CROP-REPORTING PROGRAM, 1940-1941

The Dominion Bureau of Statistics has fixed the dates shown in the accompanying statement for the issue of its crop reports during the season 1940-41. The reports in the months of May, June, July, August and September will be issued at 3 p.m. Eastern Daylight Saving Time, and all others will be issued at 3 p.m. Eastern Standard Time. The reports listed on the following page will be supplemented by seasonal press letters on the production of fruits, vegetables and tobacco. A report in November will give the full results of the annual survey of crop acreages and numbers of live stock and poultry taken at June 1. In February, the results of the December 1 survey of live stock and poultry will be released. On February 21, 1941, data on the values of farm lands, live stock and poultry and on the wages of farm help will be published.

The 1940-41 program is the same as that for the past season. In addition to the regular monthly reports, weekly telegraphic reports for the Prairie Provinces and bi-weekly reports for the whole of Canada covering most of the growing season will be issued, as usual, through the co-operation of officials of the Dominion and Provincial Departments of Agriculture and of a number of other correspondents in the Prairie Provinces.

The following conditions will apply to the issue of the reports:—

1. No access by the public will be allowed at any time to the rooms in which these reports are being compiled.
2. The final compilations and revisions will be settled personally by the Statistician in charge.
3. A mimeograph of the results will be prepared under the direct supervision of the Statistician.
4. At the times and on the dates listed on the succeeding pages, the reports will be available in a room at the Bureau for representatives of the press, of telegraph companies and others. At the same time the reports will be placed in the mails for all who are on the mailing list.

R. H. COATS,
Dominion Statistician.

No.	Date	Day	Time	Subject
