

National Cannabis Survey

Statistics Canada is conducting the National Cannabis Survey (NCS), **every three months** throughout 2018. These data reflect the prevalence of use by Canadians, 15 and over in the **past three months**.

Use by province

National
14%

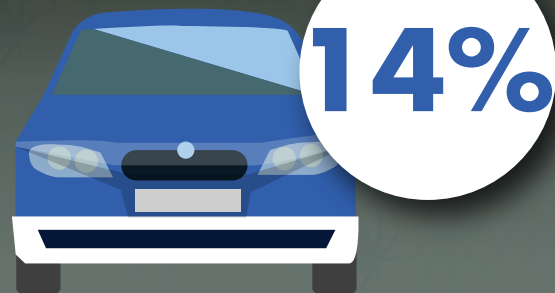

Percentage of Canadians 15 years and older, who have consumed cannabis in the past three months. Provincial rates are not statistically different than the national rate.

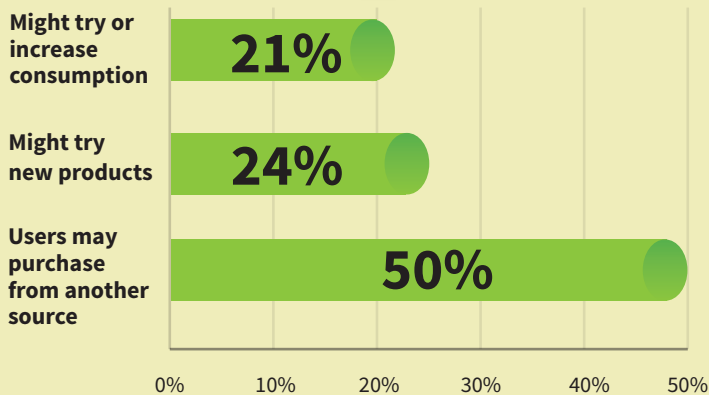

Top 3 cannabis products

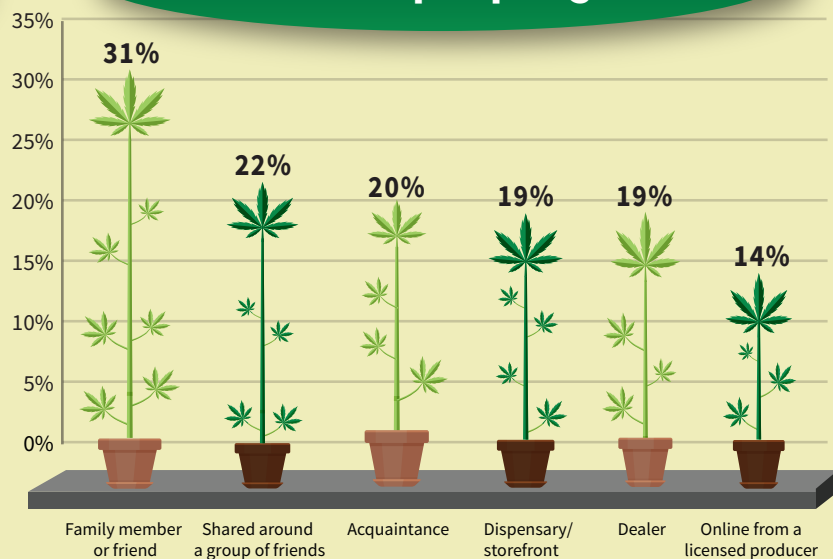

Cannabis users with a valid driver's license who have driven within 2 hours of using cannabis

Will Canadians change their behaviour once cannabis is legalized?

Where do people get it?
