CORRESPONDENCE BRANCH

The Correspondence Branch conducts the general correspondence of the department and administers the Bankruptcy Act (appointment of Trustees), Boards of Trade Act, Canada Temperance Act, Ticket-of-Leave Act, Trade Unions Act, and War Charities Act. The general correspondence includes the official correspondence of the Dominion Government with the Provincial Governments.

The volume of correspondence conducted during the year shows a slight increase over that of the previous year. The year was also one of sustained activity in connection with the administration of the Acts above mentioned. The operations under these Acts may be briefly noted:—

BANKRUPTCY ACT

By the amendment to the Bankruptcy Act passed at the 1921 Session of Parliament the general administration of the Bankruptcy Act was transferred to the Department of Justice, but the provisions of the Act relating to the appointment of trustees are still administered by the Secretary of State. During the year just closed one hundred and fifteen additional trustees were appointed. A complete list of the trustees as on the 31st of March, 1923, will be found in the concluding pages of this volume. Eighty-five appointments were revoked during the past year, the majority by reason of failure of appointees to file, or to renew, their security. The amount of security which trustees are required to deposit or give guarantee for is \$13,000.

BOARDS OF TRADE ACT

Seven new boards of trade, a list of which will be found in the report of the Registrar's Branch, were registered during the year. Two boards previously incorporated obtained registration under The Boards of Trade Amendment Act, 1920. All boards registered under the Boards of Trade Acts or under special Acts of Parliament have been required since the passage of the Amendment Act, 1920, to make annual returns to the department. The correspondence and clerical work involved in the handling of these returns has augmented the work of the branch materially. I am pleased to say that the Boards of Trade have shown a readiness to forward their returns promptly.

CANADA TEMPERANCE ACT

IMPORTATION OF INTOXICATING LIQUORS

In the fiscal year just closed a plebiscite was taken under Part IV of The Canada Temperance Act in the province of Prince Edward Island on the question of the importation of intoxicating liquors. The vote which was taken on the 22nd January, 1923, stood 9,685 for the prohibition and 3,576 against. It is expected that an Order in Council will be passed shortly bringing the prohibition into force.

SESSIONAL PAPER No. 22

Previously to the fiscal year 1922-23 plebiscites were taken in the provinces of Nova Scotia, Manitoba, Alberta, Saskatchewan, Ontario and New Brunswick and in the Yukon Territory. The vote was in favour of the prohibition in all these provinces but was against the prohibition in the Yukon Territory.

The following summary of the vote in the several provinces and the Yukon Territory may be useful for future reference:—

| | Date of Poll | Vote | |
|---------------------------|---------------------|---------|---------|
| | | For | Against |

| Alberta..... | Oct. 25, 1920..... | 63,012 | 44,321 |
| Saskatchewan..... | Oct. 25, 1920..... | 86,949 | 55,259 |

EXPORTATION OF INTOXICATING LIQUORS

During the 1922 Session of Parliament a further amendment was made to The Canada Temperance Act adding sections providing for the prohibition of the exportation of intoxicating liquors from provinces which had adopted the prohibition of importation. Under this amendment the prohibition of the exportation of liquors is brought into effect by Order in Council on the application of a province and without the taking of a vote. Orders in Council were passed under date the 11th November, 1922, and the 5th March, 1923, prohibiting the exportation of liquors from the provinces of Saskatchewan and Alberta, respectively, in accordance with this provision.

Under Part I of the Act an election was held on the 14th December, 1922, in the county of Missisquoi, Que., on a petition for the repeal of the operation of Part II in that county. The result was decisively in favour of the repeal and an Order in Council was passed accordingly under date March 2, 1923, revoking the Order in Council (dated November 27, 1917) which brought Part II of the Act into force in the county. The repeal took effect from March 3, 1923.

Under the provisions of Chapter 30, 7-8 George V, "An Act to amend an Act in aid of Provincial Legislation prohibiting or restricting the sale or use of Intoxicating Liquors," the operation of Part II of the Act in the County of Digby, N.S., was suspended by Order in Council without the taking of a vote. The method of suspending the Act without the taking of a vote is followed in Counties or Cities situated in Provinces whose liquor laws are as restrictive as The Canada Temperance Act. Elsewhere a vote is taken on the repeal of the Act. The Order in Council suspending the operation of the Act in the County of Digby was passed on the 4th November, 1922, and the suspension became effective from the 22nd November, 1922.

Part II of the Act continues in force in the following places:—

Ontario.—District of Manitoulin.

Quebec.—City of Thetford Mines and counties of Brome, Stanstead, and Compton.

Nova Scotia.—County of Guysborough.

Manitoba.—Lisgar and Marquette.

TICKET-OF-LEAVE ACT

This Act is administered jointly by the Department of Justice and the Department of the Secretary of State. The Secretary of State receives petitions for clemency and communicates His Excellency's pleasure in relation thereto to the parties concerned. The number of sentences which came under review in the Remission Office of the Correspondence Branch during the year closed was 2,435 as against 1,897 in the previous year, not including "No Interference" cases, that is, cases which had been under consideration on previous occasions and in which clemency was withheld. Licenses or tickets-of-leave were granted in 1,275 cases and temporary licenses in 13. These temporary licenses are issued for the purpose of allowing prisoners to leave prison for medical examination or treatment.

Twenty-six capital cases were dealt with in the branch during the year, jointly with the Department of Justice. The judges' reports and the evidence in all such cases are filed with the Secretary of State, who also communicates His Excellency's decisions regarding the execution of the sentences to the authorities concerned. Of the 26 cases the death sentence was carried out in nine; eight were commuted; in the remaining nine cases new trials or reprieves were granted.

WAR CHARITIES ACT

Some 228 societies are now registered under this Act and are making returns to the department. Although the number has been diminishing gradually since the close of the war, the fact that so many have maintained their registration under the Act bears striking testimony to the serious interest the Canadian people have taken in the rehabilitation of their soldiers. Three new societies were registered during the year just closed. These societies are as follows:—

| Name | Head Office | Date | President or Regent | Secretary |
|-----------------------------------------|---------------------|---------------|-------------------------|--------------------------|
| Captain McNair, Chapter, I.O.D.E..... | Biggar, Sask..... | Jan. 15, 1923 | Mrs. Elizabeth Gardner. | Mrs. Millicent Mitchell. |
| Peel Regiment, Chapter, I.O.D.E..... | Brampton, Ont..... | Feb. 10, 1923 | Mrs. M. J. Sharpe..... | Mrs. R. I. Blain. |
| Sara Jeanette Duncan, Chapter, I.O.D.E. | Brantford, Ont..... | Feb. 13 1923 | Mrs. F. M. Hannah.... | Mrs. E. M. McLennan. |

War Charities are now required to make returns to the department once a year instead of twice, and societies which are required under their articles of incorporation to make reports to other departments are now exempted from making returns under the War Charities Act.

TRADE UNIONS ACT

Three new Trade Unions were registered during the year. The names of these unions appear in the report of the Registrar's Branch. The returns made by registered unions were checked and filed in the Correspondence Branch.

2. Quarterly returns of these lands were sent to the registrar of each city and county in the province of Ontario, and to the secretary-treasurer of each city and county in the province of Quebec in which patents were issued, and copies of the several returns in Ontario were also sent to the provincial secretary of Ontario.

During the year copies have been made of over 3,372 pages of documents and records, including 669 certified copies and certificates.

Over 2,500 searches have been made for company names through the Dominion and provincial lists of incorporated companies in order to prevent duplication in names of companies incorporated.

A considerable amount of miscellaneous work has been performed, such as proof reading, furnishing memoranda of various kinds, and supplying information from the indices and records.

A list of public officers to whom commissions were issued and lists of Boards of Trade and Trade Unions registered since the last report are also submitted herewith.
