198. Return showing:—1. Whether the Government have taken cognizance of the following article published in the Montreal "Gazette" on November 1, 1915:—"Canadian Help Comes from Sale of Gift Flour. Foodstuffs not Needed by the English Poor were Bought for Belgian Relief.—Funds to Aid East Coast.—Hon. Walter Long Suggested to Canadian Government that \$750,000 be Allotted, and Latter Agreed.—(Special cable from the "Gazette's" resident staff correspondent.)
- "London, October 31.—'Canada's aid to the east coast towns of England, which are suffering through the war, is the subject of some misconception,' said Sir George Perley to-day. In a statement in the Commons, Hon. Walter Long said that the necessary funds for a Government scheme of help for hotel and lodging house keepers had been generously provided by the Canadian Government. This gave rise to the idea that the Dominion was taking a new step, but the fact is that no money is coming from Canada. Of the flour sent by Canada a year ago to relieve distress in England, very little was distributed, as poverty was in no way abnormal. Some 400,000 bags of this flour were transferred to the American committee for Belgian relief, which purchased them. The money paid for this flour being in the hands of the Local Government Board, Hon. Walter Long, as President of the Board, suggested to Sir George Perley that this might be utilized for the relief of the east coast towns where the season had been ruined owing to the lack of railway facilities and the disinclination of the public to visit the east coast because of the possibility of German naval or aerial raids. The Dominion Government acquiesced in this proposal, and the sum of \$750,000, part of the proceeds of the sale of the flour, has now been allotted for this purpose. Canada's generosity will therefore go to alleviate the distress of a large number of better-class people, who are direct sufferers from the war, instead of the destitute poor, for whom it was intended, but who, it develops, were not in need of it." 2. Whether the said article is accurate. If not, in what respect it is inaccurate. Presented March 20, 1916.—*Mr. Papineau*.

- "London, January 11.—Very satisfactory evidence of the comparative absence in England of any distress caused by the war is furnished by a report on the special work of the Local Government Board arising out of the war, which was issued to-day as a White Paper. The action by Noel Kershaw, dealing with the disposition of the gifts from the Colonies, shows that only a small part of the goods allocated has been required for relieving the distress of civilians.
- "The following is the disposition of the 940,530 bags of flour received from Canada: To the local committees for the relief of distress, 90,474; to the Belgian Refugees Committees, 1,691; transferred to the War Office, 99,760; further offer to the War Office, 300,000; to the Belgian Relief Commission, 443,886; sold, owing to damage, 4,719." 2. SESSIONAL PAPER No. 8

DEPARTMENT OF INSURANCE,
OTTAWA, May 4, 1916.To the Honourable Sir THOMAS WHITE,
Minister of Finance.

SIR,—I have the honour to submit herewith the statements in detail of insurance companies transacting the business of insurance, other than life insurance, in Canada during the year 1915, together with such tabulated summaries of those statements as are necessary to exhibit the progress of the business and the condition of the companies.

The statement of life insurance companies will be submitted in a later volume.

FIRE INSURANCE, 1915.

During the year 1915 the business of fire insurance was transacted in Canada by 88 companies, as compared with 82 companies in the preceding year. Of the 88 companies, 25 were Canadian, 27 British, 32 United States, and 4 French. One of the British companies, the Marine Insurance Company, transacted fire insurance only in connection with its automobile business.

The list differs from that of 1914 by: the disappearance of one Canadian company, the Equity Fire Insurance Company of Canada; and the addition of two Canadian companies, the Dominion of Canada Guarantee and Accident Insurance Company, whose powers were extended during the year to include fire insurance, and the Lumbermen's Fire Indemnity Contract; three British companies, the British Dominions General Insurance Company, the London Guarantee and Accident Company, and the Ocean Accident and Guarantee Corporation, the two latter companies having extended their business during the year to include fire insurance; one United States company, Millers National Insurance Company; and one French company, Compagnie Française du Phenix.

During the year 1915, two United States companies ceased to transact new business in Canada, the Germania Fire Insurance Company and the Lumber Insurance Company. Both of these companies have reinsured their unexpired Canadian policies with the Western Assurance Company.

Since the beginning of the year 1916, the licenses of two Canadian companies, the Anglo-American Fire Insurance Company and the Montreal-Canada Fire Insurance Company have been withdrawn. The companies have since gone into liquidation and their unexpired Canadian policies have been reinsured with the Western Assurance Company.

Since the beginning of the year 1916, licenses for the transaction of hail insurance, in addition to other classes previously transacted, have been issued to one Canadian company, the Acadia Fire Insurance Company, and five United States companies, the Connecticut Fire Insurance Company, Westchester Fire Insurance Company, St. Paul Fire and Marine Insurance Company, Glens Falls Insurance Company, and German American Insurance Company, while the Dominion Fire Insurance Company has had its power to transact this class of business extended to include the Province of Alberta. The British Dominions General Insurance Company has obtained a license for sprinkler leakage insurance in addition to its business of fire insurance. The Hartford Fire Insurance

Company has obtained a license for explosion insurance in addition to its other classes of business. Additional licenses have also been issued to the Canada Accident Assurance Company for fire insurance, to the Law Union and Rock Insurance Company for burglary and plate glass insurance, to the General Accident Assurance Company of Canada for steam boiler insurance and to the Railway Passengers Assurance Company for automobile and burglary insurance.

FIRE PREMIUMS AND LOSSES IN CANADA IN 1915.

Cash received for premiums during the year in Canada amounted to \$26,474,833, being less than that received in 1914 by \$1,024,325, and the amount paid for losses was \$14,161,949, which is less than that paid in 1914 by \$1,185,335. The ratio of losses paid to premiums received is shown in the following table:—

The loss rate for 1915 (53.49) is 7.30 below the average for the forty-seven years over which our records extend.

Obtaining an approximation to the losses incurred during the year, by excluding the estimates for losses outstanding at the beginning of the year, and including the amounts estimated for those of the year still unsettled, the ratio of the losses incurred to premiums received comes out 51.58 per cent, which is 6.24 per cent less than the 57.82 of the previous year, and is 5.29 per cent less than the average for the last fifteen years (56.87). PREMIUMS AND LOSSES COMPARED WITH RISKS.

The average rate of premiums charged on each \$1,000 of risks taken in 1915 is \$11.585, as against \$11.657, which was the corresponding rate in 1914. The individual rates for the different companies will be found in the table on page xiii, and will be seen to vary considerably, as might naturally be expected, considering the varieties of the business done by the companies.

The losses, incurred (approximate) during the year, compared with the amount of risk current (taking for this the mean of the amounts in force at the beginning and end of the year), have been at the average rate of \$3.91 per \$1,000 current risk. The corresponding rates for 1882-3-4-5-6-7-8-9-10-11-12-13-14, are \$5.68, \$5.56, \$5.37, \$4.54, \$4.58, \$5.70, \$4.70, \$4.19, \$4.84, \$5.33, \$5.61, \$6.17, \$5.50, \$5.75, \$5.15, \$5.38, \$6.20, \$4.99, \$8.38, \$6.68, \$4.06, \$5.22, \$12.05, \$4.88, \$4.97, \$5.69, \$6.41, \$4.83, \$5.61, \$5.07, \$4.73, \$5.00, and \$4.67 respectively.

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following, computed on the above basis, where for convenience of comparison, the corresponding rates for 1914 are also shown:—

SESSIONAL PAPER No. 8

BRITISH FIRE COMPANIES.

The total cash receipts for fire premiums were \$13,609,363, being a decrease of \$101,545, as compared with the previous year; the payments for fire losses were \$6,889,360, being \$907,122 less than for 1914, while the general expenses amounted to \$4,503,220, being \$146,888 greater than in 1914, thus showing a balance of \$2,216,783 favourable to the companies. In the previous year there was a favourable balance of \$1,558,094.

Paid for losses.....	\$ 6,889,360
Paid for general expenses.....	4,503,220
Total.....	\$ 11,392,580
Received for premiums.....	13,609,363
Balance in favour of the companies.....	\$ 2,216,783

The following details give the balances for the different companies:—

Balances in favour.—Alliance, \$53,512; Atlas, \$34,367; Caledonian, \$53,358; Commercial Union, \$164,864; Employers' Liability, \$32,932; General Accident, \$58,659; Guardian, \$190,538; Liverpool and London and Globe, \$203,961; London and Lancashire, \$133,939; London Assurance, \$56,056; North British and Mercantile, \$146,290; Northern, \$149,280; Norwich Union, \$82,666; Ocean Accident and Guarantee, \$33,788; Palatine, \$48,715; Phoenix of London, \$226,356; Provincial, \$10,358; Royal, \$234,135; Royal Exchange, \$84,365; Scottish Union and National, \$86,364; Sun, \$54,738; Union Assurance, \$67,883; Yorkshire, \$32,813; Total balance in favour, \$2,239,937.

Adverse balances—British Dominions, \$5,579; Law Union and Rock, \$14,512; London Guarantee and Accident, \$3,063. Total, \$23,154. Net balance in favour, \$2,216,783.

For every \$100 of premiums received there was spent on the average \$50·62 in payment of losses, and \$33·09 for general expenses.

In 1914 the loss rate was \$56·86, and the general expenses \$31·77, for every \$100 of premiums received.

For the fire business the rate of premium was \$11·688 per \$1,000 of risks taken as against \$11·857 in 1914.

Hence these companies have transacted a larger volume of business than in 1914 at a lower rate of premium, a higher rate of expense and at a lower rate of fire losses.

Collecting the result for the forty-one years from 1875 to 1915 as regards the receipts for premiums and the expenditure of the British companies, we find:

Paid for losses (1875-1915).....	\$ 149,797,002
Paid for general expenses.....	70,456,878
Total payments.....	\$ 220,253,880
Received for premiums.....	244,937,475
Excess of receipts over expenditure..	\$ 24,683,595

It will be seen, from an examination of the table given below, that an adverse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned year, when the losses paid by British companies amounted to almost five millions of dollars; that such adverse balance was reversed at the end of the year 1887, when a favourable balance of \$341,938 was shown, and that this favourable balance increased thereafter from year to year (with the exception of the year 1893) up to the close of 1899, when it amounted to \$5,029,980. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half million dollars. To this is due the large deficit of that year, \$1,365,476, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to \$3,664,504, which sum had been still further reduced to \$3,512,636 at the end of 1901. The favourable experience for the years 1902 and 1903 increased this balance to \$7,123,044 at the end of 1903, but it was again reduced by the unfavourable experience of 1904 to \$3,969,472. During the past eleven years the favourable balance has been largely increased and now amounts to \$24,683,595.

UNITED STATES AND OTHER FIRE COMPANIES.

The total cash receipts for fire premiums were \$8,306,395, being a decrease of \$465,204 as compared with the previous year; the payments for fire losses were \$4,646,722, being greater by \$68,222 than for 1914, and the general expenses, \$2,578,842, being \$27,535 greater than for 1914. Hence for every \$100 of premiums received there was spent on the average \$55.94 in payment of losses, and \$31.05 in general expenses, as compared with \$52.20 and \$29.09 respectively for 1914.

These companies have therefore transacted a smaller volume of business at a higher rate of expense and a higher loss rate than in 1914.

CANADIAN COMPANIES.

In considering the Canadian companies, their whole fire insurance business, in Canada and elsewhere, as well as their marine business and business in other branches, must be taken into account, inasmuch as a separation of expenses between these branches has not been made.

SESSIONAL PAPER No. 8

The following table gives the distribution of fire business between Canada and elsewhere, for the twelve companies which transacted business outside of Canada during the year, and shows that the loss rate for the home business was, on the whole, more favourable to the companies than that for the foreign business.

insured. The liabilities of the same companies amounted to \$8,409,229, made up as follows:—

Unearned premiums.....	5,895,739
Sundry.....	1,509,362
	<u>\$ 8,409,225</u>

The unearned premiums are here taken at 80 per cent of the *pro rata* portions of the gross premiums for the time unexpired in the cases of fire and inland marine insurance, and 80 per cent of the whole premiums in the case of a current ocean risk. The surplus of assets over liabilities available for the protection of policyholders, independent of the subscribed capital not paid, amounts to \$11,025,184.

The capital stock of these companies paid in cash amounts to \$9,705,234.

The following table gives the condition at the end of 1915 of all the Canadian stock companies in reference to the surplus on account of policyholders.

The following table shows the total gain or loss in the surplus to policy holders during the year in respect to each company, and shows also the various sources of this gain or loss. The table differs from that shown in previous years in showing the changes in *policyholders* surplus, that is, the excess of assets over liabilities excluding capital, instead of in the *shareholders'* surplus. All contributions by shareholders, whether for capital or premium on capital, therefore appear as gains in surplus, while forfeited stock and reduction of capital are disregarded.

In the first column there is tabulated the "Underwriting Profit." This is the excess of premiums earned over losses incurred and expenses incurred. The premiums *earned* are arrived at by adding to the net cash received for premiums the outstanding premiums at the end of the year and deducting the outstandings at the beginning of the year. From the net premiums *written* thus obtained there is deducted the increase in the *unearned* premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the sixth column.

In the second column there is tabulated the interest and rents earned. This is obtained in a manner similar to that of the premiums *written*, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column the payments by shareholders are shown, and in the fourth column the gains from other sources. This latter column will include gain in market values of investments, decrease in unsecured unlicensed reinsurance reserve, etc.

The fifth column gives the total of the first three columns. In the sixth column is given the underwriting loss, and in the seventh the losses through other sources, such as bad or doubtful investments and other assets, loss in market value of investments, increase in unsecured unlicensed reinsurance reserve, etc. The eighth column shows the dividends declared during the year. The ninth column gives the totals of the sixth, seventh and eighth. The last column, being the difference between the fifth and the ninth gives the total net gain or loss in surplus, the minus sign denoting a loss.

The total net gain in surplus is \$1,030,753.58, of which \$401,826.74 represents additional capital and \$43,196.95 premium on capital, leaving \$585,729.89 as the increase in surplus from sources other than from the shareholders. In 1914, the loss in shareholders' surplus was \$457,226.50.

Fourteen companies show an underwriting profit, and the remaining eleven an underwriting loss, the net profit amounting to \$716,100.60. In 1914 the net underwriting loss was \$421,476.42. The dividends declared were \$550,073.42, which is less than the \$746,850.13 interest and rents earned upon the investments. The gains from miscellaneous sources were \$201,673.12 consisting chiefly of increase in the market value of investments. The losses from miscellaneous sources were \$528,820.54, consisting largely of disallowance of bad assets and depreciation in the values of securities.

6 GEORGE V, A. 1916

Including the whole business of the mixed companies, outside as well as within the Dominion, it appears that the Canadian companies have received during the year 1915 a total cash income of \$10,740,758.13, which is made up as follows:—

	1915.	The same in 1914.	The same in 1913.	The same in 1912.
	\$ cts.	\$ cts.	\$ cts.	\$ cts.
Interest and dividends	678,405 80	640,459 29	653,599 51	568,328 81
Premiums.....	10,008,556 78	9,122,882 20	9,167,899 59	9,644,234 81
Sundry.....	59,795 55	15,256 69	176,558 27	185,991 35
Totals..	10,740,758 13	9,778,598 18	9,998,057 47	10,398,554 97

In the same way the cash expenditure during 1915 has been \$10,159,350.71 distributed among:—

	1915.	The same in 1914.	The same in 1913.	The same in 1912.
	\$ cts.	\$ cts.	\$ cts.	\$ cts.
Losses paid.....	5,947,653 58	5,729,042 86	5,786,981 58	5,552,013 37
General expenses.....	3,701,263 00	3,639,927 00	3,676,506 81	3,907,664 69
Dividends to stockholders	510,429 13	329,588 53	481,899 58	447,536 79
Totals...	10,159,350 71	9,698,558 39	9,945,387 97	9,907,214 85

Thus it appears that for every \$100 of income there has been spent \$94.59, namely: for losses, \$55.38; for general expenses, \$34.46, and for dividends to stockholders, \$4.75. Hence, also, for every \$100 of premiums received there has been paid out \$101.51, namely: \$59.43 for losses, \$36.98 for expenses, and \$5.10 for dividends to stockholders.

COMPANIES OTHER THAN FIRE OR LIFE.

Insurance business other than fire or life was carried on in Canada during the past year by seventy-seven companies: 28 Canadian, 14 British and 35 United States companies. Thirty-seven of these companies likewise transacted fire insurance, and one transacted life insurance.

In addition to these seventy-seven companies, there were five fraternal orders or societies which carried on sickness insurance and also life insurance.

CANADIAN COMPANIES.

Of these twenty-eight Canadian companies which carried on business other than fire or life, twenty-one transacted miscellaneous classes of business only. Of these thirteen transacted sickness insurance; twelve, accident insurance; seven, plate glass insurance; eight, guarantee insurance; nine, automobile insurance; two, steam boiler insurance; four, burglary insurance; one, weather insurance; one, hail insurance; one, live stock insurance; and one, title insurance.

At the end of the year the assets of these twenty-one companies amounted to \$7,425,487.18.

Their total liabilities amounted to \$2,033,488.01, made up as follows:—

Unsettled losses.....	\$ 770,307 15
Reserve of unearned premiums.....	936,026 78
Sundry.....	327,154 08
	<hr/>
	\$ 2,033,488 01

The excess of assets over liabilities was \$5,391,999.17. The capital stock paid up in cash was \$2,591,212.47. There was thus a surplus over all liabilities and capital stock of \$2,800,786.70, being a decrease in surplus over the preceding year 1914, of \$92,787.27.

The following table shows the total gain or loss in policyholders' surplus during the year in respect to each company, and likewise shows the various sources of this gain or loss.

In the first column there is tabulated the "Underwriting Profit". This is the excess of premiums earned over losses incurred and expenses incurred. The premiums earned are arrived at by adding to the net cash received for premiums the outstanding premiums at the end of the year, and deducting the outstandings at the beginning of the year. From the net premiums *written* thus obtained, there is deducted the increase in the *unearned* premiums. Where the losses and expenses incurred are in excess of the earned premiums there will be an underwriting loss, which is tabulated in the sixth column.

In the second column is tabulated the interest and rents earned. This is formed in a similar manner to that of the premiums *written*, by adding to the cash received for interest and rents, the outstandings at the end of the year, and deducting the outstandings at the beginning of the year.

In the third column is tabulated the amount received from shareholders during the year.

In the fourth column the gains from other sources are tabulated. This will include gain in market value of investments, etc.

The fifth column gives the totals of the first four columns.

In the sixth is given the underwriting loss, and in the seventh the losses through other sources, such as losses on investments, loss in market value of investments, etc. In the eighth column are tabulated the dividends declared during the year. The ninth column gives the totals of the sixth, seventh and eighth. The last column, being the difference between the fifth and the ninth, gives the total net gain or loss in policyholders' surplus, the minus sign denoting a loss.

The total net gain in surplus was \$202,579.28. Thirteen companies made again, and eight companies showed a loss.

The dividends declared amounted to \$145,823.87, which is less than the interest and rents earned upon investments. The total net underwriting gain was \$90,411.49, as against a gain of \$88,812.93 in 1914.

Loan Companies' Bonds.—The Board had under consideration a memorandum from the Superintendent of Insurance with reference to the application of the Land Mortgage Companies' Association of the province of Ontario to have the debentures of loan companies accepted by the government as deposits on behalf of insurance companies in which he reports that the said association is composed of incorporated loan companies or societies authorized to lend money on real estate in the province of Ontario, and all such companies or societies are eligible for membership upon payment of certain fees; that the loan companies which compose the said association may be divided into the following classes:—

I. Companies incorporated under the provisions of the statutes of the province of Canada, 9 Victoria, chap. 90, consolidated in chapter 53 of the Consolidated Statutes of Upper Canada, included in chapter 184 of the Revised Statutes of Ontario (1914), and commonly known as “The Loan and Trust Corporations Act.”

II. Companies incorporated under the “Canada Joint Stock Companies' Act, 1877,” now known as ‘The Companies Act,’ being chapter 79 of the Revised Statutes of Canada (1906).

III. Companies incorporated under special Acts of the Legislature of the province of Canada or of the Parliament of the Dominion of Canada.

SESSIONAL PAPER No. 8

IV. Companies incorporated under the 'Ontario Joint Stock Companies' Letters Patent Act, 1874,' being now chapter 187 of Revised Statutes of Ontario, 1914, commonly known as "The Ontario Companies Act."

V. Companies incorporated under the English Companies' Act, and licensed to transact business in Canada under 37 Victoria, chapter 49, (now Part IV of 'The Companies Act,' chapter 79 of the Revised Statutes of Canada.)

The Board, after careful consideration of the report of the Superintendent of Insurance as to the class of securities upon which the above companies can invest their funds, and as to the borrowing powers of the said companies, direct that the debentures and debenture stock of such companies, belonging to the said association, as meet the requirements hereinafter set forth, may be accepted as deposits on behalf of the insurance companies, at such rate as the Treasury Board may see fit to place upon them not, however, to exceed the value usually placed upon municipal securities, viz., 90 per cent of the par value thereof when the market value is at least equal to such par value or 90 per cent of the market value when the market value is less than the par value.

(The rate of acceptance has since been changed to 95 per cent of the market value at the time of deposit, such accepted value in no case to exceed par. See below T.B., June 14, 1900.)

The requirements above referred to are as follows:—

1. The company shall have kept strictly within the powers in relation to borrowing and investment conferred upon it by the Act under which it is incorporated.
2. It shall have a paid up capital of at least \$500,000.
3. It shall have been in successful operation as a loan company for not less than ten years.
4. It shall have a reserve fund amounting to not less than 25 per cent of its paid up capital.
5. Its stock shall have a market value of not less than par.

The Board also direct that every application on behalf of an insurance company for the acceptance of any such debentures or debenture stock as herein above provided shall form the subject of a special reference to the Treasury Board, and that the company shall supply, for the information of the Board, all necessary particulars, including a statement of the borrowing powers and powers of investment of the loan company whose securities are offered as a deposit, and a statement showing in detail the nature of the investments of such loan company, all properly verified. (T.B., October 16, 1896.)

No assurance of acceptance of bonds by the Treasury Board.—The Superintendent asks the decision of the Board upon the following questions, viz.:—

"Will the Board inform a company desirous of purchasing certain bonds or securities whether they will be accepted or not as a deposit in the event of their being purchased?"

* * * * *

"The Board, after deliberation, are of the opinion that they cannot give any assurance to any company that securities will or will not be accepted in the event of their being purchased." (T.B., April, 1, 1889.)

Deposit Receipts.—"The Board direct that deposit receipts be not accepted in any case as a deposit on behalf of any company." (T.B., January 25, 1888.)

Bank Stocks, etc.—"Bank stock or shares in any private company will not be accepted." (O.C., January 17, 1876.)

Registered Bonds as Deposits.—"When registered bonds are received as deposits they must be registered in the name of the Receiver General. Bonds registered in the name of a company accompanied by an assignment in favour of the Receiver General, will not be accepted. When registered bonds are intended to be used as a deposit, they should, before being forwarded to this Department be registered thus—in the name of 'The Receiver General of Canada in trust for (giving the name of the company) being part of the deposit made by the company with said Receiver General, in pursuance of the statutes of Canada in that behalf.' (T.B., July 13, 1891.)

Deposit and Registration of Bonds with financial agents in England.—"The Minister recommends that such securities be transferred to and registered in the names of the High Commissioner for Canada and the Manager for the time being of the Agency of the Bank of Montreal in London, England." (Approved by O.C. February 3, 1893.)

Foreign Municipal Securities.—"The Board are of opinion that no municipal securities other than Canadian should be accepted for deposit under the Insurance Act." (T.B., January 30, 1894.)

Exchange of Securities deposited with the Receiver General.—"The Board establish the following rule, viz., that bonds or securities of any kind deposited with the Receiver General can be released and withdrawn only upon the deposit with the Receiver General of an adequate amount of other securities satisfactory to the Board." (T.B., October 28, 1899.)

Municipal and other Securities as Deposits.—"The Board on the report of the Superintendent of Insurance, direct as follows:—

(1) That Canadian municipal securities, Montreal Harbour bonds, Canadian Pacific Land Grant bonds, United States state securities and loan companies' debentures (where such securities are in all respects acceptable to the Treasury Board) be hereafter accepted at 95 per cent of their market value at the time of deposit, such accepted value in no case however to exceed par

(2) That all securities of the classes mentioned in the preceding clause (1), which have been heretofore deposited and are still in the hands of the Dominion Government at Ottawa, or in the hands of the Bank of Montreal, London, England, on behalf of the government, be revalued upon the basis set out in said clause (1).

(3) That for the purpose of such revaluation the various insurance companies by which such securities have been deposited be required to furnish from time to time when called for by the Superintendent schedules thereof giving the full particulars of such securities, including their par and market values, such par and market values to be certified to by a competent valuator or appraiser." (T.B., June 14, 1900.)

Respecting quality of paper and type used in bonds to be hereafter deposited with the Receiver General.—The Board had under consideration reports from the Comptroller of Dominion Currency and the Superintendent of Insurance in reference to the quality of the paper upon which bonds for deposit with the Receiver General are engraved, lithographed or printed, and also in reference to the quality of type used for such purpose.

From the reports above referred to, it appears that there are now on deposit with the Receiver General in the custody of the Comptroller of Dominion Currency, bonds and debentures to the amount of more than \$38,000,000, which are held under and for the purposes of the Insurance Act; that of these securities about 65 per cent are municipal, the greater portion of which have half-yearly

SESSIONAL PAPER No. 8

or yearly coupons attached; that in some cases the principal is payable in yearly or half-yearly instalments, such instalments being sometimes represented by coupons attached to the bond, and sometimes by separate bonds; that these bonds and debentures have, when deposited, periods to run varying from two or three years to fifty years, and all such must be handled at least once and generally twice each year, and that notwithstanding the greatest care, the removal from the box containing them, unfolding, cutting and refolding and replacing them must of necessity to a certain extent wear and injure them, and hence the necessity of having all bonds, when deposited, in such sound condition that they may be reasonably expected, notwithstanding the unavoidable wear and tear, to hold together until the date of maturity; that many of the debentures now held are of the commonest kind of paper; that the coupons attached from constant handling, are frequently torn, and that many of those on the debentures recently taken have been in such bad condition that they had to be patched before they were put into the vault.

In view of the above representations, and on the recommendation of the Superintendent of Insurance, the Board direct, that of the securities hereafter offered for the above named purposes only such be accepted as are either engraved, lithographed or printed in clearly legible type on tough, durable paper: Provided, however, that for good and sufficient cause shown bonds not meeting the foregoing requirements may be temporarily accepted.

The Board further direct that a copy of this Minute be sent to every licensed insurance company, and also that the Minute be published by the Superintendent of Insurance in his annual report. (T.B., June 5, 1908.)

Deposits by British or Foreign Companies in respect of Hail Insurance Business.—The Board direct that all such companies be notified that hereafter deposits in respect of the business of hail insurance will be required to be at all times maintained to an amount at least equal to fifty per cent of the net hail premiums received in Canada during the preceding calendar year." (T.B. May 19th, 1916.)

LEGAL DECISIONS.

1. THE INSURANCE CASE.

ATTORNEY-GENERAL FOR CANADA V. ATTORNEY-GENERAL OF ALBERTA AND ATTORNEY-GENERAL OF BRITISH COLUMBIA.

Judicial Committee of the Privy Council, the Lord Chancellor, Viscount Haldane, Lord Parker of Waddington, and Lord Sumner. February 24, 1916.

1. *Constitutional Law (Sec. II A 3—197)—Federal regulation of insurance business—Interference with civil rights—Provincial companies.*

Secs. 4 and 70 of the Insurance Act (Can.), 1910, 9 and 10 Edw. VII, ch. 32, prohibiting under penalty any person or corporation from engaging in insurance business unless it be done by, or on behalf of a company of underwriters holding a license from the Minister, deprive private individuals of their liberty to carry on the business of insurance and is an interference with the civil rights of individuals and corporations, as well as an encroachment upon the legislative powers of provinces to confer such rights upon corporations beyond the provincial limits, and, therefore, *ultra vires* of the Dominion Parliament.

[*Bonanza Case*, 26 D.L.R. 273, followed; *Re Insurance Act*, 15 D.L.R. 251, 48 Can. S.C.R. 260, affirmed].

2. *Constitutional law (Sec. II E 1—440)—Laws for peace, order and good government—Scope of Dominion powers.*

The general authority to make laws for the peace, order and good government of Canada, which the initial part of sec. 91 of the British North America Act confers, does not, unless the subject-matter of legislation falls within some of the enumerated heads which follow, enable the Dominion Parliament to trench on the subject-matters entrusted to the provincial legislatures by the enumeration in sec. 92 of the Act.

[*Russell v. The Queen*, 7 App. Cas. 829, followed; *Hodge v. The Queen*, 9 App. Cas. 117; *John Deere Plow Co. v. Wharton*, 18 D.L.R. 353, [1915] A.C. 330, referred to.]

3. *Constitutional law (Sec. II A2 —1942)—Dominion powers—Regulation of trade and commerce—Foreign companies.*

The Dominion Parliament in virtue of the power to regulate trade and commerce under sec. 91 (2) of the British North America Act, has jurisdiction to require a foreign company to take out a license from the Dominion Minister, even in a case where the company desires to carry on its business only within the limits of a single province.

Appeal from the judgment of the Supreme Court of Canada, 15 D.L.R. 251, 48 Can. S.C.R. 260.

VISCOUNT HALDANE: This is an appeal from a judgment of the Supreme Court of Canada (15 D.L.R. 251, 48 Can. S.C.R. 260), answering certain questions put to the Judges by a reference from the Government of the Dominion. The questions so referred were as follows: 1. Are secs. 4 and 70 of the Insurance Act (ch. 32), 1910, or any and what part or parts of the said questions, *ultra vires*, of the Parliament of Canada? 2. Does sec. 4 of the Insurance Act, 1910, operate to prohibit an insurance company incorporated by a foreign State from carrying on the business of insurance within Canada, if such company does not hold a license from the Minister under the said Act, and if such carrying on of the business is confined to a single province?

Sec. 4 is in these terms:—

In Canada, except as otherwise provided by this Act, no company or underwriters or other persons shall solicit or accept any risk, or issue or deliver any receipt or policy of insurance, or grant any annuity on a life or lives, or collect or receive any premiums, or inspect any risk, or adjust any loss, or carry on any business of insurance, or prosecute or maintain any suit, action or proceeding, or file any claim in insolvency relating to such business, unless it be done by or on behalf of a company or underwriters holding a license from the Minister.

The Minister is defined in the Act to mean the Minister of Finance of the Dominion.

Section 70 is an ancillary section, which imposes a penalty on every person who contravenes or attempts to contravene the provisions of the above and other sections. Section 3 provides that the provisions of the Act shall not apply to any contract of marine insurance effected in Canada by any company authorized to carry on such business within Canada, nor to any company incorporated by an Act of the late Province of Canada, or by an Act of the legislature of any province now forming part of Canada, which carries on the business of insurance wholly within the limits of the province by the legislature of which it was incorporated, and which is within the exclusive control of the legislature of such province. Section 3 also provides that any such company as is last described may, by leave of the Governor-in-Council, avail itself of the

SESSIONAL PAPER No. 8

provisions of this Act on complying with the provisions thereof, and that, if it so avails itself, these provisions shall then apply to it, and such company shall thereafter have the power of transacting its business of insurance throughout Canada. Section 12 enacts that no license shall be granted to any individual underwriter or underwriters to carry on any kind of insurance business, excepting in the case of associations of individuals formed upon the plan known as Lloyds, under which each associate underwriter becomes liable for a proportionate part of the whole amount insured by a policy. The Act contains other restrictive and regulative provisions.

It will be observed that sec. 4 deprives private individuals of their liberty to carry on the business of insurance, even when that business is confined within the limits of a province. It will also be observed that, even a provincial company, operating within the limits of the province where it has been incorporated, cannot, notwithstanding that it may obtain permission from the authorities of another province, operate within that other province without the license of the Dominion Minister. In other words, the capacity in interfering with which, according to the judgment just delivered by their Lordships in the case of the *Bonanza Company, ante*, such a company possesses to take advantage of powers and rights proffered to it by authorities outside the provincial limits. Such an interference with its status appears to their Lordships to interfere with its civil rights within the province of incorporation, as well as with the power of the legislature of every other province to confer civil rights upon it. Private individuals are likewise deprived of civil rights within their provinces.

It must be taken to be now settled that the general authority to make laws for the peace, order and good government of Canada, which the initial part of sec. 91 of the B.N.A. Act confers, does not, unless the subject-matter of legislation falls within some one of the enumerated heads which follow, enable the Dominion Parliament to trench on the subject-matters entrusted to the provincial legislatures by the enumeration in sec. 92. There is only one case, outside the heads enumerated in sec. 91, in which the Dominion Parliament can legislate effectively as regards a province, and that is where the subject-matter lies outside all of the subject-matters enumeratively entrusted to the province under sec. 92. *Russell v. The Queen*, 7 App. Cas. 829, is an instance of such a case. There the Court considered that the particular subject-matter in question lay outside the provincial powers. What has been said in subsequent cases before this Board makes it clear that it was on this ground alone, and not on the ground that the Canada Temperance Act was considered to be authorized as legislation for the regulation of trade and commerce, that the Judicial Committee thought that it should be held that there was constitutional authority for Dominion legislation which imposed conditions of a prohibitory character on the liquor traffic throughout the Dominion. No doubt the Canada Temperance Act contemplated, in certain events, the use of different licensing Boards and regulations in different districts, and to this extent legislated in relation to local institutions. But the Judicial Committee appear to have thought that this purpose was subordinate to a still wider and legitimate purpose of establishing a uniform system of legislation for prohibiting the liquor traffic throughout Canada, excepting under restrictive conditions. The case must, therefore, be regarded as illustrating the principle, which is now well established, but none the less ought to be applied only with great caution, that subjects which, in one aspect and for one purpose, fall within the jurisdiction of the provincial legislatures, may in another aspect and for another purpose fall within Dominion legislative jurisdiction. There was a good deal in the Ontario Liquor License Act, and the powers of regulation which it entrusted to local authorities in the province, which seems to cover part of the field of legislation recognized as belonging to the Dominion in *Russell v. The Queen*, 7 App. Cas. 829. But in *Hodge v. The Queen*, 9 App. Cas. 117, the Judicial Committee had no difficulty

in coming to the conclusion that the local licensing system which the Ontario statute sought to set-up was within provincial powers. It was only the converse of this proposition to hold, as was done subsequently by this Board, though without giving reasons, that the Dominion licensing statute, known as the McCarthy Act, which sought to establish a local licensing system for the liquor traffic throughout Canada, was beyond the powers conferred on the Dominion Parliament by sec. 91. Their Lordships think that, as the result of these decisions, it must now be taken that the authority to legislate for the regulation of trade and commerce does not extend to the regulation by a licensing system of a particular trade in which Canadians would otherwise be free to engage in the provinces. Section 4 of the statute under consideration cannot, in their opinion, be justified under this head. Nor do they think that it can be justified for any such reasons as appear to have prevailed in *Russell v. The Queen*, *supra*. No doubt the business of insurance is a very important one, which has attained to great dimensions in Canada. But this is equally true of other highly important and extensive forms of business in Canada, which are to-day freely transacted under provincial authority. Where the B.N.A. Act has taken such forms of business out of provincial jurisdiction, as in the case of banking, it has done so by express words, which would have been unnecessary had the argument for the Dominion Government addressed to the Board from the Bar been well-founded. Where a company is incorporated to carry on the business of insurance throughout Canada, and desires to possess rights and powers to that effect operative apart from further authority, the Dominion Government can incorporate it with such rights and powers, to the full extent explained by the decision in the case of the *John Deere Plow Co.*, 18 D.L.R. 353, [1915] A.C. 330. But if such a company seeks only provincial rights and powers, and is content to trust for the extension of these in other provinces to the governments of these provinces, it can at least derive capacity to accept such rights and powers in other provinces from the province of its incorporation, as has been explained in the case of the *Bonanza Co.*, *ante*.

Their Lordships are, therefore, of opinion that the majority in the Supreme Court were right in answering the first of the two questions referred to them in the affirmative.

The second question is, in substance, whether the Dominion Parliament has jurisdiction to require a foreign company to take out a license from the Dominion Minister, even in a case where the company desires to carry on its business only within the limits of a single province. To this question their Lordships' reply is that in such a case it would be within the power of the Parliament of Canada, by properly framed legislation, to impose such a restriction. It appears to them that such a power is given by the heads in sec. 91, which refer to the regulation of trade and commerce and to aliens. This question also is, therefore, answered in the affirmative.

Their Lordships will, therefore, humbly advise His Majesty that the questions referred to should be answered as now indicated. Following the usual practice, there will be no order as to costs.

2. FIRE INSURANCE.

(a) *Chose-in-Action—Equitable Assignment—Bill of Exchange—Non-Acceptance—Insurance—Fire Insurance—Moncys Payable under Proviso Requiring Proof before Payment—Garnishee Order—Moneys Payable Under Fire Insurance Policy—Want of Certainty—Effect of Repudiation of Liability by Insurance Company.*

A letter in the following form:—

"Security National Ins. Co.,
Winnipeg.

DEAR SIRs,—Please pay to Messrs. Finkelstein, Levinson & Cameron the sum of \$109, and for so doing this shall be your authority.

Yours truly,

M. J. BROOKLER.

is not an order or equitable assignment at all, but a bill of exchange, whereon in the absence of written acceptance by it the addressee cannot be held liable. (Hall v. Prittie, 17 A.R. 306 followed.)

The claim of an insured person under a policy of insurance against loss by fire, which provides that the loss shall not be payable until thirty days after the completion of the proofs of loss usually required, cannot be attached by a garnishing order before such completion.

The only kind of liability which can be attached under rr. 759 and 761 is a purely pecuniary one and must be absolute and not dependent upon a condition which may or may not be fulfilled. (Lake of the Woods Milling Co. v. Collin, 13 Man. L.R. 154 referred to.)

When a policy of fire insurance contains a condition giving an option to the company to replace the destroyed property instead of paying the insurance money if they should so decide within a certain time, a garnishing order will be of no avail, if served before the expiration of that time, as an attachment of the insurance money; since it will not then be certain that any pecuniary liability would ever arise under the policy.

Quacore, as to whether a condition giving a right of election to "repair, rebuild or replace" could apply to "raw manufactured furs, etc."

Quaere, also as to effect of repudiation of liability by an insurance company in absolving the insured from compliance with a condition precedent.

June 5, 1915—King's Bench, Manitoba—Brookler v. Security National Insurance Co.—*Western Weekly Reports*, June 19, 1915, p. 861.

(b) *Insurance—Misrepresentation as to Ownership—Materiality.*

Notwithstanding the condition in an insurance policy that "any fraud or false statement in a statutory declaration shall vitiate the claim," a representation or statutory declaration by the assured that he was the owner of the property, whereas, in fact, the property was purchased with the funds of the assured's brother but intended for the assured, does not materially affect the risk as vitiating the policy on that account.

- (c) *Principal and agent—Remuneration of agent by commissions—Additional commission on annual net profits—How arrived at—Deductions—Fire Insurance Company.*

The judgment of the Supreme Court of Nova Scotia, in the case of Douglas Bros. v. Acadia Fire Insurance Co., 47 *Nova Scotia Supreme Court Reports*, 517, was appealed to the Privy Council and by the judgment delivered on the 14th July, 1914, the decision of the Supreme Court was reversed and that of the Trial Judge restored.

- (d) *Insurance—Prohibited keeping of gasoline—Distant location—Materiality to risk.*

Keeping a barrel of gasoline, about 16 feet from the building, is not a breach of condition in a fire insurance policy that the policy shall become void if more than five gallons of gasoline were "kept and stored" at one time in the building containing the insured goods; nor is it a circumstance material to the risk, non-disclosure of which would avoid the policy, where the insurance company at the time of issuing the policy had knowledge of the circumstances and the gasoline so stored is required for daily use.

(This is an appeal from a decision of the Supreme Court of Nova Scotia, 17 D.L.R. 378.)

- (e) *Principal and agent—Liability of agent—Disobedience of instructions.*

An agent who disobeys the instructions of his principal is liable to pay for any loss which in the ordinary course of things is the result of such disobedience.

- (e) 2. *Insurance—Agents—Unauthorized acceptance of risk—Liability of agent.*

An insurance agent who exceeds his authority in underwriting a risk at a lower rate than that authorized by the insurance company, will, in the event of loss, be liable to the company to the extent of the loss it is made to pay.

- (e) 3. *Damages—Measure of—Breach of agency contract—Issuing policy under unauthorized rate—Liability for loss.*

In an action by an insurance company against their agent for issuing a policy under an unauthorized rate, the proper measure of damages is the loss the company is obliged to pay and not the difference between the premiums at which the policy was issued and the rate at which the risk would have been accepted.

Upon an assignment of fire insurance policies to a municipality after the latter has indemnified the owner for all damages sustained from the demolition of a building under art. 4426, R.S.Q. 1888, to arrest the progress of a fire, the municipality is entitled to be subrogated to all the rights of the owner and recover from the insurance company the loss payable under the policies.

(g) *Insurance*—"Sporting House"—Cancellation—Tender of unearned premium
Credit of amount of premium.

(*Semble*.) The cancellation notice contemplated by the statutory conditions for Fire Insurance Policies is a ten days' notice and a notice to the effect that a policy shall not be in force after the date of the notice is an insufficient notice of cancellation.

Failure to tender the premium unearned at the date of a cancellation notice or to account to the insured for the same prevents the termination of the policy.

A contract of fire insurance upon "a sporting house" is not an immoral contract so as to render the insurance void. (*Morin v. Anglo-Canadian Fire Insurance Co.*, 13 W. L. R. 667 followed.)

Where a policy of insurance issued on a credit basis the risk must attach from the date of issue. (*Bell Bros. v. Hudson Bay Ins. Co.*, 44 S. C. R. 419 referred to).

Owing to the defective installation and maintenance of a live electrical wire by the defendants, the convent of St. Ann at Victoria was burnt, and the proprietors recovered on a policy effected with the plaintiff company. Thereafter the proprietors, by deed poll, authorized the plaintiff company in its own name and for its own benefit to sue for the damages suffered by them, but gave no notice in writing of the assignment to the defendants. After the action was begun, but more than six months after the fire, the proprietors were added as co-plaintiffs.

Held, that (1) the claim against the Railway Company was assignable (*King v. Victoria Insurance Co.*, 1896, A. C. 250 followed); (2) owing to want

of notice in writing the assignees could not sue in their own name (*Dell v. Saunders*, 6 W.W.R. 657 followed); (3) apart from the assignment upon payment of the loss, the plaintiff company was in law subrogated to the rights of the proprietors and entitled to bring an action in the name of the latter; (4) by virtue of s. 44 of the Consolidated Railway Company's Act, 1896, no contractual relationship existed between the proprietors and the defendant company, and that therefore an action in the name of the proprietors was barred by s. 60 of the same act (*B.C. 3. ACCIDENT INSURANCE.

(k) *Accident Insurance—Bodily injury—Accidental means—Sprained wrist—Recovery delayed by presence of disease in system—Disability caused exclusively by accident—"Total Disability"—Findings of fact of trial judge.*

By a policy issued by the defendant company, the plaintiff was insured against "bodily injury sustained . . . through accidental means . . . and resulting, directly, independently, and exclusively of all other causes, in an immediate, continuous, and total disability that prevents the assured from performing any and every kind of duty pertaining to his occupation . . ." The plaintiff's occupation was that of an eye, ear, nose and throat specialist. While travelling upon a railway train, he was thrown or fell from an upper berth in a sleeping-car, as the result of which the wrist of his left hand was badly sprained; after the lapse of two and a half years his arm had not recovered, and any future recovery was problematical; the arm was useless to the plaintiff, by reason of its swollen condition and rigidity. In this action the plaintiff, alleging total disability, sought to recover \$150 a week for thirteen weeks, from the 1st March, 1915, to the 30th May, 1915—the accident having occurred on the 30th May, 1913.

Held, upon the evidence, that the condition of the arm was referable, to some extent at least, to the presence in the plaintiff's system of tuberculosis; but, nevertheless, that the bodily injury resulted, independently and exclusively of all other causes, in the plaintiff's total disability; the disease which had intervened was not another cause within the meaning of the policy—the tuberculosis was in the system, but was harmless until, as the direct result of the bodily injury, it was given an opportunity to become active.

Held, also, upon the evidence, that the plaintiff's injury entirely precluded him from doing any special work on the eye, ear, nose and throat—and that constituted "total disability" within the meaning of the policy.

A stipulation in an employers' liability policy issued to a municipality that it shall not cover loss from liability for injuries or death caused to a person unless his compensation is included in the scheduled estimate on which the insurance was based, will exclude liability by the insurance company in respect of employees of the city completing works which had been let to contractors at the time the policy was taken out, but which afterwards were taken over by the city on the contractor's default; consequently no action lies against the city for an excess premium on the basis of the additional wages on such work not contemplated in the insurance contract paid to city workmen completing the contract work as to whom no claim was made nor could be substantiated on the city's behalf.

On the 3rd August, 1907, an agreement was made between McP. and McG. and reduced to writing. McG. agreed to buy a certain "saw-mill and machinery, as it stands to-day, at the sum of \$7,500, to be delivered in as good state and condition as at the present, at the end of the present season of saving." McP. recovered judgments against McG. in two actions for instalments of the purchase-money, and placed writs of execution in the sheriff's hands. The sheriff, having in his hands also executions of B. against McG., seized certain logs, which were claimed by a lumber company, and an interpleader issue was ordered to be tried, in which McP. and B. were plaintiffs and the lumber company was defendant. This issue was finally decided in favour of McP. and B. in November, 1912: *McPherson v. Temiskaming Lumber Co.*, 1913 A.C. 145. The mill and

machinery remained unmoved until January, 1913, when McP. sold them for \$1,750. He also sold the land upon which the mill stood.

In an action by McP. and B. upon the interpleader bond and upon an issue directed to be tried for the purpose of determining whether the judgment recovered by McP. had been satisfied in whole or in part, it was *held*, by Middleton, J., the trial Judge, following *Lavery v. Pursell* (1888), 39 Ch. D. 508, that the mill was to be regarded as land; and, following *Cameron v. Bradbury* (1862), 9 Gr. 67, and *Gibbons v. Cozens* (1898), 29 O.R. 356, that by reselling McP. had precluded himself from afterwards proceeding upon his judgments, even for the balance of his claim after crediting the \$1,750; but had not precluded himself from enforcing the judgments for the costs thereby awarded. And therefore the executions in respect of the instalments should be directed to be withdrawn, and the executions with respect to costs should be declared to remain in force.

Upon appeal, the four Judges composing a Divisional Court of the Appellate Division were equally divided in opinion.

Per Falconbridge, C.J., K.B., and Latchford, J.: The contract was not for the sale of land or an interest in land; and the resale by McP. did not prevent the further enforcement of the judgments. If McP. was guilty of any abuse of the power of resale of the mill and machinery as chattels, McG. had his remedy by action for such abuse.

Held, also, by Middleton, J., and affirmed by the Divisional Court, that the liability of the obligors upon the interpleader bond was not confined to the amount remaining due on the executions of McP. and B.—other creditors having executions in the sheriff's hands were entitled to share in the fund represented by the bond.

SESSIONAL PAPER No. 8

(q) *Re Ontario Fire Insurance Co. (in liquidation).*

SCHEDULE A.

Alberta—Supreme Court Chambers—Stuart, J.—Counsel, Fred Taylor, K.C., for persons on list of contributories; H. P. O. Savary, for G. S. Ewart; A. H. Clarke, K.C., and F. S. Albright, for liquidators.

Company—Winding-Up—Transfers of Directors' Shares—Validity—List of Contributories

In this case Stuart J., held upon the facts and the construction of *The Companies Clauses Act* (R.S.C. 1886, ch. 118) ss. 24, 25, 26, made applicable to the Company by its special Act of Incorporation, that certain transfers made by directors of their own shares were improperly made and that their names ought to be added to the list of contributories, on the ground that the power to pass upon transfers of stock not fully paid up was intended by Parliament to be exercised not merely in the interests of the general body of the shareholders, but in the interest also of the public doing business with the company and becoming its actual or contingent creditors. The learned judge then said:

"I come to this conclusion simply upon the wording of the statute. But before dealing with that I think it advisable to make some observations which are perhaps more especially applicable to the question of the general liability of the directors in respect of all the shares transferred.

"I think it probably true that if there were no fraud upon the other shareholders who signed, no transfers and no breach of duty towards them, the directors cannot be bound to make any more careful enquiry into the standing of a proposed transferee where they are transferring their own shares than would be demanded of them when passing upon a transfer of a shareholder who is not a director.

It is clear from the affidavit of Percy W. Thomson that the offer of Rice was communicated to all the shareholders so that an equal opportunity was given to all to accept. Rice was not paying anything for the shares and it was therefore a matter of indifference to him if every single shareholder took up his offer, at least, if we assume that the amount unpaid on one-half the stock would be sufficient to meet all the then outstanding liabilities which I think was the case. Of course, the shareholders were entitled to be informed not only of Rice's offer, but also of the exceedingly difficult and dangerous position in which the company then stood. I am inclined to think that it might not improperly be inferred from the evidence before me that the shareholders were fairly well advised of the unsatisfactory condition of the company.

"But, however this may be, there is the high authority of Lord Cairns in his judgment, delivered in the House of Lords in *Murray v. Bush*, L.R. 6 H.L. 37, 42 L.J. Ch. 586, that a remedy against the directors could, in such a case, only be obtained by a bill in equity and not under winding-up proceedings.

"It is also somewhat difficult for me to reconcile the views expressed by Lord Cairns with any application to the case of a director transferring his own shares of the third rule laid down in *In re Discoveries Finance Corpn., Lindlar's Case* [1910] 1 Ch. 312, 79 L.J. Ch. 193, which is in any case only *obiter* and expressed also only in respect of a transfer by a person who is a shareholder only.

"For the purpose of the single matter which is before me for decision, viz.: whether the old directors can be made liable in respect of their own shares which they transferred, I do not think it necessary to go beyond the terms of *The Companies Clauses Act*. Under the terms of that Act, I do, indeed, find it difficult to see how the directors can be in any worse position with regard to a

transfer made by themselves than with regard to a transfer made by an ordinary shareholder. In the one case as in the other, the test seems to me to be in the question, 'Was the transferee not apparently of sufficient means?' It is true that as a general rule a director will be liable to know more about his own purchaser or transferee than about the proposed transferee from an ordinary shareholder. But in either case the same rule must apply according to the facts. In the case of his own transferee things in fact may be *apparent*, or will likely be apparent, but in either case the meaning of the statute must surely be that judgment must be passed upon the Act of the directors in approving the transfer according to what was or was not *apparent to them*. I think that in either case one result of the statute is that the directors must not approve a transfer to a person, for instance, about whom they know absolutely nothing at all, for in such a case the transferee cannot appear to be of sufficient means. The effect of the statute obviously is that in order to be relieved, there must be a *positive appearance* of sufficient means. If the word 'not' had been differently placed so that the phrase would read '*apparently* not of sufficient means,' then I think the effect would have been to make the burden upon the directors lighter because then there would have to be a positive appearance of insufficiency in order to impose the burden; whereas, as the words are placed, there must be to them a positive appearance of sufficiency in order to relieve them from it. The question, therefore, is whether the liquidator has shown that there was not such a positive appearance of sufficiency. This reveals a distinction which must be borne in mind between the burden of inquiry or knowledge or judgment, or whatever it may be called which rested upon the directors at the time of approval of the transfers and the burden of proof which rested upon the liquidator at the hearing of the application. I think that in the first instance the burden of proof that the transferees did not present to the directors such a positive appearance of sufficiency as would relieve them from the burden otherwise imposed by the statute rested upon the liquidator. In view of this circumstance, that the burden upon the liquidator was that of proving a negative, I think he went as far as the court would call upon him to go, or as he could be expected to go, and that he should not be expected to exhaust all possible facts which might have appeared to the directors and show that they did not so appear, but that he having gone as far as he did, the directors, if they claimed that certain facts did appear to them to be true with respect to the proposed transferee which apparently showed him to be possessed of sufficient means, should have presented such facts to the court on their own behalf.

Now, how far did the liquidator go in his proof? It was shown that Rice happened to be in St. John in connection with some business of the Western Canada Fire Insurance Co., of which he was a managing director, that some of the officers of the Ontario suggested to him the question of acquiring the control or ownership of that company, that Rice informed them that his company had no power to buy shares in another company, that he telegraphed the proposal to Walker, then president of the Western Canada, who replied that more information was needed, which telegram I must infer was brought to the attention of the Ontario Directors and that then Rice signed the offer drawn up by Ewing and the power of attorney to P. W. Thomson to accept on his behalf, that he immediately left for the west, and that then the very next day, with what would appear to have been rather indecent haste, 1258 shares were transferred to him, either by the directors themselves, or by shareholders to whom they immediately communicated the offer and with whom they must have been very closely in touch. Rice was not paying anything for these shares to the transferors so that the directors as transferors had no direct personal interest in his financial standing. He was, however, to their knowledge, assuming a contingent obligation to the company which would become a real one whenever calls were made

SESSIONAL PAPER No. 8

to the extent of \$62,900. Is it not fairly clear from the circumstances that Rice did not really positively appear to the directors to be of sufficient means to meet such a possible obligation? His offer was received on the 19th. His residence was in Calgary and his business centered there. There is no evidence of any intervening inquiries having been made about him prior to the execution of the transfers. Owing to the distance and the shortness of the time, I think it is in any case impossible that really sufficient inquiries could have been made. But there is more than that. It seems to me that the inference must be made from the facts proven, and particularly from some of the later telegrams which I have quoted, that the directors knew perfectly well that Rice had not the slightest intention of purchasing all these shares in his own name but really intended to get other people, to the directors absolutely unknown, to become the owners of them. They could not have thought that the resources of the Western Canada as a company were behind him because they had been informed that that Company had no power to acquire shares in another company and they, therefore, must have known that for sufficiency of means they must look to individuals only, to Rice and his associates. It is true that by the insertion in the offer which Rice signed of a guarantee to pay \$35,000 upon the shares acquired either in cash or securities satisfactory to the superintendent of insurance the directors seem to have to some extent been conscious of their duty. But the mere fact that Rice signed such a guarantee cannot be said to have added any strength to his appearance of sufficiency, because it did not decrease the extent of his obligation and it furnished no evidence at all of his financial strength. If the directors had waited before approving of the transfers until they saw how far he could fulfil that obligation, and had seen that he was fulfilling it, their case would have been different. Even when the time came to fulfil it only \$10,000 in cash was forthcoming and the securities turned over, to which I have not heretofore referred, were obviously very flimsy. How they satisfied the superintendent of insurance, if they did satisfy him, I fail to understand.

Even if events, which occurred, subsequent to the date of the bulk of the transfers in question, viz.: September 20th, could have any bearing on the matter, I can find nothing in any of these events which would strengthen the appearance of sufficiency. The telegram of September 30th, which purports to be signed by Rice and which, although he denied it, I think he probably did sign, does indeed indicate that the expected money was to be raised by a call upon the shareholders of the Western Canada, but this, in my opinion, carries the matter no further, because there is every reason to believe that the directors knew absolutely nothing about the apparent sufficiency of those shareholders to meet any call upon them. Moreover, they knew because they had been told, and it was in the law, that there was no right to use the funds of the Western Canada as a company to pay for and purchase stock in the Ontario. Certainly they knew that there was nothing in the memorandum of September 19th which in any way bound the Western Canada as a company to stand behind Rice on his proposed purchase of their shares and they had every reason to know that no proceedings could have been taken to secure the approval of the Western Canada shareholders by September 30th, when the telegram was sent, because Rice was managing director and could not get back to Calgary before the 24th or 25th.

I think, therefore, that I am justified in finding that the liquidator has shown that the directors approved of transfers to transferees who were not apparently of sufficient means and that with respect to such transfers the effect of the statute is to place upon the directors, both jointly and severally, the same liability as the transferring shareholders would have been under except for the entry of their transfers.

There are, however, some minor questions to be dealt with. Upon the list as presented to me, the directors are not entered as being liable for any but their

own shares previously held. They are not entered as being liable jointly and severally either for each others shares or for the shares of shareholders who are not directors. I do not understand therefore that upon the motion as made before me I have any power to order that they be made contributors to any greater extent than to the amount unpaid on their own shares previously held. Not being on the share register the burden of proof in seeking to aid them was upon the liquidator as I have stated, and when I speak of their names as being upon schedule A, all that is meant is that that is a schedule of names not taken from the register as it now stands, but prepared from the stock certificate book with a view to the motion to place them upon the list.

This, I think, still leaves it open to the liquidator to move, if so advised, to add each of the old directors in question to the list, also with respect to the shares formerly held by each of the other directors and by each of the shareholders whose transfers were approved by them. And after any such motions were made and allowed if that should be the result, the position of the transferring shareholders, who were not directors, would still be left open according to the arrangement at the hearing. In view of the effect which I give to the words of the statute it becomes unnecessary to distinguish between the position of the directors *qua* transferors merely and *qua* directors. With regard to the case of Ewing, a director whose shares were never transferred at all, but cancelled and whose name is upon another schedule including a different class of alleged contributors, it would seem to be still open to the liquidator to apply to make him liable, not merely for his cancelled shares, but also under the statute for the shares of each shareholder whether co-directors or not, whose transfers he approved in violation of the statute.

The directors who transferred their own shares on September 20th were J. Royden Thomson, Robert Thomson and P. W. Thomson. Leavitt and Porter did not transfer theirs until October 24th. They, on that date, each transferred 20 shares to Craig and also resigned their position as directors. I think it is quite clear from the evidence that they knew nothing of Craig, that his name was merely sent down by Rice as a proposed transferee and that he was not to them apparently of sufficient means to meet an obligation amounting to \$2,000. There was in fact no appearance at all of any kind with respect to him. The same must also be said to the transfer by G. S. Ewart to Craig of 20 shares on October 2. Ewart was then a director and obviously knew nothing about Craig. If a motion is made to make the old directors reciprocally liable some question will arise as to these three transfers which were subsequent to September 26, when two of the Thomsons retired from the directorate, but I do not need to discuss that matter now.

The present order will be that each of the directors, Robert Thomson, J. Royden Thomson, Percy W. Thomson, George S. Ewart, R. T. Leavitt (or his estate) and A. Porter, will be added to the list of contributors with respect to the shares and for the amounts mentioned in schedule A. If the transferees are also added to the list, a question may perhaps arise as to whether the old directors are primarily or only secondarily liable, but that matter was not raised on the argument.

One word I may add, which is this, that I am unable to see what effect the subsequent supposed cancellation of shares made by the new directors in Calgary can have upon the question. I have not decided, because at the date of that action there were no shares standing in the names of the old directors which could be cancelled. The shares had undoubtedly been transferred to other persons and the liability of the directors, which I had held exists, rests, not upon their being now shareholders, but upon the words of the statutes as applied to their action in approving of the transfers.

I think the directors added must also bear a share of the costs of the application, proportionate to the amount of liability imposed upon them."

"(3) In the case of a company other than a Canadian company licensed to transact the business of hail insurance in Saskatchewan, the assets in Canada of such Company, required by this Act to be maintained, shall at all times exceed its total liabilities in Canada in respect of its business other than that of hail insurance, computed in accordance with the provisions of this Act, by an amount at least equal to fifty per centum of the total net premiums received by it in respect of its business of hail insurance in Canada during the preceding year."

APPLICATIONS FOR LICENSES UNDER CONSIDERATION.

Within the past few months several applications have been received from insurance companies for licenses to transact business under the Insurance Act, 1910.

An application has been received from a United States company, the Stuyvesant Insurance Company, for a license to transact fire insurance, and from a provincial company, the Hamilton Fire Insurance Company, which has heretofore confined its business to the Province of Ontario, for a license to transact fire insurance throughout Canada. The Scottish Union and National Insurance Company has applied for an extension of its present license to include hail insurance and the Insurance Company of North America for an extension to include tornado insurance.

INSURANCE IN CANADA.

The statements submitted herewith contain the figures for fire and miscellaneous classes of insurance transacted by all companies licensed by this Department.

There is, however, a certain volume of insurance business of all classes transacted by companies holding licenses from the governments of the various provinces of Canada, or permitted by the laws of the provinces to transact business without a license. In most of the provinces the figures for the business transacted by these provincial licensees are to be found in annual reports issued by the provincial Departments, but there is no single official report issued in Canada in which can be found the combined figures for both Dominion and provincial licensees. From a statistical standpoint this is unfortunate, and with a view to overcoming this defect, I have endeavoured to collect from the available sources the figures for the business transacted by the provincial licensees, for the year 1914, the last year for which the provincial reports are at this date available. For the business of provincial licensees in provinces in which no separate report is published, the figures have been obtained direct from the companies.

The business of the provincial licensees may be divided into three classes:

- (1) Business transacted by provincially incorporated companies, within the province by which they are incorporated,

SESSIONAL PAPER No. 8

(2) Business transacted by provincially incorporated companies in provinces other than those by which they are incorporated, and

(3) Business transacted by British and foreign companies licensed by the provincial governments.

and the compilation has been made on the basis of this classification.

The following table shows the result of the compilation for all classes of insurance business excluding marine insurance. It must be remembered that there may be and probably are cases, where the figures of the provincial licensees are not furnished on the same basis as those of Dominion licensees. The premiums may for instance be shown gross without deduction for reinsurance, or the net premiums written may be shown instead of the cash received for premiums. It is believed that these cases are few, however, and that the total figures are not appreciably affected.

SESSIONAL PAPER No. 8

EXAMINATION OF COMPANIES.

The Department has always experienced considerable difficulty in verifying the annual statements rendered to the Department by foreign companies. This difficulty has arisen chiefly from the fact that the records maintained at the Chief Agencies in Canada of these companies were insufficient to permit of satisfactory information being obtained in respect of the business transacted. In many cases the annual statements were made up by the Head Office or branch offices of the company outside of Canada and the Chief Agents had not the knowledge of the business necessary for the compilation of the statement.

In view of this unsatisfactory condition, the following circular was in June last forwarded to the Chief Agents of all these companies for the purpose of indicating the information which they should receive from Canadian agents in order that they might be qualified to prepare the statements which they are required to verify by their oaths:

"INSURANCE DEPARTMENT, OTTAWA, June 1, 1915.

CANADIAN ACCOUNTS.

"The Department desires to draw the attention of companies other than Canadian companies licensed by the Department to the provisions of section 35 of the Insurance Act, 1910, respecting the records and documents to be maintained at the Chief Agency in Canada.

"Section 35 of the Act, omitting for the present the provisos which will be considered later, is as follows:

'Such company shall keep at the agency in Canada records and documents sufficient to enable the agent to prepare and furnish the required statement of Canadian business, and such that the said statement may be readily verified therefrom.'

"The statement of Canadian business referred to includes a statement of the cash income and expenditure of the company in Canada, and it is therefore necessary for the verification of this portion of the statement that the entire income of the company in Canada shall pass through the Chief Agency, and that all payments for losses and other expenses in Canada shall be made from the bank account of the Chief Agent or from funds under his control. For this purpose all agents' remittances should be made to the Chief Agent, together with reports containing details of the policies, in respect of which the remittances are made, sufficient for the calculation of the reserve of unearned premiums. It is not necessary for the purpose of verifying this part of the statement that the daily reports of risks written and cancelled be made to the Chief Agent. These may if desired be made to the Head Office. The monthly or other statements, however, showing how the remittances are made up should be made to the Chief Agent.

"In order that the expenditure of the company in Canada may be checked, it is necessary that cheques drawn in payment of losses, expenses and other disbursements in Canada, whether drawn in Canada or at Head Office, should operate on the bank account of the Chief Agent or on accounts under his control, so that the entire expenditure in Canada can be traced through the records of the Chief Agent.

"The necessary books for recording the income and expenditure in such detail as is called by the Canadian annual statement should be maintained by the Chief Agent.

"The statement of Canadian business requires also that the liabilities of the company in Canada be shown. These liabilities are composed for the most part of the reserves of unearned premiums and the outstanding losses. For the verification of the reserve, it is necessary that the agent's statement accompanying the remittance to the Chief Agent contain particulars of the policies written, cancelled and reinsured in licensed companies, sufficient for the determination of the net unearned premiums on the policies in force at any given date. For the verification of the outstanding losses, it is necessary that the Chief Agent receive direct from the agent or the insured, notification of all losses incurred. From the record of losses incurred and of losses paid, the outstanding losses at any time can be ascertained.

"Transactions affecting the Canadian statement, carried out by the Head Office, should be reported to the Chief Agent in the same way as if carried out by an agent in Canada.

"The first proviso to section 35 makes an exception to the practice above referred to by permitting general agents to report and remit direct to the Head Office of the company and to file with the Chief Agent sworn statements of the business of the year transacted by them. This system has been adopted by several companies but it must be pointed out that, while it is permitted by the Act, it is unsatisfactory, since in many cases no satisfactory facilities for checking the business of the general agents are afforded. In the case of companies operating on the general agency system, it is desirable that the reports and remittances of the general agents be made direct to the Chief Agent.

"The second proviso to the section permits the officers of the Department to visit the Head Offices of the Companies. If, however, the provisions of the earlier part of the section are complied with this will very rarely be found to be necessary.

"The Department has, in the course of its examination of British and Foreign Companies, found that in many cases the practice of the companies fails to conform with the requirements of the act in respect of the essential points mentioned above. It has in some cases been found that the agents report and remit direct to the Head Offices, and that the Canadian statements are prepared at the Head Offices, and that the so-called Chief Agents are merely local agents with no direct knowledge of the companies' business in Canada other than that of their own agencies.

"The Department's conception of the requirements of the Act and of its duty to the public is that it shall be satisfied that the statements made to it by the companies, and by it transmitted to the public, shall represent the facts, and this under conditions prevailing in many of the Chief Agencies is at present impossible. It believes that the failure of many companies to furnish more adequate facilities for checking their Canadian statements is due to a misapprehension of the requirements of the Act, and that it is only necessary to draw the attention of these companies to the infringement of the provisions of the Act to secure in the future a satisfactory compliance.

"The Department would therefore ask the companies to which section 35 of the Act applies, and which have not in the past maintained the records and documents herein referred to as necessary for the purpose of verifying their Canadian annual statements, to bring their practice into conformity with the suggestions above made. It is desirable that the necessary changes in the system of reporting the Canadian business be completed at the earliest possible date, but at all events not later than the end of the year, in order that the Canadian accounts for the year 1916 may be maintained by the chief agents in entire conformity with the provisions of the Act."

I am glad to state that the companies whose systems have not heretofore been satisfactory have been most painstaking in their efforts to comply with the Department's requirements and while there has been in some cases since the

SESSIONAL PAPER No. 8

beginning of the current year some misapprehension as to the extent of the records to be maintained, the necessary information is in all cases being furnished and the details of their accounting systems are being given careful attention. I therefore believe that for the business of the current and subsequent years there will be adequate facilities for a complete verification of the annual statements of these companies.

LEGISLATION.

The only legislation affecting fire and casualty insurance companies since the date of my last report was an Act granting certain extensions of time to insurance companies for obtaining licenses under their charters. This Act is printed on page liii.

I take this opportunity of drawing to your attention the necessity for the amendment of the Insurance Act in several particulars.

Basis of Reserve.

Section 134 of the present Act contains provision for the calculation of the reserve liability for the purpose of the annual statements of fire insurance companies at eighty per cent of the full unearned premiums, calculated *pro rata* for the time unexpired, instead of the full unearned premium, which prior to the last amendment had been the basis of reserve, and since that time the statements made to the Department and published in its report have shown the reserve of unearned premiums on this reduced basis.

This reduction in reserve recognizes the fact that the expense represented by the agents' commission is incurred at the inception of policies, and that since the average commission approximates to twenty per cent of the premiums, eighty per cent of the unearned premiums in force at any time should under ordinary circumstances be sufficient to carry the risks to maturity.

The reduction, however, overlooks the fact that in the event of a company ceasing to transact business, and failing to secure reinsurance, it would be compelled to distribute its assets among its policy holders, either in liquidation under the Winding-up Act, or by the return of premiums called for by the contracts, and in either case the amounts for which the policyholders would be entitled to claim would be not eighty per cent of the unearned premiums, but the full unearned premiums. While, therefore, the company's statement on the basis permitted by section 134 might show an excess of assets over liabilities, thus showing the company to be perfectly solvent, the assets might still be insufficient to pay its claims as aforesaid in full.

The lower standard of reserve may be said to be justified by the fact that the business has a certain value in reinsurance, and that as a rule a commission of at least twenty per cent of the unearned premiums could be obtained from a reinsuring company. It must be pointed out, however, that cases have arisen in the past, and may arise in the future, where owing either to the undesirable nature of the business, or to the inadequacy of the original premiums charged, reinsurance is impracticable. The assumption that a commission of at least twenty per cent could be obtained in reinsurance is equivalent to including in the assets of the company an item for the value of good-will and organization, and it has quite properly in the past been the practice of the Department to disallow all intangible assets of such a nature.

I think therefore that the Act should be amended to provide for the full reserve of unearned premiums being shown in the companies' statements.

Investments.

During the last few years there have been a number of cases of investment in unauthorized securities on the part of fire insurance companies. In some cases these investments have been made as the result of a misapprehension of the provisions of the Act prescribing the classes of securities which may be invested in and after reasonable care had been taken to ascertain whether or not the securities were eligible under the Act. In other cases, however, this has not been so. Investments have been made with apparently little or no effort on the part of the directors to see that the securities were authorized by the Act. One company has invested in the stock of an allied company, which the most superficial reading of the Act should have shown to be unauthorized. In another case the unauthorized investment was made as the result of a transaction involving the transfer of shares and the securities have since proved to be worthless.

The penalty provided by the present Act for investment in unauthorized securities is disallowance of such investments by the Department in its annual report, but this penalty is wholly inadequate, and an amendment is necessary to provide that on any investment being shown to be unauthorized the company shall immediately replace the security with cash or other eligible securities to the value of the amount invested, and that any loss arising from the disposal of the unauthorized securities shall be made good by the directors consenting to the purchase.

There is little excuse for companies at the present time investing their funds otherwise than in the highest and most liquid classes of securities. Within the field of investment prescribed by the Act, the more readily realizable securities only should be invested in. Considering the hazardous nature of the business of fire insurance and the responsibility resting upon the directors of a company to ensure the safety of the policyholders, it is surely a betrayal of trust for any company to add to the inevitable conflagration hazard the hazard of the stock exchange.

Standard of Solvency.

Section 135 of the Act provides that Canadian companies shall, at all times maintain assets at least equal to their liabilities, including the full reserve of unearned premiums, and also provides that on the assets falling below the amount required, the Superintendent shall report the facts to the Treasury Board, and the Treasury Board may either withdraw the company's license or fix a time within which the deficiency shall be made good. If the company's assets, however, are less than the amount required by twenty per cent or more of the unearned premiums, the license must be withdrawn.

In my opinion the minimum amount of assets prescribed by this section is too low, and an amendment is necessary to provide that the company shall maintain over and above its liabilities including the full unearned premiums, either a fixed amount as a margin of safety in the form of unimpaired capital, or a fixed proportion not less than twenty-five per cent of its liabilities; and further, that a company's license shall not be continued should its assets, by reason of any sudden depreciation or loss, fall below its liabilities.

Liquidation of Companies.

The present Act contains no provision by which the business of a company believed to be unsafe can be reinsured, by or at the request of the Department. The Department's power is at present limited to the cancellation of the company's license, and as such a course is usually followed by liquidation, and as the present

SESSIONAL PAPER No. 8

Winding-up Act is not designed to facilitate the reinsurance of a company's business, but contemplates rather the distribution of its assets among the creditors, loss occurs by reason of the dissipation of any value attached to the good-will and organization of the company.

In view of the foregoing it is urgently necessary that the Act be amended to provide that the Department may fix a time within which the business of a company deemed unsafe shall be reinsured, and that failing such reinsurance within the time specified the company may be reinsured or liquidated by the Department. Such a provision would, in the past have resulted in material savings for the policyholders of insolvent companies.

Organization of Companies.

The organization of insurance companies in Canada, has in the past been attended as a rule by very great expense. The present Act contains a provision by which the expenses of organization must be defrayed out of premium contributed by the shareholders of the company, so that on starting business the company's capital shall be unimpaired. While this provision is a great advance on the pre-existing legislation, it is desirable that discretion should be given to the Treasury Board to refuse a license to a company in which the expenses of organization even if defrayed from premium on capital have been unduly great. The amendment which is necessary, is a provision that all payments for commission for sale of stock and other expenses of organization other than for salaries, travelling expenses and such unavoidable expenses shall be deferred until after the company is in a position to commence business, and that if it appears to the Treasury Board that the liabilities arising out of the organization of the company are excessive, the license shall not be granted.

Hail Insurance.

The business of hail insurance in Canada is of comparatively recent development. The first company licensed by the Department to transact this class of business commenced operations in the year 1910, while at the present time there are fifteen companies licensed for this class of business, and the amount of hail premiums collected in the year 1915 amounted to \$732,636.

By a recent regulation the Treasury Board has required British and foreign companies transacting this class of business to maintain hail deposits at all times, at least equal to fifty per cent of the hail premiums received during the preceding calendar year. There is no provision in the Act, however, by which Canadian companies are required to maintain assets commensurate with the volume of business transacted. This arises from the fact that the contracts expire and all liability thereunder is discharged before the end of the calendar year, at which date the annual statement of the company is compiled.

It is important that Canadian companies transacting this class of business should set aside from the profits on the business, a special hail surplus fund to an amount at least equal to fifty per cent of the hail premiums received, and an amendment to the Act is desirable for this purpose.

Most of the amendments suggested in the foregoing were contained in a bill prepared by the Department two years ago, but owing to the insufficient time available at the session of that year for the consideration of the measure, the bill was postponed, and has not since been proceeded with. It is to be hoped that there may be an early opportunity of having this legislation placed upon the statute book.

DEPARTMENTAL APPOINTMENTS.

During the year 1915 several appointments were made to vacant positions in the Department. The position of Actuary which had been vacant since the retirement of Dr. Blackadar, was filled by the appointment of Mr. A. D. Watson who has had several years' experience in the actuarial work of the Department. Messrs A. N. MacTavish and W. H. Gilliland, both of whom have for the last few years been closely associated with the work of examination of companies have been appointed Actuarial Examiners, and Mr. R. W. Warwick has been appointed Assistant Actuarial Examiner. All of these men are exceptionally well fitted by their special training and experience for the duties they are called upon to perform in their respective offices.

I have the honour to be, sir,

Your obedient servant,

G. D. FINLAYSON,
Superintendent of Insurance.

SESSIONAL PAPER No. 8

†In December, 1906, the capital stock of this company, which was formerly \$1,000,000, was further increased by an issue of \$550,000 7 per cent preference stock subscribed for at a premium of 25 per cent. The total subscribed capital now stands at \$1,400,000, of which there had been paid in up to date of the return \$1,399,029 79.

‡The capital stock of this company, which had previously been \$500,000, the whole of which was subscribed and \$125,000 paid thereon, was by chapter 88 of the statutes of 1904, reduced to \$250,000, the amount paid up remaining unchanged. An additional \$125,000 was paid in out of surplus in 1903. In 1909, by virtue of the above statute, the capital was increased to \$500,000. An additional \$250,000 was paid in out of surplus in 1909, making the capital fully paid up.

*In December, 1906, preference stock of this company to the amount of \$500,000 was called in and cancelled, and a new issue of \$1,000 7 per cent preference stock was made at 25 per cent premium. The total capital stock is now \$2,500,000 fully subscribed.

^a This reserve although reinsured in unlicensed companies was not covered by deposits of those companies in Canada, and no credit for the reinsurance has therefore been allowed. Since December 31, 1915 a deposit to the amount of the reserve has been made.

^b Including \$100,000 Conflagration Fund.

†The National Finance Company is in liquidation and the Department is unable to place a value upon these debentures. The debentures are secured by the hypothecation of certain parcels of real estate in Vancouver and Lulu Island. The Department had an independent valuation of this real estate made in March 1915, and the valuator stated that as real estate of any description was practically unsaleable at that time, it was impossible to estimate what the properties might sell for, but that the Vancouver property should, in ordinary or normal times, be worth \$477,550 and the Lulu Island property, \$1,500. Deducting encumbrances amounting at the present time to \$60,000 on the Vancouver property the net value under

The liquidator of the National Finance Company has certified to the hypothecation of the real estate and has stated that the creditors of the National Finance Company, other than the Pacific Coast Fire Insurance Company, have no claim whatsoever upon the said properties until the claim of the Pacific Coast Fire Insurance Company against the National Finance Company has been fully satisfied.

†This company is in the hands of a Receiver. The security behind the debentures is the assignment of certain sale agreements for \$55,000 on property sold by the company and over 3000 acres of farm and fruit lands improved by an irrigation system. The Department is unable to place a value on these debentures.

THE LONDON GUARANTEE AND ACCIDENT COMPANY, LIMITED.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1915.

The net premium income after deducting reassurances was:—

	Risks Current at 31st December, 1915.	Risks Expired at 31st December, 1915.
Accident.....	£ 100,961 14 11	£ 13,489 7 1
Employers' Liability (United Kingdom)...	42,361 10 1	6,510 0 9
Other classes.....	782,061 13 9	308,980 18 1
	<u>£ 925,384 18 9</u>	<u>£ 328,980 5 11</u>

The amount paid for claims, costs, and expenses re settlements, less salvages and reinsurance recoveries, was:—

Accident.....	£ 51,837 8 8
Employers' Liability (United Kingdom)...	26,243 13 8
Other classes.....	619,157 12 11
	<u>£ 697,238 15 3</u>

In accordance with the principle adopted in each of the three preceding years, no transfer has been made from the American Liability Insurance Department to the Profit and Loss Account. The reduction in the amount of the outstanding claims in the Employers' Liability section is proceeding satisfactorily and, so far as cases have been settled, the results indicate that the reserves made a year ago are ample for the purpose for which they were provided. The Workmen's Compensation business, which has largely replaced Employers' Liability business, is yielding a fair profit.

The company has been in occupation of its new freehold premises at Nos. 20, 21 and 22, Lincoln's Inn Fields, since the middle of the year 1915. A city branch has been opened at Nos. 61 and 62, Gracchurch street.

The Home business has shown some expansion, and it is anticipated that when conditions again become normal, the valuable connections secured during the past three years will produce a substantial volume of profitable business. A considerable amount of War Risk insurance has also been transacted with satisfactory results. In order to provide against possible contingencies in the future, the directors have allocated from the Profit and Loss Account the sum of £30,000 to a Special Reserve Account.

The investments have been valued at prices quoted at 31st December, 1915, by the company's stockbrokers. The depreciation disclosed by this valuation is more than covered by the Investment Reserve Account of £45,000.

The balance remaining in the Profit and Loss Account at the end of the year 1915, after payment of interim dividends, amounting to £7,873 15s. 11d. is £20,541 1s. 0d. The directors now recommend the following further payments:—

- (1) On the £5 preference shares a dividend of $2\frac{1}{2}$ per cent (less Income tax) for the half-year ending 31st December, 1915.
- (2) On the £1 preference shares a dividend of $2\frac{1}{2}$ per cent (less Income tax) for the half-year ending 31st December, 1915, on the amounts paid up at that date (exclusive of amounts paid up in advance of calls).
- (3) On the ordinary shares a dividend of seven shillings and sixpence per share (less Income tax), making with the interim dividend paid in September last, twelve shillings and sixpence per share (less Income tax).

These dividends will absorb an amount of £11,089 18s. 11d., leaving to be carried forward a sum of £9,451 2s. 1d.
