94. Copies of General Orders promulgated to the Militia for the period between February 1, 1919, and February 2, 1920. Also,—Copies of all Routine Orders of the Canadian Expeditionary Force promulgated from February 22, 1919, to February 24, 1920. Presented by Hon. Mr. Guthrie, March 24, 1920. *Not printed.*
95. Appointments, Promotions and Retirements, Canadian Militia and Canadian Expeditionary Force, from February 6, 1919, to January 22, 1920. Presented by Hon. Mr. Guthrie, March 24, 1920. *Not printed.*
96. Return to an Order of the House of the 18th September, 1919, for a Return showing:—1. The total number of men who joined the Expeditionary Force for service in Siberia. 2. How many of such number voluntarily enlisted for service in Siberia. 3. Whether the Government is aware as to whether or not a considerable number of members of such Expeditionary Force were made to embark at Victoria, B.C., by compulsion and with the point of the bayonet directed at them. 4. Whether the Government is aware as to whether or not certain members of such Expeditionary Force who had not voluntarily enlisted for service in Siberia were court-martialed and sentenced to hard labour. If so, who such members are and what the nature of the sentence was. 5. The cost to the Government of the Expeditionary Force for service in Siberia. Presented March 25, 1920. Mr. Archambault. *Not printed.*
- 96a. Return to an Order of the House of the 7th April, 1920, for a copy of all correspondence, documents, and records including the evidence and judgments in connection with the trials held by Field General Court Martial of the 25th of the Canadian Expeditionary Force in Siberia, on the following Rifleman, sentenced on the 28th of January, 1919: Alfred Lefante, O. Boisvert, Edmond Leroux, Joseph Guenard, E. Pauze and Arthur Roy. Presented May 18, 1920. Mr. Archambault. *Not printed.*
97. Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Whether any work has been done on any of the lines enumerated in the Second Schedule of Chap. 13, 9-10, George V, being an Act to incorporate the Canadian National Railway Company and respecting Canadian National Railways. 2. If so, on what particular line the work has been done. 3. What kind of work has been done. 4. How much money has been expended for this work. 5. How much in construction. In surveys. In expropriation, and the purchase of the Right of Way. 6. How many station sites have been located on said lines, what the name is of each station, and on what particular line. 7. Description of the land upon which it is located. How much was paid for said station site, and who was representing the Government or the Canadian National Railways in negotiating the purchase. 8. If money was paid for any of such sites, to what appropriation they were charged, and on whose order they were paid. 9. Whether any Order in Council has been passed entrusting said company with the management and operation of the Grand Trunk Pacific and the Intercolonial Railways. Presented March 25, 1920. Mr. Bureau. *Not printed.*
98. Return to an Order of the House of the 15th March, 1920, for a copy of all representations, complaints and other correspondence filed with the Civil Service Commission regarding Classification of the Civil Service of Canada. Presented March 26, 1920. Mr. Fripp. *Not printed.*
- 98a. Return to an Order of the House of the 12th April, 1920 for a Return showing:—1. Number of classification engineers employed in connection with the Civil Service. 2. Total amount paid to classification engineers to date in connection with the work of classifying the Civil Service. 3. Further estimate required to complete the work. Presented April 29, 1920. Mr. Sinclair (Antigonish). *Not printed.*
99. Return to an Order of the House of the 10th March, 1920, for a copy of all correspondence relating to the appointment of the Postmaster at Metabetchouan, Quebec. Presented March 29, 1920. Mr. Savard. *Not printed.*
100. Draft Conventions and Recommendations adopted by the International Labour Conference at Washington and communicated to the Government by the Secretary-General of the League of Nations pursuant to Article 405, Treaty of Versailles:—1. Draft Convention limiting the hours of work in industrial undertakings to eight in the day and forty-eight in the week. 2. Draft Convention concerning unemployment. 3. Recommendation concerning unemployment. 4. Recommendation concerning reciprocity of treatment of foreign workers. 5. Draft Convention concerning the employment of women before and after childbirth. 6. Draft Convention concerning the employment of women during the night. 7. Recommendation concerning the prevention of anthrax. 8. Recom-

CONTENTS OF VOLUME 10—*Continued.*

- mendation concerning the protection of women and children against lead poisoning. 9. Recommendation concerning the establishment of Government Health Services. 10. Draft Convention fixing the minimum age for admission of children to industrial employment. 11. Draft Convention concerning the night work of young persons employed in industry. 12. Recommendation concerning the application of the Berne Convention of 1906, on the prohibition of the use of white phosphorus in the manufacture of matches. Presented by Hon. Mr. Rowell, March 29, 1920. *Not printed.*
- 100a. Return showing:—1. Names of the Canadian representatives at the International Labour Conference last fall. 2. Amount expended in connection with this delegation. 3. Names of Canadian representatives at the Labour Conference at Paris. 4. Amount expended in relation thereto. Presented March 29, 1920. Mr. Archambault. *Not printed.*
101. Return to an Order of the House of the 18th March, 1920, for a Return showing:—1. On what date a Branch of the Public Works Department was first established at Antigonish, N.S. 2. What counties in Nova Scotia were originally under the jurisdiction of the Antigonish Branch. 3. When the North Sydney office was established. 4. Names of the employees in the Antigonish Branch prior to the change and the amount of their yearly salaries. 5. Names of the employees in both offices on December 31, 1914, and their yearly salaries. 6. Names of the present employees in both branches and their respective yearly salaries. 7. How much was expended in public works in the area under the jurisdiction of the Antigonish Branch for five years prior to December 31, 1911. 8. How much was expended in public works in the area covered by both the Antigonish and North Sydney Branches during the five years subsequent to January 1, 1912. Presented March 29, 1920. Mr. Sinclair (Antigonish). *Not printed.*
- 101a. Return showing the details of the expenditure of \$1,372,079 82 made in the area covered by both the Antigonish and North Sydney Branches of the Department of Public Works during the five years subsequent to January 1, 1912. Presented April 7, 1920. Mr. Sinclair (Antigonish). *Not printed.*
102. Return to an Order of the House of the 22nd of March, 1920, for a copy of all correspondence relating to the public cross-road between Ste.-Catherine and Tadoussac. Presented March 29, 1920. Mr. Savard. *Not printed.*
103. Return to an Order of the House of the 29th March, 1920, for a Return showing:—(a) the total production of coal in Canada during the past ten years (b) how much of said coal was anthracite (c) the total importation of coal into Canada during the same period (d) how much of same was anthracite (e) the total exportation of coal from Canada during the past ten years and (f) how much of this total was anthracite. Presented March 31, 1920. Mr. Archambault. *Not printed.*
104. Return to an Order of the House of the 10th March, 1920, for a Return showing:—1. What amount of money has been expended by the Government during the years 1918-19-20 in providing seed grain for settlers in the Lethbridge and Calgary land districts respectively. 2. What amount of money has been expended by the Government as its share of the freight charges in providing feed for live stock in Southern Alberta in the years 1918-19-20. Presented April 6, 1920. Mr. Buchanan. *Not printed.*
105. Return to an Order of the House of the 15th March, 1920, for a Return showing for each of the fiscal years 1891, 1896, 1901, 1906, 1911, 1914, 1915, 1916, 1917, 1918, 1919 and estimated 1920 (a) Total revenue of the Dominion (b) Expenditure chargeable to Consolidated Fund (c) Expenditure chargeable to capital (d) Total expenditure (e) Estimated population (f) Total revenue per head of population (g) Expenditure per head chargeable to Consolidated Fund, and (h) Total expenditure per head. Presented March 6, 1920. Mr. Fielding. *Not printed.*
106. Return to an Order of the House of the 22nd March, 1920, for a Return showing:—1. The total amount of the gross consolidated debt of Canada on the 28th of February, 1920. 2. Total amount of the net consolidated debt of Canada on the same date. 3. Total amount of the assets of the consolidated debt of Canada on the said date. 4. Total amount of the yearly interest payable on the gross consolidated debt of Canada on the said date. 5. Total amount of yearly interest or revenue received or collected by Canada in respect to the property or securities constituting the assets of the public debt. 6. Total amount of the floating debt of Canada on the 28th of February, 1920. 7. Total amount of yearly interest payable on the floating debt of Canada on the said date. Presented April 6, 1920. Mr. Parent. *Not printed.*
107. Return to an Order of the House of the 24th March, 1920, for a copy of the correspondence between the Minister of Lands and Forests of the Province of Quebec and the Soldiers' Settlement Board. Presented April 6, 1920. Mr. Gauvreau. *Not printed.*
108. Return showing:—1. What loans have been negotiated by the Dominion Government since 1911. 2. The distinctive name of each loan and its amount. 3. Of the said loans, which were (a) foreign, (b) British, and (c) Canadian. Presented April 7, 1920. Mr. Casgrain. *Not printed.*
109. Return to an Order of the House of the 19th March, 1919, for a return showing the total cost and general expense of the 1918 Victory Loan, including detailed statements of the amounts paid to brokers, banks, newspapers, advertising agencies, and all other persons, corporations, firms and agencies to whom payments were made, giving the names of such persons, banks, newspapers, agencies or firms in each case. Presented April 7, 1920. Mr. Blake. *Not printed.*
110. Report of the Explosives Division of the Department of Mines for the year 1919. The Senate. *Not printed.*
111. Return to an Order of the House of the 22nd March, 1920, for a Return showing the number of persons or corporations paying and the aggregate amount paid by each group by way of Dominion Income Tax in the City of Toronto during the fiscal years 1917 and 1918 whose assessed income was over \$1,500, \$5,000, \$10,000, \$20,000, \$30,000, \$50,000, \$100,000. Presented April 12, 1920. Mr. Kennedy. *Not printed.*
112. Return showing:—1. Number of post offices on the north shore of the St. Lawrence from Tadoussac to Esquimaux Point. 2. Names, postal addresses and the date of appointment of each of these postmasters. Presented April 12, 1920. Mr. Savard. *Not printed.*
113. Return to an Order of the House of the 25th March, 1920, for a Return showing how many houses have been commenced, and how many finished, under the legislation of a year ago. Presented April 13, 1920. Mr. Clark (Red Deer). *Not printed.*
114. Copy of Resolutions of thanks passed by the British House of Commons to the Forces engaged in the late War, and embodying thanks to the troops from the Dominions overseas for their services during the said war. Presented by Hon. Mr. Rowell, April 13, 1920. *Not printed.*

CONTENTS OF VOLUME 10—*Continued.*

115. Return to an Order of the House of the 31st March, 1920, for a copy of all correspondence, Orders in Council, reports and all other documents respecting the apportionment of expenses on the League of Nations and the payment of the sum of \$64,043 15 on February 13th, 1920, as Canada's share of such expense. Presented April 13, 1920. Mr. Fielding. *Not printed.*
116. Return to an Order of the House of the 15th March, 1920, for a copy of all papers, documents, telegrams, correspondence and reports made between the Department of Naval Service and the Inspector of Fisheries in Prince Edward Island or any other party or parties regarding the sale of the lobster hatchery at Charlottetown, P.E.I. Presented April 13, 1920. Mr. Sinclair (P.E.I.). *Not printed.*

Their names. 3. The number of vessels employed in the work of the Canadian Naval Service rented or chartered during the period of the war. 4. Their names. Presented April 15, 1920. Mr. Deslauriers. *Not printed.*
118. Return to an Order of the House of the 24th March, 1919, for a Return showing the number of commutation of sentences accorded by the Department of Justice to prisoners condemned to be hanged, where the crimes were committed, and the sentence imposed after commutation, within the last four years. Presented April 15, 1920. Mr. Casgrain. *Not printed.*
119. Return to an Order of the House of the 10th March, 1920, for a Return showing:—1. Number of persons discharged from the Government Printing Bureau and Department of Public Printing and Stationery from 1st January, 1919, to 1st March, 1920. 2. Upon whose recommendation and report dismissals were made. 3. Whether the King's Printer or Assistant King's Printer recommended the persons to be dismissed. 4. Whether the report of dismissal was in writing. 5. What qualifications the person or persons had who investigated the respective cases for dismissal, what investigation was made by them and whether their conclusions are reduced to writing. Presented April 15, 1920. Mr. Fripp. *Not printed.*
120. Return to an Order of the House of the 24th March, 1920, for a copy of all letters, telegrams, correspondence, and other papers in the possession of the Government, in connection with the transfer of mail bags from the C.P.R. mail car to the mail car of the Quebec, Montreal and Southern Railway Company, and from the latter to the former, at Itherville Junction, during the period extending from the month of November, 1917, to the month of April, 1918. Presented April 16, 1920. Mr. Demers. *Not printed.*
121. Return to an Order of the House of the 31st March, 1920, for a copy of all telegrams, papers, letters and correspondence with reference to the application for naturalization of Professor F. V. Riethdorf, alias Frederick Edwards, 205 Scott Block, Winnipeg, also for copies of all correspondence to date with reference to the resignation of the said F. V. Riethdorf, alias Frederick Edwards, from the employ of the Department of State and in particular correspondence with the President of the Privy Council, Controller McLean and Mr. A. Brophy of the said Department. Presented April 16, 1920. Mr. Power. *Not printed.*
122. Return to an Order of the House of the 22nd March, 1920, for a Return showing:—1. Number of chartered banks in Canada in 1880. 2. Number of chartered banks in Canada at the present time. 3. What profits, as shown by their annual statements, were made by each of the chartered banks in the years 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918 and 1919. 4. What taxes each paid to the Federal Treasury in each of the above years. 5. What amount, not being interest on money borrowed, the Federal Government paid to each chartered bank in each of the years 1914, 1915, 1916, 1917, 1918 and 1919 for service rendered. 6. The paid up capital of each bank, and its reserve. Presented April 16, 1920. Mr. Ross. *Not printed.*
123. Copy of all correspondence, papers, documents and telegrams, concerning the amelioration of conditions among the Indians and Eskimos inhabiting the east coast of James and Hudson Bays, from East Main River in the south to Hudson Straits in the north, showing what has been and is being done to provide emergency relief, medical attention, administration of Justice, industrial training, introduction of reindeer treaty rights, securing of adequate prices for their furs, and any other matter in the interests of these people. The Senate. *Not printed.*
124. Return to an Order of the House of the 15th April, 1920, for a Return showing:—1. What the value in Canadian currency of the British pound sterling was on the first of the months of November and December, 1914, on the first of all the months of the years 1915, 1916, 1917, 1918, and on the first of January and February, 1919. 2. During the years 1914, 1915, 1916, 1917 and 1918, whether the officers and men of the Canadian Expeditionary Force were paid in accordance with the rates of exchange prevailing at the various times at which payments were made to them, and if not, at what rate or rates. 3. What was done in this respect with payments made to interned Canadian soldiers, and at what rate or rates their pay was converted into the currencies of the countries in which they were interned. Presented April 19, 1920. Mr. McMaster. *Not printed.*
125. Return to an Order of the House of the 12th April, 1920, for a Return showing:—1. How much, if any, of the Federal Emergency Fund for the re-establishment of the returned soldier was overpaid or inadvertently paid to those not entitled to it under the regulations. 2. How much of this amount has been recovered. 3. How many prosecutions have been instituted for this recovery. 4. What the decision has been in each case. 5. Whether it is the intention of the Government to undertake any further action in cases of this nature. Presented April 19, 1920. Mr. Chisholm. *Not printed.*
126. Return to an Order of the House of the 12th May, 1919, for a Return showing:—1. Whether prosecutions were authorized by the Government against parties in the Province of Nova Scotia for neglecting to place War Revenue Stamps upon packages of Proprietary or Patent Medicine before the sale thereof, as required by the War Revenue Act, 1915. 2. Person or persons appointed to institute these prosecutions. 3. Number of prosecutions, if any brought. 4. Names of solicitors designated by the Government to conduct them. 5. Terms of said solicitors' appointment. 6. Gross amount of fines imposed. 7. In what counties in Nova Scotia such prosecutions were brought. 8. Who recommended the appointment of such Prosecutors and Solicitors. Presented April 19, 1920. Mr. Sinclair (Antigonish). *Not printed.*
127. Copy of Order in Council P.C. 395, dated 18th February, 1920, in respect to the organization of an Air Force in Canada. Presented by Hon. Mr. Sifton, April 19, 1920. *Not printed.*
128. Return showing:—1. For what purposes the special Trade Commission of the overseas branch of the Department of Trade and Commerce has been created, and how the purposes are to be accomplished. 2. Who is in charge thereof, and his salary. 3. If publicity for Canadian production is sought, who has received the appointment

CONTENTS OF VOLUME 10—*Continued.*

of publicity expert, and what the proposed remuneration is for such. 4. What sums, annually or otherwise, are paid by Canada to the British newspaper known as *Canada*, and what sums to the *Canada Gazette*? Presented April 19, 1920. Mr. McMaster *Not printed.*

129. Return to an Order of the House of the 7th April, 1919, for a copy of the correspondence exchanged between F. X. Gagnon, Port Daniel East, Quebec, and the Department of Justice, regarding the Military Exemption Tribunal which sat at that place. Presented April 20, 1920. Mr. Marcell (Bonaventure). *Not printed.*
130. Return to an Order of the House of the 29th September, 1919, for a copy of all telegrams, letters, contracts and plans, passed between the Commission of the Transcontinental Railway, or the Government and the City of Quebec, the different transport companies, the Harbour Commission of Quebec or any other persons, corporations or companies from 1910 to date, concerning the construction of a railway station at the Champlain Market in the city of Quebec, also the construction, in the said city, of wharves, docks, elevators to facilitate the transport of grain from the West via the Port of Quebec. Presented April 20, 1920. Mr. Parent *Not printed.*
- 130a. Return to an Order of the House of the 5th May, 1920, for a copy of all documents, contracts and correspondence relating to the negotiations between the City of Quebec and the Transcontinental Railway regarding the Champlain market site and the proposed docks and grain elevators situated along the front of the St. Lawrence river. Quebec. Presented May 15, 1920. Mr. Power *Not printed.*
131. Return to an Order of the House of the 29th September, 1919, for a copy of all documents, letters, and plans, submitted by the Harbour Commission of Quebec since 1910 to date, concerning the construction of wharves, docks, elevators, cold storage, terminal facilities in the Port of Quebec, for the transport by land and water. Presented April 21, 1920. Mr. Parent *Not printed.*
132. Return showing:—1. Minimum and maximum salary being paid to postmasters. 2. By what method the minimum and maximum salary of postmasters is determined. 3. Whether postmasters receive a bonus on account of the high cost of living. 4. If not, why. 5. Minimum and maximum salary being paid to rural mail carriers. 6. Whether the Government has fixed a maximum rate per mile to apply to rural mail routes. 7. How the salary of rural mail carriers is determined. 8. Whether rural mail carriers receive a bonus on account of the high cost of living. 9. If not, why. 10. Minimum and maximum salary being paid to letter carriers. 11. Whether letter carriers receive a bonus. 12. If so, how much. Presented April 21, 1920. Mr. Kennedy (Glengarry). *Not printed.*
133. Return showing:—1. Number of persons employed in the province of Quebec in connection with the work of the Soldiers' Settlement Board. 2. Their names and post office addresses. 3. Salary or remuneration each one is drawing. 4. Whether any of these employees are allotted to certain constituencies. 5. If so, what persons are allotted to the various constituencies, and to what constituencies. Presented April 26, 1920. Mr. Tobin. *Not printed.*
134. Return to an Order of the House of the 31st March, 1920, for a copy of all letters, telegrams and other correspondence that has passed between one George Carvill, of the City of St. John, formerly City Ticket Agent for the Canadian Government Railway (formerly Intercolonial Railway) at the said City of St. John, and any and all others for and on behalf of the said George Carvill and the Minister of Railways and Canals, Deputy Minister or any other Ministers of the Government or any general manager, assistant manager, superintendent or other officials of the Canadian Government Railway in reference to the dismissal of the said George Carvill from said railway on the 30th day of April, A.D. 1917, and the request of the said George Carvill for an investigation under oath before an independent tribunal into the causes for his dismissal and the refusal of the management of the said railway to grant such an investigation. Presented April 27, 1920. Mr. Copp *Not printed.*
135. Return to an Order of the House of the 22nd March, 1920, for a copy of all documents, letters, telegrams and other correspondence in the hands of the Government concerning the proposed railway between St. Camille, County of Bellechasse, and Cabano, County of Temiscouata. Presented April 27, 1920. Mr. Fafard *Not printed.*
136. Return to an Order of the House of the 22nd March, 1920, for a copy of the Report made by the Board of Railway Commissioners for Canada, on the application of the Canadian Pacific and Grand Trunk Railway Companies, on behalf of themselves and other railways carrying His Majesty's mail in Canada, asking that fair and reasonable rates be fixed by the Board for the carriage of mails pursuant to the reference of the matter to the Board by Order in Council, P.C., 617, dated March 7, 1917, for the determination as to the accuracy or inaccuracy of the claim made by the railway companies, that these rates are inadequate, and, if it is found that the present rates are inadequate to determine as the result of evidence to be submitted by the Post Office Department and the railway companies interested what would be a fair rate of payment for the service. Also a copy of all correspondence between members of the Government or any officials thereof and the Board of Railway Commissioners or any officials thereof in reference to the report mentioned above. Presented April 27, 1920. Mr. Bureau. *Not printed.*
- 136a. Return to an Order of the Senate dated April 28, 1920, for a Return of the evidence and other proceedings submitted before the Dominion Railway Commission at the sessions at Ottawa on October 3, 1911, November 7, 1911, and March 18, 1919, relating to freight rates and all matters before said Board on said rates. 2. A copy of the report made by said Board to the Government as the result of said investigations. 3. A copy of the postal rate agreement or agreements existing between the Government and the railway companies for parcel post service, including a statement or copy of the rates charged by the Government railways. 4. A copy of the report made by the Dominion Railway Board to the Government on the contracts between the Government and the railway companies as to the rates charged for the postal services. 5. Does the said report show (or is the Government aware) that the rates fixed and paid are less than it cost the railway companies to perform the services. 6. What quantity of mail is carried annually by parcel post. 7. How much of it is carried for mail order houses—distinguishing quantities by provinces. 8. What are the postal rates charged for parcel post packages: (a) to the public, (b) to mail order houses. 9. Do these rates pay the full cost of transportation. 10. Not, what is the loss. 11. If there is a loss how is it provided for? 11. Does the Government intend to make a change in the parcel post rates. If so, what. The Senate. *Not printed.*
137. Return to an Order of the House of the 12th April, 1920, for a Return showing at the end of the fiscal year 1910, and each subsequent year, the total assets of Canada, the amount received in each year as interest or other income from such assets, and the average rate of interest or other income so received in each year. Presented April 28, 1920. Mr. Fielding *Not printed.*

CONTENTS OF VOLUME 10—*Continued.*

138. Return to an Order of the House of the 10th March, 1920, for a Return showing:—1. The total amount of commission charges paid to brokers and agents in connection with the last Victory Loan. 2. What amounts have been paid to each of the said brokers and agents. 3. Whether any of the said commission charges have not yet been paid. 4. If so, whose accounts they are, and for what reason they have not been paid. Presented April 28, 1920. Mr. Archambault. *Not printed.*
139. Return showing:—1. Names of the so-called experts employed by the Arthur Young Company to classify the employees of the various departments, and which department or departments did each such expert classify. 2. The ages, nationality educational, and practical qualification, including positions previously held, with special reference to classification work, of each such expert. 3. (a) Cost to the Government for the services of each such expert; (b) what is the cost to the Arthur Young Company of the services of each expert. Have they been paid in Canadian or American money. 4. How many Deputy Ministers have approved the classification of their departments. 5. Whether the Arthur Young Company pay an income or business tax in Canada. 6. In case of difference of opinion respecting classification between the so-called experts and the Civil Service Commission whose opinion prevails. Presented April 28, 1920. M. Gauvreau *Not printed.*
140. Return to an Order of the House of the 14th April, 1920, for a copy of all reports, letters, petitions or documents referring to claims for damages on behalf of innocent victims who, during the so-called Quebec riots of 1918, have either been killed or wounded by the soldiers of His Majesty. Presented April 29, 1920. Mr. Parent. *Not printed.*
141. Return to an Order of the Senate dated April 18, 1918, for a Return showing:—The amount paid in each year since 1900 inclusive, for (a) reporting, (b) translating, (c) typewriting, and (d) printing proceedings before Commission of Inquiry and all other investigations for or on behalf of the Government or any Department thereof, in English and in French respectively, the names of the persons under (a), (b) and (c) to whom such payments were made, the amount paid to each as salary or other compensation, and the amount paid on account of each such person for travelling and living expenses. The Senate *Not printed.*
142. Return to an Order of the Senate, dated April 16, 1918, for a Return referring to Return of the Senate (No. 7, August 23, 1917, re officers 78th Regiment, Highlanders of Pictou County, Nova Scotia):—1. (a) Giving the names of the officers mentioned in the said Return who served with the overseas forces at the fighting front since said Return was compiled. (b) The unit and date each one so served. (c) The number who became casualties, and when. 2. The location, connection and rank of each of the officers mentioned in said Return in the overseas forces at the present time. The Senate *Not printed.*
- 142a. Supplementary Return to an Order of the Senate dated April 16, 1918, for a Return referring to Return of the Senate (No. 7, August 23, 1917, re officers 78th Regiment, Highlanders of Pictou County, Nova Scotia):—1. (a) Giving the names of the officers mentioned in the said Return who served with the overseas forces at the fighting front since said Return was compiled. (b) The unit and date each one so served. (c) The number who became casualties, and when. 2. The location, connection and rank of each of the officers mentioned in said Return in the overseas forces at the present time. The Senate *Not printed.*
143. Copy Declaration by the Supreme Council of the Peace Conference on the Economic Conditions of the World. The Senate *Not printed.*
144. Return showing:—1. Whether the Government pays the expenses of an office in Toronto for A. V. White, consulting engineer of the Conservation Commission. 2. If so, what expenses for said office it paid in the fiscal year 1919-20, including rent, salaries of assistants, travelling expenses, etc. 3. What relation, if any, the said A. V. White is to James White, Deputy Head of the Conservation Commission. 4. If any other relatives of its Deputy Head were employed by the Conservation Commission in the past fiscal year, their names, what positions they fill and what salaries were paid them. 5. Whether it is the practice of the Government to maintain offices for all its consulting engineers. 6. Whether it is the intention of the Government to continue to defray the expenses of the Toronto office of the said A. V. White. 7. If the said A. V. White was employed by the Department of Public Works, what was the last year he was so employed and what remuneration he was paid. 8. At what annual salary rate he is being paid by the Conservation Commission for 1920-21. 9. What reports, if any, by A. V. White, other than reports on water-powers and hydro-electric conditions, the Conservation Commission has published. 10. Whether A. V. White holds the degree of Electrical Engineer from a recognized university. 11. Name of the Hydro-Electric Engineer of the Conservation Commission. 12. What degrees he holds and what practical experience he has had. 13. What annual salary he is paid. Presented May 3, 1920. Mr. Casgrain. *Not printed.*
145. Return showing:—1. How many farms in each constituency in the province of Quebec were purchased by returned soldiers under the provisions of the Soldiers' Settlement Act. 2. The names of the buyers and sellers of each of the said farms. 3. The price paid for each of these farms. 4. Who visited each of the said farms on behalf of the Government. 5. What assistance was given by the Government in connection with each purchase. Presented May 3, 1920. Mr. Tobin *Not printed.*
146. Return to an Order of the House of the 19th April, 1920, for a Return showing:—1. Whether there was any printing done for the Government outside of the Printing Bureau during the years 1918/1919. 2. If so, by whom. 3. Addresses of persons or firms to whom such printing was given. 4. Amount paid for this outside printing, in each case, in 1918-19. Presented May 4, 1920. Mr. Dechesne *Not printed.*
147. Return to an Order of the House of the 19th April, 1920, for a Return showing:—1. Amounts loaned or credits given by the Government of Canada: (a) to Greece; (b) to Rumania. 2. The dates these loans were granted or credits given: (a) to Greece; (b) to Rumania. 3. The nature of merchandises purchased by the Government of Canada and charged in each case: (a) to Greece (b) to Rumania. 4. The names of commercial firms or persons from whom said goods were so purchased, specifying: (a) the nature of goods in each case (b) the amounts paid by the Government to these firms or persons in each case and also the date of these payments. Presented May 5, 1920. Mr. Archambault. *Not printed.*
148. Return to an Order of the House of the 10th March, 1920, for a copy of all telegrams, petitions, letters and documents of all kinds sent to the Post Office Department referring in any way to the mail route and mail service between Mabou, N.S., and Whycocomagh, N.S. Presented May 5, 1920. Mr. Chisholm. *Not printed.*

CONTENTS OF VOLUME 10—*Continued.*

149. Return to an Order of the House of the 31st March, 1920, for a copy of all correspondence, reports and other documents in any way referring to a proposed change in the site of Bentonville Post Office, Inverness County, N.S. Presented May 5, 1920. Mr. Chisholm. *Not printed.*
150. Return showing:—1. How many persons are employed on the staff of the Civil Service Commission. 2. Their names. 3. The respective salaries of said persons. Presented May 6, 1920. Mr. Hocken. *Not printed.*
151. Return to an Order of the House of the 26th April, 1920, for a return showing the total quantity in gallons, of spirituous liquors imported into Canada during the years 1913, 1914, 1915, 1916, 1917, 1918 and 1919; and also showing the value in money of the said imports during the same years. Presented May 10, 1920. Mr. Archambault. *Not printed.*
152. Return to an Order of the House of the 3rd May, 1920, for a copy of all correspondence and reports concerning the dismissal of Mr. Elisée Parent, inspector of Inland Revenue, the 6th of September, 1916 (file No. 111085). Presented March 10, 1920. Mr. Rinfret. *Not printed.*
- 152a. Supplementary Return to an Order of the House of the 3rd May, 1920, for a copy of all correspondence and reports concerning the dismissal of Mr. Elisée Parent, inspector of Inland Revenue, the 6th of September, 1916 (file No. 111085). Presented May 17, 1920. Mr. Rinfret. *Not printed.*
153. Return to an Order of the House of the 10th March, 1920, for a copy of all correspondence between the Dominion Government or any member thereof and the Dominion Manufacturers' Association or any manufacturer, relating to appeals from the Supreme or other courts in regard to validity of certain Dominion or Provincial Acts and Provincial Licenses whereby the Dominion Government undertook to give financial aid to said manufacturers for said appeals, as shown in the *Financial Times*, Montreal, or the 21st February, 1920. Presented May 10, 1920. Mr. Devlin. *Not printed.*
154. Return to an Order of the House of the 19th April, 1920, for a Return showing:—1. Number of translators employed by the Senate, House of Commons and the different departments of the Government, and number employed by each department. 2. Number employed permanently. 3. Number engaged for the session only. 4. Total annual cost of the translation service. 5. Whether any translation was done outside of Ottawa during the fiscal year ending 31st March, 1919. 6. If so, in how many instances, and what rate was paid per page of printed matter. Presented May 10, 1920. Mr. Hocken. *Not printed.*
155. Return to an Order of the House of the 5th May, 1920, for a copy of a letter from the Board of Trade of the City of Quebec to the Minister of Trade and Commerce, dated October 24, 1919, concerning the new policy adopted by the Ocean Mail Steamers of not stopping at Quebec in their outward voyage, and a copy of the answer to said letter. Presented May 10, 1920. Mr. Lapointe. *Not printed.*
156. Return to an Order of the House of the 29th April, 1920, for a Return showing:—1. Name of each official and clerk in the Fisheries Branch at Ottawa who will be in receipt of a salary of \$1,800 or over during the fiscal year 1920-21. 2. Salary of each such official and clerk during the fiscal years 1916-17, 1917-18, 1918-19 and 1919-20. 3. Minimum and maximum salary of each such official and clerk as at present fixed by the classifying experts of the Civil Service Commission. 4. What the salary of each such official and clerk will be during the fiscal year 1920-21. 5. What practical experience or direct connection, if any, each such official and clerk has had in or with the fishing industry; the nature of such experience or connection and the number of years it covers. 6. What position each such official and clerk, who has had no practical experience in or direct connection with the fishing industry, filled or what duties he performed on first becoming attached to the Fisheries Branch. 7. Present duties and responsibilities of each such official or clerk. Presented May 10, 1920. Mr. Duff. *Not printed.*
157. Return to an Order of the House of the 3rd May, 1920, for a copy of all correspondence, telegrams, and other documents exchanged between Dr. L. W. McNutt, Vancouver, B.C., and the Department of Soldiers' Civil Re-establishment, Sir Robert Borden and the Director of Medical Services of the Soldiers' Civil Re-establishment, with reference to claim for \$2,500.72 by the said Dr. McNutt against the above mentioned department, and also with reference to the resignation or dismissal of the said Dr. McNutt from the department in question. Presented May 11, 1920. Mr. Power. *Not printed.*
158. Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Labour Department. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken. *Not printed.*
- 158a. Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Post Office Department. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken. *Not printed.*
- 158b. Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Secretary of State Department, including the Printing Bureau. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken. *Not printed.*
- 158c. Return to an Order of the House of the 12th April, 1920, for a Return showing:—1. Number of persons employed by the Civil Service Commission. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken. *Not printed.*
- 158d. Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Department of Interior. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken. *Not printed.*
- 158e. Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Marine and Fisheries Department. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken. *Not printed.*

CONTENTS OF VOLUME 10—*Continued.*

How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Tobin . . . *Not printed.*
- 158*g.* Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Department of Trade and Commerce. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 11, 1920. Mr. Hocken . . . *Not printed.*
- 158*h.* Return to an Order of the House of the 17th March, 1920, for a Return showing:—1. Number of employees in the inside service of the Militia Department. 2. How many are males. 3. How many are females. 4. How many males are French. 5. How many females are French. 6. How many males are Protestants. 7. How many females are Protestants. Presented May 17, 1920. Mr. Hocken . . . *Not printed.*
159. Return to an Order of the House of the 26th April, 1920, for a Return showing:—1. What institutions are at present under the jurisdiction and management of the Department of Soldiers' Civil Re-establishment. 2. Number of patients in each institution. 3. Number of employees in each institution. 4. Cost per year of each institution. Presented May 12, 1920. Mr. Pardee . . . *Not printed.*
160. Fifth Annual Report of the Board of Directors of the Canadian Northern Railway System, for the year ended December 31, 1919. Presented by Hon. Mr. Reid, May 12, 1920. . . . *Printed for sessional papers only.*
161. First Annual Report of the Board of Directors of Canadian Government Merchant Marine, Limited. Presented by Hon. Mr. Reid, May 12, 1920. . . . *Printed for sessional papers only.*
162. Return to an Order of the House of the 12th May, 1920, for a Return showing:—1. Sales of military and other supplies made by the War Purchasing Commission in each of the years 1917, 1918 and 1919, and amount of money obtained for these supplies in each of the above years. 2. Whether these supplies were sold by tender, by advertisement, or at public auction. 3. How military supplies, including rugs, furniture, etc., at Camp Borden were sold, who the purchasers were and what prices were received for the various articles. Presented May 14, 1920. Mr. Ross . . . *Not printed.*
163. Return to an Order of the House of the 19th April, 1920, for a copy of all papers, letters, correspondence between the Department of Justice or any of its officers and the Civil Service Commission or any of its members with reference to the promotion of the Secretary to the Deputy Minister of Justice in 1919 and 1920. Presented May 14, 1920. Mr. Cahill . . . *Not printed.*
164. Return to an Order of the House of the 24th March, 1920, for a copy of all correspondence and telegrams between the Dominion Government and the Alberta Government relating to irrigation development in Alberta, and more particularly to Lethbridge Northern Irrigation District. Presented May 17, 1920. Mr. Buchanan . . . *Not printed.*
165. Return to an Order of the House of the 5th May, 1920, for a Return showing the names of all persons who have passed the Civil Service examinations from the province of Prince Edward Island in 1917, 1918 and 1919, showing: (a) the grade for which they passed; (b) the number of marks made by each; (c) those who are returned soldiers; (d) those who have received an appointment, with the name of their position. Presented May 17, 1920. Mr. Sinclair (P.E.I.) . . . *Not printed.*
166. Return to an Order of the House of the 12th April, 1920, for a Return showing:—1. Number of Civil Service Investigating Commissions appointed since the 1st of January, A.D. 1895. 2. On what respective dates said Commissions were appointed, what number of Commissioners comprised each Board, their names and their home addresses. 3. How long each Board was engaged on such inquiry and how much was paid to each. 4. Whether there is any Board or any Member of a past or present Board now engaged in connection with the Civil Service inquiry or classification of the Civil Service, other than the regular Civil Service Commission of which Honourable Doctor Roche is the Chairman. 5. What amount or amounts were paid by the Government to the Civil Service Classification Commissioners during the time from 1st January, 1916, to and including the 15th of March, A.D. 1920, what amounts were paid to each of the said Classification Commissioners and on what dates. Presented May 17, 1920. Mr. McKenzie . . . *Not printed.*
167. Return to an Order of the House of the 17th May, 1920, for a Return showing:—1. Number of married women whose husbands did not serve in the Canadian Expeditionary Force who are in the pay of various Government departments at Ottawa. 2. Whether it is a fact that the Department of Immigration has in its employ a lady at a salary of \$300 per month. 3. Whether this lady is the wife or mother of a returned soldier, and whether any effort was made at the time of her employment to secure the services of a war widow or dependent. 4. Whether this lady's husband is in the employ of the Government or of one of the provincial governments. 5. Whether it is a fact that the daughters of several departmental heads are employed by their fathers in Government service and that in such cases these young ladies hold positions which could be well filled with men who have been trained by the Department of Soldiers' Civil Re-establishment for the Civil Service but are unable to secure appointments. Presented May 19, 1920. Mr. Andrews . . . *Not printed.*
168. Copy of Order in Council, P.C. 1595, dated 31st July, 1919: Appointment of Victory Loan Special Committee in connection with the stabilizing of the Victory Loan of 1917. Presented by Sir George Foster, May 20, 1920. . . . *Not printed.*
169. Reports submitted by the Officer in charge of the Canadian War Records Office, London, England, to the Right Honourable Sir Robert L. Borden, G.C.M.G., M.P., Prime Minister of Canada; and to the Honourable Sir Edward Kemp, K.C.M.G., M.P., Minister, Overseas Military Forces of Canada, 1916-1919, with which is included a Report of the Executive Committee of the Canadian War Memorials Fund. Presented by Sir Robert Borden, May 20, 1920. . . . *Not printed.*

Return to an Order of the Senate dated the 5th instant, for a Return of copies of contracts between any Department or Departments of the Government and the owners of the steamship *Lady Evelyn*, in respect to the carriage of mails, passengers and freight between Pictou, Souris, and the Magdalen Islands; and copies of schedules of rates for such service, if such schedules are in the possession of the Government. The Senate. *Not printed.*

CONTENTS OF VOLUME 10—Continued.

178. Return of an Order of the House of the 10th May, 1920, for a Return showing:—1. Whether inspectors in charge of terminal elevators, under the Board of Grain Commissioners, have full authority to inspect grain, as provided for in the Canada Grain Act. 2. If not, why not. 3. If so, whether the inspectors issue the requisite inspection certificates, with their signatures attached thereto, as evidence of such inspection. 4. Whether the Chief Inspector or his immediate assistant, in charge of terminal elevators, has authority to change such inspection, without consent of the inspector directly in charge of a terminal elevator. 5. If so, whether this practice is provided for in the Canada Grain Act. 6. Whether inspection certificates, either inwards or outwards, are signed in blank by an officer under the Board of Grain Commissioners, and then filled in afterwards by a clerk. 7. Whether Western Inspection Certificates are signed in blank by the Chief Inspector or one of his officers, and then filled in by an officer in the Eastern Inspection District. 8. Whether the inward and outward inspection at terminal elevators is identically the same. 9. Whether the Canada Grain Act provides for the inspection of grain into terminal elevators, from steamers and barges. 10. If so, whether the inward or outward inspection governs. 11. How much grain the Government elevator, Port Arthur, has handled from September 1, 1919, to May 1, 1920. 12. How much grain the above elevator handled during the following crop years: 1913-14, 1914-15, 1915-16, 1916-17, 1917-18, 1918-19. 13. Cost per bushel in handling grain in the Government elevator, Port Arthur, for the above crop years, and for the period, September 1, 1919, to May 1, 1920. 14. Whether the above cost includes any provision for interest on investment and management. 15. Revenue per bushel for the above period: (a) including as revenue, money derived from the sale of overages, screenings and scalplings; (b) excluding as revenue, money derived from the sale of overages, screenings and scalplings. 16. Number of employees engaged in the above elevator during the above periods. 17. Name of the senior officer or manager who superintended the operations of the Government elevators under the Department of Trade and Commerce, for the above periods. 18. Whether all the Government elevators carry insurance on grain stored therein, in accordance with law. 19. If not, why the discrimination against the other commercially owned elevators, and on whose authority the law is broken. 20. Section 95, subsection 7, of the Canada Grain Act provides for the confiscation of overages over one-quarter of one per cent to the Government. Whether the Board of Grain Commissioners are keeping strict accounting of all grain going into and out of the terminal elevators, including screenings and scalplings, so as to arrive at the above figures. 21. Whether the Registration Department, under the Board of Grain Commissioners, has full information tabulated showing the gross weight in and gross weight out of terminal elevators. 22. Change made by the Board of Grain Commissioners in the wording of the outward weight certificates. 23. When the change was made. 24. Whether the weight certificate, as worded, was considered faulty up to the time of the change. 25. If not, why the change in the wording was made. 26. Whether the Canada Wheat Board has an officer at Fort William, whose duty it is to check the grades given by the inspection department under the Department of Trade and Commerce, on all grains shipped for and on account of the Canada Wheat Board. 27. If so, how many officers are engaged in this office, their names and salaries. 28. If so, what the necessity is of two Government officials doing the one task. 29. If so, whether the expenses incidental to this office, are deducted from the money which ought rightly be given to the farmers, for the participation certificates issued. 30. Whether the Canada Wheat Board accepts the inspection certificates as issued by the Department of Trade and Commerce, without reservation. 31. Whether the Canada Wheat Board always avails itself of the highest market for all wheat sold for and on account of the producers. 32. Since the Government has taken over the control of the wheat business, whether this has had a tendency to reduce the work of the Board of Grain Commissioners. 33. If so, whether the number of employees under the Board of Grain Commissioners have been reduced, for the purposes of economical administration. 34. Whether the administration of the Canada Grain Act is self sustaining. 35. If not, how the deficits are made up from year to year and on whose authority. 36. Salaries paid to the Secretary of the Board of Grain Commissioners and the Secretary of the Canada Wheat Board. 37. Whether the public terminal elevators at Fort William or Port Arthur purchase and sell grain from time to time, contrary to the Canada Grain Act. 38. If so, on whose authority. 39. Section 48 of the Canada Grain Act provided for the fixing of grades other than statutory grades, by the Grain Standards Board. Whether this Board has fixed the composition of grades of: (a) screenings, (b) scalplings. 40. If not, why not. 41. If not, who has fixed the composition and grades up to the present time, and on what authority. 42. If fixed, what they are. 43. Whether the original dockages taken from the grain are returned to the producer or the buyer of the warehouse receipt covering the specific parcel. 44. If not, why not. 45. How long the Government, through the Department of Agriculture, has handled standard stock food ex terminal elevators. 46. Whether the venture has been profitable. 47. Surplus or deficit for each year. 48. Price paid to the terminal elevators for the standard stock food basis f.o.b. Fort William. 49. Price received by the Government for the same food on the same basis. Presented May 27, 1920. Mr. Stevens. *Printed for sessional papers only.*
179. Memorandum No. 6, respecting work of the Department of Militia and Defence—European War—from November 1, 1915, to October 31, 1919. Presented by Hon. Mr. Guthrie, May 28, 1920. *Not printed.*
180. Return to an Order of the House of the 12th May, 1920, for a Return showing:—1. Whether the Government operations at the Dog Fish Reduction Works at Clark's Harbour, Nova Scotia, have been discontinued. 2. If so, what disposition has been made of the property. 3. Total Government disbursements including the original cost and loss in operation. 4. On whose report or recommendation the operation was abandoned. 5. Recommendation of the authority advising abandonment. 6. Whether J. B. Fielding, of the Honorary Advisory Council for Scientific and Industrial Research, authorized the report of the chairman on fish waste in Canada as intimated on page 53 of the report of the Administrative Chairman of the Honorary Advisory Council for Scientific and Industrial Research for the year ending March 31, 1919. 7. Whether Mr. Fielding reported with regard to the above-mentioned plant as follows: "At Clark's Harbour I inspected the Government Dog Fish Reduction plant, which though very badly cared for appeared to be in working order, and well worth, in my opinion, retaining for the purpose of the manufacture of fertilizer, though quite unsuitable for the manufacture of food." 8. Consideration given by the Government to Mr. Fielding's report. Presented May 28, 1920. Mr. McCurdy. *Not printed.*
181. Return to an Order of the House of the 12th May, 1920, for a return showing the total amounts paid for advertisements or newspaper articles relating to voluntary enlistment before the Military Service Act of 1917 was in force: (a) to English newspapers in Canada and United States; (b) to French newspapers in Canada and United States; (c) to English newspapers in the province of Quebec; (d) to French newspapers in the province of Quebec. Presented May 28, 1920. Mr. Archambault. *Not printed.*
182. Return to an Order of the House of the 15th March, 1920, for a Return showing:—How many of the 22,954 temporary appointments made by the Board of Civil Service Commissioners since the armistice are at present on the pay rolls of the various departments of the Government. Presented May 28, 1920. Mr. Sinclair (Antigonish). *Not printed.*
183. Return to an Order of the House of the 3rd May, 1920, for a Return showing:—1. How many generals belonging to the permanent force have had to give up their rank during the last six months. 2. How many generals have been promoted since the armistice, and the names of those who are still in the service. 3. How many officers have

CONTENTS OF VOLUME 10—*Continued.*

- been promoted brigadier general since the armistice, their names, how they are employed, and whether it is the intention to retain them in that rank. 4. How many officers of the permanent force have been pensioned, their names and the amount of pension. Presented May 28, 1920. Mr. Bureau *Not printed.*
184. Final report of the work of Canadian Munition Resources Commission, from November, 1915, to March, 1919, inclusive. Presented by Sir Robert Borden, May 31, 1920 *Not printed.*
- 184a. Copy of Order in Council, P.C. 1192, dated the 29th May, 1920: Dissolving the Canadian Munitions Resources Commission. Presented by Sir Robert Borden, May 31, 1920 *Not printed.*
185. Return to an Order of the House of the 26th April, 1920, for a copy of all correspondence between the Government or any member thereof and the Canadian Press, Limited, and the Canadian Associated Press, with regard to the establishment of an Imperial news service. Presented May 31, 1920. Mr. Robb *Not printed.*
186. Return to an Order of the House of 3rd May, 1920, for a copy of all correspondence, telegrams, petitions or any other documents relative to the appointment of the Deputy Postmaster at Edmonton, Alberta. Presented May 31, 1920. Mr. Mackie (Edmonton.) *Not printed.*
187. Return to an Order of the House of 31st March, 1920, for a copy of all correspondence, letters, telegrams, reports by detectives and others, and every document relating to the theft of Fifty Thousand dollars from the post office in the City of Edmonton, and to George Armstrong, Postmaster of the said post office, as well as to all employees in the said post office so far as all these may relate to the theft of Fifty Thousand dollars. Presented May 31, 1920. Mr. Mackie (Edmonton.) *Not printed.*
188. Return to an Order of the House of the 19th May, 1920, for a Return showing:—1. Names and respective salaries of the employees of the Parliamentary Library. 2. How many are graduates of any college in Arts or Library Science. 3. Whether it is the intention of the Government to make any more appointments to the said Library of persons who have not taken a library science course in some recognized college. Presented May 31, 1920. Mr. Wigmore *Not printed.*
189. Return to an Order of the House of the 17th May, 1920, for a Return showing:—1. Whether the steamship *Metagama* sailed from Liverpool carrying soldiers and their families on or about the eighth day of February, A.D. 1919. 2. Complaints made to the Militia Department or any other department of the Government as to the condition of said steamer at time of sailing and during said voyage. 3. Complaints made to the Government or any department thereof as to the treatment accorded to said soldiers, their wives or families during said voyage. 4. Whether a delegation from the City of St. John appeared before a committee of the Cabinet on or about the 27th day of February, 1919, protesting against alleged ill treatment of said soldiers and their families during the said voyage. 5. If so, who comprised said delegation and what members of the Government acted on said Cabinet committee. 6. Whether the Government took any action as a result of said conference. If so, what action, and the result of same. 7. Whether said delegation filed affidavits or solemn declarations of passengers as to the condition of the steamer and treatment accorded said passengers during said voyage. 8. If so, whether the Government held an investigation concerning said complaints. 9. Result of such investigation. Presented June 2, 1920. Mr. Cogg *Not printed.*
190. Return to an Order of the House of the 19th May, 1920, for a Return showing:—1. Total amount of sick mariners' dues collected from shipping entering Canadian ports for each of the years 1912, 1913, 1914, 1915, 1916, 1917, 1918 and 1919. 2. Amount expended by the Government in assistance to sick or distressed mariners during each of said years. 3. Number of officials of the Marine Department in Ottawa engaged exclusively on duties connected with collection, distribution and administration of sick mariners' dues. 4. Number of officials of Marine Department transferred to Health Department in connection with sick mariners' dues. Presented June 2, 1920. Mr. Stevens *Not printed.*
191. Return to an Order of the House of the 10th March, 1920, for an order showing:—1. Number of dismissals of Civil Servants made in the cities of the Dominion of Canada since the 1st of January, 1915. 2. Number of appointments which have taken place or have been made of Civil Servants in the cities of the Dominion of Canada since January, 1915. Presented June 2, 1920. Mr. Mackie (Edmonton.) *Not printed.*
192. Return to an Order of the House of the 10th March, 1920, for a return giving a list of the lawyers from the province of Quebec who acted: (a) as public representatives; (b) military representatives; (c) in the office of the registrars; and (d) in the office of the Central Appeal Judge, during the administration of the Military Service Act, showing the amount paid to each of the said lawyers. Presented June 4, 1920. Mr. Archambault *Not printed.*
193. Copies of Orders in Council, P.C. 1022, dated 8th May, 1920, P.C. 1065, dated 15th May, 1920, and P.C. 1280, dated 4th June, 1920, covering the Cost of Living Bonus for employees in the Civil Service of Canada for the fiscal year, 1920-21. Presented by Hon. Mr. Rowell, June 7, 1920 *Not printed.*
194. Copies of Orders in Council in respect to the Federal Housing Scheme, as follows:—P.C. 639, of March 27, 1920, authorizing an increase in the maximum amounts of the loans which may be granted under Class (a) of the Federal project. P.C. 375, of February 20, 1919, approving the General Scheme of Housing of the Province of Ontario. P.C. 2201, of October 30, 1919, approving certain amendments to the British Columbia Housing Scheme, approved on May 1, 1919. P.C. 907. P.C. 1090, of May 19, 1920, approving certain amendments to the General Housing Scheme of the Province of Quebec. P.C. 1233, of May 31, 1920, approving the General Scheme of Housing of the Province of Saskatchewan. Presented by Hon. Mr. Rowell, June 7, 1920 *Not printed.*
195. Return to an Order of the House of the 5th May, 1920, for the production of copies of all letters, telegrams, papers and correspondence exchanged between the Department of Agriculture and others in reference to the establishment of a Demonstration Farm at Baie St. Paul, in the County of Charlevoix. Presented June 7, 1920. Mr. Cusgrain *Not printed.*
196. Return to an Order of the House of the 8th April, 1920, for a Return showing:—1. What is, or has been, the numerical strength of the staff of the Department of Public Works, by districts, throughout the Dominion of Canada since the 1st of January, 1915, to the 1st of January, 1920. 2. The names of the employees. 3. What salary is paid, or was, to each employee of the Department during this period. 4. Which of said employees could have been discharged since January, 1917. 5. How many employees in each district can now be dispensed with. 6. The expenditure in each of said districts during the entire period. Presented June 8, 1920. Mr. Mackie (Edmonton.) *Not printed.*

CONTENTS OF VOLUME 10—*Continued.*

- 196*a*. Supplementary Return to an Order of the House of the 8th April, 1920, for a Return showing:—1. What is, or has been, the numerical strength of the staff of the Department of Public Works, by districts, throughout the Dominion of Canada since the 1st of January, 1915, to the 1st of January, 1920. 2. The names of the employees. 3. What salary is paid, or was, to each employee of the Department during this period. 4. Which of said employees could have been discharged since January, 1917. 5. How many employees in each district can now be dispensed with. 6. The expenditure in each of said districts during the entire period. Presented June 17, 1920. Mr. Mackie (Edmonton). *Not printed.*
197. Return to an Order of the House of the 10th March, 1920, for a copy of all letters, telegrams, documents, petitions, reports, received by the Department of Railways and Canals and Canadian National Railways, and the correspondence exchanged between this Department and different persons and public bodies in reference to the curtailing of the railway service along the new line of the Quebec and Saguenay Railway between Quebec and Murray Bay since the 1st of November, 1919. Presented June 8, 1920. Mr. Casgrain *Not printed.*
198. Return to an Order of the House of the 7th April, 1920, for a copy of all correspondence, letters and telegrams in connection with the granting of an allowance by the Post Office Department for a regular postal ferry service by motor yacht between Ste. Catherine and Tadoussac. Presented June 8, 1920. Mr. Savard. *Not printed.*
199. Return to an Order of the House of the 15th March, 1920, for a copy of all letters, petitions, telegrams and other documents relating to the retention in office, as a Fishery Overseer, of John A. Dillon, of Guysborough, N.S. Presented June 8, 1920. Mr. Sinclair (Antigonish). *Not printed.*
200. Return to an Order of the House of the 12th April, 1920, for a copy of all documents, letters, telegrams and all other papers and correspondence exchanged between the Government or any department or commission thereof and the Government of the United States, the State of New York, the State of Vermont, or any other body, and a copy of any evidence given before any commission, referring to seine or net fishing in Missisquoi bay. Presented June 8, 1920. Mr. Kay. *Not printed.*
201. Return to an Order of the House of the 5th May, 1920, for a Return showing amount of money spent by the Dominion Government since Confederation on improvements in the harbours of Halifax, St. John, Quebec, Montreal, Toronto, Hamilton, Port Arthur, Victoria and Vancouver. Presented June 8, 1920. Mr. Foster (York). *Not printed.*
202. Orders of the Director of Coal Operations—Nos. 1 to 144, inclusive. Presented by Hon. Mr. Meighen, June 8, 1920. *Not printed.*
203. Return to an Order of the House of the 22nd March, 1920, for a Return showing:—1. Number of automobiles valued under \$1,000 imported into Canada in each of the years 1918 and 1919. 2. Number valued at between \$1,000 and \$2,000. 3. Number at a greater valuation than \$2,000. 4. Duty collected on these automobiles. 5. The duty collected on parts of automobiles imported during the years 1918 and 1919. 6. On what number of automobiles valued at less than \$1,000 excise duty was paid in the years 1918 and 1919. 7. On what number of automobiles valued at between \$1,000 and \$2,000 excise duty was paid in the same years. 8. On what number of automobiles valued at over \$2,000 excise duty was paid in the same years. 9. The amount of such excise duty. Presented June 9, 1920. Mr. Ross. *Not printed.*
204. Return to an Order of the House of the 5th May, 1920, for a copy of all papers, documents and letters in connection with Dr. Michel Fiset, of Quebec City, appointment by Order in Council, dated 18th April, 1914, as parcel post supervisor in Quebec City, with a salary of \$2,800 a year. Presented June 10, 1920. Mr. Lavigueur. *Not printed.*
205. First Annual Report of the Board of Commerce of Canada, dated 31st May, 1920; and also,—Copy of Order in Council, P.C. 1264, dated 1st June, 1920, submitting the above Report for His Excellency's information. Presented by Sir Robert Borden, June 10, 1920. *Not printed.*
206. Copy of Order in Council, P.C. 2329, dated December 18, 1919, regarding the distribution to the Provinces of the sum of \$200,000, which was placed at the disposal of the Department of Health for combating venereal diseases. Presented by Hon. Mr. Rowell, June 11, 1920. *Not printed.*
207. Copy of Agreement between the Chief and Principal men of the Chippewas of Sarnia Band of Indians and His Majesty the King regarding the surrender of the Sarnia Indian Reserve to the Government of Canada, dated at Sarnia, Ont., 10th December, 1919. Presented by Hon. Mr. Meighen, June 14, 1920. *Not printed.*
208. Return showing:—1. How many sittings were held by the Railway Commission to fix compensation for damages caused by the passing of the Canadian Northern through North Bay. 2. Who presided over the said sittings. 3. The awards made. 4. To whom they were paid. 5. The total cost of the said sittings. 6. The amount paid for counsel fees. 7. What amount was paid for witnesses. 8. To whom the amounts were paid. Presented June 16, 1920. Mr. McDonald. *Not printed.*
- 208*a*. Supplementary Return to an Order of the House of the 16th June, 1920, for a Return showing:—1. How many sittings were held by the Railway Commission to fix compensation for damages caused by the passing of the Canadian Northern through North Bay. 2. Who presided over the said sittings. 3. The awards made. 4. To whom they were paid. 5. The total cost of the said sittings. 6. The amount paid for counsel fees. 7. What amount was paid for witnesses. 8. To whom the amounts were paid. Presented June 21, 1920. Mr. McDonald. *Not printed.*
209. Return to an Order of the House of 2nd June, 1920, for a copy of all papers, documents, telegrams and reports concerning the indemnity paid to the widow and children of J. L. A. Forbes, killed at Aston Junction, the 11th of September, 1918, while on duty as brakeman on the Government railways. Presented June 17, 1920. Mr. Bonrassa. *Not printed.*
210. Partial Return to an Order of the House of 5th May, 1920, for the production of copies of all Rules of Court made by the different Superior Courts of Criminal Jurisdiction of Canada according to the provisions of Section 376 of the Criminal Code. Presented June 17, 1920. Mr. Casgrain. *Not printed.*

INSURANCE DEPARTMENT,

OTTAWA, Oct. 1, 1920.

To the Honourable SIR HENRY DRAYTON,

Minister of Finance.

SIR,—I have the honour herewith to submit the statements in detail of Life Insurance Companies for the year 1919, together with such an abstract and analysis of them as appear proper to exhibit the progress of the business and the condition of the companies.

LIFE INSURANCE, 1919.

The business of life insurance was transacted by forty-three active companies—twenty-four Canadian, eight British and eleven Foreign.

In addition to these active companies there were three British companies and one Foreign company licensed to transact life insurance but which had ceased to write new insurance, their business being confined to the policies already on their books, while eight companies (four British and four Foreign) were authorized under the Act to transact business in connection with policies written prior to March 31, 1878.

The outstanding features of the year have been the excessive mortality in the early months due to influenza, the phenomenally large amount of new business written by all the companies, and a gratifying reduction in the lapse ratio.

The returns furnished by the life insurance companies show that the gross new business issued and paid for in cash in Canada amounted to \$524,543,629, as compared with \$313,251,556 in 1918. The net death claims incurred amounted to \$16,927,345, of which \$785,331, or 4.64 per cent, was due to war and \$2,995,228, or 17.69 per cent, to the influenza epidemic. The war claims incurred by life insurance companies in each of the four years of war are tabulated on page xciv from information furnished by the companies in response to special circular letters of inquiry issued by the Department.

On pages lxxiv to lxxxi is given a statement of the several funds of Canadian life insurance companies which are paying dividends to either shareholders or policyholders, and also a statement of the revenue and expenditure in the participating, non-participating and shareholders' accounts respectively during the year 1919. On pages lxxxii to lxxxix is given a summary statement of the principles and methods employed by these companies in the separation of funds.

A statement of net business in force subject to disability benefits is given on pages lxx to lxxiii.

INSURANCE EFFECTED DURING THE YEAR.

The following summary shows the total amount of policies issued and paid for in cash in Canada during the year 1919, together with the increases in the amount so issued during the years 1918 and 1919:—

	Gross issued and paid for in cash, 1919.	Increase, 1919 over 1918.	Increase 1918 over 1917.
Canadian companies.....	\$320,150,705	\$140,721,390	\$6,725,694
British companies.....	11,264,394	5,295,381	859,830
Foreign companies.....	193,128,530	65,275,302	23,545,602
Total.....	<u>\$524,543,629</u>	<u>\$211,292,073</u>	<u>\$31,131,126</u>

LIFE INSURANCE IN FORCE AT THE END OF THE YEAR.

The net amount of insurance in force in Canada at the date of the statements and the increase over that of the previous year are shown in the following table:—

	Net amount in force.	Increase 1919 over 1918.
Canadian companies.....	\$1,362,631,562	\$257,128,115
British companies.....	66,908,064	6,611,951
Foreign companies.....	758,297,691	139,035,978
Total.....	<u>\$2,187,837,317</u>	<u>\$402,776,044</u>

10 GEORGE V, A. 1920

The tables on pages xxxviii and xxxix show the progress of the total business year by year, beginning with 1875, both as regards the amount of insurance effected and the total amount in force.

AMOUNT OF INSURANCE TERMINATED DURING THE YEAR.

The gross amount of insurance terminated in Canada in natural course, namely, by death, maturity, expiry, or disability, and the gross amount terminated by surrender and lapse are shown by the summary following, also the respective increases over the previous year. The total termination is about 27 per cent of the gross amount of new policies issued.

	Naturally.	Increase 1919 over 1918.	By surrender and lapse.	Increase. 1919 over 1918.
Canadian companies.....	\$ 16,658,146	\$ —4,987,628	\$ 68,060,074	\$ 5,616,275
British companies.....	2,073,214	208,308	2,568,230	—206,310
Foreign companies.....	13,652,015	235,053	51,696,837	14,911,579
Total.....	\$ 32,383,375	\$ —4,544,267	\$ 122,325,141	\$ 20,321,544

The following table exhibits the rates of termination per \$1,000 net amount in force at the end of the year for each of the last six years:—

	Naturally.						By surrender and lapse.

SESSIONAL PAPER No. 8.

DEATH RATE IN CANADA.

In the calculation of the death rate this year, as in previous years, the mean number of policies in force plus one-half the number terminated by death and the number of policies terminated by death during the year have been admitted as approximations to the mean number of lives exposed to risk of death and the number of deaths during the year, respectively. It is believed that the results arrived at represent the actual mortality per 1,000 among insured lives in Canada as accurately as can be gathered from the returns of the companies.

	Number of Policies exposed to Risk of Termination by Death in 1919.	No. Terminated by Death in 1919.	Rate of Termination by Death.					
			1919	1918	1917	1916	1915	1914
Active companies, ordinary.....	1,008,389	7,581	7.5	14.8	11.3	10.6	8.4	7.5
Active companies, industrial.....	1,989,367	16,548	8.3	13.4	10.6	10.3	8.7	8.9
Assessment and fraternal societies.....	151,085	1,909	12.6	18.3	16.5	13.7	12.0	10.9
Noa-active and retired companies.....	2,125	118	55.5	46.8	37.6	56.6	41.4	30.8
All companies.....	3,150,966	26,156	8.3	14.1	11.1	10.6	8.8	8.6

PREMIUM INCOME.

A table showing the premium income in Canada for Canadian, British and Foreign companies, separately, for each year beginning with 1875, is given on page xxxix.

DISBURSEMENTS IN RESPECT OF ASSURANCE AND ANNUITY CONTRACTS.

Including the business done out of Canada by the Canadian companies, and the Canadian business of the British and Foreign companies, the total amount of disbursements in respect of assurance and annuity contracts during 1919 was as follows:—

Death claims (including bonus additions).....	\$ 24,579,197
Disability claims.....	14,835
Matured endowments (including bonus additions).....	9,227,227
Annuities.....	2,108,911
Surrender values.....	8,697,693
Dividends.....	8,385,646

Total.....	\$ 53,013,509
------------	---------------

The disbursements by the different companies are given on pages lvi to lvii.

Including the business done out of Canada by the Canadian companies, a table showing the total premium income and disbursements in respect of assurance and annuity contracts of all companies, other than assessment companies and fraternal societies, doing life insurance business in Canada, for the last forty-one years, and also the rate of such disbursements per cent of premiums received, is given on page xli.

The table referred to shows that for every \$100 premiums received during the year the disbursements in respect of assurance and annuity contracts were \$56.05, leaving \$43.95 to be carried to reserve, expense and profits, and also that these disbursements for the forty-one years were 54.12 per cent of the premium income for the same period.

CANADIAN COMPANIES.

(Business in and out of Canada.)

The assets and liabilities, income and disbursements of the Canadian life companies are exhibited in the statements under their respective headings at pages xlii, xlv, li and lviii. The tables of mortality employed by the various companies in the calculation of their net reserve are indicated on page xlvii.

The tables on pages lii and lviii referred to above show that the income of the Canadian life companies was \$88,631,182, and their disbursements \$60,947,459. Out of every \$100 income their was expended in disbursements in respect of assurance and annuity contracts, \$43.41; in general expenses, \$22.67; in taxes, \$1.24; and in dividends to shareholders, \$0.63; otherwise, \$0.82; leaving \$31.23 to be carried to reserve.

10 GEORGE V, A. 1920

The table at page xlii shows that the total assets at December 31, 1919, of the Canadian life companies other than fraternal benefit societies (including \$17,081,720 outstanding and deferred premiums and interest and rents due and accrued which have not yet gone into income) amount to \$376,604,050, an increase over the corresponding amount at the end of the year 1918 of \$27,894,806.

The net amount of risks in force has increased during the year from \$1,394,823,308 to \$1,712,062,023, a gain of \$317,238,715; and the reserves have increased from \$291,035,397 in 1918 to \$321,027,592 in 1919, an increase of \$29,992,195.

A table showing the premium and other income of the Canadian companies other than fraternal benefit societies, during the past forty-one years and also disbursements in respect of assurance and annuity contracts, disbursements for general expenses and dividends paid to shareholders during the same period is given on page xl.

VALUATION OF LIFE POLICIES IN CANADA.

The following are the results of the valuation of the policies of life insurance companies and fraternal benefit societies completed by the Department since the issue of the last report. Assurances were valued on the basis of the British Offices Om (5) Table of Mortality, with 3½ per cent interest and life annuities were valued according to the British Offices Life Annuity Tables (1893) with interest at 3½ per cent, except as noted.

FRATERNAL BENEFIT SOCIETIES, LIFE INSURANCE, 1919.

The business of insurance was carried on by eight fraternal benefit societies.

The total amount of policies taken in Canada during the year by these societies was \$10,405,843, which is greater than the amount taken in 1918 by \$4,908,024, and the net amount in force at the end of the year was \$134,055,399, which is greater than the amount in force at the end of 1918 by \$4,999,626. The amount of insurance terminated in Canada by death was \$1,900,633, and by surrender, etc., \$12,163,679. The total terminations are 135 per cent of the total new policies.

The total amount paid by members in Canada for membership fees, annual dues, premiums, etc., was \$2,654,835. The amount paid for death claims was \$2,102,648.

The details of individual societies are given on pages xc to xciii.

LEGAL DECISIONS.

LIFE INSURANCE.

(a) 58 Victoria, c. 25—*Declaration by husband of endowment policy in wife's favour—effect of subsequent insolvency—Fraud.*

Where the insured, under a policy of life insurance, declares the same to be for the benefit of his wife under the provisions of 58 Victoria, c. 25, the trust thereby created is not invalidated by the subsequent insolvency of the husband, and creditors of the insured have no rights which would interfere with the rights of such wife even though the endowment policy matures during the life of the insured.

Semble; Such a declaration is valid even though the insured be insolvent at the time of making it. *Weeks v. Frawley*, 23 Ont. Reports, 235, referred to.

November 11, 1918.—Chancery Division.—*Bank of British North America v. Edgcombe et al.*—XLVI, New Brunswick Reports, 105.

(b) *Friendly Society—Insurance Certificate—Condition—Status of Member of Society at Time of Death—Suspension—Application for Reinstatement—Payment of Dues—Submission to Medical Examination—Report of Medical Examiner not Accepted by Medical Board until after Death—"Acceptance" Prerequisite of Reinstatement—Constitution and Rules of Society.*

Case stated by the parties by consent for the purpose of determining the question arising in an action upon a life insurance certificate issued by the defendants, a friendly society, to Hugh Ryerson Bright, who died on the 9th November, 1919.

SESSIONAL PAPER No. 8

The payment of the sum of \$1,000, which the plaintiff sought to recover in this action, was subject to the condition that the insured should at the time of his death be a member in good standing of the defendant society, and that he should have complied with the constitution and rules of the society.

It appeared from the case that the deceased had failed to pay the sums assessed upon him, had been suspended, had applied for reinstatement, had paid all that was claimed, and had undergone a medical examination, but had died three days after that examination and before the report of the examining doctor had reached the head office of the defendants. The medical board of the defendants accepted the report, without knowing that the man was dead.

The case was heard in the Weekly Court, Toronto. J. E. Lawson, for the plaintiff. Lyman Lee, for the defendants.

Sutherland, J., in a written judgment, said, after stating the facts, that it was argued for the plaintiff that his right of reinstatement arose when he had done all that it was incumbent upon him to do. But the concluding words of sec. 73 (2) of the constitution were "the same to be accepted by the medical board," referring to the earlier part of the clause requiring the suspended member to undergo the medical examination by the physician upon the form prescribed. Thus acceptance appeared to be a prerequisite—a condition precedent—to reinstatement; and, as the suspended member was dead at the time that the medical board dealt with the matter and signified acceptance, and as a dead man cannot be reinstated so as to become a member, that acceptance was ineffective.

Reference to *Robinson v. London Life Insurance Co.* (1918), 42 O.L.R. 527, 535.

Judgment for the defendants upon the stated case, and action dismissed with costs.

May 14th, 1919.—Weekly Court, Toronto—*Bright v. Canadian Order of Foresters*—XVI, *The Ontario Weekly Notes*, 213.

(c) *Société de secours mutuel—Attribution des bénéfices—Parenté—Règlement prohibant d'attribuer les bénéfices par testament—Liberté de tester—C. civ., art. 898, 2591.*

Lorsque la constitution d'une société de secours mutuel n'admet au bénéfice de ses dotations que les parents de l'assuré (blood relations), l'attribution d'un certificat de dotation à un neveu par alliance,—que l'assuré a faussement déclaré être fils de sa sœur,—est nulle et inopérante.

2. Dans la province de Québec, sous l'empire de notre législation actuelle, un membre d'une société de secours mutuel peut attribuer ses bénéfices de dotation par testament, nonobstant les règlements contraires de l'association. Ces règlements demeurent sans effect, lorsqu'ils viennent en conflit avec les lois générales.

5 février.—Québec King's Bench.—*Dalziel v. L'Ordre des Forresteriers Catholiques*.—23 *Rapports Judiciaires de Québec*, 443.

(d) *Friendly Society—Dues of Members—Payment to Agent of Proper Officer—Established Practice—Authority to Receive—Ministerial Act—Findings of Jury.*

In an action, by the beneficiary named in a life insurance certificate issued by the defendants, a friendly society, to recover insurance moneys and funeral benefits, the defendants pleaded that, by reason of the amount of a monthly assessment not having been paid, the assured was not in good standing as a member of the society at the time of his death, and that the certificate was not then in force. At the trial, the jury found that the amount alleged not to have been paid had been paid to K.; that K. had authority to receive it; and that it was so paid and received for the convenience of all parties concerned. W., the financial secretary was the person designated by the society to receive payments; but for a great number of years members in a certain locality had made their monthly payments to K., who had a book in which the names of the members were entered, and when a payment was made gave a receipt signed by him (K) as financial secretary. W. called regularly and received the moneys that had been paid to K.:

Held, that payment to K. was, in the circumstances, payment to W.; and, upon the findings of the jury, the plaintiff was entitled to recover.

Although an agent may not appoint a sub-agent to do anything as to which the agent has to exercise a discretion, he may appoint a sub-agent to do mere ministerial acts, such as the receipt of payments.

Rossiter v. Trafalgar Life Assurance Association (1859), 27 *Beav.* 377, 383, 384, applied and followed.

Judgment of the County Court of the County of Brant affirmed.

January 31, 1919.—Ontario Supreme Court, Appellate Division—*Greenfield v. Canadian Order of Foresters*—XLV, *Ontario Law Reports*, 136.

(e) *Will—Ineffective—Change of Beneficiaries—Insurance Act, Ont.—Identification of Benefit—Renewal State—New designation.*

A document although ineffective as a will may be a sufficient instrument in writing under the Insurance Act (R.S.O. 1914, c. 183, s. 171), to constitute the persons named therein beneficiaries of a mortuary benefit payable by a benefit association if it sufficiently identifies the mortuary benefit and is within the powers given by the Act, but a subsequent application for renewal in the benefit association which states that the benefit is "payable to my estate" is sufficient to annul the previous designation.

June 2, 1919.—Ontario Supreme Court—*Leavitt v. Spaidal*—49 D.L.R. p. 245.

(f) *Will—Mother of Deceased Named as Beneficiary in Life Insurance Policy—Gift—Mother Agreeing to Loan Obtained on Policy—Will by Deceased Subsequent to Date of Policy—Gift to Mother in Will—Election—Will Providing that Life Insurance “Monies” to Form Part of Estate—Presumed Knowledge by Testator of Legal Rights.*

An insurance policy taken out by testator on his life named his mother as beneficiary. *Held*, this was presumably a gift to her and the moneys payable under the policy on testator's death belonged to her; the fact that she agreed to a loan being obtained on security of the policy did not operate to release her interest except for the mortgage debt; the testator's will made subsequent to the date of the insurance providing for an annuity for his mother without declaring that such bequest was in lieu of the insurance, did not by implication put her to her election; nor did the expression in the will that all life insurance “monies” should form part of his estate mean that said policy should form part of his estate, the deceased being presumed to know what his legal rights were and to be disposing only of property which he had a right to deal with.

May 2, 1919.—Supreme Court, Alta. *In re Monkman Estate* Volume 2, Western Weekly Reports, 492.

(g) *Policy—Moneys payable to Executors or Administrators or Assigns or to Designated Beneficiary—Contest over Moneys after death of Assured—Claim by Execution Creditors of Assured—Designation of Sister as Beneficiary at time when Execution Unsatisfied in Sheriff's Hands—Effect of Fraudulent Conveyances Act, R.S.O. 1914, ch. 105, secs. 2, 3—Execution Act, R.S.O., 1914, ch. 80, sec. 20—“Security”—“Security for Money”—Equitable Execution “Personal Property”—“Conveyance”—“Fraudulent Payment of Premiums—Insurance Act, R.S.O., 1914, ch. 183, sec. 171—Construction of sub-sec. (2).*

By a policy issued in 1905 the insurance company in consideration of the making of 20 annual payments, contracted to pay, upon the death of the assured, \$2,000 to his executors, administrators, or assigns, or to such beneficiary as might be designated by the assured. In 1915, creditors of the assured recovered judgment against him for a large sum of money, and in January, 1916, placed an execution in the hands of the sheriff, who, at a later date, made a return of *nulla bona*. By an endorsement on the policy, dated the 30th October, 1916, the sister of the assured was by him designated beneficiary. He died in September, 1917. The policy-moneys were claimed by the sister and also by the execution creditors. No consideration was given by the sister to the assured; the designation of her as beneficiary was the voluntary act of the assured:—

Held, even assuming that the assured was, at the time of the endorsement, insolvent, that the contention of the creditors that the designation of the sister was fraudulent and void as against creditors, because of the statute 13 Eliz. ch. 5, or the Fraudulent Conveyances Act, R.S.O. 1914, ch. 105, sec. 3, could not be sustained.

The policy was not a “security for money” within the meaning of the Execution Act, R.S.O. 1914, ch. 80, sec. 20, nor a “security” within the meaning of the Fraudulent Conveyances Act, secs. 2 (b) and 3; the interest of the assured in the policy was not exigible under the writ of execution, and could not have been reached by the process of equitable execution, in his lifetime; and, therefore, was not “personal property” to which the Fraudulent Conveyances Act applied; nor, if it was personal property, did the assured make a “conveyance” of it or of his interest in it.

Review of the authorities.

Re Asselin and Cleghorn (1903), 6 O.L.R. 170, specially referred to.

Semble, as there was no attempt to shew any fraudulent payment of premiums by the assured, and the amount paid after the recovery of the judgment was trifling, sec. 171 of the Insurance Act, R.S.O., 1914, ch. 183, was an answer to the creditors' claim.

The true meaning of sub-sec. (2) of that section, as it now stands, is that, whatever may be the right of a judgment creditor to reach, in the lifetime of the debtor, a policy effected by the debtor on his own life, the right which he has, after the decease of the debtor, is not a right to the whole of the policy-moneys as a fund created by moneys paid by the debtor in fraud of his creditors, but only a right to receive out of such moneys an amount not exceeding any premiums shewn to have been so fraudulently paid, with interest thereon.

March 15, 1919.—Mr. Justice Rose (In Chambers).—*Re New York Life Insurance Co. and Fullerton*.—XLV, Ontario Law Reports, 244.

ON APPEAL.

The judgment of Rose, J., ante 244, was affirmed by a Divisional Court.

Held, per Meredith, C.J.C.P., that, assuming that the policy was obtained, and kept in force, for the purpose of evading the claims of creditors, the effect of sec. 171 of the Insurance Act, R.S.O., 1914, ch. 183, was to prevent the creditors from reaching the insurance moneys except to the limited extent indicated by sub-sec. 2. The effect of sub-sec. 2, giving expressly the limited relief, is that impliedly greater relief is withheld. But for the statute the moneys could be reached by defrauded creditors; and, if the execution creditors, the appellants, sought the limited relief afforded by sub-sec. 2, they should have an opportunity of proving their allegations of fraud.

SESSIONAL PAPER No. 8

Holt v. Everall (1876), 2 Ch. D. 266, treated as inapplicable by reason of the English statute differing from the Ontario enactment.

Per Middleton, J. (Britton and Riddell, J.J., concurring) that an assignment or settlement of insurance moneys may be attacked as being a fraud upon creditors; but the effect of sec. 171 is to give to the beneficiary the right to the insurance moneys, subject to the provision for payment to the creditors of the amount of any premium fraudulently paid.

Holt v. Everall, supra, applied.

May 30, 1919.—Ontario Supreme Court (Appellate Division).—*Re New York Life Insurance Co. and Fullerton*—XLV, Ontario Law Reports, 606.

(h) *Change of Beneficiaries—Will—Variation of Policies by Letter.*

Hearing before the Hon. Mr. Justice Clement on special case as set out below.

SPECIAL CASE.

(1) The questions herein are between the plaintiffs Paul Hugh Howard Potts (aged 7 years and 4 months) and Betty Patricia Potts (aged 5 years and 8 months) the infant children of Arthur George Howard Potts deceased (hereinafter called the deceased) and the defendant Julia Helen Potts the widow of said deceased and mother of the plaintiffs.

(2) The questions herein between the parties are concerning the proceeds of certain insurance policies on the life of the deceased.

(3) At all times herein the deceased was domiciled within British Columbia:

(4) On 31st day of December, 1904, the deceased effected with the Great West Life Assurance Company (hereinafter called "The Company") a policy of insurance on the life of the deceased dated 31st December, 1904 and numbered 23968 for the sum of \$2,000 therein expressed to be payable to the executors, administrators or assigns of the deceased:

(5) On 27th May, 1907, the deceased effected with the Company a further policy on his life dated 27th May, 1907, and numbered 33729 for the sum of \$2,000 therein expressed to be payable to the executors, administrators or assigns of the deceased:

(6) On the 15th November, 1910, the deceased married the defendant at Vancouver, British Columbia:

(7) On 23rd September, 1912, the deceased effected with the Company a further policy of insurance on his life dated 23rd September, 1912, and numbered 66137 for the sum of \$6,000 therein expressed to be payable to the defendant as beneficiary:

(8) On the 11th day of January, 1916, the deceased by writing under his hand dated 11th day of January, 1916, entitled "In the Matter of the Policy No. 23968 for \$2,000, 33729 for \$2,000 issued by the Great West Life Assurance Company on the life of Arthur G. H. Potts" the deceased varied the policies in paragraphs 4 and 5 hereof mentioned and directed that the insurance moneys thereunder should upon his death be payable to the defendant and such writing was recorded by the Company in respect of both said policies on 23rd, February, 1916:

(9) On 1st November, 1917, the deceased made and executed his last will bearing date said 1st November, 1917, whereof he appointed Arthur Brooks Cotton and Alexander Scott Innes to be executors and trustees and after giving the defendant his household furniture he gave all the residue of his property real and personal to said trustees in trust for sale and conversion and out of the proceeds to pay the income up to but not in excess of \$250 per month to the defendant during widowhood she thereout maintaining and educating the plaintiffs and made provision in the sum of \$150 per month for the defendant in the event of her remarriage and in trust as to the residue for the plaintiffs with provisions for advancement and maintenance and other incidental provisions and by said Will the deceased declared that in making the provision therein contained for the defendant he had taken into consideration the fact that he had already given her two several sums of \$8,000 and \$1,500 invested on mortgages and that she would be entitled at his death to a sum of \$10,000 under insurance policies effected on his life by him: Probate of said Will has been granted by the Supreme Court of British Columbia to said Arthur Brooks Cotton and said Alexander Scott Innes:

(10) On 19th June, 1918, the deceased wrote a letter to the Company in the words following:

"Your late Manager took up very thoroughly with Head office in the matter of change of Beneficiary. Mrs. Potts would not sign over the interest to my Estate, I now wish Mrs. Potts to receive to do what she likes with \$1,000 and the balance (I am taking the three policies together as one) to be paid to my children Paul Hugh Howard Potts, and Betty Patricia Potts or their Trustee A. S. Innes. I suppose Mrs. Potts should be paid \$500 out of the \$6,000 and \$250 out of each of the two thousand policies."

(11) Such letter is signed by the Deceased and was received by the Company on or before 25th day of June, 1918, and the Policies therein mentioned are the policies in paragraphs 4, 5 & 7 hereof mentioned: The Mrs. Potts therein mentioned is the defendant, the children therein mentioned are the plaintiffs: A. S. Innes therein mentioned is Alexander Scott Innes the next friend herein of the plaintiffs and is one of the said executors of the Will of the Deceased:

(11a) (Inserted by amendment.)

The said policies are and were at all times herein the only policies of insurance on the life of the deceased effected or existing.

(12) The deceased died on 12th July, 1918.

10 GEORGE V, A. 1920

(13) The said policies have been adjusted with the Company and the proceeds thereof are as follows:—

Proceeds of the policy mentioned in paragraph 4.....	\$2,210 70
" " " " 5.....	1,939 35
" " " " 7.....	6,224 40
Total proceeds of all said insurance.....	\$10,375 45

(14) The plaintiffs allege and the defendant denies that said letter is sufficient to vary the policies in paragraphs 4, 5 and 7 hereof mentioned and to make the proceeds thereof payable in accordance with the terms of such letter:

The questions for the decision of the Court are accordingly and the parties submit to the decision of the Court thereon as follows:—

(1) Was said letter sufficient variation of the said policies?

(2) In respect of said policies to whom are the proceeds thereof payable in the events that have happened and in what proportions or amounts?

(3) Who should bear the costs of and incidental to these proceedings?

In the event of the said proceeds or any part thereof being found payable to the plaintiffs, the plaintiffs humbly pray that the executors of the said Will of the deceased be appointed trustees of said proceeds for the plaintiffs.

D. P. W. Maunsell, for plaintiffs.

H. A. Maclean, K.C., for defendant.

The order made was dated February 20, 1919, and provided as follows:—

"Firstly, that the letter dated 19th June, 1918, set out in paragraph 10 of the Special Case herein is within the meaning and interpretation of the Life Insurance Policies Act a sufficient instrument and sufficient variation of the policies set out in the Special Case:

"Secondly, that in respect of the said policies the total proceeds thereof subject to the direction as to costs hereinafter contained are payable as to nine equal tenth parts thereof to the Plaintiffs and as to the remaining one-tenth part thereof to the Defendant;

"Thirdly, that Alexander Scott Innes and Arthur Brooks Cotton the executors and trustees of the Will of Arthur George Howard Potts in the Special Case mentioned are hereby appointed trustees on behalf of the infant Plaintiffs of the moneys payable to the Plaintiffs hereunder and in respect of said policies;

"Fourthly, that the costs of all parties hereto of and incidental to these proceedings be taxed as between Solicitor and Client and be paid out of the proceeds of the said insurances and before division of the said proceeds as hereinbefore ordered."

Feb. 20, 1919.—Supreme Court of British Columbia.—*Potts v. Potts* (1919) 1, Western Weekly Reports, 906.

(i) *Wife named as beneficiary in policy—Subsequent Trust Deed directing moneys to be paid to son, and to others in case of son's death—Benefit to others beyond power of insured without wife's consent—Validity of appointment to son—Life Insurance Policies Act (B.C.).*

A life insurance policy named the wife of insured as beneficiary. Subsequently by trust deed insured appointed trustees to collect upon his death the proceeds of said policy and others and pay such proceeds to his son on his attaining 25 years of age with provisions for investment and maintenance for such son until he attained 25; if such son should die before the insured or before attaining 25 the moneys to go to the wife or issue of such son and if none then the moneys to go to the insured's residuary legatees. The residuary legatees were said son and certain others whom it was not within the power of the insured to benefit under the policy without consent of the wife under the terms of the Life Insurance Policy Act. *Held*, that so far as the trust deed appointed the son a beneficiary of the insurance moneys under said policy it was a valid appointment under sec. 8 of the Life Insurance Policies Act; that the *bona-fide* intention was to benefit the son at all events and that such intention and its effect could and should be separated from the further and nugatory intent to benefit persons not proper objects of the power.

April 10, 1919.—Supreme Court, British Columbia.—*Powell v. Imperial Life Insurance Company and Royal Trust Company*—(1919), 2, Western Weekly Reports, 285.

(j) *Change of Beneficiary—Provincial Act—Restrictions in Dominion Company's charter.*

A provincial Insurance Act, which purports to enable an insured to revoke the benefit of insurance on his life made or appropriated in favour of any person whomsoever and divert the insurance to new beneficiaries or to himself or his estate, does not override or destroy the special provisions contained in a policy issued by a Dominion company, in conformance with its charter and which limits such powers.

October 15, 1919.—Manitoba Court of Appeal.—*Re Richardson Estate*.—49 D.L.R. 59.

SESSIONAL PAPER No. 8

(k) *Beneficiary—Assignment of interest—Wife of Assured—Direction by assured as to payment—Statutory Right—Estoppel.*

An assured who has by the terms of the policy made the insurance money payable to his father, who has in effect made an assignment of his interest to the wife of the assured, may under his statutory right by a second designation direct that the insurance money be paid to the father to the exclusion of the wife. The doctrine of estoppel does not apply to such a case.

March 28, 1919.—Ontario Supreme Court, Appellate Division—*Re Standard Life Assurance Co. and Kraft*—48 D.L.R. p. 649.

(l) *Premium payable by note to agent—Rules of Insurance Company—Death of assured—Policy in Force—Liability.*

An insurance company, whose authorized agent takes a note payable to him for the premium of a policy he has written and remits said premium less his commission to the company out of his own pocket, must regard this premium as paid, and the policy in question as in force.

June 23, 1919.—Ontario Supreme Court—*Stembreckcr v. Mutual Life Insurance Co.*—49 D.L.R. 340.

(m) *Endowment Policy—Change of beneficiary—Ontario Insurance Act (R.S.O. 1914, c. 183.)*

An endowment policy differs from a policy payable at death. The assured after maturity but before actual payment has a right to change the beneficiary but not to alter or divert the benefit of any beneficiary for value, nor the benefit of a preferred beneficiary to a person not of that class. The naming of a beneficiary under such a policy, if it creates a trust in favour of that beneficiary, creates only a trust in the event of death; and is subject to the right of alteration by the assured, as set out in the Ontario Insurance Act (R.S.O. 1914, c. 183, s. 171.)

March 5, 1919.—Ontario Supreme Court, Appellate Division—*Re Sun Life Assurance Co. and McLean*—48 D.L.R., p. 652.

LEGISLATION.

1. DOMINION LEGISLATION.

(1) The only general insurance legislation passed by the Dominion Parliament during the year 1919 was an Act to amend the Insurance Act, 1917, respecting fraternal benefit societies.

CHAP. 57.

An Act to amend The Insurance Act, 1917.

(Assented to 7th July, 1919.)

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. (1) Section two of *The Insurance Act, 1917*, chapter twenty-nine of the statutes of 1917, is amended by adding to paragraph (d) thereof the following:—

"and includes any fraternal benefit society as defined by this Act."

(2) The said section is amended by inserting immediately after paragraph (h) thereof the following:—

"(hh) 'fraternal benefit society' means a corporation having representative form of government, and incorporated for fraternal, benevolent or religious purposes among which purposes is the insuring of the members, or the dependent children of the members, thereof, exclusively, against sickness, disability or death, and includes a corporation incorporated on the mutual plan for the purpose of so insuring the members, or the dependent children of the members, of such a corporation exclusively."

2. (1) Subparagraphs (d), (e) and (f) of paragraph (ii) of subsection one of section three of the said Act are repealed and the following is substituted therefor:—

"(d) to any contract entered into, or any certificate of membership or policy of insurance issued, in Canada, prior to the date of the coming into force of this Act, by any fraternal benefit society which prior to the said date was not required to obtain a license from the Minister and which does not on or after the said date obtain such a license."

(2) Subsection three of the said section is repealed.

3. The sub-title *Assessment Life Insurance Companies* immediately preceding section one hundred and five of the said Act and sections one hundred and five to one hundred and sixteen both inclusive, of the said Act are repealed and the following are substituted therefor:—

10 GEORGE V, A. 1920

"PART II A.

FRATERNAL BENEFIT INSURANCE.

"105. This Part applies only to fraternal benefit societies, but does not apply to any such society incorporated under the laws of any province of Canada and not licensed under this Part.

"106. (1) The Minister may grant to any fraternal benefit society, which has complied with the requirements of this Act preliminary to the granting of a license, a license authorizing the society to undertake with its members the contracts of life, disability and sickness insurance specified in such license, subject to the provisions of this Part and to the terms of the license.

(2) Every fraternal benefit society which at the date of the coming into force of this Act is licensed or registered under *The Insurance Act, 1917*, shall, without application therefor, be deemed on the said date to be licensed as a fraternal benefit society under this Part and shall be subject to the provisions thereof.

(3) Every society licensed under the provisions of this Part shall, when so licensed, be exempted from the provisions of sections thirteen, fourteen, forty-three, eighty and eighty-one of this Act.

(4) No fraternal benefit society shall be licensed under this Part if it is in effect the property of its officers or collectors or belongs to any private proprietary, or if it is conducted as a trading or mercantile venture, or for purposes of commercial gain.

"107. (1) Every fraternal benefit society shall before a license is issued to it under this Part, file with the Superintendent, in addition to the other statements and documents required by this Act to be filed, a report made by an actuary, appointed by the society, including therein, in such detail as the Superintendent may require, the results of an actuarial valuation made by the said actuary as at the next preceding thirty-first day of December or such later date as the Superintendent may specify, of each of the benefit funds maintained by the society having regard to the prospective liabilities of, and contributions to, each fund; and such report shall include a declaration by the said actuary that in his opinion the assets of the society applicable to each fund, taken at the value accepted by the Superintendent, together with the premiums, dues and other contributions to be thereafter received from the members according to the scale in force at the date of the said valuation, are sufficient to provide for the payment at maturity of all the obligations of the fund without deduction or abatement. The society shall also file with the Superintendent a statement of its condition and affairs in such detail as the Superintendent may require, as at the date of the said valuation.

(2) Every such society shall before the issue of such license deposit with the Minister such securities as are specified in sections fifteen and sixteen of this Act the sum of ten thousand dollars.

"108. Any fraternal benefit society incorporated, and having its head office, outside of Canada, which has before the passing of this Act transacted insurance business in Canada, and having at the said date policyholders in Canada, and which is unable to furnish a declaration by an actuary as required by the last preceding section, may, nevertheless, subject to the other provisions of this Part, be deemed eligible to receive a license under this Part, if it establishes to the satisfaction of the Superintendent that its by-laws and rules make reasonable provision by its rates of premiums for the maturity of its policies to be issued after the date on which such license is obtained without deduction or abatement and without increase in the number or amount of the premiums payable according to the scale in force at the said date.

"109. (1) Any fraternal benefit society incorporated under the laws of any province of Canada which is unable to furnish a declaration by an actuary as required by section one hundred and seven of this Part may, nevertheless, subject to the other provisions of this Part, be deemed eligible to receive a license under this Part if it deposits and keeps deposited with the Minister an amount, applicable solely to the policies issued in Canada after such license is issued, at least equal to the reserve on such policies and all other liabilities of every kind in respect of such policies, such reserve being calculated on the basis of such mortality and other tables as the Superintendent deems proper and a rate of interest not exceeding four per cent per annum; or if it establishes to the satisfaction of the Superintendent that the members effecting insurance with the society after the date of the issue of such license will be included in a separate class having for their protection exclusively assets sufficient, with the premiums, dues and other contributions to be thereafter received from the members of such class, according to the scale in force at the said date, to provide for the payment at maturity of all obligations under the society's contracts held by the members of such class without deduction or abatement.

(2) Before a license is issued to any such society under the provisions of this section the Superintendent shall satisfy himself that the application therefor has been authorized by resolution of the chief governing body of the society.

"110. Any license issued under the provisions of the two next preceding sections may be renewed from year to year until the thirty-first day of March, one thousand nine hundred and twenty-five, but on and after the said date such license shall be renewed only if the society then complies with the provisions of section one hundred and seven of this Act.

"111. If any fraternal benefit society which obtains a license under this Act is incorporated and has its head office outside of Canada, its liabilities to policyholders in Canada shall, for the purposes of section twenty of this Act, be deemed to be its liabilities in respect of Canadian policies issued since the date on which a license is first obtained under this Act, including a reserve based on such mortality and other tables as are, in the opinion of the Superintendent, applicable and a rate of interest not exceeding four per cent per annum, and the policyholders in Canada of any such society shall, for the purposes of section forty-two of this Act, be deemed to be the holders of such policies.

SESSIONAL PAPER No. 8

"112. (1) The annual statements deposited in the Department under the provisions of this Act," by every fraternal benefit society incorporated within Canada and licensed under this Part, shall be in the form A in the schedule to this Act, with such changes therein as the Superintendent may from time to time deem necessary to better exhibit the condition and affairs of the society and the state of its various funds.

(2) The said annual statement shall include in the liabilities a reserve for the mortuary benefits in which all the factors entering into the calculation are based upon the National Fraternal Congress table of mortality and four per cent interest or such higher reserve as the society is required by its Act of incorporation to maintain, and shall contain a report made by an actuary appointed by the society, including therein, in such detail as the Superintendent may from time to time require, the results of an actuarial valuation, as at the date of the statement, of each of the benefit funds maintained by the society, having regard to the prospective liabilities of, and contributions to, each fund, and the actuary shall certify as to each fund that, in his opinion, the reserve shown by such valuation, together with the premiums, dues and other contributions to be thereafter received from the members according to the scale in force at the date of valuation, is sufficient to provide for the payment at maturity of all the obligations of the fund without deduction or abatement.

(3) The reserve shown by such valuation, in respect of the funds other than the mortuary fund, or at the option of the society any higher reserves, shall be entered as liabilities of the funds, and if the valuation of the mortuary fund made by the actuary shows a reserve lower than that prescribed by the last preceding subsection to be included in the liabilities, the said lower reserve may be substituted therefor.

(4) The annual statement of Canadian business deposited in the Department under the provisions of this Act by every fraternal benefit society incorporated, and having its head office outside of Canada and licensed under this Act, shall be in the same form, so far as applicable, as is required of such societies incorporated within Canada. The annual statement of general business deposited by such society shall comply with the provisions of subsections two and three of this section.

(5) Any statement mentioned in this section shall, to the extent the Superintendent may require, show separately the business in respect of policies issued in Canada after the date on which a license was first obtained under this Act.

"113. (1) If it appears to the Superintendent, from the annual statement filed with him or from any examination or valuation made in pursuance of this Act, that the assets of any fraternal benefit society licensed under this Act, or of any benefit fund thereof, are insufficient to provide for the maturity of its policies without deduction or abatement or without increase of premiums or additional premiums, he shall make a special valuation of the policies of the society, and if the result of such valuation confirms him in his opinion, he shall make a special report to the Minister on the condition of the society and shall in such report show the amount of the deficiency in the society's assets.

(2) If the Minister after consideration of the said report concurs in the opinion of the Superintendent, he shall request the society within such time, not exceeding four years, as he may prescribe, to make such increase in its premiums or such reduction in the benefits payable under its contracts or otherwise, as will make good the deficiency.

(3) On receipt of such request the society shall take the steps prescribed by its charter or Act of incorporation or by its constitution and laws for putting into effect such changes as may be approved by an actuary for the purpose of making good the deficiency.

(4) The members of any such society incorporated under the laws of Canada, may by by-laws passed in accordance with its said Act or with its constitution and laws, reduce the benefits or increase the premiums payable under its contracts or any class or classes thereof or make such other changes as are necessary to comply with the request of the Minister aforesaid, and such by-law when so passed shall be binding on the members notwithstanding anything to the contrary in the society's special Act, or in its constitution and laws or in any policy or certificate heretofore or hereafter issued by the society.

(5) If the society does not within the time so prescribed comply with the request of the Minister, the license of the society may be withdrawn.

(6) This section shall not before the thirty-first day of March, one thousand nine hundred and twenty-five, apply to any fraternal benefit society which obtains a license under the provisions of sections one hundred and eight and one hundred and nine of this Part.

"114. Every fraternal benefit society licensed under this Act shall, not later than the first day of June in each year, mail to each policyholder in Canada a copy of the valuation balance sheet on the basis used for the purpose of the annual statement mentioned in subsection two of section one hundred and twelve of this Act, and an explanation of the facts concerning the condition of the society thereby disclosed; or in lieu thereof, shall publish in its official paper such balance sheet and explanation and mail a copy of the issue of said paper containing the same to each of the society's policyholders in Canada.

"114A. Every fraternal benefit society which on the thirty-first day of December, one thousand nine hundred and nineteen, was licensed under the provisions of *The Insurance Act, 1917*, shall continue to maintain such separate funds as it was required by its charter or by its constitution and laws to maintain at the said date.

"114B. (1) Every fraternal benefit society licensed under this Act may maintain such additional separate funds as may from time to time be authorized by by-law, validly enacted by the society and approved by the Superintendent.

(2) Nothing in this Act, or in the charter, Act of incorporation, or articles, or memorandum of association, of any such society incorporated under the laws of Canada, shall be held to prohibit the society from insuring the dependent children of the members of the society: Provided, however, that the receipts and payments in respect of any contracts insuring such children shall be credited or charged to a separate fund maintained by the society.

10 GEORGE V, A. 1920

"114C. Nothing in this Act shall be held to prohibit any fraternal benefit society licensed under this Act, or any subordinate lodge of any such society so licensed, from contracting with any member of such society or lodge for the payment to such member of a sickness benefit of such amount and for such period as may be authorized by a validly enacted by-law of the society and by the Treasury Board, and any provision of the charter, Act of incorporation or articles or memorandum of association of any such society incorporated under the laws of Canada, which prohibit any such society or any such lodge from so contracting, is hereby repealed.

"115. It shall be a condition of the license granted to any fraternal benefit society under this Part, whether such condition be expressed in the license or not, and for the breach of which its license may be cancelled or withdrawn by the Minister, that no policy of life insurance shall be issued in Canada by the society until a copy of the form thereof has been mailed by prepaid registered letter to the Superintendent, and that every such policy shall contain in substance the following terms or provisions:—

- (a) It shall specify the amount of the benefit or benefits provided thereby, and shall have printed in type not smaller than ten-point a provision that the policy, the charter or articles of incorporation or association, the constitution and laws of the society and all amendment to each thereof, together with the application and medical examination paper signed by the applicant, shall constitute the agreement between the society and the member, and copies of the same certified by the secretary or corresponding officer of the society shall be received in evidence of the terms and conditions thereof, and any changes, additions or amendments to said charter or articles of incorporation or association, constitution or laws of such society, if a society incorporated under the laws of Canada, duly made or enacted subsequent to the issuance of the policy or certificate, shall bind the member and his beneficiaries and shall govern and control the agreement in all respects the same as though such changes, additions or amendments had been made prior to, and were in force at the time of, the application for membership, unless otherwise provided in such change, addition or amendment.
- (b) It shall have printed as aforesaid a provision that the right is expressly reserved by the society to change by amendment of its by-laws constitutionally enacted the rates of premium payable by the members or the benefits payable by the society for the purpose of complying with the provisions of any statute law applicable to the society.
- (c) If the policy is issued by a society incorporated, and having its head office, outside of Canada, it shall provide that an action to enforce the obligations of such policy may be validly taken in any court of competent jurisdiction in the province wherein the policyholder resides or last resided before his decease.

"116. The term 'Actuary' in this Part means a Fellow of the Institute of Actuaries of Great Britain, the Faculty of Actuaries of Scotland, or the Actuarial Society of America: Provided, however, that an actuary who for a period of not less than five years preceding the date of the passing of this Act has been serving any fraternal benefit society transacting business in Canada on the said date as its actuary, and who has been in active practice as an actuary for a period of not less than twenty-five years prior to the said date, may, for the purposes of this Act, with the consent of the Superintendent, be continued as the actuary of any fraternal benefit society by which at the said date he is employed as actuary."

4. This Act, with the exception of section one hundred and thirteen as enacted by section three of this Act, shall come into force on the first day of January, one thousand nine hundred and twenty, and the said section one hundred and thirteen shall come into force on the passing of this Act.

(2) An Act to change the name of The Alberta Saskatchewan Life Insurance Company to "The Commercial Life Assurance Company of Canada. (*Assented to July 7, 1919.*)

This Act is in the usual form adopted in such cases.

(3) An Act to change the name of The Canada Accident Assurance Company to "The Canada Accident and Fire Assurance Company. (*Assented to June 6, 1919.*)

This change in the name of the Company is in recognition of the wider insurance powers acquired by the company.

(4) An Act respecting The Empire Life Insurance Company of Canada. (*Assented to July 7, 1919.*)

This Act extends the time within which the Company may obtain a license under The Insurance Act until April 3, 1920.

(5) An Act respecting The Fire Insurance Company of Canada and to authorize the use of a French equivalent of its name. (*Assented to July 7, 1919.*)

The use of French equivalent of its name, "La Compagnie d'Assurance du Canada contre l'incendie" is authorized by the Act. The company is also authorized by the Act to transact the business of fire, automobile, hail, sprinkler leakage, credit, bond, explosion, aircraft, burglary and weather insurance upon compliance with certain specified conditions as to capital and surplus.

(6) An Act to incorporate Grain Insurance and Guarantee Company. (*Assented to June 6, 1919.*)

This Company is incorporated with power to transact fire, guarantee, accident, burglary, sickness, inland marine, inland transportation, automobile and plate glass insurance. The head office will be in the City of Winnipeg.

(7) An Act respecting Chartered Trust and Executor Company. (*Assented to July 7, 1919.*)

This Act enables the company to acquire business and property of other companies, and to sell its business and property under agreements approved by the Treasury Board.

SESSIONAL PAPER No. 8

(8) An Act to incorporate Canadian Merchant Service Guild. (*Assented to June 6, 1919.*)
By this Act the members of this guild are incorporated with the usual powers granted to fraternal benefit societies. The head office of the guild will be in the City of Vancouver.

(9) An Act respecting the North Empire Fire Insurance Company. (*Assented to November 10, 1919.*)

This Act validates the issue of shares of the company to certain shareholders of the Canada West Fire Insurance Company as consideration for shares of the latter company acquired by the company in 1912. The Act also empowers the company to transact the business of automobile, burglary, explosion, hail, inland transportation, plate glass, sprinkler leakage, steam boiler, and tornado insurance upon compliance with certain specified conditions as to capital and surplus.

2.—PROVINCIAL LEGISLATION.

For Provincial Legislation, see Vol. I., pages li to lxiii.

I have the honour to be, Sir,

Your obedient servant,

G. D. FINLAYSON,

Superintendent of Insurance.

ABSTRACT

OF STATEMENTS MADE BY COMPANIES LICENSED TO DO THE
BUSINESS OF LIFE INSURANCE IN CANADA, FOR THE
YEAR 1919, IN ACCORDANCE WITH THE
INSURANCE ACT, 1917.

* An amount of \$30,000, being "Provision for unreported claims" was included in "Investment contingent, special reserve and other funds," in the Report of last year.
† The differences between the amounts of these Funds as shown above and as published in the Report of 1918 are due to non-participating amounts inadvertently charged to the participating account in 1918. The corrected amounts are given above.

- (a) Contingent fund of \$500,000 included in the other funds.
(b) Contingent and mortality reserves included in participating and non-participating funds.
(c) \$3,143 accident fund and \$8,809,416 funds of reinsured companies.
(d) Including \$68,068 staff Savings and Benefit Fund. In addition a contingent fund of \$446,716 is included in the other funds.
(e) \$3,441 accident fund and \$9,226,313 funds of reinsured companies.

‡Transferred to Staff Pension Fund.

STATEMENTS OF THE PRINCIPLES AND METHODS FOLLOWED IN THE SEPARATION OF ACCOUNTS AND IN MAKING TRANSFERS FROM ONE ACCOUNT TO ANOTHER.

THE CANADA LIFE ASSURANCE COMPANY.

The methods followed in compiling this schedule depend naturally on the methods followed by the Company in maintaining and carrying forward from year to year its various Assurance and Annuity funds. For its own purposes the Company maintains three With Profit funds and two Without Profit funds. Under each of these funds the income from premiums and considerations for annuities is obtained from the corresponding accounts in the ledger, and this applies also to such items of outgo as surrender values, annuities paid and surrendered, dividends to policyholders, disability claims, and endowments matured. There are other items of income and outgo which cannot be definitely assigned to any particular fund, and have to be divided amongst the funds in accordance with some equitable method. The items referred to are death claims, expenses, and interest. With the exception of those arising in the Deferred Dividend fund, the loss arising from death claims is distributed amongst the funds in proportion to the expected mortality on a "Select" basis. As regards expenses, they are assigned to the various funds under the following headings:—

1. Commissions, being taken direct from the ledger accounts.
2. Investment expense, taken as a percentage of the average funds invested during the year.
3. Expense of settling death claims, taken as 1% of the amount of the claims.
4. Premium tax, being the tax paid on premiums during the year.
5. Expenses in regard to Paid-up Policies, Free Policies, and Bonus Additions, being taken at rates of \$2 per \$1,000, \$3 per \$1,000, and \$5 per \$1,000 respectively.
6. Expense attributable to new business alone, including such items as medical fees, inspection of risks, twenty per cent of agency salaries, fifty per cent of travelling expenses, and fifty per cent of advertising, being distributed amongst the Company's funds in proportion to new sums assured.
7. Balance of expenses distributed over the various funds in proportion to the total premium paying sums assured in force.

As regards interest, this was distributed amongst the Company's funds in proportion to the average funds for the year, and profit on sale of securities and decrease in assets due to revaluation, were similarly distributed.

In the foregoing divisions the shareholders' account is debited with its share of the investment expenses and credited with its share of the interest income. Expenses charged directly to the shareholders' account do not enter into the division of expenses above.

The same general principles were followed in dividing the death claims reported but not paid, the provision for unreported claims, interest due and accrued, and interest paid in advance.

In completing the Separation of Accounts Schedule, therefore, the various items were arrived at by combining the figures of all the Participating funds for the Participating section of the schedule, and the corresponding figures of the Non-participating funds for the Non-participating section of the schedule, and hence the schedule as completed, directly represents the status of these accounts for the year.

CONFEDERATION LIFE ASSOCIATION.

The participating and non-participating accounts were prepared on a strict revenue basis, and, as far as possible, separate ledger accounts were opened for the purpose of apportioning the various items to the two accounts.

1. *Ledger Accounts.*—Separate ledger accounts were opened for assurance premiums, first year and renewal; consideration for annuities; consideration for supplementary contracts; amounts left on deposit; death claims; matured endowments; cash surrender values; annuity payments; dividends to policyholders; payments on supplementary contracts; commissions to agents, first year and renewal, and medical fees.

2. *Interest Income.*—The net interest earned, after deducting investment expenses and the interest allotted to shareholders' account, was divided between the two funds in the proportion to the respective funds at the beginning of the year, after adding one-half the income for the year, disregarding interest, and deducting one-half the outgo. The profit on the sale of securities was divided in the proportion of the reserve in the respective funds at the end of the year.

3. *Expenses.*—Where expenses could be definitely apportioned to either branch, separate accounts were opened in the general ledger, otherwise they were distributed on the following assumptions:

Agents' salaries, expenses and advances were distributed in the proportion that the actual commissions paid in the participating branch bore to those paid in the non-participating branch.

Taxes were distributed proportionally to the total premiums earned in each branch.

SESSIONAL PAPER No. 8

CONFEDERATION LIFE ASSOCIATION—*Concluded.*

The ordinary medical fees were distributed through separate ledger accounts according to the nature of the application, but the miscellaneous medical expenses were distributed in the proportion of the amounts in the two medical accounts.

The remainder of the expenses, after deducting commissions, agents' expenses, medical expenses, investment expenses and taxes, was distributed in proportion to the premium income on the usual 10 to 1 basis.

One-fifth of the amount set aside as provision for unreported death claims was apportioned to the non-participating branch on the assumption that the business in the non-participating branch was approximately one-fifth of the total business of the Association.

The reserve and the funds held on deposit with interest were determined by actual calculation.

THE CONTINENTAL LIFE INSURANCE COMPANY.

In completing the schedules for the separation of accounts, the various items which were clearly assignable were so divided.

Premiums, medical fees, commissions, death claims, matured endowments, surrenders, profits, annuities and payments on supplementary contracts (on a revenue basis), already divided in the ledger, were distributed accordingly. Investment expenses, being a charge on the income from investments, were deducted from the gross interest earned.

Taxes (except the shareholders' income tax) were distributed in proportion to the net revenue premiums of the year. All other expenses taken together were divided in proportion to the number of policies in force at the end of the year.

Profit on sale of securities was distributed according to the reserves at the end of the year.

The shareholders' fund was credited with interest at the net rate earned, after deducting investment expenses; and the balance of the net interest was divided in the proportion of the funds at the beginning of the year.

THE CROWN LIFE INSURANCE COMPANY.

1. Each item of income and outgo is entered in the "Participating and Non-participating Accounts" schedule in the "Annual Statement" form. Each item is on a "Revenue" basis, viz., outstanding items at the end of the year are added to the cash, and outstanding items at the beginning of the year are deducted. Separate ledger accounts are kept for all cash items which can definitely be ascribed to the Participating or Non-participating fund, and the records of outstanding items are similarly divided.

2. The items which cannot definitely be ascribed to the Participating or Non-participating fund are the following:—

- (a) Interest, dividends and rents, after being brought to a "Revenue" basis, and after being reduced by the amount of investment expenses, is divided between the Participating, Non-participating and Shareholders' funds in the ratio of the mean amounts of those funds.
- (b) Decrease in assets due to revaluation is assessed in the same way as interest.
- (c) Profit on sale of securities is divided between the Participating and Non-participating funds in the ratio of the mean of the company's net reserves at beginning and end of the year.
- (d) Taxes and licenses are divided between the Participating and Non-participating funds in the ratio of the total premiums.
- (e) The following expense items are arranged in three groups:—
 - (1) Agents' salaries, advances, travelling expenses and advertising.
 - (2) Head office salaries and travelling, office rent, furniture, and printing.
 - (3) Directors, auditors and solicitors' fees, agency cashiers' salaries, postage, express, exchange, etc.

The total of group (1) is divided in the ratio of the first year commissions. One-half of the total of group (2) is divided in the ratio of the first year premiums, the other half is divided in the ratio of the renewal premiums. The total of group (3) is divided in the ratio of the total premiums.

3. Dividends paid to policyholders are charged out of the Participating fund. In addition the Participating fund is charged with an amount equal to one-ninth of the amount of dividends paid in cash which is credited to the shareholders' fund.

4. A transfer is necessary each year between the Participating and Non-participating funds on account of changes in the plan of policies from Participating to Non-participating and *vice versa*.

5. The surplus in the Shareholders' fund has been placed to the credit of the Non-participating fund, except in the year 1919, when the Shareholders' fund shows a small deficit, which is charged to the Non-participating fund.

6. Non-profit-bearing policies selected at the option of the insured on the surrender of a Participating policy are retained in the Participating section.

NOTE.—In the above "premiums" means "premium revenue less reinsurance premium revenue."

10 GEORGE V, A. 1920

THE DOMINION LIFE ASSURANCE COMPANY.

The Separation of Accounts Schedule divides the company's funds into their respective groups, participating and non-participating, the funds in each section being increased by the revenue for the year and decreased by the expenditure. All items of revenue and expenditure are on a "revenue" basis, that is, they are increased or diminished by the difference between the amounts outstanding at the end of the year of account and those outstanding at the end of the preceding year.

The majority of the accounts are definitely apportionable to the participating or non-participating side; thus, for example, premiums received under participating and non-participating policies are entered respectively in the participating or non-participating revenue. Where items have not been definitely apportionable as between participating and non-participating accounts, the following methods have been used:

Interest Earned.—The "revenue" interest rate is found from the formula $\frac{2 P}{A^1 + B^1 - P}$ where A^1 is total revenue fund at January 1, 1919; B^1 is total assets end of 1919, excluding amounts owing and contingency fund; and P is interest earned during year, less \$24,906.21 investment expenses. The rate found was 6.56%, and participating, non-participating, and Shareholders' Funds were credited with interest at this rate, with this exception, that Shareholders refunded \$1,299.65 of the amount apportionable to them, this portion being added to the non-participating interest. The allotments of interest between the two funds were then as follows: participating, \$289,153.02; non-participating, \$16,092.94.

Profit on sale of securities, \$12,364.18, was divided in the proportion of participating reserves to the non-participating.

Taxes, licenses, and fees, \$22,015.97, was divided in the proportion of total participating to total non-participating premiums, excluding single premiums.

Medical fees, \$27,652.50, was divided in proportion to the number of participating and non-participating policies in force at the end of the year 1919.

Expenses incurred, not definitely apportionable to the respective funds, \$183,949.39, was divided in the same proportion as the participating and non-participating reserves.

Decrease in Assets due to revaluation, \$6,450.27, was divided in the same proportion as the participating and non-participating reserves.

All other items fell naturally into their respective divisions.

THE EXCELSIOR LIFE INSURANCE COMPANY.

A. Income Items.—Premiums received less premiums paid for reinsurance are added to participating or non-participating funds according as the ledger accounts show that they have been received on account of participating or non-participating policies.

Income received from interest and rents is divided among participating, non-participating and shareholders' funds in proportion to the balance to the credit of these funds at the beginning of the year of account.

Profit realized on the sale of securities and increase in assets due to revaluation are divided between participating and non-participating funds in proportion to the net reserves on participating and non-participating business at the end of the year of account.

B. Disbursement Items.—Amounts of death claims, matured endowments, surrender values, life annuities, dividends, payments on supplementary contracts are allocated to participating or non-participating accounts according as they occur in connection with participating or non-participating policies.

Commissions, medical fees and risk inspections are separated in ledger accounts, medical fees and risk inspections being apportioned entirely to first year expense.

Legal expenses and taxes are separated into participating and non-participating in the ledger accounts. They are divided between first year and renewal expense in proportion to total revenue premiums less reinsurance premiums.

Advances to agents which have been lost or written off are apportioned to first year expense and divided between participating and non-participating accounts in proportion to first year commissions paid.

Agents' salaries, agents' travelling expenses, agents' sundry expenses, agents' special advances and amounts paid for advertising are charged to first year expense and divided between participating and non-participating accounts in proportion to revenue first year premiums less reinsurance premiums.

Directors' and auditors' fees, express, telegrams, and telephone, postage and exchange are divided in proportion to total revenue premiums less reinsurance premiums.

Head office salaries, head office travelling expenses, stationery and printing, rent, light, and sundry expenses are apportioned by charging one dollar per thousand insurance in force and one-half of the balance in proportion to revenue first year premiums and the remaining one-half in proportion to revenue renewal premiums.

Investment expenses are apportioned to participating, non-participating and shareholders' accounts, in proportion to the funds to the credit of these accounts at the beginning of the year.

SESSIONAL PAPER No. 8

THE GREAT-WEST LIFE ASSURANCE COMPANY.

A net rate of interest was determined by the use of the formula $\frac{2I}{A+B-I}$, where I represents the interest income on the revenue basis (after deducting investment expenses), and A and B represent the total of all funds on which the company is required to earn interest as at December 31, 1918, and December 31, 1919, respectively. On the basis of the rate so determined the net interest earned was apportioned to capital, participating and non-participating funds.

Profit on sales of securities was divided between participating and non-participating accounts in the same proportion as the interest.

The total insurance expenses were apportioned between the two funds in proportion to the premium income on the revenue basis by the ten to one method. Expenses not definitely apportionable to either fund were ascertained by deducting from the total insurance expenses so apportioned the specific expenses for which separate accounts were kept during the year.

All other items were obtained direct from the ledger accounts and adjusted to the revenue basis.

THE IMPERIAL LIFE ASSURANCE COMPANY OF CANADA.

From the total interest, dividends and rents earned, adjusted for due and accrued, there were deducted the total investment expenses and the proportion of net earnings credited to the Shareholders' Account. The balance was divided between the participating and non-participating funds in the proportion which the non-participating mean fund for the year 1919 bore to the total mean gross assets, first deducting from the assets the total interest, the shareholders' fund and amounts owing.

Profits on the sale of securities were divided between the participating and non-participating funds in the proportion to the mean of the reserve at the beginning and at the end of the year in the two funds.

The following expense accounts (less the portion charged as investment expenses) were divided in the proportion that the non-participating gross premium revenue bore to the participating gross premium revenue:—Advertising; insurance books and papers; exchange; express and freight; telegrams and telephones; legal expenses; office furniture; printing, stationery and supplies; rent, fuel, light and caretaking; general expenses; alterations and repairs; premiums on guarantee bonds; insurance society fees.

The following accounts (less the portion charged as investment expenses) were divided in the proportion which the non-participating first-year gross premium revenue bore to the participating first year gross premium revenue:—agents' salaries; travelling expenses; commission advances; bonus and sundry agency expenses.

The following accounts (less the portion charged as investment expenses) were divided in the proportion which the number of non-participating policies bore to the number of participating policies:—Postage; inspection of risks; photographic supplies; war taxes; officers', directors and auditors' salaries and expenses.

Taxes, licenses and fees were divided in the proportion which the non-participating gross premium revenue bore to the participating gross premium revenue.

There was transferred from the non-participating fund to the participating fund, owing to depreciation of securities in 1914, \$3,810.21

Reserve on policies changed from non-participating to participating of \$1,507.00 was transferred from the non-participating to the participating fund.

Dividends received on reinsured non-participating policies were credited to the non-participating fund.

There was transferred to the participating fund \$28,679.52 from contingency reserve.

THE LONDON LIFE INSURANCE COMPANY.

Initial separation.—When separation of accounts was first required, the funds of the company were apportioned to the participating and non-participating branches in so far as these amounts were definitely ascertainable, as for example, the Reserve and Accruing and Accumulating Profits.

The investment reserve was apportioned on the basis of the total funds at the credit of the two accounts.

The unapportioned surplus was divided in the proportion of \$10.00 per \$1,000 participating business to \$5.00 per \$1,000 non-participating business. In other words, the amount of surplus allocated to the participating business was twice as great, proportionately, as that allocated to the non-participating section.

Annual treatment of accounts.—From year to year thereafter the accounts were debited and credited with their share of the receipts and disbursements and increase or decrease of funds on the various bases outlined below. Each year, however, an adjustment of the Surplus fund was made so as to maintain that fund in the ratio of two to one for the respective volumes of participating and non-participating business, transfer from the non-participating section being made for this purpose as required.

10 GEORGE V, A. 1920

THE LONDON LIFE INSURANCE COMPANY—*Concluded.*

Receipts.—The accounts were credited with their respective premium payments and the interest receipts, less interest earned on Shareholders' funds and less the investment expenses, were divided in the proportion of the mean amount of funds of the respective branches.

Miscellaneous profits were apportioned on the basis of the mean of the reserves at the beginning and at the end of the year.

Disbursements.—In apportioning the payments, where these could not be definitely separated, the following bases were used:—

Commission to Agents.—The total amount not definitely separated in 1919 was \$54,367.45.

This sum was apportioned as between new and renewal, on a basis of ten to one, and each of these divisions on the basis of the amount of participating and non-participating new and renewal gross premiums received in cash.

Taxes, Licenses and Fees.—Were divided on the basis of the gross cash premium income of the year.

Other Expenses not definitely apportionable:—

On the basis of Total Premium Income.

The total of the following items were so apportioned:—Head office salaries, head office travelling expenses, directors' fees, auditors' fees, books and periodicals, express, telegraph and telephone, bank collection charges, legal expenses, office furniture and fittings.

On the basis of Gross Insurance in Force at the end of the Year.

The total of the following items were so apportioned:—Postage; printing and stationery, rent, fuel and light; head office building maintenance; sundry expenses.

On the Basis of Gross New Business Written (without deduction of "not taken").

The total of the following items were so apportioned:—Agency travelling expenses, advertising, conventions and outings.

Decrease in Assets due to Re-valuation.—This item was distributed on the basis of the mean of the reserves at the beginning and at the end of the year.

Amount transferred to Investment Reserve Fund.—Distributed on the basis of the amount of the respective funds as at 31st December, 1919.

Amount transferred to Shareholders' Account.—For 1918 and 1919 the profits credited to Shareholders' Account, other than the interest earned on the Shareholders' Capital and Funds, was 5% of the total profits paid or credited to policyholders, the total profit on the non-participating business being used for the general betterment of the company's position.

Reserve for Unreported Claims.—Divided on basis of insurance in force 31st December.

THE MANUFACTURERS LIFE INSURANCE COMPANY.

A strict revenue account of the company's operations for the year ending 31st December, 1919, was prepared. The various items entering into the account were then divided as follows:

Separate Accounts as between participating and non-participating insurance were maintained in the general ledgers of the company for the following items: (1) Premiums, (2) Death Claims, (3) Matured Endowments, (4) Surrenders, (5) Supplementary Contracts, (6) Disability Claims, (7) Agents' Commissions.

The Expenses of the Company.—From the revenue expenses of the year were deducted the investment expenses and all expense charged against the shareholders' funds. The balance was divided as follows:—(a) Agents' commissions according to ledger accounts, (b) Medical fees in proportion to the number of policies issued in the two sections; (c) Agents' salaries, travelling expenses and taxes in proportion to the premium revenue; (d) Advertising in proportion to the first year premiums; (e) Head office salaries, directors' fees, auditors' fees and general expenses in proportion to the mean number of policies in the two sections.

Interest.—To the revenue interest of the year was added the profit on the sale of securities and the increase in the value of the assets on revaluation. From this was deducted the investment expenses and the interest allotted to the shareholders' funds, the balance being the amount to be divided between the participating and non-participating funds. To the funds at the beginning of the year was added one-half the net revenue of the year, excluding the interest. This amount was then divided into the amount to be distributed and a factor for distribution obtained. Using this factor a distribution was then made to the two funds.

Funds at the beginning and the end of the year are determined by the yearly valuation of the company's liability in the two sections and the separate items of income and expenditure for the year. The provision for unreported death claims was divided between the two sections in proportion to the outstanding claims at the end of the respective years.

SESSIONAL PAPER No. 8

THE MUTUAL LIFE ASSURANCE COMPANY OF CANADA.

The following items were obtained direct from the ledger accounts: separately for participating and non-participating:—

Assurance Premiums—First year, Renewal, and Single.

Consideration for Annuities.

Consideration for Supplementary Contracts.

Claims paid by Death, Maturity, Disability or Surrender. The unpaid claims by death or maturity were obtained from other records.

Life Annuity Payments.

Payments on Supplementary Contracts.

Commissions to Agents (First year and Renewal).

"Amounts left on deposit" are all dividends and therefore appear on participating side of account.

"Dividends to policyholders" appear on participating side.

"Deposits (including interest) withdrawn" are all accumulated dividends and hence appear on participating side.

"Interest, Dividends, and Rents earned (less investment expenses)" were divided in the ratio of the mean of the funds at the beginning and end of year.

"Profit on sale of Securities" was divided in ratio of funds at beginning of year.

"The Miscellaneous Revenue (policy changes)" was the net reserve participating, being the difference between the gross participating revenue and gross non-participating revenue.

"Taxes, Licenses and Fees" were divided in the ratio of cash premium income, the unpaid of previous year being divided in ratio of cash premium for that year.

"Expenses incurred not definitely apportionable to the respective funds (excluding investment expenses)" were divided in the ratio of policies in force at end of the year on the participating and non-participating plans.

"Decrease in assets due to revaluation" was divided in ratio of funds at beginning of year.

Division of Expenses into Assurance and Investment.

Investment.—Actual Head Office Investment Department salaries and travelling expenses, Loan Agents' salaries and travelling expenses and commission on Loans, Taxes on Investments, and Legal Fees for Investment Department were obtained direct from Head Office records. Investment Rents were obtained by taking certain proportions of the rental paid for branch offices, which include an Investment Department.

Assurance.—The balance of the Head Office salaries and travelling expenses, Agents' salaries and travelling expenses, Taxes, rents and legal fees go direct to the Assurance Section of the business. In addition, the medical fees, advertising expenses and agents' commissions are allotted entirely to the Assurance Section.

Both.—Other expenses, such as Auditors' fees, postage, printing, office furnishings, Directors' fees, light, fuel, etc., were divided in the proportion of three parts to Assurance and one part to Investment.

THE NATIONAL LIFE ASSURANCE COMPANY OF CANADA.

As regards the different items of revenue—

(1) Assurance premiums, First Year and Renewals, are separated participating and non-participating in the accounts of the company throughout the year as they are paid, and thus the exact amount of participating and non-participating premiums is known.

(2) Consideration for supplementary contracts are divided into participating and non-participating in accordance with the plan of the original policy from which the supplementary contract arose.

(3) Amounts left on deposit are also divided in accordance with the plan of the original contract from which the deposits arose.

(4) Interest and rents; from the total earnings of interest and rents for the year there is deducted the amount of investment expenses and the balance of the interest is divided between the three accounts, non-participating, participating and shareholders'. The amount of the non-participating interest is obtained as follows:—

To the non-participating fund at the end of the previous year add one-half of the non-participating income and then deduct one-half of the non-participating disbursements; the balance will give the non-participating fund for the year. One year's interest on this amount at the net rate of interest earned by the company will give the amount of the non-participating interest. The amount of the participating interest is obtained by adding to the participating fund at the end of the previous year one-half of the participating income and deducting one-half of the participating expenses, the balance will give the participating fund for the year. One year's interest on this amount at the net rate of interest earned by the company will give the amount of the participating interest. The amount of the shareholders' is obtained by taking one year's interest at the net rate on the average amount of shareholders' fund for the year.

10 GEORGE V, A. 1920

THE NATIONAL LIFE ASSURANCE COMPANY OF CANADA—*Concluded.**As regards the different items of disbursements—*

(1) Claims by death and by maturity are kept separate throughout the year as to participating and non-participating, so that the exact amount of each is known.

(2) Dividends to policyholders will all be participating, as they arise from participating policies.

(3) Payments on supplementary contracts will be divided in accordance with the plan of the original policy.

(4) Commissions to agents, both first year and renewal, are kept separate in the company's accounts throughout the year, so that the exact amount belonging to participating and non-participating is known.

(5) Taxes, being payable on the basis of premium income, are separated throughout the year and the exact amount belonging to participating and non-participating accounts is known.

(6) Medical fees are kept separate throughout the year in accordance with the plan of the original application and thus the exact amount is known for each of the participating and non-participating accounts.

(7) All other expenses, after deducting the investment expenses, are divided between the participating and non-participating accounts in the relation of participating and non-participating premiums.

NORTH AMERICAN LIFE ASSURANCE COMPANY.

For the "Separation of Accounts" Schedule, an exact record was kept of those items of income and outgo which may be accurately apportioned to their respective funds. These items were: First Year and Renewal Premiums, Payments to Policyholders, and Commissions to Agents.

The remaining items of expenditure, after deducting the investment expenses, were then apportioned between the participating and non-participating funds as follows: Taxes were divided in proportion to the gross cash premium income; medical fees in proportion to the number of policies issued; other miscellaneous items of expenses in proportion to the gross cash premium income of each fund, on a ten to one basis as between first year and renewal expenses.

Profits on exchange, sale of securities and interest income were divided in proportion to the mean funds.

Of the non-participating surplus, \$10,000 was taken to start a Staff Pension Fund, and \$2,650.54 was transferred to the shareholders' surplus account.

THE NORTHERN LIFE ASSURANCE COMPANY OF CANADA.

All accounts which can be definitely divided between the participating and non-participating funds are carried in separate accounts in the company's books. The other accounts are treated specially, and the following memoranda deal with each item.

The company's Contingent Reserve Fund is used at the end of the year to provide the depreciation in the value of securities, and consequently the amount appearing in the statement fluctuates from year to year. The differences in this depreciation must, therefore, be adjusted through the Investment Reserve Fund.

The commissions paid agents consist of two parts, first, the commissions actually paid in cash for business closed, and second, advances made to agents against commissions accruing. This latter item was divided in proportion to the commissions earned for the year, that is in proportion to the actual payments plus the credits in advance accounts.

Revenue from interest, dividends and rents (less investment expenses) was divided in proportion to the funds at the beginning of the year.

The amounts paid for taxes, etc., were divided between the two funds in proportion to the net amount of premiums paid during the year.

The general expenses after deducting the Investment items were divided into four groups as follows;—

Group A.—75% Agency Salaries and Expenses; 75% Telegrams, Express, etc.; and Advertising. Divided in proportion to new premiums (net).

Group B.—25% Agency Salaries and Expenses; 25% Telegrams, Express, etc. Divided in proportion to renewal premiums (net).

Group C.—Head Office Salaries and travelling expenses; Directors' Fees; Auditors' Fees. Divided in proportion to reserves (net).

Group D.—Books and Periodicals; Exchange, Office Furniture; Postage, Printing and Stationery; Legal and Collection Fees; Rents and sundries. Divided in proportion to insurance in force 31st December, 1919.

SESSIONAL PAPER No. 8

LA SAUVEGARDE LIFE INSURANCE COMPANY.

The following accounts are kept separate:—Premiums, Claims by Death and Maturity, Surrender Values, Dividends, Commissions, and Medical Fees.

Interest, Dividends and Rents earned (less investment expenses) are divided in proportion of mean funds.

Profit on Sale of Securities.—Division was made in proportion to the reserves at the end of the year of account.

Miscellaneous Revenue (not definitely apportionable to the respective funds).—Division was made in proportion to the reserves at the end of the year.

Taxes, Licenses and Fees.—Divided in proportion of total of premium revenue less reinsured.

Decrease in Assets due to Revaluation.—In proportion of mean funds.

Agents' Expenses.—In proportion of first year premium revenue less reinsured.

Head Office Salaries and General Expenses.—Half in proportion to new policies issued during the year (not taken included), and half in proportion of total policies in force at the end of the year.

The balance of the non-participating account and shareholders' account has been transferred to the Participating account.

THE SOVEREIGN LIFE ASSURANCE COMPANY OF CANADA.

Interest and Rents, Taxes and License Fees, Investment Expenses.—The revenue under each of the above heads was divided between the three accounts in proportion to the mean funds for the year.

Profit from Sale of Securities was first divided between participating and non-participating combined, on the one hand, and shareholders on the other, in proportion to mean funds. The portion thus assigned to participating and non-participating together was then divided between them in proportion to their respective net policy reserves at the end of the year, as shown in the Statement of Actuarial Liabilities.

Balance of Agency, Head Office and Miscellaneous Expense, \$89,070.78, was apportioned to participating and non-participating accounts on the basis of mean volume of assurances in force in each branch (approximately 82 per cent and 18 per cent, respectively).

All other items were definitely apportionable, and have been dealt with accordingly.

SUN LIFE ASSURANCE COMPANY OF CANADA.

Methods used in apportioning items not definitely apportionable—

1. *Investment Expenses.*—Investment expenses are assumed to be 5 per cent of the actual interest income for the year, and this amount is distributed among all the branches, including shareholders' account, in proportion to the mean funds.

2. *Annuity Branch.*—In addition to the actual expenses which can be definitely ascertained, such as commission, medical fees, etc., this branch is charged with 1½ per cent of the new premium income, to cover the cost of acquisition of new business, and ½ of 1 per cent of the annuity payments, as provision for the expense of handling old business.

Distribution of expenses between ordinary participating and non-participating—

3. *Taxes*—These are distributed in proportion to the total premiums.

4. *Inspection of Risks*—in proportion to the number of new policies issued.

5. *Agents' salaries, telegrams, cables, etc.*—in proportion to new premiums.

6. *Balance of Agency expenses*—in proportion to new and renewal premiums on the 10 to-1 basis.

7. *Balance of head office expenses*—in proportion to new and renewal premiums on the 5 to 1 basis.

NOTE.—"Premiums" in the above means premium income in cash after deduction of reinsurance premiums.

10 GEORGE 'V, A. 1920

WAR CLAIMS INCURRED BY INSURANCE COMPANIES IN CANADA.

With a view to ascertaining the extent to which the life insurance companies in Canada have been affected by the war during the year 1919, a circular was sent to each company asking for the amount of any war claims incurred which had not been included in previous returns.

The claims of the four years 1914, 1915, 1916 and 1917 were further classified according as were incurred under policies held by

- (A) Enlisted soldiers killed in action, or dying from wounds;
- (B) Enlisted soldiers dying from other causes; and
- (C) Other persons engaged in war service or civilians dying as a result of military operations.

In 1918 section (B) is divided as follows:—

Enlisted soldiers dying from—

- (1) Influenza, pneumonia or grippe,
- (2) All other causes.

In 1919 section (A) only is shown.

In order that the enquiry might be as comprehensive as possible the circular as in former years was directed to the life insurance companies and the large number of fraternal societies operating under Provincial Licenses as well as to all such companies and societies licensed by this Department.

Returns for 1919 have now been received from all companies and societies with the exception of a few small Provincial fraternal societies the figures for which will not appreciably affect the totals. The tabulation of the figures received together with those of previous years gives the following results:—

WAR CLAIMS INCURRED.

	Dominion Licensees, (including fraternal societies.)		Provincial Licensees.
	Canadian Policy- holders.	British and Foreign Policy- holders of Canadian Companies.

SESSIONAL PAPER No. 8

INFLUENZA CLAIMS INCURRED BY INSURANCE COMPANIES
IN CANADA.

The epidemic of Spanish influenza which affected Canada during the latter part of the year 1918 and in the first months of 1919 was of so widespread a nature and occasioned so many deaths either directly or indirectly through consequent diseases that it has been deemed advisable to obtain a summary of the resulting losses incurred by life insurance companies in Canada.

The returns were made at the same time and received from the same sources as the war claims. The figures include claims incurred on account of enlisted soldiers dying from influenza, pneumonia or grippe, shown under B (1) above. The figures for January, February and March, 1919, are published in addition to last year's figures. The results are as follows:—

DEATH CLAIMS DUE TO INFLUENZA, PNEUMONIA, OR GRIPPE.

	During October, November, and December, 1918.		During January, February and March, 1919.	
	Dominion Licensees.	Provincial Licensees.	Dom- inion Licen- sees.	Pro- vincial Licen- sees.

Note.—On account of the high mortality and other conditions brought about by the War, no bonuses were distributed at the close of the quinquennium ending 31st December, 1917. Interim bonuses are however being paid under policies now maturing for each year in force since 1917. For policies maturing during 1919 the interim bonus rates were \$20 per \$1,000 for Deferred Profit Endowments and \$15 per \$1,000 for ordinary Endowments.

•Royal Arcanum, Supreme Council of the.	Lyman Lee, Chief Agent, Hamilton.	10,000	10,000 Life Insurance to the extent authorized by its Act of incorporation, constitution and laws.
The Royal Guardians.	A. T. Patterson, Supreme Secretary, Montreal.	452,387	130,425 Life and Sickness to the extent authorized by the Society's Act of incorporation, constitution and laws.
•Western Mutual Life Association.	A. J. Sutherland, Chief Agent, Winnipeg.	86,000	73,920 Life Insurance to the extent authorized by its Act of incorporation, constitution and laws.
Woodmen of the World, The Canadian Order of the.	P. C. Hooper, Head Clerk, London, Ont.	† 15,000	12,083 Life and Sickness to the extent authorized by the Order's Act of incorporation, constitution and laws.
•Woman's Benefit Association of the Maccabees.	Mary J. Baird, Chief Agent, Sarnia, Ont.	11,000	10,890 Life Insurance to the extent authorized by its Act of incorporation, constitution and laws.
•The Workmen's Circle.	B. Riskhoff, Chief Agent, Montreal.	10,200	10,100 Life Insurance to the extent authorized by its Act of incorporation, constitution and laws.

The Canada Security Assurance Company, incorporated by an Act of the Parliament of Canada, has acquired the assets and property of the Canada Security Assurance Company, incorporated by the Province of Ontario, and has assumed its liabilities. The deposit of the latter company is still held by the Receiver General.

The Factories Insurance Company, by a reinsurance agreement dated Dec. 22, 1916, reinsured its business in the Western Assurance Company, Toronto. The deposit of the company, with the exception of \$1,000 par value which has been retained to provide for unsettled claims, has been released to the Western Assurance Company.

The Maryland Assurance Corporation has reinsured all its outstanding accident and sickness business with the Maryland Casualty Company. The deposit of the corporation amounting to \$130,000 par value is still held by the Receiver General, but notice has been given by the corporation as required by The Insurance Act, 1917, of its intention to apply for the release of its securities.

The North American Accident Insurance Company, incorporated by an Act of the Parliament of Canada, has acquired the assets and property of the North American Accident Insurance Company, incorporated by the Province of Ontario, and has assumed its liabilities. The deposit of the latter company is still held by the Receiver General but notice has been given by the company, as required by the Insurance Act, 1917, of its intention to apply for the release of its securities.

The license of this Society is issued under the provisions of Section 108 of the Insurance Act, 1917, as amended by Chapter 57 of the Statutes of 1919, and is renewable only until March 31, 1925, unless to the meantime the Society is able to furnish an actuarial certificate of solvency on the basis of the premium rates in force at the date of valuation.

† Deposited from Sick and Funeral Fund.

10 GEORGE V, A. 1920

ETNA LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. Calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Valuation is made by groups arranged according to years and ages at issue and plans of insurance. Age according to the nearest anniversary of birth at time of issue except that the age at issue is never lower than the age used in fixing the premium, or consideration in the contracts. Valuation on the net level premium reserve system and of the mean reserve for the policy year ending in 1920. American Experience Table at 3½ per cent on entire Non-Participating class and on Participating class issued prior to 1901. American Experience Table at 3 per cent on Participating class issued in 1901 and subsequently. For Annuities, McClintock's Annuity Table at 3½ per cent and American Experience 3½ per cent.

Special Classes—

(a) Policies issued at premiums corresponding to ages higher than the true ages are valued at the higher age.

(b) Have no policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to liens.

(c) No special reserve for policies issued at, or subsequently subject to, an extra premium was included in the valuation of Canadian business.

(d) Policies are issued to sub-standard lives only according to I (1) (b), above.

(e) For policies providing for disability benefits, (a) before the occurrence of disability the reserve consists, under Disability No. 1*, of twenty-five cents per annum per \$1,000 of life insurance, such charge being accumulated at 3½ per cent and 3 per cent interest; and under Disability No. 2*, net premiums and reserves are based upon rates of disability graduated from recent experience among members of The United Order of Forerunners and upon Arthur Hunter's table of mortality among disabled lives, slightly modified, with interest at 3½ and 3 per cent, (b) Thereafter under Disability No. 1 present value of future benefits on basis of 3½ per cent interest and of the Combined Experience table of mortality; and under Disability No. 2, reserve is based on Arthur Hunter's table of mortality among disabled lives, modified.

(f) Have no annuities issued to lives classed as under-average.

(2) *Items of Special Reserve—*

(a) No reserve is held under limited and single premium policies on account of prepaid or limited loadings. Under such policies the surplus interest earned over and above 3 per cent or 3½ per cent, the rate of interest required to maintain the reserve, is assessed one-quarter of one per cent annually for expenses. No additional reserve made under immediate annuities to cover future expenses.

(b) Have no policies with guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed.

(c) No special reserve is held, pending possible future re-instatement against policies having previously defaulted in premium payment and not entitled on the date of the valuation, to either cash value or extended insurance.

(d) No reserve is maintained to cover the option of renewal under term policies.

(e) No reserve is maintained to cover the option of conversion either during a fixed term or at the end thereof into higher premium policies.

(f) Special reserve under Non-participating contracts of Group Insurance is represented by present value of future deficiencies of gross premium as compared with net premium, Am. Ex., 3½ per cent, taken for period covered by each contract. This special reserve is added by reason of requirements in certain states which may be waived in near future.

II. Have no tropical or sub-tropical policies.

III. The average rate of interest earned during the year on the mean net ledger assets of the company as a whole was 4.95 per cent.

IV. *The Distribution of Surplus—*

(a) The participating class of business is kept separate and distinct from the Non-Participating (or shareholder's) class, each class pays its own expenses, commissions, medical fees, etc., and the general expense account is divided between the two classes in proportion to the premium receipts.

(b) *DIVIDENDS TO POLICYHOLDERS.—**Annual Dividends.*

Expense assessment of 72.5 per cent of loading leaving 27.5 per cent, with 4.35 per cent interest, for distribution, except for issue of 1916, 1913, 1910 and 1907, where an extra charge of fifty cents per \$1,000 is made.

Interest earnings of 4.35 per cent leaving the difference between this rate less the rate employed in the calculation of reserve for distribution, taken on the initial reserve.

Distribution from favourable mortality experience equivalent to the following rates per cent on the cost of insurance 25 per cent for the first year of duration gradually decreasing to a minimum of 10 per cent for the sixteenth and subsequent years of duration, also gradually decreasing with advancing age, to a minimum of 5 per cent for ages attained 77 and over.

Five-Year Dividend.

This class includes the issue of 1914 and comprises the five policy years from the anniversary in 1914 to the anniversary in 1919. The annual profits arising in such policy years were determined on the basis employed by the company, during each policy year, for its annual distribution. The profits so determined were increased by interest at the rate then employed and by additions for intermediate terminations calculated according to kinds and ages.

Under participating contracts issued in 1907 and subsequently dividends may be applied at net rates to purchase paid-up insurance. Under certain participating contracts issued prior to 1901 and all participating contracts issued 1901 and subsequently the dividends left with the company to accumulate at interest together with the reserve or cash value of the policy may be applied as a net single premium to make policy full-paid or when such accumulated dividends plus the reserve or cash value equal the face amount of the contract then the policy may mature as an endowment.

(c) Original annuities are all Non-Participating.

On annuities with instalments certain arising out of certain participating life insurance contracts first issued in the year 1907, the dividends equal the difference between 3½ per cent and the rate for distribution (for 1919 it is 4.35 per cent less 3.50 per cent equals 0.85 per cent) applied to the present value at 3½ per cent of future instalments certain. (None in force in Canada.)

*See page 6 for explanation.

SESSIONAL PAPER No. 8

THE CANADA LIFE—Continued.

MISCELLANEOUS STATEMENT.

1 The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) The valuation of Assurances was made on the basis of the Hm Table of Mortality with interest at 3 per cent for all participating assurances issued since 1899 and at $3\frac{1}{2}$ per cent for all other assurances and Bonus Additions. The valuation of annuities was made on the O [a.f.] and O[a.m] $3\frac{1}{2}$ per cent basis. Policies were valued in groups and annuities individually. All policies issued in the same year were grouped according to system, plan and age at entry, and endowment assurance and term policies in addition were combined for groups of ages taken as at the central age of each group, namely, 25, 32, 37, 47; ages after 50 not being combined into age groups. The valuation was made from tables of "mid year" values calculated on the net premium method, the age at entry for valuation purposes being the age used in determining the office premium and the duration $N + \frac{1}{2}$ where N is the difference between the year of issue and 1919. Annuities were valued at attained age, taken as the age nearest birthday on December 31, 1919, except reversionary and deferred annuities with annual premiums, which were valued by the same method as assurances.

Special classes—

- (a) The few policies issued on lives resident in tropical or sub-tropical countries were valued on the same basis as policies issued at regular Canadian rates.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the rated-up ages.
- (c) Policies providing for payment at death during certain periods of an amount less than the full amount of assurance, being policies subject to liens, were valued as if the full amount were payable without any deduction.
- (d) No extra reserve is held for policies issued at or subsequently subject to an extra premium whether payable in one sum or annually. The normal reserve only is held.
- (e) Except as above, no policies are issued on sub-standard lives.
- (f) In the case of policies providing for disability benefits (1) before occurrence of disability, the reserve held is one-half the gross premiums accumulated at valuation rate of interest; (2) after occurrence of disability, the reserve held or waiver of premium benefit is the present value of the future premiums payable on the basis of Hunter's table of annuities of disabled lives (T.A.S.A. Vol. XII, page 44) and the reserve held for instalment benefit is the present value of the unpaid instalments.

(g) Annuities issued on lives classed as under-average were valued at the rated-up age.

(2) Items of Special Reserve—

- (a) No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings and no additional reserve is made under immediate annuities to cover future expenses.
- (b) Where the value of the guaranteed benefits in a policy is in excess of the normal net premium reserve, the excess of such value over the normal reserve was valued as a pure endowment and the reserves thus obtained were added to the normal policy reserves.
- (c) No reserve, in excess of the cash surrender value is held on account of lapsed policies not continued in force under the automatic non-forfeiture provisions, but being subject to reinstatement.
- (d) The company does not issue term policies that contain options of renewal.
- (e) No reserve is maintained to cover the option of conversion under convertible term policies.
- II Under the special class policies referred to in I (1) (a) to (f) the only modifications or limitations regarding guaranteed values are that in (a) such values are the same as for policies issued at Home rates, in (b) guaranteed values are granted at the rated-up age and in (c) the amount of paid up insurance and of extended insurance is subject to a lien.
- III The average rate of interest earned during the year on the mean net ledger assets was 6.06 per cent.

IV The distribution of surplus—

- (a) The distribution of surplus as between shareholders and policyholders was made on basis of 10 per cent to the shareholders and 90 per cent to the policyholders.

DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

The surplus belonging to quinquennial and annual dividend policies is kept distinct from the surplus of the deferred dividend policies. It is further subdivided into two sections: (1) that arising from quinquennial policies issued prior to January 1, 1900, and (2) that arising from quinquennial and annual dividend policies issued since that date. In section (1) the method of distribution is what is termed the simple uniform reversionary bonus method. At last declaration life and endowment assurances were allotted a reversionary bonus of $1\frac{1}{2}$ per cent per annum.

In section (2) for quinquennial policies a two-factor contribution method has been adopted using the factors (a) gain from interest (b) gain from loading on the following basis:—

Loading Basis.....	O (m)	3 per cent.
Net interest rate assumed.....	$4\frac{1}{2}$	"
Reserve Basis.....	Hm	3 "

The interest surplus was taken as $1\frac{1}{2}$ per cent of the mean reserve for each policy year. The loading surplus for each policy year was obtained by applying the loading factor to the loading after deducting $7\frac{1}{2}$ per cent of the gross premium. The loading factors were 0.95, 1.025 and 1.05 for the first, second and third quinquenniums, respectively. The sum of the two elements was accumulated to the end of the quinquennium at $4\frac{1}{2}$ per cent and 90 per cent of this accumulation was allotted to the respective policies. Cash dividends were converted into paid up insurance or premium reductions on the basis of net Hm $3\frac{1}{2}$ per cent.

Bonus additions may be surrendered at any time, the cash value being the net Hm $3\frac{1}{2}$ per cent value.

Annual Dividends.

The distribution of surplus to annual dividend policies was made on the same basis as for quinquennial policies, except as regards the loading factor. The loading factors for the first five years were 0.91, 0.92, 0.93, 0.94 and 0.95 respectively.

Deferred Dividends.

The deferred dividend policies are kept entirely distinct from the other classes of policies. The Assurance Fund for Deferred Dividend policies is credited with all premiums of that class and also with its share of the interest income, and it benefits by the lapses and surrenders of policies in that class while on the other hand, it is charged with the claims and surrender values arising under this class of policies and also with its share of the Company's expenses. A separate valuation of these policies shows the liabilities of this section. Thus the accumulations of the Deferred Dividend policies are kept strictly separate from the other funds. Furthermore, within the Deferred Dividend Fund the various years of issue are treated similarly so that each year of issue is in reality a separate fund in itself. The Assets and Liabilities being determined separately for each year of issue the resultant surplus after deduction of 10 per cent gives for each year of issue the amount contingently apportioned to Deferred Dividend policies issued prior to the 1st January, 1911, and the amounts absolutely apportioned to Deferred Dividend policies issued since the first of January, 1911. This method is followed from year to year and when the end of a dividend period is reached the surplus is distributed in accordance with a modification of the contribution method, and policyholders have several options at their disposal as to the application of their share of accumulated surplus.

10 GEORGE V, A. 1920

THE CANADA LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

The method used in computing the dividends shown in a schedule for those policies whose twenty year dividend periods matured in 1919 is given herewith:—

Reserve Basis.....	Hm 3½ per cent.
Net interest rate assumed.....	4½ " "
Loading Basis.....	Om 3½ " "

A two-factor method was employed, the surplus arising from favourable mortality being divided between the two sections, Interest Surplus and Loading Surplus. For each policy the annual contribution to Surplus for the Interest Surplus Section was obtained by applying the factor .014 to the mean reserve for the year, and for the Loading Surplus section by applying the factor .60 to the loading for the year. Combining and accumulating these yearly amounts to the end of the dividend period at 4½ per cent gave total surplus 90 per cent of which was allotted to the policy.

For policies with ten and fifteen year dividend periods maturing in 1919, the following methods were employed:—

Dividend Period.	10 years.	15 years.
Reserve basis.....	Hm 3 ½	Hm 3 ½
Net interest rate assumed.....	4½	4½
Interest Surplus factor.....	1½	1½
Loading Basis.....	O(m) 3 ½	O(m) 3 ½
Loading Surplus factor.....	75 90	90

A two factor method was employed. The interest factor was applied to the mean reserve for each year. The loading surplus factor was applied to the loading after 7½ per cent of the gross premium was deducted. Combining the two elements and accumulating the end of the dividend period gave total surplus 90 per cent of which was allotted to policyholders.

(c) All annuities are non-participating.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

Year of Issue.	Amount in force.	Profits contingently apportioned.	Year of Issue.	Amount in force.	Profits contingently apportioned.

Net reserve carried in the liabilities.....	\$ 364,156	\$ 79,637	\$ 443,793

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities":—

(1) All policy contracts were valued individually from tables of medial Reserves, Om (5) 3½ per cent.

Special classes—

- (a) No policies issued outside of Canada.
- (b) Policies issued at premiums corresponding to ages higher than the true age were valued at the true age.
- (c) Policies issued subject to liens were valued for the full amount insured.
- (d) Policies subject to extra premiums were valued as ordinary life.
- (e) The Company has no policies containing a disability benefit.

(2) Items of special reserve—

- (a) No additional reserve is held under limited or single premium policies on account of prepaid or limited loadings.
- (b) Cash value of benefits guaranteed in the contracts in excess of the net premium reserve on the valuation basis were reserved for as pure endowments.
- (c) No reserve in excess of cash value is held on account of lapsed policies subject to reinstatement.
- (d) No term policies have been issued with the option of renewal.
- (e) No reserve is maintained to cover the option of conversion of any policy into higher premium plans.
- (f) No other items of special reserve have been made.

II. No tropical or sub-tropical policies have been issued.

III. The average rate of interest earned during the year on the mean net ledger assets was 6.13 per cent.

IV. The Company has not yet dealt with the question of distribution of surplus.

MISCELLANEOUS STATEMENT.

I. The Calculation of the "Reserve" in the Statement of Actuarial Liabilities.—

(1). Policies were valued individually from tables of the mid-year reserves, calculated according to the net premium method, on the Om (5) table, with interest at 3½ p.c. The valuation age was taken as the age at the next birthday at entry. No annuities have been issued.

There are no special classes of policies.

II. No policies have been issued on lives resident in tropical or sub-tropical countries.

III. The rate of interest earned on the mean net ledger assets was 5·5 per cent.

SESSIONAL PAPER No. 8

COMMERCIAL UNION—Concluded.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities".

(1) The policies were valued individually. The valuation age is the nearest integral age at 31st December, 1919. The net premiums are based on the age at entry to which the office premium corresponds. Up to 1905 this was the age next birthday at entry, while after that date allowance is made for quarter years of age. The valuation basis was Om(5) 3½ per cent.

Special classes:—

- (a) No reserves were made in respect of extra premiums for climate or occupation.
- (b) Policies issued at premiums corresponding to ages higher than the true ages have been valued at the higher ages.
- (c) No policies subject to lien have been issued by the Company in Canada.
- (d) See (a).
- (e) (f) and (g) No policies or annuities providing for disability benefits have been issued by the Company in Canada.

(2) Items of special reserve:—

- (a) No additional reserves were made on account of limited loading.
- (b) The only guaranteed benefits in excess of the net premium reserve arise in the case of policies with Guaranteed Bonuses, and the reserve made in respect of these policies includes the full value of the Guaranteed Bonuses.

(c) (d) (e) and (f) None.

II. No additional surrender values are allowed in respect of extra premiums paid for climate risks. In the case of policies issued at premiums corresponding to ages higher than the true ages, the calculations for surrender values and paid-up insurance are based on the true ages.

III. The average rate of interest earned in 1919 on the Life Fund of the Company was 4-0125 per cent after deduction of Income Tax.

IV. The distribution of surplus:—

- (a) Nine-tenths of the divisible surplus is allotted to policies entitled to share in profits and one-tenth to the Shareholders.

(b) The principles adopted at the last Distribution of Profits as at 31st December 1912 provided:—

- (1) That the Cash Bonus allotted to policies sharing for the first time, or with all previous bonuses surrendered, should be in proportion to the ordinary whole term annual premiums paid, or assumed paid, during the Quinquennium excluding extra premiums for foreign residence, occupation or other special risks.
- (2) That in the case of Reversionary Bonuses declared at a previous valuation and remaining attached to a policy each such bonus should be treated as though it were a fresh Assurance effected at such valuation by a hypothetical annual premium, and such hypothetical annual premium should for purposes of participation be added to the ordinary whole term annual premium for the Sum Assured, the Cash Bonus allotted being in proportion to the combined ordinary and hypothetical annual premiums assumed paid during the Quinquennium.

The following are the bases for conversion of the Cash Bonuses:—

	Rate of Interest	Mortality Table
Reduction of premiums	3½%	Om
Paid-up Assurances	3 %	Om(5)
Reduction of number of premiums payable	3½%	Om
Reduction of Endowment period	3½%	Om

- (c) There are no participating annuities.

CONFEDERATION LIFE—Continued.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities".

(1) The "reserve" in the "Statement of Actuarial Liabilities" was calculated upon what is known as the "Net Premium basis". The net premiums under the various classes of assurance are determined according to the Table of Mortality and the rate of interest employed in making the calculation; the net reserve of each policy being the excess of the present value of the assurance over the present value of the future net premiums receivable.

Assurance policies are grouped according to plan, year of issue and age at entry, and are valued by means of previously prepared tables of policy reserves. It is assumed that the average date of issue is the middle of the year, and the valuation age is that for which the premium is charged. All policies with northern rates were issued at "age next birthday" prior to the first of December, 1914, but subsequently at "age nearest birthday." All policies with tropical or semi-tropical premiums were issued at "age nearest birthday."

Annuity policies are valued individually for exact durations, and the age is taken "age last birthday" at the date of the last annuity payment, increased by one-half if date of payment is six months or more after birthday.

In calculating the reserve under insurance policies issued at ordinary rates, the British Offices' Om (5) Table of Mortality, 1893, was employed with interest at 4 per centum for participating policies issued prior to January 1, 1896, and $3\frac{1}{2}$ per centum for participating policies issued during the years 1896 to 1899 inclusive, and 3 per centum for participating policies issued during the years 1900 to 1916 inclusive, and $3\frac{1}{2}$ per centum for non-participating policies for all years of issue. For all tropical and semi-tropical business the American Tropical Experience Table was employed with interest at 3 per centum for participating policies and $3\frac{1}{2}$ per centum for non-participating policies. For annuities the British Offices' Select Life Annuity Tables, 1893, with interest at $3\frac{1}{2}$ per centum.

Special Classes—

(a) Policies issued on lives resident in tropical or semi-tropical countries were valued upon the net premium basis according to the American Tropical Experience Table with 3 per centum interest for participating policies and $3\frac{1}{2}$ per centum for non-participating policies.

(b) Policies issued at premiums corresponding to ages higher than the true age were valued at the higher age.

(c) Policies providing payment at death, during certain periods, of an amount less than the full amount of insurance, being policies subject to liens, were valued for the full amount.

(d) Policies issued at or subsequently subject to a fixed extra premium, whether payable in one sum or annually, were valued on the same basis as policies issued at the regular rate of premium.

(e) Policies otherwise issued on lives classed as sub-standard for the plan of contract issued, or on special class lives, were valued on the same basis as policies on standard lives.

(f) Under policies providing for disability benefits, whether (1) for the waiver of premium only, (2) for the waiver of premium and payment of the sum insured in instalments, or (3) for the waiver of premium together with the payment of a disability annuity, without deduction from the sum insured, an extra reserve on account of the disability benefits is held before the occurrence of disability, amounting to one-half of the total gross premiums received. The only disability claim outstanding is one providing for the waiver of the premium, and the reserve held is the normal reserve for a fully paid-up policy.

(g) Annuities issued to lives classed as "under average" were sold on the basis of a higher age than the true one, and were valued at the higher age.

(2) Items of Special Reserve—

(a) No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

(b) The excess of the guaranteed cash value over the net premium reserve employed, being very small, and arising under accumulated dividend policies only, at the end of the dividend period is treated as part of the surplus funds held at the credit of the policies with accumulated dividends.

(c) No reserve is held on account of lapsed policies not continued in force under automatic non-forfeiture provisions not having a surrender value, but being subject to reinstatement.

(d) The Association does not issue renewable term policies.

(e) Under all convertible term policies, the amount of the gross premium charged, in excess of the rate for an ordinary term, accumulated at $5\frac{1}{2}$ per centum, is held in addition to the regular net premium reserve.

II. Under the special class policies referred to in 1. (1), (a) to (f), the modifications or limitations regarding guaranteed values are: (1), in (a).—The non-forfeiture values under tropical and semi-tropical policies have been calculated on the same general principles as those granted under policies issued at northern rates, except that the American Tropical Experience Table has been used when calculating any life contingency involved. (2), in (b).—The non-forfeiture values are those for the rated-up age except that special provision is made in the automatic extended insurance for the increased mortality. (3), in (c), (d) and (e) the non-forfeiture values are the same as those for standard policies, except that under the automatic extended insurance benefit special provision is made for the extra mortality likely to be experienced.

III. The average rate of interest earned on the net mean ledger assets was 5.77 per centum.

10 GEORGE V, A. 1920

CONFEDERATION LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

IV. *The Distribution of Surplus—*(a) *Division of Surplus between Policyholders and Shareholders—*

In accordance with the provisions of Section 104 of the Insurance Act, 1917, shareholders are credited with (a) interest earned upon the paid-up capital stock and shareholders' funds at the average net rate earned for the year; (b) the profits earned in the non-participating branch of the business; and (c) a sum not exceeding ten per centum of the profits earned in the participating branch of the business.

(b) *Distribution of Profits to Insurance Policyholders—**Annual Dividends.*

Dividends are computed on what is known as the "Two Factor Method." The annual dividend, which commences in the second year, consists of two parts, viz.: (1) Interest earned upon the reserve value of the policy at a rate equal to the difference between the rate employed in making the valuation and the net rate earned, viz.: five per centum, and (2) the portion of the premium loading not required for expenses. The expense charge varies slightly according to the duration of the policy, being for the successive years as follows: Second to fifth years of duration inclusive, fifteen per centum of the premium; for the sixth to the tenth years inclusive, fourteen and one-half per centum, and thereafter, fourteen per centum.

Quinquennial Dividends.

The annual dividend forms the basis for the quinquennial dividend. The annual dividends are improved with interest at the net rate earned, up to the end of the quinquennial period. Annual dividends earned under policies in the quinquennial class, which fail to complete their dividend periods are reapportioned amongst the policies of the same class, which are in force at the expiry of the quinquennial period.

Deferred Dividends.

To the deferred dividend policies, dividends are allotted at the end of each five-year period, and are improved with interest at the net rate earned, up to the end of the deferred dividend period. Dividends allotted to policies, which fail to complete their deferred dividend periods are reapportioned amongst the policies of the same class which are in force at the expiry of the deferred dividend periods.

Bonus Additions and Temporary Reductions.

The dividends are used to purchase; (a) bonus additions on the basis of the Om (5) 4 per centum net premium; and (b) temporary premium reductions on the basis of the Hm 5 per centum net premium.

Semi-Tropical and Tropical Dividends.

The dividends to tropical and semi-tropical policies are allotted upon the same general principles as those allotted to policies issued at ordinary rates, due regard being had to the extra rate of mortality etc., which may be expected under these policies.

(c) *Distribution of Profits to Annuitants—*

The Association has issued participating annuities only upon the deferred annuity plan payable by annual premiums.

Dividends are computed on what is known as the "Two Factor Method." The annual dividend, which commences in the first year, consists of two parts, viz.: (1) Interest earned at a rate equal to the difference between the rate assumed when calculating the premium, viz.: three and one-half per centum, and the net rate earned, viz.: five per centum, and (2) the portion of the premium loading not required for expenses. The expense charge is seven and one-half per centum of the premium.

The Association had no participating annuities ranking for profits in 1919.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies issued in the same year of the same class and plan were grouped as to age nearest birthday or next birthday at entry, following the method used in fixing the age for determining the premium in the policy; and valued from tables of "mid-year reserves," OM (5) $\frac{3}{4}$ per cent basis, calculated according to the net premium method.

Special classes:—

- (a) There are no tropical or subtropical risks.
- (b) Policies issued at a rated-up age were valued at the rated-up age.
- (c) The full usual reserve was held on level policies.
- (d) No extra reserve was held where an extra premium, either annual or single was charged.
- (e) Other than as above, no policies were issued to substandard lives.
- (f) For the disability benefit—waiver of premium, and disability annuity without reduction in the sum assured—a reserve was held of one-half of the premiums paid for such benefits. For other forms of disability no reserve was held. For disability claims, that have emerged, a reserve is held for the disability annuity; and for the policy itself, the reserve as for a fully paid-up policy.

(g) No annuities on under-average lives have been issued.

(2) Items of Special reserve:—

- (a) No additional amount was held for loadings, in the case of single or limited premium policies or annuities.
- (b) Where the guaranteed value exceeded the OM (5) $\frac{3}{4}$ per cent tabular value, an addition was made so that the reserve held at the end of the fifteenth year would be equal to that guaranteed.
- (c) For lapsed policies, not automatically continued, no reserve was held to cover the possibility of reinstatement but only the balance of the cash value, if any, to which the assured might be entitled.
- (d) No reserve was held to cover the option of renewal under term policies.
- (e) Nor for the option of conversion (where one exists) to a higher premium policy.
- (f) No special reserves other than above were held.

II. No modifications are made in the guaranteed surrender value of any of the special plans dealt with in I, (2), above.

III. The average rate of interest earned during the year, on the mean net ledger assets, was 5.38 per cent.

IV. The distribution of surplus:—

(a) The surplus arising from participating policies is allotted on the basis of 90 per cent to the policyholders, and 10 per cent to the shareholders.

(b) Typical policies were selected and the fund belonging to each calculated by employing interest, mortality and expense factors. The interest rate was taken as 5 per cent; the mortality as 50 per cent of the OM (5) experience, for all ages at issue up to and including 35, for the first year; 60 per cent for the second year; 65, 70 and 75 in the three following years. During the second quinquennium the rate was taken as 80 per cent; for the third, 85 per cent; for the fourth 90 per cent. All these rates were increased by one-half per cent for each year over 35; up to 90 per cent, but not beyond. The rates of first-year and renewal expenses varied according to the plan of insurance in the case of premium-paying policies. The reserve held by the Company was then deducted and 90 per cent of the remainder set aside as the policyholders' dividends. The dividend scales were then computed by interpolation. Instead of withdrawing the cash dividend, the policyholder has the option of taking paid-up insurance or an annuity. These options are calculated on the HM $\frac{3}{4}$ per cent basis. The paid-up option is subject to satisfactory evidence of insurability if the dividend period is greater than five years.

(c) No participating annuities have been issued.

MISCELLANEOUS STATEMENT.

1. The valuation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Assurances were valued by the net premium method employing tables of mid-year reserves based on the OM (5) mortality Table with 3½% interest. The assurances were grouped according to calendar year of issue, age at entry, plan of insurance, and dividend provisions. The age at entry for valuation was the same as the age used in fixing the premium being the age next birthday for policies issued before Jan. 1st, 1916, and the age nearest birthday for policies issued subsequently. Annuities were valued by the British Offices Annuity Tables at 3½% interest and the valuation age was the age last birthday at issue. In fixing the duration of all contracts it was assumed that they were issued on the average in the middle of the calendar year of issue.

Special classes—

(a) The few policies issued on lives resident in tropical or sub-tropical countries at rates of premium greater than the regular Canadian rates were valued the same as policies at Canadian rates.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued the same as other policies issued at the higher ages.

(c) All policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full amount were payable throughout.

(d) Policies issued at a fixed extra annual premium were valued the same as policies without any extra premium. No policies have been issued with an extra premium payable in one sum.

(e) The only policies issued on lives recognized as sub-standard were those issued at premiums corresponding to ages higher than the true ages, or subject to a lien, or subject to an extra annual premium as above mentioned.

(f) In the valuation of policies providing for disability benefits:

(1.) Before the occurrence of disability an extra reserve was held equal to the disability gross premium for one year.

(2.) After occurrence of disability the reserve held for a waiver of premium benefit was the present value of the future premiums on the basis of Hunter's Table of Annuities on Disabled Lives (T.A.S.A. Vol. 12, page 44): no claims are current under the Instalment Disability Clause.

(g) No annuities have been issued to lives classed as under average.

(2) *Items of special reserve—*

(a) No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings, nor is any additional reserve held under immediate annuities to cover future expenses.

(b) A special pure Endowment Reserve is held in excess of the ordinary net premium reserve to provide for cash guarantee in excess of the net premium reserve.

(c) No reserve in excess of the cash surrender value is held to cover the option of reinstatement under lapsed policies.

(d) Option of renewal is allowed only during the first five years under Ten-year Term policies. The regular Ten-year Term reserve is held for these policies.

(e) Policies issued on the majority of plans grant the option of conversion within the first five years into any other plan of insurance requiring a higher premium, the premium on the new policy being fixed as at the original age at entry and payment of arrears being required. During the first five years under Ten-year Term Policies conversion is allowed, the new policy dating from the date of change and the premium charged being the full published rate for the Insured's then age. No extra reserve is maintained on account of these conversion options.

(f) A few special policies have been issued at rates of premium less than 102½% of the OM (5) 3½% net premium, and the Company is holding an extra reserve equal to the value of an annuity of such deficiencies of premiums.

II. The guaranteed surrender values for policies mentioned in 1 (1) (a) to (f) above are the same as the guaranteed surrender values for standard policies at the same age on which the reserve is calculated.

III. The average rate of interest earned during the year on the mean net ledger assets was 5.71 per cent.

IV. *The distribution of surplus.* (a) Surplus is distributed between shareholders and policyholders in accordance with the provisions of the Company's charter which provides that the policyholders shall receive not less than 90 per cent of the total surplus derived from participating policies.

SESSIONAL PAPER No. 8

THE CROWN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(b) Computation of dividends on participating policies was effected as follows. Typical policies were selected and the fund belonging to each was calculated by employing interest, mortality and expense factors. The interest rate was taken as 5 per cent and the mortality rate as 80 per cent of the British Offices' Select Experience. The rates of first-year and renewal expenses varied according to the plan of insurance in the case of premium paying policies. On paid-up policies the expense charge was $\frac{1}{2}$ per cent of the fund annually. The reserve held by the Company was then deducted and 90 per cent of the remainder was set aside as the policyholders' dividends. The dividend scales were then completed by interpolation. Instead of withdrawing the cash dividend, the policyholder has the option of taking paid-up insurance or an annuity. These options are calculated on the HM3 $\frac{1}{2}$ per cent basis. The paid-up option is subject to satisfactory evidence of insurability if the dividend period is greater than five years.

(c) No participating annuities have been issued.

MISCELLANEOUS STATEMENT.

1. The Calculation of the "reserve" in the "Statement of Actuarial Liabilities."

(1) Assurances and annuities were valued from tables of net premium reserves. The valuation age for assurances was age next birthday at date of issue on business up to December 31, 1914, and age nearest birthday subsequent to that date. Mean duration was taken. The valuation was taken on individual policies up to the end of 1912. From the year of issue 1913 on, assurances were grouped. Life plans were grouped at individual ages. Endowment plans were grouped as follows: Ages up to 24 taken as age 22; ages 25 to 29 at age 27; ages 30 to 34 at age 32; ages 35 to 39 at age 37; ages 40 to 44 at age 42; and at each age from age 45 on. Annuities were valued at ages attained at last birthday, mean values being used. For assurances the Institute of Actuaries HM table with 3½ per cent interest was taken for policies issued prior to January 1, 1910, and the OM (5) 3 per cent table for policies issued subsequent to December 31, 1909. Annuities were valued on B.O. Select 3½ per cent basis.

Special Classes—

- (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
- (b) Policies issued with premiums corresponding to ages higher than true ages were valued at rated up ages.
- (c) There was no modification made in the valuation of policies providing for the payment at death during certain periods of an amount less than the full amount of insurance.
- (d) There is no extra reserve maintained for policies issued at an extra premium.
- (e) No additional reserve is made for other sub-standard classes.
- (f) For the ordinary disability benefit calling for the waiver of premiums only, or the payment of a claim in ten annual instalments, no extra reserve is employed. For the Special Disability benefit calling for waiver of premiums and for the payment of a monthly income of \$10 per thousand of assurance during total disability, an extra reserve is taken equal to one-half the sum of all disability premiums that have been received.

(g) No annuities have been issued to lives classed as under-average.

(2) Items of Special Reserve.

- (a) There was no reserve held under limited and single premium policies on account of prepaid or limited loadings, and none required by the Company's method of surplus distribution.
- (b) In the case of deferred dividend policies issued between December 31, 1909 and December 31, 1917, an extra cash surrender value of the end of 20 years of \$10 assurance above the HM 3 per cent reserve is given on participating life plans. From the first of January, 1918, in the case of all participating life policies, an extra reserve above the 3 per cent reserve, ranging from \$8 to \$15 is given. The Company valued this special benefit as a 20-Yr. Pure Endowment on the OM (5) 3 per cent basis.

- (c) It has not been felt necessary to allow for any reserve on account of lapsed policies.
- (d) Term policies do not include the option of renewal.
- (e) No reserve is maintained to cover the options of conversion into a higher premium policy.
- (f) The Company has established a special reserve fund of \$100,000 to meet any contingencies.
- II. The only modification made in respect to guarantees in connection with Special Class policies, referred to in I (1) (a) to (f) is in case of I (1) (b) where guarantees at the rated up age are taken in case of any policy issued at a premium corresponding to an age higher than the true age.

III. The Company's rate of interest earned during the year on the mean net ledger assets was 7.23 per cent.

IV The Distribution of Surplus—

- (a) The general principles and methods used in the distribution of surplus as between shareholders and policyholders. An individual account is kept of each policy, and the account in each policy year is credited with all payments made by the policyholder, and with sums standing to his credit at the beginning of the preceding year, and interest is allowed him on such sums at the net rate earned by the Company during the year. He is charged each year with his share of expenses, death losses, and with the reserve at the end of the year. All policyholders were, during the policy year ending in 1919, credited with interest at 6 per cent, and in respect to mortality charges, policies in the participating class were charged 100 per cent of the HM tabular rate, these percentages being found from actual experience.

SESSIONAL PAPER No. 8

THE DOMINION LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

The expense factors were as follows:—In the first year, each policy was charged with 100 per cent of the Whole Life premium plus \$4 per \$1,000 of insurance; in succeeding years 8 per cent of the gross premium was charged for commission and taxes, and 8 per cent of the Whole Life premium plus \$1.75 per \$1,000 assurance was charged on account of general expenses. The policy holders' account is carried forward from year to year until the termination of the policy. Ten per cent of the surplus standing to the credit of deferred dividend policies on completion of their deferred dividend periods is transferred to the shareholder's account, and in the case of quinquennial dividend policies where the dividends are paid in cash, 10 per cent of the surplus standing to their credit at the time payment is made, is transferred to the shareholders. In the case of all other participating policies the shareholders' share of surplus which is 10 per cent, is not transferred to the shareholders' account until the policies are terminated. From non-participating policies 50 per cent of the surplus standing to their credit is transferred every 5 years, and on termination of the policies, all surplus to their credit is transferred.

A shareholders' account is kept showing dividends paid to shareholders, and amounts transferred to them from their share of the participating and non-participating profits. The total amount to their credit is increased in any year by interest at the net rate earned by the Company, and by the profits transferred to them, and is diminished by the dividends paid to them.

(b) Distribution of Profits to Policyholders—

Quinquennial Dividends.—An individual account is kept of each policy in the manner described above. The quinquennial profits under any policy are distributed in one of three ways, according to the choice of the Assured, viz.: in cash, in reduction of premiums, or as a paid-up addition to the sum assured. In arriving at the amount of these distributions, the shareholders' 10 per cent is deducted and a small allowance in the nature of a safety margin, is retained. The balance in the case of "cash" policies, was distributed to the Assured. In the case of "reduction of premiums" policies the surplus was divided by 5 to find the amount of each annual reduction. In the case of "Bonus Addition" policies issued prior to 1910, the bonus was bought on the basis of HM 3½ per cent net premium. For business since December 31st, 1909 the OM(5) 3¼ net premium has been used to buy the Bonus at the end of first quinquennium: the OM(5) 3 per cent net premium plus 10 per cent has been used in buying the bonus at the end of the second quinquennium.

Deferred Dividend Policies.—An individual account is kept in respect to these policies, in the same way as with the Quinquennial Distribution policies. At the completion of the dividend period of any policy, the Assured is also given his share of the "tontine" fund or forfeited surplus of those members in the same class and year of issue whose policies have terminated before the completion of the dividend period, by death, surrender or lapse.

(c) The Company has issued no participating annuities.

SESSIONAL PAPER No. 8

THE EQUITABLE LIFE—Continued.

MISCELLANEOUS STATEMENT.

I The calculation of the "Reserve" in the "Statement of Actuarial Liabilities" was made as follows:—

(1) All policies of the same class, percentage, year of issue, kind, and age, were grouped together in the valuation, single premium annuities being grouped by age attained in 1919. The amounts of insurance for each age group were then multiplied by the mid-year reserves for the corresponding group. The age at entry for assurances for valuation purposes is computed on the same basis as used in calculating the office premium, being the age nearest birthday at the date of issue. The valuation net premium is based on the same age. For annuities the age at entry is obtained by determining the integral age attained in the year of entry. However, in calculating considerations for immediate and deferred annuities, the latest age attained, taking into account the quarter ages, was used. In determining the office premium for the deferred Income Bond the age at nearest birthday was used.

The attained age for assurances for valuation purposes is obtained by adding the difference between the year of valuation and the year of issue to the age at issue and adding one-half year; for annuities the attained age is obtained by adding the difference between the year of valuation and the year of issue to the integral age attained in the year of issue and adding one-half year.

The reserves are computed on the basis used by the Society covering its total business. The bases of valuation and rates of interest are shown below. The reserve as so obtained was then adjusted and increased as shown to bring it to the statutory basis.

Basis, Ordinary Assurance Contracts: (1) Premium based on 4% interest, 1859-1899 inclusive, Actuaries' 4%; (2) Premiums based on 3% 1895 and after, or 3½% 1898-1906 inclusive, and 3½% convertible policies 1914 and after (including all the insurance issued since December 31, 1899), American 3% or American 3½%. Exceptions: (a) Child's Endowments; (1) prior to 1898, Carlisle 4%; (2) 1898-1906 inclusive (a) by annual premiums, Carlisle 3½%; (b) by single premiums, Hm 3½% (b) Joint Life: (1) prior to 1898, American 4%; (2) 1898-1906 inclusive, Hm 3% (c) Survivorship Assurances, prior to 1898, Carlisle 4%; (d) Sub-Standard business, 1913 and after when premiums were based on 125% to 150% American mortality, also for policies with flat extras of \$2.50 to \$5 per thousand per annum (also \$7.50 for forms other than endowments), Sesqui American 3%. (e) Sub-Standard policies when premiums were based on over 150% American mortality, also on those policies issued with a flat extra of over \$7.50 per thousand (\$7.50 or over for endowments), Double American 3%. (f) Reversionary additions same as above.

NOTE.—All non-participating policies (excepting term) 1898-1906 inclusive, debenture bonds, continuous instalment, and minimum rate policies, 1898-1902 inclusive with premiums based on 3½%; all paid up policies 1900-1906 inclusive when premiums of original policy were based on 3½% or 4%; and all policies issued after 1899 with premiums based on 4%; bases of valuation, American 3½%, exceptions above. All other policies since 1899 not above specified, American 3%.

Annuities—Prior to 1898 and 4% annuities, 1898, ordinary and deferred, Actuaries' 4% two lives, Hm 4%, Survivorship, Carlisle 4%. Issued subsequent to 1898 and 3½% annuities of 1898; regular single life, 1898-1906 inclusive, American 3½%. All others, McClintock's Table 3½%. Exceptions: (a) Annual dividend survivorship annuities, 1913 and after, McClintock's Table 3% (b) Annuities arising out of assurance contracts were valued by American 3%, or American 3½%, according as the premiums on original contracts were based on 3% or 3½%. (c) Premium reductions valued on same table and at same rate of interest as original policy.

Disability Benefits were valued by Hunter's Disability Table using 3% interest.

Special Classes—

(a) The valuation included only policies taken out on the lives of residents of Canada.
(b) Where policies were issued and premiums were charged at ages higher than the true ages, the reserves were computed at those higher ages.

(c) In case of policies subject to liens the reserve for a decreasing insurance was deducted from the reserve of the regular policy.

(d) In case of policies issued at fixed extra premiums payable

(1) In a lump sum; none issued.

(2) annually; in respect to sub-standard policies see above under I for basis used in computing the reserve.

(e) In respect to policies otherwise issued to sub-standard lives see above under I for basis used in computing the reserve.

(f) (1) An extra disability reserve to cover waiver of premium and instalment benefits was computed, being calculated upon the amount of insurance for each year, kind, and age, using Hunter's Disability Tables;

(2) An extra reserve was computed on disabled lives (a) in the case of waiver of premium benefit equal to the present value of future net premiums (b) in the case of the instalment benefit equal to the present value of future loss of interest, both on Hunter's Disabled Life Table.

(g) No distinction was made as to premiums or reserves between average and under average annuitants.

(2) Items of special reserve—
(a) No specific reserve is held under limited payment and single premium policies, nor under immediate annuities on account of prepaid or limited loadings.

(b) An estimated extra reserve has been held representing the accumulation of the maximum net annual extra pure endowment premium required to provide the difference between (4) 3½% reserve and the guaranteed surrender values.

(c) No specific reserve is held on account of lapsed policies not continued in force under automatic non-forfeiture provisions but being subject to reinstatement.

(d) No specific reserve is held to cover the option of renewal under term policies.

(e) No specific reserve is maintained to cover the option of conversion either during a fixed period or at the end thereof, into higher premium policies.

(f) All items under which a special reserve is held are stated above.

II Under tropical or sub-tropical policies the following surrender values are allowed:—On issues prior to 1910, same values as on northern policies; on issues 1910 and after cash and paid up on the same basis as northern policies issued in 1907 but extended insurance obtained by using same percentages of Double American or Sesqui American 3% (applied on these latter tables) as was used for northern policies issued in 1907.

III The average rate of interest earned during 1919, as determined by the formula $\frac{21}{A+B-1}$ where 1 represents the

sum of the gross interest and net reats earned during the year, and A and B represent the net ledger assets January 1st and December 31st, respectively, amounted to 4.81%.

IV. The distribution of surplus—

(a) After setting aside from the surplus earned during the year the sum of \$7,000 for the payment of the authorized dividend upon the capital stock, the remainder is held in the interest of or paid to the policyholders.

(b) Annual Dividends;

The following is the rule for the computation of annual dividends payable in 1919:
From the gross premium due in 1918, taken on the annual basis, deduct an expense charge beginning at 13½% of the mean between the gross annual premium and the net Ordinary Life annual premium plus 1% of the gross annual premium at the same age for the first policy year. The first element of the expense charge decreases by 4% of itself each year to 60% for the 11th year, then by 3% each year to 30% for the 21st year, then by 2% each year to 20% for the 26th year, then by 1% each year to 15% for the 31st year, remaining uniform thereafter at 15% of the initial amount, the 1% of the gross annual premium being added throughout, but ceasing in any case when the policy becomes paid-up. Add the balance of the premium to the terminal reserve in 1918 and to the sum add interest at 4.3% for one year. From the total deduct the cost of insurance according to the American Experience Table and the terminal reserve on the same table at the anniversary in

10 GEORGE V, A. 1920

THE EQUITABLE LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

1919. The balance is the cash dividend payable in 1919 unless the result on such computation would give a dividend less than was declared on the same policy in 1918, in which case the same cash dividend is declared in 1919 as was declared in 1918, if the premium was the same in 1918 as in 1917.

Deferred Dividends:

On policies in the Deferred Dividend classes, a special account is kept of income and disbursements, so that the amount of the deferred dividend fund, that is, the amount of assets derived from policies in the deferred dividend classes, can be ascertained for the end of every year. The deferred dividend fund is credited with all premiums received on deferred dividend policies, is charged with a proper proportion of the expenses, receives credit for interest on accumulations proportionate to that earned on the total funds of the Society, and is charged with losses by death on Deferred dividend policies, and the values of such policies as reach the end of their dividend periods, or are surrendered previous to that time. At the end of every year, the total amount of the deferred dividend fund, and the total amount of reserve and other liabilities on deferred dividend policies are calculated, and the difference between these amounts in the surplus derived from deferred dividend contracts.

As deferred dividend policies, after completing their periods cannot participate in future divisions of deferred dividend surplus, careful computations are made of the amounts to be apportioned to policies at the end of their dividend periods. It would apparently have simplified the calculations to have made separate classes for each year of issue of policies with the same features and conditions, so that there would have been no mingling of claims of policies leaving a class with the claims of policies remaining in the class; but an insuperable objection to this plan is that in small numbers, and even in numbers of considerable magnitude, irregularities will arise which would be troublesome in practice, and would cause grave suspicion of unfairness, while it is desirable in all life insurance calculations to take advantage of the largest average attainable.

It was decided, therefore, that all policies with similar conditions, no matter in what year issued, should be classified together for the purpose of determining the proper amounts of dividend to be apportioned, and the following plan was adopted: Rates of interest, mortality, expense, lapse and surrender, were assumed based upon past experience. On the basis of these rates, calculations of the amount of surplus which would be realized on policies taken at every age, and of every kind, at the end of their dividend periods, were made, and estimated surpluses were computed for the issues of every year at the end of every policy year during their periods. By simply uniting these computations, we can readily ascertain in any year the expected, or estimated surplus, on the entire amount of the deferred dividend policies included in the various classes. The total expected surplus, when compared with the total actual surplus, which is ascertained as described above, gives a ratio which is applied to the estimated surplus on policies at the end of their periods, and in this manner we obtain the actual surplus which is apportioned to such policies.

The annual cash dividends may be applied on the basis of the net American 3% table, to the purchase of dividend additions without medical examination.

The deferred dividends may be applied on the basis of the net American 3% Table; to the purchase of (a) dividend additions subject to evidence of insurability; (b) premium reductions, the full premium due, if any, being first deducted out of the dividend.

Deferred dividend tropical and semi-tropical policies receive dividends based upon the experience of such policies; annual dividends same as northern.

The following is the rule for the computation of annual dividends payable in 1919, on Income Bonds:

From the ordinary premium due in 1918, taken on the annual basis, deduct an expense charge beginning at 13½% of the mean between the gross annual premium and the net annual premium plus 1% of the gross annual premium at the same age for the first policy year. The first element of the expense charge decreases by 4% of itself each year to 60% for the 11th year then by 3% each year to 30% for the 21st year, then by 2% each year to 20% for the 26th year, then by 1% each year to 15% for the 31st year, remaining uniform thereafter at 15% of the initial amount. Add the balance of the premium to the terminal reserve in 1918 and to the sum add interest at 4.3% for one year. From the total deduct the cost of insurance according to the American Experience Table and the terminal reserve at the anniversary in 1919. The balance is the cash dividend payable in 1919, unless the result of such computation would give a dividend less than was declared on the same policy in 1918, in which case the same cash dividend is declared in 1919 as was declared in 1918, if the premium was the same in 1918 as in 1917.

NOTE.—The Income Bond was first issued in Canada in the year 1915.

DEFERRED DIVIDEND POLICIES.

Issued prior to Jan. 1, 1911. No contingent apportionment of profits has yet been made.

Year of Issue.	Total Net Amount in Force (including quinquennial)

SESSIONAL PAPER No. 8

THE EXCELSIOR LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."—

(1) General principles:—

The valuation was based on the Hm. 3½% table; in addition, for those policies (issued from 1910 inclusive) which guarantee at the end of 20 years a surrender value equal to the Hm. 3% reserve a special reserve is held sufficient to provide for those guarantees valued as pure endowments.

Assurances were grouped according to years of issue and by office age at issue for each plan of insurance. The office age at entry is at present "age nearest birthday" but prior to April 1st, 1915, the office age was "age next birthday."

Annuities were valued individually.

The valuation age for assurances was taken as office age at date of issue, duration $n+\frac{1}{2}$ where n equals the difference between the valuation year and the year of issue. The valuation was made from tables of "mid-year" reserves calculated according to the "net premium" method.

Special classes:—

- (a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premium greater than the regular Canadian rates were valued as though issued at ordinary rates.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued as at the higher ages.
- (c) Policies providing for payment at death during certain periods of an amount less than the full amount of assurance were valued for the full sum assured.
- (d) Policies issued at, or subsequently subject to an extra premium whether payable in one sum or annually, were valued as though issued at ordinary rates.
- (e) Policies otherwise issued on substandard lives are valued as though issued at regular rates or on standard plans.
- (f) The Company has three forms of total and permanent disability contracts numbered I, II, and III, giving various benefits in case of the disability occurring before age 60. No. I which provides for waiver of premium only is no longer issued; No. II provides for waiver of premium, and if it is so desired, the payment of the face of the policy in ten equal annual instalments; No. III provides for waiver of premium and the payment of instalments of ten dollars per month till death or maturity for each one thousand dollars insured.

Before the occurrence of disability, for disability I and II a reserve equal to the total annual premiums received for such disability benefits is maintained, while for disability III there is held a reserve equal to one-half the total disability premiums received since issue under those policies which include such benefit No. III.

After the occurrence of disability, policies are treated as paid-up with respect to reserve held.

(2) Items of Special Reserve:—

- (a) No reserve is held under limited and single premium policies on account of prepaid or limited loadings, and no additional reserve is made under immediate annuities to cover future expenses.
- (b) Where the guaranteed benefit exceeds the net premium reserve, the excess is treated as a pure endowment and a sufficient additional reserve maintained to provide therefor.
- (c) No extra reserve in excess of the cash surrender value is held on account of lapsed policies, not continued in force under automatic non-forfeiture provisions, but being subject to reinstatement.
- (d) No extra reserve is carried to cover the option of renewal under term policies.
- (e) No extra reserve is carried to cover the option of conversion, either during a fixed term or at the end thereof, into higher premium policies, the premium on the new policy being fixed (1) as at original age at entry (2) as at age attained at date of conversion.
- (f) No other special reserves are held.

II. Guaranteed values given in special classes of policies. I. (1) (a) to (f) above.

1. (1) (a) and (d) are treated as if issued at ordinary rates;

1. (1) (b) Values given for age at which policy issued;

1. (1) (c) Values given are the same as those in policies without fees;

1. (1) (e) The regular values are given for the age and plan. Where policyholder is required to take the cash

or annuity option at the end of a certain period, extended term insurance is not granted.

1. (1) (f) (1) Before occurrence of disability regular surrender values given.

1. (1) (f) (2) After occurrence of disability, in case of total disability benefit No. II where face of policy is paid in instalments, surrender values are reduced in accordance with the amount of the instalments paid. In case of total disability I and III, there is no reduction in surrender values.

III. The average rate of interest earned during the year on the mean net ledger assets was 6.81 per cent.

IV. Distribution of Surplus.—

(a) DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

The Shareholders' Fund at the beginning of the year is credited with interest at the set rate earned and also with 10 per cent of the profits to be distributed during the year (the remaining 90 per cent belonging to the policyholders' Fund. The Fund is charged with all payments to shareholders, with any losses on non-participating business, and its proportion of any losses which may be sustained on investments.

(b) DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

The dividends for the first, second and third quinquennial periods were computed in the same manner as deferred dividends. The quinquennial dividends for other periods were computed by a compound reversionary bonus system now discontinued.

Deferred Dividends.

The deferred dividends were computed by a modified "asset share" method by which a certain percentage of the premium was deducted for expenses, the percentage varying with the plan and, except for endowments of specified terms, with the age also. On the Ordinary Life Plan the percentage decreased regularly from 25 per cent, at age 20 to 11 per cent at age 90. In the case of Endowment policies the percentages for all ages increased regularly from 13 to 21 per cent, being 13 per cent for all Ten-Year Endowment policies and 21 per cent, for all Fifty-Year Endowment policies. For Limited Payment Life policies the percentage taken was the mean between the Ordinary Life rate at the same age and the rate for an Endowment Assurance of the same premium paying period. From age 20 to age 49 the mortality allowed was 75 per cent of the expected; from age 50 the percentage was graded to reach 90 per cent of the expected at age 69. Interest was computed at 5 per cent throughout. A valuation of the Deferred Dividend policies was then made on the basis of these "standard asset shares," the total compared with the actual funds at the credit of these policies, and by this means the fund at the credit of each individual policy was ascertained.

Conversion into premium reduction, rapid up insurance, reduction of premium term, reduction of endowment period, etc., is effected on a net Hm. 3½ per cent basis.

(c) Participating annuities are not issued.

SESSIONAL PAPER No. 8

THE GREAT-WEST LIFE—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies were valued in groups. Annuities were valued individually. All policies alike in respect to age at entry, plan, and year of issue formed a group. Age at entry for valuation purposes is the same as age used in determining premiums. Assurances were valued using tables of mid-year policy values by full net level premium method. Annuities were valued as at nearest attained age. In calculation of the reserve the following tables of mortality and rates of interest were used:

1. Life Annuities: The British Offices Select Life Annuity Table 1893, 3½ per cent interest.
2. Deferred Dividend Policies amounting to \$49,841,986.00: the Om (5) Table with 3 per cent interest.
3. Quinquennial and Annual Dividend Policies amounting to \$9,889,306, with guarantees based on the American 3 per cent table; the Am 3 per cent Table.
4. All other Insurances: The Om (5) Table with 3½ per cent interest.

Special Classes—

- (a) No tropical or sub-tropical business transacted.
- (b) No policies issued at premiums for ages higher than the true ages.
- (c) Lies were disregarded in valuation.
- (d) Extra premiums were disregarded in valuation.
- (e) No policies issued to sub-standard lives except those subject to lien or extra premium.
- (f) For policies providing for waiver of premiums or payment of amount insured in installments on occurrence of disability the following additional reserves per \$1,000 were held (before occurrence of disability):—15 cents for durations ½ and 1½; 20 cents for durations 2½, 3½ and 4½; 25 cents for durations, 5½, 6½ and 7½; and 30 cents for duration 8½ years. After disability, policies were valued on the same bases as though they had become paid-up through the completion of premium payments in the ordinary way. For policies providing waiver of premiums and a monthly income on occurrence of disability with payment of amount insured at death, an average reserve of \$1.00 per \$1,000.00 for duration ½ and \$1.50 for duration 1½ was held on all plans and for all ages before occurrence of disability.
- (g) No annuities were issued to lives classed as under average.

(2) Items of Special Reserve.—

- (a) Reliance is placed upon the larger margin between the actual and assumed rates of interest as a substitute for a reserve on account of prepaid or limited loadings on insurances and annuities.
- (b) No excess guarantees assumed to exist except in respect to a small group where special reserves (on a pure endowment basis) were held.
- (c) No reserve considered necessary to cover the option of reinstatement since it is safe to assume that a larger number of policies will lapse in the ensuing year than will be reinstated.
- (d) & (e) No special reserve held to cover the option of renewal under renewable term policies nor of conversion into higher premium plans.

II. No adjustments were made in guaranteed values on account of liens or extra premiums.
 III. The average rate of interest earned during the year on the mean net ledger assets was 7.08 per cent.

IV. The Distribution of Surplus—

- (a) Shareholders receive one-tenth of profits set aside for distribution; policyholders the balance.
- (b) In the distribution of profits the Company uses a table of annual dividends in the form of pure endowments maturing on the profit due dates and computed by a contribution formula involving four factors, viz:—Interest, Mortality Loading, and Withdrawals. For interest a net rate of 6% is assumed. For Mortality it is assumed that 75 per cent of the Om (m) mortality applies for all ages less than 36; after age 35 the percentage increases one point for each additional age until a maximum of 100 per cent is attained at age 60. For Loading an expense rate of 10 per cent is assumed for all renewal premiums. For first year premiums the expense rate varies for each plan and age. For example for ages 25 to 51 the rate for Ordinary Life varies from 122 per cent to 88 per cent; for 20 Payment Life from 105 per cent to 84 per cent; and for 20 Year Endowment from 88 per cent to 80 per cent. The Withdrawal factor is assumed to apply only during the first seven years of the policy, the rates assumed varying with the duration from 18 per cent to 1 per cent for all ages up to 47, after which they decrease slightly.

These pure endowments are set aside annually and added to the previous allotments similarly made. In the case of annual and quinquennial policies, the table of pure endowments, for the first ten years duration, is not based upon the exact earnings of each year, but on a graduation of the total earnings of the ten year period. Cash dividends are converted into paid-up insurances or premium reductions by the Om 3½ per cent table or if retained by the Company are accumulated at the act rate of interest earned.

- (c) No participating annuities issued.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies were valued individually from tables of mid-year reserves calculated according to the net premium method, the age at entry for valuation purposes being the same as that in the policy contract being next half-age or integral age at time of issue. The valuation basis was Om (5) 3½ p.c. throughout.

Special Classes—

- (b) Policies issued at premiums corresponding to ages higher than the true age were valued at the rated up age.
- (c) Policies subject to liens were valued as though there was no lien.
- (d) Policies subject to extra premiums were valued as ordinary policies.
- (e) Policies subject to disability were valued as ordinary policies.

2) Items of special reserve—

- (a) No additional reserve was made on account of prepaid or limited loadings in single and limited payment policies.
- (b) The guaranteed benefits in no case exceed the net premium reserve on the valuation basis employed.
- (c) No additional reserve was made in excess of the cash value for policies continuing in force under automatic non-forfeiture provisions being subject to reinstatement.
- (d) No reserve is maintained to cover the option of renewal under term policies.
- (e) No reserve is maintained to cover the option of conversion into the higher premium plans.
- (f) No other items of special reserve are maintained.

III. The average rate of interest earned during the last five years on the mean life insurance fund of the company as a whole was 4.09% after deduction of Income Tax.

IV. The distribution of surplus—

(a) In accordance with clause 95 of the laws and regulations of the Society the directors determine what portion of the valuation surplus, after setting aside the sum required to provide interest upon the shareholders' capital during the forthcoming quinquennium, shall be divided as profits.

One-tenth of this sum is allocated to the shareholders and is divided among them in proportion to the number of shares held irrespective of the amounts paid up thereon; the remaining nine-tenths is distributed among the holders of participating policies.

(b) No profits have yet been distributed to Canadian policyholders.

MISCELLANEOUS STATEMENT.

I. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

- (1) Assurances are valued individually according to the net premium method. The valuation age is taken as age nearest birthday at date of issue and the duration as $n + \frac{1}{2}$ where n equals the valuation year less year of issue. The valuation age is the same as that used in determining the premium. There are no annuities in force in Canada. All policies issued prior to January 1, 1910 except policies issued through the Home Department subsequent to December 31, 1901, and prior to January 1, 1907, and 5% Gold Bond Policies were valued on the American Experience Table at $3\frac{1}{2}$ per cent.

Reversionary additions to the above policies were valued on the same basis. All policies issued subsequent to December 31, 1909, and policies included in the exceptions above were valued on the American Experience Table at 3 per cent. Reversionary additions to the above policies were valued on the same basis.

Special Classes—

- (a) No policies issued on lives resident in tropical or sub-tropical countries are included in this statement
 (b) No policies have been issued in Canada at premiums corresponding to ages higher than the true age;
 (c) No policies with a lien have been issued in Canada;
 (d) Policies issued with a fixed extra annual premium are valued in the same way as policies issued without extra premiums. No policies have been issued with a fixed extra premium payable in one sum;
 (e) No policies have been issued in Canada on lives classed as substandard;
 (f) The disability benefits are valued before the occurrence of disability on Hunter's Disability Benefit Table; after disability, by setting aside a sum as a liability equal to the present value of the future gross premiums and disability annuity payments, on the basis of the same table. These reserves are held in addition to the regular reserve on the policy without the disability benefit;
 (g) No annuities have been issued on lives classed as under-average.

(2) *Items of special reserve—*

- (a) No additional reserve is held for future expenses under limited payment and single premium policies nor in the case of immediate annuities;
 (b) No policies have been issued that provide for guaranteed cash values in excess of the net premium reserve on the basis of valuation employed;
 (c) No reserve is held on account of lapsed policies not continued in force under automatic non-forfeiture provisions nor having surrender value, but being subject to reinstatement;
 (d) No reserve is maintained to cover the option of renewal under term policies;
 (e) No reserve is maintained to cover the option of conversion either during a fixed term or at the end thereof into higher premium policies, the premium on the new policy being fixed (1) as at original age of entry, or (2) as at age attained at date of conversion;
 (f) No special reserve is held on account of Canadian policies.

- (3) No policies issued on lives resident in tropical or sub-tropical countries are included in this statement.

III. The average interest earned during the year on the mean net ledger assets of the company as a whole was 4.55 per cent.

IV. *The distribution of surplus.*

- (a) From the sum set aside each year to be distributed among shareholders and policyholders, there is paid to the shareholders, 7% interest and 5% dividend on the capital stock; the remainder is paid to the policyholders.
 (b) Surplus earnings for the declaration of dividends to policyholders are assumed to be derived from two sources, viz:—
 n. Interest earnings in excess of reserve requirements;
 b. Savings from loading on the net premiums.

The factors used for the year 1919 were respectively as follows:—

Policies issued prior to January 1st, 1910:—

Eight tenths of 1 per cent of the initial reserve on the American Experience Table of Mortality with $3\frac{1}{2}$ per cent interest. 52½ per cent of the loading on the same basis.

Policies issued since January 1st, 1910:—

One and three-tenths of 1 per cent of the initial reserve on the American Experience Table of Mortality with 3 per cent interest. 52½ per cent of the loading on the same basis.

The sum of these two items is herein referred to as "Standard Dividend."

At a meeting held by the Board of Directors on the fourth Wednesday of October in each year dividends are declared for distribution during the ensuing calendar year among Participating Policies in force at least one year on the anniversary dates of issue in such year.

A balance sheet is submitted in said meeting showing the exact condition of the Company on the preceding 30th day of September.

On the basis of such balance sheet and a statement showing the total amount of Standard Dividends for all insurances entitled to participate in the distribution of surplus in the following calendar year, a sum is set aside for apportionment in such year. Such sum is either equal to the aforesaid total amount or to so many per cent thereof as present conditions and future requirements seem to warrant.

10 GEORGE V, A. 1920

THE GUARDIAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Cash dividends for 1919—50% of the Standard Dividend.

Cash dividends, annual, quinquennial or deferred, are converted into paid-up insurance on the basis of the net American 3% table. The policies do not provide for conversion of the cash dividends into premium reduction, reduction of premium term or reduction of endowment period.

(c) No annuities are in force in Canada.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1919.

INCOME.

Total premium income	\$ 7,812,671 85

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Participating policies issued on Ordinary plans under age 51 were grouped according to year of issue, age at issue and plan of assurance. All other policies and annuities were valued individually. Participating Endowment policies were further arranged in groups containing five ages, namely, 20-24; 25-29, and so on, and these groups were valued at as age 22, 27, etc., respectively. For assurances other than sub-tropical and tropical the basis of valuation was the Institute of Actuaries' H^m table of mortality, with interest at 3 per cent. Annuities were valued upon the British Offices' Life Annuity Table, with interest at 3 per cent. Supplementary contracts were valued on a 3 per cent interest basis, except those cases in which the commutation of instalments had been on a three and one-half per cent or four per cent interest basis, in which cases they were valued on a 3½ per cent interest basis.

Assurances other than tropical and sub-tropical were valued at age next birthday for policies issued prior to the 1st of December, 1914, and age nearest birthday for those issued on and after the said date. Annuities were valued at age last birthday. The valuation was made from tables of "mid year" reserves calculated according to the net premium method.

Special Classes—

(a) Assurances on lives resident in tropical or sub-tropical countries were valued at age next birthday on the basis of the American Tropical Table of Mortality, with interest at 3 per cent.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at those higher ages.

(c) Policies subject to liens were valued for the full sum assured, no account, being taken of the lien.

(d) Policies issued subject to an extra premium: Where the extra is payable annually, half the extra for the year is added to the ordinary reserve.

(e) The above include all forms in which policies on sub-standard lives are issued by the company.

(f) The disability benefits provided up to the end of 1919 were—

(a) The waiver of premium on total and permanent disability and the option of receiving the sum assured in twenty yearly instalments.

(b) The waiver of premiums on total and permanent disability and the payments of a monthly income for the duration of the policy, and the sum assured at maturity.

(c) The waiver of premiums on total and permanent disability:

(1) Before occurrence of disability a special fund is maintained of one-half of all disability premiums remaining after the losses incurred under this benefit have been deducted.

(2) After occurrence of disability, where future premiums are waived, the policy is valued as a paid-up contract; where policy is payable in instalments, the commuted value of unpaid instalments is treated as a liability.

(d) No annuities exist on lives classed as "under average".

(2) Items of Special Reserve—

(a) No additional reserve is held under limited and single premium policies on account of pre-paid or limited loadings or on account of future expenses under annuities.

(b) Policies contain no benefits which exceed in value the H^m 3 per cent reserve, which is the basis of valuation employed.

(c) Except for the general contingency reserve fund no reserve is maintained in excess of the cash value on lapsed policies, not automatically continued, subject to reinstatement.

(d) To cover the option of renewal under term policies a reserve is accumulated during the period in which the policy may be renewed equal to 15 per cent of the office premiums paid.

(e) To cover the option of conversion a reserve is accumulated during the period in which the policy may be converted either as at the original age at entry or as at age attained at date of conversion, equal to 15 per cent of the office premiums paid.

(f) Apart from the above special reserve there is maintained a general contingency reserve fund. II. No distinction is made between the surrender values on special class policies referred to above and those issued at Canadian rates.

III. The average rate of interest earned during the year on the mean net ledger assets was 6.35 per cent.

10 GEORGE V, A. 1920

THE IMPERIAL LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

IV. The distribution of surplus—

(a) Division between policyholders and shareholders.

The shareholders' account is credited quarterly with interest on the balance of the account and on the paid-up capital stock at the net rate for the year (adjusted for due and accrued and decreased by investment expenses), and debited with the dividends paid shareholders. The balance which results at the end of the year is increased by the surplus derived in the year from non-participating policies and by 10 per cent of the surplus derived from participating policies.

Profits realized from the sale of securities are divided between shareholders and participating policyholders in accordance with the Insurance Act, namely that proportion which the reserve on participating policies bears to the reserve on non-participating policies. Losses incurred in the sale of securities are charged in the same proportion.

(b) In computing dividends to policyholders four factors were employed, namely, interest, mortality, loading and withdrawal. Assumed factors were used to prepare tables of total yearly surplus earnings for each age, duration and form of policy. Each policy entitled to surplus in the year has credited to it additional surplus in that year, found by taking such proportion of the respective yearly surplus of the tables as the total additional surplus actually set aside for distribution in the year is to the total additional surplus for the year on all such policies, as given by the tables. The amounts thus credited are accumulated from year to year. The factors assumed in preparing the tables were: Interest surplus, 1 25 per cent of the $H^m 3\frac{1}{2}$ per cent reserve; mortality surplus, 20 per cent of the cost of insurance ($H^m 3\frac{1}{2}$ per cent) to attained age 50, thereafter decreasing by .5% per cent for each higher age; loading surplus, 75 per cent of the balance of loading on the $H^m 3\frac{1}{2}$ per cent basis, after deducting 5 per cent of the office premiums and .2 per cent of the sum assured; withdrawal surplus 2 1 per cent of the surplus which was carried forward from the preceding year; interest accumulation factor 4.75 per cent. For the year 1919 additional surplus apportioned to each policy was 72 per cent of the respective additional yearly surplus shown in the tables.

The bases on which the dividends are converted are as follows: Temporary Premium Reduction $H^m 3\frac{1}{2}$ per cent Select; Permanent Premium Reduction—British Offices $3\frac{1}{2}$ per cent Select; Paid-Up Insurance— $H^m (5) 3\frac{1}{2}$ per cent.; Reduction of Premium Term— $H^m 3\frac{1}{2}$ per cent.; Reduction of Endowment Term— $H^m 3\frac{1}{2}$ per cent.

(c) Only one participating annuity exists. The dividends consist of 2.57 per cent of the present value of the annuity.

DEFERRED DIVIDEND POLICIES

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities,"—

(1) Policies were valued individually except for Whole Life Paid-up Policies, Reversionary Bonuses and one section of Endowment Assurances payable at maturity ages, which were valued in groups.

The Government Valuation basis was used, namely: Om (5) Table of Mortality at 3½% rate of interest..

The valuation was made by tables of medial values prepared by the Net Premium method. In cases of policies valued individually the nearest age at entry was adopted and the duration was taken as $n + \frac{1}{2}$ where n is the curate duration.

For grouped policies, the nearest attained age at date of valuation was adopted for the Life Paid-up Policies, and for Reversionary Bonuses; and the nearest quinquennial maturity age with the corresponding equivalent age at entry was adopted for the Endowment Assurances grouped section.

For Life Annuities the statutory basis, namely O [am] and O [af] was employed.

Special Classes—

(a) Tropical and sub-tropical business is not written by the Canadian Branch.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at their rated-up ages.

(c) Policies providing for payment at death, during certain periods, of an amount less than the full amount of the assurance were valued for full amount assured.

(d) For policies issued at, or subsequently bearing, a fixed extra premium, an additional reserve over and above the normal reserve, was made of half of such extra premium, annual or single.

(e) There are no sub-standard lives other than those classified above in (b) (c) or (d).

(f) Disability Benefits are covered by way of re-assurance.

(g) There are no under-average annuity lives on the Canadian Registers.

10 GEORGE V, A. 1920

LONDON AND SCOTTISH—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(2) *Items of Special Reserve*—

(a) No extra reserve is held under Limited and Single Premium policies on account of prepaid or limited loadings or under the few Annuities on the Canadian Books.

(b) Full additional reserves are made to cover any guaranteed benefits which are in excess of the reserve under the valuation basis employed.

(c) An additional amount of 10 p.c. above the Cash Surrender Value claimable is included in the Liability under lapsed policies not continued in force under automatic non-forfeiture provisions but subject to reinstatement.

(d) A proportion of the additional premium charged to cover the option of renewal under Renewable Term policies is reserved.

(e) A proportion of the additional premium charged to cover the option of conversion under Convertible Term Policies is reserved.

(f) There are no other special reserves maintained.

II. *Guaranteed values under special class policies mentioned in 1 (a) to (f) above*—

(a) Tropical and Sub-tropical Business is not written by the Canadian Branch.

(b) Values are allowed for the true ages.

(c) Where policies are issued with liens, the Paid-up and Extended Term Assurance options are subject to a *pro rata* proportion of such liens.

(d) Extra premiums do not permit of an increase in the Guaranteed Values of Policies.

(e) See I (1), (c).

(f) Disability Benefits carry Guaranteed Values. Policies which include Disability Benefits carry the same Guaranteed Values as ordinary life policies.

III. *The average rate of interest earned on the Life Assurance Fund of the Company as a whole was 4.47%.*IV. *The distribution of Surplus*—*Division of Surplus between Shareholders and Policyholders.*

(a) Under the provisions of the Company's Memorandum and Articles of Incorporation the shareholders are entitled to receive out of the Life Assurance Profits, a cumulative dividend of five per cent per annum on the Paid-up Capital for the quinquennium. Nine-tenths of the balance of such profits are apportioned among the policy-holders entitled to participate. The Balance of such one-tenth part belongs to the shareholders.

(b) Ordinary Participating Policies.

The dividends on these policies are allotted quinquennially as simple Reversionary Bonuses on the Sum Assured, according to the number of full years' premium paid during the quinquennium, the bonuses so allotted only vest when policies have been three full years in force. The Cash Values of the resulting Reversionary Bonuses are obtained by discounting the Reversionary amounts by the Hm 5 p.c. Table for Whole Life and Limited Payment Life Policies and by the Hm 4½ p.c. Table for Endowment Assurances.

Deferred Dividend Policies.

Policies issued on the Deferred Dividend Plan since 1907 receive quinquennial allotments on the same footing as policies subject to ordinary quinquennial distributions, except that the dividends allocated are converted into equivalent larger Deferred Bonuses, vesting as Reversionary Bonuses only on the expiration of the Deferred Bonus period selected. In arriving at such increased contingent bonuses, the only elements taken into account are Mortality and Interest.

Policies issued on the Deferred Dividend Plan up to the end of 1907 have been included in one homogeneous series, and treated as a separate and distinct section of the Company's business.

The Assurance Fund for this closed series is credited with the premiums received, and with its proportionate share of Interest Income, and is charged with Claims, Matured Endowments and Surrender Values, and with an estimated proportion of Expenses. A separate actuarial valuation of this series is made quinquennially, showing the Liabilities, and disclosing the surplus belonging to the series. The available surplus is carried to a Bonus Reserve Fund which is contingently and actuarially distributed to the policies in the series. The total Contingent Reversionary Bonus Reserve Fund of this series (Canadian Section) as at 31st December, 1919, was \$79,853.60 as the result of the Valuation and contingent allotment made.

(c) With profit annuity business is not written.

Net reserve, estimated on the statutory basis (without deduction).....			\$ 9,721,550
Reserve maintained by the Company in excess of the statutory reserve.....			308,542

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) *Ordinary Branch*.—The valuation of policies was made by grouping the business by plan, year of issue and age, for the more usual plans. In all other cases the policies were valued individually. Valuation ages were taken at nearest birthday for years of issue 1915–1919 inclusive, and age next birthday for business issued previously. Tables of mid-year reserves prepared on the Net Premium basis were used. The valuation bases were Hm. 3½ per cent for business issued prior to 1st January, 1910, and Om. (5) 3 per cent for business issued subsequently.

Industrial Branch.—Age next birthday was used throughout, with full Net Premium Industrial mid-year valuation for all plans other than Whole Life and Endowment at 80. For the latter plans the valuation was made on a Terminal Basis. Policies were grouped according to plan, year of issue and age at issue. The valuation bases were, Combined Experience Table 3½ per cent for business issued prior to 1st January, 1900, Farr's No. 3, 3½ per cent for business issued in the years 1900–1915, and Farr's No. 3, 3 per cent for business issued in the years 1916–1919.

Annuities.—Annuities were valued according to the British Offices Select Life Annuity Tables with 3½ per cent interest.

Special Classes—

(a) There are only a few policies in force on lives resident in tropical or sub-tropical countries. These were recently issued through re-insurance and no extra reserve has been set up for them.

(b) Policies issued on rated-up lives were treated as being on lives actually of the rated-up age.

(c) Policies subject to liens were valued in the same manner as if no lien were imposed.

(d) No account was taken in the valuation of extra premiums payable throughout the whole term of the policy. In the case of limited payment policies subject to extra premiums the corresponding equalized extra throughout the whole term of the policy was found as at date of issue and a special reserve made equal to the difference between the present value of the equalized extra and the present value of the full extra payable during the premium period, the basis used in calculating the equalized extra and the special reserve being the Om. (5) Table and 3 per cent interest. There are no policies in force issued subject to a single extra premium.

(e) All policies issued on sub-standard lives are advanced in age, are subjected to a lien, or call for an extra premium.

(f) Fifty per cent of the premiums paid for disability were used as a reserve for this benefit.

(g) There are no Annuities on lives classed as under average.

(2) *Items of Special Reserve*—

(a) No additional reserve is held under limited premium policies for prepaid loadings.

(b) There are no benefits guaranteed which exceed in value the Net Premium Reserve on the basis of valuation employed.

(c) No special reserve is held on account of lapsed policies but in a general way the Contingent Funds held provide for reinstatement of lapsed policies not coming under the Automatic Premium Loan Provision.

(d) No definite reserve is maintained to cover the option of renewal under Term Policies.

(e) No definite reserve is maintained to cover the option of conversion to a higher premium policy either (1) at the original age of entry or (2) at the age attained at date of conversion.

(f) Reserve for profits accruing on quinquennial dividend policies..... \$ 48,767 00

Reserve for profits accruing on Reserve-Dividend Policies issued prior to

1st January, 1911..... 209,849 00

Investment Reserve and Investment Commissions accruing 70,000 00

Insurance Commissions accruing..... 20,000 00

Special Reserve for War and Other Claims unreported 10,000 00

SESSIONAL PAPER No. 8

THE LONDON LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

II. Where policies are issued at ages higher than the true age the guaranteed values correspond to those at the rated-up age. In case of policies with liens the values are the same as for policies without liens. In the case of policies issued at an extra premium, the values are the same as under the regular premium, except that the extended insurance term is reduced. In the case of policies with Disability Benefits the guaranteed values are the same as for policies without Disability Benefits.

III. The average rate of interest earned during the year on the mean net ledger assets was 6.47 per cent.

IV. The Distribution of Surplus—

(a) Prior to 1st January, 1911, when the provisions of the new Insurance Act became operative, the Shareholders of the Company were entitled to a 7 per cent dividend on the Capital Stock and 5 per cent of the total profits but not exceeding one-half of one per cent of the subscribed and uncalled Capital. The effect of this provision was to make the maximum dividend 9 per cent.

The present by-laws of the Company provide for a continuance of the former regulations so far as the business issued previous to 1st January, 1911, is concerned, and for the years 1911 to 1917, inclusive, only 5 per cent of the share of the profits pertaining to business issued prior to 1st January, 1911, and 10 per cent of the share of the profits pertaining to the business subsequent to that date have been apportioned to the Shareholders' Account, but for the years 1918 and 1919 only 5 per cent of the total profits distributed was credited to Shareholders' Account.

(b) In the computation of profits three factors are introduced, Interest, Mortality and Expense. Two per cent of the amount of Initial Reserve is the profit allowed on account of Interest. For mortality the policy is charged with 45 per cent of the Hm rate for the first year, 50 per cent the second, 55 per cent the third, 60 per cent the fourth and 65 per cent for the fifth and subsequent years up to age attained 46, where one per cent is added to the mortality charge. For each year of age attained greater than 46 one per cent further is added until a 90 per cent charge is reached, which charge remains stationary. For expenses a charge on the Gross Premium is made for the first five years ranging from 12½% + \$1.50 per thousand on the 10 Year Endowment Plan to 15% + \$1.50 on the Life Plans. For the second quinquennial period these charges run from 10% + \$1.00 to 12½% + \$1.00. For the third quinquennium, from 9% + \$1.00 to 10% + \$1.00. After the 15th year a uniform charge on the Gross Premium of 7½% + \$1.00 is made for expenses. The difference between the balance of the Gross Premium after making the above charges and the net 3½ per cent rate is added to or deducted from the other sources of profit.

For married female risks under 50, an additional charge is made of from \$2.00 to \$1.00 per annum per thousand dollars at risk, depending on duration of policy where marriage took place before issue of policy.

No tontine business has been in force on the Company's books for the full term of the tontine period. The only policies of such a nature issued are of a special class under which a portion of the ordinary surplus is set aside as additional reserve. The total amount of such reserve converted from surplus is \$733,546. The factors entering into the computation of profits on Reserve-Dividend Policies are exactly the same as under quinquennial distribution policies, suitable factors for terminations by death or otherwise for accumulation between quinquenniums being introduced.

Cash dividends are converted into other forms of benefit on the basis of the net Hm 3½ per cent Table.

(c) The Company does not issue Participating Annuities.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities:—"

(1) Policies have been valued according to the net premium method of valuation. For the purpose of valuation, policies have been brought together in groups according to plan, age at entry and duration. Age at entry for fixing the premium and valuation for assurances was age next birthday except for business in Canada after February 8, 1915, in Cuba after January 16, 1912, and all business in the United States, where age nearest birthday was taken. For annuities, age at entry was age last birthday. All policies and annuities were assumed to have been issued in the middle of the calendar year of entry.

The tables of mortality used in the valuation are as follows.—

For annuities the British Office Select Life Annuity Table, 1893.

For policies on lives resident in temperate countries the Institute of Actuaries Hm Table.

Special Classes:—

(a) For policies on lives resident in tropical countries the American Tropical Table. For policies on lives resident in Sub-Tropical countries a table based on the mean of the Institute of Actuaries Hm Table and the American Tropical Table. The rate of interest assumed is 3½%. On account of the Company guaranteeing on certain policies a surrender value at the end of fifteen years from date of issue equal to the Hm 3½% reserve, an additional reserve which is sufficient to provide for the difference between the Hm 3½% and the Hm 3¼% reserve at the end of fifteen years has been set aside. Policies coming under this provision consist of all Whole Life and Limited Payment Life Policies at Northern Rates since January 1st, 1904.

SESSIONAL PAPER No. 8

THE MANUFACTURERS LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued according to the actual age of the Insured for all policies issued prior to the 11th of September, 1918. Such policies issued after that date were valued according to the Rated Up Age.

(c) Policies providing for the payment at death during certain periods of an amount less than the full amount of insurance were valued for the full amount of insurance.

(d) In the valuation of policies issued at, or subsequently subject to an extra premium, whether payable (a) in one sum or (b) annually, a reserve equal to one-half of the extra premium was set aside.

(e) Policies are not issued to sub-standard lives except at a rated up age or subject to a lien.

(f) Policies providing for Disability Benefits (1) before occurrence of disability 50% of the gross premiums received since the commencement was held as a reserve Liability. (2) After disability has occurred, the policy is valued as a Paid up Policy. The only claims as yet experienced by the Company under the Disability Benefits are those providing for the waiver of premiums only.

(g) No annuities were issued to lives classed as under average.

(2) Items of Special Reserve:—

(a) No extra reserves were maintained under Limited and Single Premium Policies on account of prepaid or limited loadings, nor under immediate annuities to cover future expenses.

(b) All Life and Limited Payment Life Policies issued at Northern Rates since 1st January 1904 guaranteed a Surrender value at the end of fifteen years equal to the Hm 3% reserve. An additional reserve sufficient to provide for the difference between the Hm 3% and the Hm 3½% reserve at the end of fifteen years has been set aside.

(c) No reserve in excess of the cash surrender value is held on account of lapsed policies not continued in force under Automatic Non-forfeiture provision but subject to reinstatement.

(d) No reserve is maintained to cover the option of Renewal under Term policies. The Company's regular Term Policies do not contain the option of renewal.

(e) No reserve is maintained to cover the option of conversion into a higher premium policy. Each case is treated independently as it arises.

(f) An additional reserve as required by Section 103 (3) of the Insurance Act, 1917, was held on all business issued since January 1, 1911 with premiums less than 102 5% of the Om (5) 3½% net premium.

II. Tropical and Sub-tropical Policies have the same Surrender values as policies at Temperate rates. Since the 11th of September 1918, policies issued at a higher age than the true age have guaranteed values of the higher age.

III. The average rate of interest earned on the mean net ledger assets was 6.50%.

IV. The Distribution of Surplus.

(a) The distribution of surplus as between shareholders and policyholders is in accordance with the Company's Charter which provides that the holders of participating policies shall be entitled to share the extent of not less than 90% in that portion of the profits set apart for distribution which has been distinguished as having been derived from participating policies.

(b) For Quinquennial policies the dividends were calculated by accumulating funds by policy years, using factors closely approximating to the actual experience of the Company. From these funds the reserves were deducted and 90% of the resulting surplus allotted to the policyholders. The reserves deducted for policies completing a deferred dividend period of 1918 were, Hm 3½% for 10 and 15 year dividend periods, and Hm 4% for 20 year dividend periods.

The factors used in 1918 were:—Interest 5 per cent; Mortality, 75 per cent of the Om (5); Mortality table up to age 50, increasing by 1% for each age until a maximum of 90% was reached; Expense, varying from 4 s to 25.8 per cent of the gross premium, according to age and plan.

For deferred dividend policies the method adopted was based on the contribution plan. All such policies of the Company were grouped according to the year of issue, plan, age and gross premium. Each group was credited each year from the commencement with all premiums received thereon, together with its share of all interest and profits earned and debited with its proper share of expenses, death claims, surrender values and all other payments, the balance remaining being the fund at the credit of the policies in the group from year to year.

From the fund at the credit of those policies on which profits were to be distributed the proper reserves were deducted and 90% of the balance was set aside for distribution to policyholders. The Factors used in 1918 were the same as regards interest and expense as in the case of Quinquennial Dividend policies and the mortality factor was 70% of the Om (5) table of mortality.

The various options were calculated from the cash dividends according to the following tables:—
Policies at Temperate rates, the Om (5) 3½% Table.

“ Tropical rates, the American Tropical 3½% Table.

“ Sub-Tropical rates, on a table based on the mean of the Om (5) 3½% Table and the American Tropical Table.

(c) The Company has not issued participating annuities.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and amount of profits contingently apportioned thereto.

MISCELLANEOUS STATEMENT.

1. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(I) Policies were valued in groups, except certain policies assumed from other companies and special contracts, which were valued seriatim. Premium-paying policies issued in the same year on the same plan of insurance were grouped as to age at issue. Paid-up policies and extended insurance of the same plan and year of expiration or maturity were grouped according to attained age, and valued by applying the proper net single premium for each age. Annuities were valued seriatim. The reserve on group insurance on the one year term plan was taken as one-half of the premium payable (annually, monthly, etc.), hence no age classification was necessary.

Ordinary policies were valued according to "age nearest birthday" at entry, and Industrial policies according to "age next birthday" at entry. The duration for premium-paying policies was based on calendar years, mean reserves being used; thus, a policy issued in 1913 was given the seventh year's mean reserve at the end of 1919. Annuities were valued on the basis of "age last birthday" at entry, the age attained being found by adding the mean duration.

Industrial infantile Whole Life policies issued prior to 1907 were valued as One Year Renewable Term policies during the infantile period, subsequent issues being valued as level premium policies from the date of issue.

The tables of mortality and rates of interest used for valuing the various classes of policies were:

Policies issued prior to 1901—Combined Experience 4%..... except as follows:

Policies issued after Dec. 31, 1900—American Experience 3½%.....	
Special Class policies issued prior to Jan. 1, 1901, Combined Experience doubled.....	4 %
Special Class policies issued Jan. 1, 1901—Dec. 31, 1906, American Experience doubled.....	3½ %
Special Class policies issued after Dec. 31, 1906, Special Class Table.....	3½ %
Intermediate policies issued after Dec. 31, 1906, Intermediate Tables.....	3½ %
Certain Assumed Ordinary policies Issued 1896-1900 inc., American Experience Table.....	3½ %
Certain Assumed Ordinary policies Issued 1896-1916 inc., American Experience Table.....	3½ %
Standard Industrial policies Issued after Dec. 31, 1903, Standard Industrial Table.....	3½ %
Sub-standard Industrial policies Issued after Dec. 31, 1906, Sub-Standard Industrial Table.....	3½ %
Annuities Issued after Dec. 31, 1906, McClintock's Table.....	3½ % & 4 %
Group Insurance valued by applying one-half of gross premiums payable.	

Special Closes—

(b) There were no policies issued at premiums corresponding to ages higher than the true ages, with the possible exception of a few scattering Industrial contracts issued in the earlier years of the Company, or assumed from other companies. It has been the Company's custom to value such policies at the higher age.

(c) Policies issued subject to liens (i.e., "Special Class" policies, on sub-standard lives, issued prior to 1907) were valued for the net amount of insurance, an additional reserve being calculated equal to the single premium for the reductions in liens on account of dividends. Policies assumed from the Pittsburgh Life and Trust Co. subject to assumption liens were valued on the basis of the full face of the policy, and an extra reserve was calculated to cover payment in full of death claims to May 7, 1922.

(d) Policies subject to a fixed extra premium (except under group insurance) were valued as if there were no extra premium.

(e) For policies issued on sub-standard lives prior to 1907, see (c), above. On those issued subsequent to Jan. 1, 1907, the method of valuation is similar to that used for standard lives, but on tables of mortality based upon sub-standard experience.

(f) Contingent waiver of premium benefits were valued, before occurrence of disability, at the rate of 25 cents per \$1000, insurance, which method has been approved by the New York Insurance Department as giving results approximating the value according to Hunter's Disability Table with 3 per cent. interest. After occurrence of disability, an actual valuation is made according to Hunter's Table with 3 per cent. interest.

Disability benefits consisting of waiver of premium and a disability annuity without reduction of the sum insured, if insured be disabled before age 60, or charge of premiums against policy as a non-interest-bearing lien, if disability occur after 60, were valued according to Hunter's Disability Table with 3½ per cent. interest.

Group policies on the one-year term plan contain a disability benefit consisting of waiver of premiums and payment of the sum insured by instalments for a term certain. Valuation of group insurance by applying one-half of the gross premium covers the disability as well as the death benefit.

Industrial policies provide, in event of loss of both hands, both feet, one hand and one foot, or blindness, for payment one-half of the amount of the policy in cash and issuance of paid-up insurance for the balance. For this liability the Company set up a reserve to cover one-half the estimated cost for 1920, based on the experience of 1919.

SESSIONAL PAPER No. 8

METROPOLITAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Continued.

- (g) No annuities were issued to lives classed as under average.
- (2) *Items of Special Reserve (Canadian policies)*—
- (a) No special reserve is maintained under limited payment and single premium policies on account of prepaid or limited loadings, nor under immediate annuities to cover future expenses.
- (b) There are no guaranteed benefits under the Company's contracts which exceed in value the net premium reserve.
- (c) No special reserve is held to cover the option of reinstatement under lapsed policies not continued in force under automatic non-forfeiture provisions, but being subject to reinstatement.
- (d) No reserve is maintained to cover the option of renewal under term policies.
- (e) No additional reserve is maintained to cover the option of conversion into higher premium policies.
- (f) There are no other items of special reserve, other than those above specified, except the additional reserve required under Sec. 103 (3) of the Canadian Insurance Act, 1917, on the Company's Ordinary Whole Life policies.

II. *Guaranteed Values under Special Classes of policies*—

- (b) The guaranteed values under policies formerly issued at premiuma corresponding to ages higher than the true ages are the same as in policies regularly issued at the higher age.
- (c) In "Special Class" policies on sub-standard lives issued prior to 1907, subject to liens, the values are calculated upon the net amount of insurance, i.e., face of policy less amount of lien outstanding. In policies assumed from the Pittsburgh Life and Trust Company subject to assumption liens, the lien is deducted from the cash surrender value when cash values, paid-up insurance and extended insurance are granted.
- (d) Policies subject to a fixed extra premium contain the same guaranteed values as if there were no extra premium.
- (e) For policies issued on sub-standard lives prior to 1907, see (c), above. For those issued subsequent to January 1, 1907, the method of calculating the guaranteed values is similar to that used for standard lives, but tables of mortality based upon sub-standard experience are used.
- (f) Where total and permanent disability occurs under policies with contingent waiver of premium benefits, the guaranteed values apply exactly as if premiums waived had actually been paid.
- Paid-up insurance issued under the total and permanent disability concession in Industrial policies are granted the same values as similar paid-up policies granted under non-forfeiture provisions.

III. *Interest Rate*—

The average rate of interest earned during the year 1919 as determined by the formula $\frac{2I}{A+B-I}$ for the Company's entire business was 4.98 per cent. The amount I was calculated by taking the gross interest and rents received during the year, deducting the amount paid for taxes, repairs and expenses on real estate, adding the increase in interest and rents due and accrued, and deducting the increase in rents and interest paid in advance. The items A and B represent, for the beginning and end of the year respectively, the total Ledger Assets less Assets Not Admitted.

IV. *Distribution of Surplus*—

- (a) The Company is purely mutual and there are therefore no dividends to shareholders.

- (b) Dividends for 1919 were calculated as follows:

Ordinary Policies—

Annual dividends of 1919, on Whole Life policies issued from May 1, 1909, to December 31, 1914 inclusive, consisted of the following two parts:

- (1) A refund to the insured of part of the premium paid in the preceding year from the savings which the Company had made during the policy year and (2) excess of interest on the reserve.

The refund of premium was the difference, adjusted to provide for the contingency reserve, between the stipulated annual premium and the annual premium required according to the Company's own mortality experience.

The rate of interest used was 4.25 per cent., so the excess was 0.75 per cent.

On Whole Life policies issued from July 1, 1916, to December 31, 1917 inclusive, dividends were paid to equalize the premiums on corresponding policies issued prior to July 1, 1916.

Intermediate Policies (issued in units of \$500).—

Annual dividends were paid on a group of premium-paying policies issued prior to 1907, representing the difference between the annual premium payable and the corresponding non-participating annual premium charged in 1907.

"Special Class" Policies (issued on Sub-standard risks).

On Special Class Ordinary Optional Life or Endowment policies issued during the year 1899 (subject to a lien), and calling for a settlement during the year 1919, a dividend was declared to cancel the balance of the lien outstanding.

On Special Class Intermediate policies, the dividends paid during 1919 were the same as on regular Intermediate policies of the same class and duration.

Covenant Mutual and Vermont Life Policies.—

These are assumed policies, and special methods were adopted in the calculation of dividends. There are very few of these policies in Canada.

Mortuary and Maturity Dividends.—

On Ordinary and "Special Class" policies on which not less than six years' premiums had been paid, maturing in 1919 as death claims or endowments, an additional dividend was paid, based on the contingency reserve. A similar dividend was paid on Intermediate policies maturing as death claims or endowments, on which not less than eight years' premiums had been paid.

Application of Dividends to Paid-up Insurance, etc.—

When paid-up insurance was allowed, the amount was such as the cash dividend would purchase based on the standards adopted by the Company for use in the particular branch. The dividends were not applied toward the reduction of the premium-paying term or toward the shortening of the endowment period.

(c) *Annuities.*

Annuities are non-participating.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies were valued individually from tables of net premiums and terminal reserves. For each policy there were entered the net premium and the terminal reserves for durations n and $(n+1)$ years where n is found by subtracting the year of issue from the year of valuation. The mean reserve was calculated from totals of the above items. The age used in fixing the premium was taken as the age next birthday, for all policies issued prior to August, 1914, and the age nearest birthday for policies issued after that date. All business, both participating and non-participating, was valued on the Om (5) table, with interest at $3\frac{1}{2}$ per cent.

Special Classes—

- (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the age used in determining the premium.
- (c) Policies subject to a lien were valued on same basis as if there had been no lien.
- (d) In valuation of policies subject to an extra premium, the extra premiums were disregarded.
- (e) All other policies issued on sub-standard lives were valued as policies on standard lives.
- (f) In the valuation of policies providing for total disability benefit (waiver of premium or sum assured payable in instalments) additional reserves were included before occurrence of disability, being on the basis of 17½c. per thousand; and for disability benefit providing waiver of premium and an annuity without reduction of sum assured, a reserve was included equal to one-half of the annual premiums charged.
- The Company has had no claims under disability benefits.
- (g) The Company has issued no annuities to under-average lives.
- (2) *Items of Special Reserve.*
- (a) No reserve is held under limited or single premium policies on account of prepaid or limited loadings.
- (b) Additional reserves were provided for the excess of guaranteed benefits over the net premium reserve on the basis of valuation employed.
- (c) No reserve is held on account of lapsed policies subject to reinstatement.
- (d) and (e) No reserve is maintained to cover the option of renewal or conversion under term policies.
- (f) There are no other items of special reserve.

II. Policies issued at premiums corresponding to ages higher than true ages have guaranteed values corresponding to age at which premium is calculated. For other classes the values are same as under ordinary contracts.

III. The average rate of interest earned during the year on the mean net ledger assets was 7.42 p.c.

IV. The matter of distribution of surplus is being dealt with at the present time.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Annuities were valued individually, the valuation age being the office age at entry plus the exact duration. The basis of valuation is O(am) and O(a) at 3½ per cent prior to January 1, 1903 and at 3 per cent thereafter. Policies of assurance issued in the same year at the same age and on the same plan were grouped, and the value was taken as the tabulated net premium reserve at duration $n+1$, where n is equal to the difference between the calendar years of valuation and issue, the age being taken as the office age at entry. The office age at entry is at present "age nearest birthday," but prior to June 1914 the office age was "age next birthday" unless the application was completed within two months after a birthday, in which case the age at such birthday was used. The basis of valuation is Om (5) 3½ per cent prior to January 1, 1903 and Om (5) 3 per cent thereafter.

Special Classes.—

(a) Policies issued on lives resident in tropical or sub-tropical countries were valued on the same basis as ordinary policies.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to liens, were valued for the full face value, just as if no lien had been imposed.

(d) No extra reserve was held on policies under which an extra premium, either single or annual, is payable.

(e) Policies issued on plans different from that applied for were, of course, valued on the plan issued.

(f) On policies providing for disability benefit an extra reserve was held, as follows:

(a) Before occurrence of disability—

An extra reserve was held equal to the amount held at the end of 1918 plus one year's interest at 3 per cent and plus the extra premiums (less commissions) received in 1919, less the reserve transferred for cases which became disability claims in the year.

(b) After occurrence of disability—

(1) Waiver of premium—Extra reserve held equal to the present value of the gross premium by Hunter's Disability Table 3 per cent.

(2) Instalment payments—One twentieth of face amount each year. Total reserve equal to present value of the instalments at 3 per cent.

(3) Instalment payments reducing sum assured.—The full amount at risk was held as a liability in the reserves. The first Disability Clause provided only for waiver of premiums, but this was modified in 1914 by giving, in addition, the option of payment of the sum assured in 20 annual instalments, first payment at disability, but no commuting of instalments unpaid at death.

In 1917 a new Disability Clause was adopted providing

(a) In event of disability before age 60—

(1) Waiver of premiums.

(2) Payment of sum assured in 10 annual instalments, each such payment reducing amount payable at maturity.

10 GEORGE V, A. 1920

THE MUTUAL LIFE OF CANADA—Continued.

MISCELLANEOUS STATEMENT—Concluded.

3) In event of disability after age 60—

Waiver of premiums but reduction of sum assured by each premium so waived.

The rates remained constant from January 1911 to January 1917, but a new schedule was adopted in 1917, when the clause was changed.

In 1918 a new Disability Clause was adopted which provides in event of disability before age 60—

(1) Waiver of premiums.

(2) Payment of \$10 per month, per \$1,000 of face value, during the continuance of disability but ceasing at the maturity of the contract, such payments not reducing the amount payable at the maturity of the contract.

(g) No annuities are issued to lives classed as under-average.

(2) Items of special reserve—

(a) No extra reserve is held under limited or single premium policies on account of prepaid of limited loadings, nor under immediate annuities to cover future expenses.

(b) The only cases where the guaranteed values exceed the net premium reserve held are where the Hm reserve exceeds the Om (5) reserve, and in such cases no extra is held.

(c) On lapsed policies issued prior to the adoption of the nonforfeiture privilege and which are subject to reinstatement, the full Om (5) 3½ per cent reserve is held as at the current policy year, less any balance of unpaid premium for such year. On lapsed policies containing the nonforfeiture privilege but which have not been three years in force no reserve is held at end of year.

(d) No renewable term policies in force.

(e) No extra reserve is held to cover the option of conversion into higher premium policies either as from original age or at attained age.

(f) On Contingent Additions and Pure Endowments the full net premium reserve is held, based on the same tables as for policies of assurance referred to in I (1).

II. The Guaranteed Values in the classes referred to in I above were granted as follows:—

(1) (a) Same cash and paid-up values as for ordinary policies, but no extended assurance.

(1) (b) Same cash and paid-up values as for a policy at the rated up age, also the same extended assurance values where this feature is not eliminated.

(1) (c) Same values as for regular policies except that the extended assurance is usually deleted.

(1) (d) Same values as for regular policies but extended assurance is usually deleted.

(1) (e) Regular values on restricted plan but rarely is the extended assurance feature granted.

(1) (f) No extra values on account of the disability benefit

(1) (g) None in force.

III. The average rate of interest earned during the year on the mean net ledger assets was 6.39 per cent.

IV. The distribution of surplus—

(a) The surplus all belongs to the policyholders.

(b) (1) Annual dividends.—

On business prior to 1891 these were determined from the three factors, mortality, interest and loading, the factors being respectively 30 per cent of the cost of insurance on the Om (5) 3½ per cent table, 1½ per cent of the initial reserve by the said table, and 40 per cent of the excess of the gross premium over the net premium by the said table.

On annual business subsequent to January 1st, 1911, the same formula was used but the reserve basis used was 3 per cent and therefore the cost of insurance and the loading were based on this table and the interest factor was changed from 1½ per cent to 2 per cent.

These dividends were converted into paid-up assurance by using a single premium at the attained age taken from the Om (5) table on which the reserves were held.

In the reduction of the premium term the annual dividends are accumulated until this accumulation, with the reserve held by the Company on such policy is equal to the net single premium at the attained age of the assured according to the table upon which the said reserves are based; or if the said accumulation, with the reserve, equals the face of the policy, the sum assured is paid in cash as an Endowment.

(2) Quinquennial Dividends.—

For business after January 1st, 1903 the annual dividends as per previous paragraph were accumulated at 5 per cent interest. For business prior to 1903 the accumulation was at the same rate, but, in obtaining the annual dividends the Om (5) 3½ per cent table was used, and the interest factor was reduced to 1½ per cent of the initial reserve, while the loading and mortality factors remained constant but applied to the 3½ per cent table.

Quinquennial dividends were converted into a reduction of premiums for the ensuing five years by dividing the full dividend, as obtained above, by a 5 year temporary annuity due at the attained age of the assured and according to the Om (5) table with interest at 3½ per cent or 3 per cent, according as the policy was issued prior or subsequent to January 1st, 1903; to obtain the bonus addition the quinquennial dividends were divided by the single premium at the attained age by the same table as was used to obtain the premium reduction.

(3) Deferred Dividends.—

Prior to 1914 the dividends were allotted quinquennially and were accumulated at 5 per cent interest with benefit of survivorship. Since 1914 the allotment has been made on an annual basis, beginning from the date of the last full quinquennial dividend allotment prior to 1914, and the accumulation has been at 5 per cent as before with benefit of survivorship.

The Survivorship Distribution dividends were converted into paid-up assurance on the same basis as referred to in IV (b) (2), and into Life Annuities at our present rates.

(4) The cash value of Bonus Additions is the full reserve on the Company's basis.

(5) Policies on lives resident in Tropical or Sub-tropical countries and policies with extra premiums get the same dividends as policies issued at ordinary rates.

(c) Annuity contracts are non-participating.

10 GEORGE V, A. 1920

THE MUTUAL LIFE AND CITIZENS—*Concluded.*

MISCELLANEOUS STATEMENT.

1. *The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"*—

(1) Ordinary Branch policies of the same plan were grouped at individual ages, except for infantile policies (deferred assurances and deferred endowment assurances for children under ten years old) where all were grouped and valued as at one age. Industrial policies were grouped in quinquennial age groups at issue, except for one table grouped for individual ages at issue.

The rate of interest used was $3\frac{1}{2}$ per cent, and the table of mortality Om (5).

The valuation age follows the age next birthday, the duration being $N + \frac{1}{2}$, where N is the curtate duration. Bonus additions were valued at nearest attained age.

A few Industrial policies of a special class issued outside and transferred to Canada, were valued by accumulation of the premiums.

Special Classes—

(a) There is one policy on the life of a resident of Cuba for which no extra reserve has yet been made.

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.

(c) Policies subject to liens were accorded full reserve.

(d) The option of paying an extra premium was allowed on certain policies issued to men liable to military service, but in no case was this option exercised, so no extra reserve was made for those cases.

(e) A few applicants for whole-life policies were offered and accepted double endowment policies. Valued as other double endowments.

(f) Policies with disability benefits in the Industrial Branch were given the usual full reserve. There are none in the Ordinary Branch.

(g) There are no annuities.

(2) *Items of Special Reserve.*—No reserves are maintained except as above indicated.

II. No special modifications have been made in the guaranteed values of policies referred to in (I)

(1) (a) to (f).

III. The average rate of interest earned during the year on the mean life insurance fund of the Company as a whole was 4.879 per cent.

IV. *The Distribution of Surplus—*

(a) Eighty per cent of the Ordinary Branch profits distributed is apportioned to participating policies, and twenty per cent to shareholders. The Industrial Branch is non-participating.

(b) Dividends to policyholders are allotted as reversionary bonuses by way of a percentage on the sum assured varying with class and duration. For policies not more than four years in force the present scale of bonus addition is \$13 per thousand for each year on life and limited payment life policies and \$11 per thousand for each year on endowment policies. After the policy is three years in force the reversionary bonuses may be surrendered for cash by being discounted by the 4 per cent reversion at four per cent interest. There are no deferred dividend policies.

(c) There are no annuities in Canada.

SUMMARY OF RESERVE.

	With Profits.	Without Profits.	Total.
Total reserve (none reinsured) on the Company's basis of valuation	\$9,969,596 00	\$ 962,975 00	\$10,932,571 00
Net reserve estimated on the statutory basis	9,869,900 00	953,345 00	10,823,245 00
Reserve maintained by the Company in excess of the statutory reserve	\$ 99,696 00	\$ 9,630 00	\$ 109,326 00

MISCELLANEOUS STATEMENT.

1 The calculation of the "Reserve" in the Statement of Actuarial Liabilities."—

- (1) Both policies and annuities were valued in groups on the following bases:—

Insurance.

American table with interest at 3½ per cent for policies issued prior to January 1, 1907.
 American table with interest at 3 per cent for policies issued after December 31, 1906.

Annuities.

McClintock table with interest at 3½ per cent for annuities issued prior to January 1, 1907.
 McClintock table with interest at 3 per cent for annuities issued after December 31, 1906.

Additional reserve for waiver of premium and income in event of permanent disability occurring prior to age 60; Hunter's Disability Table with interest at 3 per cent.

Policies were grouped by year of issue and sub-divided according to kind of policy and age at issue. The amount of insurance in each group was valued by a mean reserve table; in other words, the value of the sum insured and the value of the future net premiums were not calculated separately.

Annuities were grouped according to year of birth.

Special Classes—

- (b) No policies were issued at rated up ages.
 (c) No policies were issued with liens.

(d) Reserves for policies issued with a fixed extra premium payable annually were calculated as if such extra net premium were not payable; in other words, the extra net premium was considered as being required to cover the extra risk run in the year. No policies were issued with fixed extra premium payable in one sum.

(e) The Company does not issue policies except at standard rates.

(f) The Company issues policies providing for a Waiver of Premium only, and other policies providing for a Waiver of Premium and a payment of the sum insured in instalments, and another policy for Waiver of Premium and an income during disability. The reserves for all such policies are calculated according to the Hunter Disability Table with interest at 3 per cent. (a) Before occurrence of disability the reserve held is the normal reserve by said table. (b) Thereafter, the reserve is increased to the reserve for the immediate benefit granted—all according to said table and rate of interest.

(g) No annuities were issued to lives classed as under-average.

2) *Items of special reserve—*

(a) No additional reserve is held under limited Payment or Single premium policies. No additional reserve is held under immediate annuities to cover future expenses. The net reserves only are held.

(b) In the years 1898 to 1906, both inclusive, certain policies were issued with cash values in excess of the tabular American 3½ per cent Reserves. Additional reserves are held to enable the Company to pay such cash values.

(c) No reserves are held on account of lapsed policies.

(d) The only renewable term policy issued by the Company is the Yearly Renewable Term policy. No additional reserve is maintained to cover the right to renew.

(e) No reserves are maintained to cover the option of conversion into higher premium policies. The right to change from original date is granted only where the difference of premium with interest thereon will make good the reserve.

SESSIONAL PAPER No. 8

THE MUTUAL LIFE OF NEW YORK—Continued.

MISCELLANEOUS STATEMENT—Concluded.

III The average rate of interest earned by the Company as a whole was 4.407 per cent.

IV The distribution of surplus—

- (a) No shareholders; all surplus belongs to policyholders.
 (b) Dividends are not applied in reduction of all future premiums. (This statement pertains both to "premium reduction" and "reduction of premium term"). Paid-up insurance is purchased on net American 3 per cent basis. Dividends are not applied to reduce the endowment period.

Annual Dividends.—Annual dividends are payable on policy anniversaries commencing at the end of first policy-year (allotment of dividend at end of first policy-year is contingent upon payment of second year premium), and consist of two parts; (1) excess interest on initial reserve for the policy-year, the reserve being the American 4 per cent, 3½ per cent or 3 per cent reserve, according to whether the policy was issued prior to Jan. 1, 1898, in one of the years 1898 to 1906, inclusive, or after 31st December 1906, and (2) a refund to the insured of that part of the premium, paid one year earlier, which the Company has been able to save during the policy-year, the refund being calculated as a percentage of the loading contained in the "tabular annual premium", the percentage used for dividends payable in 1919 being 65 per cent, for policies issued in the years 1918 to 1907, inclusive, (60 per cent in the case of Term policies) 68 per cent for those issued in 1906, 69.5 per cent for those issued in 1905, 71 per cent for those issued in 1904, 72.5 per cent for those issued in 1903, 74 per cent for those issued in 1902, 75.5 per cent for those issued in 1901, 77 per cent for those issued in 1900, 78.5 per cent for those issued in 1899, 80 per cent for those issued in 1898, 92 per cent for those issued in 1897, and increasing 2 per cent for each year's earlier issue.

The rate of interest used in the dividend calculations of 1919 was 4.4 per cent, the excess being 0.4 per cent for 4 per cent reserve policies; 0.9 per cent for 3½ per cent policies, and 1.4 per cent for 3 per cent policies.

Deferred Dividends for 5, 10, 15 and 20 year periods are computed as follows.—(1) the annual dividends which the policy would have received had it been an annual dividend policy are taken, (2) these annual dividends are accumulated at compound interest, at the various rates used in the dividend calculations each year, up to the end of the dividend period, (3) the accumulated amount of these annual dividends is increased by a percentage, varying with the age of the insured, to recompense the policyholder for the risk he has run, and which he would not have run had the policy been an annual dividend policy, of losing surplus through death, discontinuance or otherwise, and (4) in the case of those 15-year distribution policies issued in the year 1904, and 20-year distribution policies issued in the year 1899 where the policy guarantees a cash value at and after the end of the distribution period in excess of the tabular American 3½ per cent reserve, the amount so found is reduced by the excess of such cash value over such reserve.

Subject to evidence of insurability satisfactory to the Company and to an agreement on behalf of the policyholder to a corresponding reduction in the policy guarantees at and after the end of the distribution period, the holder of each such 15 and 20-year distribution policy referred to in (4) was given an additional dividend in 1919 equal to the reduction already made in calculating the dividend. (See Dividend Schedule).

All deferred dividends are payable on the policy anniversary at the end of the deferred period if the policy is then in force, but not otherwise.

- (c) This company does not issue participating annuities.

DEFERRED DIVIDEND POLICIES.

			Totals	\$ 8,998,220	\$1,085,677 22

The amount of profits held as given in above table are estimated by calculating ratios of the deferred dividend fund to the deferred dividend insurance in force Dec. 31, 1919, for the total business of the Company and by applying the same ratios to Canadian deferred dividend insurance in force Dec. 31, 1919. The amounts so held do not constitute a legal liability of the Company.

No amounts are apportioned contingently or otherwise to such policies or classes thereof until the end of the deferred dividend periods.

MISCELLANEOUS STATEMENT.

I. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Assurances were valued according to the full net level premium method of valuation, tables of mid-year Policy values being used. For the purpose of valuation the Policies have been grouped according to plan, year of issue and age at entry. The age at entry for valuation purposes is the same as the age used in determining the Premium. The valuation of policies was based upon the British Offices Om (5) table of mortality with interest at 3½ per cent for participating Policies and the Hm Tables of Mortality with interest at 3½ per cent for Non-participating Policies. There is only one annuity and it was valued at age last birthday at date of Valuation. The table used was the British Offices' Select Life Annuity Table, 1893, with interest at 3½ per cent.

Special Classes—

(a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premium greater than the regular Canadian rates have a reserve respectively 1½ times and 1¼ times the ordinary Om (5) 3½ % Reserve Values. If rates are same as regular rates then the usual reserve is used.

(b) Policies issued at Premiums corresponding to ages higher than the true age were valued at the rated-up age.

(c) Policies issued subject to liens were valued for full amount of Insurance.

(d) Policies issued at a fixed extra premium were valued as though issued at ordinary rates.

(e) Policies issued in any other way to substandard lives were valued as though issued on regular plans.

(f) On policies providing for disability benefits an extra reserve was held as follows:—

(1) Before the occurrence of disability:—

(a) Where the benefit was the waiver of premiums only, no extra reserve was held.

(b) Where the benefit was the waiver of premiums and an annuity during disability, without reduction of sum assured, if disability occurs before age 60, an extra reserve was held equal to 50 per cent of the disability premiums received.

(2) After the occurrence of disability:—

(a) Where the benefit is waiver of premiums only—Policy is valued as a Paid-up contract.

(g) No annuities have been issued to lives classed as under-average.

2) *Items of Special Reserve—*

(a) No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

(b) The difference between the guaranteed surrender value and the net premium reserve is treated as a pure endowment, and a sufficient additional reserve is maintained to provide therefor.

(c) No reserve is held to cover the option of re-instatement under lapsed policies not continued in force under Automatic Non-forfeiture provisions.

(d) No extra reserve is maintained to cover the option of renewal under renewable term Policies.

(e) An extra reserve of \$2 per thousand per year is maintained to cover the option of renewal at the end of five years under Five Year Combined Option Policies which are renewable on life and Endowment plans at the attained age at date of conversion.

II. The modifications or limitations as regards Cash Surrender Value, Paid-up insurance, extended term insurance and Automatic Non-forfeiture were as follows:—

Under Policies issued at ages higher than the true age, the values are those corresponding to the rated-up age; for all other special classes of policies the same guaranteed values are given as for ordinary policies.

SESSIONAL PAPER No. 8

THE NATIONAL LIFE OF CANADA—Continued.

MISCELLANEOUS STATEMENT—Concluded.

III. The average rate of interest earned during the year, on the mean net ledger assets was 5.52 per cent.

IV. The Distribution of Surplus—

(a) The policy-holder receives 90% of the surplus earned on participating policies, and the shareholders 10%. Shareholders are entitled to the full surplus derived from the Non-participating Policies.

(b) For Quinquennial dividend policies a two-factor contribution method has been adopted, using (1) excess interest earned upon the reserve value of the Policy of 1% for the first Policy year and 1½% for subsequent years, and (2) the balance of premium loading after deducting an expense charge varying from 9 to 12½% of the office premium, according to plan, for the second and subsequent policy years. The surplus at the credit of the policy at the beginning of the year, was accumulated during the year at the net rate of interest earned by the Company.

For Deferred Dividend Policies the dividends were computed by a modified "asset share" method, by which a certain percentage of the premium was deducted for expenses, the percentage varying with the plan and except for endowments of specified terms, with the age also. On the Ordinary Life plan the percentage decreased from 34 per cent at age 20, to 27 per cent at age 55. In the case of Endowment policies 15 per cent was used for 10 Year Endowment policies at all ages; 18 per cent for all ages for Fifteen Year Endowment Policies and 22 per cent at all ages for Twenty Year Endowment Policies. For Limited Payment Life Policies, the percentage taken was the mean between the Ordinary Life Rate at the same age and the rate for an Endowment Assurance of the same premium paying period. The Mortality allowed in every case was 80 per cent of the Om (5) Tables, for ages 20 to 50 inclusive, and an increase of 1% for each age up to 99 per cent at age 60 and over. Interest was computed at 5 per cent throughout. A Valuation of the Deferred Dividend Policies was then made on the basis of these "Standard asset shares," the total compared with the actual funds at the credit of these Policies, and by this means the fund at the credit of individual policies was ascertained.

In the case of Five Year Dividend and Deferred Dividend Policies, the bonus addition is the amount of paid-up insurance which the cash profits will purchase according to the Hm 3½ % Tables of net premiums and the temporary reduction on Five Year Dividend policies is the annuity which the cash profits will purchase according to the Om (5) Table with 3% interest.

SESSIONAL PAPER No. 8

NEW YORK LIFE—Continued.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."—

The following explanation of the methods of valuation of the different policy and annuity contracts issued and in force on the books of the company pertains to the methods used in valuing the policies in force in the entire company.

The reserve for policies issued in Canada was approximated to by taking the ratio which the average reserves for 1918 on the Canadian Policies in force at the end of that year bore to the average reserves on the total policies in force in all countries and applying this ratio to the average reserves as at December 31, 1919, on the Total Business of the company. The average reserves so obtained were then applied to the Canadian Policies in force December 31, 1919.

(1) The reserves on policy and annuity contracts are calculated in groups. The grouping covers the year of issue, the age at issue, and the plan of insurance in a way that forms groups which are homogeneous. The age at which the net valuation premium is taken is the age at the nearest birthday at entry for assurances and the age at the last birthday for annuities. The duration is the number of full years having elapsed between the year of issue and the year when the reserve is computed, plus a half year. The method of valuation is the same for all classes. For bases valuation see page 247.

Special classes—

(a) Policies issued at the "Semi-Tropical" and "Tropical" scales of premium were valued by hypothetical tables of mortality representing at each age one and one-half times and twice the American rate of mortality respectively. These tables are known as "Sesqui American" and "Double American."

(b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher age.

(c) The reserve used on policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to lien is that for a policy with a lien equal to the Company's published single premium for life assurance at the insured's age at issue, such lien decreasing each year by the annual premium paid. The basis of the reserve is the Double American Mortality Table and 3 per cent interest. No policies with lien have been issued by the Company since December 31st, 1906.

(d) For policies issued in 1919 with a single extra premium an extra reserve of one-half the premium is held. For prior issues the Company does not carry a specific reserve, as the additional hazard is covered by the Contingency Reserve and as the extra hazard generally lasts for one year only. For policies issued with an annual extra premium one-half the net extra premium for the current year is reserved. In certain countries, however, including Canada, where a war risk extra is charged, the excess of the war extra premium over death losses due to warfare is returnable; the reserve carried is such extra premiums less war losses, but not less than one-half the extra premium for the current year.

(e) Policies issued on sub-standard lives and placed in the Adjustable Accumulation Class are for the most part valued on the Double American Table of Mortality with 3 per cent interest. A few of those issued prior to 1904 and all policies in the Intermediate Accumulation Class are valued on the Sesqui American Table of Mortality with 3 per cent interest.

(f) Under policies providing for disability benefits (waiver of premium and other benefits), the benefits are valued before the occurrence of disability at the standard adopted by the Insurance Department of the State of New York, viz.: "Hunter's Disability Tables" at 3 per cent interest. After disability the additional liability incurred is valued by the same tables.

(g) The Company charges the same scale of premiums to all annuitants and does not grant special rates to lives classed as under average.

(2) Items of Special Reserve—

(a) A reserve of \$820,000 is carried for future expenses on paid-up annual dividend policies and on single premium policies. As the basis of the considerations for annuities is 3 per cent interest, the excess of interest earnings over 3 per cent provides for the expenses after the first year.

(b) The guaranteed benefits do not exceed in value the net premium reserve on the basis of valuation employed.

(c) A reserve of \$429,565.37 is held on account of policies cancelled, upon which a surrender value or reinstatement may be demanded as follows (1) \$179,565.37 on account of policies in foreign countries surrendered for their cash surrender values and awaiting Government action before payment. (2) \$100,000 on account of cancelled policies issued many years ago, where claims may arise on account of the deaths of the insured. (3) \$150,000 on account of lapsed policies which may be reinstated.

The amounts under (2) and (3) are based on the Company's experience.

(d) No renewable term policies have been issued since 1909. On policies issued prior a deduction is made from the dividend to provide for the option of renewal and the amount of such deductions is carried in the contingency reserve.

(e) The privilege of conversion to higher-priced plans has not been given where selection can be practiced against the Company by poor risks, hence a reserve to cover the option of conversion is not necessary.

(f) The following special reserves have been set aside in respect of the whole business of the Company:—A special reserve of \$2,000,000 for net death losses incurred but unreported; a Security Fluctuation and General Contingency Fund of \$41,493,640.91; Annual Dividend Equalization Funds of \$2,404,327, and a reserve of \$5,201,805 for Nylic contracts to cover future payments to agents under certain contracts.

II. (a) There is substantially no difference between the cash surrender and paid-up values for tropical and sub-tropical policies and for corresponding insurance under domestic policies. Under tropical policies the term extension values are about one-half and under sub-tropical about three-fourths of the term extension under corresponding domestic policies.

(b) The cash surrender, paid-up, and term extension values under policies issued at premiums corresponding to ages higher than the true age are calculated at the higher age.

(c) No policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to lien, have been issued by the Company since 1906. There is substantially no difference between the cash surrender and paid-up values now available under such policies and those available on corresponding insurance in the standard class.

(d) The cash surrender, paid-up and term extension values on policies issued at, or subsequently subject to, an extra premium are the same as for similar policies where no extra premium is charged.

(e) The cash surrender and paid-up values now available on Intermediate Accumulation Policies and on Adjustable Accumulation Policies without lien do not differ materially from those of similar policies in the Standard class. The term extension values of Intermediate Accumulation Policies are about three-fourths and of Adjustable Accumulation Policies without lien about one-half the term extension of similar policies in the Standard class.

(f) The cash surrender, paid-up and term extension values for policies providing for disability benefits are the same as for corresponding insurance without disability benefits.

III. The average rate of interest earned during the year on the Company's ledger assets was 4.609 per cent.

IV. *The distribution of surplus—*

(A) There are no shareholders. The company is purely mutual.

(B) Synopsis of Methods of Calculating Dividends.

10 GEORGE V, A. 1920

NEW YORK LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

(1) *Contribution Annual Dividend Policies.*

The Company's rule of apportionment is in accordance with the principles and methods described in a paper by Rufus W. Weeks, entitled "A Practical Rule for Calculating Annual Dividends", and published in the Transactions of the Actuarial Society of America. On policies completing their first insurance year in 1919, no dividend was earned or was apportioned by the Company as payable in 1919. On policies completing their second or subsequent insurance year in 1919, the dividend declared was 100 per cent of the "Normal Renewal Surplus". The "Normal Renewal Surplus" consists of two parts, (1) the year's saving from loading, being the excess of the loading over the expense charge for the year (11.25%), increased by a year's interest, and (2) the year's profit from interest, obtained by applying the excess of the net effective rate of interest for the year (4.2%) over 3 per cent to the mean reserve.

The Company's experience with Contribution Annual Dividend policies has developed certain minor sources of surplus in addition to the two main sources included in the regular dividends. These minor sources of surplus include economy in acquisition expenses combined with surplus arising from discontinuances and from favourable mortality.

Extra dividends, payable in 1919, were accordingly declared, as follows:—(a) 10 per cent of the premium at the Domestic Annual Rate on Contribution Annual Dividend Policies, dated 1914, on which five years' premiums have been paid (b) \$10 per \$1,000 of insurance on Contribution Annual Dividend Policies, dated 1909, remaining in force at the end of the 10th policy year, provided that in any country engaged in war, death losses due to war be charged against such extra dividends applicable to policyholders in that country.

(2) *Seven-Year Equalization Policies with Yearly Distribution.*

"General" Class Policies.

The annual dividend declared in 1919 was 85 per cent of the "Normal Renewal Surplus" based on an interest rate of 4.2 per cent and a renewal expense ratio of 11.25 per cent.

"Select" Class Policies.

The annual dividend was that of the "General" Class increased by 15 per cent of the net cost of insurance.

At the end of the second seven-year period of both General and Select class policies issued in 1905 an amount corresponding to the foregoing annual dividends declared and paid in 1919 was declared and paid in 1919 as additional profits apportioned as a seven-year bonus, based on the accumulated excess of the surplus earned over the annual dividend declared from year to year during the seven-year period.

(3) *Five-Year Dividend Policies.*

The dividend declared in 1919 was equal to the annual dividends for each of the five years that would have been declared had the policies been annual dividend policies accumulated with compound interest at 4 per cent and with benefit of survivorship.

(4) *Fifteen-Year and Twenty-Year Deferred Dividend Period Policies.*

The dividends declared in 1919 were the excess of 96.0 per cent of the "Standard Cash Value" of 1919 over the cash value guaranteed in the policy. If the reserves required to be held under the New York State Law exceeded the guaranteed cash value, then that reserve was used instead of the guaranteed cash value.

The tables of "Standard Cash Values" were constructed according to the principles and methods more fully described in a pamphlet published in 1905 and entitled "True Accounting with Deferred Dividends," by Rufus W. Weeks. A model account is constructed of an assumed valuation group consisting of 10,000 policies issued at the same age and on the same plan. By applying the mortality rate and the discontinuance rate for each policy year, the number paying premiums in each year is ascertained. By applying average expense rates for each policy year the effective premiums received in the group are ascertained. The effective premiums accumulated to the end of the period represent the "credits" of the group. The death losses paid and the surrender allowances paid (the latter based upon average rates of surrender allowance for each policy year) are also accumulated to the end of the period and represent the "debits". The balance of "credits" over "debits" is divided by the number of survivors, and the share of each survivor, adjusted in the case of policies that may be continued beyond the period for the cost of this option, is the "Standard Cash Value".

Methods of Applying Dividends.

An annual dividend may be at the option of the insured—

- (a) taken in cash;
- (b) applied towards the payment of any premium or premiums;
- (c) applied to the purchase of a participating paid-up addition to the sum insured on the basis of the American

Table of Mortality, 3 per cent interest, with a loading equal to the values of an annuity of \$2 per thousand of paid-up addition.

- (d) left to accumulate to the credit of the policy with interest at a rate never less than three per cent.

Under Accelerative Endowment policies the insured may elect to apply all dividends to mature the policy as an endowment at a gradually diminishing age of the insured. The dividends are used for this purpose on the basis of the American Table of Mortality and 3 per cent interest.

Deferred Dividends may, at the option of the insured, if the policy so provides, be converted into

- (a) a reduction of subsequent premiums on the basis of the Company's published table of annuity rates.
- (b) non-participating paid-up insurance on the basis of the American Table of Mortality and 3 per cent interest.

The cash value of bonus additions is the full reserve on the American Table of Mortality and 3 per cent interest.

- (c) All annuity policies issued by the Company are on a non-participating basis.

Reserve maintained by the Company in excess of the statutory reserve.....	72,000	5,000	77,000

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."—

(1) Policies of the same year of issue, plan and age were grouped for the purpose of valuation. Reserve was computed according to the Institute of Actuaries' Hm. table with interest at 3½ per cent; the valuation age being based on the age at which the premium was charged, excepting in the case of Endowment Policies, which were grouped in five year age groups. The duration was taken as year of valuation less year of issue plus ½ year. Annuities were valued according to the B.O.L.A. table with interest at 3½ per cent.

Special Classes—

- (a) Policies issued at tropical rates were valued by the American Tropical Table with interest at 3 per cent; Policies issued at sub-tropical rates by a table based upon the mean of qx by the Hm. table and the American Tropical table with interest at 3 per cent.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the "rated-up" age.
- (c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being Policies subject to liens, were valued as if the full amount were payable without any deduction.
- (d) An additional reserve was held of one-half the extra premiums paid under Policies issued at or subsequently subject to an extra premium payable annually. Policies are not issued with extra premiums payable in one sum.
- (e) In a few cases applicants were limited to special plans and on such policies the ordinary reserve is held.
- (f) A reserve of one-half the annual disability premium is held under Policies providing for waiver of premiums in case of disability, and a reserve of one-half total premiums received is held under Policies providing for waiver of premiums and disability Annuity. No claims have as yet occurred.
- (g) Special rates are not quoted for annuities on lives classed as under-average.

(2) *Items of Special Reserve*—

- (a) No reserve is held for pre-paid loadings under limited and single premium Policies, nor under immediate annuities.
- (b) An additional reserve on the Hm. 3½% basis is held in respect to guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed.
- (c) The full reserve is maintained for a period estimated to average six months after lapsing on account of lapsed policies not continued in force under Automatic Non-forfeiture provisions, but being subject to reinstatement.
- (d) No reserve is held to cover the option of renewal under Term Policies.
- (e) (a) Where a policy is changed to one on a higher premium plan after five years from original date of issue, consideration is given to difference in reserve, and therefore a special reserve is regarded as unnecessary. (b) No reserve is held to provide for the option of changing at the attained age.
- (f) No other special reserves are held.

II. Tropical and sub-tropical Policies are subject to the same guaranteed surrender values as are granted under Policies issued to persons resident in Canada.

The guaranteed values under policies issued at a "rated-up" age are those for the age for which the premium is charged. Where an extra premium is charged the regular guaranteed values are granted. In the case of policies subject to a lien the paid-up insurance values and amount for which the insurance may be extended are reduced proportionately, the cash surrender values remaining unchanged. Where premium payments are waived under the Total and Permanent Disability Benefit the guaranteed values increase in the same manner as though the premium had been paid in cash.

SESSIONAL PAPER No. 8

NORTH AMERICAN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

III. The average rate of interest earned during the year on the mean net ledger assets was 6-12%.

IV. The distribution of surplus—

(a) Shareholders or Guarantors are not entitled to participate proportionately with Policyholders, but are limited as to dividend rate, Guarantors receiving \$6,000 or 10% of guarantee fund.

(b) *Deferred Dividends.*

The actual surplus paid or apportioned was a determined proportion of the surplus ascertained by deducting the appropriate Reserve from an amount brought out by a Modified Asset Share table. In this table, the rate of interest used was 4-65; the expense charge for the first year was 20% of the premium plus \$5 00 per \$1,000, also the Statutory First Year Reserve Deduction, which is refunded out of the Mortality Savings; for Policies issued prior to 1900 a slight modification was made; the Renewal Expense charge was 7½% of the premiums. Appropriate discontinuance factors were used.

(Additional Mortality Savings are not specifically apportioned but are used as an offset against expenses in excess of the aggregate for which the above factors make provision.)

Quinquennial Dividends.

Similar methods as for Deferred Dividends, providing, however, for slightly altered expense incidence.

Cash dividends were converted into premium reductions or reversionary bonus additions on the net Hm. 3¼% basis.

(c) Annuitants do not share in surplus.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

SESSIONAL PAPER No. 8

NORTH BRITISH AND MERCANTILE—Continued.

MISCELLANEOUS STATEMENT.

I. The calculation of the Reserve in the "Statement of Actuarial Liabilities":—

- (1) The Actuarial Liabilities are ascertained by taking the difference between the present value of the Sums Assured, and existing Bonuses, and the present value of the future net premiums, computed from the Tables of Mortality and at the rate of interest mentioned below.

Whole Life Policies by premiums payable throughout life, and Endowment Assurance Policies were valued in groups, the former being grouped according to year of birth, and the latter according to year of maturity. Policies in the remaining classes, and Annuities, were valued individually.

The age at which the net valuation premium was taken is the age at entry at which the office premium was calculated. The valuation age was determined by subtracting the year of birth from 1919 and adding half a year to the result, the assumption being that the lives were born on the average on 1 July.

The Tables of Mortality used in the Valuation are:—

First. For Assurances, the British Offices Omn Tables

Second. For Annuities, the British Offices Life Annuity Tables 1893 with a loading of 3 per cent for expenses. The rate of Interest used in the Valuation both for Assurances and Annuities is 3 per cent.

Special Classes:—

- (a) Under policies subject to annual extra premiums for climatic risk an additional Reserve equal to one year's extra premium has been made.
 - (b) Policies issued at premiums corresponding to ages higher than the true ages were valued as if they had been effected at the rated up ages.
 - (c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full sum assured were payable throughout.
 - (d) None of the Canadian Policies in force at 31 December, 1919, have been issued or have become subject to a fixed extra premium other than for climatic risk.
 - (e) Policies are not as a rule issued to substandard lives otherwise than at premiums for ages higher than the true ages. In some exceptional cases the Assured is given the option of a policy at the premium for the true age, such policy being issued subject to a lien by the Company for a fixed term.
 - (f) Under policies providing Disability Benefits the whole of the additional premiums received therefor has been reserved. There are no cases where Disability has occurred.
 - (g) No Annuities have been issued in Canada on lives classed as Under Average
- (2) Items of Special Reserve:—
- (a) The Reserve held under Limited and Single premium policies on account of prepaid or limited loadings is \$14,272.20.
 - (b) In no case is the guaranteed cash value of a policy in excess of the net premium reserve on the basis of Valuation employed.
 - (c) A full reserve is held on account of lapsed policies which have an option of reinstatement.
 - (d) No Term policies carrying an option of renewal were current on 31 December, 1919.
 - (e) The reserve for the option of conversion under Convertible Term Policies, the premium on the new policy being that for the age attained at conversion, is the amount of the premiums received in excess of that for the ordinary term risk.

- II. No modifications or limitations are made under the special classes referred to in I. (1) (a) to (f) above in respect of Guaranteed Values, except that in the case of policies issued at premiums corresponding to ages higher than the true ages the guaranteed values allowed are those calculated for the true age.

- III. The accounts of the Life Assurance Branch of the Company's business for the year will not be completed until the beginning of May, 1920, and in the meantime the rate of interest earned cannot be determined. For the preceding year the rate according to the formula $\frac{2I}{A+B-1}$ was 4.760% before deduction of Income Tax.

IV. The Distribution of Surplus:—

Life Policyholders paying the participating rates of premium share in the divisible profits of the Life Assurance Branch as ascertained at the quinquennial valuation to the extent of nine-tenths, the remaining one-tenth being payable to the Shareholders. The respective shares of the profits allocated to the policies are calculated on the Sum Assured and all previous bonuses existing at date of valuation, multiplied, in all cases, by the number of years the premium has been paid since the last division of profits. On paid up Policies the bonus is allocated in the same way as it would have been allocated if the policies had been renewable by annual premium.

The profits of the Annuity Business belong to the Shareholders only.

MISCELLANEOUS STATEMENT.

1. *The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities."*—
 - (1) Policy Contracts are valued individually being listed in order of Policy Numbers by plan and year of issue. The valuation schedules show the terminal reserves preceding and following the valuation date as well as the net premiums and death strains. This permits of the balancing of each page and ensures the accuracy of the valuation. The mean reserves are deduced for individual plans only, and for the whole business from the totals of the above mentioned items. The age at entry is the age nearest birthday and the duration in each case is $N + \frac{1}{2}$ where N is the difference between the calendar years of issue and valuation.
 - The Annuity Contracts are valued individually.
 - The Insurance Contracts were valued by the Om (5) Table of Mortality with $3\frac{1}{2}\%$ interest and the Annuity Contracts by the British Offices Select Annuity Tables with $3\frac{1}{2}\%$ interest.
- Special Classes*—
 - (a) The company has not issued Policies on lives resident in tropical or subtropical countries.
 - (b) The Company does not issue Policies at premiums corresponding to ages higher than the true ages.
 - (c) Policies providing for the payment at death during certain periods of amounts less than the full amounts of insurance (being policies subject to liens) are valued as ordinary Policies without such restrictions.
 - (d) Policies with extra premiums, either single or annual, are valued as ordinary Policies without such charges.
 - (e) In dealing with sub-standard lives the Company uses no method other than to charge an extra premium or place a lien on the policy. Such cases are valued as in (c) and (d) preceding.
 - (f) Policies issued with the Disability Benefit (Premium Waiver) are valued as ordinary policies without the benefit but 75 per cent of the extra premiums received in respect of the benefit is held as a special reserve. There are no policies under which the disability benefit has been claimed.
 - (g) No annuities have been issued to under average lives.
- (2) *Items of Special Reserve*—
 - (a) No reserve is held under limited or single premium policies on account of prepaid or limited loadings and no additional reserve is made under immediate annuities to cover future expenses.
 - (b) Where surrender values are guaranteed in excess of the reserve on the valuation basis the amount of the excess is treated as a pure endowment and valued accordingly.
 - (c) No reserve is held in respect of lapsed policies which have no surrender value but are subject to revival.
 - (d) No reserve is held to cover option of renewal under term policies.
 - (e) No reserve is held to cover option of converting policies on any basis into others with higher premium rates.
 - (f) Policies carrying guaranteed interest payments have additional reserves attached equal to the amount of the outstanding interest payments.
- II. The special class policies referred to in I (1) (d) namely policies issued at or subsequently subject to an extra premium are not entitled to the extended term insurance privilege, while subject to such extra charge. Other special class policies have the same guarantees as ordinary policies.
- III. The average rate of interest earned during the year on the mean net ledger assets was 5.88 per cent.
- IV. *Distribution of Surplus*—
 - (a) In dividing the surplus between the shareholders and policyholders the shareholders are given 10% of the surplus arising from participating policies and all surplus arising from non-participating policies.
 - (b) The dividends paid in 1919 were determined on the basis of the loadings only from which deductions were made for expenses. These deductions were such that $6\frac{1}{2}\%$ of the premiums was returned in the case of life policies and 5% in the case of endowments. Where dividends were applied to reduce future premiums the amount of the reduction was computed by using the net annuity value on the Om (5) $3\frac{1}{2}\%$ basis.
Where dividends were applied to purchase a reversionary bonus addition, the single premium used was that for attained age on the Om (5) $3\frac{1}{2}\%$ basis loaded five per cent.
No dividends were applied to shorten the premium paying term or reduce the endowment period.
Surplus has been apportioned to deferred dividend policies issued after 1st January, 1911, on same basis.
 - (c) The Company issues non-participating annuities only.

MISCELLANEOUS STATEMENT.

I. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) The Reserves were calculated on a true net premium method except in a few minor classes where a proportion or accumulation of the premiums paid has been reserved. Policies were grouped according to class and subdivided according to Valuation age. The age at entry for the purpose of calculating the net premiums was taken either as the nearest age at entry or the age next birthday at entry. The Valuation age was taken as follows:—

For Whole Life Assurances and Annuities, the nearest age at the date of Valuation.

For Endowment Assurances, the mean valuation age according to Lidstone's method.

Tables of Mortality and Rates of Interest used:—

British Empire Fund.

For Assurances—British Offices O^m (5). Table at 3%.

For Annuities—British Offices O^a. Table at 3%.

Company's Life Fund.

For Assurances—British Offices O^m. Table at 3%.

For Annuities—British Offices O^a. Table at 3%.

Special Classes—

(a) (b) (d) (e) Policies issued at or subsequently made subject to an extra premium were treated as follows:—

Defective health or family history.

British Empire Fund.—An extra reserve was made of one half year's extra premium.

Company's Life Fund.—Valued at rated-up age except in case of Endowment Assurances where one half year's extra premium was reserved.

Climate or Occupation.—An extra reserve made of one half year's annual extra. In cases of Single Extra premiums each case was treated on its merits.

(c) Policies subject to lien were valued for the full sum assured at the true age.

(f) A reserve has been made of the total of the additional premiums paid under policies providing disability benefits.

(g) No annuities classed as under average.

(2) *Items of Special reserve.*

(a) Additional Reserves made on account of prepaid or limited loadings are shown in Statement of Actuarial Liabilities.

(b) No guarantees are given exceeding the net premium reserve on the basis of valuation employed.

(c) There are very few lapsed policies subject to reinstatement and no reserve is maintained therefor in excess of the cash surrender value.

(d) There are no renewable term policies in force.

(e) In the case of Term Policies issued with option of conversion as at age attained at date of conversion inclusive reserves were made of varying percentages of the premiums paid. Options of conversion as at original age of entry are not given.

II. No policies are included in the "Statement of Actuarial Liabilities" subject to climatic extras but if there were any such policies the surrender values would be the same as under a similar policy without extra.

III. The Average rate of interest earned by the whole of the Life Funds of the Company at home and abroad during 1919 was 3.93% after the deduction of Income Tax.

IV. *The Distribution of Surplus—*

(a) Divisible Surplus is distributed as follows:—

British Empire Fund.—All to participating policyholders.

Company's Life Fund:—

Participating Branch:—All to policyholders.

Nonparticipating Branch:—All to shareholders.

(b) The divisible surplus represents the value on the valuation basis of Reversionary Bonus additions to participating policies at the rates declared. Such reversionary Bonus additions are at present being commuted as follows:—

Immediate cash payment.

Reduction of future premiums.

(c) Annuitants do not participate in profits.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1919.

LIFE DEPARTMENT.

During the year, 2,966 Life policies were issued, assuring £2,325,439 with new premiums of £98,808. Re-assurances were effected with other companies for £162,815 at premiums of £5,301. The net new assurances were thus £2,162,624 and the net new premium income £93,507, including £5,003 of single premiums.

One hundred immediate annuities were granted for £8,039 per annum, the consideration money received being £88,586 One deferred annuity for £10 per annum at a premium of £9 was also granted.

Claims for the aggregate sum of £631,150 arose by the death of 639 persons assured under 776 policies. The total amount paid was within the normal expectation. A further sum of £200,957 was paid in respect of endowment assurances matured. Fifty-nine annuitants in receipt of £5,524 per annum, died during the year.

The income of this department for the year was £1,326,847 and the outgoings including £189,667 written off securities were £1,302,556. The Life Assurance funds at the close of the year stood at £11,171,177. The average rate of interest was £3 18s. 8d. per cent after deduction of income-tax.

PROFIT AND LOSS ACCOUNT.

By the operations of the year there have been passed to Profit and Loss from the Fire, Accident and Marine Accounts gross profits of £636,637, but the provision of £438,260 for Income Tax, Excess Profits Duty and other Taxes, in respect of these profits has reduced them to £198,377. Interest amounted to £187,600.

After payment of dividends and the interest on Debenture Stock, together amounting to £201,489, the Directors have applied £170,977 in writing down the securities in the Fire, Accident, Marine and Shareholders' Accounts to the values at 31st December, 1919 and have carried £25,000 to Office Premises Account. A balance of £335,375 remains to be carried to the credit of next year's account.

The Directors recommend that a dividend of 12s. per share be declared, to be payable in two instalments of 6s. each on 1st May and 1st November next, to members on the register on the 30th April and 31st October respectively. This compares with a total payment in 1919 of 11s. per share. All dividends are subject to deduction of income tax.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) In computing the reserve in the "Statement of Actuarial Liabilities" the full net level-premium system of valuation has been used throughout, tables of mortality and interest bases being listed below.

Assurance policies and annuities were valued in groups.

Ages at entry under Ordinary Assurance policies were taken according to the age nearest birthday, and under Industrial Assurance policies according to the age next birthday. To determine the duration the policies were grouped according to calendar years of issue, the duration being taken as the difference between the valuation year and the year of issue increased by 5, it being assumed in the case of Ordinary policies under which the premium-paying periods have not already expired that premium payments had been made to the end of the policy year terminating in 1920.

Industrial Paid-up policies were grouped according to ages attained (age at entry plus duration) at the end of the year of valuation, Paid-up Term and Paid-up Endowment policies being grouped according to calendar years of expiry and maturity, respectively, it being assumed that all such policies expiring or maturing in any given calendar year would, on the average, expire or mature on June 30th of that year, the reserve being calculated accordingly.

Ordinary Paid-up policies were grouped according to the "valuation" year of birth; that is, the year of issue of the original policy minus the rated age at entry. With this as a basis, reserves were calculated, based upon the attained age at the end of the year of valuation, it being assumed under Paid-up Term and Paid-up Endowment policies which were grouped according to calendar years of expiry and maturity, respectively, that the policies would, on the average, expire or mature on June 30th of the year of termination.

The reserves on Ordinary business have been computed as follows:—

Am. 3½% for policies issued prior to January 1st, 1901.

Am. 3% for policies issued after December 31st, 1900, and prior to August 1st, 1907.

Am. 3½% for policies (excluding Intermediate policies and policies with Intermediate and Hazardous rating) issued after July 31st, 1907.

New York Standard Intermediate Table of Mortality with 3½% interest for Intermediate policies and policies with Intermediate and Hazardous rating issued from August 1st, 1907, to June 14th, 1916, inclusive and for Intermediate and Hazardous Rating policies issued after April 14th, 1919.

"1912" Intermediate Table of Mortality with 3½% interest for Intermediate policies and policies with Hazardous rating issued after June 14th, 1916, and prior to April 15th, 1919.

Hunter's Disability Tables with 3½% interest for Disability provision and for Annuities on disabled lives resulting from Disability Claims.

McClintock's Tables with 3½% interest for original Annuities issued after December 31st, 1906.

The reserves on Industrial business have been computed as follows:—

Am. 3½% for policies issued prior to January 1st, 1901.

Am. 3% for policies issued after December 31st, 1900, but prior to January 1st, 1907.

New York Standard Industrial Experience Table of Mortality with 3½% interest for policies issued after December 31st, 1906.

Special Classes—

(a) The Prudential does not issue insurance on the lives of persons residing in tropical or sub-tropical countries.

(b) Policies issued at premiums corresponding to ages higher than the true ages have been valued according to the higher age.

*For terms certain less than 26 weeks.

SESSIONAL PAPER No. 8

THE PRUDENTIAL—Continued.

MISCELLANEOUS STATEMENT—Continued.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance are valued for the full amount at all stages.

(d) (1) The Company has no single premium policies with extra ratings in force on the lives of the residents of Canada.

(2) Where extra premiums are charged to cover extra hazards under annual premium policies, the extra hazard covered by the extra premium has been considered yearly term insurance for the extra hazard, and an additional reserve has been held accordingly, the reserve held being equal to one-half of the annual extra premium so charged.

(e) Policies have not been issued on sub-standard lives other than as noted in (b), (c) or (d).

(f) (1) The valuation of the disability benefits has been carried out according to the net level premium method on the basis of Hunter's Disability Tables with interest at the rate of 3½% per annum. Where no extra premium is charged for the disability benefits, it is assumed that a sufficient portion of the regular gross premium is set aside to cover the net annual premium cost of the disability benefits. The net premiums for disability benefits are assumed to be payable during the same period as the actual premium payments under the policy; they cease upon the occurrence of disability prior to age 60, but are payable during any period of disability beginning after age 60 if within the regular premium payment period of the policy. With certain exceptions noted below, the disability benefits for which no extra premium is charged consist of waiver of premiums and payment of amount of insurance in instalments in event of disability prior to age 60; if disability occurs subsequent to age 60, the benefit consists of waiver of premiums with reduction of the amount of insurance by the amount of each gross premium waived. These benefits have been provided for in Ordinary policies issued since January 1, 1916, and the same benefits have been made retroactive to apply to Ordinary policies issued prior to that date, in respect to disability occurring in 1916 or thereafter. In the case of policies issued prior to 1916, it has been assumed in valuation that the disability provisions became effective on the policy anniversary in 1916.

Note.—In the case of Intermediate policies and Special rating policies, the benefit consists only of the waiver of premiums upon the occurrence of disability prior to age 60. Term policies, policies with the Medium or Hazardous rating, policies on the lives of women, joint policies covering more than two lives, and policies with extra premium charge (not including Special rating policies) are not entitled to any form of disability benefit.

In figuring the reserve for the waiver of premium benefit, it is assumed that the amount of premium waived is the net annual premium in the case of policies issued on and after August 1, 1907, and 90% of the gross annual premium in the case of policies issued prior to August 1, 1907.

(2) After disability has occurred prior to age 60 and the insurance is being paid in instalments, the reserve held consists of the present value of an annuity certain for the amount of the unpaid instalments. An additional reserve is held in case the policy provides for pure endowment addition, for increase in the amount of insurance or for continuous instalment payments to insured or beneficiary. If the benefit consists only of waiver of premiums, the reserve held on account of disability benefit is equivalent to the present value of premiums to be waived thereafter. This is in addition to the regular reserve on the policy.

After disability has occurred subsequent to age 60, the reserve held on account of disability benefit is equivalent to the present value of interest losses on gross premiums to be waived thereafter. This is in addition to the regular reserve on the amount of insurance as reduced by the premiums already waived. In cases where the point may eventually be reached when the total premiums already waived and charged against the policy will exceed the amount of insurance, it is assumed that premiums payable thereafter will be lost entirely, and the present value of such premiums is included in the reserve held on account of the disability benefit.

Note.—After disability has occurred, the present value of premiums to be waived is calculated on the basis of the net premiums in the case of policies issued on and after August 1st, 1907 and non-participating policies issued prior to that date, and on the basis of 90% of the gross premiums in the case of participating policies issued prior to August 1st, 1907.

(3) From and after January 1st, 1919, policies have been issued providing for a monthly disability income of 1% of the amount of insurance, together with waiver of premium on the policy. As compared with other regular policies, the additional disability benefit consists of the difference between the value of the disability annuity of 1% of the sum insured and the value of interest on the sum insured from date of disability to date of death or maturity as an endowment, as where the disability annuity is provided the sum insured is not payable till death or maturity. Such policies are valued, first, with regular policies for the disability benefit not specifically charged for and, second, for the extra disability benefit as above described. The additional premium ceases on disability or at age 60 (or at the end of the premium term if prior to age 60) and is so treated in the valuation.

(g) The Prudential does not issue Annuities on lives classed as under average.

(2) Items of special reserve.—

(a) No reserve is held under Limited and Single Premium policies on account of prepaid or limited loadings, nor is any additional reserve held under immediate Annuities to cover future expenses. Reserves are on the net premium basis throughout.

(b) The Company does not grant any guaranteed benefits which exceed in value the net premium reserve on the basis of the valuation employed except in certain cases of group insurance the gross premiums under which are based on the Medico-Actuarial table of Mortality. As the reserve is held on the American Experience basis an appropriate reserve is held to cover those cases where the rates charged are less than the net rates according to the American Experience table.

(c) The Company does not hold any special reserve under policies lapsed subject to reinstatement.

(d) Term policies do not contain the option of renewal.

(e) No extra reserve is held to cover the option of conversion, either at the original age at entry or at the attained age, under any of our policies containing such options of conversion.

(f) (1) It was decided by the Board of Directors in December, 1919, in the case of death claims occurring during the year 1920 under Industrial policies in force twenty years or more on the lives of negroes, that the same death benefit will be paid as that paid in the case of similar policies on the lives of white persons. This concession was in the nature of a one-year concession and accordingly the regular valuation reserve on the policies involved was computed according to the contractual benefits, and in addition a reserve was held representing the net single premium value, based on the valuation table of mortality and interest rate of the extra insurance risk for one year.

(2) All Industrial Whole Life policies under which the insured have fully attained 75 years of age have been made by concession paid-up for the full amount of insurance and have been valued accordingly. Furthermore, the Board of Directors in December, 1919, resolved that all Industrial Whole Life policies under which the insured may attain age 75 during 1920 be made, as of December 31st, 1919, Limited Payment policies with premiums ceasing upon the attainment of age 75. The necessary extra reserve has been included in the reserve liability to cover the increase of the Limited Payment Life reserve over the regular Whole Life reserve on the policies subject to this concession.

II. Guaranteed values in special class policies referred to in I (1) (a) to (g) above.—

(1) (a) The Prudential does not issue policies on lives resident in tropical or sub-tropical countries.

(b) Guaranteed values granted according to the higher age.

(c) Regular values.

(d) (1) and (2) Regular Values.

(e) Prior to 1907 some policies were issued subject to the provision that dividends would be granted based on the experience of that particular class of policies. No extra premiums were charged but the Paid-up and Automatic Extended Insurances values were calculated according to the mortality experience on that class of policies.

(f) The Disability provisions contained in policies have no effect upon the surrender values.

(g) The Prudential does not issue Annuities on lives classed as under average.

10 GEORGE V, A. 1920

THE PRUDENTIAL—Continued.

MISCELLANEOUS STATEMENT—Concluded.

III The average rate of interest earned during 1919 on the mean net ledger assets was 4 52%.

IV. The distribution of surplus.—

(a) All the surplus earnings since April 4th, 1915, accrue to policyholders except for a sum not exceeding ten per cent. per annum on the capital stock. All of the capital stock except 5 51% is held by the trustee for the policyholders, and all dividends on capital stock except the above proportion of 5 51% are returned to policyholders.

(b) The methods by which dividends to policyholders have been computed are set forth below. Paid-up additions are calculated on the basis of net American Experience 3½% single premiums, except for policies issued as participating prior to August 1907, where the Combined 4% (issues prior to 1901) and American 3% tables are used, net single premiums being adopted in the case of ten, fifteen or twenty-year deferred dividends and single premiums including a small loading being used for other dividends.

When premiums are paid in advance or reduced for a term of years by the application of dividends, interest only enters into the calculation as in event of death of the insured, advance payments are added to the amount of claim.

Annual Dividends.

For each kind of policy a calculation is made to ascertain the annual and accumulated earnings in accordance with the Company's experience. For this purpose the sums insured in force at the beginning of the calendar year are subdivided into groups according to year of issue and kind of policy, and the corresponding reserves and accrued surplus of each group are tabulated. Estimates are then made of the expected income from premiums and interest, and the outgo for claims, surrenders, dividends and first-year and renewal expenses, and the estimated total of each of these items is compared with the actual figures, and a ratio derived for correction of the estimate. The estimated reserves at the end of the year, similarly corrected to agree in the aggregate with the actual reserves, are deducted from the funds at the end of the year obtained by adding income to the funds at the beginning of the year and deducting outgo. The surplus so obtained in each group is divided by the estimated sums insured in force at the end of the year, also corrected to agree in the aggregate with the actual total, the accumulated surplus per \$1,000 for each year of duration and kind being thus obtained, and by comparison with the corresponding figures for the beginning of the year, the earnings of the year are ascertained.

The surplus so determined represents the earnings at the effective age for the group in question. Calculations are then made of a hypothetical group of 1,000 policies for \$1,000 each, for each of the entry ages 20, 30, 40, 50 and 60, showing the progress of the fund formed by taking account of income and outgo, and the resulting surplus. Rates of interest, mortality, surrender and expense are derived from the Company's experience, and the available dividends so disclosed are made to correspond at the effective age for each group with those obtained as described above. Dividends for intermediate ages are derived by interpolation.

(c) No dividends have been declared on annuities.

SESSIONAL PAPER No. 8

ROYAL—Continued.

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Whole Life Assurances by continuous and limited premiums and ordinary Endowment Assurances were valued in groups. The remaining assurances and the annuities were valued individually.

Whole Life Assurances were grouped according to the ages attained at the date of the valuation. The Endowment Assurances were grouped according to the nearest 31st December to the date of maturity.

For all Assurances and Annuities the age at entry for valuation purposes was taken as the nearest age at entry. This differs from the age used in fixing the premium or consideration in the contracts, which is the following integral or half-year of age in the case of assurances and the last integral or half-year of age in the case of annuities.

For classes other than ordinary Endowment Assurances the age attained used for valuation purposes was obtained by adding the nearest integral duration to the nearest age at entry.

In the case of Ordinary Endowment Assurances the average Maturity Age was obtained by Lidstone's Z method for the policies maturing in each year reckoning from the 1st July to the following 30th June. The valuation age attained was then derived by deducting the nearest integral duration outstanding at the date of the valuation from the Average Maturity age.

All classes of assurances were valued by the O^m (5) Table of mortality with interest at 3½%; the O^m (5) 3½% net premium being taken credit for in the valuation.

Only Deferred Annuities are included in the valuation and these were valued on a compound interest basis up to the ages at which the annuities commence and afterwards by the O (a.f.) Table, with interest at 3½% throughout.

No Tables of disability have been used in the valuation.

Special Classes—

(a) There are no policies on lives resident in tropical or subtropical countries included in "Statement of Actuarial Liabilities."

(b) Policies issued at premiums corresponding to ages higher than the true ages have been treated in the valuation as if the rated up age were the true age at entry.

(c) This Company does not issue policies providing for payment at death during certain periods of an amount less than the full amount of insurance, being policies subject to liens.

(d) In the case of policies subject to yearly extra premiums an additional reserve of one year's extra premium has been made. There are no policies where the future extra premiums have been commuted by a single payment.

(e) There are no policies on substandard lives, otherwise than those dealt with above, included in the Valuation.

(f) Disability Benefit.—In consideration of an extra premium ceasing at age of 60, the Company grants the following Disability Benefits provided the assured becomes wholly and permanently disabled before attaining the age of 60 and at least one full annual premium has been paid:

(i) Waiver of premium,

(ii) Annual income of one-tenth of the sum assured for a period not exceeding 10 years.

In respect of policies included in the valuation providing for Disability Benefits the whole of the additional premiums received has been reserved. There are no cases where disability has occurred.

(g) There are no annuities issued to lives classed as under-average included in the Valuation.

(2) Items of Special Reserve—

(a) The reserve held under limited and single premium policies on account of pre-paid or limited loadings amounts to \$64,000. There are no immediate annuities included in the Valuation.

(b) There are no guaranteed benefits exceeding in value the net premium reserve on the basis of valuation employed.

(c) No special reserve is made in the valuation in respect of lapsed policies not continued in force under non-forfeiture provisions.

(d) Ordinary term policies lapsed by non-payment of the premiums do not carry the option of renewal.

(e) The special reserve included in the valuation to cover the option of conversion during or at the end of a fixed term into higher premium policies amounts to \$1,847. At the option of Assured the premium on the new policy may be fixed either (a) as at the original date of entry, on payment of the difference of premiums with interest, or (b) as at the age attained at date of conversion.

(f) A special reserve of \$827 under policies suspended in lieu of payment of war extra, has been made in the valuation.

II. The special class policies referred to in I (1), (d) and (f) are entitled to the ordinary surrender values and paid-up assurances. The policies referred to in I (1) (b) are entitled to surrender values and paid-up assurances calculated as if the rated up age were the true age at entry.

III. The average rate of interest earned during the year (after deduction of interest income tax) on the mean Life Assurance Fund of the Company as a whole was approximately 4.036 per cent.

IV. The distribution of surplus—

(a) At each of the Quinquennial Valuations 1875 to 1890 inclusive the Shareholders received 25 per cent and the policy-holders 75 per cent of the divisible surplus. Since 1890 the proportion allocated to Policy-holders has been increased on each succeeding distribution and at the last distribution in 1915 was 88.1 per cent.

(b) The principles upon which the profit or surplus is distributed consist in treating the policies privileged to participate as being entitled to reversionary additions regulated by the amounts assured and the number of premiums paid for which no previous apportionment has been made. These principles are carried into effect by finding in accordance with the Table of Mortality and the Rate of Interest assumed in estimating the Company's Life Assurance Liabilities, namely, the British Offices Life Table O^m and O^m (5) at 3 per cent, the uniform annual rate of addition to the sums assured which the available surplus will admit of. The Reversionary Bonuses to be allotted are directly ascertained by this process; and the Cash Bonuses, reductions of premiums, and Deferred Contingent Bonuses allowed in other cases, are derived from the Reversionary Bonuses by the O^m Table of Mortality at 4 per cent. No variation in the method is made for Tropical and Sub-Tropical policies.

(c) The Company does not grant dividends to annuitants.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) General Principles: Policies of the same plan and same year of issue were grouped as to age at issue for purpose of valuation. Age at entry for valuation purpose is the same as age used in calculating premiums, being age nearest birthday. Prepared tables of mid-year policy values on the Om (5) 3½ per cent basis were used. No life annuities were issued.

Special Classes—

- No tropical or sub-tropical business has been transacted.
- No policies have been issued at premiums corresponding to ages higher than the true one.
- In the valuation of policies any liens were ignored.
- No policies subject to extra premiums have been issued.
- Any policies issued as substandard were valued as standard.

10 GEORGE V, A. 1920

THE SASKATCHEWAN LIFE—*Concluded.*MISCELLANEOUS STATEMENT—*Concluded.*

(f) —

1. Before Disability, disability benefits providing for waiver of premium and payment in instalments were valued at 25 cts. per \$1,000. Disability benefits providing for monthly income during disability with no reduction of the Insurance were valued by an average reserve of 75 cts. per \$1,000.

2. No Disability claims have arisen.

(g) No annuities have been issued.

(2) *Items of Special Reserve—*

(a) No reserve on account of prepaid or limited loadings is held.

(b) Guaranteed cash values in excess of the net premium reserve on the basis of valuation employed were valued as pure Endowments, the additional reserve so found being added to the ordinary reserve.

(c) No reserve is held on lapsed policies to cover the option of reinstatement.

(d) No reserve is held to cover the option of renewal under term policies.

(e) No reserve is held to cover the option of conversion under term policies, either at (a) original age of entry, or (b) as at age attained.

(f) No other special reserves are held.

II. No modifications or limitations as to guaranteed values are made under policies in special classes

I (1) (a) to (f).

III. The average rate of interest earned during the year on the mean net ledger assets was 6.79 per cent.

IV. No surplus has yet been distributed.

Net reserve carried in the liabilities	\$ 995,146 83	\$ 269,819 18	\$ 1,264,966 01

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies of the same plan and same year of issue were grouped as to age at entry for valuation. There were no annuities. The valuation was made from Tables of mid-year policy values prepared by the Net Premium Method—Annual dividends were valued Om (5) 3%; all other Om (5) 3½%. The age for valuation purpose was taken at age next birthday at issue and the duration $N+\frac{1}{2}$ where N is the curtate duration.

Special Classes—

- (a) There were no policies in force on lives resident in tropical or subtropical countries.
- (b) Policies issued at premiums corresponding to ages higher than the true age were valued at the higher ages.
- (c) In the valuation of policies subject to liens, the liens were disregarded.
- (d) Extra premiums are charged for occupational hazards only and are payable annually. Extra premium is disregarded in valuation.
- (e) No policies were issued on Substandard lives except as described in (b) and (c).
- (f) On policies issued with disability benefits providing for waiver of premium only, before the occurrence of disability one-half of the gross annual extra premium is set aside. No disability has yet arisen. On policies issued providing for waiver of premium and a monthly annuity of \$10 per \$1,000 the extra reserve is based on tables formed, by combining the Om (5) Table of Mortality with the Table of Disabled Lives. No disability has yet arisen.
- (g) There were no annuities.

2) *Items of Special Reserve—*

- (a) No reserve is held under limited and single premium policies on account of prepaid or limited loadings.
- (b) An additional reserve is held to provide for guaranteed benefits in excess of the net premium reserve on the basis of valuation employed.
- (c) No reserve was maintained to cover the option of reinstatement under lapsed policies, not continued in force under automatic non-forfeiture provisions nor having surrender values.
- (d) No renewable term policies were issued.
- (e) No reserve was maintained to cover the option of conversion into higher premium plans.

II. No modification or limitation is made under the special class of policies referred to, in (I) (1) (a) to (f) in respect of cash surrender values, paid-up insurance, extended term or automatic extended term insurance.

III. The average rate of interest earned during the year on the mean net ledger assets was 5.18 per cent.

IV. *Distribution of Surplus—*

- (a) The Shareholders' Fund is credited with interest in proportion to mean funds, (shareholders' fund being capital paid-up) and is charged with its proportion of any losses on investments. The shareholders are also entitled to 10% of profits arising from Participating Policies and to the entire profits arising from Non-Participating Policies, but since 1916 their share of profits and interest has been transferred to the participating policyholders.
- (b) Annual dividends were equal to 60 per cent of excess of office premium over net premium on Om (5) 3 per cent basis.
- (c) There were no annuities.

Grand totals	18	47,686 58	37,327 33

MISCELLANEOUS STATEMENT.

I. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities":—

(1) The liability under the policy contracts is represented by the difference between the present value of the Society's obligations and the present value of the future net premiums to be received by the Society. The policies (which are all Whole of Life Assurances—either with premiums payable throughout life or fully paid up) have been valued in groups arranged according to the year of birth. The age at valuation of each group is equivalent to the office age next birthday. The premiums valued are the net Om 3% premiums corresponding to the office age next birthday at entry, adjusted to increase to 10% the difference between the office premium and the net premium in the case of Without Profit policies and of policies effected under the Minimum Premium System.

The Mortality Tables used in the valuation are the British Offices Om (5) Tables 1893. The rate of interest assumed in the calculations is 3%.

Special Classes:—

- (a) There are no policies issued on lives resident in tropical or sub-tropical countries.
 (b) Policies issued at premiums corresponding to ages higher than the true ages have been valued as if the policy had been effected at the age corresponding to the premium payable.
 (c), (d) (e) and (f) There are no policies such as are described under these headings.
 (g) There are no annuities.

(2) Items of special reserve:—

- (a) There was reserved in respect of limited and single premium policies the estimated equivalent of the value of the loading under a policy with premiums payable throughout life.
 (b) (c), (d) and (e) None of the policies include benefits or options such as are referred to under these headings.
 (f) Provision is made for the extra liability in respect of claims being due immediately on proof of death and title.

II. There are no tropical or sub-tropical policies.

III. The average rate of interest earned during the year (in respect to the whole business of the Society) was about 5% but has not yet been exactly ascertained.

IV. The distribution of surplus:—

- (a) There are no Shareholders and the profits belong exclusively to the participating policyholders.
 (b) The profits are ascertained quinquennially and are allocated in the form of a compound reversionary bonus.
 The bases of valuation from which the profits are ascertained are as stated above.
 (c) There are no annuities.

SESSIONAL PAPER No. 8

THE SECURITY LIFE—*Concluded.*

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities":—

(i) The policies were valued individually according to the Om (5) Table of Mortality, with interest at 3½ p.c.; the valuation was the same as the age used in fixing the premiums, being generally age next birthday at entry.

Special Classes—

(a) No policies have been issued to residents of tropical or sub-tropical countries.

(b) Policies issued at premiums corresponding to ages higher than the true ages have been entered for valuation at the rated-up ages.

(c) In the valuation of policies subject to liens, the liens have been disregarded.

(d) No policies have been issued at a fixed extra premium.

(e) No policies have extra reserves except as in (b).

(f) No additional reserve is carried for disability benefits.

(g) No annuities have been issued.

(2) *Items of Special reserve:—*

(a) No additional reserve is held under limited or single premium policies on account of prepaid or limited loadings.

(b) In all cases where the guaranteed benefit exceeds the Om (5) 3½ p.c. reserve, the excess guarantee is valued as a pure endowment on the same basis and added to the ordinary reserve on the policy.

(c) No reserve in excess of the cash surrender value is held on account of lapsed policies, not continued in force under automatic non-forfeiture provisions, but being subject to reinstatement.

(d) No renewable term policies issued.

(e) No special reserve is held to cover the option of conversion into higher premium plans.

(f) No other items of special reserve.

II. The option of extended term insurance is not given on policies at rated-up ages or subject to lien.

III. The average rate of interest earned during the year on the mean net ledger assets was 5.46%.

IV. The Company's business is entirely on non-participating plans.

MISCELLANEOUS STATEMENT.

I. The Calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) Actuarial reserves were calculated according to the net premium method on the O^m (5) Table, with interest at 3 per cent for participating, and 3½ per cent for non-participating assurances. Policies were valued individually. The mean duration was used, all policies issued in any calendar year being assumed to date from the middle of such year. The age for valuation purposes was the age at entry as determined by the premium charged at issue of the policy. There were no annuities.

Special Classes—

- There were no assurances on lives resident in tropical or sub-tropical countries.
- Policies issued at premiums corresponding to ages higher than the true ages were valued at the rated-up ages.
- Policies subject to liens were valued as if providing for payment of the full sum assured at death.
- No additional reserve was assigned to policies subject to extra premiums, whether payable annually or in one sum.
- Policies otherwise issued to substandard lives are not assigned any additional reserve.
- An additional reserve is carried for policies providing for disability benefits, as follows:—
 - Before occurrence of disability, a special reserve is maintained of one-half of all disability premiums paid to the Company.
 - After occurrence of disability, the policy, if payable by instalments, is valued as an annuity-certain at 3½ per cent; where premiums are waived, the policy is valued as a paid-up assurance at 3 per cent or 3½ per cent according as it is participating or non-participating.

Items of Special Reserve—

- No additional reserve is held under single or limited annual premium policies on account of prepaid or limited loadings.
 - Guaranteed benefits exceeding in value the net premium reserve on the valuation basis employed are assigned an additional reserve for the amount of such excess, valued as a pure endowment.
 - No special reserve is held as against the option of reinstatement under lapsed policies not subject to the automatic non-forfeiture privilege.
 - No special reserve is held as against the option of renewal under term policies.
 - No special reserve is held as against the option of conversion to higher premium plans.
- II. No modifications or limitations are made under the special class policies referred to in I (1) (a) to (f) in respect of guaranteed values.

10 GEORGE V, A. 1920

THE SOVEREIGN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

111. The average rate of interest earned during the year on the mean net ledger assets was 6.22 per cent.

IV. The Distribution of Surplus—

(a) Shareholders are entitled to the entire profits arising from non-participating policies, and to one-tenth of the profits arising from participating policies—policyholders being entitled to the remaining nine-tenths. Heretofore, no portion of the profits derived from any class of policies has actually been assigned to shareholders.

(b) Annual Dividends are computed upon the basis of an interest surplus of 1½ per cent of the initial reserve; a mortality surplus of 20 per cent of the cost of insurance to age 35, decreasing 0.5 per cent for each year of age to age 45, thereafter decreasing 1 per cent for each attained age; and a surplus from loading of 15 per cent of the excess of the office premium over the net premium. (In the case of certain annual dividend policies which were issued at premiums lower than the regular scale, an adjustment in the dividend is made on account of the deficiency in loading).

Quinquennial dividends are allotted on the same basis as annual dividends, the separate annual dividends being accumulated to the end of the quinquennium at 4½ per cent interest.

Deferred dividends are allotted on the same basis as annual dividends, the separate annual dividends being accumulated to the end of the deferred term at 4½ per cent interest and with benefit of survivorship equal to one-half of the regular tabular rates.

The O^m (5) 3 per cent Table is the basis uniformly employed in all primary dividend calculations. Cash dividends are converted into premium reductions, reversionary bonus additions, reductions of premium term or of endowment term, and bonus additions are converted into cash surrender values, by the O^m (5) 3½ per cent Table.

*NOTE.—The present value of the amounts not yet due on matured instalment policies is included under this item and comprises seven out of the eight contracts mentioned.

The Special Reserve for Bonus allotted to Deferred Policies is included in the Bonus Reserve given above.

MISCELLANEOUS STATEMENT

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) The Mortality Tables employed were the British Offices Tables; the On Table for Assurances and the On Table for Annuities. The rate of interest assumed was 3 per cent except in the case of benefits where the reserves are obtained by accumulating the premiums at interest. In these cases the rate of interest adopted was 3½ per cent.

The Valuation was made on the net premium method, the whole of the loading, i.e., the difference between the net premium and the premium actually payable, being reserved for future expenses and profits. In the case of Policies effected by a limited number of premiums and Policies under which the premiums have been commuted, the value of the whole of the loading which would have been receivable if such Policies had been subject to ordinary annual premiums was reserved.

Whole Life by Whole Term Premium, Limited Premiums, and Paid-up Policies were grouped under "Years of Birth." The Valuation Ages were ascertained by deducting the years of birth from the calendar year of Valuation and adding 18th thereto.

Endowment Assurances were grouped under "Years of Maturity," and the Valuation Ages arrived at by application of Lidstone's Z method. The net premiums both for Whole Life and Endowment Assurance by Whole Term premiums were taken at age next birthday at entry.

Immediate Annuities (Single Life) were similarly grouped under years of birth and the Valuation age obtained as under Assurances.

Double, Semi-Endowments, Endowment Assurances with Guaranteed Bonus on survival were valued in a similar manner as ordinary Endowment Assurances with proper changes in the Valuation factors.

All other special classes of assurances and annuities not coming in any of the above Grouped Classes were valued individually.

Special Classes.—

- No policies subject to Climatic extra premiums are included in the "Statement of Actuarial Liabilities."
- Policies issued at premiums corresponding to ages higher than the true ages were valued at their normal ages and to the ordinary reserve was added one-half of the corresponding annual extra premium.
- Policies subject to liens were valued as normal assurances.
- No policies have been issued or have become subject to an extra premium.
- Except as above policies are not issued on lives classed as substandard.
- Policies have not been issued subject to disability benefits.
- No distinction is made between normal and under average annuitants either in the consideration or in the valuation.

(2) *Items of Special Reserve—*

- To the ordinary reserve as brought out above was added the value of the whole of the Loading which would have been receivable if such policies had been subject to ordinary annual premiums.

SESSIONAL PAPER No. 8

THE STANDARD LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

As to Annuities the stringent Valuation Basis adopted is considered amply sufficient to justify the omission of any special reserve for expenses.

(b) The Guaranteed Surrender Values do not exceed the O^m 3 per cent reserves.

(c) The Cash Surrender Values of those policies which were subject to re-instatement within 13 months from date of default are held to their credit for a period of 5 years after expiration of which period all liability of the Company ceases.

(d) To cover the option of renewal under term policies an additional reserve is maintained equal to one annual premium.

(e) Where conversion may be made, as at age attained, into higher premium plans, an additional reserve of one annual premium for the 1st 5 years + one-fifth of the annual premium for each year after 5 years to allow the Option.

(f) Special reserve is made on account of the claim being paid immediately on proof of death and title.

II. No distinction is made in the guaranteed values under special class policies I (1) (a) to (f).

III. The gross rate of interest earned on the Company's Funds for the year ending November 15, 1919, was 5-125 per cent.

IV. The distribution of surplus—

(a) After allowing the shareholders interest at 5 per cent per annum upon their paid-up capital and upon any balances from time to time standing at the credit of the Shareholders' Account, the divisible Profits arising from the Life Assurance business, as determined by the Directors at the close of each Investigation period, will, in the terms of the Company's Act of Parliament, 1910, be allocated in the proportions of

Not less than nine-tenths to the Participating Policyholders and

Not more than one-tenth to the Shareholders.

(b) Reserve Bonus Policies are credited with the same reversionary rate of Bonus as ordinary policies of the same class of assurance but no declaration is made till the termination of the Reserved Period. This bonus vests and the survivors of each group of entrants share additionally in a Pool formed from the Cash Values (1) of undeclared Bonus (which ordinarily would have vested had the Policy been under the Immediate Bonus Scheme) of Policies which have been surrendered or become claims and (2) from the Surrender Values of policies lapsing between their third and fifth year of assurance.

These accumulations are compounded at 2½ per cent and thrown into reversion by the O^m 3½ per cent Table and the Cash Value and premium reductions are obtained at age last birthday from these reversionary amounts in the usual manner

(c) There are no such dividends to annuitants in this Company.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

SESSIONAL PAPER No. 8

THE STAR ASSURANCE—*Concluded.*

MISCELLANEOUS STATEMENT.

I. *Calculation of the "Reserve" in the "Statement of Actuarial Liabilities."*

(1) The Valuation is made by the Net Premium Method according to the Om 3 per cent Table. For the purpose of valuation the policies are grouped, Whole Life Policies being grouped according to the nearest age at the date of valuation and Endowment Assurances being grouped according to the calendar year of maturity. The net premium is calculated according to the office age at entry.

Special Classes.

(a) (b) (d) and (e) In every case where an extra premium is charged whether on account of climate, health or occupation, a special reserve of half a year's extra premium is made in addition to the ordinary reserve.

(c) In cases where a debt is imposed in lieu of extra premium, the debt is ignored in the valuation and the ordinary reserve for the full amount of insurance is held.

(f) and (g) The Company has no Canadian contracts providing for disability benefits nor has it any Canadian Annuity Contracts.

(2) *Items of special reserve.*

(a) A special reserve of \$1,202 is held under limited payment and Single Premium policies on account of pre-paid or limited loadings.

(b) In no case does the guaranteed benefit exceed in value the net premium reserve against the policy.

(c) In the case of lapsed policies the full reserve is held during the period throughout which the Policyholder has the right of reinstatement.

(d) and (e) The Company has no Canadian term assurance contracts nor has it any Canadian contracts carrying the option of conversion.

(f) A special reserve amounting in all to \$769 is held to provide for the immediate payment of claims.

II. No special provision with regard to surrender value is made in the case of policies where an extra premium on account of climate is payable.

III. The average rate of interest earned during the year has not been ascertained.

IV. *The Distribution of Surplus.*

(a) 90 per cent of the divisible surplus is distributed among the policyholders, the remaining 10 per cent belonging to the shareholders.

(b) Valuations of the Star Fund are made quinquennially with a view to ascertaining the amount of any profits available for distribution. The last of these valuations was made as at the 31st December, 1918, and owing to the war it was not found possible to make any distribution of profits.

(c) The Company has no Canadian Annuity Contracts.

SCHEDULE C.

Reserve maintained by the Company in excess of the statutory reserve.....	\$ 7,386 88	\$ 1,295 75	\$ 8,682 63

MISCELLANEOUS STATEMENT.

1. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) The reserve is calculated by the group method, the premium rates being based upon the age at nearest birthday. The assumption is, therefore, made that all policies issued in any year were issued at the middle of that year and that the duration is from the middle of the year of issue to the end of the year from which the valuation is made. This is the method employed by the Department of Indiana in determining the net reserve liability of total business. The O^m (5) 3½ per cent mean reserve tables were used to calculate Canadian liabilities.

Special classes—

(b) This company has no policies issued at premiums corresponding to ages higher than the true ages.

(c) This company has no policies subject to liens in event of death during certain periods. All policies provide for the payment of the full face value of the policy from date of issue.

(d) This company has no policies issued at, or subsequently subject to, an extra premium except for war permits.

(e) This company does not issue policies on substandard lives.

(f) In addition to the regular mean reserve, an extra reserve, based upon Hunter's Disability Table, is calculated for all policies containing disability benefits and before occurrence of disability. After occurrence of disability the extra reserve is calculated by forming annuity tables $a_{\frac{1}{x}}$ and with these annuities we use the present value of the office

premium as an extra reserve.

(g) This company has no annuities issued to lives classed as under-average.

(2) Items of Special reserve—

(a) This company holds no extra reserve under limited and single premium policies on account of prepaid or limited loadings. There is also no extra reserve made under immediate annuities to cover future expense.

(b) In all cases where the standard upon which the policy was issued calls for a higher reserve than that of the O^m (5) 3½ standard, the excess was entered to make up the item of \$8,682.63. Premiums and values in all policies issued prior to January 1, 1908, were based upon the American Experience Table of Mortality and 3% interest, full preliminary term method of valuation. Participating policies issued since January 1, 1908, have premiums and values based upon the American Experience Table of Mortality and 3% interest, modified preliminary term, Illinois Standard, method of valuation. Non-participating policies have premiums and policy values based upon the American Experience Table of Mortality and 3½% interest, Illinois Standard method of valuation.

(c) No extra reserve is held on account of lapsed policies subject to reinstatement.

(d) No reserve is held to cover the option of renewal on term policies.

(e) No reserve is maintained to cover the option of conversion on term policies.

II. This company has no policies issued on lives resident in tropical or sub-tropical countries.

III. The average rate of interest earned during the year, as determined by the formula $\frac{2I}{A+B-1}$ was 5.67 per cent.

IV. The distribution of surplus—

(a) The company is mutual and has no stockholders.

(b) The contribution formula was used for determining dividends. For the year 1918 excess interest earnings were computed at 2½% of the terminal reserve and mortality savings were graded according to the number of years the policy had been in force. Paid-up insurance, extended insurance, and paid-up endowments are converted on the basis of the net single premium.

(c) The company has no participating annuity policies.

*In addition to the bonds and stocks shown in the schedules, the company owns a considerable amount of common stocks and other securities, most of them obtained as bonuses in connection with purchases of bonds. As it would be difficult to assign any market value to them as yet, they are not included in the published list of the company's assets until such time as their value shall have become better established. These securities are, however, checked and audited in exactly the same manner as the others owned by the company.

MISCELLANEOUS STATEMENT.

I. Calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) Assurance policies were classified for valuation according to mode of participation in profits, and further subdivided into plan, year of issue and age at entry. The age nearest birthday at entrance and medial duration were used in the valuation. Prior to October 1st, 1914, the age next birthday was used in determining the premium, but since that date the age nearest birthday has been used. Reserves were based on the Om (5) Table of Mortality with 3½ per cent interest for all policies issued prior to January 1st, 1903, and 3 per cent for all policies issued on or after that date, except in the case of the policies of the Federal Life, where the rate of interest was 3½ per cent throughout.

Annuity policies were classified according to plan and attained age at December 31st, 1919. The attained age on this date was ascertained by deducting the year of birth from the current calendar year, and adding six months. The age used in determining the gross premium was the age last birthday, allowance being made for half years of age. The reserves were based on the British Offices Select Life Annuity Tables O (am) and O (af) with 3½ per cent interest, select annuity values being used when the duration was less than five years.

Special Classes—

(a) Under Tropical Life and Limited Payment Life policies on the Reserve Dividend plan issued since 1900 the reserves held are practically according to the American Tropical Table. Under Endowments and other plans, the ordinary Om reserves are set aside.

(b) Policies issued with premiums corresponding to ages bigger than the true ages were valued at the rated-up ages.

(c) Policies issued subject to a lien were valued as if the full amount were payable without any deduction.

(d) Extra premiums are charged for occupational hazards only, and are payable annually. The extra is disregarded in valuation.

(e) Policies are issued on substandard lives either subject to an extra premium or at a rated-up age, or subject to a lien.

(f) The benefits under policies providing for disability benefits and issued prior to January 1st, 1918, consist of waiver of premium and payment of the sum assured in 20 equal annual instalments in case of total and permanent disability before attaining age 60. Before occurrence of disability, the additional reserve was taken to be half of the extra premium for the disability benefit. After occurrence of disability, if the waiver of premium benefit has been selected, an extra reserve is set aside of the present value of the future premiums according to a table of disabled lives. (Transactions of the Actuarial Society of America, Volume 12.) Where the instalment benefit has been selected the policy is cancelled and the present value of the instalment certain at 3½ per cent is set aside as a reserve.

Policies issued in Canada and the United States on and after the 1st January, 1918, provide for waiver of premium and annuity of 10 per cent of the sum assured in case of total and permanent disability before age 60. The extra reserve before occurrence of disability is based on tables formed by combining the Om (5) Table of Mortality with the Table of Disabled Lives. (T.A.S.A. Volume 12.) After occurrence of disability, an extra reserve is set aside consisting of the value of the annuity of 10 per cent of the sum assured, according to a table of disabled lives.

(g) Annuities on underaverage lives are valued without reference to the life being underaverage.

(2) *Items of Special Reserve.*

(a) No extra reserve is maintained under limited and single premium policies or immediate annuities on account of prepaid or limited loadings as the excess of interest earned over the valuation rate is considered ample provision.

(b) Additional reserve is held to provide for cash values in excess of the net premium reserve on the basis of valuation employed.

(c) The Company's automatic nonforfeiture provision takes effect at the end of the second policy year. No reserve is maintained to cover the option of reinstatement of policies which have lapsed before the end of the second policy year.

(d) No reserve is held to cover the option of renewal under Term policies.

(e) No reserve is held to cover the option of conversion under Term policies.

SESSIONAL PAPER No. 8

THE SUN LIFE—Continued.

MISCELLANEOUS STATEMENT—Continued.

II. With reference to the Special Classes in I. (1) (a to f) the guaranteed values are the same as those inserted in the corresponding policy without extra premium or lien, but in the case of policies issued at a premium corresponding to an age higher than the true age, the guarantees are those for such higher age.

III. The average rate of interest earned during the year on the net invested ledger assets was 5.68 per cent.

IV. Distribution of Surplus—

(a) Policyholders receive 95 per cent of the distributive share of the surplus derived from participating policies, and the shareholders 5 per cent. The shareholders are entitled to the full surplus derived from the nonparticipating business.

(b) The method by which the dividends to policyholders have been computed.

POLICIES AT NORTHERN RATES.

Annual and Five Year Dividend Policies.

The methods of allotting profits to Annual and Five Year Dividend policies is a modification of the Contribution plan. The profit derived from interest is distributed in proportion to the reserves on the policies, and the profit from other sources in proportion to the loadings on the net premiums.

The basis on which profits were allotted to policies becoming entitled thereto in the year 1919, was as follows:—

Loading.—The excess over the Om (5) 3½ per cent.

Reserves.—Om (5) 3½ per cent.

Annual Dividend Policies.

Annual dividend policies issued prior to January 1, 1914, received no profits for the first year, but the first dividend was declared at the end of the second policy year. Policies issued on and after that date received a dividend at the end of the first policy year, taking effect upon the payment of the second year's premium.

Loading Profit.—	Percentage of Loading.	
	First Division.	Subsequent Divisions.
Ordinary life policies and policies with more than 20 premiums.....	37½	42½
20 Payment Life and Endowment policies.....	35	40
15 Payment Life and Endowment policies.....	30	35
10 Payment Life and Endowment policies.....	25	30

Interest Profit.—9/10% on the Reserve at the end of the preceding year.

Five Year Dividend Policies.

Loading Profit.—	Percentage of Loading.	
	First Division.	Subsequent Divisions.
Ordinary Life policies.....		61.5
20 Payment Life and Endowment policies (and longer Term).....		57.5
15 Payment Life and Endowment policies.....		52.5
10 Payment Life and Endowment policies.....		47.5

Interest Profit.—First quinquennium 1.34 per cent per annum on the Om (5) 3½ per cent reserve at the end of the second policy year, making 6.7 per cent for a full five-year period. Second and subsequent quinquennia 1.34 per cent per annum on the Om (5) 3½ per cent reserve at the end of the third policy year in the quinquennium, i.e., at the end of the 8th, 13th, 18th, etc., years, making 6.7 per cent for a full five-year period.

POLICIES AT TROPICAL AND SUBTROPICAL RATES.

The basis on which profits were allotted to these policies in the year 1919 was as follows:—

Loading.—The excess over specially calculated premiums based on Tropical and Subtropical tables of mortality, with 3½ per cent interest, with a varying constant according to plan.

The Tropical Table used was the Jones American Tropical Table as given in the Transactions of the Actuarial Society of America, volume 4, and the Subtropical Table has been constructed from the mean qx of the Jones American Tropical Table and the Hm. Table.

Annual Dividend Policies.

Loading Profit.—	Percentage of Loading.	
	First Division.	Subsequent Divisions.
Ordinary Life policies and policies with more than 20 premiums.....	30	35
20 Payment Life and Endowment policies.....	27½	32½
15 Payment Life and Endowment policies.....	25	30
10 Payment Life and Endowment Policies.....	22½	27½

Interest Profit.—9/10% on the Reserve at the end of the preceding year.

Five Year Dividend Policies.

Loading Profit.—	Percentage of Loading.	
	First Division.	Subsequent Divisions.
Ordinary Life policies and policies with more than 20 premiums.....		61.5
20 Payment Life and Endowment policies.....		54.5
15 Payment Life and Endowment policies.....		50.5
10 Payment Life and Endowment policies.....		46.5

Interest Profit.—Calculated in exactly the same way as in the case of policies at northern rates.

Reserve Dividend Policies.

The method adopted for recording the accumulations and distributing the profits to Reserve Dividend policies (with dividend periods of ten years or longer) is as follows:—

Reserve Dividend assurances are treated as a separate group by themselves, or in fact, practically a sub-company within the company. They are credited with all premiums received under Reserve Dividend policies, all interest or profits earned on their accumulations, and are debited with the actual expense connected with their policies, ascertained as accurately as possible, the actual death claims, surrender values and other payments made under such policies. Account is thus kept of the amount of the Company's funds contributed by the Reserve Dividend policies.

In order to ascertain the accumulation of individual policies tables of values designated Standard Asset Shares, have

10 GEORGE V, A. 1920

THE SUN LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

been prepared for the various plans of assurance and ages at entry on a basis corresponding very closely with the Company's past experience as regards expenses, mortality, lapses, interest, etc. These tables in other words, show the approximate share of each individual policy in the assets of the Company, according to the length of time it has been in force.

The sum-total of the Standard Asset Shares for all Reserve Dividend policies is then obtained by multiplying the sums assured as grouped for valuation purposes, by the proper Standard Asset-Shares. This total thus represents the amount of funds the Company should have in hand in order to pay its Reserve Dividend policies the amount which would be coming to them at the end of their respective Reserve Dividend periods, on the basis of the Standard Asset Shares. The total of the actual funds at the credit of Reserve Dividend policies is then compared with the total of the Standard Asset Shares, and this comparison shows whether maturing Reserve Dividend policies should receive larger or smaller amounts than the final Standard Asset Shares. By means of this comparison the basis for the settlement of maturing Reserve Dividend policies is decided upon.

The dividends paid in 1919 are in the case of policies issued prior to the 31st December, 1899, the excess of the total cash settlement over the Om (5) 3½ per cent reserve, and in the case of policies issued since that date, over the higher special reserve voluntarily guaranteed and held by the company against such Deferred Dividend policies. The amount of profits contingently apportioned or credited to Reserve Dividend policies has been arrived at by following the method given above.

CONVERSIONS OF DIVIDEND INTO PAID-UP ASSURANCE, ETC.

In the case of Five Year and Annual Dividend policies the reversionary bonus addition is the amount of paid-up assurance which the cash profits will purchase according to the Om (5) table with 3 per cent interest, for policies at northern rates, and according to the tropical or sub-tropical tables mentioned above with 3 per cent interest where the policies have been issued at tropical or sub-tropical rates. The temporary reduction on Five Year Dividend policies is in all cases the annuity which the cash profit will purchase according to the Om (5) table with 3½ per cent interest.

The surrender value allowed for reversionary bonus additions is 95 per cent of the reserve on the Om (5) 3 per cent basis, or the equivalent cash profits originally allotted, whichever is greater. In the case of Reserve Dividend policies at northern rates the bonus addition or premium reduction (for life of limited term) is the amount of paid-up assurance or annuity which the Reserve Dividend profits will purchase according to the Om (5) table with 3½ per cent interest. For policies at tropical or sub-tropical rates, the bonus addition is based on the Tropical or Sub-tropical table.

RESERVE DIVIDEND POLICIES.

Issued prior to January 1st, 1911, and amount of profits contingently apportioned thereto.

N.B.—The par and ledger values of Sterling, Francs and Chile Currency bonds have been written down and Rupees bonds written up on account of the change in the value of these currencies, the net amount written off to "currency adjustment" account being

	Par Value.	Ledger Value.
Sterling Bonds (taken at \$1.40 to £).....	\$ 412,557 40	\$ 296,464 22
Franc Bonds (taken at 10c to the Franc).....	571,819 00	378,144 79
Chile Bonds (taken at 19c to the \$).....		18,189 49
	\$ 984,376 40	\$ 692,798 50
Rupees (taken at 49c to Rupee).....	165,000 00	153,204 20
	\$ 819,376 40	\$ 539,594 30

The Par Values of Chile Bonds were written down to 19c. in former years without corresponding reductions in the Ledger Value. Reserves on policies in the currencies have been converted at the same rate.

THE TRAVELERS INSURANCE—Continued.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) The company values all Canadian insurance policies on the net level premium reserve system, On (5) 3½%. Insurance policies are valued in groups, as to premium paying policies, by calendar years of issue, each year's issue being subdivided by plan and age at issue. Paid-up and extended term insurance are grouped by year of maturity or expiration, each group being subdivided by calendar year of birth—the valuation being based on the net single premium for the age attained. Insurance contracts other than paid-ups are valued at the age nearest birthday at date of issue, this corresponding with the age on which the gross premium charge is based. The duration is the number of full years elapsed between the calendar year of issue and the year when the reserve is calculated, increased by one-half year; that is, on a policy issued in the calendar year 1910 the reserve as at December 31, 1919, would be the tenth year mean reserve.

Life Annuity contracts are valued individually on the "British Offices Select Life Annuity Tables, 1893," male or female according to the sex of the annuitant, the age at entry being taken as the age of last birthday.

Special classes—

- (a) The Company issues no policies on lives resident in tropical or sub-tropical countries.
- (b) The Company issues no contracts at premiums corresponding to ages higher than the true ages.
- (c) Policies subject to liens, that is, in cases where the payment of an amount less than the full amount of insurance may be made in event of death during certain periods, are valued for the full amount of insurance.
- (d) Policies issued at a fixed extra premium payable annually are valued as standard insurance the same as if no extra premium were charged. The Company issues no Policies providing for the payment of a single extra premium.
- (e) Most of the Company's business on substandard lives is issued according to certain mortality ratings on the basis of the American Experience table, such as 125 per cent, 150 per cent, 200 per cent, etc. Such a rate applied to an individual risk means that it is considered that the probability of dying in each year is 125 per cent, 150 per cent, or some other per cent as the case may be, of the normal probability of dying according to the American Experience table. For valuation purposes, however, all the Company's substandard business is considered as being on 150 per cent basis. A special mortality table, commutation columns, net premiums and reserves have been calculated on the basis of 150 per cent mortality and the Company's substandard business is valued on the basis of this exact reserve.
- (f) Waiver of premium disability benefits were valued according to Hunter's Disability Tables with 3 per cent interest. On the Company's later contracts, which provide for maturity in event of total permanent disability, valuation was made on the basis of 2½ times the reserve for the premium waiver benefit according to Hunter's tables—this ratio having been found upon examination to be sufficient to cover the actual reserve required. The reserve on all policies issued since Jan. 1, 1918, including those issued with waiver of premiums and with a monthly life income of one per cent of the sum assured without reduction of death or maturity value has been taken at 80 per cent of the gross annual premiums on insurance issued with these provisions dated in 1919 and in force December 31st, 1919, and as 135 per cent of the gross annual premiums of insurance issued with these provisions dated in 1918 and in force December 31st, 1919. These percentages were chosen to insure that the resulting reserve would be greater than if it were actually valued on Hunter's table. After disability the present value of premium waiver benefits is calculated according to the Life Annuity values on disabled lives on Hunter's table. Under contracts which have matured at disability the present value at 3½ per cent interest of the unpaid instalments is carried as a liability.
- (g) The Company has issued only two Life Annuity contracts on lives classed as under-average and such contracts have been valued as at the age last birthday to which the reduced rate charged corresponds.

(2) Items of special reserve—

- (a) No special reserve is held under limited and single premium policies on account of prepaid or limited loadings and no additional reserve is carried under immediate annuities to cover future expenses.
- (b) The only guaranteed benefits which exceed in value the net premium reserve on the basis of valuation employed are pro rata paid-up values, for which additional reserve of \$300 has been included in the Liabilities—"Reserve, special or surplus funds."
- (c) No reserve is held in excess of the cash surrender value on account of lapsed policies subject to reinstatement but which have not been continued in force under automatic non-forfeiture provisions.
- (d) No reserve is maintained to cover the option of renewal under term policies.
- (e) No reserve is maintained to cover the option of conversion into higher premium policies.

II. Substandard policies issued with a fixed extra premium have the same cash surrender, paid-up values and extended term insurance values as standard policies. Policies issued on a percentage mortality basis as explained in I—(1) have all these values worked on the corresponding extra mortality percentage reserves as explained in I—(e) the same percentage of reserve being taken to obtain these values as under standard policies.

III. The average gross rate of interest earned during the year 1919 by the Life Department as determined by the formula

2I

— was 5.08. The average net rate earned after deducting expenses was 4.73 per cent.

A+B—I

IV. The distribution of surplus—

- (a) The participating policyholders share of the surplus is ascertained as indicated in (b) below. The balance of the surplus is the property of the stockholders.
- (b) The dividends paid by the Company in 1919 under its annual dividend contracts were determined as follows:
Profit from loading—Certain percentage to cover expenses, viz., 13 per cent on the Ordinary Life and 20 Payment Life plans and 12 per cent on the 20 Year Endowment plan were deducted from the gross premiums charged by the Company. The difference between the resulting rates and the corresponding net premiums, according to the American Experience Table with 3 per cent interest, was accumulated for one year at 4½ per cent interest.
Profit from mortality—Mortality ranging from 44 per cent to 85 per cent, varying with the age and form, was used in determining the mortality. The saving in mortality allowed ranges, therefore, from 15 per cent to 36 per cent of the net cost of insurance, according to the American Experience table, 3 per cent interest.
Profit from interest—Interest profit on the initial reserve at 1½ per cent was used.
Summary: The sum of the above three items of profit represents the total dividend which could be taken by the insured in cash or applied in reduction of the current annual premium, or be used to purchase additional paid-up insurance on the basis of the net single premium at the age attained, according to the American Experience table of Mortality, 3 per cent interest. The subsequent cash value of these additions was computed on the same basis. The cash dividends cannot be converted into any other benefit.

Deferred Dividends: The liability held on account of deferred dividend contracts is obtained by accumulating the annual dividends that would have been paid on these contracts if they had been issued on annual dividend forms, the accumulation being on the basis of the American Experience table of 4½ per cent interest.

- (c) All the Company's Life Annuity contracts have been issued on the non-participating basis.

Net reserve carried in the liabilities	\$ 403,354 10	\$ 186,685 46	\$ 590,039 56

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."—

- (1) Policies were valued individually, according to medial duration and ages at issue. Prior to Oct. 10, 1914, policies were issued at ages next birthday, unless not more than two months had elapsed since the last birthday prior to date of issue in which case the age last birthday was taken. Policies issued subsequent to Oct. 10, 1914, were rated at ages at nearest birthday. The basis of valuation was the Om (5) Table of Mortality and 3% interest for Life-Participating Policies issued in the years 1910 and 1911, and 3½% interest for all other policies.

Special Classes—

- (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
 (b) Where policies were issued at premiums corresponding to ages higher than the true ages, the reserve was taken at the higher ages.
 (c) Where policies were issued with liens, the full reserve was maintained.
 (d) No additional reserve was set aside on account of extra premiums.
 (e) No policies were issued on sub-standard lives, except as described in (b), (c), and (d).
 (f) An additional reserve equal to the unearned premiums was maintained for policies containing disability benefits.
 (2) Waiver of premiums granted in one case only, and full reserve maintained.
 (g) No annuities have been issued.

(2) *Items of Special Reserve—*

- (a) No single premium policies have been issued. No additional reserve is held under limited premium policies.
 (b) An adequate additional reserve is held in respect to policies providing for guaranteed benefits which exceed in value the net premium reserve on the basis of valuation.
 (c) No reserve is held on account of lapsed policies subject to reinstatement. Where a cash value is available the non-forfeiture provision applies.
 (d) No reserve is held to cover the option of renewal under Term Policies.
 (e) No reserve is held to cover the option of conversion under Term Policies.
 (f) No other special reserves are maintained.

- II. No modifications are made in cash surrender or paid-up insurance values in special class policies. In case of sub-standard lives, the extended term insurance is usually omitted.

- III. The average rate of interest earned during the year on the mean net ledger assets was 5.25 per cent.

IV. *No Distribution of Surplus—*

This question will be dealt with in the year 1920.

UNION MUTUAL—Continued.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies and annuities were valued upon the mean reserve basis of valuation on the Om (5) Table of Mortality, with interest at 3½ per cent, at the nearest age at date of issue figured from the date of birth given in the original application, the office premium for such policies being computed at that age.

Special Classes—

(a) Do not issue tropical or sub-tropical policies.

(b) No policies are issued at premiums corresponding to ages higher than the true ages, except that ages under 21 are rated at 21.

(c) No policies issued providing for payment at death during certain periods of an amount less than the full amount of insurance.

(d) (a) No policies issued with an extra premium payable in one sum.

(b) Policies on war risks provide for a fixed extra premium payable annually.

(e) Do not issue any substandard policies.

(f) Company does not issue policies providing for disability benefits.

(g) No annuities issued under-average.

2. Items of special reserve:—

(a) No additional extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

(b) No guaranteed cash values are in excess of the net premium reserve on the basis upon which they are computed, i.e. American Table of Mortality, with interest at 3 per cent.

Computing the reserve value upon the Canadian basis Om (5), the guaranteed values are in some cases, in excess of the reserve upon that basis, as shown in Statement of Actuarial Liabilities (Canadian Business).

(c) No policies issued that require reserve to be held on account of lapse not continued in force under the automatic non-forfeiture provisions nor having a surrender value subject to re-instatement.

(d) No reserve is maintained to cover option under term policies.

(e) No reserve is maintained to cover option of conversion into higher premium policies.

(f) No items of special reserve.

II Do not issue policies enumerated in special class policies referred to in I (1) (a) to (f) above, in respect to guaranteed values.

III Average rate of interest earned during the year on the mean Net Ledger Assets was 4.66 per cent.

IV The distribution of surplus:—

(a) Purely mutual company. All surplus belongs to policyholders.

(b) Annual dividends are apportioned from the surplus of this Company and distributed to each annual dividend policy issued prior to January 1, 1901, which was in force December 31, 1914, and then entitled to participate in an apportionment of surplus, a dividend equal to the aggregate of five per centum of the loading plus sixteen and two-thirds per centum of the tabular mortality for the year, and five per centum of the tabular interest on the initial reserve on such policy, and upon all other annual dividend policies the same percentage of the loading and tabular mortality plus forty per centum of the tabular interest on the initial reserve instead of five per centum, provided, however, that said dividend shall be paid on premium-paying policies, except such as were issued subsequently to January 1, 1909, upon which three or more years' premiums have been paid, only on condition that the anniversary premium accruing after said 31st day of December, shall be paid, based on the Actuaries Table of Mortality with interest at four per centum for policies issued to December 31, 1900, and on the American Table of Mortality with interest at three per centum subsequent to that date.

(c) No dividends are declared upon annuity policies.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

Year of Issue.	Total Net Amount in Force.	Profits Contingently Apportioned.	Year of Issue.	Total Net Amount in Force.	Profits Contingently Apportioned.

10 GEORGE V, A. 1920

UNITED STATES LIFE—Continued.

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—

(1) Policies and Annuities were valued individually the age at which the net valuation premium was taken being the same age used in determining the premium or consideration in the contract, namely that at birthday nearest date of issue under assurances, and that at last birthday preceding date of issue under Annuities, the duration being the difference between valuation year and year of issue plus one half year. Policies and Annuities were all valued on the American Experience Table of Mortality with 3½% interest.

Special classes—There are no special class policies or annuities.

(2) Items of Special Reserve—There are no items of special reserve.

III. The average rate of interest earned during the year on the mean net ledger assets was 5%.

IV. The distribution of surplus—

(a) Shareholders may receive not exceeding 7% per annum; subject to payments to shareholders on Guarantee Capital and to a proper contingency fund, all the surplus now held will be distributed in dividends to policyholders.

(b) The method by which the deferred dividends to policyholders illustrated in the dividend schedule have been computed is as follows:—Four and one half per cent interest and the share of policies cancelled are added to the annual unit (which for each year is the same as the annual dividend basis on the corresponding plan namely twenty-five per cent of the loading plus a percentage of the reserve equal to the difference between four and one half per cent and the assumed rate of interest used in calculating the reserve guaranteed in the policy) and twenty-five per cent of the basis thus derived is taken as a dividend. The cash value of dividends may be used at option of policyholder to purchase either paid-up insurance or annuities at net rates under the American three and one half per cent table.

(c) Annuity contracts are non-participating.

DEFERRED DIVIDEND POLICIES.

Issued prior to January 1, 1911, and Amount of Profits contingently apportioned thereto.

THE WESTERN LIFE—*Concluded.*

SUMMARY OF RESERVE.

	With Profits.	Without Profits.	Total.
Total reserve, policy and annuity contracts	\$ 228,282	\$ 14,252	\$ 242,534
Total reserve on reinsured contracts.....	7,326	1,808	9,134
Total net reserve on the company's (statutory) basis of valuation..	220,956	12,444	233,400
Deduction made therefrom (being full deduction permitted under Section 43 (3), Insurance Act, 1917).....	21,260	643	21,903
Net reserve carried in the liabilities.....	\$ 199,696	\$ 11,801	\$ 211,497

MISCELLANEOUS STATEMENT.

1. *The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"*—
(1) General Principles—Policies of the same class and same year of issue were grouped as to age at issue for purposes of valuation. Age at entry for valuation purposes is the same as age used in fixing the premium. The age used in fixing the premium was taken as the age next birthday for all policies issued prior to May 1, 1915, and the age nearest birthday for policies issued after that date. Prepared tables of mid-year policy values on the Om (5) $3\frac{1}{2}\%$ basis were used. No annuities have been issued.

Special Classes:—

- (a) No tropical or sub-tropical business has been transacted.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (c) In the valuation of policies any liens were ignored.
- (d) Extra premiums were disregarded in valuation.
- (e) No policies issued to sub-standard lives except those subject to lien, extra premium or on short term endowment plans.
- (f) Disability benefits consist of waiver of premium only. Additional reserves for this benefit were held as follows:—
(1) Before occurrence of disability per \$1,000 for durations, $\frac{1}{4}$, $1\frac{1}{2}$, $2\frac{1}{2}$, $3\frac{1}{2}$, $4\frac{1}{2}$, $5\frac{1}{2}$, $6\frac{1}{2}$, $7\frac{1}{2}$, and $8\frac{1}{2}$ the reserves held were, respectively, 10c., 15c., 20c., 25c., 30c., 35c., 40c., 45c., 50c., (2) after occurrence of disability.—Disability has not occurred in any case.

(2) Items of Special Reserve:—

- (a) No reserve on account of prepaid or limited loadings is held.
- (b) Guaranteed cash values in excess of the net premium reserve on the basis of valuation employed were valued as pure endowments, the additional reserve so found being added to the ordinary reserve.
- (c) No reserve is held on lapsed policies to cover the option of reinstatement.
- (d) No reserve is held to cover the option of renewal under term policies.
- (e) No reserve is held to cover the option of conversion under term policies either at (a) original age at entry or (b) at attained age.
- (f) No other special reserves held.
- II. No modifications or limitations are made in the guarantees under the special class policies referred to in I (1) (a) to (f).
- III. The average rate of interest earned during the year on the mean net ledger assets was 7.40%.
- IV. No surplus has yet been distributed.

SCHEDULE C.

Reserve on reinsured			108		
Net reserve carried in the Liabilities			516,571		
Deduction therefrom permitted under sec. 43 (3) Ins. Act 1917 (None made) ..			(7,279)		

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) Policies were grouped according to year of issue, plan and age at issue. The Table of Mortality used was the Om (5). The Rate of Interest used was 3½%. The age at issue was taken as age next birthday—the same as used for fixing the contract premium. Policies were assumed to have been issued, on the average, at the middle of the calendar year.

Special Classes—

(c) Policies subject to "liens" were valued as if issued without liens.

(d) A very few policies were issued with a small fixed annual extra premium on account of hazardous occupation. These were valued as if issued at the normal premium.

No other special classes in force.

(2) *Items of Special Reserve—None.*

III. The average rate of interest earned was 5.67%.

IV. The Distribution of Surplus.

(a) No shareholders.

(b) The "Contribution Method" of distribution of dividends to policyholders is followed using the following factors:—

Interest—5%.

Expense—5% of Gross Premium + \$3.00 per \$1,000 Insurance Mortality—40% Hm Table.

SUMMARY OF THE ACCOUNTS OF THE SUBSIDIARY HIGH COURT, A.O.F., OTHER THAN THE MORTUARY INSURANCE ACCOUNTS.

Liabilities	4,138,467 87	355,595 80	5,647 48	10,209 44	4,509,920 59
Surplus	94,592 02			14,919 34	89,672 68

SYNOPSIS OF LEDGER ACCOUNTS BY FUNDS.

	Mortuary Fund.	Sickness Fund.	Infantile Benefit Fund.	General Expense Fund.	Total.
	\$ cts.	\$ cts.	\$ cts.	\$ cts.	\$ cts.
As at December 31, 1918—					
Net ledger assets	3,860,639 81	325,732 98	1,664 64	4,302 49	4,192,339 92
Bank overdraft	29,641 65				29,641 65
Total ledger assets	3,890,281 46	325,732 98	1,664 64	4,302 49	4,221,981 57
Increase in ledger assets in 1919:—					
Income	818,932 27	177,728 73	5,105 28	125,488 23	1,127,254 51
Decrease in ledger assets in 1919:—					
Disbursements	447,475 08	150,621 94	1,225 00	126,255 58	725,577 60
Decrease in bank overdraft	29,641 65				29,641 65
Total decrease	477,116 73	150,621 94	1,225 00	126,255 58	755,219 25
As at December 31, 1919:—					
Net and total ledger assets	4,232,097 00	352,839 77	5,544 92	3,535 14	4,594,016 83

*The liabilities of the Sickness Fund is entered at the amount of the Fund. The methods of administration of sickness benefits have recently been changed and consequently it is believed that the previous sickness experience might be quite unsuitable for valuations under present conditions. By a provision of the by-laws the Executive is authorized to increase the number of assessments or to decrease the benefits to any extent deemed necessary by the Superintendent of Insurance depending on the condition of the Fund as disclosed by valuations made as at 31st December 1920 or subsequently. A valuation will be made as at 31st December, 1920, based on the experience for the years 1919 and 1920 and any necessary readjustment of rates or benefits or both will be made. It is unlikely that this readjustment will affect members admitted after 1st October, 1918, or those who have elected to pay according to the scale of rates now in use as it is believed these rates are sufficiently high to provide the benefits granted.

†Deficit.

SUMMARY STATEMENT OF VALUATION.

Class.	Sums assured.	Net liability.
	\$ cts.	\$
Whole Life prior to Nov. 1, 1907	4,608,810 00	244,865
Whole Life subsequent to Nov. 1, 1907	2,961,525 00	223,124
Paid up Life	248,640 00	202,901
Term Insurance to age 65	141,450 00	1,850
Term Insurance to age 70	336,510 00	3,150
Life 20 Payments and Specials	5 890 76	50
Totals	8,302,825 76	675,940

The valuation bases employed were as follows:—For Whole Life insurance, which constitutes the greater part of the business, the National Fraternal Congress Table of Mortality with interest at 4% continuous functions being employed. The attained ages were modified so as to produce a greater reserve for future excess mortality. In valuation of the small section of term insurance, approximate methods of valuation were employed.

The actuary has furnished the following certificate—

I hereby certify to the accuracy of the above valuation, and I am of the opinion that the association is actuarially solvent.

Signed F. SANDERSON, Consulting Actuary,
Fellow of the Faculty of Actuaries in Scotland.
Fellow of the Actuarial Society of America.

The computation of the reserves shown in the above table has been made on the basis of the Canada Life (5) table with interest at $4\frac{1}{2}\%$.

I hereby certify to the correctness of the liability there shown applicable to the certificates in force Dec. 31, 1919, as set forth above, and I am of the opinion that the Society is actuarially solvent.

Signed

L. K. FILE.

Fellow of the Institute of Actuaries of Great Britain,
Fellow of the Actuarial Society of America.

10 GEORGE V, A. 1920

THE COMMERCIAL TRAVELLERS MUTUAL BENEFIT SOCIETY—*Concluded.*

MISCELLANEOUS STATEMENT.

I. *The calculation of the "Reserve" in the "Statement of Actuarial Liabilities"—*(1) The Calculation of the reserve was made upon the basis of the Canada Life Ultimate Table with interest at $4\frac{1}{2}\%$.

The Certificates were valued at the attained age Dec. 31st., 1919, the amounts assured and the premiums being valued separately, groupings being made of all of the same attained age. The continuous functions were employed.

III. The average rate of interest earned during 1919 was 5.35%.

SESSIONAL PAPER No. 8

THE INDEPENDENT ORDER OF FORESTERS.

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1919.

W. H. HUNTER, Supreme Chief Ranger; VICTOR MORIN, Past Supreme Chief Ranger; FRANK E. HAND, Supreme Vice Chief Ranger; G. R. COTTRELLE, Supreme Treasurer; R. MATHISON, Supreme Secretary; T. MILLMAN, Supreme Physician; J. D. CLARK, Supreme Councillor; M. M. COCKBURN, Hon. W. W. BENT, Supreme Councilmen; S. H. PIPE, F. A. S., Actuary; Head Office—Toronto.

(Originally incorporated under chapter 167 of the Revised Statutes of Ontario, 1877; subsequently incorporated by an Act of Parliament of the Dominion of Canada, 52 Vic., cap. 104, assented to May 2, 1889, amended by 59 Vic., cap. 51, assented to April 23, 1896, amended in 1901 by 1 Edward VII, cap. 100. By an Act 3-4 Geo. V, cap. 113, 1913, the Acts relating to the Society were consolidated and amended and the name of the Society was changed from "The Supreme Court of the Independent Order of Foresters" to "The Independent Order of Foresters." Previous Acts relating to the Society were by this Act repealed save and except the preamble and sections 3, 4 and 5 of chapter 100 of the Statutes of 1911. The consolidated Act was amended in 1915 by 5 Geo. V, cap. 76. See also Ontario Statutes, 1901; 1 Edward VII, cap. 107. Licensed to transact business in Canada, May 1, 1896.)

10 GEORGE V, A. 1920

THE INDEPENDENT ORDER OF FORESTERS—*Continued.*

MISCELLANEOUS STATEMENT.

I. The calculation of the "Reserve" in the "Statement of Actuarial Liabilities."

(1) The Reserves are calculated upon the basis of the Foresters' Mortality and Secession experience (1887-1907) and 4% interest for business issued after 1898, and the mortality experience only and 4% interest for business issued prior to 1899.

The total and permanent disability benefit consists of the payment of 70% of the face of the certificate in three annual instalments of 30%, 20% and 20%, respectively, in settlement of all claims under the certificate. This is a somewhat more favourable settlement to the Order than that of paying the face of the certificate at death. Consequently, no extra reserves are maintained for this benefit prior to disability, and the unpaid instalments of matured claims are discounted at 4% as the reserves for these claims.

The Old Age Benefit consists of the payment of 70% of the face of the certificate in one sum in settlement of all claims under the certificate. This benefit is assumed to be paid in any case.

The business involving the lapse factor was valued by select tables according to age of entry and duration, the other business was valued according to age attained, which is the nearest birthday at entry plus year of valuation minus year of entry, plus one half.

Special classes—

- (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (c) No policies have been issued subject to liens.
- (d) Policies subject to extra premiums have been valued as ordinary premiums.
- (e) No policies have been issued on substandard lives.
- (f) Policies providing for disability benefits have been issued as above indicated.
- (g) No annuities have been issued on under average lives.

(2) *Items of special reserve.*—No items of special reserve are included in the "Statement of Actuarial Liabilities," but an investment fluctuation reserve of \$1,000,000 is included in the Liabilities.

II. See I (a).

III. The rate of interest earned during the year on the mean net ledger assets was 4.3 per cent.

IV. The Order has not yet distributed profits in the sense which "distribution of profits" is ordinarily understood. The members who entered the Order prior to 1899 are receiving an addition to the sum assured of \$75.00 per \$1,000, and payable upon the maturity of the certificates by death or disability.

10 GEORGE V, A. 1920

WOODMEN OF THE WORLD—Continued.

The valuation bases employed were as follows:—For Whole Life Insurances with continuous or limited premiums (which constituted over 90% of the business of the Order) the National Fraternal Congress Table with interest at 4% was used, the continuous functions Ax and ax being employed; for the remaining small group of certificates approximate methods of valuation were used.

Except in the case of members who selected the \$100 monument benefit as at July 1, 1914, the monument benefit is limited to \$50, and is contingent upon there being a surplus above liabilities. The full reserve, however, has been made throughout for the maximum amount of monument benefit.

The Actuary has furnished the following certificate:—

I hereby certify to the accuracy of the above valuation, and I am of the opinion that the Order is actuarially solvent.

(Signed) F. SANDERSON, Consulting Actuary.

Fellow of the Faculty of Actuaries in Scotland.

Fellow of the Actuarial Society of America.

	41,895,720	15	9

The Securities of the Life Department, West of England Life Fund, Hand-in-Hand Fund, Union Life Fund and Liverpool Victoria Life Fund are included at or under the values to which they were adjusted at the last periodical Valuations. The securities of the Edinburgh Life Fund have been written down to market values as at the 31st December last.

The remaining assets in the above Balance Sheet are included at Book Values, and are in our belief, in the aggregate fully of the value stated, less the Investment Reserve and Contingency Fund.

Part of the Assets has been deposited under Local Laws in various places out of the United Kingdom as security for holders of Policies there issued.

No part of any fund has been applied directly or indirectly for any purpose other than the class of business to which it is applicable.

Hand-in-Hand Fund	3,116,318	8	8
Union Life Fund	3,429,078	14	8
Liverpool Victoria Life Fund	251,779	17	0
Edinburgh Life Fund	4,544,170	0	7

41,895,720 15 9

Norve.—In addition to the above the Company has liabilities in connection with the fusion of the Hand-in-Hand Insurance Society; under an agreement with the Liverpool Victoria Insurance Corporation, Ltd.; and for amounts uncalled on shares in Insurance Companies owned by the Company.

The Company holds in connection with its Trust business and otherwise various securities not set out in this Balance Sheet.

ABSTRACT OF STATEMENTS
OF
INSURANCE COMPANIES IN
CANADA

FOR THE YEAR ENDED DECEMBER 31
1919

(For Index See End of Volume)

(SUBJECT TO CORRECTIONS)

PRINTED BY ORDER OF PARLIAMENT

OTTAWA
PRINTED BY J. DE LABROQUÉRIE TACHÉ
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

1920

OTTAWA, March 15, 1920.

To the Honorable Sir HENRY DRAYTON,
Minister of Finance,
Ottawa.

SIR.—I have the honour to submit herewith an abstract of the business of insurance in Canada for the year 1919. The abstract has been made from the adjusted statements returned by the companies but must be considered as subject to correction.

I shall have the honour to report to you at a subsequent date these statements in full after the usual inspections at the head offices have been made.

For the Canadian insurance world, the year 1919 has been a wonderful year. Opening ominously with abnormally high loss ratios in practically all branches, it developed in the later months a series of agreeable surprises and with one or two exceptions, to be hereafter noted, proved to be for all classes of business on the whole a year of almost unexampled prosperity.

Fire Insurance.

In the fire insurance field the month of January, 1919, which, on account of the unusual mildness of the weather should have shown a favourable experience, was one of the most disastrous on record, a property loss of \$3,915,290 being unofficially recorded. The attitude of the underwriting fraternity as to what the immediate future was to bring forth was therefore one of extreme pessimism, and it must be admitted that there were grounds for their fears. The long wished for end of the war had come and with it presumably the long-prophesied contraction of industry and business stagnation with their attendant moral hazards had commenced and from previous experience under similar circumstances, a reduction in the volume of business and an increase in the volume of claims were to be expected. These fears, however, have happily proved to have been groundless, and the complete figures show that the companies have experienced one of the most prosperous years of the whole half century over which the departments' records extend.

The net premiums written after deducting licensed reinsurance amounted to \$43,728,397 as compared with \$38,184,939 in 1918. The net cash received for premiums was \$39,914,398 and the net losses paid amounted to \$16,642,172. The corresponding figures in 1918 being \$35,954,405 and \$19,359,252 respectively. The loss ratio on the cash basis was therefore 41.69%. The following schedule shows the distribution among the various classes of companies:—

	Net Premiums received.	Net Losses paid.	Ratio losses paid to premiums received.	The same 1918.
	\$	\$		
Canadian Companies.....	6,398,098	2,690,576	42.05	49.23
British Companies.....	20,385,117	8,397,483	41.19	53.10
Foreign Companies.....	13,131,183	5,554,113	42.30	57.22
Totals.....	39,914,398	16,642,172	41.69	53.84
Totals for 1918.....	35,954,405	19,359,252		

As the average loss ratio for the last fifty-one years is 58.19 per cent, it will be seen that the experience of the year 1919 has been unusually favourable. Only in one year, 1902, has a lower ratio been shown, namely 39.26 per cent and in only four previous years has the ratio fallen below 50 per cent.

The premiums earned after allowing for increase or decrease of reserve, and the losses incurred are shown from the following table:—

	Premiums earned.	Losses incurred.	Ratio losses incurred to premiums earned.	The same 1918.
	\$	\$	%	%
Canadian Companies.....	5,788,819	2,641,021	45.62	50.01
British Companies.....	19,469,066	8,639,376	44.37	53.23
Foreign Companies.....	12,498,432	5,485,974	43.89	57.23
Totals.....	37,756,317	16,766,371	44.40	54.05

10 GEORGE V, A. 1920

The ratios experienced in one-year business and in the longer term business are separated as follows:—

	Ratio of losses incurred per cent of premiums earned.		The same 1918	
	One Year or less.	All others.	One Year or less.	All others.
	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$
Canadian Companies	47.24	45.23	55.15	44.29
British Companies	44.68	42.96	54.80	48.73
Foreign Companies	43.42	45.80	57.70	54.94
All Companies	44.55	43.67	55.85	49.08

The rate of premiums charged per cent of risks taken is the same as in 1918. The record for the last seven years is as follows:—

	1919.	1918.	1917.	1916.	1915.	1914	1913.
	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$	$\frac{C}{O}$
Canadian Companies	1.12	1.09	1.14	1.19	1.25	1.24	1.33
British Companies	1.06	1.07	1.08	1.08	1.17	1.19	1.21
Foreign Companies	1.02	1.03	1.03	1.04	1.08	1.09	1.11
All Companies	1.06	1.06	1.07	1.09	1.16	1.17	1.21

Separating the one-year and longer term business the following rates are shown:—

	One Year or less.	All others.
	$\frac{C}{O}$	$\frac{C}{O}$
Canadian Companies	1.05	1.27
British Companies	1.03	1.18
Foreign Companies	0.99	1.22
All Companies	1.01	1.22

The table of premiums written and losses incurred by Provinces shows as usual a wide difference between the loss ratio experienced in different parts of the country as follows:—

Province.	1919.			Ratio. 1918.	Ratio 1917.	Ratio 1916.
	Premiums Written.	Losses Incurred.	Ratio.

Whether the favourable experience of the year 1919 can be expected to continue it is of course impossible to predict. It would seem, however, that the unfavourable experience expected in 1919 has been merely postponed rather than entirely removed, and while it would be gratifying to believe that the large reduction in fire losses is due to improved methods of fire prevention and fire control, and to an improvement in the habits of the people, it would be idle to deny that a large part of the improvement must be attributed to the high cost of replacement of property destroyed and the consequent increase in caution suggested by business instinct. There is, however, on the decrease in loss by fire, great ground for encouragement to all those agencies

SESSIONAL PAPER No. 9

which are working concertedlly for the removal of the fire menace, and the experience of the year should serve as an incentive for still greater effort in this direction in the future in order that the advantage so far gained may be made permanent.

Life Insurance.

The two outstanding features of the year in the life insurance field have been the excessive mortality in the early months due to influenza and the phenomenally large amount of new business written by all the companies.

While the climax of the influenza epidemic had been reached before the end of 1918, it continued to cause exceptionally high mortality during the first three months of the new year. The total amount of claims from this cause incurred by life insurance companies excluding fraternal benefit societies during January, February and March of 1919 being \$2,995,228 compared with \$7,140,917 during the last three months of 1918. The epidemic as a whole, assuming it to be confined to the six months from October, 1918 to March, 1919, inclusive, cost the companies in death claims a total of \$10,136,145 compared with total war mortality for fifty-one months of war of \$17,310,331, there being included in the latter total an amount of \$785,331 representing claims incurred in 1919 or incurred in previous years not hitherto reported.

The gross new business written and paid for in cash by all companies amounted to \$524,543,629 compared with \$313,251,556 for the year 1918, there being therefore an increase in new business written of 67.45 per cent.

There is also shown a gratifying reduction in the lapse ratio. The total amount of business lapsed and surrendered was \$122,323,687 or 23.32 per cent of the new business written. The amount lapsed and surrendered in 1918 was \$102,003,597 and the percentage of lapses and surrenders to new business written 32.56 per cent. The average amount of discontinuance from these sources over a period of five years (1914 to 1918 inclusive) was \$112,360,699, the average amount of new business written during the same years being \$252,919,937 and the average ratio of lapses to new business written 44.43 per cent.

The total net amount of business in force in Canada at the end of 1919 was \$2,187,833,396 an increase of \$402,772,123 over the net amount in force at the end of 1918.

Casualty Insurance.

Of the various classes of casualty insurance transacted special mention might be made of the abnormally high loss ratio in the sickness branch, the amount of premiums received being \$1,311,496 and the amount of losses paid \$872,781, the loss ratio being 66.55 per cent. This ratio is doubtless caused by the persistence of the influenza epidemic into the earlier months of the year.

Industrial disturbances prevailing throughout Canada in the earlier part of the year created an extraordinary demand for explosion insurance, and during a comparatively few months of the year a total premium income from this branch of \$514,808 was received by the companies. The losses sustained amounted to \$1,152.

The business of hail insurance and tornado insurance proved to be unprofitable, the total hail premiums amounting to \$2,745,642 and the total losses to \$1,790,215, the loss ratio being 65.20 per cent, while the tornado premiums and losses were respectively \$75,647 and \$87,746, the ratio being 115.99 per cent. The average loss ratio over a period of ten years is 56.18 per cent for hail insurance and 103.78 per cent for tornado insurance.

Automobile insurance has proved to be one of the most rapidly expanding classes in the casualty field, the increase in premiums during the year from all branches of automobile insurance being 58.52 per cent of the premiums received in 1918. The premiums for 1919 amounted to \$3,412,864 and the claims to \$1,605,201.

The figures for all classes of casualty insurance are as follows:—

	Premiums received.	Losses paid.
	\$	\$
Accident	2,044,190	735,593
Combined Accident and Sickness	966,422	540,075
Automobile (including fire risk)	1,509,958	820,229
Automobile (excluding fire risk)	1,902,906	784,972
Burglary	331,442	113,209
Employers' Liability	2,552,053	1,558,070

Forgery	None	None
Guarantee	1,137,585	312,496
Hail	2,745,642	1,790,215
Inland Transportation	288,011	238,337
Live Stock	98,599	45,101
Plate Glass	375,152	226,132
Sickness	1,311,496	872,781
Sprinkler Leakage	65,172	35,223
Steam Boiler	289,188	28,716
Title	None	None
Tornado	75,647	87,746
Totals	16,208,271	8,190,047

10 GEORGE V, A. 1920

Total Insurance in Canada.

The Department has continued the practice of more important information respecting the business of companies operating under provincial jurisdiction and a summary of this information will be found on pages 81, 116 and 168. The figures have been kindly furnished by the companies in response to a circular letter issued by the Department, and while the replies have not at this date been received from all companies the omissions are not believed to be important.

I have the honour to be, Sir,
Your obedient servant,

G. D. FINLAYSON,
Superintendent of Insurance.

ABSTRACT

OF STATEMENTS MADE BY COMPANIES LICENSED TO TRANS-
ACT BUSINESS OF FIRE INSURANCE IN CANADA FOR
THE YEAR 1919 IN ACCORDANCE WITH
THE INSURANCE ACT, 1917.

GENERAL TABLES.

ASSETS OF COMPANIES, FIRE, ETC.

LIABILITIES OF COMPANIES, FIRE, ETC.

INCOME AND EXPENDITURE OF COMPANIES, FIRE, ETC.

PERCENTAGE OF LOSSES TO PREMIUMS, ETC., ETC.

* An amount of \$30,000, being "Provision for unreported claims" was included in "Investment contingent, special reserve and other funds," in the Report of last year.

† The differences between the amounts of these Funds as shown above and as published in the Report of 1918 are due to non-participating amounts inadvertently charged to the participating account in 1918. The corrected amounts are given above.

(a) Contingent fund of \$500,000 included in the other funds.

(b) Contingent and mortality reserves included in participating funds.

(c) \$3,143 accident fund and \$8,809,416 funds of reinsured companies.

(d) Including \$68,668 staff Savings and Benefit Fund. In addition a contingent fund of \$446,710 is included in the other funds.

(e) \$3,441 accident fund and \$0,256,313 funds of reinsured companies.

* Allotted absolutely, not contingently.

† Provision for profits payable in 1920.

‡ Contingency Reserve.

(a) Including \$184,026 contingency reserve.

(b) Including \$11,014 reserved for quinquennial dividends being the full accrued dividend to policy anniversary in 1918; and \$5,267 reserve for unreported claims.

(c) Including \$187,410 allotted to policies participating in 1919.

(d) There is a contingent allotment of \$50,824 to deferred dividend policies issued prior to 1st Jan. 1911, but as this exceeds the surplus the amount was not entered.

10 GEORGE V, A. 1920

10 GEORGE V, A. 1920

WAR CLAIMS INCURRED BY INSURANCE COMPANIES IN CANADA.

With a view to ascertaining the extent to which the life insurance companies in Canada have been affected by the war during the year 1919, a circular was sent to each company asking for the amount of any war claims incurred which had not been included in previous returns.

The claims of the four years 1914, 1915, 1916 and 1917 were further classified according as were incurred under policies held by

- (A) Enlisted soldiers killed in action, or dying from wounds;
- (B) Enlisted soldiers dying from other causes; and
- (C) Other persons engaged in war service or civilians dying as a result of military operations.

In 1918 section (B) is divided as follows:—

Enlisted soldiers dying from—

- (1) Influenza, pneumonia or grippe,
- (2) All other causes.

In 1919 section (A) only is shown.

In order that the enquiry might be as comprehensive as possible the circular as in former years was directed to the life insurance companies and the large number of fraternal societies operating under Provincial Licenses as well as to all such companies and societies licensed by this Department.

Returns for 1919 have now been received from all companies and societies with the exception of a few small Provincial fraternal societies the figures for which will not appreciably affect the totals. The tabulation of the figures received together with those of previous years gives the following results:—

WAR CLAIMS INCURRED.

	Dominion Licensees. (including fraternal societies.)		Provincial Licensees.
	Canadian Policy- holders.	British and Foreign Policy- holders of Canadian Companies.	
	\$	\$	\$

SESSIONAL PAPER No. 9

INFLUENZA CLAIMS INCURRED BY INSURANCE COMPANIES
IN CANADA.

The epidemic of Spanish influenza which affected Canada during the latter part of the year 1918 and in the first months of 1919 was of so widespread a nature and occasioned so many deaths either directly or indirectly through consequent diseases that it has been deemed advisable to obtain a summary of the resulting losses incurred by life insurance companies in Canada.

The returns were made at the same time and received from the same sources as the war claims. The figures include claims incurred on account of enlisted soldiers dying from influenza, pneumonia or grippe, shown under B (1) above. The figures for January, February and March, 1919, are published in addition to last year's figures. The results are as follows:—

DEATH CLAIMS DUE TO INFLUENZA, PNEUMONIA, OR GRIPPE.

	During October, November, and December, 1918.		During January, February and March, 1919.	
	Dominion Licensees.	Provincial Licensees.	Dom- inion Licen- sees.	Pro- vincial Licen- sees.

NOTE.—On account of the high mortality and other conditions brought about by the War, no bonuses were distributed at the close of the quinquennium ending 31st December, 1917. Interim Bonuses are however being paid under policies now maturing for each year in force since 1917. For policies maturing during 1919 the interim bonus rates were \$20 per \$1,000 for Deferred Profit Endowments and \$15 per \$1,000 for ordinary Endowments.

†The cash values in addition to the above bonuses are as follows:—

Life Policies.— $\frac{1}{3}$ of 3% reserve, increasing by $\frac{1}{2}\%$ for each year attained over age 70.

Life, Limited Payments.—80% of 3% value of equivalent Paid-up Policy; an additional $\frac{1}{2}\%$ given for each year attained over 50 up to age 90.

Endowment Assurances.—30% of 3% value of equivalent Paid up Policy; percentage increased when policy matures in less than 10 years by additional $\frac{1}{2}\%$ for each year nearer maturity.

SESSIONAL PAPER No. 9

LEGAL DECISIONS.

1. FIRE INSURANCE.

(a) *Maison inoccupée—Connaissance de l'assureur—Fausse représentation—Avis—Preuve—Termé—Renonciation—C. civ.—art. 2478.*

1. Si une demande d'assurance est faite pour une maison décrite comme résidence habitée, tandis qu'elle est inoccupée, il n'y a pas de fausses représentations rendant la police nulle, si l'assureur savait que cette bâtisse n'était pas occupée au temps de l'émission de la police et ne l'a pas été jusqu'au moment de sa destruction par un incendie.

2. L'assureur ne peut se prévaloir, dans le but d'échapper au paiement de l'indemnité, du défaut d'avoir rempli les conditions préalables stipulées dans la police, telles que l'avis à donner, la preuve à faire, le délai qui lui est accordé pour régler, lorsqu'il a positivement refusé de payer et décliné toute responsabilité.

Dec. 16, 1918.—*British Colonial Fire Insurance Company v. Rahal*—28 Rapports Judiciaires de Québec, 227.

(b) *Cancellation of Policy—Sufficiency of.*

A notice to insurance agents as follows: "I have just learned from Calgary that they have taken care of the insurance for the Allen, Moosejaw, etc., held to be under the circumstances sufficient notice of cancellation of the insurance under s. 11 of the Insurance Act (1915, Sask. stats., c. 15), although it did not request the cancellation of the insurance or cancel it by express words.

June 19, 1919.—Saskatchewan Court of Appeal.—*Cook-Henderson, Ltd. v. Allen Theatre*.—47 D.L.R., p. 357.

(c) *Statutory Condition 21—False Statement in Declaration—Claim Defeated.*

Statement in statutory declaration of claimant under a fire insurance policy held to be false within statutory condition 21 of The Fire Insurance Policy Act (as amended by ch. 35, 1915) and judgment of Mathers, C.J.K.B. (1918, 2 W.W.R. 541) dismissing the claimant's action sustained.

January 17, 1919.—Manitoba Court of Appeal.—*Kibczy v. The Home Insurance Company*—(1919), Western Weekly Reports, 423.

(d) *Arbitrage—Sentence arbitrale—Agent—Reconstruction—C. civ.—art. 1730, 2478, 2597—S. ref. (1909), art. 7034, 16, 18, 20, 21.*

1. Un contrat d'arbitrage signé par l'assistant-gérant d'une compagnie d'assurance et par l'estimateur de la compagnie comme témoin, indique que ce dernier n'a qu'une autorité limitée.

2. D'après la loi des assurances de Québec, si la compagnie d'assurance ne s'entend pas avec l'assuré sur le montant de l'indemnité, ils sont tenus de soumettre le différend à l'arbitrage; mais il ne s'ensuit pas de ce fait que la compagnie se soit engagée à payer la perte en argent ou qu'elle ait renoncé au droit que lui accorde son contrat, ou le paragraphe 8 de l'article 7084 des S. ref. (1909), de reconstruire elle-même la bâtisse incendiée.

Dec. 16, 1918.—Quebec King's Bench.—*The Phoenix Insurance Company of Hartford v. Lalonde*—28 Rapports Judiciaires de Québec, 287.

(e) *Subject matter—Occupied dwelling houses—Suspension of risk—Change material to risk.*

Several buildings were insured against fire by separate policies each of which expressed the risk to be on the building "while occupied by.....as a dwelling."

Held, affirming the judgment of the Appellate Division (41) Ont. L.R. 108; 39 D.L.R. 528), that a building used as a combined store and dwelling was not insured.

Held, also, Idington and Brodeur JJ. dissenting, that the contract was intended to insure occupied dwellings only; that the failure of the insurance agent to insert the name or description of the occupant was immaterial; and that the word "by" in the restrictive description quoted could be deleted as not required to express the intention and make the contract sensible. *London Assur. Corp. v. Great Northern Transit Co.* (29 Can. S.C.R. 577), followed.

To the knowledge of the insurer and insured the buildings were not completed when the policies were issued and could not be expected to be occupied for some time.

Held, Idington and Brodeur JJ. dissenting, that though the risk might presently attach to the unoccupied buildings, yet after they were once occupied the insurance would be suspended on any becoming vacant, and a loss occurring during such vacancy would not be covered.

The Appellate Division held that the insured was entitled to recover \$1,200 on each building actually occupied as a dwelling at the time of the fire, and ordered a reference to ascertain the amount due.

Held, per Davies, C. J., Anglin and Mignault, JJ., that as the basis of the claim was certain and the amount, once the facts were established, ascertainable by a mere arithmetical computation, the insured was entitled to interest on the sum eventually found due from the expiration of sixty days after the proofs of loss were furnished.

10 GEORGE V, A. 1920

Held, further, that the Supreme Court of Canada should not interfere with the discretion of a provincial appellate court in allowing issues of law arising on the documents and facts in the record to be raised though not pressed at the trial.

Dec. 23, 1918.—Supreme Court of Canada.—*S. M. Ross and other v. Scottish Union and National Insurance Company*—LVIII, Supreme Court, Reports, 169.

(f) *Policy—Conditions—Notice of loss—Proofs of loss—Irregularity—Relief—Specified delay to begin action—Action premature—"The Fire Insurance Policy Act," R.S. Sask., 1909, c. 80, s. 2—"The Saskatchewan Insurance Act," Sask. S., 1915, c. 15 s. 86.*

Insurance policies against fire were issued by the companies respondent on buildings owned by the appellant Shepard with loss, if any, payable to the appellant bank, assignee of a mortgage on the property. The buildings were subsequently destroyed by a fire occurring on the 1st or 2nd April, 1915, of which the agent of the bank informed the companies respondent. In the course of their investigation they suspected some incendiary origin and declined payment for a considerable period. The proofs of loss were furnished on the 29th February, 1916. The statutory condition No. 13 required that the assured should "forthwith" give notice in writing to the companies, and, "as soon afterwards as practicable," deliver a detailed account of the loss accompanied by a statutory declaration as to the truth of his statements. According to another condition, no action could be brought after the expiration of one year from the date of the loss. The statutory condition No. 17 also provided that "the loss shall not be payable until thirty days" in the case of one policy and sixty days in the case of the other policy "after completion of the proofs of loss." The present actions were commenced on the 22nd March, 1916, before the lapse of the required period, in order that they might be instituted within one year from the date of the fire.

Held, that this court should not interfere with the discretion exercised by the trial judge in deciding that the non-performance of condition No. 13 had been due to mistake and that relief should be granted to the assured under sec. 2 of "The Fire Insurance Policy Act."

Per Idington J.—As the notice was not given "forthwith after loss" and the proofs were not delivered as soon afterwards "as practicable," they cannot be regarded as made in compliance with the terms of the policy and, therefore, cannot be used to fix the time when the actions should be brought.

Per Anglin and Cassels JJ.—The proofs of loss became of value and were "completed" only when the trial court exercised its statutory power to give relief; and the effect of granting it was to put the assured in the same position for all purposes as if the proofs had been furnished as required by the statutory condition No. 13. Accordingly, the respective periods, prescribed by statutory condition No. 17, should be deemed to have elapsed and the loss under each of the policies to have been payable before the action upon it was begun.

Per Mignault J. (dissenting).—Sec. 2 of "The Fire Insurance Policy Act" did not give power to the courts to relieve against the requirements of statutory condition No. 17.

Judgment of the Court of Appeal (11 Sask. L.R. 259; 42 D.L.R. 746), reversed, Davies C. J. and Mignault J. dissenting.

May 6, 1919.—Supreme Court of Canada.—*Robert Shepard and The Merchants Bank of Canada v. The British Dominions General Insurance Co. of London, England—Robert Shepard and The Merchants Bank of Canada v. Glens Falls Insurance Co. of Glens Falls, New York.* LVIII Supreme Court Reports, 551.

(g) *Assignment of insured property—Written Permission of Company not endorsed on Policy—Validity—Ontario Insurance Act.*

Where insured property is assigned without the written permission of the insurance company being endorsed on the policy, the policy becomes void under statutory condition 3 of the Ontario Insurance Act, R.S.O., 1914, c. 183, s. 194.

Dec. 20, 1918.—Ontario Supreme Court, Appellate Division.—*Staddon v. Liverpool-Manitoba Assurance Co.*—47 D.L.R. p. 473.

(h) *Interest—Ownership—Promise of sale—Other insurances—Waiver—C. C., Arts. 1778, 2774, 2771.*

1. Where the lessee of machinery and goods, with the right of acquiring ownership thereof after full payment of stipulated lump sum, insures them in an insurance company, he describes sufficiently his interest in these moveables by stipulating that, in case of fire, the amount of indemnity shall be payable to his lessor, as his interest may appear.

2. The insurance company, in such a case, has no right to ask that the policy should be declared null, because the lessee had not, at the time of the contract of insurance, become owner of the goods by paying in full the sum agreed upon.

3. If an undisclosed blanket policy is not taken by the insured who ignored its existence, but by another interested person for his personal benefit, it is not a ground to annul the policy.

4. Where an insurance company agrees to pay the amount fixed by its own adjusters, and furnishes to the insurer its own form to sign the receipt thereof, it waives its right to plead want of interest in the insurer and non-disclosure of previous policies.

SESSIONAL PAPER No. 9

(i) 3 Geo. V., c. 26—Remedial Provision—Imperfect Compliance with Conditions—Equitable relief.

In an action to recover the amount of a loss on a fire policy, tried by a judge without a jury it was admitted that no notice in writing of the loss was given and no proofs of loss were furnished by the insured, as required by the policy, but it was proved that shortly after the fire the insured told the agent of the company who affected the insurance that the insured building had been totally destroyed by fire, and asked what he had to do in reference to it, and the agent replied that he (the agent) would notify the company, through his office, and it would probably send somebody to adjust the loss. The agent did notify the company, and it sent an adjuster to examine into the circumstances of the loss, who reported against paying, on grounds other than the want of notice or proofs of loss.

Held, per Sir J. D. Hazen, C.J. and Grimmer, J., affirming the judgment of the trial judge, Barry J. dissenting, that the remedial provisions of section 7 of The Fire Insurance Policies Act, 3 Geo. V., c. 26 (1913), were, under the facts proved and found, properly applied, and that it would be inequitable that the insurance should be considered forfeited because of the non-compliance with the conditions of the policy in respect of notice and proofs of loss.

Per Barry J., that in order to entitle the plaintiff to the equitable relief contemplated by the section, there must be some attempt at compliance with the conditions, and the facts as proved afforded no reason to warrant the trial judge in holding that there had been an imperfect compliance with the conditions which rendered it inequitable that the insurance should be decreed forfeited.

Feb. 14, 1916.—New Brunswick Appeal Court.—*Wetmore v. British and Canadian Underwriters of Norwich, England.*—XLVI, New Brunswick Reports, 304.

2. ACCIDENT INSURANCE.

(j) Employer's liability—Conditions of policy—Accident—Immediate notice—Delay in giving same.—C. C. Arts. 2468, 2471.

Where the liability of the insurer, by a policy of employers liability insurance, has been made dependent upon the giving by the assured party of immediate notice of any accident covered by the policy, a delay of fifty-three days in giving notice of an accident entails forfeiture of the right of the assured to claim in respect of such accident.

Nov. 11, 1918.—Quebec King's Bench.—*Merchants and Employers Guarantee and Accident Co. v. Parent.*—28 Quebec Reports, 310.

(k) Accident—Term of Contract—Accidental Injury—Failure to Notify Company of Change of Occupation—Liability of Company.

The plaintiff was insured against "loss resulting from bodily injuries effected directly and independently of all other causes through accidental means and as the direct result of some cause not attributable to the assured's state of health." The plaintiff suffered permanent injuries causing "auricular fibrillation" of the heart, in a fight, in which he was not the aggressor, and the court held the company liable under the above clause; the disability being the direct cause of the fight even if the plaintiff's heart had been slightly affected, without his knowledge before that time, also that the plaintiff's change of occupation to a more hazardous one without disclosure to the company did not, under the circumstances, avoid the policy.

(*Fidelity & Casualty Co. of New York v. Mitchell*, 35 D.L.R. 477, (1917) A. C. 592, applied and followed.)

Oct. 15, 1918.—Ontario Supreme Court, Appellate Division.—*Morran v. Railway Passengers Ass'ce Co. of London, England.*—44 D.L.R., p. 646.

(l) Insolvency—Employers' Liability Policy—Action for Injury to Employee—Assignment for Benefit of Creditors by Employer Pending Action—Judgment of Employee Paid by Assignee—Action by Assignee on Policy.

An employers' liability policy provided that no action could be instituted against the insurer to recover unless it should be brought for loss actually sustained and paid in money by assured in satisfaction of a judgment after trial.

An accident occurred to an employee of assured and an action was instituted against assured. While the case was pending assured made an assignment for the benefit of creditors under *The Assignments Act*. Judgment having been rendered in favour of the employee, the assignee paid the amount with money handed to him by another party and brought action under the policy.

Held, affirming judgment of Court of Appeal for Manitoba which affirmed judgment by Prendergast, J. (1917) 2 W.W.R. 1120) that the assignee should recover. The insurer's contingent liability for the amount of the employee's judgment existed when the assured made the assignment, the correlative contingent right of the assured passed to his assignee, and payment of the judgment by the assignee converted the latter into an absolute right, enforceable for the benefit of the estate, and the former into an absolute liability.

The insurer's liability is not measured by the amount of the dividend to which the employee would ultimately have been entitled on a distribution of the estate had his judgment not been satisfied (*In re Law Guarantee, Trust & Accident Society; Liverpool Mortgage Insur. Co's. Case* (No. 2.) (1914) 2 Ch. 617, and other authorities referred to).

December 9, 1918.—Supreme Court of Canada.—*Newton v. North American Accident Insurance Company.*—(1919) 1, Western Weekly Reports, 317.

10 GEORGE V, A. 1920

3. EXPLOSION INSURANCE.

(m) The decision of the Court of King's Bench of Quebec in the appeal case Guardian Assurance Co., Limited v. Curtis & Harvey (Canada) Limited, is one of the most important of the year, both from the standpoint of the amount involved and the interest attaching to the question of fire companies' liability for explosion damage. The judgment and Hon. Mr. Pelletier's notes are given herewith in full. It is understood that an appeal has been taken to the Judicial Committee of the Privy Council.

THE GUARDIAN ASSURANCE CO. LIMITED,

*Defendant Superior Court,
Appellant.*

CURTIS'S & HARVEY (CANADA) LIMITED AND J. LEONARD APEDAILE,

*Plaintiff's in the Superior Court,
Respondents.*

The Court having heard the parties by their respective Counsel, examined the record and on the whole maturely deliberated;

Considering that there is error in the final judgment given by the Superior Court on the 13th February, 1919, maintaining the action and condemning Defendant Appellant to pay the whole of the amount claimed;

Considering there is also error in the two interlocutory judgments of April 26, 1918, and December 2, 1918, maintaining Plaintiff's inscription in law against part of Defendant's Plea and rejecting Defendant's motion for leave to amend its Plea;

Considering that the Insurance Policy contains a clause in virtue of which Defendant is liable for damages caused by fire, but not for those resulting from explosions;

Considering that the said clause was inserted in the Policy at the request of the assured and that consequently there has been on that point a special agreement between the parties and the contract;

Considering that such an agreement is not contrary to public order or good morals, but that it is valid, prohibited by no law and may be legally entered into by parties having capacity to contract;

Considering that the Provincial Statute invoked by Respondent has been passed to prevent the assured being taken by surprise and also to prevent the Insurance Companies from imposing conditions to which assured has not assented; but that the Statute does not prevent and limit liberty of contract between parties capable of contracting.

Considering that Defendant Appellant must be condemned to pay the damages caused by fire, but not those resulting from explosions;

Considering that the parties have both erred in contending that the action should be dismissed or maintained for the whole and that consequently the proof does not sufficiently distinguish between the damages caused by the fire and those resulting from explosions;

Considering that it is impossible to render judgment without such proof being made;

The final judgment dated February 13th, 1919, is reversed as well as the said interlocutory judgments rendered on the 26th April, 1918, and December 2nd, 1918, and proof is ordered before adjudicating on the inscription in law and the motion of leave to amend is granted without costs (with leave to the Respondents to answer the amended plea);

It is ordered that record be transmitted to the Superior Court to complete the evidence already on record,

First, on the allegation of the Plea which is restored thereto;

Second, on the allegation added by the motion to amend;

Third, on the quantum of damages resulting from fire and from those resulting from explosions;

Costs in the Superior Court are reserved, but Respondent is condemned to the costs of appeal.

Copy of Notes of Judge Pelletier.

These are two cases of the highest importance not only on account of the amount in issue, but also because these are test cases the decision of which would influence judgments to be rendered in a great many other cases, which are suspended pending our decision.

The total amount in issue is \$600,000.

Plaintiff's claim is based on the loss resulting from a disaster which happened to their Explosive Factory situated at Dragon near Rigaud, on the 18th of August, 1917. The whole place was razed and destroyed.

Now the Plaintiff which has become insolvent claims through its Liquidator, the payment of Insurance Policies. The Court duly has upheld both suits, hence the two appeals, which are now before us.

The cases rest on the interpretation of the Insurance Policies and the Law which governs them and a difficulty, in fact the main difficulty arises from the fact that the Insurance Policies contained a clause which reads as follows:—

"Warranted free of claim for loss or damage caused by explosion of any of the *material* used on the premises."

The Insurance Policy is one against fire only.

Now according to the evidence, there has been not only a fire, but explosions.

The Plaintiff takes the stand that the fire was the principal and initial cause; that the explosions were only incident resulting from the fire and consequently since the whole has been destroyed, it is entitled to the full amount covered by the Insurance Policies.

SESSIONAL PAPER No. 9

The Insurance Companies take the following stand as formulated in one of their factums:—
 "Appellant was prepared to pay its proportion of the loss resulting directly from the fire up to the moment of the first explosion and for any other loss by fire, entirely independent of explosion, but Respondents have taken the position that they do not attempt to prove any loss by fire independent of explosion, but demand payment of the entire loss or nothing."

Respondent admits that an important part of what was insured had been destroyed by fire only and this is what it says on the subject in its factum.

"The following buildings containing large quantities of T.N.T. were wholly destroyed by fire, *without an explosion* of the T.N.T.; Magazine D 13; T.N.T. 12; T.N.T. 9; T.N.T. 11; T.N.T. 13; Magazines D 14 and D 15."

"Other than the buildings above enumerated, the following buildings were destroyed *by fire alone*; the whole of the "A" group; Tank Nos. 1, 2, 3, 4, 5, 6, 7, and 8; Power Houses Nos. 6, 7, and 8; Buildings over Tank 37, 38, 39, 40, and 41; Tank No. 101; s 4, s 3, s 5, and s 6; w 25; s 1 and s 2; w 21, s 7; Nos. 1, 2, 3, 4, and 5; the whole of the g. c. group T.N.T. 1, 8 N.T. 2; No. 10; s 8; d 11; d 9; d 13; d 14; d 15; c 25, c 26, c 1, T.N.T. 8, 9, 10, 11 and 12."

However nobody denies, in fact, both parties practically admit that part of the destroyed was due to explosions.

If there were only the Insurance Policies, these cases could be decided more easily since it would be sufficient for us to read together all the conditions of the contract and give them the interpretation which would result from the whole, but the question is complicated by the Provincial Statute governing this matter.

To avoid that insured parties be taken by surprise or becoming the victims of clauses unjustly inserted in Insurance Policies, the Legislature of Quebec has enacted a law which was declared to be valid by the judgment of the Privy Council in the case of Citizen Insurance Co., and Parsons (7 Appeal Cases page 119) which holds among other things that Insurance Companies are bound to print on their Policy and as one of the conditions thereof, the following clause.

"The Company shall make good loss caused by the explosion of gas in a building not forming part of the gas-works and *all other loss caused by any explosion causing a fire and all loss caused by lightning, even if it does not set fire.*"

An Act adds that if an Insurance Company wishes to vary this clause it must do so in such a manner as to call attention thereto and with an ink different from that used for the body of the Policy. The Statute adds that if the Insurance Companies take advantage of their right to vary Clause 11, the Courts shall have the right to decide whether such change or variation is unjust and unreasonable in which case the insured shall not be bound.

The two Insurance Policies which we have before us differ considerably on the subject. The North British and Mercantile has printed on its Policy and as one of the conditions thereof Section 11 of the Provincial Statute, which I have just cited, but on the other hand, it has declared in the same Policy and that in the manner provided in red ink the following:—

"This Company is not liable for loss caused by explosion of any kind, unless fire ensues *and then for loss or damage by fire only.*"

The Guardian Insurance Company on that score is in a different position. It has printed on its Policy Clause 11 of the Provincial Statute, but it did not take advantage of the right to change it by another clause in red ink, consequently it remains that clause 11 forms part of the conditions of its Policy.

The trial Judge took advantage of that fact to condemn the Guardian Insurance Company. As to the North British and Mercantile Insurance Company, the trial Judge has declared that the Provincial Statute had not been followed to the letter, a fact which seems to me hard to admit, but that in any event he had come to the conclusion that the clause so changed was unjust and unreasonable and consequently did not bind the insured.

The first point which arises is the following:—

"Does the Provincial Statute apply to the case in question?"

I come to the conclusion that the question must be answered in the negative. To answer it in the affirmative, we must presume that the Legislature violating an inalienable principle has interfered with liberty of contract. No principle is more generally admitted, recognized and considered as a sacred right than that except in cases against public order or morals, their contract is the law of the contracting parties.

It cannot be presumed that the Legislature is anxious to depart from this rule.

Certain Insurance Companies took advantage of their experience and cleverness to insert in their Policies a series of interminable clauses which enabled them to collect premiums, but protected them almost completely against payment of the Policies in the event of disaster. This was printed in small letters somewhere on the Policy, which was very wrong and the unwary assured did not take the trouble to read it, hence then good faith was taken by surprise.

It is on that account of that state of things and to remove the abuses resulting therefrom, that the Provincial Statute has been passed and it must be observed that it has left to the companies the right to impose conditions, providing they are inserted in such a way as to be readily seen and not oppressive. Such interpretation is reasonable. It is that which was adopted by Sir Montague Smith who delivered judgment on the Privy Council in the case of Citizen & Parsons when he said among other things that the object of the Provincial Statute was to prevent the companies from imposing "*with conditions of their own*" a contract which the assured had not had the intention to enter into. Does this happen in the present case, I do not think so.

The clause above cited which is found in the Insurance Policies "*warranted free of claim for loss or damage caused by explosion of any of the material used on the premises*" is not a condition which the Policy imposed upon the assured without his knowledge or consent for it

10 GEORGE V, A. 1920

is the assured himself who demanded (that is not denied) that that clause be inserted in the Insurance Policy. Therefore, Respondent could not be taken by surprise, such is the contract he has willed, demanded and obtained.

The contract was not contrary to public order or good morals and the parties insured had the right to make it, the Provincial Statute did not go the length of forbidding it.

The reason of such a contract is easy to see by demanding an insurance against fire only and guaranteeing that he would not claim anything for explosions.

The insured obtained a policy which cost him much less as far as the premium is concerned than a Policy of insurance against explosions.

I shall discuss later from another standpoint this aspect of the question.

We must therefore read the Insurance Policy as validly containing terms not to claim for losses or damages resulting from explosions.

If the clause is valid, it must be given effect thereto. If not, the contract is destroyed on its very foundation, then it does not exist and the Companies could free themselves therefrom from reimbursing the premiums received.

Proceeding therefore to read the Policy which first insured only against fire and secondly declares that no damages resulting from explosion are payable, we must now consider the fact that clause 11 of the Provincial Statute is found in both Policies.

As to the North British and Mercantile Company, clause 11 has been changed as allowed by the Statute and consequently the only damage due is that which results from an explosion causing a fire and only from the loss caused by the fire. Now there is not in the record sufficient evidence to make the necessary distinction on that score.

The Respondent took the stand that it is entitled to the whole amount of the insurance even for the part of the loss which is caused by explosion and it is consequently impossible to find in the record proof permitting us to condemn the Insurance Companies in the amount of damages caused by the fire independently of explosions.

It was for the insured to adduce that proof and to make the necessary distinctions. This may be done since as seen by the quotation herein above made from Respondent's Factum, Respondent admits that a great part of the damage results from the fire alone.

I admit that it is more difficult to make the distinction as to damages caused jointly by the explosions and by the fire, but Respondent should have made the best possible evidence and the Court would have weighed it.

As to the Guardian Insurance Company since Clause 11 of the Provincial Statute forms part of the Policy and consequently of the contract, it must be read with the Clause "Warranted Free of Claim, etc." and what is the result? To answer this question one must compare these two clauses by placing them alongside each other and reading them together. As far as I am concerned this operation brings me to the following conclusion; an explosion arises causes fire on the left hand side of the buildings where it happens, then the Insurance Company is responsible, but on the right hand side of the buildings where it happened it did not cause the fire, it merely broke or destroyed, then there is no liability on the part of the Insurance Company. Therefore here again (but the proof will be more difficult to make) the proof should establish the facts as well as possible in order that the Insurance Company be condemned to pay for the damage resulting from the fire caused by the explosion and be not condemned to pay for what was destroyed by the explosion without the intervention of the fire. It may be answered, everything was burnt down, but if any part of the buildings insured was burnt down after having been destroyed by the explosion, the Insurance Company in my opinion, would only be liable for the difference in value between the buildings or rather their debris demolished and dispersed by the explosion and the value that the whole had as a building.

I shall now search the origin and causes of the fire.

Both parties agree to say that the fire caused the explosion. They are both interested in taking that position. The Plaintiff's because it enables them to claim that the explosions were merely incident of the fire and the Appellants because it enabled them to pretend that they do not fall under Section 11 of the Provincial Statute since the latter only provides for a fire caused by an explosion and not for an explosion caused by a fire.

A superficial reading of the evidence seems at first sight to justify both parties in their contention that explosions were caused by fire, but a careful examination of the question enables me to reach a different conclusion, that a fuller and more careful trial would confirm and corroborate.

No fire arose in the establishment from other sources than "material used on the premises which are mentioned in the warranty clause."

The buildings which caught on fire were not buildings where this material was not and the fire was not communicated to the material in question. On the contrary, it is the material covered by the Warranty Clause which ignited probably by reason of the gas which it contained. The heat becoming more and more intense has apparently caused the alleged fire which was nothing else than the explosion which fomented in the material, indeed at a given moment the material exploded lifting with violence the roof which contained it although the same was held by iron clamps.

Under the circumstances, can we say that it was fire which caused the explosion or must we not rather reach the conclusion that it is the material which caused the accident? The latter view is supported by the following facts which are proved beyond question.

The accident originated in the building marked on the plan T.N.T. 4. There were in that T.N.T. 4 six nitrators. It is in nitrator six that the explosion was fomented and took place. Now in that nitrator, were found precisely the material covered by the Warranty Clause.

The logical conclusion to be deducted therefrom may be easily understood.

Indeed explosions have played in all this a great part. To convince oneself thereof, it is sufficient to read thereof the version of witness Crutchlow heard on behalf of the Plaintiff's and particularly what he says on page 161 of the appendix.

SESSIONAL PAPER No. 9

The main explosion was so strong that although all the workmen were out, it knocked them all down and the witness in the same page adds that there have been constantly afterwards explosions at intervals for an hour and a half, in short, the explosions were the principal cause of the fire.

To presume we are in the presence of a valid and legal contract agreed upon by parties capable of contracting and we must give effect to this contract by condemning to pay what was destroyed by fire; and by refusing to condemn to payment of damages which the Insured had promised not to claim.

Parties have fallen in a common error on that score and as a result the proof is incomplete. I think we should send back the record to have it completed.

These cases have two other more aspects, Appellant in Paragraph 8 of their defense have alleged the following:—

"That it was not the intention of the parties to the said contract either that the Company Defendant should insure or that the said Curtis's & Harvey (Canada) Limited, should be insured against loss or damage caused by explosion upon the premises of the said insured and the contract was entered into and the rate of the premium or consideration therefor was established and agreed to upon such understanding and agreement."

The above paragraph was met by a demurrer which was upheld and consequently in spite of their efforts, the Appellants were unable to prove the above paragraph of their pleas. I think the judgment on the demurrer was erroneous. We are in the presence of a contract which is not very clear and the interpretation whereof is difficult.

I am of opinion that under the circumstances it would have been useful for the decision of the case that the proof of Paragraph 8 should have been adduced, if possible.

The buildings to be insured were buildings wherein there was a considerable risk on account of that dangerous explosive material. The parties knew it and the Insurance Policy says so. Now if making a contract which they have a right to make, the parties intended that the Policy should not cover dangers resulting from explosions, if the insured has selected to pay a smaller premium on that account and if the Insurance Companies have accepted that smaller premium because explosions were excluded from the risk, there has been between the parties an agreement which we can only ignore by declaring that one party shall pay more than he agreed to pay.

Further more the Appellants have before the proof and hearing of the case, moved to amend their plea by adding thereto the following paragraphs:—

"That said Defendant had not and has not any power, right or authority, to enter into a contract of explosion insurance in Canada and denies that it ever entered into such a contract or that the said contract can be made or construed to include the same and Defendant denies that it ever demanded or was paid by Plaintiff's any premium or consideration for explosion insurance."

The above motion was refused. According to me it should not have been so refused because the whole of all these facts is not too much to enable us to reach a satisfactory conclusion. On the whole, I am of opinion. First, to reverse the final judgment of the Superior Court; Second, to reverse the judgment which rejects the motion for leave to amend the interlocutory judgment which maintained the demurrer; Third, to order that the record be sent back to the Superior Court to enable the parties to prove. A, the Allegations of paragraph 8 of the Defendant; B, the Allegations of the amendment which has been rejected and should have been allowed for the value of the building which had not been affected by explosions and of the loss which merely results from fire; D, the value of the buildings destroyed by these explosions and the value of the material after such destruction; E, the total amount of the damage caused by the explosion and the total amount of the damage not caused by such explosions.

The cost in the Superior Court should be reserved, but the cost of appeal should be against the Respondents.

4. MARINE INSURANCE.

(n) *Effect of Statement made on negotiating for Insurance—Whether Representation or mere expression of Expectation or Belief—Whether in the circumstances the policy attached.*

In an interview between plaintiffs' agent and defendants' agent in arranging for defendants insuring plaintiffs' goods while being towed on scows the question arose whether the scows were to be towed singly or together, a higher rate applying in the latter case. During the interview plaintiffs' agent telephoned the master of the towing tug and, on the latter agreeing to tow singly without extra charge, informed defendants' agent that the scows would be towed singly and the policy was issued at the lower rate. The scows were not towed singly and one was lost. *Held*, (affirming judgment of Clement, J., Martin, J.A., dissenting) that plaintiffs could not recover on the policy. Per Macdonald, C.J.A.: What was said at the interview by plaintiffs' agent after telephoning amounted not merely to an expression of expectation or belief but to a representation known in marine insurance law as a "promissory representation" which though by word of mouth only afforded an answer to plaintiffs' claim. Per Gallihier, I.A., (taking same view as trial Judge): The risk undertaken was for single scows and there was in the circumstances no insurance of the goods on the lost scow.

April 1, 1919.—British Columbia—Court of Appeal—*Brooks-Scanlon O'Brien Company, Limited v. Boston Insurance Company*—2 Western Weekly Reports—p. 129.

(o) *Dry-dock—Lease of—Covenant to insure—Insurance not obtained because of method of user—Destruction—Measure of compensation—Fraud.*

By the terms of the lease of a dry-dock the lessee agreed to use it in its construction work on caissons and other similar work; and also to have it insured for the benefit of the lessor

10 GEORGE V, A. 1920

in some company or companies satisfactory to the lessor, against both marine and fire risks and to deliver it in good condition at the end of the term.

The dry-dock was used in connection with the construction of a break-water and ocean pier, and such use was largely one of experiment, and owing to the method of user no insurance could be obtained although its seaworthiness was demonstrated by its weathering a gale while being taken to the place where it was to be used. The dock, during the work, collapsed and became a total wreck.

It was admitted that the dock was lost past recovery, that the rent due under the lease had not been paid and that the insurance had not been effected. Their Lordships held that these breaches gave the lessors the right to retake possession of the dock and terminate the lease, and the institution of proceedings with a clause for rent, up to the writ and subsequent damages was sufficient evidence of the lessor's intentions in this respect, and the lessor was justified in bringing the action although the term of the lease had not expired.

The substance however to which their Lordships looked was a claim for the value of something that had been lost in circumstances rendering the lessee contractually responsible for its value and this could be maintained.

The covenant to insure "against both marine and fire risks" was construed to mean against the "hazards of the sea" during the term of the lease and not merely against risk in its journeys by sea, but if it had been effected it could not have covered a loss inevitable in the circumstances due to the unfitness of the structure and entirely dissociated from any peril by wind and water.

5. LIFE INSURANCE.

(p) 58 Victoria, c. 25—*Declaration by husband of endowment policy in wife's favour—Effect of subsequent insolvency—Fraud.*

Where the insured, under a policy of life insurance, declares the same to be for the benefit of his wife under the provisions of 58 Victoria, c. 25, the trust thereby created is not invalidated by the subsequent insolvency of the husband, and creditors of the insured have no rights which would interfere with the rights of such wife even though the endowment policy matures during the life of the insured.

Semble; Such a declaration is valid even though the insured be insolvent at the time of making it. *Weeks v. Frawley*, 23 Ont. Reports, 235, referred to.

November 11, 1918.—Chancery Division.—*Bank of British North America v. Edgcombe et al.*—XLVI, New Brunswick Reports, 105.

(q) *Friendly Society—Insurance Certificate—Condition—Status of Member of Society at Time of Death—Suspension—Application for Reinstatement—Payment of Dues—Submission to Medical Examination—Report of Medical Examiner not Accepted by Medical Board until after Death—"Acceptance" Prerequisite of Reinstatement—Constitution and Rules of Society.*

Case stated by the parties by consent for the purpose of determining the question arising in an action upon a life insurance certificate issued by the defendants, a friendly society, to Hugh Ryerson Bright, who died on the 9th November, 1919.

The payment of the sum of \$1,000, which the plaintiff sought to recover in this action, was subject to the condition that the insured should at the time of his death be a member in good standing of the defendant society, and that he should have complied with the constitution and rules of the society.

It appeared from the case that the deceased had failed to pay the sums assessed upon him, had been suspended, had applied for reinstatement, had paid all that was claimed, and had undergone a medical examination, but had died three days after that examination and before the report of the examining doctor had reached the head office of the defendants. The medical board of the defendants accepted the report, without knowing that the man was dead.

The case was heard in the Weekly Court, Toronto. J. E. Lawson, for the plaintiff. Lyman Lee, for the defendants.

Sutherland, J., in a written judgment, said, after stating the facts, that it was argued for the plaintiff that his right of reinstatement arose when he had done all that it was incumbent upon him to do. But the concluding words of sec. 73 (2) of the constitution were "the same to be accepted by the medical board," referring to the earlier part of the clause requiring the suspended member to undergo the medical examination by the physician upon the form prescribed. Thus acceptance appeared to be a prerequisite—a condition precedent—to reinstatement; and, as the suspended member was dead at the time that the medical board dealt with the matter and signified acceptance, and as a dead man cannot be reinstated so as to become a member, that acceptance was ineffective.

Judgment for the defendants upon the stated case, and action dismissed with costs.

May 14th, 1919.—Weekly Court, Toronto—*Bright v. Canadian Order of Foresters*—XVI, The Ontario Weekly Notes, 213.

SESSIONAL PAPER No. 9

(r) *Société de secours mutuel—Attribution des bénéfices—Parenté—Règlement prohibant d'attribuer les bénéfices par testament—Liberté de tester—C. civ., art. 898, 2591.*

Lorsque la constitution d'une société de secours mutuel n'admet au bénéfice de ses dotations que les parents de l'assuré (blood relations), l'attribution d'un certificat de dotation à un neveu par alliance,—que l'assuré a faussement déclaré être fils de sa soeur,—est nulle et inopérante.

2. Dans la province de Québec, sous l'empire de notre législation actuelle, un membre d'une société de secours mutuel peut attribuer ses bénéfices de dotation par testament, nonobstant les règlements contraires de l'association. Ces règlements demeurent sans effect, lorsqu'ils viennent en conflit avec les lois générales.

5 février.—Québec King's Bench.—*Dalziel v. L'Ordre des Forrestiers Catholiques*.—28 Rapports Judiciaires de Québec, 443.

(s) *Friendly Society—Dues of Members—Payment to Agent of Proper Officer—Established Practice—Authority to Receive—Ministerial Act—Findings of Jury.*

In an action, by the beneficiary named in a life insurance certificate issued by the defendants, a friendly society, to recover insurance moneys and funeral benefits, the defendants pleaded that, by reason of the amount of a monthly assessment not having been paid, the assured was not in good standing as a member of the society at the time of his death, and that the certificate was not then in force. At the trial, the jury found that the amount alleged not to have been paid had been paid to K.; that K. had authority to receive it; and that it was so paid and received for the convenience of all parties concerned. W., the financial secretary was the person designated by the society to receive payments; but for a great number of years members in a certain locality had made their monthly payments to K, who had a book in which the names of the members were entered, and when a payment was made gave a receipt signed by him (K) as financial secretary. W. called regularly and received the moneys that had been paid to K.:

Held, that payment to K. was, in the circumstances, payment to W.; and, upon the findings of the jury, the plaintiff was entitled to recover.

Although an agent may not appoint a sub-agent to do anything as to which the agent has to exercise a discretion, he may appoint a sub-agent to do mere ministerial acts, such as the receipt of payments.

Rossiter v. Trafalgar Life Assurance Association (1859), 27 Beav. 377, 383, 384, applied and followed.

Judgment of the County Court of the County of Brant affirmed.

(t) *Will—Ineffective—Change of Beneficiaries—Insurance Act, Ont.—Identification of Benefit—Renewal State—New designation.*

A document although ineffective as a will may be a sufficient instrument in writing under the Insurance Act (R.S.O. 1914, c. 183, s. 171), to constitute the persons named therein beneficiaries of a mortuary benefit payable by a benefit association if it sufficiently identifies the mortuary benefit and is within the powers given by the Act, but a subsequent application for renewal in the benefit association which states that the benefit is "payable to my estate" is sufficient to annul the previous designation.

June 2, 1919.—Ontario Supreme Court—*Leavitt v. Spaidal*—49 D.L.R. p. 245.

(u) *Will—Mother of Deceased Named as Beneficiary in Life Insurance Policy—Gift—Mother Agreeing to Loan Obtained on Policy—Will by Deceased Subsequent to Date of Policy—Gift to Mother in Will—Election—Will Providing that Life Insurance "Monies" to Form Part of Estate—Presumed Knowledge by Testator of Legal Rights.*

An insurance policy taken out by testator on his life named his mother as beneficiary. *Held*, this was presumably a gift to her and the moneys payable under the policy on testator's death belonged to her; the fact that she agreed to a loan being obtained on security of the policy did not operate to release her interest except for the mortgage debt; the testator's will made subsequent to the date of the insurance providing for an annuity for his mother without declaring that such bequest was in lieu of the insurance, did not by implication put her to her election; nor did the expression in the will that all life insurance "monies" should form part of his estate mean that said policy should form part of his estate, the deceased being presumed to know what his legal rights were and to be disposing only of property which he had a right to deal with.

May 2, 1919.—Supreme Court, Alta. *In re Monkman Estate* Volume 2, Western Weekly Reports, 492.

10 GEORGE V, A. 1920

(v) *Policy-Moneys payable to Executors or Administrators or Assigns or to Designated Beneficiary—Contest over Moneys after death of Assured—Claim by Execution Creditors of Assured—Designation of Sister as Beneficiary at time when Execution Unsatisfied in Sheriff's Hands—Effect of Fraudulent Conveyances Act, R.S.O. 1914, ch. 105, secs. 2, 3—Execution Act, R.S.O., 1914, ch. 80, sec. 20—"Security"—"Security for Money"—Equitable Execution "Personal Property"—"Conveyance"—Fraudulent Payment of Premiums—Insurance Act, R.S.O., 1914, ch. 183, sec. 171—Construction of sub-sec. (2).*

By a policy issued in 1905 the insurance company in consideration of the making of 20 annual payments, contracted to pay, upon the death of the assured, \$2,000 to his executors, administrators, or assigns, or to such beneficiary as might be designated by the assured. In 1915, creditors of the assured recovered judgment against him for a large sum of money, and in January, 1916, placed an execution in the hands of the sheriff, who, at a later date, made a return of *nulla bona*. By an endorsement on the policy, dated the 30th October, 1916, the sister of the assured was by him designated beneficiary. He died in September, 1917. The policy-moneys were claimed by the sister and also by the execution creditors. No consideration was given by the sister to the assured; the designation of her as beneficiary was the voluntary act of the assured:—

Held, even assuming that the assured was, at the time of the endorsement, insolvent, that the contention of the creditors that the designation of the sister was fraudulent and void as against creditors, because of the statute 13 Eliz. ch. 5, or the Fraudulent Conveyances Act, R.S.O., 1914, ch. 105, sec. 3, could not be sustained.

The policy was not a "security for money" within the meaning of the Execution Act, R.S.O., 1914, ch. 80, sec. 20, nor a "security" within the meaning of the Fraudulent Conveyances Act, secs. 2 (b) and 3; the interest of the assured in the policy was not exigible under the writ of execution, and could not have been reached by the process of equitable execution, in his lifetime; and, therefore, was not "personal property" to which the Fraudulent Conveyances Act applied; nor, if it was personal property, did the assured make a "conveyance" of it or of his interest in it.

Review of the authorities.

Re Asselin and Cleghorn (1903), 6 O.L.R. 170, specially referred to.

Semble, as there was no attempt to shew any fraudulent payment of premiums by the assured, and the amount paid after the recovery of the judgment was trifling, sec. 171 of the Insurance Act, R.S.O., 1914, ch. 183, was an answer to the creditors' claim.

The true meaning of sub-sec. (2) of that section, as it now stands, is that, whatever may be the right of a judgment creditor to reach, in the lifetime of the debtor, a policy effected by the debtor on his own life, the right which he has, after the decease of the debtor, is not a right to the whole of the policy-moneys as a fund created by moneys paid by the debtor in fraud of his creditors, but only a right to receive out of such moneys an amount not exceeding any premiums shewn to have been so fraudulently paid, with interest thereon.

March 15, 1919.—Mr. Justice Rose (In Chambers).—*Re New York Life Insurance Co. and Fullerton*.—XLV, Ontario Law Reports, 244.

ON APPEAL.

The judgment of Rose, J., ante 244, was affirmed by a Divisional Court.

Held, per Meredith, C.J.C.P., that, assuming that the policy was obtained, and kept in force, for the purpose of evading the claims of creditors, the effect of sec. 171 of the Insurance Act, R.S.O., 1914, ch. 183, was to prevent the creditors from reaching the insurance moneys except to the limited extent indicated by sub-sec. 2. The effect of sub-sec. 2, giving expressly the limited relief, is that impliedly greater relief is withheld. But for the statute the moneys could be reached by defrauded creditors; and, if the execution creditors, the appellants, sought the limited relief afforded by sub-sec. 2, they should have an opportunity of proving their allegations of fraud.

Holt v. Everall (1876), 2 Ch. D. 266, treated as inapplicable by reason of the English statute differing from the Ontario enactment.

Per Middleton, J. (Britton and Riddell, JJ., concurring) that an assignment or settlement of insurance moneys may be attacked as being a fraud upon creditors; but the effect of sec. 171 is to give to the beneficiary the right to the insurance moneys, subject to the provision for payment to the creditors of the amount of any premium fraudulently paid.

Holt v. Everall, supra, applied.

May 30, 1919.—Ontario Supreme Court (Appellate Division).—*Re New York Life Insurance Co. and Fullerton*.—XLV, Ontario Law Reports, 606.

(w) *Change of Beneficiaries—Will—Variation of Policies by Letter.*

Hearing before the Hon. Mr. Justice Clement on special case as set out below.

SPECIAL CASE.

(1) The questions herein are between the plaintiffs Paul Hugh Howard Potts (aged 7 years and 4 months) and Betty Patricia Potts (aged 5 years and 8 months) the infant children of Arthur George Howard Potts deceased (hereinafter called the deceased) and the defendant Julia Helen Potts the widow of said deceased and mother of the plaintiffs.

(2) The questions herein between the parties are concerning the proceeds of certain insurance policies on the life of the deceased.

SESSIONAL PAPER No. 9

(3) At all times herein the deceased was domiciled within British Columbia:

(4) On 31st day of December, 1904, the deceased effected with the Great West Life Assurance Company (hereinafter called "The Company") a policy of insurance on the life of the deceased dated 31st December, 1904 and numbered 23968 for the sum of \$2,000 therein expressed to be payable to the executors, administrators or assigns of the deceased:

(5) On 27th May, 1907, the deceased effected with the Company a further policy on his life dated 27th May, 1907, and numbered 33729 for the sum of \$2,000 therein expressed to be payable to the executors, administrators or assigns of the deceased:

(6) On the 15th November, 1910, the deceased married the defendant at Vancouver, British Columbia:

(7) On 23rd September, 1912, the deceased effected with the Company a further policy of insurance on his life dated 23rd September, 1912, and numbered 66137 for the sum of \$6,000 therein expressed to be payable to the defendant as beneficiary:

(8) On the 11th day of January, 1916, the deceased by writing under his hand dated 11th day of January, 1916, entitled "In the Matter of the Policy No. 23968 for \$2,000, 33729 for \$2,000 issued by the Great West Life Assurance Company on the life of Arthur G. H. Potts" the deceased varied the policies in paragraphs 4 and 5 hereof mentioned and directed that the insurance moneys thereunder should upon his death be payable to the defendant and such writing was recorded by the Company in respect of both said policies on 23rd, February, 1916:

(9) On 1st November, 1917, the deceased made and executed his last will bearing date said 1st November, 1917, whereof he appointed Arthur Brooks Cotton and Alexander Scott Innes to be executors and trustees and after giving the defendant his household furniture he gave all the residue of his property real and personal to said trustees in trust for sale and conversion and out of the proceeds to pay the income up to but not in excess of \$250 per month to the defendant during widowhood she thereout maintaining and educating the plaintiffs and made provision in the sum of \$150 per month for the defendant in the event of her remarriage and in trust as to the residue for the plaintiffs with provisions for advancement and maintenance and other incidental provisions and by said Will the deceased declared that in making the provision therein contained for the defendant he had taken into consideration the fact that he had already given her two several sums of \$8,000 and \$1,500 invested on mortgages and that she would be entitled at his death to a sum of \$10,000 under insurance policies effected on his life by him: Probate of said Will has been granted by the Supreme Court of British Columbia to said Arthur Brooks Cotton and said Alexander Scott Innes:

(10) On 19th June, 1918, the deceased wrote a letter to the Company in the words following:

"Your late Manager took up very thoroughly with Head office in the matter of change of Beneficiary. Mrs. Potts would not sign over the interest to my Estate, I now wish Mrs. Potts to receive to do what she likes with \$10,000 and the balance (I am taking the three policies together as one) to be paid to my children Paul Hugh Howard Potts, and Betty Patricia Potts or their Trustee A. S. Innes. I suppose Mrs. Potts should be paid \$500 out of the \$6,000 and \$250 out of each of the two thousand policies."

(11) Such letter is signed by the Deceased and was received by the Company on or before 25th day of June, 1918, and the Policies therein mentioned are the policies in paragraphs 4, 5 & 7 hereof mentioned: The Mrs. Potts therein mentioned is the defendant, the children therein mentioned are the plaintiffs: A. S. Innes therein mentioned is Alexander Scott Innes the next friend herein of the plaintiffs and is one of the said executors of the Will of the Deceased:

(11a) (Inserted by amendment.)

The said policies are and were at all times herein the only policies of insurance on the life of the deceased effected or existing.

(12) The deceased died on 12th July, 1918.

(13) The said policies have been adjusted with the Company and the proceeds thereof are as follows:—

Proceeds of the policy mentioned in paragraph 4.....	\$2,210 70
" " " " 5.....	1,939 35
" " " " 7.....	6,224 40

Total proceeds of all said insurance.....\$10,375 45

(14) The plaintiffs allege and the defendant denies that said letter is sufficient to vary the policies in paragraphs 4, 5 and 7 hereof mentioned and to make the proceeds thereof payable in accordance with the terms of such letter:

The questions for the decision of the Court are accordingly and the parties submit to the decision of the Court thereon as follows:—

(1) Was said letter sufficient variation of the said policies?

(2) In respect of said policies to whom are the proceeds thereof payable in the events that have happened and in what proportions or amounts?

(3) Who should bear the costs of and incidental to these proceedings?

In the event of the said proceeds or any part thereof being found payable to the plaintiffs, the plaintiffs humbly pray that the executors of the said Will of the deceased be appointed trustees of said proceeds for the plaintiffs.

D. P. W. Maunsell, for plaintiffs.

H. A. Maclean, K.C., for defendant.

The order made was dated February 20, 1919, and provided as follows:—

"Firstly, that the letter dated 19th June, 1918, set out in paragraph 10 of the Special Case herein is, within the meaning and interpretation of the Life Insurance Policies Act a sufficient instrument and sufficient variation of the policies set out in the Special Case:

10 GEORGE V, A. 1920

"Secondly, that in respect of the said policies the total proceeds thereof subject to the direction as to costs hereinafter contained are payable as to nine equal tenth parts thereof to the Plaintiffs and as to the remaining one-tenth part thereof to the Defendant;

"Thirdly, that Alexander Scott Innes and Arthur Brooks Cotton the executors and trustees of the Will of Arthur George Howard Potts in the Special Case mentioned are hereby appointed trustees on behalf of the infant Plaintiffs of the moneys payable to the Plaintiffs hereunder and in respect of said policies;

"Fourthly, that the costs of all parties hereto of and incidental to these proceedings be taxed as between Solicitor and Client and be paid out of the proceeds of the said insurances and before division of the said proceeds as hereinbefore ordered."

Feb. 20, 1919.—Supreme Court of British Columbia.—*Potts v. Potts* (1919) 1, Western Weekly Reports, 906.

(x) *Wife named as beneficiary in policy—Subsequent Trust Deed directing moneys to be paid to son, and to others in case of son's death—Benefit to others beyond power of insured without wife's consent—Validity of appointment to son—Life Insurance Policies Act (B.C.).*

A life insurance policy named the wife of insured as beneficiary. Subsequently by trust deed insured appointed trustees to collect upon his death the proceeds of said policy and others and pay such proceeds to his son on his attaining 25 years of age with provisions for investment and maintenance for such son until he attained 25; if such son should die before the insured or before attaining 25 the moneys to go to the wife or issue of such son and if none then the moneys to go to the insured's residuary legatees. The residuary legatees were said son and certain others whom it was not within the power of the insured to benefit under the policy without consent of the wife under the terms of the Life Insurance Policy Act. *Held*, that so far as the trust deed appointed the son a beneficiary of the insurance moneys under said policy it was a valid appointment under sec. 8 of the Life Insurance Policies Act; that the *bona-fide* intention was to benefit the son at all events and that such intention and its effect could and should be separated from the further and nugatory intent to benefit persons not proper objects of the power.

April 10, 1919.—Supreme Court, British Columbia.—*Powell v. Imperial Life Insurance Company and Royal Trust Company*—(1919), 2, Western Weekly Reports, 285.

(y) *Change of Beneficiary—Provincial Act—Restrictions in Dominion Company's charter.*

A provincial Insurance Act, which purports to enable an insured to revoke the benefit of insurance on his life made or appropriated in favour of any person whomsoever and divert the insurance to new beneficiaries or to himself or his estate, does not override or destroy the special provisions contained in a policy issued by a Dominion company, in conformance with its charter and which limits such powers.

October 15, 1919.—Manitoba Court of Appeal.—*Re Richardson Estate*.—49 D.L.R. 59.

(z) *Beneficiary—Assignment of interest—Wife of Assured—Direction by assured as to payment—Statutory Right—Estoppel.*

An assured who has by the terms of the policy made the insurance money payable to his father, who has in effect made an assignment of his interest to the wife of the assured, may under his statutory right by a second designation direct that the insurance money be paid to the father to the exclusion of the wife. The doctrine of estoppel does not apply to such a case.

March 28, 1919.—Ontario Supreme Court, Appellate Division.—*Re Standard Life Assurance Co. and Kraft*—48 D.L.R. p. 649.

a, a) *Premium payable by note to agent—Rules of Insurance Company—Death of assured—Policy in Force—Liability.*

An insurance company, whose authorized agent takes a note payable to him for the premium of a policy he has written and remits said premium less his commission to the company out of his own pocket, must regard this premium as paid, and the policy in question as in force.

June 23, 1919.—Ontario Supreme Court.—*Stembroeker v. Mutual Life Insurance Co.*—49 D.L.R. 340.

(b, b) *Endowment Policy—Change of beneficiary—Ontario Insurance Act (R.S.O. 1914, c. 183.)*

An endowment policy differs from a policy payable at death. The assured after maturity but before actual payment has a right to change the beneficiary but not to alter or divert the benefit of any beneficiary for value, nor the benefit of a preferred beneficiary to a person not of that class. The naming of a beneficiary under such a policy, if it creates a trust in favour of that beneficiary, creates only a trust in the event of death; and is subject to the right of alteration by the assured, as set out in the Ontario Insurance Act (R.S.O. 1914, c. 183, s. 171.)

March 5, 1919.—Ontario Supreme Court, Appellate Division.—*Re Sun Life Assurance Co. and McLean*—48 D.L.R., p. 652.

SESSIONAL PAPER No. 9

LEGISLATION.

1. DOMINION LEGISLATION.

(1) The only general insurance legislation passed by the Dominion Parliament during the year 1919 was an Act to amend the Insurance Act, 1917, respecting fraternal benefit societies.

CHAP. 57.

An Act to amend The Insurance Act, 1917.

(Assented to 7th July, 1919.)

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. (1) Section two of *The Insurance Act, 1917*, chapter twenty-nine of the statutes of 1917, is amended by adding to paragraph (d) thereof the following:—
“and includes any fraternal benefit society as defined by this Act.”

(2) The said section is amended by inserting immediately after paragraph (h) thereof the following:—

“(hh) ‘fraternal benefit society’ means a corporation having representative form of government, and incorporated for fraternal, benevolent or religious purposes among which purposes is the insuring of the members, or the dependent children of the members, thereof, exclusively, against sickness, disability or death, and includes a corporation incorporated on the mutual plan for the purpose of so insuring the members, or the dependent children of the members, of such a corporation exclusively.”

2. (1) Subparagraphs (d), (e) and (f) of paragraph (ii) of subsection one of section three of the said Act are repealed and the following is substituted therefor:—

“(d) to any contract entered into, or any certificate of membership or policy of insurance issued, in Canada, prior to the date of the coming into force of this Act, by any fraternal benefit society which prior to the said date was not required to obtain a license from the Minister and which does not on or after the said date obtain such a license.”

(2) Subsection three of the said section is repealed.

3. The sub-title *Assessment Life Insurance Companies* immediately preceding section one hundred and five of the said Act and sections one hundred and five to one hundred and sixteen both inclusive, of the said Act are repealed and the following are substituted therefor:—

“PART II A.

FRATERNAL BENEFIT INSURANCE.

“105. This Part applies only to fraternal benefit societies, but does not apply to any such society incorporated under the laws of any province of Canada and not licensed under this Part.

“106. (1) The Minister may grant to any fraternal benefit society, which has complied with the requirements of this Act preliminary to the granting of a license, a license authorizing the society to undertake with its members the contracts of life, disability and sickness insurance specified in such license, subject to the provisions of this Part and to the terms of the license.

(2) Every fraternal benefit society which at the date of the coming into force of this Act is licensed or registered under *The Insurance Act, 1917*, shall, without application therefor, be deemed on the said date to be licensed as a fraternal benefit society under this Part and shall be subject to the provisions thereof.

(3) Every society licensed under the provisions of this Part shall, when so licensed, be exempted from the provisions of sections thirteen, fourteen, forty-three, eighty and eighty-one of this Act.

(4) No fraternal benefit society shall be licensed under this Part if it is in effect the property of its officers or collectors or belongs to any private proprietary, or if it is conducted as a trading or mercantile venture, or for purposes of commercial gain.

“107. (1) Every fraternal benefit society shall before a license is issued to it under this Part, file with the Superintendent, in addition to the other statements and documents required by this Act to be filed, a report made by an actuary, appointed by the society, including therein, in such detail as the Superintendent may require, the results of an actuarial valuation made by the said actuary as at the next preceding thirty-first day of December or such later date as the Superintendent may specify, of each of the benefit funds maintained by the society having regard to the prospective liabilities of, and contributions to, each fund; and such report shall include a declaration by the said actuary that in his opinion the assets of the society applicable to each fund, taken at the value accepted by the Superintendent, together with the premiums, dues and other contributions to be thereafter received from the members according to the scale in force at the date of the said valuation, are sufficient to provide for the payment at maturity of all the obligations of the fund without deduction or abatement. The society shall also file with the Superintendent a statement of its condition and affairs in such detail as the Superintendent may require, as at the date of the said valuation.

(2) Every such society shall before the issue of such license deposit with the Minister in such securities as are specified in sections fifteen and sixteen of this Act the sum of ten thousand dollars.

10 GEORGE V, A. 1920

"108. Any fraternal benefit society incorporated, and having its head office, outside of Canada, which has before the passing of this Act transacted insurance business in Canada, and having at the said date policyholders in Canada, and which is unable to furnish a declaration by an actuary as required by the last preceding section, may, nevertheless, subject to the other provisions of this Part, be deemed eligible to receive a license under this Part, if it establishes to the satisfaction of the Superintendent that its by-laws and rules make reasonable provision by its rates of premiums for the maturity of its policies to be issued after the date on which such license is obtained without deduction or abatement and without increase in the number or amount of the premiums payable according to the scale in force at the said date.

"109. (1) Any fraternal benefit society incorporated under the laws of any province of Canada which is unable to furnish a declaration by an actuary as required by section one hundred and seven of this Part may, nevertheless, subject to the other provisions of this Part, be deemed eligible to receive a license under this Part if it deposits and keeps deposited with the Minister an amount, applicable solely to the policies issued in Canada after such license is issued, at least equal to the reserve on such policies and all other liabilities of every kind in respect of such policies, such reserve being calculated on the basis of such mortality and other tables as the Superintendent deems proper and a rate of interest not exceeding four per cent per annum; or if it establishes to the satisfaction of the Superintendent that the members effecting insurance with the society after the date of the issue of such license will be included in a separate class having for their protection exclusively assets sufficient, with the premiums, dues and other contributions to be thereafter received from the members of such class, according to the scale in force at the said date, to provide for the payment at maturity of all obligations under the society's contracts held by the members of such class without deduction or abatement.

(2) Before a license is issued to any such society under the provisions of this section the Superintendent shall satisfy himself that the application therefor has been authorized by resolution of the chief governing body of the society.

"110. Any license issued under the provisions of the two next preceding sections may be renewed from year to year until the thirty-first day of March, one thousand nine hundred and twenty-five, but on and after the said date such license shall be renewed only if the society then complies with the provisions of section one hundred and seven of this Act.

"111. If any fraternal benefit society which obtains a license under this Act is incorporated and has its head office outside of Canada, its liabilities to policyholders in Canada shall, for the purposes of section twenty of this Act, be deemed to be its liabilities in respect of Canadian policies issued since the date on which a license is first obtained under this Act, including a reserve based on such mortality and other tables as are, in the opinion of the Superintendent, applicable and a rate of interest not exceeding four per cent per annum, and the policyholders in Canada of any such society shall, for the purposes of section forty-two of this Act, be deemed to be the holders of such policies.

"112. (1) The annual statements deposited in the Department under the provisions of this Act, by every fraternal benefit society incorporated within Canada and licensed under this Part, shall be in the form A in the schedule to this Act, with such changes therein as the Superintendent may from time to time deem necessary to better exhibit the condition and affairs of the society and the state of its various funds.

(2) The said annual statement shall include in the liabilities a reserve for the mortuary benefits in which all the factors entering into the calculation are based upon the National Fraternal Congress table of mortality and four per cent interest or such higher reserve as the society is required by its Act of incorporation to maintain, and shall contain a report made by an actuary appointed by the society, including therein, in such detail as the Superintendent may from time to time require, the results of an actuarial valuation, as at the date of the statement, of each of the benefit funds maintained by the society, having regard to the prospective liabilities of, and contributions to, each fund, and the actuary shall certify as to each fund that, in his opinion, the reserve shown by such valuation, together with the premiums, dues and other contributions to be thereafter received from the members according to the scale in force at the date of valuation, is sufficient to provide for the payment at maturity of all the obligations of the fund without deduction or abatement.

(3) The reserve shown by such valuation, in respect of the funds other than the mortuary fund, or at the option of the society any higher reserves, shall be entered as liabilities of the funds, and if the valuation of the mortuary fund made by the actuary shows a reserve lower than that prescribed by the last preceding subsection to be included in the liabilities, the said lower reserve may be substituted therefor.

(4) The annual statement of Canadian business deposited in the Department under the provisions of this Act by every fraternal benefit society incorporated, and having its head office outside of Canada and licensed under this Act, shall be in the same form, so far as applicable, as is required of such societies incorporated within Canada. The annual statement of general business deposited by such society shall comply with the provisions of subsections two and three of this section.

(5) Any statement mentioned in this section shall, to the extent the Superintendent may require, show separately the business in respect of policies issued in Canada after the date on which a license was first obtained under this Act.

"113. (1) If it appears to the Superintendent, from the annual statement filed with him or from any examination or valuation made in pursuance of this Act, that the assets of any fraternal benefit society licensed under this Act, or of any benefit fund thereof, are insufficient to provide for the maturity of its policies without deduction or abatement or without increase of premiums or additional premiums, he shall make a special valuation of the policies of the society, and if the result of such valuation confirms him in his opinion, he shall make a

SESSIONAL PAPER No. 9

special report to the Minister on the condition of the society and shall in such report show the amount of the deficiency in the society's assets.

(2) If the Minister after consideration of the said report concurs in the opinion of the Superintendent, he shall request the society within such time, not exceeding four years, as he may prescribe, to make such increase in its premiums or such reduction in the benefits payable under its contracts or otherwise, as will make good the deficiency.

(3) On receipt of such request the society shall take the steps prescribed by its charter or Act of incorporation or by its constitution and laws for putting into effect such changes as may be approved by an actuary for the purpose of making good the deficiency.

(4) The members of any such society incorporated under the laws of Canada, may by by-laws passed in accordance with its said Act or with its constitution and laws, reduce the benefits or increase the premiums payable under its contracts or any class or classes thereof or make such other changes as are necessary to comply with the request of the Minister aforesaid, and such by-law when so passed shall be binding on the members notwithstanding anything to the contrary in the society's special Act, or in its constitution and laws or in any policy or certificate heretofore or hereafter issued by the society.

(5) If the society does not within the time so prescribed comply with the request of the Minister, the license of the society may be withdrawn.

(6) This section shall not before the thirty-first day of March, one thousand nine hundred and twenty-five, apply to any fraternal benefit society which obtains a license under the provisions of sections one hundred and eight and one hundred and nine of this Part.

"114. Every fraternal benefit society licensed under this Act shall, not later than the first day of June in each year, mail to each policyholder in Canada a copy of the valuation balance sheet on the basis used for the purpose of the annual statement mentioned in subsection two of section one hundred and twelve of this Act, and an explanation of the facts concerning the condition of the society thereby disclosed; or in lieu thereof, shall publish in its official paper such balance sheet and explanation and mail a copy of the issue of said paper containing the same to each of the society's policyholders in Canada.

"114A. Every fraternal benefit society which on the thirty-first day of December, one thousand nine hundred and nineteen, was licensed under the provisions of *The Insurance Act, 1917*, shall continue to maintain such separate funds as it was required by its charter or by its constitution and laws to maintain at the said date.

"114B. (1) Every fraternal benefit society licensed under this Act may maintain such additional separate funds as may from time to time be authorized by by-law, validly enacted by the society and approved by the Superintendent.

(2) Nothing in this Act, or in the charter, Act of incorporation, or articles, or memorandum of association, of any such society incorporated under the laws of Canada, shall be held to prohibit the society from insuring the dependent children of the members of the society: Provided, however, that the receipts and payments in respect of any contracts insuring such children shall be credited or charged to a separate fund maintained by the society.

"114C. Nothing in this Act shall be held to prohibit any fraternal benefit society licensed under this Act, or any subordinate lodge of any such society so licensed, from contracting with any member of such society or lodge for the payment to such member of a sickness benefit of such amount and for such period as may be authorized by a validly enacted by-law of the society and by the Treasury Board, and any provision of the charter, Act of incorporation or articles or memorandum of association of any such society incorporated under the laws of Canada, which prohibit any such society or any such lodge from so contracting, is hereby repealed.

"115. It shall be a condition of the license granted to any fraternal benefit society under this Part, whether such condition be expressed in the license or not, and for the breach of which its license may be cancelled or withdrawn by the Minister, that no policy of life insurance shall be issued in Canada by the society until a copy of the form thereof has been mailed by prepaid registered letter to the Superintendent, and that every such policy shall contain in substance the following terms or provisions:—

(a) It shall specify the amount of the benefit or benefits provided thereby, and shall have printed in type not smaller than ten-point a provision that the policy, the charter or articles of incorporation or association, the constitution and laws of the society and all amendment to each thereof, together with the application and medical examination paper signed by the applicant, shall constitute the agreement between the society and the member, and copies of the same certified by the secretary or corresponding officer of the society shall be received in evidence of the terms and conditions thereof, and any changes, additions or amendments to said charter or articles of incorporation or association, constitution or laws of such society, if a society incorporated under the laws of Canada, duly made or enacted subsequent to the issuance of the policy or certificate, shall bind the member and his beneficiaries and shall govern and control the agreement in all respects the same as though such changes, additions or amendments had been made prior to, and were in force at the time of, the application for membership, unless otherwise provided in such change, addition or amendment.

(b) It shall have printed as aforesaid a provision that the right is expressly reserved by the society to change by amendment of its by-laws constitutionally enacted the rates of premium payable by the members or the benefits payable by the society for the purpose of complying with the provisions of any statute law applicable to the society.

(c) If the policy is issued by a society incorporated, and having its head office, outside of Canada, it shall provide that an action to enforce the obligations of such policy may be validly taken in any court of competent jurisdiction in the province wherein the policyholder resides or last resided before his decease.

10 GEORGE V, A. 1920

"116. The term 'Actuary' in this Part means a Fellow of the Institute of Actuaries of Great Britain, the Faculty of Actuaries of Scotland, or the Actuarial Society of America: Provided, however, that an actuary who for a period of not less than five years preceding the date of the passing of this Act has been serving any fraternal benefit society transacting business in Canada on the said date as its actuary, and who has been in active practice as an actuary for a period of not less than twenty-five years prior to the said date, may, for the purposes of this Act, with the consent of the Superintendent, be continued as the actuary of any fraternal benefit society by which at the said date he is employed as actuary."

4. This Act, with the exception of section one hundred and thirteen as enacted by section three of this Act, shall come into force on the first day of January, one thousand nine hundred and twenty, and the said section one hundred and thirteen shall come into force on the passing of this Act.

(2) An Act to change the name of The Alberta Saskatchewan Life Insurance Company to "The Commercial Life Assurance Company of Canada. (*Assented to July 7, 1919.*)

This Act is in the usual form adopted in such cases.

(3) An Act to change the name of The Canada Accident Assurance Company to "The Canada Accident and Fire Assurance Company. (*Assented to June 6, 1919.*)

This change in the name of the Company is in recognition of the wider insurance powers acquired by the company.

(4) An Act respecting The Empire Life Insurance Company of Canada. (*Assented to July 7, 1919.*)

This Act extends the time within which the Company may obtain a license under The Insurance Act until April 3, 1920.

(5) An Act respecting The Fire Insurance Company of Canada and to authorize the use of a French equivalent of its name. (*Assented to July 7, 1919.*)

The use of French equivalent of its name, "La Compagnie d'Assurance du Canada contre l'incendie" is authorized by the Act. The company is also authorized by the Act to transact the business of fire, automobile, hail, sprinkler leakage, credit, bond, explosion, aircraft, burglary and weather insurance upon compliance with certain specified conditions as to capital and surplus.

(6) An Act to incorporate Grain Insurance and Guarantee Company. (*Assented to June 6, 1919.*)

This Company is incorporated with power to transact fire, guarantee, accident, burglary, sickness, inland marine, inland transportation, automobile and plate glass insurance. The head office will be in the City of Winnipeg.

(7) An Act respecting Chartered Trust and Executor Company. (*Assented to July 7, 1919.*)

This Act enables the company to acquire business and property of other companies, and to sell its business and property under agreements approved by the Treasury Board.

(8) An Act to incorporate Canadian Merchant Service Guild. (*Assented to June 6, 1919.*)

By this Act the members of this guild are incorporated with the usual powers granted to fraternal benefit societies. The head office of the guild will be in the City of Vancouver.

(9) An Act respecting the North Empire Fire Insurance Company. (*Assented to November 10, 1919.*)

This Act validates the issue of shares of the company to certain shareholders of the Canada West Fire Insurance Company as consideration for shares of the latter company acquired by the company in 1912. The Act also empowers the company to transact the business of automobile, burglary, explosion, hail, inland transportation, plate glass, sprinkler leakage, steam boiler, and tornado insurance upon compliance with certain specified conditions as to capital and surplus.

2.—ALBERTA LEGISLATION.

(1) *The Statute Law Amendment Act (assented to April 17, 1919, and operative May 17, 1919), amends the Insurance Act as follows:—*

"51. The Alberta Insurance Act, being chapter 8 of the Statutes of 1915, is amended as follows:—

1. Schedule D of the said Act is amended—

(a) By striking out all that part of paragraph 7 thereof before the word "hereinafter" in the fourth line of the said paragraph and substituting therefor the following: "A person claiming under a policy shall when demanded in writing by registered letter from the company furnish within fifteen days after receipt of such letter (unless such time is extended by the company) a statutory declaration";

(b) By repealing paragraph 13 thereof and substituting therefor the following:

"13. The insurance, if on the cash plan, may be terminated by the insured by giving written notice to that effect to the company by registered letter at its head or branch office or the general agency from which the policy was issued and upon the surrender of the policy, in which case the company may retain a customary short rate applicable to hail insurance for the time the insurance has been in force and shall repay to the insured the balance of the premium paid; if on the note plan, the insured shall pay the company the earned portion of the premium and on payment or surrender of such amount the company shall return the premium note."

(2) An Act to amend Chapter 40 of the Statutes of Alberta, 1916 being "An Act to incorporate The United Assurance Company". (*Assented to April 17, 1919.*)

This Act authorizes the company to transact tornado, cyclone, automobile, live stock, guarantee, liability, inland marine, inland transportation, burglary, and steam boiler insurance in addition to its other powers.

SESSIONAL PAPER No. 9

(3) An Act to amend the Act incorporating The Canada Security Assurance Company, being Chapter 57 of the Statutes of Alberta, 1913.

This Act extends the powers of the company by adding the same classes as those added to the powers of the United Assurance Company. (See above).

(4) An Act to incorporate the "50-50 Mutual Hail Insurance Society". (*Assented to April 17, 1919.*)

This Act incorporates the Society with power to transact hail insurance. Provision is for the accumulation of a reserve fund by requiring one-half of the annual profits to be set aside for this purpose, the other half being returned to the members. In case the premiums and reserve fund are not sufficient to pay losses, payments are to be made *pro rata*. The head office of the society will be in Didsbury.

3.—BRITISH COLUMBIA LEGISLATION.

(1) An Act to amend the "British Columbia Fire Insurance Act". (*Assented to March 29, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:—

1. This Act may be cited as the "British Columbia Fire Insurance Act Amendment Act, 1919."

2. Section 2 of the "British Columbia Fire Insurance Act," being chapter 113 of the "Revised Statutes of British Columbia, 1911," is hereby amended by striking out the second line thereof, and substituting the following:—

"'Minister' means the Attorney-General, except in sections 14, 15, 17, 25, 28 and 29, where the word shall mean the Minister of Finance."

3. Said chapter 113 is hereby further amended by adding thereto as section 50 the following:—

"50. Fire-insurance contracts shall not exceed the term of three years; and the insurance of mercantile and manufacturing risks shall, if on the cash plan, be for a term not exceeding one year, but any policy may be renewed by the delivery of a renewal receipt or a new premium note."

4. Said chapter 113 is hereby further amended by adding thereto as section 8A the following:—

"8A. Every license issued under this Act shall expire on the thirtieth day of June in each year, but may be renewed from year to year."

5. Section 23 of the said chapter 113 is hereby amended by striking out the word "him" in the last line, and substituting the words "the Minister of Finance."

6. Section 26 of said chapter 113 is hereby amended by striking out the word "Minister" where it occurs in the third and ninth lines, and substituting in each case the words "Minister of Finance."

7. Section 50 of said chapter 113, as enacted by section 6 of chapter 39 of the Statutes of 1914, is hereby amended by adding thereto as paragraphs (h) and (i) the following:—

"(h) For annual renewal of license, five dollars:

"(i) For a license to do business, where the company is licensed under the 'Insurance Act' a fee of fifty dollars in lieu of the fee under paragraph (b) hereof."

(2) An Act to secure Uniform Conditions in Policies of Fire Insurance. (*Assented to March 29, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:—

SHORT TITLE.

1. This Act may be cited as the "Fire-insurance Policy Act." R.S. 1911, c. 114, s.1.

LIABILITY UNDER POLICIES.

2. Where, by reason of necessity, accident, or mistake, the conditions of any contract of fire insurance on property in this Province, as to the proof to be given to the insurance company after the occurrence of a fire have not been strictly complied with, or where, after a statement or proof of loss has been given in good faith by or on behalf of the assured in pursuance of any proviso or condition of such contract, the company, through its agent or otherwise, objects to the loss upon other grounds than for imperfect compliance with such conditions, or does not, within a reasonable time after receiving such statement or proof, notify the assured in writing that such statement or proof is objected to, and what are the particulars in which the same is alleged to be defective, and so from time to time, or where for any other reason the Court or Judge before whom a question relating to such insurance is tried or inquired into considers it inequitable that the insurance should be deemed void or forfeited by reason of imperfect compliance with such conditions, no objection to the sufficiency of such statement or proof, or amended or supplemental statement or proof (as the case may be), shall, in any of such cases, be allowed as a discharge of the liability of the company on such contract of insurance wherever entered into. R.S. 1911, c. 114, s. 2.

3. Where the loss (if any) under any policy has, with the consent of the company, been made payable to some person other than the assured, as mortgagee, the said policy shall not be cancelled, altered, or otherwise dealt with by the company upon the application of the assured without reasonable notice to the said mortgagee. R.S. 1911 c. 114, s. 3.

4. The conditions set forth in the Schedule to this Act shall, as against the insurers, be deemed to be part of every contract, whether sealed, written, or oral, of fire insurance here-

10 GEORGE V, A. 1920

after entered into or renewed or otherwise in force in British Columbia with respect to any property therein, or in transit therefrom or thereto, and shall be printed on every policy of fire insurance, with the heading "Statutory Conditions." R.S. 1911, c. 114, s. 4.

5. If any insurance company or other insurer desires to vary the said conditions, or to omit any of them, or to add any new condition, there shall be added immediately after such conditions words to the following effect, which with any such variation, addition, or reference to omissions shall be printed in conspicuous type and in red ink:—

VARIATIONS IN CONDITIONS.

This policy is issued on the above statutory conditions, with the following variations and additions:—

These variations (or as the case may be) are, by virtue of the British Columbia Statute in that behalf, in force so far as, by the Court or Judge before whom a question is tried relating thereto, they shall be held to be just and reasonable to be exacted by the company.

Provided, however, that the provisions of this section shall not authorize a company or other insurer to vary, omit, or add to the statutory condition 22: 1916, c. 29, s. 2.

Provided also that a policy may contain a coinsurance clause, but in such case there shall be printed or stamped across its face in conspicuous type and red ink the words: "This policy contains a coinsurance clause."

6. No such variation, addition, or omission shall, unless the same is distinctly indicated and set forth in the manner or to the effect aforesaid, be legal and binding on the assured; and no question shall be considered as to whether any such variation, addition or omission is under the circumstances just and reasonable; but, on the contrary, the policy shall, as against the insurers, be subject to the statutory conditions only, unless the variations, additions, or omissions are distinctly indicated and set forth in the manner or to the effect aforesaid. R.S. 1911, c. 114, s. 6.

7. In case a policy is entered into or renewed containing or including any condition other than or different from the conditions set forth in the Schedule to this Act, if the said condition so contained or included is held by the Court or Judge before whom a question relating thereto is tried to be not just and reasonable, such condition shall be null and void. R.S. 1911, c. 114, s. 7.

8. A decision of a Court or a Judge under this Act shall be subject to review or appeal to the same extent as a decision by such Court or Judge in other cases. R.S. 1911, c. 114, s. 8.

9. Notwithstanding the provisions or conditions contained in any contract of fire insurance within sections 2 and 25 of the "British Columbia Fire Insurance Act" or any agreement or other document relating to any such contract, to the contrary, now or hereafter entered into by any insurance company carrying on business in the Province of British Columbia, the insured shall, in the event of the charges and expenses of adjusting losses under any such contract or agreement not being in the opinion of the insured just and reasonable, have the right to refer the items of said charges and expenses to the Superintendent of Insurance, appointed under the provisions of the "British Columbia Fire Insurance Act," for adjustment, and the said Superintendent shall thereupon consider the same and shall have full power to reduce or increase the amount of said charges and expenses, and the decision of the said Superintendent shall be final and binding upon all parties concerned. 1916, c. 29, s. 5.

10. Nothing in section 4 of this Act contained shall be construed to compel the printing of the conditions set forth in the Schedule to this Act on policies of fire insurance before the first day of January, 1920. (New.)

11. The expression "premium paid," where used in clauses 10 and 11 of the statutory conditions, shall not be deemed to include premiums paid by an insurance agent to his company in pursuance of the contract of agency between them if the premium has not in fact been paid by the assured or other parties in interest to such agent.

12. The "Fire Insurance Policy Act," being chapter 114 of the "Revised Statutes of British Columbia, 1911," and the "Fire Insurance Policy Act Amendment Act, 1916," being chapter 29 of the Statutes of 1916, are hereby repealed. (New.)

SCHEDULE.

(Sections 4 and 7.)

STATUTORY CONDITIONS.

1. If any person insures property, and causes the same to be described otherwise than as it really is, to the prejudice of the company, or misrepresents or omits to communicate any circumstance which is material to be made known to the company, in order to enable it to judge of the risk it undertakes, such insurance shall be of no force in respect to the property in regard to which the misrepresentation or omission is made.

2. Any change material to the risk and within the control or knowledge of the assured shall avoid the policy as to the part affected thereby, unless the change is promptly notified in writing to the company or its local agent; and the company when so notified may return the unearned portion (if any) of the premium which has been paid for the unexpired period and cancel the policy, or may demand in writing, by registered letter addressed to the assured at his last post-office address notified to the company, and where no address notified, then to the post-office of the agency from which the application was received, an additional premium, which the assured shall if he desires the continuance of the policy, within fifteen days pay

SESSIONAL PAPER No. 9

to the company; and if he neglects to make such payment within fifteen days after receiving such demand, the policy shall be no longer in force.

3. If the assured now has any other insurance on any property covered by this policy which is not disclosed to the company, or hereafter effects any other insurance thereon without the written assent of the company, he shall not be entitled to recover in excess of sixty per cent of the loss or damage in respect of such property; but if for any fraudulent purpose the assured does not disclose such other insurance to the company, this policy shall be void:

(a) If within two weeks after written notice of such other insurance or of any intended insurance, or after that time and before such other insurance is effected, the company does not dissent by notice in writing to the assured, it shall be deemed to have assented thereto.

4. In the event of there being any other insurance on property herein described at the time of the happening of any loss or damage in respect thereof, then this company shall be liable only for the payment of a rateable proportion of such loss or damage or of such amount as the assured shall be entitled to recover as provided by condition No. 3.

5. After application for insurance, if the same is in writing signed by the assured, it shall be deemed that any policy sent or delivered to the assured is intended to be in accordance with the terms of the application, unless the company points out, in writing, the particulars wherein the policy differs from the application. If the policy has been issued on verbal application or instructions of the assured, it shall be deemed to be in accordance with such application or instructions, unless the assured points out to the company, in writing, the particulars wherein the policy differs from such application or instructions.

6. No condition of the policy, either in whole or in part, shall be deemed to have been waived by the company, unless the waiver is clearly expressed in writing, signed by an agent of the company.

7. Any officer or agent of the company who assumes on behalf of the company to enter into any written agreement relating to any matter connected with the insurance shall be deemed *prima facie* to be the agent of the company for the purpose.

8. Any written notice to the assured may be by letter delivered to the assured or by registered letter addressed to him at his last post-office address notified to the company, or where no address is notified and the address is not known, addressed to him at the post-office of the agency (if any) from which the application was received.

9. Any written notice to the company may be delivered at the head office or chief agency of the company in the Province in which the property is situate, or sent by registered post addressed to the company, its manager or agent, at such head office or chief agency, or may be delivered or sent by registered post to an authorized agent of the company.

10. The insurance may be terminated by the company by giving to the assured fifteen days' notice in writing or five days' personal notice to that effect, and, if on the cash plan, by tendering therewith a rateable proportion of the premium paid for the unexpired term, calculated from the termination of the notice, and the policy shall cease after such notice or notice and tender, as the case may be, and the expiration of the fifteen days or five days, as the case may be.

11. The insurance, if on the cash plan, may also be terminated by the assured by giving written notice to that effect to the company or its authorized agent, in which case the company may retain the customary short rate for the time the insurance has been in force, and shall repay to the assured the balance of the premiums paid.

12. If the property insured is assigned without a written permission endorsed hereon by an agent of the company duly authorized for such purpose, the policy shall thereby become void; but this condition does not apply to change of title by succession, or by operation of law, or by reason of death.

13. Money, books of account, securities for money, and evidences of debt or title are not insured.

14. The company is not liable for the losses following, that is to say:—

- (a) For the loss of property owned by any other person than the assured, unless the interest of the assured is stated in or upon the policy, nor for loss beyond the actual value destroyed by fire, nor for loss occasioned by ordinance or law regulating construction or repair of buildings:
- (b) For loss caused by invasion, insurrection, riot, civil commotion, military or usurped power:
- (c) Where the insurance is upon buildings or their contents, for loss caused by the want of good and substantial brick or stone, or cement chimneys, or by ashes or embers being deposited, with the knowledge and consent of the assured, in wooden vessels, or by stoves or stovepipes being, to the knowledge of the assured, in an unsafe condition or improperly secured:
- (d) For loss or damage to goods destroyed or damaged while undergoing any process in or by which the application of fire-heat is necessary:
- (e) For loss or damage occurring to buildings or to their contents while the buildings are being altered or repaired by carpenters, joiners, plasterers, or other workmen, and in consequence thereof, unless permission to execute such repairs or alterations has been previously granted in writing signed by a duly authorized agent of the company; but fifteen days are allowed in each year for incidental alterations or repairs without such permission:
- (f) For loss or damage occurring while petroleum, rock, earth, or coal-oil, camphene, gasoline, burning fluid, benzene, naphtha, or any liquid products thereof, or any of their constituent parts (refined coal-oil for lighting purposes only, not exceeding five gallons in quantity, or lubricating-oil not being crude petroleum nor oil of less specific

10 GEORGE V, A. 1920

gravity than required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twenty-five pounds weight of gunpowder is or are stored, kept, or used by the assured, or to his knowledge by any other person under his control, in the building insured or containing the property insured, unless permission is given in writing by the company. In the case of gasoline, not more than a quart shall be stored, kept, or used upon the premises without a permit;

- (g) Where the building insured or containing the property insured be or becomes vacant and unoccupied for a period of thirty days to the knowledge of the assured without the consent of the company in writing.

15. The company shall make good loss or damage caused by the explosion of coal or natural gas in a building not forming part of gas-works, and loss or damage by fire caused by any other explosion or loss or damage caused by lightning, whether fire ensues therefrom or not; but if dynamos, exciters, lamps, switches, motors, or other electrical appliances or devices are insured, any loss or damage to them caused by lightning or other electrical currents, artificial or natural, is expressly excluded, and the company is liable only for such loss or damage to them as may occur from resultant fire originating outside the machines themselves.

16. Where property insured is only partially damaged, no abandonment of the same will be allowed unless by the consent of the company or its agent; and in case of removal of property to prevent damage thereto, the company will contribute to the loss and expense attending such act of salvage proportionately to the respective interest of the company or companies and the assured; and that part of this policy in excess of its proportion of any loss and of the value of the property remaining in the original location shall, for the ensuing seven days only, or for the unexpired term of the policy if less than seven days, cover the property so removed in the new location or locations in the proportion that the value in any one such new location bears to the value in all such new locations.

17. The company, instead of making payment, may repair, rebuild, or replace, within a reasonable time, the property damaged or lost, giving notice of their intention within fifteen days after receipt of the proofs herein required.

18. Subject to condition 19, proof of loss must be made by the assured, although the loss is payable to a third person.

19. Proofs of loss may be made by the agent of the assured, in case of the absence or inability of the assured himself to make the same, such absence or inability being satisfactorily accounted for, or in the like case, or if the assured refuses to do so, by a person to whom any part of the insurance money is payable.

20. Any person entitled to make a claim under this policy shall:—

- (a) Forthwith after loss give notice in writing to the company;
- (b) Deliver, as soon after as practicable, as particular an account of the loss as the nature of the case permits;
- (c) Furnish therewith a statutory declaration declaring that the account is just and true, when and how the loss occurred, and, if caused by fire, how the fire originated, so far as the declarant knows or believes; that the loss did not occur, or, if caused by fire, that the fire was not caused, through any wilful act or neglect or the procurement, means, or contrivance of the assured; the amount of other insurances and names of other insuring companies; all liens and encumbrances on the subject of insurance; the place where the property insured, if movable, was deposited at the time of the fire;
- (d) If required and if practicable, produce books of account, warehouse receipts, and stock lists, and furnish invoices and other vouchers, verified by a statutory declaration, in support of his claim, and furnish copies of the written portion of all policies, separate, as far as reasonably may be, damaged from the undamaged property, and exhibit for examination all that remains of the property which was covered by the policy. The evidence furnished under this clause shall not be considered proofs of loss within the meaning of condition 23.

21. Any fraud or false statement in any statutory declaration in relation to any of the above particulars shall vitiate the claim of the person making the declaration.

22. If any difference arises as to the value of the property insured, the property saved, or the amount of the loss, such value and amount and the proportion thereof (if any) to be paid by the company shall, whether the right to recover on the policy is disputed or not, and independently of all other questions, be submitted to the arbitration of some person to be chosen by both parties, or if they cannot agree on one person, then to two persons, one to be chosen by the party assured and the other by the company, and a third to be appointed by the persons so chosen, or on their failing to agree, then by a Judge of the Supreme Court or the County Judge of the county in which the loss has happened; and such reference shall be subject to the provisions of the "Arbitration Act"; and the award shall, if the company is in other respects liable, be conclusive as to the amount of the loss and the proportion to be paid by the company; where the full amount of the claim is awarded the costs shall follow the event; and in other cases all questions of costs shall be in the discretion of the arbitrators.

23. The loss shall be payable in sixty days after the completion of the proofs of loss, unless a shorter period is provided for by the contract of insurance.

24. Every action or proceeding against the company for the recovery of any claim under or by virtue of this policy shall be absolutely barred unless commenced within one year next after the loss or damage occurs.

(3) An Act to amend the "Insurance Act." (*Assented to March 29, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:—

1. This Act may be cited as the "Insurance Act Amendment Act, 1919."

SESSIONAL PAPER No. 9

2. Section 2 of the "Insurance Act," being chapter 33 of the Statutes of 1913, is hereby amended by striking out the words "'Minister' means the Minister of Finance and Agriculture," and substituting the words "'Minister' means the Attorney-General except in subsection (1) of section 17, and in sections 18, 22, 24, 31, 34, and 35, where it means the Minister of Finance."

3. Subsection (1) of section 20 of said chapter 33 is hereby amended by striking out the word "Minister" in the fourth line, and substituting the words "Minister of Finance."

4. Section 32 of said chapter 33 is hereby amended by striking out the word "Minister" where it occurs in the third and ninth lines, and substituting in each case the words "Minister of Finance."

4.—MANITOBA LEGISLATION.

(1) An Act to amend "The Manitoba Insurance Act," (*Assented to March 14, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:

1. Paragraph (dd) of section 2 of chapter 98 of the Revised Statutes of Manitoba, 1913, being "The Manitoba Insurance Act," as enacted by section 5 of chapter 33 of 5 George V. is hereby repealed and the following paragraph substituted therefor:

(dd) The expression "agent" means an acknowledged agent, subagent, or any person, firm or corporation who shall in any manner transact the business of insurance by negotiating for, or placing risks, canvassing or soliciting insurance except the officers and bona-fide salaried employees of a company who are not solicitors and who do not receive commissions or salaries in lieu of commissions.

2. Section 3 of the said Act is hereby repealed and the following section substituted therefor:

3. Only sections 2, 5 to 20, 44, 45, subsections (3) and (4) of 51, and sections 53, 64 and 72 to 94 of this Act shall apply to a company licensed by the Dominion of Canada.

3. Section 19C of the said Act, as enacted by chapter 52 of 4 George V, is hereby amended by adding thereto at the end thereof the words "and a power of attorney to the superintendent of insurance in like manner as in subsection (b) of section 9."

4. Subsection (3) of section 31 of the said Act is hereby amended by striking out the word "shall" in the eleventh line and the word "appointed" in the thirteenth line thereof and by substituting therefor the words "may" and "nominated" respectively.

5. Section 51 of the said Act is hereby amended by adding thereto the following subsections.

(3) Every company registered under this Act shall file annually with the superintendent of insurance not later than the first day of April a statement of business written, premiums collected, losses paid and risks in force, on such forms as the Provincial Treasurer shall approve.

(4) Every company shall file annually with the superintendent of insurance on or before the fifteenth day of March a list of the names and addresses of every appointed agent, and shall also notify the superintendent of every cancellation of agency and new appointment monthly on or before the fifteenth day of each succeeding month.

(5) No company shall publish or issue any financial statement which does not in substance agree with the statement filed with the superintendent of insurance.

(6) No company or any officer, agent or employee of any company shall issue, publish or circulate any advertisement, letterhead, postal card, account or document purporting to state the subscribed capital as being actually and in good faith subscribed which contains any untrue or false statement as to the incorporation, control, supervision, management or financial standing of such company, and which is intended or calculated or likely to mislead or deceive any person dealing or having any business transaction with the said company, or with any officer, agent or employee of the company.

6. The said Act is hereby amended by adding thereto the following section:

51A. Any company whose officer, agent or employee shall be guilty of any violation of subsection 6 of the preceding section shall be liable on summary conviction to a penalty not exceeding two hundred dollars and not less than fifty dollars.

7. Section 81 of the said Act is hereby amended by inserting the words "or offer to undertake any contract" after the word "insurance" in the second line thereof, and by striking out the words "or purely mutual fire and hail insurance companies incorporated in the Province of Manitoba" where the same occur in the fifth and sixth lines thereof, and by adding thereto the following subsection:

(2) The certificate of authority issued to a partnership, firm or corporation shall include the bona-fide partners or officers of such partnership, firm or corporation where they devote their entire time to the interests of such partnership, firm or corporation holding such certificate of authority.

8. Paragraph (1) of section 91 of the said Act is hereby amended by adding thereto at the end thereof the words "(d) in case of mutual fire insurance \$3."

9. The said Act is hereby amended by adding the following section:

91A. No agent, or other person representing, or doing business in the province for any company registered or licensed under this Act shall, directly or indirectly, divide or offer to divide his commission or other remuneration, or any other matter or thing or value with any person whose life, safety, health, fidelity, property or insurable interest he may be insuring or seeking to insure, or with any person having or claiming or appearing to have any influence or control over the person for whom insurance is sought to be placed unless such agent holds a subsisting certificate of authority.

10. Section 92 of the said Act is hereby amended by striking out the figures "91" in the second line thereof and by substituting therefor the figures "91A."

11. The said Act is hereby amended by adding thereto the following section:

10 GEORGE V, A. 1920

95. When in any mortgage or agreement for sale there is a term requiring the mortgager or purchaser to insure the premises therein described and no specific insurance company is named such term shall be sufficiently satisfied save as to amount by the production by such mortgager or purchaser of a subsisting policy of insurance in any insurance company licensed to carry on its business in Manitoba.

12. This Act shall come into force on the day it is assented to.

(2) An Act to amend "The Hail Insurance Policy Act". (*Assented to March 14, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:

1. Sections 13 and 14 of the schedule to chapter 46 of 7 George v. Statutes of Manitoba, are hereby repealed, and the following sections substituted therefor:

13. If any portion of the crop insured herein is injured from causes other than hail the insurance, if on the cash plan, may be terminated by the assured by giving notice to that effect to the company by registered letter at its head or branch office, or at the general agency from which the policy was issued, and upon surrender of the policy, in which case the company may retain the customary short rate applicable to hail insurance as set forth on this policy for the time the insurance has been in force, and shall repay to the assured the balance of the premium paid; if on the note plan, the assured shall pay the company the earned portion of the premium, and on payment or tender of such amount the company shall return the premium note.

14. In the event of a disagreement as to the percentage of damage by hail to any of the crops insured, whether the right to recover on the policy is disputed or not, such percentage shall, when so required by either party, be ascertained by an appraisal, which shall be conducted as follows:

(a) The party desiring appraisal shall, within three days of such disagreement, deliver or cause to be delivered by mail or otherwise, to the other party, a notice in writing requiring an appraisal to be made, and appointing a competent and disinterested appraiser who is a taxpayer in the province, who shall act either alone or with an appraiser chosen by the other party, to estimate the percentage of the damage.

(b) Not later than three days after receipt of such notice the other party shall, if he so desires, appoint another competent and disinterested appraiser to represent him, and, within the said period, shall notify the first party of such appointment by notice in writing, so delivered as aforesaid.

(c) In the latter case the appraisers shall together estimate the percentage of damage, and failing to agree, shall submit their differences to an umpire, and the award in writing of any two shall determine the percentage of such damage. Such umpire shall be chosen by the appraisers, or in case they cannot agree, then on the application of either appraiser, by the superintendent of insurance.

(d) If only one appraiser has been chosen, both parties shall share equally his expenses; if two, each party shall pay the expenses of the appraiser chosen by him; both parties shall bear equally the expense of the umpire, if an umpire is required.

(e) Should either party after receipt of written notice from the other, neglect or refuse to choose an appraiser within the time above specified, the percentage of damage shall be estimated by the appraiser chosen by the party giving notice.

(f) The actual appraisal of such damage shall be commenced within two days after both appraisers have been chosen, or after the expiration of the time herein allowed for such choice.

(g) The periods of time specified in this condition may, on application, be extended at the discretion of the superintendent of insurance.

2. Section 9 of the said Act is hereby amended by striking out the words "under contracts existing at the time this Act comes into force" from the third and fourth lines thereof, and inserting after the word "Manitoba" in the fifth line thereof the following words "including contracts existing at the time this Act comes into force."

3. This Act shall come into force on the day it is assented to.

(3) An Act to amend "The Mutual Fire Insurance Act". (*Assented to March 14, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of Manitoba, enacts as follows:—

1. Section 11 of chapter 101 of the Revised Statutes of Manitoba, 1913, being "The Mutual Fire Insurance Act," is hereby amended by adding thereto the following:—

"and the company may provide by by-law that each member shall be entitled to one vote only at such meetings."

2. Section 13 of the said Act is hereby amended by adding thereto the following:—

"for a period of three years."

3. Section 14 of the said Act is hereby repealed and the following section substituted therefor:—

14. One-third of the directors shall retire annually and may be eligible for re-election. When the number of directors cannot be equally divided, the order of retirement shall be determined by the board of directors, but no director shall remain in office for a longer term than three years without re-election.

4. Section 38 of the said Act is hereby amended by adding thereto the following:—

"but any company which shall make and maintain a reserve fund of at least five thousand dollars for the first one million dollars of risk and an additional fifteen hundred dollars for each additional one million dollars or part thereof of risk shall be allowed to charge by way of premium such amount as the board of directors may approve."

5. Section 39 of the said Act is hereby amended by striking out the word "five" in the second line thereof and by substituting therefor the word "three".

SESSIONAL PAPER No. 9

6. Section 49 of the said Act is hereby amended by striking out the words "unless the board of directors, in their discretion, shall decide otherwise" where the same occur in the fifteenth and sixteenth lines thereof.

7. This Act shall come into force on the day it is assented to.

(4) An Act to amend "An Act to incorporate The Continental Fire Insurance Company". (Assented to March 14, 1919.)

This Act adds to the powers of the company, incorporated by chapter 86 of the statutes of 1909, the transaction of the business of hail and ocean marine insurance.

(5) An Act to incorporate "The Universal Casualty Company". (Assented to March 14, 1919.)

This Act incorporates the company with power to transact the business of fire, steam boiler, accident, sickness, burglary, explosion, guarantee, plate glass and weather insurance. The head office of the company will be in the City of Winnipeg.

5. NEW BRUNSWICK.

No legislation respecting insurance was passed by the legislature of this Province during the year 1919.

6. NOVA SCOTIA LEGISLATION.

(1) An Act respecting Insurance Agents. (Assented to May 17, 1919.)

Be it enacted by the Governor, Council and Assembly, as follows:—

1. No person, firm, company or corporation shall act as agent, sub-agent, or broker in the solicitation or procurement of applications for life, accident or fire insurance, without first procuring a certificate of authority so to act from the Provincial Secretary. Such certificate shall be issued by the Provincial Secretary only upon the written application of the person desiring such authority, such application being approved and countersigned by the company which such person desires to represent, or its manager or chief agent in Nova Scotia, and shall be upon a form approved by the Provincial Secretary, giving such information and verified in such manner as he may require.

2. No person holding a certificate of authority shall act as such agent for any life, accident or fire insurance company in Nova Scotia except for the kind of insurance and for the company or companies named in the certificate. In case of changing from one company to another, the agent shall notify the Provincial Secretary, and shall accompany his notification with evidence of his change, and have the said change endorsed on his certificate by the Provincial Secretary.

3. Unless sooner terminated under the provisions of this Act, every certificate of authority shall expire on the first day of October, following the date of such certificate.

4. (a) No person, firm, company or corporation shall mislead or deceive any person about to insure by misrepresenting any of the terms or conditions of any policy contract, whether issued by the company represented by him, or issued by any other company, or to issue or circulate or cause to be issued or circulated any document or publication containing representations of such a nature.

(b) No person, firm, company or corporation shall procure, induce, or attempt to procure or induce any person insured under a policy of one company to lapse said policy and insure in another company by means of misleading, or false statements, either about the company itself or any of its policy contracts.

5. The Provincial Secretary may at any time for misconduct or violation of the provisions of the Insurance Act of the Dominion of Canada or of the Life Insurance Act or of the Fire Insurance Policies Act or of Chapter 15 of the Acts of 1918, "An Act respecting Insurance Companies" or any amendments thereof, cancel any certificate of authority.

6. (1) Every life, accident or fire insurance company doing or carrying on in Nova Scotia any part of its business shall in the month of January in each year file with the Provincial Secretary a statement verified under oath by its manager or chief agent in Nova Scotia, showing the name and residence of every person authorized to act in this Province as agent, sub-agent or broker for such company in the solicitation or procurement of applications for life, accident or fire insurance.

(2) If any insurance company fails to file such statement as aforesaid, it shall be liable to a penalty of not less than twenty-five dollars, nor more than one hundred dollars.

7. The following shall be the fees payable to the Provincial Secretary for the issue of a certificate of authority to a resident of the Province under this Act:—

(1) By persons residing or carrying on the business of fire insurance agents:—

(a) In cities	\$10 00
(b) In incorporated towns	5 00
(c) Elsewhere	2 00

(2) By agents for life or accident insurance, \$2.

(3) The fee payable for the issue of a certificate of authority to a non-resident of the Province shall be \$50, unless such certificate is issued to a general agent, or district manager or agent of an insurance company, and his territory as such general agent or district manager or agent includes Nova Scotia, in which case the fee shall be ten dollars.

8. Any person, firm, company or corporation violating any of the provisions of this Act, shall be liable to a penalty of not less than \$25 nor more than \$100 and shall be disqualified from obtaining a certificate of authority within one year from the date of conviction.

10 GEORGE V, A. 1920

9. The penalties prescribed for the violation of any of the provisions of this Act may be recovered or enforced with costs either under the Nova Scotia Summary Convictions Act, Chapter 161 of the Revised Statutes of Nova Scotia, 1900, as now or from time to time hereafter amended, or by civil action or proceeding by and in the name of the Provincial Secretary or of a private prosecutor or plaintiff, in any Court having jurisdiction in cases of simple contract to the amount of the penalty.

10. Any penalty prescribed for the violation of any of the provisions of this Act shall when recovered be appropriated as follows:—

(a) Where the proceedings are instituted by or on behalf of the Provincial Secretary, the penalty shall belong to the Crown;

(b) Where the proceedings are instituted by or on behalf of a private prosecutor or plaintiff, the penalty shall belong to him.

11. The list of all agents in the Province of Nova Scotia to whom certificates of authority have been issued shall be printed once each year in the Royal Gazette.

12. This Act shall not apply to insurance upon fraternal or assessment system only upon the lives of the members exclusively of any society or association or persons for fraternal, benevolent, industrial or religious purposes, nor to any officer, organizer, agent or member of any such society or association, unless such officer, organizer, agent or member receives, or is entitled to receive, remuneration by Commission or by salary for procuring insurance.

13. Sections 24 to 34, inclusive, of chapter 15 of the Acts of 1903 as amended, and section 4 of chapter 16 of the Acts of 1916 are hereby repealed.

14. This Act shall come into force on the first day of October A.D., 1919.

7.—ONTARIO LEGISLATION.

(1) Section 23 and 24 of the Statute Law Amendment Act, 1919, amends the Ontario Insurance Act as follows:—

23. Subsection 4 of section 105 of the Ontario Insurance Act is repealed, and the following substituted therefor:—

(4) An auditor shall hold office until the next general meeting of the corporation and shall be eligible to re-appointment.

24. The Ontario Insurance Act is amended by adding the following section:—

194A. Statutory Condition 15 shall apply to notices under Statutory Condition 11, and the tender under Statutory Condition 11 may be by money, post-office order, postal note or cheque, payable at par, certified by a chartered bank doing business in the province, enclosed in the registered letter with the notice.

(2) An Act respecting the North American Accident Insurance Act. (*Assented to April 24, 1919.*)

This Act validates an agreement dated December 10, 1917, between the company incorporated by Letters Patent under the Ontario Insurance Act, and the Company by the same name incorporated by the Dominion Parliament Chapter 65 of the Statutes of 1917, by which the assets and liabilities of the former company are transferred to and assumed by the latter company.

(3) An Act respecting L'Union Saint-Joseph du Canada. (*Assented to April 24, 1919.*)

This Act confirms the schedule of rates and benefits adopted by the Society at its federal session held in Ottawa on August 21, 1917.

8.—PRINCE EDWARD ISLAND LEGISLATION.

No insurance legislation was passed by the legislature of this Province during 1919.

9.—QUEBEC LEGISLATION.

(1) An Act to amend the Revised Statutes, 1909, respecting the tax to be collected for the prevention of fires. (*Assented to March 4, 1919.*)

His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:

1. Article 3822 of the Revised Statutes, 1909, as enacted by the act 3 George V, chapter 38, section 1, as amended by inserting therein, after the word "assessments" in the fifth line of the first paragraph thereof, the words: "for fire insurance".

2. This Act shall come into force on the first day of July, 1919.

(2) An Act to amend the Revised Statutes 1909, respecting insurance companies. (*Assented to March 4, 1919.*)

His Majesty, with the advice and consent of the Legislative Council and of the Legislative Assembly of Quebec, enacts as follows:

1. Article 6970 of the Revised Statutes, 1909, amended by inserting therein, after the word: "Canada", in the eleventh line of paragraph 2 thereof, the words: "or in terminating debentures of any fabrique, or corporation of trustees within the meaning of section third of chapter first of title ninth of these statutes."

2. This Act shall come into force on the day of its sanction.

(3) An Act respecting the British Canadian Insurance Company. (*Assented to March 4, 1919.*)

The Company, incorporated by letters patent of the Province of Quebec, dated May 1, 1917, is authorized by this Act to transact the business of fidelity guarantee insurance.

(4) An Act to incorporate The Provincial Indemnity Company. (*Assented to March 17, 1919.*)

This Act incorporates the company with power to transact accident and sickness insurance, its insurance business not to be commenced until twenty-five thousand dollars of capital have

SESSIONAL PAPER No. 9

been subscribed and ten thousand dollars paid thereon. Provision is also made for the trans-action of burglary, credit, guarantee, and plate glass insurance upon compliance with the con-ditions of the Quebec Insurance Act. The head office is to be in the City of Montreal.

(5) An Act to amend the charter of l'Association d'Assurance Mutuelle des Fabriques des diocèses de Québec et des Trois Rivières. (*Assented to March 17, 1919.*)

This Act changes the name of the association, incorporated by chapter 149 of the Sta-tutes of 1853, to that of L'Association d'assurance Mutuelle des fabriques de la Province Ecclésiastiques de Québec, enumerates the classes of property which may be insured, provides for the payment of losses by special or yearly assessments and for the creation of a provident fund.

10.—SASKATCHEWAN LEGISLATION.

(1) An Act to amend the Saskatchewan Insurance Act. (*Assented to February 5, 1919.*) His Majesty, by and with the advice and consent of the Legislative Assembly of Saskat-chewan, enacts as follows:

1. The Saskatchewan Insurance Act, being chapter 15 of the Statutes of 1915, is amended as hereinafter set forth.

2. (1) Paragraph 3 of section 2 is amended by adding thereto the words "and shall include his deputy."

(2) Paragraph 6 of the said section 2 is amended by adding thereto the words "but does not include a Dominion licensee."

(3) Paragraph 13 of the said section 2 is struck out and the following substituted therefor: "13. 'Court' means His Majesty's court of King's bench for Saskatchewan or a Judge thereof."

3. Section 6 is repealed and the following substituted therefor:

"6. It shall be the duty of the officers and agents of any company licensed under this Act, and of any adjusters licensed thereunder, to furnish the superintendent on his request with full information relative to any contract of insurance issued by the company which comes within the terms of section 192 hereof, or relative to any settlement or adjustment under any such contract."

"(2) The minister may, at his discretion, instruct the superintendent to visit the head office or chief agency from which the contract was issued, or the office of the adjuster, and inquire into such contract or settlement, and the provisions of section 4 of this Act shall apply mutatis mutandis to such inquiry."

4. Section 16 as amended by section 1 of chapter 54 of the statutes of 1917 (second session) is amended by adding thereto the following subsections:

"(3) No contract of insurance shall be issued or delivered in Saskatchewan by any com-pany licensed under this Act until a copy of the form of such contract has been mailed by pre-paid registered letter to the superintendent and duly approved by him.

"(4) No change or variation in a form so approved shall be effective until filed with the superintendent and duly approved by him."

5. The first subsection of section 17 is repealed and the following substituted therefor:

"17. Every company licensed under this Act shall cause to be printed, stamped or written in plain letters across the face of every policy, interim receipt or other insuring document which falls within section 192 of this Act, the words 'Licensed under the Saskatchewan Insur-ance Act.'"

6. (1) Section 18 as amended by section 2 of chapter 54 of the statutes of 1917 (second session) is amended by inserting immediately after the first subsection the following:—

"(2) Such license when issued to a company other than a Dominion licensee shall be sub-ject to such limitations or restrictions as the minister may from time to time prescribe."

(2) Subsection (2) of the said section 18, as enacted by section 2 of chapter 54 of the statutes of 1917 (second session) is renumbered (3).

7. Section 25 is repealed and the following substituted therefor:

"25. The amount of deposit required of every company shall on or before the first day of May in each year be readjusted in terms of the two next following sections, and on default to make such readjustment the company's license may be cancelled."

8. (1) Clause (c) of section 26 is struck out and the following substituted therefor:

"(c) every provincial mutual fire insurance company insuring mercantile and manu-facturing risks shall keep on deposit with the minister \$5,000."

(2) The said section 26 is amended by adding thereto the following subsection:

"(2) This section shall not apply to provincial mutual fire insurance companies licensed only for the insurance of farm buildings and contents and of isolated risks other than mer-cantile and manufacturing risks, or to provincial mutual live stock or provincial mutual hail insurance companies."

9. Section 32 is amended by adding thereto the following sub-section:

"(2) Notwithstanding anything herein contained the minister may at his discretion place a value upon any securities which have been deposited by a company, and may certify the value at which such deposit will be accepted."

10. Section 36 is repealed and the following substituted therefor:

"36. If, from the annual statements or the examination of the affairs and conditions of a company, it appears in the case of a life insurance company that its policy reserves, and in the case of any other company that its unearned premiums in both cases in respect to risks out-standing in Saskatchewan, together with any other liabilities in Saskatchewan, exceed its assets in Saskatchewan, including the deposit in the hands of the minister, the company shall forthwith make good the deficiency, and on failure so to do its license may be suspended or cancelled. In the case of life companies such reserves shall be calculated on the basis used by the insurance branch of the department of finance at Ottawa."

11. (1) Section 62 is amended by inserting the following after subsection (4):

10 GEORGE V, A. 1920

"(5) No resident agent holding a certificate of authority shall give any power of attorney to persons residing outside the province of Saskatchewan for the purpose of countersigning contracts as required by this section."

(2) Subsection (5) of the said section 62 is renumbered as (6).

12. Subsection (2) of section 63 is amended by inserting between the words "province" and "or" in the third line the words "or as a general agency of the kind mentioned in section 93a."

13. (1) Section 72, as amended by section 5 of chapter 16 of the statutes of 1916, is further amended by adding to the first subsection the following clause:

"(c) every company licensed to transact the business of hail insurance in Saskatchewan shall, in the year 1919, set aside as a hail insurance surplus fund at least 50 per cent of the profit realized from such business during the said year, and shall in each year thereafter continue so to do until the amount of said fund in any given year is equal to at least 50 per cent of the net hail premiums received during the preceding calendar year, at which proportion the said fund shall be maintained."

(2) Subsections (2) and (3) of the said section 72, as enacted by section 5 of chapter 16 of the statutes of 1916, are repealed.

14. (1) Section 73 is amended by striking out the first fourteen lines and substituting therefor the following:

"73. The minister, whenever he shall deem it expedient, may instruct the superintendent to make a special examination into the affairs of any provincial company licensed under this Act."

(2) The said section 73 is further amended by inserting at the beginning of the fifteenth line the figure and symbol "(2)".

15. The said Act is further amended by inserting therein after section 93 the following:

"93a. Every general agency whose head office is situate outside of Saskatchewan transacting agency business in Saskatchewan for the purpose of soliciting applications for hail insurance, and which does not maintain within Saskatchewan an office where such applications may be accepted or declined, shall obtain from the superintendent a special certificate of authority under section 63 hereof authorizing it to transact such business within the province. Such certificate may be issued upon application filed with the superintendent, when such application has been approved by him and the prescribed fee paid."

16. Section 94 is amended by adding thereto the following subsection:

"(2) There shall also appear on every application for a contract of hail insurance and on every policy or contract in a prominent position and in prominent type the name and address of the company's head or branch office or general agency from which the policy is to be or was issued."

17. Section 97, as enacted by section 8 of chapter 22 of the statutes of 1917 is amended by striking out numbers 13 and 14 of the hail insurance conditions and substituting therefor the following:

"13. The insurance, if on the cash plan, may be terminated by the insured by giving written notice to that effect to the company by registered letter at its head or branch office or at the general agency from which the policy was issued and upon surrender of the policy, in which case the company may retain the customary short rate applicable to hail insurance for the time the insurance has been in force, and shall repay to the insured the balance of the premium paid; if on the note plan, the insured shall pay the company the earned portion of the premium, and on payment or tender of such amount the company shall return the premium note."

"14. In the event of a disagreement as to the percentage of damage by hail to any of the crops insured, whether the right to recover on the policy is disputed or not, such percentage shall, when so required by either party, be ascertained by an appraisal which shall be conducted as follows:

"(i) The party desiring appraisal shall within three days of such disagreement deliver or cause to be delivered by mail or otherwise to the other party a notice in writing requiring an appraisal to be made and appointing a competent and disinterested appraiser who is a taxpayer in the province, who shall act either alone or with an appraiser chosen by the other party to estimate the percentage of the damage."

"(ii) Not later than three days after receipt of such notice the other party shall, if he so desires, appoint an appraiser to represent him and, within the said period, shall notify the first party of such appointment by notice in writing so delivered as aforesaid."

"(iii) In the latter case the appraisers shall together estimate the percentage of damage, and failing to agree shall submit their differences to an umpire, and the award in writing of any two shall determine the percentage of such damage. Such umpire shall be chosen by the appraisers, or in case they cannot agree, then on the application of either appraiser, by the superintendent of insurance."

"(iv) If one appraiser has been chosen, both parties shall share equally his expenses, if two, each party shall pay the expense of the appraiser chosen by him; both parties shall bear equally the expense of the umpire if an umpire is required."

"(v) Should either party after receipt of written notice from the other, neglect or refuse to choose an appraiser within the time above specified, the percentage of damage shall be estimated and determined by the appraiser chosen by the party giving notice."

"(vi) The actual appraisal of such damage shall be commenced within two days after both appraisers have been chosen, or after the expiration of time herein allowed for such choice."

SESSIONAL PAPER No. 9

- "(vii) The periods of time specified in this condition may on application be extended at the discretion of the superintendent of insurance."
18. Subsection (2) of section 108 is repealed and the following substituted therefor:
- "(2) Upon receipt of such report, and on the presentation of the documents mentioned in section 106 and the payment of such fees as are prescribed by the regulations of the Lieutenant Governor in Council under The Companies Act, the minister may authorize the registrar under his hand and seal of office to issue a certificate of registration."
19. Section 117 is amended by striking out the words "agent or" in the first line.
20. Section 135 is amended by striking out the word "Meetings" at the beginning of the first line, and substituting therefor the words "The annual general meeting," and by adding the following subsection:
- "(2) With the consent of the minister the annual general meeting may be held at a different date from that prescribed above."
21. Section 137 is repealed and the following substituted therefor:
- "137. Notice of an annual general meeting of the company shall be published in one or more daily or weekly newspapers published and circulating in the district embraced in its operations and duly approved by the superintendent, the last publication to be not less than fourteen days before the date of the meeting."
- "(2) Notice of a special general meeting of the company shall be published in one or more daily or weekly newspapers published and circulating in such district and duly approved by the superintendent, and shall be given by circular letter mailed by the secretary to the last known postal address of the members at least fourteen days previous to the date of the meeting."
22. The first subsection of section 138 is repealed and the following substituted therefor:
- "138. Each member of the company shall be entitled to one vote, but no member shall be entitled to vote while in arrear for any assessment due by him to the company."
23. Section 143 is amended by adding thereto the following subsection:
- "(2) Except as herein otherwise provided, the provisions of sections 122 and 123 of The Companies Act, being chapter 14 of the statutes of 1915, shall apply to the appointment of auditors of mutual insurance companies and their duties."
24. Section 152 is amended by striking out the words "from their respective dates for sums" in the second line, and substituting the words "for such sums."
25. Section 163 is amended by striking out the proviso.
26. Section 200 as enacted by section 4 of chapter 54 of the statutes of 1917 (second session), is amended by inserting immediately before the last two lines the following item:
- "Every general agent for hail insurance operating in Saskatchewan, whose head office is outside of Saskatchewan shall pay such fee as may be determined by the Lieutenant Governor in Council."
27. The said Act is further amended by adding thereto the following sections:

"INVESTMENTS.

- "207. (1) A provincial company, whensoever incorporated, may invest its surplus funds and reserve in the following securities and no other:
- "(a) The stock funds or government securities of Canada or of any province of Canada, or guaranteed thereby respectively, or the public stock funds or government securities of, or securities guaranteed by, the United Kingdom or the United States of America, the bonds or debentures of any municipality or school district in Canada, or bonds or debentures secured by rates or taxes levied under the authority of the government of any province of Canada on property situated in such province, and collectible by the municipalities in which such property is situated;
- "(b) first mortgages on improved farm lands in Canada up to sixty per cent of their cash value, provided that the total amount so invested shall not exceed twenty per cent of the total amount of the company's investment;
- "(c) subject to the approval of the Lieutenant Governor in Council, terminating debentures of incorporated companies which have, in Canada, for the last preceding five consecutive years, been, actually supplying gas, water, heat, light, power or electricity to the public or to any municipal corporation; or of steam, electric or street railway or telegraph or telephone companies in actual operation in Canada, but loans on the security of, or the investment in debentures of any of the companies mentioned in this clause shall not in the aggregate exceed one-fifth of the paid-up capital of the company;
- "(d) in the case of a life company, life or endowment policies or contracts issued by the company, but not in excess of the loan value of such policy or contract."
- "(2) Uninvested funds of the company shall be kept on deposit in the name of the company in a post office savings bank or in a chartered bank of Canada."
- "208. Any insurance company incorporated or licensed under this Act may hold absolutely for its own use and benefit such real estate as is necessary for the transaction of its business, and, when so authorised by the Lieutenant Governor in Council, may acquire or construct a building larger than is required for the transaction of its business, and may lease any part of such building not so required and may hold such real estate as is acquired by it by foreclosure or in satisfaction of a debt, and may sell, mortgage, lease or otherwise dispose of the same; but the corporation shall sell any such last mentioned real estate within seven years after it has been so acquired, otherwise it shall be forfeited to His Majesty for the uses of Saskatchewan.

10 GEORGE V, A. 1920

"INVESTMENTS—ANNUAL REPORT.

"209. (1) In his annual report prepared for the minister under the provisions of section 3 of this Act, the superintendent shall allow as assets only such of the investments of the several companies as are authorized by this Act, or by their Acts of incorporation, or by the general Acts applicable to such investments.

"(2) In his said report the superintendent shall make all necessary corrections in the annual statements made by the companies as herein provided and shall be at liberty to allow or disallow any asset other than an investment authorized by law or to increase or diminish the liabilities of such companies to the true and correct amounts thereof as ascertained by him in the examination of their affairs at the head office thereof in Canada, or otherwise.

"(3) The superintendent may request any provincial company to dispose of and realize any of its investments acquired after the passing of this Act and not authorized by this Act, and the company shall within sixty days after receiving such request absolutely dispose of and realize the said investments, and if the amount realized therefrom falls below the amount paid by the company for the said investments, the directors of the company shall be jointly and severally liable for the payment to the company of the amount of the deficiency:

"Provided that if any director present when any such investment is authorized does forthwith, or if any director then absent, does, within eight days after he becomes aware of such investment, give notice of his protest by registered letter to the superintendent, such director may thereby, and not otherwise exonerate himself from such liability.

"(4) An appeal shall lie in a summary manner from the ruling of the superintendent as to the admissibility of any asset not allowed by him, or as to any item or amount so added to liabilities, or as to any correction or alteration made in any statement, or as to any other matter arising in the carrying out of the provisions of this Act, to the Lieutenant Governor in Council, who shall have power to make all necessary rules for the conduct of appeals under this section.

"(5) For the purpose of such appeal the superintendent shall, at the request of the company interested give a certificate in writing setting forth the ruling appealed from and the reasons therefor, which ruling shall, however, be binding upon the company unless the company shall within fifteen days after notice of such ruling serve upon the superintendent notice of its intention to appeal therefrom, setting forth the grounds of appeal and within fifteen days thereafter file its appeal with the Lieutenant Governor in Council and with due diligence prosecute the same, in which case action on such ruling shall be suspended until the Lieutenant Governor in Council has rendered judgment thereon."

28. This Act shall come into force on the first day of May, 1919.

(2) An Act to amend The Municipal Hail Insurance Act. (*Assented to February 5, 1919.*)

His Majesty, by and with the advice and consent of the Legislative Assembly of Saskatchewan, enacts as follows:

1. The Municipal Hail Insurance Act, being chapter 15 of the statutes of 1917, is amended by inserting therein after section 14 the following:

"15. (1) The directors shall:

"(a) name the total indemnity to be paid on each quarter sections on which the rate of four cents per acre only is levied;

"(b) fix an additional rate per acre to be levied on all the land of an owner under cultivation in excess of forty acres, such rate to be collected in the same manner as the flat rate:

Provided that it shall not be obligatory upon the directors to fix such rate during the year 1919.

"(2) The owner of land, not exceeding in area 640 acres, of which at least 25 per cent is under cultivation, may withdraw from the operation of the bylaw hereafter in section 19 mentioned for a period of two years or more.

"(3) The owner of land exceeding 640 acres in extent, of which at least 50 per cent is under cultivation, may withdraw from the operation of the bylaw for a period of two years or more."

2. Section 15 of the said Act is renumbered as 16, and amended by adding thereto the following subsection:

"(2) The directors shall possess all the powers of making bylaws hereinbefore conferred upon the association, but no bylaw of the directors shall be contrary to or inconsistent with an unrepealed bylaw of the association, and any bylaw made by the directors may be amended or repealed by a bylaw duly passed by the association."

3. Section 16 is repealed.

4. Subsection (2) of section 25 is amended by striking out the words "have been" from the seventh line and substituting therefor the word "be."

5. Section 33 of the said Act is amended by adding thereto the following subsection:

"(2) In all cases where the loss or damage by hail does not exceed 5 per centum of the crop upon such haled area at the time of damage, the cost of inspection shall be paid by the claimant."

6. Subsection (3) of section 34 is amended by inserting after the word "shall" in the first line the words "if requested so to do by any municipality."

7. (1) Subsection (1) of section 39 is amended by striking out all the words from the beginning to the word "year" where it occurs a second time in the second line, and substituting therefor the following:

"The directors may, during the year 1919, and shall from year to year thereafter, beginning with the year 1920, fix."

(2) Subsection (2) of the said section 39 is amended by striking out the word "association" from the third line and substituting therefor the word "directors."

SESSIONAL PAPER No. 9

8. The said Act is further amended by inserting after section 42 the following:

"42A. The right to be indemnified for loss by hail, to which the owner of a crop be entitled under the provisions of this Act, shall cease when the grain is cut or harvested or wholly destroyed by any agency other than hail."

(3) An Act to incorporate The Universal Insurance Company, Limited. (*Assented to December 20, 1918.*)

This Act incorporates the company with power to transact all classes of insurance except life insurance. Insurance business is not permitted to be transacted until two hundred thousand dollars of capital has been subscribed and thirty-five thousand dollars paid thereon. The head office of the company is to be in the City of Regina.

List of Insurance Companies licensed to transact business in Canada under the Insurance Act, 1917, as at March 31, 1920.

NOTE.—The Anglo-American Fire Insurance Company is in liquidation. Mr. G. T. Clarkson, Toronto, having been appointed liquidator. The liquidator has entered into an agreement with the Western Assurance Company, Toronto, whereby all the outstanding Canadian policies and unpaid losses and claims for unearned premiums thereon as at Feb. 19, 1916, have been assumed by the Western Assurance Co. The deposit of \$5,999.15 par value, has been released.

SESSIONAL PAPER No. 9

The Factories Insurance Company, by a reinsurance agreement dated Dec. 22, 1916, reinsured its business in the Western Assurance Company, Toronto. The deposit of the company, to the accepted value of \$51,537, is still in the hands of the Receiver General, but the company has given notice, as required by the Insurance Act, of its intention to apply for its release, to the North American Accident Insurance Company, incorporated by an Act of the Parliament of Canada, has acquired the assets and property of the North American Accident Insurance Company, as required by the Insurance Act, and has assumed its liabilities. The deposit of the latter company is still held by the Receiver General but notice has been given by the company, as required by the Insurance Act, 1917, of its intention to apply for the release of its securities.

*The license of this Society is issued under the provisions of Section 108 of the Insurance Act, 1917, as amended by Chapter 57 of the Statutes of 1919, and is renewable only until March 31, 1925, unless in the meantime the Society is able to furnish an actuarial certificate of solvency on the basis of the premium rates in force at the date of valuation.

Deposited from Sick and Funeral Fund.

The following Life Insurance Companies having ceased to transact new business in Canada are entitled under Section 97 of "The Insurance Act, 1917" to transact all business connected with policies existing at 31st March, 1878, and their deposits are applicable to those policies subject to the provisions of the Statutes in that behalf.
