception of a few small Provincial fraternal societies the figures for which will not appreciably affect the totals. The tabulation of the figures received together with those of previous years gives the following results:—

INFLUENZA CLAIMS INCURRED BY INSURANCE COMPANIES IN CANADA.

The epidemic of Spanish influenza which affected Canada during the latter part of the year 1918 was of so widespread a nature and occasioned so many deaths either directly or indirectly through consequent diseases that it has been deemed advisable to obtain a summary of the resulting losses incurred by life insurance companies in Canada.

The returns were made at the same time and received from the same sources as the war claims. The figures include claims incurred on account of enlisted soldiers dying from influenza, pneumonia, or grippe, shown under B (1) above. The results are as follows:—

9 GEORGE V, A. 1919

DEATH CLAIMS DURING OCTOBER, NOVEMBER, AND DECEMBER, 1918, DUE TO INFLUENZA, PNEUMONIA, OR GRIPPE.

	Dominion Licensees.	Provincial Licensees.

British and foreign policyholders of Canadian Companies.....	941,352
	8,733,050	1,070,256

LIFE INSURANCE IN CANADA, 1918.

The tables and detailed statements to be found in this report contain the figures of companies licensed by this Department only, and as there are a number of companies operating under provincial licenses the figures cannot be taken as a record of the entire life insurance business in Canada. The statistics for the provincial companies can be obtained later in the year from the reports of the various provincial governments but as it is desirable to have the figures combined so that a complete statement of the entire Canadian business can be obtained without reference to separate reports, the following table has been prepared from the figures appearing elsewhere in this volume respecting Dominion licensees and from replies received to a circular letter of inquiry sent by the Department to Provincial licensees early in the present year.

The number of provincial licensees contributing to the compilation is 53, of which 48 are fraternal societies. Of these fraternal societies, 33 are Provincial and 15 are foreign societies. All the ordinary life insurance companies are Provincial corporations and 3 of these companies transacted business in provinces other than those in which their Head Offices were situated.

Business transacted by	Net Insurance written.	Net Insurance in force Dec.31,1918.	Net premiums received.	Net losses paid.

GREAT WEST LIFE--Concluded.

[illegible]

9 GEORGE V, A. 1919

IMPERIAL LIFE—Concluded.

[illegible]

NOTE.—On account of the high mortality and other conditions brought about by the War, no bonuses were distributed at the close of the quinquennium ending 31st December, 1917. Interim bonuses are, however, being paid under policies now maturing for each year in force since 1917.

MUTUAL LIFE OF NEW YORK (Canadian Business)—Concluded.

[illegible]

NOTE.—No Quinquennial Dividend Policies have been issued since 1908.

NOTE.—NO SUBSEQUENT DIVIDEND PAYOUTS HAVE BEEN ISSUED SINCE 1990. Dividend factors for earlier years not available for this age nor for the adjacent ages.

* In cases where two items are entered, the lower line shows the regular dividend, the upper line an "extra dividend," which can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy values. Where only one sum is entered, no extra dividend is available.

of good nature and consents to a reduction in policy values, where only one sum is entered, no extra dividend is available. If in cases where two items are entered, the lower line gives the cash dividend on '1898 form' policies, whose cash value at the end of the distribution period is the Net American 3½% Reserve on the upper line the dividend on '1899 form' policies, in connection with which an 'extra' dividend equal to the difference between the '1898 form' dividend and the '1899 form' dividend can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy value. Where only one sum is entered, no extra dividend is available.

No 10-year distribution policies have been issued since the year 1966.

To the ages of Ordinary Life, 15 Payment and 10 Payment Life, 15-year Distribution policies issued in 1973 and certain 20-year Distribution policies issued in 1983 on Ordinary Life 20-Payable can be obtained if the insured furnishes satisfactory evidence of good health and consents to a reduction in policy values. Where only one sum is entered, no extra dividend is available.

[illegible]

The Company does not issue Annual Dividend or 10 Year Deferred Dividend Policies.

These figures represent the complete schedule from which the profits on Canadian policies actually participating were ascertained.

The Bonus declared at the end of the deferred periods is a reversionary one. The amount entered in the "Dividend" Column is the Cash Value of this Reversion at the end of the period of payment. At the end of the deferred period, the Bonus is almost invariably co-terminous with the date of maturity and therefore the "Cash" and "Reversionary" values are identical. The Whole Life Reversion used for converting the Bonus into Cash is based on the English Life Table No. 1.

SESSIONAL PAPER No. 9

LEGAL DECISIONS.

1. FIRE INSURANCE.

(a) *Vacancy of Building—Nullity of Policy—Notice—Proof—Delay—Condition Precedent—C. C., Arts. 2478, 2574.*

1. The vacancy and non-occupancy of a building insured against fire, without the consent or the knowledge of the insurer is material to the risk and renders the policy null and void.

2. Where a policy requires that the insured must furnish proof of loss within sixty days after the fire, in the manner and form therein provided, the compliance with these provisions of the policy is a condition precedent to the right of action to recover the loss.

May 27, 1917.—Quebec Superior Court.—*Anderson v. Norwich Union Fire Insurance Society.*—LIII, Quebec Reports, 409.

(Inscription in Review rejected on June 17, 1917. A similar judgment was rendered, at the same time, by Mr. Justice Maclellan in the case of the same plaintiff v. *The Scottish Union & National Insurance Company*, No. 2134, S.C.)

(b) *Act 8, Geo. V, c. 26 (1913)—Conditions under—Change Material to Risk—Notice—Knowledge of Agent—Estoppel.*

In an action to recover a loss on a stock of merchandise the defendant company refused to pay more than its *pro rata* proportion of the total insurance which had been effected on the property, including four policies effected by companies that refused to contribute on the ground that such policies had been avoided by a change of the location of the goods insured, to which change they had not assented and of which they had had no notice.

Held, that a change of the location of a stock of merchandise insured under policies which assume the risk only when contained in a specified building from the building specified to another avoids the policy absolutely. Such a stipulation is part of and of the essence of the contract, and is not a condition limiting the liability of the company assuring, which is not binding unless set forth in the policy in the manner required by the Insurance Act.

The fact that the agent of the companies claiming their policies were avoided by the change of location was aware of the change of location and that another agent—not having authority to consent to the change—took the policies from the assured with the intention of having the consent of the assurers to the change indorsed thereon, but neglected to do so, will not operate as an estoppel against the assurers claiming that the risk had been avoided.

March 16, 1917.—Supreme Court of New Brunswick.—*Arnold v. The British Colonial Fire Insurance Company.*—XLV, New Brunswick Law Reports, 285.

(c) *Statutory Conditions—Policy—Issued in 1915—Vacancy as Defence—Condition No. 3 of Ch. 20, 1914.*

A policy of fire insurance issued in August, 1915, and endorsed with what purports to be the statutory conditions introduced in 1903 is subject, as a matter of law, to the statutory conditions under ch. 20 of 1914, which took effect on January 1, 1915 (*Citizens' Insurance Co. v. Parsons*, 7 App. Cas. 96; 51 L.J.P.C. 11 followed).

Where an insured building was vacant at the time of the fire and had been vacant to the knowledge of the assured, without the consent in writing of the insurance company, for 30 days prior thereto, statutory condition No. 14 (g) of ch. 20, 1914 frees the company from liability under a policy governed by that Act.

March 7, 1918.—*Boutry (Plaintiff), Respondent v. North British & Mercantile Insurance Company (Defendant) Appellant.*—Alberta Supreme Court, Appellate Division—(1918) 1 Western Weekly Reports, 704.

(d) *Application—Misstatement as to insurable interest.*

Plaintiff applied to defendant company to effect insurance on farm buildings, and, in connection with his application, in answer to the question "What is your title to or interest in the property," replied, "Sole owner."

It appeared that, at the time of the application, plaintiff was in possession of the property under lease for a term, with a covenant on the part of the lessor that, if the plaintiff paid the agreed price on or before a fixed date, he would receive a deed of the property. At the time of the application the plaintiff had not paid the sum agreed or any part thereof and his only interest was as tenant.

Held, that plaintiff could not recover, and his appeal must be dismissed with costs.

Supreme Court of Nova Scotia.—*Daniels v. The Acadia Fire Insurance Co.*—LI, Nova Scotia Law Reports, 133.

(e) *Contents of Barn—Hay stacked outside not included—Limitation of Liability—Provision in Application—Whether forming Part—Insurance Act, R.S.O. 1914, ch. 183, secs. 156 (1), (3), 193 (1)—Statutory Condition 8—Mutual Insurance Company—Membership in, of Assured—By-Law—Value of Property destroyed—"Estimated Value"—Percentage of, only insured—Absence of Proof of Excess.*

The defendants issued a policy insuring the plaintiff to the extent of \$1,600 against loss by fire in respect of the ordinary contents of a barn. During the currency of the policy, the barn was burned with its contents, which were admittedly of the cash value of \$850. The defendants contended that their liability was limited to two-thirds of the value of the property destroyed, by reason of a term in the application for the insurance, signed by the plaintiff, that "not more than two-thirds of the cash value of any building or personal property will be insured by this company." The policy referred to the application as forming part of the policy. By the policy itself, the insurance was against loss or damage by fire to the amount of \$1,600, "such loss or damage to be estimated according to the true and actual cash value of the said property at the time the same shall happen." No statement of the cash value appeared in the application. On the back of the policy was printed statutory condition 8, which provides: "After application for insurance it shall be deemed that any policy sent to the assured is intended to be in accordance with the terms of the application, unless the company points out in writing the particulars wherein the policy differs from the application."

Held, by the majority of the Court, that the plaintiff, having applied for \$1,600 insurance on the contents of his barn, and having by his application indicated his agreement with the statement that the defendants would not insure more than two-thirds of the value or estimated value, was entitled to rely upon condition 8 and to treat the contract as based upon the fact that the amount of insurance applied for and granted was within the two-thirds limit; and it was not necessary to consider whether the application was really made part of the contract.

Per Ferguson, J. A., that having regard to the provisions of sec. 156 (1) and (3) and sec. 193 (1) of the Ontario Insurance Act, R.S.O., 1914, ch. 183, the application was not to be considered; the rights of the parties were to be determined by the language of the policy alone.

A by-law of the insurance company (defendants) restricted the company from insuring more than two-thirds of the estimated value. The plaintiff, as

SESSIONAL PAPER No. 9

a policy-holder, was a member of the company; and it was argued that he could not claim more than two-thirds of the loss:—

Held, per Curiam, that, as there was no proof that \$1,600 exceeded two-thirds of the estimated value, the defendants were not aided.

Judgment of Latchford, J., in favour of the plaintiff for the recovery of the full sum of \$850, affirmed.

Per Latchford, J.:—Hay stacked outside the barn could not be considered to be included in the "contents" insured.

June 14, 1918.—Ontario Supreme Court, Appellate Division.—*Forsyth v. Walpole Farmers Mutual Fire Assurance Company*.—XLIII, Ontario Law Reports, 236.

(f) *Statutory Condition requiring Production of Accounts and Invoices—Production of Invoices as Condition Precedent to Action—Proof of Loss—False Valuations—Sufficiency of Evidence—Effect on Claim.*

A statutory condition of a fire insurance policy that the insured shall in support of his claim, if required and if practicable, produce books of account and furnish invoices and other vouchers, does not make the procuring and production of copies of invoices a condition precedent to his right of action. (*Strong v. Crown Fire Insurance Co.*, 29 O.L.R. 33, followed).

To justify holding an assured guilty of having made a false or fraudulent statement in his proof of loss the evidence ought to be clear and satisfactory and leave no room for any reasonable inference but that of guilt, and where evidence that the assured had made an excessive estimate of his loss is relied upon as proof of his fraudulent intent the estimate should be so extravagant as to lead necessarily to the conclusion that the excess was due, not to an error of judgment but to an intention to defraud (*Adams v. Glen Falls Ins. Co.*, 37 O.L.R. 1, at p. 16, followed).

A wilfully false statement of value in the statutory declaration of loss under a fire insurance policy vitiates the claim (*Maple Leaf Milling Co. v. Colonial Assurance Co.* (1917), 2 W.W.R. 1091, followed) and where a building and a stock of goods therein are insured under one policy, such a statement with respect only to the value of the building defeats the entire claim (*Harris v. Waterloo Mutual Fire Insurance Co.*, 10 O.R. 718, followed).

April 26, 1918.—Manitoba King's Bench.—*Kibzcy v. The Home Insurance Company*.—(1918) 2 Western Weekly Reports, 541.

(g) *Indemnité—Arbitrage—Sentence arbitrale—Formalités—Acquiescement—Réparation—Mandat—C. civ.-art. 1730, 2478, 2507—C. proc., art. 1442.*

1. Une compagnie d'assurance contre l'incendie, agissant par son agent, qui consent à un arbitrage pour déterminer l'indemnité à laquelle un assuré a droit après l'incendie de sa bâtisse qui nomme son arbitre et lui fournit tous les blanc-seings et autres papiers nécessaires, donne à l'assuré suffisantes raisons de croire que son agent et son arbitre sont autorisés de lui permettre de commencer les réparations alors urgentes à la propriété incendiée avant que la sentence arbitrale ne soit rendue.

2. La sentence arbitrale portant les signatures des trois arbitres, dans ces circonstances, n'est pas nulle, parce qu'elle n'aurait pas été reçue par un notaire, vu que cette obligation incombait autant à la défenderesse qu'au demandeur; et que le représentant de ce dernier s'en était emparé et l'avait remise au gérant de la compagnie.

3. Lorsque une compagnie d'assurance a consenti à faire déterminer par les arbitres l'indemnité due à un assuré, elle ne peut ensuite révoquer cet arbitrage, ni invoquer le droit que lui donnent les conditions de la police de faire elle-même, à la bâtisse assurée, les réparations que l'incendie a rendu nécessaires.

April 22, 1918.—Quebec Superior Court.—*Lalande v. The Phoenix Insurance Company of Hartford*.—54, Quebec Reports, 460.

9 GEORGE V, A. 1919

- (h) *Loss payable to Mortgagee—Right of Mortgagee to sue on Policy—Effect of Adjustment between Company and Named Assured—Liability of Company as unliquidated Damages—“Debt.”*

Practice—Interpleader—Right to—Rule 489—Meaning of “Money” in.

A mortgagee to whom under the terms of a fire insurance policy the loss thereunder is made payable is entitled to sue upon the policy (*Agricultural Savings & Loan Co. v. Liverpool, London and Globe Ins. Co.*, 3 O.L.R. 127 reversed on other grounds, 33 S.C.R. 94 followed) and is not bound by an adjustment made with the person named as the assured. Until an adjustment is made as between the mortgagee and the insurance company the liability which it is under is one for unliquidated damages and not for a debt.

A liability for unliquidated damages is not a liability for money even though ultimately money may be paid in settlement of it.

“Money” in Rule 489, providing for the granting of relief by way of interpleader, means some specific sum of money in the applicant’s possession or under his control, either in cash or to his credit in his bank account or elsewhere, and not a sum of money which he is willing to pay or may be forced to pay in discharge of a liability for unliquidated damages (*Moss v. Hancock* (1899) 2 Q.B. 111; 68 L.J.Q.B. 657 followed).

May 14, 1918.—Alberta Supreme Court Chambers.—*In re the Liverpool and London and Globe Insurance Company, Limited, and the Canadian Fire Insurance Company and Kadlac, et al.*—(1918) 2 Western Weekly Reports, 429.

- (i) *Practice—Interpleader—Right to—Rule 489—Meaning of “Money” in—Admission of Liability by Fire Insurance Company as to Part of Amount claimed—Priorities between Mortgagee and Lienholders under Mechanics’ Lien Act.*

Fire—Effect of S. 12 Mechanics’ Lien Act, Ch. 21, 1906—Applicability of S. 27, Trustee Ordinance, Ch. 119, C.O.—Payment into Court.

Where the claimants of the proceeds of a policy of fire insurance are jointly interested, but not adversely to one another, in establishing as great a liability as possible in the insurance company, and the question outstanding, once the amount of such liability is settled, is that of the claimants’ respective rights and priorities under *The Mechanics’ Lien Act*, an application by the company for leave to interplead is not the proper procedure for it to take in respect to the amount which it admits to be due (per Stuart, J., Harvey, C.J., concurring, Beck, J. contra, Hyndman, J., concurred with Walsh, J., ante p. 429, in the view that the liability of the company is one for unliquidated damages and not for a debt or money and therefore it is not entitled to interplead).

By the effect of sec. 12 of *The Mechanics’ Lien Act*, ch. 21, 1906, whereby insurance moneys are made subject to the same liabilities as the property destroyed or damaged, an insurance company which admits liability in respect to property against which mechanics’ liens are filed is a trustee of the amount of such liability, and, where in such circumstances there is a dispute between the lienholders and mortgagees as to how the money is to be divided, sec. 27 of *The Trustee Ordinance*, ch. 119, C.O., is applicable, and, therefore, the company is entitled under Rule 448 to petition for leave to pay the money into Court (per Stuart, J., Harvey, C.J. concurring).

The word “money” in Rule 489, which declares what persons are entitled to relief by way of interpleader, ought to be interpreted in a wide sense so as to include a claim for money which the applicant for interpleader is under liability to pay, whether his liability is to pay the money as debt or damages or otherwise and regardless of whether the precise amount of the money for which he is liable has been ascertained, provided that the rival claims are in respect to the same money (*re C.P.R. Co. and Carruthers*, 17 P.R. 277, and *Molsons Bank v. Eager*, 10 O.L.R. 452 followed), (per Beck, J., Hyndman, J., contra).

SESSIONAL PAPER No. 9

Interpleader may be ordered with respect only to part of a sum, where liability for the residue is in dispute: *Reading v. London School Board*, 16 Q.B.D. 686 (per Beek, J.).

June 28, 1918.—Supreme Court of Alberta, Appellate Division.—*The Liverpool and London and Globe Insurance Company, Limited, et al. (Plaintiffs), Appellants, v. Kadlac et al. (Defendants) Respondents.*—(1918) 2 Western Weekly Reports, 727.

(j) *By-Laws of Municipality as Part of Contract—Use of American Decisions—Subsequent Insurance—Assent of Company—Breach of Conditions—Waiver of—Authority of General Agent—Effect of Mortgage Clause upon Waiver—Variation of Statutory Condition—Unreasonableness—Onus of Proof.*

Contracts of fire insurance must be taken to be made subject to the provisions of fire by-laws in force in the municipality as to limitations of repairs on partially destroyed buildings (*Larkin v. Glen Falls Insurance Co.*, 83 N.W.R. 409 and *Hamburg Bremen Fire Insurance Co. v. Garlington*, 18 S.W.R. 377, followed).

In the absence of English and Canadian authorities it is well to have regard to American authorities in fire insurance cases; see *Westminster Woodworking Co. v. Stuyvesant Insurance Co.*, 9 W.W.R. 418; *Cory v. Burr*, L.R. 9 Q.B.D. 463. (Per Macdonald, J., at the trial, and Murphy, J., in *McCoy v. North Empire Fire Insurance Co.*)

Under the 8th statutory condition in fire insurance policies which requires notice of subsequent insurance to be given the company, the assent need not necessarily be written and may be given before or after the loss, and where subsequent insurance has been effected, notice of it in writing is not a prerequisite to a valid assent. (*Mutchmor v. Waterloo Mutual Fire Insurance Co.* (1902), 4 O.L.R. 606 followed.) (Per Macdonald, J., at the trial, Martin and McPhillips, J.J.A. on appeal; Galliher, J.A., held the *Mutchmor Case* distinguishable, although one to be followed where the facts are on allfours with it.)

A general agent for a foreign insurance company, who is also its attorney under the *Companies Act* of B.C., and who has authority to issue policies, employ adjusters, accept proofs, and settle losses, must be deemed in the same position as the head office of the company in so far as to constitute an offer of settlement made by him a waiver of objections that the company might raise, e.g., as to subsequent insurance without notice, although in his capacity as an adjuster he is protected by a non-waiver agreement. (Per Macdonald, J., at the trial, Martin and McPhillips, J.J.A., on appeal, Macdonald, C.J.A. *contra*.)

When a mortgage ceases to exist, the benefit of the mortgage clause in a fire insurance policy lapses and the insured reverts to such rights as he would have under the policy if the mortgage had never existed or the mortgage clause had not been inserted.

The variation of a statutory condition in a fire insurance policy by a provision that "If in consequence of any local or other laws the company shall in any case be unable to repair or reinstate the property as it was, it shall only be liable to pay such sum as would have sufficed to repair or reinstate the same, is not unjust or unreasonable."

But the company cannot claim the benefit of such variation and say at the same time that the assured has received from another company all that would compensate him for the actual loss by fire, but it is liable to the extent that it would have been called upon to rebuild or repair had there been no by-law preventing repairing. (Per Macdonald, J., at the trial, and McPhillips, J.A., on appeal, Martin, J.A., *contra*.)

The mere existence of a mortgage clause in a fire insurance policy does not preclude the possibility of waiver of non-compliance with statutory conditions

9 GEORGE V, A. 1919

and enable the company to ignore the fact that the owner is at all times interested. (Per Martin, J.A.)

The onus of showing that a variation of a statutory condition in a policy of fire insurance in unjust or unreasonable is upon the assured.

December 21, 1917.—British Columbia Court of Appeal.—*McCoy (Plaintiff), Respondent, v. National Benefit, Life and Property Assurance Company, Limited (Defendant), Appellant.*—(1918) 1 Western Weekly Reports, 466.

On appeal to the Supreme Court of Canada judgment was given as follows:

Where a statutory condition in a policy of fire insurance provides that the company is not liable for loss if any subsequent insurance is effected in any other company "unless and until the company assents thereto," the assent referred to need not be in writing and may be given before or after the loss, and notice in writing of the subsequent insurance is not a prerequisite to a valid assent, the assent may be sufficiently shown by the company joining in the adjustment of the loss (*Mutchmor v. Waterloo Mutual Fire Insurance Co.*, 4 O.L.R. 606 followed).

A general agent of a foreign insurance company who is also its attorney under the *Companies Act* of B.C., and who has authority to issue policies, employ adjusters, accept proofs and settle losses, has power to give the company's assent, called for by the above referred-to condition, to subsequent insurance, even though such subsequent insurance does not come to his knowledge until after the loss has occurred.

An insured had two policies of fire insurance, one for \$2,000, the other for \$3,500. A condition of the former policy provided that the company should be liable only for a rateable proportion of the loss or damage insured against, i.e., all direct loss or damage by fire. The amount required to restore the burned premises to their condition before the fire was \$1,600, but owing to a city by-law prohibiting repairing to such an extent, the loss was fixed at \$3,600.

Held, per Curiam, Anglin, J., dissenting, that the defendant company, the one liable under the policy containing the restrictive condition above mentioned, was liable for its proportion of \$3,600.

June 10, 1918.—Supreme Court of Canada.—*McCoy (Plaintiff), Respondent v. National Benefit Life and Property Assurance Company, Limited (Defendant) Appellant.*—(1918) 2 Western Weekly Reports, 591.

(k) *Practice—Parties—Insurance—Action by Mortgagee on Fire Insurance Policy—Whether Owner a Necessary Party—Fire—Failure to give Notice or Proofs of Loss—Relief from—Fire Insurance Policy Act, R.S.S., 1909, Ch. 80—Necessity of Pleading Act.*

Where an action upon a fire insurance policy is brought by the mortgagee of the insured premises, the owner, although mentioned as the insured, is not a necessary party, if his only interest in the insurance moneys is that the amount thereof paid discharges in part his mortgage, it being for a larger amount than that assured by the policy. (*Brandt v. Dunlop Rubber Co.* (1905) A.C. 454, followed.)

In an action upon a policy of fire insurance the plaintiff may be relieved on the ground of mistake, under *The Fire Insurance Policy Act*, R.S.S. 1909, ch. 80, from the effects of his failure to give notice and proofs of loss, although he has not pleaded the Act. (*Bell Bros. v. Hudson's Bay Insurance Co.* 44 S.C.R. 419, and *Shepard v. British Dom. Gen. Insur. Co.*, ante, p. 85 followed.)

January 30, 1918.—Supreme Court of Saskatchewan.—*Pachal v. Germania Fire Insurance Company; Pachal v. Sun Insurance Office.*—(1918) 1 Western Weekly Reports, 502.

SESSIONAL PAPER No. 9

- (l) *Policies on Stocks of Goods in Different Buildings—Insurance Act, R.S.O. 1914, ch. 183, sec. 194, condition 5—Construction—"Effect other Insurance thereon"—Consolidation of Stocks in one Building—Removal of Goods so that they become covered by Policy of another Company—Assent of Insurers—Authority of Agent—Knowledge of Insurers.*

The plaintiff, a merchant carrying on business in the town of S., in July, 1914, effected an insurance in the G. company on a stock of merchandise in a building in B. street and an insurance in the M. company on another stock in a building in E. Street. K., an agent for both companies, received the applications and issued the policies, which he had authority to do. In November, 1915, the plaintiff moved both stocks to a building in D. street, where they were consolidated into one stock; and K. endorsed upon each policy a declaration that the property insured should in future be held insured in the D. street building and not elsewhere. The policies were renewed in 1916, and were in force in January, 1917, when the property insured was damaged by fire in the D. street building; and these actions were brought against the G. company and the M. company to recover the amount of the loss.

Both policies were subject to statutory condition 5: "If the assured now has any other insurance on any property covered by this policy which is not disclosed to the company or hereafter effects any other insurance thereon without the written assent of the company, he shall not be entitled to recover in excess of 60 per cent of the loss or damage in respect of such property," etc. The defendants contended that to remove the goods covered by the policy of one company so that they became covered also by the policy of the other company was to "effect . . . other insurance thereon," and that they were liable only for 60 per cent of the loss:—

Held, that the defendant could not succeed upon this contention.

Per Mulock, C.J.Ex.: Assuming that the consolidation of the two stocks effected additional insurance, the defendants had given their written assent thereto within the meaning of the statutory condition.

Per Riddell, J.: The words of the statutory condition, "effects any other insurance thereon," mean to bring about or procure other insurance non-existent at the time of the original policy, and "thereafter" in reference to "now." The meaning should not be stretched to cover what may have been intended.

Per Sutherland, J.: The words should be construed so as to give them their natural meaning, if there was nothing—and there did not appear to be anything—to modify or alter or qualify the language used. What was done in connection with the policies could not be construed to mean the effecting of another insurance.

Per Riddell and Sutherland, JJ.: Discussion of the case of *Harris v. London and Lancashire Fire Insurance Co.* (1866), 10 L.C. Jur. 268, and certain American cases, which were not followed.

Per Kelly, J.: Whether or not the consolidation operated so as to "effect" other insurance on the goods or any of them was not, in the circumstances, the sole element determining the liability. The agent, possessing extensive powers, was cognizant of the whole situation, and the knowledge he had must be taken to be the knowledge of his principals as well. Unless relieved therefrom because of the lack of written notice of a matter of which he was then well-informed, his duty was to acquaint his principals with the situation; his failure to do so should not operate to the prejudice of the plaintiff, or relieve the defendant in respect of a matter of which they were, through their recognized representative, fully aware. The defendants, having full knowledge of the circumstances, continued the insurance until the fire occurred, making no objection in the meantime; and were not entitled to succeed upon the contention now made.

Judgment of Clute, J., affirmed.

9 GEORGE V, A. 1919

Nov. 17, 1918.—*Rogers v. General Accident, Fire and Life Assurance Corporation; Rogers v. Mercantile Fire Insurance Co.*—Ontario Supreme Court, Appellate Division.—XLII, Ontario Law Reports, 419.

(m) *Combined Store and Dwelling—Occupied as Dwelling—House unoccupied—“While occupied as Dwelling”—Meaning of Policy.*

A house occupied as a combined store and dwelling is not “occupied as a dwelling,” and if a house is unoccupied at the time of a fire therein it is not injured “while occupied as a dwelling” within the meaning of an insurance policy.

November 23rd, 1917—Ontario Supreme Court, Appellate Division.—*Ross v. Scottish Union and National Insurance Company.*—39 Dominion Law Reports, 528.

(n) *Vendor and Purchaser—“Mortgage”—Definition of under Mortgages Act—Vendor's Lien—Insurance Money—Application.*

The definition of “mortgage” in the Mortgages Act, R.S.O. c. 112, is wide enough to cover the charge known as a vendor's lien, and the holders of such vendor's lien are entitled as mortgagees to have insurance money on the property applied in accordance with the provisions of s. 6 of that Act. Although they are entitled to the security of the insurance money, they are not entitled to apply the insurance money in payment of purchase instalments not yet due, but such money should be held in trust or invested or paid into Court if the parties cannot agree as to its disposal.

(*Corham v. Kingston* [1889], 17 O.R. 432; *Edmonds v. Hamilton Provident* [1881], 18 A.R. [Ont.] 347, followed.)

July 31, 1918.—Ontario Supreme Court.—*Scott v. Crinnian.*—44 Dominion Law Reports, 20.

(o) *Non-performance by Insured of Conditions—Mistake—Relief—S. 2, Fire Insurance Policy Act, Ch. 89, R.S.S., 1909—Notice and Proofs of Loss not given according to Policy—Use of in fixing Time for bringing Action.*

The non-performance of the conditions of a fire-insurance policy held to have been due to a mistake and relief granted the insured under sec. 2 of *The Fire Insurance Policy Act*. (*Bell Bros. v. Hudson Bay Insurance Co.*, 44 S.C.R. 419 followed.)

Where the formal notice of and proofs of loss are not given in accordance with the terms of a fire insurance policy they cannot be used to fix the time within which the action upon the policy should be brought.

November 5, 1917.—Supreme Court of Saskatchewan.—*Shepard and Merchants Bank of Canada v. British Dominions General Insurance Company.*—(1918) 1 Western Weekly Reports, 85.

On appeal, judgment was given as follows:—

A condition in a fire insurance policy that the loss is not to be payable until a certain number of days after completion of the proofs of loss is applicable even where, by reason of a mistake within the meaning of sec. 86 of *The Saskatchewan Insurance Act*, ch. 15, 1915, notice of loss has not been given “forthwith” and proofs of loss have not been delivered “as soon afterwards as practicable,” and, therefore, an action is premature which is begun before the expiration of the specified number of days. (*Forest v. Home Insurance Co.*, 3 W.W.R. 575 referred to.) (Per Elwood, J.A., Haultain, C.J.S. concurring; Lamont, J.A., dissenting.)

SESSIONAL PAPER No. 9

July 15, 1918.—Saskatchewan Court of Appeal.—*Shepard and Merchants Bank of Canada (Plaintiffs), Respondents, v. British Dominions General Insurance Company (Defendant), Appellant; Shepard and Merchants Bank of Canada (Plaintiffs), Respondents, v. Glens Falls Insurance Company (Defendant), Appellant.*—(1918) 2 Western Weekly Reports, 985.

(p) *Chose in Action*—Assignment—"Absolute"—Trust for Assignor—Effect of—Right of Assignor to sue in his own Name.

Assignment of Policies for Benefit of Creditors.

An assignment for the benefit of creditors may be absolute, notwithstanding the fact that a trust is created thereby for the benefit of the assignor in respect to undistributed moneys. Such an absolute assignment of all interest in insurance policies precludes the assignor from suing the insurance companies in his own name. (*Comfort v. Betts* (1891) 1 Q.B. 737 followed.)

December 15, 1917.—Supreme Court of Alberta.—*Taylor et al v. Equitable Fire & Marine Insurance Company et al.*—(1918) 1 Western Weekly Reports, 277.

On appeal, judgment was given as follows:—

An assignment of a chose in action which, followed by notice, would entitle the assignee to sue in his own name and (ordinarily) disentitle the assignor to sue in his name, may on its face purport to be given by way of security or on certain trusts; if the assignment purports to pass the assignor's entire title to the chose in action, though expressly by way of mortgage (passing the legal title) it is nevertheless absolute; if the assignment, whatever its form, purports to charge the assignor's interest, while leaving the title to that interest in the assignor, it is an assignment by way of charge only. (*Hughes v. Pump House Hotel Co.* (1902) 2 K.B. 190, and *Wilton v. Rochester German Underwriters Agency Co.*, 11 Alta. L.R. 574; (1917) 2 W.W.R. 782 followed). (Per Beck, J., Harvey, C.J., and Simmons, J. concurring.) An "absolute" assignment means one without any condition attached and the words "not by way of charge only" mean merely that there must be something more than a mere charge placed upon a debt, the legal title to which remains in the original owner (per Stuart, J. declining to follow the English decisions which seem to treat the expressions "absolute assignment" and "not by way of charge only" as the opposite of one another).

In an action upon a chose in action by the assignor thereof, if both the assignor and assignee are bound by the result, any difficulty on the score of parties is fully met (*Wilton v. Rochester German Underwriters Agency Co. supra* distinguished). (Per Beck, J., Simmons, J., concurring, Harvey, C.J., dissenting.) An alleged compromise as to the amount of a claim for insurance moneys held not to have been concluded (per Beck, J., Stuart, and Simmons J. J. concurring).

A clause in a fire-insurance policy permitting further concurrent insurance up to 80 per cent of the cash value, means that the insured is not entitled to recover upon all the policies together more than 80 per cent of the total value of the goods insured as that value stands at the time of the fire.

March 6, 1918.—*Taylor, et al (Plaintiffs), Appellants v. Equitable Fire and Marine Insurance Co. et al (Defendants), Respondents.*—Supreme Court of Alberta, Appellate Division.—(1918) 1 Western Weekly Reports, 676.

(q) *Tender Registered-Letter*—Money enclosed—Sufficiency.

Enclosing a sum of money in a registered letter addressed to an insured is not a tender thereof within the meaning of condition 11 of the Ontario Insurance Act, (R.S.O. 1914, c. 183, sec. 194.)

November 12th, 1917.—Ontario Supreme Court, Appellate Division.—*Veltre v. London and Lancashire Fire Insurance Company.*—39 Dominion Law Reports, 221.

9 GEORGE V, A. 1919

On appeal to the Supreme Court of Canada, judgment was given as follows:

In the statutory conditions endorsed on a policy of insurance against fire condition 11 provides that "the insurance may be terminated by the company by giving seven days' notice to that effect and . . . by tendering therewith a rateable proportion of the premium paid for the unexpired term calculated from the termination of the notice." By condition 15 "any written notice to the assured may be by registered letter addressed to him, etc."

Held, that the notice of cancellation of the policy may be given by registered letter addressed to the assured as required by condition 15 and the terms of condition 11 as to rebate are complied with if the money for the unearned premium is enclosed with the notice in an envelope so properly addressed and registered.

Held, however, that the cancellation of the policy will not be effected unless the notice and money are actually received by the assured before a loss under the policy occurs.

Held, per Brodeur, J., that the unearned premium must be personally tendered to the assured. Judgment of the Appellate Division, 40 Ont. L.R. 619; 39 D.L.R. 221, affirmed.

June 17, 1918 and June 25, 1918.—Supreme Court of Canada.—*London & Lancashire Fire Insurance Co. v. Veltre*.—56, Supreme Court of Canada, 588.

- (r) *Property subject to Seller's Lien—Destruction of—Assignment by Purchaser for Benefit of Creditors—Right of Seller as against Assignee to Recover Insurance—Insolvency—Assignment for Benefit of Creditors—Claim by Creditor—Valuing Security—S. 31 Creditors' Trust Deeds Act, R.S.B.C., 1911, ch. 13—Right of Creditor to Revalue.*

The W. Co. (plaintiff, appellant), sold machinery to a company, retaining the right of property therein, the parties agreeing that schedule insurance should be effected and that the W. Co. should be entitled to \$9,000 thereof in respect to, not only its insurable interest under the liens, but also the plant and buildings of the purchasing company. A fire occurred on the premises of the latter company, and shortly afterwards it made an assignment for the benefit of its creditors. In an action by the W. Co. against the assignee to enforce its claim to the insurance moneys, Murphy, J., at the trial, (held (1917) 1 W.W.R. 803) that the insurance was clearly in the nature of additional security to the liens and came under the provisions of sec. 31 of *The Creditors' Trust Deeds Act*, and that, the W. Co. having led the assignee to believe that it had valued its claim and having stood by while the assignee carried on litigation to recover the insurance money, could not succeed, and further that the W. Co. had no right to re-value it as it was no longer feasible to have the security valued under sec. 31, and the administration of the insolvent's estate without injustice to anyone was no longer feasible. The plaintiff appealed.

Held, per Macdonald, C.J.A., Martin and Galliher, J. J. A.; McPhillips, J. A., dissenting, that the trial judge had reached the right conclusions and that the appeal should be dismissed.

December 21, 1917.—British Columbia Court of Appeal.—*Williams Machinery Company (Plaintiff), Appellant v. Graham (Defendant), Respondent*.—(1918) 1 Western Weekly Reports, 161.

(On appeal to the Supreme Court of Canada, the appeal was dismissed, with costs, Duff, J., dissenting, October 21, 1918.)

2. ACCIDENT INSURANCE.

- (s) *Accident—Action by Agents for Premium—Failure to carry out Terms of Application—Policy covering Sea Voyage—Policy not written until after Insured had sailed—Liability for Premium.*

SESSIONAL PAPER No. 9

In an action by agents of an insurance company to recover a premium on a policy of accident insurance which the defendant had contracted for before embarking on an ocean steamer, *held* (per Martin and McPhillips, JJ.A., affirming Cayley, C.C.J.; Macdonald, C.J.A., dissenting) that as the terms of the defendant's application had not been observed—he had stipulated, *inter alia*, that the policy should be delivered to him before he sailed, it was in fact not written until after he left, although then antedated—the defendant was not liable.

October 1st, 1918.—British Columbia Court of Appeal.—*D. E. Brown's Travel Bureau v. Taylor*.—3 Western Weekly Reports, 468.

(t) *Procédure—Exception dilatoire afin d'appeler garant—Assurance contre les accidents du travail—Convention de confier sa défense à la compagnie d'assurance—C. proc., art. 177, 183.*

La convention, dans une police d'assurance contre les accidents du travail, que l'assuré devra, au cas de réclamation en justice, confier sa défense à l'assureur et lui remettre les pièces d'assignation pour qu'il conteste l'action au nom de l'assuré, s'il y a lieu, équivaut à une convention de ne pas appeler l'assureur en garantie incidente. Dans ces conditions, l'assuré ne peut exercer le recours d'une demande en garantie incidente, ni suspendre à cette fin l'action principale par exception dilatoire.

Nov. 5, 1917.—Quebec Superior Court.—*Dufresne v. Parent*.—LIII, Quebec Reports, 223.

(u) *Insurance against Bodily Injuries—Clause inserted covering property of every Description—Construction.*

A clause added to a policy insuring against bodily injuries that "notwithstanding what is within written this policy is hereby extended to cover loss from liability for damage to property of every description" includes not only the physical injury to property, but the loss incident to the inability of a building to perform its usual function while it is being repaired.

April 5, 1918.—Nova Scotia Supreme Court.—*N. S. Tramways & Power Co. v. Employers' Liability Assurance Corporation, Limited*.—40 Dominion Law Reports, 297.

(v) *Accident du Travail—Perte d'un œil—Conséquence funeste tardive—Avis immédiat—Police—Conditions—Recours subordonné à la condition que le patron assuré aura satisfait à un jugement rendu contre lui—C. civ., art. 2468, 2478.*

1. La condition imposée à l'assuré, dans une police d'assurance contre les accidents du travail, de donner immédiatement à l'assureur un avis de l'accident, l'oblige à donner cet avis avec diligence, eu égard aux circonstances particulières de l'accident.

2. Lorsque les suites funestes d'un accident apparemment anodin ne se révèlent que plusieurs jours plus tard, un avis donné par l'assuré le jour même qu'il est informé de la gravité des conséquences satisfait aux exigences du contrat.

3. Les conditions suivantes d'une police d'assurance contre les accidents du travail, émise en faveur d'un patron, savoir: "(a) que si un procès est intenté à l'assuré, la compagnie ou bien à ses propres frais plaidera la défense au nom de l'assuré ou bien règlera la réclamation; (b) qu'aucune action ne pourra être intentée par l'assuré en recouvrement de pertes prévues par la présente police, sauf pour pertes subies et payées en espèces par lui-même en règlement d'un jugement prononcé à la suite d'un procès;" sont connexes et corrélatives l'une

9 GEORGE V, A. 1919

de l'autre. Si l'assureur ne remplit pas son obligation de défendre l'assuré, ce dernier se trouve libéré de son engagement de ne pas exercer d'action récursoire contre l'assureur.

May 10, 1918.—Quebec Superior Court.—*Parent v. Merchants Assurance Company*.—LIV Quebec Reports, 106.

(w) *Accident—Construction of Policy—Rules as to—“Public Passenger Conveyance”—Elevator in Office Building as—Limitation of Liability to Injuries Resulting from Wrecking of “Car”—Application of to Passenger Elevator.*

In construing a policy of accident insurance the words thereof should be read, not according to their strictly philosophical or scientific meaning, but in their ordinary and popular sense, and any ambiguity which may be found in the terms of the policy will be taken most strongly against the company (*North West Commercial Travellers' Association v. London Guarantee and Accident Co.*, 10 Man. R. 543 applied).

The rules of construction applicable to municipal by-laws and public statutes should not, as a general rule, be applied to written instruments between private individuals.

A passenger elevator in an office building held to be “a public passenger conveyance” within the meaning of an accident insurance policy (*Oswego v. Martin*, 45 S.C.R. (New York) 171 distinguished on the principle stated in the second paragraph of this headnote).

The limitation of liability under a certain accident insurance policy for injuries to “the beneficiary” to injuries due directly to or in consequence of the wrecking “of such car” held not to apply generally to all modes of travel included in the expression “any public passenger conveyance,” and, therefore, the insured held entitled to recover for the death of “the beneficiary” who in attempting to leave an elevator in an office building missed the landing, fell down the shaft, and was thereby instantly killed.

May 20, 1918.—Manitoba King's Bench.—*Robb v. Merchants Casualty Company*.—(1918) 2 Western Weekly Reports, 371.

On appeal to the Court of Appeal the appeal was allowed, with costs, October 7, 1918.

3. AUTOMOBILE INSURANCE.

(x) *Automobile—Damage to—“Collision”—Contact with Sandpile as—Whether Sandpile portion of Roadbed.*

Contact of an automobile with a pile of sand upon a roadway held to be a “collision” within the meaning of a policy of insurance against loss or damage caused solely “by being in collision with any other automobile, vehicle, or other object either moving or stationary,” and held not to come within an exception excluding liability for “loss or damage caused by striking any portion of the roadbed, or by striking the rails or ties of any street, steam, or electric railway”.

(y) *Insolvency of Trust Company Incorporated by Dominion Authority—Winding up—Company licensed to do Business in Ontario—Loan and Trust Corporations Act—Application to Dominion Company—Powers of Provincial Legislature—Question not open in Action on Bond—Election of Trust Company to give Bond as Term of Receiving License—Liability of Sureties—Extent of—Damages—Lien—Subrogation.*

SESSIONAL PAPER No. 9

A trust company incorporated by Dominion authority applied under the Loan and Trust Corporations Act of Ontario, R.S.O. 1914, ch. 184, for registry in Ontario, and, as a term of receiving a license to do business, was required to furnish a bond for the due performance of the duties of any office to which it might be appointed under the terms of its charter and the license granted. The trust company procured the defendants to give a bond in favour of the Attorney-General for Ontario, in trust for all persons who should become creditors of the trust company by reason of any business done in Ontario. The trust company was appointed executor of a will, and undertook the administration of the testator's estate in Ontario; in dealing with that estate it paid capital money to two beneficiaries who were entitled to income only. The trust company became insolvent and was ordered to be wound up. The liquidator obtained from the Court an order relieving the company from the executorship and for the passing of accounts. Upon a reference, the trust company was found liable for the amounts improperly advanced, and was declared entitled to a lien upon the accruing income of the beneficiaries. This action having been brought upon the bond:—

Held, that neither the trust company nor its sureties could question the constitutional validity of the Act under which the bond was demanded and given.

Judgment of Latchford, J., 41 O.L.R. 234, upon this branch of the case, affirmed.

Held, also, that the sureties were not liable for any greater sum than the principal debtor; and the amount of damages assessed by Latchford, J., was reduced to the amount for which the trust company was liable in respect of the advances made to the beneficiaries—the sureties, defendants, becoming subrogated to the lien upon the accruing income.

May 8, 1918.—Ontario Supreme Court, Appellate Division.—*Attorney-General for Ontario v. Railway Passengers Assurance Co.*—XLIII Ontario Law Reports, 109.

(z) *Fidelity—Recourse against the Debtor—Proof—C.G., Art. 1203—C.P., Art. 196.*

Where an application to a guarantee company by an employee of the Crown for a guarantee and fidelity bond contains the following clause: "Je conviens et m'engage par ceci (1) que je 'protégerai et indemniserai ladite Guarantee Company de chacune et de toute perte, tout dommage ou toute dépense qu'elle aurait subis ou pour lesquels elle deviendrait responsable en raison de la garantie pour laquelle cette application est faite, ou aucune autre police de garantie ou sécurité ou renouvellement émis en ma faveur dans les prémisses quand bien même lesquels pertes, dommages ou dépenses auraient été occasionnés par aucun acte ou omission de ma part ou de la part d'aucun de mes subordonnés en n'importe quel temps pour lequel ou lesquels je puis être responsable envers ledit employeur; et (2) que les pièces justificatives ou autres évidences établissant les paiements par cette compagnie de toute telle perte, dommages ou dépenses sera d'évidence concluante (excepté pour fraude), contre moi et ma succession du fait et du montant de mes obligations envers ladite Guarantee Company par suite de cette convention," the filing of the application and of the agreement between the Crown and the Guarantee Company, and the proof of the payment to the Crown of the shortage, is sufficient to justify a judgment for the company against the employee. If the defendant wishes to invoke any special reasons why he should not reimburse the plaintiff company, he should have made a special plea and not only defend himself by a general denegation.

September 26, 1918.—Quebec Superior Court.—*The Guarantee Company of North America v. Larivière.*—54 Quebec Reports, 523.

5. HAIL INSURANCE.

(aa) *Delivery of Policy to Agent to be Countersigned—Policy Countersigned by Agent but not delivered to Insured—Liability of Company—Liability of Insured on Promissory Note given for Premium.*

Where a policy of insurance is forwarded by the company to its agent to be countersigned by the agent and delivered to the insured without any condition attached, and the policy is so countersigned the company is liable to the insured on the policy, even though it be not delivered to the insured and there is, therefore, good consideration for a promissory note given for the premium (*Donovan v. Excelsior Life*, 53 S.C.R. 539 applied).

March 27, 1918.—*Canada Hail Insurance Company (Plaintiff), Respondent v. McIsaac (Defendant), Appellant.*—Saskatchewan Court of Appeal.—(1918) 1 Western Weekly Reports, 896.

(bb) *Contract—Breach of—Impossibility of Performance—Applicability of Taylor v. Caldwell—Contract for Delivery of Hail Insurance Notes—Non-existence of Notes.*

In an action for damages for breach of a contract whereunder the defendant agreed to secure hail insurance notes "not to exceed" \$50,000 in amount, which were not then in existence, but to be obtained by a firm of insurance brokers in the course of the season's business, which was just then commencing, and to hand them over to the plaintiff for collection on certain terms of remuneration in consideration of the plaintiff giving up his agency for a certain hail-insurance company, the defendant proved that the notes never came into existence and contended that, therefore, he should not be liable for non-performance of his contract. It was held by the B. C. Court of Appeal, affirming Morrison, J., McPhillips, J.A., dissenting, that, in the view of the conduct of the parties and the peculiar circumstances in which the agreement was made, that the existence or coming into existence of \$50,000 of such notes, could not be said to be the foundation of what was to be done, and that therefore, *Taylor v. Caldwell*, 3 B. & S. 826, was not applicable. The defendant appealed to the Supreme Court of Canada.

Held, for the reasons given by Macdonald, C.J.A., in the Court of Appeal [(1917) 3 W.W.R. 1037] that the appeal should be dismissed.

March 5, 1918.—Supreme Court of Canada.—*Carr (Plaintiff), Respondent v. Berg (Defendant), Appellant.*—(1918) 2 Western Weekly Reports, 368.

(cc) *Agency—Knowledge of Agent as Knowledge of Principal—Agent for Hail Insurance—Authority of Agent limited to receiving and forwarding Applications*

Hail—Land incorrectly described—Right to Recover for Loss on Land as to which Insurance should have been placed.

Contracts—Mistake—Rectification of Instrument—Necessity of Contract antecedent to Instrument.

Where an agent for a hail-insurance company has power merely to solicit, receive, and transmit applications for insurance, his knowledge that the location of an insured's land is different from that stated in the application is not to be imputed to his principal, especially where such knowledge has not been acquired about or in connection with such application (*Hastings Mutual Fire Insurance Co. v. Shannon*, 2 S.C.R. 394; *Davidson v. Mutual Fire Insurance Co.*, 9 O.L.R. 394; *Chatillon v. Canadian Mutual Fire Insurance Co.*, 27 U.C.C.P. 450; *Bawden v. London, Edinburgh & Glasgow Assurance Co.* (1892), 2 Q.B. 534; *Ionides v. Pacific Fire, etc., Insurance Co.*, L.R. 7 Q.B. 517 distinguished; *Bigger v. Rock Life Assurance Co.* (1902), 1 K.B. 516, at p. 524 applied).

SESSIONAL PAPER No. 9

Where an insured's land is incorrectly described in an application for hail insurance and in the policy issued in pursuance thereof, but the policy with such incorrect description represents the contract which was actually concluded with the insurance company, the insured cannot recover for a loss upon the land in respect to which the insurance should have been placed. (*Mackenzie v. Coulson*, L.R. 8 Eq. 368, at p. 375 followed.)

January 12, 1918.—Supreme Court of Saskatchewan—*Doherty (Plaintiff), Respondent v. The Canada National Insurance Company, Limited (Defendant), Appellant*.—(1918) 1 Western Weekly Reports, 366.

6. LIVE STOCK INSURANCE.

(dd) *Agent filling in Application—Whether Agent of Company or Insured—Price of Horse—Materiality of Answer.*

While where an applicant for insurance allows an agent to fill in the answers in the application form and signs the same without taking the trouble to read it to see if the answers are correct, the agent should be treated as the agent of the applicant in so doing, yet if the agent does not ask the insured the questions contained in the application form and fills the answers up himself, and the applicant signs the document without reading the replies, in reliance upon the assurance of the agent that they are all right; then, in the absence of fraud on the part of the agent or of proof that he acted merely for his own private ends, the knowledge of these facts must be imputed to the company, which, after acceptance of the premium and the issue of the policy must be considered both to have waived the materiality of the questions and to be estopped from insisting upon an agreement in the application form constituting the insurance agent the agent of the applicant. (Per Fitzpatrick, C.J., and Idington, J., approving of reasons of Appellate Division (1917) 1 W.W.R. 1159.)

The price paid for an animal, although important for the purpose of checking its value at the time of an application for insurance thereon and thereby preventing overinsurance, is not an absolute criterion of the value, for first, there must be considered the time which has elapsed since the purchase was made, and secondly, an animal, like anything else, may be bought cheap. (Per Fitzpatrick, C.J.)

March 11, 1918.—Supreme Court of Canada.—*Whitney (Plaintiff), Respondent v. Great Northern Insurance Company (Defendant), Appellant*.—(1918) 2 Western Weekly Reports, 167.

7. MARINE INSURANCE.

(ee) *Cargo—Loss of—Payment by Company—Obligation of Insured to account to Company—Right of Insured to maintain Action against Wrongdoer.*

The owner of a cargo lost in transit who has received from an insurance company the full value of the cargo, covered by the insurance policy, has a sufficient interest to maintain an action against the person whose negligence caused the loss, such owner being under obligation to account to the insurance company for whatever can be recovered from the wrongdoer.

2. *Carriers—Seaworthy Vessel—Loss of Cargo—Fault of Navigation—Liability of Owner of Vessel—Water Carriage Act.*

The owner of a seaworthy freight vessel is not liable under the Water Carriage Act (R.S.C. 1906, c. 113, s. 964) for loss of cargo due to the fault of navigation on the part of the captain of the tug towing such vessel.

April 6, 1918.—Quebec King's Bench.—*Alex McFee & Company v. Montreal Transportation Company*.—42 Dominion Law Reports, 714.

(ff) *Dry Dock—Lease of—Covenant to Insure—Insurance not obtained because of Method of User—Destruction—Measure of Compensation.*

By the terms of lease of a dry dock, the lessee agreed to use it in its construction work on caissons and other similar work; and also to have it insured for the benefit of the lessor in some company or companies satisfactory to the lessor, against both marine and fire risks, and to deliver it in good condition at the end of the term.

The dry dock was used in connection with the construction of a breakwater and ocean pier, and such use was largely one of experiment, and owing to the method of user no insurance could be obtained although its seaworthiness was demonstrated by its weathering a gale while being taken to the place where it was to be used. The dock, during the work, collapsed and became a total wreck. The court held that the proper construction to be placed upon the covenant to insure was that it was a covenant to indemnify against loss with the medium of an insurance against loss as a security, and whatever the amount of insurance agreed on, the lessee was only liable for actual loss.

November 5, 1918.—British Columbia Court of Appeal.—*Seattle Construction Co. v. Grant Smith*.—44 Dominion Law Reports, 90.

8. LIFE INSURANCE.

(gg) *Company—Winding-up—Action against Company in Liquidation—Appeal to Supreme Court of Canada—Necessity of Leave—SS. 101, 106, Winding Up Act, R.S.C. 1906, Ch. 144.*

Trust for Wife—Declaration by Will—Identification of Policies—S. 7, Life-Insurance Policies Act, Ch. 115, R.S.B.C. 1911.

An appeal from a Court of last resort in a province to the Supreme Court of Canada in an action against a company in liquidation under *The Winding Up Act* may be brought without first obtaining the leave provided for by sec. 106 of *The Winding Up Act*. Per Davies and Anglin, JJ., holding that sec. 106 is limited to proceedings under the Act, that is, proceedings in the winding-up itself, and that leave is not necessary where the right of appeal is conferred by *The Supreme Court Act*. Idington and Brodeur, JJ., contra held that sec. 106 is not limited to proceedings under the Act and that, therefore, leave to appeal is necessary. Fitzpatrick, C.J., held that where an action is against the company only as an executor it is not one which is within the prohibition of *The Winding Up Act* at all.

A declaration, under sec. 7 of the *Life Insurance Policies Act*, R.S.B.C. 1911, ch. 115, that a policy of insurance is for the benefit of the insured's wife or of his wife and children or any of them, may be made by will: per Davies and Anglin, JJ. following *McKibbin v. Feegan*, 24 O.A.R. 87; Idington, J., contra; Fitzpatrick, C.J., dubitante, and Brodeur, J., found it unnecessary to decide this point.

In a case wherein an insured held ten policies of life insurance amounting in all to \$425,000, of which \$207,054.54 had been collected at the time of his death, the following words in his will: "The first \$75,000 collected on account of policies of life insurance I give to my wife, Laura," were held, per Fitzpatrick, C.J., Idington and Anglin, JJ., not to identify the policies of insurance as required by sec. 7 of the *Life Insurance Policies Act*, R.S.B.C. 1911, ch. 115; Davies, J., contra, held the identification sufficient, on the ground that any language which so identifies the policy or policies as to prevent any mistake being made with respect to the declaration of trust is sufficient.

April 15, 1918.—Supreme Court of Canada.—*Arnold (Plaintiff), Appellant v. Dominion Trust Company (Defendant), Respondent*.—(1918) 2 Western Weekly Reports, 25.

SESSIONAL PAPER No. 9

(hh) *Policy payable to Wife—Foreign Divorce obtained by Wife—Invalidity of Divorce—Right of Wife to assert—Change of Beneficiary by Will—Right to divert Fund to Beneficiaries not of Preferred Class—Wife ceasing to be of Preferred Class.*

B. obtained a policy of insurance on his life, payable to his wife by name. Some time after the date of the policy, she obtained a divorce in a foreign State. By his will, B. gave one-third of the insurance money to his son and one-third each to his brother and sister:—

Held, that it was not open to the wife, after the death of B., to maintain that the divorce was invalid.

Swaizie v. Swaizie (1899), 31 O.R. 324, and *In re Williams and Ancient Order of United Workmen* (1904), 14 O.L.R. 482, followed.

Held, also, that when she obtained the divorce she ceased to be in law B's wife, and so ceased to be within the preferred class; and B. might, at his will, divert to one not of the preferred class, and so effectively exclude the wife, although the divorce alone would not exclude her.

Jan. 24, 1918.—Ontario Supreme Court.—*Re Banks*.—XLII Ontario Law Reports, 64.

(ii) *Donation par contrat de mariage—Enregistrement—Transport à un créancier—Signification—C. civ., art. 1571, 2127.*

L'enregistrement d'un acte de donation faite à l'épouse par contrat de mariage, ne supplée pas à la signification requise par l'article 1571 du Code civil, lorsque l'objet de la donation est une créance. Ainsi le créancier auquel une police d'assurance a été transportée pour considération et qui a fait signifier son transport, peut réclamer le montant de l'assurance à l'encontre de la veuve de l'assuré qui avait reçu la donation de cette somme dans son contrat de mariage et qui n'avait que fait enregistrer ce dernier, sans signification à la compagnie d'assurance. Dans le même sens (1917) *La Banque Provinciale du Canada v. dame Beauchesne et Federal Life Insurance Company*, 26 B.R. 41.

Sept. 25, 1917.—Quebec Superior Court.—*La Banque Nationale v. dame Loisel*.—LIII, Quebec Reports, 154.

(jj) *Benefit Society—By-laws not enforced—Liability under Insurance Policy—By-law invoked to escape.*

A benefit society which had never enforced a rule requiring dues to be promptly paid, but has made it a custom to accept payments from members in arrears whenever they were willing to pay, cannot invoke such rule in order to escape liability under the conditions of an insurance policy.

May 22, 1918.—Quebec Court of Review.—*Belanger v. L'Union Mutuelle des Voyageurs de Commerce*.—43, Dominion Law Reports, 90.

(kk) *Société de secours mutuel—Attribution des bénéfices—Parenté—Neveu par alliance—Règlement prohibant d'attribuer les bénéfices par testament—Liberté de tester—C. civ., art. 898.*

1. Lorsque la constitution d'une société de secours mutuels n'admet au bénéfice de ses dotations que les parents par le sang (blood relation), l'attribution d'un certificat de dotation à un neveu par alliance (que l'assuré a faussement déclaré être le fils de sa sœur) est illégale et nulle.

2. Par MM. les juges Cannon et Belleau: Un sociétaire ne peut attribuer par testament sa dotation dans une société de secours mutuel, si les règlements de l'association le prohibent expressément. Cette prohibition ne constitue pas une violation de la liberté de tester, et n'est nullement contraire à l'ordre public.

Dec. 21, 1917.—Quebec Superior Court.—*Dalziel v. L'Ordre des Forestiers Catholiques*.—LIII, Quebec Reports, 308.

9 GEORGE V, A. 1919

(ll) *Practice—Consolidation of Actions—Order 49, Rule 1, B.C. Rules—Power of Court or Judge.*
Courts—Appeal—Finding of Facts by Trial Judge—Position of Appeal Court as to Inferences from Evidence.
Insurance—Life—Action on—Defence of Suicide—Proof of.

Order 49, Rule 1 of the British Columbia rules, which provides that, "Causes, matters or appeals may be consolidated by order of the Court or judge in such manner as to the Court or Judge may seem meet," is absolute and leaves the question of the consolidation of actions, so far as the power of the Court or Judge is concerned, entirely in the hands of the Court or Judge. Therefore, even if a Judge's decision as to consolidation is ill-judged, it is not *ultra vires*.

Where a question of fact has been decided by a tribunal which has seen and heard the witnesses the greatest weight ought to be attached to the finding of such a tribunal. But where no question arises as to truthfulness, and where the question is as to the proper inferences to be drawn from truthful evidence, then the original tribunal is in no better position than the Judges of an Appellate Court.

In an action upon life-insurance policies wherein the defence of suicide was set up, held, contrary to the view of the trial Judge, that the evidence proved such defence.

October 17, 1918.—Judicial Committee of the Privy Council.—*Dominion Trust Co. (Executor of Estate of W. R. Arnold, deceased) (Plaintiff), Appellant v. New York Life Insurance Co. et al (Defendants), Respondents.*—(1918) 3 Western Weekly Reports, 850.

(mm) *Mortgage—Foreclosure—Procedure open to Mortgagee—Remedies under s. 62 and s. 62a Land Titles Act as Alternative—Effect of Foreclosure upon Mortgage Debt.*

Premium—Effect of Payment of on Life of Policy—Death of Insured on Day Premium falls due.

The procedure prescribed by sec. 62a of *The Land Titles Act*, ch. 24, 1906, as amended by sec. 2, ch. 3, 1915, for realizing a debt secured by a mortgage on land, does not exclude the jurisdiction of the Supreme Court as prescribed by sec. 62, but is an alternative procedure merely, which does not derogate from the powers vested in the Court over proceedings to enforce the security as a charge against the land, whether such proceedings are under sec. 62 or 62a.

A foreclosure order under sec. 62 or under sec. 62a of *The Land Titles Act* has not the effect of extinguishing the mortgage debt so as to prevent the mortgagee from proceeding against the mortgagor upon the covenant to pay or upon collateral securities.

A policy of insurance for twelve calendar months from a given day excludes that day but includes the corresponding day of the next year (*South Staffordshire Tramways Co. v. Sickness and Accident Assurance Association* (1891) 1 Q.B. 402 followed.) Therefore a premium payable, and paid, on or before, e.g., February 1, 1916, has the effect of keeping the policy in force until the end of February 1, 1917.

The obtaining of a foreclosure order in proceedings upon a mortgage and the issue to the mortgagee of a certificate of title to mortgaged land does not necessitate the inference that the mortgagee has taken the property in satisfaction of the debt, if there be no declaration of his intention to do so.

January 10, 1918.—Supreme Court of Alberta.—*Douglas v. The Mutual Life Assurance Company of Canada.*—(1918) 1 Western Weekly Reports 239.

SESSIONAL PAPER No. 9

(nn) *Lapse of Policy by Non-payment of Premium—Evidence of Revival—Onus—Acceptance by Agent of Insurance Company of Amount of Premium after Lapse and when Insured in Articulo Mortis—Terms and conditions of Policy—Notice to Beneficiary—Official Receipt—Waiver—Absence of Knowledge of impending Death—Premium not actually accepted by Insurance Company.*

The plaintiff's husband, whose life was insured by the defendants, by a policy under which she was the beneficiary, died on the 22nd August, 1917, having been ill for one week. On the day before the death, the plaintiff paid to an agent of the defendants the amount of a premium which had been overdue since the previous 15th July. The agent gave the plaintiff a receipt for the amount, signed by himself, and containing the words "official receipt to follow." The agent handed the money to the defendants' book keeper, who, on the 22nd August, sent the official receipt, dated the 22nd August, signed by the manager and countersigned by the agent. This receipt stated on its face that agents were not authorized to receive premiums after the expiration of the days of grace, and that any person making such payment does so on the agreement that the acceptance thereof by the company shall not be regarded as evidence of waiver of any of the terms or conditions of the policy. The defendants, being notified of the death, endeavoured to return to the plaintiff the identical money which she had paid and which had been set apart in an envelope and so remained, but she refused to receive it, and brought this action to recover the amount of the insurance:—

Held, accepting the statement of the plaintiff that the agent had said nothing to her about furnishing a certificate of health when she paid him the money, that, nevertheless, having regard to the terms and conditions of the policy (set out below), she could not recover.

The policy had lapsed; the onus was on the plaintiff to show that it was revived; and she was confronted with abundant notice of the conditions upon which alone it could be revived.

The defendants could not waive the forfeiture without notice or knowledge of the fact that the insured was, when the money was paid, in articulo mortis.

The money never "got home" to the defendants, in the sense of being accepted and regularly entered in their books.

March 8, 1918.—Ontario Supreme Court.—*Foxwell v. Policyholders Mutual Life Insurance Company*.—XLII Ontario Law Reports, 347.

(oo) *Change of Beneficiary—Preferred Class—Declaration in Writing—Sufficiency—Insurance Act, sec. 171 (5)—"Soldier's Will"—Printed Form—"Personal Estate"—Inclusion of "Insurance Policy"—Effect of Printed explanatory Clause—Policy Payable in Ontario—Assured domiciled in British Columbia—Application of Law of Ontario.*

In 1904, R., then domiciled in Manitoba, insured his life for \$2,000 in an insurance company, having its head office in Ontario. The loss was payable at the company's head office to R's mother, who was domiciled in Ontario. In 1906 R. went to live in British Columbia and became domiciled there. In 1915, he enlisted in the Canadian Expeditionary Force and went overseas in January, 1917, having married in June, 1916. Before leaving for overseas, he executed a "soldier's will" upon a printed form, and thereby bequeathed all his personal estate to his wife. By a clause printed as part of the will, above the testimonium clause, it was declared that "personal estate" included "insurance policy." R. was killed in action in November, 1917. The \$2,000 insurance moneys were claimed by his mother and by his widow:—

Held, following *re Monkman* and *Canadian Order of Chosen Friends* (1918) 42 O.L.R. 363, that under the law of Ontario [the Insurance Act, R.S.O., 1914,

9 GEORGE V, A. 1919

ch. 183, sec. 171 (5)] the will was sufficient to change the beneficiary from the mother to the wife.

And *held*, adopting the view of some of the Judges in *re Baeder* and Canadian Order of Chosen Friends (1916), 36 O.L.R. 30, that the power exercised by R. was, or was analogous to, a power of appointment, and was governed not by the law of his domicile (British Columbia), but by the law of Ontario.

Held, therefore, that the widow was entitled to the moneys.

June 25, 1918.—Ontario Supreme Court.—*Re Hewitt and Hewitt*.—XLIII, Ontario Law Reports, 286.

(pp) *Mari et femme—Bénéficiaires*—"Enfants" et "petits-enfants"—*Caducité—Révocation—Exécuteur testamentaire—Loi—C. civ.*, art. 937, 980—29 *Vict.* (1865), ch. 17—33 *Vict.* (1870), ch. 21—41-42 *Vict.* (1878), ch. 13—*S. ref.* (1909), art. 1480.

1. D'après les dispositions contenues dans 29 *Vict.* (1865), ch. 17 et 33 *Vict.* (1870), ch. 21, "loi pour assurer aux femmes et aux enfants le bénéfice des assurances sur la vie de leurs maris et parents," et d'après les articles 937 et 980, *C. civ.*, lorsqu'une police d'assurance sur la vie du mari est faite payable "à sa femme et ses enfants, à leurs exécuteurs, administrateurs et ayants-cause," la désignation des bénéficiaires n'est pas devenue caduque par le décès avant l'assuré de son épouse et de ses enfants au premier degré mais elle continue d'être en vigueur en faveur de ses petits-enfants.

2. Dans la désignation des bénéficiaires d'une police d'assurance prise par un mari au bénéfice de sa femme et de ses "enfants" ce dernier mot comprend par lui-même les "petits-enfants."

3. L'assuré dans le cas ci-dessus, n'a pas le droit suivant les articles 6, 7 et 8 de la susdite loi 33 *Vict.* (1870), ch. 21, d'ordonner, par acte sous seing privé, à la compagnie d'assurance, de payer une partie de son assurance à quelques personnes désignées de sa parenté et le reste suivant les dispositions de son testament.

4. Lorsqu'un mari assure sa vie au bénéfice de sa femme, de ses enfants et leurs exécuteurs, administrateurs et ayants-cause, le montant de l'assurance, à son décès, ne tombe pas dans sa succession, et son exécuteur testamentaire ne peut le réclamer.

5. Dans le cas ci-dessus, lorsque la police est émise du vivant de la première femme du mari, la seconde n'y a aucun droit.

6. En matières d'assurance sur la vie c'est la loi en vigueur au décès de l'assuré, c'est-à-dire au moment où la police devient due, qui s'applique.

Oct. 13, 1917.—Quebec Superior Court.—*Dame Lee et autre v. The Aetna Life Insurance Company of Hartford, et dame Archambault personnellement et exécutrice testamentaire et autre, mis en cause*.—LIII, Quebec Reports, 162.

(qq) *Change of Beneficiary—Preferred Class—Declaration in Writing—Sufficiency—Insurance Act, R.S.O. 1914, ch. 183, sec. 171 (5)—Will—Printed Form—"Personal Estate"—Inclusion of Insurance Moneys—Effect of Printed Explanatory Clause—Wills Act, R.S.O. 1914, ch. 120, secs. 2, 12 (2), 30—Interlineation—Nuncupative Will—Wills Act, sec. 14.*

The beneficiaries named in an insurance policy on the life of M. were his father, mother, and a brother. M. died leaving a will executed when he was on active service abroad as a soldier. This will was framed by filling up the blanks in a printed form of a "soldier's will." The directions for filling in the blanks and for execution and attestation were in the body of the document, not in the margin. The will as drawn up and executed contained this clause: "My personal estate I bequeath to my wife" (naming her); and beneath the place for the signature, where M. had affixed his signature, and above the

SESSIONAL PAPER No. 9

estimonium clause, were the printed words: "N.B. Personal estate includes . . . insurance policy, in fact, everything except real estate"—

Held, that, whether or not this document operated as a will making a valid disposition of the insurance money, it was a declaration under sub-sec. (5) of sec. 171 of the Ontario Insurance Act, sufficient to effect a valid change in the beneficiary in favour of the wife, one of the preferred class, substituting her for the original beneficiaries.

Semble, that, although the *nota bene* clause was not part of the will, because not intended to be so, it was not to be ignored altogether—it should be taken as explanatory of what was included in the term "personal estate"; and the document might be regarded as a testamentary document supporting the claim of the wife to the insurance money.

Sections 2, 12 (2) and 30 of the Wills Act considered.

Semble, also, that if the *nota bene* clause should be deemed to have been intended to be part of the will, it might be treated as an interlineation, self-evidently made before the execution of the will and above the *testimonium* clause, and so supporting the wife's claim. But, treating the document as a nuncupative will, under sec. 14 of the Wills Act, the wife was not aided, because that section authorizes a disposal of "personal estate" as interpreted by that enactment only.

March 18, 1918.—Ontario Supreme Court, Appellate Division.—*Monkman v. Canadian Order of Chosen Friends*.—XLII Ontario Law Reports, 363.

(rr) *Surrender of Policy by Husband with Consent of Wife—Necessity of Independent Advice—Life-Insurance Policies Act, R.S.B.C. 1911, Ch. 115.*

Contract—Insanity of One Party—Knowledge of by Other—Necessity of Proof of by Person attacking Contract.

The Life-insurance Policies Act, R.S.B.C. 1911, ch. 115, does not require a wife to have independent advice before joining with her husband in the surrender of a policy of insurance taken out by him in her favour, especially where a refund is made of a portion of the premiums paid. Nor, unless the circumstances of such surrender bring it within one of the exceptions referred to by Alverstone, C.J., in *Howes v. Bishop* (1909) 2 K.B. 390, at 395, is there any rule of law casting upon an insurance company supporting the surrender an onus of showing that the document was adequately explained to the wife or that she had independent advice or sufficient protection.

Quære as to how far the rule, that it is necessary for a party attacking a document on the ground of insanity to prove knowledge of such insanity on the part of the person supporting it, has been affected by "*Daily Telegraph*" Newspaper Co. v. *McLaughlin* (1904) A.C. 776; 73 L.J.P.C. 95, and *Molyneux v. Natal Land, etc., Co.* (1905) A.C. 555; 74 L.J.P.C. 108.

July 10, 1918.—Supreme Court of British Columbia.—*Moore v. Confederation Life Association*.—(1918) 2 Western Weekly Reports, 895.

(ss) *Application for Insurance made and Premium paid—Powers of local Agent—By-laws of Insurance Company—Principal Officers—Approval of Application by Medical Referee—Death of Applicant before acceptance of Application by Issue of Policy or otherwise—Failure to prove Contract—What constitutes a Contract—Insurance Act, R.S.O. 1914, ch. 183, secs. 2 (14), 155.*

C. was a local agent of the defendants; his powers were limited to receiving applications and premiums for insurance and procuring medical examination of applicants. R., on the 3rd February, signed an application, addressed to the defendants, for an insurance on his life, and gave it to C. with \$5 and a promissory note for \$3.62—\$8.62 being the estimated amount of the first quarter's premium. An interim receipt, signed by C., was given by him to R.

9 GEORGE V, A. 1919

C. intimated and R. understood that a larger premium might be required. At the instance of C., R. was examined by a physician on the same day. C. sent the application, the \$5, and the note to the defendants. On the 6th February the defendants returned the application and the note to C., stating that the premium would be \$9.37, instead of \$8.62, and asking C. to have the necessary changes made and initialled by the applicant. The application and note were altered by C. and sent to R. to be initialled, but were not at once returned by R. On the 10th February, the medical examiner's report was received by the defendants. On the 24th February R's wife brought to C. the application and note as altered, duly initialled; and she paid to C. in cash \$4.37, the balance of the premium. On the same day, which was a Saturday, C. sent the application and the \$4.37 to the defendants; they received it on the 26th; but R. was then dead, his death occurring on the 25th. On the 28th February the defendants were notified of the death. The policy had been prepared, but had not been signed or sealed. The defendants sent a cheque for \$9.37, the sum paid, to the wife of R., who refused to accept it; it was retained by her solicitors, without prejudice to her claim to recover as upon a completed contract of insurance, to enforce which she brought this action:—

Held, upon the evidence, and having regard to the limited powers of C. and the by-laws of the defendants, which provided that the manager, assistant manager, and acting-manager were the only officers empowered to bind the defendants by an insurance contract, and that they could do so only after the application has been approved by the medical referee—who in this case never saw the application until after the death of R.—that there never was any insurance contract between the defendants and R.

Per Mulock, C.J.Ex.: A policy is evidence of a contract, but is not itself the contract. The contract may be by parol, in which case there is no policy to submit to the applicant for acceptance or refusal. The application is an offer, and may be accepted by any sufficient corporate act—not necessarily the granting of a policy. Sections 2 (14) and 155 of the Insurance Act, R.S.O. 1914, ch. 183, referred to.

The *dictum* of Riddell, J., in *Sharkey v. Yorkshire Insurance Co.* (1916), 37 O.L.R. 344, at p. 352, repeated in this case, that the ordinary application for insurance is not a tender which will become a contract, but a request to the company to offer a policy; that, if the company tender a policy on such request the applicant may decline to accept it, and that, if the applicant accept the policy tendered, then and only then is the contract complete, not assented to by Mulock, C.J.Ex.

March 25, 1918.—Ontario Supreme Court, Appellate Division.—*Robinson v. London Life Insurance Co.*—XLII Ontario Law Reports, 527.

9. CONSTITUTIONAL.

(tt) *Company*—Name similar to that of Existing Company—Application for license—Power of Court to restrain—Fire—Foreign Company—Application for License—Duty of Superintendent.

Constitutional Law—Companies—Insurance Act, 1910—Power of Dominion Parliament to require Foreign Companies to take out Dominion License.

Although there is no express prohibition in the *British Columbia Fire Insurance Act*, ch. 113, R.S.B.C. of the licensing of a company with a name so similar to that of another company already established in the province as to be likely to lead persons doing business with the new company to think that they are doing business with the old company, the Court has power to restrain

SESSIONAL PAPER No. 9

the applicant for a license for the new company from making or persisting in his application (*Hendricks v. Montagu*, 17 Ch. D. 638, 50 L.J. ch. 456 applied).

A license under *The Insurance Act*, 1910 (Dom.) is a prerequisite to the doing of any insurance business in any province of Canada by a company incorporated by a foreign state. (View taken in *Farmers' Mutual Hail Insurance Association v. Whittaker*, 12 Alta. L. R. 309; (1917) 3 W.W.R. 750, of the decision in *Attorney General for Canada v. Attorney General for Alberta* (1916), A.C. 124, 10 W.W.R. 405 followed.)

On an application by a foreign fire insurance company without a Dominion license for a provincial license the superintendent of insurance should, at least, stay his hand, for the discretion which he possesses, under sec. 6 of the *British Columbia Fire Insurance Act* can only be exercised legally by a refusal of the application. (Per Martin, J.A.)

April 2, 1918.—British Columbia Court of Appeal.—*Guardian Assurance Company, Limited (Plaintiff), Appellant v. Garrett (Defendant), Respondent.*—(1918) 2 Western Weekly Reports, 405.

On appeal to the Supreme Court of Canada, judgment was given as follows:
Injunction—Refused of, when Mischief apprehended not likely to arise—Where Party to be affected not before the Court—Jurisdiction to grant Injunction against applying for or issuing License under British Columbia Fire Insurance Act.

Court of Appeal—Attitude re Injunction in view of Legislation between Trial Judgment and Hearing in Appeal.

Supreme Court of Canada—Statutory Duty to Pronounce judgment which Court appealed from should have rendered.

Insurance—Constitutional Law—Application for License under British Columbia Fire Insurance Act—Effect of Dominion Insurance Act, 1917.

Parties—Agency—Injunction asked against agent Applying for License on behalf of Foreign Insurance Company—Company a necessary or proper Party—Liability of Agent.

The defendant M., the agent of an insurance company created in the state of Utah, and having power to carry on business in British Columbia, applied to the defendant G., the superintendent of insurance for British Columbia, for the issuance of a license to said company under the *British Columbia Fire Insurance Act*, R.S.B.C., 1911, ch. 113. Said company was not licensed under the *Dominion Insurance Act*.

The plaintiff, an insurance company created in Great Britain, and licensed by the Dominion and provincial authorities, alleging that the Utah company intended to carry on business in British Columbia under its name, which was similar to that of the plaintiff company, brought action against M. and G. to restrain M. from making any application for the licensing of the Utah company and to restrain G. from issuing any license. The Utah company was not made a defendant to the action.

By *The Insurance Act*, 1910 (Dom.), sec. 4, it was forbidden to carry on the business of insurance in Canada without a license from the Minister of Finance. This section was declared *ultra vires* of the Parliament of Canada in *Reference re Insurance Companies* (1916) 1 A.C. 588, 10 W.W.R. 405, which decision, however, declared it to be within the power of the Parliament of Canada, by properly framed legislation, to impose such a restriction on a company incorporated by a foreign state, even where the company desires to carry on its business only within the limits of a single province.

The plaintiff's action was dismissed by Clement, J., and the plaintiff appealed. The appeal was heard by the British Columbia Court of Appeal in November, 1917, and the order in appeal was dated April 2, 1918, reversing the decision of Clement, J., and granting the plaintiff an injunction (see judgment of Court of Appeal [1918] 2 W.W.R. 405).

In September, 1917, after the date of the trial judgment, but before the hearing in appeal, *The Insurance Act, 1917* (7-8 Geo. V., ch. 29, Dom.) came into force, providing, amongst other things, for the granting by the Finance Minister of Canada of a license to a "company" (as defined in the Act) on such company having complied with certain requirements and providing (sec. 6) that "before issuing a license to a company the Minister must be satisfied that the corporate name of the company is not that of any other known company incorporated or unincorporated, or any name liable to be confounded therewith or otherwise on public grounds objectionable"; and (sec. 11) prohibiting the carrying on in Canada of any business of insurance by a foreign insurance company unless under such a license.

On appeal by defendant M. to the Supreme Court of Canada, it was held that the British Columbia Court of Appeal should have taken judicial notice of *The Insurance Act, 1917* (Dom.) and, since, in view of that legislation, a British Columbia license, if granted to the Utah company, would be impotent to enable it to transact any business to the prejudice of the plaintiff, therefore when the action came before the Court of Appeal a case for the granting of the injunction asked did not exist and it should have been refused. Appeal to the Supreme Court of Canada allowed without costs (Idington and Cassels, JJ., would allow the appeal with costs).

The statutory duty of the Supreme Court of Canada is to pronounce the judgment which the Court appealed from should have rendered (per Anglin, J., citing *Boulevard Heights v. Veilleux*, 52 S.C.R. 185, 9 W.W.R. 742).

An injunction *quia timet* should not be allowed unless the plaintiff show a strong case of probability that the apprehended mischief will, in fact, arise (per Anglin, J., citing *Att'y-Gen. v. Manchester Corporation* [1893] 2 Ch. 87, at 92).

The British Columbia registrar might be well advised to refrain from granting the provincial license until the applicant company has obtained its federal license; but there appears to be no ground for holding that application for the provincial license may not precede that for the Dominion license (per Sir Louis Davies C.J., Brodeur, J., concurring, and Anglin, J.).

If it, in fact, was ever supposed by the plaintiff to have been part of the purpose of the Utah company pending the litigation, to deny the power of the Dominion Parliament and insist upon a right to operate in British Columbia by virtue only of a license under the *British Columbia Fire Insurance Act*, it should have so alleged and proven such an allegation (per Idington, J.).

Remarks as to the merits of the situation as between the two companies, and as to the exercise of the power of injunction (per Idington, J.).

Upon the coming into force of *The Insurance Act, 1917* (Dom.) the requirement on the part of the Utah company to obtain a license from the registrar in British Columbia ceased to exist. The forum to determine the question whether a license should be granted or not was the Minister of Finance for the Dominion, and the Courts would have no jurisdiction for interfering with the express statutory power which is given to him to grant or refuse. Had the Minister of Finance issued the license, no legislation in British Columbia preventing the licensee from carrying on business would have been valid (per Cassels, J., citing *John Deere Plow Co. v. Wharton*; *Same v. Duck* [1915] A.C. 330, 7 W.W.R. 635, 706).

Upon the Dominion license being granted the right to a provincial license on payment of the prescribed fee is indisputable (per Anglin, J., referring to R.S.B.C., 1911, ch. 113, sec. 7).

An incorporated company with a status to carry on business cannot be restrained from applying for a license; nor can the registrar be restrained from entertaining such an application. The matter should be left with the registrar to deal with (per Cassels, J.).

SESSIONAL PAPER No. 9

The Utah company should have been made a party defendant to the action (per Idington and Cassels, JJ.). The Utah company was a proper party and possibly a necessary party (per Sir Louis Davies, C.J., Brodeur, J., concurring, and Anglin, J.).

Where the injunction sought will injuriously affect the rights of a person or body not before the Court it will not ordinarily and without special circumstances be granted (per Anglin, J., citing *Hartlepool Gas and Water Co. v. West Hartlepool Harbour Co.*, 12 L.T. 366).

The statement of claim did not contain an allegation that the defendant G. intended to issue such a license as had been applied for. G. filed no defence to the action and did not appear on either of the appeals.

Held, (per Anglin and Cassels, JJ.) that the judgment of the Appellate Court should be set aside *in toto* both as regards M. and G.

Dec. 9, 1918.—Supreme Court of Canada.—*Guardian Assurance Company, Limited (Plaintiff), Respondent v. Matthew (Defendant), Appellant.*—(1919) 1 Western Weekly Reports, 67.

10. GENERAL.

(uu) *Practice—Discovery—Examination of "Other Officer or Servant" of Corporation—Local Agent of Insurance Company as—Order 31—A, Rule 370-C, Sub-Rule 2.*

A local agent of an insurance company may be examined for discovery as an "other officer or servant" under sub-rule 2 of rule 370-C of Order 31-A.

October 29, 1918.—Supreme Court, British Columbia.—*Yamashita v. Hudson Bay Insurance Company.*—(1918) 3 Western Weekly Reports, 671.

LEGISLATION.

1. DOMINION LEGISLATION.

There was no general legislation affecting insurance passed at the session of Parliament held in 1918.

Private Acts were passed as follows:—

(1). An Act respecting The Canadian Indemnity Company. (*Assented to May 24, 1918.*)

This Act extends until March 22, 1920 the time within which a license may be obtained under the Insurance Act. The company was incorporated by chapter 52 of the Statutes of 1916, with power to take over the business of the provincial company of the same name.

(2). An Act respecting The Fire Insurance Company of Canada. (*Assented to May 24, 1918.*)

This Act extends the time for obtaining a license until May 18, 1920. The company was incorporated by chapter 53 of the Statutes of 1916.

(3). An Act to incorporate Merchants Casualty Company. (*Assented to May 24, 1918.*)

This Act incorporates the company with power to transact accident, sickness, automobile, burglary, explosion, guarantee, plate glass, sprinkler leakage, steam boiler, and fire insurance. The company is given the power to take over the business of the provincial company of the same name. The head office will be in the city of Winnipeg.

(4). An Act respecting the Protective Association of Canada. (*Assented to May 24, 1918.*)

9 GEORGE V, A. 1919

This Act provides that the Association may increase the amount of its sickness and accidental death benefits when its capital stock has been increased.

(5). An Act to incorporate the United Canadian Insurance Company. (*Assented to May 24, 1918.*)

This Act incorporates the company with power to transact hail, fire, cyclone, plate glass, automobile, burglary, accident, guarantee, sprinkler leakage, and credit insurance. The head office of the company is to be in the city of Vancouver.

2.—ALBERTA LEGISLATION.

(1). Section 33 of *An Act to amend the Statute Law*, chapter 4, 1918. (*Assented to April 13, 1918.*)

The Municipal Co-operative Hail Insurance Act, being chapter 18 of the Statutes of Alberta, 1915, as amended, is hereby further amended as follows:

1. By striking out subsection 8 of section 6 and substituting therefor the following:—

“(8) The Board may by resolution authorize its chairman and secretary-treasurer from time to time to borrow from any person, bank or corporation such sum as the board may deem necessary to carry on the business of the district, and for the payment of unpaid awards, and the sum so borrowed shall be a debt owing by the district, and shall be recoverable as such, and shall be repaid out of, and be a first charge upon the taxes levied by any municipality in the district for hail insurance purposes, and any moneys borrowed by the council of any municipality under section 16 hereof, not paid by the municipality to the board; provided that the board may by such resolution authorize that the sum so borrowed may be further secured by such promissory note or notes, assignment, covenant, or agreement of the chairman and secretary-treasurer given under the seal of the Board as may be fixed by such resolution.”

2. Section 7, subsection 1: By adding after the words “secretary-treasurer” in the first and second lines thereof the words “or secretary and treasurer.”

3. Section 13, subsection 12: By striking out all the words after the word “showing” in the fifth line thereof and substituting therefor the following: “all lands assessed to him and the number of acres of different kinds of crop growing thereon, and the number of acres not in crop of any kind during the then current year.”

4. Section 10, subsection 4: By striking out the word “exceeds” where it occurs therein and by substituting therefor the words “is at least.”

5. Section 16, subsection 2: By inserting the words “or in payment of any sum or sums borrowed by” after the word “to” where the same appears in the last line of said subsection.

(2) Section 45 of *An Act to amend the Statute Law*, chapter 4, 1918. (*Assented to April 13, 1918.*)

The Mutual Fire Insurance Ordinance being chapter 21 of the Ordinances of the North-West Territories, 1903 (Second Session), is amended as follows:—

1. Section 66: By adding thereto the following subsection:

“(2) The minimum rate to be charged or taken by any company for insuring first-class, isolated, nonhazardous property on the cash plan shall not be less than forty cents per one hundred dollars per annum; and the minimum rate of insurance upon other property shall be increased relatively with the increased risk according to the nature of such property.”

(3) Section 52 of *An Act to amend the Statute Law*, chapter 4, 1918. (*Assented to April 13, 1918.*)

The Life Insurance Beneficiaries Act, being chapter 25 of the Statutes of Alberta, 1916, is amended as follows:

SESSIONAL PAPER No. 9

1. Section 12: By adding the following subsection:—

"(5) Upon it being made to appear to a judge of the Supreme Court on application of the assured that the wife of such assured is a preferred beneficiary under any contract of insurance on the life of the assured and that such wife is living apart from him under circumstances disentitling her to alimony, and that the assured has no mother, child, or grandchild, to whom the share of such wife in the benefits of the insurance may be transferred under the provisions of this Act, the judge may, on such terms and conditions as he may deem fit, declare such wife to be disentitled to the benefits of this Act."

(4) An Act to provide for the Guarantee of Loans raised by the Municipal Hail Insurance Board of Alberta. (*Assented to April 13, 1918.*)

Whereas under the provisions of the Municipal Hail Insurance Act, municipal districts within an area described therein may be brought under the operation of the said Act, and whereas for the purpose of carrying on insurance as provided thereunder it will be necessary for the Hail Insurance Board of Alberta to borrow moneys from time to time, and whereas it seems expedient that the province should guarantee the repayment of the money borrowed by the said board, together with the interest thereon;

Now, therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Alberta, enacts as follows:

1. This Act may be cited as "The Municipal Hail Insurance Guarantee Act."

2. The Lieutenant Governor in Council may from time to time, and at such time or times, and subject to such terms and conditions as he may deem expedient, authorize the guarantee of the repayment of all moneys raised by the issue and sale of a promissory note or promissory notes of the Hail Insurance Board of Alberta, under the provisions of the Municipal Hail Insurance Act, together with interest thereon.

3. The guarantee of any such note or notes by the Treasurer in the form of schedule A of this Act or to the like effect shall render the Province of Alberta liable as endorser thereof, and shall be conclusive evidence of the liability of the province for the payment of the principal and interest secured thereby.

4. The Lieutenant Governor in Council is hereby authorized to make arrangements for supplying the money required to fulfil the said guarantee and to advance the sums necessary for such purpose out of the General Revenue Fund of the province.

SCHEDULE A.

Form of Guarantee.

Pursuant to the Statute in that behalf I do hereby on behalf of the Province of Alberta guarantee, in case of default by the makers, payment of principal and interest of the within promissory note.

Dated this.....day of.....A.D. 19....

.....
Provincial Treasurer.

(5) *The Municipal Hail Insurance Act.* (*Assented to April 13, 1918.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Alberta, enacts as follows:

1. This Act may be cited as "*The Municipal Hail Insurance Act.*"

2. In this Act, unless the context otherwise requires, the words—

(a) "Minister," "Municipal District," "Council," "Councillor," "Reeve," "Elector," "Owner," "Occupant," "Person," "Secretary-Treasurer" and "Land" shall have the same meaning and interpretation as is assigned to them respectively in *The Municipal Districts Act* and any amendments thereto;

- (b) "Crop" shall mean and include wheat, oats, barley, flax, rye, or speltz;
- (c) "Hail Insurance Board of Alberta," Hail "Insurance Board," and "Board" shall mean the Hail Insurance Board of Alberta appointed under this Act.
- (d) "The Hail Insurance District" shall mean the hail insurance district established under the provisions of this Act;
- (e) "Representative" shall mean any person appointed by the council of any Municipal District in the Hail Insurance District to represent that Municipal District at the annual and other meetings of the representatives of the Hail Insurance District;
- (f) "Chairman" shall mean the Chairman of the Hail Insurance Board of Alberta appointed under this Act;
- (g) "Member" shall mean a member of the Hail Insurance Board of Alberta appointed under this Act;
- (h) "Adjuster" shall mean any adjuster appointed under this Act;
- (i) "*The Municipal Districts Act*" shall mean chapter 3 of the Statutes of Alberta, 1911-12, and all amendments thereto;
- (j) Whenever the word "herein" is used in any section of this Act, it shall be understood to relate to the whole Act and not to that section only.

3. Where for proceedings under this Act certain forms are prescribed, no deviation therefrom, unless affecting the substance or calculated to mislead, shall vitiate the proceedings thereunder and forms to the like effect as those prescribed shall suffice and be effectual.

4. Where in this Act a certain date is fixed on or by which certain things are to be done or proceedings had or taken, and if it appears that such date was fixed having regard to an earlier date fixed or by which certain things are to be done or proceedings had or taken, then, notwithstanding anything herein contained if default be made in respect of the earlier date a like delay shall be allowed in respect of the later date. Where anything is by this Act required to be done on a day which falls on any holiday, such thing may be done on the next business day following which is not a public holiday.

APPLICATION OF ACT.

5. This Act shall apply to that portion of the Province of Alberta lying to the south of that line of demarcation described as follows:

Commencing at the point where the North Saskatchewan River crosses the fourth meridian; thence westerly along the said North Saskatchewan River to that point where it meets the range line between ranges twenty (20) and twenty-one (21), west of the fourth meridian; thence westerly along the north boundary of township fifty-six (56) to the range line between ranges twenty-one (21) and twenty-two (22) west of the fourth meridian; thence northerly to the north boundary of township fifty-nine (59); thence westerly along the north boundary of the said township fifty-nine (59) to the range line between ranges six (6) and seven (7) west of the fifth meridian; thence south along the said range line to the North Saskatchewan River; and thence along the said river to the western boundary of the province.

ORGANIZATION OF HAIL INSURANCE DISTRICT.

6. The council of every municipal district lying within the area to which this Act applies shall submit to the electors of such districts at the first election for councillors to be held after the passing of this Act a by-law, in the form prescribed by the Minister and in accordance with the procedure prescribed by *The Municipal Districts Act* for the voting on debenture by-laws, as to whether the municipal district shall be brought under the operation of this Act.

(2) The council of any municipal district which has voted against coming under the operation of this Act at the time of the election referred to in this

SESSIONAL PAPER No 9

section and the council of any municipal district which may be formed after that date and lying within the described area may at any time submit to the electors of such municipal district a by-law as hereinbefore provided for the purpose of bringing such municipal district under the operation of this Act.

(3) The council of any municipal district within the described area, but not within the hail insurance district, on the receipt, on or before the fifteenth day of November in any year, of a petition to that effect signed by not less than fifteen per cent of the electors of such municipal district, as shown by the last voters' list, shall at the next meeting of the council but not later than the fourth Monday in the month of December following arrange for the submission to the electors at the next ensuing election of councillors, a by-law as hereinbefore provided to bring the municipal district under the operation of this Act.

(4) Any owner or occupant of land lying within a municipal district within the area to which this Act applies, but not lying within one of the municipal districts constituting the hail insurance district, may, on application to the secretary-treasurer of the municipal district within which his land lies, and subject to such terms and conditions as may be prescribed by the board consistent with the provisions of this Act, become entitled to the privileges and become subject to the provisions of this Act to the same effect as if his lands lay within a municipal district which had elected to be subject to the provisions of this Act.

7. Immediately following the voting on the by-law as provided for in section 6 of this Act, the secretary-treasurer of each municipal district so voting shall forthwith forward to the Minister a statement showing the result of the voting, and in the event of forty-five or more municipal districts electing to come under the operation of this Act, the Minister may, by order, notice of which shall be forwarded to each of the said municipal districts and published in the Alberta Gazette, establish the municipal districts so electing "The Hail Insurance District."

DISORGANIZATION OF DISTRICT.

8. At any time after the expiration of five years from the establishment of the hail insurance district any of the municipal districts constituting same may by by-law approved by a majority of the electors in the manner hereinbefore prescribed withdraw from such hail insurance district upon such terms as the Minister may deem just and upon such withdrawal the Minister shall have power to settle and adjust the assets and liabilities of the board among the municipal districts composing the hail insurance district and, if less than forty-five municipal districts remain in such hail insurance district, to wind up the affairs of the board, and his decision shall be final in regard to all matters connected therewith.

ORGANIZATION OF BOARD.

9. The hail insurance district shall be under the direction of a board of nine members to be known as "The Hail Insurance Board of Alberta."

(2) The members of this board shall be elected by representatives of the municipal districts constituting the hail insurance district, one representative to be appointed by the council of each municipal district.

10. The first meeting of the representatives of the municipal districts in the hail insurance district shall be called by the Minister, such meeting to be held at Calgary on the third Wednesday of March.

(2) In each year thereafter a meeting of the representatives of the said municipal districts shall be held on the third Wednesday in March for the purpose of receiving the report of the Board as to its operations during the preceding year, the election of new members of the board and for any other business arising out of this Act.

(3) The board may at any time, should it consider the same necessary or expedient, convene a special meeting of representatives to be appointed as provided in section 9 hereof.

(4) The board shall, on the receipt of a petition signed by the reeves of at least twenty-five per cent of the municipal districts constituting the hail insurance district, convene a meeting of representatives to be appointed as aforesaid.

11. All meetings of representatives after the first meeting shall be convened by the secretary of the board mailing a notice thereof to the secretary-treasurer of each municipal district constituting the hail insurance district, in the case of annual meetings thirty days, and in the case of special meetings fifteen days, prior to the date fixed for such meetings.

(2) At any meeting of representatives to be convened under the provisions of this Act the presence of thirty-six representatives shall be necessary to constitute a quorum.

12. Representatives shall be remunerated out of the funds of the board at the rate of \$4.00 for each day or part of a day necessarily occupied by them attending such meetings as may be convened under this Act together with the actual cost of transportation incurred and paid by them.

13. At the first meeting of representatives to be held after this Act comes into force, the meeting shall elect the board of nine members as by this Act provided.

(2) In the event of there being no poll the first three members nominated shall hold office for three years; the next three members nominated shall hold office for two years, and the next three members nominated shall hold office for one year.

(3) In the event of more than nine members being nominated and a poll being necessary, the three members receiving the highest number of votes shall be declared elected for the term of three years following; the three members receiving the next highest number of votes shall be declared elected for the term of two years following; and the three members receiving the next highest number of votes shall be declared elected for the term of one year following.

(4) At all annual meetings of representatives held subsequent to the first meeting three members shall be elected who shall hold office for three years.

(5) Retiring members shall be eligible for re-election.

(6) Notwithstanding the duration of office of members herein fixed, at any meeting of representatives properly convened they may on a vote of at least two-thirds of those present at such meeting recall the appointment of any member or members of the board and elect a substitute or substitutes to fill the vacancy or vacancies so created.

POWERS AND DUTIES OF BOARD.

14. The board shall be a corporate body with office in the City of Calgary and shall have the following powers:

(a) To carry on the business of hail insurance under the provisions of this Act;

(b) To borrow money for the purpose of carrying out the objects of its incorporation, to hypothecate, pledge and mortgage its property, rights, assets and prospective revenues, and to sign bills, notes, contracts, and other evidences of or securities for money borrowed or to be borrowed for the purposes aforesaid;

(c) To invest any reserve funds or surplus, as the same may from time to time be accumulated, in such manner as may be approved by the Lieutenant Governor in Council.

15. The board may meet together for the despatch of business, adjourn, and otherwise regulate their meetings as they think fit and determine the

SESSIONAL PAPER No. 9

quorum necessary for the transaction of business. Questions arising at any meeting shall be decided by a majority of votes. In case of an equality of votes the chairman shall have a second or casting vote. Any three members may at any time summon a meeting of the board.

16. At the first meeting of the board to be held after the annual meeting of delegates they shall appoint one of their own members as chairman, and shall assign his duties and fix his salary.

(2) If at any meeting of the board the chairman is not present at the time appointed for holding the same, the members present shall choose some one of their number to be chairman of such meeting.

17. In the event of the office of chairman becoming vacant through death, resignation or otherwise the board shall take immediate steps to fill the vacancy.

18. All acts done at any meeting of the board or by any person acting as a member of the board shall notwithstanding that it be afterwards discovered that there was some defect in the appointment of any such member or person acting as aforesaid or that they or any of them were disqualified, be as valid as if every such person had been duly appointed and was qualified to be a member.

19. The board shall appoint a manager who shall be responsible for the management of the business of the board and who shall engage, appoint, and dismiss all employees (except the secretary-treasurer and chief adjuster), and assign to them their respective duties.

(2) The board shall also appoint a secretary-treasurer and chief adjuster who shall be under the supervision and control of the manager.

20. No member of the board other than the chairman shall be entitled to occupy any salaried position in connection with the operations of the board under this Act.

(2) Members other than the chairman, shall be entitled to remuneration for their services at the rate of eight dollars for each day, or part of a day, occupied by them in attendance at meetings of the board, together with the actual cost of transportation and subsistence incurred and paid by them.

21. In the event of the resignation or death of any member of the board, the remaining members may appoint any person to fill the vacant office until the date of the next meeting of representatives, when any vacancies which may have occurred during the year shall be filled:

Provided always that any member of the board elected in substitution for any member who has resigned or died or who has been removed from office under the provisions of section 13 of this Act, shall hold office only for the unexpired term of the member whose place he has taken.

22. The board may from time to time make such by-laws or regulations, not contrary to law or inconsistent with the provisions of this Act, for the administration or control of its property and business and for the conduct in all particulars of its affairs as may be considered necessary or expedient for the carrying out of the provisions of this Act according to their true intent and meaning.

AUDIT.

23. The board shall close its books as at the thirty-first day of January in each year and shall on or before the fifteenth day of May in each year appoint an auditor or auditors who shall on or before the fifteenth day of February following make a full and complete audit of the books, records and accounts of the board for the year ending as at the thirty-first day of January, and who shall for the purposes of such audit have access to all the books, records, accounts, vouchers and receipts of the board and shall by the said fifteenth day of February prepare and deliver to the board a full and complete report of the audit. Such auditor or auditors shall not be otherwise employed by the board.

(2) The board shall immediately in receipt of such auditor's report prepare and publish a complete report of its operations during the preceding year and a copy of such report shall be mailed to the Minister and to the reeve and secretary-treasurer of each municipal district at least ten days prior to the date of the annual meeting.

(3) If the board neglects or refuses to make such an audit, the Minister may appoint an auditor or auditors who shall have the same rights and duties as if he or they had been appointed by the board as aforesaid.

CROP REPORTS.

24. All owners of or persons occupying land within the hail insurance district and liable to assessment under this Act, shall, on or before the fifteenth day of June in each year, forward to the secretary-treasurer of the municipal district within which such land is situated, a return in the form prescribed by the board showing—

- (a) The name and address of the person making the return;
- (b) The acreage of the land owned or occupied by him within the area of the municipal district;
- (c) The nature of the crops sown thereon and the acreage and location of each crop sown;
- (d) His intention, if desired, to reduce the rate of indemnity to six dollars per acre.

25. The secretary-treasurer of each municipal district constituting the hail insurance district shall obtain returns as to all crops grown within the municipal district and for that purpose shall furnish all persons requiring the same with the necessary forms to be supplied by the board and shall, on or before the first day of July in each year, prepare and forward to the secretary of the board a statement, in such form as may be prescribed by the board, showing in detail the names of each owner of or person occupying land within such municipal district whether the owner or occupier shall have made the return required by the immediately preceding section or not, and embodying in schedule form such particulars as may be required by the board.

WITHDRAWALS.

26. Any owner, occupier, or person liable to assessment under this Act may, prior to the sixteenth day of June in any year after the coming into force thereof, by written notice to the secretary-treasurer of the municipal district within which the land in question lies, withdraw from the operation of this Act any land in respect of which he is liable to assessment; provided, however, that in the case of a non-resident owner of land liable to assessment desiring to withdraw from the provisions of this Act, he shall first secure the written consent of the occupier, if any, of said land. Any land withdrawn from the operation of this Act as herein provided shall remain so withdrawn until such time as application in writing shall have been made by the owner or occupant thereof to the secretary-treasurer of the municipal district within which the same is situate for the re-inclusion of such land within the operation of this Act.

(2) When any crop insured under this Act shall be destroyed from any cause other than hail, the owner or occupant of the land on which such crop was growing, by sending notice by registered letter addressed to the hail insurance board at their office in Calgary, not later than the twentieth day of July in any year giving the location of the crop and furnishing proof satisfactory to the board of such destruction, may withdraw such crop from the operation of this Act for the current year and he shall be entitled to a proportionate rebate in respect of the hail insurance tax payable for crop so withdrawn: provided, however, that no rebate shall be granted for any portion of such crop that may be harvested.

SESSIONAL PAPER No. 9

CLAIMS.

27. Any person owning a crop or a portion of the crop, or any person having an interest therein, upon lands subject to assessment under this Act, which is damaged by hail between the sixteenth day of June and the fifteenth day of September, both inclusive, or in the case of fall wheat and rye, between the first day of June and the fifteenth day of September, both inclusive, shall, within three days from the date on which such damage shall have been sustained, give notice of such damage to the hail insurance board at Calgary by registered letter, such notice to be in the form prescribed by the board and shall show in detail—

- (a) The name and address of the claimant;
- (b) The nature of the crop and the legal description of the land upon which it was grown;
- (c) The number of acres damaged;
- (d) The percentage of damage done;
- (e) The nature and amount of the claimant's interest in the crop;
- (f) If there be any other person or persons jointly interested with him in the said crop, the nature and amount of their interest therein;
- (g) In case such claimant does not reside within two miles of the location of the crop in respect of which claim is being made, the name of some party resident within two miles of such crop who will act as the agent of such claimant and the section, township and range where such agent resides and such agent shall be recognized by the adjuster making the inspection as representing the claimant for the purposes of the inspection.

ADJUSTMENT AND AWARD.

28. Upon the receipt of any such claims as aforesaid the board shall, through its proper officer, immediately instruct an adjuster to inspect the crop, who shall make every possible effort to see the claimant, or in the absence of the claimant, his agent named as aforesaid and upon the completion of the inspection shall appraise and report upon the claim and shall recommend to the board the indemnity which he thinks should be payable.

(2) The adjuster shall endeavour to secure the written concurrence of the claimant or his agent to the report and recommendation as to compensation made by him and the report and concurrence (if any) shall be forwarded to the board. If the adjuster has been unable to secure such concurrence the reason of his failure to do so shall be stated in the report.

(3) A copy of such report shall be forwarded to the claimant or his agent named as aforesaid and if the claimant or his agent is dissatisfied with such report he may within five days of the receipt of such report by him, mail by registered letter addressed to the hail insurance board at its office in Calgary notice of appeal therefrom stating reasons therefor.

(4) The board shall consider the allegations of all persons so appealing as soon as conveniently may be and may call for further evidence which shall be taken by way of statutory declaration or otherwise as the board may direct and shall vary or confirm the report of the adjuster as it may deem proper.

(5) The decision of the board as to the amount of the loss so sustained by any claimant and the indemnity payable therefor shall be final and conclusive, and shall not be questioned by any court on any grounds whatsoever.

29. The maximum indemnity to be paid for total loss shall be eight dollars per acre: provided that any person desiring so to do shall on or before the fifteenth day of June in each year as provided for in section 24 of this Act, reduce the rate of indemnity payable to six dollars per acre and the premium to be paid therefor as hereinafter provided shall be reduced proportionately.

30. In the event of any claim being made for indemnity for damage under the terms of this Act in respect of any land worked by the occupant on "share

of crop" basis the amount of the indemnity shall be paid over to the owner and occupant on the same basis as the agreement for the division of the crop unless the terms of the lease or agreement of sale otherwise provide, and in the event of any arrangement between the owner and the occupant, as to the allocation of any indemnity payable under this Act such arrangement shall form the basis of the division of the indemnity to be followed by the board.

PAYMENT OF INDEMNITY.

31. The board shall, within thirty days of the date of its decision as to the amount of indemnity to be paid as hereinbefore provided, make payment of such sum to the person or persons entitled thereto, but shall deduct therefrom—

- (a) The amount of arrears of hail insurance tax owing by such person or persons to the municipal district within which the said damaged crop was situate and which sum shall be paid to the secretary-treasurer of such municipal district to be credited by him upon the arrears so owing by such person or persons, and
- (b) A sum representing ten per cent of the total insurance under this Act carried by such person or persons within the municipal district within which the damaged crop, in respect of which such indemnity is payable, was situate, and until such time as the rate of tax payable under this Act for the then current year shall have been determined, when the board shall remit to the secretary-treasurer of such municipal district out of the moneys so deducted the amount of tax so payable by such person or persons for the then current year together with the arrears deducted as aforesaid and shall remit to such person or persons direct the balance, if any, remaining in their hands.

32. The board shall, subject to the provisions of the immediately preceding section, pay all indemnities awarded under the Act out of the reserve fund, if any, or by means of moneys borrowed by them by virtue of the powers herein contained.

THE RATE.

33. The board shall immediately subsequent to the fifteenth day of September in each year, proceed to fix the rate to be levied upon each acre of crop insured by virtue of this Act and the total assessment shall be sufficient—

- (a) To pay all expenses of administration, together with interest and other charges upon money borrowed;
- (b) To pay all indemnities awarded by the board during the year;
- (c) To create and maintain a reserve fund equal to eight per cent of the total risk during the then current year; no contribution to the reserve fund, in any year, shall exceed twenty per cent or be less than ten per cent of the total indemnities paid for the then current year unless the necessary reserve can be maintained by less.

34. Immediately after the rate has been fixed as provided for in section 33 of this Act, the board shall apportion the total amount to be levied among the various municipal districts in accordance with the respective acreages under crop and shall, on or before the first day of October in every year, notify the secretary-treasurer of each municipal district, subject to the provisions of the Act, as to the rate of the tax and the total amount payable by such district.

35. Every municipal district constituting the hail insurance district shall, on or before the thirty-first day of December, in the year in respect of which the tax is levied, pay to the board the sum payable by such municipal district, and such sum shall be a debt due by such municipal district, to the board and shall bear interest at the rate of eight per cent per annum from the time the same became due until paid and may be recovered by action in any court of competent jurisdiction in the Province of Alberta.

SESSIONAL PAPER No. 9

36. Upon receipt of notice from the board as to the rate to be levied, the secretary-treasurer of each municipal district shall assess the owners of the land upon which the insured crop is grown with the tax levied by virtue of this Act and the said taxes shall be levied in the same manner, and subject to the same penalties for non-payment as municipal taxes.

37. The board may by resolution authorize its chairman and secretary-treasurer from time to time to borrow from any person, bank, or corporation such sum as the board may deem necessary to carry on the business of the district, and for the payment of unpaid awards, and the sum so borrowed shall be a debt owing by the district, and shall be recoverable as such, and shall be repaid out of, and be a first charge upon the taxes levied by any municipal district in the district for hail insurance purposes, and any moneys borrowed by the council of any municipal district under this section, not paid by the municipality to the board; provided that the board may by such resolution authorize that the sum so borrowed may be further secured by such promissory note or notes, assignment, covenant, or agreement of the chairman and secretary-treasurer given under the seal of the board as may be fixed by such resolution.

(2) The council of any municipal district may by resolution authorize the reeve and treasurer to borrow from any person, bank or corporation such sums of money as may be required to enable it to pay in full the hail insurance board the amount of the rates herein provided for during the then current year, and the making of such loan by any municipal district for such purpose shall not limit or impair its borrowing powers under any Act or law fixing or limiting the same. Such loan may be secured by promissory note or notes of the reeve and treasurer given under the seal of the municipal district and on behalf of the council, and the amount so borrowed shall be repaid out of and be a first charge upon the taxes which are collected for hail insurance purposes for the year in which such amount was borrowed.

(3) In every year all taxes collected by any municipal district for hail insurance purposes and all moneys borrowed under this section shall be kept by the council of such municipal district in a separate account and deposited in a chartered bank in a trust fund to be styled "Hail Tax Trust Fund," and shall only be paid thereout to or in payment of any sum or sums borrowed by the hail insurance board.

38. Any person who fails to perform any duty or send in any notice or return required of him by this Act or who makes a return or statement under this Act which is wilfully false or misleading in any particular or who performs any act forbidden herein shall be deemed guilty of an offence and upon summary conviction shall be liable to a penalty of not less than ten dollars nor more than fifty dollars.

39. If anything required to be done by or under this Act at or within a fixed time cannot be or is not so done, the Minister may by order from time to time appoint a further or other time for doing the same, whether the time within which the same ought to have been done has or has not expired.

(2) Anything done within the time prescribed by such order shall be as valid as if it had been done within the time fixed by or under this Act.

40. The Lieutenant Governor in Council shall have power to make regulations not inconsistent with this Act which may be required for the better carrying out of the purposes of the Act.

41. *The Municipal Co-operative Hail Insurance Act*, being chapter 18 of the Statutes of Alberta, 1915, and amendments thereto, shall continue to be operative until repealed by order of the Lieutenant Governor in Council.

(6). An Act to amend "The Alberta Insurance Act." (*Assented to April 13, 1918.*)

9 GEORGE V, A. 1919

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Alberta, enacts as follows:—

1. *The Alberta Insurance Act*, being chapter 8 of the Statutes of Alberta, 1915, and amendments thereto, is hereby amended as follows:

1. Section 3, subsection 1 (e): By inserting the words "automobile guarantee" after the words "plate glass" in said subsection.

2. Section 9: By repealing that portion of subsection 2 from the first to the word "its" in the third line thereof, inclusive, and substituting therefor the following:

"(2) A certified copy of power of attorney (in form prescribed by the Lieutenant Governor in Council, or to the like effect), with a certified copy of the duly signed consent of the party so appointed attached thereto, from the insurance corporation to a resident in the province upon whom any process in any action, suit, or proceeding against the insurance corporation may be served. Said power of attorney shall be under the corporation's."

3. Sections 10, 11 and 12: By repealing same and substituting for said section 10 the following:

"10. After such certified copies are filed as aforesaid any process in any action against the insurance corporation may be served upon its attorney appointed pursuant to section 9 of this Act, and such service shall be deemed service upon the insurance corporation, and such attorney shall keep a record of the date and hour of the service upon him; provided, however, that nothing herein contained shall render invalid service in any other mode in which the insurance corporation may be lawfully served."

4. By adding thereto the following sections:

"CONTRACTS OF HAIL INSURANCE.

"103. The liability of a company in respect to a contract of hail insurance shall commence at noon, standard time, of the day on which the application shall have been accepted by the head or branch office or general agency of the company in the province, and shall expire at noon, standard time, on the 15th day of September of the same year or on such later date in the year as may be provided by the contract.

"104. Should the crop insured be cut before the date of expiry of the contract the liability of the company under the contract shall cease at the time the grain is so cut.

"105. If the application for such insurance be declined by the company it shall, within forty-eight hours of the receipt of the application at its head or branch office or general agency in the province so notify the assured by registered letter directed to the address given in such application, failing which the company shall be deemed to have accepted the application.

"(2) Every agent who takes an application for hail insurance on behalf of a company shall forward same to the company by registered mail not later than the day following the date on which it is taken.

"106. On the face of every policy of hail insurance there shall appear—

"1. The name of the insurer;

"2. The name of the insured.

"3. The name of the person or persons to whom the insurance money is payable;

"4. The premium or other consideration for the insurance;

"5. The subject matter of the insurance;

"6. The maximum amount or amounts which the insurer contracts to pay;

"7. The event on the happening of which payment is to be made;

"8. The term of the insurance;

"9. The name and address of the company's head or branch office or general agency in the province.

SESSIONAL PAPER No. 9

" 107. Every company registered under *The Alberta Insurance Act* to undertake hail insurance in Alberta shall cause to be printed, stamped or written in plain letters across the face of every policy, or other insuring document, covering hail loss issued by or on behalf of such company on crops in Alberta, or which on the face of such policy or other insuring document are stated to be in Alberta, the words 'Registered under *The Alberta Insurance Act*.'

" 108. Any stipulation or term of the contract, other than those mentioned herein, if held by a court or a judge before whom a question relating thereto is tried to be not just and reasonable, shall not be binding upon the assured.

" 109. The conditions set forth in schedule D to this Act shall as against the insurer be deemed to be part of every contract of hail insurance in force in Alberta, and shall be printed on every policy with the heading 'Hail Insurance Conditions,' and no stipulations to the contrary or providing for any variation, addition or omission shall be binding on the assured unless set forth in the manner prescribed by sections 110 and 111 of this Act:

" Provided that the provision herein as to printing conditions on the policies shall not be imperative until after the first day of January, 1919.

" 110. If the insurer desires to vary the statutory conditions or to omit any of them, or to add any new conditions, there shall be added immediately after such conditions words to the following effect, which with any such variation, addition or reference to omissions, shall be printed in conspicuous type and in red ink:

" ' VARIATIONS IN CONDITIONS.

" ' This policy is issued on the above statutory conditions with the following variations, omissions, and additions, which are by virtue of *The Alberta Insurance Act* in force so far only as they shall be held to be just and reasonable to be exacted by the company.'

" 111. No such variation, omission or addition, unless the same is distinctly indicated and set forth in the manner above prescribed, shall be binding upon the assured.

" 112. Any such variations, omissions or additions, unless held to be just and reasonable, shall be null and void.

" 113. Sections 73, 74, 75 and 77 of this Act shall not apply to contracts of hail insurance.

" PROVISIONS APPLICABLE TO COMPANIES HEREAFTER INCORPORATED BY
THE LEGISLATURE.

" 114. Every special Act of the Legislature passed after the first day of January, 1918, for the incorporation of an insurance company shall be in the form of schedule E to this Act, and shall be read as if it contained the provisions hereinafter in this section set forth and shall be construed having regard thereto.

"(2) The persons named as such in the special Act shall be the provisional directors of the company, a majority of whom shall be a quorum for the transaction of business. They shall remain in office until replaced by directors duly elected in their stead, and they may forthwith open stock books, procure subscriptions of stock for the undertaking, make calls on stock subscribed and secure payments thereon. They shall deposit in a chartered bank in Alberta all moneys received by them on account of stock subscribed or otherwise received on account of the company and may withdraw the same for the purposes of the company only and may do generally what is necessary to organize the company.

"(3) The directors may establish local advisory boards or agencies either within Alberta or elsewhere at such times and in such manner as they may deem expedient.

"(4) The capital stock of the company shall be divided into shares of one hundred dollars each.

"(5) The directors may, after the whole authorized capital stock of the company has been subscribed and fifty per cent paid thereon in cash, increase the capital stock from time to time to an amount not exceeding the sum named for that purpose in the special Act; but the stock shall not be increased until a resolution of the board of directors authorizing such increase has been first submitted to and confirmed by two-thirds in value of the shareholders present or represented by proxy at a special general meeting of the members of the company duly called for that purpose.

"(6) As soon as the amount for that purpose mentioned in the special Act has been subscribed and ten per cent of the said amount has been paid into some chartered bank in Alberta the provisional directors shall call a general meeting of the shareholders at some place to be named in the municipality where the head office of the company is situated; at which meeting the shareholders present or represented by proxy who have paid not less than ten per cent of the amount of shares subscribed for by them shall elect the shareholders' directors in the case of a life company, and the ordinary directors in the case of a company other than a life company, as set forth in the next following section.

"(7) The shares of the capital stock subscribed for shall be paid by such instalments and at such times and places as the directors appoint; the first instalment shall not exceed twenty-five per cent and no subsequent instalment shall exceed ten per cent, and not less than thirty days' notice of any call shall be given, and no call shall be made at a less interval than thirty days from the last preceding call.

"(8) The company shall not commence business until at least the amount of stock mentioned for that purpose in the special Act has been subscribed for, nor until at least the sum named for that purpose in the special Act has been paid in cash into the funds of the company to be appropriated only for the purpose of the company under the said special Act:

"Provided that stock upon which less than ten per cent has been paid in cash by the subscriber shall not be reckoned as part of the stock mentioned in the special Act as necessary to be subscribed, nor shall any sum paid by any shareholder upon the shares subscribed for by him which is less than ten per cent of the amount subscribed for by such shareholder be reckoned as part of the sum required to be paid thereon as in such special Act provided.

"(9) A general meeting of the company shall be called at its head office once in each year after the organization of the company and the commencement of business, and at such meeting a statement of the affairs of the company shall be submitted, and special general or extraordinary meetings may at any time be called by any three of the directors or by requisition of any twenty-five shareholders, specifying in the notice the object of the meeting.

"(10) The company may cause itself to be reinsured against any risk undertaken by it, and may reinsure any other company carrying on the same line of business as this company against any risk undertaken by such other company.

"DIRECTORS, THEIR ELECTION, DUTIES AND POWERS.

"115. (a) There shall be in the case of life insurance companies having a capital stock, whether called by the name of capital stock, guarantee fund or any other name, two classes of directors, namely: directors elected by the shareholders, herein called shareholders' directors, and directors elected by the policyholders, herein called policyholders' directors; but in the case of companies other than life companies having a capital stock there shall be only one class of directors, namely: directors elected by the shareholders, herein called ordinary directors.

"(b) No person shall be eligible to be or become a shareholders' director of a life company or an ordinary director of any other company unless he holds in his own name and for his own use shares of the capital stock of the company

SESSIONAL PAPER No. 9

to the amount of at least two thousand, five hundred dollars and has paid in cash all calls due thereon and all liabilities incurred by him to the company.

"(c) In the case of a company other than a life company there shall be elected at the first annual meeting and at each subsequent annual meeting a board of not less than nine nor more than fifteen directors, who shall hold office for one year, but shall be eligible for re-election.

"(d) In the case of a life company there shall be elected at the first and second annual meetings not less than five nor more than nine shareholders' directors, who shall hold office for one year but shall be eligible for re-election.

"(e) Every life company shall, by by-law passed not less than three months prior to the holding of its third annual meeting after the issue of a license to it under this Act, determine the number of directors to be elected at said annual meeting by the shareholders and participating policyholders respectively, as herein provided, and the number of policyholders' directors so determined shall be at least one-third of the total number to be so elected. The company may, by the said by-law, provide that all the directors, of both classes, shall be elected for one, two or three years. If the by-law provides for a two years, or three years term of office it may also provide either, (a) that the term of office shall be continuous for all directors of both classes, or, (b) that a certain proportion, not less than one-third of each class, shall retire annually. At the said annual meeting and each subsequent annual meeting there shall be elected a board as determined by by-law as aforesaid, but such board shall consist of not less than nine nor more than fifteen directors, all of whom shall be eligible for re-election. The shareholders' directors shall be elected by the shareholders and the policyholders' directors by the participating policyholders.

"(f) The majority of the directors of a company so elected shall at all times be persons resident in Alberta and subjects of His Majesty by birth or naturalization.

"(g) At all general meetings of a company each shareholder present in person or represented by proxy who has paid in cash all calls due upon his shares and all liability incurred by him to the company shall have one vote for each share held by him.

"(h) In the case of a life company every person whose life is insured under a participating policy or participating policies of the company for two thousand dollars or upwards upon which no premiums are due, whether such person is a shareholder of the company or not, herein called a participating policyholder, shall be a member of the company and be entitled to attend and vote at all general meetings of the company; but participating policyholders, as such, shall not be entitled to vote for the election of shareholders' directors:

"Provided, however, that in case of liquidation of the company, the policyholder as such member shall not be entitled to share in the distribution of the assets or be liable to be placed on the list of contributors. Every holder of a participating policy or policies of the company for four thousand dollars or upwards, exclusive of bonus additions, upon which no premiums are due, who is not a shareholder and who has paid premiums on such policy or policies for at least three full years, shall be eligible for election as a policyholders' director. The policyholders' directors shall meet with the shareholders' directors and shall have a vote on all business matters.

"(i) The election of directors shall be by ballot.

"(j) The directors shall elect from among themselves a president and one vice-president or more.

"(k) At all meetings of directors for the transaction of business a majority of the board shall be a quorum.

"(l) The company shall have a fixed time in each year for its annual meeting and due notice of same shall be given at least fifteen days before in two or more

9 GEORGE V, A. 1919

daily newspapers published at or near the place where the head office of the company is situated and in the case of a life company such time shall be printed in prominent type on each renewal receipt issued by the company.

"(m) At the annual meeting no shareholder of the company other than a life company shall vote for more than the number of ordinary directors to be elected, and in the case of a life company no shareholder shall vote for more than the number of shareholders' directors to be elected, and no participating policyholder shall vote for more than the number of policyholders' directors to be elected.

"(n) Every proxy representing a shareholder must be himself a shareholder and entitled to vote, and an instrument of proxy shall not be valid unless executed within three months of the date of the meeting at which it is to be used, and unless filed with the secretary of the company at least ten days before such meeting, and shall be used only at such meeting or any adjournment thereof, and may be revoked at any time prior to such meeting.

"(o) Vacancies occurring in the board of directors may be filled for the remainder of the term by the directors from among the qualified shareholders or policyholders as the case may be.

"(p) If at any time an election of directors is not made, or does not take effect at the proper time, the company shall not be held to be thereby dissolved, but such election may take place at any general meeting of the company duly called for that purpose, and the retiring directors shall continue in office until their successors are elected.

"116. The directors may, in all things, administer the affairs of the company and may make or cause to be made for the company any description of contract which the company may, by law, enter into.

" BY-LAWS.

"117. The directors may make by-laws not contrary to law, or to a special Act, or to this Act, for—

"(a) The regulating of the allotment of stock, the making of calls thereon, the payment thereof, the issue and registration of certificates of stock, the forfeiture of stock for non-payment, the disposal of forfeited stock and the proceeds thereof, and the transfer of stock;

"(b) The declaration and payment of dividends.

"(c) The appointment, functions, duties and removal of all agents, officers and servants of the company, the security to be given by them to the company and their remuneration;

"(d) The time and place for the holding of the annual meeting of the company, the calling of meetings, regular and special of the directors and of the company, the requirements as to proxies, and the procedure in all things at such meetings;

"(e) The imposition and recovery of all penalties and forfeitures admitting of regulation by by-law;

"(f) The conduct in all other particulars of the affairs of the company.

"118. The directors may, from time to time, repeal, amend or re-enact any such by-law;

"Provided that every by-law, appeal, amendment, or re-enactment, unless in the meantime confirmed at a general meeting of the company duly called for that purpose, shall only have force until the next annual meeting of the company, and in default of confirmation thereat shall from the time of such default cease to have force and effect.

" CAPITAL STOCK AND CALLS THEREON.

"119. The stock of the company shall be personal estate and shall be transferable in such manner only, and subject to such conditions and restrictions as are prescribed by this Act, or by the special Act or the by-law of the company.

SESSIONAL PAPER No. 9

"120. If the special Act makes no other definite provision, the stock of the company shall be allotted at such time and in such manner as the directors, by by-law or otherwise, prescribe.

"121. The directors of the company may call in and demand from the shareholders thereof respectively all sums of money by them subscribed at such times and places and in such payments or instalments as the special Act or this Act requires or allows.

"(2) Interest shall accrue and fall due at the rate of five per cent per annum upon the amount of any unpaid call, from the day appointed for payment of such call.

"122. If, after such demand or notice as by the special Act or the by-laws of the company is prescribed, any call made upon any share or shares is not paid within such time as by such special Act or by-laws is limited in that behalf, the directors, in their discretion, by resolution to that effect, reciting the facts and duly recorded in their minutes, may summarily declare forfeited any shares whereon such payments is not made.

"(2) Such shares shall thereupon become the property of the company, and shall be disposed of as the directors by by-law or otherwise prescribe.

"123. No share shall be transferable until all previous calls thereon have been fully paid, or until it is declared forfeited for nonpayment of a call or calls thereon.

"124. No salary, compensation, or emolument shall be paid to any director of a provincial life company for his services as such director unless authorized by a vote of the members, in the case of a mutual company, and by a vote of the shareholders and other members, if any, in the case of a company having capital stock. No salary, compensation or emolument shall be paid to any officer or trustee of any such company unless authorized by a vote of the directors nor shall any salary, compensation or emolument amounting in any year to more than five thousand dollars be paid to any agent or employee unless the contract under which such amount becomes payable has been approved by the board of directors.

"BOOKS OF THE COMPANY.

"125. The company shall cause a book or books to be kept by the secretary or by some other officer specially charged with that duty, wherein shall be recorded—

"(a) The names, alphabetically arranged, of all persons who are or have been shareholders;

"(b) The address and calling of every person while such shareholder;

"(c) The number of shares of stock held by each shareholder;

"(d) The amounts paid in and remaining unpaid, respectively, on the stock of each shareholder;

"(e) All transfers of stock, in their order as presented to the company for entry, with the date and particulars of each transfer, and the date of the entry thereof; and

"(f) The names, addresses and callings of all persons who are or have been directors of the company, with the several dates at which each became or ceased to be such director, and distinguishing, in the case of a life company, between shareholders' directors and policyholders' directors.

"126. The directors may allow or refuse to allow the entry in any such book or books of any transfer of stock whereof the whole amount has not been paid.

"127. No transfer of stock, unless made by sale under execution or under the decree, order or judgment of a court of competent jurisdiction, shall be valid for any purpose whatsoever until entry thereof has been duly made in such book or books, except for the purpose of exhibiting the rights of the parties thereto towards each other.

"128. Such books shall during reasonable business hours of every day, except Sundays and holidays, be kept open for the inspection of shareholders and creditors of the company, and their personal representatives, and in the case of life companies, of the participating policyholders, at the head office or chief place of business of the company, and every shareholder, creditor or personal representative and participating policyholder may make extracts therefrom.

"OFFENCES AND PENALTIES.

"129. Every director, officer or servant of the company who knowingly makes or assists in making any untrue entry in any book required by this Act to be kept by such company, or who refuses or wilfully neglects to make any proper entry therein, or to exhibit the same to the persons mentioned in section 128 hereof, or to allow the same to be inspected and extracts to be taken therefrom by such persons, is guilty of an indictable offence and liable to imprisonment for any term not exceeding two years.

"SHAREHOLDERS' LIABILITY.

"130. Every shareholder shall, until the whole amount of his stock has been paid up, be individually liable to the creditors of the company to an amount equal to that not paid up thereon; but shall not be liable to an action therefor by any creditor until an execution against the company at the suit of such creditor has been returned unsatisfied in whole or in part.

"(2) The amount remaining unpaid by the shareholder on his stock shall be the maximum amount recoverable with costs from such shareholder.

"131. The shareholders of the company shall not as such be held responsible for any act, default or liability whatsoever of the company, or for any engagement, claim, payment, loss, injury, transaction, matter or thing whatsoever, relating to or connected with the company, beyond the amount of their respective shares in the capital stock thereof.

"132. No person holding stock in the company as an executor, administrator, tutor, curator, guardian or trustee shall be personally subject to liability as a shareholder; but the estate and funds in the hands of such person shall be liable in like manner and to the same extent as the testator, or intestate if living, or the minor, ward or interdicted person or the person interested in such trust fund if competent to act and holding such stock in his own name, would be liable.

"(2) No person holding stock in the company as collateral security shall be personally subject to liability as a shareholder; but the person pledging such stock shall be considered as holding the same and shall be liable as a shareholder accordingly.

"MEETINGS AND VOTING.

"133. In the absence of other provisions in that behalf in the special Act or in the by-laws of the company or in this Act, notice of the time and place for holding general meetings of the company shall be given at least ten days previously thereto in some newspaper published at the place in which the head office or chief place of business of the company is situated, or if there is no newspaper there published, then in the newspaper published nearest thereto.

"134. No shareholder who is in arrear in respect of any call shall vote at any meeting of the company.

"(2) In the absence of other provisions, in manner aforesaid, every shareholder shall be entitled to as many votes at all general meetings of the company as he owns shares in the company, and may vote by proxy.

"135. Every executor, administrator, tutor, curator, guardian or trustee shall represent the stock in his possession in his fiduciary capacity at all meetings of the company, and may vote as a shareholder; and every person who pledges his stock may, notwithstanding such pledge, represent the said stock at all such meetings, and vote as a shareholder.

SESSIONAL PAPER No. 9

"136. Shareholders who hold one-fourth part in value of the subscribed stock of the company may at any time by written requisition signed by them call a special general meeting of the company for the transaction of any business specified in such requisition, and in the notice made and given for the purpose of calling such meeting.

"137. Every contract, agreement, engagement or bargain made, and every bill of exchange drawn, accepted or endorsed, and every promissory note and cheque made, drawn or endorsed on behalf of the company by any agent, officer or servant of the company, in general accordance with his powers as such under the by-laws of the company, shall be binding upon the company.

"(2) In no case shall it be necessary to have the seal of the company affixed to any such contract, agreement, engagement, bargain, bill of exchange, promissory note or cheque, or to prove that the same was made, drawn, accepted or endorsed, as the case may be, in pursuance of any by-law or special vote or order.

"(3) The person so acting as agent, officer or servant of the company shall not be thereby subjected individually to any liability whatsoever to any third person therefor.

" TRUSTS.

"138. The company shall not be bound to see to the execution of any trust, whether express, implied or constructive, in regard to any share.

"(2) The receipt of the shareholder in whose name any share stands in the books of the company shall be a valid and binding discharge to the company for any dividend or money payable in respect of such share, and whether or not notice of such trust has been given to the company.

"(3) The company shall not be bound to see to the application of the money paid upon such receipt.

" LIABILITY OF DIRECTORS.

"139. If the directors of the company declare and pay any dividend when the company is insolvent, or any dividend the payment of which renders the company insolvent, or diminishes the capital stock thereof, they shall be jointly and severally liable, as well to the company as to the individual shareholders and creditors thereof, and, in the case of a life company, to the participating policyholders, for all the debts of the company then existing, and for all thereafter contracted during their continuance in office respectively:

"Provided that if any director present when such dividend is declared does forthwith, or if any director then absent does, within fourteen days after he becomes aware of such dividend being declared, publish a protest in at least three issues of any newspaper published at the place in which the head office or chief place of business of the company is situated, or if there is no newspaper there published, in at least three issues of the newspaper published nearest thereto, such director may thereby, and not otherwise, exonerate himself from the liability aforesaid.

"140. If any loan is made by the company to any director or officer of the company in violation of the provisions of this Act, all directors and other officers of the company who make the same or assent thereto shall be jointly and severally liable to the company for the amount of such loan, and also to third persons to the extent of such loan, with lawful interest for all debts of the company contracted from the time of the making of such loan to that of the repayment thereof.

"141. The directors of the company shall be jointly and severally liable to the clerks and servants thereof for all debts, not exceeding six months' wages, due for services performed for the company whilst they are such directors respectively:

" Provided that no director shall be liable to an action therefor, unless the company is sued therefor within one year after the debt became due, nor unless

or more, stating the number of shares, and is indebted to the company in the sum of money to which the calls in arrear amount, in respect of one call or more, upon one share or more, stating the number of calls and the amount of each call, whereby an action has accrued to the company under this Act.

"145. Service of any process or notice upon the company may be made by leaving a copy thereof at the head office or chief place of business of the company, with any adult person in charge thereof, or elsewhere with the president or secretary of the company.

"(2) If the company has no known office or chief place of business, and has no known president or secretary, the court may order such publication as it deems requisite to be made in the premises for at least one month, and in at least one newspaper, and such publication shall be deemed to be due service upon the company.

such director is sued therefor within one year from the time when he ceased to be such director, nor unless an execution against the company at the suit of such clerk or servant is returned unsatisfied in whole or in part.

"(2) The amount unsatisfied on such execution shall be the amount recoverable with costs from the directors.

"USE OF FUNDS.

"142. The company shall not loan any of its funds to any director or officer thereof, except that a life insurance company may lend to any director or officer thereof on the security of the company's own policies.

"PROCEDURE.

"143. The company may enforce payment of all calls and interest thereon, by action in any court of competent jurisdiction.

"144. In such action it shall not be necessary to set forth the special matter, but it shall be sufficient to declare that the defendant is a holder of one share

"146. Any description of action may be prosecuted and maintained between the company and any shareholder thereof.

"147. The company shall be subject to the provisions of any general Act for the winding-up of joint stock companies.

"EVIDENCE.

"148. A copy of any by-law of the company, under its seal, and purporting to be signed by any officer of the company, shall be received as *prima facie* evidence of such by-law in all courts of Alberta.

"149. All books required by this Act to be kept by the secretary or by any other officer of the company charged with that duty shall, in any suit or proceeding, be, as against the company or against any shareholder, *prima facie* evidence of all facts purporting to be therein stated.

"150. In any action by any company to enforce payment of any call or interest thereon a certificate under the seal of the company and purporting to be signed by any officer of the company to the effect that the defendant is a shareholder, that the call or calls have been made, to enforce payment of which or of any interest thereon such action has been brought, and that so much is due by him and unpaid thereon, shall be received in all courts as *prima facie* evidence.

"COSTS OF INCORPORATION.

"151. The entire cost of procuring the incorporation and subscription for stock shall be charged directly to the account of the shareholders and the amount thereof fixed by percentage on the capital stock or fixed in bulk and shown on the face of the form of the stock subscription contract, and shall not form a charge upon or be paid out of the paid-up capital nor from the insurance funds, nor be in any way chargeable directly or indirectly against the policyholders.

"INVESTMENTS.

"152. The surplus insurance funds and the reserve fund of a provincial insurance company shall be loaned or invested in the name of the company—

SESSIONAL PAPER No. 9

- “(a) In any securities in which, under *The Trustee Ordinance*, trustees may invest trust funds;
- “(b) In first mortgages on improved farm lands in Canada up to sixty per cent of their cash value, provided that the total amount so invested shall not exceed twenty per cent of the total amount of funds invested by the company;
- “(c) In debentures of any municipal or school corporation in Canada;
- “(d) Subject to the approval of the Lieutenant Governor in Council, in terminating debentures of incorporated companies which have, in the Dominion of Canada, for the last preceding five consecutive years, been actually supplying gas, water, heat, light, power or electricity to the public or to any municipal corporation; or of steam, electric or street railway or telegraph or telephone companies in actual operation in Canada, but loans upon the security of or the investment in debentures of any of the companies mentioned in this clause shall not in the aggregate exceed one-fifth of the paid-up capital of the company;
- “(e) Subject to the approval of the Lieutenant Governor in Council, any debentures, stocks, bonds or other securities—
- “(1) Of the Government of the United States of America when the company undertakes insurance therein, or of any State thereof, or of any other country if the company undertakes insurance in such State or country, or of any city in any such State or country; or
- “(2) Guaranteed by any such Government as aforesaid; and
- “(f) In the case of a life company, in life or endowment policies or contracts issued by the company or by any other life company licensed to transact business in Canada.

“(2) Any uninvested money shall be kept on deposit in the name of the company in a post office savings bank or in a chartered bank of Canada.

“153. Any insurance corporation incorporated or registered under this Act may hold absolutely for its own use and benefit such real estate as is necessary for the transaction of its business, and when so authorized by the Lieutenant Governor in Council, may require or construct a building larger than is required for the transaction of its business, and may lease any part of such building not so required and may hold such real estate as is acquired by it by foreclosure or in satisfaction of a debt, and may sell, mortgage, lease or otherwise dispose of the same; but the corporation shall sell any such last-mentioned real estate within seven years after it has been so acquired, otherwise it shall be forfeited to His Majesty for the use of Alberta.

“ INVESTMENTS—ANNUAL REPORT.

“154. In his annual report prepared for the Treasurer under the provisions of section 53 of this Act, the superintendent shall allow as assets only such of the investments of the several companies as are authorized by this Act, or by their Acts of incorporation, or by the general Acts applicable to such investments.

“(2) In his said report the superintendent shall make all necessary corrections in the annual statements made by the companies as herein provided and shall be at liberty to allow or disallow any asset other than an investment authorized by law to increase or diminish the liabilities of such companies to the true and correct amounts thereof as ascertained by him in the examination of their affairs at the head office thereof in Canada, or otherwise.

“(3) The superintendent may request any provincial company to dispose of and realize any of its investments acquired after the passing of this Act and not authorized by this Act, and the company shall within sixty days after receiving such request absolutely dispose of and realize the said investments, and if the amount realized therefrom falls below the amount paid by the company for the said investments, the directors of the company shall be jointly and sev-

9 GEORGE V, A. 1919

erally liable for the payment to the Company of the amount of the deficiency; provided that if any director present when any such investment is authorized does forthwith, or if any director then absent does, within eight days after he becomes aware of such investment, give notice of his protest by registered letter to the superintendent, such director may thereby, and not otherwise, exonerate himself from such liability.

"(4) An appeal shall lie in a summary manner from the ruling of the superintendent as to the admissibility of any asset not allowed by him, or as to any item or amount so added to liabilities, or as to any correction or alteration made in any statement, or as to any other matter arising in the carrying out of the provisions of this Act, to the Lieutenant Governor in Council, who shall have power to make all necessary rules for the conduct of appeals under this section.

"(5) For the purpose of such appeal the superintendent shall at the request of the company interested give a certificate in writing setting forth the ruling appealed from and the reasons therefor, which ruling shall, however, be binding upon the company unless the company shall within fifteen days after notice of such ruling serve upon the superintendent notice of its intention to appeal therefrom, setting forth the grounds of appeal, and within fifteen days thereafter file its appeal with the Lieutenant Governor in Council and with due diligence prosecute the same, in which case action on such ruling shall be suspended until the Lieutenant Governor in Council has rendered judgment thereon.

"REDUCTION AND SUBSEQUENT INCREASE OF CAPITAL.

"155. The directors of any provincial company may, subject to the proviso hereinafter contained, in the event of its paid-up capital being impaired, at any time and from time to time after being duly authorized and empowered by a resolution approved by the votes of shareholders representing at least two-thirds of all the subscribed stock of the company at a special general meeting duly called for considering such resolution, pass a by-law for writing off the said paid-up capital any amount which they have been so authorized and empowered by the shareholders as aforesaid to write off such paid-up capital, but no part of its assets shall be distributed to its shareholders; provided, however, that the paid-up capital shall not be reduced—

"(a) Below the minimum amount fixed by the company's Act of incorporation as necessary to be paid up before the company can commence business; or

"(b) Below the amount required by section 7 for the classes of insurance which the company undertakes.

"(2) The capital of a company shall be deemed to be impaired when its assets, exclusive of an amount equal to its paid-up capital are less than its liabilities calculated according to the requirements of this Act.

"(3) Such by-law shall declare the par value of the shares of the stock so reduced and the capital stock of the company shall be reduced by the amount of the reduction in the paid-up portion thereof.

"(4) The liability of the shareholders shall remain the same as if no reduction had been made in the paid-up capital stock of the company.

"AMALGAMATION AND TRANSFER.

"156. Any company incorporated by the Legislature may amalgamate its property and business with those of any other such company, or may transfer all or any portion of its contracts of insurance to or reinsure the same in any other such company, or any other company and may transfer its property and business or any part thereof to any other such company, or any other company, and such companies are hereby authorized to enter into all contracts and agreements necessary to amalgamation, transfer or reinsurance upon compliance with the conditions hereinafter set forth.

SESSIONAL PAPER No. 9

"(2) Any such company may reinsure the contracts of insurance or any portion thereof of any other such company or any other company, or may purchase and take over the business and property or any portion thereof of any other such company or of any other company.

"(3) When an agreement for such amalgamation, transfer, reinsurance or purchase has been entered into by any such company, such company shall apply by petition to the Treasurer to sanction and confirm the same.

"(4) Notice of such company's intention to apply for sanction and confirmation of such amalgamation, transfer, reinsurance or purchase shall be given in The Alberta Gazette at least thirty days before the application is made.

"(5) When such application is made, the companies which are parties to the agreement shall file with the Treasurer the following documents:

"(a) Certified copies of the statements of the assets and liabilities of the companies concerned in such amalgamation, transfer, reinsurance or purchase;

"(b) A statement of the nature and terms of the amalgamation, transfer, reinsurance or purchase;

"(c) A certified copy of the agreement under which such amalgamation, transfer, reinsurance or purchase is effected;

"(d) Certified copies of the actuarial or other reports upon which such agreement is founded;

"(e) A declaration under the hands of the president and manager of each company that to the best of their knowledge and belief every payment made or to be made to any person whomsoever on account of the said amalgamation, transfer, reinsurance or purchase is therein fully set forth and that no other payments beyond those set forth have been made or are to be made either in money, contracts of insurance, bonds, valuable securities or other property, by or with the knowledge of any of the parties to the amalgamation, transfer, reinsurance or purchase.

"(6) No such company shall amalgamate with another company, transfer its business to, reinsure its business in or purchase and take over the business and property, or any part thereof, of another company unless such amalgamation transfer, reinsurance or purchase is sanctioned by the Treasurer in accordance with the provisions of this Act.

"157. Any provincial company may by by-law, passed and approved of by the votes of the shareholders, representing at least two-thirds in value of the subscribed capital of the company, present or represented at a special general meeting duly called for considering the by-law—

"(a) Change the head office of such company from any place in the province to any other place in the province;

"(b) Change the date for holding its annual general meeting."

SCHEDULE D.

HAIL INSURANCE CONDITIONS.

(Section 109.)

1. If any person insures his crop and causes the same to be described as to location and acreage otherwise than as it really is, to the prejudice of the company or misrepresents or omits to communicate any circumstance which is material to be made known to the company in order to enable it to judge of the risk it undertakes, such insurance shall be of no force with respect to the item of the application in regard to which there has been such misdescription, misrepresentation or omission.

2. A policy sent or delivered to the insured upon an application in writing shall be deemed to be intended to be in accordance therewith, unless the company forthwith gives notice to the insured in writing of the particulars wherein

such policy and application differ. A policy issued on a verbal application or verbal instructions shall be deemed to be in accordance therewith unless the insured notifies the company in writing, before any loss is incurred under the policy, of the particulars wherein the said policy and application or instructions differ.

3. No condition of the policy, either in whole or in part, shall be deemed to have been waived by the company, unless the waiver is clearly expressed in writing, signed by or on behalf of the company at its head office or general agency from which the policy was issued.

4. Any authorized officer or general agent of the company who, on behalf of the company, enters into a written agreement relating to any matter connected with an insurance shall be deemed *prima facie* to be the agent of the company for the purpose.

5. The company shall not be liable for the losses following, that is to say:

- (a) Loss from hail on any part of the acreage insured which is found to be less than five per cent of the amount of insurance per acre, and in no case for any loss less than ten dollars, except where the acreage insured is forty acres or less;
- (b) Loss occasioned to the crops insured by causes other than hail, and where other causes than hail have contributed to the damage the company shall be liable only for so much of the loss as is directly attributable to hail;
- (c) Loss from hail to any portion of the insured crop which has been so injured by causes other than hail, or by being over-ripe, that such portion would not yield profit over and above the actual cost of cutting, threshing and marketing;
- (d) Loss arising from the neglect of the assured to cut, after it has been damaged by hail, any portion of the insured crop which is fully matured.

6. In the event of damage to the crops insured, the assured or his agent shall notify the company of the loss by registered letter mailed within three days of the occurrence of such damage and addressed to the company at its head office or general agency from which the policy was issued, stating the number of the policy, the day and hour of the storm and the estimated damage to each plot or item of the crop insured: provided that such notification may be delivered at such head office or general agency by the assured or his agent within such specified time.

7. A person claiming under a policy shall within thirty days after the occurrence of the loss, unless such time is extended in writing by the company, furnish a statutory declaration, hereinafter called proof of loss, setting forth the date and number of the policy, a description of the land upon which the grain was damaged, the date of the damage and the estimated percentage of damage sustained by each portion of the crop insured. If the insured fails to furnish proof of loss he shall forfeit any claim under the policy. No denial of liability or other act on the part of the company, save as hereunder mentioned shall be deemed to waive or dispense with proof of loss:

Provided that if the company within the said thirty days has adjusted the loss acceptably to the claimant and such adjustment has been duly signed by him, or if the amount of the loss has been determined by appraisal as hereinafter provided, the company shall be deemed to have waived proof of loss, unless the same is requested by the company in writing.

8. Any fraud or false statement in a statutory declaration in relation to any of the above particulars shall vitiate the claim of the person making the declaration.

9. Subject to condition 10, proof of loss must be made by the assured, although the loss is payable to a third person.

SESSIONAL PAPER No. 9

10. Proof of loss may be made by the agent of the assured, in case of the absence or inability of the assured himself to make the same, such absence or inability being satisfactorily accounted for, or in the like case or if the assured refuses to do so, by a person to whom any part of the insurance money is payable.

11. In the case of partial damage by hail the company shall pay the same percentage of the amount insured per acre as the portion of the crop destroyed or damaged bears to what would have been the amount of the whole crop had no damage by hail occurred, no account to be taken of the cost of cutting or threshing the portion not destroyed or damaged. On the remaining portion of the insured crop the residue of the insurance shall remain in force.

12. If the assured in his notice of loss calls for an adjustment and it is found that the company is not liable for any loss according to the conditions of his policy, the assured shall pay the expenses incurred in the investigation of his claim.

13. If any portion of the crops insured herein is injured from causes other than hail, the assured may obtain a rebate of a *pro rata* proportion of the premium paid for the insurance on such portion, calculated as from the first day of June to the fifteenth day of September, inclusive, provided notice of intention to plough under such crop is mailed by the assured to the company at its head office or general agency in the province, by registered letter accompanied by his policy not later than the twentieth day of July, specifying the acreage of the insured crop to be ploughed down, which shall be done not later than the tenth day of August next following the date thereof.

A statement of crop acreage so ploughed under shall be furnished the company by the assured not later than the twentieth day of August in the current year, on such form as may be required by the company. The insurance on the portion specified to be ploughed under shall terminate at 12 o'clock noon, standard time, of the day on which the first notice was mailed to the company.

No rebate shall be granted if the assured fails to observe the foregoing conditions, nor shall any rebate of premium be granted upon any portion of the crop that may be harvested.

14. In the event of a disagreement as to the percentage of damage by hail to any of the crop insured, whether the right to recover on the policy is disputed or not, such percentage shall, when so required by either party, be ascertained by an appraisal which shall be conducted as follows:

(1) The party desiring appraisal shall deliver or cause to be delivered by mail or otherwise to the other party a notice in writing requiring an appraisal to be made and appointing a competent and disinterested appraiser who is a taxpayer in the province, who shall act either alone or with an appraiser chosen by the other party to estimate the percentage of the damage.

(2) Not later than three days after receipt of such notice the other party shall, if he disagrees, appoint an appraiser to represent him and, within the said period, shall notify the first party of such appointment by notice in writing so delivered as aforesaid.

(3) In the latter case the appraisers shall together estimate the percentage of damage, and failing to agree shall submit their differences to an umpire, and the award in writing of any two shall determine the percentage of such damage. Such umpire shall be chosen by the appraisers, or in case they cannot agree, then on the application of either appraisers, by a judge of the District Court of the judicial district within which the crop acreage insured lies.

(4) If one appraiser has been chosen, both parties shall share equally his expenses, if two, each party shall pay the expense of the appraiser chosen by him; both parties shall bear equally the expense of the umpire if an umpire is required.

9 GEORGE V, A. 1919

(5) Should either party after receipt of written notice from the other, neglect or refuse to choose an appraiser within the time above specified, the percentage of damage shall be estimated and determined by the appraiser chosen by the party giving notice.

(6) The actual appraisal of such damage shall be commenced within two days after both appraisers have been chosen, or after the expiration of the time herein allowed for such choice.

15. The loss shall be payable within sixty days after completion of proof of loss, unless a shorter period is provided for by the contract of insurance.

16. Every action or proceeding against the company for the recovery of any claim under or by virtue of this policy shall be absolutely barred, unless commenced within twelve months after the loss or damage occurs.

17. If the crops insured or the interest of the assured in such crop is assigned without the written permission of the head office or general agency of the company from which the policy was issued, such assignment shall not be binding on the company; but this condition does not apply to change of title by succession or by operation of the law, or by reason of death.

SCHEDULE E.

(Section 114.)

MODEL BILL for incorporation of Insurance Company.

An Act to incorporate the (*state name of the company*).

Whereas the persons hereinafter named have by their petition prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Alberta, enacts as follows:

1. (*Insert names of not less than five persons of the full age of twenty-one years applying for incorporation*), together with such persons as become shareholders in the company, are incorporated under the name of (*state name of company*), hereinafter called "the company."

2. The persons named in section 1 of this Act (*or as the case may be*) shall be the provisional directors of the company (*the name, address and addition of each director must be given*).

3. The capital stock of the company shall bedollars, which may be increased todollars.

4. The amount to be subscribed before the general meeting for the election of directors is called shall be dollars.

5. The company shall not commence business until the amount of the capital stock required by section 7 of *The Alberta Insurance Act* has been subscribed and paid.

6. The head office of the company shall be in the of in the Province of Alberta.

7. The company may make contracts of insurance (*state particulars of the kinds of insurance intended to be carried on*).

8. Sections 55 to 60, both inclusive, of *The Companies Ordinance* and all amendments and alterations thereof shall be and the same are hereby incorporated with and shall be deemed a part of this Act and shall apply to the said company, excepting so far as the same may be inconsistent with the express enactments hereof, and the expression "this Act," when used herein, shall be understood to include the sections of the said *The Companies Ordinance* as aforesaid.

9. *The Alberta Insurance Act* and amendments thereto shall apply to the company.

SESSIONAL PAPER No. 9

(7) An Act to incorporate The Home Assurance Company of Canada. (*Assented to April 13, 1918.*)

This Act incorporates the company with power to transact fire, storm, cyclone, tornado, inland marine, inland transportation, sprinkler leakage, hail, accident (including vehicle and public liability), automobile, sickness, guarantee, plate glass, burglary, theft, steam boiler, and live stock insurance. The amounts to be paid upon the company's capital before the various classes of business are commenced are those prescribed by section 7 of the Alberta Insurance Act. The head office to be in the City of Edmonton.

3.—BRITISH COLUMBIA LEGISLATION.

(1) An Act to amend the "British Columbia Fire Insurance Act." (*Assented to April 23, 1918.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:—

1. This Act may be cited as the "British Columbia Fire Insurance Act Amendment Act, 1918."

2. Section 40 of the "British Columbia Fire Insurance Act," being chapter 113 of the "Revised Statutes of British Columbia, 1911," is hereby repealed, and the following is substituted therefor:—

"40. (1) The Chief of the fire department of every municipality in which a fire department exists, and the Mayor, Reeve, or clerk of every municipality in which no fire department exists, shall promptly investigate the cause and circumstances of every fire in the municipality whereby property is destroyed or damaged, as soon as possible after its occurrence, and shall at the end of each calendar month furnish to the Superintendent a report in the form provided by him of every fire investigated during that month.

"(2). The Superintendent shall for the purposes of this Act divide the remainder of the Province into districts called "insurance districts," which he may from time to time alter as may appear necessary, and shall appoint a proper person for each such district to investigate fires therein and report in manner required by subsection (1).

"(3). There shall be paid out of the Consolidated Revenue Fund, on the certificate of the Superintendent, to the person making the investigation and report the sum of one dollar for each fire reported, and in addition the necessary expense of obtaining any requisite information.

"(4). It shall be the duty of every person who owns, occupies, resides on, or is employed in or about any premises where a fire occurs to furnish voluntarily at the request of the person making the investigation, such information as he has relating to the fire or the property to which it occurred."

3. Said chapter 113 is hereby amended by inserting therein after section 40 the following sections:—

"40A. Every fire insurance company shall furnish to the Superintendent at the end of each calendar month a report in the form provided by him of every fire occurring in the Province during that month in which it is interested as insurer: Provided that in the case of a company not licensed under this Act a report shall be made by its adjuster and by the person insured.

"40B. (1). In the case of a fire of suspicious origin, a preliminary report shall be made forthwith to the Superintendent by the person and company respectively required to report under the last two preceding sections, stating the names of the owner and occupant of the property burned, its situation, use, and occupancy, the date of the fire, and such facts and circumstances as tend to establish the cause or origin of the fire.

"(2). Upon receipt of a preliminary report, or in any case where he deems it advisable, the Superintendent may institute or cause to be instituted an inquiry into the cause or origin of the fire, and may direct any Police or Stipendiary Magistrate or Justice of the Peace having jurisdiction in the place where the fire occurred or any competent person to hold such inquiry.

"(3). For the purpose of any inquiry held pursuant to the provisions of this section, the Superintendent and every person directed by him to hold an inquiry under subsection (2) shall have and may exercise respectively the like powers in all respects as are conferred by the 'Public Inquiries Act' on commissioners appointed under that Act.

"(4). An inquiry may be private, and persons other than those required to be present by the provisions of this Act and the counsel (if any) may be excluded from the place where the inquiry is held, and witnesses may be kept separate and apart from each other and not allowed to communicate with each other until they have been examined.

"(5). The person directed by the Superintendent to hold an inquiry shall without delay, upon completion of the inquiry, send to him a report of the inquiry, stating in particular the opinion of the person by whom the inquiry is held as to the cause and origin of the fire and whether it was due to incendiaryism, and shall transmit therewith the evidence taken by him at the inquiry.

"(6). If in any case there is evidence sufficient to charge any person with the crime of arson, or an attempt to commit arson, the Superintendent shall at once report to the Attorney-General, and furnish him with such evidence as he possesses, together with the names of witnesses and all information obtained.

"(7). For the purposes of an inquiry the Superintendent or any person directed by him to hold the inquiry shall be entitled to command the services of such municipal or provincial police officers or constables as may be required, and there shall be on the staff of the provincial police an officer or constable especially detailed to investigate fires, hold inquiries into fires, and perform such other duties under this Act as he may be instructed by the Superintendent or the Attorney-General.

"(8). The tariff of fees payable to Justices of the Peace and to witnesses under the provisions of the 'Summary Convictions Act' shall, *mutatis mutandis*, apply to every inquiry under this section, except that where the person holding the inquiry is the Superintendent, or is a Police or Stipendiary Magistrate in receipt of a salary or other remuneration from the Province or from a municipality, no fees shall be payable to him. Subject to the approval of the Superintendent as to the amount, all fees and all necessary expenses incurred in connection with any inquiry under this section shall be paid out of the Consolidated Revenue Fund.

"(9). Where any sum becomes payable under a policy of insurance by reason of a fire to which this section applies, the Superintendent may, pending an inquiry under this section, permit payment thereof to be withheld for a period not exceeding ninety days from the occurrence of the fire, notwithstanding any condition in the policy or any statutory provision to the contrary.

"40c. The Superintendent and every person or company required to report or directed to hold an inquiry in respect of any fire under the provisions of this Act may at all times, by day or night, in the performance of such duty, enter upon and examine any building or premises where any fire has occurred and other buildings and premises adjoining or near the same.

"40d. (1). The chief of the fire department of every municipality where a fire department exists, the Mayor, Reeve, or clerk of any municipality where no fire department exists, and the person appointed by the Superintendent for any insurance district, upon complaint of any person having an interest in any building or property adjacent, or without any complaint, shall have the right at all reasonable hours, for the purposes of examination, to enter into and upon all

SESSIONAL PAPER No. 9

buildings and premises within the municipality or insurance district, as the case may be, and if he finds in any building or upon any premises combustible material, or conditions in which a fire may easily occur, and thereby endanger the building or premises or any adjacent building or premises, he may order such combustible material to be removed or such conditions remedied; and every such order shall be forthwith complied with by the occupant of such building or premises, or by the owner in case the building or premises are unoccupied: Provided, however, that if the said occupant or owner shall deem himself aggrieved by any such order, he may within forth-eight hours appeal therefrom to the Superintendent, who may confirm or revoke the order, or investigate or cause to be investigated the matter of the complaint, and make such order thereon as he may deem just, and there shall be no appeal from the Superintendent in any such case.

"(2). Any owner or occupant of any building or premises who neglects or fails to comply with any order made or confirmed under this section shall be liable, on summary conviction, to a fine of not less than ten dollars nor more than one hundred dollars for each day during which such neglect or failure continue.

"40E. The Superintendent shall keep in his office a statistical record of all fires reported to him or the subject of inquiry under this Act, and such record and all documents relating thereto shall be open to public inspection."

4. Section 6 of the "British Columbia Fire Insurance Act Amendment Act, 1913," being chapter 32 of the Statutes of 1913, is hereby repealed.

(2). An Act to amend the "Life Insurance Policies Act". (*Assented to April 23, 1918.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:—

1. This Act may be cited as the "Life Insurance Policies Act Amendment Act, 1918."

2. Section 16 of the "Life Insurance Policies Act," being chapter 115 of the "Revised Statutes of British Columbia, 1911," is hereby amended by inserting after the word "paid," in the third line of subsection (1) of said section the words "to the guardian of such infants within the meaning of the "Equal Guardianship of Infants Act," or."

4.—MANITOBA LEGISLATION.

An Act to amend "The Life Insurance Act." (*Assented to March 6, 1918.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:—

1. "The Life Insurance Act," being chapter 99 of the Revised Statutes of Manitoba, 1913, is hereby amended by adding thereto immediately after section 15 the following section:

15A. "The *bona fide* payment of any insurance money to, and the receipt thereof by any person, who according to the policy or according to an instrument in writing attached to or endorsed on the policy or indentifying same by its number or otherwise, appears to be entitled to the insurance moneys without actual notice on the part of the company paying the money that the assured has revoked the benefit or declaration or appropriation previously made, or re-apportioned the insurance money or altered or revoked the benefits previously made or added or substituted new beneficiaries or diverted the insurance money wholly or in part to himself or his estate, shall effectually discharge the company paying the same."

2. This Act shall come into force on the day it is assented to.

5.—NOVA SCOTIA LEGISLATION.

(1) Section 15 of "An Act to amend the Statute Law."

15. Subsection (7) of section 12 of chapter 15 of the Acts of 1903 is repealed and the following subsection substituted therefor:—

"(7). If one, or more, or all the designated or ascertained preferred beneficiaries, whether an appointment has been made or not, die in the lifetime of the assured, the assured may, by an instrument in writing attached to or endorsed on or referring to and identifying the policy of insurance by number or otherwise, declare that the share or shares of the person or persons so dying shall be for the benefit of the assured or his estate or any person or persons named or ascertained by him in that behalf, whether or not the person or persons so named or ascertained belong to the preferred class of beneficiaries; and in default of any such declaration the share or shares of the person or persons so dying shall be for the benefit of the survivors (in equal shares) of the said designated or ascertained preferred beneficiaries; or if there is no such survivor the insurance shall be for the benefit, in equal shares, of the children of the assured, and if no surviving children of the assured then the insurance shall form part of the estate of the assured."

16. Section 25 of chapter 15 of the Acts of 1903, entitled "An Act respecting Life and Accident Assurance," as enacted by chapter 28 of the Acts of 1915, is repealed and the following substituted therefor:—

25. (1). The fee payable to the Provincial Secretary for the issuing of a certificate of authority to a resident of the Province shall be one dollar where the certificate is issued on or after the first day of October in any year and before the first day of the following month of April, and shall be fifty cents where the certificate is issued on or after the first day of April and before the first day of the following month of October.

17. Sections 31 and 32 of said chapter 15 as enacted by said chapter 28 are repealed and the following substituted therefor:—

31. The penalties prescribed for the violation of any of the provisions of this Act may be recovered or enforced with costs either under the Nova Scotia Summary Convictions Act, chapter 161 of the Revised Statutes of Nova Scotia, 1900, as now or from time to time hereafter amended, or by civil action or proceeding by and in the name of the Provincial Secretary or of a private prosecutor or plaintiff in any court having jurisdiction in cases of simple contract to the amount of the penalty.

32. Any penalty prescribed for the violation of any of the provisions of this Act shall, when recovered, be appropriated as follows:—

- (a) Where the proceedings are instituted by or on behalf of the Provincial Secretary the penalty shall belong to the Crown.
- (b) Where the proceedings are instituted by or on behalf of a private prosecutor or plaintiff the penalty shall belong to him.

(2). An Act to amend the *Supplementary Revenue Act, 1912*, as amended. Be it enacted by the Governor, Council, and Assembly, as follows:—

1. Clause 2 of section 2 of the *Supplementary Revenue Act, 1912*, is amended by inserting between the word "accident" and the word "plate" in the said clause the word "sickness."

2. Sub-section 1 of section 5 of the *Supplementary Revenue Act, 1912*, as said subsection is enacted by section 3 of chapter 60 of the Acts of 1914, is repealed and the following substituted therefor:—

5. (1) Every Life Insurance Company shall pay a tax of one and three-quarters per cent calculated on the gross premiums received by the company in respect of business transacted in Nova Scotia, and every other insurance company shall pay a tax of one per cent, calculated on the gross premiums

SESSIONAL PAPER No. 9

received by the company in respect of business transacted in Nova Scotia ; provided, however, that if such tax in the case of any Life Insurance Company or in the case of any other Insurance Company would amount to a sum less than fifty dollars, a minimum tax of fifty dollars shall be paid.

(3) An Act respecting Insurance Companies.

Be it enacted by the Governor, Council and Assembly as follows:—

1. In this Act, unless the context otherwise requires,

(a) the expression "Insurance Act" means chapter 29 of the Acts passed by the parliament of Canada at the session thereof held in the seventh and eighth years of His Majesty's reign, entitled "An Act Respecting Insurance," and includes any amendment thereof that may from time to time be made;

(b) the expression "Insurance Company" means and includes any Company which has been or may hereafter be incorporated by or under an Act of the Legislature of the Province of Nova Scotia or of any other Province of Canada and to which the Insurance Act authorizes or permits the granting of a license thereunder on complying with the provisions thereof in that behalf, and any person, underwriter, partnership, society, association, or syndicate to whom the Insurance Act authorizes or permits the granting of a license thereunder on complying with the provisions thereof in that behalf.

(c) the expression "business of Insurance" means business of insurance within the meaning of the Insurance Act.

2. (1) No insurance company shall do or carry on in Nova Scotia any part of its business of insurance unless and until it is thereunto licensed under the Insurance Act.

(2) If any insurance company violates the provisions of this section such insurance company shall be liable to a penalty of Ten Dollars for every day on which it does or carries on any part of its business of insurance in violation of the said provisions.

3. (1) The Registrar of Joint Stock Companies may refuse to issue a certificate of registration under the Domestic Dominion and Foreign Corporations Act, 1912, to a corporation that is an insurance company and proposes to do or carry on in Nova Scotia any part of its business of insurance, but is not thereunto licensed under the Insurance Act.

(2) The Registrar of Joint Stock Companies may revoke a certificate of registration issued under the Domestic Dominion and Foreign Corporations Act, 1912, to a corporation that is an insurance company and does or carries on in Nova Scotia any part of its business of Insurance, but is not thereunto licensed under the Insurance Act.

4. (1) No person shall within Nova Scotia on behalf of or as agent for an insurance company that is not licensed under the Insurance Act, solicit or accept any insurance risk or issue or deliver any interim receipt or policy of insurance or grant in consideration of any premium or payment any annuity on a life or lives or collect or receive any premium for insurance or carry on any business of insurance or inspect any risk or adjust any loss or prosecute or maintain any suit, action, or proceeding or receive directly or indirectly any remuneration for doing any of the aforesaid acts.

(2) If any person violates any of the provisions of this section he shall for a first offence be liable to a penalty of not more than fifty dollars or less than twenty dollars and in default of payment to imprisonment with or without hard labour for a term of not more than three months or less than one month, and for a second or any subsequent offence to a penalty of not more than one hundred dollars or less than fifty dollars and in addition thereto to imprisonment with hard labour for a period of not more than six months or less than three months.

9 GEORGE V, A. 1919

(3) Nothing in this section contained shall be deemed to prohibit or affect or to impose any penalty for doing any of the acts in this section described—

- (a) by or on behalf of any society or association of persons thereunto specially authorized by the Minister of Finance of Canada or the Treasury Board of Canada;
- (b) in respect of any policy or risk of life insurance issued or undertaken on or before the thirtieth day of March, one thousand eight hundred and seventy-eight by or on behalf of any Insurance company which has not since the last-mentioned date received a license from the Minister of Finance of Canada;
- (c) in respect of any policy of life insurance issued by an insurance company that is not licensed under the Insurance Act to a person not resident in Canada at the time of the issue of such policy;
- (d) solely in respect of marine insurance;
- (e) in respect of any contract entered into or any certificate of membership or policy of insurance issued before the twentieth day of July, one thousand eight hundred and eighty-five by any assessment life insurance company.

5. The penalties and imprisonment prescribed for the violation of any of the provisions of this Act shall be recovered or enforced under the Nova Scotia Summary Convictions Act, chapter 161 of the Revised Statutes of Nova Scotia, 1900, as now or from time to time hereafter amended, provided, however, that where any pecuniary penalty either with or without imprisonment is prescribed for the violation of any of the provisions of this Act, such pecuniary penalty may in lieu of being recovered as aforesaid be recovered with costs by civil action or proceeding at the suit of the Crown only or of a private prosecutor or plaintiff in any court having jurisdiction in cases of simple contract to the amount of the penalty. Any proceeding for the violation of any of the provisions of this Act shall be instituted within one year after such violation occurred.

6. Any pecuniary penalty prescribed for the violation of any of the provisions of this Act shall when recovered be appropriated as follows:—

- (a) Where the proceedings are instituted by or on behalf of the Crown the penalty shall belong to the Crown;
- (b) Where the proceedings are instituted by or on behalf of a private prosecutor or plaintiff one-half of the penalty shall belong to the Crown and the other half to the private prosecutor or plaintiff.

7. Chapter 7 of the Acts passed by the Legislature of Nova Scotia in the year A.D. 1914 entitled "An Act respecting Insurance Companies" is repealed.

8. This Act shall come into force on, from and after and not before the first day of January in the year of our Lord one thousand nine hundred and nineteen.

6.—ONTARIO LEGISLATION.

Extract from "The Statute Law Amendment Act, 1918," chapter 20, 1918. (*Assented to March 26, 1918.*)

32. Section 78E of The Ontario Insurance Act as enacted by section 2 of The Ontario Insurance Amendment Act, 1916, is amended by striking out "78c" where it appears in the fourth line thereof, and substituting "78D" therefor.

33. Subsection 11 of section 99A of The Ontario Insurance Act as enacted by section 5 of The Ontario Insurance Amendment Act, 1914, is amended by adding at the end thereof the following words: "or to agents transacting the business of live stock insurance."

SESSIONAL PAPER No. 9

34. Section 241 of The Ontario Insurance Act is amended by adding thereto the following:—

Provided that when the amount of insurance in force exceeds \$3,000,000, and the total assets of the company do not fall below 2 per cent of the total amount at risk, the superintendent may authorize the reduction of the fixed payment to one-eighth of one per cent of the sum insured.

7.—QUEBEC LEGISLATION.

The Acts of the Quebec Legislature assented to in the year 1918 were printed in Volume I of the department's report for the business of the year 1917.

9 GEORGE V, A. 1919

Note.—

The International Casualty Company has retired from business in Canada and its deposit has been released with the exception of \$2,000 par value which has been retained to provide for unsettled claims. Its Employers' Liability business has been reinsured in the Canada Accident Assurance Company and its Accident and Sickness policies have been cancelled and the unearned portion of the premiums returned to the insured.

The Anglo-American Fire Insurance Company is in liquidation, Mr. G. T. Clarkson, Toronto, having been appointed liquidator. The liquidator has entered into an agreement with the Western Assurance Company, Toronto, whereby all the outstanding Canadian policies and unpaid losses and claims for unearned premiums thereon as at Feb. 19, 1916, have been assumed by the Western Assurance Co. The deposit of the company, with the exception of \$3,909.15 par value, has been released.

The Factories Insurance Company, by a reinsurance agreement dated Dec. 22, 1916, reinsured its business in the Western Assurance Co., Toronto. The deposit of the company, to the accepted value of \$51,537, is still in the hands of the Receiver General but the company has given notice, as required by the Insurance Act, of its intention to apply for its release.

The North American Accident Insurance Company, incorporated by an Act of the Parliament of Canada, has acquired the assets and property of the North American Accident Insurance Company, incorporated by the Province of Ontario, and has assumed its liabilities. The deposit of the latter company is still held by the Receiver General but notice, has been given by the company, as required by the Insurance Act, 1917, of its intention to apply for the release of its securities.

The following Fraternal Benefit Societies are registered under Section 107 of the Insurance Act, 1917, and are permitted to transact the business of Life Insurance in Canada.

Name of Company.	Chief Agent to receive Process.
<p>*The Canadian Order of the Woodmen of the World (\$15,000 Municipal Securities accepted at \$12,683, deposited from Sick and Funeral Fund).....</p> <p>The Commercial Travellers' Mutual Benefit Society.....</p> <p>*The Grand Council of the Catholic Mutual Benefit Association of Canada \$7,715 Municipal Securities and \$5,000 Dominion of Canada War Loan, (accepted at \$11,839) deposited from Sick Benefit Fund).....</p>	<p>Clair Jarvis, Head Clerk, London, Ont.</p> <p>R. Ivens, Secretary, Toronto.</p> <p>John J. Behan, Grand Secretary, Kingston, Ont.</p>
*Authorized also to transact the business of Sickness Insurance.	

The following Life Insurance Companies, having ceased to transact new business in Canada, are entitled under Section 97 of "The Insurance Act, 1917," to transact all business connected with policies existing at 31st March, 1878, and their deposits are applicable to those policies, subject to the provisions of the Statutes in that behalf.
