Statement showing movement of Securities during six months ended June 30, 1913.....	

INSURANCE DEPARTMENT,
OTTAWA June 21, 1913.

To the Honourable W. T. WHITE,
Minister of Finance.

SIR,—I have the honour herewith to submit the statements in detail of Life Insurance Companies for the year 1912, together with such an abstract and analysis of them as appear proper to exhibit the progress of the business and the condition of the companies.

LIFE INSURANCE, 1912.

The business of life insurance was transacted by forty-five active companies, of which twenty-seven are Canadian, seven British and eleven American. This list differs from that of the previous year by the addition of two Canadian Companies, the Capital Life Assurance Company and La Sauvegarde Life Insurance Company of Canada, and of one British Company, the Gresham Life Assurance Society.

INSURANCE EFFECTED DURING THE YEAR.

The total amount of policies in Canada taken during the year 1912 was \$219,205,103, which is greater than the amount taken in 1911 by \$42,338,124. The Canadian companies show an increase in 1912 of \$31,190,143, whilst in 1911 they had an increase of \$19,714,775; the British companies have an increase of \$1,728,120, whilst in 1911 they had an increase of \$1,421,270; and the American companies have an increase of \$9,419,861, whilst in 1911 they had an increase of \$2,968,414, the total increase in 1912 being \$42,338,124, as above stated.

The respective amounts effected are :—

Canadian companies.....	\$141,267,596
British companies.....	7,319,952
American companies.....	<u>70,617,555</u>

So that the amount taken by Canadian companies exceeds that taken by the British and American together by over \$63,000,000.

Life Insurance in force in 1912.

The total amount of insurance in force in Canada at the date of the statements was \$1,070,308,669, which shows the large increase of \$120,087,898 over that of the previous year, being distributed as follows :—

	Amount in force.	Increase.
Canadian companies.....	\$ 706,656,117	\$ 79,885,963
British companies.....	54,537,725	3,618,050
American companies.....	309,114,827	36,583,885
Total.....	<u>\$1,070,308,669</u>	<u>\$ 120,087,898</u>

3 GEORGE V., A. 1913

The following tables will enable the progress of the total business to be traced during the past thirty-eight years, both as regards the amount of insurance effected from year to year and the total amount in force :—

3 GEORGE V., A. 1913

Amount of Insurance terminated in 1912.

The amount of insurance terminated in natural course, namely by death, maturity, or expiry, was \$16,855,659 which is greater by \$1,731,269 than the corresponding amount in the previous year; and the amount terminated by surrender and lapse was \$99,913,902, being greater than in the previous year by \$20,650,496.

Relatively to the amounts at risk the amounts so terminated are somewhat in excess of those of the previous year, giving for every \$1,000 of current risk \$16.68 terminated in natural course and \$98.90 by surrender and lapse, making a total of \$115.58. In the year 1911 these rates were \$16.01 and \$83.92 respectively, making a total of \$99.93 thus giving a difference of \$15.65 for each \$1,000 at risk.

The following table exhibits the rates for the last six years:—

TERMINATED OUT OF EACH \$1,000 CURRENT RISK.

—	Naturally.						Surrender and Lapse.					
	1907.	1908.	1909.	1910.	1911.	1912.	1907.	1908.	1909.	1910.	1911.	1912.
	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.	\$ c.
Canadian companies....	12 60	12 23	12 40	13 22	13 22	14 29	72 36	75 42	72 98	72 44	77 00	95 98
British " ...	19 57	29 26	27 98	27 83	27 01	28 30	43 61	53 85	45 20	44 71	44 90	44 27

The total termination amounts to about 53.26 per cent of the amount of new policies. The actual amounts of termination were distributed as follows:

—	Naturally.	By Surrender and Lapse.
	\$	\$
Canadian companies.....	9,526,958	63,991,244
British companies.....	1,492,152	2,334,474
American companies.....	5,836,549	33,588,184
Total.....	16,855,659	99,913,902

SESSIONAL PAPER No. 8

Canadian Policies in force.

Omitting the industrial policies of the London Life, the Union Life, the Metropolitan and the Prudential, the thrift policies of the Sun Life and the monthly policies of the Excelsior, the following table gives the number and amounts of policies in Canada and the average amount of a policy in force at the date of the statements:—

	Number.	Amount.	Average amount of a Policy.
		\$	\$
Canadian companies.....	407,699	672,197,681	1,649
British companies.....	24,922	54,537,725	2,188
American companies.....	141,097	226,719,198	1,607
Total.....	573,718	953,454,604	1,662

The average amount of *new* policies is: for Canadian companies, \$2,001; for British Companies, \$2,902; and for American companies, \$1,638. The corresponding amounts last year were \$1,816, \$2,699 and \$1,551.

DEATH RATE.

In the calculation of the death rate this year, as in previous years, the mean number of policies in force and the number of policies terminated by death during the year have been admitted as approximations to the mean number of lives exposed to risk and the number of deaths during the year, respectively. It is believed that the results arrived at represent the actual mortality per 1,000 among insured lives in Canada as accurately as can be gathered from the returns of the companies.

	Number of Lives exposed to Risk.	No. of deaths.	1912.	1911.	1910.	1909.	1908.	1907.

*Including 20 months' business of the Canada Life.

PAYMENTS TO POLICYHOLDERS.

Including the business done outside of Canada by the Canadian companies, and the Canadian business of the British and American companies, the total amount paid to policyholders during 1912 was as follows :—

Death claims (including bonus additions).....	\$ 10,749,670 11
Matured endowments (including bonus additions).....	4,195,487 31
Annuity payments.....	750,075 30
Paid for surrendered policies.....	4,425,999 96
Dividends to policyholders.....	2,823,243 62
Total.....	\$ 22,953,476 30

The payments by the different companies will be found on pages lii and liii.

SESSIONAL PAPER No. 8

Including the business done outside of Canada by the Canadian Companies, the following table shows the total premium income and payments to policyholders of all companies, other than assessment and fraternal companies, doing life insurance business in Canada, for the last thirty-four years, and also the ratio of payments to policyholders to premiums received :—

Year.	Premium Income.	Payments to Policyholders.	Rate of Payments to Policyholders per cent of Premiums.
	\$	\$	\$
1879.....	2,606,756	1,301,480	49.93
1880.....	2,691,128	1,389,986	51.66

1895.....	10,887,501	5,862,447	53.85
1896.....	11,469,010	6,506,096	56.73
1897.....	12,197,626	7,076,962	58.02
1898.....	13,190,742	6,782,006	51.41
1899.....	14,490,102	7,680,959	53.01
1900.....	16,633,142	9,232,061	55.50
1901.....	17,130,456	8,993,125	52.50
1902.....	19,501,945	9,397,971	48.19
1903.....	21,240,823	10,288,364	48.44
1904.....	23,650,887	1,804,359	45.91
1905.....	26,535,365	13,796,504	51.99
1906.....	27,264,938	13,040,857	47.83
1907.....	28,403,423	14,753,533	51.94
1908.....	30,567,553	16,122,797	52.74
1909.....	33,304,241	16,382,136	49.19
1910.....	37,868,196	20,270,595	52.53
1911.....	40,608,305	19,194,828	47.27
1912.....	46,581,648	22,953,476	49.28
Total.....	529,045,766	272,404,896	51.49

Hence for every \$100 premiums received there has been paid to policyholders \$49.28, leaving \$50.72 to be carried to reserve, expense and profits.

Collecting the results for the thirty-four years, 1879 to 1912, we find that the total payments to policyholders amount to 51.49 per cent of the premium income during the same period.

3 GEORGE V., A. 1913

The subjoined table shows the total premium income and payments to policyholders during the last thirty-four years of the life insurance companies *which have ceased to do new business in Canada*, and also the ratio of payments to policyholders to premiums received :—

Year.	Premium Income.	Payments to Policyholders.	Rate of Payments to Policyholders per cent of Premiums.
	\$	\$	
1879.....	490,688	396,053	80.71
1880.....	447,910	317,531	70.89
1881.....	441,393	489,370	110.87
1882.....	412,436	376,811	91.36
1883.....	371,570	450,678	121.29
1884.....	343,179	544,906	132.56
1885.....	321,566	395,851	123.10
1886.....	278,108	342,049	122.99
1887.....	262,445	423,747	161.46
1888.....	237,559	395,466	166.47
1889.....	216,730	337,829	155.88

1891.....	181,905	319,246	175.51
1892.....	175,340	329,963	188.18
1893.....	163,723	368,887	225.31
1894.....	178,467	435,862	224.23
1895.....	163,366	367,132	244.73
1896.....	150,395	377,949	251.30
1897.....	174,155	449,425	258.06
1898.....	163,918	358,968	219.00
1899.....	152,534	376,018	246.51
1900.....	145,756	391,576	268.65
1901.....	132,201	476,885	360.73
1902.....	127,420	317,859	249.46
1903.....	105,250	274,631	260.93
1904.....	83,689	283,392	338.63
1905.....	76,597	284,655	371.63
1906.....	72,114	216,170	299.76
1907.....	77,073	269,573	349.76
1908.....	66,712	247,934	371.65
1909.....	65,059	248,773	382.38
1910.....	61,267	191,124	311.95
1911.....	71,858	190,404	264.97
1912.....	83,165	209,642	252.08
Total.....	6,686,649	11,729,878	175.42

Collecting the results for thirty-four years, 1879 to 1912, it will be seen that the total payments to policyholders made by said retired companies exceed by 75.42 per cent the total premium income during the same period.

Canadian Companies.

The assets and liabilities, income and expenditure, of the Canadian life companies will be found exhibited in the statements under their respective headings at pages xlv, xlv, li and liv. The tables of mortality employed by the various companies in the calculation of their reinsurance reserve are shown in the table on page xlv.

SESSIONAL PAPER No. 8

From tables on page li and liv referred to, it will be seen that the Canadian companies have received an income of \$45,724,622, drawn from the following sources :—

Premiums and annuity sales.....	\$ 34,412,213
Interest and dividends.....	10,393,491
Sundry.....	918,918.
Total.....	<u>\$ 45,724,622</u>

And they expended \$25,671,443 under the following items :—

Paid to policyholders and annuitants.....	\$ 15,265,414
General expenses (including investment expenses)	9,612,965
Taxes.....	356,807
Dividends to stockholders.....	436,257
Total.....	<u>\$ 25,671,443</u>

Hence out of every \$100 of income they have expended in payment to policy holders, \$33.39; in general expenses, \$21.02; in taxes, 78 cents; and in dividends to stockholders, 95 cents; leaving \$43.86 to be carried to reserve.

By reference to the table at page xliv, it will be seen that the total assets at December 31, 1912, of the Canadian life companies other than assessment and fraternal companies (including \$9,360,236 outstanding and deferred premiums, and interest and rents due and accrued which have not yet gone into income) amount to \$211,632,875, an increase over the corresponding amount at the end of the year 1911 of \$20,910,516.

The amount of risks in force has increased during the year from \$783,885,051 to \$881,797,353, a gain of \$97,912,302, and the reserves have increased from \$161,720,102 in 1911 to 179,245,212 in 1912 an increase of \$17,525,110.

3 GEORGE V.. A. 1913

The following table gives the premium and other income of the Canadian companies other than assessment companies, during the past thirty-four years, and also the payments to policyholders, for general expenses and for dividends to stockholders during the same period :—

Year.	Premiums.	Interest and other Receipts.	Total Income.	Paid to Policyholders.	General Expenses.	Dividends to Stockholders.	Total Expenditure.

VALUATION OF LIFE POLICIES IN CANADA.

The following are the results of the valuation of the policies of life insurance companies completed by the Department since the issue of the last report. The valuation was made on the basis of the British offices OM (5) Table of mortality, with 4 per cent interest for policies issued prior to January 1, 1900, and at 3½ per cent for policies issued on and after that date.

Life annuities were valued according to the British Offices Life Annuity Tables (1893) with interest at 4 per cent or 3½ per cent according as the date of issue was prior to Jan. 1, 1900, or on and after that date.

* The Company holds \$12,000 as reserve against the assessment policies, which amount has been entered in the above summary. A valuation was, however, made by the Department by deducting from the value of the sums assured 93% of the value of the future assessments at the present annual rate. The reserves thus brought out was found to be \$48,873.

NOTE.—Deduction from reserve permitted under section 42 (3) \$9,029.

ASSESSMENT LIFE INSURANCE, 1912.

The business of insurance on the assessment plan has been carried on by four Canadian associations reporting to this office, three of them being fraternal societies, and the other the Commercial Travellers' Mutual Benefit Society.

The total amount of policies taken in Canada during the year 1912 by the four Canadian Associations above referred to was \$19,167,381, which is greater than the amount of assessment policies of these associations taken in 1911 by \$6,043,881, and the net amount in force at the end of the year was \$144,913,387 which is greater than the amount in force at the end of the year 1911 by \$5,047,199. The amount of the insurance terminated by death was \$1,625,293, and by surrender and lapse, \$11,285,447. The total terminations amount to 67.36 per cent of the amount of new policies.

The details of individual companies will be found on pages lxiv and lxv.

The total amount paid by members in Canada for membership fees, annual dues, assessments, &c., was \$2,420,571, and the amount paid for death claims was \$2,051,248.

Details of the assets and liabilities, income and expenditure will be found on pages lxvi to lxviii.

SESSIONAL PAPER No. 8

RULES AND REGULATIONS REGARDING THE ACCEPTANCE OF SECURITIES OFFERED FOR DEPOSIT BY INSURANCE COMPANIES, &c., &c.

The following extracts from Orders in Council, Minutes of the Treasury Board, &c. (all of which have been previously published), are here collected for convenience of reference :—

Particulars of Securities offered for Deposit.—All applications for the acceptance of bonds or debentures, whether as original deposits or in exchange for securities which the applicants desire to have released, must be accompanied by a statement giving full particulars of the securities offered for acceptance under the following headings, viz.:—

‘Date, date of maturity, place of payment of principal, rate of interest, how payable, *i.e.*, yearly or half yearly, date and place of payment of interest, market value at time of application for acceptance, and, if not quoted in the market, the price at which purchased by the company and date of such purchase.

‘Also as regards municipalities whose bonds or debentures are offered :

‘The population, assessed value, rate of taxation, assets, total debenture indebtedness, and all other liabilities, income and expenditure for the last fiscal year, and any other details in the possession of the company which would be of assistance in determining the value of the securities offered for acceptance.

‘The Board desire to be in possession of all possible information in relation to such securities in order that they may be in a position to give the matter proper consideration.’ (T.B., Nov. 9, 1888.)

Railway Debentures.—‘The Board are of opinion that they cannot accept as a deposit the bonds of any railway company, unless guaranteed directly or indirectly by the Canadian government, (T.B., Oct. 27, 1890,) or by any province of Canada, by the United Kingdom or any British Colony ; or by the government of any foreign country if the company depositing the same is incorporated in such foreign country. (Insurance Act, 1910, sec. 15.)

Loan Companies’ Bonds.—The Board had under consideration a memorandum from the Superintendent of Insurance with reference to the application of the Land Mortgage Companies’ Association of the province of Ontario to have the debentures of loan companies accepted by the government as deposits on behalf of insurance companies in which he reports that the said association is composed of incorporated loan companies or societies authorized to lend money on real estate in the province of Ontario, and all such companies or societies are eligible for membership upon payment of certain fees ; that the loan companies which compose the said association may be divided into the following classes :—

I. ‘Companies incorporated under the provisions of the statutes of the province of Canada, 9 Victoria, chap. 90, consolidated in chapter 53 of the Consolidated Statutes of Upper Canada, included in chapter 169 of the Revised Statutes of Ontario (1887), and commonly known as the “ Building Societies’ Act.”

II. ‘Companies incorporated under the “Canada Joint Stock Companies’ Act, 1877,” now known as the “Companies’ Act,” being chapter 79 of the Revised Statutes of Canada (1906).

III. ‘Companies incorporated under special Acts of the Legislature of the province of Canada or of the Parliament of the Dominion of Canada.’

IV. 'Companies incorporated under the "Ontario Joint Stock Companies' Letters Patent Act, 1874," being chapter 150 of the former and chapter 157 of the last Revised Statutes of Ontario.'

V. 'Companies incorporated under the English Companies' Act, and licensed to transact business in Canada under 37 Victoria, chapter 49, (now Part IV of "the Companies Act," chapter 79 of the Revised Statutes of Canada.'

The Board, after careful consideration of the report of the Superintendent of Insurance as to the class of securities upon which the above companies can invest their funds, and as to the borrowing powers of the said companies, direct that the debentures and debenture stock of such companies, belonging to the said association, as meet the requirements hereinafter set forth, may be accepted as deposits on behalf of the insurance companies, at such rate as the Treasury Board may see fit to place upon them, not, however, to exceed the value usually placed upon municipal securities, viz., 90 per cent of the par value thereof when the market value is at least equal to such par value, or 90 per cent of the market value when the market value is less than the par value.

(The rate of acceptance has since been changed to 95 per cent of the market value at the time of deposit, such accepted value in no case to exceed par. (See below T.B., June, 14, 1900.)

The requirements above referred to are as follows:—

1. The company shall have kept strictly within the powers in relation to borrowing and investment conferred upon it by the Act under which it is incorporated.

2. It shall have a paid-up capital of at least \$500,000.

3. It shall have been in successful operation as a loan company for not less than ten years.

4. It shall have a reserve fund amounting to not less than 25 per cent of its paid-up capital.

5. Its stock shall have a market value of not less than par.

The Board also direct that every application on behalf of an insurance company for the acceptance of any such debentures or debenture stock as herein above provided shall form the subject of a special reference to the Treasury Board, and that the company shall supply, for the information of the Board, all necessary particulars, including a statement of the borrowing powers and powers of investment of the loan company whose securities are offered as a deposit, and a statement showing in detail the nature of the investments of such loan company, all properly verified. (T.B., October 16, 1896.)

No assurance of acceptance of bonds by the Treasury Board.—The Superintendent asks the decision of the Board upon the following questions, viz.:—

'Will the Board inform a company desirous of purchasing certain bonds or securities whether they will be accepted or not as a deposit in the event of their being purchased?

* * * * *

'The Board, after deliberation, are of the opinion that they cannot give any assurance to any company that securities will or will not be accepted in the event of their being purchased.' (T.B., April 1, 1889.)

SESSIONAL PAPER No. 8

Deposit Receipts.—‘The Board direct that deposit receipts be not accepted in any case as a deposit on behalf of any company.’ (T.B., January 25, 1888.)

Bank Stocks, &c.—‘Bank stock or shares in any private company will not be accepted.’ (O.C., January 17, 1876.)

Registered Bonds as Deposits.—‘When registered bonds are received as deposits they must be registered in the name of the Receiver General. Bonds registered in the name of a company accompanied by an assignment in favour of the Receiver General, will not be accepted. When registered bonds are intended to be used as a deposit, they should, before being forwarded to this Department, be registered thus—in the name of “the Receiver General of Canada in trust for (giving the name of the company) being part of the deposit made by the company with said Receiver General, in pursuance of the statutes of Canada in that behalf.’ (T.B., July 13, 1891.)

Registered Bonds deposited with financial agents in England.—‘The Minister recommends that such securities be transferred to and registered in the names of the High Commissioner for Canada and the Manager for the time being of the Agency of the Bank of Montreal in London, England.’ (Approved by O.C., February 3, 1893.)

Foreign Municipal Securities.—‘The Board are of opinion that no municipal securities other than Canadian should be accepted for deposit under the Insurance Act.’ (T.B., January 30, 1894.)

Exchange of Securities deposited with the Receiver General.—The Board established the following rule, viz., that bonds or securities of any kind deposited with the Receiver General can be released and withdrawn only upon the deposit with the Receiver General of an adequate amount of other securities satisfactory to the Board. (T.B., October 28, 1899.)

Municipal and other Securities as Deposits.—The Board on the report of the Superintendent of Insurance, direct as follows:—

(1) That Canadian municipal securities, Montreal Harbour bonds, Canadian Pacific Land Grant bonds, United States state securities and loan companies’ debentures (where such securities are in all respects acceptable to the Treasury Board) be hereafter accepted at 95 per cent of their market value at the time of deposit, such accepted value in no case however to exceed par.

(2) That all securities of the classes mentioned in the preceding clause (1), which have been heretofore deposited and are still in the hands of the Dominion Government at Ottawa, or in the hands of the Bank of Montreal, London, England, on behalf of the government, be revalued upon the basis set out in said clause (1).

(3) That for the purpose of such revaluation the various insurance companies by which such securities have been deposited be required to furnish from time to time when called for by the Superintendent, schedules thereof, giving the full particulars of such securities, including their par and market values, such par and market values to be certified to by a competent valuator or appraiser. (T.B., June 14, 1900.)

Respecting quality of paper and type used in bonds to be hereafter deposited with the Receiver General.—The Board had under consideration reports from the Comptroller of Dominion Currency and the Superintendent of Insurance in reference

to the quality of the paper upon which bonds for deposit with the Receiver General are engraved, lithographed or printed, and also in reference to the quality of type used for such purpose.

From the reports above referred to, it appears that there are now on deposit with the Receiver General in the custody of the Comptroller of Dominion Currency, bonds and debentures to the amount of more than \$38,000,000, which are held under and for the purposes of the Insurance Act; that of these securities about 65 per cent are municipal, the greater portion of which have half-yearly or yearly coupons attached; that in some cases the principal is payable in yearly or half-yearly instalments, such instalments being sometimes represented by coupons attached to the bond, and sometimes by separate bonds; that these bonds and debentures have, when deposited, periods to run varying from two or three years to fifty years, and all such must be handled at least once and generally twice each year, and that notwithstanding the greatest care, the removal from the box containing them, unfolding, cutting and refolding and replacing them must of necessity to a certain extent wear and injure them, and hence the necessity of having all bonds, when deposited, in such sound condition that they may be reasonably expected, notwithstanding the unavoidable wear and tear, to hold together until the date of maturity; that many of the debentures now held are of the commonest kind of paper; that the coupons attached, from constant handling, are frequently torn, and that many of those on the debentures recently taken have been in such bad condition that they had to be patched before they were put into the vault.

In view of the above representations, and on the recommendation of the Superintendent of Insurance, the Board direct that, of the securities hereafter offered for the above named purposes only such be accepted as are either engraved, lithographed or printed in clearly legible type on tough, durable paper: Provided, however, that for good and sufficient cause shown bonds not meeting the foregoing requirements may be temporarily accepted.

The Board further direct that a copy of this Minute be sent to every licensed insurance company, and also that the Minute be published by the Superintendent of Insurance in his annual report. (T.B., June 5, 1908).

LEGAL DECISIONS.

LIFE INSURANCE.

- (a) *Contract—Policy of Life Insurance for 6 Months—Homans Plan of Level Insurance discussed—Changed nature of policy in no way prejudicial—Bona Fides on part of Company—Costs.*

Middleton, J., held in a Homans plan of insurance, where the schedule in the contracts ceases at 60 years of age, that the right to renewal also ceases, and an action by a policyholder on the contract will not lie unless he alleges and proves grounds as fraud or misrepresentation.

The plaintiff, a policyholder in defendant company on what is known as the Homans plan, by which his assessments increase from year to year during its currency, sued for a rescission of the contract on the ground of fraud or misrepresentation inducing the contract.

J. H. Ingersoll, K.C., and A. C. Kingstone (St. Catharines), for the plaintiff.

G. H. Watson, K. C., and T. C. Haslett (Hamilton), for the defendants.

Hon. Mr. JUSTICE MIDDLETON—I have read very carefully all the correspondence and considered the evidence given by the plaintiff and conclude that there was no fraud or misrepresentation inducing the contract.

At the trial I was somewhat impressed by the statement made by the plaintiff that he was assured that the premium could never exceed the maximum named on the policy and from 60 on the premium would be level.

No such claim is made in the pleadings or in the long correspondence prior to the action in which the plaintiff many times set forth his grievances.

The policy must be construed as it is written, and both parties are bound by its terms.

The Homans plan of insurance has been generally misunderstood by policyholders and is one that readily lends itself to misrepresentation and hence has been discredited in practice.

Life insurance has come to be regarded as investment and in the case of ordinary level premium insurance this is the case.

In that type of insurance the members pay premiums which when invested would, if the member lived exactly the average life, produce the sum agreed to be paid. Those who do not reach the expected age gain, those who exceed the age lose, but in the long run there cannot be either gain or loss. The policyholder takes his chances of being a gainer or loser, but the fundamental idea is investment.

In the Homans plan the fundamental idea is quite different. Out of a certain number of persons of a given age alive to-day experience has shewn that so many may be expected to die within the next year, *e.g.*, to take the age of this insured 48. Of 7,495 persons living at the beginning of the year, experience shews that 106 would be expected to die within the year and 7,389 survive.

On this plan the company propose to exact a premium from the 7,495, which will enable them to meet the death claims of the 106, and this premium with a loading as a factor of safety and to cover expense and profit, is what is demanded.

The insurance is for the year and the year alone. There is no element of investment, the money received is to be paid out on the death claims and not to be retained for investment. This is what is called a natural premium plan.

The plan is in practice modified. The policy in this case contains two important provisions. 75% of the premium is to be placed in a 'death fund' so that if 'experience' varies from 'expectation' more than 25% this will operate as a reservoir or balance wheel and neutralize any adverse experience which upon the law of average may be expected. And secondly, the expenses are limited and the company is made to some extent 'mutual' by providing for an abatement from the stipulated premium for the next year of the profits of the last year.

As the age of the insured increases manifestly the annual premium must increase as the chance of an older man dying during the next year is greater and the actuaries' tables shew that from about 1 in 75 the ratio at 48, when Eckerlsey insured, the ratio has changed to 249 in 3,307, or about 1 in 13 at his present age of 72.

The insured usually fails to understand that in a policy of this class, if the life is normal, there is nothing to gain by renewing the insurance. The premium charged is the exact equivalent of the death risk—by allowing the policy to lapse the assured is not forfeiting any accumulated revenue—he has had from year to year the protection he has purchased, *i.e.*, insurance for the year. If an old man desire insurance for the year he must pay a large premium, for the risk assumed by the company for that year is large.

The only merit of the system is that it affords a young man who desires insurance during a limited time the maximum of temporary protection at the minimum of cost. If he survives this period then he will not continue the insurance at the high and practically prohibitive rates and realizing that he had had all he paid for he will not continue the temporary insurance.

The trouble is that the insured, not understanding the theory of the policy, prolong the insurance unduly and come to regard it in the light of an investment (like ordinary life insurance) instead of temporary protection (like fire insurance).

When a man reaches mature years and the premium becomes heavy, he will not, if his life is normal or better than normal, continue the risk, and will only pay the premium demand if he expects an early death, and so there is an automatic adverse selection in old age which has rendered the system unworkable from the standpoint of the company.

This consideration of the nature of the policy shews that the change of contract complained of by many of the insured has in no way prejudiced the plaintiff. I am clear that there is nothing in the contract to prevent any bona fide agreement between the company and other policyholders in the same class and there is no suggestion that the company have not in this matter acted in good faith.

There then remains the question as to the proper construction of the policy in question and this I find by no means easy. There is first the insurance for six months from 21st January, 1886, and then the provision:

SESSIONAL PAPER No. 8

'And the said company further promises and agrees to renew and extend this insurance during each successive half year from the date hereof, upon condition that the assured pays the mortuary premium herein provided for,' and a further sum of \$3 for expenses.

In the conditions is found the following: 'Mortuary premiums required for the payment of actual death claims among the insured according to the rates for each \$1,000, insured herein, as set forth in the official schedule for each actual age printed upon the back of this policy, shall be paid to the said company, before renewal for any succeeding term above provided.' On the back is printed a schedule:

'Maximum mortuary premiums for each \$1,000 insured.' And then is given the premium for each year from 15 to 60. Below this is printed:

'The premiums after the first payment required to continue and extend the insurance can never exceed the maximum rates named in the above table,' but may be reduced by the surplus portion of the preceding premium not required to meet death claims.

After attaining sixty the insured claims that no greater premium than the maximum named in the schedule can be demanded as the price of renewal."

In *Provident Savings Life Assurance Society of New York v. Mowat*, 32 S. C. R. 147, the Court were enabled to come to a conclusion as to the meaning of the policy there in question by reason of an endorsement stating that the rates for ages beyond 60 years would be given on application, and in each of the two United States cases cited there was found some context to guide. In *Hall v. Provident Savings Life Assurance Society of New York*, 54 S.W.R. 109, it was a clause relating to insurance after the age of 60, which might be continued on the level rate plan at the premium for attained age, shewing in the opinion of the Court that it could not be contemplated that it continue at the stated rate as a level premium. In *Jones v. Provident Savings Life Assurance Society of New York*, 61 S. E. R. 388, the schedule was followed by '&c., &c.,' meaning 'and so on,' *i.e.*, in an increasing scale.

The conclusion at which I have arrived is that the schedule ceasing at 60 the right to renewal then ceased to be provided for by the policy and in event of renewal being desired terms must in each case be made. No premium is bargained for in anticipation and the policy 'runs out' as a contract and can only be continued at the will of the parties. This may place the company in an unfair position where the expectation of life is less than the average but in the case of this plaintiff whose expectation of life seems unusually good, he will no doubt when once he understands the basis upon which the premiums are computed allow his policy to lapse.

I can see no course open save to dismiss the action and doing so I do not give costs. Not because of any unfair conduct of those now in charge of the company (they appear to have been both fair and frank), but to shew my disapproval of the original form of policy which seems to me to be tricky and calculated to deceive. I think the rates should have been carried on so as to shew the great and prohibitive cost when the insured lives beyond seventy.

(June 7, 1911—Mr. Justice Middleton—*Ecersley v. Federal Life Assurance Company of Canada*—19 Ontario Weekly Reporter, p. 507.)

3 GEORGE V., A. 1913

(b) *Mutual benefit societies—Interpretation of statutes—Meaning of words 'or renewed' in art. 7028 R. S. Q. 1909.*

Held.—The payment of monthly dues by the members of a mutual benefit society is not a renewal of the contract under which they joined it, in the sense contemplated in sect. 197 of the Act 8 Edw. VII, cap. LXIX, now art. 7028 R. S. Q. 1909. This article, therefore, does not apply to those who became members of the society and received their certificate of membership before the above statute was passed.

(April 2, 1912—Superior Court of Quebec, Mr. Justice Greenshields—*Cousins v. The Brotherhood of Locomotive Engineers*—42 Superior Court of Quebec Reports, p. 110.)

Article 7028, Revised Statutes, Quebec, 1909, is in the following words:—

1. Where an insurance contract made by any company or association, is evidenced by a written instrument, the company or association shall set out all the terms or conditions of the contract in full on the face or back of the instrument forming or evidencing the contract, and, unless so set out, no term or condition, stipulation or proviso modifying or impairing the effect of any such contract made or renewed after the tenth day of February, 1909, shall be good and valid or admissible in evidence to the prejudice of the assured or beneficiary.

2. Nothing contained in this article shall exclude the proposal or application of the assured from being considered with the contract, and the court shall determine how far the insurer was induced to enter into the contract by any misrepresentation contained in the said application or proposal.

3. A mutual benefit or charitable association may, however, instead of setting out the complete contract in the certificate or other instrument of contract indicate therein, by particular references, those articles or provisions of the constitution, by-laws or rules which contain all the material terms of the contract not inserted in the instrument of contract itself, and the association shall, at or before the delivery over of such instrument of contract, deliver also to the assured a copy of the constitution, by-laws and rules therein referred to.

(c) *Conditions of the contract—Necessity of setting them out in full—R.S.Q. 1909, art. 7028.*

Held.—Notwithstanding the statement in a certificate of life insurance issued by a mutual society, that the contract shall be subject to the conditions provided in its existing by-laws and in any other to be thereafter adopted, such existing conditions must be set out in full on the face or back of the certificate and such as grow out of subsequent by-laws, must be set out, in the same manner, either on renewal receipts or in notices attached thereto, or on a duplicate certificate, or in some other document showing that the insured is informed of their existence. Through failure to do so, the society is estopped from relying on such conditions in answer to a suit brought for recovery of the amount of insurance.

(June 8, 1912—Superior Court of Quebec, Mr. Justice Archibald—*Cousins v. Moore* es-qual.—42 Superior Court of Quebec Reports, p. 156.)

SESSIONAL PAPER No. 8

(d) Application as Warranty of Truth of Statements therein.

An application for life assurance which contains a condition that the statements made therein and any statements made in answer to the company's examining physician, should form the basis of the contract for such assurance, and that if there should be therein any untruth or suppression of facts material to the contract the policy should be void, does not amount to an absolute warranty of the truth of all the matters alleged. The statements contained in the application and made to the medical examiner are not more than statements founded on knowledge, information and belief, and unless it can be found that the applicant knowingly misstated the facts, and induced the issue of the policy on such statements, the company should not be exonerated from liability. *Thomson v. Weems*, L.R. 9 A.C. (H.L. Sc.) referred to.

(June 11, 1912—Court of King's Bench, Manitoba—*Sawyer v. Mutual Life Assurance Co. of Canada*—II Western Weekly Reports—p. 508.)

(e) Endowment policy—Surrender—Cash value—Action for rescission—Representation by agent—Inducement to insure.

The life of S. was insured by a twenty year endowment policy which provided that at the end of the term he could exercise one of three options including that of surrender of the policy on receipt of a sum to be ascertained in a specified manner. About ten months before the policy expired he wrote to the company asking for the amount payable on surrender which was promptly furnished, and, more than a year later, he brought action for a larger cash payment and in the alternative with rescission of the contract for insurance and return of the premium paid for interest, alleging that when he applied for the insurance he was informed by the agent of the company that the cash value of the policies surrendered would be the larger amount claimed. The trial judge directed rescission and return of the premiums as prayed. This judgment was reversed by the Court of Appeal.

Held, affirming the judgment of the Court of Appeal (23 Ont. L.R. 559) that as S. did not swear nor the evidence he adduced establish that he was induced to enter into the contract by the representations of the agent as to the sum payable on surrender, and it might fairly be inferred that had he been given the true figures he would still have taken the policy, his action must fail.

(Oct. 7, 1912—Supreme Court of Canada—*John R. Shaw v. The Mutual Life Insurance Company of New York*, on appeal from the Court of Appeal for Ontario—46 Supreme Court of Canada Reports, p. 696, 32 Canadian Law Times, p. 994.)

(f) *Proposition d'assurance—Déclarations de l'assuré—Dans quels cas les réticences ou fausses déclarations sont des causes de nullité du contrat—Déclarations touchant l'usage de l'alcool—Déclarations touchant la santé de l'assuré et les maladies dont il a pu souffrir.*

Jugé.—Les réticences ou fausses déclarations, dans une proposition d'assurance sur la vie, ne sont des causes de nullité du contrat qui intervient à la suite, que si elles sont de nature à influencer sur l'opinion du risque.

2. Le proposant qui, à la question "dites la quantité que vous buvez, chaque jour, de liqueurs, d'orge brassés, de vins, de spiritueux" répond "aucune, aucune, aucune," lorsqu'il n'a pas l'habitude d'en prendre chaque jour, et qu'il passe jusqu'à six mois sans en prendre ne commet, ni une réticence, ni une fausse déclaration.

3. La réponse "non" du proposant, aux questions.—avez-vous jamais eu quelque maladie grave? avez-vous jamais souffert de la gonorrhée? alors qu'il avait subi une attaque de ce dernier mal, n'est pas une réticence, ni une fausse déclaration qui vicie le contrat, si la preuve démontre: 1. que le proposant ignorait le sens du mot gonorrhée, et. 2e. que l'attaque dont il avait souffert n'avait entraîné aucune conséquence sérieuse, et n'avait, en aucune façon, affecté sa santé.

(March 19, 1912—Superior Court of Quebec, Mr. Justice Lemieux—Prudential Insurance Co. v. Carrier—43 Superior Court of Quebec Reports, p. 97.)

(g) *Application—Answers to Medical Examiner—Application and Answers Basis of Contract—Warranty of Truth of Statements—Application Containing Phrase "to the Best of my Knowledge, Information and Belief"—Duty of Medical Examiner.*

Where an application for life insurance declares that the statements of the applicant and his answers to the examining physician are true to the best of his knowledge, information and belief, the declaration is not an absolute warranty of the accuracy of the applicant's statements but is qualified as a whole by the words "to the best of my knowledge, information and belief." *Confederation Life v. Miller*, 14 S.C.R. 330 followed.

The husband of plaintiff took out a policy of life assurance with the defendant company. By the terms of the policy the application and the answers to the company's medical examiner were made the basis of the contract. A short time after taking out the policy the assured died as the result of a disease of the heart, for which he had been treated previous to his application for insurance. The application read:—"I.....hereby declare that, to the best of my knowledge, information and belief, my health is good.....; that I usually enjoy good health.....; that the statements made above are respectively full, complete and true; and I agree that such statements with this declaration, and any statements made or to be made to the company's examining physician shall form the basis of the contract for such assurance; and if there be herein any untruth or suppression of facts material to the contract, the policy shall be void....." The questions put by the company's examining physician were on a printed form headed "Answers to be made by the applicant to the medical examiner. They were read without explanation and the answers were

SESSIONAL PAPER No. 8

written down on the form by that officer, sometimes not the exact words of the assured, but what the physician considered to be their substance. The answers were not read over to or by the applicant. They declared that the assured never had any "disease or disorder of the heart or blood vessels, atheroma, aneurism, palpitation of the heart, varicose veins, etc.," and never had any other serious illness, operation or injury, and was then in perfect health. To the question "When were you last attended by a physician, or when did you consult one, and for what disease?" the answer was "Three years ago for fractured rib." The form was signed by the assured beneath the words; I..... hereby declare that to the best of my knowledge, information and belief each of the above answers is full, complete and true, and is a combination of, and forms part of, my application for assurance." The assured has stated to the examining physician during the course of their interview that he had consulted his doctor a short time previously and had been told that he was suffering from acute indigestion. He was all right again after a few doses of medicine. But this the examining physician did not write down. It was shown that the assured had seen his doctor twice shortly prior to his application for insurance but there was some conflict of evidence as to whether at that time the assured had heart disease, and if so whether his doctor told him so. The disease could not be concealed by the assured and the company's physician examined him physically without discovering it and said he might have been suffering from the disease without knowing it.

Held, that the words "to the best of my knowledge, information and belief" qualified the whole of the paragraph in which they occurred, that the onus was upon the company of proving both that the assured was in fact suffering from heart disease and that he knew the fact, and held, on the evidence (Perdue, J. A., dissenting), that the company had failed to satisfy the burden of proof.

Held, also, that the warranty of the assured applied not to the answers written down but to the statements made to the physician and (Perdue, J. A. dissenting), that it was the doctor's duty to put down all the answers of the assured correctly and that the latter could not be prejudiced by the doctor's omission to do so. *Biggar v. Rock Life Assee. Co.* (1902) 1 K.B. 516, 71 L.J. K.B. 79 distinguished.

Per Perdue, J. A., (dissenting): It must be presumed that the assured read the answers before signing them, and if he did not take the trouble to read them, he must be treated as having adopted them: following *Biggar v. Rock Life Assee. Co.*, supra.

Judgment of Macdonald, J., 2 W.W.R. 508 affirmed.

(November 18, 1912—Court of Appeal, Manitoba—*Sawyer v. Mutual Life Assurance Co.*—III Western Weekly Reports,, p. 328.)

LEGISLATION.

ONTARIO LEGISLATION.

An Act to amend the Ontario Insurance Act, 1912, assented to 6th May 1913.

Section 166 of the Ontario Insurance Act, 1912, as originally enacted consisted of sub-sections 1 to 6 inclusive as set forth below. It was amended by the Ontario Act of last session by the addition thereto of sub-section 7 to 10 inclusive as given below. The whole section 166 as amended is as follows:—

166.—(1) Where the age of a person is material to a contract of insurance and was given erroneously in any statement or warranty made for the purposes of the contract, such contract shall not be voided by reason only of the age being other than as stated or warranted, if it appears that such statement or warranty was made in good faith and without any intention to deceive, but the person entitled to recover on such contract shall not be entitled to recover more than an amount which bears the same ratio to the sum that such person would otherwise be entitled to recover as the premium proper to the stated age bears to the premium proper to the actual age, both being taken as at the date of the contract, but in no case shall the amount recoverable exceed the amount stated or indicated in the contract:

Provided that where the application for and contract of insurance expressly limit the insurable age, and the actual age at the date of the application exceeds the age so limited, the contract shall, during the lifetime of the person on whose life the insurance was effected and not later than five years from the date of the contract, be voidable at the option of the insurer within thirty days after the error comes to his knowledge.

(2) If the error includes a fractional part of a year exceeding a half year, such fractional part shall be computed as a whole year, but if the fractional part does not exceed a half year it shall be disregarded in the computation.

(3) Where by the terms and for the purposes of the contract, the age was taken to be greater than the actual age, the number of years added to such age shall, for the purposes of the calculation be added to the actual age.

(4) Where an error is discovered in respect of a contract of insurance, or of any premium paid or to be paid upon such contract, nothing herein contained shall at any time before the maturity of the contract prevent an adjustment between the insurer and the assured of the amount of the insurance effected, or of any premium paid or to be paid.

(5) For the purposes of this section "premium" shall mean the net annual premium as shown in or deduced from the Hrd Tables of the Institute of Actuaries of Great Britain, the rate of interest being taken at four and one-half per centum per annum.

(6) This section shall apply not only to any future application for, or contract of insurance, but also to any application heretofore taken and to any contract heretofore made.

(7) *Every insurance corporation registered under this Act shall send to every person with whom a contract is made, within one month thereafter, a printed notice*

SESSIONAL PAPER No. 8

mailed to the last known address of the insured in such form as the Superintendent shall approve, and annually thereafter until proof of age is admitted, stating that the age of the insured is material to the contract, and evidence that the age stated in the application is the true age of the insured will be required before the policy is paid. This notice shall also be printed in red ink in type not smaller than 10 point upon all notices to the insured and upon all receipts for premiums.

(8) Sub-section 7 shall not apply to contracts issued under the Industrial plan.

(9) Sub-section 7 shall not apply to a registered Friendly Society, provided that the notice mentioned therein is published on the first page of the official newspaper or journal of the Society, in each issue thereof, and printed in red ink in type not smaller than 10 point upon all Certificates issued by the Society, and upon all receipts or pass-books issued to the members.

(10) Upon failure of a corporation to comply with the provisions of sub-section 7, the corporation shall be deemed to have admitted the age mentioned in the application as the correct age.

2. This section shall come into force on the 1st day of July, 1913.

(Note.—The Superintendent referred to in Sub-section 7 is doubtless the Superintendent of Insurance for the Province of Ontario.)

Section 175 of the said Act is amended so as to read as follows:—

(1) If no trustee of the insurance money is named or appointed, shares of infants may be paid to a trustee appointed by the High Court Division upon the application of the widow of the assured, or of the infants, or of their guardian, and such payment shall be a discharge to the insurer.

(3) Where insurance money not exceeding \$3,000 is payable to the wife and children of the assured, and some or all of the children are infants, the court may appoint the widow of the assured, if she is the mother of such infants, as their guardian without security, and such insurance money may be paid to her as such guardian.

(4) A trustee, subject to the terms of the trust instrument, or a guardian, may invest the money received in any security in which trustees under the law of Ontario may invest trust funds, and may from time to time alter, vary and transpose the investments; and where the money is held for infants, may also apply all or part of the annual income arising from the share or presumptive share of each of the infants, in or towards his maintenance and education in such manner as the trustee or guardian thinks fit, and may also with the approval of the High Court or a Judge thereof, advance to and for any of the infants, notwithstanding his minority, the whole or any part of his share for his advancement or preferment in life or on his marriage.

Section 176 of the said Act is amended so as to read as follows:—

176.—(1) If there is no person competent to receive the share of an infant or lunatic at the time of the maturity of the contract, and the insurer admits the claim or any part thereof, he shall pay such share into the Supreme Court to the credit of the infant or lunatic, and such payment shall be a sufficient discharge to the insurer for the money paid, and the money shall be dealt with as the Court may direct.

(2) An order allowing the payment into Court shall not be necessary, but the payment shall be made the privity of the Accountant of the Supreme Court.

(3) In the case of an infant the insurer shall at the time of payment into court file with the Accountant an affidavit shewing the name and the date of birth of the infant.

(4) Notice of the payment into court shall be forthwith given by the insurer to the official guardian.

(5) The insurer may deduct from the share of the infant or lunatic, \$5 for the costs of making the payment into Court.

(6) If the insurer does not within sixty days after the claim has been admitted, either pay the insurance money to some person competent to receive it or pay it into Court, the High Court Division or a Judge thereof may upon the application of a person competent to receive the money on behalf of the infant, or lunatic, order the insurance money, or any part thereof, to be paid to any person competent to receive the same, or to be paid into Court to be dealt with as the Court may direct, and any such payment shall be a discharge to the insurer.

Subsection 7 of Section 178 of said Act is amended so as to read as follows:—

(7) If one or more or all of the designated preferred beneficiaries, whether an apportionment has been made or not, die in the lifetime of the assured or if a sole preferred designated beneficiary dies in his lifetime, he may by a declaration provide that the share or shares of the person or persons so dying shall be for the benefit of the assured or of his estate or of any other person, whether or not such person belongs to the preferred class; and in the absence of any such declaration the share or shares of the person or persons so dying shall be for the benefit, in equal shares, of the survivor or survivors of such designated preferred beneficiaries, except where the person so dying is a child of the assured, and leaves a child or children surviving him, in which case his share and any share to which he would have become entitled if he had survived, shall be for the benefit of his child or children, in equal shares, and if there is no such surviving beneficiary and no such child entitled to take the insurance, shall be for the benefit in equal shares if there is more than one person entitled of the wife and children of the assured living at his death and the child or children of any deceased child who shall be entitled to the share which the parent then living would have taken, and if there is no surviving wife, child or grandchild, the insurance money shall form part of the estate of the insured.

RE UNION LIFE ASSURANCE COMPANY.

On the 25th of June, 1913, an Order for the Winding-up of the Union Life Assurance Company was made under the Dominion Winding-up Act and on the 27th day of the same month, a contract was entered into whereby all the policies, ordinary and industrial, of the said Union Life, were reinsured by the Metropolitan Life Insurance Company of New York.

SESSIONAL PAPER No. 8

NEW COMPANIES LICENSED OR APPLYING FOR LICENSE.

Since the beginning of the year 1913, a license for life insurance has been issued to an Australian company, The Mutual Life and Citizens Assurance Company. An application for a license has also been received from one Canadian Company, the Alberta-Saskatchewan Life Insurance Company, which was incorporated in 1911 by an Act of the Parliament of Canada. This application will receive consideration when the documents required by the Insurance Act have been filed and the deposit made with the Receiver General.

I have the honour to be, Sir,
Your obedient servant,

W. FITZGERALD.
Superintendent of Insurance.

†The Home Life Association of Canada have a contract with the People's Life Insurance Company under which the Peoples' Life receive a renewal commission of 7½ per cent of the premium actually collected in respect of Peoples' Life policies reinsured by the Home Life or in respect of Home Life policies issued in substitution receives as general manager a salary of \$5,000 per annum and a percentage of 3½ per cent of the gross actual premiums collected by the Association in each year, the percentage, however, not to exceed \$7,100 in any one year. This contract terminates on October 13, 1920. The Department of Justice is of the opinion that these contracts do not constitute liabilities requiring capitalization as such.

‡The following companies have made a deduction from Reserve as allowed under section 42 subsection 3 of the Insurance Act, 1910:—(a) British Columbia, \$22,710; (b) Capital, \$11,257.40; (c) Continental, \$32,603; (d) Crown, \$46,627; (e) Home, \$2,224; (f) Monarch, \$29,114; (g) National, \$36,873.00; (h) Northern, \$36,027.43; (i) La Sauvegarde, \$25,418.00; (j) Security, \$9,094; (k) Sovereign, \$11,594; (l) Travellers, \$18,134.18.

NOTE.—The *Sterling Accident and Guarantee Company of Canada* has reinsured all its risks with the Dominion Gresham Guarantee and Casualty Company and has given notice that it will apply for the release of its deposit on July 7, 1913. In the case of the *Union Life Assurance Company* an order for the winding up of the Company was made on Wednesday, June 25, 1913, and subsequently, with the approval of the Court, an agreement was made whereby the Metropolitan Life Insurance Company of New York has undertaken to reinsure all the policies of said Company.

THE following Insurance Companies are registered under "the Insurance Act, 1910" and are permitted to transact the business of Life Insurance in Canada upon the assessment plan:—

Name of Company.	Chief Agent to receive Process.
*The Canadian Order of the Woodmen of the World.....	Clair Jarvis, Chief Agent, London, Ont.
The Commercial Travelers' Mutual Benefit Society.....	Etta M. Rowley, Secretary, Toronto.
*The Grand Council of the Catholic Mutual Benefit Association of Canada.....	John J. Behan, Chief Agent, Kingston, Ont.

*This order is also authorized to transact the business of Sickness Insurance.

THE following Life Insurance Companies, having ceased to transact new business in Canada, are entitled under Section 102 of "the Insurance Act, 1910," to transact all business connected with policies existing at 31st March, 1878, and their deposits are applicable to those policies, subject to the provisions of the Statutes in that behalf.

Name of Company.	Chief Agent to receive Process.	Amount of Deposit with Receiver General.		Description of Insurance Business for which Licensed.
		Par Value.	Accepted Value.

The Company does not issue Annual Dividend Policies.

*Dividends in excess of 3½ per cent reserves.

†The schedule given for Deferred Dividend Policies does not apply to the dividends declared in 1912, but as there are very few of these, the figures represent the dividends of the last large distribution. The 1912 rates of dividends differ from these but slightly.

The Company did not issue Annual Dividend policies prior to 1910.

*The Company does not issue policies on this plan.

†For the profit distribution of 1912, the above dividends were paid whether the policy was continued or surrendered. The basis of valuation of all policies issued before 1900 was the Actuaries' 4 per cent reserve, while at Dec. 31, 1912, the higher $Om(5) 3\frac{1}{2}$ per cent reserve was maintained out of undistributed surplus.

NATIONAL LIFE OF CANADA.

*No distribution of profits took place as at December 31st, 1907, the whole of the available surplus of the quinquennium being applied in strengthening the reserves and writing down the Associations securities. A distribution was made as at Dec. 31, 1912, and it was expected that the figures showing these results would be available for this report. These figures however have not been received.

*No Deferred Dividend Policies have been issued since the year 1906.

†During 1909 the Company's premium rates for Endowment Policies were decreased and it has therefore been necessary in some cases to show the figures for policies at the two rates for the same age at issue.

LIFE ANNUITIES—CANADIAN.

	No.	Yearly Amount Payable.	Reserve.
Arising out of Life Assurance contracts.....	2	\$ 75	\$ 1,203

MISCELLANEOUS STATEMENT.

1. Policies were valued in groups. There are only two annuities.
2. The valuation age for assurances was taken as age of nearest anniversary of birth; for annuities, nearest quarter elapsed since last anniversary.
3. (a) No policies have been issued in Canada at premiums corresponding to ages higher than the true ages.
(b) No policies with liens have been issued in Canada.
(c) No special reserve is held for extra premiums for female risks and extra hazardous occupations.
(d) For policies providing for disability benefits; the additional reserve consists of 50 cents per \$1,000 of life insurance with interest at $3\frac{1}{2}$ or 3 per cent.
4. No special reserve is held under limited and single premium policies on account of prepaid or limited loadings.

5. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

The participating class of business is kept separate and distinct from the non-participating (or shareholders') class. Each class pays its own expenses, commissions, medical fees, &c., and the general expense account is divided between the two classes in proportion to premium receipts.

ÆTNA LIFE.—*Continued.*MISCELLANEOUS STATEMENT.—*Concluded.*

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual dividends.

Expense assessment of 72.5 per cent of loading, leaving 27.5 per cent with 4.35 per cent interest for distribution, except for issue of 1909 where an extra charge of 50 cents per \$1,000 is made.

Interest earnings of 4.35 per cent leaving the difference between this rate less the rate employed in the calculation of reserves for distribution, taken on the initial reserves.

Distribution from favourable mortality experience equivalent to the following rates per cent on the cost of insurance, 25 per cent for first year of duration gradually decreasing to a minimum of 10 per cent for the sixteenth and subsequent years of duration, also gradually decreasing with advancing age, to a minimum of 5 per cent for ages attained 77 and over.

The issues of 1903 and 1906 comprise quinquennial dividend contracts with few exceptions. The exceptions follow the general basis of distribution.

Quinquennial dividends.

This class includes the issues of 1902 and 1907 and comprises the five policy years from the anniversary in 1907 to the anniversary in 1912. The annual profits arising in such policy years were determined on the basis employed by the company, during each policy year, for its annual distribution. The profits so determined were increased by interest at the rate then employed and by additions for intermediate terminations calculated according to kinds and ages.

WITH PROFIT POLICIES.

Deferred Dividend policies issued prior to January 1, 1911 and amount of profits contingently apportioned thereto:—

	Amount in force.	Profits contingently apportioned.

MISCELLANEOUS STATEMENT.

1. Assurances are valued in groups. There are no annuities.
2. The valuation age was determined by adding $(N + \frac{1}{2})$ to office age at entry. N being the curtate duration.
3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
(b) No policies have been issued at premiums corresponding to ages higher than true ages.
(c) In the valuation of policies with liens, the liens have been disregarded.
(d) In the valuation of policies issued at a fixed extra premium, the extra premium has been disregarded.
(e) In the case of policies with disability benefits, a reserve of 15 cents per \$1,000 of insurance has been maintained for policies issued in 1912, and 25 cents per \$1,000 for policies issued in 1911.
4. See 3 (a).
5. No additional reserve is maintained in respect of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 8.33 per cent.
- 7 and 8. The question of surplus distribution has not yet been dealt with.

*Including \$40,282 contingent additions, reserves for which are included with policies.

THE CANADA LIFE ASSURANCE COMPANY.

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.

President—Hon. GEO. A. COX.

Vice-Pres.—J. H. PLUMMER.

Secretary—C. R. ACRES.

Actuary—W. A. P. WOOD.

Head Office—Toronto, Ont.

(Organized, August 21, 1847; incorporated, April 25, 1849, by Act of the Legislature of the late Province of Canada, 12 Vic., cap. 168; amended in 1879 by 42 Vic., cap. 71; in 1893 by 56 Vic., cap. 76; in 1899 by 62-63 Vic., cap. 90; and in 1909 by 8-9 Edward VII., cap. 85. Commenced business in Canada, August 21, 1847.)

MISCELLANEOUS STATEMENT.

1. Assurances are valued in groups; annuities individually.
2. The valuation age for assurances was obtained by taking the difference between 1912 and the year of issue and adding it to the office age at time of issue. For annuities the age was obtained by taking the difference between 1912 and the year of issue and adding it to the age nearest birthday at 31st December in the year of issue.

THE CANADA LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Con.*

3. (a) The few policies issued on lives resident in tropical or sub-tropical countries are valued the same as policies issued at regular Canadian rates.

(b). Policies issued at premiums corresponding to ages higher than the true ages are valued at the rated-up ages.

(c). Policies providing for payment at death during certain periods of an amount less than the full amount of insurance are valued as if the full amount were payable without any deduction.

(d). No extra reserve is held for policies issued at a fixed extra premium, whether payable in one sum or annually. They are valued as regular policies.

(e). For policies providing for disability benefit, one half of the gross premium is held as reserve.

4 (a). Policies issued on lives resident in tropical or sub-tropical countries have the same surrender values as policies issued at regular Canadian rates.

(b). Such policies have allotted to them the same surplus as policies issued at regular Canadian rates.

5. No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 5.57%.

7. The distribution of surplus as between shareholders and policyholders was made on the basis of 10 per cent to the shareholders and 90 per cent to the policyholders.

8.

DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

The surplus belonging to quinquennial dividend policies is kept distinct from the surplus of the deferred dividend policies. It is further subdivided into two sections: (1) that arising from quinquennial policies issued prior to January 1, 1900, and (2) that arising from quinquennial policies issued since that date. In section (1) the method of distribution is what is termed the simple uniform reversionary bonus method. Life policies were allotted a reversionary bonus of $1\frac{1}{4}$ per cent per annum and endowment assurances 1 per cent per annum.

In section (2) a modified contribution method has been adopted using the factors (a) gain from interest (b) gain from loading and (c) gain from favourable mortality, particulars of which are

Loading basis.....	0 ^(M)	3%
Net Interest Rate assumed.....		4 $\frac{3}{8}$ %
Reserve basis.....	H ^M	3%.

The interest surplus was taken as $1\frac{3}{8}$ % of the mean reserve for each policy year. The loading surplus for each policy year was taken as 19% of loading for the first quinquennium, and 20% for second quinquennium. The mortality surplus was taken as a percentage of the cost of insurance, ranging from 30% at age 21 to $7\frac{1}{2}$ % at age 70. For the second quinquennium these percentages were reduced one-half. The respective yearly amounts of interest, loading and mortality surplus were combined and accumulated to the end of the quinquennium at $4\frac{3}{8}$ %, giving the policyholders' surplus for the quinquennium. The first insurance year was not taken into account in allotting surplus.

SESSIONAL PAPER No. 8

THE CANADA LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

The rates of Cash Dividends given in the schedule for policies completing their first quinquennial period are those belonging to policies issued under the "Guaranteed Option Contract" premium rates. In the same year there were also issued policies designated "Ordinary" having somewhat lower premiums, guaranteed values and dividends, the premiums being the same as those given in the statement of premiums charged for policies being issued at the present time.

Deferred Dividends.

The Deferred Dividend Policies are kept entirely distinct from the other classes of policies. The Assurance Fund for Deferred Dividend Policies is credited with all the premiums of that class and also with its share of the interest income, and it benefits by the lapses and surrenders of policies in that class, while on the other hand, it is charged with the claims and surrender values arising under this class of policies and also with its share of the company's expenses. A separate valuation of these policies shows the liabilities of this section. Thus the accumulations of the Deferred Dividend Policies are kept strictly separate from other funds. At the termination of the profit period originally selected, the policyholders may exercise different options as to the application of their share in the accumulated fund, the share of each such policy being determined after careful analysis of the sources from which the accumulated surplus has arisen. Profits on Deferred Dividend Policies are not finally allotted until the completion of the Deferred Dividend period, at which time they also vest.

THE METHOD OF ALLOTING SURPLUS ON POLICIES WHOSE DIVIDEND PERIODS WERE COMPLETED 31ST DECEMBER, 1909, ARE GIVEN HEREWITH.

1. Dividend Period.....15 years.
- Loading basis..... O^M . $3\frac{1}{2}\%$
- Net interest rate assumed..... $4\frac{3}{8}\%$
- Reserve basis..... H^M . $3\frac{1}{2}\%$

A two factor method was employed, the surplus arising from favorable mortality being thrown into the two groups, Interest Surplus and Loading Surplus. The annual contribution to surplus for the Interest Surplus group was obtained by applying the factor .01325 to the mean reserve for the year and for the Loading Surplus group by applying the factor .5283 to the loading for the year. Combining and accumulating these yearly amounts to the end of the dividend period at $4\frac{3}{8}\%$ gave total surplus, 90% of which was allotted to policyholders.

2. Dividend Period.....20 years
- Loading basis..... O^M . $3\frac{1}{2}\%$
- Net interest rate assumed..... $4\frac{1}{2}\%$
- Reserve basis..... H^M . $3\frac{1}{2}\%$

The same method was followed as in (1), the factors being .01375 for the Interest Surplus group and .5283 for the loading Surplus group, the accumulations being made at $4\frac{1}{2}\%$.

MISCELLANEOUS STATEMENT.

1. Policies were valued by grouping the amounts in force for the same age and plan. There are no annuities.
2. The valuation ages used were the actual ages.
3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (c) In the valuation of policies with liens, the liens have been disregarded.
- (d) In the valuation of policies issued at a fixed extra premium, the total extra premium has been reserved in addition to the ordinary value.
- (e) In the valuation of policies providing for disability benefits, the total extra premium for disability has been reserved, in addition to the ordinary value.
4. See 3 (a).
5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 5.65 per cent.
7. and 8. The question of surplus distribution has not yet been dealt with.

MISCELLANEOUS STATEMENT.

1. Policies were valued individually. There are no annuities.
2. The valuation age for assurances was taken as the nearest integral age at Dec. 31, 1912.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.
 (b) No policies with liens have been issued in Canada.
 (c) In the valuation of policies issued at a fixed extra premium, the extra premiums were disregarded.
 (d) No policies providing for disability benefits have been issued in Canada.
4. No reserve is kept for prepaid or limited loadings under limited or single premium policies.

5.—DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

Nine-tenths of the divisible surplus is allotted to policies entitled to share in the profits and one-tenth to the shareholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The principles adopted at the last distribution of profits as at 31st December, 1907, provided (1) that the cash bonuses allotted to policies sharing for the first time, or with all previous bonuses surrendered, should be in proportion to the ordinary whole term annual premiums paid, or assumed paid, during the quinquennium, excluding extra premiums for foreign residence, occupation or other special risks, and (2) that, where any Reversionary Bonus declared at a previous valuation remained attached to a policy, each such bonus should be treated as though it were a fresh assurance effected at such valuation by a hypothetical annual premium, and such hypothetical annual premium should, for purposes of participation, be added to the whole term annual premium for the sum assured, the cash bonus allotted being in proportion to the combined ordinary and hypothetical annual premium assumed paid during the quinquennium.

COMMERCIAL UNION—*Concluded.*

SESSIONAL PAPER No. 8

CONFEDERATION LIFE—*Continued.*

MISCELLANEOUS STATEMENT.

1. Assurances were valued in groups, annuities individually.
2. The valuation age for assurances was taken at age next birthday; for annuities age last birthday.
3. (a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued upon a net premium basis according to the American Tropical Experience Table with 3 per cent interest.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.
- (c) Policies providing for payments at death during certain periods of an amount less than the full amount of insurance were valued for the full amount of the policy.
- (d) Policies issued at a fixed extra premium, whether payable in one sum or annually, were valued at the regular rate of premium.
- (e) No policies providing for disability benefits are issued.
4. (a) The surrender values on tropical and sub-tropical policies are based on the American Tropical Experience Table and in accordance with the same general principle as in the case of policies issued at ordinary rates.
- (b) The surplus allotted to tropical and sub-tropical policies is in accordance with the same general principle as the computation of dividends under policies issued at ordinary rates, due regard being had to the extra rate of mortality, &c., which may be experienced under policies under these plans.
5. No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 5.75 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

In accordance with the provisions of section 110 of the Insurance Act, 1910, shareholders are credited with (a) interest earned upon the paid-up capital stock and shareholders' funds at the average net rate earned for the year, (b) the profits earned in the non-participating branch of the business and (c) they may be credited with a sum not exceeding ten per centum of the profits earned in the participating branch of the business. In the present year the proportion transferred was five per centum only, and for several years past no portion thereof has been so transferred, the entire earnings of the branch having been credited to the participating policyholders' account.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual Dividends.

Dividends are computed on what is known as the "Two Factor Method."

The annual dividend consists of two parts, viz.:—(1) interest earned upon the reserve value of the policy at a rate equal to the difference between the rate employed in making the valuations and the net rate earned, five per centum, and (2) the portion of the premium loading not required for expenses. The expense charge varies slightly according to the duration of the policy, being for the year as follows, —first to fifth years of duration inclusive being ten per centum of the premium plus one-half of one per centum of the sum assured in the first year, for the sixth to the tenth years inclusive nine and one-half per centum, and thereafter nine per centum.

CONFEDERATION LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.**Quinquennial Dividends.*

The annual forms the basis for the quinquennial dividend. The annual dividends are improved with interest at the net rate earned, up to the end of the quinquennial period. Annual dividends earned under policies in the quinquennial class which fail to complete their dividend periods are re-apportioned amongst the policies of the same class which are in force at the expiry of the quinquennial period.

Deferred Dividends.

To the deferred dividend policies dividends are allotted at the end of each five-yearly period and are improved with interest at the net rate earned, up to the end of the deferred dividend period. Dividends allotted to policies which fail to complete their deferred dividend periods are re-apportioned amongst the policies of the same class which are in force at the expiry of the deferred dividend periods.

WITH-PROFIT POLICIES.

Deferred Dividend Policies issued prior to January 1, 1911, and amount of profits contingently apportioned thereto.

THE CONTINENTAL LIFE—*Continued.*

MISCELLANEOUS STATEMENT.

1. Policies were valued in groups. There are no annuities.
2. The valuation age for policies issued prior to 1902 was the nearest age, and for policies issued in 1902 and subsequent years the age at next birthday.
3. (a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates, have the regular reserve maintained.
(b) Policies issued at premiums corresponding to ages higher than the true ages were valued as at the rated-up age.
(c) In the valuation of policies providing for payment at death during certain periods of an amount less than the full amount of insurance, the lien was ignored in ascertaining the reserve.
(d) In the valuation of policies issued at a fixed extra premium, whether payable in one sum or annually, the fixed extra premium was ignored.
(e) Regular reserve was held on policies carrying disability benefits. None were issued until 1911.
4. No difference was made in the surrender values of or surplus allotted to policies issued on lives resident in tropical or sub-tropical countries.
5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
- 6 The average rate of interest earned on the invested assets was 5.65 per cent

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

The surplus arising from participating policies is allotted on the basis of 90 per cent to the policyholders and 10 per cent to the shareholders.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The Company does not issue Annual Dividend Policies.

No policies with Quinquennial Dividends reached the end of a Five-Year period in 1912.

Deferred Dividends

Each policy was credited with the annual premium less the cost (expressed as a percentage of the premium for commission and a fixed amount for all other expenses. The expense of new business charged against policies issued in the year 1897 was 40 per cent of the first year's premiums plus \$44.00 per \$1,000, and against those issued in the year 1902, 40 per cent plus \$25.93 per \$1,000. The expense charged to renewal business was $8\frac{1}{2}$ per cent of the premiums in 1898, $12\frac{1}{2}$ per cent in 1899, 10 per cent in 1900, and for the years subsequent to 1900, 5 per cent plus a charge varying in these years between \$2.81 and \$3.71 per \$1,000. The tabular cost of mortality, reduced in the proportion of the actual to the expected in each year and varying for the different years between 20.07 and 70.60 per cent, was also deducted. Interest was credited for the different years at rates varying from 4.07 to 5.68 per cent, and from the total thus found at the end of the dividend period the reserve was taken. Of the balance, 10 per cent was the shareholders' proportion and the remainder was paid to the policyholders as profits.

<i>Life Annuities..</i>	No.	Yearly amount payable.	Reserve.
Life annuities proper.....	1	\$ 500 40	\$ 5,153

MISCELLANEOUS STATEMENT.

1. Assurances were valued in groups; annuities individually.
2. Valuation age for assurances was age next birthday; for annuities age, last birthday.
3. (a) The few policies issued on lives resident in tropical or sub-tropical countries were valued the same as policies at Canadian rates.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (c) Policies providing for the payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full amount were payable throughout.
- (d) In the valuation of policies issued at a fixed extra premium, the extra premium was disregarded.
- (e) In the valuation of policies providing for disability benefits, for year of issue 1911 a reserve of 150 per cent of the gross premium was held, and for year of issue 1912 a reserve of 50 per cent of the gross premium.
4. (a) The surrender values under tropical and sub-tropical policies are the same as under policies issued at ordinary Canadian rates.
- (b) No surplus has as yet been allotted to tropical and sub-tropical policies.
5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 5.63 per cent.

3 GEORGE V., A. 1913

THE CROWN LIFE—*Concluded.*MISCELLANEOUS STATEMENT—*Concluded.*

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

The division was made in accordance with the provisions of the company's charter which provides that the policyholders shall receive not less than 90 per cent of the total divisible surplus.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Typical policies were selected and the asset shares belonging to each calculated by a contribution method employing interest, mortality and expense factors. The interest factor employed was 5 per cent, except that on paid-up policies $4\frac{1}{2}$ per cent was used. The rate of mortality was 80 per cent of the Select British Offices Life Table Om. The rates of expense were according to graded scales varying from 32 to 15 per cent of the gross premium according to the plan of the policy. The proper reserves were then deducted and 90 per cent of the balance set aside as Policyholders' Dividends. The dividend scales were then completed by a process of interpolation.

WITH-PROFIT POLICIES.

LIFE ANNUITIES.

	No.	Yearly. Amount Payable.	Reserve.
Life Annuities proper.....	5	\$ 841 80	\$ 4,861 91

MISCELLANEOUS STATEMENT.

1. Assurances and annuities were valued individually.
2. The valuation age for assurances was age next birthday at date of valuation; and for annuities age last birthday at date of valuation.
3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
(b) No policies have been issued at premiums corresponding to ages higher than the true ages.

*This valuation was based on Institute of Actuaries' H.M. Table with $3\frac{1}{2}$ per cent. interest for policies issued prior to January 1, 1910, and on O.M.(5) with interest at 3 per cent. for policies issued subsequent to December 31, 1909.

SESSIONAL PAPER No. 8

THE DOMINION LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

(c) There was no modification made in the valuation of policies providing for the payment at death during certain periods of an amount less than the full amount of insurance.

(d) There was no extra reserve maintained for policies issued at a fixed extra premium, whether payable in one sum or annually.

(e) No policies have been issued providing for disability benefits.

4. See 3. (a).

5. There was no reserve held under limited and single premium policies on account of prepaid or limited loadings, and none required by the company's method of surplus distribution.

6. The average rate of interest earned on the invested assets was 8 per cent.

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

An individual account is kept with each policyholder, who is credited with all payments made by him and sums standing to his credit, and interest thereon is allowed at the company's net rate $6\frac{1}{2}$ per cent; he is charged each year with his share of expenses and death losses and with the year's reserve. In respect to the mortality charges, policies in the Abstainers' Section are charged 30 per cent. of the tabular rate, in the General 40 per cent., and in the Women's 90 per cent these percentages being found from the actual calculation of the death losses occurring in the year. The expense factors are as follows,—in the first year each policy is assessed 100 per cent. of the life rate plus \$4.00; in succeeding years 8 per cent. of the gross premium for commission and tax charges, and 5 per cent. of the life rate plus \$1.75 on account of general expense. The policyholders' account is carried from year to year until terminated by lapse, death or maturity. No surplus is carried to the shareholders' account until the final termination of the policy, at which time 10 per cent. of the profits is transferred.

In all classes of policies—with the exception of 'tontine' policies—which have been five or more years in force, no 'interim' surplus is forfeited in case of death between two dividend periods, but the assured is paid all profits to his credit up to the day of his death.

A shareholders' account is kept showing the payments made by the shareholders on account of capital stock and the amounts transferred to them from the share of their profits. The total amount to their credit is increased in any year by interest at the gross rate earned by the company less 10 per cent for the cost of investment. The dividend paid to them at the end of that year is deducted, their share of the profits (found as shown above) credited to them, and the balance carried forward to the next year, and so on from year to year.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

An individual account is kept with each policy in the manner described above. The quinquennial profits under any policy are distributed in one of three ways according to the choice of the assured at the outset of his policy, viz.: cash, reduction in premiums, or a paid up addition to the sum assured. The shareholders' 10 per cent is deducted and a small allowance in the nature of a 'safety-margin' retained. The deduction of this safety-margin does not operate against the interests of the assured, since all profits standing to the credit of the policy at the day of death are paid to the assured's representatives by the company.

3 GEORGE V., A. 1913

THE DOMINION LIFE—*Concluded.*MISCELLANEOUS STATEMENT—*Concluded.*DISTRIBUTION OF PROFITS TO POLICYHOLDERS—*Concluded.**Deferred Dividend Policies.*

An individual account is kept with these policies in the same way as with the Quinquennial Distribution policies. At the completion of the dividend period of any policy, the assured is also given his share of the 'tontine' fund or forfeited surplus of those members in the same class and year of issue whose policies have been terminated after three years, but before completion of the dividend period, by death, surrender or lapse.

MISCELLANEOUS STATEMENT.

1. All the policies of the same class, year of issue, kind and age were grouped together.

2. The valuation age for assurances was determined by adding the difference between the year of valuation and the year of issue to the age at issue and adding one half year; and for annuities, by adding the difference between the year of valuation and the year of issue to the integral age attained in the year of issue, and adding one half year.

3. (a) For policies issued at premiums corresponding to ages higher than the true ages, the reserve at the higher age was used.

(b) The reserve for a decreasing insurance was deducted from the reserve on the regular policy in the case of policies providing for payment at death during certain periods of an amount less than the full amount of insurance.

(c) In the valuation of policies issued at a fixed extra premium, whether payable in one sum or annually, no account was taken of the extra premium.

(d) In the valuation of policies providing for disability benefits, an extra disability reserve was computed, being calculated upon the amount of insurance for each year, kind and age.

4. There is no additional reserve held under limited and single premium policies on account of prepaid or limited loadings.

5. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

After setting aside from the surplus earned during the year the sum of \$7,000 for the payment of the authorized dividend upon the capital stock, the remainder is held in the interest of or paid to the policyholders.

3 GEORGE V., A. 1913

THE EQUITABLE LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual Dividends.

The following is the rule for the computation of annual dividends payable in 1912. From the ordinary premium due in 1911, taken on the annual basis deduct an expense charge beginning at $13\frac{1}{2}$ per cent of the mean between the gross annual premium and the net Ordinary Life annual premium at the same age for the first policy year. The expense charge decreases by 4 per cent of itself each year to 60 per cent for the 11th year, then by 3 per cent each year to 30 per cent for the 21st year, then by 2 per cent each year to 20 per cent for the 26th year, then by 1 per cent each year to 15 per cent for the 31st year, remaining uniform thereafter at 15 per cent of the initial amount, but ceasing in any case when the policy becomes paid-up. Add the balance of the premium to the terminal reserve in 1911 and to the sum add interest at 4.3 per cent for each year. From the total deduct the cost of insurance according to the American Experience Table and the terminal reserve at the anniversary in 1912. The balance is the cash dividend payable in 1912 unless the result of such computation would give a dividend less than was declared on the same policy in 1911, in which case the same cash dividend is declared in 1912 as was declared in 1911 if the premium was the same in 1911 as in 1910.

Quinquennial Dividends.

The annual dividends payable on similar policies during the years 1907 to 1910 inclusive were applied as net single premiums to the purchase of Pure Endowments payable in 1911 and to the sum of these the amount of the annual dividends payable in 1911 was added. The total constitutes the dividend declared on 5-year dividend policies. The above applies to dividends declared in 1911 as none were declared in 1912.

Deferred Dividends.

On policies in the Deferred Dividend classes, a special account is kept of income and disbursements, so that the amount of the Deferred Dividend Fund—that is the amount of assets derived from policies in the Deferred Dividend classes—can be ascertained for the end of every year. The Deferred Dividend Fund is credited with all premiums received on Deferred Dividend policies, is charged with a proper proportion of the expenses, receives credit for interest on its accumulations proportionate to that earned on the total funds of the Society, and is charged with losses by death on Deferred Dividend policies, and the values of such policies as reach the end of their dividend periods, or are surrendered previous to that time. At the end of every year, the total amount of the Deferred Dividend Fund, and the total amount of reserve and other liabilities on Deferred Dividend policies are calculated, and the difference between these amounts is the surplus derived from Deferred Dividend contracts.

As Deferred Dividend policies, after completing their periods, cannot participate in future divisions of Deferred Dividend surplus, careful computations are made of the amounts to be apportioned to policies at the end of their dividend periods. It would apparently have simplified the calculations to have made separate classes for every year of issue of policies with the same features and conditions, so that there would have been no mingling of claims of policies leaving

SESSIONAL PAPER No. 8

THE EQUITABLE LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

a class with the claims of policies remaining in the class; but an insuperable objection to this plan is, that in small numbers, and even in numbers of considerable magnitude, irregularities will arise which would be troublesome in practice, and would cause grave suspicion of unfairness, while it is desirable in all life insurance calculations to take advantage of the largest averages attainable.

It was decided, therefore, that all policies with similar conditions, no matter in what year issued, should be classified together for the purpose of determining the proper amounts of dividends to be apportioned, and the following plan was adopted: Rates of interest, mortality, expenses, lapse and surrender, were assumed, based upon past experience. On the bases of these rates, calculations of the amount of surplus which would be realized on policies taken out at every age and of every kind, at the end of their dividend periods, were made, and estimated surpluses were computed for the issues of every year at the end of every policy year during their periods. By simply uniting these computations, in any year, the expected, or estimated surplus, on the entire amount of the Deferred Dividend policies included in the various classes can be readily ascertained. The total expected surplus, when compared with the total actual surplus, which is ascertained as described above, gives a ratio which is applied to the estimated surplus on policies at the end of their periods, and in this manner the actual surplus which is apportioned to such policies was obtained.

WITH-PROFIT POLICIES (CANADIAN BUSINESS).

Deferred Dividend Policies issued prior to Jan. 1, 1911. No contingent apportionment of profits has yet been made.

Life annuities proper.....	2	\$ 1,070 00	\$ 11,255 00

MISCELLANEOUS STATEMENT.

- Assurances were valued in groups; annuities individually.
- The valuation age for assurances was taken at age next birthday; for annuities age last birthday.
- Policies issued on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued as though issued at ordinary rates.
 - Policies issued at premiums corresponding to ages higher than the true ages were valued as though issued at the ordinary ages.
 - Policies providing for payments at death during certain periods, of an amount less than the full amount of insurance were valued as ordinary policies.

3 GEORGE V., A. 1913

THE EXCELSIOR LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

- (d) Policies issued at a fixed extra premium, whether payable annually or not, were valued as though issued at the ordinary rates.
- (e) In the valuation of policies providing for disability benefits a reserve equal to one-half of the annual premium is maintained.
- 4. As regards surrender values and surplus allotted, tropical and sub-tropical policies are treated as if issued at ordinary rates.
- 5. There is no reserve held under limited and single premium policies on account of prepaid or limited loadings.
- 6. The average rate of interest earned on the invested assets was 7.72 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

The Shareholders' Fund at the beginning of the year is credited with interest at the net rate earned, and also with 10 per cent of the profits to be distributed during the year (the remaining 90 per cent belonging to the Policyholders). At the option of the Directors any profits on non-participating business may also be transferred to the Shareholders' Fund. The Fund is charged with all payments to Shareholders, with any losses on non-participating business, and its proportion of any losses which may be sustained on investments.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial dividends.

The dividends for the first quinquennial period were computed in the same manner as deferred dividends. The quinquennial dividends for other periods were computed by a compound reversionary bonus system, now discontinued.

Deferred dividends.

The deferred dividends were computed by a modified 'asset share' method, by which a certain percentage of the premium was deducted for expenses, the percentage varying with the plan and, except for Endowments of specified terms, with the age also. On the Ordinary Life plan the percentage decreased regularly from 29 per cent at age 20 to 21 per cent at age 60. In the case of Endowment policies the percentages for all ages increased regularly from 15 to 21 per cent, being 15 per cent for all Ten year Endowment policies and 21 per cent for all Forty year Endowment policies. For Limited Payment Life policies the percentage taken was the mean between the Ordinary Life rate at the same age and the rate for an Endowment Assurance of the same premium paying period. The mortality allowed in every case was 75 per cent of the expected and interest was computed at 5 per cent throughout. A valuation of the Deferred Dividend policies was then made on the basis of these "standard assets shares," the total compared with the actual funds at the credit of these policies, and by this means the fund at the credit of each individual policy was ascertained.

SESSIONAL PAPER No. 8

THE EXCELSIOR LIFE—*Concluded.*

MISCELLANEOUS STATEMENT.

- Assurances were valued in groups according to age at issue and plan of assurance; annuities in groups.
- The valuation age for assurances was age next birthday; for annuities age last birthday.
- (a) Policies issued on lives resident in tropical or sub-tropical countries were valued on Hm. Table of mortality with interest at $3\frac{1}{2}$ per cent (net valuation.)
- (b). Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher age.
- (c). Policies providing for the payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full amount were payable at death.
- (d). In the valuation of policies issued at a fixed extra premium whether payable in one sum or annually, the extra premium is disregarded.
- (e). In the valuation of policies providing for disability benefits, one-half of the total disability premiums is held as a reserve.

3 GEORGE V., A. 1913

THE FEDERAL LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

4. As regards surrender values and surplus allotted, tropical and sub-tropical policies are treated as if issued at ordinary Canadian rates.

5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 6.01 per cent.

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

Of the profits from With-Profit Policies the shareholders receive 10 per cent and the policyholders the remaining 90 per cent; and the shareholders receive the profit or pay the losses on the non-participating business.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Standard Funds were computed for different plans and ages by a contribution method using as factors, (1) Interest, 5 per cent, (2) Mortality, 75 per cent of the HM experience, and (3) Loading, a percentage of the premium varying with the plan and age, the renewal expense charges varying from 7.2 per cent to 16.4 per cent according to plan and age, while the first year expense was assumed to be ten times the renewal. By deducting the proper reserve from the resulting asset-share a hypothetical surplus was obtained and this was adjusted to the actual surplus. For Quinquennial Policies part of the initial expense was spread over subsequent years.

WITH-PROFIT POLICIES.

Deferred Dividend Policies issued prior to January 1, 1911, and the amount of profits contingently apportioned thereto.

MISCELLANEOUS STATEMENT.

1. Policies were valued individually. There are no annuities.
2. The valuation age for assurances was taken as age nearest birthday.
3. (a) No policies have been issued in Canada at premiums corresponding to ages higher than the true ages.
 (b) No policies have been issued in Canada with liens.
 (c) In the valuation of policies issued at a fixed extra premium, the extra premiums were disregarded.
 (d) In the valuation of policies providing for disability benefits, these benefits were valued on Hunter's Disability Benefit Table.
4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

5. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

From the sum set aside each year to be distributed among shareholders and policyholders, there is paid to the shareholders 7 p.c. interest and 5 p.c. dividend on the capital stock; the remainder is paid to the policyholders.

THE GERMANIA LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Surplus earnings for the declaration of dividends to policyholders are assumed to be derived from two sources, viz.:—(1) Interest earnings in excess of reserve requirements (2) saving from loading on the net premium.

The factors used in 1912 for policies issued prior to Jan. 1, 1910, were nine-tenths of one per cent of the mean reserve on the American Experience Table with $3\frac{1}{2}$ p.c. interest, and $52\frac{1}{2}$ p.c. of the loading on the same basis.

For policies issued since Jan. 1, 1910, one and four-tenths per cent of the mean reserve on Am. Exp. Table, 3 p.c. interest, and $52\frac{1}{2}$ p.c. of the loading.

The sum of these two items is referred to as Standard Dividend. The cash dividends for 1912 declared by Board of Directors=100 p.c. of the Standard Dividend.

MISCELLANEOUS STATEMENT.

- Assurances were valued in groups. Annuities were valued individually.
- The valuation age for assurances was obtained by adding $N + \frac{1}{2}$ to the office age at entry (next birthday), N being the curtate duration. For annuities the valuation age was taken at nearest attained age.
- (a). No policies are issued on lives resident in tropical and sub-tropical countries.
 (b). Policies issued at premiums corresponding to ages higher than the true ages, were valued at the rated-up age.
 (c). In the valuation of policies providing for payments at death during certain periods of an amount less than the full amount of insurance, liens were disregarded.
 (d). Extra premiums were disregarded in the valuation of policies issued at a fixed extra premium whether payable in one sum or annually.
 (e). In the valuation of policies providing for disability benefits special reserves were held, being 25 cents per \$1,000 for year of issue 1912, and $37\frac{1}{2}$ cents per \$1,000 for year of issue 1911.
- See 3 (a).
- In the valuation of limited and single premium policies provision is made for prepaid or limited loadings by valuing at a low rate of interest.
- The average rate of interest earned on the invested assets was 7.92 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

Policyholders receive 90 per cent of surplus set apart for distribution and shareholders 10 per cent. The surplus from non-participating policies is kept in a separate account and held to be ultimately used as may be decided by the Directors.

THE GREAT-WEST LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

8.

DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Dividends to policyholders are computed by a contribution method, four factors being employed, viz.:—Interest, Mortality, Loading and Withdrawals. These factors are embodied in an accumulation formula whereby the total fund or asset-share is determined for each policy, the same being subject to adjustment according as the sum of the total asset-shares or other liabilities is greater or less than the total assets of the company. The surplus share or dividend is ascertained by deducting the reserve from the asset-share. The factors employed in above method are as follows. For interest a net rate of 6 per cent is assumed. For mortality it is assumed that 75 per cent of the O^M mortality rates applies for all attained ages less than 36; after age 35 the percentage increases one point for each additional attained age until a maximum of 100 per cent is attained at age 60. For loading an expense rate of 10 per cent is assumed for all renewal premiums. For first year premiums the expense rate varied with each plan and age, for example, the rates from age 25 to age 51 varied for Ordinary Life, from 122 to 88 per cent, for 20 Payment Life from 105 to 84 per cent and for 20 year Endowment from 88 to 80 per cent. The withdrawal factor was assumed to apply during only the first seven years of the policy the rates assumed varying with the duration from 18 per cent to 1 per cent for all ages up to 47, after which they decrease slightly.

WITH-PROFIT POLICIES.

Deferred Dividend Policies issued prior to January 1, 1911 and Amount of Profits contingently apportioned thereto:—

Year of issue.	Amount in force.	Profits contingently apportioned.

†Computed by the Department.

*Based upon the H.M. Table of Mortality, with interest at 4 per cent on policies issued prior to January 1, 1900; and H.M. 3½ per cent for policies issued on or after January 1, 1900. For Life Annuities British Offices' Select Life Annuity Tables, 1893.

††The Home Life Association of Canada have a contract with the People's Life Insurance Company under which the People's Life receive a renewal commission of 7½ per cent of the premium actually collected in respect of People's Life policies reinsured by the Home Life or in respect of Home Life policies issued in substitution for People's Life policies. This contract expires on August 31, 1915.

The Home Life have also a contract with Mr. J. K. McCutcheon under which the said McCutcheon receives as general manager a salary of \$5,000 per annum and a percentage of 3½ per cent of the gross actual premiums collected by the Association in each year, the percentage, however, not to exceed \$7,100 in any one year. This contract terminates on the 13th October, 1920.

The Department of Justice is of opinion that these contracts do not constitute liabilities requiring capitalization as such.

Annuity—1. Annual payment, \$72.40; reserve, \$385.

MISCELLANEOUS STATEMENT.

1. Assurances were valued individually; only one annuity.
2. The valuation age for assurances was age next birthday; for annuity, last birthday.
3. (a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued the same as Canadian policies.
(b) No policies are in force at premiums corresponding to ages higher than the true ages.
(c) In the valuation of policies with liens, the liens were disregarded.
(d) In the valuation of policies issued at a fixed extra premium, the extra premiums were disregarded.
(e) In the valuation of policies providing for disability benefits, no additional reserve was made.
4. Tropical and sub-tropical policies have the same surrender values and surplus allotted as the ordinary Canadian policies.
5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 5.72 per cent.
- 7 and 8. No distribution of surplus has yet been made.
- 8—10 $\frac{1}{2}$ *

LIFE ANNUITIES.

	No.	Yearly amount payable.	Reserve
Life annuities proper.....	22	\$ 4,400 57	\$ 38,068

MISCELLANEOUS STATEMENT.

1. Participating policies issued on ordinary plans under age 46 were grouped according to year of issue, age at issue, and plan of assurance. Participating endowment policies were further arranged in groups containing five ages, as 20-24 and so on, and each group valued at the age central to the group, all other policies and annuities were valued individually.

2. The valuation age for assurances was age next birthday; for annuities age last birthday.

3. (a) Policies on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued on the basis of the American Tropical Table of Mortality with interest at 3 per cent, a special contingent reserve being maintained.

(b) Policies issued at premiums corresponding to ages higher than the true ages, were valued at the higher age.

(c) Policies providing for the payment at death during certain periods of an amount less than the full amount of the insurance were valued for the full amount of the insurance.

(d) Where an extra premium is paid yearly, one-half of the extra premium for the year is added to the ordinary reserve. The Company has no extra premiums payable in one sum.

3 GEORGE V., A. 1913

THE IMPERIAL LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

(c) For policies providing for disability benefits, a special reserve fund is provided consisting of the accumulated premiums for the disability benefit less the losses incurred under this benefit.

4. No distinction is made between tropical and sub-tropical policies and those issued at Canadian rates as regards surrender values and surplus allotted.

5. Under limited and single premium policies a special reserve for prepaid or limited loadings is provided in respect to deferred dividend policies with premium paying period less than deferred dividend period, computed as follows:—If n represents number of years in premium paying period and t the number of years in deferred dividend period, then this special reserve is the value of an n year pure endowment payable by n premiums of the present value of the loadings for $(t-n)$ years on a corresponding policy payable by t premiums. After n years the special reserve is the value of an annuity of the said loading for the balance of the t years.

6. The average rate of interest earned on the invested assets was 6.83 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

The shareholders' account is credited quarterly with interest at the net rate for the year on the balance of the account and on the paid-up capital stock, and debited with the dividends paid shareholders. The balance which results at the end of the year is increased by the surplus derived in the year from non-participating policies and by 10 per cent of the surplus derived from participating policies. The net rate of interest is the ratio between interest and dividends on investments and the mean invested assets, the interest and dividends being first adjusted for the due and accrued and decreased by the investment expenses.

Profits realized from the sale of securities are divided between shareholders and participating policyholders in accordance with the Insurance Act, namely, in the proportion which the reserve on participating policies bears to the reserve on non-participating policies and losses incurred in the sale of securities are charged in the same proportion.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Each policy is credited first with a percentage (1.25%) of its reserve as a profit from interest, and with a percentage (20% participating, and 10% non-participating) of the policy's cost of insurance as a profit from mortality. The balance of surplus available each year for distribution after these amounts have been credited to the policies, is divided among the policies in proportion to their premium loadings. Surplus forfeited on participating policies by reason of the termination of the policies, is redistributed among the surviving participating policies in proportion to the surplus to the credit of each at the beginning of the year. Each policy's surplus is accumulated from year to year at an assumed net rate of interest ($4\frac{3}{4}\%$).

Life Annuities arising out of Life Assurance contracts—1; yearly amount payable, \$500; Reserve, \$7,829.

*This actuarial Statement was made up by the Department from the policy lists furnished by the Company; the valuation being made on the statutory basis.

MISCELLANEOUS STATEMENT.

1. Policies were valued individually, except for Whole Life paid-up policies, which were grouped according to date of birth.
2. The valuation age was taken as average nearest age at December 31, 1912.
- 3 (a). Policies issued at premiums corresponding to ages higher than the true ages were valued at their rated-up age.
- (b). Policies providing for payment at death during certain periods of an amount less than the full amount of the insurance were valued for full amount assured.
- (c). For policies issued at fixed extra premium, an additional reserve over and above the normal reserve was made of one-half of such annual extra premium.
- (d). No additional reserve was held under policies providing for disability benefits.
4. No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.

5. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

Under the provisions of the Association's Memorandum and Articles of Association the shareholders are entitled to receive, out of the life assurance profits, a cumulative dividend of five per cent for the quinquennium. Four-fifths of the balance of such profits, if any, are apportioned among the policyholders entitled to participate. From the remaining one-fifth, a sum is taken sufficient to increase by one-eighth the apportionment to all policies issued after December 31, 1897, and entitled to participate. The balance of the life assurance profits together with all the profits from other sources are distributed among the shareholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Deferred Dividend Policies.

All policies of this nature, issued up to the end of 1907, have been included in one homogeneous series and treated as a separate and distinct section of the Association's business, all new policies issued since that date carrying Deferred Bonus privileges, being subject to different treatment as to valuation and allocation of profits.

The Assurance Fund for this Closed Series is credited with the premiums paid, and with its proper share of Interest Income, whilst on the other hand it is charged with Claims and Surrender Values, and with an estimated proportion of Expenses. A separate valuation of this series is made showing the Liabilities, and disclosing the surplus belonging to the series.

SESSIONAL PAPER No. 8

THE LONDON AND LANCASHIRE LIFE AND GENERAL—*Concluded.*MISCELLANEOUS STATEMENT—*Concluded.*

The share of each policy is determined as follows:—At the end of each Valuation Period, i.e., at the close of each quinquennium, the net divisible surplus belonging to this section is ascertained and carried to a special reserve for contingent additions, which is of the nature of a bonus reserve fund, set up specially for this series of policies. An estimate is then made of the cost of a unit of bonus by contingently apportioning for each year of the quinquennium in the Associations' books, such a unit to vest on the expiration of the various Deferred Bonus periods. The value of such bonus is ascertained with due regard to the element of survivorship (mortality only) and attained age at valuation. The total cost of such a unit of bonus is then compared with the surplus of the quinquennium available for such purpose, ascertained as above stated. The final contingent bonus for the previous quinquennium to be allotted to the various groups of policies, according to year of entry and year of bonus allotment, is fixed accordingly; such contingent bonus being ultimately allotted amongst the individual policies in each group which survive the bonus period, according to the sums assured.

Deferred Bonus Policies completing their Deferred Bonus period between any two quinquennial divisions, e.g., year 1912, are entitled to an interim bonus at the same rate as is granted to the ordinary participating policies, viz.:—an interim bonus of \$5.00 per \$1,000 in respect of each full year's premium paid since the end of 1907.

POLICIES ISSUED ON THE DEFERRED DIVIDEND PLAN SINCE 1907 will receive quinquennial allotments on the same footing as policies subject to ordinary quinquennial distributions, except that the dividends allocated are converted into equivalent (but larger) Deferred Bonuses, vesting only on the expiration of the Deferred Bonus period selected. In arriving at such increased bonus the only elements taken into account are Mortality and Interest.

Ordinary Participating Policies. (Quinquennial Distributions.)

The dividends on these policies were allotted as simple Reversionary Bonuses on the sum assured, according to the number of full year's premiums paid during the quinquennium. The cost of a unit of bonus was first computed, that unit being increased in each instance by one quarter in the case of policies of 25 years' duration and over, the cost of the extra one-eighth allowed to policies effected since January, 1898, being provided out of the Shareholders' proportion of the profits. (See answer to Question No. 5). The aggregate cost of such a unit of bonus was then compared with the surplus available for distribution and the final rate of bonus at once ascertained. The Cash Values of the resulting Reversionary bonuses were obtained by discounting the Reversionary amounts by the H.M. 5% Table for Whole Life and Limited Payment Life Policies, and by the H.M. 4½% Table, less 10%, in the case of Endowment insurances.

WITH-PROFIT POLICIES.

3 GEORGE V., A. 1913

THE LONDON LIFE INSURANCE COMPANY—*Continued.*

MISCELLANEOUS STATEMENT.

1. Policies were valued individually, except for deferred dividend policies issued since 1901. These were arranged for each plan, by years and ages, so that no grouping of policies of different years issue was made.

2. The valuation age was taken as age at next birthday in every case.

3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.

(b) No policies have been issued at premiums corresponding to ages higher than the true ages.

(c) The exact net premium method was used in the valuation of all policies providing for payments at death during certain periods of an amount less than the full amount of insurance, the net premium being computed for the actual benefit granted.

(d) No account was taken of the extra premium in the valuation of policies issued at a fixed extra premium whether payable in one sum or annually.

(e) In the valuation of policies providing for disability benefits, the gross premiums less commissions paid on same were carried as a liability.

4. See 3 (a).

5. No reserve is held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 6.76 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

Prior to January 1, 1911, when the provisions of the new Insurance Act became operative, the shareholders of the Company were entitled to a 7 per cent dividend on the Capital Stock and 5 per cent of the total profits but not exceeding one-half of one per cent of the subscribed and uncalled Capital. The effect of this provision was that the maximum dividend payable was 9 per cent.

The present by-laws of the Company conform to the provisions of the Insurance Act, but provide for a continuance of the former regulations so far as the business issued previous to January 1, 1911, is concerned, and for the years 1911 and 1912 only so much of the profits of the Company has been taken as was necessary to pay the usual dividend of 8 per cent which they had been receiving for some years. No addition was made to the Shareholders' Fund for the year 1912.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual and Quinquennial Dividend Policies.

In the years covered in the statements of profit results required, three sets of rates were in force, based on an interest rate of $4\frac{1}{2}$ per cent until 1898; 4 per cent for the years 1898 and 1899, and since then $3\frac{1}{2}$ per cent. The computation of the profits on these different scales of premium is now made on the same reserve basis, all the old business of the Company having been placed on the Hm. $3\frac{1}{2}$ per cent reserve standard.

Three factors are introduced—Interest, Mortality and Expense. $1\frac{1}{2}$ per cent of the amount of the initial reserve is the profit allowed on account of interest; 15 per cent of the Hm. mortality cost is allowed as the mortality factor, and for expense a charge of ten per cent + \$1 per thousand is made in the case of all policies over ten years in force, except in the case of Whole Life, where a charge of $12\frac{1}{2}$ per

SESSIONAL PAPER No. 8

THE LONDON LIFE INSURANCE COMPANY—*Concluded.*MISCELLANEOUS STATEMENT—*Concluded.*

cent and \$1 is made during the third quinquennium. The difference between the balance of the gross premium after making such charge and the net $3\frac{1}{2}$ per cent rate is added or deducted from the other sources of profit.

For female risks under age of 50, a charge of \$1 per annum per thousand dollars at risk is made.

(For the first and second five-year periods a larger percentage charge than 10 per cent is made for expenses, such charges being graded according to plan.)

Deferred Dividend Policies.

No deferred dividend business has been in force on the Company's books for the term of the deferred dividend period. The only deferred dividend policies issued are of a special nature under which a portion of the ordinary surplus in the early years is set aside as an additional reserve.

WITH-PROFIT POLICIES.

Deferred Dividend policies issued prior to January 1, 1911, and amount of profits contingently apportioned thereto.

*By an Act of the Parliament of Canada, assented to on the 23rd day of May, 1901, being chapter 105 of the statutes of 1901, The Manufacturers and Temperance and General Life Assurance Company was incorporated, with power to acquire and purchase from the Manufacturers Life Insurance Company (incorporated June 23, 1887, by 50-51 Vic., cap. 104) and the Temperance and General Life Assurance Company of North America (incorporated April 19, 1884, by 47 Vic., cap. 97), their respective entire assets, business properties, name and good-will, upon the terms of the proposed agreement set out in the schedule to said chapter 105 of the statutes of 1901. Such agreement was duly executed on July 2, 1901, whereupon the Manufacturers Life Insurance Company and the Temperance and General Life Assurance Company of North America were in effect amalgamated under the name of 'The Manufacturers and Temperance and General Life Insurance Company.' By virtue of the provisions of section 18 of said chapter 105 of the statutes of 1901, this name was changed by an order of the Governor in Council dated December 30, 1901, to 'The Manufacturers Life Insurance Company.'

<i>Life Annuities.</i>	No.	Yearly amount payable.	Reserve.
Life annuities proper.....	7	\$ 2,965 00	\$ 28,311 00

MISCELLANEOUS STATEMENT.

- Assurances were valued in groups; annuities individually.
- In all cases valuation age was based on age at which premium was charged.
- (a) Policies on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued as follows:—Policies at tropical rates by the American $3\frac{1}{2}$ per cent tropical table; at sub-tropical rates by a table based upon a mean between Hm. $3\frac{1}{2}$ per cent and the American Tropical $3\frac{1}{2}$ per cent.
(b) Policies issued at premiums corresponding to ages higher than the true ages were valued according to actual age of insured.
(c) Policies providing for the payment at death during certain periods of an amount less than the full amount of insurance, were valued for the full amount of insurance.
(d) In the valuation of policies issued at a fixed extra premium, a reserve equal to one-half of the annual extra premium payable was set aside
(e) For policies providing for disability benefits the full reserve is held according to American Experience table combined with the Maccabees with $3\frac{1}{2}$ per cent interest.
- (a) Tropical and sub-tropical policies have the same surrender values as under policies at temperate rates.
(b) For the surplus allotted to these policies see (8) below.
- No extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.
- The average rate of interest earned on the invested assets was 6.43 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

According to the Company's charter, it is provided that, as between shareholders and policyholders, the holders of participating policies shall be entitled to share to the extent of not less than 90 per cent in that portion of the profits set apart for distribution, which has been distinguished as have been derived from participating policies.

3 GEORGE V., A. 1913

THE MANUFACTURERS LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

For Quinquennial policies the dividends were calculated by accumulating funds by policy years, using factors closely approximating to the actual experience of the Company. From these funds the proper reserves were deducted and 90 per cent of the resulting surplus allotted to the policyholders. The factors used in 1912 were.—Interest, 5 per cent; mortality, 75 per cent of the (Om. 5) Mortality Table up to age 50, increasing by 1 per cent for each age until a maximum of 90 per cent was reached; expense, varying from 4.8 to 28.3 per cent of the gross premium according to age and plan.

Deferred Dividends.

For Deferred Dividend policies the method adopted was based on the contribution plan. All such policies of the Company were grouped according to year of issue, plan, age and gross premium. Each group was credited each year from the commencement with all premiums received thereon, together with its share of all interest and profits earned; and debited with its share of expenses, death claims, surrender values, and all other payments, the balance remaining being the fund at the credit of the policies in the group from year to year. From the fund at the credit of those policies on which profits were to be distributed the proper reserves were deducted and 90 per cent of the balance was set aside for distribution to the policyholders. The factors used in 1912 were the same as regards interest and expense as in case of Quinquennial Dividend policies, and the mortality factor was 70 per cent of the O[M] Table of Mortality.

WITH-PROFIT POLICIES.

Deferred Dividend policies issued prior to January 1, 1911, and amount of profits contingently apportioned thereto.

Year of issue.	Amount in force	Profits contingently apportioned.	Year of issue.	Amount in force.	Profits contingently apportioned.
1886	\$ 1,000	\$ 131 16	1899	\$ 2,298,822	\$ 58,605 84

LIFE ANNUITIES (CANADIAN).

	No.	Yearly Amt. Payable.	Reserve.
Life Annuities proper.....	5	\$ 592.52	\$ 3,947

SESSIONAL PAPER No. 8

METROPOLITAN LIFE—*Continued.*

MISCELLANEOUS STATEMENT.

1. Assurances were valued in groups.
2. Premium-paying assurances were valued according to original age at entry and duration. Paid-up Assurances and Annuities were valued by applying the net single premium at the attained age.
3. (a) No policies have been issued at premiums corresponding to ages higher than the true ages, with the possible exception of a few scattering Industrial policies issued in the earlier years of the company. It is the Company's custom to value such policies at the higher age.
- (b) For valuation purposes, policies providing for payments at death during certain periods of an amount less than the full amount of insurance, were considered as level premium policies from date of issue, and valued according to the usual methods of net premium valuation, with the exception of Industrial infantile whole life policies issued prior to 1907, which were treated as one year renewable term policies during the infantile period.
- (c) Policies issued at a fixed extra premium whether payable in one sum or not, were valued as if there were no extra premium.
- (d) Policies providing for disability benefits take the form of optional supplementary contracts, providing for contingent waiver of premiums, applicable only to ordinary policies. These contracts are valued according to Hunter's Disability Table with 3% interest.
4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
7. The dividends and proportion of the profits of the company that may be paid to the stockholders are limited to 7 per cent interest per annum on the capital.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual Dividends.

An analysis was made of the business according to years of issue and kinds of policies by crediting each kind with the premiums received and interest earned; charging the expenses, death claims, surrender values, dividends and increase in reserve for the year. The profits for each kind of policy were subdivided according to gains from loading, interest, mortality, lapses and surrender, variable factors being used at different ages to correspond with the actual experience. As the results, so produced were practically the same percentage of the premiums paid for each age, a scale of percentages was prepared for each year's issue and for each kind of policy. The percentages varied from 13 to 37 per cent according to year of issue and kind of policy.

WITH-PROFIT POLICIES.

Deferred Dividend policies issued prior to January 1st, 1911, and amount of profits apportioned thereto.

Year of Issue.	Amount in force.	Profits contingently apportioned.
1898	<u>\$2,000</u>	<u>\$108.03</u> (policy assumed from Vermont Life Ins. Co.)

MISCELLANEOUS STATEMENT.

1. Policies were valued in groups at individual ages. There are no annuities.
 2. The valuation age for assurances on level premium plans was taken as age next birthday at date of issue; for assurances on natural premium plans as age next birthday at date of valuation.

3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.

(b) No policies have been issued at premiums corresponding to ages higher than the true ages.

(c) No policies have been issued providing for payments at death during certain periods of an amount less than the full amount of insurance.

(d) In the valuation of policies issued at a fixed extra premium the extra premiums were disregarded.

(e) In the valuation of policies providing for disability benefits, special provision was made in the reserve.

4. See 3 (a).

5. No additional reserve was held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 8.3 per cent.

SESSIONAL PAPER No. 8

THE MUTUAL LIFE OF CANADA—*Continued.*

LIFE ANNUITIES.

	No.	Yearly Amount payable.	Reserve.
Arising out of life assurance contracts.....	31	\$ 9,067 82	\$ 114,317 81
Life annuities proper.....	43	10,264 26	77,719 96
	<u>74</u>	<u>\$ 19,332 08</u>	<u>\$ 192,037 77</u>

MISCELLANEOUS STATEMENT.

1. Assurances and annuities were valued individually, except assurances issued in same year, at same age and on same plan which were valued in a group.

2. No valuation age is required for assurances, the tabulated reserves at duration, $N + \frac{1}{2}$ being used, N being difference between calendar years of valuation and issue.

In case of annuities the valuation age equals age at entry plus exact duration.

3. (a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued as policies issued at regular rates.

(b) No policies have been issued at premiums corresponding to ages higher than the true ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full amount were payable.

(d) Policies issued at a fixed extra premium, whether payable in one sum or annually, were valued as if issued at regular rates.

(e) Policies providing for disability benefits, were valued as if issued at regular rates.

4. Tropical and sub-tropical policies have same surrender values and surplus allotted as policies issued at regular rates.

5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 6.09 per cent.

7. The company being mutual, all the surplus belongs to the policyholders.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Quinquennial Dividends.

The contribution method was used and the dividend was formed from the three factors, mortality, interest and loading. The dividends obtained by the contribution method were accumulated at interest for the five years at 5 per cent. For business prior to January 1, 1903, the interest factor was $1\frac{1}{2}$ per cent on the initial OM(5) $3\frac{1}{2}$ per cent reserve; the mortality factor 20 per cent of the cost of insurance by the same table, and the loading factor $33\frac{1}{3}$ per cent of the loading. For business since 1902, the OM(5) 3 per cent table was used, the interest factor being 2 per cent, while the mortality and loading factors were the same percentages as above but on the 3 per cent table.

3 GEORGE V., A. 1913

THE MUTUAL LIFE OF CANADA—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.**Deferred Dividends.*

The quinquennial dividends were accumulated at interest at the net rate earned for the deferred dividend period with benefit of survivorship in proportion to the amount to the credit of each surviving policy.

WITH-PROFIT POLICIES.

Deferred Dividend policies issued prior to January 1, 1911 and amount of profits contingently apportioned thereto.

MISCELLANEOUS STATEMENT.

1. Policies were valued in groups, net level premium mean reserves from first policy year inclusive.

2. Valuation age for assurances, age at issue plus duration; for annuities, present age by deducting year of birth from year of valuation.

3. (a) No policies have been issued at premiums corresponding to ages higher than the true ages.

(b) No policies have been issued with liens attached.

(c) In case of policies with extra premium the extra premium is considered as being required each year to cover the extra risk and the policies were valued as if no such extra premiums were payable.

(d) The Company's policies do not provide for disability benefits.

4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

5. There being no shareholders, all surplus belongs to the policyholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual Dividends.

Annual dividends are payable on policy anniversaries, at the end of first policy-year, and consist of two parts: (1) Excess interest on initial reserve for the policy-year, the reserve being the American Experience 4%, 3½%, or 3% reserve according to whether the policy was issued prior to Jan. 1, 1893, in one of the years 1898 to 1906 inclusive, or after 31st December 1906, and (2) A refund to the insured of that part of the premium, paid one year earlier, which the Company has been able

*This valuation was made by the Company. For basis see page 228.

3 GEORGE V., A. 1913

THE MUTUAL LIFE OF NEW YORK—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

to save during the policy-year, the refund being calculated as a percentage of the loading contained in the "tabular annual premium," the percentage being 75 per cent for policies issued in the years 1901 to 1911, inclusive, 76.5 per cent for those issued in 1900, 78 per cent for those issued in 1899, 79.5 per cent for those issued in 1898, 88 per cent for 1897, 90 per cent for 1896, and increasing 2 per cent for each year's earlier issue.

The rate of interest used in the dividend calculations of 1912 was 4.4 per cent, the excess being 0.4 per cent for 4% policies, 0.9 per cent for 3½% policies, and 1.4 per cent for 3% policies.

Deferred Dividends.

Deferred dividends for 5, 10, 15 and 20 year periods are computed as follows:— (1) the annual dividends which the policy would have received had it been an annual dividend policy are taken, (2) these annual dividends are accumulated at compound interest at the various rates used in the dividend calculations each year up to the end of the dividend period, and (3) the accumulated amount of these annual dividends is increased by a percentage varying with the age of the insured, to recompense the policyholder for the risk he has run and which he would not have run had the policy been an annual dividend policy, of losing surplus through death, discontinuance and otherwise. All such dividends are payable on the policy anniversary at the end of the deferred period if the policy is then in force, but not otherwise.

WITH-PROFIT POLICIES—CANADIAN BUSINESS.

Deferred Dividend policies issued prior to Jan. 1, 1911, and amount of profits contingently held therefor:—

Year of Issue.	Amount in force.	Profits contingently held.
1885	\$ 58,449	\$ 1,514 33
1886	221,526	3,281 23
1887	364,302	2,178 66
1889	220,536	4,450 93
1890	217,504	3,006 38
1891	156,748	1,772 20
1892	192,017	1,271 63
1894	869,041	180,996 42
1895	739,796	140,870 25
1896	634,303	109,757 48
1897	941,108	132,656 74
1898	365,014	55,096 48
1899	1,292,780	152,264 92
1900	1,525,675	147,282 32
1901	1,640,334	140,702 79
1902	1,538,879	117,947 23
1903	1,366,957	95,096 43
1904	1,656,534	112,319 09
1905	1,097,350	63,808 57
1906	526,704	25,444 65
Totals.....	\$ 15,625,557	\$ 1,491,718 73

The amount of profits held as given in above table are estimated by calculating ratios of the deferred dividend fund to deferred dividend insurance in force December 31, 1912, for total business of company and by applying same ratios to Canadian deferred dividend insurance in force December 31, 1912.

The Company has not issued deferred dividend policies since 1906.

LIFE ANNUITIES.

	No.	Yearly Amount Payable.	Reserve.
Arising out of Life Assurance contracts.....	1	\$ 35 36	\$ 503

MISCELLANEOUS STATEMENT.

1. Assurances were valued individually. There is only one annuity.
2. The valuation age for assurances was age next birthday; for the annuity age last birthday.
3. (a) Policies, issued on lives resident in tropical countries and at rates of premiums greater than the regular Canadian rates, have a reserve of $1\frac{1}{2}$ times the ordinary Hm $3\frac{1}{2}$ per cent values, and policies issued on lives resident in sub-tropical countries and at rates of premiums greater than the regular Canadian rates, have a reserve $1\frac{1}{4}$ times the same values.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.

*The above actuarial statement was made up by the Department from the policy lists furnished by the Company, the valuation being on the statutory basis.

SESSIONAL PAPER No. 8

THE NATIONAL LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

(c) In the valuation of policies providing for payments at death during certain periods of an amount less than the full amount of insurance, the full reserve is maintained.

(d) Policies issued at a fixed extra premium were valued at the regular rate of premium.

(e) There is no special reserve for policies providing for disability benefits.

4. The surrender values and surplus allotted under tropical and sub-tropical policies are the same as under policies at ordinary rates.

5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 4.75 per cent.

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

The shareholders are credited with interest upon the paid-up capital stock and shareholders' funds at the average net rate of interest earned during the year, the profits from the non-participating business, and 10 per cent of the profits from the participating business. The policyholders are entitled to 90 per cent of the profits from the participating policies.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The shares of surplus for each year as of Dec. 31, 1911 were increased by one year's interest at an effective rate of 4.735 per cent. The new surplus available or policyholders has been apportioned in relation to the loadings received during the year and the reserve value on policies remaining in force at Dec. 31, 1912. The surplus earnings permitted of an allotment of 100 per cent of the participating loadings of the year, as well as an interest margin of $1\frac{1}{4}$ per cent on the reserve. A mortality of \$9,000 was assumed in respect of 1911 business.

WITH-PROFIT POLICIES.

NEW YORK-LIFE INSURANCE COMPANY.

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.

President—DARWIN P. KINGSLEY. | Secretary—SEYMOUR M. BALLARD.

Principal Office—346 and 348 Broadway, New York.

Chief Agent in Canada—P. V. RAVEN. | Head Office in Canada—Montreal.

(Incorporated, May 21, 1841. By an Act of the Legislature of the Province of Quebec, (chapter 64 of the Statutes of 1887) the Company obtained power to purchase and hold real estate in that province, and by chapter 134 of the Statutes of Ontario, 1890, the Company obtained power to invest a portion of its funds in mortgages on real estate and leasehold estate within Ontario and in other securities within the province and to acquire real estate within the province for the purposes of its business. Commenced business in Canada in about 1868).

No Capital.

MISCELLANEOUS STATEMENT.

1. Policies were valued in groups.
2. The valuation age is the age at entry (taken as the age at the nearest birthday at the start of the assurance or assurances, and the age at last birthday on annuities) increased by the number of full years having elapsed between the calendar year of issue and the calendar year when the reserve is computed plus half a year.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher ages.

SESSIONAL PAPER No. 8

NEW-YORK LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

- 3. (b) For policies providing for payment at death during certain periods of an amount less than the full amount of insurance, the reserve used was that for a policy with a lien equal to the Company's published single premium for life assurance at the insured's age at issue decreasing each year by the annual premium paid on the basis of the Double American Mortality Table and 3 p. c. interest.
- (c) For policies issued at a fixed extra premium the age corresponding to the annual premium paid was first ascertained, and the policy was then valued as for that age at entry.
- (d) Disability benefits were valued at standard adopted by the Insurance Department of State of New York, viz.: Hunter's Disability Tables at 3 p. c. interest.

4. In the case of limited and single premium policies the Company's reserve is the net mean reserve, the future net premium only being valued without any addition for prepaid loading. A reserve of \$201,000 is carried for future expenses on all Paid-up Annual Dividend policies issued by the Company.

5. Company is purely mutual; all surplus belongs to policyholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Contribution Annual Dividend Policies.

The Company's rule of apportionment is in accordance with the principles and methods described in a paper by Rufus W. Weeks, entitled 'A practical rule for calculating Annual Dividends', and published in The Transactions of the Actuarial Society of America. On policies completing their first insurance-year in 1912 no dividend was earned or was apportioned by the Company as payable in 1912. On policies completing their second or subsequent insurance-year in 1912, the dividend declared was 98.5 p. c. of the "Normal Renewal Surplus". The "Normal Renewal Surplus" consists of two parts, (1) the year's saving from loading, being the excess of the loading over the expense charge for the year (10.34%), increased by a year's interest, and (2) the year's profit from interest obtained by applying the excess of the net effective rate of interest for the year (4.375%) over 3 p. c. to the mean reserve.

*Seven-Year Equalization Policies with yearly Distribution.**"General" Class Policies.*

The annual dividend declared in 1911 was 85 p. c. of the "Normal Renewal Surplus", and the annual dividend declared in 1912 was on same basis as in 1911, carried forward one year.

"Select" Class Policies.

The annual dividend was that of the General Class increased by 15 p. c. of the net cost of insurance.

Five-Year Dividend Policies.

The dividend declared in 1912, was equal to the annual dividends for each of the five years that would have been declared had the policies been Annual Dividend policies, accumulated with compound interest at 4 p. c. and with "Benefit of Survivorship."

NEW-YORK LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.**Ten-Year, Fifteen-Year and Twenty-Year Deferred-Dividend-Period Policies.*

The dividends declared in 1912 were the excess of the 'Standard Cash Value' of 1912 over the cash value guaranteed in the policy. If the reserve required to be held under the New York State law exceeded the guaranteed cash value, then that reserve was used instead of the guaranteed cash value.

The Tables of "Standard Cash Values" were constructed according to the principles and methods more fully described in a pamphlet published in 1905 and entitled 'True Accounting with Deferred Dividends' by Rufus W. Weeks. A model account is constructed of an assumed valuation group consisting of 10,000 policies issued at the same age and on the same plan. By applying the mortality rate and the discontinuance rate for each policy year, the number paying premiums in each year is ascertained. By applying average expense rates for each policy year the effective premiums received in the group are ascertained. The effective premiums accumulated to the end of the period represent the 'credits' of the group. The death losses paid and the surrender allowances paid (the latter based upon average rates of surrender allowance for each policy year) are also accumulated to the end of the period and represent the 'debits'. The balance of 'credits' over 'debits' is divided by the number of survivors, and the share of each survivor, adjusted in the case of policies that may be continued beyond the period, for the cost of this option, is the "Standard Cash Value."

MISCELLANEOUS STATEMENT.

1. Policies of same year of issue, plan and age were grouped for purpose of valuation. Annuities were valued individually.

2. The valuation age for assurances was taken as age next birthday, that of annuities being nearest attained age.

3. (a) Policies issued on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued as follows:—Policies at tropical rates by the American Tropical Table with interest at 3 per cent; Policies at Sub-Tropical rates by a table based upon the mean of "qx" by the Hm Table and the American Tropical Table with interest at 3 per cent.

(c) In the valuation of policies providing for payments at death during certain periods of an amount less than the full amount of insurance, the tabular reserve for the full amount was maintained.

(d) In the valuation of policies issued at a fixed extra premium, whether payable in one sum or annually, the extra premium was disregarded.

*Non-participating.

SESSIONAL PAPER No. 8

NORTH AMERICAN LIFE—*Continued.*MISCELLANEOUS STATEMENT.—*Concluded.*

- (e) In the valuation of policies providing for disability benefits an extra reserve equal to one-half the gross annual extra premium was set aside.
- 4. (a) Tropical and Sub-Tropical policies are entitled to the same surrender values as similar policies issued in Canada.
- (b) For surplus allotted to Tropical and Sub-Tropical policies see below, (8).
- 5. No reserve is held under limited and single premium policies on account of prepaid or limited loadings.
- 6. The average rate of interest earned on the invested assets was 5.83 per cent.

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

Guarantors receive 10 per cent on the paid-up Guarantee Fund derived from interest earned thereon and from general surplus.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Deferred Dividends.

In the computation of dividends the net rate of interest used was 4.65 per cent the difference between this net rate and that required, calculated on the initial reserve, representing the surplus from this source. For the loading factor the first year expense charge was 20 per cent of premiums plus \$5.00 per \$1,000 also the statutory first year reserve deduction which is refunded out of mortality savings. For policies issued prior to 1900 a slight modification was made. The renewal expense charge was $7\frac{1}{2}$ per cent of the premiums. A mortality factor was used to offset the first year expense charge of the statutory allowance and to reduce the renewal expense charge to the basis used.

Discontinuance factors were based on the Company's Mortality, Surrender and Lapse rates and were used in determining the accumulation factors.

Quinquennial Dividends.

The same method is used as for Deferred Dividend policies, but a portion of the first year expense charge is distributed over a longer period of time.

Grand Totals.....	340	\$ 853,929 42	\$ 394,370 90

Life Annuities—One—Yearly payment \$316.48—Reserve \$4,685.80

The addition to the reserve \$18,601.10 is for (1) early payment of claims, (2) loading on single payment and limited premium policies and (3) interm bonus.

Reserves are based on British Offices' Om Tables 3 p.c. for assurances and British Offices' Life Annuity Tables 3 p.c. for annuities.

MISCELLANEOUS STATEMENT.

1. The policies were with a few exceptions valued in groups.
2. The valuation age was determined by subtracting the year of birth from 1912 and adding half a year to the result.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued as if they had been effected at the rated-up ages.
(b) Policies providing for payment at death during certain periods of an amount less than the full amount of assurance were valued as if the full sum assured were payable throughout.
(c) No policies have been issued in Canada at a fixed extra premium, whether payable in one sum or annually.
(d) The Company does not issue policies providing for disability benefits.
4. The additional reserve held under limited and single premium policies on account of prepaid or limited loadings amounts to \$4,884.20.

SESSIONAL PAPER No. 8

NORTH BRITISH AND MERCANTILE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

5 AND 6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The Company does not distribute profits among policyholders in the form of cash dividends, but in the form of reversionary additions to the sum assured. At the last quinquennial division of profits, 31st December, 1910, the rate of bonus declared was \$15 per \$1,000 per annum calculated on sums assured and previously declared and existing bonus additions.

Life policyholders paying the participating rates of premiums share in the divisible profits of the Life Insurance Branch, as ascertained at the quinquennial valuation to the extent of nine-tenths, the remaining one-tenth being payable to the shareholders. The respective shares of the profit allocated to the policies are calculated on the sum assured and all previous bonuses existing at date of valuation multiplied in all cases by the number of years the premium has been paid since the last division of profits. On paid-up policies the bonus is allocated in the same way as it would have been allocated if the policies had been renewable by annual premium.

The profits of the annuity business belong to the shareholders only.

*This amount includes reserve for extra guarantee.

MISCELLANEOUS STATEMENT.

1. Assurances were classified as to plans and ages at entry. There are no annuities.

2. The valuation age for assurances was taken as age attained.

3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.

(b) No policies have been issued at premiums corresponding to ages higher than the true ages.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued as if the full amount were payable.

(d) Policies issued at a fixed extra premium whether payable in one sum or annually, were valued as if there were no extra premiums.

(e) For policies providing for disability benefits, an extra reserve equivalent to 75 per cent of the disability premiums received is maintained.

4. See 3 (a).

5. For single or limited premium policies no additional reserve is held on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 6.33 per cent.

7. DIVISION OF SURPLUS BETWEEN SHAREHOLDERS AND POLICYHOLDERS.

10 per cent of the divisible surplus goes to the shareholders, the remaining 90 per cent being allotted to the policyholders.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The dividends paid in 1912 were determined on the basis of the loadings only, from which deductions for expenses were made, depending on the year of entry and plan of insurance. The remainders were accumulated at rates of interest varying from 4 to 5 per cent.

MISCELLANEOUS STATEMENT.

- Assurances and annuities were valued in groups.
- The valuation ages were arrived at as follows,—(a) Whole Life Assurances, nearest age at date of valuation, (b) Endowment Assurances, mean valuation age according to Lidstone's method, (c) Annuities, nearest age at date of valuation.
- (a) Policies issued at premiums corresponding to ages higher than the true ages owing to defective health or family history were treated as follows,—
British Empire Fund Policies:—An extra reserve of one-half year's extra premium was made.
Company's Life Fund Policies:—An addition was made to the valuation and entry ages corresponding to the extra premium charged, except for endowments where one half year's extra premium was reserved. (b) Policies providing for the payments during certain periods of an amount less than the full amount of insurance were valued for the full amount. (c) Policies issued at a fixed extra premium on account of climate or occupation were treated as follows: For Annual extra premiums an extra reserve of one half of the yearly extra premium was made. For single extra premiums, each case was treated on its merits, and a reserve was made of the full extra premium where considered necessary. (d) Policies providing for disability benefits were treated in all respects as ordinary policies, an additional reserve being made of the whole of the extra premium received.

*Including one annuity issued on a life resident outside of Canada but transferred to the Canadian branch.

PHENIX ASSURANCE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

4. Under Limited Payment and Paid-up Policies a reserve was made for loading—equal to the reserve which would have been made under corresponding Whole Life Policies.

5. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

In the British Empire Fund the Policyholders are entitled to the whole of the divisible surplus; in the Company's Life Fund, to the whole of the divisible surplus in the participating funds, (the shareholders taking the whole of the divisible surplus in the non-participating funds).

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The Quinquennial Reversionary Bonuses were allotted on the basis of a uniform rate of bonus to all policies entitled to participate, irrespective of class or age. The cash surrender values of such Bonuses were computed by the British Offices O[m] (select) Table, 1893, at $4\frac{1}{2}$ per cent interest.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.

LIFE DEPARTMENT.

During the year, 2,092 Life Policies were issued, assuring £1,701,524, with new premiums of £74,647. Reassurances were effected with other companies for £448,174, at premiums of £8,274. The net new assurances were thus £1,253,350, and the net new premium income £56,373, including £12,563 of single premiums.

One hundred and forty immediate annuities were granted for £7,762 per annum, the consideration money received being £84,516. Five deferred and reversionary and contingent annuities for £156 per annum at premiums of £113 were also granted.

Claims for the aggregate sum of £508,192 arose by the death of 581 persons assured under 689 policies, and a further sum of £160,290 was paid in respect of endowment assurances matured. The amount paid in claims was within the expectation. Forty-one annuitants, in receipt of £7,976 per annum, died during the year.

The income of this department for the year was £1,206,774, and the outgoings were £983,046. The Life assurance funds were thus increased by £223,728, and at the close of the year stood at £10,586,714. The rate of interest calculated upon the average funds of the year was £4. 1s. 0d. per cent after deduction of income tax.

PROFIT AND LOSS ACCOUNT.

The operations of the year resulted in a total trading profit from Fire, Accident and Marine Accounts of £173,161 being passed to profit and loss, in addition to £153,018 for interest.

After payment of dividends and the interest on the debenture stocks a balance remains out of which the Directors have resolved to carry £100,000 to the Fire General Reserve, making the amount thereof £1,200,000, and £15,000 to Office Premises account. This will leave £285,718 to be carried to the credit of next year's account.

SESSIONAL PAPER No. 8

PHENIX ASSURANCE—*Continued.*GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.
Continued

An interim dividend of 15s. per share was paid in November last and the directors recommend payment on 1st May next of a final dividend for the year 1912 of 22s. 6d. per share, as against 20s. per share paid in May, 1912. It is further their intention to increase the interim dividend payable in November next, from 15s. to 17s. 6d. in respect of each present share, making a total payment of £2 during the year 1913. Should the shares be subdivided, as proposed below, this would be equivalent to 8s. per new share for the year. All dividends are subject to deduction of Income Tax.

Life Annuities Proper—No. 3—Yearly amount payable \$346.21; Reserve, \$4,058.

MISCELLANEOUS STATEMENT.

1. Assurance policies were valued in groups; annuities individually.
2. Ages at entry under assurance policies were taken to the nearest birthday, while under annuities the ages were taken to the last completed quarter of a year.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued according to the age upon which the premium was based.
(b) Policies providing for payments at death during certain periods of an amount less than the full amount of insurance were valued for full amount of insurance.
(c) For policies issued at fixed extra premium, the extra hazard covered by the extra premium was considered yearly term insurance for the extra hazard and an additional reserve was held accordingly.
(d) In the valuation of policies providing for disability benefits, an extra reserve was held to cover the disability provision, such extra reserve being based on Hunter's Disability Table with $3\frac{1}{2}$ per cent interest.
4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
5. and 6. No participating business has ever been issued in Canada.

MISCELLANEOUS STATEMENT.

1. Assurances were valued in groups; annuities individually.

2. The valuation age in both cases was obtained by adding the nearest duration to the nearest age at entry.

3. (a) Policies issued at premiums corresponding to ages higher than the true ages have been valued as if the higher age were the age at entry.

(b) No policies have been issued providing for payments at death of an amount less than the full amount of insurance.

(c) Policies issued at a fixed extra premium, whether payable in one sum or annually, have been valued on the normal basis and an additional reserve of one year's extra premium has been made.

(d) The whole of the extra premiums received for disability benefits has been reserved.

4. A reserve of \$33,000 has been held under limited and single premium policies on account of prepaid or limited loadings.

5. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

At each of the Quinquennial Valuations, 1875 to 1890 inclusive, the shareholders received 25 per cent, and the policyholders 75 per cent of the divisible surplus. Since 1890 the proportion allotted to the policyholders has been increased at each succeeding distribution, and at the last distribution in 1910, was 86.5 per cent.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

The principles upon which the profit or surplus is distributed consist in treating the policies privileged to participate, as being entitled to reversionary additions regulated by the amounts assured and by the numbers of years for

3 GEORGE V., A. 1913

THE ROYAL—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

which no apportionment has previously been made. These principles are carried into effect by finding, in accordance with the table of mortality and the rate of interest assumed in estimating the Company's life assurance liabilities, viz, the British Offices Life Tables Om and Om(5) at 3 per cent, the uniform annual rate of addition to the sums assured which the available surplus will admit of. The reversionary bonuses to be allotted are directly ascertained by this process, and the cash bonuses, reductions of premium, and contingent bonuses allowed in other cases are derived from the reversionary bonuses allowed by the Om Table of mortality at 4 per cent.

THE ROYAL INSURANCE COMPANY, LIMITED—Continued.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.

LIFE DEPARTMENT.

In the Assurance Branch 3,621 new Policies were issued for £1,751,997, yielding in Annual Premiums £63,822, and in Single Premiums £7,179. The sum of £111,650 was reassured at premiums of £4,752. The total Premiums, after deducting re-assurances, amounted to £788,498 6s. 3d., and Interest, less Income tax, to £379,305 8s. 2d. The Claims for the year, including Bonus additions, were £691,850 13s. 8d.

In the Annuity Branch the Purchase-money and Premiums amounted to £57,669, and the Interest, less Income Tax, to £29,051 8s. 5d. Fifty-nine Annuities expired during the year, relieving the Company from annual payments of £3,414 14s. 10d.

After charging all Outgoings, including Commission and Expenses of Management, a balance of £325,093 10s. 0d. has been added to the Life and Annuity Funds, increasing them to £10,950,488 12s. 6d.

STATEMENT OF ACTUARIAL LIABILITIES (CANADIAN POLICIES.)

<i>With-Profit Policies.</i>	No.	Amount.	Reserve.
Life.....	33	\$ 72,958 64	\$ 61,237 27
Bonus additions.....		8,798 93	
Totals.....	33	\$ 81,757 57	\$ 61,237 27
Without-Profit Policies.....	1	\$ 997 66	\$ 584 00
Grand Totals.....	34	\$ 82,755 23	\$ 61,821 27

MISCELLANEOUS STATEMENT.

1. Assurances were valued in groups. There are no annuities.
2. The valuation age for assurances was the office age next birthday.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued at the higher age.
 (b) No policies have been issued providing for payments at death during certain periods of an amount less than the full amount of insurance.
 (c) No policies have been issued at a fixed extra premium.
 (d) No policies have been issued providing for disability benefits.
4. The reserve, held under limited and single premium policies on account of prepaid or limited loadings, is the estimated equivalent of the value of the loading under a policy with premiums payable throughout the term.
5. There being no shareholders, all profits belong to participating policyholders.
6. The profits are ascertained quinquennially and are allocated in the form of a compound reversionary bonus.

MISCELLANEOUS STATEMENT.

- Assurances were valued individually. There are no annuities.
- Valuation age for assurances was taken as at nearest age.
- (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
(b) No policies have been issued at premiums corresponding to ages higher than the true ages.
(c) In the valuation of policies with liens, the liens have been disregarded.
(d) No policies have been issued at a fixed extra premium.
(e) No policies have been issued providing for disability benefits.
- See 3 (a).
- No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
- The average rate of interest earned on the invested assets was 3.52 per cent.
- 7 and 8. The question of surplus distribution has not yet been dealt with.

MISCELLANEOUS STATEMENT.

1. Policies of the same plan, year of entry and age at entry were valued together. There are no annuities.

2. The valuation age was taken from the age at entry.

3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.

(b) Policies issued at premiums corresponding to ages higher than the true ages, were valued at the higher age.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance, were valued for the full amount insured.

(d) Policies issued at a fixed extra premium have one-half of the annual extra premium reserved.

(e) In the valuation of policies providing for disability benefits, an extra reserve is calculated on the basis of the Combined Fraternal Experience.

4. See 3 (a).

5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 6.436 per cent.

7 and 8. The question of surplus distribution has not yet been dealt with.

WITH-PROFIT POLICIES.

Deferred Dividend Policies issued prior to January 1, 1911, and amount of profits contingently apportioned thereto.

Year of issue.	Amount in force.	Profits contin- gently apportioned.

MISCELLANEOUS STATEMENT.

1. Policies were valued partly in groups and partly individually.
2. Whole Life Assurances by whole term premiums were grouped under years of birth for valuation and the valuation ages were ascertained by deducting the years of birth from that of valuation and adding thereto $\frac{3}{8}$; Whole Life Assurances by limited premiums were valued individually, the valuation age being that at next birthday at entry plus difference between years of valuation and entry plus $\frac{1}{8}$. Endowment Assurances (grouped) were assorted under years of maturity. In both grouped and ungrouped, the valuation age was age nearest birthday at entry plus difference between valuation year and year of entry plus $\frac{1}{8}$. For Immediate Single Life Annuities the valuation age was the difference between valuation year and birth year plus $\frac{3}{8}$.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued as ordinary policies, but a proportion of the extra premium for the unexpired portion of one year's risk was added.
- (b) No policies have been issued providing for payments during certain periods of an amount less than the full amount of insurance.
- (c) Policies issued at fixed extra premium, whether payable in one sum or annually were valued as ordinary policies, but a proportion of the extra premium for the unexpired portion of one year's risk was added.
- (d) No policies have been issued providing for disability benefits.
4. There was no special reserve held under limited and single premium policies, on account of prepaid or limited loadings for Canadian policies, but a sum of £40,000 or \$194,666 was set aside for future loading on all the paid-up policies of the company.

SESSIONAL PAPER No. 8

THE STANDARD LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

5. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

After allowing the Shareholders interest at 5 per cent per annum upon the paid-up capital and upon any balances from time to time standing at the credit of the Shareholders' Account, the divisible profits arising from the Life Assurance business as determined by the Directors at the close of each Investigation period, will, in terms of the Company's Act of Parliament, 1910, be allocated in the proportion of not less than nine-tenths to the Participating Policyholders and not more than one-tenth to the Shareholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Reserved Bonus policies are credited with the same reversionary rate of bonus as ordinary policies of the same class of assurance, but no declaration is made. At the termination of the Reserved Period the undeclared bonus vests and the survivors of that group of entrants share in a pool formed from the cash values (1) of the undeclared bonus (which ordinarily would have vested had the policy been an equal scheme one) of policies which have been surrendered or become claims and (2) from the surrender values of three years' old policies which lapsed before payment of their fifth premiums—all accumulated at $2\frac{1}{2}$ per cent compound interest.

WITH-PROFIT POLICIES—(Canadian Business).

Reserved Bonus Policies issued prior to January 1, 1911: Profits are allotted by way of contingent reversionary bonuses, the reserves on which are included in the liabilities:—

THE STAR ASSURANCE—*Continued.*

MISCELLANEOUS STATEMENT.

1. Assurances were valued in groups. There are no annuities.
2. The valuation age for assurances was nearest age as at December 31, 1912.
3. (a) Policies issued at premiums corresponding to ages higher than the true ages were valued at the true age.
(b) Policies providing for payments at death during certain periods of an amount less than the full amount of insurance were valued for the full amount of insurance.
(c) In the valuation of policies issued at a fixed extra premium, one-half of the annual premium was reserved
(d) No policies have been issued providing for disability benefits.
4. A reserve of \$1,329 is held under limited and single premium policies on account of prepaid or limited loadings. It is obtained by taking the full loading for whole life assurances less the amount reserved on limited payment policies on which premiums were payable.
5. 90 per cent of surplus is distributed to policyholders.
6. No distribution of profit was made as at December 31, 1912 but at last valuation as at December 31, 1908 a compound reversionary bonus of 10 per cent per annum of the sum assured was declared.

This bonus was constant for all ages and durations and for all with-profit classes of insurance.

- 1 Assurances were valued in groups There are no annuities.
- 2 Valuation age for assurances was determined from age at date of issue and number of years in force.
3. (a) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (b) No policies have been issued with liens attached.
- (c) No policies have been issued at a fixed extra premium, whether payable in one sum or annually.
- (d) In the valuation of policies providing for disability benefits, ten cents per \$1,000 of insurance, per year, improved at 3% is added to the regular reserve.
4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
5. There being no stockholders, policyholders receive all the divisible surplus.

6. DISTRIBUTION OF SURPLUS TO POLICYHOLDERS

The contribution formula was used for determining dividends. For the year 1912, excess interest earnings were computed at $2\frac{1}{8}$ per cent of the terminal reserve and mortality savings were graded according to the number of years the policy had been in force.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.

INCOME.

Total premium income.....	\$ 2,389,505 19
Received for interest and dividends.....	560,678 65
Received for rents.....	103,764 81

*In addition to the bonds and stocks above enumerated, the company own a considerable amount of common stocks and other securities, most of them obtained as bonuses in connection with purchases of bonds. As it would be difficult to assign any market value to them as yet, they are not included in the published list of the company's assets until such time as their value shall have become better established. These securities are, however, checked and audited in exactly the same manner as the others owned by the company.

They are as follows:—

Contingent Fund Securities.

MISCELLANEOUS STATEMENT.

1. Assurances and annuities were valued in groups.
2. The valuation ages for assurances and annuities were taken as age nearest birthday.
- 3 (a) Policies on lives resident in tropical or sub-tropical countries at rates of premiums greater than the regular Canadian rates were valued as follows:—Under Life and Limited Life Reserve Dividend Policies issued since 1900, the reserves held are practically according to the American Tropical Table. Under Endowments and other plans the ordinary OM (5) reserves are set aside.
- (b) Policies issued at premiums corresponding to ages higher than the true ages were valued at the rated-up age.
- (c) Policies providing for payments at death during certain periods of an amount less than the full amount of the insurance were valued as if the full amount were payable without any deduction.
- (d) Extra premiums are charged only for occupation hazards, and the extra was disregarded in the valuation.

SESSIONAL PAPER No. 8

THE SUN LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Continued.*

- (e) For policies providing for disability benefits, an extra reserve was set aside of one-half the gross annual extra premium, as per the following table:—

Annual extra premiums to provide for cessation of premiums in case of total and permanent disability before attaining age 60.

Age.	Extra Premium.
17-33.....	\$.25
35.....	.30
40.....	.45
45.....	.65
50.....	1.10
55.....	2.10

- 4 (a) The surrender values under Tropical and Sub-Tropical policies are the same as under similar Northern policies.
- (b) As regards surplus allotted to these policies similar methods are followed as for Northern policies, but the Tropical and Sub-Tropical policies are allotted profits according to the earning of such classes.
- 5 No additional extra reserve is held under limited and single premium policies on account of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 6.03 per cent.

7. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

Policyholders receive .95 per cent of the distributive share of surplus, and shareholders 5 per cent.

8. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual and Five-Year Dividend Policies.

The method of allotting profits to Annual and Five-Year Dividend Policies is a modification of the "Contribution Plan". The Profit derived from interest is distributed in proportion to the reserves on the individual policies on the date when they last participated, and the profit from other sources in proportion to the loadings over the net premiums.

The basis on which profits were allotted to policies becoming entitled thereto in the year 1912 was as follows:—

Loading—the excess over the net OM(5) $3\frac{1}{2}$ per cent premiums; Reserves—OM(5) $3\frac{1}{2}$ per cent. The Loading Profit for all ages was—on Ordinary Life policies, 70% of the loading; 20 Pay Life and Endowment and longer term policies, 60% of the loading; 15 Pay Life and Endowment policies, 55%; 10 Pay Life and Endowment policies, 50%.

The Interest Profit on Annual Dividend policies was $1\frac{1}{4}$ per cent on the reserve at end of the preceding year; and on Five-Year Dividend policies, $1\frac{3}{4}$ per cent per annum on the OM (5) $3\frac{1}{2}$ per cent reserve at end of last quinquennium, making $8\frac{3}{4}$ per cent for five years.

Annual Dividend policies receive no profits for the first year but the first dividend is declared at the end of the second policy year.

Reserve Dividend Policies.

The method adopted for recording the accumulations and distributing the profits to Reserve Dividend Policies (with dividend periods of ten years or longer) is as follows:—

Reserve Dividend assurances are treated as a separate group by themselves, or, in fact, practically a sub-company within the company. They are credited

THE SUN LIFE—Continued.

—MISCELLANEOUS STATEMENT—Concluded.

with all premiums received under Reserve Dividend policies, all interest or profits earned on their accumulations, and are debited with the actual expenses connected with their policies, ascertained as accurately as possible, the actual death claims, surrender values and other payments made under such policies. Account is thus kept of the amount of the Company's fund Contributed by the Reserve Dividend policies.

In order to ascertain the accumulations of individual policies, tables of values designated Standard Asset-Shares, have been prepared for the various plans of assurance and ages at entry, on a basis corresponding very closely with the Company's past experience as regards expenses, mortality, lapses, interest, &c. These tables, in other words, show the approximate share of each individual policy in the assets of the company, according to the length of time it has been in force.

The sum-total of the Standard Asset-Shares for all Reserve Dividend policies is then obtained by multiplying the sums assured, as grouped for valuation purposes, by the proper Standard Asset-Shares. This total thus represents the amount of funds the Company should have in hand in order to pay its Reserve Dividend policies the amounts which would be coming to them at the end of their respective Reserve Dividend periods, on the basis of the Standard Asset-Shares. The total of the actual funds at the credit of Reserve Dividend policies is then compared with the total of the Standard Asset-Shares, and this comparison shows whether maturing Reserve Dividend policies should receive larger or smaller amounts than the final Standard Asset-Shares. By means of this comparison the basis for the settlement of maturing Reserve Dividend policies is decided upon.

WITH-PROFIT POLICIES.

Deferred Dividend policies issued prior to January 1, 1911, and amount of profits contingently apportioned thereto.

MISCELLANEOUS STATEMENT.

1. Assurances and annuities were valued in groups.
2. Valuation age for assurances, nearest birthday and for annuities last birthday.
3. (a) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (b) Policies providing for payments at death during certain periods of an amount less than the full amount of insurance were valued for maximum amount of insurance.

*Including \$142,000 Reinsured; Reserve, \$3,041.

3 GEORGE V., A. 1913

THE TRAVELERS INSURANCE COMPANY—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.*

(c) Policies issued at a fixed extra premium were valued as standard insurance.

The Company issues substandard contracts at mortality ratings, extra premiums being charged to cover the extra mortality expected. These contracts are all valued on special tables covering the extra mortality assumed. These tables are modified upon the American Experience Table, with interest at $3\frac{1}{2}$ per cent.

(d) Policies providing for disability benefits have special reserve calculated.

4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

5 and 6. No Canadian policies have as yet participated.

WITH-PROFIT POLICIES (CANADIAN BUSINESS).

The Company began writing participating business in 1903 and discontinued December 31, 1906.

Additional reserve held for Total Disability Benefits is \$256.

MISCELLANEOUS STATEMENT.

1. Assurances were valued individually. There are no annuities.
 2. The valuation age for assurances was taken as age next birthday, unless policy anniversary within two months after birthday, in which case age last birthday was used.
 - 3 (a) No policies have been issued on lives resident in tropical or sub-tropical countries.
 - (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
 - (c) In the valuation of policies with liens, the liens have been disregarded.
 - (d) In the valuation of policies issued at fixed extra premiums, the extra premiums were disregarded.
 - (e) In the valuation of policies providing for disability benefits, the un-earned premium is held as an extra reserve.
 4. See (3 a).
 5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
 6. The average rate of interest earned on the invested assets was 4.73 per cent.
 7. and 8. The question of surplus distribution has not yet been dealt with.
- 8--27½*

MISCELLANEOUS STATEMENT.

1 and 2. Policies were valued in groups according to age next birthday at issue, and duration. On some industrial plans valuation was made in quinquennial groups. There are no annuities.

3. (a) No policies have been issued on lives resident in tropical or sub-tropical countries.

(b) In the Industrial Branch, policies issued at premiums corresponding to ages higher than the true ages were valued at rated-up age. No such policies were issued in the Ordinary Branch.

(c) Policies providing for payment at death during certain periods of an amount less than the full amount of insurance were valued for the full amount.

(d) No extra reserve was assumed for policies issued at a fixed extra premium.

(e) In the valuation of policies providing for disability benefits no extra reserve was made.

4. See 3 (a).

5. No additional reserve was held under limited and single premium policies on account of prepaid or limited loadings.

6. The average rate of interest earned on the invested assets was 4.73 per cent.

7 and 8. The company issues non-participating policies only.

UNION MUTUAL LIFE INSURANCE COMPANY.

MISCELLANEOUS STATEMENT.

1. Assurances and annuities were valued individually.
2. The valuation age for assurances was taken as nearest age according to application for assurance; for annuities, age at last birthday.
3. (a) In the valuation of policies issued at premiums corresponding to ages higher than the true ages (if ages are under 21 years) they are stated as 21 years.
 (b) No policies have been issued with liens attached.
 (c) No policies have been issued at a fixed extra premium, whether payable in one sum or annually.
 (d) No policies have been issued providing for disability benefits.
4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
5. There are no shareholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual Dividends.

The company provides that there shall be apportioned from the surplus of the company and distributed to each annual dividend policy issued prior to January 1, 1901, which was in force December 31, 1911, and then entitled to participate in an apportionment of surplus, a dividend equal to the aggregate of ten per centum of the loading plus sixteen and two-thirds per centum of the tabular mortality for the year and six and one-fourth per centum of the tabular interest on the initial reserve on such policy, and upon all other annual dividend policies the same percentage of the loading and tabular mortality plus thirty-three and one-third per centum of the tabular interest on the initial reserve instead of six and one-fourth per centum: provided, however, that said dividend shall be paid on premium-paying policies, except such as were issued subsequently to January 1, 1909, upon which three or more years' premiums have been paid, only on condition that the anniversary premium accruing after said 31st day of December shall be paid.

SESSIONAL PAPER No. 8

UNION MUTUAL LIFE—*Continued.*MISCELLANEOUS STATEMENT—*Concluded.**Deferred Dividends.*

No dividend was declared, provisionally ascertained, calculated or apportioned upon the deferred dividend policies of this company, as provided by the terms of the policy contracts, except on the classes ending their periods during 1912. Upon these classes dividends have been calculated for the insurance in force each year as upon Annual Dividend policies, with accumulated interest, and apportioned to those completing the period.

WITH PROFIT POLICIES (CANADIAN BUSINESS).

As to Deferred Dividend policies issued prior to Jan. 1, 1911, no contingent apportionment of surplus has been made.

LIFE ANNUITIES (CANADIAN).

	No.	Yearly Amount Payable.	Reserve.
Arising out of Life Assurance contracts.....	2	\$ 29	\$ 305

MISCELLANEOUS STATEMENT.

1. Assurances and annuities were valued individually.
2. The valuation age of assurances was taken as age at birthday nearest date of issue; that of annuities being age at birthday preceding date of issue.
3. (a) No policies have been issued at premiums corresponding to ages higher than the true ages.
(b) No policies have been issued providing for payments at death during certain periods of an amount less than the full amount of insurance.
(c) No policies have been issued at a fixed extra premium, whether payable in one sum or annually.
(d) No policies have been issued providing for disability benefits.
4. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.

5. DIVISION OF SURPLUS BETWEEN POLICYHOLDERS AND SHAREHOLDERS.

Shareholders may receive interest not to exceed 7 per cent per annum subject to the payment of interest on guarantee capital, and to a proper contingency fund; all the surplus now held by the company will be distributed in dividends to policyholders.

6. DISTRIBUTION OF PROFITS TO POLICYHOLDERS.

Annual Dividends.

The method is on a two factor dividend basis, consisting of 25 per cent of the loading, and one-half per cent of the reserve value on policies valued on the 4% table, and one per cent of the reserve value on policies valued on the 3½% table; sixty per cent being taken as the dividend.

* The above valuation was made by the company on the basis of Actuaries, 4 per cent for business prior to Jan. 1, 1901, and American Experience 3½ per cent on and after that date.

3 GEORGE V., A. 1913

UNITED STATES LIFE—Continued.

MISCELLANEOUS STATEMENT—Concluded.

Deferred Dividends.

Interest at $4\frac{1}{2}$ per cent and the share of policies cancelled are added to the annual unit, (which for each year is the same as the annual dividend basis on the corresponding plan), and 60 per cent of the basis thus derived is taken as the dividend.

WITH-PROFIT POLICIES (CANADIAN BUSINESS).

Deferred Dividend policies issued prior to January 1, 1911, and amount of profits contingently apportioned thereto:

*Computed according to the Actuaries' Table of Mortality with 4 per cent interest on policies issued prior to January 1, 1901, and according to the American Experience Table of Mortality, with 3½ per cent interest on policies issued on and after that date on preliminary term basis on Whole Life and Endowment policies issued from June 1, 1905, to December 31, 1906. Annuities issued prior to January 1, 1901, are valued on Actuaries' 4 per cent and American Experience 3½ per cent from Jan. 1, 1901, to Dec. 31, 1906. Those issued since that date are valued on McClintock's Table of Mortality with interest at 3½ per cent.

SESSIONAL PAPER No. 8

THE SUBSIDIARY HIGH COURT OF THE ANCIENT ORDER OF FORESTERS IN THE DOMINION OF CANADA.

STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1912.

President—EWAN RAMSAY.

Secretary—WILLIAM WILLIAMS.

Head Office, Toronto.

(Originally incorporated under chapter 167 of the Revised Statutes of Ontario, 1877, subsequently incorporated June 13, 1898, by an Act of Parliament of the Dominion of Canada, 61 Vic., cap. 91; amended in 1901, by 1 Edward VII., cap. 101; in 1908 by 7-8 Edward VII., cap. 108 and in 1912, by 2 Geo. V., cap. 93. See also Ontario Statutes, 1901, Edward VII., cap. 106. Commenced business on 'Fund B,' October 1, 1898. Dominion license issued February 12, 1900.)

(For List of Members of Executive Council, see Appendix.)

SESSIONAL PAPER No. 8

THE SUBSIDIARY HIGH COURT OF THE ANCIENT ORDER OF
FORESTERS—*Continued.*

MISCELLANEOUS STATEMENT.

1. Policies were valued in groups. There are no annuities.
2. The valuation age for policies was based on age next birthday.
- 3 (a) No policies are issued on lives resident in tropical or sub-tropical countries.
- (b) No policies have been issued at premiums corresponding to ages higher than the true ages.
- (c) No policies have been issued with liens.
- (d) Policies issued at fixed extra premium are valued at true age. Very few of such policies were issued.
- (e) No policies providing for disability benefits have been issued.
4. See 3 (a).
5. No additional reserve is held under limited and single premium policies on account of prepaid or limited loadings.
6. The average rate of interest earned on the invested assets was 4.99 per cent.
7. There are no shareholders.
8. Profits are distributed each year to policies completing their quinquennial periods. For ascertaining these profits, the Contribution method is used, based on actual earning factors of the Society. The factors used are,—Interest, 5%; Expense, 5 per cent of premium + \$3 per \$1,000 of insurance; Mortality, varied for each year, averaging 40 per cent of HM mortality.

* In 1913 An Act of the Parliament of Canada was passed, assented to May 16, 1913, which Act may be cited as "The Independent Order of Foresters Consolidated Act." By this Act the name of the Society is changed to "The Independent Order of Foresters." This Act also repeals the Acts incorporating the society and amendments thereto save and accept the preamble and sections 3, 4 and 5 of chapter 100 of the statutes of 1901. The act of 1913 however does not come into force unless and until a resolution to accept the Act has been carried by two-thirds of the votes cast at a meeting of the Supreme Court of the society held within six months of the date of the passing of said Act.

ABSTRACT OF STATEMENTS
OF
Insurance Companies in Canada
FOR THE
YEAR ENDED DECEMBER 31
1912

(SUBJECT TO CORRECTION)

PRINTED BY ORDER OF PARLIAMENT

OTTAWA

PRINTED BY C. H. PARMELEE, PRINTER TO THE KING'S MOST
EXCELLENT MAJESTY

1913

DEPARTMENT OF INSURANCE.

OTTAWA, March 11, 1913.

SIR,—I have the honour to enclose herewith an Abstract of the business of Insurance in Canada for the year 1912.

The Abstract has been made from the attested statements returned by the companies, but must be considered as subject to correction. I shall have the honour to report to you at a subsequent date these statements in full, after making the usual inspection at the head offices.

I have the honour to be, Sir,

Your obedient servant,

W. FITZGERALD,

Superintendent of Insurance.

Hon. W. T. WHITE,

Minister of Finance.

In December, 1906, the capital stock of this Company, which was formerly \$1,000,000, was further increased by an issue of \$550,000 7 per cent preference stock subscribed for at a premium of 25 per cent. The total subscribed capital now stands at \$1,400,000, of which there had been paid in up to the date of the return \$1,399,029 79.

The capital stock of this Company, which had previously been \$500,000, the whole of which was subscribed and \$125,000 paid thereon, was by chapter 83 of the Statutes of 1904, reduced to \$250,000, the amount paid up remaining unchanged. An additional \$125,000 was paid in out of surplus in 1905. In 1909, by virtue of the above statute, the capital was increased to \$500,000. An additional \$250,000 was paid in out of surplus in 1909, making the capital fully paid up.

\$150,000 was paid into the capital stock of this Company during the year 1904, and under the provisions of chapter 110 of the Statutes of 1904 the paid up capital was reduced to \$100,000, the same amount at which it stood at the end of 1903. Further calls received during 1907 bring the paid up capital to \$125,000. The subscribed capital was reduced from \$500,000 to \$250,000. The Company has retired from business.

In December, 1906, preference stock of this Company to the amount of \$300,000 was called in and cancelled, and a new issue of \$1,000,000 7 per cent preference stock was made at 25 per cent premium. The total capital stock is now \$2,500,000, fully subscribed..

cDeposit capital.

dIncluding \$50,000 Conflagration Fund.

§Including the business of The Manitoba Assurance Company.

3 GEORGE V., A. 1913

†The Home Life Association of Canada have a Contract with the People's Life Insurance Company under which the Peoples' Life receive a renewal commission of 7½ per cent of the premium actually collected in respect of Peoples' Life policies reinsured by the Home Life or in respect of Home Life policies issued in substitution receives as general manager a salary of \$5,000 per annum and a percentage of 3½ per cent of the gross actual premiums collected by the Association in each year, the percentage, however, not to exceed \$7,100 in any one year. This contract terminates on October 13, 1920. The Department of Justice is of the opinion that these contracts do not constitute liabilities requiring capitalization as such.

*The following companies have made a deduction from Reserve as allowed under section 42 subsection 3 of the Insurance Act, 1910:—(a) British Columbia, \$22,710; (b) Capital, \$11,257.40; (c) Continental, \$32,603; (d) Crown, \$46,627; (e) Home, \$2,199; (f) Monarch, \$29,114; (g) National, \$35,165.63; (h) Northern, \$36,027.43; (i) La Sauvegarde, \$25,418.01; (j) Security, \$9,094; (k) Sovereign, \$11,594; (l) Travellers, \$18,134.18.

The Company does not issue Annual Dividend Policies.

*Dividends in excess of £m 3½ per cent reserves.

†The schedule given for Deferred Dividend Policies does not apply to the dividends declared in 1912, but as there are very few of these, the figures represent the dividends of the last large distribution. The 1912 rates of dividends differ from these but slightly.

*The Deferred Dividends paid in 1912 are, in the case of Policies issued prior to 31st Dec., 1899, the excess of the total cash settlement over the Om (5) 3½ per cent reserves, and, in the case of Policies issued since that date, over the higher special reserve voluntarily guaranteed and held by the company against such Deferred Dividend Policies.

COMMERCIAL UNION.

The last distribution of profits was made on Dec. 31 1912, but the results have not yet been furnished to the Department. These will appear in the full report.

*No distribution of profits took place as at December 31st, 1907, the whole of the available surplus of the quinquennium being applied in strengthening the reserves and writing down the Associations securities. A distribution has been made as at Dec. 31, 1912, but the figures showing the result thereof are not yet available. This will appear in the full report.

*No Deferred Dividend Policies have been issued since the year 1906.

†During 1909 the Company's premium rates for Endowment Policies were decreased and it has therefore been necessary in some cases to show the figures for policies at the two rates for the same age at issue.
