Sir,—I have the honour herewith to submit the statements in detail of Insurance Companies, other than Life Insurance Companies, which are contained in a separate volume, for the year 1912, together with such an abstract and analysis of them as appear proper to exhibit the progress of the business and the condition of the companies.

FIRE INSURANCE, 1912.

During the year 1912 the business of fire insurance in Canada was carried on by 80 companies; of these 28 were Canadian, 23 British, 27 American and 2 French. This list of companies differs from that of the previous year by the addition of four Canadian companies (the British Colonial, the British Northwestern, the Mount Royal, and the North West Fire), one British company (the Palatine), eleven American companies (the American Central, the American Insurance, the California Insurance Co., the Fireman's Fund, the Firemen's Insurance Co., the Germania Fire, the Insurance Co. of the state of Pennsylvania, the Niagara Fire, the Northwestern National, the Providence Washington and the Westchester Fire, and one French company (Compagnie d'Assurances Générales).

Since the beginning of 1913 the Equitable Fire and Marine Insurance Company has received a license for fire business.

The loss rate for 1912 $(52\cdot25)$ is $9\cdot99$ below the average for the forty-four years over which our records extend.

Obtaining an approximation to the losses incurred during the year, by excluding the estimates for losses outstanding at the beginning of the year, and including the amounts estimated for those of the year still unsettled, the ratio of the losses incurred to premiums received comes out $51 \cdot 12$ per cent, which is $1 \cdot 42$ per cent less than the $52 \cdot 54$ of the previous year, and is $7 \cdot 67$ per cent less than the average for the last fifteen years $(58 \cdot 79)$. The following are the rates of incurred losses from 1898:—

FIRE INSURANCE IN CANADA IN 1912.

The gross amount of policies, new and renewed, taken during the year by fire companies was \$2,374,161,732, which is greater by \$386,521,141 than the amount taken in 1911. The rate of premiums $(1 \cdot 291)$ is lower than that of 1911 $(1 \cdot 352)$. The loss rate $(52 \cdot 25)$ is $0 \cdot 91$ per cent lower than the loss rate of the previous year $(53 \cdot 16)$ and $9 \cdot 99$ per cent less than the average loss rate $(62 \cdot 24)$ from the past forty-four years.

The rate per cent of premiums charged upon risks taken is shown in the following table:—

PREMIUMS AND LOSSES COMPARED WITH RISKS.

The average rate of premiums charged on each \$1,000 of risks taken in 1912 is \$12.905, as against \$13.517 which was the corresponding rate in 1911. The individual rates for the different companies will be found in the annexed table, and will be seen to vary a good deal, as might naturally be expected, considering the varieties of the business done by the companies.

The losses incurred (approximate) during the year, compared with the amount of risk current (taking for this the mean of the amounts in force at the beginning and end of the year), have been at the average rate of \$4.73 per \$1,000 current risk. The corresponding rates for 1882-3-4-5-6-7-8-9-90-1-2-3-4-5-6-7-8-9-1900-1-2-3-4-5-6-7-8-9-10-11; are \$5.68, \$5.56, \$5,37, \$4.54, \$5.48, \$5.70, \$4.70, \$4.19, \$4.84, \$5.33, \$5.61, \$6.17, \$5.50, \$5.75, \$5.15, \$5.38, \$6.20, \$4.99, \$8.38, \$6.68, \$4.06, \$5.22, \$12.05, \$4.88, \$4.97, \$5.69, \$6.41, \$4.83, \$5.61 and \$5.07 respectively.

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following, computed on the above basis; where for convenience of comparison, the corresponding rates for 1911 are appended within parenthesis:

BRITISH FIRE COMPANIES.

The total cash receipts from premiums were \$12,092,125, being an increase of \$886,433, as compared with the previous year; the payments for losses were \$6,319,064, being \$137,175 greater than for 1911, while the general expenses amounted to \$3,764,912, being \$403,616 greater than in 1911, thus showing balance of \$2,008,149 favourable to the companies. In the previous year there was a favourable balance of \$1,662,507.

Paid for losses general expenses	6,319,064 3,764,912
Total	; 10,083,976 12,092,125
Balance in favour of the companies	2,008,149

The following details give the balance for the different companies:—

Balance in favour.—Allianee, \$35,002; Atlas, \$44,454; Caledonian, \$84,545; Commercial Union, \$130,058; Employers' Liability, \$57,325; General Accident Fire, \$47,903; Guardian, \$60,905; Law Union and Rock, \$31,168; Liverpool and London and Globe, \$177,061; London and Lancashire Fire, \$162,227; London Assurance, \$55,907; North British and Mercantile, \$200,986; Northern, \$137,839; Norwich Union, \$118,530; Palatine, \$38,081; Phœnix of London, \$146,926; Provincial, \$20,067; Royal, \$91,163; Royal Exchange, \$75,118; Scottish Union and National, \$112,320; Sun Fire, \$56,579; Union Assurance, \$70,696; Yorkshire, \$53,289. Total balance in favour, \$2,008,149.

For every \$100 of premiums received there was spent on the average \$52.26 in payment of losses, and \$31.13 for general expenses.

In 1911 the loss rate was \$55.17, and the general expenses \$30, for every \$100 of premiums received.

For the fire business the rate of premium was \$12.584 per \$1,000 of risks taken, as against \$13.305 in 1911.

Hence these companies have done a larger volume of business than in 1911 at a lower rate of premium, a higher rate of expense, and at a lower rate of fire losses.

Collecting the result for the thirty-eight years from 1875 to 1912 as regards the receipts for premiums and the expenditure of the British companies, we find:

Paid for losses (1875-1912), " general expenses,	$\substack{.\$128,171,707\\.\ 57,450,353}$

It will be seen, from an examination of the table given below, that an adverse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned year—when the losses paid by British companies amounted to almost five millions of dollars; that such adverse balance was reversed at the end of the year 1887, when a favourable balance of \$341,938 was shown, and that this favourable balance increased thereafter from year to year (with the exception of the year 1893) up to the close of 1899, when it amounted to \$5,029,980. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half million dollars. To this is due the large deficit of that year, \$1,365,476, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to \$3,664,504, which sum had been still further reduced to \$3,512,636 at the end of 1901. The favourable experience for the years 1902 and 1903 increased this balance to \$7,123,044 at the end of 1903, but it was again reduced by the unfavourable experience of 1904 to \$3,969,472. During the past eight years the favourable balance has been largely increased and now amounts to \$18,856.547.

As the reports of the general business of the British companies which are appended to their several statements, are made up in a form not readily understood, except by an expert. I have this year, as in previous years, made an approximate analysis of them which will be found on page exxvi. Only two or three of these companies profess to make any special provision for the liability under the head of 'Unearned Premiums,' but they set aside a certain sum under the title of 'Fire Fund,' which is held to meet future contingencies, and is charged against the company as a liability. I have taken 60 per cent of the annual revenue from premiums as a fair approximation to the exact pro rata of the premiums on unexpired risks, which forms the basis of the item in our returns for Canadian business. Also, in cases where life assurance is combined with fire (the assets of these branches being required by the Imperial statute to be kept separately) I have omitted the life-business entirely, considering that the life funds are more than sufficient to cover the liabilities in this branch, and thus making the results, as regards paid-up capital, less favourable to the companies.

AMERICAN AND OTHER FIRE COMPANIES.

The receipts for premiums were \$6,038,986; the payments for losses, \$3,068,757 and the general expenses, \$1,691,583. Hence for every \$100 of premiums received there were spent on the average \$50.82 in payment of losses, and \$28.01 in general expenses.

The following detail gives the balances for the different companies:-

In considering the Canadian companies, their whole fire insurance business, in Canada and elsewhere, as well as their marine business and business in other branches must be taken into account, inasmuch as a separation of expenses between these branches has not been made.

The following table gives the distribution of fire business between Canada and elsewhere, for the fifteen companies transacting business outside of Canada, and shows that the home business was, on the whole, more favourable to the companies than the foreign business.

The assets of the twenty-eight Canadian companies doing fire business amounted at the end of the year to \$16,951,740, covering a total amount of insurance of all kinds of \$1,276,754,192, being at the rate of \$1,328 for every \$1,000 of insurance in force; they have also subscribed capital not called or not paid up, amounting to

\$6,484 155, making a total security of \$18.36 for every \$1,000 insured. The liabilities of the same companies amounted to \$7,581,549, made up as follows:—

Unsettled losses. Unearned premiums. Sundry.	5,766,579
	\$ 7,581,549

The uncarned premiums are here taken at 80 per cent of the *pro rata* portions of the gross premiums for the time unexpired in the eases of fire and inland marine insurance, and 80 per cent of the whole premiums in the case of a current ocean risk. The surplus of assets over liabilities available for the protection of policyholders, independent of the subscribed capital not called up, amounts to \$9,370,190.98.

The capital stock of these companies paid up in eash, amounts to \$9,145,607.

The following table gives the condition at the end of 1912 of all the Canadian stock companies in reference to the surplus on account of policyholders.

The following table shows the total gain or loss in surplus during the year in respect to each company and likewise shows the various sources of this gain or loss.

In the first column there is tabulated the 'Underwriting Profit.' This is the excess of premiums earned over losses incurred and expenses incurred. The premiums earned are arrived at by adding to the net cash received for premiums, the net outstanding premium at the end of the year and deducting the net outstandings at the beginning of the year. From the net premiums written thus obtained, there is deducted the increase in the unearned premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the fifth column.

In the second column is tabulated the interest and rents earned. This is formed in a similar manner to that of the premiums *written*, by adding to the eash, received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column the gains from other sources are tabulated. This will include the premiums on capital stock, amounts written off capital stock, reductions in the amount of paid up capital, gain in market values of investments, &c.

The fourth column gives the totals of the first three columns. In the fifth column is given the underwriting loss, and in the sixth the losses through other sources, such as bad or doubtful investments and other assets, &c. In the seventh column are tabulated the dividends declared during the year. The eighth column gives the totals of the fifth, sixth and seventh. The last column, being the difference between the fourth and the eighth, gives the total net gain or loss in surplus, the minus sign denoting the loss.

The total net gain in surplus is \$202,951.99 as against a gain of \$360,149.15 in 1911. Fifteen companies show an underwriting profit and the remaining thirteen an underwriting loss, the net loss amounting to \$18,215.49. In 1911 the net underwriting loss was \$6,566.09. The dividends declared were \$476,263.07 which is less than the \$624,629.85 interest and rents earned upon the investments. The gains from miscellaneous sources were \$240,590.35, consisting chiefly of premiums received upon stock issues, and appreciation in value of real estate and other securities.

Including the whole business of the mixed companies, outside as well as within the Dominion, it appears that the Canadian companies have received during the year 1912 a total cash income of \$10,398,554.97, which is made up as follows:—

	1912.		The same in 1911.		in	The same in 1910		e in	The same in 1909.

In the same way the cash expenditure during 1912 has been \$9,907,214.85 distributed into:—

	1912.	The same in 1911.	The same in 1910.	The same in 1909.

Totals	9,907,214 85	9,290,077 35	8,569 179 18	7,692,692 25	

Thus it appears that for every \$100 of income there has been spent \$95.27, namely: for losses, \$53.39; for general expenses, \$37.58, and for dividends to stockholders, \$4.30. Hence, also, for every \$100 of premiums received there has been paid out \$57.57 for losses, \$40.52 for expenses, and \$4.64 for dividends to stockholders.

The total cash income received by the Canadian companies during the thirty-eight years from 1875 to 1912 inclusive, is \$199,965,849.67. The respective amounts for the several years, and the distribution thereof under proper headings, are shown in the subjoined table:—

COMPANIES OTHER THAN FIRE OR LIFE.

Insurance business other than fire or life was carried on in Canada during the past year by fifty-eight companies: 20 Canadian, 13 British and 25 American. Nineteen of these companies likewise transacted fire insurance.

In addition to these fifty-eight companies, there were five fraternal orders or societies which carried on sickness insurance and also life insurance.

CANADIAN COMPANIES.

Of the twenty Canadian companies which carried on business other than fire or life, seventeen transacted miscellaneous classes of business only. Of these, eleven transacted sickness insurance, ten, accident insurance, five, plate glass insurance, seven, guarantee insurance, two, automobile insurance, three, steam boiler insurance, three, burglary insurance, one, weather insurance, one, live stock insurance, and one, title insurance.

At the end of the year the assets of these combined companies amounted to \$6,406,521.42.

Their total liabilities amounted to \$1,617,246.59, made up as follows:—

Unsettled losses	374,458.03
Reserve of unearned premiums	1,088,910.98
Sundry	153,877.58
-	

\$ 1,617,246.59

3 GEORGE V., A. 1913

The excess of assets over liabilities was \$4,789,274.83. The capital stock paid up in cash was \$2,207,890. There was thus a surplus over all liabilities and capital stock of \$2,581,384.83, being an increase in surplus over the preceding year 1911 of \$622,077.83.

The following table shows the total gain on loss in surplus during the year in respect to each company, and likewise shows the various sources of this gain or loss.

In the first column there is tabulated the 'Underwriting profit.' This is the excess of premiums earned over losses incurred and expenses incurred. The premiums earned are arrived at by adding to the net cash received for premiums the net outstanding premiums at the end of the year, and deducting the net outstandings at the beginning of the year. From the net premiums written thus obtained, there is deducted the increase in the unearned premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the fifth column.

In the second column is tabulated the interest and rents earned. This is formed in a similar manner to that of the premiums *written*, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column the gains from other sources are tabulated. This will include the premiums received upon capital stock, amounts (if any) written off capital stock, reduction in amount of paid up capital, gain in market value of investments, &c.

The fourth column gives the totals of the first three columns.

In the fifth is given the underwriting loss, and in the sixth the losses through other sources, such as losses on investments, etc. In the seventh column are tabulated the dividends declared during the year. The eighth column gives the totals of the fifth, sixth and seventh. The last column, being the difference between the fourth and the eighth, gives the total net gain or loss in surplus, the minus sign denoting the loss.

The total net gain in surplus was \$622,077.83. Twelve companies made a gain, and five companies showed a loss.

The dividends declared amounted to \$134,380.26, which is less than the interest and rents earned upon investments. The total net underwriting gain was \$88,276.04, as against a gain of \$201,733.22 in 1911.

ACCIDENT INSURANCE 1912.

Accident insurance may be subdivided into two classes, viz.:—Employers' Liability Insurance and Personal Accident, both of which are covered by an accident license.

The business of accident insurance was transacted by twenty-three companies, viz.—Ten Canadian, five American and eight British.

EMPLOYERS' LIABILITY.

Of the twenty-one accident companies, twenty transacted employers' liability insurance, viz.:—Six Canadian, nine British and five American.

The total premiums received for this class of risks was \$2,817,286, and the losses paid amounted to \$1,237,560, with unsettled claims outstanding to the amount of \$789,149.

An abstract will be found at page cliii.

PERSONAL ACCIDENT.

All the accident companies, transacted personal accident business, the total premiums for which were \$2,022,608, insuring an amount of \$359,999,673. The claims paid amounted to the sum of \$984,168, and there were outstanding at the close of the year unsettled claims amounting to \$167,496.

An abstract will be found at page clii.

GUARANTEE INSURANCE, 1912.

Guarantee business was transacted by sixteen companies, of which seven are Canadian, four British and five American.

The total premiums received were \$564,096, guaranteeing an amount of \$153,105,282, and the net amount paid for claims was \$99,747, with unsettled claims amounting to \$125,015 outstanding at the end of the year.

An abstract will be found at page cliv.

The Guarantee Company of North America transacted business outside of the Dominion, which is not included in the above.

SICKNESS INSURANCE, 1912.

The business of sickness insurance was carried on by twenty-four companies, viz.: five American, eight British and eleven Canadian.

It appears, however, that sickness insurance not in combination or in conjunction with accident risks has been carried on only to a very limited extent, and in some cases returns of the premiums received in respect thereof and losses paid, etc., have not been made to this Department.

In addition to the twenty-four companies above referred to, five fraternal societies, licensed by this Department, viz.: the Supreme Court of the Independent Order of Foresters, the Subsidiary High Court of the Ancient Order of Foresters, the Canadian Order of the Woodmen of the World, the Catholic Mutual Benefit Association and the Royal Guardians, pay sick benfits to such of their members as stipulate therefor in the application for membership. In the case of the Ancient Order of Foresters, these benefits are paid partly through the lodges and partly by the Subsidiary High Court. The premiums received in Canada for sickness and funeral risks by these fraternal societies amounted to \$449,470 and the claims paid amounted to \$320,732. An abstract will be found at page clvi.

PLATE GLASS INSURANCE, 1912.

The business of plate glass insurance was transacted by sixteen companies, viz.—Six Canadian, five British and five American.

The companies having adopted the system of insurance by replacement, instead of paying the value of the glass broken, and their contracts not stating any amounts as insured thereby, their returns do not show the amount of insurance effected during the year, nor the amount in force at the end thereof. The premiums received during the year in Canada for plate glass insurance were \$193,525, and the total losses paid were \$83,374, and there were outstanding at the end of the year unsettled claims amounting to \$14,401.

An abstract will be found at page elv.

BURGLARY INSURANCE, 1912.

This branch of insurance, which is transacted to a considerable extent in Great Britain, was introduced into Canada ten years ago. It is carried on by seven companies, three Canadian, one British and three American. An abstract will be found at page cliii.

RULES AND REGULATIONS REGARDING THE ACCEPTANCE OF SECURITIES OFFERED FOR DEPOSIT BY INSURANCE COMPANIES, &c., &c.

The following extracts from Orders in Council, Minutes of the Treasury Board, &c. (all of which have been previously published) are here collected for convenience of reference:—

Particulars of Securities offered for Deposit.—All applications for the acceptance of bonds or debentures, whether as original deposits or in exchange for securities which the applicants desire to have released, must be accompanied by a statement giving full particulars of the securities offered for acceptance under the following headings, viz:—

'Date, date of maturity, place of payment of principal, rate of interest, how payable, *i.e.*, yearly or half yearly, date and place of payment of interest, market value at time of application for acceptance, and, if not quoted in the market, the price at which purchased by the company and date of such purchase.

'Also as regards municipalities whose bonds or debentures are offered:

'The population, assessed value, rate of taxation, assets, total debenture indebtedness, and all other liabilities, income and expenditure for the last fiscal year, and any other details in the possession of the company which would be of assistance in determining the value of the securities offered for acceptance.

'The Board desire to be in possession of all possible information in relation to such securities in order that they may be in a position to give the matter proper

consideration.' (T.B., Nov. 9, 1888).

Railway debentures.—'The Board are of opinion that they cannot accept as a deposit the bonds of any railway company, unless guaranteed directly or indirectly by the Canadian government, (T.B., Oct. 27, 1890,) or by any province of Canada, by the United Kingdom or any British Colony; or by the government of any foreign country if the company depositing the same is incorporated in such foreign country. (Insurance Act, 1910, sec. 15.)

Loan Companies' Bonds.—The Board had under consideration a memorandum from the Superintendent of Insurance with reference to the application of the Land Mortgage Companies' Association of the province of Ontario to have the debentures of loan companies accepted by the government as deposits on behalf of insurance companies in which he reports that the said association is composed of incorporated loan companies or societies authorized to lend money on real estate in the province of Ontario, and all such companies or societies are eligible for membership upon payment of certain fees; that the loan companies which compose the said association may be divided into the following classes:—

- I. 'Companies incorporated under the provisions of the statutes of the province of Canada, 9 Victoria, chap. 90, consolidated in chapter 53 of the Consolidated Statutes of Upper Canada, included in chapter 169 of the Revised Statutes of Ontario (1887), and commonly known as the 'Building Societies' Act.''
- II. 'Companies incorporated under the "Canada Joint Stock Companies' Act, 1877," now known as the "Companies' Act," being chapter 79 of the Revised Statutes of Canada (1906)."

III. 'Companies incorporated under special Acts of the Legislature of the province of Canada or of the Parliament of the Dominion of Canada.'

IV. 'Companies incorporated under the 'Ontario Joint Stock Companies' Letters Patent Act, 1874," being chapter 150 of the former and chapter 157 of the last Revised Statutes of Ontario.'

V. 'Companies incorporated under the English Companies' Act, and licensed to transact business in Canada under 37 Victoria, chapter 49, (now Part IV of

"the Companies Act," chapter 79 of the Revised Statutes of Canada."

The Board, after careful consideration of the report of the Superintendent of Insurance as to the class of securities upon which the above companies can invest their funds, and as to the borrowing powers of the said companies, direct that the debentures and debenture stock of such companies, belonging to the said association, as meet the requirements herinafter set forth, may be accepted as deposits on behalf of the insurance companies, at such rate as the Treasury Board may see fit to place upon them, not, however, to exceed the value usually placed upon municipal securities, viz., 90 per cent of the par value thereof when the market value is at least equal to such par. value or 90 per cent of the market value when the market value is less than the par value.

(The rate of acceptance has since been changed to 95 per cent of the market value at the time of deposit, such accepted value in no case to exceed par. (See below T.B.,

June 14, 1900.)

The requirements above referred to are as follows:—

1. The company shall have kept strictly within the powers in relation to borrowing and investment conferred upon it by the Act under which it is incorporated.

2. It shall have a paid-up capital of at least \$500,000.

3. It shall have been in successful operation as a loan company for not less than ten years.

4. It shall have a reserve fund amounting to not less than 25 per cent of its

paid up capital.

5. Its stock shall have a market value of not less than par.

The Board also direct that every application on behalf of an insurance company for the acceptance of any such debentures or debenture stock as herein above provided shall form the subject of a special reference to the Treasury Board, and that the company shall supply, for the information of the Board, all necessary particulars, including a statement of the borrowing powers and powers of investment of the loan company whose securities are offered as a deposit, and a statement showing in detail the nature of the investments of such loan company, all properly verified. (T.B., October 16, 1896.)

No essurance of acceptance of bonds by the Treasury Board.—The Superintendent asks the decision of the Board upon the following questions, viz.:—

'Will the Board inform a company desirous of purchasing certain bonds or securities whether they will be accepted or not as a deposit in the event of their being purchased?'

* * * * * * * *

'The Board, after deliberation, are of the opinion that they cannot give any assurance to any company that securities will or will not be accepted in the event of their being purchased.' (T.B., April 1, 1889.)

Deposit Receipts.—'The Board direct that deposit receipts be not accepted in any ease as a deposit on behalf of any company.' (T.B., January 25, 1888.)

Bank Stocks, &c.—'Bank stock or shares in any private company will not be accepted.' (O.C., January 17, 1876.)

Registered Bonds as Deposits,—'When registered bonds are received as deposits they must be registered in the name of the Receiver General. Bonds registered in the name of a company accompanied by an assignment in favour of the Receiver General, will not be accepted. When registered bonds are intended to be used as a deposit, they should, before being forwarded to this Department, be registered thus—in the name of "the Receiver General of Canada in trust for (giving the name of the company) being part of the deposit made by the company with said Receiver General, in pursuance of the statutes of Canada in that behalf.' (T.B., July 13, 1891.)

Registered Bonds deposited with financial agents in England.—'The Minister recommends that such securities be transferred to and registered in the names of the High Commissioner for Canada and the Manager for the time being of the Agency of the Bank of Montreal in London, England.' (Approved by O.C., February 3, 1893.)

Foreign Municipal Securities.—'The Board are of opinion that no municipal securities other than Canadian should be accepted for deposit under the Insurance Act.' (T.B., January 30, 1894.)

Exchange of Securities deposited with the Receiver General.—The Board establish the following rule, viz., that bonds or securities of any kind deposited with the Receiver General can be released and withdrawn only upon the deposit with the Receiver General of an adequate amount of other securities satisfactory to the Board. (T.B., October 28, 1899.)

Municipal and other Securities as Deposits.—The Board on the report of the

Superintendent of Insurance, direct as follows:

(1) That Canadian municipal securities, Montreal Harbour bonds, Canadian Pacific Land Grant bonds, United States state securities and loan companies' debentures (where such securities are in all respects acceptable to the Treasury Board) be hereafter accepted at 95 per cent of their market value at the time of deposit, such accepted value in no case however to exceed par.

(2) That all securities of the classes mentioned in the preceding clause (1), which have been heretofore deposited and are still in the hands of the Dominion government at Ottawa, or in the hands of the Bank of Montreal, London, England, on behalf of the government, be revalued upon the basis set out in said clause (1).

(3) That for the purpose of such revaluation the various insurance companies by which such securities have been deposited be required to furnish from time to time when called for by the Superintendent schedules thereof giving the full particulars of such securities, including their par and market values, such par and market values to be certified to by a competent valuator or appraiser. (T.B., June 14, 1900.)

Respecting quality of paper and type used in bonds to be herafter deposited with the Receiver General.—The Board had under consideration reports from the Comptroller of Dominion Currency and the Superintendent of Insurance in reference to the quality of the paper upon which bonds for deposit with the Receiver General are engraved, lithographed or printed, and also in reference to the quality of type used for such purpose.

From the reports above referred to, it appears that there are now on deposit with the Receiver General in the custody of the Comptroller of Dominion Currency, bonds and debentures to the amount of more than \$38,000,000, which are held under and for the puposes of the Insurance Act; that of these securities about 65 per cent are municipal, the greater portion of which have half-yearly or yearly coupons attached; that in some cases the principal is payable in yearly or half-yearly instalments, such instalments being sometimes represented by coupons attached to the bond, and sometimes by separate bonds; that these bonds and debentures have, when deposited, periods to run varying from two or three years to fifty years, and all such must be handled at least once and generally twice each year, and that notwithstanding the greatest care, the removal from the box containing them, unfolding, cutting and refolding and replacing them must of necessity to a certain extent wear and injure them, and hence the necessity of having all bonds, when deposited, in such sound condition that they may be reasonably expected, notwithstanding the unavoidable wear and tear, to hold together until the date of maturity; that many of the debentures, now held are of the commonest kind of paper; that the coupons attached from constant handling, are frequently torn, and that many of those on the debentures recently taken have been in such bad condition that they had to be patched before they were put into the vault.

In view of the above representations, and on the recommendation of the Superintendent of Insurance, the Board direct that, of the securities hereafter offered for the above named purposes only such be accepted as are either engraved, lithographed or printed in clearly legible type on tough, durable paper: Provided, however, that for good and sufficient cause shown bonds not meeting

the foregoing requirements may be temporarily accepted.

The Board further direct that a copy of this Minute be sent to every licensed insurance company, and also that the Minute be published by the Superintendent of Insurance in his annual report. (T.B., June 5, 1908.)

LEGAL DECISIONS.

1. FIRE INSURANCE.

(a) Removal of Goods—Consent—Binder—Authority of Agent.

K. Bros. & Co., through the agents in New York of the respondent company, obtained insurance of a stock of tobacco in a certain building in Quincy, Flo., and afterwards obtained the consent of the company to its removal to another building. Later, again, they wished to return it to the original location and an insurance firm in New York was instructed to procure the necessary consent. This firm, on Jan. 14, 1909, repaired a "binder," a temporary document intended to license the removal until formally authorized by the company, and took it to the firm which had been agents of respondents when the policy issued, but had then ceased to be such, where it was initialled by one of their clerks on his own responsibility entirely. On March 19th, 1909, the stock was destroyed by fire in the original location, and shortly after a formal consent to its removal back was endorsed on the policy, the respondents then not knowing of the loss. In an action to recover the insurance:

Held, affirming the judgment of the Court of Appeal (25 Ont. L. R. 534) that the "binder" was issued without authority; that even if the insurance firm by whose clerk it was initialled had been respondents agents at the time,

3 GEORGE V., A. 1913

they had, under the terms of the policy, no authority to execute, and authority would not be presumed in favour of the insured as it might be in case of an original application for a policy; and that it was not ratified by the endorsement on the policy as the company could not ratify after the loss.

Appeal dismissed with costs.

(Dec. 10, 1912—Supreme Court of Canada—Kline v. Dominion Fire Ius. Co.—33 Canadian Law Times, p. 138.)

(b) Insurance on Lumber—Conditions—Warranty—Railway on Lot— Security to Bank—Chattel Mortgage.

A policy insuring against loss by fire a quantity of sawn lumber in a specified location contained a warranty by the assured "that no railway passes through the lot on which said lumber is piled, or within 200 feet."

Held, that a railway partly constructed and hauling freight through the said lot, though not authorized to run passenger cars and do general business, is a "railway" within the meaning of the warranty.

A condition of the policy was that if the subject of insurance be personal property, and be or become encumbered by a chattel mortgage, it should be void.

Held, per Duff, J. A security receipt under the Bank Act given to a bank for advances is not a chattel mortgage within the meaning of this condition. Appeal dismissed with costs.

(December 10, 1912—Supreme Court of Canada—Guimond v. Fidelity-Phenix Fire Ins. Co.—33 Canadian Law Times, p. 139.)

(c) Proofs of Loss—Sufficiency of Certificate—"Fire Insurance Act"—
Failure to Comply with Statutory Condition 13—Effect of Conditions 17 and 22—Effect of S. 2 of the Act.

Where statutory condition No. 13 of "The Fire Insurance Policy Ordinance," Ch. 113, C. O., which relates to the proofs of loss, is one of the conditions of a policy of fire insurance, the insured cannot recover for a loss covered by the policy unless the certificate of loss complies with the terms of that condition.

The combined result of the 17th statutory condition of "The Fire Insurance Policy Ord.," providing that a loss shall not be payable until 60 days after completion of proofs of loss, and of the 22nd condition, providing that action must be brought within one year after the loss, is that the insured must complete his proofs of loss within ten months after the loss occurs unless he is protected by s. 2 of the Act.

S. 2 of "The Fire Insur. Policy Ord.' is intended to protect the insured against all reasonable cases of defective proof, but it does not extend to cases wherein the insured deliberately refuses to give the proof which it is his duty to furnish.

(d) Use of Company's Name as Plaintiff—Payment by Company for Surrender of Its Shares—Really Purchase—Payments of Dividends Out of Capital—Promoters' Shares—Consideration—Ultra Vires Acts—Ratification.

An agreement between a company and a shareholder whereby the latter surrenders stock for a money payment is in reality a purchase of its own stock by the company and is ultra vires: Trevor v. Whitworth, 12 A. C. 409, 57 L. J. Ch. 28, 57, L.T. 457, followed.

The issue of shares otherwise than for value is ultra vires of a company. Such ultra vires acts cannot be ratified even by unanimous action of the share-

holders.

(Company, shares, lack of consideration for, onus of proof of payment: Re Winnipeg Hedge etc. Co., Wallace's Case, I W.W.R. 853; transfer of shares to directors: Gadsden v. Bennetto, 2 W.W.R. 733; Ving v. Robertson & Woodcock, Ltd., 56 S.J.R. 412—Citation Bureau.)

A corporator who uses the name of a corporation as a plaintiff need not have the previous sanction of the company for so using it: Pender v. Lushington, 6 Ch. D. 70, 46 L.J. Ch. 317; Harben v. Phillips, 23, Ch. D. 14, 48 L.T. 334.

If the name of the company is improperly used, the defendant may move to strike it out. In the absence of such motion, it should be assumed where the purpose of the action is wholly beneficial to the corporation that the shareholders other than those implicated in wrongful acts complained of are favourable to such action. In any event the court has power to strike out the company's name as plaintiff and add it as a defendant: Duckett v. Gover, 6 Ch. D. 82, 46 L.J. Ch. 407.

If the acts complained of are illegal, fraudulent or ultra vires, or if the consent of shareholders has been obtained by fraud or misrepresentation, the company can be made a party defendant and the suit allowed to proceed in the

name of the individual corporator. Authorities reviewed.

Held, upon the facts that no consideration was given for certain promoters' shares issued as fully paid up; also that certain shares purporting to be partly paid were wholly unpaid; also that dividends declared and paid were illegal because the conditions precedent laid down in the company's charter had not been fulfilled in that holders of the stock were in arrears in respect of calls and no reserve fund had been set aside, and also because there were no profits and the dividend was declared out of capital.

Held, further, that the allotment and issue of the promoters' shares was ultra vires of the company and should be set aside; also that assignments of the stock to the defendants were void as the charter prohibited assignments of stock in respect of which there were unpaid calls; also that the dividends declared

and paid were illegal.

Held, also, that one of the calls was illegal, because in excess of the amount

permitted by the charter.

Held, also, that an agreement between defendant and the company by which he surrendered the impeached stock in consideration of \$9,000 was ultra vires because it amounted to a purchase by the company of its own stock. Rectification of the register of shareholders and an accounting ordered.

Jugé—(1°. Le recours de l'action hypothécaire n'est ouvert que contre le détenteur de l'immeuble hypothéque, et, si elle est dirigée contre le débiteur personnel, il est essentiel d'y alléguer qu'il ena la possession, de meme que si

elle était dirigée un tiers.

2°. Le billet de dépot souscrit pour une compagnie d'assurance mutuelle contre le feu, en vertu de l'art. 7009 S.R.Q., 1909, bien qu'il soit essentiel a la formation du contrat, n'est pas le titre constitutif de l'hypothèque legale de l'article 7023. Il faut, en outre, l'émission de la police contenant la description des beins assurés, et frappés en conséquence, de l'hypothèque, le reglement de cotisation de l'art. 7001, ou la fixation de quote-part de l'art. 7017, et les autres formalités dont le certificat du secrétaire-trésorier fait foi, d'après l'art. 702. Par suite, le seule production du bille de dépot, dans une action en declaration d'hypothèque contre l'assuré, ne suffit pas pout en faire accorder les conclusions.

3°. Lorsqu'une compagnie d'assurance mutuelle contre le feu est mise en liquidation, le liquidateur seul peut opérer le recouvrement de ce que les assurés doivent sur leurs billets de dépôt, ces créances étant incessibles.

(g) Fire Policy—Evidence—Conversations Without Prejudice—Meaning of "Railway"—Agency—Change in Title or Interest—Transfer under Bank Act—Proofs of Loss—"Knowledge and Belief as to Time and Origin of Fire"—Statement of Interest of Insured and Others—Retention of Proofs by Insurer—Wairer—New Trial—Misdirection.

Conversations had with a view to settlement of a dispute especially where expressly stated to be without prejudice are inadmissible and it is for the judge and not for the jury to determine the facts upon which the admissibility of evidence depends.

Defendant company issued a fire insurance policy upon the plaintiff's lumber. By one clause the insured warranted "that no railway passes through the lot on which said lumber is piled or within two hundred feet of the same."

the lot on which said lumber is piled or within two hundred feet of the same."

Held, the word "railway" includes a railway in course of construction upon which construction trains are running, though not opened for general public traffic.

Where the agent of an insurance company (other than the defendant Company) was requested to procure insurance and sent the application to the general agent of his own company who placed part of the insurance with the defendant.

Held, no agency was established between the person taking the application and the defendant company, and therefore the defendant could not be charged with the knowledge of such person as to the nature of the risk or the value of the insured property.

The insurance policy contained conditions making the policy void "if the subject of insurance be personal property and be or become encumbered by a chattel mortgage," and "if any change other than by the death of an insured take place in the interest, title or possession of the subject of insurance."

After the policy issued, the plaintiffs, in pursuance of an agreement with a bank, transferred the lumber insured to the bank as security for indebtedness, by transfer under the Bank Act.

Held, this transfer was a breach of the above conditions.

The policy required that the insured in their proofs of loss "shall render a statement to this Company signed and sworn to by said insured stating the knowledge and belief of the insured as to the time and origin of the fire." The proof stated that the origin of the fire was unknown to the insured but did not state insured's belief.

Held, per Barker C.J., Landry and McKeown JJ., that this was not a

compliance with the condition.

Another condition of the policy required insured to state in their proof of loss "the interest of the insured and of all others in the property." The plaintiff stated that the property belonged to them and no other person had any interest in it except a specified bank for advances, but failed to state the nature of the bank's interest or the amount of the advances.

Held, per Barker C.J., Landry and McKeown JJ., that this was not a

compliance with the condition.

Per Barker C.J., Landry and McKeown, JJ.: The fact that the defendant company notified the plaintiffs after the fire that the matter was in the adjuster's hands and sent an adjuster to inspect the loss, who made inquiries as to the origin of the fire and other matters mentioned in the proofs of loss does not establish a waiver of such proofs.

Per Barker C.J., Landry and McKeown JJ.: Mere retention of proofs of loss by an insurance company for a long time without objection does not constitute a waiver of defects in such proof. (McManus v. The Aetna Insurance Co., 11 N.B.R. 314, followed. Imperial Fire Insurance Company v. Bull,

15 A.R. (Ont.) 421, affirmed 18 S.C.R. 697, distinguished.)

In a case requiring a direction upon the law to the jury it is misdirection to give a general statement of the law without pointing out its application to the facts of the particular case. (Prudential Assurance Co. v. Edmonds 2 App. Cas. 487 followed.)

(h) Fire insurance—Change of risk—Evidence—Use of gasoline.

Appeal from a decision of the Court of Appeal for Ontario (1), reversing the

judgment at the trial in favour of the defendants (appellants).

This was an action on a policy insuring premises used at the time as billiard and pool rooms and a bowling alley, and the main defence was that a portion of the premises having been leased for a restaurant without notice to the company this was a change material to the risk which avoided the policy. trial judge gave judgment for the company on this ground.

The Court of Appeal reversed this judgment on the ground that the defendants had not proved that the change in the use of the premises was material and that, in the absence of such evidence, it could not be said that a restaurant,

even where gasoline is used, is more hazardous than a billiard room.

On an appeal by the defendants to the Supreme Court of Canada, the court, after hearing counsel on behalf of both parties, reserved judgment and, on a subsequent day, there being an equal division of opinion among the judges, the judgment appealed from stood affirmed.

(i) Insurance on Lumber—Conditions—Warranty—Railway on lot—Security to bank—Chattel mortgage.

A policy insuring against loss by fire a quantity of sawn lumber in a specified location contained a warranty by the assured" that no railway passes through the lot on which said lumber is piled, or within 200 feet."

Held, that a railway partly constructed and hauling freight through the said lot, though not authorized to run passenger cars and do general business,

is a "railway" within the meaning of the warranty.

A condition of the policy was that "if the subject of insurance be personal property, and be or become encumbered by a chattel mortgage" it should be void.

Held, per Duff J.—A security receipt under the "Bank Act" given to a bank for advances is not a chattel mortgage within the meaning of this condition

for advances is not a chattel mortgage within the meaning of this condition. (Dec. 10, 1912—Supreme Court of Canada—Amedee Guimond and others vs. The Fidelity-Phenix Fire Insurance Company—47 Supreme Court of Canada Reports, p. 217.)

(j) Insurance—Fire—Construction of Policy—Non-Disclosure of Nature of Insured's Interest—Application of 10th Statutory Condition—Oral Application—Effect of Condition 2—"Owners".

In view of the fact that fire insurance policies, including the statutory conditions, are drawn in wide and general terms so as to be capable of application to a great variety of differing cases, they should not be interpreted as if they were instruments drawn for the special purpose of dealing exclusively with the precise case in contemplation of the parties. Inasmuch as the words of the policy are those of the insurer he must use words which make it clear that they are intended to bind the insured in the particular case.

It is not necessary that a policy of fire insurance should state the nature of the insurable interest of the insured: Crowley v. Cohen, 3 B. & Ad. 478,

1 L.J.K.B. 158 and Keefer v. Phœnix Insurance Co., 31 S.C.R. 144.

A mere oral application for a policy of fire insurance is an application within the meaning of the statutory conditions—Davidson v. Waterloo Mutual

Fire Insurance Co., 9 O.L.R. 394, 5 O.W.R. 264.

Statutory condition 10 (a) which provides that the insurance company shall not be liable for the loss of property owned by any other party than the insured, unless the interest of the insured is stated in or upon the policy, applies only to cases in which the insured has an insurable interest less than that of an owner in the widest sense and the intention of the company is to insure only his lesser interest.

(Fire insurance, statutory conditions, agent's authority to vary or waive—Mahomed v. Anchor Fire, etc., Co., 3 W.W.R. 89; misleading description: Dodge v. Western Canada, etc., Co., 2 W.W.R. 792, insurable interest: Mutual Fire, etc., Co. v. La Compagnie C.A. Paquet, 21 Que. K.B. 419. Citation Bureau.)

While statutory condition 2, quoted infra, is not applicable, so as to prevent the effect ordinarily of any statutory condition it is applicable to prevent the effect even of any statutory condition the application of which would have

nullified the contract of insurance in its very inception.

The plaintiffs' action was upon a fire insurance policy issued by the defendant company. It appeared that the plaintiffs were not the owners of the insured property but had merely the right to use it during the continuance of a partner-ship in consideration of keeping it insured. There was nothing on the face of the policy to show what the plaintiffs' interest was and it appeared that no particulars of the nature of that interest were given or asked for at the time the plaintiffs applied for and obtained the policy. The application was made over the telephone by the firm's secretary to the defendant's local agents at Edmonton, and it did not appear that the secretary asked for insurance in any particular company.

Held, reversing Scott, J., 3 W.W.R. 808, that, as the wording of the policy contemplated the insurance of an interest which might not be that of an owner, condition 10 was not a bar to the plaintiffs' action; the effect of the application and what followed it being that the plaintiffs asked for an immediately effective insurance upon their insurable interest in the building in question without defining the nature of that interest, that the company agreed to give them such insurance without requiring them to define the nature of the interest, and that, therefore, condition 10 did not apply, for, if it did, the policy would have been contrary to the intention of the parties, wholly ineffective from its inception.

Held, also, that if statutory condition 10 ought to apply statutory condition

2 would save the plaintiffs' action.

Held, also, that the plaintiffs were "owners" within the meaning of

condition 10 (a).

(June 17, 1913—Supreme Court of Alberta—Gainer & Co. v. Anchor Fire & Marine Insurance Co.—IV Western Weekly Reports, p. 900.)

(k) Conditions—Reasonableness—Policy on Buildings at Mouth of Mine.

There is no presumption of law that all variations in an insurance policy from the statutory conditions are *prima facie* unjust and unreasonable and that consequently the burden should be upon the company to prove their reasonableness: Eckhardt v. Lancashire, 31 S.C.R. 74.

Conditions in a policy of fire insurance upon buildings around the mouth of a mine and occupied by members of the staff that the company shall not be answerable for loss occurring through forest fires or for loss while the premises are vacant

or unoccupied are not unjust or unreasonable.

(Fire insurance, statutory conditions, effect of: Forest v. Home Insurance Co., 3; W.W.R. 575; Gainer v. Anchor Fire and Marine Insurance Co., 4 W.W.R. 900; agent's authority to vary or waive; Mahomed v. Anchor Fire & Marine Insurance Co., 3 W.W. R. 89, 157. Citation Bureau.)

Fire Insurance Co.—IV Western Weekly Reports, p. 1012.)

2. ACCIDENT INSURANCE.

(l) Misrepresentation as Defence—All Facts Known to Agent—Business Manager of Lumbe Company as "Cruiser" or "Inspector of Woods"—Injury on Steamer—Evidence that Steamer was Licensed.

In an action upon an accident insurance policy wherein it is shown that there were no circumstances inducing the contract of which the insurers were not aware but that, on the contrary, the agent taking the risk had as full a knowledge of its nature as that possessed by the plaintiff, misrepresentation

cannot be relied upon as a defence.

The business manager of a lumber company whose duties of checking the quantities and qualities of lumber purchased or about to be purchased by the company involve proceeding to and inspecting the materials dealt with in its business is not a "cruiser," nor are his duties those of an "inspector in woods, or of proprietor or manager superintending in woods or on a river drive," within the meaning of an accident insurance policy.

Where an accident insurance policy provides that if the insured be injured on a steam vessel licensed for the regular transportation of passengers he shall be entitled to double indemnity, evidence that he was injured on a steam-ship running between a United States and Canadian port is sufficient, in the absence of any evidence to the contrary, to establish the fact that the steamer

came within the above provision.

(m) Death Claim—Evidence—Statement of Deceased—Admissability—Finding of Trial Judge as to Cause of Death—Appeal—Conditions of Original Policy—Non-compliance with—Accident Renewal Receipt—Fresh Contract or Renewal of Policy—According to Tenor of Policy—Meaning and Effect—Impairment or Modification of Contract—Insurance Act, R.S.O. 1897, ch. 203, secs. 80 (2), 144 (1), 152—Status of Preferred Beneficiary Suing for Insurance Moneys—Trust Subject to Terms of Contract.

The judgment of Middleton, J., 26 O.L.R. 75, was affirmed.

Held, by Garrow and Meredith, JJ.A., that the accident renewal receipt was, upon its face, and was in fact, nothing but a receipt for the premium by payment of which the original policy (issued in 1902) was renewed for another year. Without the policy, the plaintiff, suing in her own right, as beneficiary, would have no right of action. The insurance contract was the contract first made in 1902, and thereafter renewed from year to year; that contract, admittedly, complied with the requirements of the law, and under it, admittedly, there was no right of action. Whether one of the parties alone had the power to renew, or whether it required the concurrence of both, the contract ended unless and until it was renewed.

The trial Judge erred in admitting evidence of the statement of the deceased, some time after the event, that he thought he had hurt himself; but admitting the statement had really no effect upon the case. A finding on circumstantial evidence is as good as one on direct testimony; and, having regard to the ordinary rule, the finding of the trial Judge as to the cause of death could not be reversed on appeal though there was no great margin of foundation for the support of that finding in the evidence upon which it was based.

Held, by MacLaren, Magee, and Hodgins, JJ.A., that the evidence referred to was properly admitted by the trial Judge; and that his findings that the defendants were liable, unless, by reason of the provisions of the Insurance Act, they were protected by the conditions found in the original policy, should be affirmed. The evidence at the trial brought the case within sec. 152 of the Insurance Act, R.S.O. 1897, ch. 152.

The contract was a new insurance, and not merely the renewal of an old one; it was not one kept on foot by payment or by performance of conditions with

which the insured might comply without the assent of the insurer.

Long v. Ancient Order of United Workmen (1898), 25 A.R. 147, 156, followed. By sub-sec. (2) of sec. 80 of the Insurance Act (added by 3 Edw. VII, ch. 15, sec. 3), the plaintiff was, if beneficiary, entitled to maintain the action. Her title as beneficiary was derived only from the insertion of her name in the original policy (No. 65996), under which the principal sum was, on death, payable to her; and the words in the renewal receipt, according to tenor of policy No. 65996 imported the policy and all contained therein or thereon.

It was not necessary, therefore, for the defendants to establish that conditions impairing or modifying the contract might be imported into the contract by

reference merely.

Consideration, nevertheless, of the following cases: Venner v. Sun Life Insurance Co. (1890), 17 S.C. R.394; Jordan v. Provincial Provident Institution (1898) 28 S.C.R. 554; Hay v. Employers' Liability Assurance Corporation (1905), 6 O.W.R. 459; Elgin Loan and Savings Co. v. London Guarantee and Accident Co. (1904-6), 8 O.L.R. 117, 9 O.L.R. 569, 11 O.L.R., 330.

In law, a condition, which is itself part of a contract, cannot be said to impair

or modify the legal effect of the contract taken as a whole.

Hargrove v. Royal Templars of Temperance (1901), 2 O.L.R. 79, 95, followed. Under sec. 144 (1) of the Insurance Act, where any insurance contract is evidenced by a sealed or written instrument, all the terms and conditions of the contract must be set out in full on the face or back of the instrument forming or evidencing the contract; and, the words according to tenor of policy No. 65996 making the policy part of the contract, the statute had been literally complied with; if policy 65996 did not itself form the contract, it evidenced it in conjunction with the renewal receipt, the two documents formed or evidenced the contract, and the condition was found therein or thereon.

The plaintiff, as beneficiary, was bound by the condition in the policy that notice should be given in writing within fourteen days of the accident from which the injury resulted, and that failure to give such notice should invalidate all claims under the policy, although she had not contracted to be so bound, and although it was stated in the policy that the conditions therein or thereon should be conditions precedent to the right of the *insured* to recover. Although, under the Insurance Act, a trust is created in favour of a preferred beneficiary, such as the plaintiff, it is a trust subject to the terms of the contract out of which the trust fund arises, and, therefore, subject to be defeated by the neglect of the insured. And the noncompliance by the insured or the plaintiff with the conditions was effective to defeat the plaintiff's action.

Accident Insurance Co. of North America v. Young (1892), 20 S.C.R. 280, Employers' Liability Assurance Corporation v. Taylor (1898), 29 S.C.R. 104, Atlas Assurance Co. v. Brownell (1899), 29 S.C.R. 537, and Home Life Association

of Canada v. Randall (1899), 30 S.C.R. 97, followed.

3. Guarantee Insurance.

(n) Conditions—Embezzlement or Larency.

The plaintiff took out a guarantee policy with the defendants against loss sustained by the fraud or dishonesty of one of his employees amounting to embezzlement or larency. During the currency of the policy the employee's position was so changed that he drew less salary, and of this the defendants were not informed.

Held that this of itself was sufficient to void the policy.

The policy provided for a weekly report by the employee of cash received and payment of the same to the employer, all moneys to be paid into the bank and the bank books to be inspected and checked monthly, and that the employer should balance the cash account and check the receipts weekly. The employee used to draw money on his own account but did this quite openly, and he was entitled to half the profits.

Held that if the conditions of the policy were complied with the employer must have known of the conditions which existed, and if they were not complied with there was such a breach of duty as to avoid liability under the policy.

Held, further, that the employee's conduct was not such as to constitute

fraud or dishonesty amounting to embezzlement or larency.

(Insurance, fidelity, meaning of embezzlement: Debenhams v. Excess Insur. Co., 28 T.L.R. 505.)

(March 10, 1913—Court of King's Bench, Manitoba—Gray v. Employer's Liability Co. IV Western Weekly Reports, p. 106.)

4. Marine Insurance.

(o) Mutual Company-Appointment of a receiver-Effect of Premium notes-Liability of makers—Cancellation of policy—Directors' personal liability.

Policies of marine insurance issued by the plaintiff company contained a clause providing for return of premium "for every thirty days of unexpired time

if this policy be cancelled."

Defendants, who were policy holders of the company were notified by the receiver that the company had gone into liquidation, adding: "It is understood that the legal effect of this proceeding is to cancel all outstanding policies. &c.'

In an action by the receiver in the name of the company to enforce payment

of notes given by defendants for premiums.

Held, Drysdale J. dissenting, that the cancellation referred to was a cancellation under the terms of the policies or by agreement of the parties, and had no reference to a case such as the present where the performance of the contract was rendered impossible by action of the State, under the laws of the State, putting the affairs of the company into the hands of a receiver.

Also, the company being a mutual one and the makers of the notes being both insured and insurers, the notes in question were assets of the company for rateable distribution among the creditors, and the receiver was therefore entitled to recover the full amount without reference to the return of premium pro-

vided for in case of cancellation.

Also, affirming the judgment of the trial judge, that the fund required to be provided in the first instance as security to policy holders having been paid in,

the fact that it was depleted by losses occurring later did not void the policies in connection with which the notes sued on were given, but merely imposed a personal liability upon the president and directors of the company.

(May 10, 1912—Supreme Court of Nova Scotia—The China Mutual Insurance Co. v. Pickles, Smith, and J. W. Smith-46 Supreme Court of Nova

Scotia Reports, p. 7.)

(p) Mutual company—Cancellation of policy—Return of unearned premium— Cancellation by operation of law.

A mutual insurance company incorporated under the laws of the State of Massachusetts issued marine policies in favour of parties in Nova Scotia who gave notes for the premiums. The policies provided for a return of premiums "for every thirty days of unexpired time if this policy be cancelled." Before any of the premium notes matured the policyholders were notified that the company had been put into liquidation at the instance of the Insurance Commissioner, the notice stating that the legal effect was "to cancel all outstanding policies." In an action by the receiver in the company's name to enforce payment on the notes:-

Held, affirming the judgment appealed against (46 N.S. Rep. 7) that the decision of the case must be governed by the law of Massachusetts; that the holder of a policy in a mutual company being both insurer and insured the notes sued on were assets for distribution among the creditors; and the receiver

was, therefore, entitled to recover the full amount.

Held, also, that a cancellation resulting from the action of the State was not a cancellation within the meaning of the above clause providing for return of

premium.

5. LIVE STOCK INSURANCE.

(a) Untrue Answer to Question in Application—"What Did You Pay for this Animal?"—Answer Filled in By Agent, Applicant Consenting.

An insurance company is not held to have a knowledge of the truth as to the subject insured where, although the answers to the questions in the application were written by the company's agent, they were invented by him and consented to by the applicant in order that the insurance might be effected.

The written application for insurance on a horse stated that the horse was of the value of \$2,000 and the answer to the question, "What did you pay for this animal?" was "Got in trade." The plaintiff testified that he told the agent that he gave cash and the price of four colts, \$550 in all, for the horse and the agent said, "I will put it, 'Got in trade," and the plaintiff replied, "All right, I don't care how you put it." The application and statements therein were part of the contract and the policy provided that the company should not be liable where material statements in the application should be found to be untrue.

Held, that the untrue answer to the question, "What did you pay for this

animal?" voided the policy.

1. This Act may be cited as "The Fire Insurance Policies Act."

2. In this Act, unless the context otherwise requires, the expression "insurer" means any person or company with whom or which any contract

of insurance against loss by fire is effected.

3. The conditions set forth in the first Schedule to this Act shall, as against any insurer, be deemed to be part of every contract of fire insurance, whether sealed, written or oral, entered into, renewed or otherwise coming into force in New Brunswick, after the coming into force of this Act, with respect to any property in New Brunswick, or in transit therefrom or thereto, and such conditions shall be printed on every such policy with the heading "Statutory Conditions" and no stipulation to the contrary or providing for any variation, addition or omission, shall be binding on the assured, unless evidence in the manner prescribed in this Act in that behalf.

4. If the insurer desires to vary the said conditions, or to omit any of them, or to add new conditions, there shall be added on the instrument of contract containing the printed statutory conditions, words to the effect set out in the second schedule, printed in conspicuous type, and in ink of a different color,

and with the headings, "Variations in Conditions."

5. No such variation, addition or omission shall, unless the same is distinctly indicated and set forth in the manner hereinbefore mentioned or to the like effect, be valid and binding on the assured; and no questions shall be considered as to whether any such variation, addition or omission is, under the circumstances just and reasonable; but on the contrary the policy shall, as against the insurer, be subject to the statutory conditions only, unless the variations, additions or omissions are distinctly indicated and set forth in the manner or to the effect aforesaid; provided, it shall be optional with the insurers to pay or allow claims which are void under the third, the fifth, or ninth statutory conditions, in case the said insurers think fit to waive the objections mentioned in the said conditions.

complied with; or

(c) Where, for any other reason, the court or judge before whom a question

(c) Where, for any other reason, the court or judge before whom a question relating to such insurance is tried or inquired into, considers it inequitable that the insurance should be deemed void or forfeited by reason of imperfect compliance with such conditions, no objection to the sufficiency of such statement or proof or amended or supplemental statements or proof (as the case may be) shall, in any such cases, be allowed as a discharge of the liability of the company

on such contract of insurance wherever entered into.

Where, in any action or proceeding upon a contract of fire insurance the insured being plaintiff in such action or proceeding has, in the opinion of the court or judge wilfully neglected or unreasonably refused to furnish necessary information respecting the property for which the insurance money is claimed, and as a consequence of such neglect in obtaining information or evidence the defendant insurer has been at expense in obtaining information or evidence, the court or judge may, in disposing of costs take into consideration the expense so incurred by the defendant insurer.

9. The decision of a court or judge upon any question arising under this Act, shall be subject to review or appeal to the same extent as a decision by such

FIRST SCHEDULE.

Fire Insurance Policies—Statutory Conditions.

First.—If any person or persons insures his or their buildings or goods, and causes the same to be described otherwise than as they really are, to the prejudice of the insurer, or misrepresents or wilfully omits to communicate any circumstance which he knows or ought reasonably to have known to be material, to be made known to the insurer, in order to enable the insurer to judge of the risk undertaken, such insurance shall be of no force in respect to the property in regard to which the misrepresentation or omission is made.

Second.—After application for insurance, it shall, as against the insurer, be deemed that any policy sent to the assured is intended to be in accordance with the terms of the application, unless the insurer points out in writing the

particulars wherein the policy differs from the application.

Third.—Any change, material to the risk, and within the control or knowledge of the assured, shall void the policy as to the part affected thereby, unless the change is promptly notified in writing to the insurer or its local agent; and the insurer, when so notified, may return the premium for the unexpired period, and cancel the policy, or may demand in writing an additional premium, which the assured shall, if he desires the continuance of policy, forthwith pay to the insurer; and if he neglects to make such payment forthwith after receiving such demand, the policy shall be no longer in force.

Fourth.—Notwithstanding anything in the contract between the assured and insurer, the question of the materiality of any representation in the applica-

tion shall be a question for the court and not for the jury.

Fifth.—If the property insured is assigned without a written permission indorsed on the policy by an agent of the insurer, duly authorized for such purposes, the policy shall thereby become void, but this condition does not apply to change of title by succession or by operation of law, or by reason of death.

Sixth.—When the property insured is only partially damaged, no abandonment of the same will be allowed, unless by the consent of the insurer or its agent; and in the case of the removal of the property to escape destruction by fire, the insurer shall be liable to the assured for all loss and expenses attending such act of salvage, in like manner, and to the same extent as if said loss and expenses had been directly ocasioned by fire insured against by the policy.

Seventh.—Money, books of account, securities for money and evidences

of debt or title, are not insured.

Eight.—Plate, plated-ware, jewellry, medals, paintings, sculptures, curiosities, scientific and musical instruments, bullion, work of art, articles of Vertu; frescoes, clocks, watches, trinkets and mirrors are not insured, unless mentioned

in the policy.

Ninth.—The insurer is not liable for loss if there is any prior insurance with any other insurer, unless the insurer's assent to such prior insurance appears in the policy or is endorsed thereon, nor if any subsequent insurance is effected with any other insurer, unless and until the insurer assents thereto, or unless the insurer does not dissent in writing within two weeks after receiving written notice of the intention or desire to effect the subsequent insurance, or does not dissent in writing after that time and before the subsequent or further insurance is effected.

Tenth.—In the event of any other insurance on the property described in the policy, having been assented to as aforesaid, then the insurer shall, if such other insurance remains in force, on the happening of any loss or damage, only be liable for the payment of a rateable proportion of such loss or damage, without

reference to the dates of the different policies.

Eleventh.—The insurer is not liable for the losses following, that is to say:—
(a) For loss of property owned by any other person than the assured unless either the interest of the assured is stated in or upon the policy, or in or upon the policy the loss is made payable wholly or in part to such other person, as his interest may appear.

(b) For loss caused by invasion, insurrection, riot, civil commotion, military

or usurped power.

(c) Where the insurance is upon buildings or their contents, for loss caused by the want, to the knowledge of the assured, of good and substantial brick, stone or concrete chimneys; or by ashes or embers being deposited, with the knowledge and consent of the assured, in wooden vessels, or by stoves or stovepipes being, to the knowledge of the assured, in any unsafe condition or improperly secured.

(d) For loss or damage to goods destroyed or damaged while undergoing

any process in or by which the application of fire heat is necessary.

(e) For loss or damage occurring to buildings or their contents while the buildings are being repaired by carpenters, joiners, plasterers, or other workmen and in consequence thereon, unless permission to execute such repairs has been previously granted in writing, signed by a duly authorized agent of the insurer. But in dwelling houses, fifteen days are allowed in each year, for incidental repairs

without any such permission.

(f) For loss or damage occurring while petroleum, rock, earth or coal oil, camphene, gasoline, burning fluid, benzine, naphtha or any liquid products thereof, or any of their constituent parts (refined coal oil for lighting purposes only, not exceeding five gallons in quantity, or lubricating oil, not being crude petroleum, nor oil of less specific gravity than required by law for illuminating purposes, not exceeding five gallons in quantity, excepted), or more than twentyfive pounds weight of gunpowder, is or are stored or kept in the building insured, or containing the property insured, unless permission is given in writing by the insurer. But gasoline, benzine, or naphtha, in quantities not exceeding six ounces of either, kept for domestic use only, in any dwelling house, shall not be deemed stored or kept within the meaning of the foregoing part of this clause so as to relieve the insurer of liability, provided the same when not in use is kept in a tightly corked glass or metal bottle or bottles, removed from fire, flame or heat, and that the same is used only in a room, or place in the house where there is, at the time, no fire or flame, and provided, also, that the loss or damage is not shown to have been occasioned by keeping or using the same in the quantity or manner aforesaid.

Twelfth.—The insurer will make good, loss caused by the explosion of coal gas in a building not forming part of gas-works, and loss by fire caused by any

other explosion, or by lightning.

Thirteenth.—Proof of loss must be made by the assured although the loss is payable to a third party.

Fourteenth.—Any person entitled to make a claim under this polcy shall observe the following directions:—

(a) He is forthwith, after loss, to give notice in writing to the insurer.

(b) He is to deliver, as soon after as practicable, as particular an account of the loss, as the nature of the case permits.

(c) He is also to furnish therewith a statutory declaration declaring:

That the said account is just and true.

When and how the fire originated, so far as the declarant, knows or believes. That the fire was not caused by his wilful act, or neglect, procurement, means or contrivance.

The amount of other insurances.

All liens and incumbrances on the subject of insurance.

The place where the property insured, if movable, was deposited at the

time of the fire.

(d) He is, in support of his claim, if required, and if practicable, to produce books of account, warehouse receipts, and stock lists, and furnish invoices and other vouchers: to furnish copies of the written portion of all policies; to separate as far as reasonably may be, the damaged from the undamaged goods, and to exhibit for examination all that remains of the property which was covered by

the policy.

(e) He is to produce, if required, a certificate under the hand of a justice of the peace, notary public, commissioner for taking affidavits, or municipal clerk, town clerk or city clerk residing in the county in which the fire happened, and not concerned in the loss or related to the assured or sufferers, stating that he has examined the circumstances attending the fire, loss or damage alleged, that he is acquainted with the character and circumstances of the assured or claimant, and that he verily believes that the assured has, by misfortune and without fraud or evil practice, sustained loss and damage on the subject insured, to the amount certified.

Fifteenth.—The above proofs of loss may be made by the agent of the assured, in case of the absence or inability of the assured himself to make the same, such absence or inability being satisfactorily accounted for.

Sixteenth.—Any fraud or wilfully false statement in a statutory declaration in relation to any of the above particulars, shall vitiate the claim.

Seventeenth.—The loss shall not be payable until sixty days after the completion of the proofs of loss, unless otherwise provided by the Contract of Insurance.

Eighteenth.—The insurer, instead of making payment, may repair, rebuild or replace, within a reasonable time, the property damaged or lost, giving notice of his intention, within fifteen days after receipt of the proofs by the policy required.

Nineteenth.—The insurance may be terminated by the insurer, by giving notice to that effect, and by tendering therewith a ratable proportion of the premium paid for the unexpired term, calculated from the termination of the notice. In the case of personal service of the notice eight days' notice excluding Sunday, shall be given; notice may be given by any insurer having an agency in New Brunswick, by registered letter, addressed to the assured at his last post office address notified to the company, and where no address has been notified, then to the post office of the agency from which the application was received, and where such notice is by letter, then fourteen days from the arrival at any post office in New Brunswick, shall be deemed good notice, and the policy shall cease after such tender and notice aforesaid, and the expiration of the eight or fourteen days, as the case may be.

Twentieth.—The insurance may also be terminated by the assured, by giving written notice to that effect, to the insurer or his authorized agent, in which case the insurer may return the customary short rate for the time the insurance has been in force, and shall repay to the insured the balance of the premium paid.

Twenty-first.—An officer or agent of the insurer who assumes on behalf of the insurer to enter into any written agreement relating to any matter connected with the insurance, shall be deemed prima facie to be the agent of the insurer, for the purpose.

Twenty-second.—Every action or proceeding against the insurer for the recovery of any claim under or by virtue of this policy, shall be absolutely barred, unless commenced within the term of two years next after the loss or damage occurs.

Twenty-third.—Any written notice to an insurer, for any purpose of the statutory conditions, where the mode thereof is not expressly provided, may be by letter delivered at the head office of the insurer in New Brunswick, or by letter mailed, postage prepaid and registered, addressed to the insurer, its manager or agent, at such head office or by such written notice given in any other manner to an authorized agent of the insurer.

When any company is wound up, each person contracted with on the cash plan shall be entitled to a refund from the company of the unearned proportion of the cash premium calculated from the date at which the company according to the notice as provided for by this Act, ceased to undertake contracts; but this shall not destroy or defeat any other remedy such person may have

75. Every receiver, assignee or liquidator of a company shall, until the affairs of the company are wound up and the accounts are finally closed, within seven days after the close of each month, file with the court or other authority appointing him, and also with the Treasurer, detailed schedules showing in such forms as may be required receipts and expenditures, and also assets and liabilities, and he shall, whenever, by the authority appointing him or by the Treasurer required so to do, exhibit the office books and vouchers, and furnish such other information respecting the company's affairs as may be required; and any receiver, assignee or liquidator refusing or neglecting to furnish such information shall, for each offence, be subject to a penalty of not less than fifty dollars nor more than two hundred dollars, to be recovered on behalf of His Majesty for the use of the province; and he shall in addition render himself liable to be dismissed or removed.

The officer or officers of the company who have custody of the books shall be entitled to be paid by the company for the actual expenses of such attendance.

the affairs of the company to the Treasurer to that effect.

99. After full consideration of such report and a reasonable time being given to the company to be heard, and if, after such further inquiry and investigation (if any) as he may see proper to make, the Treasurer reports to the Lieutenant Governor in Council that he agrees with the superintendent in the opinion expressed in his report, then, if the Lieutenant Governor in Council also concurs in such opinion, an order in council may issue suspending or cancelling the license of the company, or prohibiting the company from doing any further business, and thereafter it shall not be lawful for the company to do any further business in Alberta until the suspension or prohibition is removed by the Lientenant Governor in Council.

LICENSES RECENTLY ISSUED AND APPLICATIONS FOR LICENSES UNDER CONSIDERATION.

Within the past few months numerous applications have been received from insurance companies for licenses to transact business under the Insurance

Act, 1910.

Since the beginning of the present calendar year (1913) licenses have been granted to one American company for the transaction of fire insurance; to three Canadian companies, one of which received a license for accident, plate glass and sickness, one for accident and sickness insurance limited to the province of Quebec, and one for hail insurance. One American company was licensed to transact accident and sickness insurance among members of the Independent Order of Oddfellows resident in Canada. One American company which had hitherto been licensed for fire, tornado and hail insurance in five provinces has had its license extended to transact business throughout Canada. Further or supplementary licenses have been issued to two Canadian companies and two American companies previously licensed, for the transaction of additional branches of insurance. One Australian company (Tue Mutual Life and Citizens Assurance Company Limited) received a license for life insurance.

Three other applications for licenses have been received from Canadian

companies and three American companies and are under consideration.

The Department is in correspondence with a number of companies, Canadian and foreign, some of which have signified their intention to make formal application for licenses.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDED DECEMBER 31, 1912.

FIRE DEPARTMENT.

The fire premiums received, after deducting re-insurances, amounted to £1,404,907, and the losses paid and outstanding to £726,252, or 51·7 per cent of the premiums. The expenses and commission together amounted to £545,822, being 38·9 per cent of the premiums. A profit is shewn in this department of £132,833, which with the receipts for interest of £62,280 makes a total of £195,113 to be carried to profit and loss.

PROFIT AND LOSS ACCOUNT.

The operations of the year resulted in a total trading profit from fire, accident and marine accounts of £173,161. This amount has been passed to profit and loss, in addition to £153.018 for interest.

After payment of dividends and the interest on the debenture stocks, a balance remains out of which the directors have resolved to carry £100,000 to the fire general reserve, making the amount thereof £1,200,000, and £15,000 to office premises account. The balance to be carried to the credit of next year's account is £285,718.

An interim dividend of 15s. per share was paid in November last and the directors recommend payment on 1st May next of a final dividend for the year 1912 of 22s. 6d. per share, as against 20s. per share paid in May, 1912. It is further their intention to increase the interim dividend, payable in November next, from 15s. to 17s. 6d. in respect of each present share, making a total payment of £2 during the year 1913. Should the shares be sub-divided, as proposed below, this would be equivalent to 8s. per new share for the year. All dividends are subject to deduction of income tax.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912—Continued.

SUB-DIVISION OF SHARES.

The Directors consider that the time has come when the present shares of the Company may with advantage be divided into shares of a smaller denomination. Resolutions will therefore be submitted to an Extraordinary General Meeting, to be held at the close of the Annual General Meeting, providing that the £50 Shares, £5 paid, be divided into five shares of £10 each, £1 paid, and the fully-paid (Pelican) Shares of £5 each into five fully-paid shares of £1 each, and for certain other alterations in the Company's Constitution and Regulations.

FIRE DEPARTMENT.

The premiums received last year amounted to £1,244,464, showing, in com-

parison with the premiums of the previous year, an increase of £1,489.

The losses incurred amounted to £659,788, or 53.0 per cent of the premiums. The general average of the experience of the Company from the beginning is now 57.5 per cent, or, including its provision for losses on current risks, 59.4 per cent.

The expenses of management (including commission to agents and charges of every kind) came to £468,406, or 37.7 per cent of the premiums, a ratio slightly

higher than that of the previous year.

The result is that, after charging the Account with £622,232, being 50 per cent of the premiums of the year, and crediting it with £621,487, the amount similarly charged in 1911, there remains a credit balance of £115,526. This sum, together with the interest earned by the Fire Fund, £67,016, has been transferred to the Profit and Loss Account.
